NO. 44

CLEAN UP CONTEST CONTINUED ONE WEEK

Not to be outdone in the clean up contest, the men took a notion that they would assist the ladies in the drive for a cleaner and a healthier Brownfield, and last week Deputy Sheriff W. A. Wooley circulated a petition among the business men of the town last week and raised toward \$75.00 to have the back alleys cleaned up, in order that this part of the town might show up with the residential section, which the ladies are devoting most of their time toward cleaning. This was a move in the right direction.

As stated in the heading of this article, the clean up campaign had to be deferred another week on account of the big rains the later part of last week that prohibited one from getting out to measure the piles, but the citizens of the town, both old and young were so overjoyed by the arrival of the rains, that no complaints were heard.

We are glad to say, however that the children are going right on with accumulating the piles, and in our strolls around the town, we have ran onto several large ones and when they are gone, there is on doubt that our little city will have a much better appearance to the stranger within our gates.

When the contest is over, the Herald is going to print the results of the contest.

LOCKET ADAIR MEETING TO BEGIN 4TH SUNDAY IN JUNE

Local Pastors and Churches Are Busy With Preparations For One Of The Greatest Revivals Ever Held Here

It has been definitely decided that there will be four of the local churches supporting the Locket Adair meeting, inasmuch as the Baptist are unable to get their evangelist from Dallas, with the big tent, they were expecting early in August, they have now decided that they will join forces in the Locket Adair meeting that begins here the fourth Sunday in June, or the 27 day of that month. The denomination to be in the meet are the Methodist, Baptist, Presbyterian and Christian.

In another place in this paper, you will note a half page add telling you of the great meeting this evangelist held at Lubbock, Texas several years ago. These are testimonials of the business men of that city, many of which you are personally acquainted. No doubt many of the old timers remember his and probably attended the meeting at Lubbock.

CHAUTAUQUA NEXT WEEK

Get ready for the greatest amusement week ever seen in Brownfield! You are going to attend the Brownfield Chautauqua, of course?

You will have your crop, or most of it planted by next Tuesday; then bring the family out for some rich and rare amusement. Something educational. Something they will be talking about for months.

The tickets for the entire ten performances will be on sale at the local drug stores and bank, and at a price at which it would cost to see only one good show in the cities.

Make your preparations to see the **WHOLE SHOW**.

Remember the dates; 25-29th inclusive.

SPLENDID RAIN VISIT TERRY AND NEIGHBORS

Farmers Are Conspicuous by Their Absence This Week—Putting the Seed in the Ground

We told you last week that Terry's time for rain was not far off and that we would get it the next whack and that time came Friday and Friday night, and according to the Government gauge in Brownfield, a total of one and one-half inches fell, and reports from various parts of the whole south plains of Texas and the eastern part of New Mexico go to indicate that the rain was general. In fact a big rain fell Thursday night in the Lovington, N. M. country.

The town was full of farmers Saturday and several were in Monday, but the rest of the week they have been burying the precious seed, and are planning for another bumper harvest.

One good thing this year is the fact that we have a splendid bottom season, and we will make crops if we are fortunate enough to get the usual showers the rest of the year.

ASA PROCTOR

We are authorized to announce Asa Proctor as a candidate for the office of County Treasurer of Terry County, subject to the action of the Democratic primaries on July 24th.

Asa is 21 years old and has been a citizen of Terry county for the past six years; has a reasonably good education, and up to the time of his accident last week, worked for the Bradley-Brownfield Auto Co. Before that time he worked several years for A. M. Brownfield as a ranch hand, and his record is an open book for all to see.

We take it that you will investigate the merits of his candidacy.

P. G. Stanford, one of the most successful of the Yoakum county ranchmen was over this week after supplies.

FIFTH SUNDAY MEETING OF CHURCHES OF CHRIST

To the Brethren in Christ, Greeting:

If, by the Grace of God, through the mediation of our Lord Jesus Christ, we shall see the happy fruition of our hopes, we shall on the 30th day of May, 1920, have the privilege of meeting face to face in the fellowship and communion of the Lord in a blended effort for the accomplishment of His holy purposes. Therefore it has seemed good to us to send you letters, earnestly desiring that you assemble yourselves together with us at the time appointed, to blend with ours, your voices in worshipful hymns of acceptable praise and thanksgiving, to offer the most sincere petitions from hearts unfeigned, and to eat and drink at His table in His Kingdom as has been appointed to us. To this end we watch, work and pray, confidently trusting that the feeble sacrifices of our humble hearts, through His grace, find acceptance before the Throne of His Majesty, and that the extension of His grace may bring to us seasons of refreshing from the Lord.

TABERNACLE WILL BE BUILT

A few weeks ago the Herald suggested that the town get together and build a tabernacle under which to hold our annual meeting, which suggestion met a hearty response from the pastors of the different churches and plans and specifications are now under way.

However, to get the full cooperation of the entire town, it was decided that the tabernacle be not designated to religious worship, but could be used for political or other gatherings in summer time, such as picnics, chautauquas, etc., and that it should be located in or near the center of the town.

The cost of the building will be between \$700 and \$1,000 and with the full cooperation of the citizenship, can easily be built, and will be hard on no one. Of course we might not be able to get a lot or lots just at present, but lots can easily be leased for a period of several years, and by that time we might be more able to handle them. It is proposed to build a tabernacle something like 50X60 feet.

SCHOOL BUILDING FINISHED

Contractor John Scott informed us one day last week that Brownfield's \$40,000.00 high school building was at last finished, and that he could truthfully say that he had more trouble with this building than any he ever got up against. He had trouble keeping labor and getting material and then getting it shipped. Yet it is finished and Brownfield has an educational institution that the whole community is proud of.

All the grades except the first were moved into the building a month ago, but their room was retained for a workshop. They were moved into the new building Saturday.

Grandma R. R. Lewis is visiting her daughter, Mrs. Geo. Warren and family in the Lorenza country for a few weeks.

Closing Out Sale

We are closing our store at Brownfield, and for this reason we are marking our goods at about what they cost to put them in the house. You hear talk of lower prices, but every time you go to buy they are higher. We know that goods will be higher this fall and winter and for that reason you ought to take advantage of the values we have to offer. It is staple merchandise we offer. And you will be surprised at the bargains you can secure in shoes, suits, dresses, overalls, shirts, in fact you have not had an opportunity like this in Brownfield before

Following are only a few of the many bargains to be found.

GREAT LOCKETT ADAIR REVIVAL BEGINS SUNDAY JUNE 27 HERE

BELOW WE PRINT A FEW OF THE MANY TESTIMONIALS OF LUBBOCK PEOPLE
AND WHAT THEY THOUGHT OF THE EVANGELIST'S GREAT REVIVAL
IN THAT CITY IN SEPTEMBER 1915.

Rev. Chase Thankful for His Coming

I thank God for the coming of Lockett Adair and his corps of helpers. The first few days of the meeting were clouded by reason of the Evangelist having to nurse an abscess tooth which kept him out of the meeting a few nights, and the disappointment materially following. It is always a great thing to hold a great meeting. It is greater to overcome a bad start and win out. Lockett Adair in either is a conscious success.

As an evangelist he is the most unique, honest and successful worker I ever saw. Our own church has been helped in every way. Both in number and in the general influence resulting from the Union effort.

The stress and emphasis placed by the Evangelist on "Loyalty to church and pastor" leaves the church in a good healthy condition. He gets the new converts to unite with the church.

One of the most heartening results of the meeting is the large number of men who have confessed Christ. Men from every walk and profession obeyed the call. The next greatest feature of Adair's work is the utter absence of the \$ mark. The offering he received was an earnest and joyful expression of the deep appreciation in which his work and workers were held.

I heartily commend Lockett Adair. May God bless him and his company of earnest workers where they may go.

J. E. CHASE,
Pastor of Christian Church

Rev. Lane Thinks Him Great

Lockett Adair has been with us in a series of great services. His work is of a high type. He is fearless in denouncing sin. He calls things by their right name without "Fear of Favor." He preaches a plain, sound gospel, honors the Holy Ghost, exalts the church and tries hard to help the Pastor. He is ably assisted by Mr. and Mrs. Stover in choir management, solo (instrumental and vocal) and personal work. Mrs. Stover does excellent work with the women. Mr. Huckabee is general manager, soloist and personal worker. The above trio have no superiors and few equals in their line of work.

The meeting has assumed immense proportions with interest unabated. Near three hundred professions and reclamations to date. A great number have joined the several churches and many more will join yet. We regard Adair as a safe and sane evangelist, one of the best in the field today. He says little about his pay, asks nothing but a freewill offering. Looking at him from every view point, he is "Great."

W. M. LANE,
Pastor M. E. C. S.

Adair makes the way Plain

The Lockett Adair Meeting has been a success for our town. Bro. Adair preaches a good, plain gospel and backs up what he says with both reason and scripture until none denies his contentions. If you don't

want to be religious don't come, but if you do come for Adair makes the way plain. No man could conduct a meeting of this kind with less partiality than he does. Any town will do well to have him.

L. H. DAVIS,
Pastor C. P. Church

Rav. J. P. Word Appreciates Revival

With great pleasure I express my appreciation of Bro. Adair and the great union meeting he and his very efficient helpers are just about closing in Lubbock.

Bro. Adair preaches the pure Gospel of our Lord Jesus Christ with wonderful sweetness, force and power. As in every other place, so here, hundreds have through his preaching forsaken their sins, given their hearts to God and started on the way of service and eternal life in Jesus Our Savior.

This great meeting strengthened churches, it removed doubt from the mind of the skeptic, it brought about the unity of spirit and gave a great spiritual uplift to the entire community. We feel very grateful to Bro. Adair and his people and pray that the God of all grace and love will go with them where they go and continue to bless and keep them. They take with them our love and best wishes.

J. P. WORD,
Pastor Presbyterian church and President of "The Pastor's Association."

ONE OF THE GREATEST OF REVIVALS

The Lockett Adair revival has been one of the greatest ever held in Lubbock. Many of our men and women will always remember Bro. Adair with love and gratitude, because of the message he has brought to them or to their loved ones. Brother Adair is an original thinker and an able speaker, and he is well assisted by talented singers. I am glad that he came to Lubbock and have a hope that he can come again.

W. S. POSEY
Cashier of Lubbock State Bank

PEOPLE STIRRED AS PROBABLY NEVER BEFORE

The union Revival is one of the best I was ever in, the Lord has been good to us, and the sinners have been convicted and brought to Christ and I have never seen the people as a whole stirred as they now are.

I can heartily endorse Bro. Adair and his workers and any city that secures his help for a revival is indeed fortunate.

T. O. HENRY,
Wells Fargo Agent.

The influence for good brought about by the Adair meeting in Lubbock and vicinity, will last throughout eternity.

A. B. ELLIS,
Ass't Cashier Lubbock State Bank.

A GREAT BENEFIT TO OUR COMMUNITY

I feel like the Adair meeting has been a great benefit to our town and community. Young men have been made to praise God and old men to rejoice. May God spare Brother Adair to live as long as he wants to and continue to bless humanity as he has in Lubbock.

W. K. DICKINSON, Sr.
Vice Pres. Lubbock State Bank.

ADAIR A POWER WITH MEN AND BOYS

In my estimation the Union Revival conducted by Rev. Lockett Adair and his co-workers has been one of

the greatest meetings any people ever had the privilege to enjoy. Mr. Adair's originality and intense earnestness has certainly appealed to all classes, and especially the men and boys. The great good accomplished the past three weeks in Lubbock will live on and on for ever and I thank God such a man was sent to lead us in this great revival. There has been over four hundred conversions, and the list is still growing.

S. P. ROBBINS
Post Master

MANY MEN CONVERTED DURING THE MEETING

The Adair meeting in this city has been an unqualified success. The audiences have been universally large and Mr. Adair has held them well. The music under the able direction of Mr. Stover, choir leader, has been especially attractive. One pleasing feature of the meeting is the fact that an unusually large number of men have stepped forward into christian living.

GEO. W. BRIGGS
Sec'y. Chamber of Commerce.

I feel that the meeting has been an especial blessing to many and that the entire town and country have been benefited and uplifted by the influence of the services that have been held.

S. C. WILSON,
Western Windmill Company.

GREATEST MEETING OF THE SOUTH PLAINS

The Union Revival meeting now being held at Lubbock, under the leadership of Lockett Adair, is resulting in many conversions and is one of the best meetings yet held on the south plains. Mr. Adair is a man of strong personality and christian force.

W. F. SCHENCK, Mayor

Lockett Adair is a great evangelist. He is a profound preacher of the Gospel and a fearless prosecutor of sin. He assails the devil as the greatest enemy of mankind, and he fights until he puts the Devil to

FAULEY'S NOVEL ATTAINS GREAT SUCCESS

Mary Miles Minter Takes Leading Roles in "Jenny Be Good, Fauley Owns Land in Terry.

New York May 15th.—Following its policy of presenting Mary Miles Minter in roles that will emphasize her dramatic talents, Realart Pictures Corporation has announced that the star's next appearance will be in the title role of "Jenny Be Good," Wilber Finley Fauley's widely read novel of New York's social life. In it Miss Minter assumes the strongest dramatic part of her career. The production was directed by William Desmond Taylor who has directed such productions as "Tom Sawyer" and "Huckleberry Finn." Jay Belasco, a cousin of David Belasco, the famous American producer, plays the leading male role, and Mrs. Lillian B.

Rambeau, mother of Marjorie Rambeau, the famous New York star, has an important society role in the pictures.

The next edition of Mr. Fauley's novel will be 10,000 copies. It will also be serialized throughout the country, and with foreign rights to the book being rapidly disposed of, together with the world rights for the screen version, it promises to become a story universally known.

Mr. Fauley is the son of the late Calvin Buckingham Fauley, of Fultonham, Ohio, and has been engaged in newspaper work in New York City for some years. His mother resides at Fultonham, but spends part of the year in New York.

He owns a section of land near Brownfield, Texas.

A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work.

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui. . .

Nothing relieved me until I took Cardui. It did wonders for me."

TOKIO TALKINGS

By Grasshopper

The good rain that fell Friday and Friday night certainly put a smile on the faces of the farmers and also brought most of them out to Sunday school, Sunday.

Rev. Rutledge, of Gomez, preached at the school house Sunday afternoon and stated that it would be his last appointment for some time as he was going on a visit to his old home. Rev. Hendrick will fill his appointment during his absence.

On account of the muddy roads, the mail car from Tatum, N. M. failed to make the trip Saturday.

Grandmother Jones left Thursday for a visit with her daughter at Pecos, Texas.

The baseball game Saturday afternoon between Gomez and Tokio was 11 to 3 in Tokio's favor.

Joe Vennum and sister came in Thursday for a visit with their sister, Mrs. Roy Fitzgerald.

Mr. and Mrs. A. V. Taylor spent Sunday morning at the home of Mr. Hendricks.

SPINSTERS' CONVENTION

A large and we might add, a very enthusiastic crowd attended the old Maids Convention at the high school auditorium last Saturday night, under the auspices of the Methodist Ladies Aid society. This play caught the popular flavor probably more than any thing that has been staged in Brownfield in many a long day, as the frequent applause forcibly told the editor and lady had a complimentary ticket, the first we believe since we have been in Brownfield. At most every other place but Brownfield, we ever saw or heard of, the editor always gets free tickets as he is supposed to give enough free publicity along to pay for them, and even in the cities the paper representatives are always admitted free by the show managers for they figure that the free publicity given will many times over pay for the tickets. We heartily thank the good ladies of the Methodist church for this favor, and assure them if we had been paying for the privilege of seeing the play, we would have gotten our money's worth many times over.

SANITARIUM FEES

Reports have been persistently circulated the past few weeks that the Lubbock Sanitarium has raised its rates.

The facts are, that our rates have not been changed since last September

Our rates today are the same as they have been for eight months. This rate is six dollars per day, which includes room, board and usual nursing.

The fees for operation are just the same as they have been ever since the institution was built and are the usual charged everywhere for such work.

Our many satisfied patrons all over the country will testify to the above facts.

SEAGRAVES SAYINGS

By Reporter

Seagraves has been blessed with a right good rain Friday night. We understand some of the farmers are going to planting this week.

Mrs. M. A. Bachman who has been visiting her daughter of near Tatum New Mexico, returned home last Thursday.

Mrs. J. C. Sartin is visiting relatives in Mexico this week.

Miss Robena Hargett who is working in the State Bank of Brownfield came in Saturday evening and spent Sunday with her parents, returning Monday.

The Ladies Home Mission Society met last Monday afternoon in the school auditorium. The house was called to order with a song, following the Lords Prayer was repeated in unison, after which the secretary called the roll and each member answered with verses from the Bible, after the enrollment of new members, which was two, we entered into the business part of the meeting we voted on how often we should meet—whether twice a month or every week but the vote was a tie, so that was undecided until next meeting. We meet next Monday afternoon with Mrs. Bewely.

The young people were entertained Saturday night at Sam Tinkers, with a party which was given in honor of Alvin Roger's birthday. There was a large crowd of young folks and all reported a fine time.

The Seagraves baseball team played Seminole last Tuesday, the score was 29 to 13. They went to Gomez Thursday and played a game, the score being, 9 to 16 in favor of Gomez. Mr. C. C. Slaton, wife and baby, accompanied by Mr. Harry Stone and wife were visitors to Seagraves, Sunday.

Our Presiding Elder, Rev. Geo. W. Shearer, preached last Sunday night May 2nd. to a large crowd. After the services he held the second quarterly Conference for the Seminole charge.

A very interesting program was rendered at the school auditorium Sunday afternoon. It being "Mothers Day" every subject on the program was pertaining to Mother. There were several recitations and songs which were all fine.

The Ladies Home Mission Society met this afternoon with Mrs. Bewely. After opening the usual way, we proceeded with our business. After our business we decided to have an ice cream supper Saturday night at the hotel, for the benefit of seating the church house which is about completed.

Mr. and Mrs. Bean from Snyder accompanied by their son and family came in Sunday to visit their daughters Misses Electra and Lora.

Mr. Lee Elder came in Monday from Lubbock, where he has been to have his eyes treated.

Why Not Organize A Singing Convention for Terry County

It is evident that the singing interest is at a very low ebb in Terry County, This should not be the case.

There's surely at least one in each community that can take the lead in this work of song service. Why not call all the people together in your respective communities and organize a singing class, get a supply of new, up-to-date song books, and meet and practice singing at regular intervals.

Other counties around us have quite a number of singing classes and a county convention. Why should Terry County be behind? If we can get a few classes organized I will take great pleasure in assisting in the organization of a County Convention. I would like to correspond with those who will take the lead in this matter. We have a splendid little class started at Union school house, and invite all the singers to meet with us and help us.

Respectfully,

J. M. Green.

HARRIS HAPPENINGS

By Sand Bur.

Abbie Taylor took his wife over to Meadow, Monday, where she will probably remain for awhile with her sister, Mrs. Lee Saffel. We were glad to hear today (Sunday) that she is getting able to sit up again. We sincerely hope that she will soon be able to return home.

Mrs. Sharp left this past week for her home in Wheeler county. She had been here several weeks with her sick daughter, Mrs. Abbie Taylor.

Mr. and Mrs. McLain and grandchildren, Carnelia, Paul and Francis Cobb, spent last Wed. with J. M. McMillian and family.

Roy Fitzgerald and family visited at Brit Clare's Wednesday.

W. H. Harris made a trip to Brownfield last Wed. after groceries.

Mr. and Mrs. Walter Frazier attended church at Harris, Sunday afternoon.

Such a nice rain! Everybody is smiling around Harris. Farmers are going to be busy now.

Mr. Husky and family accompanied by Miss Gertie Taylor, visited at Mr. Lee Saffel's in the Meadow neighborhood Sunday. Abbie Taylor came home with them to see how things are going on at the ranch.

A new girl arrived at the home of Mr and Mrs. M. P. Williams, Monday, May, 17th, and from all appearances the little lady expects to remain with them until she is grown

up. We haven't learned what her name is.

POTASH AND BROMINE IN TEXAS LAKES

Investigations Made by Federal and State Geologists

Brines that contain potash and bromine have been discovered in alkali lakes in Gaines, Lynn and Terry counties, Texas, on the plain south of the Pandandle region. These lakes which range in area from about 35 to 7,000 acres, lie in flat valleys and have no surface outlets. During most of the year the beds are covered with a thin crust of alkali salts, but occasionally they are flooded with a few inches of water. The sands that form the bottoms of the lakes are impregnated to a depth of 5 to 20 feet or more with brine that is composed essentially of the sulphates and chlorides of sodium, magnesium, and potassium. Some of the brine contains also a high percentage of bromine.

Private parties began exploring these lakes more than a year ago. They put down test holes in several lakes to depths ranging from 5 to 30 feet and from them collected samples of the brines for analysis. The analytical results varied considerably with different samples but indicated that the brines conform generally to the type mentioned.

A preliminary investigation of this region has just been made by the United States Geological Survey of the interior, in co-operation with the Bureau of Economic Geology and Technology of the University of Texas. Shallow holes were sunk in Cedar, Guthrie, Brownfield Mound and Rich lakes, and samples were collected and analyzed.

The data at hand are not sufficient to indicate the quantity of brine in the region. There is a difference of

opinions as to the source of the brine. Some contend that they are of deep seated origin; others contend that they are confined to a relatively thin stratum near the surface. Furthermore, the clayey mud that underlies the lakes is more or less impervious and prevents the brine from flowing freely. Test holes sunk in some of the lakes encountered flows of water at several different horizons, which indicates that the water bearing strata are separated by layers of more or less impervious material. In Cedar Lake sandstone was encountered 5 feet below the surface, and in Guthrie Lake limestone was found 7 feet below the surface. Flows of water were noted at the upper surface of both the sandstone and limestone, but whether these rocks are porous enough to carry an appreciable amount of brine is not known. Mound, Rich and Brownfield lakes contain brine bearing mud at a depth of 20 feet. Brines have been reported in Mound lake at a depth of 20 feet.

The feasibility of producing potash and bromine from these brines at a cost that will permit competition with potash and bromine produced from other sources depends upon many factors, including the quantity of available brine in the region and the development of an economical process of extraction, and cannot be foretold. The location is unfavorable for obtaining fuel and labor and is far from markets, and as the brines occur in muds that lie beneath the surface, the production in quantity would be expensive and difficult.

The salts of these brines contain a smaller percentage of potash than that yielded by the potash materials of Germany, Alsace, Nebraska, and Searles Lake, but on the other hand

they contain a relatively high percentage of bromine, which is comparatively scarce, and is now produced in this country principally from salts and calcium chloride brines in Michigan, Ohio and West Virginia. Much of the sodium sulphate of some of the brines of the region can probably be removed by refrigeration, which will leave in solution a product somewhat similar in composition to the German kainite. Such a probability indicates that a cheap process of obtaining the potash in marketable form might be devised.—U. S. Geological Survey Bulletin.

MARRIED

At the old Maids Convention at the school auditorium last Saturday night one of the biggest laughs of the night was created when one of the spinners read a report of the available male marriageable material in the town, and Guthrie Cook was reported as "already cooked." Two hours later the joke became a reality.

Immediately after the play was over, Guthrie and Miss Vina Bryant went to the Methodist parsonage and Rev. J. W. Baughman said the words that made them husband and wife.

Miss Vina is the beautiful daughter of one of the oldest families in Terry county, Mr. and Mrs. J. E. Bryant, of the Union community and has been attending school here the past two or three sessions. She is a young lady of grace and refinement, and has a host of friends.

Mr. Cook, together with his father are one of our leading grocery firms, and he is a young man of business ability and integrity.

Herald joins their many friends in congratulations.

HOGVILLE LOCAL NEWS

By Dunk Botts.

Zero Peck, who for a number of years has had more or less trouble all along with his neighbors and relatives, announces that lately he is getting along better since he has decided that he will use his mouth but very little except for eating and drinking purposes.

Mrs. Alexander Moseley spent yesterday cleaning off and preparing a nice washing place on the banks of Bear Creek. While she was doing this Alexander busied himself cleaning off a nice fishing place just on the opposite bank of the creek so that he may be ever near her on wash days. It is said Alexander is not as good to his wife as he promised her he would be before they were married.

Gape Allsop notices that all the candidates for president claim to be nice men. He hopes they will hold out to the end.

Zero Peck has decided that he will not attempt to raise any garden this year. For a number of years he has made a failure. He contends that when the good Lord decides to punish his neighbors by sending the various pests to their gardens they always hit his too, and until his neighbors get to doing better and win favor with the Lord he feels that it will be useless for him to waste his time gardening.

The Wild Rose school teacher hopes that when woman suffrage becomes universal the girls will not get to be as mean as the boys in school.

Prof. Gape Allsop was in Pumpkinville last Saturday and spent a very enjoyable half hour leaning against a newly painted store front.

Early Garden Pea Seed Missing
Recently nice bags of Congressional

early garden pea seed have been received by the postmasters at Pumpkinville, Bear Ford and other post-offices in this district from both our Congressman and United States Senator, but up to the hour of this writing not a seed has been seen in Hogville. Our people know our Congressman and Senator too well to think for a minute that they would neglect their constituency in any way. The failure of the seed to reach us is a mystery and now the Hogville Postmaster is about to be charged with taking advantage of the public by taking the pea seed for making soup. Those who have in past years tried them both ways say these Congressional peas are better for making soup than for planting. Our Congressman will be appealed to to make a probe of the postmasters action in this matter.
