

ARE YOU A DOMINICK? OR ARE YOU A GAME ROOSTER?

All Sunday Schools of Brownfield are waging a heavy "Go to Sunday School Campaign," and a personal invitation is being extended to everybody in town to come to Sunday School now if you are not a dominick, we will get to count you present next Sunday.

A handsome prize is to be awarded to the S. S. that has the greatest increase in percentage. If you have dropped out of Sunday School, now is the time to drop back in.

Saturday afternoon at 4:30, the Sunday Schools are going to have a big street parade. The parade will start from the tabernacle. If you are a member of some Sunday School you want that S. S. to be well represented, so be there and do your part.

All Sunday Schools will meet under the tabernacle Sunday morning at 10:00 o'clock. U. B. here.

Miss Whisenant Entertains

Miss Mohota Whisenant, teacher of the Christian Junior Bible Class entertained her class on Tuesday afternoon, June the 29th, at 2:30.

The purpose of the meeting was to make scrap books of American Customs and Ideas of Christianity. The books are to be sent to the Mary Chiles Hospital in Manila, Philippine Islands. The workers in this hospital use these books in teaching the natives. We hope in making these books we will be able to help this work.

After two hours of diligent work, refreshments were served consisting of Cream Chocolate Marshmallows and cake. Those present were: Katherine Stinson, Ante Flippen, Christene Price, Voncile and Katherine Holgate, Lolan and Ottho Flippen and Wayland Whisenant.

BIG LOCKET ADAIR REVIVAL STILL IN PROGRESS

113 Conversions Up to Date, and the Going is Still Good.

Immense crowds are still pouring into the big tabernacle for each service, and the spirit of the revival is still sweeping on. The people are coming 35 and 50 miles to attend.

Big strong men, young men, women, boys and girls are declaring their allegiance to God at each service. The meeting has ceased to be local and is sweeping the entire county. We are rejoicing to see our friends and neighbors come to God and confess Christ as their savior.

The big revival has for its object the salvation of everyone in the town and community; also to make Brownfield and old Terry the best place in all the world to live.

One of the great assets to the meeting was the coming of Rev. Rockett to conduct the day services. He is a man of God, and the day services have been sweet with consecration of heart and life to service.

We have been having great young people's meetings, led by Rev. King. These young people have been showing their real metal during the meeting.

WORLD'S WEALTHIEST WOMAN

Mrs. Yore Suzuki, of Japan, is said to be the wealthiest woman in the Orient, if not in the world—at least in this world's goods. It is estimated that she made over two hundred million dollars during the war, and her activities extend to the large cities in every continent, while a fleet of ships on the seven seas await her bidding in the markets of lead, copper, flour, alcohol, and other commodities. We are now awaiting the reporter who will interview her and inform us if she is really happy. If she is not sharing her profits with her less fortunate sisters, or is not laying up treasure for a life beyond, she is of far less account in the sight of God than one of the pious coolies in her factories, her life is a failure, and her future, eternal separation from God, life and all she treasures here.—Ex.

A Rich Editor

An exchange tells of an editor of a country town paper who started in business on credit, and retired twenty years later with a comfortable fortune of \$50,000, acquired by thrift, honest effort, close application to business, faithful service to his town, and \$49,999.50 that a rich uncle left him.

BOX CAR SHORTAGE

Amarillo, Texas, June 21, 1920 "The box car situation shows only slight improvement," said R. J. Parker, General Manager of Western Lines of the Santa Fe Railway, when asked about the box car situation this morning. Mr. Parker considers condition grave and that they can only be met by co-operation of all interests.

"The car shortage is nation wide continued Mr. Parker. "The Interstate Commerce Commission estimates that the minimum and immediate needs are 100,000 additional freight cars. The country has advanced and produces much more freight. The railroads on the other hand have not been able to add much equipment since before the war.

"The car shortage has been intensified by labor trouble at ports and terminals and by the lack of shipping. Long strings of cars under load choke the big terminals or lie idle for weeks at the principal ports. United effort is now in progress to break blockades under the supervision of the Interstate Commerce Commission and the car service commission of the American Railroad Association. Open top cars are moving east and box cars coming west for distribution where they are most needed.

"Another feature adds seriously to the shortage," said Mr. Parker. "Many thousand cars are out of service, undergoing repairs. Every repair track is crowded with cars in bad order. Only about ten per cent of the box cars on hand out here are fit for grain loading, the greater percentage being foreign cars. Every day a car remains on the repair track adds to the car shortage.

The wheat crop now being harvested can not be moved as rapidly as ready for market, and Mr. Parker considers the suggestions to provide farm storage or to stack the wheat as practical. The Santa Fe has had no cars to store this year, because no cars have been available.

New equipment has been ordered, and Mr. Parker states that additional orders will be placed soon. In the mean time it is necessary to make the best possible use of cars at hand by heavy loading, and load and unloading promptly all cars as received.

A special came down Wednesday night and loaded out about fourteen cars of sheep at the Wellman switch that were being shipped to Ralls.

REV. LOCKET ADAIR SPREADS 'ER ON THICK

Probably the largest audience that ever was gotten together in Brownfield for anything outside a picnic, assembled under and around the big new tabernacle Sunday night to hear Mr. Adair in one of his famous discourses, and he was so proud of the audience that he could not help using just a few minutes to pour out upon them just what was in his heart and he told them what great people they were for building a real desert place to hold a meeting under, and for their great faithfulness in coming great distances to attend religious services. He also said the collections showed that the people of Brownfield were not stingy, if the tabernacle was not proof enough, and wound up by saying he never could have a successful meeting in a stingy town.

But he had to crawl some one's hunkers for some free advertising they had given the meeting by circulating a report that the guaranteed price of the meeting was \$2,500 or thereabouts, and answered it by saying he had not been guaranteed one penny to come here or to any other place since he had been in the evangelistic work, and we remember that last year a rumor went out that Rev. Hawkins was to get \$800. He said however, that these rumors only advertised the meeting, and were of course free advertising, but this did not ease the resentment of the editor who is supposed to get all the advertising at so much per—not that we have not received a liberal amount of advertising and job work from the management of the meeting before and since the meeting started—but just look at the good American dollars we might have got if this fellow or fellows had kept their jaws.

But as some cartoonist has put it, "there is always some one taking all the pleasure out of life."

A NEAR TRAGEDY

This week Mr Rod Weaver called our attention to an affair that came near ending the lives of three boys. He has a concrete tank two miles north of town which is 13 feet deep and twenty feet in diameter. In the center of this is a two inch pipe on an elbow. This pipe can be pushed down and will become a train pipe for the tank. The tank has about 7 feet of water in it and the three boys

decided it a good place to bathe and jumped in. The water being six feet below the top rim of the tank and of course the little hopefuls could not get out, so there they were when Ira Wasson found them by accident hanging to that two inch pipe. They could not have held on much longer. —Lamesa Reporter.

Presence of Mind

A commercial traveler, during an extensive visit in the provinces, took his wife with him. Being nervous about fires, he frequently impressed upon her the necessity of keeping a "cool head" should ever the danger occur, says London Tit-Bits.

At one hotel where they were staying, a fire actually broke out. The traveler roused his wife, assisted her to dress and to demonstrate the value of presence of mind reached for his frock coat and silk hat and umbrella and accompanied his wife into the street. There they watched the firemen in their work of subduing the outbreak.

"And now," remarked the husband to the wife, you see the advantage in keeping a cool head."

"Yes, John, but you might have put your trousers on."

Mrs. A. W. Endersen and children, accompanied by her father, Mr. C.C. Handley, left Saturday for the old home of Mr. Handley in Ohio. They will be gone on this trip several weeks while A. W. batches.

R. O. WILSON will pay the highest market price for fat hogs until further notice. Be sure to see him before selling.

Joe Griffith, wife and children were here over Sunday visiting with his brothers, Will Mathis and Robt. Griffith and families, and listening to the Adair sermons. Joe is the news reporter of the Lubbock Avalanche, and of course paid the Herald a very pleasant call while here.

BROTHERS & Brothers buys the best canned food put up to protect their customers.

Messrs. Sam and N. W. Jones, of the Gomez country, were over Tuesday to meet their two brothers and a sister and numerous nieces, from Stephenville, who will visit here for some time.

Any liar is a detestable creature, and is to be shunned by all good and honest people, but the man or woman that will deliberately make up a lie to injure the character, profession or business of anyone, is the most despicable of all of God's creations. Even if a man differs with you about politics, religion or morals, it does not license you or anyone else to fabricate falsehood about them. Even if he is totally wrong about his beliefs, politically, morally or religiously, he is a sight better fellow than the one that manufactures lies about him.

Many and various reports have reached our ears about people that are swapping or proposing to swap votes in the coming election, and whether they are true or false, it is all the same, they are injuring the man they are intending to serve, no matter whether he approves of them or not. A proposition to swap with this one and that one from any candidate or his friends are to be strenuously avoided, for the man that is making the proposition to you is making the same ones to your neighbors, and he will not and cannot fill all the pledges he is making, and don't intend to. A man that will try to barter you out of your sacred rights at the ballot box don't mind telling you a plain ever day LIE, and

the man that wants to swap, or permits his friends to trade, is not the right man to put in any office of trust. If the people would set down on such overhand methods good and hard, it would soon be cut down. It is hard for us to believe that such methods are being practiced in Terry but if they are, we hope the sovereign voters that love the clean ballot will land on them so hard at the polls that this stinch will forever be buried beneath a sack of clean ballots so deep that it will never rear its ugly head above them henceforth.

DOES GAMBLING MAKE THE CAME ALTOGETHER BAD?

We are told that the serious objection to Sunday baseball is that it is worse than other things in that there will be gambling on it. This does not lie in the ball game but in the spirit to gamble. We know two gamblers in Amarillo whom we are told bet \$5.00 on whether old brother McCarver, a Methodist preacher, would preach an hour or not one Sunday morning at church, and put the money down on the seat between them and held their watches on the old man. He preached an hour and four minutes. Certainly the wrong was not in the sermon for a better man never filled an Amarillo pulpit. They gamble on ball games through the week. They gamble on anything if possessed of the gambling habit. —Lamesa Reporter.

A. J. Stricklin of the Brownfield Herald, became obsessed with the notion that he would like to go down to Dallas and help the good old, Democratic party get in line for the big victory next November. He went and found the convention a tame affair but the atmosphere was torrid to make up for lack of any enthusiasm at the meeting, judging by his description upon his return. He says of it:

"You folks up here on the Plains of sure enough West Texas that think it has been hot for the past week or so just ought to try central Texas for a few days, and you would think some big scoundrel had stuck you in an oven—but you will also catch it when you get back to the 'ballies' for the editor and family like to have frozen it seemed to us last Friday morning before the crew on the Santa Fe north bound decided it was cool enough to turn on the steam in the coaches.—Panhandle Plainsman.

HARRIS HAPPENINGS
 By Sand Bur.

Mr. Noah Bell and family of Needmore visited J. M. McMillan and family Monday.
 Messrs. H. F. Adams, J. J. Whitley and Orel Adams were around Tuesday. The two former in the interest of their candidacy.
 A number of Harris people have been enjoying the meeting in Brownfield this past week. Not all of them at the same time however.
 Miss Genela Dumas, of Plains is visiting her aunt, Mrs. Brit Clare this week.
 Frank Smith and family of Portales New Mexico, visited his parents, June 26 and 27.
 We didn't write any items last week because we didn't learn of anything to write. A very good reason, we think.

COME TO the sale, Fri. and Sat. July 9th and 10th. Two days only. A. B. Cook & Son.

Mr. P. E. Richardson, wife and little son, of Austin, Texas, passed through one day this week on their way to Yoakum county, where they have some land interests. Mr. Richardson has for twelve years been the expert printer employed by that department of the State at Austin, and of course could not afford to pass up a print shop, and especially one that issue a paper he reads.

TERRIBLY SWOLLEN

Suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs. in two weeks.
 He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.
 I sent and bought Theodor's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theodor's Black-Draught."

HOGVILLE LOCAL NEWS By Dunk Botts.

Gape Allsop, who left here a week or so ago to accept a position at a saw-mill over near Pumpkinville, has been fired off the job and is now back home again. Gape says the only reason he can give for misfortune is that he was late two mornings and on both these occasions the boss got there on time. The boss has always been late on the mornings when he ahead of time. He gave it as his opinion that the great common people did not have a chance.

Zero Peck says his wife is a very peculiar being. When he lies to her she seems to believe it and when he tells her the truth he is out of luck and cannot make her believe him. He is about to think himself a suc-

cessful liar.

Dag Smith has been carrying a black eye for the passt few days. A few days ago he told Bill Hellwanger he was wrong. Dag still thinks Bill was wrong but he will let matters rest as they are.

The Old Miser cannot imagine a man with soul so dead that he would not want to be president of the United States. He believes those fellows who have lately been saying they could not accept the nomination were "kidding."

There is some talk of starting up the train service between Hogville and Pumpkinville. Should it be decided to do this it will be necessary to get a good supply of soft sandstones and scour up the engine. The train has been idle since during the war when it got so the service did

not please everybody and the stockholders of the road decided to suspend operations.

A mass meeting for discussion and decisive action has been called by the Hogville Improvement Society to be held at the Wild Rose school house next Wednesday night, the object being the house fly. Several lively addresses will be made and it is expected that many unpleasant remarks will be made about the fly. These meetings are held about this time every year and still we have an abundance of flies.

Miss Petunia Belcher entertained with a birthday party last week. Only a few of her intimate friends were invited, as it is nobody else's business how old she is.

A new path is to be laid out between here and Bear Ford, and Zero Peck has been named as a committee of one to walk back and forth over the route for the next two weeks. Zero has very large feet and it is believed that a wise selection has been made and the promoters of the new path are being congratulated.

Zero Peck caught his wife trimming her nails with his razor a few days ago, but says he had to grin and bear it, as he has to either let his wife have her own way of have a battle every few hours.

Gape Allsop went to the bank in Pumpkinville the other day and asked for some small change and the teller began counting out one hundred dollar bills to him without asking how much he wanted change for.

The Widow of the Bear Ford neighborhood was caught looking over Miss Petunia Belchers shoulder while she was writing a letter at the post-office yesterday. These two women are not on very good terms and an effort will be made to keep this unbecoming act of the widow from Petunia.

Gape Allsop read where some doctor claims that it is possible for a man to live two thousand years. Gape thinks if the Old Miser could live that long he would be able to save up about all the money in the United States.

Bub Smothers, who carries some items of men's ready-to-wear along with his stock of groceries, got in a nice shipment of work shirts last week. They are all of one large size

He says he wants to be able to fit everybody: that a shirt that is too small wont fit any size that comes along.

Bill Hellwanger found a pile of stone jugs in a clump of bushes over near the Petunia Ridge moonshine still house yesterday. Half of them had nothing in them and the other half were empty.

Bub Smothers says he has noticed that there has been a great falling off in the sale of spices and cloves during the past year. Since they are being used exclusively for housekeeping.

Abe Belcher says he wishes Bill Hellwanger or the man from Pumpkinville with the gliding tongue and the one-cylinder mind would hurry up and marry his daughter, Petunia, as he is getting tired of letting them occupy the front porch at night causing him to sit on the back porch.

All people do not feel the same way about things. If you feel a certain way, that is sentiment. That's how we account for so many kinds of sentiment. There are as many kinds of sentiment as there are things to think of and people to think of them.

BULLS! BULLS!! BULLS!!! Don't short pot your calf crop for want of plenty of good bulls. I have some twos, threes and fours—all registered Herefords, and some good yearlings from the \$3,000.00 Missouri Lad, bred by Gudge & Simpson, of Independence, Mo. Prices reasonable. P. G. Stanford, Plains, Texas.

Mrs. Wess Key and children and Mrs. Trayball and little daughter, of St. Louis, who have been visiting Mrs. Trayball's mother, Mrs. S. H. Key, of Gomez, left here Saturday for Amarillo, where the two sisters will visit their brother, Roy Rodgers.

BROTHERS & Brothers will pay the highest market price for your poultry, eggs and cream.

Mesdames Becky Ringer, of Sterling City and Dora Giles, of Anson, left Monday for their homes, after a visit to their old father, Grandpa L. P. Ditto, who is very ill, at the home of his son, W. W. Ditto.

We are very sorry to report that Mrs. W. R. Bridges is very ill.

A TERRIBLE MIX-UP IN A PRINTING OFFICE

How things sometimes get mixed up in a printing office can only be understood by those who are members of the craft when in a rush to "get to press" two printers are finishing up the last copy and "dumping" on the same galley, and the foreman is cussing blue streaks in his efforts to close the "forms." The following write-up of a wedding and a notice of an auction sale is a fair example that recently appeared in a Texas paper.

"William Smith, the only son of Mr. and Mrs. William Smith, and Miss Lucy Anderson were made happy by being disposed of at public auction at my farm three miles east of town in the presence of quite a large number of guests, including two mules and 12 head of cattle.

"Rev. Johnson tied the nuptial knot for the happy couple averaging 1250 lbs. on the hoof. The beautiful home of the bride was profusely decorated with one sulky rake, one feed grinder, two sets of work harness, nearly new, bought just before the ceremony was pronounced. Mendelssohn's beautiful wedding march was rendered by one cow and one sheep, who carried a bunch of bridal roses in her hand; she wore one light spring wagon, two barrels of apples, three ricks of hay, one grindstone of mouseline de sole, trimmed in about a hundred bushels of corn and some pea vine hay.

"The bridal couple left yesterday for an extended wedding trip with the best wishes of a lot of household and kitchen furniture and other things to numerous to mention. Terms spot cash."—Swiped

The Declining Old Age

One of the troubles with the world is wastefulness. Oil and gas are now being produced in unprecedented volumes, but consumption is proceeding much faster than the output and the natural supply warrants. Experts predict that the use of gasoline and fuel oils must be restricted. Members of the American Gas Association say that heroic measures will be necessary next winter, and unless exports are stopped, "Gasless Sundays" will come again.

Oil men in looking for increased production, look to Mexico and Central America, but in the former, the shipments of the leading companies show a decline. The Navy has purchased its supply at prices 150 per cent above its last contracts. Foreign fields are active, but there is much speculation as to just how free they are for commercial development. A rumor is that Mesopotamian fields have been divided by Great Britain and France on a basis of three-fourths and one-fourth.—Ex.

It Is Leap Year

He had been going with the girl for a long time, but though he had faced the terrors of the trenches and even the Hun, yet he still hesitated. "Dearest," said the girl finally, "didn't you once say that you would do anything for me. Didn't you once say to put your devotion to the test? "Indeed I did" he responded warmly. "There is nothing in the world I would not do, no sacrifice I would not make to prove to you how much I think of you." "Well, then," said the maid. "Ask me to marry you. We've fooled around long enough."—Pittsburg Chronicle Telegraph.

NOTICE

It has been reported that I have been raising the prices on Leases for Non-Resident lands. This is all a mistake. The Leases have been raised within the last four years to almost double on most of the land, but the land owners were the gentlemen that did it, as their letters that I have on file in my office will prove.

The Campaign Is On

Brownfield is seriously handicapped in growth and development because of a shortage of Homes.

Many families are living in camped quarters or hunting a place to live.

Every patriotic citizen should lend his efforts to this campaign to build more homes. If you are a renter build a home of your own. If you own a vacant lot improve it with a house for rent or for sale.

We cannot hope to attract additional families to Brownfield unless we can provide comfortable housing.

PROCEDURE FOR CAMPAIGN AGAINST THE RATS

Form a working organization, using all agencies including Boy Scouts. Pass an ordinance requiring all new buildings to be rat proof at the time of construction.

Plague is primarily a disease of the rats and secondarily of man. The disease is generally transmitted from rat to rat and from rat to man thru the agencies of the flea. Rats are great travellers and have carried plagues to all parts of the globe. An infected rat in a cargo in the hold of a ship or in a box car may take the disease into the town at its point of destination. The prevention of plague naturally resolves itself into a war upon these rodents. The measures for repression and destruction of rats are as follows:

1. Rat Proof Buildings—This is a measure of vast importance in the fight against rats. Rats admitted to a building, intrench themselves and are most difficult to dislodge. The lower parts of buildings should be either built out of concrete or re-inforced with metal to keep the rats from gnawing through. Basement windows should be screened and doors provided with springs to keep them closed. All water and drain pipes should be surrounded with concrete. Rats find wooden sidewalks a retreat and these sidewalks should be replaced with concrete.

2. Keeping Food From Rats—Well fed rats mature quickly, breed often and have large litters. Scarcity of food helps to suppress them. All garbage should be placed in well covered garbage cans and the garbage frequently removed and burned. Products in a warehouse may be protected with wire cages.

3. Natural Enemies—Trained dogs and cats may be used to advantage in a rat eradication campaign.

4. Traps—One of the best traps on the market is the old fashioned wire cage trap. Traps should always be washed after each catch and handled with tongs, or gloves. The best baits are cheese, bacon, grain and bread. Other traps, such as the Guillotine Spring Trap, the cage trap, the barrel and pit trap are sometimes used.

5. Poisons—Perhaps the cheapest and most effective poison is carbonate. This may be made into a dough with four parts of meal or flour to one part of barium carbonate. Other poisons are strychnine, arsenic and phosphorus.

6. Shooting—Rats may be shot as they come out to forage about sundown.

7. Fumigation—Rats may be killed with certainty in any inclosed structure by the use of sulphur dioxide, carbon bisulphide, hydrocyanic acid gas or carbon monoxide. Sulphur dioxide is particularly useful to destroy on board of ships, in cellars, on railway cars, stables, sewers and other places where they abound and which are not injured by the corrosive sulphur fumes. No less than three lbs. of sulphur should be burned for each 1,000 cubic feet of space, and the exposure should not be less than five hours. This sulphur must be burned in the presence of moisture in order to render the fumigation effective.

Try want ads in the Herald. They bring home the bacon.

A petition was signed by all of the business men of the town one day this week, agreeing to close their places of business from 10 to 11 A. M. for morning services at the Tabernacle.

FOR SALE:—160 acres of land, five miles east of Seagraves, as good as there is in Texas. Has improvements amounting to good house, wind mill, good fences and cross fences; 60 acres in cultivation. Price \$20. per acre. Possession given Jan. 1, 1921. Address L. T. Baldwin, Brownfield.
