

The Terry County Herald

VOL. 15.

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY JULY 15, 1920

NO. 52

BIG ADAIR MEETING CLOSED TUESDAY NIGHT

The biggest revival meeting in the history of the county, in the point of both attendance, and the number of conversions closed here Tuesday night, and the preachers and personal workers began preparing to move on to Jayton, Texas, which is the next place in which they aim to lay siege.

Mr. Adair has a way of getting the attention of an audience that few men possess, and seems to have them hypnotized and charmed all at the same time, and after a few days the meeting ceased to be a local affair and people begin to come in from great distances.

The final round-up showed some above 200 conversions, and seventy-nine have already joined the Methodist, Baptist, Presbyterian and the Christian churches, and others have signified a willingness to do so. To say that the promoters of the meeting were not pleased with the meeting and the efforts of Mr. Adair and his corps of workers would be putting it mildly, and feel that the religious and moral atmosphere of the town is bound to be much better. The meeting lasted sixteen days.

FRESH BREAD received daily at Dumas Cafe.

Rev. J. W. Baughman informed us that Rev. Adair and party and Rev. J. E. Anderson and family and he and his family were all invited out to the Adair farm—who by the way is distantly related to the preacher—caught about 25 pounds of fish, killed about six yellow legged chickens not to mention the other good thing on the side. This was Monday, and the preachers were still looking full Tuesday morning.

FOR SALE: Good residence property, close in, bargain if taken at once. Jackson Brothers.

Mr. and Mrs. M. D. Williams came in this week from Gallup, N. M., where they now reside to visit old friends here for awhile.

BRING car No. 325403 to this office and get reward. This No. was lost between Meadow and Tokio.

Mrs. A. C. Shepherd came in one day this week to renew her paper she is at present sending her father-in-law at San Marcus, Texas.

TOKIO TALKINGS

By Grasshopper

Several good showers of rain last week. Some hail fell but did not do any great damage.

The meeting closed Sunday afternoon. Dinner was served on the ground and Elder Bradley preached both morning and afternoon.

Mr. Miller and family from the Needmore community, attended services here Sunday.

Many of the Tokio people went to Brownfield Sunday, for church. Some attended services during the week, also.

Mr. Hendricks and family spent Sunday with Mr. Add Cox and family. Will Taylor and Oscar Berry, from Haskell county, were up this week, prospecting, and visiting the former's uncle, A. V. Taylor.

Mr. Gray's little boy has been real sick the past week, and was carried to Mr. Gray's father, near Gomez, where they would be nearer a physician.

Quite a crowd of the Tokio people were disappointed when the cloud scared them home from Brownfield, Sunday night, and deprived them of hearing a good sermon.

TERRY GETS FINE RAINS

Old Terry has been getting some swell showers here of late, that are more than welcome, and while crops in general were not suffering, the weather was beginning to get hot and the rains not only helped them, but cooled the atmosphere as well.

In some instances, some of the farmers were hit hard again with hail but nothing like several weeks ago, and those who were hailed out have plenty time to raise more feed than they can gather. Just a few showers from this on will assure the usual bumper crops for old Terry.

The government gauge in Brownfield showed a total precipitation of 1.72 inches for the entire period.

BROTHERS & Brothers delivers your groceries to your kitchen.

Miss Patsy Cauble, of Meadow, who has been attending the Adair meeting at this place, left for home Wed. morning accompanied by her friend, Miss Emily Miller, who will visit her a few days.

Mr. and Mrs. Guthrie Cook had business in Lubbock one day this week.

BARRIER BROTHERS TO REMAIN IN BROWNFIELD

There was serious talk recently of Barrier Brothers moving their store to Lubbock, but we are glad to be able to announce that after more mature consideration, that they are going to keep their big drg goods business in Brownfield and are now busy stocking up for a rushing fall and winter business.

There never was any question involved about the Brownfield store as a paying proposition, for that was a foregone conclusion from the moment the store was located here, and up to the present time, and the outlook for the future is even brighter. It was simply to concentrate their efforts at one place.

Barrier Brother have been in the mercantile business almost since they can remember, and have the business down to where they know how to serve and satisfy the trade, and it is a well known fact that the people of Brownfield and surrounding territory were very regretful that this big store was to be discontinued, and now they will be pleased to know that it is to stay in Brownfield.

Why Kill the Pig

An old farmer and his wife were standing before their pig sty looking at their only pig, when she said, "Say, John, it will be our silver wedding tomorrow. Let's kill the pig."

John replied with disgust: "What is the use of murdering the poor pig for what happened twenty-five years ago?"—New York Central Magazine.

FOR SALE:—160 acres of land, five miles east of Seagraves, as good as there is in Texas. Has improvements amounting to good house, wind mill, good fences and cross fences; 60 acres in cultivation. Price \$20, per acre. Possession given Jan. 1, 1921. Address L. T. Baldwin, Brownfield.

M. W. Souter is here from Eliasville visiting with friends and relatives.

Try want ads in the Herald. They bring home the bacon.

Miss Lottie Whisenant who has been here for the past few days visiting with her aunt, Mrs. Geo. E. Tiernan, left Tuesday for her home in Wichita Falls, as that was as long as her vacation permitted her to remain here.

HON. R. A. BALDWIN

of Slaton, Lubbock County

Mr. Baldwin is our present Representative in the Legislature from the 122nd district, having been elected last August for the unexpired term of W. H. Bledsoe, resigned, and is seeking reelection.

We point with pride to his splendid record during the recent special session. Mr. Baldwin has the ability and the determination to represent all of the people of all parts of this district faithfully and honestly. If anyone can secure laws favorable to our agricultural, financial and industrial interests, and get for West Texas a square deal in the important work or re-districting our State next year, we believe Mr. Baldwin is that man. The work to come before the Texas Legislature the next two years demands men of sound judgment and genuine ability. We therefore earnestly commend Mr. Baldwin to your favorable consideration at the primary election, July 24th. A vote for him is a vote for the best interests of West Texas.

Very sincerely yours
Baldwin Campaign Committee
(Political Advertisement)

At the Methodist Church

Services will be held Sunday at 11 a. m. and 8 p. m. for the reception of members.

You that have expressed a desire to join the Methodist church are requested to be present at one or both of these services. Services at Gomez at 3:30 p. m.

J. W. Baughman, Pastor

BULLS! BULLS!! BULLS!!! Don't short pot your calf crop for want of plenty of good bulls. I have some twos, threes and fours—all registered Herefords, and some good yearlings from the \$3,000.00 Missouri Lad, bred by Gudge & Simpson, of Independence, Mo. Prices reasonable. P. G. Stanford, Plains, Texas.

Mrs. T. M. Flippin left Tuesday for Moran, Texas, where she will visit her mother for a week or ten days. Mrs. Rosa Wirtz has business in Lubbock, Tuesday.

R. O. WILSON will pay the highest market price for fat hogs until further notice. Be sure to see him before selling.

NEW VOTING BOX AT TOKIO

After the County Democratic Executive Committee had met recently and provided for holding elections at eight boxes, they learned that the Commissioners Court away back in 1919 had created a new box at Tokio, and as the candidates had been assessed only for just barely enough to cover the cost of holding two elections in each of the eight boxes, they were up against a proposition, it seemed, but patriotic men will always provide a way around. Some of the good citizens of that box have agreed to hold the election gratis, but a candidate present agreed to see and collect one dollar each from the several county candidates, and the County Chairman agreed to see that they get their election supplies. If you are a county candidate and want to chip in, hand it to Dave Broughton.

Well at Big Springs Making 500 Barrels Daily

Big Springs, July 3.—Swabbing of the General Oil Companies McDowell No. 1 was continued today, and the well is now claimed to be good for 500 barrels daily, with indications it may even do better.

Several hundred barrels of oil flowed from the well during the two days swabbing.

The people of Big Springs are elated over the showing.

The well will be put on the pump within the next few days. Large storage tanks are being built to take care of the output which will be used for fuel oil by the General Oil Company and other drilling operators in the Big Springs field.

All the big companies have representatives on the ground and Big Springs has suddenly found itself in the midst of an oil boom with leases finding an active market.

Four additional wells are being drilled on the McDonald ranch by the General Oil Company of Houston and eight other companies have wells down to pay sand.

BROTHERS & Brothers will pay the highest market price for your poultry, eggs and cream.

Mrs. T. L. Treadaway left Tuesday for Mertens to visit relatives for the next few weeks.

CANDIES of all kinds at Brothers & Brothers, and they are fresh too.

SALE CLOSES

For several reasons we are not going to close this store as we intended. But we are going to close this Sale, Saturday, July 10th. We have lots of merchandise you ought to buy now—Such as shoes, hats, suits, gingham, percales, domestic, etc.

Barrier Bros. D. G. Co.

BROWNFIELD

TEXAS

HOGVILLE LOCAL NEWS By Dunk Botts.

Alexander Moseley is 86 years old, has rheumatism, a quarrelsome wife, the country went dry, and now the only thing he has left to be thankful for is that for him it is only a short step to the sweet bye and bye.

Zero Peck says that until the pre-convention investigation of campaign funds started at Washinton he had no idea that running for president was such an expensive job; that he had always heard that any man who was a citizen of the United States could run for president, but in this age he does not believe a poor man could get any where much in the run-

ning; that the poor man's friends are usually poor, too.

Bill Hellwanger is out of a job again, but he says this time he has two dollars and a dime to go through life on in case he should never get another job.

When Sile Sims traded his calf for the old auto he had in his mind the idea of making a lot of dust just ahead of people he don't like, but he hasn't been able to go anywhere yet.

A highwayman over near Bear Ford held Zero Peck up last night but did not get anything. It is believed the highwayman was a stranger in this community, or thought Zero was someone else.

Up to this time there is no an-

nounced candidate for President in Hogville. There are several here who would like to have the place. The Postmaster would have some following here should he make the race.

The Postmaster predicts that so long as Sile Sims second-hand automobile stays like it is there is not any danger of any one getting run over by it.

Dag Smith has been sick for some time and at times he complains of having the blues. The horse doctor who has been calling on him for some time says he will see several colors when he presents his bill.

A stranger came into Pumpkinville one day this week and rented what is believed to be the last vacant house in the United States.

A sort of tramp looking fellow was in Hogville yesterday and was trying to raise enough money to get a bed for last night. He was referred to the Old Miser who got out of it by telling him there was not a spare bed in town.

When out fishing several miles from town, or anywhere, and have the wind blow out your last match just as you are in the act of lighting a cigarette—that's tragedy.

BROTHERS & Brothers will appreciate your grocery orders.

Frank Martin of the firm of Martin & Son, bootmakers, went to Lubbock Tuesday of this week to take orders for boots.

Robt. Welch had business in the city of Meadow this week in connection with the Cicero Smith lumber yard at that place.

Charter No. 11415 BANK STATEMENT Fed. Res. Dis. No. 11

State of Texas, County of Terry:—I, W. A. Bell, Cashier of the above named bank, do solemnly swear that the above statement is true to the best of my knowledge and belief.

Subscribed and sworn to before me this 12th day of July, 1920.
(SEAL) A. J. Stricklin, Notary Public, Terry County, Texas
Correct—Attest: D. J. Broughton, H. H. Longbrake, R. M. Kendrick, Directors.

IF—YOU could buy a car that looks like an automobile, rides like an automobile, and is so easily handled that anyone without previous experience can drive it—and yet requires no more care or cost of upkeep than a flivver—wouldn't you dig right down in your pockets and lose no time in buying one? We'll say you would. Then tell J. F. Winston to get you a new model Overland!

H. L. Taylor, of Lubbock filled the pulpit at the Church of Christ at Gomez, Sunday.

Mrs. J. A. Gamble left one day last week for Lubbock, where she went to visit her parents, Mr. and Mrs. Campbell.

ALL KINDS of fruit and vegetables in season, at Bros. & Bros.

Clyde Lewis, manager of the Lewis Brothers store, came in one day last week from College Station and Houston, where he went to learn how to classify cotton. He is well pleased with the results of his trip.

Dr. J. R. Lemmon got in recently from Dallas, where he went to take a course of lectures.

It's dollars
to doughnuts—

no man ever smoked a better
cigarette at any price!

CAMELS quality, and their expert blend of choice Turkish and choice Domestic tobaccos hand you a cigarette that will satisfy every smoke desire you ever expressed. You will prefer this Camel blend to either kind smoked straight!

Camels mellow-mildness will certainly appeal to you. The "body" is all there, and that smoothness! It's a delight!

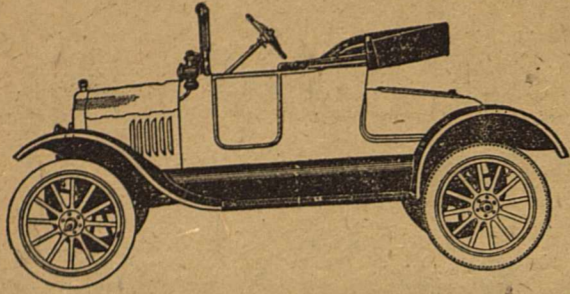

Go the limit with Camels! They will not tire your taste. And, they leave no unpleasant cigarettey aftertaste nor unpleasant cigarettey odor!

Just compare Camels with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes for 20 cents; or ten packages (200 cigarettes) in a glassine paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

James Cox and Frank Roosevelt were the choice of the Democratic National Convention and of course our choice. But no matter how the election goes, our next president will be from Ohio, and he will be a newspaper man. They are all pretty good guys too.

We thought for awhile that Joe Bailey would be in the run off, but we have gotten to the point where we seriously doubt it. We believe now that Messrs. Neff and Thomason will be the two high men in the first primary.

Some of the land holders of Terry county, and that means most of the people, are kindly weakening on Pat Neff the last few weeks, and the editor acknowledges with some reluctance that he is not quite so enthusiastic. The big land holders here say that it takes more land here than it does in east Texas for a man to live on, and if Neff has his way many good citizens of West Texas will be taxed to death, and yet not help the homeless. They also argue that at the present time there is already enough land in West Texas on the market to supply every renter in the east with a good home if they will only come out and buy it and breast whatever hardships the west has, as they have done, but they do not propose to be taxed out of holdings they have been a life time in accumulating, just to accommodate some old sore head renter in the east that has never made any effort to have a home, and they are therefore turning to Thomason as the man that knows the needs of the west, lives in the west and has the sympathy of the west at heart, and to save our lives, we cant blame them.

Get More Dairy Cows

More cows ought to be milked on many farms in the southwest. There is no greater source of good money and food than a good dairy cow, and she deserves mor consideration on farms than she gets. There is poor consolation in keeping poor cows, feeding them expensive feed and in giving them valuable time. Good cows are demanded and more of them.—Balmorhea Herald.

Some three or four years ago, Dock Powell and R. H. Banowsky bought and brought to Brownfield the first

cream separators, and got the agency of a creamery company. After much persuasion and argument, they got a few farm wives to take the separators and they thus got the business underway with two or three cans of cream per week. Now there is three places in Brownfield where cream is bought, not to mention every country store in the county, and now the daily shipment is several times more than the weekly shipment then, and the industry is growing by leaps and bounds but is still in its infancy.

YOU Need insurance and we have what you need: Ingle & Green, Agents for Southland Life Insurance.

Born to Mr. and Mrs. Aut. Graham a fine girl on the 13th inst. There are several boys in the home, but this is the first girl, and they are very proud of little daughter and sister.

Try want ads in the Herald. They bring home the bacon.

Mrs. Stacy Scott, of Happy, Texas, accompanied by her little daughter, left for home Tuesday morning after attending the bedside of her sister, Mrs. W. R. Bridges for the past several day, and visiting her brothers, Will and Geo. Black, at Gomez. She reports that she left her sister much improved in health.

BROTHERS & Brothers buys the best canned food put up to protect their customers.

TERRIBLY SWOLLEN

Suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs. in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Theford's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend a once. He got well, and we both feel he owes his life to Theford's Black-Draught."

Theford's Black-Draught will help you to keep fit, ready for the day's work. Try it!

Street Cars are Running

After an interval of two years, Amarillo people are again enjoying street car service.

Cars began running on schedule last Monday morning and the loops are so arranged that it takes each car thirty minutes to make the round trip. Both the Lincoln and Jackson street cars go south on Polk, one turning east and the other west at 24th street. A third line runs from Glenwood to the north side and all cars start from Fourth and Polk—Southwest Plainsman.

Horse Collars Should be Fitted

All collars are made over an anatomical form with the leather thoroughly wet and pliant, is this not the most practicable system to obtain a

perfect fit to the animal for—the horse's neck and shoulder? Put the new collar into a tub of luke-warm water and let it soak over night, or at least long enough to make pliant. Then when ready to put on the horse wipe off the surplus water with a cloth and fit to the neck at the shoulders from top to bottom very closely, by the adjustment of the hames of the harness. Then put the horse to work moderately with sufficient load to perfectly adapt the draft surface of the collar to the horse's shoulders. When dry it will be a perfect fitting collar to that individual horse, so that there is very little danger of injury, if the shoulders and collar are kept clean. Collars that fit fairly well when the horse is in high flesh may not be

adapted to hard ranch labor when the horse is worked down thin. But by the same method of soaking the same collar may be readjusted. The hame tugs will have to be raised a little higher when the neck is full at the top of the collar. The collar should always fit the neck closely at the sides even if it is a little too long but it is preferable to have the collar

fit every part of the neck when the horse is pulling.—Field and Farm.

FOR SALE: Good residence property, close in, bargain if taken at once. Jackson Brothers.

F. E. Walters and W. W. Newsom were passengers to Lubbock one day recently.

While over at Gomez one day recently we noted that A. P. Moore was located in his new store and had a nice stock of new goods to start on.

J. K. Hill was a passenger through here from Seagraves Tuesday, on his way to Lubbock, where he had business.

(Political Advertisement)

THE CHAMPION BONEHEAD

The world's champion bonehead has been discovered. He lived about 3,000,000 before Christ in the vicinity of what is known as Red River, South Elberta, Canada. In the towering cliffs above the river gorge a remarkable collection of reptilians has been discovered. Among them is a scientific mystery, a crested dinosaur. It is an herbivorous monster that waded in the cretaceous marshes some 3,000,000 years ago. Not only was its every bone embedded in the rock, but most of its hide, which beats the record of the Siberian mammoth of 50,000 years ago, with skin preserved in

ice. He was thirty-five feet long. When standing on his hind bird-like feet he could lift his head fifteen feet above ground and browse on trees practically his sole occupation. His structure was light and frog-like. On his head was a great crest. His skull was shaped like a Corinthian helmet, and, as it evidently was not meant for thinking, may have been used for a battering ram, like that of a goat now, to butt its enemies, and next to break down trees to get at their juicy leaves.

The tall rounded skull stood thirty inches above the neck and had a diameter of forty inches. Attached to

it was a huge duck bill some twenty-seven inches long. In the big jaws was seventy rows of teeth, arranged in batteries, totaling over two thousand teeth. The animal was covered with plate scales, some round and some square, averaging one and one-half inches long and one and one-quarter inches wide.

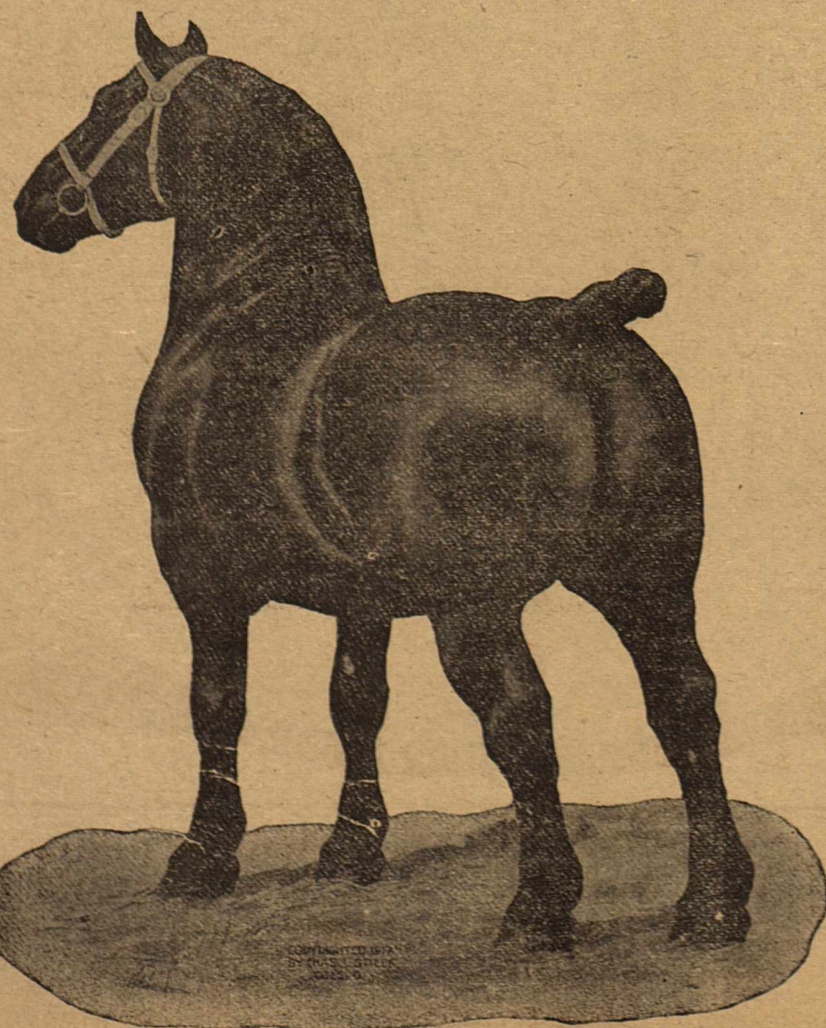

This monster was four times as long and twice as tall as the biggest elephant that ever lived. And he never had an idea.

Miss Idahlia Hunter, of near Gomez, is staying with her grandparents, Mr. and Mrs. H. F. Adams and are taking in the Adair meeting.

NOTICE

It has been reported that I have been raising the prices on Leases for Non-Resident lands. This is all a mistake. The Leases have been raised within the last four years to almost double on most of the land, but the land owners were the gentlemen that did it, as their letters that I have on file in my office will prove.
J. F. Winston

Joe J. McGowan and family moved to Fort Worth last week to make that place their home in the future. Joe and wife have many close friends here who regret exceedingly to see them leave.

"Joffre"

Pre-eminent Among Good Horses

R. O. Wilson, Prop.

"JOFFRE" is recorded by the Percheron Society of America, and his register No. is 134534. He was foaled April 27, 1916 at Mount Sterling Iowa.

He is the horse you have been looking for. While we have his record that reaches back generation after generation, and we would be pleased to show them to you at any time—but we had rather show you the horse that speaks for himself.

Come and see "Joffre" at the O. K. Wagon Yard.

Roy Harris, Prop. Brownfield

MUST GROW MORE TREES

Timber depletion does not result from the use of our forest, but from their devastation. There are 463,000,000 acres of forest lands of all classes in the United States, including burned culled and cut over. Of this 81,000,000 acres is an unproductive waste. Upon enormous additional acres the growth is so small in amount or of an inferior character that its economic value is negligible. These forest lands will produce the timber required by the country if they are kept at work full time growing trees. But unless timber growth takes the place of devastation from forest fires and destructive methods of cutting, our consumption of lumber must drop to the level of European countries, where wood is an imported luxury.

Secretary Meredith.

SMALLEST AUTO

Probably the smallest automobile now in service is that one built by Fritz Reuter of San Antonio, Texas, who operates a large auto repair shop there. Mr. Reuter has a young son, and he was prompted to build the miniature car by request on the part of Reuter Junior, some two years ago. The machine has only recently been completed.

Saving discarded parts, picked up in the repair shop over this period of time, Mr. Reuter has succeeded in producing a very complete car which is operated by electric motor and a storage battery. There are parts of many makes of cars used in its construction, neither Ford nor Pierce-Arrow being neglected. A statuette of the well known "Time to Re-Tire" boy, trade mark for Fisk tires, has been mounted on the rear of the car.

WHOSE FAULT?

Last week at the little city of Canyon, local merchants carried several cases of eggs out to the city dump and threw them away. Why? Simply because they could not get cases in which to ship them and had no place to store them.

Undoubtedly this instance is being duplicated every day in thousands of the smaller towns of this country and the waste is something enormous. At the same time we are all "hollering" our heads off about the high cost of living—particularly of food.

So long as we are content to let things rock along as they are, without doing anything but "hollering," just so long as these things happen—and just so long will the prices of products stay high.

Whenever we get sense enough to provide warehouses just as we do grain elevators or stock pens, there will be no need of such waste. At present, the trouble seems to be that everybody is waiting for the other fellow to do the work.

The farmers think that the merchants ought to do it and they both think that the government ought to do it. We are getting so that we look to the government to remedy all sorts of things that we are abundantly able to attend to ourselves.

Neither the farmer nor the merchant are primarily, the most interested party in this wanton waste of food supplies. It is the consumer. Scarcity makes for a higher price to the farmer and the merchant's interest is merely one of service to his patrons.

The smaller towns are the places where cold storage warehouses are most needed since the country merchants buy in small quantities direct from the farmers and have no place to keep perishables until they have accumulated enough for shipment.

Most anyone will acknowledge that such waste is a crime and further, that we need a system of cold storage houses over the entire country. If we wait for the Bureau of Markets or some other governmental function to build them for us, there will be so much red tape about it that it will be years before we get them and it will be just as expensive in the long run for it will mean another billion dollar appropriation, and we, the people will have to furnish the coin.—Southwestern Plainsman.

Destroy the Fly

There is no excuse for permitting flies to breed in anything like the numbers they have done in the past. The vast majority of flies develop from eggs laid in horse manure and there are two simple ways of destroying the larvæ, as the young insects or maggots, which hatch from the egg, are called. Sprinkling the manure with a solution prepared by adding one half pound of powdered hell-bore to five gallons of water will destroy the larvæ in the manure from ninety to a hundred percent.

WE MAY TRY THIS

An editor, a believer in "yellow journalism," ran this as a leading editorial, says an exchange.

"The business man of this city who is in the habit of hugging and kissing his stenographer had better quit it or we will publish his name."

The next day twenty-seven business men called at his office and paid their subscription a year in advance, left twenty-seven columns of advertising, to run indefinitely, and told the editor not to pay any attention to fool stories.

J. C. Bohannon and wife and Bill Cook attended preaching at Tokio, Sunday, to hear Elder Bradley in a discourse.

GEO. ALLEN
The House Reliable

Ac. 2284 Established 1890. SAN ANGELO

T. G. Marks, candidate for representative of this district, was here again last week, and informed us he had been pretty well all over the district and had met much encouragement wherever he went. At Lamesa he said, his opponent informed the audience that they ought to send him back to Austin, as only a lawyer was qualified to understand the laws. Personally, we think that we ought to send some one that is capable of simplifying the laws instead of complicating them any worse. Do we hear a second?

J. F. Winston and daughter and son, Miss Lissie and John, went to Amarillo Monday after another Maxwell car, of which Mr. Winston is agent.

"Shorty" Summit went to Lubbock Monday morning to put his little niece on the right train, who was leaving for her home in Gorman.

Dr. Castleberry, who bought the Ed Moore farm just north of town and moved on it during the winter, brought in some fine, well cured hams and middlings one day last week and put them on sale at a local store. We know they were good for we tried one of the hams. The doctor came here from old Vanzant county, and he is going to live and board at the same place here just like he did back there, and we predict that he will make even more money here than he did in old Vanzant.

The Campaign Is On

Brownfield is seriously handicapped in growth and development because of shortage of Homes.

Many families are living in cramped quarters or hunting a place to live.

Every patriotic citizen should make efforts to this campaign to build more homes. If you are a renter build a home of your own. If you own a vacant lot improve it with a house for rent or for sale.

We cannot hope to attract additional families to Brownfield unless we can provide comfortable housing.

Our modern home plans will help you to decide.

But---we are selling groceries to the people at the right prices. We had a good sale and moved much of the surplus stock, and we appreciate the good business those two days.

We are going to continue to do the people right, and ask you to call in or phone us when in need of Groceries.

A. B. COOK & SON

BROWNFIELD

TEXAS

Accused of Cattle Theft

Two men were placed in jail here last Friday night by Sheriff Best and Deputy Frank Vosburg. One a Mr. Winchester, charged with larceny of cattle and the burning of brands, the other, a Mr. Black, charged with driving cattle across the state line without a permit. Both men are of the Jal country in the south part of Lea Co. Both gave bond Sunday morning but were re-arrested by authority of the sheriff of Barstow, Texas on another charge, so were held here until Tuesday awaiting the arrival of the Barstow sheriff, who came for them. Mr. Black waived his trial here to the action of the grand jury, but Mr. Winchester's trial was set for July 6.—Lovington (N. M.) Leader.

To Get Rid of Rats

Traps will seldom catch the wary rat and often poisoned food will not be touched by them but if you will lay off your barn with planks leaving an open space in the center, converging from all points of the building, making a paste of concentrated lye to cover this central space the rats in running around these boards will get the concentrated lye on their feet, which, burning them, will cause them to lick off the lye which invariably causes death.

The Crop Outlook

Harvesting and threshing are proceeding rapidly these days and the wheat is turning out much better than expected in most cases. The grain seems to be extra heavy, this year, and 62-pound wheat is common. The past week has been plenty warm, thank you, but then we had it coming if there was to be any summer at all this year. The sorghum, beans and cotton have made a splendid growth and the range is in excellent condition.

A good many towns are enforcing a "no loafing" campaign and idle men are told to get to work or move on. One thing sure, there is no excuse for idleness in this country, these days, and everybody should refuse to feed

hobos while farmers are paying from \$6 to \$8 per day for help.—Southwest Plainsman.

Bank Has a Liquor License

The Bank of England has the right to sell beer without a license. This privilege was granted to the bank in its charter of incorporation under the great seal, dated July 27, 1894. And so the bank, if it liked, could open a public house in Threadneedle street, or could send drays round and deliver beer from door to door.—Tit-Bits.

Fecundity of Fish

The most prolific fish is the cod, the yield of which averages about 45,000,000 eggs each season. Many other kinds of fish are exceedingly prolific. More than 36,000 eggs have been counted in a herring, 38,000 in a smelt, 1,000,000 in a sole, 1,120,000 in a roach, 3,000,000 in a sturgeon, 546,000 in a mackerel, and 1,357,000 in a flounder.

Miss Pearl Clements, of Crosbyton, who has been here for some time visiting with her brother, Zeddie Clements and wife of near Gomez, left Saturday for home.

Rev. Bowers, a young Presbyterian minister, is here looking over the situation with the intention of becoming pastor of the local Presbyterian church. He seems to be a hustler, and should be encouraged to locate among us. He is a cousin of our esteemed townsman, R. L. Bowers.

J. M. Brown, of Meadow, was here one day last week after supplies, and informed us that the big rains of last week hit him right in the big

middle and the hails missed him for which he is very thankful. He reports a good crop.

Mr. J. Alberding left last Thursday for his old home in Winfield, Kans., where he will visit and look after business matters.

We neglected to mention last week how the Brownfield ball team got it took out of them in a double header with Tokio and Plains. Our boys decided they had a walkover, and the fielders would ease their laziness on the turfs and the batters would bat at the wind and birds passing over, so we have been informed, and they got beat good and proper. Boys, is that the kind of ball you expect the town to become interested in, and to support you in?

Mrs. Pat. Brothers and the children left Tuesday for Paducah, where they will visit relatives for the next week or ten days.

J. Gilmore Smith, manager of the Presbyterian Orphanage, of Albany, Texas, was here this week looking after business for that institution.

Miss Lillie Porter, of Lubbock, who has been here for the past several days attending the Adair meeting and visiting her friend, Miss Willie Adair, left for home Tuesday morning.

S. L. Hunter and son, Boone were in one day last week with the usual big supply of eggs from the farm. Boone informed us that the hail on Thursday night would cause them to have to replant about 80 acres of their crop.

Mrs. Arthur Sawyer, baby and her sister, Miss Queenelle Speegle left Monday morning for Elkhart, Texas, where they will visit relatives.

Deputy Sheriff M. E. Dumas, of Plains, accompanied by S. J. Luallen, had business in Hood county last week.

Son Hughes left on day last week for the harvest fields on the north Plains.

MR. CAR OWNER

We are again able to serve you with Gasoline, Oils, Free Air and Water, as we have our pumps installed. And we ask a portion of your trade. We will offer you something good in Casings for the next few days, and you will have to hurry if you want them, as they won't last long.
