VOL. 16.

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY JULY 30, 1920

NO. 2

## ELECTION RESULTS

The following is the results of the primary last Saturday in this county of the offices most interest was manifested in. The figures are not official however, and the count Saturday may change some of them:

**GOVERNOR**  
Bailey ..... 126  
Looney ..... 45  
Neff ..... 213  
Thomason ..... 125

**DISTRICT JUDGE**  
Spencer ..... 302  
Moore ..... 218

**COUNTY JUDGE**  
Graves ..... 163  
Broughton ..... 381

**COUNTY AND DIS. CLERK**  
J. R. Burnett ..... 171  
Homer R. Winston ..... 369

**SHERIFF & TAX-COL.**  
Redge Burnett ..... 153  
Wood E. Johnson ..... 170  
A. M. McBurnett ..... 110  
J. J. Whitley ..... 30  
B. W. Stinson ..... 85

**COUNTY TREASURER**  
Mrs. Lula Smith ..... 351  
Mrs. John Raymer ..... 128  
H. F. Adams ..... 75

D. S. Cunningham beat A. E. Graham one vote for Commissioner of Precinct No. 1; J. Barrett was the nominee in No. 2; the returns were not sufficient to tell anything about No. 3, but it is thought W. D. Winn is reelected, and it is believed that W. H. Black and E. E. Simms are tied for No. 4.

Judge Geo. W. Neill got a plurality of the votes cast for Chairman of the County Dem. Ex. Com., but inasmuch as the old committee declared for a majority election, Messrs Neill and Burgess may have a run off.

Wood E. Johnson and Redge Burnett will have a run off in the Sheriff and Tax-Collector race, and there is liable to be others.

Judge W. R. Spencer has badly defeated his opponent, Judge Moore, and we understand that Mr. Baldwin of Slaton will succeed himself in the legislature. The 28th Senatorial contest has not been sufficiently heard from to predict results. Mr. Russell, of Eastland, however, is thought to be the nominee.

We will not be able to get figures from Yoakum county till next week, but the following are nominated or will have a run off.

R. P. Mooreland, County Judge.  
W. H. Hague County and Dis. Clerk  
J. C. Keller, Sheriff & Tax-Col.  
J. P. Long, County Treasurer.

J. L. York and J. M. McMillian tied in the race for Assessor, and will have their run off the 28th of August.

Pat McHugh, P. M. Williams, Jack Blankenship and Geo. Cleveland are the County Commissioners.

**FOR SALE:** Good residence property, close in, bargain if taken at once. Jackson Brothers.

## MANSFIELD STARTS MEETING SATURDAY NIGHT

Local members of the Church of Christ had a letter from Elder Lee P. Mansfield one day this week and he reported that the would be here Saturday afternoon either on train or overland by car.

He recently closed a meeting in the little town of Loraine and baptized 32 people and restored to fellowship seven others, or in other words his meeting practically doubled the membership of the town, and the members are working and praying for a great meeting here.

Being so late in the year, he was unable to bring a singer with him, but N. S. Copeland, of Meadow, has been secured, and he is as good song leader as there is in this part of the country.

Elder Mansfield says he is going to do the very best that is in him while here and wants the hearty cooperation of the members. Sunday School will be held under the Tabernacle on Sunday morning at 10:00 a.m.

The tabernacle will be well seated with seats that have backs, and will be well lighted.

All are cordially welcomed to attend each and all of these services, and the singers of the town are especially invited to take a front seat.

## Ripe Buttermilk Violation of Law; 3 Per Cent Alcohol

Wilmington, Del. July 11.—"Real ripe buttermilk contains 3 per cent alcohol, Dr. Watson, State chemist, informed Judge Hastings in the city court. Every vendor of buttermilk is liable to prosecution, Watson said.

Long before the dry wave engulfed the whole United States buttermilk had become very popular among the brass rail brigade much to the astonishment of the barkeepers. It was sold at almost all bars.

It was reserved for scientists to discover the reason, and now we can better understand why Buttermilk Signal of the H. Grove Lowery loves buttermilk well; and we always thought him a "dry."

Try want ads in the Herald. They bring home the bacon.

You will note in another part of this paper that Messrs. C. B. Quante and Carl Lewis have purchased the Santa Fe Hotel from John A. Dumas and will take charge of the place on the 1st of Aug. Mr. Quante comes to Brownfield with a splendid reputation as a cafe man, and we are sure he will give the people splendid service. Mr. Dumas will retire to his truck farm in the south part of town where he will begin the manufacture of lime in commercial quantities. He is also figuring on a natorium and a good big system for irrigation purposes.

**BROTHERS & Brothers** delivers your groceries to your kitchen.

## NEILL THANKS VOTERS FOR THEIR SUPPORT

Tears and sobs will not suppress the emotions of my seething soul. My spillway of joy is not sufficient to carry the flood of my elation; the non-elastic bands around my pride are tightening and may not hold till this is in print; all over the unbounding confidence you manifested by your intelligence last Saturday in selecting me as Chairman. I do not take this high place for the money in it, but for the honor and elevated glory it brings. I am not unmindful of the great responsibilities attending it. I assure you we will make effort to get the machine together including the Roller, and try to keep it from skidding off the beaten paths.

I have naught against my honorable opponents, for they run a clean race. I sympathize with them in their bereavement, and wish them good luck in the outside world.

Again praising your wisdom, I am greatly felicitated.

Geo. W. Neill

## TEN COMMANDMENTS

First—Don't lie, it wastes my time and yours. I am sure to catch you in the end, and that will be the wrong end.

Second—Watch your work, not the clock. A long day's work makes a long day short, and a short day's work makes my face long.

Third—Give me more than I expect and I will give you more than you expect. I can afford to increase your pay if you increase my profits.

Fourth—You owe so much to yourself you cannot afford to owe anyone else. Keep out of debt.

Fifth—Dishonesty is never an accident. Good men, like good women, never see temptation when they meet it.

Sixth—Mind your own business, and in time you'll have a business of your own to mind.

Seventh—Don't do anything here which hurts your self-respect. An employee who is willing to steal for me is willing to steal from me.

Eighth—It is none of my business what you do at night. But if dissipation affects you the next day, and you do half as much as I demand, you'll last half as long as you hoped.

Ninth—Don't tell me what I'll like to hear, but what I ought to hear. I don't want a valet for my pride, but one for my purse.

Tenth—Don't kick if I kick. If you're worth while correcting, you're worth while keeping. I don't waste time cutting specks out of rotten apples.

WOULD you like to have a nice picture of your home to send back to your old friends, I will come any time you say, no good, no pay. I. Walpole.

## PRESBYTERIAN ANNOUNCEMENT

In beginning the work as pastor of the local congregation, we wish the public to know something of our plans and purposes.

The initial services last Sunday were encouraging, both in attendance and interest, and the outlook is indeed bright. We believe that the churches of Brownfield are on the threshold of a great opportunity, with the rapid development of this country, and it is our desire to cooperate in the development of the moral and spiritual resources of this community, and to serve the people of Brownfield in every way possible.

There will be preaching services and Sunday School every Sunday and Sunday night, and prayer meeting every Wed. night. The Christian Endeavor Society will not take up its work again until September 1st, but in the meantime plans are being perfected for a big years work.

A friendly welcome awaits you at all services. Come bring your friends and be with us.

Harvey H. Bowers, Pastor

Thursday and much business of a highly important nature to the Association was transacted, including several amendments to the Constitution. The officers elected for the ensuing year are: Judge J. H. Bedford Section 307, all of said lands being situated in Block D, and originally granted to John H. Gibson, in Yoakum County, Texas.

That said lease contract was made and delivered upon the express condition that the said Claude C. Wild, his heirs or assigns would begin within eight months from the 28th day of October 1919, the drilling of a well on some part of said lands or on some part of 40,115 acres of said land, mentioned and described in a certain contract dated the 28th day of October A. D. 1919, and it was so stipulated in said contract that if there was no well begun on some part of said 40,115 acres of land, which included the lands herein described, and that if the said Claude C. Wild did not within said time furnish to these plaintiffs or some one as trustee for them, a good and sufficient bond, guaranteeing that he would drill said well with reasonable diligence and with reasonable dispatch to the depth of four thousand feet unless oil or gas was found in paying quantities at a less depth, that all said contracts would become null and void, and that after the execution and delivery of said lease contracts, and the agreement the said Claude C. Wild had had with these plaintiffs; and about the first day of May, A. D. 1920, the said Claude C. Wild transferred and assigned said contracts to the said defendant John Fernow, but before the said contracts were executed and delivered, the said Claude C. Wild, made executed and delivered to the defendant the First State Bank of Plains certain instruments in writing in favor of each of the plaintiffs herein where by, he, the said Wild, released any right, title, interest, claim or demand in and to said land by reason of such lease contracts, to be delivered by said bank to the respective owners of said land, in case he the said Claude C. Wild, his heirs or assigns should fail to carry out all the terms and conditions of said contract, and the said defendant bank now has in its possession each and all of said re-lease contracts, and the agreements connected therewith the defendant John Fernow, promised and agreed to perform and carry out the obligations of the said Claude C. Wild, with reference to the beginning the drilling of said well and the furnishing a bond in the sum of fifteen thousand dollars. That the said Claude C. Wild and the defendant John Fernow have each of them failed and refused to begin the drilling of the well in the time specified in said contracts, to wit, on or before midnight June the 28th, 1920, and has failed and refused to furnish to these plaintiffs or any one for them a good and sufficient bond in the sum of fifteen thousand dollars to guarantee that they would do and perform the things agreed to be done

and performed by them, and have wholly breached their said contract and by reason thereof said lease contracts on the lands and premises have become null and void.

That the defendant John Fernow has failed and refused to begin the drilling of said well, and has failed and refused to furnish said bond, at the same time is now asserting that he has a good and valid lease contract on and against said land, and has instructed the defendant bank not to turn over to said plaintiffs said re-lease contracts, and has made and caused to be recorded in the deed records of Yoakum County, Texas, and certain affidavit in which he states on oath that he has done and performed all these matters and things agreed to be done and performed by him, and by reason of said contracts, and assignments thereof to the defendant John Fernow, and by reason of the affidavit and claims of the defendant John Fernow, there is cast a cloud on the plaintiffs' title to said land and premises, and the plaintiffs allege that the defendant Fernow will unless restrained transfer and assign said lease contracts, and will thereby continue to hold the title to said lands, and plaintiffs pray for a writ of injunction restraining him from further transferring or assigning said contracts or any part thereof.

Plaintiffs allege that the defendant W. H. Hague is the county clerk of Yoakum County, Texas, and that unless restrained from doing so that the said defendant as such County Clerk will file and record any and all such assignments of said contracts, as made by the defendant, Fernow and others and plaintiffs pray for a writ of injunction against the defendant W. H. Hague as county clerk restraining him from filing or recording any other assignments of said lease contracts, from the said defendant John Fernow or any other person or corporation affecting the lands herein described.

Plaintiffs also allege that the defendant bank has failed and refused to deliver to them or either of them the releases made and executed by the said Claude C. Wild, and pray for the writ of mandamus requiring the defendant to deliver to each of these plaintiffs the release of the said Claude C. Wild, affecting his lands herein described.

Plaintiffs also pray for judgement removing the cloud cast on their title to said land, by them owned, for the cost of this suit and for general and special relief.

Herein fail not, but have before said court, at its aforesaid next term, this writ with your return thereon, showing how you have executed the same.

Witness M. E. Dumas, Clerk Pro Tem of the District Court of Yoakum County.

### Accident

Kathrine Edgeman, the little five year old daughter of J. M. Edgeman, happened to a very painful accident Monday while riding with her father on a slide, when she fell off and cut the calf of her right leg to the bone. Twelve stitches were taken to close the wound.—Lamesa Reporter.

Births: Born to Mr. and Mrs. Jim Mallard a boy on the 23rd inst. To Mr. and Mrs. Fred Scudday, a girl on the 26th inst.

Miss Grace Truman Green and her aunt and daughter, Mrs. Lloyd, left Friday for Plainview, where they met Mr. Lloyd, and all returned here on Saturday.

Miss Ann Hamilton sings August 1st for the evening services, Presbyterian church.

Miss Tera Baughman is a guest of Miss Emily Miller this week during the absence of her parents.

Mr. I. Walpole came in one day recently and showed us a sample of some of the photographic work he has been doing in Brownfield and we assure you that it is good work, and we ask you to see him in case you are in need of work of this kind.

I. J. Clayton, of Slaton, the fat and funny breakman, was down again this week looking after his cattle ranch near Seagraves. He informed us that he had recently visited at his old home in Illinois, and had decided to close out the twelve sections he owns, and the ten he has leased up there, and consolidate his sheep ranch up there with his cattle ranch down here. We are pleased to report that Mr. Clayton will consolidate all his interest, household and otherwise, in the South Plains country.

We are authorized to announce this week that Bynum Bros. have purchased the Sanitary Barber Shop of Rich Bennett, and have already taken charge. These are hustling young men, and we expect to see them succeed with this business, and we are quite sure that they will render the same courteous treatment that has heretofore been rendered in this popular shop. Mr. Bennett, we understand will have to travel awhile for the benefit of his wife's health, but he says he is cutting no bridges between him and Brownfield. We hope to soon learn that Mrs. Bennett is regaining her usual health.

Mrs. Schuler and three granddaughters, the Misses Terry, of Stephenville, Texas, were here last week on a prospecting tour, and visiting their old friends, Mr. and Mrs. Dalton Lewis. They are people of considerable means, and we hope to be able in the course of a few weeks to announce that they have purchased a considerable lot of the rich soils of

old Terry, and are coming to make this their home.

W. B. Snodgrass and wife were in from the ranch the first part of the week on business. Speaking of the grasshoppers, Mr. Snodgrass says he saw them worse one year during the 80's and that time they stayed until frost that year, and just about cleaned up everything.

J. M. Shields and family returned one day last week from Calif., where they have been for some time for the benefit of Mr. Shield's health. They say it is too cold at San Francisco, and they had an earth quake at Los Angeles that scared them off. Anyway, they are back in old Terry.

Dr. and Mrs. J. R. Lemmon were Plains visitors last Friday.

## ANNOUNCEMENTS

FOR SHERIFF & TAX-COLLECTOR

Wood E. Johnson  
R. E. Burnett

Sheriff Brute Mitchell was over from Crosbyton, Tuesday on official business, part of which was to give the colored "gentlemen" of our town an invitation to go to work or to forever shake the dust of Crosby Co. from their feet. There seemed to be quite a number who desired not to make intimate acquaintance with old man work, so they took a cross tie ticket to Lubbock, where the minions of the law are not quite so strict in this respect. This is not a "nigger's" country, and when one comes here and spunges, refusing to work, he should be immediately chased.—Ralls Banner.

Terry is never pestered with this "gentry" for which we are very, very thankful. Our white people have now learned to do without the smell of the "coon" and they enjoy life without them, thank you.

## HOGVILLE LOCAL NEWS

By Dunk Botts.

Sile Sims, who for the past three months has been trying to get the second hand auto he traded his calf for to run, got angry with it a few days ago and tried to knock the motor in the head with a sledge hammer. The Assistant Constable arrested him on a charge of wilful destruction of property, but Judge Allsop reduced the charge to cruelty to animals and assessed the maximum fine.

The government has called on the Postmaster for a complete report of the condition of his office at this time. About the only things he could report was that business was dull, the roof of the building is still leaking when it rains and that the fleas are just about as bad under the dem-

ocratic administration as when the republicans were in charge. He attributes this latter condition to hogs sleeping under the floor.

Miss Petunia Belcher believes she would have been married long ago if the right man had just happened along.

The hard wind of last night blew Dag Smith's hat off and after chasing it for about a half mile he ran a black cat upon a fence post. He is now at a loss to know in which direction his hat went.

Bub Smothers, Hogville grocer, has announced a big clearance sale. Into this mighty sale all his stock of old bologna, old cheese and old eggs will be dumped and disposed of at about half the regular selling price. These articles should move rapidly, and will no doubt be snapped up readily by those not so particular about the more up-to-date things.

According to an announcement in this column last week, a mass meeting for discussion and decisive action, was held at the Wild Rose School house Wednesday night by the Hogville Improvement Society and ordinary plain citizens. The object being the house fly. Several lively addresses were made by prominent citizens, among whom was Gape Allsop, who grew vehement in his denunciation of these pests. For awhile there was much strong feeling against flies in general. The result of the meeting was that by a unanimous vote a resolution was adopted condemning in the very strongest terms these insects. Alexander Moseley, who is bald headed, was made chairman of the resolutions committee. Early the next morning, on the authority of Dag Smith, a large drove of flies was seen leaving Hogville, headed in the direction of the Bear Ford neighborhood.

## "A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side..."

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me, and I recommend it as a splendid female tonic.

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists. NC-132

Sheriff Keller brought over the inspector for the Texas Cattle Raisers Association, Mr. Allison, one day recently, who had been over in Yoakum and Gaines counties of official business. Mr. Allison is one of the oldest Texas rangers living, in the numbers of years in service and in age at present, and was a holly terror to the bad man in the early days of this state. They were prospecting as well as visiting, and were favorably impressed with old Terry, and we expect the two younger men to locate here next year.

Pennsylvania's Bituminous Mines. According to D. H. Downey, in Pennsylvania the greatest number at one time of bituminous mines employing ten men or more underground was 2,000. ## The Campaign Is On

Brownfield is seriously handicapped in growth and development because of a shortage of Homes.

Many families are living in camped quarters or hunting a place to live.

Every patriotic citizen should lend his efforts to this campaign to build more homes. If you are a renter build a home of your own. If you own a vacant lot improve it with a house for rent or for sale.

We cannot hope to attract additional families to Brownfield unless we can provide comfortable housing.

Our modern home plans will help you to decide.

#### NEW DEVELOPMENTS IN TUBERCULOSIS

Bulletin from State Tuberculosis Sanatorium

A conclusion, far reaching in its effect on the handling of the tuberculosis situation, has been reached concerning infection in tuberculosis or consumption. It has been established that infection in this disease takes place most easily and most frequently in childhood. Tuberculosis disease often results from such infection in the form of lumpy necks, scrofulous condition, hip and joint disease, on through a long list of conditions including pulmonary or lung tuberculosis, the last, however, not often appearing in childhood. In the majority of children, very fortunately, the infection remains dormant, or if there is disease it is so slight as not to attract attention. In such cases the germ of tuberculosis lies buried in the tissues, encapsulated, to use the medical term, with its days of mischief ahead.

In adult life tuberculosis more often manifests itself in the pulmonary type rather than as surgical tuberculosis (glandular, joint, bone, etcetra), and occurs most frequently in that period of life when there is stress and storm—the age period of from sixteen to thirty, infection having taken place in childhood.

With this preliminary explanation clearly in mind it should not be difficult to appreciate the importance of the adoption by the public of an intelligent interest in the antituberculosis campaign, an interest now lacking, and further that there should be a complete change of attitude toward the tuberculosis individual. Considering that not less than one death in ten is due to tuberculosis, a curable

and preventable disease, there is no excuse for any but a serious view of the situation. As infection begins with the child, great importance is to be placed on health work with children, not only to limit infection as much as possible, nine tenths of which might be eliminated if careless coughing, sneezing and spitting were controlled and the production and distribution of milk properly supervised, but to overcome defects dangerous in themselves or possible cause of future trouble. The last is done thru medical inspection, dental hygiene, correct posture work, and efforts toward securing for the child proper nourishment, rest, fresh air, recreation. Such work is best done in the schools and is desirable among all classes. Everyone of these items has an important bearing on tuberculosis and if tuberculosis is to be eliminated this work must be undertaken.

The connection between the attitude of the public toward the tuberculosis and the spread of tuberculosis is this—for the consumptive to observe reasonable care in the disposition of sputum and about his person make it safe for others, but for him to observe such care at once makes him a marked man and he is avoided as a leper would be, yet if he is at all dangerous, it is because of carelessness on his part, whereas his very effort to protect others work hardships on him. It is surprising then that the average man or woman with tuberculosis will conceal the fact, spitting wherever it is convenient, coughing and sneezing without covering the face, in these ways scattering the germs of disease broadcast over the land? There must be a complete change of front on the public's part. A more intelligent attitude must be adopted in its treatment of the con-

sumptive, and when that occurs, not only will the consumptive undertake all necessary precautions for the protection of others, but others, not known invalids but nevertheless hawkers, coughers and spitters, all spreading respiratory disease, will be ready to take up the use of the sputum cup and the handkerchief.
