Colorado Record Of Twenty-Five Years Ago Told Of Two Weddings Of Interest

Twenty-five years ago in Colorado, Mrs. Stoner and Mary Arnett were married. Mrs. Dickson and Miss Smith were married on June 16 in Houston. Colorado was going to vote on an issue of \$35,000 for a water system. A group of citizens were considering damming Lone Wolf creek and building a "suitable place for a park" on its banks. These and dozens of other things of interest to those who call Colorado "home" spring out at one from the pages of the Colorado Record of Friday, June 25, 1909.

Reading to read more closely, one finds that the wedding of Miss Mary Arnett and Tom Stoner took place at the home of the bride's parents, Mr. and Mrs. D. N. Arnett, on Wednesday evening at seven-thirty. Timon Shaw officiated. The cozy home was lighted by many candles, the double doors between the parlor and library being with curtains made of ropes of gold, alternated with ropes of silver, and with white ribbons which marked off aisle for the bride and groom. Behind them came Roddy Brooks Merritt, bearing the bride on a white satin pillow. They stood under the double hearts of the minister said the impressive words that made them husband and wife. After the congratulations Mrs. Nell Ruth Arnett, Pauline Edna Majors, Lois Paude, and McNaury served cream, white cake, and mints. In the hall was a table presided over by Miss Ernest and Mrs. Hubbard. The bride's wedding dress was of dead white satin over tulle, made in pieces, with panels and trimmings of beautiful lace. The veil was light in place with lilies of the valley and pin, the gift of the groom. The groom never looked so handsome and manly. He was in evening dress. The dainty little girls were in white with tulle caught to their heads with bows of white forget-me-nots. The

little ringbearer was in white linen knickerbocker suit. All three wore pearl rings, the gift of the bride. After the bride had donned her traveling dress of tan cloth, the bride's cake was carried into the parlor and cut. No one found the ring. Mr. and Mrs. Stoner left on the nine o'clock train for an extended trip through New Mexico, California, and Washington. They will be at home after August 1 at the Pearson place on Second street.

Mr. Jack Smith and Miss Mary Dickson had been married on Wednesday evening, June 16, at the home of Mr. and Mrs. C. K. Smith in Houston.

Mrs. Singleton, sister of the groom, was matron of honor; Miss Dickson, sister of the bride, maid of honor. The flower boy and girl were the little son of Mrs. Smith and the daughter of Mrs. Bounds, mother of the bride. A delightful reception followed the wedding ceremony, and Mr. and Mrs. Smith left that evening on the train for Galveston. From there they returned to Colorado Sunday and spent several days with their parents, Mr. and Mrs. Tom Smith.

Miss Dickson was a former Colorado girl. She is a beautiful blond, and is as lovely in character and disposition as she is in face and form. Jack was born here and is known and loved by everybody.

The social feature of the week, aside from the weddings, it seems, was a reception given on the preceding Friday by the Card Club at the home of Mrs. V. D. Payne in honor of the bride-elect, Miss Mary Arnett. The program of this, with Mrs. Bell as Mistress of Ceremonies, included piano solos by Miss Ophelia Arnett, Miss Etta Doss, Miss Hooper of Dallas; a reading by Miss Byrd Adams.

On Saturday Mrs. John T. Johnson honored her in the name of the Hesperian Club, using elaborate decorations of green and white, the bride's chosen colors.

In the matter of voting the water bonds, the Record was taking a strong stand in favor of them. The amount of the bonds was to be voted to enable the city to buy the water works from the corporation owning it. An editorial on the front page of the Record said:

"Some say the water works are not worth \$20,000. We believe that the present system is worth the price asked. The present company say they will not extend the mains. The city can and will do so. The street sprinkling man has been notified of a raise from \$25 to \$50 per month, which of course will stop the sprinkling of the streets. We cannot see why the plant will not pay for itself in 15 years. To vote bonds means water in South, East and North Colorado."

The Record said of the proposed dam on Lone Wolf and the park: "It is not the idea to have a money making scheme but to build

an attractive place where the public can go for an outing. . . . It was suggested by the committee of citizens visiting the proposed site that the present Racing Association sell its holdings a mile northwest of town and invest the proceeds in this enterprise. . . .

"With a concrete dam about 100 feet long on top, 60 foot base, and 12 to 15 high in the center, a lake of good clear fresh water can be obtained a mile long, one to three hundred feet wide, and as deep as the dam. This would furnish magnificent boating, fishing and swimming. . . . As the new boulevard (Fourth Street) will extend almost to this creek there could be a fine automobile track and carriage drive completed around the lake at a very small expense."

The Whipkey Printing Company in those days was as follows: F. B. Whipkey, president and manager; J. A. West, vice-president; A. L. Whipkey, secretary and treasurer; A. H. Weston, editor.

Advertisers listed on its pages included: W. H. Moezer, timber and plumber; Gilbert and Singleton, markets; J. W. Nunn, grain, hay and hides; W. P. Leslie, lawyer; Dr. W. C. Neal, dentist; C. H. Earnest, attorney-at-law; T. J. Ratliff, physician; Willis R. Smith, physician; N. J. Phenix, physician; J. L. Johnson and company, lumber; Annie and Johnson, saddlery; A. J. Herrington agent for the "Rambler, the car with the offset crank shaft"; S. S. Snowden, grain, hay, and hides; Jake's restaurant; Burns and Bell, dry goods; Hubbard's Dry Goods; Palace Market, C. L. Grable, proprietor; W. L. Pritchett and son, farm implements; J. W. Shepperd groceries; Colorado Mercantile Company, buggies, groceries, hardware; A. J. Roe, lumber; J. P. Majors, jewelry; City National Bank, with J. L. Doss as president, F. E. McKenzie as vice-president, and J. E. Hooper as cashier; Colorado National Bank, with R. H. Looney as president, C. M. Adams and F. M. Burns as vice-presidents. W. J. Hatch as cashier. T. W. Stonerod as assistant cashier and Gus Bertner as the other member of the board of directors.

Items of local interest in this issue of the Record included the following: "The popular real estate firm of Buchanan, Morrison and Company has dissolved, and in its stead is the new firm of Buchanan and Payne." "On Tuesday afternoon Miss Beattie McMurray very pleasantly entertained the Card Club." "Mrs. Sam Majors was the delightfully hospitable hostess of the '21 Club Wednesday afternoon at the home of her mother, Mrs. A. J. Coe." "Mrs. Burns was hostess to the Whist Club Wednesday afternoon." "Mr. and Mrs. J. R. Henson went to Cisco Tuesday morning to attend a double wedding." "Miss Jeannette Roe left Tuesday night to attend a conference of the National Y. W. C. A. Miss Jeannette is president of the Y. W. C. A. of Texas." "D. S. Kirk put in a nice sidewalk this week for Robert M. Webb and is now at work on one for W. J. Hatch." "At the annual election of officers

of Colorado Chapter No. 175 A. F. and A. M. the following were selected for the ensuing year: W. J. Moezer, high priest; B. F. Dulaney, king; J. R. Shepherd, scribe; F. M. Burns treasurer; H. E. Grantland, secretary; H. C. Mann, sentinel.

"James Green left last night on a business trip to Fort Worth."

"Misses Lela Whipkey, Eva Terry and May Watson attended the Lasser-Van Horn wedding—Westbrook Wrinkles."

Approximately two-thirds of the road mileage in this country has not been reached by road improvements.

BILIOUS
Condition Needs Double Action Treatment
Stimulation of liver flow is not enough complete relief, but combined with internal stimulation that relieves temporary constipation, quick, soothing results are certain. Herbine, a combination of herbs, contains BOTH actions and so those dizzy, indigestion, gas, rundown feelings are relieved when both liver and bowels return to normal action. Get your bottle of Herbine from druggists.

W. L. Doss, Druggist.

MILLIONS OF DOLLARS
are held in old gold, platinum, silver and diamonds, that could be turned into cash today. The U. S. government is paying \$35 per ounce for a price no one ever dared to demand a few years ago. Every year, all over the U. S., in every home, there is some old piece of gold, platinum, silver or diamond that could be turned into cash—irrespective of the shape or form these trinkets may be.

It is of general knowledge, that the government will buy gold to a certain quantity—and thereafter all buying will be done at the old prices.

If you have anything of value—old jewelry, broken bits of gold, silver, platinum or diamonds; old metal work containing gold—in fact anything, send it today without fail to the **GOLD SMELTING & REFINING CO.**, 253 South Broadway, Suite 221, Los Angeles, Calif. (If satisfied with check sent for shipment, return it and you can have your shipment returned at once.) Ifc.

Coaches Entered In Guild Competition To Be Judged At A Century Of Progress

(Special to The Record)
 DETROIT, Mich.—Model Napoleonic coaches submitted by American youths in the 1934 Fisher Body Craftsman's Guild competition will be judged in the General Motors Building at A Century of Progress Exposition, Chicago, beginning late in July, it is announced in the June issue of "The Guildman," official magazine of the educational foundation.
 "The 'Windy City' will be the Mecca of literally millions of persons in the next few months," the publication says. "Since the judging of the miniature Napoleonic coaches always has been of widespread interest, it finally was decided that in fairness to the public it should be held at the world's fair, where many more would be able to witness it than would be possible otherwise."
 "This decision does not affect the closing date. All models, to be considered for honors, must be shipped by their builders not later than mid-

night of Saturday, July 21, and we should like to caution entrants once again to determine the closing hour of their local express agencies."
 Preliminary judging of models submitted by Canadian boys will be held simultaneously at the Royal York hotel in Toronto, according to the magazine.
 "Arrangements have been concluded with the management of the hotel to throw open one of the rooms on the mezzanine floor so the public may have an opportunity of inspecting the handicraft of boys from all parts of the Dominion during the last 10 days of July, the period during which the judges will be at work," it states.
 Fifty-one thousand dollars in university scholarships are being offered by the Guild this year to the youths submitting the best coach models. There are six \$5,000, six \$2,000, six \$1,000 and six \$500 awards. Sixteen of them will go to the winners in the United States, and the remainder to those in Canada.

LIONISM HAS PROGRESSED THROUGH SERVICE LEADER IN INTERNATIONAL STATES

Bill Dugger, Past Governor At San Antonio, Speaks At Club Friday

"Lionism has progressed to rightfully claim its place as the leader of all organizations of its kind because the major ambition of a Lion is to render service to his fellow man," said Bill Dugger of San Antonio prominent in affairs of Lions International for a number of years, as he addressed the club here Friday noon.
 Dugger has been an active Lion for 18 years. His club, first to be organized when Lionism was born, is generally referred to as the cradle of Lionism. After serving several important offices in his club, Dugger was elevated to the office of governor of T. A. Texas for the year 1930-31. He delivered charters to 47 newly organized clubs during the year.
 "I am proud to claim distinction of being a Lion," he declared. "I am persuaded that our organization is one in which every good citizen should manifest pride when it is shown that our members are inspired to send the cripple to school to equip them for meeting the battles of life; make right the deformed limbs and eyes of children of the indigent and do scores of similar deeds of true benevolence, simply because the tenets of Lionism inspire such a service to humanity."
 Mr. Dugger is vice president of the Great American Life Insurance Company, having home office in San Antonio. In company with Starnes of Sweetwater, district agent for the company, he was here on business with Joe Pond, resident agent. Mr. Starnes spoke briefly at the meeting.
 Orville Shore of Sweetwater, district manager for the Southland Life Insurance Company of Dallas, was another visitor presented at the club. Mr. Shore was guest of E. V. Grantland, agent for the Southland here.

Chevrolet Leads In Another Drive Over Extended Race Test

DETROIT.—Seven Stockton, California, Rotarians led by A. H. Patterson established new unofficial records in their trip to the International Rotary convention at Detroit, it was reported to Chevrolet officials here.

Making the journey in two Master Six Chevrolet sedans, the party covered the 2225 miles from Stockton to Chicago in 30 hours and 54 minutes, according to Patterson, who drove the pace car. Woodruff Patterson, his son, piloted the second car.
 The first 1,047 miles of the journey, from Stockton to Rawlins, Wyoming, was made in 19 hours and 24 minutes, despite rain, snow, wind and cloudbursts from Battle Mountain, Nevada, to Rawlins. Stops were made only for gasoline.
 In the entire journey from Stockton to Detroit, only four quarts of oil were added, two to each car, and not a drop of water was added to either. Patterson attributed his unusually fast time to knee action, stating that without this feature it was very doubtful if the cars could have negotiated the long grind, much of which was over unfavorable roads and detours, at such high speeds. At times the cars ran for miles at speeds of over 80 miles per hour.
 Following the convention here four of the party took delivery of new Chevrolets in Flint and returned to the West Coast by different routes. Those making the trip were Patterson, Paul Weston, Dr. C. D. Holliger, Edward de Simas, Harry J. Bruton, Richard Holt, and Woodruff Patterson.

Coloradoans Attend Woodman Meeting In Hotel At Abilene

A Colorado woman, Mrs. Janie B. Garner, Woodman Circle district manager and state district captain, had a leading part in a program given at the Macie Hotel Friday evening when twelve representatives of groves of this district of the Woodman Circle met in annual convention.
 The entertainment was given in honor of the fourth anniversary of the Woodman Circle Home in Sherman.
 Those attending from Colorado besides Mrs. Garner were Mr. and Mrs. Dick Delaney, Mrs. Green Delaney, Mrs. Lutie Wilson, and Miss Catherine Delaney, who is a junior member.
 Mrs. Esther Mitchell, guardian of the Sweetwater Circle presided at the meeting opened with the Abilene drill team. She introduced Mrs. Etta Davidson, of Houston, state manager and national director of the W. O. W. Circle, who addressed the assemblage on "Work and Accomplishments of the Woodman Circle Home in Sherman."
 Mrs. Jannie Garner of Colorado spoke to the group. Other managers of Woodman Circles on the program included Mrs. Tressie Goldsticker, former state manager and national representative of Stamford, who returned this week from an extended tour of the east; Mrs. Willie Mae Jones, Winters; Mrs. E. C. McGlasson of San Angelo.

There are approximately 29,900, 700 families in the United States. Of this number 20,900,800 are native white, 5,700,000 are foreign born, and 2,800,700 negro.
 Andorra is a small country lying in the Pyrenees mountains between France and Spain.
 Our eastern national forests now cover a total of 10,273,269 acres.

COLORADO, TEXAS

Penney's J.C. Penney Co. Inc.

China Grove News

Rev. Forest Humman filled his regular appointment here Sunday morning.

Rev. Arlie Watson preached Sunday night as Bro. Huffman was to begin a meeting at Aria on Sunday night.

We were very glad to have Rev. and Mrs. J. W. Griffin and Mrs. D. A. Brown of Hamlin, Mrs. Mary Hendrix of Kilgore visit our church Sunday. They were relatives of W. T. Coker and were dinner guests in the W. T. Coker home.

Week-end guests of Mr. and Mrs. Carl Huffman were Clifton Blackard of Colorado and their son, Louis Hairston of Snyder.

Alexander Gilis, Jessie Mae Brown and Dorothy Ruth Hall attended a party Wednesday night at Albert Lee's home at Inadale.

Bill Gayle of Longfellow was a caller in C. F. Swan home Monday.

Mr. and Mrs. N. O. Brown and children of Colorado spent Sunday with his brother, Jess Brown, and family.

Mr. and Mrs. Ben Parr and Mr. Robert Parr went to Stephenville Wednesday. They came home Friday morning.

Mrs. Robert Parr came home with them. She had been visiting her parents there.

Mr. and Mrs. Frank Wilson are visiting his sister, Mrs. Sam Bullock and family. They are to attend a picnic of old timers here the 14th.

Mr. and Mrs. Pete White were called to his father's home one night last week where his father is very low. We extend our sympathy in this serious sickness.

Mr. and Mrs. Onnie Varington attended a family reunion at his sister's Sunday. Mrs. Kay McCarty's at Longfellow.

Mr. and Mrs. R. R. Dogin and son

Minister of music were visiting Mr. and Mrs. P. C. Witt and family and Grandma Lafavor Sunday.

Mr. Virgil Nail and Miss Mae Nail of Dunn were callers in the C. F. Swan home Friday.

"Thurber" Swan spent Saturday night and Sunday at Mr. and Mrs. Clyde Thomas' at Canyon.

Rev. and Mrs. Arlie Watson and children were visiting her parents Sunday in German community.

We were very sorry to hear about Hugh Brown getting his finger broke. He is one of the baseball team here.

COLORADO PREACHER IS SUCCESSFUL FISHERMAN

Minister J. D. Harvey informs that he took an eight-pound bass from Lake Caddo one day last week.

"and conditions were not unusually favorable for fishing, either." He went fishing in the lake while stopping at New London where he was conducting a revival meeting.

George Mobley, a bank teller of Monticello, Ga., recently came into possession of a half-dollar coin minted in 1808.

COLORADO, TEXAS, FRIDAY, JULY 6, 1934

WHIPKEY PRINTING CO.

COLORADO BEER ELECTION WRIT DENIED BY MAUZEY

COMMISSIONERS' COURT IS SUSTAINED IN REFUSAL TO GRANT ELECTION PETITION

Local Option Proposal Must Be County-Wide, Court Finds In Ruling

Popular sentiment in Colorado favors the legalizing of beer sales but under the law thirty citizens of this town must continue to go elsewhere to have their brew.

Writ of mandamus seeking to force county commissioners' court to honor petition calling for election within corporate limits of the city to determine whether the beverage should be sold was denied here Monday morning by Judge A. S. Mauzey in 32nd district court. The lower court a few weeks ago held that such an order would not be sustained by law.

Following county-wide vote on the beer Saturday, April 21, the dry won by the marginal lead of 78 votes. In Colorado, however, the issue carried by an overwhelming majority, proponents of beer polling 547 votes to only 275 by the oppositionists. The Colorado voting precinct embraces a considerable rural area, normally dry.

Ruling of Judge Mauzey followed closely an opinion written for the county attorney several weeks ago by the Attorney General's department at Austin in which it was stated that since Mitchell county was voted dry as a unit no political subdivision of the county could legally vote for return of beer or other alcoholic beverages. It was on this opinion that the commissioners' court based its opinion in denying the election petition.

Proponents of the beer issue were represented by Judge C. C. Thompson, while the other side was represented by County Attorney Barber. Thompson was absent from the city at time the writ was heard by the court, being in Crosbyton in interest of the candidacy of George Mahon for congress.

Whether advocates of the beer issue plan taking the district court mandate up on appeal remains to be seen. It is considered probable, however, that ruling announced Monday will end the matter, at least for the present.

"Fundamentally Mitchell county is wet but the constitution of this State places operation of our local option laws within hands of the voters," the court said in denying the writ. "Since this county voted as a unit to adopt prohibition, it will require an election embracing the entire county at which the local option status may be annulled."

Planters in Ceylon employ snakes to catch rats.

Cramer Residence East Of Colorado Is Burned Friday

The Joe Cramer residence outside the city limits east of Colorado, together with all furnishings, burned at an early hour Friday afternoon. Origin of the fire is not definitely known but is supposed to have started from a kitchen stove.

Members of the family were away at the time. S. B. Wilson, who was making his home with the family, lost his personal effects in the blaze. The fire department answered call to the scene but due to remote distance from water mains could render no service.

UNFAIR COLOR GIVEN BY SPORTS EDITOR, CLAIMS PLAYERS ON LIONS CLUB

That the sports editor in reporting contests staged by teams playing on the Lions Club league last week erred in failing to make reference to outstanding ability of Dick O'Brien and Elbert Elliott is claimed by the two men.

"I made the first double play of the tournament and certainly should have been entitled to some credit for that achievement," O'Brien said Friday morning.

"Yes, and it was me who socked first home run of the season, but the fact was for some reason ignored in report covering the two initial games as published in The Record last week," chimed in Elliott.

This newspaper is pleased to make the correction.

ABILENE DEFEATS BEER PROPOSAL BY MAJORITY OF 35 VOTES SATURDAY

Proposal to legalize 3.2 beer within corporate limits of the city of Abilene was defeated Saturday by the marginal lead of 35 votes. Of a total of 2,807, the beer proponents polled 1,386 votes and the oppositionists 1,421.

Determined fight against the voting of beer was made by friends of Abilene denominational schools, of which there are three. Officials of the institutions pled that to legalize beer would result in serious detriment to influences of the schools.

LOCKHART DRILLING ONE WELL AT ATOKA, OKLA.

He L. Lockhart returned to his home here Sunday from Atoka, Oklahoma, where he is drilling a test oil well on acreage controlled by him there. Should the test prove satisfactory he will drill additional wells on the lease.

RETIRING PRESIDENT NOTES PROGRESS OF LIONS DURING FISCAL YEAR ENDING TODAY

Mills Expresses Appreciation Of Support Given During His Administration

Lionism in Colorado has made phenomenal progress during the fiscal year to close today and such a record has been realized only because every member of the organization met his responsibility as a Lion, Joe B. Mills, retiring president, stated in a brief address delivered last Friday noon.

The meeting last week marked conclusion of the Mills administration and with convening of the service club today will come a new regime. Dr. Dave Bridgford, who during the past year has filled the office of first vice president, is to be elevated to the presidency. All other officials elected recently are to likewise be placed into their respective positions.

"I wish to take this opportunity of expressing my most sincere appreciation to every member of this club for the cooperation given to myself and other officers during the fiscal year now coming to a close," Mills said. "We have attained a unique place in Lions International, due to faithful service within the ranks of this club. Every Lion has done his Lions share in reaching for the splendid goal we have realized. It is my sincere hope that you will accord my successor the same cooperation given me."

Mills called attention to fact that some members were in arrears on dues and requested that all such attend to the matter without delay.

"With the coming of another fiscal year comes time for paying our International dues and I am led to believe every Colorado Lion prefers to hold his name on our roster. If you owe back dues, see the secretary at once and get this routine out of the way as a means of holding the creditable place we have won in our International association."

The Lions Orchestra was presented an entertainment program. A feature of this bill was the singing by Paul Kniff, popular Colorado soloist. Ralph Lee, introduced as the star of baseball, gave reports on the club league and outlined rules under which subsequent games are to be played. Bob Hubbard was announced as captain of Team No. 4, succeeding Jim Cantrill.

Colorado Teachers Lightly Hit By New Rulings On Degrees

Teachers in Colorado schools have been hit lightly by recent rulings made concerning qualifications of Texas teachers, according to John E. Watson, superintendent of schools. Only 32 percent of Colorado teachers do not have degrees, and all of these have enough college work to their credit so that they can easily complete work necessary to secure degrees within the three-year time limit.

Every member of the high school faculty has a degree, Watson states, or will have by the beginning of the school year in September.

The thirty-two percent of teachers without degrees is much better than the average which has been quoted for the state.

TWO FATALLY INJURED IN CAR WRECK FRIDAY ON ROAD NEAR SNYDER

Bruce Bullard, Jr., 14, and Jimmie Bullard, 18-month-old children of Mr. and Mrs. B. E. Bullard of Las Cruces, New Mexico, died at a Lamesa hospital Thursday night from injuries received in an automobile accident on highway 83 several miles west of Snyder.

Mr. and Mrs. Bullard suffered only minor head injuries. The children died after being taken to Lamesa. The bodies were forwarded to El Paso.

CANDIDATE FOR STATE OFFICE VISITS IN CITY

James McNees, Dallas attorney and candidate for railroad commissioner, was a Colorado visitor Saturday. The candidate stated that he entered the campaign only after being petitioned to do so by a number of prominent Dallas citizens. He is a member of the law firm of McNees & Roberts, with offices in the Tower Petroleum building.

Westbrook School Given 3 Additional Affiliation Credits

The Westbrook school has recently been awarded three additional units of affiliation credits by the State department of Education. F. H. Patterson, principal, stated to The Record while in Colorado Saturday. Two credits were given in Spanish and one in physics, making a total of 18 1/2.

Indications point to additional recognition of merit with progress noted in every department of school, it was stated.

Miss Mary Kent of Plainview, a graduate of North Texas State Teachers College at Canyon, has recently been elected to teach in the fourth and fifth grades, Patterson said.

SANCO CAMP MEETING TO OPEN THURSDAY, JULY 19, IN TENTH ANNUAL SESSION

Mitchell County Folk Given Invitation To Attend The Services

(Special to The Record) SANCO, Coke County.—The Tenth Annual Sanco Camp meeting, sponsored by the farmers and ranchmen of Coke County will begin at Sanco, on the Colorado-Robert Lee road Thursday, July 19th.

Rev. H. G. Richardson of Overland, Missouri, Rev. W. E. Hawkins, Jr., radio revival preacher of Dallas and Ulmer S. Bird of Sanco will be in charge of the services.

Arnold Richards of Blackwell will be pianist and Paul Morimoto, Hawaiian-Japanese citizen of the United States, will lead in singing and teach a class in gospel music.

Sunrise services, music classes, Bible classes for the inspirational training of Christian workers, grove and other group meetings, and evangelistic services fill with activity the otherwise quiet grounds on Yellow Wolf Creek above the big spring.

The free barbecues of mutton and beef provided through the generosity of the ranchmen of that territory will be served on Tuesday, July 21 and Friday, July 27. "Cedar Mountain" Johnson of near Bronte had had charge of the cooking each year and is said to have never turned out a poor cooking of meat from the pit in the entire ten years.

Throughout the year, the Sanco Camp meeting sponsors a community gospel work in rural communities, with regular preaching services and Sunday schools carried on in fellowship of the people of different church affiliations. Ulmer S. Bird is field man in this work.

A limited number of tents and cots may be rented if reservations are made at least a week in advance. Costs of tents will range from \$2.00 to \$2.50.

Wood, water, and camp site are furnished free and a wide-open welcome extended in typical western way to people of all faiths or no faiths.

Cotton Is Further Advanced Than For Same Date In 1933

Condition of the cotton crop in this territory is more promising than at the same time a year ago, summary of reports given The Record by several farmers show. In several localities the crop is much advanced over condition noted July 1, last year.

"Cotton is considerably better in my community than a year ago and we have no occasion to worry aside from the outlook for feed and grain crops," was comment of Bob Northcutt while here from his home at Spade recently.

Early feed everywhere has suffered from effects of the prolonged hot dry weather conditions.

RODEO REPRESENTATIVES VISIT ADJOINING TOWNS

Jim Greene and Ben Smith returned late Saturday after making a visit to Loring, Roscoe, Sweetwater, Blackwell, Bronte and Robert Lee in interest of the Fourth of July rodeo. They distributed circulars and otherwise publicized the event.

GRAND JURY SLATED TO RECONVENE ON MONDAY

The grand jury is slated to reconvene Monday morning to complete its deliberations for the term. The body recessed Monday, June 25th, within a few hours after having been empaneled by Judge A. S. Mauzey. But a short time is expected in which to conclude business pending.

CANDIDATES PATRONIZE IATAN 4-H CLUB AFFAIR

Several candidates for precinct county and district office were at Iatan Friday night to attend a cream supper given by the Women's Demonstration club. The congressional visitors patronized the cream and cake counter and then dispensed oratory in support of their candidacies.

TRAFFIC CONTROL SIGNS BEING PLACED OVER CITY

New traffic control signs are being placed at intersections along north side of Second street and on either side of Chestnut and Hickory from Second north. Employees from the water department are being worked on the project under direction of A. B. Blanks.

Sunbeam Grocery To Open Friday With Modern Fixtures, New Stocks Throught

Formal opening of the Sunbeam Grocery, Colorado's newest business enterprise, is to take place Friday morning, Virgil Moser, owner and manager, has announced.

The store will be among the modern food shops in this part of the state with every convenience for the shopper, embodied with new, selected stocks, dominating throughout. The business will be conducted on the cash and carry system.

Both interior and exterior of the building have been made modern and attractive for opening of the store. Dominating colors of white and blue add a zest of attractiveness to the inside walls and fixtures.

We plan maintaining one of the best retail food stores in this section and shall demand that every article going into our shelves shall be fresh and meeting every standard of purity and quality, Moser stated to The Record Tuesday morning.

spent considerable time in selecting the brands to be handled and are buying in large quantities in order to take advantage of special price offerings. The saving we have thus realized is to be passed on to our customers.

In that the store keep a well selected and varied stock of fresh vegetables Moser stated that he was operating his own truck between Colorado and the Lower Rio Grande Valley.

Associated with Moser in the new enterprise will be Pete Pickens, well known Colorado grocer and market operator. Pickens has had, several years experience in this line. Jack Cox, associated with leading markets in the city several years, will be in charge of the Sunbeam market. Cox has been personally supervising work of installing new equipment in this department and wishes to say that every possible means will be taken to maintain a foods and service standard sure to please.

Features Of Deal Discussed In Talk By The President

President Roosevelt, in his address Thursday night, asked the people of America, if they are favoring better under the new deal than under the old. He answered critics of the new deal who declare that the freedom of the people has been taken away by the government by calling upon every American to read the bill of rights and ask yourself whether you personally have suffered the impairment of a single jot of these great assurances.

For the convenience of readers who want to analyze their individual cases, the bill of rights is printed herewith:

Article I.—Congress shall make no law respecting an establishment of religion or prohibiting the free exercise thereof; or abridging the freedom of speech or of the press; or the right of the people peaceably to assemble and to petition the Government for a redress of grievances.

Article II.—A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed.

Article III.—No soldier shall, in time of peace, be quartered in any house without the consent of the owner, nor in time of war but in a manner to be prescribed by law.

Article IV.—The right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures, shall not be violated, and no warrants shall issue but upon probable cause, supported by oath or affirmation, and particularly describing the place to be searched, and the persons or things to be seized.

Article V.—No person shall be held to answer for a capital or other infamous crime unless on a presentment or indictment of a Grand Jury, except in cases arising in the land or naval forces, or in the militia, when in actual service, in time of war or public danger; nor shall any person be subject for the same offense to be twice put in jeopardy of life or limb; nor shall be compelled in any criminal case to be a witness against himself, nor be deprived of life, liberty, or property, without due process of law; nor shall private property be taken for public use without just compensation.

Article VI.—In all criminal prosecutions, the accused shall enjoy the right to a speedy and public trial, by an impartial jury of the State and district within the crime shall have been committed, which districts shall have been previously ascertained by law, and to be informed of the nature and cause of the accusation; to be confronted with the witnesses against him; to have compulsory process for obtaining witnesses in his favor, and to have the assistance of counsel for his defense.

Article VII.—In suits at common law, where the value in controversy shall exceed twenty dollars, the right of trial by jury shall be preserved, and no fact trial by a jury shall be otherwise re-examined in any court of the United States than according to the rules of the common law.

Article VIII.—Excessive bail shall not be required, nor excessive fines imposed, nor cruel and unusual punishments inflicted.

Article IX.—The enumeration in the Constitution of certain rights shall not be construed to deny or disparage others retained by the people.

Article X.—The powers not delegated to the United States by it to the States, are reserved to the States respectively, or to the people.

per cent of his average five-year production.

In discussing A.A.A. campaigns, extension officials explain that agricultural adjustment does not always mean acreage reduction. They point out, in this connection, the liberalization of restrictions on use of contracted acres in the wheat and cornhog programs. Contracting farmers in these programs are permitted to plant food and feed crops for hay and forage without limit, because of widespread drought conditions.

FARM FACTS

Attention of all farmers who took the cotton option plan in payment on their 1933 contract and borrowed the \$20 per bale is called to the following:

- 1. The producer agreed to the placing of his option cotton in a pool. This agreement permitted the Secretary of Agriculture to appoint a manager of said pool. This manager would handle all cotton in the pool in such manner as he might deem fit.
2. The option that a farmer holds on such cotton has no expiration date. After the first of August 1934 the manager of the pool may sell any or all option cotton. However, he does not have to sell same by any given date.

General Motors President 'Certain Of Recovery,' He Says To Press Monday

Alfred P. Sloan, Jr., of New York, president of General Motors, feels certain that we are in an industrial recovery. Furthermore, that this recovery is, in its general trend, a force as irresistible as that of the industrial depression that preceded it.

He was asked Monday, the end of the first half of 1934, if, in spite of all current pessimism, he still felt as he stated in his annual report, earlier in the year.

There was no hesitation in answering "yes," on the part of the industrialist who is responsible for scores of corporations operating factories from coast to coast—all over the world in fact—and employing more than 200,000 men in America.

"Let's see exactly what I did say," he said, diving into a desk drawer when the expression was recalled to him. "Here it is. 'The rate of improvement may be accelerated or retarded by injecting into the picture abnormal influences, but the general trend will not be affected for the reason that an industrial recovery, like an industrial depression, is, in a practical sense of the word, an irrefutable force.'

"Yes, I still stand by that, although the part about acceleration or retardation is important," he said, "and that goes with that the implication that influences could be injected into the picture, that would temporarily offset the normal trend."

Stated, while an optimist, appreciates that pessimism is quite general among business and financial leaders today.

"For one thing, the thinking people," he said, "seem to view, with apprehension, the spending of such huge sums of money. They realize that expenditures of this character have the political effect of calling for more and bigger expenditures, and whether it will end short of a catastrophe.

"Understand, I'm giving you what I believe to be a cross-section of opinion of the people I meet—not necessarily my own. As for myself, I just can't believe, but what we have judgment enough to recognize facts and adjust our course, before it is too late.

Several Killed In Traffic Accidents During Recent Past

TO FINISH CHECK SOON ON WHEAT CONTRACTS

The check on compliance of Texas farmers in carrying out their domestic wheat allotment contracts with the Agricultural Adjustment Administration is expected to be finished early in July, nearly three-fourths of the work having been completed up to June 16, according to reports received by the Texas A. & M. College extension service.

These reports, coming from sixty-nine counties show that 9,515 out of 14,135 farms involved in contracts had been inspected. Only two of the eleven counties that had not reported are large wheat producers.

Figures reveal that only 6 per cent of the inspection reports were returned to supervisors because of errors. Extension officials consider this a very good record. The inspection work, which includes not only measurement of wheat land and contracted acreage, but also the use to which the contracted acres are put, is in charge of John R. Edmonds, former district extension agent, with headquarters at Amarillo. More than 200 supervisors, most of them county and community committeemen, are engaged in carrying out the task.

Extension officials point out that the drought insurance feature of the A.A.A. wheat plan marks the first time, probably, that farmers have had crop insurance to protect them from the vagaries of nature, and that the plan is helping Northwest Texas farmers through a trying situation. Regardless of the size of his crop, the contracting farmer is to be paid benefits of nearly 30c a bushel on 54

Speeding Of Cattle Buying Being Urged By Federal Agents

Faced with reports of continued dry weather, with extreme heat over the drought area, the Farm Administration was expected Monday to urge its purchasing agents to speed cattle buying and expand the program to include sheep.

Three factors govern relief purchases of livestock from now on, officials said—the ability of the Federal Relief Administration to take cattle and sheep for processing into meat; where and when rainfall occurs; and the amount of rain which falls.

Buying of cattle has been hampered somewhat to date, it was learned, owing to inability of the relief organization to take the animals at the farm after they have been purchased and ship them to processing plants.

About 300,000 cattle have been purchased in addition to the 500,000 which have been shipped to packing plants. The 300,000 are being held on farms or at concentration points awaiting disposal.

Efforts were made by relief officials to speed up the business of moving the cattle from farms to concentration points.

serve available feed and water supplies.

Approximately 70,000 head of cattle have been moved to date from the drought area into Alabama, Texas, Oklahoma and Southern States to be fed on pasture for a time before being sent to packing plants.

Drought relief officials reported an increase in the number of cattle on hand on farms as unfit for human food. Until recently only about six per cent of the animals were so rejected but during the past week about 20 per cent of the cattle bought in New Mexico were condemned.

The average was increased further by rejection of about 35 per cent of the animals bought in Texas and 20 to 25 per cent of those in other States of the extreme drought area.

The drought relief program for the balance of the summer calls for, in addition to work relief and furnishing of feed, food and seed, the purchase of about 5,000,000 cattle and 5,000,000 sheep.

Michael Aylen, the famous English novelist, once destroyed the manuscript of a novel representing a year of work; he simply didn't like the result.

Although the 14 islands of the Cape Verde group would hardly take up the space of Rhode Island, they have a population of 150,000.
