

MITCHELL COUNTY LISTED AS EMERGENCY DROUTH AREA

SUIT ASKING FORECLOSURE ON CITY ELECTRICAL PLANT DEVELOPS LOCAL INTEREST

Creditors Seek Payment On Defunct Seymour Notes; \$142,000 Involved

News that suit had been filed in Dallas Tuesday seeking foreclosure on the municipally-owned electric light plant at Seymour developed considerable interest here, due to the fact the city administration has recently announced that plans for building such a plant in Colorado were being considered.

The Seymour suit, according to information received Tuesday afternoon by The Record, was filed in a Dallas district court by the Municipal Acceptance Corporation of Chicago, holder of mortgage against the Seymour properties. A total indebtedness of \$142,419.07 was claimed in the petition, including principal and interest.

The plaintiff's original petition alleged that the plant was built by Fairbanks, Morse and company in 1929 at a total contract price of \$125,479, payable in 72 installments with interest at 6 per cent; that in December, 1930, when the unpaid principal and interest amounted to \$129,306, by written agreement between the city and Fairbanks, Morse and company, the repayment terms were modified, the city agreeing to pay \$500 a month for the first year, \$900 a month the second, \$1,000 a month the third, and thereafter \$1,250 a month until the indebtedness was finally discharged. Subsequent to this agreement, Fairbanks, Morse and company, for a valuable consideration, transferred the mortgage to the Municipal Acceptance Corporation.

Of the \$36,300 that has become due and payable under the December, 1930, refinancing agreement, the petitioner claims the city has paid only \$13,100, leaving a balance of \$23,200 now due and unpaid; that under the terms of the contract, petitioner has the legal right to declare the entire indebtedness due and payable and that it now exercises that right, asking for final judgment for principal, interest, costs of suit and foreclosure of its lien upon the plant and its revenues.

In July 1931, the Seymour city council passed an ordinance increasing the electric rates and making them the minimum rates that could be charged by the municipal plant and the private utility also serving the city.

Congress Candidate To Speak Saturday Afternoon At Three

Fred Haile of Spur, candidate for congress from the 19th Texas district, will speak here Saturday afternoon in interest of his candidacy, his campaign manager, J. W. Nickels, also of Spur, announced Tuesday. The address is to be made from Walnut street near the Colorado hotel entrance, Nickels stated.

Haile, a Spur insurance broker, is making an aggressive campaign of the district. He will be the first opponent of George Mahon to deliver an address in Colorado.

ADDITIONAL PAYMENT IS ALLOTTED TO SCHOOLS IN MITCHELL, AUSTIN NOTES

Payment of another \$1.00 per capita to the public schools of Mitchell county was announced at Austin Tuesday by Dr. L. A. Woods, State superintendent. The remittance will advance to \$12 the total paid on the State's per capita apportionment of \$16 for the past fiscal year.

Promise of an additional \$2 per pupil at a date in August was given by the State superintendent. Schools in this county, as a rule, will be placed in good financial condition upon receipt of that allocation.

ARNICA WAS IN DEMAND AFTER DONKEY CONTEST

Arnica and other soothing concoctions calculated to alleviate an irritated epidermis were much in demand in Colorado Monday night and Tuesday, according to rumors coming into The Record office. It was all because two teams from the Lions Club league elected to play baseball atop burros Monday afternoon.

BALLOTS FOR VOTING IN PRIMARY ELECTION HAVE BEEN DELIVERED COUNTY

Ballots to be used in the Democratic primary election in Mitchell county July 28th, have been issued from press of the Whipkey Printing Company at Colorado and delivered to the county. The list from which voters are to exercise their preference for the various offices is one of the longest ever used here.

Strong interest in a number of races, graduating from contest for the office of governor down, is expected to attract a representative number of voters to the polls. The election will be held two weeks from Saturday.

LIONS CLUB COMMITTEE ROSTER BEING OUTLINED

Committees to fill various departments in the Lions club organization during the new year are to be announced, probably next week, President Dave Bridgford announced Friday. In the meantime, committees serving during the past year will continue to function.

ANNUAL BAR CONVENTION CLOSED AT FORT WORTH

Annual convention of the Texas Bar association, in session at Fort Worth last week, was attended by Thos. R. Smith and R. H. Ratliff, of the Colorado bar. District Judge A. S. Mauzey was another member of the association present.

JULY IS MONTH DURING WHICH SCHOLASTICS BE TRANSFERRED IN TEXAS

Parents or guardians planning to transfer scholastics from one school district to another for the next year are reminded that the month of July is established by law as time in which these changes are to be made.

Detailed information governing the transfer of scholastics, together with regulation forms to be used may be obtained upon application at the county superintendent's office.

There are several reasons why contemplated transfers be concluded before August 1, one of them being that tuition will be due against students attending school in a district in which they are registered as the law directs.

Deliberating Body To Return Friday, July 20, Mills, Foreman, States

After deliberating for only a few hours and reporting the voting of two bills of indictment, the Mitchell county grand jury Monday recessed to Friday, July 20, when it is planned to complete work for the term. Joe B. Mills, foreman of the deliberating body, states that but little business is pending investigation by the body.

The jury was empaneled by Judge A. S. Mauzey of 32nd district court on Monday morning, June 25. After a short session the jury recessed until Monday of this week. No bills of indictment were returned by the jury during its first session.

Judge Mauzey is concluding third week of the term and expects to practically clear the docket next week. Final session of the court, convened for four weeks, is to be concluded Saturday of next week.

Due to serious illness of the court's aged mother, who died three days after Judge Mauzey had opened court here, all cases pending on the criminal docket were continued for the term. Jury panel summoned for the third week was called Monday, the first time during the term that a case docketed for trial by jury was called.

COMMISSIONERS' COURT IN EQUALIZATION BOARD MEETING DURING WEEK

County commissioners' court was convened Monday in a board of equalization and during the four days to follow have been busy probing property tax renditions as given the assessor by citizens of this county. More than 300 property owners were cited to appear before the body and "show cause why your property rendition should not be raised." The Record was informed.

The commissioners' Wednesday were devoting their attention to listings filed by utilities and the larger corporations. But little work remained to be done Thursday, it was said.

ALLRED AND HUNTER HOLD 'NECK-'N-'NECK' STRENGTH IN RECORD'S STRAW VOTE

Clint Small Comes In Third With Edgar Witt Fourth; Russell Tags All

Jimmie Allred was leading Tom F. Hunter by fifteen votes when The Record's straw vote on candidates for governor was tabulated at noon Thursday. Allred had polled 23 votes and Hunter 216 votes, out of a total of 657 voted during the week.

Clint Small was running a poor third with Edgar Witt fourth. The Small vote totaled 93 and Witt had received 63 votes. C. C. McDonald, the administration candidate, received 27 votes and supporters of Maury Hughes polled 21 votes. Edward Russell tagged the list with only 6 votes.

The straw vote will be continued through the next two weeks and results published in this newspaper. Citizens already voting will not be permitted to cast additional ballots and only those qualified to vote in the Democratic primary election are eligible to participate.

GIN OPERATORS NOT OUT OF PUZZLE YET; PACT IS ABANDONED

Colorado gin operators Wednesday were pondering just when they would come to end of puzzling questions affecting the industry. Tuesday attempts to bring the cotton ginning industry under a marketing agreement were abandoned by the AAA at Washington.

Government officials in the capitol were quoted as having said the ginners had refused to accept any agreement without a price fixing provision.

"The agreement was proposed by the ginners in an earnest effort to correct some of the ills of the industry," Tully Cobb, chief of the cotton section, was quoted as having announced from his office in Washington. "The administration finds itself unable to sanction and enforce fixed rates for ginning services," he concluded.

EARL ROBINSON INJURED IN TRAFFIC CRASH WEST OF FT. WORTH MONDAY

Earl Robinson of Colorado was painfully injured when the car in which he and his brother, Sol Robinson, also of Colorado, was wrecked on Highway One 17 miles west of Fort Worth Monday night. Robinson was taken to a Fort Worth hospital where it was found his hearts were not serious.

The two men were returning home after a business trip to Fort Worth. Earl was at the wheel when he found that his machine was being crowded to the curb by another car. Crashing into a small bridge guard the Robinson car was wrecked. Sol escaped unhurt and returning to Colorado Tuesday obtained another car and went back to bring his brother home.

DEFENSE PLEA CHARGING PLAINTIFF INSANE ACCEPTED TO CONTINUE \$38,000 RAIL SUIT

The Texas & Pacific railway company, defendant in a \$38,000 damage suit pending in 32nd district court, scored another count Thursday morning after attorneys for the rail corporation filed motion that the case be continued on ground that the plaintiff, F. C. Sloan of Lorraine, was insane. Judge A. S. Mauzey, presiding, continued the case until the October term.

Evidence entered into the case Wednesday afternoon and Thursday morning sustained the plea that Sloan, injured in a car-train crash at Coahoma on January 18, 1932, had continued in a "highly nervous and weakened mental condition" since the accident. Dr. W. L. Hester of Lorraine, physician of the plaintiff, and several other citizens of Lorraine and Coahoma, were heard from the witness chair.

The case was called Wednesday morning and selection of the jury was completed at 11 o'clock. Introduction of testimony started immediately and continued until shortly before noon Thursday when defense motion asking for continuance was offered and granted.

Plaintiff was represented by Beall & Neblett of Sweetwater and C. C. Thompson of Colorado. Defense attorneys were Mayes & Perkins of Sweetwater and Thos. R. Smith of Colorado.

PETITIONS TO WASHINGTON FROM LOCAL BOARD OKED BY FEDERAL RELIEF CHIEF

Mitchell county late Friday was registered as a primary or emergency drouth area, members of the local relief board were advised in a message from Washington. A flood of telegraphic petitions that the listing be oked had gone into the National capitol only a few hours before from the chamber of commerce, Lions Club, bankers, merchants and other citizens.

Saturday afternoon a tentative organization meeting was held here to meet conditions under which this county is to participate in the enlarged relief program. D. H. Snyder was elected livestock appraiser and all cattle to his fold the government will pass through his hands. Snyder and Ben J. Baskin, county farm agent, were in San Angelo Wednesday to attend a West Texas conference at which working plans of the emergency relief measure were discussed by agents of the government.

President Chas. C. Thompson of the chamber of commerce has called for a county-wide meeting here Thursday night of this week. The meeting will be held in county court room at the court house and every interested citizen and farmer is urged to be present.

"It is our ambition that every citizen of this county, especially the farmer with only one eye attend this conference," Thompson stated Wednesday morning. "The government has seen fit to accept our petition for emergency relief and it is now up to us to acquaint ourselves with the conditions under which this relief is to be available."

That Mitchell county is facing a drouth condition that is assuming acute proportions was advanced here Friday by Jim Greene, administrator for the county relief board, as he advanced appeal at Washington that this county be changed from the status of temporary to that of emergency relief to enable its citizens to share more liberally in the Federal drouth relief program.

"It is up to the citizenship of this county to direct such a plan to realization," Greene declared as he urged members of the Lions Club Friday to unite in appeal that the county be listed in emergency drouth territory.

Importance of the following announcement to farmers of Mitchell County is stressed by B. J. Baskin, county agent:

"Farmers applying for Bankhead allotment are hereby notified that allotments will be based on the years 1928 to 1932, but no allotment will be made to anyone who did not have cotton planted on or before July 15, 1934."

Roy Beights Gave Informal Program Here Last Sunday

Roy Beights, native of Mitchell County who is now a voice instructor of prominence in Los Angeles California, and who is choir director in the University Methodist Church of that city, was presented in an informal program of vocal numbers at Kiker's Chapel Sunday afternoon.

Beights' piano accompaniment was played by Mrs. Kirk Taylor of Lorraine. The program embraced numbers from both old masters and modern composers, including Schubert, Haydn, David Guon, and others.

Beights, who was born and reared in the Valley View community, plans to visit in this section the remainder of the summer. He will give both private and class instruction in voice during the next several weeks. A meeting of his prospective students is to be held at the home of Mr. and Mrs. B. H. Meskimen at eight o'clock Friday evening.

Miss Dee Davidson Is Given Farewell Picnic

As a farewell gesture to Miss Dee Davidson, who is leaving Saturday to be away from Colorado the remainder of the summer, a group of friends who played in Scotch foursomes with her Tuesday afternoon at the country club surprised her with a picnic supper after the game.

Those playing in the foursomes were Mr. and Mrs. S. A. Palmer, Mr. and Mrs. Dick Billingsley, Mr. and Mrs. W. W. Whipple, A. L. McSpadden, Buck Geer, Mrs. M. H. Lipp, Mrs. R. H. Cantrill, and Grady Newman. Other guests at the supper hour were Mr. and Mrs. Frank Kelly, R. F. Cantrill, Puddy and Betty Whiskey, Jimmy Kelly, and Mrs. Palmer's mother, Mrs. Elliott.

Miss Davidson, who was winner in the golf game as well as honoree at the supper, was presented two golf balls in token of the occasion.

Leaving Colorado Saturday, Miss Davidson plans to join her family in Mineral Wells and go with them on a motor trip to the Yosemite valley, Vancouver, Canada, and various west coast points. She will return to Colorado in September to take up her teaching duties.

Members Younger Set Attend Dance At Club

Several members of Colorado's younger set were guests at a dance given at the Colorado Country Club Tuesday evening by a group of Lorraine boys.

Among those attending from Colorado were Miss Lena Smith and her house guest, Miss Margaret Wade of Big Spring; Miss Juanita Cook, Miss Isabel Earnest Cooper, Mr. and Mrs. Charles Donaldson, Tom Smith, Miss Elizabeth Leebetter, Miss Delou Neff, Miss Anna Smith, and Miss Marguerite Jackson.

Justamere Club Meets With Mrs. Millington

Zinnias and phlox were used by Mrs. Hugh Millington as decorations when she entertained the Justamere Club Tuesday afternoon.

Her guests were Mesdames Charles Moeser, A. A. Herrington, Bill Thomas, V. Hopkins, Darrell Smith, L. B. Elliott, and Walter Wilson.

Lemonade was served during the games. Mrs. L. B. Elliott made high score for guests and Mrs. W. D. McClure high for members. Each received a novelty bridge set.

Pineapple pie a la mode was served to the guests and the following members: Mesdames Frank Pidgeon, E. B. Willbanks, W. D. McClure, Homer Winnett, Carl Smith, L. C. Scarborough, Lee Dorn, Johnny Recker, and Ell May, the last named being the next hostess.

Joe Berman Has Birthday Party

The third birthday of Joe Berman was observed by his mother, Mrs. Philip Berman, with a little party early Friday afternoon.

Ice cream cones, candy, and punch were served after the play time. The boys were given marbles as favors and the girls dolls and jacks.

The guests were Marian Britton, Dorothy Tucker, Ethel Bodzin, Lewis Bodzin, Robert Kirschbaum, Stanley Berman, Irwin Berman, Harold Berman, Billie Jean Carter, Nadine Clements, Estelle Berman of Sweetwater, Sandra Jean Josephson of Snyder, and Bobby Lipp.

Christian Young People Have Swim And Breakfast

Members of the Young People's Department of the First Christian Sunday School had a swim and sunrise breakfast at Ruddick Park Wednesday morning at five-thirty.

Each member of the department was allowed to invite two guests, and there were about twenty-five present in all. Those sponsoring the entertainment were Rev. and Mrs. Wallace Jones and Mr. and Mrs. Bill Scott.

The breakfast consisted of cantaloupe, bacon, eggs, jam, jelly, butter, lightbread, jelly rolls, and coffee.

Rural Women Hold Summer Rally At Local High School

Members of women's rural clubs of Mitchell County met in their summer rally at the Colorado High School auditorium today (Thursday).

The morning program included a stunt by each of the clubs and a report of the past six months' work. The women also gave a demonstration of the making of yeast bread and variations.

A pickle and relish demonstration headed the program for the afternoon. The demonstration was given by Miss Emma Gunter, county home demonstration agent.

A one-act play by the Looney club was a feature of the afternoon session. Songs, games, and a scrap book exhibit furnished further entertainment.

Ruebelle will appreciate your vote for County Clerk. tfp.

Disc Weighing 125 Tons Will Be Used At Federal Station

CLEVELAND, Ohio.—A veritable "house of magic" which revolves on wheels and does numerous other engineering tricks despite its weight of 125 tons, was given a final demonstration yesterday preparatory to becoming one of the world's most ingenious astronomical laboratories.

This massive structure, with its base which also weighs 125 tons, soon will become the McDonald observatory at an elevation of 7,000 feet in the Davis mountains of western Texas.

Not unlike an Indian mahout directing the tricks of a circus elephant, the operator of the observatory will make it perform by the merest touch, yet the power equipment is startlingly small.

The revolving dome of the observatory, assembled for the test by its builders in Cleveland, is so finely balanced upon 25 large steel wheels, running upon a single rail-circular track, that only a five-horsepower motor is required to turn it.

When once the astronomer focuses the telescope upon an astral body, the operator may set the entire dome revolving at exactly the speed required to follow the movement of the object in the sky.

Inside the dome, a circular pair of tracks extending from the base to the top and then down the other side, along the inner curve of the ceiling, suspended a large platform to carry the astronomer and probably 20 persons with him to whatever height they desire.

The dome itself is 62 feet in diameter and 3 feet high, and riding the platform is just about man's nearest approach to the ability of a fly to walk on the ceiling, although of course the occupants of the platform remain in an upright position. An automatic device keeps the platform level.

The purpose of the bridge is to take the astronomer to a position where he may gaze downward toward the 3-ton, 80-inch glass mirror at the telescope's base.

In addition to raising or lowering the bridge, and causing the dome of the telescope to revolve, the astronomer can further regulate his own position by occupying an extension standing place, known as "the pulpit" at one end of the platform.

The pulpit can be moved in any direction by means of a system of ingenious controls which, in the opinion of Dr. Otto Struve, director of the Yerkes observatory, are the "biggest advance made in observatory equipment in years." Dr. Struve also will be the director of the McDonald observatory.

The entire structure will be disassembled within a few days for railroad shipment to Marfa, Texas. From that point it will be trucked into the mountains. The telescope, not yet finished, will be shipped later.

Both the telescope and the build-

Mrs. Jimmy Logan Has Wednesday Contract

Entertaining a number of guests, Mrs. Jimmy Logan was hostess to the Wednesday Contract club this week.

The guests were Mesdames J. M. Doss, Will Doss, Jr., E. V. Grantland, E. C. Nix, N. H. White, J. W. Randle, Oscar Price, Walter Whipkey, Ross Daniels of Omaha, Nebraska, Doyle Williams, and Miss Elsie Pearl Couch of Abilene.

Mrs. J. W. Randle made high score for guests and Mrs. Charles Wyatt for members. Each received a deck of cards.

A salad plate, individual devil food cakes, and grape punch were served to the guests named above and the following members: Mmes. Willis Shropshire, Charles Wyatt, Gilbert Quinney, C. A. Wilkins, Walter Wilson, and Ace McShan.

Miss Costin Honors Guests With Picnic

Miss Hazel Costin was hostess to a small picnic supper and dance at the Colorado Country Club Wednesday evening honoring her guests, Mr. and Mrs. Stewart Adams of Chilton.

Guests in addition to the honored couple were Miss Dee Davidson, Grady Newman, Joe Pond, Jake Merritt, Mr. and Mrs. Dick Carter, Mr. and Mrs. Ace McShan, Ben Lee Costin, Miss Bertie Thelma Lipps, Mr. and Mrs. Harry Ragan, and Jack Helton.

Mrs. McIntyre Is Bridgette Hostess

The Bridgettes and a number of guests were entertained by Mrs. Randolph McIntyre Thursday morning. Summer garden flowers were used as decorations and score pads and tallies were hand-painted, the work of the hostess.

High score prize, a silhouette picture, went to Mrs. Dick Carter. Mrs. Ace McShan received dusting powder as consolation.

Two-course refreshments consisting of pear salad, butter thins, potato chips, tuna fish sandwiches, bread and butter sandwiches, iced tea, grape whip, and brownie cookies were served to the following:

Guests: Mesdames M. H. Lipp, T. J. Richards, Wade Scott, Bob Fee, Ace McShan, Jimmy Logan, Milburn Doss, R. J. Baskin, D. B. Snyder, Ford Merritt, Will Doss, Jr., Mrs. Homer Hutchinson and Miss Irene Peeler of Meadow, the last two being present only at the refreshment hour.

Members: Mesdames Austin Bush, Dick Carter, Ed Jones, Jr., Frank Mackey, Lloyd Mackey, Jake Richardson, John Summers, Mary Lee Tidwell, and Don Wallace.

Miss Elsie Pearl Couch of Abilene is the guest of Mrs. Willis Shropshire.

Mr. and Mrs. Stewart Adams of Chilton, who have been visiting in the L. A. Costin home, left Thursday to visit in Big Spring. They will return to Colorado about Sunday to stay a few more days.

Churches In Drive To Rid Movies And Stage Of 'Indecency'

Representatives of 1,200,000 Catholics, 1,800,000 Jews and more than 2,000,000 Protestants met in the rectory of Holy Cross Roman Catholic Church in New York Monday afternoon to take preliminary steps for formation of a permanent organization to join the war against motion picture indecency.

The fight now has been carried to the front doors of the industry. Motion pictures are made in Hollywood but the offices of the big producers are on Broadway. The word that comes from Broadway is the law of the lots of Hollywood.

The representatives of religion took further action. They extended the war against filth from the screen to the stage, or, rather, made the beginning. It is the intent to battle just as hard against indecency behind the footlights as from projection booths. And Broadway is the theatrical capital of America.

Rusbelle will appreciate your vote for County Clerk.

The Ridiculous Along With The Serious Combine To Supply Fun At Donkey Game

There were many episodes entering into the Lions Club soft ball game out at Hutchinson school Monday afternoon to supply a never ending source of fun for several hundred present to witness the comedy.

Jerald Riordan appeared in a clown's make-up. He went to the bat and slammed the ball far afield. After some difficulty he clambered atop his mount, but the red mule, which had received a generous dose of medicine, the mule resisted such treatment and bucked as a veteran. It is said that Riordan became so concerned as to his safety when the mule bucked that he actually turned white. He did not know until the next day that his donkey had been tampered with.

Dale Warren, Riordan and Dr. Harold Lindley were the center of considerable laughter as they assayed to mount a trick donkey. The animal would kick, kick and bite all at the same time when a stranger tried to climb upon her back. She was most gentle when the negro boy owning her sought to ride.

"Chief" Timet fell to earth with considerable force after losing his balance during a sensational play. He had retrieved the ball, climbed atop his mount and putting all that he had in attempt to throw the ball into base, he banging his head with a dull thud.

Bill Cooper had considerable difficulty in getting astride his donkey's back after dismounting to pick up the ball. One time he tried in desperation to put the ball in a hip pocket in order to have both hands free for negotiating the mounting act. But, no. The ball was entirely too large.

"I never saw such a radical change in a donkey in my life," mused Elbert Elliott after he had ridden under top speed from the home plate to third. His mule, previously preferring to remain in his tracks, suddenly gave out an exclamation in burro lingo and was off, with heels and tail doing a fan tail act. Elliott learned later that a "friend" had inspired his mule into unusual effort through application of a plentiful supply of high life.

Rev. Cal Wright was ambitious to ride in the game but was ruled out due to findings of Empire John Baze he was not a member of either of the competing teams. "I got sore from the game anyway," the minister bragged the next day. "I laughed so much that I ache about like some of those fellows who rode a donkey."

"The most disgusting donkey I have ever seen," heatedly exclaimed Ben Smith, after he had knocked a home run, mounted his mule to race around the diamond and claim that distinction. After getting on the donkey, Smith was chagrined to find that all he would do was pitch. After tiring, the animal backed through the side line, scattering interested spectators and finally stopped and sat down as if to rest.

Petitions Oked

(Continued From Page One)

Greene stated that earlier during the day he had discussed the matter with Congressman R. E. Thomason in Washington and with Senator Tom Connally, who at the time was in Corpus Christi. Conditions being faced by the county were placed before the two national representatives with appeal that they use their best efforts in influencing the director of National relief to okay the proposal.

Mr. Thomason stated that he would go immediately before the proper authorities in Washington and personally do all within his power to aid in realizing the ends sought, Greene said. "Senator Connally is doing what he can for us by telegraph."

"But they must have your support in this worthy undertaking. What I am asking now is that you men send telegrams this afternoon to Washington outlining conditions as they are and adding your request to the county relief board that this county be changed from a secondary relief status to the classification of emergency."

Mitchell county was adjudged a secondary drought area two weeks ago and thereby became eligible to reduced freight rates on feed for livestock and the shipment of livestock to market. With inclusion of the primary or emergency relief list, the county is to automatically participate in additional measures designed by the last congress to aid drought-stricken sections of the country.

The county administrator stated to The Record Thursday at noon that he was ready to take cattle at railroad loading pens in Iatan, Colorado and Loraine. "We have a car load of hay on siding at these three stations and a car of water at Loraine and Iatan," he said.

High School Pupils Must Be Transferred During July Also

Reminder is made by Mrs. Ruby McGill Dodge, county superintendent, that pupils of high school standing must be transferred through her office during the month of July the same as pupils in lower grades.

Many school patrons have the idea, Mrs. Dodge states, that children who live in a district where their grades are not taught are automatically transferred. Such transfers must be made by the parent or guardian according to the same law governing other transfers.

Today's Live News For Fat Folks

3 Great Letters Read Them All

From all over the country—north—south—east—west come letters of praise for the world's safe and healthful enemy of fat—don't miss these 3 letters.

"I am using Kruschen Salts on advice of my Doctor. Have used three bottles and lost 15 lbs., and gladly recommend it to all my friends." Mrs. G. W. Bryant, Foxboro, Mass., 1934.

"I am using your Kruschen Salts for constipation and reducing. Have taken 3 jars and have lost about 20 lbs. I can recommend it to be great." Miss A. J. Harber, Pineville, Ky., 1934.

"I have taken 3 bottles of Kruschen. I weighed 256, I reduced 56 lbs., and felt better each day, have got my 4th bottle." Ed Jordan, Leveon, Ariz., 1934.

If you are proud of your double chin and bulging abdomen don't take Kruschen Salts. Ed Jordan made up his mind to take off 50 or more pounds of fat—and he did—Ed was sick and tired of lugging it around with him—persistence won for Ed as it will for any fat man.

A half teaspoon in a glass of hot water before breakfast every morning—get Kruschen at Crosswhite Drug, Inc., Colorado Drug Co., or any good drug store. 4-R-No. 6

Project To Rebuild Highway No. 1 In Howard Is Started

BIG SPRING—Sixty-five men started work on Highway No. 1 Friday morning in a project that will ultimately result in a reouted, hard-surfaced road across the county from east to west.

County Administrator R. H. McNew said that the number employed would be gradually increased until approximately 135 men were on the job daily. With two shifts working three days a week each, it means that more than 250 men will be given employment on the project.

Although the men going to work Friday morning will be engaged principally in digging caliche, the project will call for every phase of activity from drainage to topping.

Men working on the project must qualify for relief rolls—first, it was announced. All employment is handled through the county relief headquarters.

Andy Pruitt, engineer for the highway department, and Sam A. McCombs, superintendent of local maintenance, will supervise the work. A staff of engineers and highway department employes has been gathered here by Pruitt for the job which will be handled as a maintenance project.

Water Bought In West Texas Sent To Parched Farms

BAY CITY.—The first of more than two billion gallons of water, being sent from Lake Brownwood in West Texas to relieve parched rice fields in Matagorda and Wharton counties is due to arrive here Sunday night.

The water is flowing down the Colorado river more than 400 miles to reach the Gulf Coast Water company's pumping stations. The first of it was released from Lake Brownwood on June 27.

Approximately 4,560,000,000 gallons was started on the long winding journey, but due to evaporation and absorption into the river banks only about half that amount is expected to reach here.

When the water company's intake pipes lift the water from the river channel it still will not have completed its journey as there are 334 miles of canals and laterals in the company's irrigation system which irrigates approximately 30,000 acres of rice.

The company is paying \$10,000 for the water.

OPTIMISM PERVADES COUNTY'S POLITICAL HORIZON

CAMPAIGNS TAKING ON AN ADDED IMPETUS AS DATE OF ELECTION APPROACHES

Precinct, County, District Aspirants Entering Final Swing With Optimism

With two weeks remaining before the people of Mitchell county march to the ballot box to speak their verdict in another preferential Democratic primary election, the large array of candidates offering for precinct, county and district office, along with the heavy quota of those seeking support in drive for State office, are concentrating for a more aggressive fight ahead.

It is to be noticed that more of the candidates are mingling with voters in the streets of Colorado, Loraine and Westbrook than was the case during earlier stages of the campaign. They are doing double time in dispensing handshakes, smiles and cards, along with the persuasive promise that it will rain before long, "in-time to yet make another good crop in Mitchell county."

Candidates have forsaken the stump, so popular during first days of the scramble for votes in this county. After they had made the round of every community center, patronized liberally the ladies ice cream and cake counters and then mounted the platform to extol their personal qualities and merits, the congenial men and women are going in for the more personal role of discussing politics with the individual voter.

Optimism continues to dominate every one of the candidates. They will, as a rule, declare without hesitancy that they are meeting with the most encouraging response in all parts of the county and look for only one result in the elections soon to follow—that of a successful candidacy.

The campaign in Mitchell county this season has been free from personalities of any kind. The candidates seemed to have subscribed to the proposition that his opponents were all good citizens, qualified for the office sought, leaving the voter free to draw his conclusions with an open mind as to whom shall be entitled to support at the polls.

That there are to be more than one run-off primary contest is a foregone conclusion. In several of the important campaigns, with competition keen for precinct, county and district office, it remains difficult to point out now with intelligence just whom is to win in the general contest for suffrage. The second primary election is expected to develop as much interest as has been noted during the present one.

Tom Hunter Stops In Town Saturday; Expresses Elation

Tom F. Hunter of Wichita Falls, candidate for governor, made a brief stop in Colorado Saturday, enroute from Abilene to Midland where that night he addressed several hundred voters at a West Texas Hunter rally. The day before he spoke at Buffalo Gap and Abilene to large and enthusiastic gatherings.

While in Colorado Mr. Hunter was greeted by representatives of local organized labor groups. Hunter was formerly National attorney for organized labor identified with the petroleum industry.

Mr. Hunter told friends here that reports received by him from all parts of the State indicated his candidacy was gaining substantially.

Coloradoans Go To Funeral Of Uncle Held In Floydada

Mrs. J. T. Pritchett, Mrs. J. F. Bodine, I. W. Terry, Tom Terry, and J. T. Terry went to Floydada Friday to attend the funeral of their uncle, J. R. Terry, 65, who was found dead in bed Thursday morning at his home in Floydada.

Funeral services were held Friday afternoon at three o'clock in the First Baptist Church. The church was packed to overflowing and many came to the services from Plainview, Lubbock, Ralls, and other points. Comment was made on the unusually large percentage of men attending the services.

Mr. Terry lived in Bell County before moving to Floydada, where he had been a resident for twenty years. He was one of Floydada's most prominent citizens.

Eight children are survivors in addition to his wife.

PRIESTER HONOR STUDENT AT U. S. TRAINING CAMP

James C. Priester, student attending the citizens military training camp at Camp Bullis, near San Antonio, is listed as among honor students for the annual Summer term. Priester and three other Texas youths were recently honored by the camp commandant for outstanding qualities. He is color bearer for Company "A".

'PARTY LOYALTY IS FIRST REQUIREMENT,' CANDIDATE TELLS BIG SPRING VOTERS

George Mahon Speaks There Friday Night Following Heavy Rainfall

"As a candidate seeking preferment at the hands of a Democratic electorate, the first requirement that any candidate should meet is that of proving his fidelity to the Democratic party," George Mahon, candidate for congress, stated in address delivered Friday night at a rally given in his honor in Big Spring. Mr. Mahon spoke on the Howard county court house lawn immediately following a downpour of rain. He was introduced by Judge W. H. Morrison, prominent Big Spring attorney.

"I have been loyal to the party in every election," the speaker went on to say. "I have never failed to vote the ticket straight. Woodrow Wilson said that the Democratic party had existed so long because it had a heart under its jacket. It is the party of the common people. As a democratic candidate, the people of this section have four times honored me."

Mahon spoke for forty five minutes to a representative gathering of voters of Big Spring and that section. A number who had previously arrived to attend the rally were driven away by the sudden burst of rain.

The candidate condemned policy of issuing tax-exempt certificates among the nations in order to assist Texas cotton producers who export 56 percent of their crop, to realize a just return from their labor and investment. He upheld the right of labor to organize and bargain collectively. He declared himself in favor of immediate payment of the soldiers adjusted service certificates (bonus) and gave his reasons therefor.

Friday afternoon Mr. Mahon addressed voters in Coahoma. The candidate was accompanied to both gatherings by a group of supporters from Mitchell county.

Brother Of Local Woman Dies In San Antonio Last Week

Halsey Loyd, 32, brother of Mrs. Bob Hubbard of Colorado, died in a San Antonio hospital Tuesday of last week. Burial was in a Uvalde cemetery July 4 following rites held at a funeral chapel there with Rev. Mr. Epps, Methodist pastor in charge.

Mr. Loyd is survived by his widow and two children and his parents, Mr. and Mrs. W. F. Loyd of Uvalde. In addition to Mrs. Hubbard, three sisters and one brother also survive. Mr. and Mrs. Hubbard and their small son, Jadin, were present for the funeral rites.

Baptist Women At Westbrook Ready For Social Affair

Westbrook Baptist women announce that everything is in readiness for social to be given Friday evening. Featuring the affair will be an old fashioned ice cream supper and oratory as candidates for various offices seek to impress voters with appeals for support.

Several Colorado people plan attending the affair, including a representative number of candidates. But few political meetings will be held between now and the primary election July 28 and as date for balloting draws near candidates are extending the campaign efforts.

FORMER COLORADOAN IS LOYAL TO THIS COUNTY

"The best people and the best place in which to live of them all," was comment of Mrs. Hugh Elliott, who Monday was in Colorado from her farm home a few miles southwest. During the past several months Mrs. Elliott has been living in Dallas with her daughters, Meses, Lenn Orynski and T. Kemendo and Miss Orlena Elliott. Mrs. Orynski, Mrs. Kemendo and Hugh Elliott, Jr., a son, are here with Mrs. Elliott. The family arrived recently to spend major portion of the summer here.

Federal Attorney In Move To Seize Stonewall Ranch

The government will attempt to confiscate a large ranch in Stonewall County on which a huge whisky distilling plant was found early this year, United States District Attorney Clyde Eastus of Fort Worth has announced.

Label proceedings for confiscating the several thousand acre ranch, located 10 miles north of Swenson, are being prepared for filing in the Abilene division of the district. It is believed to be the first action filed in this district to confiscate land used for the illegal manufacture of liquor.

These men were convicted in federal court in Abilene on April 12 after federal officers had seized six stills, of 2,400 gallons combined capacity, on the Stonewall County ranch. The elaborate equipment of the stills was valued at nearly \$5,000.

Roy Hill, one of the owners of the ranch, is serving a 10-month sentence in the Taylor County jail. Two men arrested at the still, Cecil E. Davidson and Harry Jones, were sentenced to five months in jail and fined \$500 after pleading guilty.

BRIDGFORD ADVANCED INTO PRESIDENCY OF LIONS FOR THE ENSUING FISCAL YEAR

Other Officials, Too, Given Recognition At Meeting Held Friday Noon

Dr. Dave Bridgford, Colorado dental surgeon, Friday was elevated to president of the Lions Club, succeeding Joe B. Mills, who during the past year had held that position. The incoming service organization head was formally presented the membership in address by Rev. Cal C. Wright.

After briefly referring to importance of the office to which Dr. Bridgford was being elevated, Rev. Mr. Wright urged that he ever remember that much depended upon his initiative and leadership in Lionism is to continue to make progress in this community. "Your loyalty and devotion will gauge our loyalty and devotion," the minister said.

After assuming the chair, Dr. Bridgford spoke briefly of his appreciation of the honor bestowed upon him and pledged to give of his very best in furthering the scope of usefulness of the club in this city and county. Other officials, elected thirty days ago, were called to the front and presented by the incoming president. They are as follows:

George Mahon, first vice president; B. L. Templeton, second vice president; W. N. Crosthwaite, third vice president; John Deffenbach, secretary; J. H. Smoot, treasurer; A. L. McSpadden, lion tamer; M. O. Chapman, assistant lion tamer; Jack Helton, tall twister; J. J. Billingsley, Doyle Williams and Henry Vaught, assistant tall twisters; W. W. Whipkey, John E. Watson and J. Lee Jones, directors.

Huge Throng Hears Hunter Speak Last Week In Home City

(Special to The Record)

WICHITA FALLS.—A crowd of West Texans, estimated to have numbered from 30,000 to 40,000 people, came to Wichita Falls Thursday, home city of Tom Hunter, to hear the candidate speak at the rally arranged in his honor.

Hunter was roundly cheered as he told the large gathering that he was rapidly gaining strength in all parts of Texas and would lead the ticket July 28. Friends of the candidate claim this to have been the largest and most colorful political rally ever held in West Texas.

GEORGE MAHON LEAVES FOR WEST TEXAS TOUR

George Mahon left Monday afternoon for a swing through the southern end of the 19th congressional district in interest of his campaign. He delivered addresses at Andrews and other points in the South Plains. The candidate stated that he continued to feel confident that he would be safely in the run-off as voters of the large political sub-division went to the polls to cast their ballots on July 28.

Ramifications Of The Governor's Race Discussed In Article By U.P. Writer

The following resume on the governor's race was written for The Record by Gordon K. Shearer, Austin correspondent for the United Press:

Another week should settle the outcome of the governor's race in Texas.

The result may not be apparent that soon, but the campaign will have taken definite trends which will determine the result.

By the end of the week these questions will be answered:

- 1.—How much of the "Ferguson vote" can Jim Ferguson hold for C. C. McDonald, and has he the physical strength to go through with his speaking schedule?
- 2.—Is the reported "Small" wave a tidal sweep or scattered ripples?
- 3.—Will those who want the liquor question settled get behind Maury Hughes to produce an out-and-out battle over prohibition repeal in the run-off primary?
- 4.—Has Tom Hunter held the 220,000 votes he received in the 1932 campaign or added enough to put

NRA Truck Bill To Become Effective After July 13th

AUSTIN, Tex., July 9.—After July 13, no truck operating for hire without NRA insignia plates will be allowed to work upon any project upon which Federal funds are being spent, according to Col. H. E. Stewart, chairman of the Texas trucking code authority. "This will include much of the road construction, public building renovations and other public works projects under way," he said.

The names of over 400 truck operators who have not registered under the Code have been certified to the NRA Compliance Office at San Antonio, according to Mr. Stewart.

"Almost 2000 registrations have been made in Texas," he continued, "but of course there are always some laggards who stay out until the last minute. July 13 is the last day on which anyone operating a truck for hire can operate legally without the NRA plate, but the Code Authority will continue to accept registrations from those who can show reason for not having registered. Anyone who should register and who has not done so by that date will be subject to the full penalties of the Recovery Act, and each day is a separate offense under the Code."

Full information on registration may be had from the headquarters of the code authority in the Littlefield Building at Austin.

John Baze admits there is at least one Mitchell county woman who can speak her feelings. He was "told" while taking tickets at the rodeo the other day.

Chevrolet Motor Company Sponsor 'Soap Box Derby'

DAYTON, Ohio.—A three-eighths mile hill in Dayton will assume national significance to American youth August 18 and 19, when the first nationally sponsored "All-American Soap Box Derby" will be run over the bricks of Barkhardt hill.

Originated as a local stunt feature last year by Myron E. Scott, Dayton Daily News photographer, the event attracted approximately 450 entrants and more than 40,000 spectators.

This year, through the cooperation of Chevrolet Motor Company and its dealer organization, more than 40 cities in the United States will conduct local soap box derbies, and winners will have their cars shipped here to compete for the world's championship under the auspices of the Daily News and Chevrolet.

Chevrolet dealers in each city are furnishing entry blanks, rule books and plans for the building of soap box racers, which are the old familiar box and wheel vehicles which at some time or other have provided transportation for almost every boy.

It is estimated that more than 20,000 boys will compete in the two divisions—the Soap Box Derby race itself for racers entirely home-constructed and driven by boys from 6 to 15; the other for cars built and sponsored by some firm or organization and driven by boys from 16 to 18 years old.

For three days prior to the race a Soap Box Show will be held in Dayton, winding up with a parade of the racers on Saturday morning, August 18. In the afternoon the Ohio state championship will be held, and on the following day the All-American Derby will be run off.

Grandstands are being built on the course to accommodate some 30,000 spectators, and other thousands will be accommodated in parking spaces.

Present plans call for the Derby committee in Dayton to give the winner of the Soap Box Derby race a four-year college scholarship. There are also more than 100 additional prizes of trips, merchandise and trophies to the winners and runners up in both divisions.

KNEE-ACTION

tops a 22-year record of engineering progress that makes Chevrolet the best riding car in the low-price field

CHEVROLET Year after year, it's been the same story:—Chevrolet FIRST with the NEWEST and BEST! Chevrolet leading—others following. Chevrolet out in front with the latest proved advancements. Self-starter! Sliding gear transmission! Streamlined design! It was Chevrolet aggressiveness and progressiveness that forced all low-priced cars eventually to adopt these and other major improvements. And now, this year, comes the climax of Chevrolet's engineering leadership: the Knee-Action ride!

This newest of motoring sensations is a marvel of smooth, easy, gentle motion. No other ride in the world can even compare with it. It makes Chevrolet far and away the best riding car in the low-price field.

Have you noticed how America has taken to the Knee-Action ride? In the first 6 months, demand for Chevrolet cars sent production to the highest total attained by any automobile during 1934.

THE TEXAS RELIEF COMMISSION
AUSTIN, TEXAS
July 7, 1934

NOTICE TO PERSONS ON MITCHELL COUNTY RELIEF ROLLS:

Upon instructions embraced in a resolution passed by the Texas Relief Commission, June 27, 1934, notice is hereby given to the effect that persons physically able to work who are offered employment at the prevailing wage scale in the locality wherein the work is to be performed, and who refuses to accept without good cause, shall not be furnished relief.

The following instructions are issued to all citizens of Mitchell County, to-wit:

Any person or persons offering employment to others, whether on relief rolls or not, will inform the local County Relief Board Chairman in writing immediately when employment offered by such citizen is refused. Such advice to the County Board Chairman will include, when possible, the work-seeker's full name, address, employment offered and wages offered.

When any person has been offered employment, and has refused it, under the conditions above stated, the County Relief Board of Mitchell County is prohibited from giving either direct or work relief to such person.

This pronouncement is published under direction of the Texas Relief Commission, whose membership requests the universal cooperation of the people of Texas in support of this action which is directed at the displacement of persons on relief who refuse to accept work.

Very Much Improved After Taking Cardui

"I have suffered a great deal from cramping," writes Mrs. W. A. Sewell, Sr., of Waco, Texas. "I would chill and have to go to bed for about three days at a time. I would have a dull, tired, sleepy feeling. A friend told me to try Cardui, thinking it would help me—and it did. I am very much improved and do not spend the time in bed. I certainly can recommend Cardui to other sufferers."

Thousands of people, mostly Cardui sufferers, have found relief. Cardui, consult a physician.

Things you may not know about your telephone

The little group of men who aided Alexander Graham Bell in the invention of the telephone is perpetuated today in many of the policies, and even in the form of organization of the telephone service. Bell himself, the research worker, has for example been succeeded by Bell Telephone Laboratories, whose scientists have contributed innumerable inventions and improvements to the telephone art.

Thomas A. Watson, who made the first telephones, was the forerunner of Western Electric Co., supply unit of the Bell System. From its shops the equipment and supplies needed by the 24 associated Bell companies are furnished at a cost which, as a proven fact, is lower than would be charged on the open market. As a telephone user, you profit indirectly, but definitely, by these savings.

Gardiner G. Hubbard, first business adviser of the infant telephone industry, has been replaced by the American Telephone and Telegraph Co., parent organization of the Bell System. A. T. & T. staff experts develop more economical operating methods for the associated companies of the System. Its financing facilities make available, at a savings, funds for necessary additions to telephone lines and equipment.

FOR YOU... Good Service at Fair Cost

Not only were the beginnings of the present form of organization of the telephone service, with units for research, for manufacture, for business and financial guidance, to be found in this handful of pioneers... the source of many of the policies of the Bell System lies there as well.

Thus, for more than 50 years the savings from a specialized telephone organization have gone, not to swell profits, but to give good telephone service at a fair cost to the user.

This policy has been adopted because we feel that, from your standpoint as much as from our own, it is sound and workable. In an undertaking planned like the telephone service for the long pull, we believe that what is best for the telephone subscriber becomes in the end the course that will bring us the surer, more-enduring success.

B. J. Baskin, county agent, and H. E. Goodwin, adjustment assistant, returned July 6th from conference at Abilene.

B. J. Baskin, county agent, and D. H. Snyder attended a meeting at San Angelo Wednesday, July 11th, in regards to government purchasing of cattle in Mitchell county.

Mitchell county has been designated as a Primary Drouth county. Under this designation cattle owners may sell their cattle to the government. Any person having cattle to sell under this plan should call at the office of the county agent and list such cattle.

Meeting dates will be announced later as to meetings to be held in regards to the Bankhead Act. At such meetings the act will be explained, and farmers will be instructed as to procedure to follow in applying for such allotments.

There will be an important meeting of all cattlemen in the county courtroom of the courthouse at 8 P. M., Thursday, July 12th.

JAKE RICHARDSON AND HIS OILERS ROUT GARY'S CLUB IN LIONS SOFT-BALL PLAY

Players Mounted On Donkeys Furnish Unique Spectacle In Monday's Tilt

The vogue of playing soft ball atop a donkey's back, recently reported as quite a sensation in certain West Texas communities, has made its debut in Colorado. Raymond Gary and his Gingers met defeat before Jake Richardson's Oilers in such a contest Monday afternoon.
Members of the competing clubs met at a downtown alley before six o'clock and after receiving their mounts staged a parade through the business district. "Chief" Tiner had considerable difficulty in getting atop his donkey, due to determination of the animal to not be ridden. However, Tiner won and rode majestically through the streets and to the ball grounds.

Each player, excepting the pitcher, catcher and batter, were mounted on a donkey. After getting a hit the man at bat would mount and be off to first base. Players on the bases and in the field would ride after the ball, stopping not over one pace from where it had stopped, dismount and throw the ball back into play after remounting.
The unique contest was about the most ridiculous as well as entertaining spectacle witnessed in Colorado in months. Several hundred people were present. Thoughtful sideline customers brought along a generous supply of carbon and its liberal use on the donkeys brought about added interest. The animals, as a rule, reached the base in less time and under less pressure from the rider after having received a "shot" of the liquid.

Donkeys for use in the game were furnished by negro, Mexican and other youths who were paid the sum of twenty five cents for use of the animal. Ben Smith, promoter of the unique game, promises that another of the contests will be staged here soon.

Jake Richardson and his Oilers managed to nose ahead of the Gregory crew Thursday afternoon to annex a 29-26 victory. Tom Marsh and his men played a stronger game than previously but were unable to hold the opposing team.

Mrs. Martha Toole of Boone, Ia., owns a clock 150 years old, whose "works" are made of wood. It still keeps accurate time.

GAS delivers "below fifty" refrigeration without noise or vibration

NO wonder Electrolux, the gas refrigerator, is far ahead in economy, convenience and comfort when a tiny gas flame takes the place of all moving parts in circulating a simple, sealed-in refrigerant. This unique simplicity gives Electrolux several unmatched advantages: A remarkably low running cost, permanent silence, and freedom from repairs. See this new and different kind of refrigerator. It thoroughly exemplifies the efficiency and great economy of all modern gas appliances.

Buy safe refrigeration plus

LOWEST RUNNING COST

Gas is the most economical fuel — an Electrolux uses very little. That's why it operates for about 25¢ a week!

PERMANENT SILENCE

Electrolux is silent, and permanently so! For it is the moving parts in a refrigerator that cause noise. But Electrolux has none!

FREEDOM FROM REPAIRS

Parts that do not move cannot wear. That's the reason why Electrolux will give years of service free from expensive repairs.

... and that's Electrolux!

ANCIENT PALESTINE

Palestine has undergone a marvelous transformation. A century ago its condition was wretched, the blight of God was upon it. "Jerusalem shall be trodden down until the time of the Gentiles be fulfilled, blindness in part has happened unto Israel, until the fullness of the Gentiles be come in."

through the Arabian desert and Palestine, a pipeline beginning at the Nile in Egypt, was constructed along the route of the army to supply it with water. The army could move no faster than the line could be constructed, hence the army and the waters of the Nile entered Jerusalem simultaneously.

Since the World War the Anglo-Saxons have remade Palestine. From a miserable despotism it has become "A land flowing with milk and honey." Palestine has made greater progress in recent years than in centuries before.

The potentiality of the Jordan and the Dead Sea are Palestine's greatest assets. From the Sea of Galilee, to the Dead Sea, the Jordan has a descent of 700 feet, and between the two seas there is room to impound water enough to irrigate the desert lands, and furnish unlimited industrial power.

know of nothing that will upset an honest skeptic sooner than fulfilled prophecy."

THEN AND NOW

Romantic tales of Knights in resplendent armor, established many erroneous notions as to the prowess of those renowned warriors.

Our horsemen could make those champions of the Lists look like novices. Mail ceased, mounted on heavy charging stallions, armed with lance, the most famous jouster would get the life licked out of himself pitted against a polo player on a good pony, armed with an ordinary machinist hammer.

NATURAL

We started in to control food production, and the Weather Bureau has taken a serious hand in the game. Then we commenced talking about birth control and a woman representative of rugged individualism showed her disapproval by presenting her husband with five girls at a whack—Where are we going?

THE CANDIDATES

The multitudinous candidates are getting uneasy and very active. Relief is being promised for every bet-setting ill, from taxation, poverty and mother-in-law—jokes to the under-standardized location of light switches in our bathrooms.

A 100 YEARS AGO

We the people are never quite happy, never quite assured of our present or future well-being. We are forever looking for something to happen. But the Autumn comes, the Winter follows, Spring arrives and Summer supervenes. We are born, we strive, we pass from youthful zest into the malaise of middle age, always looking for the worst. Yet in the main things improve. We are unhappy in 1934 because we think we haven't the independence and ease of living which we suppose was characteristic of 1834.
