CATTLE PURCHASES BE STARTED MONDAY, BASKIN SAYS

STATE ELECTION NEWS TO BE BARRED UNDER RULING ANNOUNCED FROM DALLAS

No Bulletin Board Or Radio Reports Offered Public Record Is Informed

Due to conditions over which this newspaper has no control, there will be no State election news posted on bulletin board in front of The Record office Saturday, July 28. The Texas Election Bureau of Dallas, agency supplying this information in other years, has given out the news that the practice will be stopped.

However, in spite of the handicap, The Record will have its election tabulating organization working that night and reports of the county, district and other available results are to be posted for information of the public.

In announcing mandate stopping its policies over a period of many years in supplying election returns to the weekly newspapers of Texas, the bureau says: "Returns will be supplied for publication in extra or regular editions of newspapers only, which means that they are not to be broadcast by radio, placed on bulletin boards or microphones, or made public in any way except by publication in newspapers. Attorneys advise that only by such restrictions can we prevent broadcasting, which destroys the value of returns to the newspapers which pay for gathering them."

ADDED DUTIES TAKEN ON BY RELIEF AGENCIES AS PRIMARY AID ALLOTTED

Offices of the Mitchell County Relief Board, located in the Root building on Walnut Street, Colorado's most active business center during the past several months, finds added duties to be met and discharged as provisions of the recently allotted primary or emergency relief measure gradually takes form.

Office of the county farm agent, too, working in many respects in direct accord with the relief office, is taking a larger budget of detail since announcement came out of Washington that Mitchell county had been included in the emergency drought area. Farmers and ranchers offering cattle to the government are registering them there.

"We have our organization perfected to meet the added requirements and shall strive to facilitate every individual case passing through our office," Administrator Greene declared Monday morning.

'MAHON RALLY GREATEST HELD IN LUBBOCK,' SAYS TAHOKA DISTRICT ATTY.

Will Carry Lubbock County, If People Work There, Writer Declares

The George Mahon rally in Lubbock Tuesday night was the greatest success of any political meeting held in that city during the year. G. H. Nelson of Tahoka, district attorney, declared in a letter to Mahon headquarters here. "George made many votes and will carry Lubbock county if the proper work is done here from here out. Let's win the first round," Nelson went on to say.

Nelson suggested that a group of flyers be sent into Lubbock county to work among the farmers there. The "Colorado man's" candidacy is gaining steadily and will be assured of success if his friends meet the challenge he outlined.

The Lubbock Morning Avalanche for Wednesday gave considerable space in reporting the meeting. Among other things The Avalanche said: "Before an enthusiastic audience of several thousand people, George Mahon, stalwart and energetic district attorney from Colorado, brought his candidacy for the nomination for congress from the 19th district to Lubbock and Lubbock county last night. The address was delivered from a truck in the space off half block of Avenue K just east of the Hotel Lubbock. A loud speaker system was used."

J. K. Yester, veteran chairman of the Lubbock County Democratic committee, presided briefly and introduced Mr. Mahon. He stressed the "importance of picking a good man in this congressional race."

After declaring himself a Democrat who had followed his party and always supported the nominees of my party," Mr. Mahon launched into an outline of his platform. He pointed out that the 19th district was composed of about 254,000 people living in the 25 counties of the district with a voting strength of 60,000 "of as pure American stock as can be found in any district on the American continent."

Cheers greeted his statement that he favored an interstate law restricting and stopping the shipment of "vile, indecent literature and motion pictures," from one state to another, that corrupt the minds of the youth and "break down the morals and purity of our boys and girls." He pledged himself to work for such a law if elected to congress.

'Little Man' With One To Five Animals Offered, Leading All Other Groups

Farmers and ranchers of Mitchell county offering livestock for sale to the government under provisions of the Federal emergency relief act, should be enabled to start the animals moving by Monday morning, according to Ben J. Baskin, county farm agent. The distressed livestock offered in the sale is being listed in office of the county agent at the court house.

A total of 4,870 head of livestock had been listed at the agent's office by Thursday morning at 9 o'clock. Woodrow Watson, in charge of the registration desk, estimated that several hundred additional animals would be listed before end of the week.

The "little man" with one to five animals offered, is leading all other classes in the ratio of citizens called in at the office, Baskin said. As a rule most of the registrations have been made by citizens residing west of Morgan Creek.

History Records Multiple Births, Judge Stoneham, County Registrar, Has Found

While the world marvels over the birth of quintuplets to Mrs. Oliva Dionne of Callender, Ontario, and of quadruplets to Mrs. L. R. Wyckoff of Sac City, Iowa, Judge W. S. Stoneham, Mitchell county registrar of vital statistics, takes a dive into dusty records and comes out with the statement such multiple births are by no means new in the history of the world.

Think for a moment of the Marquis de Trézelles of France, the record of whose birth is a matter of medical history. He was one of 13 children, born at one time. The entire group grew to adult age, so the records tell us.

The records further relate the father was away from home at the time of this unusual multiple birth and returned barely in time to save his offspring from an ignoble fate. The town people suspected the brood originated from multiple fathers and accordingly condemned them all to be drowned. The father returned in the nick of time, however, and acknowledged them as his children, thus saving their lives.

Record of another celebrated case was preserved for posterity by Dr. Francesco Pius Mirandulae, an Italian physician. An Italian woman whose name is given in the record as Dorothea, was progressive in her motherhood.

Dorothea presented her husband with nine children during her first confinement and 11 in her next. Thus she became the mother of 20 children on the two occasions. The record is silent on whether or not the children lived.

Another mother who "expressed" in the number of children born at one time was Lady Maldenore, who lived in the Parish of Seaux. We have the word of Ambrose that Lady Maldenore bore her husband two children at once one year after their marriage. A year later she gave birth to three at one time, and the following year she again gave birth to triplets.

When making up the lost ratio of increase, she presented her husband with quintuplets in her fourth year of married life. The following year she gave birth to sextuplets, during which episode she died.

There is also the well-authenticated birth of seven children at one time to Mrs. Anna Boyer-Bonnars in the little town of Hamelin, in Germany—of "Pied Piper" fame. The story of this multiple birth is written in the town's official records and is further commemorated by a tablet.

Ruebelle will appreciate your vote for County Clerk.

New Charters For June Exceed Those Of Previous Month

New charters granted corporations during June to carry on business in Texas showed a substantial rise over May. A total of 130 charters was granted with aggregate capitalization of \$1,890,000, increase of 8 per cent and 50 per cent respectively over the number and capitalization in May. There was, however, a decline of 30 per cent in number and practically the same percentage drop in capitalization in comparison with June, 1933; and for the year to date there was a drop of 12 per cent in number and 39 per cent in capitalization compared with the corresponding period last year.

Charters granted out-of-state firms were 29 per cent fewer than in May but 4 per cent above June last year; and for the first six months the increase over last year was 27 per cent. A total of six firms with capitalization of \$100,000 or more each was chartered against two in May and six in June last year. During the first half of the current year seventeen firms were chartered against 34 during the corresponding period last year.

Heavy Losses Have Resulted From All General Walk-Outs

General strikes, the big berthage of organized labor, are weapons rarely used in the constant controversy between labor and capital, but inevitably—as in San Francisco—they cause devastation.

The San Francisco strike is the fourth general stoppage of the world since the World War. The others occurred in England, Seattle and Winnipeg.

Each of the previous strikes caused food shortages, paralyzed business and interfered seriously with the normal pursuits of life. Aroused governments and people sprang into action to break them.

England's strike was the most serious. Two and one-half million workers, including railway and transport employees, walked out May 4, 1926, in a strike called by the trade union congress.

Ostensibly the strike was in support of the demand of 500,000 coal miners for more pay and shorter hours. Some government officials charged, however, that the British trade unions were trying to demonstrate their power.

The strike lasted 8 days. Swift action by the government and an adverse public opinion stopped it without the firing of a shot. The government collected and distributed food; thousands of volunteers operated railways, trucks and buses.

The disturbance cost England a huge sum, estimated as high as \$1,500,000,000. The trade unions were left bankrupt.

Seattle's general strike, in 1919, lasted less than two days. Doubtless measures by the city's mayor, Ole Hanson, crushed it.

The mayor organized 1,000 men into a special police army. He armed them with shotguns and ordered the shooting "on sight" of any person causing disorder.

The general walkout was called by Seattle's Central Labor Council in sympathy with a strike of Puget Sound shipyard workers. Thirty-five thousand workers were involved in Seattle; 10,000 walked out in Tacoma and other communities.

Winnipeg's general strike, called May 15, 1919, lasted 40 days and cost one life.

Involved were 25,000 workers, including civic employees, street railway operators, bakers, milk wagon drivers, motion picture operators, musicians, clerks and nearly all factory and shop employees.

They quit work in support of metal trades workers who had struck for higher wages.

Commercial failures in Texas continue low in comparison with last year, according to figures furnished The Record by the bureau of business research at the University of Texas.

During the first six months of the present year there were but 130 failures against 324 in the corresponding period last year, a drop of 60 per cent. There were, however, two more failures in June this year than in May, when the number was only fifteen.

Liabilities of the bankrupt firms totaled \$194,000 in June, a decrease of 59 per cent from June last year; and aggregate liabilities for the year to date at \$1,777,000 were 68 per cent less than for the first six months last year. Liabilities for June were, however, 37 per cent greater than in May, when they totaled \$142,000.

POLITICS COST RANGER HIS JOB, SO HE CLAIMS

Sid Kelso, former Texas Ranger, charged at Austin Tuesday that he had been fired July 12 because "I am supporting Jimmy Allred for governor instead of Charlie McDonald."

It was claimed that Kelso was warned to "get on the line for McDonald or get fired." He elected to stand by Allred.

PRISONERS' PLAINT.—PITTSBURGH—The boys on the Allegheny county jail's baseball team are a successful, disappointed bunch. The team, which includes one murderer and several other felons, has been going along at a great clip, having defeated nine of the sheriff's and county treasurer's offices in the jail yard.

Now the warden won't let them arrange return games.

MAKES IT NO NICER.—CHICAGO—It's "hay fever" in name only, Dr. Samuel J. Taub told a World's Fair audience. The symptoms are not due to hay and instead of a fever there is usually a subnormal temperature.

United States Senator Tom Connally will carry 234 of the 254 counties in Texas, according to a poll of all newspaper editors in the State, conducted by the Houston Post. The editors picked Joseph W. Bailey, Jr., to carry forty-five counties. A few picked Guy B. Fisher to carry their counties and some ventured no estimate.

Ed Kilman, well-known Texas political commentator, summarized the result of the poll in a recent issue of the Post. Ballots were sent to the editors with the request that they pick the winners in their counties.

"It means little to say that a candidate is rated first in so many counties without naming the counties," Kilman wrote. "One might carry on fifty-four counties and yet get more votes than another who carries the other 200 counties."

The editors rate Connally first in the counties of Harris, Bexar, Tarrant, Galveston, El Paso, McLennan, Jefferson, Nueces, Smith, Taylor, Travis, Wichita, Potter, Cameron,

DRUNKEN FATHER CHARGED IN DEATH OF WIFE, THREE CHILDREN IN AUTO CRASH

Relative Bronte Family Is Also Dead Following Highway Mishap

M. L. Elliott, Bronte relief worker, Wednesday was given responsibility for death of four members of his family and one other person in a automobile crash northwest of San Angelo Tuesday night. Elliott was drunk as he drove the ill-fated car, a coroner's verdict found.

In driving toward San Angelo Tuesday night with his wife, five children and Mrs. S. J. Elliott, a niece of the dead woman, Elliott's car featured in a wreck with a truck. One son, one year of age, was killed instantly, and the mother, 28, died in a San Angelo hospital two hours later.

Deaths of two other children Wednesday brought the fatalities to four. Joe Elliott, 7, died early Wednesday night from internal injuries, and his brother, Vernon, 3, died earlier in the day from a fractured skull. Mrs. S. J. Elliott, 24, died shortly after Midnight Thursday morning.

Four persons were injured, one perhaps fatally, when two automobiles crashed head-on near Clyde late Wednesday. Roy Aldrich of Gorman, one of the wreck victims, was reported in a serious condition at an Abilene hospital Wednesday night. A Loring man whose identity was not immediately established, was riding in one of the cars but was not seriously hurt.

Two Abilene residents, Roy Woods and Miss Ethel Duff, were seriously injured, Woods probably fatally, when their automobile was in collision with an oil supply truck near Anson late Wednesday. Both were taken to a Stamford hospital in an unconscious condition.

Organized Labor Of Colorado Planning Labor Day Program

Probably the largest Labor Day program in the history of Colorado is planned for this year's holiday, September 3, by local organized labor.

First steps toward formulating plans for the day were taken at a meeting of representatives of all locals in the Chamber of Commerce office last week. Doug Rutherford was made chairman of plans for the celebration with Lee Carter in charge of correspondence and L. J. Taylor, program chairman.

Tentative plans are to secure some outstanding responsibility of organized labor to speak on the program, which is scheduled to have its beginning at five o'clock in Ruddick Park. Musical features and speeches at the band shell will be open to the public.

All bearers of organized labor cards will be guests at a barbecue given in connection with the program. A dance may be given at the close of the park program.

MAN KNOWN HERE WAS OFFICIAL OF BANK TO BE ROBBED AT ALBANY

T. E. Dodge, assistant cashier of the First National bank at Albany, robbed Wednesday noon of \$5,000 by two youthful desperadoes, is the husband of Mrs. Ruby McGill Dodge, Mitchell county school superintendent. Mr. Dodge related details of the robbery in a telephone message to Mrs. Dodge within a few minutes after the thugs fled.

The two men, one of whom was identified as James Lucas, 22, an convict and former school boy in Albany, were captured near Seymour a few hours later after a running gun fight with Sheriff Arch Holmes of Baylor county. All of the stolen loot was found in the bandit's car.

SMALL SUPPORTERS TO TALK IN RADIO PERIOD

E. H. Whitehead, remembered as an official of the West Texas chamber of commerce a few years ago, writes The Record from Longview that friends of Senator Clint Small are going to "tell the people of West Texas what the people of E. Texas think of Small" in a radio broadcast Friday night. The program to be given in studios of WBAP, Fort Worth, will open at 8 o'clock and continue for thirty minutes.

REV. MR. ELLIOTT TO KERRVILLE MEET

Rev. W. M. Elliott, pastor of the First Presbyterian church, is to meet next Tuesday to attend the meeting of the Texas Synod at Kerrville. Rev. Elliott represents the Paso Presbytery on the committee of stewardship, of which he is chairman.

Funeral Services Held Saturday For Jesse W. Burdell

Funeral services for Jesse Wesley Burdell, 33, who died at the C. E. Root Hospital Friday after an illness of nearly a month, were held Saturday morning at Kiker Chapel in Colorado. Rev. Dick O'Brien, pastor of the First Baptist Church of Colorado, was assisted by Rev. A. C. Hardin of Lorraine in conducting the services.

Burdell, whose home was in the Seven Wells community, was a native Texan. He had only lived in this county ten months. Survivors besides his wife, are his mother, Mrs. H. W. Brookhol; a brother, Ted Burdell; two half-brothers, Billie and Lloyd Brookhol. All live in the Seven Wells community.

Burialbearers were T. J. Robinson, W. Brintle, Sam Palmer, Charlie Walker, and Hubert Palmer. Burial was in the I.O.O.F. cemetery at Colorado.

PROPOSED RODEO RACING PARK GIVEN ADDITIONAL CONSIDERATION BY CLUB

That the Lions Club proposes to facilitate plans for improving a rodeo, racing and ball property near Colorado was evidenced Friday when the president, Dave Bridgford, appointed a committee to perfect details of the project.

The committee is composed of W. W. Whipkey, J. Lee Jones, C. C. Thompson, Bob Lovejoy, Joe Pond, E. R. Bibby, Joe B. Mills and J. H. Greene.

CATHOLICS IN AREA TO PRAY FOR NEEDED RAIN

With each mass until the supplication has been answered, Catholics in this part of the Southwest, from Oklahoma to San Antonio will offer prayer for rain.

E. C. Lacey, head of the Amarillo diocese, largest in Texas and including a large devastated area, has directed priests to offer special prayer for abundant rain until the need for moisture has passed.

COUNTY-WIDE POLITICAL RALLY SCHEDULED FRIDAY

'CANDIDATES NIGHT' TO BE CENTER OF ATTRACTION IN PRE-ELECTION GATHERING

Lorraine To Send Delegation And Band; Program Will Open At 8 o'clock

Chorus: "If You Will Only Vote For Me."

That popular political repertoire, blended with blasts of band music, is major offering on the week's public amusement card.

Candidates offering for precinct, county and district office are to unite in final pre-election drive from the stump Friday night in a county-wide political rally scheduled to open at Ruedick Park at 8 o'clock. Due to interest that in recent weeks has developed in the several contests an attendance exceeding previous Friday night entertainment programs there is expected to be reached.

An interesting feature of the program will be a band concert by the "George Mahon For Congress" official band of Lorraine. The musical organization from the candidate's boyhood home is among the best and most popular in this part of West Texas. "We are going to be there prepared to render a good program," was promise given to the chamber of commerce Tuesday morning by Bill Martin, Lorraine druggist and a member of the band.

Due to the large number of candidates expected they will be limited to brief announcements relative to their campaigns. Committee in charge of plans for the affair have announced that this rule will be strictly adhered to.

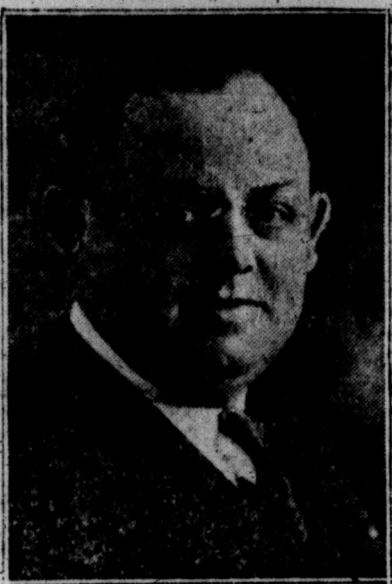

"I feel that the general public will appreciate this opportunity of hearing the several candidates again, especially in view of the fact the primary election will be only a few days in the future," Jim Greene, chamber of commerce secretary and who personally concluded plans for the affair, stated Monday afternoon. Greene said that the rally was county-wide and voters from all communities were cordially invited.

The large amphitheatre where the program will be given will comfortably seat the large crowd expected. Greene pointed out that the place is one of the most inviting spots in Mitchell county during these Summer evenings.

Persons desiring to enjoy facilities of the park pool should arrive early and take a swim before time for the speaking and band concert to begin. There will be ample parking space free for all cars and every other consideration will be provided to make the visitors enjoy the evening.

GRAND RAPIDS CONVENTION OF LIONS ASSOCIATION IS CONSIDERED BIG SUCCESS

Colorado Delegation Leaving For Home After Spending Four Days In City

(Special To The Record)

CHICAGO, Illinois—The eighth annual convention of the International Association of Lions Clubs adjourned today at noon in Grand Rapids, Michigan, after a four day session. Vincent C. Hascall of Omaha, Nebraska, was elected president of the Association for the fiscal year 1934-35, succeeding Roderick Beddow of Birmingham, Alabama, and six new directors were elected to the International Board.

Colorado, Texas, Lions Club, shown through official reports brought before the convention to be one of the largest and most progressive within the association, was represented during the sessions by Dr. R. D. Bridgford, president, J. Ralph Lee, a past president, and Hay's Holman, schoolman of that West Texas community. They were planning to leave Grand Rapids tonight for home.

Vincent Hascall was elevated to the presidency from the position of first vice president. He has a record in Lions Club work that extends back almost to the beginning of the Association. He was a charter member of the Omaha Lions Club which was chartered in 1920. Since that time he has attended every International convention. In 1926 he was elected district governor of the Lions Clubs in Iowa and Nebraska, and in 1927 was chosen chairman of the board of governors of the Association. When his term in this office expired in 1928 he was elected to the International Board of Directors where he served for three years. From the Board of Directors he was elevated to the third vice presidency at the 1931 convention, which was held in Toronto, Canada. In succeeding years he was made second and first vice president, and at this convention was elected to the presidency, which is the highest office in the Association.

Mr. Hascall is by profession a lawyer, receiving his law degree from the University of Nebraska in 1917. He was born in Ogden, Utah in 1888, but received most of his education in Omaha, Nebraska. He started practicing law in 1917. He is a member of the city, state and American Bar Associations, and his record includes five years as Judge of the Omaha Municipal Court and two years in the Nebraska Legislature. For the past several years he has been in charge of the legal affairs of the Standard Oil Company of Nebraska.

The Grand Rapids convention was the most successful gathering of the Association on record. It climaxed a year during which the financial position of the Association showed great improvement, and large net increases were registered in both the number of clubs and the number of members. The membership figure of the Association now stands at 80,000 and the number of clubs at 2,680. The highlights of the sessions were clearly the reports of President Beddow and Secretary General Jones, in which they paid tribute to the fine spirit of harmony and cooperation within the Association which enabled it to hang up the finest record of progress, both from a service and a material point of view, in the history of the Association. In relinquishing the presidency to Vincent Hascall, Mr. Beddow expressed the high personal regard in which he held Mr. Hascall, and pledged him wholehearted support during the 1934-35 year.

MRS. SANDUSKY UNABLE TO VISIT WITH VOTERS

Mrs. L. W. Sandusky, candidate for county treasurer, Monday morning offered the following statement for publication:

"Due to fact I have no means of transportation I have been handicapped in making personal contact with the voters during my campaign for county treasurer. I sincerely trust that the public will appreciate the fact that this is a condition over which I have no control and accept that it was no choice of mine that I have not conducted a more aggressive campaign. "On the promise that I devote my best efforts to duties of the office, I most sincerely solicit your vote and influence in the Democratic primary election."

SWEETWATER YOUTH IS DROWNED NEAR ANGELO

An attack of acute indigestion while in waist-deep water at Ben Ficklin, near San Angelo, proved fatal Sunday to Phillip Randall Owen, 14, Sweetwater youth there on a picnic outing with relatives.

The youth, who would have entered high school next fall and was anxious to play football had been visiting near Albany with his uncle and aunt, Mr. and Mrs. Leck Cardwell. With a group of friends, they decided to go to the place near San Angelo for a Sunday outing. Physicians said his drowning was caused by an attack of acute indigestion.

WOMEN, GIRLS' CLUB NEWS

By MISS EMMA GUNTER, Home Demonstration Agent

With an actual expenditure of only \$4.36 from her own pocketbook Mrs. M. A. Webb, bedroom improvement demonstrator of the Loomis club has certainly worked hard for her results which will net her an enjoyment over a period of time.

Words do not give as vivid a picture as the natural physical vision of the transformation wrought by the sweat of the brow. Duck fly specked ceiling, water encircled lalaminet walls, woodwork unfinished and no floor boards. A floor, unadjusted and vey splintery. No clothes closet, just a curtain around a shelf, no floor covering and furniture that needed some repair and refinishing or going over were facts that stared Mrs. Webb in the face and it certainly is true, that had not Mr. Webb helped in this big undertaking never would Mrs. Webb have had the wonderful results as enumerated.

First a clothes closet made of discarded black boards affording shelves and a rod for clothing and a storage of bedding above. Then came the lalaminet of the ceiling and walls, going over the woodwork with ivory paint and the floor with linseed oil, vinegar, kerosene and paraffin mixed. The making of a hooked rug of

discarded woolen clothing. The chiffon robe was converted into a storage place for linens by having shelves built in it.

Then came the work on her better bedding, including the making of a spring cover out of old cotton sacks, keeping the dust from the coils of the spring and off of the mattress. Her new mattress cover made of 9 yards of unbleached domestic was copied from a commercial one and fitted perfectly. Next her mattress pad made by stitching two worn sheets over a soft cotton blanket and placed just under the sheet that are required to be 108 inches long in order to have a well made bed. One of the proudest things to Mrs. Webb is her tufted colonial bedspread made on unbleached sheeting 10/4 using the unbleached thread with the 6 pointed star as her design. She made this in between times and has the inspiration to make another one.

After the work on her bedding came the washing facilities. A stand was made out of lumber and painted ivory for her pan and soap dish and crockery pitcher with a towel rack above it. Repairing and refinishing furniture came next and the rearrangement of pictures. Mrs. Webb

NEAR CLOUDBURST FELL IN ANSWER TO BEHESTS FOR RAIN IN ARKANSAS

Rain of near cloudburst proportions fell over a considerable area near Fort Smith, Arkansas, Saturday night, as sequel to petitions of several thousand farmers who during the day had knelt to ask in prayer for a drenching rain to revive a sector hard hit by drought.

The torrents came as Fort Smith equalled an all-time record of 33 consecutive days without rain. Streams were filled to overflowing and the parched land generally refreshed but fear was expressed by farmers that the rain came too late to be of great aid.

has a nice big study center in her room that is ideal for her writing and working on in the morning. All together with her expenditure and the gifts from the landlord the improvements cost \$6.66. This work has also inspired Mrs. Webb to improve the rest of the house as it does everyone.

Mrs. Tom Daugherty of Plainview, Mrs. Dewey Phillips of Hatan and Mrs. Harry Hyman of Hyman will give open house Wednesday, Thursday and Friday, respectively.

The Women's Home Demonstration club of Hatan met with Mrs. T. L. McKenney last Wednesday afternoon.

After the business session we practiced the program for the Rally Day. There were seven members present.

The next meeting will be at Mrs. Dewey Phillips Thursday, July 19th, at 2 P. M. for a bedroom improvement program.

State's Budget To Pay Off Additional Road Bonds, Report

Increase in gasoline tax collections will enable the state next year to pay 50 per cent of its portion of the principal and sinking fund of road bond indebtedness assumed from counties two years ago.

Announcement of this fact has been received here by County Judge A. F. King from W. H. Gordon, acting chief accountant of the board of county and district road indebtedness. This year the state was able to pay only 30 per cent of the principal on maturing issues which it had assumed.

Mr. Gordon's letter followed a meeting of the board on July 14, when the budget for the year was adopted. It said, in part:

"The budget will permit the state to pay all of its portion of the interest maturing, but will only have funds sufficient to pay 50 per cent of its portion of the principal and sinking fund requirement."

"Increase from 30 to 50 per cent of the state's required portion of the principal maturing in 1934 to 50 per cent in 1935 was brought about by increase in gasoline tax collections."

"Within the next few days you will be notified as to the exact maturing of each issue, the amount which the state will pay and the amount which the county will be required to pay during 1935."

John Holt admits that playing ball is more strenuous than campaigning. At any rate one is likely to lose more hide in the former diversion. Holt negotiated a base slide the other day that cost him several square inches of epidermis.

CAR CONDITIONING PLANTS HAVE PROVEN USEFULNESS TO CHEVROLET PURCHASER

Nine Units In Operations To Assure Greater Stamina In Every Particular

Car conditioning plants, a new branch of motor car manufacture, have proved their usefulness to the factory, the dealer, and the car buyer, in their first six months' operation at the nine Chevrolet car assembly plants, according to a report issued by Chevrolet.

This new factory activity, used exclusively by Chevrolet, is the final preparation of new cars for delivery to purchasers, combining an elaborate tightening up, engine tuning, road test, and final inspection. This innovation was adopted primarily for the benefit of the purchaser, in order that every Chevrolet might begin its active service under the most advantageous conditions.

An important incidental benefit to the factory has been the improvements effected in the original assembly of cars through the operation of the conditioning plants, which provide an immediate check on assembly line operations. Such improvements, in turn, have had the effect of reducing the work to be performed in the conditioning plant itself.

Buildings designed for car conditioning at all nine car assembly plants follow the same general plan. All are one-story skylighted buildings, with the floor at the level of the entrance and exit driveways, only five feet above the concrete floor of the shallow basement. Parallel wells in the floor, running across the building, form pits over which the cars stand while the conditioning work is performed.

A crew of five skilled mechanics, serves each pit. Three of them work below, each doing his allotted operations as the car stands overhead. On the decks alongside the pit the other two look after motor tune-up, tightening, and inspection.

In addition to the pit crews, each set of five pits has two greasers, and two workers to install floor mats, carpets, tool kits, etc. Over the crews of each five pits is an inspector. On leaving the assembly line new cars are given a trial run on the test track. Cars that pass this preliminary test are delivered to the conditioning plant for complete check-up, including the tightening of all bolts, engine tune-up, lubrication, tire inflation, and detailed inspection of all chassis and body units.

Conditioned cars leave each pit at the rate of one every 18 or 20 minutes, for delivery to test drivers, who give a final check on the test track before delivering them to the shipping dock or the driveway yard. One hundred seventeen detailed operations are performed by the five pit attendants, exclusive of the work of the greasers and inspectors.

CHEVROLET CAR SALES CLIMB TO HIGH TOTAL WITH PRICE REDUCTION

DETROIT.—Chevrolet's record-breaking sales continued their advance in June, shattering all monthly records since May, 1931, and achieving the highest June total since 1929, officials of the Chevrolet Motor Co., announced today. Retail sales for the month, as compiled from dealers' reports, were the basis of the announcement.

The showing is considered especially notable in light of experts' predictions that automotive volume in general would fall off some 12 per cent during June. Instead of receding, Chevrolet sales showed a gain of more than 12 per cent. Dealers credit Chevrolet's new low prices, which took effect June 2, with up-setting the prediction so far as Chevrolet is concerned, and paving the way for this substantial increase.

MILLIONS OF DOLLARS

are held in old gold, platinum, silver and diamonds, that could be turned into cash today. The U. S. Government is paying \$35 per ounce—a price no one ever dared to dream of a few years ago. Every where, all over the U. S., in every home, there is some old piece of gold, platinum, silver or diamond that could be turned into cash—irrespective of the shape or form these valuables may be.

It is of general knowledge, that the government will buy gold to a certain quantity—and thereafter all buying will be done at the old prices only. If you have anything of value, old jewelry, broken bits of gold, silver, platinum or diamonds; old dental work containing gold—in fact anything, send it today without fail to the GOLD SMELTING & REFINERY CO., 253 South Broadway, Suite 221, Los Angeles, Calif. Twenty-One New Novels Added To Colorado Library

Twenty-one new novels were added to the Colorado Library at the city hall this week, according to Mrs. Fred Dozier, librarian.

This brings the total number of books in the library, which was begun and is sponsored by the Mitchell County Federation of Women's Clubs, to 1192.

Best-sellers of recent months, such as Helen Topping Miller's "The Flaming Cahagans," are included in the list of love fiction. Others are Elizabeth Carrae's "The Radiant Years," Joan Sutherland's "Hug Distance," Faith Baldwin's "Beauty," Peter Ash's "His Own Roof-tree," Rafael Sabatini's "The Black Swan," Mary Schumann's "Strong Enchantments," Warwick Deeping's "Old Wine and New," P. C. Wren's "Valiant Dust," Dorothy Canfield's "The Deepening Stream," Alice Williamson's "Bewitched," and Ruby M. Ayer's "Book to the Spring." "Six Gun Melody" by William Colt MacDonald and "Under Northern Stars" by William McLeod Raine are two new western novels included in the new list.

Books of special interest to boys and girls are "Tarzan the Untamed" and "Tarzan, Lord of the Jungle" by Edgar Rice Burroughs; "Tahara, Boy Kind of the Desert" and "Tahara Among African Tribes" by Harold Sherwin; "Bobbye Twins Camping Out" by Laura Lee Hope; "Tales of the East and West" by Sax Rohmer.

The library is open twice weekly, from three until five-thirty on Tuesday and Saturday afternoons.

DRIVERS OF CHEVROLETS ENJOY RADIOS, REPORTS DETROIT CAR OFFICIAL

DETROIT.—Chevrolet dealers have sold 35,000 automobile radios to purchasers of new Chevrolet cars in the last 90 days, M. D. Douglas, parts and service manager of the Chevrolet Motor Co., announced today. The report covers only the sets installed in new 1934 Chevrolets. It does not include the additional thousands purchased from Chevrolet dealers by owners of other cars or of earlier Chevrolets.

While the accomplishment is important in itself, as setting an all-time record for radio sales by Chevrolet dealers, Chevrolet officials are especially interested in it as an index of the public's increased buying power. It signifies that many automobile buyers instead of contenting themselves with the car itself, have enough money over and above its purchase price to indulge their desire for additional comfort, luxury and enjoyment. The situation, it is pointed out, did not exist a year ago, and the fact that it does exist today is a proof of returning good times.

MRS. D. M. LOGAN GOES TO FAMILY MEET AT ALPINE

Mrs. D. M. Logan and daughter, Mary Lou, left early this week with two brothers from Chicago to attend a family reunion at the home of her mother, Mrs. J. R. Morton, in Alpine.

The two brothers, Earnest and Fred Morton, and their families were week-end guests in the Logan home here. Fred Morton is foreman of the Corn Products Mfg. Co., of Chicago, and Earnest Morton is the inventor of an automobile parking tower. He installed the show tower for the Nash cars at the World's Fair.

Miss Gertrude Shepherd of Colorado is visiting Miss Kathleen Phillips this week.

Miss Gladys Gatliff has returned from a visit from Payne community, where she has been visiting Miss Theda Williams.

Miss Lena Smith of Colorado visited Miss Juanita McKinney Sunday. Miss Maudean Harvey of Fort Worth, Miss Opal Rogers of Buford, Miss Audra Mac Iglehart of Colorado, have been visiting Miss Wilda Rogers of Iatan.

Miss Josie Barker and Miss Myrtle Gregson have returned from school at Alpine.

Mr. and Mrs. Barker and family have gone on their vacation. Little Darita Cox was bitten last Thursday afternoon by a rattlesnake. She is doing fairly well at this writing.

Another reason why certain Colorado merchants smile when someone advances the cry of hard times is simply because they are out after business while the other fellow elects to find fault with someone or something. Advertising in a reliable country newspaper is one of the effective mediums for building business.

A record-breaking demand has sent Chevrolet production to its highest total in four years

SINCE January 1, Chevrolet has produced more than half a million cars and trucks. This tremendous total has broken all Chevrolet records for the last four years. And here is the reason behind it: No other manufacturer has so much to offer as Chevrolet.

Chevrolet is the only low-priced car to give you patented Knee-Action, and only patented Knee-Action gives you shock-proof steering combined with the new jolt-proof gliding ride. Chevrolet alone in its field provides Fisher bodies with genuine No Draft Ventilation—the safest and most comfortable bodies built today. No low-priced car but Chevrolet has safe, sure, cable-controlled brakes, the sturdy Y-K frame, and a dozen and one other important features. Do you wonder that the trend is to Chevrolet?

Let these features guide you when you buy your low-priced car. Don't accept anything less than all of them. And let yourself be guided by Chevrolet's popularity. As everyone knows, every buyer of a product is a recommendation, and Chevrolet can show you hundreds of thousands of them in only six short months!

Keep Cool and Peppy All Summer Long While Losing Fat The Safe Way—The Right Way

Out of the thousands of letters received we give you this one from a grateful young man.

"I am 23 yrs. old. I weighed 240 lbs. about one year ago when I started to take Kruschen Salts off and on for nine months. I lost weight alright so I began to take it regular for the last 3 months. I now weigh 145. I feel better, look better and I am O. K. in every way. I also eat anything I want." Mr. J. C. Record, Miami, Fla.

While losing unsightly fat with Kruschen you gain in health for Kruschen acts on liver, kidneys and bowels and helps keep body free from poisons and acid.

Keep cool and full of pep this summer by taking one half teaspoonful in a glass of hot water every morning. Get it at Crosswhite Drug Co., Inc., Colorado Drug Co., or any druggist. 4-R-No. 1

Keep a package of this old, reliable, purely vegetable laxative in your home, and take it for prompt relief at the first sign of constipation.

RURAL CLUBWOMEN AND GIRLS PLAN TO ATTEND A. & M. SHORT COURSE

Mitchell County Is To Be Well Represented At Annual School

Rural clubwomen and girls of Mitchell County will be well-represented at the A. & M. Annual Summer Short Course July 30-August 4, according to Miss Emma Gunter, county home demonstration agent.

Among those planning to be in attendance from this county are Mrs. M. A. Webb of Looney, Mrs. W. K. Miles of Looney, Mrs. Ollie Harris and Mrs. Mina Mitchell of Iatan, Mrs. T. P. Smallwood of Hyman, Mrs. Lee M. Jones of Plainview, and Miss Novalde Groom of Lone Star. They will leave Saturday and Sunday, July 28 and 29, in cars.

One of this number, Mrs. M. A. Webb of the Looney Club, has been trained to help instruct in the art of fabric glove making during the short course. She will work under the supervision of Mrs. Dora E. Barnes, A. & M. clothing specialist, three hours each afternoon four afternoons a week. In return for her work she will receive her room and board.

Mrs. Webb will take further part in the program of the short course when she gives an account of her work as demonstrator in bedroom improvement activities.

Another Mitchell County person will be honored in the person of Miss Novalde Groom, Lone Star 4-H Club girl who won the bedroom improvement contest for Mitchell County girls. She will be a guest of A. & M. college at a banquet given Tuesday evening in the annex of the Mess Hall and probably will be called upon to give a short talk about her work.

Mitchell County was invited to furnish a woman to help in the tufted bedspread work under the supervision of Mrs. Bernice Claytor, specialist in Home Improvement, Miss Gunter states, but the woman selected cannot attend the course, so another woman was asked in her place from another county. Mitchell county women are sending six spreads to be exhibited.

Those attending the course will be in classes in recreation, foods, yard improvement, rug-making, marketing of farm products, clothing, etc.

Further Reminder Made By Mrs. Dodge About Transfers

Further reminder is made by Mrs. Ruby McGill Dodge, county superintendent, that July is the month in which scholastics must be transferred from one district to another through her office.

Pupils of high school standing must be transferred by the parents or guardians through the office of the county superintendent the same as those of lower grades, Mrs. Dodge states. July 31 is the deadline on all transfers.

WESTBROOK-MAYOR ONE OF ENTHUSIASTIC LIONS ASSOCIATED WITH CLUB

One of the most enthusiastic members of the Lions Club is Mayor Van Boston of Westbrook who for the past several months has been active in affairs of the service organization. The popular lumber dealer and municipal head leaves his office every Friday, drives his car ten miles to Colorado and return to maintain a perfect attendance record.

Mayor Boston became interested in Lionism when he noticed that the club was every active in promoting things really worthwhile. Like the other 125 Lions he appreciates the social features enjoyed but the ideal of building good citizenship and rendering a constructive community service was the factor selling him on the organization.

Dunn was defeated by China Grove Wednesday at China Grove 7-0; they were defeated on the local diamond Saturday by Plainview 13-1. We hope the boys have better luck in future games.

"A Poor Married Man" directed by Fred Gary was presented at the High School auditorium Thursday evening to a large crowd. All report the play a huge success. Proceeds of the play will go to buy equipment for the baseball team.

Miss Nell Moore of Post is a house guest of her friend Miss Euleng Durham. The girls were roommates while students in Tech college.

Ray Sherrod and Paul Johnson have returned from an extended visit to Houston and other Texas cities. They have been visiting Paul's mother of Houston.

Mrs. Fred Farrar has been suffering and under the treatment of the doctor since Thursday with an infected ear. She is somewhat improved at this writing.

Mr. and Mrs. Pope Swan and little daughter Evelyn, visited Mrs. Swan's parents, Mr. and Mrs. John Farrar from Wednesday until Sunday.

The Christian meeting began Friday evening. Bro. Whitaker of Oklahoma is conducting the service and invites everyone to come.

Mrs. Fred Farrar entertained the girls with a slumber party Tuesday night. A swim in the Colorado river was enjoyed about 8 o'clock followed by refreshments consisting of pimento cheese and combination sandwiches and iced tea. After various games, stunts and tap dancing all settled down in a dark room for ghost stories and each had a story to tell of her scariest moment and some funny ones of their most embarrassing moments. Cards were matched for bed mates and all were supposed to retire about 2:30 but some of the wide-eyed lassies decided to make a "night of it" and to keep the sleepy ones company. All were ready for an early morning hike to the river for another swim and a sunrise breakfast cooked over a camp fire which consisted of bacon, eggs, peanut butter, jelly and coffee. Those present were Misses Fanny Moon, Grace Copeland, Annis and Mae Nail, Susie and Mildred Johnston, Audie and Neya Crabtree, Euleng Durham and her house guest Miss Nell Moore of Post.

Hubb Jordan has returned home from a two weeks visit in Seagraves, Andrews, Jal and Wink.

Pearl Ellis and Ross have gone to visit and work in Cleburne.

Supt. Guy Stark, Jr., and family were at home over the week-end. Mr. Stark has been attending Texas Tech. Miss Lois Wade was also home from Tech visiting her parents.

The crops of this community are suffering terribly for want and lack of water. A couple of feet of water would be appreciated.

MAHON FOR CONGRESS

The following editorial comment is reprinted from the Scurry County Times at Snyder:

George Mahon is the logical man to be the first representative in Congress from the new 19th District.

"Logical" is the word. It infers that Scurry County will not vote overwhelmingly for George Mahon simply because the district attorney happens to reside in the county that joins us on the south; nor simply because the candidate is far better known here than any other man in the race.

George Mahon is the logical man because he has the qualities that say fair-minded voter looks for in a candidate for high office.

He is honest and straight-forward. No man in the race or outside the race has dared attack George Mahon's personal integrity as his political life. There is nothing to attack.

He is a Christian gentleman. George is neither religious nor a gentleman for political reasons. He was born that way, reared that way, and lives that way.

He is young enough to be open-minded yet old enough to be heard. When George speaks, men and women stop to listen. They do not say, "Let's hear young George." They say, "Let's hear George." He is a man among men. His 33 years are heaped to overflowing with the kind of experiences that make worthy public servants.

He is capable. In the district attorney's place, he has made an enviable record for law enforcement and justice. He is no sensationalist. In legal language, he depends on law and evidence. We need a level-headed, fair-minded man in Congress.

He has an excellent chance to be elected. George impresses folks wherever he goes. He is being weighed in the balances and found not wanting. Even his ardent supporters in the counties of his judicial district will be surprised at the vote he polls in Plains counties.

ISHMAEL

Well, well! Here is a letter from Junius Brutus, the noblest if not the dearest Roman of them all, or of a few, anyhow. "You seem to have come out strong for the three-day week and birth control, and recently you referred to Ishmael as an underprivileged child of the desert," writes J. B. in his most fluent English, motivated no doubt by a background of Latin. "Now do not let your recalcitrant soul continue in error. Holy Writ informs us that six days we shall labor, and in the sweat of our face we shall eat our bread. It also says fructissimi et multiplissimi. And as to our friend Ishmael, history informs us he became a leader of his political faction in Judea, though I believe St. Paul wrote the voters down at Galatia that all this was allegory," continues J. Brutus. As should be expected from a Roman Senator, our correspondent hasn't a firm grasp of the Scriptures. The Roman Senators looked upon Judea and all of it contained as a backward province of the Empire, from which nothing worthy could come, in which nothing of consequence originate. But that province developed more history and controversy than all the mighty Empire of the Caesars. Nowhere in the Bible does fructissimi et multiplissimi appear. At least not in any Bible every perused by State Press. The Bible is written in English, although Junius Brutus may have the idea that all languages, like all the ancient roads, lead to Rome. Ishmael was an underprivileged child, but he may not have stayed that way. The Arabs today may be correct in thinking themselves his posterity, for the Arabs themselves are underprivileged in some ways. If St. Paul said the account of Ishmael and his parentage was allegory, he put himself in the unenviable position of one indulging the higher criticism. As for the three-day week, it would be all right for those who could make a living at it. That classification would exclude persons who work for a seven-day newspaper, so S. P. approaches the question from an impersonal standpoint.—S. P., Dallas News.

PALESTINE NOT RESTORED

Some time ago we had an article on Palestine Restored. Here comes a letter from J. E. Boyd at Denton who says:

I wish to take issue with the statement that Palestine is now restored, that is in the full sense promised to Abraham's seed, Israel.

When the Jews rejected and crucified Christ as the promised Messiah, they were cast off from the Father and have since been groping in spiritual blindness, still looking for the promised Messiah. This statement is verified by Paul in Romans, as quoted by Mr. Razor: "Blindness in part is happened to Israel until the fullness of the Gentiles be come in."

It is evident from this scripture that this spiritual blindness will be removed when "the fullness of the Gentiles be come in." Since Israel is still spiritually blind, still rejecting Jesus as the promised Messiah, it is plain that "the times of the Gentiles" is not yet at an end. And, besides, Israel is not yet in full possession of their promised land, being under England as a protectorate.

From the standpoint of the scriptures, the most significant event of the late World War was the driving out of the bloody Turks from Palestine by General Allenby, thus making it possible for the wholesale return of the Jews to their promised land, as foretold in prophecy, which prophecy is now being fulfilled. They are returning, taking with them their wealth and are spending millions of dollars rehabilitating the land. But let us remember they are returning in spiritual blindness, not aware of the great distress that awaits them, since they must pass through the fire of "the great tribulation" referred to as "the time of Jacob's trouble," Jer. 30, 3-7.

Not till Israel passes through this awful period of distress, "tribulation, such as was not since the beginning of the world" (Mat. 24, 21) will their

spiritual blindness be removed, only a "remnant" surviving its horrors, Zech. 13, 6-9. It is then, not till then, will Palestine be restored, and become "a land flowing with milk and honey," and Israel, this remnant, restored to her former prestige and favor with their Lord. And it is then "the Lord shall sit upon the throne of His glory, and shall be King over all the earth," Mat. 25, 31, and Zech. 14, 9.

Not till then shall "we beat our swords into plowshares and our spears into pruning hooks, and nations shall learn war no more, for the earth shall be full of the knowledge of the Lord as the waters cover the sea." When He thus returns, "His feet shall stand in that day on the Mount of Olives . . . all His saints with Him" (Zech. 14, 4-5), those caught away to "meet Him in the air."

It is then we will "reign with Him a thousand years, on the earth," Rev. 20, 4-5, and Rev. 5, 10. "Thus saith the Lord."

DAVID AND GOLIATH

The Israelites and the Philistines were having a mighty war. The armies opposed to each other were camped in sight of one another, but each seemed to be afraid to start anything.

A big cheese named Goliath who belonged to the Philistines, would come out in front of the Sheenies and inform them that he could lick the stuffing out of any Sheenie who would meet him between the lines.

He was so big and looked so fierce that no one seemed to have the nerve to tackle him. He wore a brass helmet on his head, and an iron shirt whose tail hung low down. He carried a great prodpole that weighed at least a hundred pounds grocery store weight. They called it a spear and it had a great long iron sticker on the end of it. His cutter was a big, wide, long sword that a common man would have to use both hands in handling it.

He was an ugly cuss and used loud and vociferous language in expressing his private opinion of the Sheenies. He dared and doubled dared any of King Saul's Israelites to tackle him. He said he would feed the crows with the man who met him. This was kept up day after day until King Saul and his men got nervous, and things were looking mighty rocky for them.

One day the old man Jesse sent his young son David from the ranch to carry some grub to his brothers who were in Saul's army camp. David was a button who was too young to join the army. All he did was to herd sheep and keep the vermin from getting them. All he had to fight with was a sling. In fact that was all he needed. He could knock over a jackrabbit, coyote, bear or a lion with it. He was a fine ranch hand most everybody fiked him because he was not scared of anything.

One day when David brought a jackload of grub to his brothers, he stood around to get an earful of news to take home to his father.

While David was fooling around the camp, the big Goliath came out and shook his prodpole at the Sheenies and performed his usual big sandy.

David saw his brothers turn pale behind the hills and he asked who was this big windy. He asked why some of the boys did not tackle and go to the ground with him. They told David that Goliath was too big for anybody to tackle. "They said King Saul would make any man rich who would lick Goliath and bring his head to the camp."

"I can lick the big stiff," David said as he reached for his sling.

"You lick that big elephant? Why you little shrimp, you couldn't lick one side of him if he was tied to a tree. Forget it kid, before you start something. You had better go back to the ranch before Dad comes after you with a wet rope."

"I am going to do it," said David as he picked up five good smooth rocks and put them in his pocket.

"Well kid, if you must make a fool of yourself, put on the king's iron shirt and take along his sword, for you will need them when you tackle that big guy."

"I don't need anything but this good old sling and plenty of rocks. I have busted the heads of several bears and lions with it and am sure I can do that big bull up with it before he gets to me."

So David ran out to meet Goliath, and when Goliath saw that David was only a kid, it made him awful mad. He cursed the Israelites for all the cowardly sons of paches he could think of. Then he was after David with his big prodpole, but before he could stick the kid with it, the kid hauled off with his sling and biffed Goliath with a rock on the forehead and knocked him out the first throw. Goliath went down like a beef, and before they could stop him; he took Goliath's big sword and chopped his head off with it and took it to King Saul as a souvenir.

When this occurred the Philistines got cold feet and they ran for the hills. The Sheenies after them with their prodpoles and spears, but they were hard to catch. Lots of the Philistines got hurt and had to have the doctor. Those who did not get hurt were scared so badly that they had to have a bath.—Bill Kellia in Sterling City News.

THAT NUDIST WEDDING

A sensational nudist wedding took place in the World's Fair Garden of Eden at Chicago and special reporters were assigned to give details and especially the costumes worn and this report of the wedding was sent out:

The bridegroom wore a look of wonderment trimmed in a happy motif of bewildered expectation. The rest of his raiment was made of the material that was in vogue at his birth, and cut in the conventional nudist style. His corns had been carefully trimmed and his finger and toenails showed they had undergone a careful treatment of the manicurist's art.

The bride wore a suit of brown integument with a wreath of smiles, which were set off with a red and white motif of powder and paint. She also wore some hair on top of her head. Except the expression of happy anticipation, she was gowned in the same habiliments she had on the day the doctor said "It's a girl."

The minister was rigged out in a light fitting goat skin fastened with a safety pin about his waist. The reason why he wore his elaborate suit was that a gum-boil had taken up its domicile in the rear of his anatomy. It was thought best to wear the goat skin so that the flies would not interfere with the ceremony.

The best man served as ring bearer. His costume, like the rest of the wedding party, consisted of unadorned only. When called on for the ring, he started to search his pockets but he didn't have any pockets, so the ceremony had to be a ringless one.

A few reporters and photographers were present and wore clothes, but they were so fastidiously that they could

not keep their minds on their business, and only a meager detail of the wedding was written. The newspapers could not use the pictures that were taken because of obvious reasons.

After the ceremony the happy couple retired, to the high weeds where there were no cops to suggest to them to put on something.

Persons Refusing Work Offered Them Will Not Receive Relief, Is Mandate

Persons physically able to work and who are offered employment at the prevailing wage scale in the locality wherein the work is to be performed shall not be furnished relief if that person refuses without good cause, a pronouncement from Adam R. Johnson, state relief administrator, has directed.

Johnson issued the following statement in connection with his order: "Any person or persons offering employment to others, whether on relief rolls or not, will inform the local county relief board chairman in writing immediately when employment offered to such citizen is refused. Such advice to the county board chairman will include, when possible, the work-seeker's full name, address, employment offered and wages offered.

"When any person has been offered employment, and has refused it, under the conditions above stated, the county relief board of Howard county is prohibited from giving either direct or work relief to such person."

The pronouncement, Johnson said, was issued in an effort to displace persons on relief who refuse to accept work. It was indicated, however, that the phrase "prevailing wage scale" would prevent the forcing of an unemployed man to take starvation wages.

Mrs. Merritt To Speak In Behalf Of Tom Connally

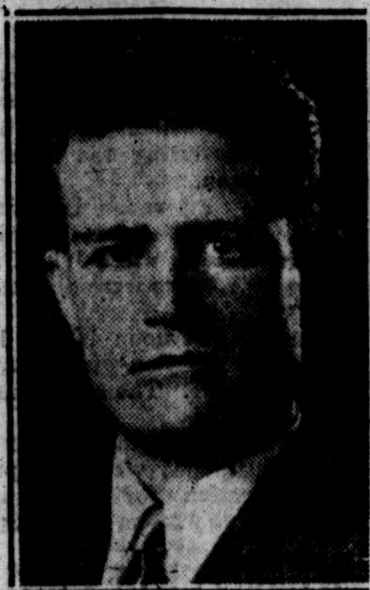

Speaking in behalf of the candidacy of United States Senator Tom Connally for reelection, Mrs. J. G. Merritt will address the candidates rally to be held at Ruddick Park Friday evening.

Announcement to this effect was made this week by Mrs. H. B. Broadus, who is in charge of women's work in behalf of Senator Connally's campaign in West Texas. Mrs. Broadus recently appointed Mrs. Merritt as chairman of such work in Mitchell County.

Mrs. Merritt's talk will be one of several made by candidates and candidate boosters from all over the county and district Friday evening.

HOWARD C. DAVISON GIVES HIS VIEWS ON QUESTIONS AFFECTING TEXAS PEOPLE

Legislative Candidate Offers Solution Of Tax, Other Public Problems

Howard C. Davison of Nolan, candidate for the State Legislature from the 117th district, says it is his made plan to the voters of this district that his campaign ideas are not "vote catchers" but based on sound reasoning and common sense.

Davison was born, reared and educated in West Texas. He was born on a farm near McCurtley in Fisher county, attended rural school, was graduated from Abilene high school, and received his A. B. degree from Simmons University. He has been connected with the public school system for two years, and is engaged in the livestock business.

"It will be my desire to go thoroughly represent every man, woman and child in this district that it may be said of my tenure of office that I have been the most democratic of Democrats," Davison said.

In discussing some of the problems the next legislature will have to deal with, and some of the problems the people of this state will be confronted with in the next few years he said: "The problem of the relief of our citizenship in times of economic stress is one that has been met with in the past and must be met within the future so as not to be an additional burden to the tax payer. Our tax collecting system must be reorganized and redistributed so that all property, tangible and intangible, will bear its just share of taxation, thus relieving real estate of carrying such a load as it now carries. Texas should have an elective highway commission made up of three members representing three distinct districts of Texas and thereby preventing discrimination against West Texas in her highway-building program as has been done in the past. Automobile registration should be on a basis of car valuation. This valuation to be determined and standardized by the legislature. Labor should have the right to bargain collectively with capital. Texas should have a non-partisan pardoning board where pardons are granted on a basis of proven merit; and criminals that have been in our prisons more than once should forfeit all right to clemency.

"Our state law enforcement agency must be reorganized and headed up in one central agency, and give every community in the state a quick communication with this central agency, thereby preventing as nearly as possible, crime bands perpetrating outrageous and heinous offenses against our citizenship and then driving across the state and not be apprehended. Our criminal codes must be changed so as to effect speedy justice to law violators.

"The people of this district will be truly represented when you, the tax-paying constituency of Texas, send one of your number to the most exalted position in democratic government—your Representative in the Texas Legislature—a representative of the people," Davison concluded.

Emergency Outlay During Year Was Over Four Billion

The government spent around \$4,500,000,000 of emergency money the fiscal year but nearly half of it bore a return address.

How much of that will come back remains—ostensibly at least—and is a debated point.

The best available figures indicate that about \$2,000,000,000 was used for loans, federal credit projects, and other channels where it was an asset.

The rest of the \$4,500,000,000 has gone out the window with no strings attached, for emergency relief, civil works, civilian conservation activities, highways, hog purchasing and other welfare enterprises.

Some administration critics assert the nation's till has bid goodbye to nearly all its emergency dollars. Officials of the agencies concerned say most of the government's loans and investments represent real assets.

GROGERS AND UNDERTAKER CLUB ROUT OPPONENTS IN LIONS CLUB LEAGUE TILTS

Latter Organization Accounts For Fifty Runs In Game Thursday Afternoon

Tom Marsh's Grocery crew and the aggregation of Undertakers piloted by Bob Hubbard stepped ahead during the past week to claim sweeping victories over their opponents, the Oilers and Ginners. It was the first decisive victory won by the grocerymen during the Lions Club league season.

Thursday afternoon Hubbard and his crew accounted for the half hundred run record, while Jake Richardson and his Oilers were able to make only 14.

Monday afternoon Marsh led his men to victory against Raymond Gary's Ginners. The score was 24 to 10.

Men selected from the four teams are meeting this week for practice in preparation for the scheduled game with the Lions at Big Spring.

ANOTHER PIONEER OF THIS SECTION PASSES IN DEATH SATURDAY OF MRS. REESE

Late Citizen Had Been In Ill Health Several Months; Burial In Abilene

In the death of Mrs. J. B. Reese, 85, who succumbed at the family residence in Colorado Saturday morning at 9 o'clock, another of the pioneers identified with West Texas through many years passed. Mrs. Reese died following an illness lasting several months.

Funeral rites were conducted at the family residence Sunday morning at 6:30 o'clock with the Rev. Alex B. Hanson, pastor of All Saints Episcopal church, officiating. Accompanied by friends and relatives the body was borne overland to Abilene in a Jones, Russell-Company funeral coach where burial was had at 9:45.

Grave-side rites were conducted at the Masonic cemetery in Abilene by Rev. Willis P. Gerhart, pastor of the Heavenly Rest Episcopal church of that city. Burial was in the family lot beside graves of two children, Joseph B. and Katie Reese.

Mr. and Mrs. Reese came to Colorado in 1908 from Abilene where they had resided since the early 80's. She came to Abilene as a young woman with her father, William Lee, and a sister, Elizabeth Lee, both of whom died in Abilene many years ago and are buried in the family lot.

Mrs. Reese and her father and sister were charter members of the Heavenly Rest parish in Abilene, among the early Episcopal churches in West Texas. Mr. Lee, who was a building contractor, assisted in 1883-84, in constructing a part of the present stone building now used by the church. One of the church windows was placed as a memorial to Mr. Lee and Miss Elizabeth Lee.

Survivors are the aged husband, who has been greatly shocked by the passing of his life companion. Mr. Reese was not able to attend the funeral services in Abilene but did attend services given in the residence here Sunday morning. One daughter, Mrs. John L. Doss of Colorado and three sons, Clifford Reese of Placida, California; C. Blakemore Reese of Rancagua, Chili, South America, and J. L. Reese of Houston are other survivors.

Active pall bearers were T. W. Stonerod, Jr.; E. L. Wulfjen, O. B. Price, Thos. R. Smith, Bennett Scott, G. V. Harrison and A. B. Blanks. Funeral plans were under the direction of Jones, Russell Company.

GREATEST RESERVE CAPACITY for Unusually HOT DAYS ELECTRIC REFRIGERATORS

No matter how hot it is outside, it's always 50° or less in your ELECTRIC Refrigerator

Designed specifically to meet the unusual demands of Texas' summers, Electric Refrigerators have proved their ability to maintain a correct temperature of 50 degrees or less constantly regardless of outside temperatures. Electric Refrigerators are built with tremendous surplus power for no other reason than to offset the continued blistering heat so common in the Southwest.

Prices are low — operating costs are low — maintenance costs are negligible — so buy safe, dependable Electric Refrigeration.

FIRST BAPTIST CHURCH
I am spending one week with my preacher brother in a revival at Atwell, Callahan county. I had hoped to get freed from this engagement to be at home for the next three weeks. But conditions over which I have no power made it all but impossible for me to resist the appeal to come here for these six days. My brother has recently passed through a distressing sorrow in the loss by death of a 17-year-old son, and at present time he has five children suffering from Scarlet fever. In spite of these hindrances and handicaps, we have hopes of a good meeting. We are under an old-fashioned brush arbor, and large crowds are in attendance.

We expect to be at home for all services in our church next Sunday. In fact our present plans will permit us to be in the pulpit and with the Amigos class for three consecutive Sundays. We have only one other revival scheduled for the summer.

We hope to see you in the services next Sunday. Remember us and the meeting in your prayers.
DICK O'BRIEN, Pastor.
