INCREASED COTTON YIELDS SEEN IN LATE PRODUCTION TO OPEN AS FROST FALLS.

'Second Crop' Reported By Planters In Scattered Areas Of County

Cotton production in Mitchell county from the present crop will be boosted to an undetermined estimate after Jack Frost makes his first visit to the fields to lend speed to opening of late bolls now maturing. In some localities of the county a considerable amount of the commodity will be harvested from that source.

Judge C. H. Earnest estimates that the late crop on his farms east of Colorado will increase the yield considerably. There are some fields of cotton owned by him in which the weed is literally loaded with mature bolls. "These," he explained to a representative of The Record Friday afternoon, "will open after frost comes, and you can see for yourself that there is a considerable number of them."

NATIONAL TAX-EXEMPTION CERTIFICATE POOL CLOSES SOON, COUNTY AGENT SAYS

Farmers Should Conclude All Details Without Delay, Baskin Announces

"We have just received official notice from Mr. B. L. Deal, manager of the National Pool, Washington, D. C., that the official closing date for the Pool will be Saturday, November 10th, 1934. This means that every farmer having a surplus of Tax Exemption Certificates that they wish to place in the Pool should do so on or before the 10th of November. The sooner a person places the certificates in the Pool the sooner the sales will be made, and therefore the sooner the checks and unsold certificates will be returned to the producer," said B. J. Baskin, County Agent, in a conversation with the editor Monday.

"The manner in which the Pool will be handled is as follows: In case 50 percent of the Certificates are sold, each man placing certificates in the Pool will receive 40 percent of the small selling charge on 30 percent of the certificates he placed in the Pool and the other 70 percent of the certificates will be returned to the owner of the certificates. Certificates not used this year will be good in 1935.

"It seems to be the opinion of a great number of the farmers that they should be finished with their certificates to the Pool. Such is not true. Anyone desiring to turn in their certificates may do so by bringing them to the county agent's office, telling Mr. Goodwin how many pounds they will need to finish this crop and he will deduct from their certificates only the number of pounds they wish to turn into the Pool. To date the National Pool has order for about 500,000 bales and only have certificates on hand to cover about 200,000 bales. It is easy to see from this that there is an immediate demand for the certificates."

MACHINE DRIVEN BY ROSS HARGROVE STRUCK AT OAK STREET CROSSING, BURNED

Accident Said To Have Been Unavoidable; Vision Was Cut Off By Box Cars

Ross Hargrove, son of Mrs. R. F. Hargrove of 843 Chesnut street, escaped possible death or serious injury Thursday morning when a heavily loaded truck and trailer being driven by him were demolished in crash with an eastbound Texas & Pacific passenger train at the Oak street crossing. Report given The Record Thursday afternoon by Dr. Harold Lindley, attending physician, indicated that the youth's greatest injury was from shock.

Impact of the crash hurled Hargrove clear of his truck cab and clear of the train, witnesses to the accident say. The trailer, loaded with coal, was demolished and strewn along south side of the tracks. Hargrove and the truck were thrown to north side of the tracks, the latter being dragged several feet before Engineer J. R. Kennedy could bring his train to stop. The demolished truck was ignited and burned.

After receiving emergency aid at scene of the crash Hargrove was taken to his mother's residence in care of Police Chief Dick Hickman. He is employed by Chester Jones, Colorado cattleman, and had just loaded out with coal from warehouse of the Chesnut street station company for the Jones ranch.

"I am not in position to say just how badly the youth is injured," Dr. Lindley told this newspaper just before going to press Thursday afternoon. "I am hopeful, however, that his most severe hurts were from shock, but I have not concluded my examination and it will not be known for a time whether or not he sustained serious injury."

Conductor Tom Britance in charge of the train, No. 2 due to arrive in Colorado at 8:05 A. M., stopped and held his train here several minutes while details of the accident were being checked by officers and rail representatives.

Presence of a pair of ladies shoes on debris of the truck caused concern for a time, it being feared that they might have been worn by another passenger in the ill-fated truck.

A niece of Mrs. Hargrove, Arcena Farr, of Tulsa, Oklahoma, enroute by bus to Arizona, arrived in town shortly after the accident and called her aunt by telephone. When informed of the boy's injuries, the passenger, a registered nurse, obtained an extension on her ticket and went to personally attend the Hargrove youth.

Admission to the show grounds will be free to school children during those hours, and they can see any how or ride any ride for five cents.

A concerted gesture on the part of Colorado clubwomen to honor members of the Sixth District, Texas Federated Music Clubs, who were guests of the Colorado Music Club for their annual convention last Friday and Saturday, was the seated tea given at the country club Friday afternoon at 4:30.

An autumn air was given the clubroom by bowls and baskets of autumn flowers. Marigolds in a silver bowl standing on a reflector graced the registration table where Mrs. E. L. Latham presided. Baskets of bleeding heart were on either side of the piano.

Forming a background for the fine arts numbers which were presented on the program were the white candles which burned in tall candelabra of wrought iron on either side of the piano and in a matching candelabrum on the piano.

Guests were met at the door by Mrs. Bill Dorn and Mrs. George Mahon, members of two of the hostess clubs. Mrs. W. L. Doss, Jr., president of the Mitchell County Federation, headed the receiving line, in which stood the following state and district music federation officials: club presidents, and state board members.

State officers: Mrs. L. P. Cole of Amarillo, president; Mrs. Grace Godard of Houston, corresponding secretary; Mrs. Robert Wyle of Abilene, second vice-president.

District officers: Miss Lucille Sking of San Angelo, president; Miss Art Johnson of Eastland, vice-president; Mrs. W. E. Martin of Lometa, treasurer; Mrs. B. H. Meskimen of Colorado, auditor; Miss Maxine Murdock of Ogden, secretary.

Club presidents: Mrs. P. P. Shepherd of Cisco, Mrs. John D. H. Tester of San Angelo, Mrs. Homer Snyder of Snyder, Mrs. A. D. Whisenant of Abilene, and Mrs. John H. Hubbard of Sweetwater.

State board members: Mrs. Monroe Cheney of Coleman, Mrs. Elmer Spens of Snyder, and Mrs. John Perry of Sweetwater.

A number of these women hold two or three different offices. Mrs.

Joseph W. Perkins of Eastland, president of the Sixth District, Texas Federated Clubs, was also in the receiving line.

Placed at intervals in the line were the following women representing the hostess clubs: Mrs. S. H. Millwee of the Hesperian Club, Mrs. H. B. Broadbuss of the 1921 Study Club, Mrs. Jake Richardson of the Zetaphian Club, and Mrs. H. G. Whitmore of the Self Culture Club.

A greeting was given by Mrs. A. L. Whipple of the Hesperian club, who headed the committee in charge of arrangements for the tea. Mrs. Whipple introduced the Fine Arts program.

First on the program was a solo by Mrs. Sheehan of Snyder, accompanied by Mrs. J. C. Pritchett of that place. Mrs. Sheehan sang "Ah, I Have Sighed to Rest Me," from Verdi's "Il-Trovatore," Miss Catherine Carter of Sweetwater, violinist, offered "Sarasate's 'Gypsy Airs.'" Mrs. McClure of Sweetwater was her accompanist.

Mrs. Lulu Mae Carlton, who sang two numbers, was accompanied by Mrs. E. L. Latham. The Schubert Singers of Abilene, composed of Mesdames Robert Wyle, L. C. Johns, Leila Grimes, and Roy Dodge, came last on the program. Their accompaniment was played by Mrs. A. D. Whisenant.

Mrs. Randolph McHenry and Mrs. Ed Jones, Jr., were at the dining room door. Girls who assisted in serving were Miss Mary Frances Majors, Miss Lois Eloise Burdine, Miss Gladys Louise Jones, and Miss Mary Louise Melton.

Tea was poured during the early part of the afternoon by Mrs. J. G. Merritt and Mrs. A. L. Whipple. They were relieved by Mrs. J. E. McClure and Mrs. Sam Majors.

The tea table, covered with lace over yellow cloth, was centered with yellow chrysanthemums. Tall yellow tapers in silver holders, burned at either end, gleaming on the tea service.

A short course and cake were served with the tea.

ASSEMBLY PROGRAM

Last Tuesday we were honored by an address by Mr. Watson, our superintendent.

He began his talk by asking us how we liked the school, the student body, the year, the football team, the teachers and the classes. He also asked us if we had enough friends and desirable things of life. If we did not we might some day get what we wanted. He told the following story to illustrate his point.

There were two Mexican cowboys working in the Big Bend of the Rio. These Mexicans were friends but were opposite in disposition. As they rose early one morning the optimistic of the two remarked how beautiful the mesquite trees were with their lacy leaves and bright beans. The pessimist looked at the trees and the prairie and replied that all was ugly as everything that he could see had thorns on it and was ready to do one harm.

That night the two lay down and slept. The pessimist saw a beautiful woman in a dream who promised him a beautiful flower because she had heard what he had said and was sorry for him. When he awoke by his pallet was a beautiful flower that had no thorns on it in any way.

Even though this life may look to be all thorns, someday perhaps, we shall also have a beautiful flower at our side in the form of the things that we have always wanted.

ASSEMBLY PROGRAM

Last Wednesday the High School was honored by having Mr. Harvey speak to us.

He opened his address with these words: "The fool has said in his heart, 'there is no God.'" During this age of depression a generation has developed that seems to be doubting many great things. Many people have begun to doubt that there is a God and that He made everything. If one will stop and look at the world about him he cannot doubt that there is a God.

To illustrate this point Mr. Harvey told the following story: "Benjamin Franklin had a caller who did not believe in God. Before the caller arrived Ben made an exact, movable copy of the universe and set it behind a screen. When the guest arrived Ben removed the screen and showed him the model. The man looked at it and said, 'Who made it?' 'No one,' Ben replied, 'it just happened.' Therefore, Franklin said, 'I hope you can see how the universe did not just happen but that it had a guiding hand to make it and to keep it as it is.'"

PEP SQUAD WENT TO SAN ANGELO

There were twenty-five of the pep squad who went to San Angelo. Twenty-three of them rode in the new school bus and two went in a car. Miss Barrett and Mrs. Reese were in the bus with them. All the way over there the girls sang and yelled. The leader tried to make them save their voices, but could not. They arrived there about fifteen minutes until eight and had to rush to get some supper. There were five of the girls that ordered a chicken dinner and delayed us awhile. We got to the field just a little while before the game started. They were all very sorry we lost the game but it did not keep us from having a good time. When they started from the field they walked to a place to eat and then started home.

Lois Jenkins made her a bed under the seat and went to sleep. We hope she felt well the next day. The ones that rode on the seats were a little sore the next day, so how was Lois feeling? Mrs. Reese rode on the back seat going but we noticed she sat in the front coming back. She must not like rough riding. We got home at 1:30 and a good time was had by all. We appreciate everything that the people did to get us over there. SARAH MELTON.

COMMERCIAL NEWS

Miss Edgar Ellen Wilson, assistant State superintendent in Elementary Education, and Miss Mann, our district supervisor, visited the Vocational classes Friday afternoon. Miss Wilson talked to the Vocational students. She encouraged shorthand and typing. She also stated that some of the students in the department at Austin were going to night school, to take typing and shorthand, in order to hold their positions. She believes the time is coming when every high school pupil will be forced

to have credits in typing and shorthand before ne graduates.

All of the students, as well as Miss Cooper, are looking forward to the visit of Miss Laura Murray this week. A letter was received from Mr. Fern, Texas University, stating that she would be here in ten days. Miss Murray, State Teachers Training in Vocational work, is from Texas University.

The high school students had their six-weeks examinations last week. The averages in bookkeeping were not so high, but their work shows improvement in the last two weeks.

The typing students have unusually high averages for this time of the year. Nina Laura Smith has the highest average of the class.

Miss Dobbs, a member of our town Vocational class, secured a permanent position with the Mitchell County Times. She still comes for part of her work on Friday. The class is missing her.

LA TERTULIA

Spanish II Club met Monday, Oct. 22. Lydia Mae Viles gave a report on "Mexico's Minimum Wage Law." And in a recent report we find Mexico is enjoying a period of prosperity and is not suffering from the minimum wage law.

The next two reports dealt with an imaginary visit to our neighbors in South America that the Spanish III Club is making. A report on the continent of South America was given by Joe Cooper. The country was colonized by Europeans of different races. The government, wealth, and education are mostly in the hands of the people with most white blood. Even though South America is very rich in resources many of the people are very poor.

Buster Aycock reported on a Voyage to the Rubber Region and Rolling Down the Rio. These reports begin a series which will carry us through all the South American countries.

SENIOR NEWS

The Seniors met and voted on class mothers last week. The results will be announced at a future class meeting. Plans for our Halloween party are advancing rapidly. The entertainment committee consisting of Mirl Garner, George Kiker, and Viola Wulfjen have met with Mr. Coffman to discuss the nature of the entertainment while the arrangement committee of Brady Warren, Mabel Cooper, and Lydia Mae Viles are working with Mr. Crodin. Come on, Seniors, let's make this a real Halloween party!

Poor Lena! She doesn't seem able to hang on to a car any more. It was an interesting scene, indeed, to see her holding a shoe in one hand while rubbing her head with the other.

Miss Barrett is learning several things from our examination papers on Macbeth. On one she found the following: "After the first murder of Duncan" so she wonders how many times Duncan could have been murdered. So do we. The Jenkins Twins are traveling entirely too much lately. After spending Sunday in San Angelo and singing at a banquet in the Hilton Hotel, they motored Monday to Abilene with Mr. and Mrs. Wilkins to see the show "Dames."

JUNIOR NEWS

What's this we hear about some of our Juniors turning into chorus girls? It looks as if some of our Junior boys are going to be real football heroes. Could it be Buzzy Regal, Rutherford, Roy, or some of the others? Well Juniors we never thought it would come to this! Eleanor Hagler seems to have a Frenchman on her hands! Several Juniors attended the game Friday night. That's right Juniors back your team! You know it's up to us next year. Just a tip, in case—you needn't expect Regal, Buzzy or Roy to have their lessons for the next two weeks. You see they just can't resist the carnival. We are proud of our Junior pep leaders.

RUTH WRIGHT.

SOPHOMORE NEWS

A group of Colorado high school girls displayed some unsuspected talents by dancing and singing in a chorus in the "Dixie Blackbirds Minstrel" which was held at the Palace Theatre last Tuesday night. Those girls were: Etta Fern Harkins, Virginia Reest, Hazel Grubbs, Marybel Crosthwaite, and Hazel Jim Gray. Everybody enjoyed the performance—we hope! Some of our Sophomore girls went to San Angelo with the pep squad Friday. Lucille Bodine took a few girls to San Angelo in her car. Among them were these: Fuzzy Reese, Virginia Reese, Annetta Lacy, Abbie Bodine, Hazel Jim, Ruth Wright, Lydia Mae Viles, and Lucille. Of course they had a big time going over and also coming back. Carlton (Burt) went to see a sick Freshman the other night. J. C. Priestler was sick Wednesday evening.

DR. REA, Well Known American Physician, NEXT VISIT COLORADO COLORADO HOTEL THURSDAY, NOV. 8TH ONE DAY ONLY HOURS—10 A. M. to 4 P. M.

The following song was first heard forty or fifty years ago at a celebration in Colorado, Texas, which was then a young town, later sung at a Southwestern Cattleman's Association in Fort Worth, Texas. Here are the words to the song. In the lobby of a big hotel, in New York town one day. Sat a bunch of fellows telling yarns to pass the time away. They told of places where they'd been and different sights they'd seen; Some of them praised Chicago town and others New Orleans. In a corner in an old armchair sat a man whose hair was gray; He listened to them eagerly, to what they had to say. They asked him where he'd like to be; his clear old voice did ring: "I'd like to be in Texas when they roundup in the Spring."

Chorus I can see the cattle grazing over the hills at early morn; I can see the campfires smoking at the breaking of the dawn; I can hear the broncos neighing; I can hear the cowboys sing! I'd like to be in Texas when they roundup in the spring.

They all sat still and listened to each word he had to say; They knew the old man sitting there had once been young and gay. They asked him for a story of his life upon the plains; He slowly then removed his hat and quietly thus began: "I've seen them stampede over the hills until you'd think they'd never stop; I've seen them run for miles and miles until their leader dropped. I was foreman on a cow ranch—the calling of a king. I'd like to be in Texas when they roundup in the Spring."

There's a grave in sunny Texas where Mollie Deming sleeps, Mid-a grave of mossy liveoaks that constant vigil keeps. In my heart's a recollection of a long, long by-gone day When we rode the range together like truant kids astray. Her gentle spirit calls me in the watches of the night, And I hear her laughter freshening the dew of early light. Yes, I was foreman of that cow ranch—the calling of a king, And I'd like to be in Texas when they roundup in the Spring.

Interested Group Hears The Rev. Mr. Hanson Review New Religious Novel

Manifesting keen interest, a group of women heard the Rev. Alex B. Hanson of All Saints' Episcopal Church review the religious novel, "Four Princes" or "The Growth of a Kingdom," by James A. B. Scherer Tuesday afternoon at the church.

"Scherer is a brilliant author," the Rev. Mr. Hanson stated in his review. "In his book he causes four men, Paul, Constantine, Bernard and Martin Luther to walk across the stage and in their church history is made personal. Paul planted the seed far and wide 'over the ancient world,' leaving in every city a small congregation split off from the former Jewish congregation.

"Constantine, coming after the Christian church had been supposed forever to have disappeared in a deluge of blood, made Christianity the state religion. And, by his removal from Rome to Constantinople, left Rome ready for the development of the Papacy.

"Bernard, living in the dark ages, after the barbarian invasions had left Europe with a fraction of its normal population, helped to keep alive the feeble ray of truth that was left. And Martin Luther, in the fullness of time, restored the Bible to the homes of the people, and freedom to the Christian conscience, thereby becoming the father of all Protestant denominations."

LOCAL TAILOR PUZZLED AFTER FINDING \$5 BILL IN PUBLISHER'S POCKET

How that a newspaper man would become the possessor of a five dollar bill during depressed times such as these, supplied a riddle for a Colorado tailor to solve Monday morning.

"Where is Walter Whipple? I just found this five dollar bill in his pants pocket and wondered whether there was a mistake somewhere?" exclaimed R. H. Barber, employee at Pond & Merritt's as he rushed into The Record office holding the currency aloft.

Whipple explained that a patron met him in the street Saturday and paid the money in exchange for a year's subscription to this paper and a well known West Texas daily. The combination clubbing price was listed at \$5.

"I carried that money around in my pants for the sake of realizing just how one might feel to have cash in his pockets again," Whipple concluded.

BEARDLESS BOYS CONFESS ROBBERY WITH FIRE ARMS

GUNMEN TAKE AUTO, CASH FROM COLORADO YOUTH IN HOLD-UP SATURDAY NIGHT

Second Car Stolen Here And Station Operator Beaten Up, Police Informed

Things operating in Colorado and vicinity Saturday night relieved one citizen of a new Ford V-8 automobile, stole another machine from its parking place in front of a Colorado residence and beat up operator of a West Point avenue service station after calling him out into the darkness.

While driving on a country lane near Loraine Jim Venable and his girl companion were accosted by two men in another machine. One of the thugs wielded a gun while the other relieved Venable of \$11 in cash and then the gunmen drove off in Venable's machine, a new Ford coach bought just a week before and having been driven less than 400 miles.

Car in which the gunmen drove up to scene of the hijacking was stolen from E. O. Evans of the Ada community in Sweetwater a short time before. It was disabled by the thugs, forcing Venable and his companion to walk some distance before hailing a passing motorist who brought them into Loraine where the theft was reported to officials.

J. W. Mann of Crosbyton and Bill Slaughter of near Roscoe, charged with robbery of Venable, Wednesday morning are reported to have confessed to District Attorney George Mahon that they held the Colorado youth at the point of a gun and took his car and money. The boys, said to be only 18 years of age, were arrested in Canyon Tuesday night and returned to Colorado where they are being held in jail. The car, shown by its speedometer to have been driven 1,700 miles, was recovered.

The state will ask indictments against the pair charging robbery with firearms. Mr. Mahon told The Record Thursday morning. Mr. Mahon hopes to obtain this legal procedure soon after the grand jury reconvenes November 2 and to try the accused during present term of 32nd district court.

The youths when arrested were accompanied by two young women who gave their residence as Hobbs, New Mexico. Both were armed. Canyon police officials reported to Sheriff Gregory and Constable Delaney who drove to that city Tuesday night to bring the prisoners to Colorado.

The sedan of W. A. Morgan was pushed from in front of his residence in Colorado Saturday night by a gang of unidentified thieves. Neighbors detected the men rolling the car down the street but did not get the information to either Morgan or the authorities until the motor was start-

Local Lions Come From Behind To Defeat Snyder In Benefit Ball Game Staged Here

It looked like another day for Snyder Lions when the visitors Tuesday afternoon ran up a lead of five to nothing over the local club at Cantrill Field. Colorado rallied, however, and came from behind to check the Jake Smythe outfit and ended the melee winner. The score was 8 to 6.

It was another of those sensational entertainment features, made so by the feminine costumes worn by members of the opposing teams and other Lions. Receipts received from sale of over 500 tickets at ten cents each will go into the club's blind fund.

Snyder effected a couple of runs in the first inning. Another pair of scores were earned during the second and early in the third, fifth consecutive run for the visitors was chalked up. It was there that Colorado got the breaks for a couple of runs. Three runs were made by the locals in the fifth and three in the sixth.

This was the second consecutive time for Colorado to win over the Snyder club. Tuesday of last week victory was annexed in a 7 to 3 scoring melee. Two weeks before Snyder ran over Colorado 24 to 14 in game played at Cantrill Field.

Pool Loans Of \$10 Per Bale Offered Mitchell Planters

An additional pool loan of \$10 per bale of all cotton entered in government contracts last year is available, Ben J. Haskin, county farm agent, told The Record Tuesday morning. The initial pool was \$20 per bale. The loans will be available, plus carrying charges to all cotton producers who last year entered the commodity in federal pool, the agent said. Over 3,000 bales were placed in these contracts, he concluded.

FOUR PERCENT MITCHELL SCHOOL CHILDREN HAVE TB, AUTHORITY DECLARES

Four percent of the 3,800 school children in Mitchell county have the infectious germs of tuberculosis in their bodies, Dr. R. S. Norris, manager of the children's hospital at State Sanatorium, said in an address before district meeting here Wednesday morning. Such a percentage has been found to exist among the children of Texas, he explained. The physician estimated there are 62,000 school children in the state who have bacilli of the disease.

FEED, SEED, ALLOWANCES FOR PURE-BRED ANIMALS OFFERED BREEDERS HERE

Regional Manager Looking To Protection Of Foundation Herds In Drouth Area

"Farmers and stockowners in the primary drought areas may now obtain feed loan allowances for pure-bred cows, heifers or bulls required for breeding purposes since April 1, 1934," according to a statement today by Charles W. Sherrill, Regional Manager of the Emergency Crop and Feed Loan Office, Farm Credit Administration, at Dallas. Previously, loans were not made to purchase feed for stock acquired after April 1.

"The feed loans for recently acquired stock," Mr. Sherrill said, "will enable cattlemen in the drought areas to keep up their foundation herds." No advances will be made to purchase feed for newly acquired stock brought into drought areas from another state or for animals acquired from a person who did not own them prior to April 1. The total number of cattle including newly acquired stock, for which feed loan allowances are now available may not exceed the number owned on October 1, or the number which the applicant will own after culling his herd in accordance with the requirements of the cattle purchase program.

Since early in July, when the emergency feed loans were first made available, more than 52,000 of such loans and supplemental advances have been made, totaling over \$2,900,000. The loans are disbursed from the drought relief appropriation approved June 19, 1934. Applications may be made to the local crop and feed loan committee in the approved June 19, 1934. Application may be made to the local crop and feed loan committee in the applicant's county. The Dallas office serves the states of Texas, Arizona, and New Mexico.

CHEVROLET OFFERING NEW FIVE PASSENGER CAR FOR CONSIDERATION OF PUBLIC

Four-Door Sedan To Sell At \$100 Below Master Model Fully Equipped

For the first time since Chevrolet added the Standard six in 1933, a four-door five-passenger sedan is now included in its lower priced line. In announcing the new model as an addition to the 1934 Standards, Chevrolet Motor Company declares it to be the lowest priced four-door sedan in the field of sixes and eights. Its list price is \$540, or \$100 under the Master four-door sedan.

The major new feature in styling is the treatment of the rear end, where the body panels extend low in an unbroken contour to cover the back of the chassis. This construction does away with the rear cross-member cover, and provides a smooth, sweeping effect. The rear tire carrier and the rear bumper supports extend through openings in the body panels, as does the gasoline tank filler-neck.

Comfort for rear seat passengers is improved by provision for extra leg room, the back of the front seats being deeply recessed, giving plenty of space for a built-in foot rest. Maximum elbow room is obtained by means of deep recesses in the sides of the body above large arm seats. A capacious pocket in the back of the front seat is an added convenience. Upholstery is of mohair material of a new shade and texture, set off by harmonizing head-lining.

Equipment features include an adjustable sun-shade at the driver's seat, button type latches for locking doors, dome light, and rear window curtain.

The front doors are equipped with no draft vent-panels, fitted with exterior rain shields.

IN MEMORY OF MOTHER

Mrs. May Morrow Died Oct. 15, 1933
It was just one year ago, dear,
Soon after the break of day
That God looked into my little home,
And then called you away.

The year has been long and lonely,
I've missed your sweet smile every day,
And I've longed for your hand on my forehead
When discouragingly dark seemed the way.

And often when the great eastern skies, dear,
Are in colors of brilliant hue
I recall that it was early morning
When His message came here to you.

But I know there will be a new dawning
At the break of eternity's day,
When our cares here on earth are forgotten
And goodbye we never will say.

MRS. LON MORGAN.

Acreeage Cut To Be Continued In 1935 Secretary States

The South's cotton growers were told Saturday by Secretary Wallace that there would be a crop limitation program for the staple in 1935.

The announcement, however, did not reveal the percentage of acreage reduction that would be required, nor how much the growers would receive for their curtailment.

Although no decision has been made, present indications are that the planting of about 31,000,000 acres will be the AAA goal for 1935 and that the terms of payment will be similar to those this year.

The fact that an adjustment program for cotton would be continued in 1935 apparently has been taken for granted in the South. About the only disclosure in the announcement today was that producers who did not sign the 1934-35 contract would be given an opportunity to join the next year's program.

The statement issued at Washington emphasized that the secretary's announcement was not the formal proclamation required by the cotton act. This must be issued not later than Dec. 1. It will tell the farmer just how many acres he is to retire from cultivation and how much he is to be paid for it.

Bauman News

We want to urge that the voters of Bauman School District vote against an amendment embodied in Senate Joint Resolution No. 13 to amend Section 3 Article 8 of the State Constitution. This amendment, along with several others, will be presented to the voter on November 6. This amendment is not a tax reduction amendment as it appears to be on the surface, but merely a tax shifting amendment. If allowed to pass, the burden of taxation will be shifted from the wealthy corporations, that are able to pay, to the shoulders of the small property owners. It is a scheme of the wealthy class to wiggle out from under the burden of helping carry on the expense of our government and place the responsibility upon those less fortunate.

Vote against this amendment by striking out the paragraph beginning with the proposition "For." Leave untouched the paragraph beginning with the word "Against."

The attendance at Sunday School fell off last Sunday. This coming Saturday night and Sunday is regular preaching day. You are invited to attend these services.

The Bauman teachers entertained members of the Parent Teacher Association with a social last Friday night. After playing several games of 42, refreshments of lemonade and cake was served to approximately 50 people. The P. T. A. will meet in regular business session of Friday night, November 2.

The singing at Bauman last Tuesday night was reported to have been better than usual. You are invited to attend these singings each Tuesday night.

Miss Hattie May Wiggins underwent an operation for appendicitis at Sweetwater last Monday week. She was removed to the home of an uncle, Mr. Alvin Brown of Lorainne, last Saturday and is reported to be doing well.

Mr. and Mrs. D. C. Stubbfield and children returned to their home in the Bauman community last Saturday after visiting several days in California.

Mr. and Mrs. Clyde Slaughter and daughter from Wastella are visiting in the home of Mr. Jim Lee this week.

Mr. Elmer Thomas from Comanche county visited his brother Mr. Floyd Thomas last Sunday night.

Mr. Roscoe Hudgins returned to Hobbs, New Mexico, last Sunday

morning. Roscoe has been working in that section of the country most all the fall.

Mr. J. C. Freeman from Lubbock visited his mother, Mrs. Jess Lee last week.

Mr. and Mrs. Ross Marshall of Lubbock were visiting Mrs. J. C. Lee Sunday.

The Colorado Record came out in three sections last week, announcing the birthday of its thirtieth year. It is a milestone in the history of the West.

Miss Henderson Is Probably Youngest Case Supervisor In State Relief Work

Title of "youngest case supervisor in Texas" probably belongs to Miss Nellie Mae Henderson, who has held that office in the Mitchell County Relief set-up for nearly a year.

Miss Henderson contacts every relief case in the county. Any man or woman applying for relief is sent first to her and then, if considered eligible for relief, is referred to one of the eight case workers in her department. These eight are Mrs. Bonnie Bart, Miss Lena Lipps, Miss Johnny Lou Callison, Miss Marthale Henderson, Miss Ava Ben King, W. D. Hayes of Westbrook and Miss Ruth Coon of Loraine.

Each case worker investigates usually by contacting neighbors of the applicant and sometimes by personal visitation. Relief subjects assigned to her. W. R. Charters is the office's chief investigator. Recommendations for relief are made from the case workers and Charters to Miss Henderson.

Others employed in the relief office, all working under J. H. Greene, administrator, are Mrs. Bernie Grable, who is project engineer; Mrs. Joe Farr, who is in charge of feed and seed loans and government cattle buying; Miss Ditty Hughes, stenographer for administrator.

C. A. Kyle is routing agent, his duty being to assign men to the various projects. Miss Clorene Montgomery is his secretary.

Alva Hickman, certifying agent, carries the largest load of responsibility in the office other than that of Greene. Both he and Greene are heavily bonded. Miss Edna Smith is secretary to Hickman.

Miss Juanita Barton is typist for the case worker's division. Abe Dolman acts as doorman, sending relief applicants to the proper places.

R. E. D. Smith is in charge of the distribution of unpriced commodities and James Sherwin is his assistant.

Bobcats Were 'Ragged' In Annual Bout With Wolves, Blondy Cross Announces

Colorado fans witnessing slaughter of the Wolves before attack of the much heavier San Angelo Bobcats Friday night are wondering just what might have happened had the Concho outfit been in fair shape for the sports. According to Blondy Cross, sports editor on the San Angelo Standard-Times, the San Angelo lads were ragged and played rotten football through three periods.

Among other things Cross went on to say:

The Bobcats had somewhat of a letdown in their district 3 opener with the unusually weak Colorado Wolves Friday night on the Concho gridiron. For the better part of three quarters, the San Angelo high school team appeared very tumbled and erratic. The boys didn't stack up as any title menace. But they finally wore down the light Colorado team and in the fourth quarter burst across for 26 points to win the game by a 39-to-0 margin.

Maybe the Concho kids just naturally were in for a letdown. This game followed four very rough alterations. They had fought at a brave pace on four consecutive week-ends. They had gone down fighting the last two previous week-ends before onslaughts by the heavy Abilene and Ranger elevens.

Yes, maybe it was time to be caught off-color. The youngsters could have picked no better spot.

The Bobcats with their off-color performance Friday night displayed occasional flashes of real ability. The club indicated that when it is in there gunning at top speed it may cause Big Spring, for instance, the district favorite, some anguish.

The Cats didn't take long to nail a touchdown. They were in there

program on Friday night. The songs were, "Wagon Wheels," "How Do I Know Its Sunday," "I'll String Along With You," "Down By The Old Mill Stream."

The club met Thursday, Oct. 18, with all its members present. The club period was taken up practicing on songs for P.-T. A. program.
