DUBLIN WOMAN SERIOUSLY INJURED WHEN TRUCK AND CAR CRASH NEAR LORRAINE

Mrs. Pearson Barber Has Leg And Jaw Bone Broken; Is Taken To Abilene

Mrs. Pearson Barber of Dublin was seriously injured when the car in which she was traveling featured in collision with a Whitaker Baker delivery truck at Loraine Friday morning. Mrs. Pearson sustained a badly fractured leg, broken jaw bone and other injuries. G. W. Whitaker, driver of the delivery truck, escaped with only a few slight bruises.

Mrs. Barber was given emergency medical attention by Dr. T. A. Martin of Loraine and later removed to the West Texas Baptist Hospital in Abilene in a Kiker & Son ambulance. Hospital attendants reported later that while her hurts were serious it was not believed Mrs. Barber was fatally injured.

Mrs. Barber, accompanied by her 18-month-old son and Mark Hartman, also of Dublin, was enroute home after a visit in the home of P. A. Burnett of Colorado. Whitaker, alone in the delivery truck, was making regular rounds to deliver bakery products when the two machines crashed.

Walter Peters, Jr., 16, of Big Spring, sustained a fractured skull and other injuries when the car in which he and others were driving west collided with another car on a bridge near Merkel Friday. Four other persons in the car were seriously hurt. They had driven through Colorado only a short time before.

Others injured in the collision near Merkel were: W. I. Peters, Sr., Merkel grocer who recently moved to Big Spring, back injury—probably a fractured vertebrae, bruises and cuts.

A. R. Wren, Dallas, head lacerations and bruises.
George R. Ball, Rising Star, about 65, lacerations and bruises of the head and face.

Jack Nesbitt, Fluvanna, 20, cheek lacerations.
The mishap occurred when a tire on the Wren machine blew out and threw the automobile head-on in the path of the Peters machine. Both cars were practically demolished.

Peters was enroute to Big Spring and Wren was going to Dallas. At Fluvanna, Wren had taken Nesbitt and the aged Rising Star man on as passengers.

METHODISTS REPORT GOOD YEAR'S START AT QUARTERLY MEET

Long of Sweetwater, presiding elder of the Sweetwater district, was in charge of the meeting during the reading of reports. Finances were reported paid in full to date and conference benevolences for the year provided for.
Report of the pastor, the Rev. Cal C. Wright, showed a number of conversions at regular Sunday services and sixteen additions to the church since the first of the year.

FARMERS RECEIVED BIG SHARE OF RELIEF FUND AUTHORIZED LAST YEAR

Total cash income of farmers during 1934 Saturday was reported at Washington by the Bureau of Agricultural Economics to have totaled \$6,091,000,000 (billions).

This represented an increase of \$1,040,000,000 (billion) over 1933, being made up of increases of \$645,000,000 from marketings of crops and live stock and \$395,000,000 from benefit payments and sales of live stock to the Government.

Income from all sources during December totaled \$488,000,000, compared with \$561,000,000 in November and \$429,000,000 in December, 1933, the bureau said.

The decrease from November to December was more than usual because income from live stock and live stock products declined instead of making the usual seasonal increase. Unfavorable weather for feeding over wide areas and a shortage of feed resulted in a marked decline in marketing of butterfat and eggs during December.

Fifty Percent Calf Crop Predicted By Mitchell Ranchers

The Spring calf crop is to be one of the shortest known to the cattle industry in this section for several years, according to opinion of Lay Powell and O. F. Jones, operators of extensive ranching interests. Powell advanced belief that the increase would be less than fifty percent of normal.

How that range cattle are keeping in fair condition on the dry grass that for several months has prevailed was puzzling to the cattlemen. Unless rain comes soon to assure a Spring grass crop on the range extensive feeding will have to be resorted to.

France's national anthem, the Marseillaise, was once a forbidden song in that country. It was sung so enthusiastically by French revolutionists and employed as accompaniment to so many horrible deeds that it was considered dangerous and forbidden.

Fifty Members Of W.M.S. At Meeting On Last Monday

A program of "Promise and Praise" was the opening feature of a well-attended meeting of the Methodist Missionary Society in the church basement Monday evening. About fifty were present.

Mrs. J. G. Merritt presided and Mrs. W. H. Garrett of the devotional. Mrs. Garrett's assistants were Mrs. Benton Templeton and Mrs. Ben Cooper. The songs, "Love Divine" and "Faith of Our Fathers," were sung.

The treasurer's report, given by Mrs. J. W. Shepperd, opened the business meeting. A card of thanks from C. A. May and family was read.

The Arnett-Wulfjen circle reported 63 members, 10 of them new; quilt scraps being gathered for the Mission church; a box of supplies collected for the Wesley House at San Antonio; 19 garments given to the needy; two new subscriptions obtained for World Outlook; 49 visits made to circle members, 7 to the sick, and 3 to strangers; 24 signed pledges amounting to \$120.

Only two meetings were reported by the Flora Moreman circle, which had given a tea on the second Tuesday. One new subscription had been secured for World Outlook. The circle served a chili dinner on January 20 and cleared \$12.30, making \$17.00 now in the treasury and \$43.50 pledged by twelve members. Twenty visits to the sick had been made and seven to the poor. The circle has one new member.

Seven new members were reported by the Mary Martha circle which is piecing a silk quilt. A total of \$51.50 has been pledged by this group.

Seventeen members of the Rainbow Circle were present. They reported pledge cards signed to the amount of \$50. Fifty visits had been made to the sick and newcomers. The circle's mission study class was announced to begin Sunday afternoon at three o'clock, with "Orientals in America" as the text book.

Mrs. J. A. Ferguson, Christian Social relations superintendent, asked each member to visit the sick and report each illness, to make missionary flower beds and have a church social each quarter.

Beginning of study classes was announced by Mrs. Tom Pritchett, who will teach the Rainbow circle's first lesson in "Orientals in America" next Sunday.

Mrs. Van King was elected publicly chairman and Mrs. Shepperd was chosen treasurer to take the place of Mrs. W. L. Doss, Jr., resigned.

Mrs. Dohbs talked on law observance and temperance. A prayer by Mrs. J. A. Buchanan closed the meeting.

FUNDS FOR RENEVOLENCES AFFECTING CHILDREN HERE REALIZED THROUGH 'PARTY'

Seventy Percent of Proceeds From Presidents Ball To Lions Blind Work

Seventy percent of every dollar raised in commemoration of the President's birthday party given at the American Legion building Wednesday evening is to be diverted to the cause of aiding crippled children in Mitchell county. Rod Merritt, general chairman of the annual ball program, has announced.

Merritt stated that the funds to be kept here would be spent under supervision of the Lions Club blind committee. In an address at the Lions Club Friday Merritt stated that seventy cents out of each dollar ticket sold would remain for special work here and "They have left with me the say as to whom shall direct its expenditure, and I know of no organization that is doing a more effective work in that direction than this service club."

Offer to place the fund with the club was accepted by unanimous vote of the club membership. President Dave Bridgford spoke briefly, stating to Mr. Merritt that the impulse leading him to place the fund with the Lions club was sincerely appreciated.

Thus it is shown that dancers and those who attended the celebration on Wednesday evening only to engage in bridge or "42" may realize that they were lending assistance not only to the blotting out of a particularly vicious scourge, but were also aiding local handicapped children to take their place in the vocational world.

The Lions Club designated two special committees to assist Merritt in selling tickets to the memorial ball and sending the special birthday wire to the president. The ticket committee was composed of Jack Helton, Hayes Holman, Van Boston and W. N. Crosthwaite. The greetings committee included M. O. Chapman, J. J. Billingsley and M. L. Kirschbaum.

and from San Angelo to Snyder and Lamesa.

Among those present were Mr. and Mrs. Howard Yates and S. M. Johnston. Sweetwater; Mr. and Mrs. Paul A. Rix and Mrs. Charles Eberle, Big Spring; Mr. and Mrs. Newmie Ellis and Mr. and Mrs. John D. Schow, Midland; G. C. Hubbard, Odessa; T. C. Brannon, Lamesa; Mrs. Johnson and A. F. Taylor, Jr., of the Johnson Funeral Home, San Angelo; J. H. Black of Barstow; Mr. and Mrs. N. H. White, and J. C. Garrett, of Colorado.

"This has been the best quarterly conference I have held since we began the new year several weeks ago," was comment of the Rev. C. A. Long of Sweetwater, presiding elder, as he concluded session of the first quarterly conference at First Methodist church Wednesday evening.

RETIRING MANAGER LOCAL DRUG CONCERN IDENTIFIED WITH CITY SEVERAL YEARS

Gilbert Quinney To Maintain Residence In Colorado; Plans Not Made

Gilbert Quinney, manager for the Colorado Drug Company during the past two years, is retiring from that position effective February 1. His resignation was tendered owners of the concern several days ago. Mr. Quinney is being succeeded by Jack Mayes, until recently of Big Spring, who with his family is moving to Colorado.

Mr. Quinney told this newspaper Tuesday morning that he and Mrs. Quinney would continue to make their home in Colorado.

Quinney has been identified with the drug trade here and at Westbrook for several years. He and a brother, Floyd Quinney, were owners and managers of a drug business here several years ago and during peak of the oil boom moved the store to Westbrook. They sold the business and returned to Colorado.

A. Levy of Sweetwater, owner of the store, stated while in Colorado Tuesday afternoon that he had nothing to say the most commendatory comment to offer in reference to his late manager. "Mr. Quinney is leaving our employ with every sincere good wish and our association in a business way has proven most congenial and satisfactory," he stated.

Under management of Mr. Quinney the Colorado Drug Company has enjoyed a most liberal trade, maintaining its place as among the modern, progressive retail drug concerns in this part of the State. He would express his appreciation of every consideration extended to the business during the time of his connection with the store.

ELBERT ELLIOTT SEVERING IDENTITY WITH CONCERN HERE FOR TRAVELING POST

Assistant Manager Colorado Drug Company Goes With Chicago Corporation

Elbert O. Elliott, assistant manager of the Colorado Drug Company during the past two years, is severing his connection with that concern to accept the appointment as West Texas representative for the Abbott Laboratories of North Chicago, manufacturing pharmaceutical chemists. Colorado is to be headquarters for the concern's business in this territory.

Elliott stated to The Record that he and family would continue to make their home in Colorado. "I do not know just yet how much territory is to be finally assigned to me but I will travel over a considerable part of West Texas." Friends of the Colorado man concede the appointment a distinct promotion.

Elliott came to Colorado from Monahans in March, 1933, to become identified with the local drug company. He has been prominent in civic affairs, taking leadership in the Lions Club, the church and other organizations. He previously was in the drug business at Monahans and Cisco. He was president of the Monahans Lions Club at time of his removal to Colorado.

Mr. Elliott addressed members of the Lions Club briefly Friday to express his appreciation of the friendships he had developed through association of the service organization personnel. It is his plan to visit the club as often as conditions will permit. "I have no intention of severing my membership with this club," he stated.

COOPERATIVE DOLLAR DAYS EVENT TO OPEN FRIDAY

BUSINESS CONCERNS UNITE IN DRIVE TO BRING TRADE TO CITY FROM WIDE AREA

Special Prices Be Offered By Stores; Parade Is Set For Saturday Afternoon

Introducing Colorado's initial "Cooperative Dollar Days," practically every business concern in town is lending enthusiastic support to campaign to impress the public over a wide territory that merchants here are out after business in earnest, Friday and Saturday special prices are to be quoted in merchandise in the cooperating place of business.

"Dollar Day" specials offered through the two days will include practically every household, farm and ranch need, a check of the long list of items specially priced for the

event shows. It is planned to make the occasion a regular feature of Colorado's trade progress with a two-day bargain carnival given once a month.

Saturday afternoon at 3 o'clock local automobile, truck and tractor distributors are to stage a parade through the business district that should be of interest to every visitor. The latest models in business and pleasure cars, trucks and power farm equipment will go to make up the spectacle.

Farmers, and cattlemen from a wide area are given special invitation to attend the occasion and in event they should have farm animals to trade or sell these to Colorado. Trading lots are to be reserved for use of these folk during the two days.

The special merchandising event is being sponsored by publishers of this newspaper in the sincere hope that citizens of the Colorado territory may be further impressed that it will pay to trade with the business interests of this community.

NECESSITY DEMANDS THAT PUBLIC SUPPORT HOSPITAL BONDS, SPEAKERS DECLARE

County-Wide Gathering Here Saturday Considers Plan For Acquiring Plant

Mitchell county citizens should authorize bonds to finance acquisition and operation of a modern hospital, simply as a gesture to provide facilities that the sick and injured have a right to expect, if for no other cause, speakers attending a county-wide conference here Saturday afternoon declared.

Physicians of Loraine and Colorado, along with representative citizens from other communities, went on record as favoring an early campaign to determine whether or not the proposed bond issue would be authorized at the polls. Several ladies were among those present and taking part in the discussion.

The meeting was convened in offices of the chamber of commerce with Jim Greene, secretary, presiding. After considerable discussion it was decided to appoint a committee to determine amount of the proposed bonds and such other information as should be given the voter in calling for the election. This committee, composed of Minister Jim Harvey and Dr. T. J. Ratliff of Colorado and Dr. W. L. Hester of Loraine, are to report their findings at another meeting to be convened at the chamber of commerce Saturday afternoon at 3 o'clock. All interested citizens are asked to attend.

After several speakers had spoke feelingly of the dire need for adequate hospitalization in the county, motion was offered by Dr. Ratliff that the group sponsor circulation of a petition calling upon county commissioners' court to order an election for \$60,000. Dr. Hester offered objection on the contention the amount was inadequate, insisting that the issue be for \$75,000. The substitute motion prevailed.

Dr. T. A. Martin spoke against the resolution, insisting that the conference of citizens should have definite information as to kind of hospital desired, an estimate of its cost and information relative to the legal requirements to be met before going before commissioners' court with a petition. His plea was sustained and motion to name the committee and hold the project in abeyance until a week later prevailed.

Seriousness of delay that now must be experienced by the seriously sick and injured was recalled by doctors and other citizens. Such delays, some of the speakers declared, might result in loss of life, "because there is now no place in this county to which those needing facilities of a hospital may be taken."

Prediction that the bonds would be voted was offered by several of the speakers. Colorado doctors placed considerable stress upon that opinion, basing their statements on the accepted proposition that the public would not turn a deaf ear to an appeal offered in the sincere hope of rendering a service to humanity.

Dr. Martin was the only speaker to offer prediction that the proposed bond issue would be defeated. "And I am confident the people will not authorize the issue unless we are able to go to them with detailed information as to necessity of the hospital and show them that it will be operated as the law directs," he said.

LEE JONES ANNOUNCES AS ASPIRANT FOR REELECTION CITY SECRETARY'S OFFICE

Incumbent Offers Candidacy Upon Record of Efficiency And Public Service

J. Lee Jones, city secretary, Tuesday morning authorized The Record to make public announcement of his candidacy for reelection to that office, subject to municipal election to be held on Tuesday, April 2.

The city official advanced no political promises aside from the declaration that the affairs in his office would continue to be conducted upon a high business plane of efficiency. That such an administration may be assured through retaining him in this important office is to be suggested when the voter makes investigation of Mr. Jones' record, both as city secretary and the administrator of other important political offices.

Since his induction into the office Jones has incorporated several changes in systems for recording and filing public records at the municipal building. Auditors who annually have checked his books have been prompt to declare that Mr. Jones is among the most efficient city secretaries in the State.

Among the features of public service that have attended Jones' administration is the fact that he may be found at his desk any time during office hours, ready to render courteous and dependable service to any citizen calling there. He has maintained strong commendation from ranks of fellow city officials for his strict devotion to duty and abiding cooperation with others to the end that every department of the municipal government be operated efficiently, yet economically.

The candidate is inviting support at the polls solely upon his own merit. He hopes to take his candidacy personally to Colorado electors before the April election and in the meantime sincerely invites a most rigid investigation of his stewardship as a servant of the people.

Roll call responses for the entire year will be on Texas history and politics.

Mrs. Y. D. McMurry and Mrs. Roy Buchanan were announced as members of the year book committee.

Eight members gave Shakespeare quotations in response to roll call. Mrs. Roy Buchanan led the lesson, which included a treatise by Mrs. McMurry on "Points of Similarity Between Aegon in 'Comedy of Errors' and Egeus in 'Midsummer Night's Dream.'"

A GOOD BANK

Is a Servant to Good Government

Government is good for the people, and a good bank serves the interests of the people, too. A good bank usually indicates a well-knit, reasonably prosperous city. By safeguarding the community's credit it insures that community's well-being. A good bank is a mark of progress and of order.

But a good bank helps good government in other ways. The lifeblood of local, state and national affairs is abundant credit. And good local banks are the foundation stones in the national credit structure. They could not well be replaced by any other medium, for the banks achieve the only really intimate financial contact with business and with the investing public. Local bank clearings afford a reliable index to the true state of business and employment. It is with the aid of these statistics that the government largely plans its financial program.

Your banker is a very active force in serving the best interests of your community and the nation. It will pay you to know him better.

Death of 'Uncle Pete' Avery Only Big News In Record 25 Years Ago

It was a dead week in Colorado twenty-five years ago, if the Colorado Record for Friday, February 4, 1910, chronicled the happenings of that time faithfully.

The only big news on the front page was an account of the death of P. G. Avery, known as "Uncle Pete." He'd been among the early settlers of the county and had been a member of the Rangers at one time. Funeral services on the previous Sunday had been in charge of the Masonic Lodge.

On Friday night the Colorado Choral Society, with Thomas Dawes directing and Miss Amelia Rix accompanying, was to give a cantata at the opera house. Mrs. Brooks Bell, Mrs. P. A. Hazzard, and Miss Elsie Hooper were the committee in charge of tickets.

The Loraine letter said: That Mr. and Mrs. Ben Morgan had a new girl baby;

That W. L. Edmondson, the banker, was installing a new steel cabinet;

That the Hiram Toler family was back from Corpus Christi;

That H. R. Looby and son, Master Mike, had returned from a trip to Clairmont, Spur and other points; That Dr. Copeland was home from Seminole;

That Mrs. S. D. Dunahoo was not well and might go to the coast in quest of health;

That Miss Isophine Toler was back

at her place as chief saleslady of the Loraine Mercantile Company's dry goods department;

That Miss Margaret McComas had been visiting her sister, Mrs. Blume, and might teach an art class in Loraine;

That Grady McRae and Arlie Martin, teachers in North Champion school, had spent Sunday at home;

That Miss Marguerite Avant had been honored on her seventeenth birthday with a party beginning at the A. J. Blume home and continuing at the home Dr. and Mrs. Avant on Gunn heights.

That Mr. and Mrs. Frank Miles were visiting at Palestine.

That Colorado local notes told of Mrs. T. H. Roe's going to Pennsylvania; of Mrs. R. H. Looney's visit to her daughter, Mrs. Harvey Lindsay, in California; of Editor Van Horn of Westbrook being in town; of Miss Jo Dry's illness; of Miss Ophelia Arnett's leaving for Stanton to teach music.

Cattle Quotations Trend Higher With Steers Worth \$13

Cattle receipts at 11 markets Tuesday numbered around 33,000 while 37,439 were actually yarded the corresponding day a year ago. No material price changes in slaughter steers and yearlings were seen compared with Monday's level.

The stock cleared more readily with the tendency on the strong side. Stockers and feeders were finding a better outlet than late last week with prices strong compared with Monday's advance. The \$13 top reached on recent sessions was secured again Tuesday for 1,130-pound steers at Chicago. Most stockers this week ranged from \$5 to \$7.25 at river markets, with a good size quota of well-bred light feeders going at \$7.25 to \$8.40 at Kansas City.

The hog run totaled around 65,000 about half the supply received the same day a year ago. Trade was slow at steady to 15c lower rates, hogs with rates showing the least loss. Better grade weights above 200 pounds brought \$7.75 to \$7.90 at Chicago.

Little net change was made in fat lamb prices. Opening sales were on a stronger basis but some weakness appeared late. Sheep and feeding lambs went at Monday's quotations, except feeders at Omaha which cleared at weak to 25c lower figures. A few choice sorted lambs were taken by St. Louis city butchers up to \$9.25.

SEWER CHARGE—PLEASE READ
Four petitions are being circulated asking the City Council to call an election to see whether or not the Sewer Charge shall be eliminated. Said election could be held Feb. 19th, when we vote on closing Elm and Oak Street crossings, with but little expense.

If you want the charge taken off, we hope you will be sure and call at the Alamo Hotel, Miss Neal Mills' Store or Ed Womack's Store and sign one of the petitions. We urge some one or two to render service by circulating one of the petitions. Don't delay the matter as we must have the required number of signatures by Feb. 11th.

Thousands of Women Benefited by Cardui

The benefits many women obtain from Cardui give them great confidence in it. "I have four children," writes Mrs. J. L. Norred, of Lagrange, Ga. "Before the birth of my children, I was weak, nervous and tired. I had a lot of trouble with my back. I took Cardui each time and found it so helpful. Cardui did more to allay the nausea at these times than anything I have ever used. I am in very good health and believe Cardui did a lot of it." Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

DEFFEBACH AND AIDES PRAISED BY RED CROSS FOR WORK IN ROLL CALL

High praise was given the work of John Deffebach as chairman of the recent Red Cross Roll Call in Mitchell county in a letter received this week by J. H. Greene, county Red Cross chairman, from officials of the midwestern branch of the American Red Cross in St. Louis.

Members of the committee working with Deffebach were also praised. As the result of their work, this county exceeded its quota of 600 by 76 memberships.

Enclosed with the letter to Greene was a copy of the letter sent Deffebach, who was given a card of appreciation. The two letters follow: "My dear Mr. Greene:

"We thoroughly agree with your suggestion that Mr. Deffebach is due some unusual recognition for his outstanding accomplishment of the Roll Call Committee, and we, therefore, suggest that a card of appreciation like the sample attached be presented to him by you at a meeting when other Roll Call workers will be given recognition. We suggest that the meeting be deferred until you receive the Honor Certificate being issued to the chapter in recognition of its having exceeded the suggested goal of 600 members. It is very gratifying to the National Organization to have this expression of interest and loyalty through an enrolled membership.

Sincerely yours,
(Mrs.) STELLA M. CHRISTIE,
Chapter Service.

"My dear Mr. Deffebach: "It is a distinct pleasure to acknowledge the chapter's check for \$338.00 representing 676 Red Cross enrollment fees due the National Organization from Mitchell County. This is in excess of all recent enrollments and in recognition of your having exceeded the suggested goal of 600 members, we are having the name of Mitchell County sent to Mr. Greene in a few days. Presentation or acceptance of this certificate should be made at a general meeting of the chapter.

"At the meeting suggested above, cards of appreciation like the sample attached, may be presented to outstanding Roll Call workers. Realizing that much of the success of the campaign was due to your individual efforts, we take this opportunity of expressing to you personally our appreciation of the service you have rendered the chapter and the National Organization.

"It will be unnecessary to send us the lists of members as suggested by Mr. Greene, but we would like to have classification report with the chapter, we suggest that you also make a summary on Form H-91 showing results by districts and workers. This will be of much assistance to next year's Roll Call Chairman. With the report should be filed an inventory of undated supplies before they are placed in storage.

"The Mitchell County Chapter has every reason to be proud of its accomplishments, and we hope the year-round work of the chapter will have your enthusiastic support."

COLORADO INVITED TO ATTEND POND MEETING

An invitation to Colorado to send representatives to the Great Plains Farm Pond and Terracing association in Amarillo February 8 has been received by J. H. Greene, secretary of the Chamber of Commerce. Greene is not sure he will be able to go.

Purpose of the association is to cause the building of ponds and terracing of farm lands to retain moisture. At present plans to build private ponds for water storage all over the state are being given much publicity.

W.O.W. MEETING A SUCCESS

We were happy to have Past Consul Commander W. L. Doss, District Deputy W. A. Tidwell and his assistant G. R. Moore present. Initiated two new members.

Had plenty refreshments and to spare. Tuesday night Feb. 5th we are to elect our delegate to the Head Camp Convention at Waco in March.

A good attendance is urged. Deputies G. R. Valentine and P. G. Stephens rendered valuable service in our midst.

Football Has Held To High Plane, Is Wilkins' Comment

Progress has been made this year in the matter of keeping interscholastic league football on a plane of clean sportsmanship, according to statement announced recently by C. A. Wilkins, principal of high school and director general of the county league organization. Wilkins said:

"Football is undoubtedly king of school and college sports. The Interscholastic League championship series has been carried on this year with less friction, better observance of eligibility rules, greater evidence of good sportsmanship than ever before. While it may appear that the addition of another conference in this sport is a move towards further over-emphasis, the reverse is really true. It would be better if still another conference were added, for the reason that the multiplying of conferences shortens the playing period, restricts amount of school time necessary, and lessens expense, and eases the competitive drive. Moreover, multiplication of conferences equalizes competition, brings schools together more nearly the same size. There are some manifest evils existing. Some school boards pay the coach out of gate-receipts, or at least supplement his salary from this source. This subjects the coach to entirely too much temptation, and places an undue emphasis on winning. It is a bad policy, and there should be a rule against it. The age-limit should be lowered to 19; and, perhaps, the scholarship rule should be strengthened somewhat."

POST OFFICE WANTS MRS. FRANCES SMITH

Important mail is being held at the Colorado postoffice for a Mrs. Frances Smith, who is the mother of John J. Smith, a totally disabled war veteran, according to Joe Y. Fraser, postmaster.

Fraser is making every effort to locate Mrs. Smith. The letter was sent here once before and returned to the sender as unclaimed. It has been received here again.

Evidently Mrs. Smith, in making application for her son's pension as a disabled veteran, gave Colorado as her address and has since left or has neglected to call for her mail.

Rogers Ramblings

A small crowd attended the box supper Friday night but everyone had an enjoyable time. Mr. W. W. Porter was the auctioneer. Mr. and Mrs. James Herrington came and assisted the local musicians in entertaining the crowd with good music. The proceeds will be used in repairing the light plant. It was impossible to have the scheduled debate as some of the debaters could not be present.

The boys basketball team entered the Spade tournament and won an easy victory over Hyman but met defeat in the game with Spade. This was a very interesting game, as the score was tied at every intermission and at the end of the game was still tied at twelve all. It required two extra 3 minute periods before the game was completed and Spade won 14 to 13.

The boys lost to Ira last Tuesday by a score of 18 to 9. The Rogers boys will play Bauman at Colorado Saturday in a league championship game. The game will be free and all the friends of the boys should be there to yell for Rogers.

DENISON ENTAILS HEAVY LOSS THROUGH DEFECTS IN POWER PLANT ENGINE

DENTON.—The City Commission, after months of expressed opinion but no definite action by authorizing the sending of a notice to the Seymour-McIntosh Company that the company's approximately \$15,000 bill rendered for repairs on the newest city Diesel engine was flatly refused.

Fault for the 13-months-old trouble was not definitely placed by the resolution, but it pointed out that at present more trouble is being experienced with the engine's crank-shaft, in which a crack has been found and stated the "City may feel it has a claim against the company for the second expense." The repair work on the old damage was done by the company at its own initiative and not authorized by any city official, the company is to be informed.

In the matter of the present repairs, the commission decided not to take bids, but to turn the matter to the municipal utilities superintendent with authority to see the present repairing is done as efficiently as possible; acting with the city purchasing agent and foreman of the city utilities plant.

REV. AND MRS. GREEN MOVE TO KNOX CITY

Friends of the Rev. and Mrs. W. D. Green, former Coloradans who have been making their home in Sylvester, have received word of their move to Knoxville, where the Rev. Mr. Green is to be full-time pastor of the Baptist church.

The Rev. Mr. Green was formerly missionary evangelist of the Mitchell-Scurry Baptist Association, making his home here. For the past four years or so he has been pastor at Sylvester, with part-time duties at Coahoma a portion of that time.

A SERMON

This week we will fill our column with some thoughts on Economy, Practical Christianity, Social Justice and Love of God.

When Christ fed the multitude as taught in the New Testament He told His disciples to "Gather up the fragments that remain, that nothing be lost." John 6:12. Benjamin Franklin in his trite sayings published in Poor Richards Almanac taught in substance that people should buy nothing they did not need, no matter how cheap. We must not depend too much on the government but earn our sustenance. When Adam was driven from the Garden of Eden the Lord said to him "In the sweat of thy face shalt thou eat bread, till thou return to the ground." Gen 3:19. In the New Testament the Apostle Paul taught "That if any man would not work neither should he eat." 2 Thess. 3:10. Capt. John Smith taught the same wholesome truth in the settlement of Jamestown colony in the year 1607.

We should take the lead in cultivating a spirit of understanding and mutual helpfulness between ourselves and those less fortunate. More human kindness expressed in deeds like those of Zacheus will tend to narrow rather than broaden the gulf between the fortunate and the unfortunate. The practice of real Christianity will solve our troubles.

All human beings are created children and all have an equal claim upon His tender love, His loving care and solicitude. He deals justly, not capriciously, with them all. In this life and in the life eternal only goodness to all earthly children wins its full measure of His approval, whatever the religious belief of him or her may be, who exhibit it.

In the future life the heaven is freely opened to every living soul alike. A living soul is the one who delights in serving all earthly children with pure love in their hearts. A living soul is the one who delights to share at all times, in all places, with the needy brother and sister of all races, creeds and colors. Pure

Texas Wastes Millions In Drive Against Crime, Figures Taken At Austin Indicate

The following statistical report dealing with executive clemencies during the past 28 years is reprinted from the Lubbock Morning Avalanche:

Now that Governor Allred has announced a plan to take the pardoning power from the hands of the state's chief executive and place it in the hands of a non-partisan board, it might be well to let the general public take a long range view of the situation as it has held forth in Texas since 1907.

Stuart A. McCorkle, graduate student and former faculty member of the University of Texas, has made a survey of Texas' pardon and parole record which appears in the latest number of the Southwestern Social Science quarterly. Listing only the more important types of clemency toward convicted criminals he has found the following:

Nineteen seven to 1911, Governor Campbell, 783 pardons, one conditional pardon, 329 restorations of citizenship; 1911-15, Acting Governor Watson for Governor Colquitt, 4 pardons, 15 conditional pardons; 1915-19, Acting Governor Mays for Governor Colquitt, 44 pardons, 125 conditional pardons, 8 restorations of citizenship; 1919-25, Colquitt, 403 pardons, 1,172 conditional pardons, 313 restorations of citizenship, 1 parole; 1925 to September, 1917, Acting Governor Hobbey for Governor Ferguson, 76 pardons, 11 conditional pardons, 2 restorations of citizenship, 16 paroles, 1 furlough; Acting Governor Johnson during unexpired term of Governor Ferguson and while Hobbey was serving, 49 pardons, 26 conditional pardons, 1 restoration of citizenship, 7 paroles, 1 furlough or extension; 1915 to September, 1917, James E. Ferguson, 1,774 pardons, 479 conditional pardons, 149 restorations of citizenship, 28 paroles; 1917 to 1921, Acting Governor Johnson for Governor Hobbey, 50 pardons, 19 conditional pardons, 9 restorations of citizenship, 3 paroles, 7 furloughs or extensions; August, 1917, to January, 1921, Hobbey, 1,319 pardons, 199 conditional pardons, 176 restorations of citizenship, 280 paroles, 132 furloughs or extensions; 1921-25, Acting Governor Davidson for Governor Neff, 9 pardons, 16 conditional pardons, 15 restorations of citizenship, 7 paroles, 44 furloughs and extensions; 1921-25, Neff, 92 pardons, 107 conditional pardons, 410 restorations of citizenship, 50 paroles, 260 furloughs or extensions; 1925-September, 1926, Miriam A. Ferguson, 384 pardons, 777 conditional pardons, 332 restorations of citizenship, 170 paroles, 587 furloughs and extensions; 1927-31, Moody, no exact data obtained, but preference shown furloughs; 1931-33, Sterling, 32 pardons, 2 conditional pardons, 2,279 paroles, 2,695 furloughs and extensions.

Clemency figures for the last Ferguson administration have not yet been tabulated—that is quite a job in itself—but it is safe to say that they will reach the 1,000 mark. Add the approximate figure of 1,000 to those given above and we find a total of 17,180 acts of clemency in the last 28 years—all granted by governors of Texas.

OUR NEW COUNTY OFFICERS

Our newly elected precinct, county and district officers, together with the holdovers seem to be getting on alright at the courthouse.

Too often it is that even the successful candidates for the various offices forget that two years is but a short space of time and is soon gone and they are called on to again face the votes and seek their suffrage. Many often act like they were elected for a lifetime.

Let's give the new officeholders a word of good advice. Let us absolve them from shaking hands with us and asking how are the folks. Let us not go to them for small favors, not consume their time by repeating to them the number of services performed and the number of votes we controlled on their behalf during the campaign. Let us ourselves avoid and counsel our friends to avoid twitting the new officeholders. He never has it as easy as outsiders think. In the first place, the job does not net him as much as he hoped, and the expense of campaigning ran higher than he could afford. These men pray on his mind, and sometimes he isn't as cordial and plausible as the constituents think he should be. Really we ought to give the successful candidate time to feel natural. And when he feels natural he is much like the rest of us kind of doubtful of the world, sort of pessimistic regarding the future and a good deal disposed to suspect that opportunity has a "crudge" against him. No officeholder can be as altho and bland as he was when a candidate. The two phases in his life are entirely different. In one he is genial, sociable, optimistic. In the other he is clipped, satiric and intent on his own and the public's affairs.

Let us like him better than we do, but let us be interested in the country as he is served by him in his latter capacity.

P. S.: The above should have been published early in January but the author's attention at the office did not permit it until now.

Elaborate Motion Picture Studio To Visit Here March 1

Through influence of Ross D. Dixon, manager of the Palace Theatre, arrangements have been made to have the elaborate Metro-Goldwyn-Mayer traveling motion picture studio visit Colorado on its extensive good-will exhibition tour.

The lavishly equipped studio on wheels, constructed by the motion picture company at a cost of \$150,000, is scheduled to arrive in town on Friday, March 1, and according to present plans is to be open for public inspection from 12:30 until 2 o'clock P. M. in Walnut street in front of the Palace.

The studio, which has traveled across the continent from the M-G-M studios in Culver City, California, has aboard more than \$60,000 worth of costly and intricate sound motion picture recording and projecting equipment. It is a completely equipped Hollywood studio on wheels.

The studio is equipped with a trackless locomotive equipped with special built motors and this engine within itself is said to be of more than ordinary interest to the public. Special built camera, pilot, and advance cars make up remainder of the caravan.

Palace Sunday-Monday

Slightly different in story treatment and possessing some good comedy situations, this is good entertainment. The son of a wealthy family brings home an Indian girl as his wife to repay his snobbish family for causing a former sweetheart to commit suicide through leading her to believe he had jilted her. When the Indian girl learns she is merely a tool of her husband's revenge she leaves him. He has learned to care for her and follows her to discover she has confessed to a murder his sister has committed. She is cleared and the story ends happily. Gene Raymond in the husband role and Sylvia Sydney as the Indian wife both do top-notch work.

"MADAME DU BARRY"
Ritz Sunday-Monday

Historical document expertly remodeled to conform with the requirements of modern entertainment and deftly patterned for both class and mass appeal. Dolores Del Rio is fascinating and glamorous in the name role, while Reginald Owen scores a decided hit as Louis XV. Production has been lavishly staged and the French court presented in elegant fashion. Delicate moments, such as the romance scene of their nuptial night as contrasted against scandal-hardened court are exceptionally well done. Caricature supplants cold historical facts and the offering becomes highly amusing entertainment that registers heavily particularly in the key spots.

"ROMANCE IN MANHATTAN"
Palace Tuesday-Wednesday

Yarn deals with trials and tribulations of a young immigrant who arrives in New York minus the necessary cash. About to be deported, he jumps overboard, losing the few dollars in his possession and his troubles begin. Befriended by a chorus girl, he sells newspapers with her brother, saves his money, goes into the taxi business only to be put out of work through a strike. Girl's brother is to be sent to an orphanage unless she marries to give him a home. Immigrant tries to become a citizen and marry the girl, but crooked lawyer turns him in, expecting to collect the reward for the arrest. Everything is straightened out at the police station with everybody happy. Francis Lederer gives a glamorous performance as the immigrant.

"PRESIDENT VANISHES"
Palace Friday-Saturday

A political drama woven around an exaggerated expose of a powerful clique of managers who strive, for their own selfish gain, to drag the United States into a European war. Just as they are about to succeed the President vanishes and the nation turns its thoughts and all modern devices to the recovery of their beloved leader. When the war fever has cooled sufficiently for the public to think sanely he is returned, with only a small, intimate group knowing that it was his own plan. The acting is grand with the following cast: Edward Arnold, Arthur Byron, Paul Kelly, Peggy Conklin, Irene Franklin, Andy Devine, Robert McWade.

The United States has approximately 43 per cent of the total number of radio sets in the world. There are 18,600,000 sets in this country, in a world total of 42,540,239.

An old law to the effect that "not a pipe may play, nor a drum may beat" in the street down which the blind pipe is supposed to have led the children to the sea, is still in effect in Hamelin, Germany.

Garden Spot Created In City's Most Unlikely Place--The Disposal Plant

A garden spot has been created in the most unlikeliest place in Mitchell county.

The place is the city disposal plant. The creator is John Shurtleff, who operates the plant.

The garden stands in the midst of what was the city's dumping ground for decades before it became the disposal place for the city's accumulated filth. Now the brown piles of tin cans and old car bodies have been pushed back by fences of whitewashed posts and wire.

Within these fences all neatness—young Chinese elm trees, grass, paths and flowerbeds bordered with whitewashed rocks. It's a testimonial to what a man's pride in his job can bring about.

The city council, headed by Mayor J. A. Sadler, has cooperated with Shurtleff by granting all his requests for material and labor. But his requests have amounted to little in dollars and cents—less than \$20.

The park-like plot where most of the beautifying improvements have been made is on the level top of a

high "dump," around which retaining walls of rock have been built. A wire fence encloses the little house where Shurtleff practically lives and his "garden." White-washed rocks border winding walks and symmetrical flower beds—sometimes "vegetable beds."

A total of thirty-seven Chinese elms, paid for by the city, have been set out last year and this. Shurtleff is now preparing to plant the forty-one rosebushes which the council recently voted to order for him.

He has just finished clearing, leveling, and fencing an additional plot some 120 feet in length to the south of the dump. The fencing for this came from the cemetery, where it was torn down to make way for the new rock wall. Several elms have already been set out in this addition.

But while he has been giving his working place neatness and beauty, Shurtleff has not neglected to make improvements in his execution of the job itself. He needs, he says, more drying beds for the sediment that is

Stansell, deceased, executed and delivered to plaintiff, C. B. Bigham, her promissory note bearing date and year aforesaid, and thereby promised plaintiff, C. B. Bigham, to pay him or his estate, on or before the date of the sum of FIVE HUNDRED AND NO/100 DOLLARS (\$500.00), with eight per cent (8%) per annum interest thereon from said date until paid, and ten per cent (10%) attorney's fees upon principal and interest, if placed in the hands of an attorney for collection, or such other sum should be brought thereon, after maturity.

2. That plaintiff is, and has been, from said date to the present date, the legal owner and holder of such note, and that after said note was due and payable, he made demand on the defendants, and each of them, to pay the same, and the defendants, refusing, placed such note after such maturity in the hands of the undersigned attorneys for collection, agreeing to pay them the said amount of attorney's fees for their services in connection with such note, which is a reasonable amount therefor.

3. That upon the 29th day of November, 1931, the defendant, Mrs. E. P. Stansell, acting individually and as administratrix of the estate of C. N. Stansell, deceased, executed and delivered to the plaintiffs, C. B. Bigham and his wife, Tibbia Hogue, and J. J. Grant, a deed whereby she granted, sold, and conveyed to these plaintiffs the following described real estate, to secure the payment of such note, to-wit:

All of Lots Number Seven (7) and Eight (8) in Block Twenty-eight (28) of the Dunn Snyder and Moore Addition to the Town of Colorado, Mitchell County, Texas.

That such mortgage deed created a lien, which is still subsisting against such land, to secure the payment of such note, and all amounts due thereon.

4. That on the 22nd day of January, 1932, the defendant Mrs. E. P. Stansell, acting individually and as administratrix of the estate of C. N. Stansell, deceased, executed and delivered her general warranty deed to the defendant, Dewey Hogue, wherein she conveyed the above described real estate to the said Dewey Hogue, and as part consideration therefor the defendant, Dewey Hogue, assumed, and agreed to pay the above described real estate, interest and attorney's fees; the above deed referred to, wherein Mrs. E. P. Stansell conveyed the above described real estate to the said Dewey Hogue, is in possession of the said Dewey Hogue and notice is hereby given that unless the same is produced at the trial of this cause, secondary evidence thereof will be used.

5. That on the 16th day of October, 1932, Dewey Hogue and his wife, Tibbia Hogue, decided the property heretofore described to J. J. Grant, subject to the lien and note herein above, which deed is in the possession of the said J. J. Grant, and notice is hereby given that unless the same is produced at the trial of this cause, secondary evidence thereof will be used.

6. That, though repeated demands have been made by plaintiffs upon defendants to pay such note, interest, and attorney's fees, the defendants, and each of them, have failed and refused, and still fail and refuse, to pay the same or any part thereof to the plaintiffs; damage in the sum of FIVE HUNDRED AND NO/100 DOLLARS (\$500.00), plus interest and attorney's fees.

WHEREFORE, PREMISES CONSIDERED, the plaintiffs pray the court, be it in law or in equity, to cite the defendants, and each of them, to appear in person at the trial of this cause, and that on final hearing, plaintiffs have judgment against them jointly and severally, for such sum of Five Hundred Dollars, interest and attorney's fees, and their costs in this behalf expended; for foreclosure of such mortgage deed and the lien created thereby, and order of sale; and for such other relief, both general and special, in law and in equity, to which they may show themselves entitled.

Herein Fail Not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

GIVEN UNDER MY HAND and the Seal of said Court, at office in Colorado, Texas this 22nd day of January, A. D. 1935.

INSPIRING TALKS AT CHRISTIAN TEACHERS' MEETING ON MONDAY

Inspiring talks featured the meeting of the teachers and officers of the First Christian Church Monday evening at the church. The meeting was in charge of Hayes Holman, Sunday school superintendent.

"Conquering Discouragement" was the subject of the devotional by Mr. Holman, who cited facts substantiating his belief that the United States is entering this year on a new era of progress. He also spoke of plans for the church's future and encouraging signs so far in its year's work.

W. W. Porter talked on "Improving the Church School," stressing co-operation, consecration, and regular attendance. Mrs. Henry Vaught gave a brief review of an article, "The Worker's Library," from the International Journal of Religious Education.

In reviewing an article, "When the Class Meets," by Dr. Paul Veith of Yale University, Miss Gladys Louise Jones mentioned the proper arrangement of the class room, handling of class records, making assignments, the teacher's own evaluation of her work, and the importance of conferring with the supervisor.

Brief reports were given by the head of each department. The Rev. Wallace Jones, pastor, told of the church's opportunity to secure the district World Fellowship Meet of Christian young people in April. Mrs. J. Ralph Lee, Mrs. Vaught, and Miss Memphis Porter were appointed to decide upon details and extend the invitation for the meeting to be held here.

There were eight generations of musicians in the Bach family. Twenty-nine members of the family, beginning with Wert Bach in 1550, attained eminence in this field. Johann Sebastian reached the greatest fame of all.
