Stephenville Vote Cancels Plans For City Power Plant

STEPHENVILLE, Texas.—In the face of freezing weather, taxpayers of Stephenville voted down by a majority of two to one Tuesday a proposal to issue \$190,000 in bonds to build a municipal power and light plant. The vote was 219 for, 463 against.

Mayor Henry Clark sponsored the campaign for the bonds, being opposed by a citizens' committee.

PROGRESS IS MADE IN \$60,000,000 PLAN FOR GAS PIPE LINE

AUSTIN, Texas.—Governor James V. Allred Wednesday made the following statement regarding a proposed line to pipe Texas gas to points outside the State:

"Recent statements by Secretary of the Interior Harold L. Ickes indicate that the PWA is waiting for Texas to take the initiative in obtaining a \$60,000,000 loan in order to construct two steel pipe lines from the Texas Panhandle field to St. Louis and Detroit.

"Considerable progress already has been made toward achieving this end. A special committee, appointed by me, began the consideration of the plan. It consisted of an engineer, a geologist, a marketing and industrial expert and two attorneys. After preliminary plans had been worked out, R. B. Anderson went to Washington as my representative to lay the project before the Secretary of the Interior. It was warmly received by the National administration and Ickes a few days later told the Appropriations Committee of the House that part of the proposed work relief bill might be used to finance the proposal. A few days later, Ickes issued a second statement in which he pointed out that the project afforded considerable relief in the form of work on a permanent project, and furnished a much needed stimulus to the basic steel industry in the United States.

BUFFALO TRAIL SCOUTS GIVEN PROGRAM AWARD

SWEETWATER.—The Buffalo Trail Council, Boy Scouts of America, has qualified for the 1934 Ten-Year Program Award, according to word received by A. C. Williamson, area executive, who makes headquarters here.

The word came, as follows, from James E. West, chief scout executive: "The information comes to me today from the Ten-Year Program committee that your council has qualified for the 1934 Ten-Year Program award. Congratulations to you and those working with you.

"The progress that Scouting has been able to make during the last two years has been due largely to the planning incident to the Ten-Year Program.

"I do hope that your council will continue to achieve the goal set up each year until by 1942 you will have fulfilled every expectation."

CARD OF THANKS

It is impossible for mere words to express our thanks and appreciation to our many friends who were so thoughtful in our recent sorrow, caused by the death of our loved one. The beautiful floral offering brought a message of love and sympathy.

May God bless and keep close to each one of you.

ERSKINE GROSS COLORADO BUSINESS MAN, SUCCEUMS TO APPENDICITIS ATTACK

Stricken February 18, Young Citizen Dies Friday P.M. In Sweetwater Hospital

Erskine Wilse Gross, 27, operator of an East Second street service station during the past seven years, died Friday afternoon at 5 o'clock in a Sweetwater sanitarium following an attack of appendicitis. Mr. Gross passed away within a few hours after surgeons had operated in hope of saving his life.

Gross was stricken on the Monday before. His condition rapidly grew worse and Thursday he was taken to the sanitarium. Examination disclosed that the appendix had burst and but little hope was entertained for his life. The body was returned to the family residence, 623 Pine street, in a Kiker & Son funeral coach.

Gross, a son of Mr. and Mrs. J. W. Gross, pioneer residents of Horn's Chapel, had resided in Mitchell county 23 years. He was born in Scurry county August 15, 1907 and moved with his parents to this county at the age of four years. During the past seven years he had resided in Colorado.

Surviving are his parents, widow, one son, Alton Guinn, 4, four brothers, Clarence, Howard, Clyde and Wesley Gross, and two sisters, Mrs. Eula McClure and Mrs. Lela Bassham, all of Mitchell county.

A brother of Mr. Gross died fifteen years before on the same date from an attack of appendicitis.

Funeral services were conducted from First Presbyterian church Saturday afternoon with the pastor Rev. W. M. Elliott, assisted by Rev. Dick O'Brien of First Baptist church, officiating. Burial was in the Colorado cemetery with Kiker & Son in charge of arrangements.

Active pall bearers were Harvey Humphries, Jasper Bassinger, Randolph McIntyre, A. C. Benson, Ed Ennis, M. E. Gurney, A. B. Carey and P. K. Mackey.

Honorary pallbearers were Bruce Byrnes, Virgil Moser, Doc Rice, Everett Hammans, Ewel Henderson, Jess Caffey, J. A. Sadler, Ewell Geiger, Curtis Erwin, J. W. Kirkpatrick, Byron Byrnes, Earl Burgoon, Lee Carter, and Floyd Jay.

Gulf stations and a number of other filling stations closed for the services.

CARELESS CAR DRIVERS CAUSE OF 60 PERCENT ACCIDENTS, IS CHARGE

Based on a study of national and local figures, Holger Jensen, safety engineer for the Maryland Casualty Company, recently announced that 60 per cent of the traffic accidents are caused by 10 per cent of the drivers. These figures, Mrs. Jensen insists, do not lie. They mean, simply, that one-tenth of the operators of the nation's motor cars are habitually involved in one accident after another, while most of the remaining nine-tenths drive along year after year without getting themselves or others into trouble.

Mr. Jensen would show no mercy in dealing with the incompetent or incorrigible 10 per cent; he would sweep them forcibly and permanently off the roads. He believes that such a procedure, drastic though it may seem, is a vital first step in the direction of safety on the road.

Mr. Jensen's figures indicate that if the dangerous 10 per cent were eliminated, accidents would be reduced by 60 per cent. If this ideal could be attained there would remain an impressive total of traffic injuries and deaths. Even the reasonably competent and careful motorist gets into trouble occasionally. Sometimes it is his own fault and is attributable to carelessness or ignorance; again an accident may result from his failure to outguess a reckless pedestrian or another driver; less frequently it may be due to mechanical failure in the machine he drives. But Mr. Jensen believes that most of the really "accidental accidents" can be eliminated, not by force, but by education—and in this field he has had considerable experience.

LOST 20 LBS. OF FAT IN JUST 4 WEEKS

A St. Louis, Mo., lady wrote: "I'm only 28 yrs. old and weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago. I now weigh 150 lbs. I also have more energy and furthermore I've never had a hungry moment."

Fat folks should take one half teaspoonful of Kruschen Salts in a glass of hot water every morning before breakfast—a quarter pound jar lasts 4 weeks—you can get Kruschen at W. L. Doss or any drug store in America. If not joyfully satisfied after the first bottle—money back. S-5-A-1.

Interest Centered On Allred's Choice For Highway Post

Sharp interest in Governor James V. Allred's impending selection of a state highway commissioner Tuesday spotlighted his continuing task of filling key administrative posts in the state government.

Who the governor would select and how the nomination would be received by the senate, which must confirm the nomination, was eagerly awaited.

Thus far Allred has scored 100 per cent in nominations, as none has been refused confirmation, but filling the post of highway commissioner, who also will be chairman, presented a ticklish situation. Much pressure has been exerted to obtain reappointment of W. R. Ely of Abilene, whose six-year term ended Feb. 15.

Beset by many petitions, Allred announced he had sufficient recommendations in support of each candidate and pleaded for the time to study the interests.

Next in interest on the governor's list of appointments to be made soon

was that of a regent of the University of Texas to succeed Beaufort Jester of Corsicana, chairman. Allred said he would not reappoint Jester.

Most other important posts, in which incumbents' terms end during Allred's administration, will be filed after adjournment of the legislature. Recess appointments will serve pending confirmation in a future session.

Other nominations Allred may make during the session include three of nine regents of the Agriculture and Mechanical college; membership of the state commission of the blind; pink bollworm commission; Texas historical board; five of 12 members of the board of medical examiners; sundry commissioners of specific parks, and five members of the board of veterinary medical examiners.

LONE STAR GIRL MAKES TOMATO HOT BED FROM DISCARDED WATER TANK

A tomato hot bed made out of a discarded wooden water tank is an unusual feature of the work of Lorraine McCollum of the Lone Star Girls' 4-H club as garden demonstrator for her club.

To make the hot bed, Lorraine

first removed old soil from the tank and replaced it with barnyard fertilizer to a depth of one foot, covering this with a four-inch layer of top soil. Seeds are to be planted a few days after the soil has begun to get warm. They are to be sown in rows two to three inches apart and covered with one-fourth inch of soil.

Afterwards the entire bed will be sprinkled with warm water and a cloth will be tacked over it to help hold the proper temperature. Lorraine will plant Earliana tomato seeds for quick growing canning tomatoes and Acme seeds for the ones from which she will make tomato juice.

Lorraine recently explained the use of concrete tile in subirrigating to a class at school.

Davison Hopes That Mitchell County Be Included In Roster

Hope that Mitchell and Nolan counties would be given authority to furnish a part of the directorate, Upper Colorado Authority, was expressed Thursday noon by Howard Davison, legislative representative. Mr. Davison, in a long distance conversation with The Record expressed belief that four directors of the Authority--two from Mitchell and two from Nolan--could be obtained if the people backed him up in the matter.

"Have your people to back me up in this matter, and insist they do so now, by sending telegrams and letters to me at Austin," Davison requested. Jim Greene, chamber of commerce secretary, stated later that his organization would take up the proposition of encouraging citizens of this county to get in touch with the representative.

Fort Worth CC Group Due Here Next Wednesday

Touring West Texas to advertise the Southwest Exposition and Fat Stock Show, a party of prominent Fort Worth business men representing the Fort Worth Chamber of Commerce are scheduled to arrive in Colorado on a special bus Wednesday afternoon, March 6, at 2:45 p. m. A letter to this effect was received Thursday morning by J. H. Greene, secretary of the Colorado Chamber of Commerce, from Charles G. Cotten, manager of the trade extension department of the Fort Worth Chamber of Commerce. The bus will arrive from the west. A stop of several minutes will be made here.

FOUR FIRE ALARMS IN 9 HOURS WEDNESDAY SET NEW HIGH RECORD

Four fire alarms in nine hours Wednesday shattered Colorado's fire alarm record for the more than eight years that Jim White has been in charge of the fire department. None of the blazes did appreciable damage. The first alarm was occasioned by a blaze at the Earnest Shurtlett home on Cedar street a few minutes after eight o'clock. The fire originated in a defective flue and was extinguished after doing little damage. The second was at ten o'clock at Mrs. Sallie Dozier's servant house on Oak street. A 4-year-old negro boy had set fire to some papers to see them burn. Again there was small damage. The tabernacle blaze at 4 p. m. burned a small hole in the roof of the building. It was thought to have started from a match dropped in dry grass by boys at play. The last run by the fire department was at 4:45 p. m. and was to Tom Hughes's cleaning plant, where gasoline spilled on the ground beside the building had somehow become ignited. The fire was stopped with no damage done.

CHS PLAY TOURNAY TO BEGIN APRIL 5TH

The seventh annual class play tournament of Colorado High School is to begin Friday night, April 5, according to announcement made this week. The Senior play will be first, the Junior play second on Tuesday night, April 9; the Sophomore play third on Friday night, April 12; and the Freshman play last, Tuesday night, April 16. Sponsors are as follows: Seniors, Robert Coffman; Juniors, Miss Velma Barrett; Sophomores, Mrs. R. H. Cantrell; Freshmen, Miss Pauline Hargrove. Last year, when the Seniors were tournament winners, 2,900 tickets were sold for the tournament at 10 cents each.

BLAZE AT NAT THOMAS HOME THURSDAY NOON

cated under the house occupied by Mr. and Mrs. Nat Thomas caused the fire department to make a run Thursday noon. The blaze was extinguished without damage to the dwelling.

Deaths Of Reams Earnest And H. B. Smoot In Record For 25 Years Ago

Twenty-five years ago, as today, the Colorado Record devoted much space to the passing of a member of the Earnest family. A perusal of the Record for March 4, 1910, reveals the fact that had the late Judge C. H. Earnest lived but one more week he would have died on the anniversary of the death of his brother, Reams Earnest. Reams Earnest was one of three men burned to death in a hotel at Forney, Texas, on Feb. 24, 1910. At the time he was living in Fort Worth, but he had lived in Colorado three years earlier. He was representative of the West Texas Townsite company. Survivors in addition to his wife, six brothers and one sister were two children, Walter and Irene. Another front page news story told of the death of H. B. Smoot on the previous Thursday, February 24. It was stated in his life sketch that he came of old Virginia ancestry, being the son of Joseph H. Smoot; that he was born in Mobile, Alabama in March 1856; that he worked in Bryan, Texas, before coming to Colorado

in 1883; that he was a leader in banking circles of Colorado; that he was survived by his wife, who had been Miss Annie Figh, his son, Josepha H., and his mother, Mrs. Martha Smoot. The street committee of the city council had authorized the grading and laying of eighteen city blocks. Miss Emma Dupree and Tom Morrison, Jr., had been quietly married on Monday evening at the home of the bride's parents. Mrs. Sam Gustine had brought the place occupied by Mr. and Mrs. T. W. Stonerod at that time. Over in Loraine, Mr. and Mrs. Frank Riden had a new son. Out in the Plainview community, Mr. and Mrs. G. D. Bynum's little daughter, Iva, had pneumonia. Mrs. C. P. Gary had entertained on Monday night in honor of Oliver Shurtleff and Cleveland Mangham, who were home visiting relatives. She was assisted by Ewell Gary and Eva Bynum. Henry Doss had been in Alabama, where his father was desperately ill.

California Company Transfers Several Men To Colorado

A rotary crew of twelve men was transferred this week from Iraan to Colorado by the California Company for special work in the Westbrook and Iatan fields. Due to scarcity of residences and apartments, all of the men excepting one are stopping at local hotels and tourist camps. E. J. Cramer of Butler Camp, superintendent for the company, told The Record Thursday at noon that the crew would pull casing in wells not being operated. Rumors have it that the company plans an extensive program in Western Mitchell county. Among those who have come here in connection with this work are Mr. and Mrs. Red Wallace, who are at home in the J. A. Ferguson apartments; W. B. Horn, registered at the Bancroft; A. M. Kimbrough, J. O. Sanders, L. M. Hollingsworth, Vernie and Eddie London, and Mr. and Mrs. E. J. Deupree, all registered at the Colorado Hotel. Four families have found lodging at Candler Courts.

STANOLIND-SHELL WIN FIRST ROUND OVER YATES LAND

WACO, Texas.--In a decree handed down Wednesday in the Federal Court, Judge Charles A. Boynton granted a temporary restraining order, prohibiting John H. Tyler of Austin, M. H. Reed and Eula B. Tyler from attempting to obtain a patent on two tracts of rich producing land in the Yates field, Pecos County. At the same time the court denied the application temporarily to enjoin Land Commissioner J. H. Walker and Gov. James V. Allred from issuing the patent. Defendants excepted to the order of the court. The injunctive writ was sought by

TEN FHA MEETINGS ARE SCHEDULED TO BE HELD

FORT WORTH--Ten meetings of community chairmen of the federal housing administration, northwest district, will be held during March. P. S. Luttrell, associate director of the district said here Tuesday. The meeting will be held to inform chairmen of plans for the extensive spring campaign for housing work. Fort Worth will have the "key city meeting" March 11-12, Luttrell said. Other centers will be El Paso, Big Spring, San Angelo, Brownwood, Cleburne, Abilene, Lubbock, Amarillo, and Wichita Falls, each of which will hold its meeting after the one in Fort Worth. Invitations have been sent 1,500 local chairmen in this district and to lumbermen, architects and supply men. Luttrell and Sam R. Sayers, district director, will leave tomorrow for Wichita Falls to plan the first of the city meetings after the one in Fort Worth. The new field men, A. C. Kyle and Sidney West, have been assigned to the northwest district. West will be stationed temporarily in Amarillo and Kyle in El Paso. They will be assigned to definite groups of counties and it will be their job to carry out the organization work of the field division.

Women's Activities In Twenty-One Countries Reviewed At BPW Party

Activities of business women's clubs in twenty-one different countries were reviewed on the program of the Business and Professional Women's Club at the home of Mrs. Ida Kirschbaum Monday evening. Mrs. Jo Farr was co-hostess.

Each member present reviewed women's activities in some particular country, and as she did so she threw a red streamer, which was to symbolize the linking and intertwining of interests between the countries. The program was in line with the club's study of international relations this month.

A Spanish buffet dinner began the evening. The table from which the food was served was centered with cacti, tapers in rustic holders, and miniature Mexican figures. The menu consisted of pinto beans, chili, fritos, tortillas, pickles, crackers, pie, and coffee. Spanish dolls were favors.

In games following the program Mrs. Bob Petrecek made high score and Miss Laura Martin low. Mrs. Bernice Grable made high in forty-two.

Those present were Miss Elizabeth Kirkpatrick, Miss Lillian Pond, Miss Gladys Mitchell, Mrs. Thelma McSpadden, Mrs. Myrtle Crowder, Mrs. Marie Grable, Mrs. Iona Jones, Miss Laura Martin, Mrs. Minna Berman, Mrs. Alice Berman, Mrs. Reba Petrecek, Miss Sallie Miller, Miss Neta Mae Davis, Miss Octavine Cooper, Mrs. Cecile Meskimen, Mrs. Maude Tiber, Mrs. Anna Ferguson, and the hostesses.

Mrs. Lon Mason Is Justamere Hostess

Mrs. Lon Mason was hostess to the Justamere club Tuesday afternoon, having only members as players. She used St. Patrick colors and symbols in playing appointments.

Mrs. L. C. Scarborough made high score. Shamrocks were favors with refreshments of a salad course, cake, and coffee.

Three Howard Co. Wells Completed During Last Week

BIG SPRING.—Three oil wells in Howard county were completed last week for total daily potential of 775 barrels while two others were testing, one having been shot, the other acidized.

The largest of the completed producers, The California Co. No. 4 Bell, yielded 325 barrels daily after being shot with 380 quarts from 2615 to 2803 feet, the total depth. It topped pay at 2586 feet, swabbed 42 barrels in 24 hours following treatment at 2547 with 1000 gallons of acid and swabbed 60 barrels in a day after getting increases from 2625-40 and from 2695 to 2715 feet. The well is 465 feet from the north line and 1915 feet from the west line of section 12, block 30, township 1 south, T. & P. Ry. Co. survey.

Sinclair-Prairie No. 14 Dodge, in the northeast corner of section 11, block 30, had an increase in oil from 2718-22 feet in drilling to 2810 feet in lime. It was shot Tuesday with 200 quarts from 2310 to 2685 feet and was cleaning out. Sinclair-Prairie No. 15 Dodge had reached 1000 feet in redrock. No. 14 Dodge cemented 6 5-8-inch casing at 2344 feet and drilled ahead at 2425 in lime.

Midcontinent No. 3 Denman, 331 feet from the south line and 1069 feet from the east line of section 10, block 30, swabbed 247 barrels of oil in 24 hours upon completion at 2815 feet, having been shot with 360 quarts from 2560, top of the pay, to the total depth. Sinclair-Prairie No. 1-B Denman had drilled to 1978 feet in lime and Bond Drilling Co. No. 6 Denman to 2090 in gray lime. Both are in section 10, block 30.

Phillips No. 2 Lane, 330 feet out of the southeast corner of section 2, block 30, was completed at 2776 feet, swabbing 204 barrels daily, having been acidized, then shot. Herschbach No. 3-A Davis, in the northeast quarter of section 2, block 30, made 482 barrels of oil in 24 hours after being shot with 600 quarts from 2480 to 2822 feet, the total depth. It continued cleaning out. Herschbach No. 3-B Davis had drilled to 1360 feet in redrock. The California Co. No. 2 Dodge, in the southwest quarter of section 1, block 30, deepened from 2528 feet after treating with 2000 gallons of acid and in drilling to 2705 feet in lime, flowed 35 barrels of oil in eight hours.

H. P. Slagel, trustee No. 1 Foster shut down since early December at 300 feet in redrock, was repairing engine and laying gas line to resume drilling. It is 990 feet from the south line and 330 feet from the west line of section 43, block 29, township 1 north, T. & P. Ry. Co. survey. Iron Mountain No. 2 Read, in the southeast quarter of section 46, block 30, township 1 north, T. & P. Ry. Co. survey, was building standard derrick.

Continental No. 14 Settles, in the northeast corner of section 133, block 29, W. & N. W. Ry. Co. survey, was testing at a plugged back depth of 2420 feet after shooting, then acidizing. Continental No. 12-A Settles, in the northwest corner of section 134, block 29, was preparing to run 5 1/2 inch casing, 6 5-8 inch pipe having split during acid treatment. Total depth is 2451 in lime.

Pure No. 15 Chalk, in the southeast quarter of section 125, block 29, lost oil sand from 1690-92, from 1757-63, from 1835-37 and from 1849-53 and drilled ahead at 1873 feet in broken sand. Otis Chalk No. 8 fee, in the southwest quarter of section 124, block 29, had reached 2700 feet in lime. Henson, Fulgar and others' No. 1 Scott, in the north-

Masons of Texas Plan Centennial For First Lodge

BRAZORIA, Texas.—Texas Masons will gather here Saturday, March 16, for a State-wide convocation in commemoration of the 100th anniversary of the first Masonic lodge meeting ever held in the Lone Star State. The meeting will be held under and around the famous Masonic charter oak where, in March, 1835, the State's first lodge was organized.

Attorney General William McCraw of Dallas, and Senator T. J. Holbrook of Galveston.

Anson Jones, last president of the Republic of Texas, was the leader of that little band which brought Masonry to Texas. Others in the group were John H. Wharton, Asa Brigham, A. E. Phelps, Alexander Russell and J. B. Caldwell. Their petition for a charter was forwarded to John H. Holland of New Orleans, La., grand master. There was some delay, but finally the charter came for Holland Lodge No. 36. Jones was elected worshipful master and meetings were held in the second story of the Brazoria courthouse until March, 1836, when the war for independence from Mexico began.

General Urrea of the Mexican Army occupied Brazoria and confiscated and destroyed all the records, books, jewels and other paraphernalia of the lodge. Wharton, Phelps and Jones joined the Texas Army and Holland Lodge was never reopened at Brazoria. Jones and some other Masons reopened it in Houston, however, in October, 1837.

Other lodges were soon organized at Nacogdoches and San Augustine, and in 1837-38 these lodges withdrew from the jurisdiction of Louisiana to form the grand lodge of the Republic of Texas. Holland Lodge became Holland Lodge No. 1. Nacogdoches had Milam Lodge No. 2 and San Augustine had Redland Lodge No. 3. General Sam Houston presided over the Masonic convention, which resulted in forming the grand lodge, and Anson Jones was selected as the first grand master.

Liquor Traffic To Be Discussed At Meeting Here Saturday, Mar. 9

The Hon. Oliver W. Stewart of Chicago and Miss Norma C. Brown of Indianapolis, are to deliver addresses at First Methodist church on the subject "Oncoming War With the Liquor Traffic," the Flying Squadron Foundation, an international temperance society, has recently announced. Oliver is to speak at 7:30 at night, following an address by Miss Brown at 2:30 in the afternoon. Crusade of the speakers is being sponsored by the several Protestant churches.

Wild Cat Test To Be Drilled On The D. H. Snyder Ranch

BIG SPRING.—Howard county is to get two new wildcats, one by John I. Moore of San Angelo between the Chalk and Denman areas, the other by Stacy B. Dorn of Fort Worth and Dr. G. T. Hall of Big Spring one mile due west of Iron Mountain Oil Co.'s No. 1 C. D. Read, which marked a mile north extension of the Dodge-Denman area.

John I. Moore has contracted to spud a test within sixty days from Feb. 26 in the southwest quarter of section 28, block 30, township 1 south, T. & P. Ry. Co. survey, on D. H. Snyder's land. It will be drilled to 3,000 feet unless production or sulphur water is struck in the Permian lime at a lesser depth. The wildcat will be about four miles south and slightly west of the Denman pool and six miles north and slightly east of the Chalk area. Mr. Moore has assembled a block of about 3,600 acres.

Dorn & Hall will drill No. 1 T-P Land Trust 330 feet out of the southeast corner of section 45, block 30, township 1 north, T. P. Ry. Co. survey. They hold the leases to the south half and the northwest quarter of section 45.

Rural rehabilitation in Mitchell county is thought to have reached a more definite status with announcement by the government that lease prices are to be determined on a basis of the acreage rental allowed under the AAA.

It is pointed out that this plan removes what has been one of the hindrances in securing rehabilitation plots, namely, arguments as to the value of the land rented.

Under the newest rehabilitation plan no client will be allowed more than thirty-five acres of tillable land on his plot.

Plots belonging to the following have been definitely approved for rehabilitation work in this county, according to a list in the office of J. H. Greene, county FERA administrator:

W. O. Jackson, J. H. Greene, F. E. York, H. E. Bohannon, U. G. Hardison, Mrs. J. E. Mitchell, Lon O. Fry, J. H. McCullough, R. E. Colebank, E. H. Winn, Z. A. Mitchell, H. F. Gist, J. E. Franklin, Frank Andrews, George Slaton, A. F. King, Mrs. E. J. Eddleman, G. W. Vandant, C. D. Smith, H. F. King, R. H. Haggerton, W. W. Porter, and G. W. Webb.

On all these plots some building activity is in progress, Administrator Greene states. Work has been completed on a number of them. Names of six relief clients have been finally approved for rehabilitation, and other approvals are expected soon.

ENTRANTS FROM MUSIC CLUBS PREPARING FOR SWEETWATER CONTESTS

At least two members from each of the three junior music clubs of the county and probably one member of the Colorado Music club are planning to compete in district music contests in Sweetwater March 23 to determine who shall represent this sixth district of Texas Federated Music clubs at the state convention in San Angelo April 3-6.

From her Mozart club Mrs. E. L. Latham plans to enter Mary Elizabeth Pidgeon in Class D piano solo division for pupils of 14 and 15 years and Nancy Price in the Class C piano solo division for pupils of 12 and 13 years.

Representing Mrs. Cecile Meskimen's MacDowell club will be Frances Jones in the piano solo division and 15- and 16-year-old group and Doris Wayne O'Brien in hymn playing.

Mrs. W. R. Martin will have her Loraine Junior Music club represented by Winnie Dell Rowland, high school soprano, and Wenola Martin, grammar school soprano. Mrs. Martin also plans to enter some of her Colorado pupils.

Mrs. Charles Moeser will probably represent the Colorado Music club in the vocal division for adult contestants.

Mr. and Mrs. Raymond Gary's small son has been ill this week.

The federal government passed laws in 1863, 1883, and 1877 forbidding practice of polygamy in the territory of Utah.

NINE LOCAL GOLFERS TO PLAY IN MIDLAND TOURNAMENT SUNDAY

Nine local golfers have completed qualifying rounds for the Midland Country club's second annual invitational tournament Sunday.

They are E. C. Nix, Ben Costin, Bun Pritchett, Blue Goodwin, Jake Merritt, Ross Dixon, A. L. Geer, J. J. Billingsley, and Fred Dozier.

Their scores have been sent in to the Midland club to determine the flights in which they will play. Twenty clubs have been invited to take part in the tournament.

CHILDREN MRS. CHURCH RETURN AFTER HERE TO ATTEND FUNERAL RITES

Children of the late Mrs. Joe Church, who died Tuesday of last week have returned to their respective homes, after attending funeral rites. These include O. T. Church of Kilgore, Woodrow Church of Monahans, Mrs. Mollie Pinkerton of Snyder, Mr. and Mrs. Barton Church of Overton and Red Church, student at A. & M.

Mr. Church stated to this newspaper Tuesday that his wife was ill only a few days and not two weeks, as stated in news stories of her death last week.

ORANGE BOXES USED BY SILVER GIRL TO MAKE PRETTY DRESSING TABLE

Two orange boxes made into an attractive dressing table and a clothes closet with walls of heavy duck are features of the bedroom which Jean Henderson is improving as demonstrator for the Silver Girls' 4-H club.

The dressing table was made by nailing a board four feet long and

eighteen inches wide to the top of each box, adding six-inch legs to the proper height, and running printed percale of four yards fullness on a cord around the top of the boxes. Jean's total expenditure for mirror and materials will amount to around \$2.00.

The heavy duck covering one side and an end of the closet is tacked securely to the ceiling and the floor. Shelves fill one end and a clothes rod the other.

Other additions to Jean's room are a new bed and a green designed congo-lem.

Baby ostriches can follow their parents afield within 24 hours after hatching.

COLORADO ENTITLED TO THE BEST LEADERS CONTEND

CITY, C-C OFFICIALS HOPE FOR REALIZATION BETTER RAIL UNDERPASS PROJECT

Chestnut Street Crossing Is Given Favor At Meeting Convened Friday

That Colorado should hold out for construction of a modern rail underpass rather than the lesser project as originally planned was urged by officials of the chamber of commerce, city and other citizens attending conference at the city hall Friday night.

The conference was arranged by Jim Greene, secretary of the chamber of commerce, who explained that his organization would insist that Colorado should be given a better and more practical rail crossing than the original plans called for.

Plan that seemed to meet with greater favor than any of the others considered was to extend Chestnut street south from Second to the rail property where a good underpass could be built with little excavation. The street would be paved over the block extending south from Second to the railroad.

There was some consideration given to proposition that a modern underpass be erected at foot of Elm street. This project was favored by Mayor J. A. Sadler, Chas. Moeser and G. W. Whitaker were members of the city council to declare for the "very best that we may be able to obtain."

E. A. Pistole of Big Spring, division superintendent for the Texas and Pacific, is to be requested to cooperate with the city in tentative plans for building the improved thoroughfare. The rail official Thursday at noon had given no statement for publication on the subject.

Bob May was back in Colorado Saturday trying to sell some Ford cars. He intends to try to make another deal in the Rotan oil field next week, he said.—Sweetwater Daily Reporter.

Hospital Bond Cost Estimate Made By C. of C. Secretary

The proposed hospital bonds to be voted on March 23 would cost the average taxpayer of Mitchell county 79 cents annually, according to figures recently compiled by Jim Greene, chamber of commerce secretary.

There are 4,200 taxpayers in the county, rendering an annual average property value of \$1640, Greene stated after conferring with records at the tax collector's office. The figures call for 160 acres of land \$200 worth of improvements as the county average.

"Basing revenue upon the present county valuations, a three-cent tax levy would pay interest and create a sinking fund sufficient to retire the bonds at the end of thirty years," he stated.

SPIRIT OF FELLOWSHIP IN COLORADO UNIQUE, IS MINISTER'S IMPRESSION

Christian fellowship as exemplified among ministers, the churches and individual citizens in Colorado is unique and should be accepted as a mark of distinction, Rev. Ray N. Johnson stated during an address at the Lions Club Friday.

The speaker, who Sunday evening closed a revival meeting at First Methodist church, spoke of the cooperation given him by members of the service organization during his stay of two weeks in the community.

DRUGGIST CHAIRMAN OF LIONS CLUB COMMITTEE

Jack Mayes, manager of the Colorado Drug Company, Friday was announced as chairman of the Lions Club program committee for March. Other Lions of the committee are W. C. Davis and Frank Mackey. The latter two are identified with the automobile business here.

COLORADO CHURCHES HAVE GREATER PIETY AS RESULT OF REVIVAL ENDED SUNDAY

Rev. Ray Johnson And Wife Return To Their Home In San Antonio

Churches of Colorado have experienced a more profound Christian faith and it is to be accepted that religious activities in the community are to reach out to bring larger groups within their influences as direct result of revival meeting closed Sunday evening at First Methodist church, according to version given The Record Monday morning by Rev. Cal C. Wright, pastor.

Rev. Ray N. Johnson of San Antonio, youthful preacher leading in the two weeks campaign, did much to impress the people with the serious aspects of sin and point them to the path that leads to things eternal, the pastor stated. Rev. and Mrs. Johnson left Monday for Abilene to spend two days visiting his parents before returning to their home in San Antonio.

The evangelist reached the climax of his campaign Sunday morning at 11 o'clock when he delivered one of the most powerful sermon addresses ever heard from a local pulpit, building his theme around the subject, "The name of Jesus. 16 people united with the church during the service, ten of whom were received upon baptism."

Rev. Mr. Wright stated that considerable number of converts and reclamations would unite with the Methodist and other churches of Colorado as result of the revival. Cooperation extended by fellow pastors and leaders in their congregations was referred to frequently by the pastor.

MISS GUNTER ATTENDS MATTRESS SCHOOL IN ABILENE ON FRIDAY

Instructions in mattress making were heard by Miss Emma Gunter, county home demonstration agent, and other agents from district three at a mattress school held in Abilene Friday by Mrs. Bernice Claytor, home improvement specialist of A. & M. college.

The school was held in connection with distribution over the district of six bales of surplus relief commission cotton to be used by clubwomen in making mattresses. This county will receive one-half bale.

The cotton will be used by bedroom improvement demonstrators of the six women's home demonstration clubs and by their assistants in making mattresses for the bedrooms they are improving, Miss Gunter says.

Miss Gunter plans to hold a mattress making school for the demonstrators and their assistants in the near future. The demonstrators in turn will instruct other members of their clubs.

Bedroom demonstrators who have already been named are Mrs. Otto Schuster, Hyman; Mrs. Albert Orr, Lone Star; Mrs. Kent Howell, Plainview; Mrs. W. K. Miles, Looney; Mrs. Ivan Barber, Bauman; and Mrs. J. M. Hahn, Iatan.

MRS. EARL POWELL AND SON IN STANTON SMASH

Mrs. Earl Powell of Stanton and her son, Edgar Lay, who is the grandson of Mr. and Mrs. Lay Powell of Colorado, sustained painful injuries in an accident near Stanton last Wednesday evening.

An account in a Big Spring paper stated that Mrs. Powell was driving home at dusk and eight miles out of Stanton came upon first one car and then another partially across the road. She managed to miss the first one but smashed into the second.

Edgar Lay was thrown against the windshield with sufficient force to fracture his nose and break a hole in the glass. Mrs. Powell was thrown against the steering wheel, sustaining some loosened front teeth and a deep gash on her right knee. Those who saw the wrecked car marveled that the occupants escaped without more serious injury.

MR. AND MRS. ALVIL LAY ARE HONORED AT PARTY

A community farewell party for Mr. and Mrs. Alvil Lay, who are moving to Coahoma, was sponsored by the Women's Home Demonstration club of Iatan Saturday night.

The last of the games played was a treasure hunt which led Mr. and Mrs. Lay to the gifts. A George Washington color scheme was carried out in refreshments, and favors.

MITCHELL COUNTY SHAKES UNDER SPELL OF BLIZZARD AS MERCURY FALLS FAST

Fruit Crop, Probably Saved But Dust And Wind Bring Damage To Fields

Mitchell counties were shivering Monday and Tuesday from effects of another typical West Texas trick bag product of the weather man that within the space of about 12 hours sent mercury readings tobogganing downward fifty degrees.

Sunday afternoon shortly after five o'clock the Indian Summer weather that during several days had prevailed was suddenly overwhelmed by a dense dust storm that swooped down from the north. It was only the matter of minutes until a brisk norther arrived to push mercury readings rapidly downward. Readings slumped from 70 Sunday afternoon to 20 above zero Monday morning at 7 o'clock.

The dust attack had practically subsided Monday morning but the severe gale hung on with tenacity, sending folk indoors to find relief from the biting cold. Sub-freezing temperatures hovered through most of the day. Another drop in temperature during Monday night sent readings down to 18 above at 6 Tuesday morning, but milder weather was in store and conditions became less severe as the day passed.

Farmers here Tuesday were of the opinion the severe cold snap had fruit crop this year. The several fruit crop this year. The several days of warm weather preceding the freeze had encouraged fruit trees to verge of blooming. The dust and wind, however, exacted damage from fields of the territory by absorbing moisture that right now is sorely needed by planters.

SECOND DEMONSTRATOR IN ROOM IMPROVEMENT NAMED AT IATAN CLUB

A second bedroom demonstrator in the person of Mrs. Ennis Rogers was appointed at the meeting of the Iatan Home Demonstration club with Mrs. Dewey Phillips Thursday.

Each member present paid her five-cent scholarship fund. Members were instructed to bring cuttings for the cutting bed to be demonstrated at the next meeting.

Plans were made for a farewell party for Mr. and Mrs. Alvin Lay, who are moving to Coahoma, on Saturday night. Mrs. H. D. Mitchell and Mrs. S. M. McElhatten were named on the entertainment committee.

The meeting March 7 will be with Mrs. J. M. Rogers.

TREES, PLANTS SUBJECT AT LONE STAR HD CLUB

Trees and plants suitable for soil in this section were the subjects of a demonstration given by Miss Emma Gunter, county home demonstration agent, at the meeting of the Lone Star Home Demonstration club Tuesday with Mrs. Jack Linam.

A demonstration on the framing of pictures was also given.

During the business meeting Mrs. Albert Orr, Mrs. Henry Taylor, and Mrs. Paul Stewart were named on a program committee.

The next meeting will feature a demonstration on the laying of concrete tile and the exchange of plants and seeds. Mrs. Henry Albright will be hostess Tuesday, March 5.

Present were Mesdames W. A. Taylor, Henry Taylor, Albert Orr, Henry Albright, Paul Stewart, Jack Linam, A. C. Taylor, and Tillison; Miss Gunter.

ALL DAY SINGING TO TAKE PLACE AT IATAN

An all day singing convention at Iatan Sunday is announced by E. R. Knight through W. L. Doss, Sr., of Colorado.

A number of out of county singers are expected to be present and take part on the program. Everyone is invited to come and bring a basket lunch.

SERVICE CLUB VOTES TO SEND CONDOLENCE NOTES

Letters of condolence Friday were forwarded from the Lions Club to Mrs. C. H. Earnest and family, in appreciation of the life of the late Judge Earnest; to Judge A. F. King, who at the time had a brother seriously ill in an El Paso hospital, and to Ben Smith, member of the club who was convalescing from major surgery in an Abilene hospital.

COMPLETE NEW RECORDS BEING MADE AT COUNTY RELIEF HEADQUARTERS

Complete new records of all relief clients, both those on the direct relief rolls and the work relief rolls, are being made out at the local relief office, according to J. H. Greene, FERA administrator.

Every workable person over sixteen years of age in each relief family is being recorded.

This work is being done under Federal orders and is thought by some authorities to be a preliminary step to the introduction of the President's new relief plan, now under fire in Washington.

DEPUTY COLLECTOR TO AID PUBLIC IN MAKING OUT U. S. TAX RETURNS

Henry C. Broadus, deputy collector representing the Internal Revenue Service out of the Dallas office, will spend March 7 at the court house to offer assistance to citizens in filling out income tax reports, W. A. Thomas, collector, states in a recent letter to The Record.

Mr. Broadus is to be at the court house from 8:30 a. m. to 5 p. m. "where he will be glad to confer with any one who wishes to avail himself of his help," Thomas stated.

Try a Record want-ad.

LIONS ORGANIZE GROUP TO PUSH CANDIDACY OF GREENE FOR GOVERNOR

That the Lions Club will aggressively push candidacy of Jim Greene for governor of District 2-T, Texas, at annual convention to be held in Plainview in April, was indicated Friday when a special committee to direct these plans was elected.

The committee will work under supervision of Joe Pond, general chairman of Greene's campaign, and includes J. W. Randle, chairman; J. Ralph Lee, Rev. Cal C. Wright, Judge B. L. Templeton, Clarence Hornberger, and Henry Vaught.

1921 Study Club Has Anniversary

The fourteenth anniversary of the 1921 Study club was celebrated by

club members Friday with a lunch and matinee in Big Spring.

Gathering at the home of the club president, Mrs. H. B. Broadus, the women left at ten o'clock for the Settles Hotel in Big Spring, where they were served lunch at a special table. Mrs. Broadus was unable to accompany the group because of illness.

In the afternoon they attended a matinee showing of Shirley Temple's latest picture, "Bright Eyes."

Sponsored by Mrs. J. G. Merritt, the club was organized fourteen years ago with Mrs. Stewart Cooper as first president. Charter members who are still in the club include Mrs. J. T. Pritchett, Mrs. W. C. Hooks, Mrs. Ed ones, Sr., Mrs. R. P. Price, and Mrs. C. L. Root.

The club will resume its study at its meeting Friday with Mrs. C. C. Thompson.

Friday Club Meets With Mrs. Blackard

Entertaining at the home of Mrs. L. C. Scarborough, Mrs. Lloyd Blackard was hostess to the Friday club Friday afternoon at 1:30.

Guests were Mrs. Scarborough and Mrs. Everett Stagner. Mrs. Scarborough made high score. The traveling prize was won by Mrs. Bryan Porter.

Refreshments were cherry pie, whipped cream, and coffee.

Office supplies at The Record.

STUDY CLUBS

Shakespeare

Devoting all its time to a lengthy lesson in its study text, Shakespeare's "Hamlet," the Shakespeare club met Friday afternoon at the home of Mrs. Joe H. Smoot. Mrs. T. W. Stonerod was lesson leader.

Crossed oysters, crackers, olives, hot rolls, individual cherry pies, and coffee were served to the members and one guest, Mrs. B. R. Russell.

Mrs. J. Max Thomas will be hostess next week instead of Mrs. D. H. Snyder, as previously announced.

Self Culture

The career of Santa Anna, outstanding figure in Mexican history in Texas, was studied at the meeting of the Self Culture club with Mrs. H. G. Whitmore, club president, Friday afternoon.

Leading the lesson, Mrs. Benton Templeton conducted the roll call, which was answered with names of Texas heroes. Mrs. J. B. Pritchett had the topic, "Santa Anna and Texas," and Mrs. A. F. King a paper on "Santa Anna in Mexican History."

Mrs. Lee Lavender told of the "Later Life of Santa Anna."

The club voted to change the date of its Mexican supper to Friday, March 1, during the business session. Decision was also made, in response to a request, to endorse the sterilization law recommended by International Lions.

Small flags were plate favors with refreshments of Irish meat loaf, wafers, mints, and lemonade.

Hesperian

Texas writers and artists will be studied by the Hesperian club during the second half of next year, it was decided at the meeting Friday with Mrs. J. A. Sadler. Shakespeare's "Merchant of Venice" has already been selected for study during the first half of the year.

During the business session the club voted to contribute \$1 to the Sul Ross scholarship fund and to present Mrs. Nat Thomas' small son with a silver Hesperian spoon.

The lesson in fine arts was led by Mrs. C. A. Wilkins. Names of American composers were given in response to roll call. Mrs. E. L. Latham told of "A Panoramic View of the History and Development of American Music." Two songs by American composers were sung by

Mrs. Charles Moser with Mrs. Latham accompanying.

"West Texas Art Centers" and "Artists" was the subject of a paper by Mrs. J. E. Watson. Nancy Price played two piano numbers, "To a Wild Rose" and "Shepherd's Tale," both by American composers. Mrs. Wilkins read Mrs. Doyle Williams' paper on "The Poet and the Composer."

Mrs. S. O. Wulfjen will be hostess next Friday at the home of Mrs. E. H. Winn.

Standard

Incidents in the life of Washington were related by the following during roll call at the meeting of the Standard club with Mrs. Y. D. McMurry Friday afternoon:

Mrs. C. M. Adams, J. E. Pond, R. B. Terrell, L. W. Sandusky, H. L. Hutchinson, Jr., J. A. Buchanan, Roy Buchanan, P. C. Coleman, Y. D. McMurry, H. B. Smoot, and C. E. Way, Miss Barbara Way of San Antonio was a visitor.

Leading and beginning the lesson hour, Mrs. Pond told of Washington's life up to the period of his entrance into the war. Mrs. P. C. Coleman had a paper on "The Courtship of George and Martha," Mrs. Adams one on "Washington, the Soldier," and Mrs. J. A. Buchanan one on "Washington, the President." The lesson closed with the pledge to the flag, given in unison.

A two-course luncheon was served at a dining table centered with a cluster of flags. Places were marked with tricorn hats. Favors were red and silver hatchets.

Mrs. J. E. Pond is hostess this week at the home of Mrs. Sandusky.

Zetagathian

The American home was the topic of study for the Zetagathian club's meeting at the Butler camp home of Mrs. Ed Jones, Jr., Friday.

Papers read were: "How Duties of the American Housewife Have Changed Since Colonial Days," Mrs. Bill Dorn; "Americanization," Mrs. Bob May; "Business of Being a Good Clubwoman," Mrs. Randolph McIntyre.

Mrs. James Logan was named librarian for next year. Mrs. Bob May will be the next hostess.

Sketch Club Reelects Officers For Two Years

Reelecting present officers for the next two years, the Colorado Sketch club met in a business session at the home of Miss Margaret McComas last Thursday afternoon.

The officers reelected were: president, Mrs. Jeff Dobbs; vice-president, Mrs. D. M. Logan; secretary, Mrs. S. B. Westfall.

The club voted to pay dues to the county federation and made plans for work during the next two years.

Present were Miss Nita Cook, Mrs. L. A. Costin, Mrs. D. M. Logan, Mrs. Dobbs, Mrs. Westfall, Mrs. A. F. King, and the hostess, Miss Cook will be hostess March 12.

The Fords Plan Their San Diego Exhibit

Here are Henry and Edsel Ford getting their first glimpse of a model of the building that will house the Ford exhibition at the California Pacific International Exposition at San Diego, Calif. Between them is G. Aubrey Davidson, chairman of the exposition.

DEARBORN, Mich.—Both Henry Ford, and Edsel B. Ford, president of the Ford Motor Co., will visit the California Pacific International Exposition this summer. So they told G. Aubrey Davidson, chairman of the Exposition, who was here to make final arrangements for the Ford exhibit at the Exposition.

Mr. Davidson told the Fords that it is hoped that the exposition will make a definite contribution toward world amity, as the assembly of more than 30 representatives of countries whose shores line the Pacific Ocean is bound to bring about greater understanding and good-will.

The building that is to house the Ford exhibit is to be a permanent structure that will remain in beautiful Balboa Park, site of the exposition, after the show is over and the exhibit removed. A huge circular building, partially roofed, is fronted by a tower rising from what appear to be two immense gears, one inside the other. The building, architecturally, is done in the modern motif, but its open court, in the center, is characteristic of the Spanish and Mexican types of architecture that dominate the exposition.

The circular main section of the building will be 340 feet in diameter. The tower, resting on a base 221 feet above the Pacific, will rise 198 feet. The outer walls of the building will be 40 feet high. The tower will be lighted in a manner to make it resplendent in varying colors.

A special feature of the Ford exhibit will be a series of dioramas showing, in pictured story, life in the principal countries on the Pacific Ocean.

Inside the main section will be two great corridors. Along one will be shown the actual manufacture of Ford parts, including the rolling of steel and some of the more interesting foundry operations, such as die-casting. In the other corridor will be grouped a number of exhibits showing the technical development of the Ford car—torion, tensile and other tests of steel; ball-bearing and piston-ring tests and inspection; methods of testing the action of weather on upholstery and other features.

Construction of the Ford exhibit will start immediately.

Sheriff Accused Of Post Murder Dons Star Again

Sheriff W. F. Cato, of Graza county, under Federal indictment on a murder charge, Friday resumed the duties he dropped two weeks ago when he was taken to Dallas by agents investigating the machine gun slaying of Spencer Stafford, a Federal narcotics officer.

The Sheriff, Tom Morgan, registered Hereford breeder and farmer, whom Cato had deputized a few minutes before the shooting; Dr. V. A. Hartman, charged with Dr. L. W. Kitchen in connection with the murder charge against the Sheriff, and C. M. Lee returned to Post after having been released on bond at Dallas. Lee has been charged with perjury, Morgan with murder.

Cato and Morgan were greeted by more than 100 persons at the station when they arrived.

"I expect to go ahead with my work as usual," the Sheriff said.

He said Sheriff R. A. Schmid of Dallas "treated me the same as the others, I guess."

"The Dallas jail food was as good as that I serve," he added.

THIEVES STEAL PEACH TREES, ROSE CUTTINGS

Percy Bond announces a new vogue in the ranks of thieving. Last week he and family were returning from a trip to points in Central Texas. They bought some peach trees and rose cuttings at a Stephenville nursery. While they were eating lunch in a Cisco cafe, some one stole the nursery stock from their car.

THEATRE NEWS

"COUNT OF MONTE CRISTO"

Palace March 3-4
Robert Donat, noted European stage and screen star, familiar to American audiences through his part in "Henry VIII," has the leading role. Elisa Landi plays the part of Mercedes.

The task of transferring to the screen the Duma story of political intrigue, shattered love and life, heartless cruelty and the fantastic discovery of a valuable treasure that enables Edmond Dantes, as the Count of Monte Cristo, to revenge himself upon and destroy his enemies, was handled by Philip Dunne.

In every way, this picture promises to be big. Having seen some of it made, particularly the tableaux in the anti-climax, it gives every indication of being the type of production that will stir popular imagination. Actually, it is the story of one man, his sufferings and triumphs, portrayed against the social and political background of early 19th century France.

"ONE HOUR LATE"
Palace March 5-6
This one deals with the humorous happenings around a business office.

As delightful comedy it affords Helen Twelvetrees and Joe Morrison full scope for their talents. They are employed in the same office where Joe spends his time attempting to convince Helen she should marry him. She mistakes her employer's (Conrad Neigel) kindness as something more and her interpretations of his every move in her direction becomes hilariously funny. A stalled elevator furnishes some thrills and an opportunity for all misunderstandings to become adjusted.

"GENTLEMEN ARE BORN"

March 7

Slow-moving impressive feature of four college grads who wind up as average plodders. To the thoughtful the picture will convey the idea that a college education is of no value in getting on in the world. One boy becomes a reporter; another a promising architect; the third as assistant to his father, investment broker; and the fourth, a football hero, becomes in turn a truck driver, would-be pug, winding up by stealing \$10 from a pawnbroker and being killed by a policeman. Romantic interest is supplied by Jean Muir, Margaret Lindsay, and Ann Dvorak.

"GIRL OF THE LIMBERLOST"

Ritz March 3-4

The talking version of the famed classic novel by the late Gene Stratton Porter comes to the screen with all the down-to-earth, homely dramatic elements of the story intact, thereby making of the picture something which is worth while.

"MURDER IN THE CLOUDS"

Ritz March 5-6

From the title it is easily gleaned that this story is one of mystery melodrama in the skies. Involving situations fraught with intense excitement, breath-taking suspense, vivid sequences of aerial acrobatics, liberal dashes of hokus-pokus comedy

and a companionate love interest angle, it is not only a yarn of several murders but an action adventure crowded with high theatre.

Promising to be an unusual attraction for those who like the fast moving, mystery shrouded, exciting color of dirty work at the aerial crossings the story mixes its heroes and villains in amazing fashion. A tube containing a secret super-TNT explosive is the cause of it all. As such, the picture calls for a brand of excitement provoking showmanship in publicity and gag exploitation that not only consolidates the interest of the youngsters, but also that of the lovers of thrill-adventure entertainment as well.

NEW FORD V-8

The Car Without Experiments

THERE'S never any doubt about value when you buy a Ford car. You know it's all right or Henry Ford wouldn't put it out. One thing that never changes is his policy of dependable transportation at low cost.

That's the biggest feature of the New Ford. The reliability and economy of its V-8 engine have been proved on the road by upwards of 1,400,000 motorists. Owner cost records show definitely that the Ford V-8 is the most economical Ford car ever built.

Negro School Head Buried Thursday In Abilene Cemetery

L. D. Glover, principal of the negro school here during the past seven years, was buried Thursday in an Abilene cemetery, following rites conducted there. Glover died at his home in East Colorado Monday night at 9:30 o'clock following a brief pneumonia attack.

J. E. Watson, superintendent of schools, stated Tuesday afternoon that Glover had proven one of the most capable negro school teachers with whom he had ever dealt. The local negro school was closed through Tuesday, Wednesday and Thursday.

Hettie Wallace, assistant teacher in the school, assisted by a substitute, will have charge of classes there pending election of a principal to succeed Glover. The Wallace woman has been offered principalship of the school but declined.

Glover is survived by his widow and several children. The Laughter Undertaking Company of Abilene were in charge of funeral plans.

Rogers Ramblings

"FINGER PRINTS"
The young people of Silver community will present an interesting play at Rogers Friday night March 1. This is a very good play entitled "Finger Prints." It has an excellent plot centered around a very energetic detective, who could easily compete with Dick Tracy in solving mysteries.

This play has several fine comedy characters who will keep you laughing during the entire performance.

The small admission of 10c will be charged and only 50c for large families. A large per cent of the proceeds will be retained for the Rogers athletic fund. There will be good music between acts by the Rogers String Band and Mr. Fowler of Carr. The Rogers people should give these visitors a good crowd as this is the first play to be put on here from another school in a long time.

"A DAUGHTER OF THE DESERT"

"A Daughter of the Desert" was presented to a large audience Friday night. The proceeds of the play will be used to purchase new books for the library. Excellent music was rendered between acts by Mr. Fowler of Carr, the Rogers String Band, and the Rogers Choral Club. Everyone enjoyed the entertainment. This play will be presented at Silver Friday night March 8.

TYPING REPORT

Colorado High School's first typing team defeated the Rogers team Saturday by less than 1 per cent.

The same teams will compete at Colorado Saturday, March 2. Rogers' team will compete with teams representing the Midland, Big Spring, Sweetwater, and Colorado high schools in the near future. The Rogers team will give a good account of itself in this contest.

Claudine Barber, a member of the Rogers typing team, received her thirty word certificate this week.

OBSERVATIONS

A few summers ago this writer on his way to New York visited his old boyhood home in southern Illinois. We had been absent 53 years and of course saw many things of interest, but one of the first places visited was the old country church. As I looked upon the old frame meeting house, in memory I saw again the old-time circuit rider step into the big boxed-in pulpit, with his old-time saddlebags on his arms. First the good old man would drop upon his knees and spend many minutes in silent prayer. Then he announced such old-time spiritual hymns as "On Jordan's Stormy Banks I Stand," and "Jerusalem My Happy Home." Then the old-time preacher preached an old-time gospel sermon, ignoring the sensations of the day, and dwelling upon the love of God for fallen men and the wonderful sacrifice for man's redemption. I may be old-timey or foggy, but I am persuaded that those old-time worshippers went from the sanctuary to the audience with a deeper sorrow for their sins and a deeper gratitude to Him who made a way of escape from sin than if they had heard a mighty oration of political evils or evolution, and their ears had been pierced by the screeching tones and non-understandable words of operatic or jazz music.

As I see it, the man with a position that pays a salary around \$60 or \$75 per month has an awful poor chance of climbing ahead financially so long as his folks burn twenty-five dollars worth of gasoline a month. If you think there isn't much financing of this kind going on at present, do a little checking up—beginning at your own home.

Some time ago a New York Judge ruled that love is insanity, and ordered a fellow who had done nothing worse than love a woman rather fiercely sent to an asylum for the insane. It comes as a severe shock to most of us to learn that our ravings before our soul's affinities were nothing more than the vapors of diseased brains, but a New York judge has said it, and if lovers and those who used to be lovers will study their mental and physical gyrations of the love period a little, they may be forced to admit that the New York judge was right.

When one makes a survey of the history of our government, comparing the acts of the early congressional and legislative sessions and the laws in the days of our fathers with the laws of today, and then compares the tax bills of those now living, he is soon convinced that whereas Americans once had a Bill of Rights, they now have a Bill of Costs.

This writer has seen something of twenty-three political campaigns in Texas and in every campaign the candidates promised the people a reduction in taxes. But in the forty-six years covered by the twenty-three campaigns the tax rate has increased more than 400 per cent. I mention

this to keep you from growing too enthusiastic and throwing your hat too high in the coming mayor's race. When the candidates get on the stump and tell you how, if they are elected, they are going to cut the tax rate 50 per cent and especially the sewer charge off the water bills. F. B. W.

SYMPATHY Sympathy is one of the noblest attributes of the human heart, but sympathy should never be stronger than reason. Sympathy frequently causes a jury to turn red-handed murderers loose upon an outraged community; sympathy frequently causes people to sign application for pardon that should not be granted, in fact sympathy, when permitted to outweigh reason, leads people into countless errors. I once saw a young man give away the last dollar he had when an appeal was made at a church for a worthy unfortunate man of another town. The young man was the main support of a widowed mother, and the mother needed every cent he could earn and more. I once knew a man to lose his blacksmith shop by fire. He was a man of moderate circumstances, owned a little home and enough stock to conduct a small farm. A subscription list was circulated in his behalf and one of the largest contributors was a share-cropper who owned no home or stock and was forced to stint his family every year in order to meet his store bills. Both men mentioned above allowed sympathy to lead them into actual sin for "he that provideth not for his own is worse than an infidel." F. B. W.

TWO SILVER DOLLARS Once there were two silver dollars in a certain town. They were as rare as such like as two peas in a pod—had the same glitter and the same ring. They were good dollars, anxious to do their town and country a good turn. But these dollars had to separate. One of them fell into the hands of a loyal-hearted man. With it he paid a debt he owed the grocer, but the dollar didn't stop in the grocer's till, for the grocer gave it to a countryman in payment for butter and eggs. The farmer paid it to the doctor, the doctor paid the butcher with it, and the butcher gave it to another farmer from whom he purchased a yearling. And so this dollar kept busy for a long time. It paid debts, it bought goods from the store and produce from the farmers. It helped to build school houses and pay teachers, it assisted in the erection of churches, it provided comfort for men and women, it made the hearts of children glad. The other dollar fell into the hands of a man who cared little for his community or its people. He sent it to a mail order house, and from there it went into the coffers of a great corporation in a large city. To-day that dollar is covered with rust, and is sleeping in a vault in that city far from the people it would gladly serve. F. B. W.

THE BOOTLEGGER "Wine is a mocker, strong drink is raging, and whosoever is deceived thereby is not wise."—Solomon. Wine is not for princes, O Lemuel lest they drink and forget the law.—Shakespeare. But give wine unto him that is heavy of heart, and strong drink unto him that is ready to perish and let them drink and remember their miseries no more.—Proverbs. Drink no longer water, but take a little wine for thy stomach's sake and thine oft infirmities.—Paul's advice to Timothy. Let no man therefore judge you in meat or in drink.—Paul's admonition to the Colossians. He who meeteth a bootlegger and drinketh until he seeth two cows when there is only one, and then goeth upon the highway and steppeth on the gas is a damphool.—Uncle Bill in Sterling City News. This columnist once saw a man drunk lie down in the gutter and a pig came and layed down beside him which suggested this verse: 'Till a lady was heard to say You can tell a man who booses By the company he chooses The pig got up and slowly walked away. F. B. W.

SCIENCE Lady Foster teaches a class, at the

high school in automobile. Recently he asked his class for an expression on impression, and not depression, using for the subject, automobile without qualifying adjectives. The class wanted to submit something for its poppiness of spirit and remembering that a certain car had a euphonious syllabification they combined the idea of euphony with the idea of pep. From that hybridization was born, like Venus from salt water and lily pads, these verses:

Bill took his girl for a drive His technique at par Tried to kiss her at seventy five No Bill, no girl, no car.

Curfew tolls the knell of parting day A line of cars wind slowly o'er the lea An aged pedestrian slowly picks his way But leaves the world quite unexpectedly.

Prof. Foster took these submitted expressions on impressions and said it was so out of date and stale it reminded him of history 4000 years ago when Agamemnon resigned, Homer sang and Helen danced upon night club tables in the Troy of Priam. F. B. W.

COTTON OUTLOOK FOR 1935 In an interesting conversation with the county agent your correspondent learned a great deal about what our 1935 Cotton Program offers to the United States. And below are some of the facts gathered during this conversation:

The AAA after much investigation reached the conclusion that a 1935 cotton crop of 11,600,000 bales offers more money to the farmers than a crop either smaller or greater than this figure. If the crop should be greater than 11,600,000 bales the price per pound would drop materially and a smaller crop would not gross as large an income as a 11,600,000 bale crop will.

For a crop in 1935 not exceeding 11,600,000 bales it is necessary that contract signers rent 35 per cent of their base acres—then with a normal average yield per acre our crop would not exceed these above mentioned figures. Too, the contract-signer would be drawing the maximum benefit payments permitted under the contract. And in turn he would have these rented acres for the production of feed and food crops in 1935. Such practice on the part of our farmers would be of material assistance in overcoming the existing shortage of both feed and food crops in this immediate area.

Too, in no case will the Bankhead Allotment of an contract-signer be greater than 65 percent of his base acres multiplied by his base yield. In other words since his allotment for 1935 will be 65 per cent of adjusted total yield it little behooves the farmer to raise 75 per cent of such figure and have to buy Tax-Exemption Certificates to gin the cotton produced over and above his Bankhead allotment. Too, it seems to be the opinion in official circles that Tax-Exemption Certificates in 1935 will sell for the same price as the tax, which will be fixed from time to time, and this tax will change from time to time so that it always at least 50 per cent of the price of cotton. In 1934 this was not done, but will probably be enforced in 1935.

Producers who did not sign a contract in 1934 will be permitted to do so in 1935. They will be governed by the same contract that all signers are. They will draw the same rentals, parity payments, etc., 1934 signers. All signers have to rent at 25 per cent and may rent 35 per cent. The 35 per cent reduction in 1935 offers cotton farmers the greatest advantages.

COLORADO PUBLIC FINDING NEW CHEVROLET ANOTHER GREAT AUTOMOBILE VALUE

Master Sedan On Display At Mills Chevrolet Co. Is Viewed By Many

Visitors to the Mills Chevrolet Company during the past week have been impressed with the Master series for 1935, where a sedan of that de luxe type has been on display. Scores of visitors have been profuse in pointing out distinctive features of the car, describing it as another great automobile value offered by Chevrolet. The standard series have been on display at the Mills concern, corner Elm and First streets, several weeks.

Along with presenting the De Luxe series, the Mills Company is also showing the Standard models and Chevrolet trucks for 1935. Joe B. Mills, owner and manager of the concern, stated Monday that he was highly pleased with these machines and extended invitation to all interested citizens of Colorado and this territory to call and inspect them.

The Master model for 1935 is crammed with new improvements but retains the valve-in-head motor principal and other outstanding Chevrolet features.

The New Fisher body features a solid steel "turret", top and a body pressed from only five pieces of steel, reinforced by hard wood. Electroplated cast iron pistons give the engine added pick-up. Mr. Mills says, and the full pressure lubrication to all connecting rods, main bearings and camshaft bearings is provided. There are also many other improvements on the new Master models, such as a rear luggage compartment, a new type jack which

operates from in front of the radiator and the rear bumper.

Mills called attention to statistics recently released showing official registrations for 1934 in which Chevrolet maintained leadership in both the car and truck field over all other makes. This marked the fourth consecutive year Chevrolet had held that record.

In the Dallas zone, in which Colorado is located, Chevrolet registered 17,190 cars during 1934, to 14,543 for the next highest and 7,610 for the third.

BE CAREFUL WITH KITES IS WARNING ISSUED BY UTILITY OFFICIALS HERE

The danger of flying kites in the vicinity of electric wires was explained today by officials of the Texas Electric Service Company, who are appealing to parents to warn youthful kite-flyers to keep away from wires.

"Several fatal accidents already have occurred this spring as a result of boys flying kites too near electric wires," according to Lon Geer district manager of the electric company, "and we want to impress on parents and children the dangers of letting kites and kite strings come in contact with wires. A bove all, children should be cautioned never

to use metal wire in the place of string when flying kites, for if the wire should fall across an electric line, the current would flash to the person holding it.

"Whenever kites become entangled in electric wires, don't climb poles or use long sticks to remove it. Call the company and a lineman will be sent to get it down, if possible. Another wise precaution is not to fly kites during a rain, as a wet string is almost as dangerous as a wire should it come in contact with an electric line. Kites with metal frames, or wood frames, braced with wire, should not be used.

"Employees of the company will visit local schools within the next few days and make a further explanation of the dangers of flying kites near electric wires."

PRESBYTERIANS OBSERVE YOUNG PEOPLE'S WEEK

Observance of the National Week of Prayer for young people in schools and colleges was kept at the First Presbyterian church Sunday morning with a service in which young people of the church were leaders.

The choir was composed of young people and young men were users. Special prayers were offered. Miss Buena Vista Wulfjen gave a vocal solo.

John Colson's Calves Winners At Odessa Show

Two calves entered in the Odessa Livestock show last Friday and Saturday by John Colson, Jr., Future Farmer of Colorado High school, won first and third places in their division and the first place winner became reserve grand champion of the entire show.

Colson fed the calves as a project in his vocation agriculture work under Doyle Williams. He was accompanied to the show by his brother, Orval. Cash prizes won by the calves totaled \$16.

A sentence of five years in a women's reformatory was meted out to Mrs. Myrtle Lattimer, of Kansas City, Mo. She pleaded guilty to six charges of forgery. For two and a half years she had been concealing the body of her dead mother and cashing her pension checks.

METHODIST CHURCH NOTES

One hundred and ninety-five were in attendance with five visitors and one new member present at Sunday school. The pastor Rev. C. B. Meador's, discourse for the morning hour, was from the 13th chapter of Matthew using the 12th chapter of Timothy and the 12th verse for his subject at the evening hour.

Prayer meeting Wednesday night will be conducted by Mrs. Meador's class.

BAPTIST NOTES

One hundred and fifty-six were in attendance Sunday with four new pupils and three visitors present. Brother Hardin's sermon taking his text from the first ten verses of the 3rd chapter of Acts was very good using as his subject "The Unexpected Gift of the Almighty." His subject for the evening hour was from the 3rd verse of the 3rd chapter of Acts. The crowd for the evening service was small due to the disagreeable weather.

T. E. L.

The T. E. L. Sunday school class met Tuesday afternoon at the home of Mrs. Clyde Wilson with ten ladies present.

Games followed the short business session presided over by Mrs. Henry Howell.

Hot chocolate, sandwiches and cookies were served by the hostess assisted by Mrs. J. N. Narrell. Next meeting, March 20th, will be with Mrs. J. C. Hall and Mrs. W. O. Kinnison.

Four CHS Typing Teams Win Second Place At Midland

Four typing teams from the commercial department of Colorado High school won second place in a three-school practice typewriting contest held in Midland Friday.

Scores were as follows: Big Spring, 138.16; Colorado, 135.94; Midland, 134.30.

Miss Octavine Cooper, head of the commercial department, took eight of her pupils to the contest. One of her first-team typists, Nina Laura Smith, was unable to go. The first team was composed of Everett Pond and Madrine Hammond, the second of Robert Earl Wulfjen and Donnell McGuire, the third of Frances Elliott and Elizabeth Taylor, and the fourth of Shields Girfin and Erna Lou Morrell.

The third team beat the average of the winner of the second group and almost equalled the average of Colorado's first team.

This was the first of a series of practice contests which will be held before the Interscholastic League district contests in Sweetwater April 5 or 6. Miss Cooper is manager of this typing district, which is No. 5.

This Friday typing teams from Carr, Rogers, Westbrook, Colorado

and perhaps Roscoe are to compete here. On Friday, March 8, a practice contest will be held in Big Spring, and on the following Friday, March 15, all the schools will come here again.

The five highest teams at the district contest in Sweetwater will go to Abilene for regional contests, and the three highest there will go to the state meeting.

Millions of Visitors Will Leave Millions of Dollars in Texas

Texans will show their State! Visitors will show their interest, admiration, respect for its history and confidence in its future. Some will become citizens, others will leave with a heart full of love for Texas, and admiration for its citizenship.

Statistics show that the influx of visitors alone warrant the statement that the project will show a profit. It is expected that 20,000,000 outside visitors will be attracted to Texas. A conservative estimate of their expenditures is \$640,000,000. Probably \$25,000,000 in gasoline tax will be collected. Thus the State will receive a very large margin of profit on whatever investment is made in the Centennial.

Interest yourself in this coming celebration. From a patriotic standpoint your interest is challenged, and from the standpoint of personal interest you are now called upon to do your part.

PLAY TOURNAMENT

The play tournament of High School which is held annually will be from April 5 to April 16 this year. The Seniors will present their play April 5. The Juniors play will be presented April 9, the Sophomores April 12 and the Freshmen April 16. The name of the Senior play is "The Blue Bag" and will be coached by Mr. Coffman.

The trophy was won last year by the Senior class under the direction of Miss Barrett.

The Sophomores and Freshmen have not as yet selected their plays. They will be coached by Mrs. Cantrell and Miss Hargrove respectively.

SENIOR PARTY

Last Thursday night, February 21, Mr. Coffman and the Senior boys delightfully entertained Miss Hargrove and the Senior girls with a party and "Wimpy" supper.

About 8 o'clock thirty-two Seniors met in the Home Economics room and enjoyed two hours of good wholesome fun. "Sponsor Coffman" was master of ceremonies and during the whole evening there was not a dull moment. Many games were played but the one most enjoyed was "Battleship," one of Mr. Coffman's originals. After having played the game for about one hour and a half, a "Scavenger" hunt was proposed.

The students were divided into groups and each group set out in high spirits to beg or borrow—but were told positively not to steal or buy—the required things. Of course Brady Warren's group won the prize which was a package of assorted candies. After all the groups had returned tired and breathless—but none the worse off—the "gang" set out for the Broadway Cafe where a supper of "Wimpy" and pop was awaiting them.

A full half hour of fun was enjoyed there and after having done all the damages possible the gang departed—much to the great relief of the proprietor—for parts unknown.

Most of the gang made for the Palace to see the second show and if you desire to know how to see a show free ask the "gang" that did the "crashing." All in all the party was a howling success and due to reports received that night from Sheriff Dick Gregory the entire Senior class is to be a participant in a chicken barbecue in the near future. That's what the Seniors call a "knack for gettin' there" and if you desire to be treated thus, just get a group like the Senior-class and the loyal sponsors it has and you'll be what the Seniors of '35 are and have been.

FRESHMAN PARTY

On Thursday, February 21, the Freshman class was entertained with a party in the gymnasium. The party was supervised by Mr. Wilkins, Freshman sponsor.

The fun began at 8 o'clock and was enjoyed until 10:30 o'clock. During this time relays and guessing games were played. No one found himself holding his hands or being "left out." When every one was completely exhausted the boys drew names for partners during the refreshment hour. The girls brought forth their lunches and the boys their pop. After refreshments the students departed. All left exclaiming that they had fully enjoyed the evening.

H. E. I-A

We are very interested in our laboratory work. For this week we are planning the following menu for a complete breakfast:

- Grapefruit
- Cream of Wheat
- Sugar and cream
- Bran Muffins
- Butter and Jelly
- Scrambled Eggs
- Bacon

H. E. I-B

We have learned to make two kinds of seams, how to finish seams, which way to press and turn them, the proper depth for top and bottom hems in slips, how to make straps, the use of darts, and how to make a fitted facing. We will finish our slips this week. Then we will study the making of pajamas.

HOME MAKING II-A

We have prepared several classes of dishes for luncheon and supper. We planned, prepared and served the following luncheon menu Tuesday, to a group of the girls in our class:

- Cream of Celery Soup
 - Crisp Crackers
 - Potato Volcano
 - Nut Bread
 - Pear and Cheese Salad
 - Heavenly Hash
- FERRIL ROBERTS.

H. E. III-B

We are waiting for the new materials and patterns to arrive for our special occasion dresses. In the meantime we are studying the points to consider in selecting a home and the different types of architecture used, also the type suitable for the Southwest.

FIRST YEAR H. E. NEWS

The first year sewing class of the home economics department is working on slips which will be finished soon. They have learned how to make several different kinds of seams and are now studying the points in selecting, buying, and making clothes.

The girls wonder if Virginia Gurney had her English teacher in mind when she made her slip about three sizes too large.

SENIOR NEWS

The Senior party was a howling success! The boys should be complimented for their part in making it one of the best of the year—Mr. Coffman is included.

Maxine Dorn came in contact with some castor oil the other day. She has our sympathy.

Various things happened last Thursday night. Perhaps it was only a celebration of the impending holiday who knows? Nevertheless several Senior girls were stranded in Main street on this particular night rather late so it is said. Ask the girls how they enjoyed the "free" show.

It seems that several girls have gone in for clubs and have been on the verge of organizing one in the near future. For further information see some one that knows what it all means.

According to reports received from several Trig students there is about to be a revolution. There'll be wailing and gnashing of teeth after those cards are given out. If you don't think so, ask Ruth Smith and Maurine Whitaker.

Bobby Wulfjen was rather "up in the air" last Friday and Saturday. No one knows the exact reason for his behavior but we think the trip to Midland was probably the greatest contributing cause.

Electric Bond And Share Company Denounces Proposed Legislation

The proposed legislation now before Congress in regard to public utility holding companies is "grossly unfair and unjust," and, if enacted into law, may "render valueless the investment of millions of security holders who invested their savings in public utility securities," states a letter to the stockholders of the Electric Bond and Share Company, jointly signed by C. E. Groesbeck, Chairman, and S. R. Inch, President.

Regulation not destruction should be the aim of legislation, it is stated, but if the present bill is enacted into law, it "will destroy a large and useful industry and public service, holding and operating companies alike."

Referring to competition with operating companies by the Government through "yardstick" government plants, and through lending Federal monies to municipalities, the letter says:

"When government superimposes competition upon regulation and at the same time decrees that its own operations shall be free of the regu-

lations it imposes on private business it does something essentially unfair and un-American. Now it would go even further. It proposes not only to continue regulation to which it does not itself submit; to engage in competition, free from many expenses, such as taxes, which it makes private business bear; but by the enactment of the proposed holding company legislation to force the dismemberment and dissolution of your Company and of others like it."

Pointing out that since January 1929, customer savings from rate reductions by companies in the Electric Bond and Share group in this country alone have aggregated over \$85,000,000, it continues:

"No criticism is directed against any of the companies in the Electric Bond and Share Company group alleging poor service, inadequate facilities, failure to respond to legitimate demands for extensions or for lack of adequate financial resources. This state of affairs and the attendant benefits to millions of people throughout the country is by no means a mere happening. It is the result of 30 years of hard, intelligent work and planning by an organization of experienced financial, technical, economic, accounting, rate and new business and other experts, most of whom have had their training in actual operating and managerial work in the field operating companies at home and abroad."

The letter states that "The bills now before Congress are as difficult to understand for what they exclude as for what they include. Not all holding companies are to be destroyed but only public utility holding companies: Not all public utility holding companies are to be destroyed but only those engaged in the electric or gas business or both. This seems to be in the highest degree discriminatory."

The question is asked if the holding company is prohibited in any one industry, why should it not be prohibited in all industries?

The letter invites stockholders to compare the increase during the last twelve months in the cost of food, fuel and clothing with their total electric bills, which are no larger, and in some cases smaller than they were a year ago. It is stated that probably it would be found that the increase alone in the cost of food, fuel and clothing amounts to many times the total electric bill.

Concerning the question of geographic integration or concentration of operating companies, the letter says that "The continuous financing necessary to the growth and development of operating companies is contrary to popular opinion, a far more important factor in the public interest than is the technical end of the business, and as to all but the few companies operating in the largest cities, this financing can best be done, and in many cases only be done, through holding companies."

While it is pointed out that the Electric Bond and Share Company has not itself been charged with most of the practices of which the public utility companies have been accused, a definite answer is given to the generalized criticism emanating from Washington. No company in the Electric Bond and Share Group, it is declared, manipulates securities; the undistributed earnings of subsidiary companies have never been taken into the books of the holding companies; all purchasing, tax and insurance savings effected by the holding company have been passed on to the operating companies; dividends have never been paid except out of earnings; and there are no up-stream loans.

No "water" exists in the Electric Bond and Share Company's capital structure; the actual cash invested in the Company, exclusive of accumulated earnings and assets acquired for stock, exceeds \$2.25 for each \$1.00 of capital liability on the Company's books. The Company is controlled by 143,000 stockholders, no one of whom has as much as 1 1/4 per cent of the shares of the Company. Finally, it is stated, that in furtherance of a policy of simplification of the capital structure, intermediate corporations in the group are being eliminated as rapidly as feasible when they no longer serve a useful purpose.

Not only the public utility holding companies but the operating companies are under attack in the proposed legislation, according to the letter. "If, despite all the attacks now being directed against them, the operating companies should survive as private enterprises, you will have been forced, if the bills now pending in Congress become law," the letter states, "to sacrifice your interest in those companies for little or no compensation with the result that others may acquire those interests at distress prices and reap all the benefits that in more prosperous times in the future should accrue to you from the developments made and the progress attained in the industry as the result of the investment made in it by you and other present investors."

PROPERTY HOLDERS GIVEN HOPE OF TAX REDUCTIONS JUDGE TEMPLETON AVERS

Mitchell Ad Valorem Might Be Cut By 25 Cents, He Tells The Record

Sharp reductions in the ad valorem tax rates of Texas counties will result from enacting bills now pending in the House of Representatives, County Judge B. L. Templeton, said today.

The state will assume the burden of retiring county and road district bonds issued for road building under one bill. The state also will assume the cost of further construction and improvement of all state highways, contingent on the counties furnishing right-of-way.

Judge Templeton believes the plan will permit reduction in county tax rates ranging from one-eighth to one-fourth in the majority of instances. If the state assumed retirement of the \$227,000.00 in road bonds of Mitchell County, the ad valorem tax rate could be reduced by 25c on the \$100 valuation, he said.

Under existing laws we have already gotten rid of 15c of the 25c and under this proposed change we would get a further reduction of 10c on our rate, which would mean a considerable saving to tax payers of this county.

House Bill No. 325, introduced by Rep. Harold Beck of Texarkana, creates in the state treasury a special county and road district highway fund to assume the bond burden. It allocates 25 per cent of revenues from the gasoline tax to the available school fund; 35 per cent to the county and road district highway fund; the remainder to the state highway fund.

House Bill No. 483, offered by Rep. Lonnie Alsop of Carthage, adds one cent to the state gasoline tax to guarantee sufficient revenues to make real the proposed reduction in county tax rates.

Thus, motorists who use county roads and highways will pay the cost of constructing and maintaining those roads, reducing the burden of ad valorem taxation on the farms and homes and other property of the people.

Alsop's bill safeguards the automobile owner by providing: "The tax imposed herein shall be in lieu of any other exercise or occupation tax imposed by the state or any political subdivision thereof, on motor fuel."

Mechanics for state assumption of county and district road bonds are set up in H. B. No. 325, Judge Templeton explained. State payments are to be made ratably on all such road obligations.

All bonds and warrants issued by counties and road districts for constructing, maintaining or improving roads shall be eligible to participate as of Jan. 1, 1936, in the distribution of moneys accumulated in the county and road district highway fund in the state treasury, less the amount of sinking funds required to be accumulated in the respective counties and districts under existing laws.

Road debts of counties and districts maturing prior to Jan. 1, 1936, excluding such debts now being assumed by the state board of county and district road indebtedness, are not eligible.

If the amounts in the state fund applicable to the bond obligations of counties and road districts are sufficient to meet all maturing interest, principal and sinking fund requirements, "commissioners courts may dispense with the collection of ad valorem levies for such calendar and/or fiscal year for such interest, principal or sinking fund requirements," the bill provides.

Templeton stated further that he is always interested in any consistent reduction in taxes, and hopes to see the proposed bills materialize.

One Out Of Three Auto Drivers Use Premium Motor Oil

Over 30% of the motorists on the highways today buy premium motor oils, a survey by the Gulf Refining Company reveals. The officials in charge also pointed out that this percentage would probably be even higher if every car owner had been questioned, since the survey was conducted largely among those who own cars costing less than \$1,000.

Another significant factor in this same survey concerned the popularity of motor oils made from Selected Crudes. Due to newspaper and magazine advertising all over the United States, many motorists are demanding this type of oil.

As a result of the comprehensive survey, the Gulf Refining Company has announced that its premium motor oil, Gulfpride, is now made from Selected Crudes. This lubricant, which won its title as "the world's finest motor oil" because it has been super-refined by the exclusive Alchlor Process, will retain that popular feature. It will be sold in a new metal, cylindrical container which will be destroyed by the service station salesman immediately after the oil is poured into the crankcase.

A powerful advertising campaign will announce the new Gulfpride Motor Oil. This advertising will feature the six points of superiority: (1) that Gulfpride is super-refined by the exclusive Alchlor Process; (2) that it is made from Selected Crudes; (3) that it is packaged in tamper-proof, refinery-sealed metal containers; (4) that it gives quicker starting; (5) that it assures higher mileage; (6) and that it increases oil mileage.
