GEORGE MAHON FIGHTS TO PROTECT PLANTERS FROM RAVAGES OF LONG DROUGHT

Plight of West Texas Rural Citizen Depicted During Address In House

That George Mahon is on the firing line in interest of the farmers in his district is shown in the following address, delivered by Mr. Mahon on floor of the House at Washington Wednesday of last week, as reprinted from the Congressional Record:

Mr. Chairman, I come from a great agricultural district in Texas—the Nineteenth Congressional District, composed of 25 West Texas counties. I note that this deficiency bill carries an appropriation of \$60,000,000 for emergency crop loans. I am quite familiar with the circumstances as they exist in that vast drought-stricken area. I know that in my portion of Texas, and I suspect in all portions of the Union, there is a great need for the immediate passage of this bill. I, therefore, rise to urge upon this House the immediate passage of the deficiency measure insofar as this \$60,000,000 item is concerned. I feel that we ought to urge our Senators to see to it that it goes through the Senate immediately in order that the emergency crop loan may be available in time to serve the purpose for which the loan was originally authorized.

I am not in favor of the passage of legislation without sufficient deliberation, but our duty in this matter is plain. The people have already waited a long time for this loan. This is now the 13th day of March, and it is crop-planting time in some sections of the Nation, and shortly it will be cotton-planting time in my district. I know that this loan must be made immediately available to the people in my section if they are to make a crop. The terrible drought has brought on a critical condition. The sandstorms are racing across the areas of West Texas. The people are discouraged. The Congress cannot do a more meritorious thing than to immediately pass this measure and make these loans available to the people.

These emergency crop loans are not an experiment. They are not a

SCHOOL PATRONS TO HOLD TRUSTEE ELECTIONS APRIL SIXTH IN EVERY DISTRICT

One Or More To Be Elected For Term of Three Years; Three Vacancies Here

Elections to designate members of the local school board are to be held in each of the twenty-six independent and common school districts of Mitchell county Saturday, April 6. At least one trustee is to be elected in each of the educational sub-divisions. In the case of some of the districts two or more vacancies are to be filled at the polls.

In the Colorado independent district three board members are to be elected to fill places now held by D. H. Snyder, Frank Kelley and A. C. Connell. Whether or not the retiring school officials are to be offered for reelection was not known Wednesday.

Loraine, Westbrook and Iatan are the other independent districts to hold elections under supervision of their local boards. The other trustee elections, affecting twenty-two districts, are to be held under direction of the county superintendent's office in cooperation with the county educational board.

At meeting of the local board of trustees Tuesday afternoon John Deffebach was designated as judge and the city hall as place for holding the election here.

J. W. Watson, president of the school board, stated Wednesday morning that time limit for filing for place on the ballot had been fixed for Saturday, March 23.

RECORD ONE OF TEXAS' BEST, SANTONE VISITOR SAYS OF COUNTY PAPER

"This is one of the best balanced county newspapers that I know anything about in Texas and I am confident that the people of this territory appreciate your efforts in that direction," was comment of E. Devoe Jares, San Antonio advertising specialist, who Monday was a visitor in Colorado. The visitor expressed his opinion of The Record after scanning through a copy of the edition for last week.

Jares is an old friend of the Whipkeys, publishers of The Record. "I have known the Whipkeys for many years," he commented. "Walter and myself were lads together in West, before they came to Colorado."

LAY LEADERS TAKE PLACE OF PASTOR AS REVIVAL IS OPENED WEDNESDAY NITE

Services At First Presbyterian Going Ahead While Rev. Elliott Remains Ill

Annual Spring revival campaign at First Presbyterian church was launched Wednesday evening with men of the congregation directing the services in absence of their pastor, the Rev. W. M. Elliott, who was unable to be at his place in the pulpit due to illness.

Deacons of the church are to personally conduct services scheduled for Friday and Saturday, and leader for the evening services for those days are also to be selected from the church laity. It is now believed that the pastor will be able to take his place as leader in the revival by Sunday evening.

Dr. J. Stewart Pierce, pastor of First Presbyterian church at Cisco, is to arrive Monday and beginning with the morning service is to do the preaching. Through next week, beginning Tuesday, morning services are to be held at 10 o'clock in the morning. Hour for the evening services has been set at 7:30 o'clock.

Cordial invitation that members of other congregations attend and take an active part in the services is extended by the pastor and members of his congregation.

Dr. Pierce is known over West Texas as among the leading evangelistic speakers of the Presbyterian church, a leader in the local congregation noted Thursday morning. "Come and assist us in a campaign that means much to every good phase of our community life," was the invitation extended.

SCOTTY SPALDING TAKEN TO DALLAS AFTER BEING SERIOUSLY HURT SUNDAY

"Scotty" Spalding, seriously injured Sunday morning on the W. S. Foster ranch in Sterling county, when a horse he was riding frightened and ran away, hurtling the youth into a tree, Thursday morning was reported improved, a message from Dallas stated. Spalding was taken to a Dallas hospital Sunday night.

Spalding sustained several broken ribs, a crushed chest and punctured lung when dragged from his mount by overspreading boughs of a large tree. For a few days his condition was regarded with grave seriousness. He was given a blood transfusion Tuesday.

Mrs. Spalding accompanied her son to Dallas Sunday night. Later Mrs. Bennett Scott, nurse, and father of the injured youth were called to Dallas.

Spalding has been employed as member of Col-Tex refinery office force for several years. He was in company with a party of friends for a visit on the ranch when the accident happened.

SPADE CHURCH BOX SALE NETS \$78.60 FOR FUND TO PAY PARSONAGE DEBT

The benefit program given by Spade Methodist church Thursday night of last week netted \$78.60, Rev. A. F. Click, pastor, stated Thursday. The program was given in auditorium of the Spade school building. Judge B. L. Templeton delivered principal address and S. O. Wulfjen, assisted by Misses Pauline Jones and Hilma Joyce, sold the boxes.

Rev. Mr. Click stated that additional receipts expected to be realized through influences of the drive would boost total to \$100. The fund is being raised to liquidate indebtedness against the district parsonage.

Rev. C. A. Long, presiding elder, joins with me in extending appreciation to all who assisted in any way toward making the sale a success," Rev. Mr. Click stated.

Music for the evening was furnished by Lange Brothers of Colorado, artists with the accordion and saxophone.

TENTATIVE CALL TO QUALIFY CCC BOYS

A tentative call to qualify twelve youths for service in CCC reforestation camps was received at the Mitchell county relief office Thursday morning.

Anyone interested in and eligible for enrollment for such service should see Mrs. Bernie Grable at the relief office immediately, according to J. H. Greene, relief administrator. Ages are 18 to 25 years. Applicants must be unmarried, must have no previous CCC service, and have no brothers enrolled at present.

Plans to entertain young people from fifteen Christian churches of this district, meeting in a World Fellowship session, are being made by young people of the First Christian church. The meeting will be April 5 and 6.

Among the principal speakers will be Miss Bertha Clawson, missionary to Japan; Mrs. Bessie Hart, director of women's work in the state; and Charles Marion Ross, southwestern director of religious education in the church.

MOTORISTS REMINDED ONLY WEEK LEFT FOR CAR REGISTRATIONS

Motorists are reminded by Roy Warren, tax collector, that only one week remains after the present one for registration of motor vehicles.

Of the approximately 1,950 such vehicles in the county, only about 450 had been registered up till Wednesday of this week.

Warren urges motorists to be sure and bring their previous registration papers with them when coming to re-register their cars for this year.

SATURDAY DEAD LINE FOR RENEWAL OF LAST YEAR'S CONTRACTS, BASKIN SAYS

Seventy 'New Signers' Have Entered Seasonal Federal Stabilization Drive

Nine hundred and twenty cotton producers in Mitchell county have entered into contract with the government to control yield output during the next season through curbing acreage devoted to the crop, Ben J. Baskin, county farm agent, reported Thursday at noon. Signatures were still being affixed to the pacts, indicating that Mitchell county would again register strong cooperation in the campaign.

The number represented seventy new signers, coming from the ranks of cotton producers who last year did not enter the acre control agreement. 850 renewals, representing ninety per cent of last season's total, had been recorded.

Due to fact the new contract forms had been exhausted, time limit in which these may be tendered the government has been deferred indefinitely, the county agent stated. Renewals of old contracts, however, must be on file in the agent's office not later than Saturday night.

Farmers renewing the contracts are signing a supplement agreement to the general form in use a year ago. For those entering into the production curb pact for the first time an entirely different form is being used.

RELIEF ROLLS GROW SMALLER EACH MONTH OFFICE RECORD SHOW

A small but steady decrease in Mitchell county relief rolls has been shown each month since the first of the year, figures on record in the local relief office reveal.

Between forty-five and fifty cases have been closed this month, according to Miss Nellie Mae Henderson, case supervisor. Twenty unclosed cases have been inactive throughout the month, meaning that the clients are finding some temporary means of living without relief.

Most of the closed cases have resulted from opening of farm jobs. Some have been closed after receipt by the clients of sizable tax exemption certificate checks.

Balanced against this month's decrease is the reopening of about thirty-five cases previously closed.

JOHN SHAW, FORMER RESIDENT, PICTURED WITH CLARK GABLE

A recent issue of the Houston Chronicle shows a staff photograph of John Shaw and Clark Gable, or vice versa. John, a nephew of Mrs. C. H. Earnest, formerly lived here and was employed at the old Colorado National Bank. John's friends here, who know his reputation, wonder why, with the double attraction, there are not several thousand women in the background of the picture.

Shaw is now Houston passenger representative of Bowen Air Lines, which Mr. Gable used for his flight to Dallas.

HARDISON IN CHARGE HOME GARDEN PROJECT

U. G. Hardison has been selected to have charge of the home gardening project for relief clients. Approval of the project was received recently.

Under the project planting seeds for home gardens are furnished for clients, and a supervisor is employed to direct planting and cultivation.

MISS COMPTON TEACHING RELIEF SEWING SCHOOL

Adult sewing classes are being conducted at the local relief office with Grace Compton as teacher.

The classes were opened as the result of the transfer of a project from Loraine to Colorado. Mrs. W. W. Rowland taught the class in Loraine before her resignation.

AMERICAN LEGION ANNUAL ST. PATRICK'S SOCIAL IS ATTENDED BY 175 GUESTS

Fete Staged Friday Evening Featured Bridge, Floor Show and Dancing

Annual St. Patrick's fete of the American Legion and Auxiliary, staged Friday evening at last week at the Legion building, attracted 175 guests and is described by officials of the host organization as among the most successful ever given. Decorations, plate favors, costumes worn by entertainers and the music and dance programs were strongly suggestive of Erin.

The program opened at 8 o'clock in a bridge and 42 tournament with Mr. and Mrs. J. B. Pritchett and Judge and Mrs. B. L. Templeton in charge of the former and Mr. and Mrs. C. C. Thompson and Miss Mabel Smith directing the latter. Score pads and covers for the tables featured Shamrock and other green of Irish tradition.

High-light of the evening bill was in floor show staged by pupils of Mrs. Bill Martin of Lorraine and youthful artists of Colorado. Presentations in this offering were given at intervals between the tournament and dancing.

Directed by R. H. Ratliff an orchestra furnished dance music for the merry-makers until a late hour. Practically all of the guests remained to enjoy the dance program, which was not concluded until after midnight.

The floor show program, strongly reflecting artistic talent of the performers, was as follows:

"Little Red Barn," song and dance by Nina Katherine Quinney and Vera Campbell.

"Turkey in De Straw," dance by Doris Marie Randle.

"Highland Fling," a Scotch folk dance by Frances Rose Ratliff.

"Bell Hop," dance by Wanda Mae Smith.

"Two Tickets to Georgia," tap dance by Vivian Giddings with song by Winnadel Rowland.

"Gimlet vs. Corkscrew," mono-

Preceding bridge, a two course dinner was served at quarter tables centered with vases of cornflowers. Spring flowers were used as decorations throughout the entertaining suite.

There were eight tables of bridge, with Miss Hazel Costin winning a blue bowl for women's high score and Miss Alice Blanks a deck of cards for low; Jack Helton made high for men and received a humidor, while Ray Halcomb received cards for men's low score.

Mrs. Prichard was presented with a crystal bowl by the host and hostess.

Guests included Mr. and Mrs. Dick Carter, Mr. and Mrs. Frank Mackey, Mr. and Mrs. E. O. Hudson, Mr. and Mrs. John Deffebach, Mr. and Mrs. Raymond Gary, Mr. and Mrs. Ford Morrill, Mr. and Mrs. Jake Richardson, Mrs. Don Wallace, Mrs. J. V. Grantland, Miss Nelle Harper Greene,

logue by Ruth Ann Hall.

"They Always Peck on Me," song and dance by Vera Campbell.

"Smiling Irish Eyes," song by Arnold Marshall with dance by Harriet Ann Pritchett.

"Chicken Reel," tap and clog by Nina Katherine Quinney.

"The Deceitful Man," reading by Ruth Ann Hall.

"Twelfth Street Rag," tap by Opal Martin.

Two blackface numbers, "Heaven on a Mule," sung by Arnold Marshall, and "Pianissimo Hot Feet," a tap and shuffle by Mary Frances Dorn.

"I Saw Stars," song by Winnadel Rowland.

"Freckles," song and tap dance by Emma Jean Morrison.

"Just Like a Gypsy," song by Arnold Marshall.

"College Rhythm" and "I Got Rhythm," song by Winnadel Rowland and dance by Opal Martin.

Mrs. Lee Carter, auxiliary president, was present. The hostess served a salad, wafers, cake, and coffee.

AT MAX'S

"Hennin' around"—that's slang for "just looking"—is more fun than ever, now that spring has come. And at Max's, praise be, you're welcome to "hen" if you want to. And I did.

And right off there was something to cackle about. They were marking in new spring gloves—and what gloves! Silk knit ones in brown, navy, white and black, with matching cuffs of pleated organdy, plain and otherwise. One peek at them and I knew the fashion prophets are right—"Silk gloves are going places this season." . . . And one peek at the price tags set me to dreaming of a pair—maybe two—for myself.

Of course, you've already heard about Max's coat dresses. . . . They've been the talk of the town, and no wonder, for nothing more stylish or practical can be imagined. . . . They include a dress of rough silk or crepe and a matching coat of flannel or light wool that's the very thing for spring wear with any of your dresses.

Green And Yellow Are Colors Used At Contract Club

Six Guests at Mrs. Marsh's Friday Club

Six guests were present when Mrs. T. M. Marsh was hostess to the Friday club Friday afternoon. The six were Mesdames Darrell Smith, Hugh Millington, Homer Wignett, Joe McEwen, Lester Manning, and J. D. Griffith of Tulsa.

The traveling prize, a deck of cards, went to Mrs. V. Hopkins, and the high score prize, hand-embroidered pillow slips, to Mrs. Millington.

St. Patrick colors and symbols were used in decorations, playing appointments, and the refreshment course. Mrs. Joe Moser will be hostess Friday.

Mesdames Nix, Jones Have Benefit Party

With one of the hostesses using the occasion to honor her husband on his birthday, a Zetaganian club benefit was given by Mrs. E. C. Nix and Mrs. Ed Jones, Jr., at the home of Mrs. Nix Saturday evening.

The husband honored was E. C. Nix, who was presented with a carton of cigarettes at prize-time. He also received a double deck card holder as prize for men's high score. Mrs. Bill Dorn's prize for women's high was a tea-pot. Frank Mackey won a modernistic waste basket with low score.

HENNIN' AROUND

AT MAX'S

"Hennin' around"—that's slang for "just looking"—is more fun than ever, now that spring has come. And at Max's, praise be, you're welcome to "hen" if you want to. And I did.

And right off there was something to cackle about. They were marking in new spring gloves—and what gloves! Silk knit ones in brown, navy, white and black, with matching cuffs of pleated organdy, plain and otherwise. One peek at them and I knew the fashion prophets are right—"Silk gloves are going places this season." . . . And one peek at the price tags set me to dreaming of a pair—maybe two—for myself.

Of course, you've already heard about Max's coat dresses. . . . They've been the talk of the town, and no wonder, for nothing more stylish or practical can be imagined. . . . They include a dress of rough silk or crepe and a matching coat of flannel or light wool that's the very thing for spring wear with any of your dresses.

Alongside the gloves were those new hose, the "mirror-clear" ones, designed to give legs the smoothness only hose can give and at the same time look as if they weren't there—you know. . . . They're in navy blue and other spring shades suited to the white shoes you must wear.

If you want to make your "dearest enemy" gulp a prize cocktail that demands to be sipped, appear at her next party in one of the new Marinette knits. . . . and Max has them in all the spring shades, in prices as low as \$6.99, ranging up to \$29.50. These, incidentally, are the answer to the stylish woman's prayer for a knit dress that won't stretch in the—well, the places where knits usually do stretch.

Breath-takingly lovely are the new off-the-face poke hats for the young girl. . . . They'd give beauty to the plainest girl graduate. . . . Not that we've noticed any plain ones among the graduation candidates. . . . but just in case.

Cash Bonus Bill Faces Sure Veto, President Warns

A renewed warning that the President will veto an outright cash payment bonus bill was issued Monday, lending fresh energy to the Congress members who hope eventually to win a compromise.
 In fact, House leaders agreed to cast aside gag rules and permit votes not only on the two major cash payment measures but also the most talked of compromise, under which veterans would get negotiable bonds instead of cash for their adjusted compensation certificates.
 With initial House consideration of the bonus bills set Tuesday, Chairman Harrison (Dem.) of Mississippi of the Senate Finance Committee went to the White House. On his way out he paused long enough to say: "I believe the President will veto either bill."
 He meant either the Patman bill with its provisions for the issuance of \$2,000,000,000 (billions) in new currency, or the Vinson-American Legion bill, which does not specify how the money should be raised to pay off the bonus.

'DO NOT SEND DELEGATION TO AUSTIN,' STATE RELIEF CHIEF APPEALS TO BOARD

'We Have No Money And Can Pay No Allocations,' Is Johnson's Mandate

AUSTIN.—State Relief Director Adam R. Johnson, forced to carry on relief work this month under a curtailed budget, appealed to county officials to "do the best you can with what you have."
 The state director and members of the State Board of Control have been harassed by delegations and telephone and telegraph messages from city and county officials seeking more relief funds.
 "We haven't got any more money," said Johnson. "On the basis of this month's allotment, we still owe the counties approximately \$2,300,000."
 "State funds made available by the legislature amounting to \$750,000 became available today and federal officials wired us they will forward \$750,000 for general relief for the last half of March as they promised previously to do."
 "In addition to this, we have left in the bank approximately \$368,000 of federal and state general relief funds. All of this adds up to \$1,868,000, or nearly half a million less than we need to supply relief requirements."
 Johnson said it might be necessary to transfer balances from more fortunate counties to those in dire need, and that in any event, "we will have to drain the till" to make ends meet.
 Future allotments, he said, depend upon the fate of the relief bill now in the national congress. Until the federal emergency relief administration receives a new appropriation, its funds are being supplied to a limited extent from the public works administration.
 State funds also have been materially reduced, the final \$3,500,000 of state bond money to be made available \$750,000 in March and April, \$400,000 for each succeeding month through November; \$700,000 in December.
 "We realize the counties are disturbed about the amount of relief funds they are receiving, but we are turning over every dime to them as fast as it comes to us," Mr. Johnson said.
 Counties were requested NOT to send delegations to Austin seeking more funds and approval of work relief projects wherein the state is called upon to pay material costs.
 "We just can't pay out any money for materials at this time," Mr. Johnson said.

CHS Players Are Tennis Champions In Senior Boys' And Girls' Singles

Single tennis as played by Sara Melton and Joe Cox brought Colorado high school championships in both boys' and girls' singles in senior matches played on the high school court Friday afternoon and Monday. The matches were opening features of the first week-end of the county interscholastic league meet.
 Westbrook won in senior girls' doubles and Iatan in senior boys' doubles. All senior matches were completed Monday after being interrupted by Saturday's dust storm.
 These winning teams will go to the district meet in Sweetwater on March 30.
 In girls' doubles Westbrook placed first by beating Iatan in the finals. Ruthie Miller and Lucille Moore composed Westbrook's team and Juanita McKinney and Melba Harris played for Iatan. Sets were 7-5 and 6-2, the girls' teams playing best two out of three. Teams entered in this division were Iatan, Valley View, Colorado, Westbrook, Lone Star, Silver, and Lorraine.
 Sara Melton won in girls' singles

Careers of 135 Rattlesnakes Ended In Raids Made By Group of Local Men

Because they "don't like the idea of their running around loose this summer" and because they find rattlesnake hunting a soothing pastime for days off, a group of Colorado men have ended the careers of some 135 rattlesnakes during the past ten days.

The snake-hunting group includes G. W. Ellis, E. B. Ellis, D. Bassham, Nelson Bassham, and Jimmy Kenser. The two Ellises and Kenser operate the Humble filling station on East Second street.

The scene of their hunts was the Urda Wulfjen ranch south of town, where a section of piled-up rocks and rock ledges makes an ideal hibernating place for rattlesnakes.

The five men located the dens during the winter by peering into horizontal cracks between rocks and seeing them coiled up in masses for their winter sleep. Snakes, they say, hunt dark rocky places where no snow or moisture can reach them during their approximately five months of inactivity. They bed up about November and begin to come out late in March.

Killing them this time of year is easy, the hunters say, because they are sluggish. The only trouble is

getting to them, and they solved this problem by attaching a strong fish hook to the end of a fishing pole and dragging them out, one by one.

They made their first raid Tuesday of last week. On that day they got sixty-four out of one den and thirty-five out of another, making a total of 99 for the day. They went back Sunday and killed thirty-six more. And they have still other dens located that they want to get to before warm days come.

The snakes ranged from four to six feet in length, and the largest one would have had about twenty-one or twenty-two rattles if some hadn't been broken off. The largest complete set of rattles numbered fourteen.

Snakes had moved from one of the dens which the men had previously located, so they went to moving nearby rocks. Nearly every rock had a snake under it.

There's no market here for anything connected with rattlesnakes and no bounty, so the men get only "fun" out of the raids. D. Bassham and a man named Copeland killed around 1500 snakes in this county last year.

Schools Gathering Here Friday And Saturday For County League Meet

With entrants in every event and a high percentage of schools represented, schools of the county will gather at Colorado high school Friday and Saturday for literary, field, and track events of the annual interscholastic league meet.

C. A. Wilkins, director general of the county league, announces that the following schools and school divisions have turned in entries: Hyman, Carr, Rogers, Dora, Spade, Conaway, Bauman, Fairview, Cuthbert, Lone Star, Looney, North Champion, Horn's Chapel, Bonfellow, Payne, Valley View, Luford, Seven Wells, and Silver; Colorado high, Junior high, Hutchinson and Coleman wards; Westbrook high and ward, Lorraine high and ward, Iatan high and ward.

Tiny Tot Story Telling contests for children of the first, second, and third grades will open literary events at nine o'clock Friday morning at the high school auditorium.

Field and track events on Saturday are scheduled as follows: 9 a. m.—Junior boys' track on Cantrill field and junior girls' playground ball on

junior high school grounds; 1 p. m.—senior boys' field and track on Cantrill field; girls' volley ball in high school gym; junior boys' playground ball on junior high school grounds.

Roy Davis Coles, county superintendent, will be in charge of the rural division of the meet. Directors are as follows: Wilkins, director general; Charles Braull, Colorado, debate; J. V. Glover, Colorado, declamation; Clyde Bennett, Lorraine, extemporaneous speech; R. G. Crouch, Carr, reading; Miss Cora Ott, Westbrook, ready writers (formerly essay writing); Jim Reese, Colorado, athletics; Miss Margaret Cook, Colorado, music memory; Mack Fisher, Iatan, Arithmetic; Miss Winnie Fae Gressett, Conaway, picture memory; Miss Pauline Jones, Spade, choral singing; Robert Coffman, Colorado, wild flower contest; Mrs. John Johnson, Lorraine, Tiny Tot story telling. Winners in these contests will represent the county at the district meet in Sweetwater April 5 and 6.

B. H. McClain, district director general, states that all entries must be filed with him not later than April 2.

Funeral Services Held Sunday For Mrs. J. F. Moore

Funeral services for Mrs. J. F. Moore, who died at her home seven miles south of town on the Sterling City road Saturday afternoon of pneumonia, were held from the family residence Sunday afternoon. The Rev. L. F. Bodine officiated. Burial was in the Lorraine cemetery.

Pall bearers were Houston Shurtleff, J. T. Vest, Bruno Winn, Clarence Green, Victor Alsbrook, and Frank Alsbrook.

Born in Comanche county Sept. 7, 1878, Mrs. Moore came to this county with her family seventeen years ago. Her maiden name was Lucy Bingham. She was a member of the Methodist church.

Survivors in addition to Mr. Moore include three sons, Frank and Tom of Colorado and Fred of Dothan, Texas; four daughters, Mrs. Fannie House of Colorado, Mrs. Susie Reynolds, Mrs. Lela Heister, and Mrs. Leola Stump, all of O'Donnell; two brothers—J. T. Bingham of O'Donnell and A. W. Bingham of Baton Rouge, Louisiana; two sisters—Mrs. Betty Green of Levelland and Mrs. Sally Moore of Lamesa.

Funeral arrangements were in charge of Kiker and Son.

Trade Gains Noted, Washington Bureau Outlines In Report

WASHINGTON, D. C.—Business gains in 1933 running up to 30 per cent over figures for the corresponding period last year were reported Sunday by men representing a wide cross-section of American industry.

A summary of reports from the industrial leaders, following a series of recent statements from governmental and industrial and commercial sources similarly recounting trade increases, was made public by H. P. Kendall, chairman of the business advisory and planning council for the Department of Commerce. Kendall based his announcement on a poll of the members attending the council's meeting last week.

"In the periods of rapid change in the first stages of recovery," Kendall said, "the public mind is apt to become confused with immediate issues of detail and week to week indis-

"KENTUCKY KERNELS"

Palace March 22-23

Typical Wheeler and Woolsey vehicle leaning a little toward a story not unusual in plot development. As a team of small-time magicians, the comedians find themselves with an adopted baby who supposedly inherits a Kentucky estate. The magicians get tangled in a typical Kentucky feud, but all ends well when Wheeler falls in love with Mary Carle, a member of the opposing clan, and the inheritance is discovered to be a mistake. Little "Spanky" McFarland, of Our Gang comedies, almost steals the picture. Noah Beery, a boisterous mountaineer, and Sleep 'N' Eat, colored farm hand, is a good runner up to Stepin Fetchit.

"GAY DIVORCEE"

Palace March 24-25

This one spells box-office and should garner neat returns. Story concerns Ginger Rogers in search of a divorce, with Fred Astaire, deeply in love with her, mistaken for the co-respondent employed to effect a compromise situation. Complications develop with hilarious results. Astaire proves himself a top-notch light comedian, both in the art of acting and acrobatic dancing. Musical numbers are elaborately staged with a couple of songs definitely in the hit class. Ginger Rogers teams well with Astaire, Edward Everett Horton is great as the attorney. Dialogue is smart and sophisticated.

"SHADOW OF DOUBT"

Palace March 26-27

A murder mystery treated in light fashion with reality sacrificed for clever dialogue and slapstick comedy. Ricardo Cortez and Virginia Bruce, carrying the love interest, are both under suspicion of murder when Bradley Page is found dead in his apartment following a night club brawl in which he was struck by Cortez. Betty Furness, engaged to marry Page, also is suspected, until two more murders follow and the murderer finally is bagged.

mixers have some narrow escapes from being blown to eternity due to their habit of trying out little mixtures of their own. After an unhappy experience with the opposite sex, the trio is sent to the Central American plant of the powder company to take charge of the work there. Here they have many thrilling as well as some romantic escapades. The trio is finally broken up by each man tying himself down with a wedding ring. While some of the situations are decidedly improbable, the pictures as a whole, will please.

"HELLDORADO"

Ritz March 26-27

The story, refreshing and pleasing romantic love interest modern in tone, combines thrill, laugh-provoking comedy and continuous fact action. Occasioned by a spectacular cloudburst and flood, it sets its players down in a little abandoned desert ghost-mining town, where, preceded by action that develops the romantic quality, as well as comedy and adventure elements, a new high-geared gold rush not only adds to the excitement but creates a vein of suspense, when the fortune hunters are disappointed that threaten dire fate to the hero and heroine prior to the happy ending climax.

gift under the guise of a loan. We have tried them before and we have found them practicable and helpful. The farmer has proved to be a worthy risk. He has paid back these loans, in many counties almost 100 per cent, even though faced with trying conditions. The integrity of our farmers has not been shaken. This appropriation will make it possible for many a farmer to produce a crop in 1935 and feed his family and retain his confidence and self-respect. In many instances it will mean the difference between expensive relief rolls and profitable employment. It is true to say so, but it is nevertheless true that the welfare of the farmer is the most important factor in national prosperity.

(Editor's Note: The bill later passed the House and Mahon is confident that its provisions are soon to bring relief to drought stricken farmers of the Nation.)

Lubbock Be Mecca For Merchants As Spring Mart Opens

LUBBOCK.—Sixty-eight traveling men handling ready-to-wear, millinery, shoes, hosiery, general line, novelties, men's wear and other merchandise have made reservations for the tenth semi-annual West Texas-New Mexico Wholesale Clothing Market in Lubbock March 23 to 26, inclusive, the Lubbock Chamber of Commerce, sponsors of the event, have announced.

Two hundred and fifty retail merchants are expected to come in for the market.

Big day of the market will be Monday, March 25, being climaxed with a style show and dance in the evening.

Ready-to-wear, millinery, and hosiery will be exhibited in the show by Butler Bros., Higginbotham-Bailey-Logan Company, Morten-Davis-Ciggin-Loy, Ross-Freedman-Shayn, Higginbotham Millinery Co., Davis Millinery Co., Stern Millinery Co., and Baker-McCord-Townsend, Kansas City; and Joseph Campbell Dry Goods Co., St. Joseph, Mo.

The style show will be held at the Lubbock High School auditorium and the dance at the Hilton Hotel.

Changes as to miss opportunity to judge progress or to stop to re-analyze underlying fundamentals.

"It is significant to note the results of a poll of the attending members of the council taken at the close of our monthly meeting, March 14.

"These men represented companies forming a cross-section of most types of American industry. Three-quarters of them reported increase in volume industry. Three-quarters of them reported increases in volume and or profit varying from satisfactory to 30 per cent in 1935 as compared with the corresponding period of 1934.

"These reporting no gains or decreases were confined to companies connected with the heavy industries, railroads, cotton and some milling products."

Texas Oldest Field Is Producing Oil After Forty Years

Some of the first oil wells in the state's oldest field are still producing after almost 40 years of pumping. They are located in the old Corsicana field.

The predecessor of the Magnolia Petroleum company, which recently sold its property in the area to C. L. Brown, Corsicana, brought in the first commercial well to open the gates to Texas' largest industry.

Oil was found in the Taylor formation, from 90 to 1,000 feet. During the first year 1,450 barrels of crude had been taken from the area. That was in 1896.

After that the industry in the Corsicana field skyrocketed to 65,975 barrels the following year. By 1901, the year oil was discovered in the Spindletop area near Beaumont, the field had produced 2,000,000 barrels.

In the 40 years of its existence, this small field has produced more than 8,500,000 barrels of crude from the shallow sands alone.

The rotary drilling principle was first applied in the field and laid the foundation for well depths of more than a mile and a half.

BANKERS PONDER EFFECT OF GROWING POPULARITY ATTENDING POST SAVINGS

Federal Deposits Mount to High Totals Throughout This Part of State

That bankers of West Texas along with those of other parts of the State are pondering with alarm effect of the steady increase in postal savings accounts is couched in statement received Monday by this newspaper from a representative agency of the State bankers association.

Approximately two million dollars are on deposit in those accounts in 38 cities and towns located in this section of the State, it was pointed out. Colorado, with a total of 94 depositors, was shown to have \$25,768 on deposit through the local postoffice.

Charging that the government might have in mind to continue its program of direct competition to the banking industry, "The Texas Bankers Record," official publication of the association, said "and the next step is checking accounts privileges for postal savings patrons."

Ablene is shown to lead in the West Texas territory with a total of \$293,661 on deposit. Sweetwater is second with \$213,271, San Angelo third with \$209,281, and San Angelo fourth with \$204,611 on deposit.

Barber Sated For Another Term On WTCGA Directorate

E. Barber of Spade, director for district 7 representing the West Texas Cotton Growers association, Saturday was nominated for reelection during annual district convention held in Colorado. District meetings were held simultaneously in nine districts covering 44 West Texas counties.

Nomination of the Mitchell county man is equivalent to election. Members of the cooperative marketing association are to ballot on the directorate in an election to be held within the next few days.

FIVE MUSICIANS FROM COUNTY TO COMPETE IN SWEETWATER CONTESTS

Five musicians of this county, four of them members of junior music clubs and one of the Colorado Music club, are to take part in elimination contests for the Sixth district, Texas Federation of Music Clubs, in Sweetwater Saturday. The contests are to determine who shall represent the district in contests at the state convention in San Angelo the first week in April.

Mrs. E. L. Latham is entering two members of her Mozart Music club in piano contests. The two are Nancy Price and Mary Joseph Pidgeon.

Mrs. W. R. Martin is entering Winnadell Rowland from her Loraine junior music club in the high school soprano division.

Frances Jones, pianist, will represent Mrs. Cogie Meskimen's MacDowell Music club.

The entrant from the Colorado Music club will be Mrs. Charles Mosser, who will sing. She will be accompanied by Mrs. Meskimen, who will also play for Winnadell Rowland's number.

Headquarters for the contest will be at the First Methodist church in Sweetwater. Mrs. A. F. Taylor of Eastland is the chairman of junior contests and Mrs. Wanda Drago Beall of San Angelo is chairman of senior contests. Members of junior and senior clubs from Abilene, Cisco, Colorado, Eastland, Snyder, Ozona, San Angelo, Coleman and Sweetwater will play in the district contest.

Judges are to be Miss Jeanett Tillet, Fort Worth, judging the piano selections; Mrs. Helen Lewis, Galhoun, Fort Worth, voice and choral, and Mrs. Sammis of T. C. U., Fort Worth, judge for the violin numbers.

BAUMAN NEWS

The Bauman P. T. A. met in their regular social meeting last Friday night. There was a good crowd present and games were enjoyed until a late hour.

A meeting was held at the school house Saturday night for the purpose of organizing a Boy Scout organization. Mr. and Mrs. James Herrington of Colorado came down and furnished some real good music. Due to the fact some of the speakers were unable to come they did not organize but the music was enjoyed just the same.

There was a good crowd at Sunday school Sunday. The preaching time and Sunday is the regular conference time. Every one is invited to attend these services.

Rev. E. R. Mathis returned to Abilene, Texas, Saturday night. He taught a course in B. T. S. work here last week.

Little Happenings Made Up Only News In Record For March 25, 1910

Little things—birth, going places, and such—were the only news in the Colorado Record twenty-five years ago, March 25, 1910.

Mr. and Mrs. J. M. Thomas and two children had returned from an extended stay in San Antonio for Mrs. Thomas' health.

Edgar Majors had left on Monday morning for Peoria, Illinois, to enter a school for the study of watchmaking and optics.

The Rev. Norman Marshall, rector of All Saints' Episcopal church, had been preaching a series of sermons on the Lord's last week on earth.

Miss Eva DeMoss had been to Roscoe on Tuesday.

Judge R. H. Looney had gone to Dallas to participate in Masonic ceremonies on Maunday Thursday and Good Friday.

A policy of patient waiting had evidently been decided upon in regard to the Colorado-Robert Lee railroad. The optimistic belief that Mr. E. G. Hancock, who was promoting the enterprise, would deliver the goods and that construction of the road would begin about June 1 was expressed.

The Colorado Record publishes a series of "Hints" every week at 4 o'clock.

Donations for the new school building were being called for by the "Brotherhood."

An election was called to vote bonds to build a new school to replace the one which had burned.

In the "Herbert Hints" it was recorded that L. L. Welch had left on Tuesday for medical treatment in Dallas; that there had been a party at the home of H. A. Brown; that T. W. Farris of Loraine and Miss Etta Falkner of Herbert had been married at the home of the bride's parents, Mr. and Mrs. J. D. Falkner; that A. M. Northcut had had a well drilled on his place.

There had been an all-day singing at Fairview, with the following among those attending from Colorado: H. F. Newman, Obie Avery and wife, Jessie Smith, Roxie Coughran, Maude Simpson, Zilpha Fox, Judge Coe, Buell Bradford, Jesse Bullock, Chester Thomas, J. B. Blandford, John Witten.

Over in Loraine it was recorded that J. A. Summers had been to Houston and had left Mrs. Summers in Fort Worth for treatment; that Mr. and Mrs. Malcom Blakely had moved into the T. M. White residence; that Dr. B. F. Chambers of Tyler had moved to town; that Mrs.

J. G. Holmes had returned from Whitesboro; that Mrs. B. Hart, north of town was seriously ill, but the infant of Sid Hart was improved; that Mrs. Frank Johnson had entertained the younger set with Joe Jackson as guest of honor; that J. S. Fine had the best onion patch in the country; that C. M. Thompson, Willis Brown, and Fletcher Porter had attended the cattlemen's convention in Ft. Worth; that the ladies were to hold prayer meeting at the home of Mrs. H. R. Looby.

Henry C. King had driven a four-horse team into town and parked it at Lasky's corner while he visited his erstwhile fellow citizens.

Judge F. P. Brewer and family had moved to Colorado.

Chester and Charley Thomas had purchased the City Cafe.

VISIT INJURED YOUTH

Mrs. J. A. Sauter and Sunday afternoon to visit Buster Oswald, who has been in a hospital there since his leg was badly broken in a cave-in at the level of January 28.

Longfellow Locals

The Longfellow baseball boys played Colorado boys Thursday afternoon. The score was 11 to 2 in favor of Colorado.

Mr. and Mrs. A. K. McCarley and daughter, Blanche, visited in the W. D. McCarley home at Loraine Sunday afternoon.

Mrs. E. S. Miles and sons left Sunday to visit relatives in Fort Worth.

Misses Lois and Margaret Glass spent the day with Ruth Griffith Sunday.

Mr. and Mrs. Ollie Thompson and family, Mr. Kieth Miles and children and Miss Amarie Gann visited in the J. M. Hamrick home Sunday.

We are glad to report that Mrs. Poe Burleson is better.

R. J. Lloyd was a Loraine visitor Sunday.

We regret to hear of Emmett Hall of Bauman community having pneumonia.

Harvey Baker of A. C. C. spent the week-end with parents.

Mr. W. E. Gray from Waco, Texas, and Mrs. Clay Mullins of Beaumont, Texas, visited Miss Gertrude Gray and Mrs. L. A. Costin this week.

Lela Lafeyre is back in school after two weeks absence due to sickness.

SOCIETY.

Mrs. Mitchell Hostess To Daughters Of King

With Mrs. O. M. Mitchell as hostess, Daughters of the King held their regular monthly meeting Thursday afternoon.

Miss F. E. Crabtree and Mrs. W. H. Garrett had the devotional. Mrs. Van King reported flowers sent to the sick each Sunday. She also gave the County Federation report. Members had made eighty-four visits.

Much sickness was reported at the McCall mission by Mrs. Garrett, who told of the new secretary, Miss Cloene Montgomery. The mission has asked the board of stewards for some needed improvements and some trees.

In regard to health work, Mrs.

Jeff Dobbs reported her plans for observance of negro and Mexican health weeks here in April.

Peaches, whipped cream, and cake were served.

Modenia Elliott Has 'Fish' Party

A "fish" party for a number of her Freshman friends was given by Modenia Elliott at the home of her sister, Mrs. Parker Jarman, Friday evening.

Refreshments were served with favors of candy fish to Meta Hudson, Nancy Lee, Dorothy Hagler, Mary Smith, Polly Wren, Irene Tiller, Dorothy Morrison, Dale Simpson, Joe Lee, Mason Shelton, Billy Crow, Joe Robertson, John Colson, Boon Jackson, Joe Pritchett, Arthur Clyde Rynian, Grover Williams, and Claude Morgan.

Twilight Musicals Preparations Begun

Weekly choral practice in preparation for their twilight musicale the first Sunday in May has been started by members of the Colorado Music club. The musicale is given annually as the opening feature of National Music week.

Normandy Lace Club With Mrs. Wallace

The Normandy Lace club met Friday with Mrs. R. J. Wallace, whose guests were Mrs. John E. Watson and Mrs. B. J. Baskin.

At lunch time the table was centered with spring flowers. The meeting this week is on Thursday with Mrs. D. H. Snyder.

TEACHERS ENTERTAINED AT WILL BERRY'S HOME

Following their annual custom, Mr. and Mrs. Will Berry entertained members of the high school faculty and friends with a chicken fry at their country home Thursday evening.

Those attending were Mr. and Mrs. John Watson and daughters, Mrs. and Mrs. C. A. Wilkins and C. A. Jr., Mr. and Mrs. O. W. Cline, Mr. and Mrs. G. D. Foster, Mr. and Mrs. Jim Reese and daughter, Mr. and Mrs. Doyle Williams, Miss Velma Barrett, Robert Coffman, Hayes Holman, Miss Pauline Hargrove, Paul Hargrove, Bonnie Brizandine, Estelene Chivers, Ruth Smith, Mary Alice Gunn, and Vivian Carpenter.

WORK IS STARTED ON HIGHWAY PARK SITE, GIFT OF C. H. THOMAS

Made possible by the gift of a suitable plot of land from C. H. Thomas of near Loraine, the donation of labor and upkeep by the State Highway department, and the donation of trees and shrubs by the Colorado Chamber of Commerce and other civic organizations, a highway park for Mitchell county is in the making.

About three acres in size, the park site is located on the right hand side of the highway, east between two bridges near the C. H. Thomas farm. It has already been surveyed by highway employees and trees and grass are being planted.

Mrs. H. B. Broadus, county chairman of highway beautification, explains that the park is costing Mitchell county nothing except the trees and shrubs. As an inducement to the building of such parks throughout the state in preparation for Centennial tourists, the highway department is turning labor and upkeep for such beauty spots.

Mitchell county is among the first in the state to take advantage of the offer, and credit is due Mr. Thomas for his land gift, Mrs. Broadus points out.

Later plans are to add stone benches, tables, and rest room facilities to the park.

Work on the erection of city entrances is to begin as soon as the drafting of plans is completed and locations determined. W. W. Whipkey has been named chairman of this work.

State Constitution Changes Offered In Election Next Year

Along with marking their ballots for and against nominees for the long list of precinct, county and State nominees, Mitchell county electors participating in the general election of 1936 are to be called upon to express their views on certain proposed constitutional amendments. Among these already passed by the legislature at Austin are:

Senate Joint Resolution No. 12, providing for an increase in salary of the attorney general from \$4,000 to \$10,000 annually.

Senate Joint Resolution No. 13, providing to pay the three constitutional officers, viz., the comptroller of public accounts, treasurer and the commissioner of the general land office \$6,000 a year.

Senate Joint Resolution No. 14 would raise the governor's salary to \$12,000 annually. Present salary received by the chief executive is \$4,000 a year.

Senate Joint Resolution No. 15 would increase salary of secretary of State to \$6,000.

COLORADANS LEAVE TO ATTEND STATE MEETING

Several Coloradans are in Temple to attend sessions of the State Grand Lodge, I.O.O.F. and Rebecah, in session during the present week. The local lodge has been prominently identified with affairs of the Odd Fellows fraternity many years.

Intriguing Titles For Thirty-Seven New Novels Added To County Library

Intriguing titles label the thirty-seven new novels which have been added to the Mitchell county library at the City Hall.

All the books are by authors who have proved to be favorites with Colorado readers, according to Mrs. Fred Dozier, librarian.

Romantic fiction includes Fanny Heath's "Summer People," Harriet T. Comstock's "Strange Understanding," Ishbell Ross' "Marriage in Gotham," Louise Platt Houck's "Life, Love, and Jeannette," Robert Nathanson's "One More Spring," Maysie Grieg's "Lovely Clay," Clarence Budington Kelland's "The Great Crooner," Thorne Smith's "Topper," Martha Ostenso's "There's Always Another Year," Margaret Pedler's "The Greater Courage," Peter B. Kyne's "Comrades of the Storm," Berta Ruck's "Best Time Ever," Thorne Smith's "Stray Lamb," Beulah Poynter's "The Gingham Bride," Eleanor Elliott Carroll's "Paradise Island," Elizabeth Hamilton Herbert's "House of Wives," Achmed Abdullah's "Love Comes to Sally," Warwick Deeping's "Ten Commandments," Sara Wear Bossett's "Twin Lights," Ethel Huston's "Good Times," Joseph McCord's "Silver Linings," Mako De La Roche's "White Oaks of Jalsa," Louise Platt Houck's "The Wifehood of Jessica," Arthur Somers Roche's "The Great Abduction," and Katherine Newlin Burt's "The Tall Ladder."

The mystery novels are Leslie Ford's "The Clue of the Judas Tree," Roland Pertwee's "Death in a Domino," Philip Wylie's "The Murderer Invisible," Carolyn Wells' "Horror House," and Agatha Christie's "Thirteen at Dinner." Case's "Dynamite Smith, Cowboy," Case's "Dynamite Smith, Cowboy," William McLeod Raine's "The Black Tolls," B. M. Bower's "Laughing Water," W. C. Tuttle's "The Valley of Twisted Trails," George M. Johnson's "The Texas Range Rider," Edgar Rice Burroughs' "Tarzan in the City of Gold," William Colt McDonald's "Riders of the Whistling Skull," and Charles Alden Seltzer's "Clear the Trail."

Committee Votes Centennial Okeh; To Rewrite Bill

The Senate Finance Committee Monday voted to recommend the passage of the Texas Centennial appropriation bill, but left it to be rewritten by a subcommittee with the opportunity to start an argument as to whether the subcommittee will have power to insert new matter or merely smooth out the several material amendments made by the committee.

In asking for a chance to rewrite the measure Frank Rawlings of Fort Worth said he wanted to know the exact phrasing of the committee amendments and to take care of his home city and to find out its willingness to aid Dallas in putting on a Centennial. He was made a subcommittee member.

After adjournment W. R. Poage of the subcommittee said his understanding is that its power is limited to taking out the rough spots in the bill by composing any conflicts and then have the bill favorably reported to the Senate.

TEXAS RELIEF COMMISSION AUSTIN.—Checks totaling approximately \$600,000 were being sent to counties in the rural rehabilitation program this week for the purchase of capital goods during March.

Rural department officials said livestock, including mules, chickens and cows; and farm equipment, including planters, cultivators and plows will be bought at this time in order to provide for needs resulting from the approach of the planting season. Feed, seed and fertilizer also come under the head of capital goods.

A limited amount of household goods for families without these necessities also will be furnished, rural officials said.

LICENSE BOUGHT Bob Brinkley and Miss Winnie Mae Evans, both of Colorado, are listed as having bought a marriage license in Sweetwater early this week.

Texas Drouth Has Caused Fever To Spread, Is Claim

Drouth conditions in Texas have caused a marked increase in the prevalence of typhoid fever, according to charts published by the Department of Health.

In 1928 there were only 527 cases of typhoid fever in the state, with 461 deaths reported as a result of the disease.

In 1934 there were 1,954 cases but the death list has not yet been compiled.

Health activities throughout the state, which have been directed towards eradication of the disease, have resulted in an expenditure of \$2,000,000 during the past four years. This is exclusive of regular funds spent by the state health department.

Part of the increase, according to health officials, is due to better reporting of cases by county health officers but much of it is due to contaminated water supplies which people were forced to use when the drouth dried up their regular source of supply.

BOX SUPPER PLANNED AT BAILEY'S CHAPEL CHURCH

A box supper and sale for benefit of the church is to be given at Bailey's Chapel, Carr community, on the evening of Thursday, March 28, the pastor, Rev. A. F. Click, announced Thursday morning. Funds realized are to go into a fund being raised to pay off indebtedness against the parsonage.

TRANSOM BREAKS WINDOW The big glass window in the office of Dr. M. B. Nall, dentist, was broken Tuesday in a rather unusual accident. Dr. Nall was raising the transom when the rope broke and the transom fell, striking the window and going through it.

One reason why fountain pens don't work is because the ink at the post office isn't much good.

Dust Storm Brings Grief To People In West Kansas Area

Here are a few of the things that happened Saturday during a dust storm described as the worst in Western Kansas history.

The wind blew so hard that it knocked the tops off of sealed milk cans in a truck.

Police and the Sheriff were deluged with calls from frantic parents asking aid in locating their missing children.

So thick was the dust that James Seymour, truck gardener, was lost in his ten-acre patch eight hours. He had walked around in a circle in the swirling dust cloud until he fell exhausted.

Frank Anderson, farmer, was marooned and was almost smothered by the time rescuers found him.

Some business men closed their stores despite the fact that Saturday trade is the best in the week.

Dust, a foot deep, was shoveled off sidewalks like snow in the winter.

All air and bus travel was suspended.

Hundreds of motorists were forced into ditches, their vision obscured

'STUCK-UP' VEHICLES PART OF AD CAMPAIGN

If you've wondered about the "stuck-up" red truck and motor car which have been driving around Colorado's streets the past day or so, here is the explanation.

The two vehicles, which are plastered with circulars at every which angle, are a part of the gigantic advertising campaign being launched this week by Conoco for germ-processed motor oil. Sam J. Smith, local Conoco agent, is directing the campaign here.

FARMERS GET CHECKS ON COTTON REDUCTION

A total of 112 checks in payment to Mitchell county farmers on 1934 acreage reduction contracts have been received at the office of B. J. Baskin, county agent, this week. The checks total over \$4,000.

Tests conducted in Pittsburg by scientists indicate that the average healthy person changes his position 38 times in eight hours of sleep and it is abnormal to sleep without moving.

A carved stone slab weighing more than a ton, believed to be one of the world's earliest printing machines and estimated to be more than 2000 years old, has been brought to England from China.

What's the use? If you continue to be onery, you can't respect yourself. If you make a good resolution, you lose self-respect when you break it.

WHAT OIL MEANS TO TEXAS

This map, prepared from data supplied by the Texas Railroad Commission, shows how the 520 separate oil fields in Texas are distributed among 122 counties. Counties with the black dots contain one or more fields. Oil is worth more than \$1,000,000 daily to Texas and contributes with its products \$45,200,000 a year in State taxes alone, besides many additional millions in county and local taxes. The map gives a graphic illustration of why oil is important to so many Texas communities and citizens and the Commission's successful fight to retain supervision by the State instead of turning regulation of Texas oil over to Washington bureaucrats has won favorable consideration by the Legislature of the Commission's request for a slight increase in the allocation of taxes paid in by the industry, so that efficient supervision can be maintained.

NEAR FIVE MILLIONS Spent By Safeway For Texas Produce
Nearly five million dollars worth of Texas food products were purchased by Safeway Stores, Inc., during the past year, according to figures just released by the grocery company. Although the company operates only a comparatively small number of stores in the state, it purchases large quantities of Texas products for distribution throughout the Safeway territory, which extends from the Pacific Coast eastward as far as Virginia and Maryland. Heading the list of individual purchases was Texas sugar (both cane and beet), which amounted to approximately one million dollars. Other principal items and their totals were: flour products, \$680,532.00; vegetables, \$560,598.00; dairy products, \$482,612.00; and fruits, \$222,645.00. The combined figure for meats, poultry and fish was \$956,690.00. Wages to Safeway employees in Texas during the year amounted to \$1,119,818.00, making one of the largest retail payrolls in the state.

\$40,000 COUNTY HOSPITAL BOND VOTE DUE SATURDAY

FIVE-CENT TAX ON COUNTY PROPERTY VALUATIONS FOR RETIRING ISSUE TO INCUR

Another Nickel Hike in Taxes Be Required For Up-Keep, Officials Estimate

Saturday is to be election day in Mitchell county as citizens go to the polls to mark ballots either favoring or rejecting proposal to issue \$40,000 in county hospital bonds.

The projected bond issue had inception at a mass meeting at the chamber of commerce several weeks ago after physicians, ministers and other leading citizens extended the challenge that Mitchell county should provide hospitalization facilities for her citizens. In some cases recounted by speakers before the gathering it was shown that much additional worry and suffering was directly chargeable to the patient had to be taken to a point outside the county for emergency hospital services.

The bonds, if authorized, are to be issued serially and bear interest at the rate of four and one-half percent per annum on the total property values of the county. They would mature after thirty years.

It is estimated that it would require a five cent tax levy, based on present valuations, to pay interest and retire the bonds. In event the county should realize a 100 per cent collection on tax accounts, the figure could be estimated below that amount, it was pointed out, "but there have ever been delinquencies in our tax rolls and we may reasonably look for continuation of that feature," to quote an official at the court house.

Estimate that the bond issue would amount to \$40,000. The five cent tax levy Taylor, county treasurer, who gave the data without commitment for or against the bonds. Mrs. Taylor joined with other officials in suggesting that in event the county could rely on a 100 per cent collection of taxes

Added Oil Activity To Center Here, Is Belief of Operator

That Colorado is due to become center of a considerable impetus in West Texas oil activities is being expressed by O. M. Murray of Dallas, who with associates recently acquired valuable producing territory in Eastern Howard county.

The oil industry is looking up in this immediate part of West Texas and Colorado is going to receive a considerable share in the resultant better times, Murray commented recently when seen at the Colorado hotel.

Field crews have been sent into the area recently by some of the major oil companies. Colorado is being designated headquarters for a liberal share of these operations.

on present valuations the estimate would be lower.

County Judge B. L. Templeton stated in an interview to newsmen Tuesday morning that the county commissioners' court, after considerable study of the proposed bond, had estimated it would require an additional five cent tax levy to maintain the institution, placing total cost of the hospital at a ten per cent tax over a period of thirty years.

The polls will open at 8 o'clock and close at 7. General election laws of the State will apply and since the bond would entail additional tax levy only property taxpayers voters otherwise qualified to vote may participate. A majority vote will authorize issuance of the bonds.

The county judge called attention to the fact that by the term "qualified voter" it was meant that the citizen must have resided in Texas one year and Mitchell county six months next preceding date of the election, and have paid current poll tax assessed for the year 1934, or be subject to exemption under provisions of the Texas poll tax law.

FORMER 'PRESS AGENT' IS TO OPEN REVIVAL MEETING FRIDAY AT HYMAN CHURCH

Hamilton Wright Has Attained Success Since Entering The Methodist Ministry

Rev. Hamilton Wright of Coahoma, pastor of the Coahoma Methodist church, is to open a revival meeting Friday evening at the Scott Memorial Methodist church at Hyman. The services are to run through Sunday, March 31.

Wright, who a few years ago resigned the position as publicity manager for the West Texas chamber of commerce to accept appointment as pastor of one of the most meagre circuits in the Northwest Texas Conference, M. E. Church, South, has attained considerable success in the evangelistic field. During the intervening years from 150 to 250 people have been converted as the direct result of his preaching.

As a factor in the news world of Texas Hamilton Wright is remembered as one of the best writers of his time. Before going with the West Texas chamber Wright was editor of the Fort Worth Record before that publication was absorbed by the Star-Telegram. "West Texas Today," official publication of the regional organization, became an important medium in Texas journalism under his supervision.

During a ten-day revival held a few years ago at Union, four miles west of Snyder, 77 conversions were received into the church under his preaching. "Ham," as he is popularly known among his intimate friends, does not resort to sensational methods in his preaching. "I believe a great deal in prayer and most of my revivals have been successful because I have done a great deal of knee work," he suggested in a recent statement to The Record. Wright is a strong believer in "old time religion," as he put it, and denounces sin and its accompanying evils with all the power that he possesses.

"I am interested in getting the people of Hyman and that section to attend the revival," Wright went on to say. For the time services are to be held only once a day, at the evening hour, due to wish of the preacher, not to conflict with school work at Hyman. However, day services may be announced later during the meeting.

Area League Meet Scheduled To Open Friday, April Fifth

Annual Interscholastic League meet for District 3, embracing Mitchell, Taylor, Nolan, Howard, Fisher, Scurry, Kent, Stonewall and Borden counties, is scheduled to open in Sweetwater Friday, April 5, for two days.

Schools of Mitchell county taking first place in varied events at the county meet here will be entered for competition in the district contests.

Ed Hennig, mentor of the Sweetwater Mustangs, is director of the meet. Schools expecting to participate in the several events are requested to register by Tuesday, April 2. No entry postmarked later than 12 o'clock on that date will be accepted.

RABBITS SLAIN IN BIG DRIVE STAGED TUESDAY

Several hundred rabbits were accounted for after firing of the last gun in a community drive against the pests staged Tuesday on the W. E. Wimberley farm 12 miles south of Loraine. Hunters feasted on barbecued goat and other luscious viands at noon. Doc Wimberley, local motor car dealer and son of W. E. Wimberley, was among Coloradans attending the hunt.

Carl Moore, talented young reader, was presented on entertainment program at the Lions Club Friday. The boy, a student attending junior high, was presented by Jack Mayes, member of the program committee. His readings were well received.

COLSON CALVES RETURNED
The calves of John Colson, Jr., exhibited at the San Angelo Fat Stock Show, have been returned. The animals, considered among prize winners in the territory, failed to place for championship awards as was the case in other recent exhibitions.

OIL MEN SERIOUSLY HURT WHEN CAR CRASHES WITH TRUCK ON EAST HIGHWAY

Wreck Friday Morning Brings Broken Hips To Two; Will Recover, Report Says

H. A. Harmon of Pecos and Joe L. May, 2429 Shirley avenue, Fort Worth, were seriously injured when the large touring car in which they were traveling featured in a crash with another machine on Highway One a few miles east of Colorado Friday morning. The injured were taken to a Big Spring hospital in a Kiker & Son ambulance. Both men received fractured hips.

The two men, prominent in independent oil circles, were enroute to the oil field near Jal, New Mexico. The car, a Packard touring car, was being driven by C. O. Byrd of Fort Worth, who escaped with slight injury.

The crash came as a car driving just ahead of the Packard machine turned to enter a side road, witnesses to the wreck have reported. Occupants of the other car escaped injury. The big touring car, while not turning over, was badly demolished. Byrd swerved to the left after side-swiping the other car and went into a ditch.

Reports from Big Spring indicate that Harmon and May are resting as well as could be expected. They will, in all probability, be in the hospital several days.

Father of Former Coloradoan Passes After Heart Attack

Friends here of W. S. Foster of El Paso Friday received information by wire that his father, Dr. T. W. Foster, had died suddenly at his home in Marlin, following a heart attack. Father of the El Pasoan was a prominent dental surgeon in his home city.

Foster, former county farm agent here, stated in the wire that he was leaving El Paso immediately to attend funeral services for his parent. The late dentist was a personal friend of Dr. B. F. Dulaney of Colorado.

MARCH 27 FINAL DATE FOR EXCHANGING BONDS BANK OFFICIAL RECALLS

Attention to fact that the Secretary of the Treasurer has announced that the subscription books for the current offering of United States two and seven-eighths bonds of 1935-60, dated March 15, 1935, will close at the close of business Wednesday, March 27, was directed to the public Tuesday by J. C. Pritchett, cashier of the City National bank.

Subscription of these treasury bonds are offered only in exchange of third called Fourth Liberty Loan Bonds, called for redemption April 15, 1935.

Further details relative to subscription of the new issue bonds and redemption of the Fourth Liberty Loan Bonds may be obtained upon application at the bank.

MITCHELL COUNTIANS IN FINAL MINUTE RUSH TO CONCLUDE TAX REPORTS

Midnight Friday was the deadline for filing income tax returns with Uncle Sam and the last minute period caught quite a number of citizens of Colorado in the usual rush to get these reports into the mail. Records denoting the number of Mitchell county citizens affected by the income tax law are unavailable but it is accepted that quite a number will pay this tax this year.

For some of the payers there will be additional worries, due to fact there is ever errors to creep into the annual reports. Some will be returned for recheck, no doubt and then there is the additional worry of repaying the money that some of them had to borrow at the bank to settle with the government.

COUNTY TENNIS MATCHES HELD UP BY DUST GALE

It was too dusty to proceed with scheduled tennis and other field events of the Mitchell County Interscholastic League meet Saturday, Director C. A. Wilkins reported. All contests previously set for the day were postponed, Wilkins noted as he entered The Record office Saturday afternoon nipping dust from his face.

TWO HUNDRED ATTEND TRACTOR SCHOOL HELD AT JONES, RUSSELL CO.

A total of 200 citizens, largely farmers of the territory, attended tractor demonstration school given Thursday of last week at Jones, Russell County, distributors for John Deere power farm machinery for this section.

Motion pictures showing process of manufacture, assembly and practical uses of the tractors were projected on the screen. Among factory representatives here for the school were W. E. Weyland of Waterloo, Iowa, B. F. Lawling, L. V. Nudson, and R. M. Cunningham of Dallas, L. A. Spoons of Stamford.

SAFEWAY STORE GIVEN PLACE ON HONOR ROLL THROUGH COFFEE SALES

The Colorado store of Safeway Stores, Inc., last week again scored for high honors in a three-State Airway coffee selling record. There were only 20 stores in Texas, Oklahoma and Arkansas to qualify for places on the honor roll, and the local store was one of them.

In the Abilene district, Colorado Safeway Store has made the honor roll for three consecutive weeks. The Sweetwater store was the only other one in the district to attain that distinction.

'SERVICE' AS MANIFEST BY LIONS IMPRESSIVE, FORMER JUDGE STATES

"The kind of service to others as manifested during a recent sorrow, occasioned in the death of my brother, has prompted me to renew my faith in this Lions Club and strive with all that I may possess to reflect the noble characteristics of Lionism."

That statement was offered before the Lions Club Friday by Former County Judge A. F. King as he recalled the friendly sympathy accorded him and members of his family after passing of a brother, Clifford King, in an El Paso sanitarium.

Twenty Businesses And Professions Are Represented In BPW Membership

Some twenty business concerns and professions in Colorado are represented among the membership of the Business and Professional Women's club, which is joining similar clubs all over the nation this week in observing National Business Women's week.

Following are brief sketches of the present members:

MISS ELIZABETH KIRKPATRICK

Miss Elizabeth Kirkpatrick, club president and a charter member, has been identified with the banking business in Colorado for a number of years. At present she is clerk and stenographer in the City National Bank.

MRS. LESLIE CROWDER

One of the town's leading dress shops, the Elaine Shoppe, is owned and operated by Mrs. Leslie Crowder, first vice-president of the club. Mrs. Crowder is a charter member and is on the public relations committee in charge of the banquet Friday night.

MRS. M. L. KIRSCHBAUM

The position of assistant manager and principal buyer for the Kirschbaum Dry Goods store is filled by Mrs. M. L. Kirschbaum, second vice-president of the club and one of its most active members.

MISS LILLIAN POND

Miss Lillian Pond has kept books for the Community Natural Gas company since the company first began operations in Colorado about seven years ago. She is a charter member of the club and at present is recording secretary.

MISS GLADYS MITCHELL

Coming to Colorado as bookkeeper for the Mills Chevrolet company about four years ago, Miss Gladys Mitchell soon afterward was voted into the Business Women's club and has since been prominent in club activities. She is club treasurer.

MRS. A. L. McSPADDEN

The club has had no more active member than Mrs. A. L. McSpadden, corresponding secretary and charter member. She is bookkeeper at the Texas Electric Service company's office.

MISS HATTIE TANKERSLEY

Another of the club's teacher members is Miss Hattie Tankersley of the Coleman school faculty. She is working with Mrs. Crowder on the public relations committee in charge of the banquet.

Easter Color Scheme At Beauticians' Party

Using an Easter color scheme, Mrs. Pearl Woods entertained the Beauticians at the home of Mrs. Jim Williams Tuesday evening.

Miss Evelyn O'Neal was awarded a whatnot for high score and Mrs. Williams a novelty for low. The traveling prize, a vanity set, went to Miss Mona Morrow.

Osgood pie, topped with whipped cream and a cherry, was served with coffee to Mesdames Mary Jordan, R. D. Tiner, Brice Webb, Robert Lucas, Carl Chambers, and Williams; Misses Evelyn O'Neal, Gladine Powell, Mona Morrow, Elizabeth Wright, Eleanor Derrick, and Velma Luckey.

Mrs. John T. Howell and daughter, Theda, were in Fort Worth during the week-end.

STUDY CLUBS

1921 Study Club

Two Indian songs, "By the Water of Minnetonka" and "Land of the Sky-blue Water," were sung by Mrs. W. R. Martin as an opening feature of the 1921 Study club's study of New Mexico at the home of Mrs. H. B. Broadus Friday.

Mrs. Sam Majors led the lesson, which included papers on "Art and Artists of New Mexico" by Mrs. J. Lee Jones, "Pictograph Hunting" by Mrs. Majors, "National Monuments" by Mrs. U. G. Hardison, and "Southwestern Book Shelf" by Mrs. J. E. McCleary, with short talks on Albuquerque and Gallup by Mrs. P. K. Mackey.

Mrs. Hardison announced the Business and Professional Women's Friday night banquet during the business session. A letter from the district chairman of gardens asking for reports on local gardens was read.

The club meets this week with Mrs. J. M. Doss.

Self Culture

Continuing their study of "Maximilian and His Conquest of Mexico," the Self Culture club met Friday with Mrs. L. B. Elliott.

Items on El Paso were given in response to roll call conducted by the leader, Mrs. John T. Howell. Topics were discussed by the following: "Sketch of Maximilian Before Coming to Mexico," Mrs. A. G. Melton; "Career of Maximilian in Mexico," Mrs. John Brown; "Maximilian and Princess Carlotta," Mrs. J. B. Pritchett.

Fifty magazines had been delivered to Mrs. Monroe Dawson and Mrs. C. P. Gary when visiting Payne school. The club voted to buy some needed tablets for the school's lower grades.

Plans for the club's annual banquet on Friday night at the home of Mrs. Melton were discussed. Refreshments consisted of tuna fish salad, wafers, gherkins, angel food cake, and tea.

Standard

Switzerland was studied under the leadership of Mrs. R. B. Terrell during the meeting of the Standard club Friday afternoon with Mrs. L. W. Sandusky.

The meeting was in charge of Mrs. C. M. Adams in the absence of the president, Mrs. P. C. Coleman. Roll call was responded to Mesdames Atoms, Roy Buchanan, Sanitsky, Homer Hutchinson, Jr., J. A. Buchanan, J. E. Pond, Y. D. McMurry, Terrell, and C. E. Way.

Members heard an invitation from the Business and Professional Women's club to attend their Public Relations banquet at the Colorado hotel Friday evening.

The hostess was assisted by her daughter, Mrs. Hutchinson, in serving a plate luncheon. Mrs. Terrell will be hostess this week, when Mrs. Way will lead a lesson on Belgium.

Hesperian

Two poets, Vachael Lindsay and John Masefield, whose work comes under the heading of New Poetry were studied by the Hesperians at their meeting with Mrs. Charles Mosser Friday afternoon.

Mrs. Ed Majors led the lesson. Mrs. Doyle Williams gave a comparison of Masefield's "The Everlasting Mercy" and Lindsay's "General William Booth Enters into Heaven" from the standpoint of realism.

Lindsay's "The Virginians Are Coming Again" was given by Mrs. J. A. Sadler as one of the ten outstanding poems in 1932. Mrs. Majors discussed "Poets as Real People." Taking the place of Mrs. Willis Shropshire, Mrs. Walter Wilson read "The Chinese Nightingale."

The business session included a report from Mrs. J. Edith Lee and Mrs. A. L. Whitley on visiting the Seven Wells school. The club will send a representative to the Business and Professional Women's Public Relations banquet Friday evening.

A salad course was served. Mrs. B. J. Baskin is to be hostess this week.

Zetagathian

Beautification of a plot of ground in Ruddick Park will be undertaken by the Zetagathian club, it was decided during the club's business session at the home of Mrs. Bill Dorn Friday.

Members also voted to donate two trees for the proposed highway city entrances, and a sack of cement toward completion of the cemetery wall.

After hearing a discussion of proposed legislation for the sterilization of mental defectives and habitual criminals, the club went on record as favoring such legislation.

Famous Pictures Brought To Life On Art Program

Living models, all of them art pupils of Miss Alwilda Crosthwaite of the junior high school faculty, posed ten famous pictures for a group of mothers and other persons attending the art appreciation program sponsored by the Hesperian club at the high school auditorium last Thursday noon.

Histories of masterpieces of various countries were given by Sara Guitar, Alice Womack, Katherine Slagel, Beulah Frances Robinson, Nancy Price, and Louise Dockery.

The famous pictures posed included Whistling Boy, Blue Boy, Artist and Daughter, Song of the Lark, Laughing Cavalier, and others. The models were in costume and posed in a large frame across which fine gauze was stretched. Artificial lighting added to the effect.

Models were Freddie Watson, Odos Williams, Charles Nuckolls, Katherine Slagel, Betty Whipkey, Beulah Frances Robinson, Harriet Ann Pritchett, Ernest Porter, Helen Snyder, Sara Ann Pond, and Louis Bodzin.

Readings were given by Harvey Hicks and Mary Jane Kinard. Mrs. J. H. Guitar played during the posing of several of the pictures.

Surprise Given Hostess By Pastime Bridge Club

Taking their hostess, Mrs. L. B. Elliott, by surprise, members of the Pastime Bridge club showered her with gifts when she passed refreshments at the close of their meeting Thursday afternoon.

Mrs. Elliott had entertained two

tables with only two guests, Mrs. J. B. Pritchett and Mrs. Tom Coffee of Big Spring, a former member. High score was made by Mrs. Hugh Millington and low by Mrs. Monroe Dawson, prizes for both being decks of cards. Mrs. Aubrey Herrington won the "floating" prize, a bar of ivory soap.

Refreshments included a salad course with cake.

CHAPTER 3

A few summers ago this author visited New York city in an eight weeks sight-seeing and education observation. We visited the Statue of Liberty, the Empire building, most of the leading theatres, Madison Square Garden and with 75,000 others watched a boxing match, went to the National park to see a National ball game, went up the Riverside Drive to the palisades, spent some time in Harlem, Brooklyn, Manhattan and the Bowery. We visited in the Blue Shirt lane, Sloppy Joe's night club and a Chinatown opium den. We steamed up the Hudson to the Washington bridge. We traveled by elevated, subway, train, ship, automobile, taxicab, bus, and on foot. Spent some time in Long Island and Connetquot Island. At a seafood dinner, also ate at a Chinese chop house and at a Jap brass rail cafeteria and all of this impressed me with the fact that to live in New York one must be Quick, Quick, Quick.

This is a city that is built upon a rock. It is a winged monster of riven stone, crouching upon the shore of the sea. Its body is the body of a beast, its hands are a man's hands, but the face and the heart are a woman's, tender, capricious and cruel.

None who pass that way escape her terrible inquisition. Her riddle awaits all travelers, and the time for the answer is short. If one be quick, her recompense is ready, the dangerous prize is her kiss (city). Upon your peril may you stammer and hesitate, her patience is intolerant and murderous. One must be quick.

Where she crouches is the abiding place of the complex exhibitionist, the capital of pretense, the garden of upstarts. Out of the rock the thing starts up violently. Of brick and mortar, steel and concrete, its giant wings are fashioned. Out of its squalor and shame come its heroes and princes, upstarts all. Here are the streets of imposture, the high-ways of shame, the lighted avenues of make-believe.

Yet here, too, are shining paths, trod by dreamers walking to the stars, and that is the sorry catch to the riddle of the young sphinx. There are men who love the creature (city) as a bride. She has brought me place and power and a rich dowry.

Those who thus, sing boastfully are men who are quick and agile in their wooing. One must be quick. Others curse her, they shriek, "You tempted me, you made me a liar, you made me a thief, worse than that you made me a fool, you played me for a sucker."

These men were disciples of a very ancient fool, whose idol and whose image was a tortoise. One must be quick. Still others, with the daring encountered in despair, despise her (city). To despise New York is the unpardonable sin. Such men are like

Dr. Root Outlines Hospital Situation In An Open Letter To Voters Of The County

Dr. C. L. Root, owner and manager of the Root hospital since its inception several years ago, addresses the following open letter to the public relative to the county hospital bond election to be held Saturday.

About 3 months ago while I was in Austin sick in bed I received a letter from a Colorado citizen asking if I'd consider selling my hospital to the city or county. I had not dreamed of such a thing, but after thinking the matter over I wrote back that it would be agreeable to me to consummate such a deal. Since that time the county's owning a hospital has been liberally discussed, pro and con.

The result has been that you are called upon to vote next Saturday on a bond issue of forty thousand dollars with which the Commissioners' Court shall build or buy a hospital. While the project did not originate in me, nor did I initiate the drive yet I shall be very glad to sell the county my hospital plant if the county really wishes to build or buy.

It seems that during the last two or three weeks there have been all kinds of false reports released and freely circulated as to just what amount I was asking the county for the plant—this ranging from \$69,000.00 down. Other reports have come to me that the county officials have found out that the plant is not worth more than \$15,000.00 and that has been their offer.

The facts are that the Commissioners' court has not been in the market for a hospital at all and they hope to so remain, and no mention of the matter, whatever, of selling or buying a hospital has been discussed between any member of the Commissioners' court and myself.

If the bond election carries I suppose that the Commissioners' Court will then be in the market for either buying or building a hospital. If they should consider buying my plant I am quite sure they would have enough good business sense to have the buildings, grounds, equipment and all appraised by impartial competent appraisers who know their business, and from the figures of such appraisalment proffer to deal accordingly.

I am full confident that our commissioners court is made up of upright, fair, honest and honorable men—men who will give me and everybody else a square deal. So why should anybody worry about the price? I believe that this county should own and operate a hospital. I do not believe at all that this county should own and operate a charity hospital. A charity hospital is one acquired and maintained for charity only. It receives its funds from donations, gifts, endowments and etc.

thumping the nose. I am bad and I am glad I am bad, cries the city. Hurry up, raise a big noise. This is synthetic stuff but its good, Baal, Baal, Baal is our idol, the god of pleasure is our God. But the idol came from the ten cent store. It is a cheap clay Billikin, and it laughs. A middle class Greek of the fifth century before Jesus would lift his brows, draw closer his tunic and pass on.

One must be Quick. Into this power house of quick energy this writer came. I had been made to believe that Manhattan Island was a refuge, an asylum for the knightly of visionaries. A Joseph, carried into Egypt on a caravan of red stained wheels. What was I to see and learn there?

As I mounted the steps from the platform I was quick to observe a change. Passengers swarmed and eddied past me quickly, men who had lounged and sprawled in the cars were now possessed of a quick impatience, and hurried upward, as if bent on immediate business. The shuffle of swift feet was about me, the sound of swift staccato conversation was in the air.

Somewhere in the astral ether, where words run on and never die, a poignant question was still vibrating, an enigma raised by the voice of fiction. In the next chapter we shall see what became of my dreams. F. B. W.

TEXAS ATTRACTING LARGER TOURIST TRAFFIC; TRAVEL BUREAU FIGURES INDICATE

Conoco Oil Company Assists Travelers Everywhere In Routing Car Trips

The popularity of Texas as a Mecca for automobile vacationists from all parts of the country is indicated by a report just released by the Conoco Travel Bureau, a branch of Continental Oil Company, and America's largest free travel service. According to the report, 239,470 Travel Bureau tourists spent more than \$9,852,480 in this state last year.

It was also revealed that motor travel throughout the entire United States was unusually heavy during 1934. Hotels, tourist camps, restaurants and many other types of business took in more money from tourists than during any other year since 1929. The Bureau supplied detailed trip services to 969,485 vacationists, a figure 41 per cent greater than the organization's total for 1933. Statistics also show that Travel Bureau tourists spent in excess of 40 million dollars while they were away from home.

The Conoco Travel Bureau is an

Sanatorium near San Angelo? Does the state expect any dollar marked dividend from the many asylums she has built in our state for the deaf and dumb, the weak minded, the blind and the insane? Should our county expect any dollar marked dividend for caring for the sick and wounded? Let's forget about the 79 cents per year it will cost a quarter section man and vote to serve needy suffering humanity—The highest aim of God's people.

Should the county acquire my hospital I full intend to continue my surgical work in it as I have heretofore done.

organization maintained by Continental to provide motorists with up-to-date information on North American roads, routes, hotels, cottage camps, scenic and historical attractions plus any other data likely to make vacation trips pleasant and profitable. More than 100 carefully trained men and women are employed in the Bureau's central offices at Denver. Conoco's 22,000 service stations act as field branches. It is predicted that one and one-half million vacationists will rely on Travel Bureau assistance during 1935.

We are in A New Automobile Era! Cars built since 1931 have twice the power and speed of ten years ago!

Continental offers you better lubrication for modern cars —an *Alloyed Oil with twice the film strength of other oils!

IT'S hard to realize how improved cars of the '30's are over those we drove ten years ago. We are in a new automobile era! Power and speed have almost doubled in a decade, with little increase in motor size. Increased power has brought enormous increases in bearing pressures and crankcase temperatures. In making motor parts that will stand up under these severe conditions, car manufacturers have turned to new alloy metals of extra strength and durability. For the same reason, you must have oil with enough extra oiliness and film strength to protect your motor under extreme pressures! Yet motor oils generally have no more oiliness and film strength now than they had ten years ago. New refining methods have recently come into use to make oils free from carbon and sludge. But these new refining processes have actually lowered instead of increased oiliness and film strength! There is one exception—Conoco Germ Processed Motor Oil. It, too, is free from carbon and sludge troubles, as its users know after millions of trouble-free miles of driving. But more important, Timken machine tests prove that the new Germ Process* puts into this oil 2 to 4 times the film strength of any straight mineral oil! That extra film strength protects your motor under the most extreme pressures and heat. Germ Processing gives other valuable advantages. Because Germ Processed Oil penetrates and combines with metal surfaces, a "Hidden Quart" stays up in your motor and cuts down starting wear. Germ Processed Oil gives longer mileage with greater motor protection, as proved by the famous Indianapolis Destruction Test. Plain mineral oils were all right ten years ago—today they are becoming obsolete. Say "O.K.—Drain"—fill with Conoco Germ Processed Motor Oil and drive with the comfortable assurance that your oil meets your motor's needs!

CHEVROLET BUILT DE LUXE MACHINES TO PLEASE THE DAINTY DESIRE OF WOMAN

Beauty Blends With Quality In Every Model; Control Features Improved

Beauty of exterior appearance and quality of interior appointments have never been more evident in any car yet built by Chevrolet, than in the new 1935 Master De Luxe models. Credit for the greater part of this emphasis on appearance and beauty is ascribed to woman's increasing influence in making the selection of the automobile, according to William E. Holler, general sales manager of Chevrolet Motor Company. "The mechanical perfection of the automobile gave women the confidence in their ability to drive and drive well," said Mr. Holler. "Mechanical features are no longer a mystery to the majority of feminine motorists. But whether or not mechanical features are a more potent factor in selling the ladies, remains in doubt. "Beauty in appearance and quality of appointment transcends every other factor in appealing to the feminine buyer. That is why the new 1935 Master De Luxe Chevrolets are offered with sparkling colors, fine appearance and attractive convenient interiors. These cars also have the snap of outstanding performance with consequent ease of handling because women are much more motor-wise today than the men were ten years ago and they demand performance along with beauty. "Chevrolet's 17 1/2 to 1 steering ratio—making it easy to turn the car—was incorporated for the dainty feminine hand. The powerful cable-controlled brakes which respond to the slightest touch of the pointed slipper, were designed for the light feminine foot. Likewise it was for the ladies with their delicate brows that wide doors and spacious interiors were designed. "Chevrolet beauty and ease of operation," Mr. Holler stated, "are no chance creations, rather they are the result of painstaking attention to the expressed desires of both women and men alike."

Old Burial Grounds North of City Will Be Worked, Fenced

The old burial grounds north of the city limits that through many years have remained practically forgotten are to be preserved as a memorial to pioneers who in early days contributed to development of this section of the West.

Through cooperation of the city and county relief administration a crew of men has been put to work in cleaning up the grounds. A fence is to be built around the property. The cemetery was the first one used by Colorado City after the community was established in the early eighties. After a few years the burial grounds were changed to the present location east of town, leaving the original cemetery to gradually pass from recognition. Many of Colorado's first citizens, buried in the old cemetery, were later removed to the new property, while the graves of others have remained undisturbed through the passing years.

BAUMAN WOMEN TOLD OF IRRIGATION ADVANTAGES

The scarcity of water in West Texas should make the use of concrete tile for sub-irrigation very profitable in the yard or garden, said Miss Emma Guter, county home demonstration agent at a meeting of the Bauman, Home Demonstration Club in the home of Mrs. Henry Riden March 13, at 2:30 p. m. During the demonstration Miss Guter explained that by using one part cement and four parts clean sand with just enough water to hold the mixture together, one hundred feet of tile can be made from one sack of cement. The porous texture of the tile allows the moisture to seep through. One row of tile will irrigate a space 3 feet wide and when laid one foot under the ground it will moisten the soil 2 feet deep, one foot above and 1 foot below the tile. Lime or gypsum in the water will not affect the soil when using concrete tile. The advantage of using tile for conserving moisture in cutting beds was pointed out by Miss Guter. Cuttings from armoor privet, roses, and native hedge were distributed to the members and the proper method for pruning cuttings was demonstrated. Now members present were Mrs. O. L. Clepper and Mrs. Vernia C. Prescott. Others present were: Messdames Jim Johnson, Dee McCollum, Lester Webb; D. C. Stubblefield, Jesse Lee, Ivan Barber, Miss Guter and the hostess.

VISITS MONAHANS AGENCY

Joe B. Mills, owner and manager of the Chevrolet dealer agencies at Colorado and Monahans, returned recently from a visit with the latter. Business is good with the Mills concern, he stated, in spite of the handicap that delivery on 1935 model machines from the factory continues slow.

Awards To 650 At BTU Meeting Held Sunday At Dunn

Six hundred and fifteen members of twenty-three churches in the Mitchell-Scurry Baptist association received awards for having completed Baptist Training Union study courses during commencement exercises held at the Dunn Baptist church Sunday afternoon.

The study courses were offered last week as part of associational B.T.U. revival, with Miss Helen Gardner of Dallas in charge. Twenty Hardin-Simmons university students assisted in teaching classes in the various churches. A total of 840 took the courses.

Dr. N. A. Moore, head of the Bible department of Hardin-Simmons, delivered the commencement address. Forty-five members of the local Baptist church were in attendance. Of the 135 taking the course here, 83 received awards.

The efficiency banner went to the Plainview church and the attendance banner to the Ennis Creek church in Scurry county.

RETURNS AFTER TOUR

W. J. Chesney, ranking official in Texas Masonic circles, returned the first of this week after making visit to lodges at Brownwood, Athens, Longview and other Texas points. Chesney expects to devote considerable time to the fraternity during the coming months.

Very Much Improved After Taking Cardui

"I have suffered a great deal from cramping," writes Mrs. W. A. Sewell, Jr. of Waco, Texas. "I would chill and have to go to bed for about three days at a time. I would have a dull, throbbing feeling. A friend told me to try Cardui, thinking it would help me—and it did. I am very much improved and do not spend the time in bed. I certainly can recommend Cardui to other sufferers." Thousands of women testify Cardui brings relief and health. You cannot afford to ignore it.

BAUMAN WOMAN PLANS CLOSET FOR BEDROOM

Careful and ingenious planning on the part of Mrs. Ivan Barber, bedroom improvement demonstrator for the Bauman women's home demonstration club, has resulted in the addition of a well-built closet to her bedroom.

Mrs. Barber's planning began after hearing a remark by Miss Emma Guter, county home demonstration agent, to the effect that an efficient bedroom "must have a clothes closet."

Her closet is 2 1/2 feet wide, 6 feet long, and 10 feet high. Lumber was used for framework and shelves, with walls made of heavy cardboard. The total cost was less than \$5.00.

Severe Dust Storm Grips This Section Of State Saturday

One of the most severe dust storms Colorado and this section of Texas had experienced in years swooped down from out of the north at an early hour Saturday morning, practically shutting off the sun and rendering woe to the public in general. For those afflicted with hay fever the dust laden air brought on considerable inconvenience.

The dust, borne in upper reaches of the air, came from tinder dry farm and grazing lands in Kansas and other middle western States. The powder-fine particles of soil settled over everything, trickling through into homes and business buildings to leave a coating of dust.

The storm subsided somewhat as the day passed but evidences of the storm remained. For some days after one was impressed with the storm when going out in the open. Dust would collect on shoes, and clothing as if by the magic influence of witches.

Baby Ray Knight thumbed his way to Colorado to see "Anne of Green Gables" Sunday. When he returned he was all tired out.

Carlos Knight was absent from school Monday.

We had our contest in declamation Monday night, March 18. Carlos Knight won first place in Junior boys declamation. The Freshmen class is very proud of him. They hope that he will be one who will represent I. H. S. at Austin.

Another Freshman wins first place. Kathleen Phillips was winner of the Junior girls tennis singles at Colorado Friday, March 15.

IMPORTANCE OF LEAD PARAGRAPH STRESSED AT REPORTERS' MEET

Stress was laid on the importance of an interest-arousing lead paragraph for club reports at a meeting of women's home demonstration club reporters held Saturday at the courthouse under supervision of Miss Emma Gunter, county home demonstration agent.

Constructive criticisms were given on a number of stories sent in by club reporters.

The following officers were elected for the year: Mrs. Ivan Barber of Bauman, president; Mrs. Albert Orr of Lott Star, secretary; Mrs. Dewey Phillips of Iatan, reporter.

train bearers were also dressed in white.

Curlee McElhatten and Laura Jean Barker were charming as flower girls. They came in with small siffers filled with flour.

The bride was met at the altar by the groom, Weldon Strange. Joe Cox read the ceremony, which consisted of the song "Do you take this woman for your awful wife?" After "I Do" he read a recipe from a cook book and pronounced them man and wife.

Miss Edith Fisher read "Cupid's Capers," and Miss Oneta Knowles gave the toast to the bride and groom.

After the entertainment large baskets of gifts were presented to the brides.

Doughnuts and coffee were served.

TENNIS

Kathleen Phillips won county in Junior high school tennis singles.

Arthur Barker and Bill Knowles won county in boys doubles in regular tennis. They will play in Sweetwater, March 30. They defeated Lorainé in the finals 6-2, 7-5, 6-1.

Juanita McKenney and Melba Harris won second place in girls doubles. They lost to Westbrook.

Mrs. Housewife, here is one of the best reasons for owning an **ELECTRIC Refrigerator**

The steadily rising cost of food adds another very good reason to the long list of why every housewife should own an electric refrigerator. In addition to the convenience, satisfaction and health assurance which this modern appliance has made possible is the actual dollars and cents savings it affords. Electricity to operate a refrigerator costs so little that this expenditure can more than be made up in the greater amount of saving on your weekly food bill.

EDITORIAL—HOLIDAYS

It seems as if this school year has flown by on wings, due to the fact that there have been so many holidays. The year has seemed short to the Seniors because they have had so many parties, class meetings and other affairs. Only a few more holidays and then the Seniors will read their will and their prophesy and then depart from dear old C. H. S. forever. It will seem rather sad, but still it has been a pleasure to them to have been in school the past year and enjoy the holidays with the rest of the student body. The greatest holiday yet to come is "Senior Day"; a day to which every Senior is watching waiting for and a day which will be cherished by them forever. "Days may come and days may go but, Senior Day goes on forever."

THE COLORADO F.F.A.

Fifteen agriculture boys returned Sunday evening from the Ft. Worth Fat Stock Show. Everyone enjoyed himself. They went through the Armour and the Swift packing plants. The boys, including Mr. Womack and Duff Chesney, stayed at the Metropolitan hotel. Mr. Williams went to his home in Granbury Saturday evening. Granbury is about thirty miles from Ft. Worth. Billy Henderson played in the F.F.A. band at the stock show. The band broadcasted over WBAP at 5:30 Saturday afternoon.

March 28 the Agriculture class is giving another barbecue. The money made will be spent sending terracing, livestock, and dairy teams to A. & M.

Behind the scenes with THE TELEPHONE LICENSE CONTRACT

How the staff services we get under it have helped us give good telephone service at fair cost to you.

Last year we spent almost a million dollars to find better methods of giving you good telephone service.

We paid it to the American Telephone & Telegraph Co., parent company of the Bell System. For it we received, as one of the 24 associated companies of that System, the services of A. T. & T.'s great staff of telephone experts and engineers.

Staff Services... at Cost
 The A. T. & T. has provided substantially at cost the many services this staff performs. In fact, in the last few years it has taken an actual

loss on the work it has done for the operating companies.

The yearly fee we pay is equivalent to about 3/10 of one per cent of our investment in telephone plant. Stated another way... less than a cent and a half of every dollar we receive from telephone customers.

Yet without it, telephone service as fast, as clear and as low in cost as you now receive would be quite unlikely.

We have passed on to the telephone user in the Southwest the benefits and savings of this staff work, in the belief that in an undertaking planned for the long run, like the telephone service, such a policy will in the end bring us the sounder, more enduring success.

SOUTHWESTERN BELL TELEPHONE COMPANY

countries included in the American group of nations. It is non-religious, non-political, and non-commercial in its object.

The following people have been asked to take part on the program: Hon. Wm. A. Reid, Foreign Trade Adviser, Pan American Union, Washington, D. C.

Dr. Rebecca Switzer, Head of the Foreign Language Department, College of Industrial Arts, Denton, Texas.

Prof. Jose M. Hernandez, University of Oklahoma, Norman.

Miss Fletcher Ryan Wickham, Dallas, founder of the Pan American Student Forum.

The local unit, Mitchell county chapter has 55 members with Miss Mabel Smith as sponsor.

A BIRTHDAY PARTY

On Wednesday evening March 13, at 7 o'clock Miss Vivian Carpenter and several of her friends were delightfully entertained at a party given by Mrs. Charles Brazil, the occasion being Vivian's 17th birthday.

As soon as the guests arrived the entire group was taken to the picture show. After returning, games were played and refreshments of angel food cake and hot chocolate were served to the following:

Misses Willie Jamison, Mary Alice Gunn, Ruth Smith, Bonnie Bill Brizendine, Billie Berry, Margaret Justice, Estelline Chivers, and the honoree.

S.S.S. SOCIETY

The Sans Souci Sororis club had its first social meeting at the home of the vice-president, Miss Billie Berry on Tuesday night of last week.

Officers were elected as follows: president, Bonnie Bill Brizendine; vice-president, Billie Berry; secretary and treasurer, Ruth Smith; reporter, Mirl Garnr.

Mirl Garnr was taken into the club as an initiative member. She was initiated by a true heart's confession, each charter member having the privilege of asking her one question, either personal or otherwise. The answers are not to be repeated outside the walls of the club. Oh! Oh! I wonder why?

And another thing! Ask our president if she can give a clear description of the moon.

The S.S.S. society has chosen as their mascot, the "blue eagle" known as the "high flyer". This signifies the ambition of club members. The club colors are red, white and blue. The mode of identification of members is a white sailor cap, bearing the blue "high flyer" surrounded by three red "S's".

Three new members are to be initiated at the next meeting, which will be next Tuesday night. They have been voted on and accepted by the members. Namely, they are: Lena Smith, Elsie Vanzandt, and Mabel Earnest Cooper. We wish you luck girls. The initiation won't be the same any time, so don't be surprised.

After all business had been transacted, the meeting was a real social success. Cake and punch were served by the hostess' aunt and grandmother. A small memory book carrying out Senior colors, was presented to Miss Vivian Carpenter, as a birthday present. All members present had the honor of signing their name in it.

Miss Ruth Smith, secretary and treasurer, will be hostess at the next social meeting.

SENIOR NEWS

The Seniors are still working on the Scrapbook. At present the Senior Will and Prophecy have been printed. Bunky Girvin is doing the printing. This week kodak pictures will be taken of several of the Seniors to be put in the book, probably under the heading of snapshots.

The cast for the Senior play, "The Blue Bag" is as follows:

Anton McDonald, in search of the blue bag—Brady Warren.

George Reynolds, his chauffeur—George Kiker.

Chattanooga Elvira Levermon, the maid—Ruth Smith.

Cindy Macklyn, who runs Obadiah—Mirl Garner.

Obadiah Macklyn, who runs the hotel—Everett Pond.

Allan Ross, eloping with Enid—Joe Cooper.

Enid Lawton, eloping with Allan—Maxine Dorn.

Jim Keefer, also looking for the blue bag—Robert Earl Wulfjen.

Molly Keefer, also looking for the blue bag—Mary Alice Gunn.

Letty Long, the actress—Maurine Whitaker.

Bill Harrington, the U. S. Custom officer—Lynn Morrison.

The Seniors have high hopes for this play and by the enthusiasm displayed by the cast, this play is sure to have a good chance at winning the trophy.

The lost is found! Bonnie's long lost "P. M."—Past Meridian bracelet finally has arrived home.

It seems that the familiar "Sly" Pond is growing rather social. He entertained with a party Saturday night and for further information ask two Senior girls!

Jenkins Twin II has found some one near her height. It is said that her "latest" comes up to her chin. Miracles still happen!

Oh! Lyda Mae is having a time of her life. We wonder why?

History IV class has turned into a debating team or at least it sounded like one when Mabel E. Cooper

and Maxine Dorn get into an argument.

My, of all the "poetified" people. Why, just about everyone is writing poetry. All because of spring and English—mostly English.

Oh, these "gob-gal" with the "S's". You see one every time you turn around. Wonder if they know anything about the sea.

The Twins, thinking they might have their pictures taken, came to school all dressed "to kill." Maybe they won't break the camera but we have our doubts.

Why is it Mackie hates to charge something every once in a while.

JUNIOR NEWS

The Junior class has made preparations for the selection of the rings for next year. We are all striving for our eleven credits this year (we hope) so we will be Seniors next year. We are to order our rings this year, so we will receive them at the first of the next school year.

The students who are to present the Junior play are learning their parts fast. Come on Juniors we'll win yet!

Whoop-ee you should see how the Juniors are progressing with the play. They know most of the words, and are practicing regularly every evening. You should see that Jesse Jones, does he make a "Ray Senorita"? And how? Poor Roy Miller pleads with Loyce Andrews to leave off the ear pulling until the night of the play.

Some say that Regal is really serious about his love affair with Sarah but we feel sure it's just puppy love. It is considered quite necessary that Buzzy Hughes attend the play practice because Ruth Wright really carries over her part when she's speaking to Tom Coker but looking at Buzzy.

We wonder what Loyce Andrew's next excuse for being late to play practice will be. It seems as though her red head fired up Monday night as she reported her car caught fire.

What's this we hear about Regal going with Erna Lou Friday night. We wonder where Elizabeth was. Did you take her too, Regal?

Several were disappointed because they didn't have an invitation to Bill Galey's milk barn dance Friday night. Those that went reported a very good time.

Tiny Hendricks and De Lou Kneiff will continue to talk in the study hall if Mr. Foster will let them stand by the windows when he makes them stand up.

In case you wish to know how it feels to be stood up by a Freshman girl ask Buck Shepherd.

Three new members are to be initiated at the next meeting, which will be next Tuesday night.

Ed Morrison made a business trip to Cisco this week-end.

James Pritchett is recovering from his recent bout with pneumonia but is not able to be in school.

Lucille Bodine was hostess to an impromptu gathering Saturday night. Among those present were Annetta Lacy, Skinny Lupton, June Cox, Charles Garrett, Etta Fern Harkins, Geo. Kiker, and Joe Cooper.

Doris Wayne O'Brien was in Loraine Saturday night.

Ed Morrison has been giving one of the Jenkins twins a big rush. He isn't sure which one—Maybe she thinks Ed is a romantic figure in the new style track pants he is sporting.

Hazel Jim Gray has trouble keeping on good diplomatic terms with her family. After being kept in seclusion for a week, after only one date, she was put back on her original status.

Mary Frances Mackey is back in school after several days absence because of flu. Nadine Hammond also was out four days, but is now back in classes.

Ferril Roberts was a visitor in Big Spring Friday afternoon. She reported a very pleasant time.

The Sophomore class has selected "For Pete's Sake" by Jay Tobias for their play. The cast has not been completed yet.

For Sale or Trade—
 Annetta Lacy's smile and blush.
 Doris Wayne O'Brien's affection.
 Hazel Jim Gray's "flirtation."
 Ed Morrison's love for Algebra.
 R. J. Cox's "Legend of Rocking R."
 Joe Cox's affection for a "Freshman!"

Hazel Grubbs, Elina Womack, Bessie Nolen, Catherine Delaney, and Rhudean Ballard attended a bean feed at Cuthbert Friday night.

Catherine Delaney has gone to Ft. Worth.

FRESHMAN NEWS
 J. P. Morris has been absent on account of illness in the family.

Shirley Kiker has been spending last week and part of this week alone in the absence of her family.

The Junior girls baseball team played Jr. High school last Thursday and lost by a score of 11 to 6.

The Freshman play is "Bright and Early." Miss Hargrove has selected the characters and they will soon begin practicing, so classes, watch the sand fly.

The characters are:
 Jimmie Bright Claude Morgan
 Johnnie Bright Joe Robertson
 Alice Adams Betty Hodge
 Cora Lee Kathryn Hodges
 J. B. Adams Van King
 Mrs. Adams Frances M. Cooper
 Mr. Peavey, a villain Boon Jackson
 Miss Lily Pinkham, an old maid Willie B. Kelly
 Ethel May [unclear]

TO LEAVE APRIL 3

Mr. and Mrs. O. M. Mitchell announce plans for leaving April 3 to spend an extended visit with relatives at points in Arkansas and at their former home at Aberdeen, Mississippi. "We are going to vote in the city election April 2 and leave the next day," Mitchell stated the other day.

WHISKEY LABELS TAKEN BY CUSTOMS OFFICIALS

Custom officials at El Paso recently took 600 whiskey labels printed in Mexico from a man crossing the International bridge between that city and Juarez. The labels declared "the contents is pure Kentucky whiskey, 100 proof." No arrest was made.

Joan Crawford gave a party for her one year old niece, Joan LeSeur—the baby's first party.

HICKS' NEW PAYMENT PLAN IS ANNOUNCED

With "no carrying charge" as the outstanding feature, W. M. Moseley today announced adoption of the Hicks Rubber Company's new time payment plan in Colorado.

Car owners now can equip their automobiles with Star tires and batteries on Hicks' easy payment basis, with as long as five months in which to pay. No carrying charge or interest is added to Star prices, Mr. Moseley pointed out.

Why I bought a
MODERN GAS RANGE

- "I must have attractive things in my kitchen and I found a surprising beauty of design and color in the modern 1935 Gas Ranges."
- "We've learned our lesson on economy... and so... to us... it is important that I cook with natural gas for about one-third of a cent, per person, per meal."
- "So many times I am obliged to get a hot meal... breakfast, for instance... in a hurry. I can cook faster on the new 1935 gas ranges."
- "The insulation on the new gas ranges appeals to me a lot. It keeps the heat in the oven and out of the kitchen... saves gas, too."
- "And then, there are so many automatic features in the new 1935 gas ranges such as automatic oven heat control and self-lighting which save me time."
- "The easy terms helped me to buy one... I was given a liberal trade-in allowance on my old range and am paying for my new one a little bit each month... so little I hardly miss it."
