"It is quite evident from results of the bond election Saturday that the citizenship of this county does not prefer a county hospital," Dr. Root said along with his announcement that he would reopen the hospital. "I do not interpret defeat of the bonds in any way—not even one vote of anyone—as having been against any personal interest of mine, but rather against higher taxation during this, an unprecedented period of hard times."

CANDIDATES CONTEST RACE IN VIGOROUS DRIVE AFTER FAVOR AS CAMPAIGN ENDS

Competition For Mayor, City Secretary 'Warms Up' On Eve Of Ballot Verdict

Colorado citizens are expected to go to the polls Tuesday and register an almost 100 per cent vote as ballots for election of a mayor, city secretary, and four aldermen are designated. Candidates for two of the offices, that of mayor and secretary, have in recent days waged an aggressive campaign, taking their claim for support to every door in town.

The implied definite proposition of these aspirants that they intend to win in the annual municipal election has swept voters into spirit of the election, giving strong support to opinion that a record vote is in the offing.

There are no issues involved as the Colorado voter stands by to go to the polls Tuesday and express his preference from among the array of candidates offered. The campaign has been clean from the outset with each candidate seeking popular favor solely upon his individual merits.

Interest will also be centered about the contest for city council elections. There is a field of six candidates seeking nomination for the three regular two-year terms on this board. Only one candidate is being offered for the one-year term.

The election will be held at city hall, opening at 8 o'clock a. m. and closing at 7 p. m. Laws governing general elections in the state are to apply.

HENNIN' AROUND
at Max's

Long-legged and "not quite cute in anything any more"—the most adorable children usually get to that stage . . . And dressing them is more or less a nightmare—or was, until Fashion created such things as Max is showing now in his children's department . . . You'll find new fun there in dressing him or her . . .

For "her" there are, among other things, the new belted coats of white crash material, boasting a multitude of virtues . . . Their smartness will give small shoulders a confident swagger . . . Their light weight will make them useful all summer . . . And their washableness and price (\$2.95) will please mother in her most practical moments . . .

If you have a "him" under eight, Jack Tar suits will solve that problem of dressing him just "man-fashion" enough—you know, not like a "baby boy grown big" nor yet like a miniature "jelly bean" . . . They come in brown, blue, and white and have separate coats with belted backs . . . Matching caps are displayed right beside them . . .

Looking just 'round the corner to days when spring and summer have come to stay, smart little sun suits and bicycle suits are also displayed

Some of the sunsuits have neck-chiefs uppers and shorts in contrasting colors . . . The bicycle suits, including shorts, skirts, and blouses, come from 8 to 16 years in prices from \$1.95 to \$2.95 . . . There'd be no need to tell mother about these if daughter could see them first . . .

Singing katydids . . . lazy summer suns . . . honeysuckle fragrance on a drifting breeze—so on and tra la . . . If you think spring has affected your mind, see if you don't have such thoughts when you first view the new spring prints . . . Tissue swiss, some of the pieces are called—sheer, crisp, and colorful . . . Novelty seersuckers and piques, smooth ABC's . . .

They bring their soap along, just to prove they are washable and how, do those new white purses in dull-finish leather . . . So you can buy them without worrying about dirt, which eliminates the only point against white purses . . . (Prices \$.98 and \$1.95)

If you know a June bride, if you plan on being one, if you ever were one or hope ever to be, you'll go for the Scranton lace dinner clothes Max has just received. All are in natural shades, priced from \$3.95 to \$7.50. (Max Berman's Dept. Store)

NEW REHABILITATION SET-UP WILL AFFECT 25 RELIEF FAMILIES

Between twenty-five and thirty Mitchell county relief clients will be affected by orders to remove all farm families from relief rolls to a new division of rural rehabilitation, according to J. H. Greene, county relief administrator.

By "farm families" is meant those families living without the city limits and depending on the farm for their living, exclusive of farm day laborers. Administrator Greene explains. The number of such families in some counties runs well into the hundreds, and Mitchell county's low number is largely due to close tab kept on clients by case workers here, he points out. A number of farm families have been removed from rolls recently because they received tax exemption certificate checks.

Transfer of the families to the new rural rehabilitation set up will necessitate the signing of a crop share waiver by the landlord to insure the government's compensation for financing the tenant family during crop making time.

The new rehabilitation set up is not connected with the development of rural rehabilitation plots of land, such as has been underway in this county for some time. Farm families transferred under the new ruling will receive no more direct or indirect relief, but will be cared for entirely under the new plan.

Mrs. C. F. Kiker, 80, widow of a pioneer Methodist minister of Erath county and the mother of A. D. Kiker of Colorado, died at 6 a. m. Monday at the home of a daughter, Mrs. E. O. Simpson of Beaumont. Mrs. Kiker had gone to Beaumont last February from her home in Abilene for an extended visit.

Funeral rites were held Wednesday afternoon at 2 o'clock from the Stephenville Methodist church with Rev. O. P. Clark, pastor of St. Paul Methodist church, Abilene, officiating. Burial was in a Stephenville cemetery beside the grave of her husband, the Rev. Charles F. Kiker, who died in 1918.

ALL 'STUCK-UP' OVER CONOCO QUALITY

The service truck and autos seen about Colorado during the past week with attractive advertising posters plastered on them from one end to the other was not to advertise some circus, as the small boy might have suggested. Rather, it was an expression, silently given, by Sam J. Smith and his son, Lorraine Smith, wholesale agency dealers, and Grindstaff Bros. retail service station operators, to portray their appreciation of Conoco products.

The motor vehicles are about the most stuck-up ever seen here, "And

we have them decorated in that style simply because we are stuck-up over the superior quality of Continental Oil Company products," Lorraine Smith stated to The Record.

The service station pictured in background is located on East Second and is easily one of the most modern and attractive of such business establishments in town. E. M. Grindstaff and his brother, "Nig" Grindstaff, are managers of the station. Basil Foy is on the job there to assist in giving motorists dependable and courteous service.

Between Fifty And Sixty Young Christians To Attend Meet Here

Between fifty and sixty young people from some fifteen Christian churches in this area are expected to attend the district World Fellowship meeting to be held at the First Christian church here Friday and Saturday of next week, April 5 and 6.

Theme of the meeting will be "In His Steps," and some of the principal speakers are to be Charles Marion Ross, director of religious education in Christian churches of the Southwest; Mrs. Eunice McGuire, young people's secretary in Texas; and Miss Martha Clawson, who was a missionary to Japan for thirty-four years and who has been entertained by Japanese royalty in recognition of her services. The Rev. Wallace Jones, pastor of the host church, and pastors from other churches of the district are also to have part on the program.

Opening Friday afternoon about 3:30 and closing Sunday noon, the meeting will be featured by a banquet at the church Friday evening, a consecration service and religious play given by local young people on Saturday evening, and special services Sunday morning.

Mrs. Wallace Jones, who is directing much of the work in preparation for the meeting, asks the young people to bring her their curios from foreign countries to make up an exhibit for the meeting.

"MARIE GALANTE"
Palace, Friday and Saturday
March 29-30

General audience appeal is packed into this timely film dealing with the passing of the United States fleet through the Panama Canal. The colorful background and interesting plot enhance its entertainment value.

The heroine, Ketti Gallian, French actress, making her American debut, is handicapped by speaking entirely in French in the early part of the film and in dialect not easily understood. However, the plot is absorbing from start to finish. The action revolves about a girl from France emmeshed in an international plot, being tricked aboard a ship carrying members of the plot ring. Spencer Tracy, a United States agent working on the case, is the hero who tries to keep her out of trouble. Good comedy by Ned Sparks and Stepin Fetchit.

"FLIRTATION WALK"
Ritz, Sunday and Monday
March 31 and April 1

Something to please everyone in this youthful romance laid against colorful backgrounds of our great military academy. Dick Powell is immensely likeable as we follow his career from a private in Hawaii to his graduation from West Point. Romance is first introduced in Hawaii when Dick falls for a general's daughter against the advice of his hard-boiled corporal. When the boy is made to feel his lowly position he determines to show them by entering West Point. Much of the film is given over to scenes during training and this portion is both instructive and amusing. Misunderstandings are finally cleared up during the stirring graduation exercises. Several catchy songs are introduced.

"KID MILLIONS"
Palace, March 30-31 and April 1
Saturday Midnight, Sunday and Mon.

This picture is comedy, hokum-tanged and sparkling; it's embellished with plenty of eye-filling "girl dance glamour, and lively with half a dozen or more catchy song numbers.

The picture is smart, clean and clever throughout. There is much to intrigue and charm, nothing to shock or abash.

In the yarn, Eddie, a waterfront waif, to the amazement of all his kid companions and longshoremen brothers learns that he is heir to a \$77,000,000 fortune left by his long lost

"BY YOUR LEAVE"
Palace, Tuesday and Wednesday

Light, pleasing farcical entertainment with fair actors. The story concerns a married couple who seem to be too tired of each other's company. They agree to separate vacations with no questions asked. Complications follow, geared with laughs, and the couple wind up together none the worse for their experience. Frank Morgan is excellent as the husband, and Genevieve Tobin comes through nicely as the wife. Marion Nixon

furnishes an amusing role as a professional hostess.

CHURCH AND CLUB SUPPORTING BENEVOLENT DRIVE

CAMPAIGN TO AID STATE'S CRIPPLED CHILDREN TO BE LAUNCHED MONDAY A. M.

Minister Harvey Continues In Active Work To Relieve These Unfortunates

Minister J. D. Harvey of the Church of Christ Monday morning announced that plans for annual drive to enroll members in the Texas Society for Crippled Children would open in Mitchell county Monday morning and run through the week. The active member fee is set at \$2 and funds received are to go direct to a fund for assisting crippled boys and girls to obtain hospitalization.

The Parent-Teacher association will be represented in the special drive by Mes. J. T. Pritchett, James Herrington and A. L. Maddin. Special drive committee to represent the American Legion is composed of Homer Derryberry of Loraine, Judge A. F. King of Westbrook and Roy E. Warren of Colorado. Mrs. Rees Jones and Mrs. Jim Ferguson are to represent the Business and Professional Women's club. Hayes Holman, Minister Harvey and Roy Dozier, members of the Lions Club "blind committee," are to represent that organization.

"We are to make no personal solicitation in this most worthy drive, leaving the matter of enrolling solely to initiative of the splendid citizenship of Mitchell county," Minister Harvey stated. Payment of dues may be made direct to Harvey or any member of the committees listed above.

In speaking of the campaign and its purposes, Minister Harvey said: "Many people want to help in this humanitarian problem of hospitalizing crippled children whose parents are unable to care for such hospitalization and many of them have never had this privilege. This is their personal opportunity.

"There are more than 20,000 crippled children in the state, one half of whom have parents who cannot pay for this service. Since the State organization became operative about 18 months ago some 650 of these children have been aided.

"Every dollar raised in this campaign will be used for the welfare of these crippled children. Your officials are under bond for the accounting of every penny. Your society has been duly incorporated under the laws of Texas. We are asking every one who can possibly do so to become a member of the Texas Society for Crippled Children, Inc., and have a part in this great work. There is no investment that will bring greater returns, for life is the dearest thing in this world and your contribution will go toward restoring crippled children as near to a normal life as rests within the power of surgical science.

"We have, to date, 23 hospitals in Texas that have been approved for this type of service, to which we pay a maximum of \$18 per week for these children. We have in our files the names and credentials of twenty of the leading orthopedic surgeons and eight plastic surgeons of the State who care for these children without charge. Last year these surgeons contributed approximately \$200,000 in service."

Heavy Rain Covers Large Part County During Last Friday

Rain averaging from an inch to near water spout proportions blanketed a considerable portion of Northwest Mitchell county Thursday night and Friday morning of last week, citizens residing in that section reported here.

J. Marvin Dorn, living seven miles west, stated while in Colorado Monday that one and a quarter inches fell over his farm within a short time, putting out surface water in low places and sending a three-foot rise down Morgan Creek. There was but little rain south of the Texas & Pacific railroad, he said.

The rain grew heavier toward Cuthbert and Iatan, Dorn stated. In some communities farmers estimated that three inches of moisture fell.

Tom Goss, owner of farm property a few miles northwest, stated Saturday that a good season had been placed in the soil. "I dugged down at several places in the field and found moisture as far down as I investigated," he said.

RURAL AID SCHOOLS DEPEND ON FEDERAL AID FOR FULL TERMS

Mitchell county rural aid schools, along with all those of the state, are banking on the granting of Federal aid to enable them to run their full eight and nine month terms with full payment of teachers' salaries.

Roy Davis Coles, county superintendent, stated Tuesday that rural aid schools of this county are applying for approximately \$10,000 of the Federal \$40,000,000 school aid appropriation. The money can be used only for payment of teachers' salaries.

Pat Bullock, rural aid director, recently stated that on the basis of applications submitted for rural aid and funds in sight, that only 75 per cent of the total amount applied for could be paid.

Federal aid is largely dependent on the Texas legislature's passage of the rural aid bill for the next biennium.

The occupants, all prominent in affairs of the W.O.W., were enroute to Waco to attend sessions of annual convocation of the fraternity. Passing motorists took the men back to Big Spring where they were given medical attention.

Purser received scalp lacerations and body bruises. Reagan and Patterson suffered bruises.

Congressman Mahon Attends Stag Party Given By Roosevelt

George Mahon of Colorado, among the new congressmen from Texas, was guest at a recent "stag party" given at the White House by President Roosevelt, a news story from Washington states. The story stated that Mr. Mahon came away delighted with wonderful personality of the president.

In commenting of the affair Lloyd Croslin, secretary to Mr. Mahon, wrote The Record:

"Only a limited number of 'rookie' Democratic congressmen were at the small stag party which the president gave to get better acquainted with the new members of the party in the house.

"Mahon says that a story told by one of the few senior congressmen who were present which got a big laugh out of the president was about the constituent who wrote to his congressman asking for a lot of 'readin' matter for the long winter evenings.

"This was before the days of alphabetical major league emergency departments which issue bases of orders and rulings each day, and so this old ranch hand asked for copies of the memorials which congress issues at the demise of any of its members. In closing his request for a copy of all the remaining memorials, he said: 'There's nothing I like to read about any more than a dead congressman.'"

AT 86 MITCHELL COUNTY PIONEER LOOKING AHEAD TO 100TH ANNIVERSARY

J. M. Dorn, one of the county's most active citizens in spite of his 86 years, admitted to a reporter Monday afternoon that there might be some truth in current reports that his cane has a hard time in keeping up with him as he walks about town.

Mr. Dorn explains that his continued good health is due to a Divine Providence. "The Lord has been most considerate of me as I have lived through the 86 years of my life, but one can never foresee just when the end is to come, he remarked with a broad smile beaming over his face. "Yes, I have only 14 more years to live until I can celebrate my one hundredth anniversary," he said in response to suggestive comment. His son, J. Marvin Dorn of Westbrook, who was standing near-by, suggested that the event be fittingly celebrated with a big barbecue.

The pioneer Mitchell countian recalled that prior to December, two years ago, when he was overcome with an illness that sent him to bed several days he had not called for professional services of a physician one time during fifty years. "And I have never entered a hospital for attention," he recalled with satisfaction.

Dorn came here from Mills county about fifty years ago and established a farm home in the community that bears his name a few miles southwest of Colorado. He has been retired during the past several years.

'GUILTY CONSCIENCE' IS CAUSE OF CONFESSIONS

Two youths, one 19 and the other 18, walked into the sheriff's office in Big Spring the other day and announced that they had stolen an automobile in St. Paul, Minn., and drove the machine to California where it was abandoned. "We want to confess due to a guilty conscience and an empty stomach," one of them informed the official.

PRODUCTION TRENDS HIGH AT CHEVROLET ASSEMBLY PLANTS, REPORTS STATES

New Unit At Baltimore Will Add To Leadership of Motor Concern

DETROIT.—Pushing steadily upward, production of Chevrolet passenger cars and trucks is now exceeding 5000 per day. On March 19 a total of 5,162 units rolled off the production lines of the company's 9 assembly plants, according to an official statement just released by W. E. Holler, vice president and general sales manager.

"Within a week or ten days," said Mr. Holler, "the new Chevrolet assembly plant at Baltimore, with an estimated yearly capacity of 80,000 units, should begin to add its daily quota to our present facilities. Once we begin to get the benefit of this added production, present schedules will show another substantial increase."

"Deliveries of Chevrolet passenger cars and trucks from January 1 to March 10, the latest figures available, are 30.3 per cent above the same period in 1934. Every department of our business is now working at top speed to meet demands of the public and our dealers for more cars and trucks."

Mr. Holler stated further that orders for delivery to buyers, through more than 10,000 dealer retail outlets, have increased steadily every week since the formal announcement of the company's new models on January 5. At present, unfilled orders on hand are said to be nearing the 100,000 mark.

Veteran Workers To Attend Opening Of Assembly Plant

Twenty-four workers, each the veteran in point of service of one of the 24 manufacturing and assembly plants of the Chevrolet Motor Company, will be honored with a trip to Baltimore for a pre-opening inspection of the new Chevrolet assembly plant in that city. The workers, whose average age is 71, were chosen according to the number of years they have been in the service of Chevrolet. Following a tour of the new plant, the group will make side-trips to points of historic interest in the vicinity of Baltimore, including Mount Vernon and the Capitol at Washington.

The delegation of Chevrolet employees will assemble in Baltimore March 19, coming from plants at Oakland, Cal.; Kansas City, St. Louis, Indianapolis, Atlanta, Norwood, O.; Toledo; Tarrytown, N. Y.; Bloomfield, N. J.; Janesville, Wis.; and Detroit, Saginaw, Bay City, and Flint, Mich. During their stay in Baltimore, they will be guests of Chevrolet and city officials.

The new Baltimore assembly plant, which will supplement the present facilities of Chevrolet's other nine assembly plants, is the first major plant construction in the automotive industry since 1929. Assembly operations will begin in Baltimore early in April and it is estimated that the new development will have a yearly production of 80,000 passenger cars and trucks.

Inspecting an automobile plant before the start of operations will not be a new experience to many of the Chevrolet workers making the trip. Some of them started with Chevrolet when the company was in its infancy and low-priced transportation was still in its experimental stage. Others have been on their jobs since their home plants were opened by Chevrolet. They represent the major operations that combine to form the finished product. The foundry, the transmission shop, gear and axle plants, body plants, and plants manufacturing brakes, small parts, kneaction units, wheels and motors are all represented by this group of delegates from the upper age bracket of employees chosen to receive this special recognition for its long service.

EASTERN STAR MEMBERS TO ATTEND TWO SCHOOLS

Members of the local chapter of the Eastern Star plan to attend two schools of instruction to be held in this section within the next week.

In preparation for the schools, chapter members have been having weekly study hours at the home of Mrs. John T. Howell.

How not to LIGHT A BRIDGE TABLE

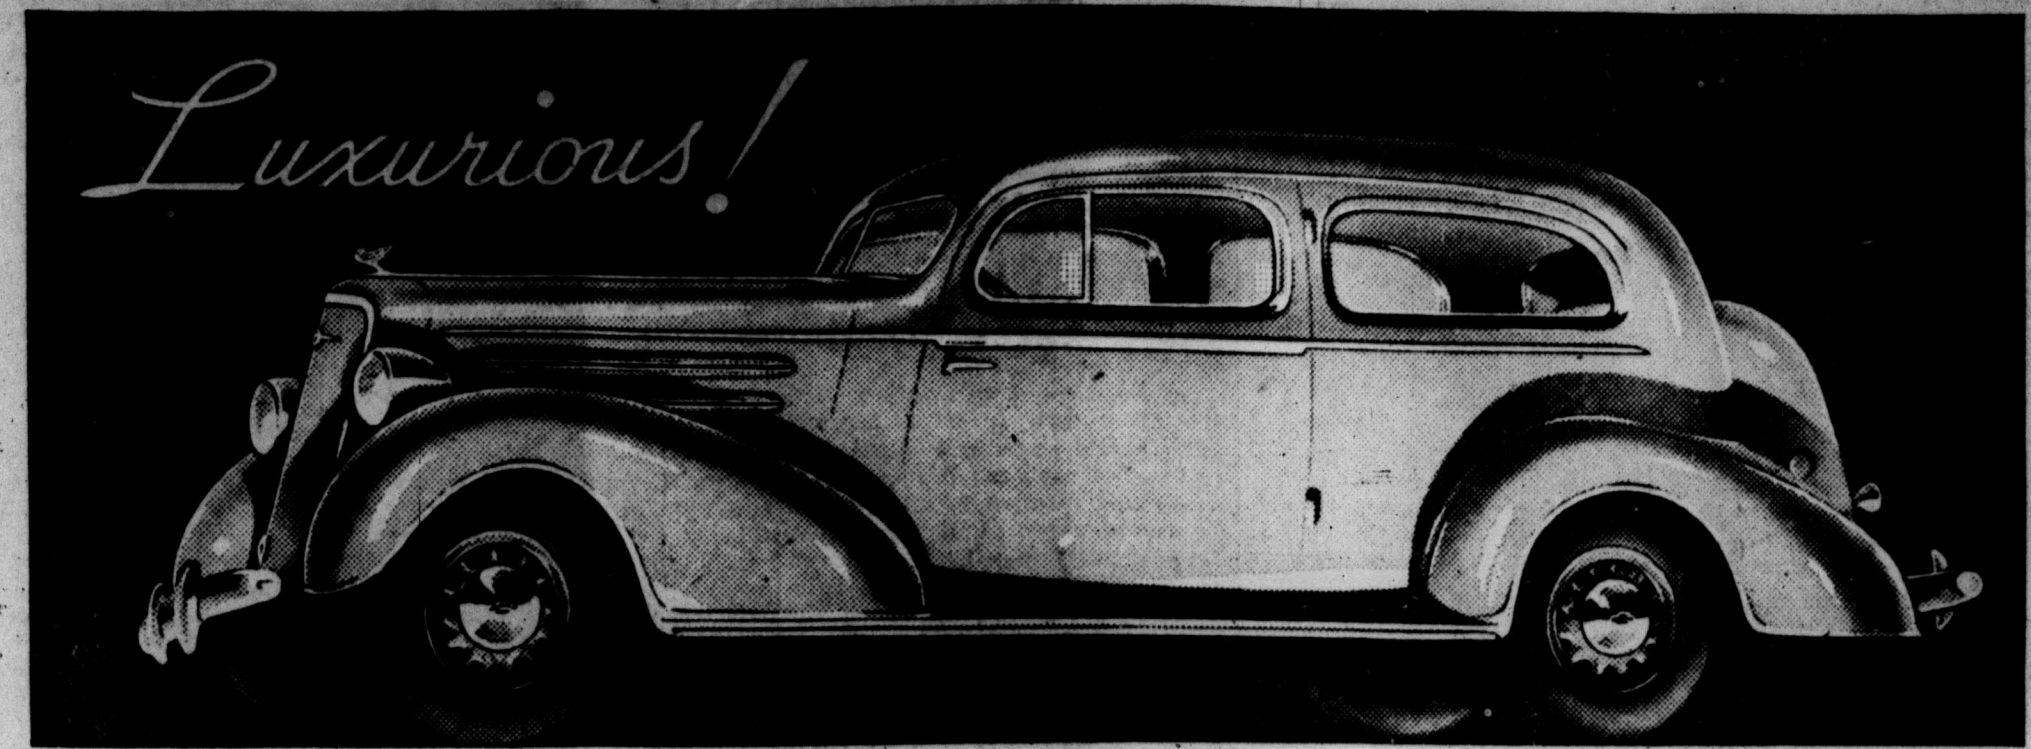

Think of trying to play bridge by the light of two candles. Yet that is the equivalent of the light in many homes — a level of illumination that is tiring to guests and makes any party dull.

For gayer, livelier parties, use more lighting. An indirect lamp provides the ideal light — shadowless and glareless — for playing bridge, and is an equally efficient light for a quiet evening of reading. See the newest styles of indirect lamps at our store.

Have you seen the new Reading and Study Lamp, scientifically designed to give proper light for reading and study? These lamps are approved by the Illuminating Engineering Society and enable you to read with a minimum of eye fatigue. The new-type shade and diffusing globe provide both direct and indirect illumination, without glare.

YESTERDAY

The joy of having garden fresh fruits and vegetables, perfect as the moment they attained full ripeness... the satisfaction and security of knowing that everything on your table will be yours, thanks to scientific progress in "freezing" foods.

TODAY

"Hot houses" join with fast freights to break the monotony of canned foods with a precious few "fresh" fruits and vegetables.

TOMORROW

"Strawberries in January" was a joke... most foods were procurable only "in season"... sulphur and molasses were a necessity after a winter of meat and potatoes and "put up" fruits and vegetables.

LITTLE AMERICA received a consignment of frozen meats in 1934—thousands of pounds, some not to be used for a year—yet when Admiral Byrd's men opened the containers they found the meats invariably as fresh and wholesome as the day they were packed.
