COLORADO PLANS TO COMMEMORATE RELIGIOUS HOLIDAY

LARGE CONGREGATIONS AT REVIVAL BEING CONDUCTED BY KENTUCKY EVANGELIST

Minister Douthitt's Sermon On 'Observation' Given Wide Comment

With capacity congregations manifesting growing interest each evening, the revival meeting in progress at the Church of Christ is working toward a successful climax as the close of its second and last week approaches.

An unaffected and effortless delivery on the part of the preacher, Minister L. A. Douthitt of Paducah, Kentucky, is contributing much to success of the revival. Minister Douthitt preaches without references and quotes from memory the Bible texts supporting his statements.

One sermon this week on the subject, "Obedience," has received much comment. Defining obedience as "doing what we're told to do, as we're told to do it, from the heart because it's right," Minister Douthitt made some of the following statements:

"Obedience is something we all admire . . . Any animal is admirable if it will obey . . . No trait of character is more admired in children or in men and women than obedience—to parents, to the law of our land and to God . . . It is not enough to do what God tells us to do as we think it should be done . . . It is not enough to do what we're told to do as we're told to do it without our heart in it . . . It is not obedience to either fall below or go beyond what God has told us to do . . ."

The singing service at each gathering is directed by Basil Doran of Mayfield, Kentucky, who was in charge of the revival singing here last year. Services are held twice daily, at 10 A. M. and 8 P. M. The revival will close Sunday evening.

"What do you plan following as your life's work when you have grown up?" interrogated the Rev. Dick O'Brien, pastor of First Baptist church, as he addressed a lad in the group. "I am going to be an editor," came the response, a smile of satisfaction beaming over the boy's face. "Well," said the minister, "you had just as well go out and throw yourself now."

That was the pathetic appeal of a 15-year-old Portales, New Mexico, youth, when arrested in Big Spring the other day, after local officers had requested his apprehension on charge of stealing an automobile tire. The dog, a large Shepherd, barked in protest when his master was taken.

The arresting officer, impressed with story of the boy, took the dog,

CHAMBER OF COMMERCE LISTED AS ONE OF CITY'S IMPORTANT ENTERPRISES

Record Attendance at Annual Meeting Tuesday Evening Indicates Interest

That the citizenship of Colorado and adjacent communities continue to hold strong interest in the chamber of commerce and the objectives to which that organization has ever strived was indicated Tuesday evening in the large number of these citizens who jammed the American Legion building to have part in annual business gathering of the organization.

The affair, unique in annals of the Colorado chamber, featured a regulation army bean feed with the more than 200 people filing by improvised service tables to receive rations, consisting of baked beans, barbecued baby beef, pickles, bread, coffee and cookies. The food was prepared and served under personal supervision of such experienced mess cooks as Howard Rogers, Bun Pritchett, Chas. Farris and others.

Joe Pond, vice president of the chamber of commerce, called the gathering to order and briefly outlined program for the evening. Invocation was offered by G. B. Slaton. Music was furnished by the Chuck Wagon Serenaders as the long line of guests filed by the tables and as the food was being eaten.

County Judge B. L. Templeton delivered the address of welcome. He announced that he was pinch-hitting for Judge C. C. Thompson, president of the chamber, who was detained at home due to illness. He made reference to the New Deal and urged support of all good citizens in the National program to restore normal conditions.

Mmes. C. A. Wilkins, N. H. White, Jr. and Chas. Mooser, popular Colorado musical artists, were presented in a vocal trio. They responded for an encore. Mrs. W. R. Martin of Lorine played the piano accompaniment.

JIMMIE KINSER FIGHTING AGAINST ODDS TO DEFEAT RAVAGES SERIOUS ILLNESS

Victim of Bandit's Shot Is In Serious Condition From Pneumonia

Jimmie Kinser, night manager at the Humble Oil Company service station, East Second and Hickory, who shortly after midnight April 3 was shot by an armed robber, Thursday at noon was making a determined fight against death from his bed in the Root hospital. The young man developed pneumonia Saturday night from effects of the bullet wound, that clipped top of his right lung.

"Condition of Jimmie Kinser is very grave but we are still maintaining hope. He is putting up a wonderful fight and so long as one is determined not to die there ever remains the prospect of pulling through. Everything that is within the power of medical science is being done in his behalf."

That was bulletin issued by Dr. C. L. Root, chief surgeon at the hospital at noon Thursday. The patient was reported as having been doing well until pneumonia developed during the night Saturday. The bullet that entered his right breast and ranged upward, lodging under the skin just over the shoulder blade, had been removed a few days before.

C. R. Russell, who was returned to Colorado Saturday, April 6, from Gladewater, to face charges of shooting Kinser and robbing the station, Wednesday night was taken to Longview to face charges on three robbery indictments. The prisoner was taken to the East Texas oil town by Sheriff R. E. Gregory. Gladewater, where Russell is accused of staging two of his armed robberies, is located in Gregg county, of which Longview is the county seat.

Russell still holds that he had nothing to do with the shooting and robbery. His contention was that he was in home of relatives at a small town near Paris at time Kinser was shot and \$12 in cash taken from the office register. He is said to have confessed to the Gladewater robberies.

THOUGHT TRENDS TO RISEN CHRIST AS CHURCHES PLAN TO OBSERVE EASTER FETE

Bishop Seaman's Presence In City Sunday Evening Will Add To Day's Galaxy

Colorado ministers and other leaders in religious activities are turning cooperative thought toward Easter and in their mind going back across the span of two thousand years to look upon an empty tomb as the Christ overcame death to inaugurate the first Easter Morning. Next Sunday will be devoted to sermon addresses, special songs and other religious worship built around such a picture.

Observance of the religious holiday is to be made more interesting by presence of Rt. Rev. E. Cecil Seaman of Amarillo, bishop of the North Texas Missionary district of the Protestant Episcopal church. The prelate, popularly appreciated in this community, is to fill pulpit at All Saints' church Sunday evening. This is to be Bishop Seaman's first pastoral visit to the Colorado church in several weeks.

Traditional sunrise Easter services at First Christian church will have a picturesque setting this year, featuring three gardens outstanding in religious history—the Garden of Eden, the Garden of Gethsemane, and the Garden of Joseph, where Christ was buried and resurrected.

The services are to begin at 6 o'clock and a reverent silence will be maintained throughout by the audience. There will be quartet and solo song numbers and also singing by a white-robed choir which will enter the church from the rear, singing as they take up their places.

Dr. C. L. Root is scheduled to sing. Miss Loyse Price and Margery Carlock, and Mrs. Wallace Jones will be the women at the empty tomb, and Fanny Fay Porter will be the angel. The hymn, "Christ Arose," will close the service. After benediction, the choir will file out first, followed by the audience, beginning with those in the front pews and extending back.

An anthem, "God so Loved the World," from Steiner's "The Crucifixion," will feature the 11 o'clock hour at this church. In the evening scenes from the "Passion Play" will be shown, with Mrs. Wallace Jones giving dramatic readings with each scene.

Another sunrise service to commemorate a Risen Lord is scheduled to be staged at Ruddick Park Sunday.

Annual Meeting

(Continued From Page One)

Principal address of the evening was delivered by J. E. Stanford of Austin, director of rural rehabilitation for Texas, who with Mrs. Stanford had driven from the State Capitol Tuesday in order to have part on the program.

Mr. Stanford impressed that the chamber of commerce is just as important in the well being of a community as the church, the school, the fraternal organization and other units of society contributing to the educational, religious and social life of the people.

"We have several distinct church organizations in the average community of this size, because people entertain different religious views," he said. "There are different fraternal organizations better to fill an important place in the fraternal life of the community, but the chamber of commerce is the only organization that adequately represents the needs of every citizen alike."

"We may have white and black people, Protestant and Catholic, Jew and Gentile, rich and poor and other changing fibers going to make up our citizenship, but there is only one chamber of commerce and to this organization all progressive citizens turn with interest in the hope that their best social and economic progress is there to be reflected."

Another appreciated feature on the entertainment program was presentation of pupils of Mrs. Martin in a song and dance skit. One of the young artists was called back later during the program.

In addition to the large number of Mitchell county citizens present, delegations were there from Nolan, Scurry, Tom Green, Howard, Martin, Midland, Lubbock and Dawson counties. Several of the visitors are identified with the State Relief Administration.

Jim Greene, chamber secretary, expressed his appreciation of the interest demonstrated in the organization and directed attention to importance of rural rehabilitation and other major programs being conducted by the State set-up.

As the business meeting was brought to a close scores of the guests remained for dancing and a floor show program arranged and given under supervision of Jack Helton and Roddy Brooks Merritt. The merry making continued until after midnight.

SURGEON'S ORDER THAT HE UNDERGO OPERATION VETOED BY COLORADOAN

C. C. Thompson, Colorado attorney, maintains that while not a chief executive, he holds the right of veto and exercised that privilege in Fort Worth the first of the week.

Accompanied by Mrs. Thompson he left Colorado Sunday morning for Washington for a visit with Congressman George Mahon and family. He had not been on the Sunshine Special an hour until he became ill. As the train sped toward Fort Worth his condition became more acute.

Leaving the train in Fort Worth Thompson called for a doctor and his trouble was diagnosed appendicitis. An immediate operation was recommended.

But Thompson had other plans. He was improved Monday morning and when an early afternoon train pulled out of Fort Worth for the West he and Mrs. Thompson were aboard. They arrived in Colorado at 8 o'clock.

Feeling fit, as he termed it, Mr. and Mrs. Thompson left Colorado Thursday morning for Washington to make good on their original plan to visit with the congressman and family. Judge Thompson still had his appendix, he suggested.

MRS. GEORGE REYNOLDS, PIONEER OF THE STATE, PASSES AT FORT WORTH

Mrs. George T. Reynolds, 83, widow of a pioneer cattleman well known at Colorado, died Thursday afternoon at her residence in Fort Worth following an illness of only two days.

She was a sister of Mrs. Ella M. Conrad of northwest of Colorado and Mrs. Mary J. Brown of Los Angeles, California, formerly of Mitchell county.

Mrs. Conrad went to Fort Worth Wednesday night to be with her sister, after receiving message of her serious illness.

Burial was at Albany Friday afternoon following services at the First Presbyterian church. Relatives and friends of the family attended the rites from this county.

TOM PRITCHETT IMPROVES

Tom Pritchett, who was seriously ill for a time last week from effects of drinking caustic balsam mistaken for syrup pepsin, is now well on the road to recovery. He was in C. L. Root hospital for forty-eight hours Thursday and Friday.

The Bruce Bible class of Loraine on last Friday night had its annual feed and good time. J. M. Bruce has been teacher of this class for a number of years and it is composed of nearly 75 men enrolled and has an unusual attendance each Sunday. Mr. Bruce has been teacher for a number of years and is every faithful and efficient.

There were many out-of-town visitors and most every visitor was called on for a speech and nearly all responded with well-chosen remarks. It was a jolly good time for all and we are sure it was helpful to the cause.

LIONS HOLD INTEREST IN ANNUAL DISTRICT MEETING

'GREENE FOR GOVERNOR' IS TO BE CONVENTION SLOGAN OF COLORADO DELEGATION

Local Service Organization's Candidate Holds Favor In All Parts of District

"Greene For District Governor," is slogan under which a large delegation from the Colorado Lions Club is to storm annual District 2-T, Texas, Lions International convention in Plainview next week, Joe Pond, chairman of committee directing candidacy of the deputy district governor at several control points in the large territory, has announced.

"The first of this week myself and other members of the convention campaign committee visited clubs within the district in interest of the candidacy of Jim Greene and I am most happy to report that we found Lions elsewhere enthused like we ourselves in that respect," he said.

Pond, who was president of the local club two years ago when Colorado was named convention host, is known over the district as one of the leading Lions in this part of the State. He will personally direct campaign of Greene during sessions of the Plainview convention and in all probability will place name of the Colorado man in nomination from the floor.

The club president, Dr. Dave Bridgford, along with other leaders in the organization, are joining with Pond in the urgent appeal that Colorado send a representative delegation to Plainview.

"We boast one of the largest and most active clubs in West Texas and certainly it is not asking too much of any loyal Lion to insist that he conclude plans now to attend the annual district meeting and contribute his part to the objective of maintaining our commendable distinction as a service club and the election of Jim Greene to the high official post as district governor," Pond declared.

The Colorado delegation is to journey to Plainview in a caravan of motor cars, being organized under direction of a committee of which C. D. Hornberger is chairman. Hornberger hopes to send not less than a dozen cars loaded with Lions to the conclave. All Lions planning to make the trip are requested to confer with Mr. Hornberger.

The convention is to open Sunday with cooperative religious services in the host city. Registration and other pre-convention details will be other features on Sunday's program. Executive sessions of the convention are scheduled for Monday and Tuesday.

District Governor E. L. Pitts of Lubbock made reference to candidacy of Greene during an address at the Lions Club Friday. "I am making no direct reference to your political ambitions as you plan sending delegation to the Plainview convention, but I assure you that no Lion will be more pleased than myself in event those ambitions should be realized."

'THE GOAL OF EVERY CLUB SHOULD BE BUILDING GOOD CITIZENSHIP,' PITTS SAYS

District Governor In Appeal That Lionism Be Reflected In This Community

The great objective to which every individual Lion should sincerely strive is that of building good citizenship, "without the hope or even expectation of receiving material reward," Judge E. L. Pitts of Lubbock, governor of 2-T, Texas, Lions International, stated during an impressive address delivered at the service organization meeting Friday.

Announcing "The Challenge To Lionism" as his subject the distinguished Texan launched into a spirited address on social and economic conditions that must be faced by the boys and girls of this age, leaving at the door of every good Lion the proposition that it was definitely up to him to extend a protecting arm in directing these citizens of tomorrow into proper paths.

Referring to activities of the local club in extending assistance to school children having poor vision, Governor Pitts declared "there are two kinds of blindness about which the Lion should be concerned. Your program of aiding these handicapped children is typical of the tenets of Lionism, but there are two types of blindness demanding our attention. The other is selfish blindness.

"Through rendering unselfish service to those in need of the requisites of building good citizenship you have done the greater benevolence in building good citizenship," he stated. "Lionism is opposed to crime and if we are to fill our place in this great service organization it is up to every one of us to so construct our private and public being as to impress those about us that there is something worthwhile in the ideals we have subscribed to."

"These figures—and they are accepted as correct—show that it is costing the taxpayers of this State more to run down crime than cost of operating all of the 30 departments of our State government, with expense of maintaining all our State schools and other public institutions thrown in," he declared.

"The boy and girl of today will take up the places in society being filled by you and me in the tomorrow of time. Some will go to places of importance in our business and professional world, while others will be sent within the walls of our penal institutions there to take places being filled today by criminals. The average life of the criminal is today younger than a few years ago, lending support to claims of public thinking men and women that to build and maintain good citizenship we must bring proper influences into the lives of our boys and girls.

"We do not need more laws nor more police in Texas to combat the growing disregard for law and order. What we need and must have if this generation is to trend in the direction of better citizenship is more activity upon the part of good citizens." Judge Pitts recalled that he was elected district governor during annual convention held in Colorado a year ago. He paid tribute to the club for its outstanding record as among the great service organizations in West Texas and urged the members to carry on in the work they were doing and, "if such be possible, build your service to others program to even a higher level."

After noting that Lionism is non-political and non-sectarian, the speaker declared that a good Lion will ever be a better Lion by entertaining belief in deity and holding out the proposition that we are to face a life in the beyond and should do something about preparing for that life.

Strong urge was offered that Colorado send a strong delegation to the district convention in Plainview next week. "I hope that this club will be represented in Plainview one hundred per cent," he said.

Jake Smythe, president of the Snyder Lions Club; Dr. Kirk Rittell of Midland and John Clumsky of Houston were other guests to be presented and spoke briefly.

TRADE IN COLORADO, TEXAS

Sponsored by the Trade Extension Committee of COLORADO CHAMBER OF COMMERCE

YESTERDAY

The "gas buggy", the "horseless carriage" was the butt of almost every joke. Only "crazy fools", "speed demons" and "swells" believed in its future or dared to drive it ...

TODAY

Not to own a car almost amounts to an admission of straightened circumstances, lack of faith in the deferred-payment system or downright foolishness. An no revolution in design or improvement in performance is too radical or unexpected ...

TOMORROW

You may live a hundred miles from your place of employment, drive that distance in an hour, and do it at a driving cost of about 10c. Diesel engines and ideas yet unborn in the minds of young men may diminish space to such an extent that our entire system of society may be very radically changed ...

The only difference between "horse and carriage" and "horseless carriage" or "motor car" and "motorless car" is the difference between blindness and vision.

It takes no greater mental power to conceive of an automobile without a motor than it took to conceive of a carriage without a horse. All that is lacking is the idea that will change the source of locomotion. Remote radio control may be developed by some young American in the near future, and our present ideas of transportation completely changed. The privilege of serving the public, in this country, at this time, is a great honor; for "the public" is today's contribution to tomorrow, each and every person America's hope for the future.

WHY WE BUY FROM WESTERN ELECTRIC

As the world's best boards, show similar variations in the amount saved. But the important point, clearly indicated, is that Western's prices are appreciably lower to us than open market prices.

As one of the 24 associated companies of the Bell System, we buy most of our equipment and much of our supplies from Western because we get bargains there, because we get uniform quality and the assurance of exact performance . . . and because Western Electric parts are so designed that future improvements and developments will fit into and work with equipment already in use.

These factors help us materially in achieving the Bell System policy of good telephone service at fair cost to the user.

Surplus Fruit And Other Produce To Market Thru Plan

Seven million pounds of surplus farm products were moved into immediate consumption as a result of a series of "Grower-Consumer" campaigns conducted by Safeway Stores, Inc., during 1934.

This fact was revealed today in the grocery company's summary of its farm relief program for the year. Products featured in the campaigns were: apples, beef, lamb, prunes, and walnuts.

Coming at a time when markets for each of these products were highly unsatisfactory from the producer's standpoint, the campaigns were said to be successful in raising prices and reducing surpluses. Stock raisers and orchardists of this state were particularly benefitted by the fact that supplies purchased locally were distributed throughout the company's territory, which extends eastward to the Atlantic seaboard.

The huge volume of food was moved without recourse to price-cutting, according to officials of the company. "These campaigns are interesting as examples of what can be accomplished for the farmer by the use of modern advertising and merchandising methods," said R. W. Doe, vice-president in charge of public relations. "While our results to date have been very encouraging, we believe that the increasing co-operation of agricultural groups in the Safeway territory will mean an even more favorable showing for our 1935 plans."

Our school time is drawing to a close. To the outer world, a new one will enter. But to us, of the graduating class, this passing is very near and dear—our teachers—our class acquaintances—our friends. Therefore, in the short time remaining, let us renew the faith so that our friends of our youth may be friends of a lifetime.

MABEL EARNEST COOPER.

SCHOOL FRIENDSHIPS

In the public schools of this democratic country, each boy and girl is on a par with his fellow-student in rank and privilege. We must ever treat all persons we meet in school life with courtesy and consideration. To some we pass with mere formalities. Many acquaintances, however, ripen into friendship during the high school days and linger on in our after life. Never do our classmate friends mean so much to us as on the eve of graduation.

After commencement we shall meet in different surroundings, it is true, yet we shall cherish the C. H. S. friends because they were a part of our high school life. Each student will be remembered as a classmate—some as friends, some as memories.

SPANISH III CLUB

La Tertulia met Monday, April 15th. Maxine Dorn gave "New Mexico." This report was given to pave the way for a talk to be given by Miss Buchanan at the next meeting on the Penitentes.

Back of desert, the mountain; back of American and Spanish, the Indian and the elemental life of his cosmos; mountain-life, cloud-life, thunder-life, air-life, earth-life, sun-life?—It remained for Lawrence to experience religion in New Mexico: It liberated him from the "era of materialism and mechanical developments." And this article, written by the novelist for Survey Graphic shortly before his death, carries his critique of modern civilization as it comes in contact with the Indians of our Southwest and confronts native cultures re-emerging below the Rio Grande.

HOME MAKING II A

We are studying the planning and serving of a dinner.
 We also intend to plan and serve one dinner to the ministers.
 We have had a special study of cake baking. There was a labora-

tory on cake baking and several kinds were made. Saturday each girl in foods is to make one pastry to sell down town to make money to go to the Rally.

FERRIL ROBERTS.

H. E. I A
 This first year class is having many laboratories. For the past week we prepared two of the most important, or just about the most important laboratories for this year. They were near and dear—our teachers—our class acquaintances—our friends.

Fat frying: 1. codfish balls; 2. doughnuts; 3. rice croquettes; 4. pineapple fritters; 5. banana fritters.
 Desserts: 1. fruit cup; 2. blanc-mange; 3. custards; 4. fruit short-cake; 5. gingerbread, etc.

H. E. NEWS I B

The girls in Home Ec. I B have been studying "Dress for Occasion." They learned the accessories which may be worn with school, sport, party, street or church, and traveling dresses. They also studied what to wear on a pullman and in the bedroom at home.

Raincoats, hats, umbrellas, and zippers or galoshes were mentioned as being necessary apparel to a person on a rainy day.

The girls will start on their dresses Monday.

S.S.S. SOCIETY

Words cannot describe the club picnic last Saturday night. It was a howling success, and, the sisters (and their dates) think that hostess Gunn should be highly complimented for her splendid preparation for the evening.

After some unavoidable delay in town, the gang met at Vivian Carpenter's, and started on that never-to-be-forgotten journey. On arrival at the home of Mary Alice Gunn, two of the guests were found lacking and also a chaperon. After a series of trips over the countryside all were finally together and made a brave start for the river where the picnic supper was to be spread.

Well they arrived and, after building a bonfire the delightful business of eating began, and lasted for at least an hour and a half. The supper consisted of sandwiches, deviled eggs, potato chips and marshmallows, roasted and otherwise.

Ask Billie Berry and Mirl Garner how it feels to eat the left-overs to keep them from being wasted.

Then at last the return journey. And what a journey! After a series of various and sundry delays of flats, lost couples, etc., they all arrived at Mary Alice's home to be greeted by an enormous serving of ice cream

and cake, lemonade and a birthday cake with fortunes inside. Quickly the cake vanished as it was drawing close to the time for the midnight matinee.

At eleven the race began toward the show. There was a slight pause on the way, however, while one of the accompanying cars was pulled from the ditch, where it had accidentally stopped, because of "lack of brakes." The trail ended without further mishap with a show at midnight.

Strange as it may seem one car stopped at a certain filling station at 2 o'clock and it was later reported that another of the cars in the same crowd stopped at the same station at about 3:30.

Explain the lateness of one or both groups, if you can.

Miss Mirl Garner will be hostess to the next meeting.

By MIRL GARNER, S.S.S. Reporter.

COLORADO AGRICULTURE CLASS

Mr. Williams went to A. & M. College with the teams which will represent this chapter. They will return Wednesday.

The cake auction was very successful, one of the most successful things every put on by the agriculture class.

SOPHOMORE NEWS

June Cox—shame on you for running off and leaving your date Saturday night.

Billy Henderson has been seen giving Armoria Whitmore some attention lately.

Why is Hazel Grubbs always singing "Limehouse Blues"?

SENIOR NEWS

Time flies swiftly by! We seniors have so much to do that we hardly realize we have just a few more weeks in Colorado High. In the future looms our Junior-Senior banquet, our Senior day, and finally—graduation. The next Senior activity is to be an Easter egg hunt at the park next Thursday evening. The Seniors will become a bit "childish" then and go in search of bunnies and Easter chickens.

The diplomas have arrived and the invitations are due soon. The Seniors are looking forward to the annual "highway robbery."

We know why the twins are so elated—They are going to Plainview with the Lions Club this next week. Happy songs twine.

Maxine Dorn and Lydia Mae Viles went to Abilene Saturday. Reason: To shop for Easter frocks, etc.

Ruth Smith had as her week-end guest Miss Mary Pond of Big Spring.

We wonder who Vivian Carpenter is getting her hair curled for?

The member who went so "childish" a week ago by taking the chicken pox has returned to school—a little worse or better—we don't know. She claims it was caught from the Easter chickens (we doubt it).

There are rumors of starting a popularity contest in the Senior class in the near future.

Can you imagine Miss Smith going through the whole fourth period without reminding the third year Spanish class that they are taking a college course?

What is all this mystery about the lost couple? It seems that a certain "sister" and her date had a little trouble with winding roads, gates, etc. last Saturday night. Maybe La Senorita Garner could produce added information. (If desired.)

We wonder why:
 Ruth Smith doesn't speak so highly of the S.S.S. picnic.
 The clocks in Cuthbert community say 12:30 when its 2:30 in Colorado. Maybe its the 101st meridian. Who knows?
 It seems that El Senor Berry has suddenly turned into a "guardian angel," what with finding "babes lost in the woods," dragging cars out of ditches, and being "master of ceremonies" for three couples. It really took a "competent" Junior to take care of the Seniors Saturday night.

Mary Alice Gunn has been pronounced a splendid hostess by the "sisters" (and all concerned).

It seems that a certain Senior became slightly "mixed-up" Saturday night—the fact is, she suddenly made the shocking discovery that she was stepping on her own foot, while on the verge of accusing another very "gentlemanly" Senior of the act! (Imagine!)

Las Senoras Pond, Berry, Mohler claim to "see all," "know all" and "say nothing." And it may be a good policy, for all we know.

Anxiously waiting—for what? Well, to see what class wins the annual play tournament. Here's luck to the Seniors! May they come out first! (As usual!)

FRESHMAN NEWS

Amarie Gann spent Friday night with Mattie Belle Harvey.

Bathing Crime One Hundred Years Ago Gas Official Notes

Bathing, less than a hundred years ago, was a crime in Boston and was taxed in many cities and states to prevent its spread. This was all because a man in Cincinnati, Ohio stimulated interest in bathing in 1842 by inventing a water heater consisting of a crude coil of pipe in his fire place chimney which warmed water for a lead lined bathtub, according to sanitation historians.

Healthful results of the bath, however, defeated the anti-bathers. More water heaters were invented and improved until now one only has to turn a faucet and an automatic gas water heater instantly sends a stream of steaming water to bathroom or kitchen.

Rome used no medicine except baths for 600 years. Bathing ceased with the fall of Rome. Pestilence, disease, and death found unclean bodies easy prey in Europe for the next 10 centuries. Then, crusaders, coming back from the far East where bathing was still practised, returned the bath and Europe began to emerge from personal filth and consequent plagues. Soap is only 300 years old, and the modern bathroom less than 100. Ancients used olive oil, sand, and terapers made of bone, ivory, or precious metals in place of modern soap. Certain Arabs still roll in sand and use it to scratch off the dirt.

The skin, a mass of valves which release body poisons and assist the lungs, should be kept clean, health experts advise. This is best accomplished by means of a daily bath plus a good soap and brush scrubbing once a week, an effective means of retaining good health, ambition, and pep.

Gas water heaters are important units in modern homes. Local dealers and the Community Natural Gas Company are featuring newest developments in automatic gas water heaters, including storage and instantaneous types, this month, according to M. O. Chapman, local gas company manager. Gas is so economical, half a cent will buy enough gas to heat water for one bath if used in one of the efficient new automatic gas water heaters, and gas for a bath a day for one week costs less than a special delivery stamp, he said.

Facts About Federal Aid For Rural Schools Learned By Coles At Austin

Facts about federal aid, which is the only hope of many Mitchell county rural schools for running a full term this year were learned by Roy Davis Coles, county superintendent, during a trip to Austin last week. Coles returned Thursday night.

Previous to his Austin trip, Coles had filed an estimate placing the amount of federal aid which was needed by schools of this county at \$10,000. The money, if granted, will come this year through the Texas Relief Commission and its county administrator, J. H. Greene, rather than through the State Department of Education as it did last year.

Only two Mitchell county schools, Tatan and Rogers, had to have Federal aid last year. This year it is needed in fully 75 per cent of the county's rural schools. But terms of eligibility as set forth to Coles and other county education officials in Austin last week may eliminate some of this number.

Teachers in the schools getting federal aid are to be paid on the basis of \$15 per week. The normal school term will be decided by the longest term for the past five years, since the year 1929-30. Expenditures for the term 1933-34 will be used to compute expenditures necessary for 1934-35.

School records in the office of the county superintendent are now being checked to determine those eligible to apply for federal aid. When applications are filed separate forms will have to be filled out by each teacher in the school and another by the board of trustees.

Coles will notify trustees and teachers when the forms are ready to fill out, after the schools eligible to apply have been determined.

THE RECORD IS ONE OF TEXAS' BEST, THEY HOLD

The Record is one of the best country newspapers they have ever seen and they called to personally offer that compliment, Mr. and Mrs. John Moor of Atlanta, Ga., said during a brief visit here Friday afternoon. The Moors formerly lived in Colorado. They were here on business in connection with property interests in Scurry county.

Mrs. Moor stated that writings of the Columnist were worth the price of the paper. "We receive our record every Monday morning and I read the Columnist first," she commented.

DALHART EDITOR KNOWS HIS SANDSTORMS; HAILS THEM IN POETIC TERMS

John L. McCarty, Editor The Dalhart Texan. Hail to our sandstorms! The beauty that was Greece, the glory that was Rome, the undying honor that was due those immortal heroes of the Alamo, and the sleeping loveliness of an English hillside in autumn are as nothing compared with the genuine Panhandle dust-storm. Those names and scenes that conjure up some of the most magnificent thoughts of the ages fade into oblivion when compared with our superb and matchless sandstorms. We pay tribute to this awe-inspiring storm which in its sinuous path across the mirage-infested plains makes the native sheiks of Sahara fall to their knees in admiration and utter solemn praise to Allah. Yesterday as the sun, a gallant sorrel steed, was winging its way into the purple tints of the golden west, once those magnificent spectacles of nature bounded upon Dalhart out of the northwest. It was inspiring, as the giant gray sand clouds surged and boiled forward across the plains, leaving the more slowly advancing purple wall of dust behind. As the sun shone on the

Springtime! There's a great deal more taking place in this season of the year than merely shedding the "heavies" in preparation for warmer weather. If it wasn't for mixing up the dates all over the world wouldn't Spring be the proper time to begin a new year? Nature begins another period of growth and activity. Bare leafless trees begin once more to "dress up" in fresh green foliage. Wild flowers bloom in brilliant array of colors. In the woods, in the fields, along the streams, we see nature donning its spring regalia. All of plant life begins to put on a show, a display of life and color that invites us all into the out-of-doors. Forget all the little annoying things that have passed and take a vacation. Get out and go fishing. Go camping and forget the problems of the day. Play outdoor sports. All of nature seems to be in an optimistic mood. There are few of us who have to read the lives of a poet to catch the spirit and feel the new activity of Spring. Seeds in the ground, gardens of vegetables and flowers, fresh green things growing, the air fragrant with flowers, new healthy interests. One person goes as far to say "let me be without shoes, but not without a garden in the Springtime." With some the season means the planting of seeds and cultivating, housecleaning and visits from friends and to others a vacation to some beautiful retreat—or some "longed-for" trip. And there are those who are counting the days until the picnics start and the regular visits to the "ole swimmin' hole." But of all the most popular or at least the most loudly voiced planning now taking place are those fishing trips that will soon be realized. There should be a time in each year in the life of every person to roll up the sleeves, deliberately kick worry and care in the seat of the pants, grab an old hat, put a fishing pole or a camping outfit on the shoulder and get out into nature on a vacation. There'll be ticks and sandbugs and sunburns, but just call them the variety for the "spice of life." If this were possible, the stock in pink pills, curing crystals, and purging panaceas for health would surely take a drop. Not only does nature put on a new dress in Springtime, but the season means that thousands and thousands of people will again see out into the warm breeze, pure air, and warm sunshine to get a healthful regrowth. A new grip on life. Of course no effervescent effusion on Spring would be complete without the usual Spring poetry.

I wonder who it was that named the Rose, Or coined a label for the Daffodil, Or christened clover, caraway or squill Watched Narcissus preen himself and chose, Name to grace a flower, no creeds disclose, Who fashioned Columbine, or Violet, Whose quaint fancy tilled Bouncing Bet, Or chanced on Honeysuckle, no one knows.

What debts of gratitude we owe to those— Poets, although they strove no songs to make Whose lovely words a throng of ghosts flowers make Fairies in gardens of Hesperides That bless our workdays with fragrance sweet As are the memories their names repeat. F. B. W.

Arnett-Hughes Marriage Front Page Record News Twenty-Five Years Ago

Front page news in the Colorado Record twenty-five years ago, Friday, April 22, 1910, included an account of the marriage of D. N. Arnett, Jr., and Miss Sadie Mae Hughes. The ceremony had taken place on Wednesday evening at All Saints' Episcopal church, with the Rev. Norman Fitz-Hugh Marshall performing. John Prude was usher. Miss Nora Blandford sang. Will Dawes began the wedding march, with Juanita and Florence Foster preceding him as ribbon bearers. Roddy Brooks Merritt bore the prayer pillow. Misses Hamner and Arnett were brides maids, Frances Payne and Mary Terrell flower girls. Alice Dawes bore the wedding ring. Mesdames Hubbard and Stoneroad were matrons of honor and Miss Nell Hatch maid of honor. Dudley Arnett was best man. The bride and groom left on the eastbound train for Fluvanna, where they were to live. The Colorado Commercial club was trying to secure one of the Roberts' Business colleges, then having branches at Weatherford and Merkel. Real estate deals reported included the sale of 148 acres out of the Jim Laddy place north of town to C. B. Hunt; 103 acres of farm land to H. B. Iglehart of Delta county; the G. M. Brown places here to Charles Taylor. All sales had been made by the firm of Buchanan and Payne. Sterling Dozier and wife had a new baby girl.

Mrs. Eugene Payne and children of Garza county, Mr. and Mrs. S. C. Arnett and son of Terry county, and Dudley Arnett of El Paso were guests in the Arnett home. A "gay party of automobilists," including the Greeces, the Looneys, the Smoots, the Herringtons, and the Newmans, had been to Loraine and Roscoe Sunday. It was news that the trip was "made without accidents."

There had been a frost on Friday night. R. P. Price and wife had a new girl at their house. A. J. Coe had gone to Cameron to attend a fraternal convention. Mrs. Bell of Tyler was visiting Mrs. G. W. Smith.

Wimberley were going to the reunion of Confederate veterans in Mobile; the North Champion school, taught by Grady McRae and Arleigh Martin, had closed on Friday; Miss Mattie Copeland had come home from Lockney, where she had been attending school.

An editorial copied from the Robert Lee Observer reminded Colorado and Robert Lee citizens that the few public minded people who had underwritten the bonus necessary to securing a railroad connecting the two towns were still expecting property owners of the two towns to join with them in meeting the financial obligations. The promoter in charge of the railroad developments said that he had already sub-let the grading for the road bed, and that work would begin as soon as contractors could get the grading outfits

Mrs. F. M. Burns had entertained with 42 in honor of Mesdames Hart and Bell and Miss Swann. Mr. and Mrs. T. W. Stoneroad had chaperoned a group to Seven Wells for a picnic on Saturday evening. Included in that group were D. N. Arnett, Jr., and Miss Sadie Mae Hughes, Mr. Paul Sorenson of Sweetwater and Miss Hamner, Mr. Floyd Beall and Miss Arnett, Mr. Coleman and Miss Hatch.

If you ever felt the need of lying come to Iatan Sunday night and let Dois McKee show you just how it is done. He plays the part of Peter Pepperdine. The play is a laughing hit. Arthur Barber is charming as the housemaid. You will hold your sides when Juanita McKenney, as a society matron, begs her daughter to accept two wealthy suitors. Other characters include Melba Harris and Oneta Knowles as the charming daughters of the society matron; a self-important banker, E. B. Van Winkle; a fatuous village poet, Charles Botvidson; the college girl's sweetheart, Opal Botvidson; a timid college dean, Will Adkins; a superstitious darky cook, Kathleen Phillips; Bill Bradshaw, a pal of Peter's, Gwan Strange; and Aunt Sarah, Wilda Rogers.

The curtain will go up at 8:15. Be sure to be there. The Iatan Rhythm Band under the direction of Mrs. Ed Dupree will furnish the music. The band has recently purchased band suits and this will be their first public appearance since they got them.

The admission will be 10c and 25c.

Bookracks, Shelves Easy To Make, Miss Gunter Tells Women

The ease with which anyone handy with a saw and hammer can make a bookrack, shelf, or stand for her bedroom was emphasized by Miss Emma Gunter, county home demonstration agent, in an illustrated talk to the Bauman Home Demonstration club at the home of Mrs. E. M. Bruce April 10.

Miss Gunter brought out that every bedroom should have a reading center because in the bedroom the owner seeks privacy and quiet. She showed how bookracks, shelves, or bedside reading tables can be made of panel wood or fruit crates at little or no cost.

Mrs. Jim Johnson was elected secretary-treasurer, succeeding Mrs. Jesse Lee, resigned. The mattress school for bedroom demonstrators was announced for April 19 and a field day for bedroom demonstrators on April 29. The next club meeting is to be with Mrs. Jim Johnson on April 24.—Mrs. Ivan Barber, reporter.

The LIGHT THAT EVER BURNS

Even though the life of a dear one may be extinguished, yet its memory is like a light that shines forever. We whose chosen duty it is to serve in the hour of sorrow, realize in a sympathetic manner, the desire of the family to perpetuate that memory with a final ceremony that is dignified and beautiful. And it is the accomplishment of this organization to render that type of service—regardless of the sum expended.
