HUNDRED MILLION TO BE SOUGHT FOR TEXAS ROAD PROJECTS, HINES NOTES

A grant of \$100,000,000 will be sought from the Federal Government for improvement of Texas highways in time for the Centennial, Harry Hines of Wichita Falls, newly appointed chairman of the State Highway Commission, stated in Dallas recently.

Mr. Hines said he was contemplating a trip to Washington within thirty days, and that plans and specifications for the expenditure of a huge amount of money filling gaps in main arterial highways and eliminating grade crossings had already been prepared by his department.

If the entire amount requested is not granted by the Government, he said, he will get what he can from Washington and spend it as wisely as possible in order to facilitate movement of tourist traffic through the State during the time of the Centennial exposition.

NEWS FROM THE ROOT HOSPITAL

Seventy patients were treated at C. L. Root hospital during the month of April, records show. Of this number forty-four were in the hospital for a number of days.

During the past week the following cases have been recorded:
Mrs. Roy Webb of near Westbrook was in the hospital 24 hours having a tonsil abscess treated on April 25.

Mrs. Arthur Kinsey of Westbrook had minor surgery last Thursday. She returned home Friday.

Mrs. Otis Homer of Seven Wells was a medical patient in the hospital for a few days this past week.

Christine and Sarah Ann Van Zandt, children of H. H. Van Zandt, had tonsillectomies Saturday.

Mrs. Guy Reynolds of near Colorado was admitted for major surgery Saturday following a lengthy illness. Her condition became alarming Sunday and a blood transfusion was administered. She seemed to rally for a time but died Monday afternoon.

Mrs. H. M. Saling of Seven Wells was brought to the hospital Sunday afternoon for medical treatment. Her condition was critical and she died Wednesday morning.

Oren Carpenter, son of S. P. Carpenter of Colorado, sustained a serious knee injury and face cuts when his car overturned on the Robert Lee road Sunday night. He was brought to the hospital and is in a fairly good condition at this time.

A plow point that Harvey Webb of Westbrook was sharpening Tuesday afternoon flew up in some manner and struck him in the cheek, cutting an artery. The cut was sutured at Root hospital.

Jimmy Kinser, who was critically ill for a time after being shot in the chest during a filling station holdup several weeks ago, left the hospital Wednesday apparently recovered from both the wound and the pneumonia which followed it.

Bruce McCallum of Westbrook received first aid treatment and had a finger nail removed from an injured finger Wednesday.

'BORDERTOWN' Ritz—May 5-6 Though not as powerful as Muni's 'Fugitive From a Chain Gang,' this production is absorbing drama about the rise and fall of a young Mexican.

Despite the drab nature of the story and implausible climax, Muni and Davis in characteristic roles are outstanding. After Muni is expelled from practicing law he believes that money is the key to power and sets out to get rich.

'RED HOT TIRES' Ritz—May 7-8 Since the producers have elected to throw logic to the winds in this one, it is not surprising to find Lyle Talbot and Mary Astor doing likewise with care and caution and they continue to burn up the speedway in thrilling and romantic fashion.

At best, it remains only fairly exciting with a peculiar knack of predicting as it goes along. Talbot and Gavin Gordon are rival racers, both in love with Miss Astor and employed by her father. In a race that results in Gavin's death, Talbot is convicted on circumstantial evidence.

'MOTHER IS IMPROVED' Palace—May 7-8 The mother of Mrs. H. L. Lockhart who during the past several weeks has been seriously ill at her home in Dallas, is considerably improved.

Local Relief Office Has Received Nothing Definite On New Program

Questioned Wednesday concerning probable changes in the administration of relief in Mitchell county under the government's new spending program involving \$4,800,000, County Administrator J. H. Greene stated that to date he had received no instructions.

Administrator Greene returned from a conference in Austin Thursday night, then went to Breckenridge Friday to hear Adam R. Johnson, state director of relief, discuss the new plan, but he still does not have any definite information as to local administration under the new plan.

He says that his understanding is that the program will be carried on much the same as heretofore, with the exception that it will be more liberal. It will affect only those on relief rolls.

Projects are still being applied for and approved through the local relief office and all business is going forward in the same way. Greene has been asked to recommend a works manager, routing clerk, and stenographer to be ready for work under the new set-up. He expects a wire any time giving instructions as to how to proceed to spend Mitchell county's share of the \$4,800,000.

National Education Housing Contest Is Extended Into May

Because of unusual interest shown to date in the National Educational Better Housing Contest, there has been an extension of time for the school, county, State and national semi-final eliminations, it was announced today by the Federal Housing Administration.

Superintendents and principals of schools from every State have asked that these dates be extended in order to permit their students more time in which to prepare their speeches.

School contests will not close until May 17. The district and county eliminations will be completed by May 25 and the State contests will close June 1. Instead of taking place June 4, the national semi-finals will move up to June 8. The national finals, however, have not been changed and will be held on June 15 as originally planned.

Hundreds of enrollments in the contest are pouring in daily from schools all over the country, while thousands of boys and girls are writing in requesting literature from which to obtain information for their essays.

English departments, history classes, students of economics, sociology, agriculture and home economics have taken up the study of "Better Housing and the Home." Many of them are making exhaustive research into the benefits to be derived from the National Housing Act in conjunction with their regular class work.

REGULAR ARMY SEEKING THREE HUNDRED YOUTHS

Recruiting to fill vacancies in the regular army existing at Fort Bliss, Texas and William Beaumont General Hospital, El Paso, Texas, has been resumed.

These vacancies are in the cavalry, field artillery, quartermaster corps, and medical department. Approximately three hundred vacancies in the enlisted personnel are to be filled at these places.

American citizens, between the ages of 18 and 35 years, who are single and have no one dependent upon them for support; in good physical condition, and possessed of the equivalent of a grammar school education, are eligible for enlistment.

Those interested should apply to the regular army recruiting agent at Big Spring, Texas. If accepted, transportation will be furnished to Fort Bliss, Texas, where, if finally accepted, applicants will be sworn in and become members of the regular army.

Long Illness Is Fatal To China Grove Child, 14

A long illness from a heart ailment and complications proved fatal Sunday morning at 6 o'clock to Eva Mae Allen, 14, only child of Mr. and Mrs. Mose Allen of China Grove. She had been a patient in a Big Spring hospital for five days prior to death.

Eva Mae was born near China Grove December 24, 1920. Funeral services were held at the Dunn Methodist church Monday afternoon at 3:30 with the Rev. J. F. Fields of Dunn officiating. Interment was at Dunn.

Cousins of the child were pallbearers and flower bearers. The pallbearers were Audrey Krop, Ewing Wilson, Robert Hairston, Billy McGee, Woodrow Wilson, and L. C. McGee. Flower bearers were Jewell Krop, Odessa Krop, Anna Bell Krop, Dorothy Merket, Lois Allen, and Thelma Wright.

Survivors include the parents and a grandmother, Mrs. E. H. Allen of China Grove. Friends and relatives attending the funeral from out of the county included the following:

Jim Dixon, Floyd Dixon, Mr. and Mrs. Robert Dixon, Mr. and Mrs. Joe Dixon, Mrs. Stella Conway, and Mrs. Lula Durr, all of Jacksboro, Texas; Mr. and Mrs. C. A. Wright and daughter and Henry Ellis of Weatherford, Texas; Mr. and Mrs. John Benton and family of Ackerly, Texas. Kiker & Son of Colorado were in charge of funeral arrangements.

FRANK NORFLEET, WELL KNOWN IN COLORADO GOING ON TRAIL AGAIN

J. Frank Norfleet, who as a youth resided with his parents in Coke county southeast from Colorado and is well known here, continues to hold interest wherever he may be, the following story reprinted from a recent issue of the Lubbock Morning Avalanche indicates:

"I have arrested 91 swindlers. Eighty-five of them have been convicted by juries. And the federal government tells me they need 'efficient' men," said Frank Norfleet, famed man-chaser who tracked half around the globe men who had swindled him of his fortune.

He has applied for a federal commission several times and has been refused, he said.

The gray-haired mustached voluntary enforcer of law clumped Friday into a meeting of the museum society, of which he is a member. He was introduced as "the man who gets what he goes after."

Perhaps he is better satisfied working alone, he said. "I have my forty-five. That's all I need," he added.

He is not a Texas ranger under the new administration.

He is going "down south" next week to track two desperadoes. He requests governors of states in which he wishes to make arrests to sign warrants. They usually are glad to assist he said.

He receives little remuneration for his work, but does it for his own satisfaction. He would like to recoup the fortune swindled from him but "in times like these"—he shook his head.

He is seldom at his ranch near Hale Center. He was generous with invitations for persons to visit his ranch. Acquaintances crowded about him after the session. One asked him if he would autograph a book she has of which he is author. He readily agreed.

CARD OF THANKS

We wish to express our appreciation to our friends and neighbors for the tokens of sympathy, and for the pretty floral offering, in the sickness and death of our little Eva Mae.

Planters Protest—

(Continued From Page One) by at the Washington demonstration include U. D. Wulfjen, J. W. Watson, E. Barber, John Hale and J. M. Bruce. They are to join other Texas groups at Fort Worth May 12 and make the trip to Washington by special train. A. M. Bourland of Vernon, member of the State allotment committee, stated while here Tuesday that he was confident the Texas special would run in four sections, "so deeply concerned have our cotton producers become over the graveness of this situation."

Cotton farmers from throughout the South are to send delegations to Washington to urge President Roosevelt and members of congress to not be influenced by strong lobby assaults against the cotton control act. Newspaper reports indicate it will be the largest aggregation of Southern farmers ever to assemble in the National Capitol.

J. W. Watson is financial chairman of the county organization. Farmers desiring to have part on the program and who have not been seen by a committeeman may leave contribution with Watson or at the county farm agent's office.

EDITORIAL—THOUGHTS THAT ARISE IN ME

When telling one's innermost thoughts, the question arises whether to tell the practical thoughts or the fantastic ones. Since the latter would be more interesting I shall resort to those.

Sometimes, to be an orphan, would I think be very interesting. I would

live in a home with other girls the same age as I and in the same condition without any parents. We would be drawn nearer by telling each other our hardships, disappointments and secrets. Then perhaps I would be adopted by a very wealthy family and forced to go to teas, dances and concerts. Or maybe I would be taken by a farmer, then I would live in the country to roam on the hills, wear plain clothes with my hair in two plats, and to go with bare feet.

Then sometimes I would like to be an invalid when I'm very tired. All I would have to do is spend my time resting or sewing or listening to the radio. I could stay in one room so that I would not bother any one. I would knit, tat or crochet. When I got better I would be able to be put in a rolling chair, then I would be less trouble. Friends would come to see me because they would feel sorry for me. After they'd finished their visit they would say "poor thing, she's so unfortunate." But then the joke would be on them because I would be happy with reading.

In some ways being an invalid would be a handicap. Therefore, it would be much pleasanter to go to a small village where it rained every day and live in an old-fashioned house with many rooms and an attic. When it rained, I would lie on a pillow couch in the attic and eat apples while I read and listened to the rain. Then on pretty days, I would make fudge and call in all the neighbor children. On Saturdays I would take them on hikes and camping trips. When I got older I would adopt six children—four girls and two boys. I would name the girls Dione, Deborah, Deborah and Deilah and the boys Russ and Dan.

When I am an old lady wrinkled with silver hair I shall be sent to an old ladies' home. With sweet old ladies, I would quietly live the rest of my life.

Other thoughts are that I should like to be kidnapped or faint in school or be blind, so I could just hear music and not see anything, then I could appreciate it more. Then I would like to be a nurse or if I weren't an Episcopalian I should like to be a nurse or be a foreign missionary to India or China.

I'm sure all of us have had unreasonable thoughts like mine which will probably never come true. Just the same it's fun to think of yourself in these situations.

M. E. C.

The LIGHT THAT EVER BURNS

Even though the life of a dear one may be extinguished, yet its memory is like a light that shines forever. We whose chosen duty it is to serve in the hour of sorrow, realize in a sympathetic manner, the desire of the family to perpetuate that memory with a final ceremony that is dignified and beautiful. And it is the accomplishment of this organization to render that type of service—regardless of the sum expended.

Tuesday in assembly the Home Economics department put on a play entitled, "Wild Nell, the Pet of the Plains," or "His Final Sacrifice." The most outstanding characters were, Lady Vere de Vere, an English heiress, Etta Fern Harkins; Handsome Harry, King of the Cowboys; Lorraine Hart; Wild Nell, the Pet of the Plains, Hazel Jim Gray. The admission was ten cents and was used for the trip to Corpus Christi.

Wednesday in assembly the high school pupils were entertained by an old maid, Mrs. Frank Pidgeon, and a young doctor, Miss Fern Wright. They invited all present to attend the Old Maid's Convention at the high school Friday evening.

Thursday, Mr. Wilkins talked to the Juniors, Sophomores, and Freshmen. They were asked to be thinking about the courses they wished to take next year. He told them the subjects they could take and those they couldn't take, according to their classification.

In assembly Friday the students made a list of the subjects they intend to take next year. By doing this the schedule for next year's work can be made out before school opens next year.

SPRING FOOTBALL

Colorado High School has staged an enthusiastic comeback in spring football.

Coach Reese asked for recruits for spring football training and a total of four teams reported making a total of forty-four men. Practically all rookies are looking very promising and they intend to show rival teams what a good football team is!

Last Tuesday, April 23, there was very interesting playing. J. C. Priestley's team played Ed Morrison's. These teams were so evenly matched that neither one scored the full game. An extra quarter was played and in the last few minutes of play, fourth down and six inches to go, J. C. Priestley pulled a trick play out of his sleeve and scored a touchdown through the center.

Also on Wednesday the teams of Mumpsy Wallace and Red Moon Morrison played. This game was played by smaller boys, mostly those who are trying their first year of football.

This game also was very evenly matched. The teams fought heartily for three quarters and in the fourth quarter, fourth down, six yards to go, Wilburn Whitaker ran around the end for a touchdown, thus winning the game for Red's team.

TRACK

The Colorado Wolves went to the Regional track meet Saturday and took one first place. This first place was won by Brady Warren when he stepped over the 220 yard low hurdles in 27.3.

Next Saturday Brady will go to Austin to compete against other regional winners in the low hurdles. The Wolves did not place in any other event.

ed the contests Friday morning and afternoon. Saturday morning the prizes were awarded. The afternoon of the same day the girls went over to San Antonio. SENIOR DAY AT SIMMONS

The representatives from Colorado that attended Senior Day at Simmons University reported a good time. The high schools of West and Northwest Texas were represented at the campus.

Beginning at ten o'clock the crowd gathered at the stadium and were seated with their own schools. After all the delegations were seated the program began with the marching of the Cowboy Band on the field. The representatives from Colorado were proud to see two Colorado boys in the band. The Cowgirls made a formation on the football field then each group was introduced. A member of the Cowboy Band played two accordion numbers and then a pantomime "The Legend of Pecos" was presented. The president of the University then welcomed the Seniors as their guests to dinner and on the campus that afternoon.

Other attractions of the day were Science Hall and a football game Saturday night but the representatives from Colorado did not stay for this.

SENIOR DAY

Friday, April 26 was only another day to most people but to the Seniors of '35 of C. H. S. it is a day that will long be remembered in their hearts—it was "Senior Day."

Friday morning about 6 A. M. the Seniors met at the high school before starting out for the day. Thirty minutes later forty-five Seniors left for Abilene State Park south of Abilene.

Having arrived there after several minor delays the happy group fell from cars to begin the fun of the day. Some went hiking, some played baseball, flinch, and even leap frog. About 11:30 a lunch of almost everything was spread and then began that great job of filling to the greatest capacity.

For the rest of the day the dignified Seniors were unable to do anything but lounge around under the shade of trees. Some went hiking about a mile from camp and came back spreading the news of having discovered an old abandoned camp, thus arousing the interest of several others and causing them to take a "wild goose chase" across the country. About 2:30 the students were called from parts unknown and the task of making pictures was undertaken. Some were even too timid to have their beauty struck.

The class soon departed for town where they were taken through the Banner Creamery and then to the show. After the show the students who didn't remain in Abilene began the long journey home. They all returned home, safe, dirty but happy that they were Seniors and able to participate in such gala affairs.

JUNIOR NEWS

The Junior class is in very high spirits about the thought of the Junior-Senior banquet. Nearly all the class is going and all are looking forward to a grand time. The banquet will take place Friday week, May 10.

The Juniors have selected their invitations for next year, the eventual year which they hope will complete their high school days. Since they are so fortunate as to be the Senior class of '36, the year of the Texas Centennial they have selected their invitations with design taken from the "Rose Window" of the San Jose Mission in San Antonio.

The Junior class regrets the absence of their classmate Miss Eleanor Hagler. They hope she will be back with them soon.

The Sophomore English class has taken up grammar for the last few weeks.

What's this we hear about Mary Eleanor Rogers being such a success socially. Could it be an old hen's convention?

Doris Wayne O'Brien had friends from Cisco visiting her over the week-end.

Nancy Lee, Meta Hudson, Dorothy Hagler have returned from Corpus Christi. They reported a good time.

Five Fish girls have organized an outdoor club. The name of this club is F.F.F. Their first meeting was a hike to the Country Club. The members are Kathryn Hodges, Mary F. Smith, Routh Moore, Frances Cooper, and Marie O'Brien. After the girls reached the club they were really tired. But some of them had enough energy to row a boat. Each club day meeting is Thursday.

Several Fish were absent from school last week. We are glad to have them back with us.

Virginia Guernsey visited in Moran Sunday.

It's a 'Rose Spring' Here Despite Wind, Sand, Dust, And Little Rain

It's a "rose" spring in Colorado, in spite of sand and dust and wind and lack of rain.

You can see that for yourself, driving up and down the residential streets. And you can verify what you see by talking to the town's leading rose-gardeners, most of whom have their bushes in their back yards, out of sight from the streets.

The rose-garden at the home of Dr. and Mrs. C. L. Root has drawn much comment the past few days. It includes around forty-two bushes, all bearing prolifically. Dr. and Mrs.

Root cut ten dozen blooms Sunday morning.

Other much-mentioned gardens are those at the homes of Mrs. Joe Sheppard, Mr. and Mrs. Gilbert Quinney, W. R. Morgan, Mr. and Mrs. John Brown, Mr. and Mrs. P. K. Mackey, Mr. and Mrs. A. L. McSpadden, the Rev. and Mrs. W. M. Elliott, Mr. and Mrs. Ed Majors, Mrs. S. H. Bedford, and numerous others.

Mrs. R. Jordan, who formerly grew many roses, has been devoting most of her attention to bluebonnets with which she has had remarkable success.

COLORADO HAS CONCLUDED PLANS FOR ENTERTAINING ANNUAL SONG CONVENTION

Musical Gathering To Open Sunday Morning At Union Tabernacle Building

Colorado has concluded plans for entertaining sessions of the Mitchell County Singing association, to be convened Sunday at Union Tabernacle, W. L. Doss, Sr., president, stated Wednesday afternoon. Visitors from all parts of this county along with several hundred visitors from other parts of West Texas are expected to be in attendance.

The annual convalesce will be formally opened Saturday evening in executive session at First Baptist church. Officials for the ensuing fiscal year and such other matters as may be proposed will be given consideration. W. A. Kinneson of Lorraine is vice president and Mrs. Keith Miles of Looney secretary-treasurer.

Doss recalled that the singing association was one of the pioneer organizations in this county, having been organized some thirty-five years ago. Doss was elected president at organization meeting and has through the years maintained active leadership in directing progress of the association.

There are to be special features on the day's program, including class singing by several Mitchell county units. Singers well known here are to attend from Lubbock, Dallas and Abilene.

The annual conventions are usually attended by from 2,500 to 3,000 visitors, "and we are expecting to maintain that record for our gathering Sunday," Mr. Doss declared.

President Doss will preside at the Saturday night executive session and at ceremonies opening the convention proper Sunday morning at 10 o'clock. Program for the day will be under direction of W. K. Miles.

Doss suggests that singers and other visitors bring a basket lunch with them Sunday morning and remain throughout the day. Colorado hotels and cafes will be in position to handle an expected rush business during the noon hour.

The following committee chairmen have been appointed by Doss: E. M. Majors, arrange tabernacle; W. R. Morgan, furnish ice water; Chester homas, water vessel, cups; C. O. McCreight, move piano to building and return; T. H. Westbrook, provide books.

Churches Plan To Observe Mother's Day May Twelfth

Observance of Mother's Day on Sunday, May 12th, is to be featured at the several Colorado churches, ministers and other congregational leaders have announced. As a rule the special religious services, dedicated to motherhood are to be given at 11 o'clock in the morning.

The established custom of sons and daughters accompanying their mother to services and occupying seats beside her during the services is to be respected. The conventional red and white flower, the former depicting a living mother and the other as a silent reminder that she has gone, are to be in vogue.

COLORADO COFFEE SHOP TO OPEN FRIDAY UNDER DIRECTION MRS. HODGE

The Colorado hotel coffee shop, operated for the past several months by Cliff Baldwin of Abilene, is to be opened Friday under supervision of Mrs. Pink Wade Hodge, operator of the hotel. C. H. Mrs. Hodge announces that new equipment is being installed in the kitchen, including new refrigerators, range, silverware, dishes and floor coverings.

Mrs. Hodge returned Wednesday morning from Dallas where she had gone on business in connection with making improvements in the coffee shop and other parts of the hotel.

SOIL EROSION TOLL GIVEN SERIOUS STUDY AS REPORT RECEIVED HERE THIS WEEK

Ten Million Acres Ruined In Texas, Federal Agency Outlines Monday

Mitchell county land owners this week are renewing with concern consideration of the problem of soil erosion, a natural process that through the influences of water and wind has ruined ten million acres of farm lands in the State. Mitchell county has, it was pointed out, contributed its proportionate share to this loss.

Renewed attention to this devastating agency was prompted in report made Monday by the United States Soil Erosion Service at Washington. A comprehensive survey, covering a period of several weeks and taking into consideration conditions in all parts of the State, placed total loss at ten million acres and estimated that unless means were put into operation to arrest this deteriorating process a total of 110,000,000 acres, or 65 per cent of the State's cultivated area, would be affected. Active erosion is under way on that aggregate of farm lands now, it was declared.

Estimating the ruined land at an average of \$25 per acre before the soil was carried away in slush and silt, it is shown that Texas land owners have already paid a loss of \$250,000,000, largely because no cooperative drive to stay gradual wastage of the land was given support.

Citizens from over this county have held one or two meetings in Colorado to study the problem of saving their land from ruin by erosion. Assistance of the Federal government through establishment of a terracing unit here was suggested. Nothing of a definite nature, however, has been announced.

Report On District Club Convention Is Given By Delegate

Report on the recent convention of Lions International, District 2-T, at Plainview, was given by Joe Pond at meeting of the local club Friday. Pond was general chairman of delegation attending the meeting from Colorado.

"We failed in placing our candidate in the district governor's chair but we did not fail to maintain distinction of being the outstanding club within metes of the district," Pond said.

He expressed appreciation to all Lions and other citizens who contributed in any way toward making Colorado's part in the convention outstanding.

ANDREWS SENDS CONVICT TO STATE PENITENTIARY FIRST TIME IN HISTORY

For the first time within its history, Andrews county has sent a prisoner to the State penitentiary at Huntsville. Sheriff Dick Dillard of Andrews passed through Colorado with the prisoner Thursday.

However, the county retained a part of its creditable record, Dillard recalled, due to the fact the man in custody, R. Holland, was a foreigner to Andrews county. It remains for a native of that county to be assessed a pen term by a court in his home county.

Holland was convicted on the charge of stealing oil well tools and machinery. The jury gave him three years and two days. "I can't understand why they gave him the extra two days," the West Texas peace officer said when seen here.

FAMILY OF 4-H CLUB GIRL HELPS HER WORK

Illness, Accidents Credited With Much Of Nation's Delima

The financial reverses that often come as the direct result of accident and illness is credited to a considerable degree with the condition into which America found herself as ravages of the depression swept into every part of the nation's industrial and economic fabric, suggests current edition of "The Safetygram," official publication of Col-Tex refinery.

Continuing strong urge that safety in all things be seriously considered, the paper quotes a prominent American business man:

"We are inclined to regard seriously only those accidents and illnesses which result in death or permanent disability. The financial loss to the family has not received sufficient emphasis. When life hangs in the balance it seems sordid to think about expense. But thousands of persons recover from severe injuries and illnesses only to find themselves unable to recover from the financial ruin which the cost has brought about."

Among interesting illustrated features in the paper are the following timely suggestions:

"The man who rushes in headlong usually comes out feet-first."
"They won't mix"—caption under drawing of a driver holding his steering wheel in one hand and bottle of hooch in the other.

GREENE THINKS LEASING OF FARM PLOTS IS OVER

That the leasing of small farm plots for rural rehabilitation is over was the belief expressed this week by J. H. Greene, county relief administrator.

Greene bases his belief on information received while at Austin last week. Instructions given him there led him to believe that rehabilitation work will be continued under the colonization plan with work centers to supplement agricultural receipts.

This will not effect the sixty-one families already established on rural rehabilitation plots in this county.

LOST FAT

DOCTOR'S ADVICE

And Didn't Listen To
Gossiping Neighbors!

Mrs. H. H. Long of Clarinda, Iowa, writes: "Kruschen was recommended to me by my doctor. Weight when starting was 226. Weight now after 3 jars is 208. Doctor says I'm doing fine."

When Kruschen Salts is prescribed by reputable physicians to safely take off fat and greatly improve health—why listen to gossipers who don't want you to be slender? Envious!

Have a mind of your own—get a jar of Kruschen to-day (lasts 4 weeks and costs but a trifle). Take a half teaspoonful in a cup of hot water every morning—tastes fine with juice of half lemon added. If you don't lose 12 lbs. and feel years younger—money back. W. L. Doss sells lots of it.

Costumes of Three Decades Ago Worn By Women In 'Old Maids Convention'

Costumed in the mode of two or three decades ago, women of the two circles of the Methodist Women's Missionary society staged the "Old Maids' Convention" at the high school auditorium Friday evening and made \$35.60 to use in church work.

Jidgson, Mrs. Frank Pidgeon, Mrs. B. J. Baskin, Mrs. Lindley Key, Mrs. Burt Smith, Mrs. J. L. Armstrong, Mrs. Oscar Majors, Mrs. J. W. Randle, and Mrs. P. K. Mackey. Mr. Doss drove the wagon for them.

Music for the program was furnished by the Colorado band under direction of R. P. Rose. Those in the cast included many women from other churches. In addition to those listed above the following took part: Mrs. Walter Wilson, Mrs. M. L. Kirschbaum, Mrs. Sam Wulfjen, Mrs. Clarence Gross, Mrs. A. L. Whipkey, Mrs. J. A. Sadler, Mrs. Tom Glover, Mrs. J. M. Doss, Mrs. Wallace Jones, Mrs. C. P. Gary, Mrs. W. H. Garrett, Mrs. A. C. Anderson, Mrs. W. L. Doss, Jr., Mrs. S. H. Millwee, Mrs. Ed Jones, Sr., Mrs. Lindley Key, Mrs. N. H. White, Verna Campbell, Nina Katherine Quinney, Ruth Wright, Mary Elizabeth Pidgeon, and Frances Jones.

Many a Friend Recommends BLACK-DRAUGHT

People who have taken Black-Draught naturally are enthusiastic about it because of the refreshing relief it has brought them.

But after all no part of this great world is entirely perfect, and the Panhandle sandstorm soon passes, folks relax, their pulses are quieted and they quickly forget its ravaging inconveniences and recall innumerable and inexhaustible blessings the Plains afford.

There are no mosquitoes here, no malaria nor miasma—no prevailing disease of any kind. The water is 99.99 per cent pure by chemical test

and the atmosphere 100 per cent pure by breathing test. California has gila monsters, tarantulas, centipedes, earthquakes, and exaggerating real estate dealers.

The wind blows strong out here only a few months in the springtime, sandstorms come only occasionally. Ninety per cent of the time fragrant, gentle zephyrs float soothingly across these flower strewn prairies.

Let's be content, for after all the Panhandle is the greatest section of the entire United States. It's out here that this pure sparkling water yields itself joyously to the elevating influence of the windmill; that the cotton turns a fleecy white and the grain a golden brown under the caress of the autumn sun; that the watermelon and the strawberry transform the mid-night dew into a luscious red.

It's out here on this great mesa, this high tableland of Creation, that the very pick and flower of noble American manhood and pure womanhood are carving out from the rough an empire second to none elsewhere to be found. It's great to live in the Panhandle—and it would not be the Panhandle without a sandstorm occasionally.

YARDS IN SNYDER AND SWEETWATER STUDIED BY RURAL CLUB WOMEN

Gathering mental pictures calculated to be of great use to them in their future work, twenty-one rural club women of the county, accompanied by Miss Emma Gunter, county home demonstration agent, went on a sight-seeing tour to inspect greenhouses and outstanding yards in Snyder and Sweetwater Monday. Nine of the women are yard improvement demonstrators in the various clubs.
 The women were instructed to note carefully the relation of house to the shrubs and trees planted about them. Evergreen plantings were particularly observed. The women found the following shrubs and trees doing best in this section: Arizona Cypress, Pfitzer juniper, red cedar, amur privet, Lodense privet, abelia, weigela, California privet, and mahonia. Specimens of these were seen growing in the Thrane, Stinson, and Johnson yards in Snyder and around the city auditorium, telephone building, and postoffice in Sweetwater.
 Mr. Bell acted as host to the women in Snyder and Mr. Washburn in Sweetwater.
 Those making the trip were Mrs. T. L. McKenney and Mrs. E. L. McAlhatten of Iatan; Mrs. McGuire and Mrs. C. W. Burford of Rogers; Mrs. W. R. Uzzle, Mrs. Ed Jenkins, Mrs. Will Berry and Mrs. O. L. Simpson of Fairview; Mrs. Jess Lee and Mrs. D. McCollum of Bauman; Mrs. J. H. Carlock of Shepherd; Mrs. Jack Linnam of Lone Star; Mrs. John Hooks of Buford; Mrs. Ollie Thompson of Looney. Mrs. H. Fourteen-Day Sale Launched At Local Store On Thursday

An "Emergency Sale," occasioned by over purchases in many lines opened Thursday morning at The Model Shop and is to continue through fourteen days, or until the varied lines of popular mens and women's ware, shoes, notions, etc., are sold out.
 John Summers, manager of the store, stated Monday that he had bought heavily in practically all lines carried. Dust storms, drought and other conditions contributed to hold up buying upon part of the public and the surplus must be moved, regardless of cost, he outlined.
 The store was closed through Wednesday while Summers and his force of salespeople marked down prices for the sale.

Make your ironing
EASY...

Don't worry along with a worn-out electric iron when you can save so much time and energy with a modern new iron. Like everything else, electric irons have undergone numerous improvements within the last few years, yet the prices are still low. It is no economy to use an old-style iron and to deny yourself the advantages of a new iron. You can order one by telephone, if you wish, and charge it on your electric service bill.
