Fifty-Eight Millions In Expenditures On State Calendar As Legislature Adjourns

Appropriations approved by the legislature as the session came to a close Saturday authorized the spending of \$58,400,000 during the next two years. The total is \$13,000,000 above usual current government expenditures for the period.

Only one new tax levy was authorized during the session. It has to do with control of coin operated machines, drafted to not legalize gambling machines. Approved late Saturday it was estimated to yield from \$500,000 to \$1,000,000 annually. Operation of these machines in Colorado was stopped legally several weeks ago.

Two of the four major appropriation bills were approved finally Saturday. They provided \$13,134,432 for support of departments, compared to \$11,572,800 for the present biennium, and \$10,786,860 for educational institutions, compared to \$9,219,967. The judiciary and eleemosynary appropriations were approved previously.

Danger of an increasing deficit was minimized, however, by Senator John S. Redditt of Lufkin, finance committee chairman, in a statement summarizing the State's financial condition.

The cost of operating the Government's main divisions rose from \$35,429,340 for the current biennium to \$38,224,798, an increase of \$2,795,458 which Senator Redditt said was due to changed economic conditions.

The Legislature should not be charged, he said, with responsibility for a \$3,000,000 centennial celebration appropriation and \$5,500,000 for repayment of relief bonds, for they were authorized by the people. A fund for burial aid and school benefit equalization was increased from \$6,000,000 to \$10,000,000 for the two years, although the net increase was \$3,000,000. Senator Redditt explained, for funds previously provided in other bills were included.

While only one new tax was levied, the Legislature tightened enforcement and collection provisions of several existing levies to increase income an estimated \$5,000,000 annually. In addition, Senator Redditt noted the general fund deficit decreased from \$5,660,141 on May 1, to \$5,127,706 on May 9, predicting available school fund obligations would be paid entirely with a balance remaining by Sept. 1. A deficit of \$4,478,614 in the pension fund was not chargeable to operating revenues, he contended, for funds allocated to that purpose were provided by the Constitution.

Success To Hinge On Spirit, Seniors Told Sunday In Commencement Sermon

"You will be in constant competition, and your spirit, more than your natural ability or training, will determine whether you lose or win." Thus the Rev. P. D. O'Brien, pastor First Baptist church, worded the keynote of his commencement sermon to fifty-five seniors of Colorado High school at the high school auditorium Sunday evening.

Simplicity, beauty, and brevity marked the services, which were heard by an audience which filled the auditorium and balcony to capacity.

The processional, "Onward Christian Soldiers," was sung by a chorus of seventy-five Coleman school children, all dressed in white and standing on the stage. Others on the stage were Supt. John E. Watson, the Rev. Mr. O'Brien, the Rev. Wallace Jones of First Christian church, Principal C. A. Wilkins, Minister J. D. Harvey of the Church of Christ, and the Rev. A. F. Click, Methodist circuit minister.

Following the singing of the "Anvil Chorus" from Il Trovatore by the chorus, Minister Harvey said the invocation. The chorus then gave the Twenty Third Psalm in song, and the Rev. Mr. Jones read the scripture, Daniel 1:3-8.

The address of the Rev. Mr. O'Brien was based on the text, Daniel 6:3.

On his list of person who are "merely endured, never enjoyed" in life, the Rev. Mr. O'Brien named the egotist, the selfish person, the pessimist, the domineering person, and the indolent and shiftless one.

He named as the points of an "excellent spirit" determination, gratitude, loyalty to friends, and loyalty to God, citing actual incidents from real life to illustrate and emphasize many of his points.

The benediction was pronounced by the Rev. Mr. Click, following which the Coleman chorus again sang "Onward Christian Soldiers" as a recessional.

Lower classmen who acted as ushers for the occasion were Ruth Wright, Erna Lou Merrill, Sara Melton, Melba Slaton, Ora Jane Williams, Elizabeth Taylor, Frances Jones, May Watson, Regal Porter, Jesse Jones, and Oren Womack.

SECOND SCOUT CHARTER IS DELIVERED LIONS CLUB BY BUFFALO TRAIL EXECUTIVE

Support of Boys' Organization Given Praise By Speaker At Meeting Friday

In recognition of continued support given the Boy Scouts of America the Lions Club Friday was formally presented charter for Troop No. 21. A. C. Williamson of Sweetwater, executive secretary for the Buffalo Trail Council, represented the American Scout organization in presenting the document.

"The Lions of Colorado have evidenced unselfish support to this great boys' program and it affords me distinct pleasure to have this opportunity of representing the National organization in awarding this charter," Williamson stated. A few weeks ago the club was presented with charter authorizing it to sponsor Scout programs for Troop No. 20.

The charter was accepted by Lion Dick O'Brien, who expressed the hope that Colorado business and professional men would continue to evidence interest in an organization that stood for the building of character and manhood.

W. W. Porter, among leaders in the Scout movement here, urged members of the club to invite boys not identified with Scouting to unite with one of the Colorado troops. He recalled statement by a Chicago juvenile judge in which it was stated that during his 25 years on that bench an average of 1,000 boys and girls had been brought into his court annually. Only one of the accused had been a Scout, it was claimed.

Certificate were delivered by J. W. Randle, H. H. Harrington and T. B. Russell, Lions sponsors for Troop 21, and to J. A. Ferguson and Marvin Majors, Scoutmaster and assistant Scoutmaster, respectively.

Mr. Williamson was presented the club by Ferguson. Majors outlined in a brief address that Scouting was not a military organization, as has been suggested, but one built on service to others—without pay.

The junior band, under direction of R. P. Rose gave a concert program as the club was called to hear usual entertainment bill.

GLOVERS TO REMAIN HERE Mr. and Mrs. Tom Glover, who were reported last week as planning to move to Sweetwater, are to continue making their home in Colorado. Mr. Glover stated this week. The insurance company for which he

Intelligence Will Govern Lessons To Be Given At School

The same intelligence which is applied to the planning of a workshop or a business office may now be used in making the kitchen a better place to work in, according to Miss Hogue, nationally known authority of Foods and Economics, who will be presented by this newspaper in the Record Cooking School at Colorado on June 10, 11, and 12.

The old days of drudgery in the kitchen are no more—gone never to return—and what a boon to the housewife! There is something she is able to boast about as being far superior to mother's or grandmother's day!

Women have been known to walk miles and miles in a poorly planned kitchen in the course of a single day. Exercise is, of course, a splendid thing, but the woman who gets her only exercise in the kitchen will find herself a nervous wreck at the end of the day.

So we might say that the old kitchen has had its face lifted, and is keeping step with progressive modern ideas—and the new kitchen has become a delightful workshop, thus doing its bit and adding materially to the progress of this modern age.

Miss Hogue will tell you how all these things are accomplished with the least possible effort when the Record Cooking School comes to Colorado, and whether you are a bride of a month, or a grandmother, or just a young housewife, or one of middle age, you'll enjoy these programs on the age old, but deservedly popular theme of cookery.

There are many short-cuts and main roads leading to culinary success and perfection, and the Record Cooking School and this newspaper will show them to you, through the medium of this nationally known expert. Plan to attend every session. No admission fee and no obligation.

CHRIST AND SCIENCE

Text: Col. 3:11 "Christ is all and in all."

That we are living in the age of science goes without question. Mr. Webster gives "truth" as a one word definition of science and in John 14:6 Jesus is referred to as "the way the TRUTH and the Life."

In high school you have been introduced to the ordinary sciences and in college you will no doubt continue your investigations in these fields. We shall mention four branches of human learning and attempt to show that Christ "is all and in all" in these fields.

Geology. In this we learn of earth formations, rocks, etc. Christ is set forth in Scripture under the symbolism of a rock in several instances. Once as Israel under the leadership of Moses moving slowly through the wilderness from Egypt to Canaan, came to a place where there was no water.

Lamb of God, quietly, modestly, born of a modest virgin in a barn at Bethlehem. But when He comes again He will come as the Lion of the tribe of Judah, to take vengeance upon His enemies and destroy those who have done wickedly.

In the third place let us notice how He fits into the science of botany. Here we study plant life. He is called the "lily of the valley," which is the most delicate of all the flower kingdom.

The electric and gas utilities are facing disaster in event the Wheeler-Rayburn Bill, now pending before Congress, becomes a law, according to opinion being voiced by business men here and throughout the country.

Other business structures would be next in line, it is assumed, in case the Wheeler-Rayburn proposal is passed, definitely marking initial step by the government to enter business in a general sense.

To prevent motor damage when you

...you must have oil of high film strength!

DID YOU know that idling along at 10 miles an hour or picking up suddenly can cause as much motor wear as high-speed driving?

All three put extreme pressure on your connecting rod and crankshaft bearings. If your oil does not have enough oiliness and film strength to withstand these high pressures, your motor parts suffer damaging wear. That's why you need oil with the greatest possible oiliness and film strength.

Suppose YOUR Business were to be Shackled..

An industry that you depend on is now facing ruinous governmental interference.....

YOU have the right as an American to engage in any decent lawful business. Let's assume you are a business man who has worked hard and invested money to provide a service which your fellow man desires and needs.

What would you say if a law were proposed in Congress that would shackle your business with so many regulations that you could not go on? You probably would say, "I never thought it could happen in America."

Yet one of the country's great industries which serves you every day with something you desire and need is threatened with destruction by law. It is the gas and electric utility industry. A bill known as the Wheeler-Rayburn bill now in Congress aims first to chain this entire industry to severe regulation, and then deliberately to cripple and dismember it.

Your local electric company would be seriously affected. The holding company which aids your company to give good service would be abolished. Not all holding companies are to be destroyed under the terms of this proposed law, but only public utility holding companies; not all public utility holding companies, but only those engaged in the electric or gas business or both. That is significant.

Men who are experts in legislation think this bill is only the first step in a program of certain legislators to put government into all business. Other lines of business will be attacked, perhaps even yours.

The Wheeler-Rayburn bill may be the first big step toward National Socialism!

How Cardui Helps Women To Build Up

Cardui stimulates the appetite and improves digestion, helping women to get more strength from the food they eat. As nourishment is improved, strength is built up, certain functional pains go away and women praise Cardui for helping them back to good health. . . . Mrs. O. E. Smith, of Hinton, W. Va., writes: "After the birth of my last baby, I did not seem to get my strength back. I took Cardui again and was soon sound and well. I have given it to my daughters and recommend it to other ladies." . . . Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician. . . .
