VOTERS' EDICT LEGALIZING BEER SALE BROKE RECORD HELD BY 'DRYS' 33 YEARS

Little Interest Manifested In Election On Saturday 'Wet' Won Count

The most interesting bit of news received in Colorado the first of this week was couched in report from Snyder that the Scurry county commissioners court had taken definite steps looking to closing a gap in Highway 101 between Colorado and Snyder. Monday the court passed an order authorizing procurement of right-of-way from the Mitchell-Scurry county line north to intersection with Highway 7 near Snyder. Purchase of the lands will be contingent on relocation by the State Highway Commission. The highway has been relocated and graded from north city limits of Colorado north to the county line.

GRAND JURY PLAYS ROLE OF GOOD SAMARITAN BY SENDING YOUTH TO WIFE

Members of the Mitchell county district court grand jury Wednesday played the role of a good Samaritan by making up fund from among their number to send an erring youth back to his girl wife in Groesbeck.

The youth, Lloyd Masburn, had been indicted on the charge of forgery. He appeared before the court Wednesday afternoon and entered a plea of guilty. A sentence of two years, suspended, was imposed. Learning that the man was without funds and had expressed the wish to return to his bride in the Central Texas town, the grand jurors went down into their pockets and paid the railroad fare, offering along with the admission that he "go and sin no more."

WOMEN IN THE CHURCHES

Methodist Circles
Pushing their study courses for the year to conclusion before really hot weather sets in, three circles of the Methodist W. M. S. met Monday afternoon at the church.

The Mary Martha Circle, having completed its study, had no meeting. This circle does not plan to meet again this summer except in called session and at the monthly business meetings.

Continuing its study of Exodus, the Flora Foreman circle met with Mrs. Charley Coffee leading. This circle lacks two more lessons in its study.

Plans for an intensive study of "Orientals in America," beginning Sunday afternoon at the church at 4 o'clock and continuing through the covered dish luncheon on Monday, were made at the meeting of the Rainbow circle. Mrs. J. C. Hooker led the Bible study.

Twelve were present at the meeting of the Rainbow circle, when Mrs. H. C. Hicks and Mrs. Ed Blum led the study of two chapters in Genesis.

Baptist W. M. S.
Routine reports were heard at the business meeting of the Baptist W. M. S. Monday afternoon.

Mrs. E. L. Henderson led the devotional which preceded the business session. The women will meet in circles next week.

Episcopal Study
The last meeting of the women's auxiliary of All Saints' Episcopal church until fall was held Monday afternoon at the church.

Business matters were given attention first, with Mrs. Frank Lupton presiding. Plans were made to have a year book next year. The sum of \$18 was voted to send two young people of the church to the young people's conference at Lubbock, beginning June 17.

Mrs. C. H. Earnest, corresponding secretary, reported a note of thanks written to the Vincent daughters in Los Angeles for the crystal crucifix and communion tray sent to the church by them several weeks ago in memory of their parents, the late Mr. and Mrs. Vincent.

The women of the auxiliary are to make twelve housewives' bags during the summer as their quota of Red Cross work.

At lesson time a surprise was given the women by Mrs. Alex B. Hanson, who was to have led the closing lesson on "Orientals in America." Instead of leading the lesson herself, Mrs. Hanson introduced her husband, the Rev. Mr. Hanson, who reviewed the entire book.

Christian Ladies Aid
Election of officers and a lesson on Japan featured the meeting of the missionary society of the First Christian church with Mrs. R. L. Wigley Monday afternoon.

Mrs. Wallace Jones led the devotional, following which Mrs. Ed Jones, Sr., had charge of the lesson, with topics by the following: "Teach, Bible Woman, and Christian," Mrs. R. U. Bean; "Some Second-generation Christians," Mrs. S. R. Venable; "Mrs. Ishida Speaks," Mrs. Venable; Mrs. Hendricks; secretary, Mrs. R. U. Bean; treasurer, Mrs. S. R. Venable.

Officers were elected as follows during the business session: President, Mrs. W. W. Porter; vice-president, Mrs. Hendricks; secretary, Mrs. R. U. Bean; treasurer, Mrs. S. R. Venable.

Light refreshments were served at the social hour.

Presbyterian Circles
Interesting facts about missionary work in Africa were included in one of the news letters read at the business meeting of the Presbyterian auxiliary Monday afternoon at the home of Mrs. P. C. Coleman.

Letters from various state officers were also read.

The auxiliary is to meet next Monday for an inspirational program.

Fish Dinner Served By Wilkins, Coffman
Friends of Mr. and Mrs. C. A. Wilkins and Robert Coffman were treated to a fish dinner followed by bridge at the Wilkins' home Monday evening. The dinner was a result of Mr. Wilkins' and Mr. Coffman's week of fishing on the San Saba.

Guests were members of the school board and their wives and members of the Supper club. In the bridge games John E. Watson made high score for men and Mrs. Walter Whipple high for women.

Those present were Mr. and Mrs. J. W. Watson, Mr. and Mrs. Allen Connell, Mr. and Mrs. John E. Watson, Mr. and Mrs. R. J. Wallace, Joe Mills, Mrs. D. H. Snyder, Mr. and Mrs. J. M. Doss, Mr. and Mrs. Oscar Price, Mr. and Mrs. E. L. Latham, Mr. and Mrs. J. W. Randle, Mr. and Mrs. B. J. Baskin, Mr. and Mrs. Walter Whipple, and Mr. and Mrs. Harry Ratliff.

MAJORS HAVE VISITOR
Mr. and Mrs. Oscar Majors and Marvin Majors had as their guest from Friday until Tuesday Miss Mary Ida Martin of Fort Worth.

Justamere Meets With Mrs. Hugh Millington
With Mrs. Darrell Smith as her only guest, Mrs. Hugh Millington entertained the Justamere club Tuesday afternoon. She had two tables of players.

Honeysuckle, larkspur, and phlox were used as house decorations.

High score was made by Mrs. Lon Mason. A salad course was served. Mrs. Lee Dorn is to be hostess next Tuesday.

Mrs. Chester Jones To Breakfast In Abilene
Mrs. Chester Jones was in Abilene Monday morning to attend a breakfast given by the Abilene Creative Sketch club, of which she is a member.

The breakfast, which took place at the Y. W. C. A. building, marked the opening of the club's summer art school, which is to continue through June 15. Mrs. Jones plans to attend some of the classes next week.

Miss Mildred Summers of Frost, Texas, is visiting Mr. and Mrs. John Summers this week.

Six Guests Included At Normandy Lace Club
Six guests were included by Mrs. Chester Jones at her entertainment of the Normandy Lace club Friday.

They were Mrs. A. B. Blanks, Mrs. Harry Ragan, Mrs. E. J. Cramer of Butler camp, Mrs. B. J. Baskin, Mrs. Foster Jones of Spur, and Mrs. C. B. Reese of Santiago, Chile, South America.

The club is to be entertained complimentary this Friday by Mrs. Cramer at her Butler camp home.

FEDERAL FUND FOR RURAL TEACHER SALARY ACCOUNT AVAILABLE DURING MONTH

Mitchell Schools To Benefit Through Distribution Of Cash Over Texas

Mitchell county rural teachers and board members Tuesday morning were wearing a broad smile all due to announcement out of Washington that Federal relief money checks for rural teacher salaries should be mailed from Austin within the next three weeks.

Several rural schools of this county have filed application for participation in the fund, Roy Davis Coles, county school superintendent, has announced. Approval has been given on a part of the applications while others are pending. Congressman Mahon and other Texas members of the House were instrumental in obtaining favorable consideration of the plea for financial assistance to schools that had been unable to pay their teacher salaries.

Checks will be made out to the individuals and will be signed by Adam R. Johnson, Texas relief administrator, and mailed from Austin, not Washington. The standard relief wage of \$60 per month will be paid and the amount of the individual checks will vary according to the length of time the teacher taught without salary from the school district. In no event may the Federal aid exceed that paid by the school district.

RURAL REHABILITATION 'HOME-MAKER' TO BEGIN WORK IN COUNTY SOON

Working exclusively with rural rehabilitation relief clients, a relief "home-maker" is to begin work in Mitchell county in the near future.

Word that this county has been granted the services of such a person was received this week by J. H. Greene, county relief administrator.

The relief "home-maker" will guide and work with farm relief clients in making gardens, canning foodstuffs, and in improving their homes and general living conditions. Since their work is similar to that of home demonstration agents, the "home-makers" were originally called relief home demonstration agents. The name was changed to avoid confusion. Work of the relief home-makers is to interfere in no way with that of county home demonstration agents.

BIRD-BRAND COWBOY RADIO ORCHESTRA TO PLAY HERE JUNE 14

Playing at various grocery stores which sell Armstrong's Bird-brand shortening and for a dance at the American Legion hut, the Bird-brand Cowboy orchestra of Texas radio fame is to be in Colorado all Friday afternoon and evening, June 14.

The orchestra, which is heard on morning broadcasts from leading Texas radio stations three times weekly, will appear at grocery stores as follows:

S. H. Bedford's, 2:00 until 2:15; Piggly Wiggly, 2:30 until 2:45; I. Tucker's, 3:00 until 3:15; Pritchett & Rose, 3:30 until 3:45; B. M. Moore's, 4:00 until 4:15; J. A. Pickens, 4:30 until 4:45; Pick and Pay, 5:00 until 5:30.

The Legion Hut dance will begin at 9 o'clock.

LONE STAR GIRLS TALK OF ROOM ACCESSORIES

Accessories that add personality, interest and charm to a girls' bedroom were talked about and some demonstrated at the meeting of the 4-H Girls' club of Lone Star at Rena Louise Taylor's, who is bedroom improvement demonstrator for her club.

Pictures, flower vases, sewing baskets, bookends, scrapbooks, trays, desk or table sets, colored blotters, colored jewelry boxes were articles used to carry out the color notes in the room.

The next meeting of the club will be a picnic. The girls will prepare for a Rally.

MAYTAG SALES MANAGER TO ARRIVE HERE JUNE 7

Announcement was made this week by J. Riordan & Co., local agency for Maytag washing machines, that J. Fred Mercer of Canton, Ill., has been employed as Maytag sales manager here.

Mr. Mercer and his family are to arrive in Colorado the latter part of this week.

Ends Aching Sore Muscles

For longer lasting, quicker relief, use Ballard's Snow Liment which contains active ingredients to give a more than local action, thus bringing a surge of warm blood to scatter congestion and more quickly soothe away the pain from aching muscles, sprains, strains, backache and lumbago. Ballard's Snow Liment, 30c and 60c.

NEW RULES TO GOVERN SELECTION OF COUNTY'S QUOTA OF 35 CCC BOYS

New rules announced this week by Neil E. Guy, OCC camp enrollment supervisor, will govern Mitchell county relief officials in selecting this county's new quota of thirty-five youths for CCC camp service in the near future.

Under the new rules no boy whose family is not on the relief rolls will be eligible for appointment. Herebefore it has been permissible to select some "borderline" cases to fill out quotas, making possible the naming of youths from needy families not on relief rolls.

No definite date has been fixed for the selection of the quota of thirty-five, although June 15 is the tentative time set.

Miss Nellie Mae Henderson, case supervisor in the local relief office, says that a survey of the Mitchell county relief rolls indicate that about 95 sons of relief clients would be eligible under the new ruling. Selections from this number will be made on recommendations of case workers relative to family needs.

COUNTY, CITY OFFICIALS HOLD INTEREST IN PLAN TO OBTAIN ROAD FUNDS

Officials of the county and city Wednesday were expressing interest in news reports out of Austin outlining that Harry Hines, chairman of the State Highway Commission, Gib Gilchrist, chief highway engineer, and other ranking officials planned going to Austin next week to petition for additional federal funds for highway work.

The additional funds, if authorized, would brighten prospects of this county in its effort to obtain needed highway construction, it was pointed out. Just now local officials are interested in Highway 101, extending through Colorado north and south.

COLORADO RIVER FLOOD WATERS INTO BALLINGER

While the Colorado river here was out of the first banks in places Sunday, flood waters in the stream reached such stage at Ballinger as to spread over a considerable territory. Sections of Ballinger along the river front were under water several hours.

DOCTOR TOLD HER
HOW TO LOSE 17
POUNDS OF FAT

Gossipers Peeved

Mrs. Robert Hickey of Roseville, Calif., writes: "My doctor prescribed Kruschen Salts for me—he said they wouldn't hurt me in the least. I've lost 17 lbs. in 6 weeks. Kruschen is worth its weight in gold."

Mrs. Hickey paid no attention to gossipers who said there was no safe way to reduce—envious women who don't like to see others youthfully slim. She wisely followed her doctor's advice. Why don't YOU?

Get a jar of Kruschen to-day (lasts 4 weeks and costs but a trifle) and if you don't lose 12 lbs. and feel years younger and healthier—money back. Simply take half teaspoonful in cup of hot water every morning (tastes fine with juice of half lemon added). W. L. Doss sells lots of it.

Monday the petit jury panel summoned for second week of court is to appear. Civil jury cases have been set for trial during that week.

"Use common sense and follow your oath and obligation," briefly summed up charge delivered members of the jury Monday morning as the court empaneled the twelve men and sent them to their chambers to begin deliberations.

Earl Jackson of Lorraine was appointed foreman. Other members of the jury include J. C. Pritchett, J. Ralph Lee, E. B. Smith, Ed Hallmark, J. Marvin Dorn, A. J. Hooks, J. M. Rogers, H. B. Beights, R. A. Hood, A. J. Roach and U. D. Wulffjen.

Jack Delaney, constable of precinct 1, and N. T. Womack were sworn in as court bailiffs.

Two farmers, summoned as members of the grand jury panel, were dismissed on order of the court after they had stated a part of their crops would have to be replanted.

proposed lake site and "give us the lake without any local cost." Ratliff advanced that statement after reporting that he was told by an army official the other day that the government planned increasing the number of these camps from 1,500 to 3,000.

"It was through such Federal outlay that several of our large lake and park projects have been built or are now in the building," Ratliff declared. One of the projects he referred to was the park on mountain near Big Spring.

Bridgford stated that he had never found business and professional men so universally interested in a public improvement project. "I have in mind a number of men who will subscribe liberally in cash to this project and there are many others who will follow them in that respect," he said. Greene recalled that a few months ago the Federal government announced a program of water conservation, looking to the construction of dams in this country to assure a more dependable water supply.

The chamber of commerce last March sent out a committee of which R. D. Buchanan, engineer, was chairman, to make investigation as to feasibility of proposed dam sites, he stated. After having inspected several places on Champion, Camp, Morgan and other creeks, the committee reported that location on Champion below the bridge at Seven Wells was the most practical.

This proposed site was again inspected by a group of interested citizens Thursday afternoon. Greene explained that approximately 160 acres of land would have to be ac-

quired and went on to say that at least one of the owners would cooperate in every respect. It was believed that there would be little difficulty as to the others, judging from expressions given a few weeks ago when approached by members of the chamber of commerce committee.

"There can be no reason in Colorado resting on her ears in this respect when we have the resources, both natural and financial, to provide such an asset to the people of this community," Bridgford declared. "If we are in earnest about this matter the lake will be built. Our own people had rather do their fishing

and boating at home than go elsewhere, and when they motor to an out of the county point, they are taking money to be put in circulation there that should be retained at home."

COLORADO OFFERS STRONG TRIBUTE TO SOLDIER DEAD IN SERVICES ON THURSDAY

Memorial Day Observed With Impressive Rites With Ladies In Charge

Colorado turned aside from the usual routine Thursday afternoon to join with Americans everywhere in observance of Memorial Day, annual occasion on which tribute is offered the soldier dead. The impressive rites were given, first at First Christian church, and later at the municipal cemetery with ladies of the American Legion, D.A.R. and U.D.C. directing.

Program at the church, opening at 6:15 o'clock, featured an address by the Rev. Dick O'Brien of First Baptist church who spoke from the subject, "The Value of Memorials." The speaker offered strong tribute to the men and women of history who through their devotion and patriotism had sustained the principles of citizenship upon which America stands today. Mrs. J. G. Merritt was in charge.

Other numbers on the program, all strongly suggestive of spiritual patriotism, included "Pledge to the Flag," led by Mrs. C. E. Way; invocation by the Rev. Wallace Jones of First Christian church; vocal solo by Mrs. Bill Martin of Lorraine; singing by a chorus directed by Mrs. N. H. White, Jr., and the benediction pronounced by the Rev. Cal C. Wright of First Methodist church.

Adjourning to the cemetery wreaths were placed on graves of 102 soldiers of the Southern Confederacy, Union Army, Spanish-American War and the World War. Boy Scouts rendered assistance there in placing the memorial insignia.

SHERIFF'S SALE
THE STATE OF TEXAS
COUNTY OF MITCHELL.
NOTICE IS HEREBY GIVEN That by virtue of a certain Order of Sale issued out of the Honorable District Court of Mitchell County, on the 6th day of June 1935, by J. H. Ballard, Clerk of said District Court for the sum of Five Thousand Six Hundred Twenty-seven & 40/100 (\$5627.40) Dollars with ten per cent interest thereon from July 26, 1929, and costs of suit, under a judgment

of foreclosure of a judgment lien, in favor of Jefferson Standard Life Insurance Company of Greensboro, North Carolina, a corporation, in a certain cause in said Court, No. 5338 and styled Jefferson Standard Life Insurance Company of Greensboro, North Carolina vs. W. T. Hamm et al., placed in my hands for service, I, R. E. Gregory as Sheriff of Mitchell County, Texas, did on the 6th day of June 1935, levy on certain Real Estate, situated in Mitchell County, Texas, described as follows, to-wit:

Being all of Lots Nos. Seven (7) and Eight (8) in Block No. Sixteen (16) in The Texas & Pacific Division of the Town of Lorraine, in said Mit-

chell County, Texas, as described in the map of said town of record in Vol. 16, pages 602-603, of the Deed Records of said county; and being the same land conveyed by and described in deed from F. P. Dearen and wife to W. T. Hamm, dated November 15, 1926, and recorded in Vol. 57, on page 593, of the Deed Records of said Mitchell County; and levied upon as the property of W. T. Hamm, Amelia A. Hamm and H. B. Wilson, and that on the first Tuesday in July 1935, the same being the second day of said month, at the Court House door of Mitchell County, in the City of Colorado, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy

and said order of sale and judgment of foreclosure, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said W. T. Hamm, Amelia A. Hamm and H. B. Wilson. And in compliance with law, I give notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Colorado Record, a newspaper published in Mitchell County.

Witness my hand, this 6th day of June 1935.
R. E. GREGORY,
Sheriff Mitchell County, Texas.

TEN THOUSAND EXPECTED ATTEND SONG GATHERING

AREA MUSICAL FEST WILL OPEN FRIDAY NIGHT WITH SONGS BY NEGRO ARTISTS

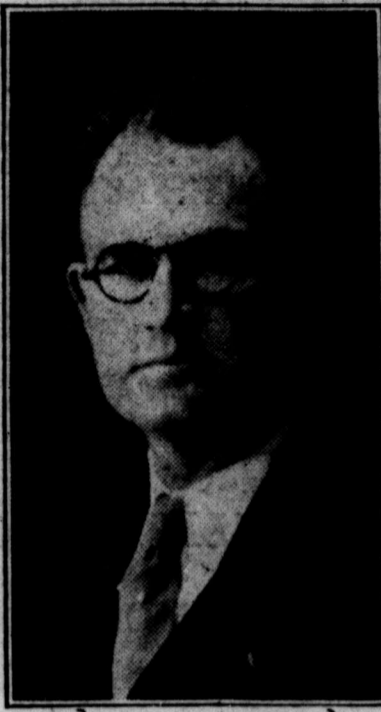

Stamps, Martin, Echols, Baze And Other Noted Male Quartets Coming

Colorado will entertain one of the largest gatherings assembled during the year when musicians and delegates to annual meeting of the T-P Singing Convention converge here Saturday and Sunday, W. Shaw of Abilene, president of the convention, states in a letter received Wednesday.

That artists who merit a commendable approval throughout the State are to be present and offer numbers on the two-day program was outlined by the president. Among them are the V. O. Stamps and Freddie Martin organizations of Dallas, the Odie Echols and Clyde Burleson quartets of Lubbock and Baze Brothers of Tuxedo, along with an array of other well known musicians.

Formal opening of the convention is set for Friday night at Ruddick Park when the St. Louis Negro Quartet is to be presented in a select program. Arrangements for bringing the negroes here, now in Dallas, were completed Wednesday afternoon by

HERDS RETURNED TO AREA PASTURES AFTER SPENDING WINTER ON SOUTH RANGES

Snyder and Capps-Lucas Get Shipment Quotas During The Past Few Days

Another gesture indicating return of better conditions for the cattle-men is seen in movement of range herds during the week from pastures in South Texas to this territory. During the week several loads of steers and heifers that during the winter months had been on pasture in more favored localities have been returned to the range from which they were moved several months ago.

D. H. Snyder, Colorado cattleman, is moving the larger quota of cattle back to his pastures in Mitchell, Howard, and Borden counties. Since first of the week he has shipped 37 loads to Colorado, Iatan and Coahoma for unloading and moving by trail to his pastures. Pat Sullivan has received four loads for pasturage on the Capps-Lucas ranch near Iatan.

Tuesday Snyder unloaded seven cars of steers and heifers to be put on pasturage on the Bell ranch. The shipment was from Goliad. Wednesday he received ten loads of steers from Beeville. They were driven to his Borden county ranch. Tuesday a total of 20 loads or 1,000 steers, were loaded out from Fannin by Snyder and billed to Colorado. The herd will be moved from here to the Borden county ranch.

The Sullivan shipment came from Linn and was received at Iatan Monday.

All of the herds are in good condition and have been placed on range here under the most favorable conditions. Grass and water are abundant on all of the pastures to which the consignments were made.

These cattle represent only a part of shipments made out of this territory last year when the range became barren of grass due to prolonged drought.

RANCHERS OF 50 YEARS AGO RESENTED BRINGING IN SOUTH TEXAS HERDS

That cattlemen operating in the country north and northwest from Colorado fifty years ago were up in arms to check movement of herds from South Texas is recalled in the "Fifty Years Ago Column" of a recent edition of the Dallas Morning News.

Ranchers in those areas were concerned over possibility of spread of Texas fever, said to be prevalent among range cattle south of the Texas & Pacific.

Echoes of the long extended prohibition fight in the State are heard in the same article. Dr. J. B. Cranfill of Gatesville was quoted as having announced that outlook for outlawing saloon forces were most encouraging.

LOCAL COTTON PRODUCERS PONDER EFFECT OF RULING ON 1935 LOAN EXTENSIONS

Recent Supreme Court Edict May Shake AAA, Farmers Of County Suggest

That provisions of the AAA affecting extensions of 1935 crop loans might be shaken was suggested here the first of this week by farm leaders of the Colorado territory as they studied reports from Washington on bearing of the recent NRA ruling by the Supreme Court.

This apparent uneasiness that had taken lodgement in minds of the growers was explained in reports that AAA officials at the National capitol had steadfastly refused to offer comment on expected or implied outcome of the muddled problem. The report was given officially that no prediction could be in order until after the first 1935 cotton crop estimate had been announced in August.

However, some AAA experts said privately that in view of the expected decision of the Supreme Court on the Bankhead cotton control law in the Fall and the uncertain course of action now facing the entire farm program, there might be some hesitancy in granting a new loan.

The 12-cent loans on the 1934 crop, due to expire July 1, recently were extended until Feb. 1, 1935.

AAA records showed that 10 and 12 cent loans for 1933 and 1934 on approximately 1,800,000 bales in the cotton pool, totaled more than \$47,800,000.

The 10 and 12 cent loans on cotton outside the pool, a total of 4,387,649 bales, were said to aggregate \$267,686,797.

Officials said that of the total loans, the Government actually advanced only \$33,171,000 in cash. The remainder of the loans was handled by banks, with the paper guaranteed by the Government.

Extension of the cotton loan was one of the problems believed under consideration by administration farm officials as they drafted amendments designated to strengthen the entire farm program against constitutional challenge. These were scheduled for completion by tomorrow or Tuesday. No definite word could be obtained concerning content of the changes. However, it was believed that the amendments would include marketing agreements, but would eliminate the controversial licensing provisions of the AAA. Some form of federal rules and regulations, such as those utilized by the Federal Trade Commission or the Interstate Commerce Commission, probably would be substituted for the licensing provisions.

STEWARDSHIP BANNER WON BY EPISCOPALIANS HERE FOR SIXTH TIME

For the sixth consecutive year, the church school of All Saints' Episcopal church has been awarded the stewardship banner for Ester offerings in the North Texas district, according to word received here this week.

The banner is awarded to the church school having the largest per capita offering.

The recruiting banner went to the Coleman church. The Rev. Alex B. Hanson, rector of All Saints', also serves the Coleman church.

BAND CONCERT WILL BE GIVEN FRIDAY, JUNE 14

Another band concert to which the public will be invited is slated for Friday night, June 14, at the band shell in Ruddick Park. Initial concert of the summer season, given a week ago, was interrupted somewhat when a threatening cloud developed to cause a number of those present to return home.

John L. Doss Recalls Memories Of Launching Drug Store 53 Years Ago

Memories of launching a drug store in the rip-roaring cattle town that was Colorado in 1882 are recalled by John L. Doss this week on the fifty-third anniversary of his coming to Colorado and entering the drug business.

Coming west because the country was new and booming, Mr. Doss opened his first drug store in a frame, false-fronted building on Oak street, just north of the present location of I. Tucker's grocery.

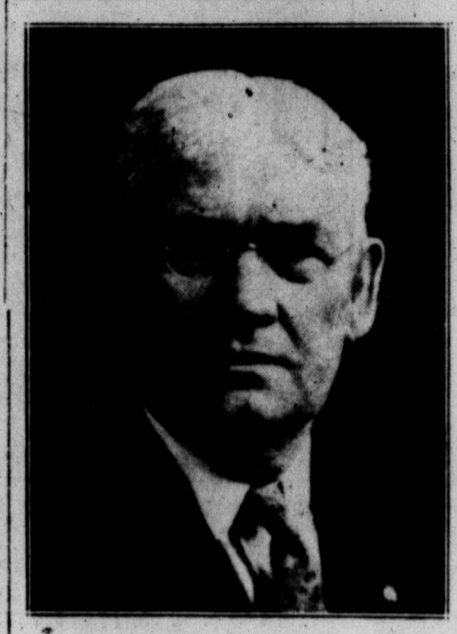

His competitors in the drug business at that time were Dr. W. D. Gooch and Dr. T. H. Lee, each of whom owned a store.

Mr. Doss was joined by his brother, W. L. Doss, Sr., also from Weatherford, in 1885. A short while after their partnership was formed they moved to the building now occupied by the Broadway cafe. Then, in 1887, they moved to the building now occupied by the John L. Doss drug.

In 1906 Mr. John Doss left the drug partnership to become president of the City National bank, but in 1915 he went back in the drug business, occupying the present W. L. Doss drug location. The two stores exchanged locations in 1918.

With very few exceptions, Mr. Doss is one of the oldest druggists in the state in point of time served in his profession.

IN ABILENE MONDAY Miss Neta Mae Davis, Mrs. Rees Jones, Miss Grace Mann, and Miss Hattie Tankersley spent Monday in Abilene.

Exemption Pacts Must Be Signed By Saturday, June 15

Saturday, June 15, is closing date for cotton producers of Mitchell county to file application for tax-exemption certificates for this year, H. E. Goodwin, in charge of this department, recalled Wednesday morning.

All producers must make application regardless of whether or not the farm is covered by reduction contract. Those failing to make application before the above date will not receive their share of the exemption certificates, and will be in line to pay the tax on all cotton ginned by them from the 1935 crop.

Dates for the sign-up in different communities have been announced. Those failing to sign-up with the community committeeman may do so by calling at the county agent's office on Saturday, June 8; Thursday, June 13, or Saturday, June 15.

Wheeler-Rayburn Bill Violates Spirit of New Deal...

DOES the Wheeler-Rayburn bill, which would injure and handicap local electric companies, follow the spirit of the New Deal?

This bill, now pending in Congress, has caused a nation-wide protest because it arbitrarily abolishes holding companies and usurps local control of privately-owned electric companies, passing that control into the hands of political commissions in Washington.

As generally understood the New Deal has three main objectives. To:

- 1—Create employment
- 2—Bring back prosperity
- 3—Establish greater social security

Let's test the Wheeler-Rayburn bill as far as the New Deal is concerned:

Would the Wheeler-Rayburn bill create more jobs? NO! By abolishing holding companies it would put many more thousands into the ranks of the unemployed and on relief. Also the drastic and unfair restrictions it places on local companies would discourage greater payrolls and expenditures. It would spread fear to other employers of labor because of its socialistic trend. This would create greater unemployment.

Will the Wheeler-Rayburn bill aid in the return to prosperity? NO! It would delay our return to better days because it would cripple and in many instances actually destroy large segments of one of the largest industries and one of the largest taxpayers in the country. The investments of ten million people would be endangered and in many instances, destroyed.

What business can prosper with its control and its very destiny in the hands of political commissions?

Will the Wheeler-Rayburn bill establish social security? NO! For reasons already given the Wheeler-Rayburn bill would undermine security.

It would undermine the security that now exists among the half million employees of public utilities. It would make of these employees political officeholders!

It would cut loose the security of the thousands employed by holding companies, sending them out to look for jobs.

It would invade the homes of millions and destroy honest investments.

It would spread unrest, and make business afraid. This fear would retard prosperity.

The Wheeler-Rayburn bill violates the very spirit of the New Deal.

Little Girl Killed When Run Down By Train At Crossing

Wanda Nell, the 20-month-old daughter of Mr. and Mrs. Frank Wilson of a few miles east of Sweetwater, was instantly killed late Monday when run down by the Sunshine Special, crack passenger train of the Texas & Pacific.

The child had wandered onto the railway tracks in play. Her doll, usually carried by the little girl, was found on tracks of the railroad near spot where the fast train struck her.

Body of the child was found 200 yards from the spot where she was hit. Members of the train crew reported they did not see the little girl.

HYMAN GIRLS MEET TO VIEW IMPROVED ROOM

The purpose of the meeting of the Hyman 4-H Girls' club Friday, May 31, was to see what had been accomplished by Louise Fowler, club bedroom improvement demonstrator.

Plans for Rally Day were discussed. The county home demonstration agent gave an illustrated talk on articles that girls use in making a bedroom more livable.

Seven club girls were present and eight adults were visitors. The girls will go on a picnic June 21 at six o'clock.

HOME OF THE BIRD-BRAND COWBOYS

We have the following interesting information about a leading Texas industry from Mr. Philip Berman, who says:

Above is shown the plant of Armstrong Packing Company, sponsors of the "Bird-Brand Cowboys" and home of the pioneer shortening refiners of the Southwest.

Armstrong is truly a pioneer food manufacturer, since this company has been in operation for over 40 years. It is the Armstrong policy to buy

Texas cottonseed oil, since "What the Southwest makes makes the Southwest." It is interesting to know and it should thrill every Texan to know that the shortening he uses very likely was made from cottonseed produced near his own home.

The Armstrong Packing Company stands well up near the top among the purchasers of vegetable oils in the United States. These oils not only go into Bird-brand Shortening but also into the preparation of Bob White Shortening, Bird-brand Salad Oil, Bob White Cooking Oil and Yel-

low Bird Cooking Oil. If all the tank cars of oil used by Armstrong Packing Company in one year were lined up together they would form a train of cars many miles long. Every car in this train represents a goodly number of dollars paid to farmers in the Southwest for their cottonseed.

The "Bird-Brand Cowboys" need no introduction since they head the list of featured radio entertainers over stations WFAA and WBAP. This popular cowboy band broadcasts every Monday, Tuesday and Wednesday at 11:15 a. m.

FARM IMPLEMENTS TIRES OPENING NEW OPERATION FIELD. LOCAL MAN NOTES

Widen Space Of Tractor Use In Agriculture; Provide Speed and Economy

"It is interesting to watch the wave of agricultural activity that moves steadily northward every spring," declared Bill Thomas of Thomas brothers, local dealer for The Goodyear Tire & Rubber Co., commenting on the manner in which farm operations have been speeded up.

"There is agricultural activity all winter long in the southern areas, of course," Mr. Thomas continued. "Then, as warm weather begins to strike sections a little further north, the farmers begin operations in the fields with horses and tractors. Finally, the northernmost tier of states is included in the warmer weather belt, and the country goes forward with another crop season.

"Farmers all over the country are finding their operations with tractors can be speeded up immeasurably with pneumatic tires. The Goodyear Farm Implement tire, especially designed for tractors' and farm implements, increases speed, cuts down fuel costs, and for many other reasons enables the farmer to make more money.

"Many jobs formerly done by horses are now being done by pneumatic tired tractors, and high cost of feed is one of the reasons for the appearance of more and more tractors in the fields. Horses must be fed whether they work or not, while a tractor consumes fuel only when it works, and Goodyear Farm Implement tires enable the tractor to operate on about 25 per cent less fuel than if steel wheels are used.

"In addition to speed and economy, rubber tires widen the scope of the tractor, allowing it to be used for many more jobs than permitted by steel wheels."

DOLMAN GUESTS LEAVE

The group of relatives who have been visiting Mrs. A. H. Dolman and Mrs. Bruce Aycock left last week for their homes in the west. Mr. and Mrs. J. W. Humphreys were here from Reno, Nevada and J. M. Humphreys from Vellejo, California. The men are brothers of the two Colorado women.

Singing Convention

(Continued From Page One)

ed among the best ever heard in the South and Colorado should feel complimented in having them booked," Greene declared. "This city and Abilene, where they are to appear Thursday night, are the only West Texas points on their scheduled-"

They returned to Dallas this week after two weeks on the road." A select chorus of negro singers is being organized by Rev. Taylor, pastor of the local negro Methodist church, and this group will be heard as an added attraction on the outdoor program Friday night.

Greene stated Wednesday afternoon that plans were being concluded to handle an expected crowd of 5,000 people at the park program.

Greene stated that the opening program would be given from hand shell in the park, weather conditions being favorable. Otherwise the program will be moved to the tabernacle.

On the Saturday night program, to be given at Union Tabernacle, will be heard Mrs. Bill Martin and a chorus selected from the Colorado Music Club. A girls sextette from Lorraine will also be featured on this program.

The convention embraces territory from Abilene west to El Paso and north from San Angelo to Lubbock. President Shaw advances the opinion that not less than ten thousand people will be in Colorado for the sessions.

Along with the select musical artists scheduled to appear on the Saturday evening and Sunday programs, hundreds of talented singers from a half hundred West Texas communities will be present to add to galaxy of the occasion, Shaw went on to state.

W. L. Doss, Sr., president of the Mitchell County Singing convention and an official of the T.P. organization, is cooperating with Greene and other citizens in concluding plans for entertaining the large delegations expected. "This is to be among the greatest conventions Colorado has ever entertained," Doss declared Thursday morning.

The public is asked to attend the sessions, both at Ruddick Park Friday night, and the Saturday night and Sunday programs at the tabernacle.

RETURNS FROM DALLAS

Mrs. L. W. Sandusky returned Friday night from Dallas, where she had been to visit her sister, Mrs. B. A. McKinney, who is ill.

STARTS 15-DAY VACATION

Corley Bozeman, postoffice employee, began his fifteen-day annual vacation Wednesday. He has not planned a definite vacation trip yet.

WHEN LIVES ARE AT STAKE

You need the same fire protection that race drivers demand

Kelly Pettilo on May 30th won the five hundred mile Indianapolis race on Firestone Tires, breaking the track record and driving the entire distance at a rate of 106.240 miles per hour.

This record is an astounding demonstration of tire efficiency. To go 500 miles in less than five hours on this rough and bumpy 26-year-old brick track demonstrates the strength and blowout protection that Firestone builds into their Gum-Dipped Tires.

AB JENKINS ALSO RECENTLY DEMONSTRATED THE stamina, efficiency, and blowout protection built into Firestone Gum-Dipped Tires. He drove his 5000 pound car over the hot salt beds at Lake Bonneville, Utah, 3000 miles in 23 1/2 hours. This was an average speed of 127.2 miles per hour, and although temperatures were as high as 120°, he had no blowouts or the trouble of any kind.

These records are made possible by special construction features built into Firestone Gum-Dipped Tires.

Take no chances—protect your life and the lives of others by letting us equip your car with Firestone Tires.

Before you buy new tires ask yourself these three questions

1—Will the tread give me the greatest traction and protection against skidding?

Answer No. 1—University tests show Firestone Tires stop your car 15% quicker than best tires.

2—Are they built to give me the greatest blowout protection?

Answer No. 2—Unequaled performance records prove that Gum-Dipping gives the greatest blowout protection known.

3—Without sacrificing these two important safety features will they give me longer mileage, thus making them the most economical tires I can buy?

Answer No. 3—Our owners report unequalled mileage records of the longer wear and greater economy of Firestone Tires.

Enrollment In Vacation Bible School Reaches 178; Faculty Numbers Over 20

Enrollment in the Daily Vacation Bible school which opened Monday at the First Baptist church swelled to 178 Wednesday morning. Children of all denominations from 4 to 16 years of age are included.

Daily sessions for Juniors and Intermediates are held from 8 until 11 o'clock each morning and for the Primaries and Beginners from 8 until 10:30. No school is to be held on Saturday.

Miss Nina Meredith of Dallas is general superintendent of the school. Assisting here are the church pastor, the Rev. P. D. O'Brien; Mrs. O'Brien, as assistant superintendent; Mrs. Mary Lynch as general secretary; and a faculty composed of the following:

Beginners: Miss Elizabeth Terrell, superintendent; Mrs. G. C. Williams, teacher; Mrs. Ethel Dawson, pianist; Miss Mary Rice, secretary; Primaries: Miss Pearl Bryant, superintendent; Mrs. Paul Cooper, teacher; Mrs. Dean Phenix, secretary; Miss Elverie Sorrells, pianist; Mrs. Elmer Pickens, teacher; Juniors: Mrs. G. B. Hardcastle, superintendent; Mrs. A. L. Whipkey, story telling; Mrs. F. B. Whipkey, needlework; Miss Sterling Cooper, manual training; Miss Wilma Barnett, secretary; Miss Alyne Moore, pianist; Mrs. B. F. King, teacher;

Mrs. Jake Fields, teacher; Mrs. R. H. Delaney, sewing; Intermediates: Mrs. J. L. Eckleberry, superintendent; the Rev. Mr. O'Brien, Bible teacher; Mrs. C. A. Wilkins, story telling; Miss Agnes Cawthron, secretary; Mrs. W. W. Whipkey, sewing teacher.

The Beginners, age 4 and 5, have a worship period, a story period, and supervised play. At mid-morning each child is served with a glass of milk and a cookie and taught to say a blessing. They are also guided through a rest period.

Bible stories, habit stories, songs, and dramatization of stories are featured on the program of the Primaries, including children of 6, 7, and 8 years.

Juniors (9-12) and Intermediates (13-16) have a joint worship period of forty minutes early each morning. Afterward the Juniors have Bible stories, memory work, character stories, and sword drills, while the Intermediates have a Bible study on Mark, led by Rev. Mr. O'Brien, then discussions, character stories, and hand work. Some handwork is done in all other departments, also.

A picnic is being arranged for the pupils on Friday of this week and a public commencement service will be held on the night of the closing Friday next week.

Texas University Confers Degrees On 850 Students

Degrees of the University of Texas were conferred Monday on 850 graduates, the largest June class in the school's fifty-one years.

The doctor of philosophy degree was conferred on twenty-nine, and the largest number in the school's history. Fifty-one graduates of the law school were administered the oath before the Supreme Court and admitted to the bar. All were men.

Dr. H. Y. Benedict, president of the university, warned the graduates in a commencement address that the world was in an unprecedented state of turmoil, with social problems requiring collective action to better civilization.

"Each of you has a social responsibility in the world you are about to enter," he said. "The University of Texas has for its purpose not so much to enable its graduates to find jobs but to establish a better commonwealth."

The Rev. Graham Frank, pastor of the Central Christian Church of Dallas, preached the baccalaureate sermon Sunday.

WYLIE KINARD'S SISTER, FORMERLY OF COLORADO, DIED FRIDAY IN PARIS

Word of the death in Paris, Texas, of Mrs. E. W. Read, former Coloradoan and sister of Wylie Kinard of Colorado, was received here last Friday. Mr. Kinard left immediately for Paris and was there for the funeral services Saturday afternoon. Mrs. Kinard accompanied him and they returned home Monday.

Mrs. Read, who was 31 years of age, lived in Biardstown but had been under treatment in Paris for several weeks. When the Read's lived here Mr. Read was connected with Whitaker's Bakery for a time and later was keeper of the Colorado country club.

Surviving Mrs. Read are her husband and a five-year-old daughter; her father, V. H. Kinard of Biardstown, and her brother here.

'We Are Ready For The Crowds,' Spade School Head Says

R. B. Hood, principal of Spade school, announced Thursday morning that all plans for entertaining a record attendance Saturday had been concluded. Two prominent State officials will speak and a barbecue will be served as featured attractions on the day's program.

The occasion is to mark closing of the Spade school and citizens of that community are enthused over the fact that theirs is to be the outstanding such event in this county this Spring.

"Fact that Attorney General McCraw and Senator Collie are slated to deliver addresses is enough to sustain our claim this is to be a gala day for Mitchell County," Hood declared. "We are ready for the crowds and will be looking for many hundreds as our guests."

STANSIL WHIPKEY HERE

Stansil Whipkey of Dallas was in Colorado Sunday for a short visit with his parents, Mr. and Mrs. A. L. Whipkey. He had been in Abilene closing up tourist arrangements for the European tour of the Simmons Cowboy band.

GOES TO WASHINGTON

Mr. and Mrs. A. L. Whipkey have received word that Mrs. Robert Whipkey of Abilene has been called to Washington to work for Congressman Tom Blanton, for whom she formerly worked in Abilene. She left Monday and will probably remain until congress adjourns. Mr. Whipkey is remaining in Abilene, where he is telegraph editor on the Abilene Morning News.

OFFICIAL IMPROVING

W. D. McCarley of Lorraine, county commissioner from that precinct, is slowly improving from effects of a stroke sustained several days ago. Dr. Martin, attending physician, is of the opinion the county official will be able to be up again.

JACK COX TO WORK

Jack Cox, who has been attending Abilene Christian college, left Monday morning to begin work during vacation months with the Holland publishing company of Dallas. He visited his parents, Mr. and Mrs. O. C. Cox, for a few days after returning from college.

THREE-DAY FREE COOKING SCHOOL OPENS MONDAY

NEW RECEIPTS AND NEW METHODS WILL BE GIVEN CLASSES BY MISS HOGUE

Authority On Food And Home Economics To Cover Every Phase Of Cookery

Only two days remain until the opening of the Colorado Record annual free School of Cookery, which will be held under the personal supervision of the noted authority on foods and home economics, Miss Jessie Hogue. June 10, 11 and 12 are dates for the school, which will be held in the Earnest Building formerly occupied by Jones, Russell & Co.

Cookery, new recipes, new methods and the many new appliances that are now available for the home will be included in the variety of subjects to be covered by Miss Hogue in the three-day classes.

She will have an attractive modern kitchen for your inspection, equipped with the very latest in ranges, refrigerators, tables and cabinets, as well as many small, but important devices, such as beaters, aluminum utensils, and those handy gadgets which make kitchen work a pleasure in this modern age.

You will hear that there are newer and better ways to make a cake or salads; that there are new economical, yet delicious vegetable recipes; that there are inexpensive but excellent meat dishes; all easy to make, good to look at and very appealing to the family appetite. Every phase of cookery from plain family meals to luncheons for parties and other formal and informal functions, will be explained.

Every day a variety of dishes will be demonstrated, each one different from those of the preceding day. Each day these dishes will be cooked while you are comfortably seated, perhaps notebook in hand. And Miss Hogue will tell you how best to arrange and serve the meals that are discussed.

"The Question Box," a happy solution to many of the housewives' most perplexing problems, will be introduced to the women of this city by Miss Hogue.

The Question Box is a silent but effective worker. You merely write your questions on a slip of paper and drop them in the box. You do not have to sign them unless you want to. And, they will have the immediate attention of Miss Hogue, whose sole aim in life is to be of the greatest possible service to women everywhere.

With long experience in America, Miss Hogue comes here well-equipped to render invaluable aid to the housewives of this city.

Every recipe, every kitchen suggestion that has a part in the Record Cooking School, has been tried and tested not only by Miss Hogue herself, but by a small army of practical housewives.

Don't attend the Record Cooking School expecting to hear about only the party dishes. They'll have their part of course, but the main things you'll see and hear are the simple,

Lions To Ballot On Officers, Directors At Meeting Friday

Members of the Lions Club will turn attention to annual election as they gather for the weekly luncheon meeting Friday at noon. Nominations for officers and directors were voted two weeks ago.

Following the election of the service club's official roster for the next year, to begin on first Friday in July, the club will designate member delegate to attend sessions of Lions International convention in Mexico City, on Friday, June 14.

The retiring president, Dr. Dave Bridgford, has requested that all members of the club who can do so be present for the meeting.

REFINERY PUBLICATION CONTINUES TO ADVANCE PRINCIPLES OF SAFETY

"The Safetygram," official publication issued by employees at Col-Tex refinery, current edition of which was being circulated Friday, continues to preach the principles of safety. Glen Russell, editor, offers convincing argument to sustain the proposition that it pays to be careful, no matter what one may be doing.

As in previous editions, the paper is well illustrated. Its reading matter is well written on subjects that are calculated to interest the average citizen.

Record of Col-Tex in having no accidents in fifty days is pointed to with pride.

EVANGELISM THEME OF WORKERS CONFERENCE

"Evangelism" will be the program theme for the monthly meeting of the Workers Conference of the Mitchell-Scurry Baptist association at the Dunn Baptist church Tuesday.

The Rev. P. D. O'Brien, pastor of the First Baptist church here, will deliver a sermon at 11:35 that morning.

The day's program will be as follows: 10:00—Devotional...Forest Huffman
10:20—"Getting Ready for a Revival".....A. C. Hardin
10:45—"The Place of Doctrinal Preaching in a Revival".....G. W. Parks

11:10—"The Church in a Revival".....James Easterwood
11:35—Sermon.....P. D. O'Brien
Noon—Lunch served by the local church.
2:00—Board Meeting. W. M. S. Meeting.
2:50—Business.
2:00—Sermon.....Jimmie Fields

easy little workaday hints and time-savers that make kitchen work and cooking a positive pleasure. In short, Miss Hogue will show you the short cut to happiness in family life by telling you how three meals a day may be cooked and served with a high degree of satisfaction and a minimum of effort.

Every session will be free—and there will be no obligation of any sort.

ECONOMIC EXPERT TO DIRECT COOKING SCHOOL

Pictured above is Miss Jessie Hogue, well-known economist and cookery expert, who will direct classes in The Record Cooking School to open Monday in the Earnest building on East Second Street.

Mrs. Tucker's Shortening Will Be Used During Cooking School Here Next Week

Mrs. Tucker's Shortening will be used in the Cooking School primarily because it is a 100% cottonseed oil product.

Being made exclusively from choice cottonseed oil, Mrs. Tucker's Shortening serves the Southwestern housewives in two distinct ways. First, cottonseed oil has been proven by government and scientific tests to be the best and most digestible shortening agent known. Second, every pound of cottonseed oil consumed helps the market for cotton and cottonseed produced in the southwest.

As it takes the cottonseed from about one-tenth of an acre to produce a four pound pail or carton of Mrs. Tucker's Shortening, housewives in this section can readily understand the importance of Mrs. Tucker's Shortening to the southwest which produces more cotton than any other section of the world its size. The Interstate Cotton Oil Refin-

ing Company at Sherman, Texas, buys the choicest cottonseed oil from all parts of the Southwest; refines it and super-refines it; their creams and triple creams it into pure, white and fluffy Mrs. Tucker's Shortening, which is easy to use in the kitchen and easy to digest. The triple creaming process appeals to housewives because it delivers Mrs. Tucker's Shortening so finely textured and silky smooth that it does not have to be creamed unless the housewife desires.

Other qualities of this shortening which appeal to good cooks are the facts that its cartons are air tight inner sealed with cellophane; it will not pop nor spatter when used for frying; and it is economical because it goes farther.

Mrs. Tucker says that no matter how cheap inferior oils and fats may become, her shortening will never be adulterated—it will always be pure cottonseed oil.

RECORD'S COOKING SCHOOL WILL BE HELD IN EARNEST BUILDING ON EAST SECOND

Every Facility For Comfort And Convenience Of The Visitors Be Made

The Record's cooking school to open Monday for a session of three days will be staged in the Earnest Building on East Second street recently vacated by Jones, Russell Company. There every facility for comfort and convenience of the hundreds of guests expected are to be provided.

"The Record considers itself fortunate in having been able to obtain use of this building for the school," W. W. Whipkey, publisher of The Record, stated Monday. The place is commodious and reflects other requisites that should be considered in planning for a school such as this one is going to be," he continued.

Whipkey again stressed position of The Record in extending cordial invitation to every woman and girl of this county to attend any or all of the sessions, to run through Monday, Tuesday and Wednesday. The school, both actual demonstrations and lectures by Miss Hogue, are to be absolutely free and every guest will be made to realize she is welcome.

Reports continue to be received here from various community centers in which Miss Hogue has conducted cooking schools, and in every instance she is referred to as one of the most pleasing and capable experts in that field to ever be presented to the public.

THE RECORD FOLLOWING COLORADO CITIZENS TO SCHOOL, VACATIONS

The Record will follow scores of Colorado citizens as they go elsewhere to attend Summer school, on vacation and other diversions from the regulation routine, records being compiled in the circulation department show.

Several teachers, not alone in the Colorado schools, but at other community centers, are to attend school during the summer. As a rule they are requesting that this newspaper be sent to their address while away. There are others, planning to be absent for brief stays, who have expressed interest in the paper by having it forwarded to them.

Extension Of Aid To Farmers Here Sought By Mahon

Congressman George Mahon has conferred with Government officials in Washington in an effort to secure an extension of the aid that has been rendered farmers of the drought area. He has been working with the Commodities Purchase Section of the Agricultural Adjustment Administration and the Interstate Commerce Commission regarding a 30 day extension of the reduced freight rates on hay and feed being shipped into the counties that have suffered most from the drought.

The agreement which made possible the reduced rates during the last few months expired May 31. The Commodities Purchase Section has included 131 Mid-Western counties in the proposed area to be benefited, 60 of which are in West Texas.

He has also made an effort through the Farm Credit Administration and the Texas Relief Commission to secure an increase in the amount of the loan allowed farmers for feed for livestock.

Mr. Mahon said: "Now that rains have come over West Texas, our farmers have an opportunity to bring themselves back to a basis of prosperity if they can only be carried over a few more months until a new crop can be raised. I believe that those steps which the government has taken to help the farmers in the drought area should not be withdrawn at this crucial time, but should be continued until returns from a new crop can be realized."

Romance Of Coffee Is Among The Truly Interesting Chapters In Food History

The exact time and circumstance marking the first use of coffee as a beverage are shrouded in mystery and legend. In fact, there are many legends about the early drinking of coffee, but perhaps the one most generally accepted runs something like this:

"A venerable doctor-priest named Omar in the city of Mocha, in Arabia, committed some indiscretions involving a lady, and for his offense the authorities banished Omar to the hills in the interior. Food was scarce and the doctor nearly starved. He once saw some wild goats eating the dried berries that had fallen from a certain kind of bush, and soon after they became frisky and gambled about like young kids.

"Omar gathered up some of the dry berries and stewed them in a pan, drinking the decoction, and immediately the pangs of hunger subsided and he felt revived.

"Thereafter, he subsisted largely on the brew from the coffee berries, until a party of his friends, searching the hills for him, found him. He gave them some of the brew and they liked it. They carried a quantity of the berries back to Mocha where they created a sensation. The rulers of the city sent out and brought Omar home under a full pardon, and when he died, it is said he was canonized as a saint.

The gathering of the coffee berries and the drinking of the brew then went on apace in the city of Mocha and spread throughout the Mohamadan areas.

Eventually some one, possibly Helen of Troy, carried the brew to Rome; but the early Christian Church opposed its use. The drinking of coffee was condemned and it was denominated a "devil's drink."

However, Pope Clementine, hearing of the beverage, decided to investigate for himself. He had some coffee served to him. He was delighted with it and is said to have exclaimed, "Isn't it a pity the Devil should have a monopoly on anything so good. We'll baptize it and make it a truly Christian drink." And he did.

The consumption of coffee then spread through Austria, Germany, to England and to the Scandinavian countries. Many interesting incidents are connected with this new habit. A king's ransom was once paid in coffee. A treaty of peace was once made between Austria and one of its enemies on the basis that the victors would take coffee in payment of all indemnities.

The Coffee House as a meeting place became a feature of the artistic and literary life of London. It was in a London Coffee House that "The Spectator" was born and Addison, Steele, Samuel Johnson and others of their group met and discussed many matters.

In the United States, Coffee Houses flourished in Boston, New York, Philadelphia and Baltimore. Some became world famous. It was in these Coffee Houses in New York, Philadelphia and Baltimore, that the leaders of the early Colonies gathered for discussions. And it was in these meeting places, over their cups of coffee, that the most important state papers of the Colonies and the United States, such as the Declaration of Independence, the Articles of Confederation and the preliminary draft of the Constitution were written.

In 1632, a Captain Matthew DeCieu of France, on his way to a post of duty in the Island of Martinique, carried a coffee plant from the Royal Gardens in Paris. The ship was becalmed and DeCieu shared his small daily ration of water with his precious coffee plant, keeping it alive and planting it on his arrival at Martinique. From this plant came the start of the now famous plantations in Mexico, Central America and Brazil.

The growth of the coffee industry in the Western Hemisphere has been enormous. Nations to the south of us, gather much of the revenue to maintain their governments from that industry.

The people of the United States constitute the best and largest market for the coffee growers of those Southern neighbors, and coffee is destined to be the bond that will bind the peoples of the Western World together in firm friendship.

The Duncan Coffee Company of Houston is a good customer of many of the leading shippers and coffee merchants in South America, Central America and Mexico, and their popular brands, Admiration and Bright & Early Coffees, are made up of the finest coffees grown on carefully selected plantations in those countries.

Coffee is America's favorite beverage—and Admiration and Bright & Early are Texas' favorite coffees.

Appreciating the greater food value in fresh coffee and the frequent ill effects of stale coffee, the makers of Admiration Coffee have developed a fast motor truck delivery system that puts oven fresh coffee on every grocer's shelf every seven days, and now, to keep coffee fresh longer they are packing the coffee under vacuum in glass jars, which make the most efficient containers yet produced.

Intelligence Will Govern Lessons To Be Given At School

The same intelligence which is applied to the planning of a workshop or a business office may now be used in making the kitchen a better place to work in, according to Miss Hogue, nationally known authority of Foods and Economics, who will be presented by this newspaper in the Record Cooking School at Colorado on June 10, 11, and 12.

The old days of drudgery in the kitchen are no more—gone never to return—and what a boon to the housewife! There is something she is able to boast about as being far superior to mother's or grandmother's day!

Women have been known to walk miles and miles in a poorly planned kitchen in the course of a single day. Exercise is, of course, a splendid thing, but the woman who gets her only exercise in the kitchen will find herself a nervous wreck at the end of the day.

So we might say that the old kitchen has had its face lifted, and is keeping step with progressive modern ideas—and the new kitchen has become a delightful workshop, thus doing its bit and adding materially to the progress of this modern age.

Miss Hogue will tell you how all these things are accomplished with the least possible effort when the Record Cooking School comes to Colorado, and whether you are a bride of a month, or a grandmother, or just a young housewife, or one of middle age, you'll enjoy these programs on the age old, but deservedly popular theme of cookery.

There are many short-cuts and main roads leading to culinary success and perfection, and the Record Cooking School and this newspaper will show them to you, through the medium of this nationally known expert. Plan to attend every session. No admission fee and no obligation.

Belated Campaign For 'Cheaper Ice' Staged By Coloradoans 25 Years Ago

The coming of hot weather in Colorado a quarter of a century ago brought on a rather belated campaign for cheaper ice. The result was chronicled in the Record for Friday, June 10, in a front page story about the organization of a creamery and ice plant by a number of local citizens.

Meeting at the opera house on Friday morning, the interested citizens elected T. H. Roe temporary chairman and G. L. Wallace secretary. The following executive committee was selected: W. W. Watson, Ben S. VanTuyt, F. M. Burns, A. J. Coe, J. F. Clayton, and C. H. Earnest.

Ed W. Smith and G. L. Wallace, officers of the Commercial club were given a vote of thanks for working to make the organization possible. The plants were to be located on the northwest corner of the block where "Mr. Stitt's grain and feed establishment is situated." It was to be "only a couple of months" until they would be operating.

Witten Bros. were to sell ice from Abilene until the plant was completed. The cost was to be \$40 per hundred pounds.

Ladies of the "Aid Society" of the First Baptist church had sponsored a cake-baking contest at the grocery department of Burns & Bell, with Mrs. W. B. Crockett and Mrs. J. W. Nunn coming out winners.

Included in the cast of a play to be given by ladies of the Christian church were L. W. Sandusky, Dr. Campbell, Charlie Thomas, Mertie Vaughan, John Farmer, Heywood Glisson, Jerome Hester, Mrs. Annis, Ethel Majors, Mrs. Sam Majors, Louise Coe, and Mrs. Obie Avery. Specialties were to be given by W. B. Crockett and Winnie Crockett, Mrs. Brooks Bell, and Miss Exa McClure. Jim Lovelace had been employed by the Colorado Mercantile company to work in the implement and vehicle department.

Carlton Homan, enroute to his home in El Paso after attending T. C. U., stopped off to visit friends.

Miss Bird Blandford had returned from a visit with friends at Pecos. The embalming and undertaking part of H. L. Hutchinson's business was to be in charge of J. E. Mersereau, from Tyler. Ending an extended visit with

friends at Abilene, Mrs. Ben Simmons had come home on Thursday night. Sam Singleton and wife and son had been visitors in Colorado. A young child of Mr. and Mrs. J. B. Holt had died on Wednesday morning. Mr. Holt at the time was

employed by the Colorado Mercantile Co.

Miss Hazel McKenzie was spending the week at Big Spring.

The Rev. Holmes Nichol had unexpectedly resigned on Sunday as pastor of the First Baptist church. He had accepted a call to go to Vernon.

Mrs. Winfrey's hotel had been taken over by Mr. and Mrs. J. C. Mason from New Mexico.

COLORADOAN CONTINUES IN FIGHT TO CREATE FEDERAL COURT IN THIS TERRITORY

Congressman Mahon Insisting West Texas Not Given Due Consideration

Congressman George Mahon of Colorado, representing the 19th Texas district, continues in the demand that some kind of recognition be given West Texas in the way of Federal court matters. Reports from Washington Monday, however, indicated that Mahon was running into the usual opposition in attempt to create a new court district.

His bill to create a new district for the convenience of a large territory in West Texas was reported favorably from a house judiciary sub-committee but ran into a stone wall when it reached the full committee.

Representative Hatton Summers of Dallas, chairman, felt he must follow the administration plan of leaving the major districts of a state as they are and has not called it up for consideration.

Not to be defeated so easily Mahon now has a scheme to create a new division of the present North Texas district centering around Big Spring. It would embrace Andrews, Borden, Dawson, Gaines, Glasscock, Howard, Midland, Mitchell and Scurry counties. This would permit Judge William Hawley Atwell, from the Dallas division, for instance, to sit at Big Spring when he makes his usual western trip to San Angelo.

Mahon told the judiciary committee at hearings on his first bill he recognized the policy of the government in federal court matters and said he was in favor of it "except where there is an emergency and I think that emergency is presented in this case."

THEATRE NEWS

By SHERMAN HART
"ROBERTA"—Palace
Saturday Midnite Matinee and Sunday-Monday, June 8, 9, 10

A musical fashion with gorgeous gown creations to please the eye of the women folks, plus the ace dancing of Astaire, the equally fine dancing and acting of Ginger Rogers, the finished performance and appealing voice of the graceful Irene Dunne and the well-executed romantic role by Randolph Scott. Principal action is in Paris where Helen Westley operates a gown shop assisted by Irene Dunne, where Ginger Rogers puts on the act as a Countess. Fred Astaire, the leader of a band erroneously hired as Indians—in reality Indians—arrives to recognize Ginger as his old American sweetheart, and Randolph Scott gives his old flame the cold shoulder for Irene Dunne. Catchy musical numbers, elaborate settings and smart dialogue.

"MYSTERY WOMAN"
Palace—June 11-12

Aside from a story idea that is somewhat familiar, the business of chasing a document half-way around the world with its attendant intrigues and complications, this film is ably performed and builds a fair amount of suspense. In her efforts to obtain an important paper that would free her husband, wrongly accused as a spy in France, Mona Barrie suspects and follows John Halliday on a boat to New York and finds Gilbert Roland, a crook, also aboard and after Halliday for the same paper. As partners now, they manage to get half of the document and as they are rifling the other half from the safe in Halliday's New York apartment, the latter and his cohorts return, only to be wiped out from a volley ball.

"I'LL LOVE YOU ALWAYS"
June 13

A simple and dramatic story of a young couple, who thought they could live on love, ran into results—on ambitious college graduates—of the depression, and finally discovered they needed each other, this should be found interesting material telling its story in direct fashion, with a rather considerable portion of pathos and comparatively little comedy.

THIS IS ALTOGETHER MODERN

Here are two examples of the sort of thing that those who criticize present tendencies as to customs and habits as they affect church members cannot reconcile with what they understand to be teachings as to the Christian life. These items appeared in The News and other papers on the same dates:

NEW YORK.—While the minister looked on from a front pew, Ruth St. Denis danced a rhythmic interpretation of the Psalms before the altar of the Park Avenue Presbyterian Church Sunday.

A symphony in white, black and red, the dancer went through motions which she said symbolized the gradual ascent of man's soul from the moment he acknowledges his need of spiritual light to the final radiation. . . . Miss St. Denis, bare-foot and clad in a long, simple black robe with flowing sleeves, went through motions of tragedy and despair before a gilt throne set on top of a modernistic arrangement of gold blocks in front of the altar. . . . With dancing movements, she led the church members through the hymn, "Come Thou Almighty King." After the minister had pronounced a benediction, she slipped quietly away behind the roll books.

"The church is where dancing began, where it belongs, and where it will end," she said. The next item was published by papers receiving the Associated Press, as was the preceding one. It was published two or three weeks following the other. It says:

COLUMBIA, Mo.—Fifteen pretty girls of Christian College—alma mater of Fan Dancer Sally Rand—presented a dancing interpretation of hymns before a congregation of 300 persons at the First Christian Church last night.

"These dances are a sincere form of worship," said Allan Lemmon, former Christian student and the daughter of the pastor, Dr. C. E. Lemmon. "So please don't applaud."

"The dancers were solemn-faced and nervous as they made their first appearance before elders, deacons and University of Missouri students. However, the audience went away apparently pleased. Sally Rand, who won public attention as a dancer at the Chicago Century of Progress Exposition, was a student at the exclusive school in 1920. . . . The even was a renaissance of religious dancing, an accepted form of worship before the sixth century, she added.

If there are any objections by the church to these doings, such objections were not seen in any publication either religious or secular that has come under the eyes of the present writer. Those unopposed to present-day

dress and customs contend that old-time views of these things are fading away with other old-time things. They call attention to the fact that only a few years ago the papers contained items somewhat "sensationalized" that women and girls were beginning to appear at the beaches in Chicago who wore no stockings on the streets on the way down. There was some considerable protest as to that, but it soon was forgotten. Now, even in Dallas, it is not at all extraordinary to see women and girls on the streets without hose in summer-time, and nothing seems to be thought of it.

One defender of present customs and dress asked this writer: "How long do you suppose any preacher with an up-to-date congregation would have a job if he undertook to 'church' all the members of his flock who play cards for money, drink cocktails, wear backless dresses to balls, and don modern swim suits?" He answered his own question by saying, "He'd soon find that he was a hundred years behind the times."

It was suggested to him that "Right and principle never change." He replied, "No, but people's views of what is right and wrong do change."

EXAMPLES THAT ARE DIFFERENT

There are some church organizations and officers that still stand by the old views as to things once condemned as unbecoming a church member, but now considered by "moderns" as correct and harmless. Here is an example. This item was sent out by the Associated Press also, which shows that this great news organization is not partial as to these things:

BLITHEVILLE, Ark.—Rigid enforcement of a resolution barring as First Baptist Church members anyone who drinks, gambles or has anything to do with liquors or games of chance is promised by the Rev. Alfred Carpenter.

"This has been written on our church covenant for a long time, but no one seems to know it. So we had a meeting and re-emphasized it and this time it is to be enforced," said the pastor of Blitheville's largest church concerning a congregational meeting a ction. Members of the church will not be permitted to have any part in gambling from a penny on the corner of the bridge tables to \$1,000 in horse racing, Mr. Carpenter declared.

There are those perhaps who will say, "Well, but Arkansas, like some other States of this Nation, is rather backward, if not primitive, in its ideas of progress, if not as to modern interpretation of the Scriptures. This argument will not hold good, for here is another such stand taken by a pastor of a church in staid old England, where those matters have been under consideration for centuries:

DUDLEY, Worcestershire, England.—The Rev. Harold Marley, the male mind being what it is, closed the door of his church Friday to girls with bare legs and painted lips.

Mr. Marley, vicar of the Parish Church at Sedgley, warned he will eject all girls who appear at services without hosiery and will refuse to administer the sacrament to women with painted lips.

Thus it is that people differ as to what is right as to the conduct of church members, what is the correct interpretation of the Scriptures, and what is moral and immoral, spiritual and unspiritual, religious and irreligious. Just here several sayings of Jesus are recalled, among them this: "Judge not, that ye be not judged. . . . And why beholdest thou the mote that is in thy brother's eye, but considerest not the beam that is in thine own eye?"

A good friend of this column wrote in from Big Spring and after bragging on the Record as the best weekly paper in the West he wishes to know the qualifications of an ideal newspaper man signs his letter "Constant Reader," saying he always reads this column first.

Replying to "Constant Reader's" inquiry about an ideal editor will say there isn't no such animal, but if there was he would be as fast in action as an electric fan and as patient as Job, he would have the endurance of twenty and the wisdom of seventy, he would have the memory of an encyclopedia and the infallibility of an

Congressman Invites Boys Of His District To Attend National Jamboree

That tenets of the Boy Scouts of America should merit serious consideration at the hands of all boys of Scout age and of the adult citizens who would offer cooperation in a campaign to build and maintain good citizenship is couched in a recent communication addressed to the Boy Scouts of this territory by George Mahons, congressman from the 19th Texas district.

Mr. Mahon is keenly interested in the Scouts and will be looking for several of them from his district to be present for the National Jamboree in Washington in August. The communication follows:

Already along the banks of the Potomac River, camps are under construction which are to house the 30,000 Boy Scouts when they assemble in Washington in August for the National Jamboree. Washington is beginning in plenty of time for the reception of the Scouts, and I suggest that the Scouts should begin early in their preparation for their "march" on Washington in August.

I wish to commend the Boy Scout Movement. I am strongly convinced that every boy of suitable age, who has the opportunity, should become a Boy Scout. I am further convinced that every adult should do everything he reasonably can to cooperate with the Scouts in their great character building, citizen-making work.

Especially should those interested in the Scouting cooperate in making possible a full attendance at the National Jamboree.

I am informed that a large delegation will be in Washington from West Texas and from my Congressional District. If I am fortunate enough to be in Washington when the Jamboree is held, I shall consider it an honor to have a small part in your entertainment. There is no doubt but that you will have a grand welcome from the President of the United States and the people of the City of Washington. I venture to say that Washington is the most intensely interesting city in the United States. I will not take the space to dwell upon its interesting historical characteristics, but no Scout who can possibly be present in Washington at the August meeting can afford to miss the opportunity of being present.

Greetings and best wishes to the Scouts of West Texas and to Scout Executive Williamson, and to all others who are making successful Scouting possible in that area.

At the age of 10 he is redheaded, freckle-faced and the terror of the neighborhood. At 12 he is apprenticed in the back of a printing office. At 18 he has acquired two cases of long primer and an Army press and is editor of a country newspaper. At 20 he is married. At 30 he is bald-headed, stoop shouldered and the father of a large family. At 35 he is a corpse in a cheap pine coffin and as 500 delinquent subscribers file past are heard to say, "He was a good fellow, but he couldn't save his money."

COLORADO RECORD KITCHEN CHATS

By Jessie Hogue "MILK—ONE OF THE ESSENTIALS OF HEALTH" One of the most vital things in the family life of any community is a good supply of milk. But constant vigilance is necessary to protect this supply. It is also necessary that you know and realize just what an important part milk as a food plays in your life. As a food milk contains all the nutritive compounds necessary for a growing child in the correct proportion of a scientific diet. It is one of the most digestible of all animal foods and, with other dairy products, forms over 22 per cent of the great American diet.

Milk constituents, as with other food material, may be classified as fat—carbohydrates—proteins, vitamins and mineral content. It is especially valuable as a food for undernourished children and invalids. Health authorities everywhere recommend a liberal use of milk, urging the consumption of at least a quart a day per person. And of course, there is no age limit for drinking milk. Because it is so good for children, many have the notion that it is just "kid's food." Nothing could be farther from the truth. Recent medical discoveries by the foremost nutritionists have established the fact that milk is perhaps the finest food that an adult can have. They have learned that milk is nature's most complete food, containing 34 of the 36 food elements which we need to keep healthy—proteins to build and repair tissue—the right fat for fuel—sugar for energy—vitamins and mineral salts. Continued lack of any of these essentials often forms the starting point for many middle age diseases. Milk brings balance to meals by supplying the things that so many diets lack. It promotes a clear mind in a healthy body.

For many of us these are times when we must make an effort if we are to balance the family budget. We must remember one thing. More than at any other time, perhaps, we must keep health as our first consideration—particularly the health of our children. Record Want ads for results.

RECREATION FOR CHILDREN ESSENTIAL IF BEST HOME LIFE IS TO BE ATTAINED

Nationally Known Economist Will Discuss Problems During School

A woman's mission as a homemaker is not fulfilled when she merely sees that her family is well-fed and clothed. Her higher duty is concerned also with children's recreation. So believes Miss Hogue nationally known expert on Food and Home Economics who is to open this newspaper's Cooking School at Colorado on June 10, 11, and 12.

"From the earliest childhood our treasured recollections of our parents are those when they forgot their grown-up cares and romped and played with us," says Miss Hogue. This play obligation on the part of the mother does not end when the children start to school.

"The modern homemaker, however, realizes that her cookery and other household duties must be efficiently done so that she may have free hours for her own, as well as her children's recreation.

The privilege of being a true homemaker is woman's greatest privilege. It is a profession in itself and should be taken just as seriously as any man's profession. The real homemaker keeps pace with the newest trends in her profession, and takes as much care in planning her meals to meet the needs of each member of her family as the doctor or lawyer would take with his clients."

In short, as Miss Hogue will show you when the Record Cooking School opens in this city, the kitchen is a laboratory wherein the homemaker uses scientific methods in preparing meals which not only please the tastes of her family, but guarantee their health as well.

Admission to the Record Cooking School will be free—and there will be no obligation of any sort.

RURAL SALES INCREASE 37% DURING APRIL

WASHINGTON.—Sales of general merchandise in small towns and rural areas for April 1935 were about 37 percent higher in dollar volume than for April 1934 and were 64 percent above the same month of 1933, the Commerce Department announced.

Daily average sales for April increased about 7 percent from March, or considerably more than the estimated seasonal amount, it was said. The seasonally adjusted index for April was 101 percent of the 1929-31 monthly average, compared with 97 1/2 in March and 90 1/2 in February.

Total sales for the first 4 months of 1935 were 20 1/2 percent higher than for the same period of 1934 statistics show.

NOTICE TO READERS OF THE RECORD

I noticed an article in last week's Record where it stated that the Chamber of Commerce and the Lions Club had raised money to pay for two acres of land for a highway park between Colorado and Loraine. Now this land cost \$50 per acre and I never agreed at any time, to any one to sell two acres for \$50. But I did agree if they would pay for one acre at actual cost to donate one acre ourselves, which we did, with the understanding that it would be a park and no camp ground.

Two Producers Are Concluded In East Howard Last Week

Two producers in Howard county were completed last week for total initial yield of 655 barrels while The California Co.'s No. 3 Dodge obtained more pay in drilling to 2,678 feet and Herschbach Petroleum Co.'s No. 2-A Davis swabbed 14 barrels of oil hourly after a heavy shot.

Bond No. 2 Rhotan, 330 feet from the south line and 1,980 feet from the west line of section 4, block 30, township 1 south, T. & P. Ry. Co. survey, was completed at 2,915 feet, pumping 695 barrels daily. It topped pay at 2,690 and was shot. Bond No. 3 Rhotan had drilled to 2,000 feet in lime.

California No. 3 Dodge, 330 feet out of the southwest corner of section 1, block 30, had increases from 2,588-90 and from 2,592 to 2,630 feet and filled 1,000 feet with oil. It drilled ahead below 2,678 feet in lime. Sinclair-Prairie No. 16 Dodge, in section 3, block 30, was under-reaming 8 1/4 inch casing, bottomed at 1,635 in redrock.

Herschbach No. 2-A Davis, 2,310 feet from the north line and 1,650 feet from the east line of section 2, block 30, was shot with 800 quarts from 2,487 to 2,807 feet, the total depth and was cleaning out. In the same section Herschbach No. 5-B Davis had drilled to 2,370 feet in lime and Owen W. Murray No. 3 Davis heirs had reached 2,593 feet in lime, showing oil from 2,395 to 2,405. California No. 6 Bell, in section 12, block 30, had reached 2,425 feet in lime.

White, Johnson and others' No. 5 Read (changed from No. 1 Read), in section 46, block 30, had drilled to 990 feet in anhydrite. International Petroleum No. 2 T-P Land Trust had drilled to 1,945 feet in lime. No. 3 T-P was shut down for repairs at 400 feet and No. 4 had drilled to 385 feet in redrock. The trio is in the southeast quarter of section 45, block 30.

California No. 11 Foster, in section 6, block 29, township 1 south, T. & P. Ry. Co. survey, just across the county line from production in Mitchell county, had drilled to 2,750 feet. It flowed five barrels of oil hourly for eight hours after acidizing when 2,315 feet deep.

John I. Moore and Hugh C. White's No. 1 D. H. Snyder, Jr., wildcat 3 1/2 miles south of the Dodge-Denman pool and 330 feet out of the northwest corner of section 28, block 30, township 1 south, T. & P. Ry. Co. survey, had drilled to 860 feet in redbeds.

Humble No. 11 Settles, 635 feet from the south line and 238 feet from the west lines of section 28, block 30, township 1 south, T. & P. Ry. Co. survey, was completed at 2,440 feet, pumping 43 barrels daily. The week before it was treated with 1,000 gallons of acid. In section 13, block 29, Continental No. 15 Settles had drilled to 1,980 feet and No. 16 Settles to 1,133 feet, both in anhydrite and shale.

Cloudbursts Near Uvalde Take Toll In Life, Property

Passenger and freight trains of the Southern Pacific Lines were being detoured over the Texas & Pacific Saturday and Sunday while sections of track between Del Rio and Uvalde, washed out during heavy downpours Friday were being repaired.

The rains were the most general over West Texas for four years, information received by The Record indicated. While the improved field and range outlook brought elation, the precipitations exacted havoc in the loss of property and life in South Texas.

The deaths were at D'Hanis, small community in Medina County east of Uvalde. Two daughters of Emanuel Sanchez, ranch hand, were swept from the roof of their home by the flood and two other unidentified Mexican children met a similar death on a nearby ranch. A Mexican lad drowned in the swollen Rio Grande at Laredo.

D'Hanis was almost totally wrecked when the sudden cloudburst—10 inches of rain in two hours—brought a high wall of water down over the community. Water stood six feet deep throughout the town Friday afternoon. Heavy precipitations earlier in the week in the Uvalde, Sabinal, D'Hanis sector preceded the Friday morning cloudburst.

Railroad tracks near D'Hanis were dashed into nearby fields. Southern Pacific officials said 12 miles of track had been damaged. Seventy-Del Rio since Friday by the washouts, five railroad passengers, stranded at were taken to San Antonio by bus Saturday.

VISITING MOTHER

Mrs. S. T. Jones of Tyler arrived Sunday night for a visit with her mother, Mrs. M. E. Cooper and family. Mrs. Cooper, who is in her eighty-second year, has been suffering from a heart ailment for several weeks but is reported improved.

Much Damage Is Done In Vicinity Of Sweetwater

SWEETWATER.—Traffic to the north and south of Sweetwater, both by highway and rail, was being resumed late Saturday as farmers checked crop damage following an all-day halt because of high water and wash-outs, resulting from rains as heavy as six inches in this immediate area late Friday night.

Most serious of the damage was on the Clear Fork of the Brazos in Fisher County, east of Roby and between Roby and Rotan, where waters spread across an area two miles wide before receding late Saturday afternoon.

Fear was expressed for a number of residents in the Roby section, though no casualties were reported and highway traffic again was opened late in the afternoon.

Two miles south of Pyron and about 20 miles northwest of Sweetwater, a five-inch rain washed out the railroad bed beneath 122 railroad ties, which were left suspended as the water rushed beneath. Train work crews were rushed there, completing the work late in the afternoon. A small bridge had been rebuilt south of here near Maryneal. Passenger trains had resumed schedule, though no heavy freight was being accepted.

Most costly damage, however, is in Fisher County, between Roby and Rotan and near Sylvester, where the Clear Fork overflowed, inundating thousands of acres of farm land. All will have to be replanted at this late date.

Sweetwater emerged from the storm with no damages, recording 2.59 inches of rainfall during the brilliant electrical storm. Lake Sweetwater rose near to its four-and-a-half-billion-gallon capacity, lacking only about a foot of going over the "hump" of the spillway.

VARIETY STORE SALES AVERAGE 12% HIGHER

WASHINGTON.—Daily average sales of variety stores in April rose 12.5 percent above that month of 1934 and 19 percent higher than the corresponding period in 1933, according to estimates released by the Bureau of Foreign and Domestic Commerce. As compared with March, the increase was about 18.5 percent. Sales for the first 4 months of 1935 show virtually no changes from the corresponding period of 1934, but an increase of 16 percent as against 1933 figures.

HE COULDN'T WAIT

H. S. Beal, of the White Elephant ranch, got out of bed at 2 o'clock Saturday morning, dressed and walked a considerable distance about the pasture to see how much stock water his tanks had caught, after the heavy rain had subsided. "I just couldn't wait until daylight," he explained later.

VISIT MRS. D. L. PHILLIPS

Two sons of Mrs. D. L. Phillips and their families spent Sunday with her. They were Mr. and Mrs. Roy L. Phillips and children of Abilene and Mr. and Mrs. Wayne Phillips of Andrews. Mrs. Roy Phillips also visited her mother, Mrs. Charley Key.

DRIVEN TO SHELTER

Scores of motor cars were driven from their places at the curb into nearby storage and garage buildings Tuesday afternoon just as a heavy cloud arrived. The owners were fearful of hail damage to tops and glass of the machines, but little of the frozen pellets fell along with the rain.

RETURN AFTER VISIT

Mr. and Mrs. John T. Howell and daughter have returned from a motor car trip that took them to Middle Western States. Howell states that he is pleased to return to Colorado and to his duties as agent for the Texas & Pacific.

Hints for
Home Canning
The modern easy way

Since this is canning time, it is the ideal time to discover the labor- and money-saving efficiency of the 1935 gas ranges.

These new gas ranges offer the utmost in flexibility—from full flame for rapid boiling in jelly-making, to a very low flame (or simmer burner) for proper cooking of preserves and jams. For oven canning, oven heat control assures just the right temperature... improved insulation makes possible more cooking on the same amount of gas and helps to keep kitchen cool.

This month your gas company is featuring special displays of these new ranges and offering them on the easiest kind of terms. See them and learn how you can modernize that kitchen for little money.

- Trade-in allowance!
- Extra allowance on Ranges other than Gas!
- Small down payment!
