SERVE-UR-SELF LAUNDRY PLANNED FOR DORN SHOP

A Serve-Ur-Self laundry is to be opened by Mrs. Huron Dorn in the back of the Huron Dorn Tailor shop in the near future, it was announced this week.

LAST CALL FOR SHRUBBERY

Last call for shrubbery this season announced by Chamber of Commerce. If interested in anything listed as follows:

Crape Myrtle, red 1 year plant, 12 to 18 inches, 8 to 10 cents. Lavender two and three year plants 15 to 20 cents. Arborvitae, two to three feet, sixty cents. Armour River Privet Hedge plants five cents. Please phone the Chamber of Commerce or Mrs. J. A. Sadler. This is no attempt to get any one to buy shrubs from any regular dealer but to get as many shrubs planted as possible. We have found a bargain in the above named plants by reason of an over-production by the Benges Nursery, Arlington, Texas. Through cooperation of the city, Mr. Hagler, Mrs. Sadler and the club ladies, we are able to get these plants at a ridiculously low price. Mr. A. C. Benges, nurseryman, says now is a good time to transplant these shrubs. We can not give the price to the penny since we do not know the exact cost of transportation. Plants will be at Ruddick Park for delivery, Monday, March 9, provided enough people are interested to justify one or more truck loads, says J. H. Greene, of the Chamber of Commerce. Plants can be had at the park if previous arrangements have been made at the Chamber of Commerce.

HELP PREVENT DISEASE

AUSTIN.—In speaking about epidemics, Dr. John W. Brown, State Health officer, stated that if doctors, nurses, householders, and others would report the occurrence of any communicable disease immediately to the local health officer, that many epidemics could be prevented or greatly curtailed.

The control of preventable diseases depends upon the perfect reporting of all cases. It is necessary to secure information as to when and where cases occur before the proper steps for the control of these cases can be taken. Every epidemic starts with one case and the doctors engaged in protecting the public health are interested in locating this first case to prevent its spread to others.

Some of the contagious diseases are quarantinable. This is not done to punish the persons involved for having the disease, but to protect the well. The quarantine sign is not a disgrace but a badge of good citizenship, as it shows that household is trying to protect others from contracting a contagious disease.

JUDGES ARE NAMED

DALLAS.—Judges for the state finals in the \$1,500 Walter Woodul Historical Essay contest have been announced here by the donor. They are as follows:

A crook story that's different

●This is the tale of what happened to "the Duke" when that worthy, second-story worker climbed into one home too many. He found himself climbing right into another man's shoes. And he had to make them fit because he found himself falling in love with the other man's girl.

●Here is a yarn with everything—speed, humor, punch, mystery, romance—by one of the outstanding figures of literary America. Don't miss a single chapter.

WESLACO REBUILDS STORE STRUCTURES ON SPANISH LINES

WESLACO.—There is no such thing as "spring fever" in this Rio Grande valley city. Instead Weslaco this spring has undertaken a complete modernization program which it plans to have completed before summer when the lower valley expects to entertain thousands of out-of-state visitors to Texas and the Centennial celebrations.

Where ordinary business houses now stand along Main street three months from now every store on the street will present a new front of Spanish architecture, making Weslaco a typical "Spanish villa" in appearance.

Property owners have approved a plan to renovate completely their building fronts, making the enterprising South Texas city one of the most unusual and attractive communities in the Lone Star State.

Essays written by school children of Texas on the history and development of the county in which they now reside, having passed through two preliminary eliminations, will be placed with these three judges on May 1. The winners will be announced after May 15.

Prize winning essays in the county eliminations must be in the office of the public school division of the state department of publicity, sponsor of the contest, not later than May 1.

Cash awards to the writers of the 16 best essays will be made before the close of the present scholastic year.

DERRICK MURDER CASE IS SET FOR TRIAL IN 32ND. DISTRICT COURT JUNE 8TH

Farmer Of Loraine Section Charged In Connection Death Albert Orr, Tenant Stabbed To Death Dec. 14

The W. H. Derrick murder case has been set for trial June 8, during next term of 32nd district court, under order announced last week by Judge A. S. Mauzey, presiding. Motion for continuance was presented by Thompson and Barber, attorneys for the defendant.

Derrick, pioneer resident of Mitchell county, is charged by grand jury indictment with the slaying of Albert Orr, tenant on the Derrick farm a few miles northeast of Loraine. Since surrendering to the authorities a short time after the trouble, Derrick has been at liberty under \$5,000 bond, set during preliminary trial before County Judge B. L. Templeton.

Orr died in a Colorado hospital on the night of last December 14 from stab wounds charged by the State to have been inflicted by the defendant during altercation at the Derrick farm home. Trouble between the two men, evidence offered during the preliminary trial indicated, developed over settlement of the year's crop.

In statements given officials soon after the trouble, Derrick indicated that he would enter a plea of self defense as the case came to trial. The defendant resided at Colorado a number of years before taking up residence on his farm in east part of the county.

'Chicken' Green Captured At Waxahachie After Fleeing Snyder Last Friday

Green was indicted by the grand jury last week in connection with statements alleged to have been made by him bearing on murder trial here a few months ago in which he was defendant.

Delaney telephoned the sheriff at Snyder requesting that Green be taken into custody and held until he arrived. The man was taken to the court house and a short time before Delaney put in an appearance requested permission to return home and inform his wife that he was to be taken to Colorado.

The request was granted but instead of returning to the court house, Green is said to have fled in an automobile. He was arrested the following day at Waxahachie and locked up. The prisoner will be returned to Colorado during the present week, Sheriff Gregory stated Monday morning.

SERVING WITH DEVOTION IS SECRET OF CLUB SUCCESS, SPEAKER STATES TO LIONS

Meeting Friday Held At The Barcroft With Ladies From Westbrook Church Serving Bounteous Chicken Dinner

The Colorado Lions Club has attained an enviable distinction in this community and section simply because the men making up its membership roster have put into being the high principles of service enunciated by Lionism's code of ethics, Joe Pond, past president of the club, suggested during an address at the regular weekly meeting Friday.

Pond was introduced by Rev. Albert Click of Westbrook, member of the program committee, who announced that Lion Pond was to speak from the subject of education. Pond advanced appeal that every member of the organization ever stand ready to discharge any duty tendered to him, "whether you be a ranking official of the Lions Club or one among the ranks." The fundamental principle of Lionism is service, Pond stated.

The meeting was held in dining room at the Barcroft hotel with ladies of the Westbrook Methodist church serving the menu. Baked chickens and other foods going to make up an unusual dinner were served. Just before conclusion of the meeting the Lions accepted suggestion by President B. L. Templeton and offered a round of cheers in appreciation of the good meal and efficient serving.

Several guests were presented. Among them were the Rev. M. C. Bishop, pastor of the First Baptist church at Post; Mayor Van Boston of Westbrook, Lee Strain of Cuthbert, U. D. Wulfjen of Seven Wells, Walter P. Wilson, Lloyd Pribble, Virgil Morgan, W. L. Doss, Sr., and Earl Hammond of Colorado. Brief addresses were made by a part of the visitors.

Pribble and Morgan, members of the original Chuck Wagon Serenaders, musical organization that for months was outstanding here, were heard in a selection of stringed instrumental numbers.

R. P. Price, a former member of the club, was re-admitted.

THIS IS PREFERRED BY SOME WOMEN TO THIS

Backache, headache, rough, red hands. Trouble, colds, hurried meals, nervousness, irritability, faded beauty. Too high a price to pay!

Leisure time, pleasure, cheery disposition, health. The thrill of keeping house when there's time to make effort show. Worth a great deal!

Would you walk ten blocks out of your way, in the cold, just to save a few pennies on food? Hardly. Yet, that's exactly what many women do, in effect, when they try to save money by doing their own washing. Just in case you prefer to do your own washing because you pride yourself on economy, we'd like to ask you to do something for us and for yourself; keep a record of how long it takes you to do your next washing and ironing. Add up the cost of soap and soap flakes and bluing and, particularly, fuel, whether you use gas or electricity or both. Then try one of our services.

MRS. RUCKER ENTERTAINS
J.O.Y. CLASS
The J.O.Y. Sunday school class of the Baptist church met with Mrs. Rucker in a social and business meeting. Seventeen members were present.

Vice-president, Mrs. Julian McNew, presided over a short business session. Minutes were read and approved and the class heard reports from two committees. The business meeting adjourned until Sunday morning in Sunday school where the reports are to be accepted.

A game of advantage and disadvantage of being a member of J.O.Y. class was enjoyed by all. Then three of our active members who are leaving our class, Mrs. J. L. Alexander, Mrs. Glen Russell and Mrs. C. E. Taylor were given love gifts by the class. Preceding the presentation of these gifts Mrs. Foy Castleman made a short talk on "True Friendship," followed by Mrs. Ellis Donelson.

Each class member presented her Joy Friend with a gift and also revealed her name. Many laughs and surprises were enjoyed during this. Afterward each member dropped her name in the basket and all drew for a new J.O.Y. friend.

Refreshments were served in St. Patrick fashion. The color scheme of green and white was carried out in a lovely way all through the serving which consisted of lime jello, whipped cream, three-leaf shamrock cookies, lemonade and a tiny green three-leaf shamrock as plate favors.

The time of the next meeting is the first Tuesday in April but the place is undecided.

Material On Early Day Opera Sought By The Centennial

Frenkel House In Colorado Of Interest In History, Is Claim Of Museum Director

Material pertaining to the old Frenkel Opera House is to be included in the exhibit on Texas theatres which is to be a part of the general historical exhibits at the Texas Centennial Centennial Celebration when this fair opens in June, according to an announcement by David Russell of the McCord Theatre Museum in Dallas. The workers of this museum are collecting material for this display on the history of the theatre throughout the state.

Already a large amount of material, including programs, photographs, playbills, posters, day books and souvenirs, has been gathered from the theatres in various parts of the state. Many of the early houses, some of which have long been torn down, are represented. It is hoped that every important opera house and theatre in the state can be represented by at least a few items.

Mr. Russell is at present looking for a picture of the Frenkel Opera House as it looked when it first opened. If this cannot be found, a later picture will be used. The museum is also having some difficulty finding a picture of Mr. R. L. Boren who was for a long time manager of this house. Mr. Russell requests that anyone who has these pictures or knows where they might be found communicate with him at the Theatre Museum, Southern Methodist University, Dallas, Texas. Such material as the present owners wish to retain, will be carefully handled and returned to them at the end of the Centennial Celebration.

"Because of the importance of the Frenkel Opera House in the history of the dramatic entertainment in West Texas," says Mr. Russell, "it is hoped that a large collection of material from this house can be included in the Historical Theatre Exhibit."

Besides pictures and programs, handbills, early playbills, posters, press books, account books, and other records will be included for those theatres where they can be found. The collectors of this exhibit are also interested in seeing scrapbooks, and old newspaper clippings from which data concerning the local opera house can be obtained.

Congressman Confers With Regional Director During Latter's Visit In Capitol

WASHINGTON.—The work of the Soil Conservation Service in the 19th Congressional District was the subject of a conference last week between Congressman George Mahon and Mr. H. H. Fennell of Amarillo, Regional Director of the Soil Conservation Service. Mr. Fennell was in Washington for meetings with other Regional Directors and Administrative officials.

Mr. Fennell outlined general phases of the work as it has been conducted so far. CCC camps in Lamb county and in Dawson county have served as illustrative projects in the program throughout the past year. He discussed the effort which is being made to coordinate the work of the Soil Conservation Service and the Resettlement Administration.

The Congressman expressed commendation for the fine work which has been done under Mr. Fennell's direction. He said: "I consider the conservation of our soil to be the most outstanding problem confronting our West Texas farmers. The potential value of the work which Mr. Fennell is doing is inestimable. One of the chief virtues of the new farm bill adopted by Congress last week is that it will concentrate interest in the great national problem of soil conservation. Every effort to preserve the natural wealth which lies in our soil will meet with my complete cooperation."

EDITORIAL—YOUR MIND
Every person has a sense of what he thinks is right and what is wrong and the correctness of his thinking depends upon how he has trained his mind. Make your mind build for you an ideal life that will help make life richer and fuller for you and those around you. He who has high ideals must of necessity have character upon which to build those ideals lest they become only a dream or a passing fancy or something which he thinks the other fellow ought to live up to. He who is master of his own mind will make it build for himself a good character. Train your mind along the line of common sense. Occasionally take a mental perspective of your line of reasoning. Make your mind the master of your theory and not your theory the master of your mind. Common sense is your ability to judge whether or not a plan or theory works. Make your mind direct you toward new interests, interests that should concern you and those with whom you live. To fail to find new interests is to fail to grow; to fail to grow is to fail to be master of your own mind. Make your mind direct you toward habits of self culture. No teacher or group of teachers have ever produced an educated individual. An educated person must develop within his own brain the power to determine the truth whenever the facts have been set before him. In addition to these make your mind respect yourself. People succeed because they make their own minds respect their own abilities. People fail because they do not respect their own ability. Make your mind build self-confidence.

LOONEY CLUB MEETS WITH MRS. K. MILES

By Mrs. Trudo Webb, Reporter
The Looney home demonstration club met Thursday, Feb. 27, at the home of Mrs. Keith Miles. The demonstration on how to remove stains from linens, was given by a club member, Mrs. Ed Roach. "There is

no reason to discard linens from use, when they have become stained, or have rust spots on them," she said. Mrs. Roach proved this by pouring purple ink on a cloth and letting it set. She removed the ink and made the cloth look white again with potassium permanganate. She removed rust spots from a feed sack with hydrochloric. Mrs. Trudo Webb gave a few facts on proper laundering. The club had five guests present at the meeting. Mrs. Karen Miles and Mrs. Kay McCarley of Longfellow, two ladies from Colorado, and Mrs. J. C. Jordan of our own community.

Try CARDUI For Functional Monthly Pains

Women from the teen age to the change of life have found Cardui genuinely helpful for the relief of functional monthly pains due to lack of just the right strength from the food they eat. Mrs. Crit Haynes, of Hesser, Mo., writes: "I used Cardui when a girl for cramps and found it very beneficial. I have recently taken Cardui during the change of life. I was very nervous, had head and back pains and was in a generally run-down condition. Cardui has helped me greatly." Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

The next meeting will be March 12 at the home of Mrs. Marshall Webb. Care of the yard will be discussed by Miss Emma Gunter, county home demonstration agent.

THEATRE NEWS

By SHERMAN HART
"I FOUND STELLA PARISH"
Thursday—March 6

Tense dramatic effort that will make a decided hit with women patrons. Story deals with intense desire of a mother to shield her daughter from the world because the child was born in prison. The mother was serving a sentence for a crime committed by her husband, who drives to blackmail after she becomes a successful actress in England. The husband catches up with her on the night of her greatest triumph and in desperation she flees to America in disguise taking the child and nurse. She is traced and exposed by a news-hound who falls in love with her. After his paper has published her story he tries to atone by bringing her back to England where she redeems herself.

"SO RED THE ROSE"

Palace—Friday-Saturday, March 6, 7

Beautifully produced, with each important role portrayed with sympathetic and convincing sincerity in this heart-moving narrative of the Confederacy. Outstanding is the fine work of Margaret Sullivan, who veritably lives the part of the petite Southern belle whose heart is worn by the harrowing experiences which the war between the states brings home to her. Not unusual in theme, the story wins distinction because of its underlying tenderness and understanding of the wealthy Bedford family into the war; the death of the elder son, and later his father; and the unwavering love of the daughter, Valette (Sullivan), and for cousin Duncan (Scott) who, desperately disapproving of the cousin "Duncan-Scott" who, desperately disapproving of the unwavering love of the daughter, Valette (Sullivan), for the unwavering love of the daughter.

"WHIPSAW"

Palace—Sunday-Monday, March 8, 9

You can tap this one as a top-audience picture with about everything that pleases 99 44 100 per cent of the theatre's paying customers. It has suspense, action, thrills, diverting dialogue or intriguing story, and is seasoned with just enough romance to make it an "all purpose" picture. Myrna Loy, member of a trio of jewel thieves, is involved in the theft of a fortune in pearls. Her accomplices plant the pearls in the handle of her hand mirror without her knowledge. Tracy, G-man, thinks he has gained her confidence by posing as a crook. Pursued by a rival mob the two land eventually in a lonely farmhouse. Tracy discloses the pearls, discloses his identity, but Myrna has known he was a G-man. The gangs converge on the farmhouse but all are gunned out or pinched.

"SHIP CAFE"

Palace—Tuesday and Wednesday March 10 and 11

Simple, pleasing musical. Story concerns Carl Brisson employed as a stoker on a liner where he meets a worldly woman who becomes enamored of his physique. Riled by his nickname of "Dimples," Brisson gets into a shovel fight with another stoker and winds up in jail. He meets William Frawley who gives him a job in his night club on an old hulk and a chance to sing when the other entertainer is indisposed. Arline Judge falls for Brisson, but gives him the cold shoulder when she thinks his head is swelling through getting to the top with the aid of the worldly woman, Mady Christians. Brisson finally realizes he is becoming somewhat of a cream puff, makes amends and takes Arline Judge for the final embrace.

"MELODY TRAIL"

Ritz—Friday-Saturday, March 6 & 7

Gene Autry's second starring vehicle is a well-produced fast moving Western which gets away from the standard formula by including plenty of pretty cowgirls, some dancing and stunt-riding and comedy supplied by Buck, the clever dog star. The story starts at a rodeo where Gene meets the broncho-riding contest and meets a pretty girl. He and his pal hire out as cooks on the girl's ranch which is run by girl cowhands. The entrance of a gang of cattle rustlers provides the action, and the girls provide merriment as well as beauty. Ann Rutherford again shows much promise in the feminine lead. Gene Autry puts over several songs in his own inimitable fashion.

"IN PERSON"

Ritz—Saturday Midnight, March 7

First solo starring vehicle for Ginger Rogers, with good entertainment. Ginger is pictured as a popular screen star, broken in health, with an inferiority complex, which her doctor, Samuel Hinds, hopes to cure through the patient's adoption of a disguise.

Geo. gets a glimpse of her while she is swimming, is wise to the deception and carries on. With the arrival of Alan Mowbray a co-artist, comedy situations develop ending in a shotgun marriage. Ginger goes back to the studio, does a song-and-dance number, finds she is married to Alan through a mistake in the license, but all ends well.

"TWO SINNERS"

Ritz—Tuesday and Wednesday March 10 and 11

A smart piece of film fare. Story concerns Otto Kruger, released from prison after 15 years to find the world against him. He falls in love with Martha Sleeper, a governess, who turns from him when he tells her the truth. She realizes her mistake when she is arrested for taking money to which she is rightfully en-

titled, and Kruger comes to her aid, bringing about her release and happy marriage. Cora Sue Collins, as the child's mother, who neglects the child for her own pleasures and gold-digging spoiled child, all but steals the picture. Minna Gombell, as the child's mother, who neglects the child for her own pleasures and gold-digging spoiled child, all but steals the picture.
