

### THOUSANDS OF DOLLARS IN 'AUCTION MONEY' PASS TO HANDS OF RURAL PATRONS

#### Record Attendance Expected As Third Monthly Event Is Held At Colorado Monday; Sale Location Changed

Literally thousands of dollars in "auction money" have passed to hands of rural citizens throughout the Colorado territory as time for staging another trades day and auction sale approaches. The event here next Monday is to attract a record crowd, according to prediction coming from members of the chamber of commerce trade extension committee, sponsor of the program.

The auction sale will be held from Walnut street between First and Second, opposite the chamber of commerce offices as a convenience to the public. The city council Monday night in called session voted the chamber of commerce permission to use the entire city block for staging the sale and instructed the street commissioner to have the block closed to traffic during the sale.

The chamber of commerce Tuesday issued appeal to Colorado merchants to continue active support of the trades day as an acceptable means of extending friendly relations between the interests of surrounding communities and those of the city.

Livestock and other trading, already a leading feature in the trades day programs, are to be held on lots south of the court house lawn, as usual, and farmers and ranchers bringing entries for the swap area should take them there. Representatives of the host merchants will be present to offer every assistance in making this department interesting and profitable.

The auction sale is to open at 10 o'clock Monday afternoon and continue until 5 p. m. Sam Wulfin, official crier of the donated merchandise, has disposed of his collection. Starting at 3:45 a band concert is to be given by the junior school band at place where the sale is to be held.

Merchandise to be offered for sale is on display in windows of the Levy building, corner East Second and Elm. "Auction money" coupons, given patrons of cooperating merchants complimentary, will apply as cash in bidding in the items.

The barbecue is to be served in Ruddick Park starting at 5 o'clock and another band concert will be heard at 7 from the park band shell.

### FRIDAY OF NEXT WEEK IS DEAD LINE FOR PLANTERS TO SIGN CONSERVE PACTS

#### County Agent And Assistants Have Contacted Enrollees At Loraine And Westbrook During Present Week

Friday, May 15, is dead line for the farmers of Mitchell county to sign contract for participation in the Federal soil conservation program for 1936, County Farm Agent Ben J. Baskin recalled Wednesday morning. After that date it is improbable that applications to share in the revamped farm benefit program are to be accepted.

During the week Baskin and his entire office personnel have been assisting farmers of the Loraine and Westbrook precincts with the task of filling in the contract forms. Monday, Tuesday and Wednesday they were at Loraine, with temporary office in the Loraine chamber of commerce. Thursday and Friday they are maintaining temporary offices at Westbrook for convenience of farmers there. Headquarters offices here in the court house were closed during the time.

Monday Baskin will be at Spade and Tuesday he will contact farmers of Hyman community assisting commitment of those precincts in closing the contracts. Saturday the office here is to be open again and any farmer experiencing trouble in getting his papers properly executed is invited to call there.

"There is no reason to believe that the sign-up date will be extended, since the entire program is predicated on an eighty per cent response," Baskin stated. "Funds for such a sign-up were provided by the National congress in passage of the bill and any record short of the eighty per cent figure would react to benefit of those farmers who do sign up to a ten per cent increase in the rate of pay," he concluded.

Since only one week remains in which the contracts may be closed Baskin urges that farmers not entering into the pacts already make plans to either call at the county headquarters here or close the contracts through cooperation of their community committee man and get them to the Colorado office without delay.

### ALLEGED THIEF'S SLEEP BROKEN BY AUTHORITIES

The other day a man, giving the name of Nichols, drove his car into a garage at Sterling City for repairs. A trailer carrying a horse and mule was attached. While mechanics worked on the car Nichols went to sleep. He was aroused by members of the sheriff's department at Stanton who informed him he was under arrest for theft of the animals. The trailer and livestock, all said to have been stolen in Martin county, were returned to their owners and Nichols was locked up in the Martin county jail to await consideration of his case by the grand jury.

### THREE BLACKS SUSPECTED IN THANKSGIVING KILLING BE HELD FOR GRAND JURY

#### No Complaints Filed, Local Officers State; Accused Offer Conflicting Alibis, Admitting, Denying Guilt

James Douglas, Red Scuggs and Horace Manago, negroes being held in county jail in connection with the brutal slaying of W. B. Toothman, Westside grocer, and Wilson Hamel, 16-year-old boy, on the night preceding last Thanksgiving are to be held for probing by the 32nd district grand jury, Sheriff R. E. Gregory stated Monday morning.

The three blacks were arrested several days ago after tips implicating the trio had been given the sheriff's department. Douglas was placed under arrest at Colorado, Scuggs at Snyder and Manago at Marlin. Scuggs is listed as a resident of Marlin.

"We have no statement to make other than suspicion is still being tacked onto the men held," the sheriff stated. "There have been no complaints filed against them as yet and the plan now is to hold them for investigation by the grand jury."

The negroes have offered varying statements under examination by county and State officials. One of them at first admitted witnessing another of the accused fire the fatal shots that snubbed out lives of Toothman and Hamel in their sleeping apartment in the Toothman store, but later retracted the statement. First one and then another of the blacks have implicated the others.

The grand jury will be empaneled on Monday, June 1, by District Judge A. S. Mauzey of Sweetwater. It was accepted by court attaches that investigation of the double murder would be first business to be taken up by the twelve men upon their deliberations.

The killings have been listed as one of the most brutal in history of Mitchell county. The Hamel boy, believed slain in order to put him out of the way as a witness, was killed from close range as he slept on a meagre couch in rear of the store. Toothman put up a fight for his life, badly disarranged condition of his bed coverings indicated. He was beaten over the head with a blunt instrument and shot in the face. His body was on the floor near his bed.

Bodies of the two men were discovered by a customer who called at the store at 8 o'clock Thanksgiving morning.

### Dates For Judging Girls In Follies Contest Announced

#### Preliminary Judging To Take Place Tuesday Night; 11 Girls Already Entered

Dates for both preliminary and final judgments in the contest to determine what young woman shall represent Colorado in the Frontier Follies contest in Fort Worth were announced this week by the chamber of commerce committee in charge of contest arrangements.

Preliminary judging will take place at 8 o'clock on Tuesday evening, May 12. Weather permitting, the contest and its accompanying program will be held at the Ruddick park band shell. If the weather is stormy the contest will be held in the high school auditorium. A concert is to be given by the Colorado Municipal band in connection with the contest.

At that time the audience will select five favorites by popular vote. On Thursday night, May 14, the five chosen girls will appear on the stage of the Palace theater and receive their final judging. Disinterested, out of town judges will select the most beautiful of the five at that time, and the one chosen will be Miss Colorado and will be sent to Fort Worth, with her expenses paid.

There she will compete with girls from 50 other West Texas towns for a place among the 36 who are to be chosen for six weeks paid employment in Billy Rose's Frontier follies. One of the chosen 36 will be named by Clark Gable, movie star, for a MGM baby star contract.

Eleven girls have been entered in the contest to date and members of the committee are urging Coloradans to enter others whom they consider attractive and talented. The 11 entrants are Reta Mae Arnold, Cleo Sheppard, Martha Jane Majors, Margaret Justice, Babe Ro Jdy, Mabel Earnest Cooper, Ava B. King, Elsie Etheridge, Virginia Reese, Isla Marie Justice, and Helen Hamer.

Names may be entered by notifying the chamber of commerce office or by getting in touch with any of the following committeemen: Joe Pond, W. L. Doss, Jr., Earl Cypert, Jack Parker, and Truett Barber.

## Colorado's 1,150 School Children Ready For Centennial Sing-Song Monday At 2:15

With hours of rehearsal behind them, Colorado's 1,150 school children are ready for their Texas Centennial sing-song at the high school auditorium Monday afternoon beginning at 2:15.

There will be ample room for approximately 250 visitors in the auditorium balcony, according to John E. Watson, superintendent of schools. The public is invited to attend the program.

Massed singing by pupils of all four schools will open and close the program. In between there will be numbers by each school division. The massed numbers will be directed by Mrs. Charles Moeser and accompanied by Mrs. Farris Lipps.

Group numbers will be accompanied by Mrs. Lipps, Jane Clare Meskimen, and Mrs. J. H. Guitay. Songs of the Coleman school will be directed by Mrs. Rees-Jones, those of the Hutchinson school by Mrs. Lipps, those of the Junior High school by Miss Cal Yates, and those of the high school by Mrs. Moeser.

The program follows: Combined groups: "Texas, Our Texas," "Beautiful Texas," and "Will You Come to the Bower?" Coleman school: "In Dear Old Texas," "The Dancers," and "Playing See SCHOOL SINGING Page 5

### TEX. COCA-COLA BOTTLING CO. DEFENDANT IN \$20,750 CLAIM FILED AT COLORADO

#### R. B. Lovejoy Is Plaintiff In Suit Alleging Wife Drank Beverage Containing Glass Particles In 1934

The Texas Coca-Cola Bottling Company, with general offices in Abilene and branch office in Sweetwater, is named defendant in a \$20,750 damage suit filed in 32nd district court here Wednesday afternoon by attorneys representing R. B. Lovejoy of San Angelo, plaintiff.

Lovejoy filed the petition on behalf of the community estate of himself and wife, Mrs. R. B. Lovejoy. The defendant's claim outlines that on October 6, 1934, Mrs. Lovejoy purchased a bottle of Coca-Cola from the Hicks Rubber Company and after drinking a portion of the contents discovered the bottle contained particles of shattered glass. Several pieces of the foreign particles were taken into her mouth, throat and stomach, rendering permanent and serious injury, it is alleged.

The petition outlines that Mrs. Lovejoy was violently ill for several days after having drunk the bottle of beverage and since has suffered pain and the gradual loss of her health due to effects of the broken glass on her stomach and intestines. She is said to have been confined to her bed during the past 21 months. Recently she was entered as a patient at the Root hospital here.

Lovejoy was manager of the Hicks Rubber company at time the incident or which the suit is based is alleged to have occurred. A short time later Mr. and Mrs. Lovejoy were transferred to San Angelo and have since resided there.

Chas. C. Thompson of Colorado and Beal & Beal of Sweetwater are attorneys for the defendant. Judge Thompson stated Thursday morning that the case had been tried once, in the district court of Nolan county, resulting in a mistrial.

Mrs. W. W. Porter read the Bible lesson. Mrs. S. R. Venable had a paper on "National Buildings in Paraguay" and Mrs. Haley one on "Schools in Paraguay." Mrs. H. B. Broadus discussed "Peace and Justice." A geographical survey of the country was given by Mrs. Ed Jones, Sr., as the lesson opened.

Ice cream and cake were served and the society will meet next with Mrs. Broadus.

## Fish Dinner Given At Country Club For London Bridge By Whipkeys, McSpaddens

Starting the evening with a fish dinner, Mr. and Mrs. A. L. McSpadden and Mr. and Mrs. W. W. Whipkey entertained the London Bridge at the Country Club Monday evening. Fish for the occasion were caught by the hostesses at the club lake.

The dinner was served buffet style in the club dining room. Afterwards bridge was played in the club's reception room, which was decorated with spring flowers.

For women's high score Mrs. Ed Majors received a table lamp, and for women's low Mrs. John E. Watson received an ivy bowl filled with powder puffs. Men's high score was made by E. L. Latham, the prize being a tie chain. Oscar Price made men's low and received a box of handkerchiefs. Hand-made cocktail napkins were R. J. Wallace's traveling prize.

The guest list included: Messrs. and Mrs. Harry Ratliff, Will Doss, Jr., J. M. Doss, Chester Jones, R. J. Wallace, B. J. Baskin, E. L. Latham, C. A. Wilkins, John E. Watson, T. W. Stonerod, and Oscar Price; Mrs. Harry Ragan and Mrs. Ed Majors; Robert Brennan and Miss Lea Swope.

## Nautical Symbols Carry Out 'Shipmates,' Theme As Seniors Are Feted By Juniors

Nautical symbols—miniature anchors, ships, and lifesavers—were used to carry out a "shipmates" theme as the junior class of Colorado High school feted the seniors with a banquet at the Colorado hotel last Friday evening.

Places were laid at the banquet table for around 100 people. Ed Morrison was master of ceremonies. The welcome address was by Annetta Lacey, president of the junior class, and the response by Melba Slator, senior president.

The program opened with a playlet in which the following junior and

senior boys took part: Ed Morrison, Joe Cox, Ewing Lee, Buzzy Hughes, Billy Henderson, Beeman Dockrey, Roy Miller, and Clyde Gregory. Hunter Brandon, accompanied by Mary Elizabeth Pidgeon, played a saxophone solo.

The Rev. P. D. O'Brien of First Baptist church delivered the main address. Brief talks were by Superintendent John E. Watson and C. A. Wilkins, high school principal.

Miss Mabel Smith and Robert Coffman were banquet sponsors. Following the banquet the classes had a dance at the country club with parents of juniors as chaperones.

## Mary Broadus To Read 'First Lady' At 1921 Club's Literary Silver Tea Friday

"First Lady," the successful Broadway play which was written as a "take-off" on Alice Roosevelt Longworth, will be read by Miss Mary Broadus of Fort Worth at the literary silver tea with which the 1921 Study club will close its activities of the current club year Friday afternoon at 4 o'clock at the Colorado hotel ballroom.

Plans for the tea were made at a business meeting of the club with Mrs. J. T. Pritchett Friday afternoon. Mrs. Harry Ratliff was named chairman of arrangements.

Miss Broadus, a former Coloradoan and daughter of Mr. and Mrs.

H. B. Broadus, read the same play for the May breakfast of the Aloha club in Abilene Thursday morning. She teaches reading in Fort Worth and has had special training in the reading of plays.

Members of the town's literary clubs and other interested persons are being invited to attend the tea.

Other business given attention at the club's meeting Friday were the election of Miss Mabel Smith to honorary membership in the club and the adoption of a flower bed at Rudwick park. Mrs. Walter Campbell of McCamey, a former club member, was a guest. An iced drink was served after the meeting.

## Junior Twilight Musicals Will Bring Week To Close Sunday Afternoon

A week which has been filled with musical programs in observance of National Music week will be brought to a close Sunday afternoon when junior twilight musicale is presented at First Baptist church at 5 o'clock.

The week was opened in traditional manner by the senior twilight musicale last Sunday afternoon at the same hour. At that time the Colorado Music club presented the mixed chorus of McMurry college in a program.

Directed and accompanied by Gypsy Ted Sullivan Wylie, dean of fine arts at McMurry college, the chorus of 34 voices sang a variety of beloved classical numbers, with individual numbers by Alice Bentley, Thomas Greer, Anna Frances Kilpatrick, Josephine Palmer, and William Cryer. A large audience heard the program.

Continuing the week's observance, Mrs. Elmer Spears of Snyder brought her Junior Coterie club over from Snyder Monday night and presented a classic program at the studio of Mrs. B. H. Meskimen. The MacDowell club, composed of Mrs. Meskimen's piano pupils, served refreshments to the visitor following the

program. Musical programs have been featured in school assemblies and club meetings throughout the week. Mrs. Meskimen is presenting two of her pupils, Betty Lou and Virginia Rose Whipkey, in a piano recital at their home Friday evening.

Among features on the program of the junior twilight musicale, which is also sponsored by the Colorado Music club and by the three junior clubs of the county will be an ensemble of about 16 violins played by Big Spring High school pupils under the direction of Miss Evelyn Jackson, teacher of violin here and at Big Spring.

Gloria Martin of Loraine is to sing and Ruth Ann Hall, also of Loraine, will give a musical reading of "Humoresque." Betty Lou Whipkey and Margaret Carey will represent the MacDowell club with piano numbers. Hunter Brandon is to play a group of saxophone solos.

Representing Mrs. E. L. Latham's Mozart club will be two two-piano numbers by Nancy Price and J. T. Williamson and by Elizabeth Pidgeon and Mary Frances Mackey. Shirley Kiker is slated to give a violin number.

## CHS TRACKSTERS WIN NO PLACES AT AUSTIN

No places were won by Colorado High school tracksters who entered State Interscholastic League contests in Austin last Friday and Saturday, although Wilburn Henderson qualified for the finals in the 440-yard dash.

Walter Rankin, holding regional first place in 880-yard run, did not qualify for the finals. Neither did the mile relay team, holder of regional third place. Members of the relay team were Henderson, Rankin, Ivy Jones, and Jesse Jones.

The boys, accompanied by Coach Jim Reese, returned home Sunday afternoon.

Mrs. E. C. Nix, Jr., received a vanity for high score, Mrs. G. V. Harrison a sandwich tray for second high.

Guests were Messdames Roy Arledge of Stamford, Bill Dorn, Harrison, H. L. Lockhart, A. C. Anderson, E. S. McCord, Dudley Snyder, R. H. Cantrill, Arlie Taylor, Joe Pond, and Blue Goodwin.

A salad course was served after the games.

## SISTER OF WESTBROOK MAN AND TWO OTHERS DROWN NEAR ALBANY

One of three persons drowned early Sunday morning when a car crashed through a bridge railing near Albany into a swollen creek was Mrs. Mary Elizabeth Carter, 20, sister of A. P. Jones of Westbrook.

Mrs. Carter's companions claimed in the tragedy were Claude Hartgraves, 31, tire dealer and filling station operator of Maryneal, and Miss Wardene Raines, 20, of Sweetwater.

Services for the three were held Monday afternoon, those for Mrs. Carter being at the Highland Heights Methodist church of Sweetwater. A number of Westbrook people attended. Miss Raines was buried in Roscoe, her former home. Hartgraves was buried in the Maryneal cemetery.

Besides her brother at Westbrook Mrs. Carter is survived by the following:

Her husband, Alfred Carter; parents, Mr. and Mrs. F. E. Jones of Sweetwater; one sister, Margaret Jones who left Friday for a vacation trip to California; six brothers, B. M. Jones, Grand Pass, Oregon; J. H. Jones, McAlester, Okla.; J. T. Floyd, Jr., and Robert Jones of Sweetwater.

Highway patrolmen discovered the accident at 6 o'clock Sunday morning when they noticed a concrete post from two to five inches

net wire along the side was torn away. The car was found a short distance from the bridge.

Bodies of the two women were still in the car, but that of Hartgraves was not found until two hours later, half a mile downstream. Identification was made by Hartgraves' driver's license attached to his steering wheel.

It was believed the car skidded from the pavement in the midst of a downpour about 2 a.m. Sunday. Rains in that section amounted to from two to five inches.

The three had left Sweetwater about 8 o'clock Saturday night. Mrs. Carter was en route to Fort Worth to join her husband who had obtained a job in a Fort Worth bakery last week.

### Hints To Gardeners

By Gordon Morrison  
Breeding Expert  
Ferry Seed Institute

### Good Start Important

The value of a garden plant, vegetable or flower, depends greatly upon the start it gets; so give your seedlings ample care.

Begin cultivation as soon as rows are visible, if soil is not wet. Work close to the small plants, cultivating shallowly as they grow, to avoid injury to root growth.

Cultivate often, at least once a week. Three days' delay almost doubles the work.

Watering should not be necessary the first week or ten days after seeds have sprouted. If ground is baked hard and sprouts do not appear, the surface may be disturbed slightly to help the sprouts through.

Seedlings may best be watered in two ways: Mark a shallow trench about four inches from the row and run trench full of water, or, using a fine spray, apply water from directly above plants. Watering is most effective when it closely follows cultivation.

If garden is definitely backward, it may be aided by a light application of ammonium sulphate or a nitrate fertilizer. Ask your dealer for a recommended preparation for your type soil, and get definite instructions. Apply sparingly. Too much nourishment causes heavy foliage at the expense of flowering.

With fertilizer application and with weeding, however, the best time for action is before planting, not after. If it is too late this year, remember, it next Spring.

Small plants should be thinned, as directed on packets, to allow proper development. Certain vegetables may be used as thinned. For instance, onions thinned may be used as green onions, and lettuce may be picked for immediate use, leaving smaller leaves to develop.

## Changes In Local Pastorates To Be Effective At Once

Click Sent To Dunn, Grady Anderson To Big Spring, Is Presiding Elder's Order

Changes in three Methodist pastorates of this section were announced Wednesday at Snyder by Rev. Sam H. Young of Sweetwater, presiding over sessions of the annual district conference.

Rev. Albert Click, pastor at Westbrook is being transferred to Dunn and Rev. Grady Anderson, pastor there will be sent to the Wesley Memorial church, Big Spring. Rev. J. E. Peters, pastor of the Big Spring church, is to be the new Methodist pastor at Westbrook. The changes are effective next week.

Rev. Mr. Click was pastor of the Colorado Circuit before being assigned to the Westbrook charge a few months ago.

### Fighting Vegetable Pests

There are two major classifications of insect pests—chewing and sucking. Chewing insects, such as beetles, leave telltale holes in leaves. Control by dusting or spraying plants with arsenicals (poisons with arsenate of lead as a base) or pyrethrum. These remedies are known as stomach poisons, for they must be eaten by the insects.

Plants commonly attacked include cucumber, squash, other vine crops, rustard, tomato and pepper.

Presence of sucking insects, such as aphid or plant lice, is indicated by a general lack of vitality in the plant. Control by dusting or spraying directly on the insects, nicotine sulphate or pyrethrum. These insects do not eat exterior plant texture and must be killed by a contact poison. Among plants attacked are peas, pepper, cabbage and related crops.

All seedlings may well be treated early with light application of an arsenical.

Special treatment should be given two pests—cutworm and leaf beetle. The former (a chewing insect) is very fond of tender pepper, tomato and cabbage plants, and is controlled by spreading about a spoonful of "poison bran half" near each plant. This should be done at nightfall. Leaf beetle (also a chewing insect) is found on tomato, pepper, turnips and other plants. It can be repelled by a Bordeaux mixture spray.

Remember this important "don't": Don't use arsenicals on the edible portion of vegetables within 14 days of the time they are to be used. Pyrethrum sprays, however, are equally effective and may be safely used at any time.

## 33,000 YOUTHS UNITED IN NYA STATE PROJECT

Thirty-three thousand Texas youths have availed themselves of the opportunities offered by the National Youth administration since it went into operation in September, 1935. Lyndon B. Johnson, state director of the youth administration has announced.

A summary of major Texas activities reveals that the student aid program leads with 16,935 high school and college students holding part time jobs. Of this number 11,030 were employed in high schools and 5,905 in Texas colleges. High school student jobs pay \$6 per month and college students are paid an average of \$15 per month.

Under the works projects program, 12,011 Texas out-of-school youths—7,414 boys and 4,597 girls—have part-time jobs. NYA projects are sponsored locally and adapted to the needs of individual communities.

The Texas NYA has 20 freshmen college centers in operation with a total enrollment of approximately 900 students and with 24 teachers employed. The centers offer college work of the first year level to students unable to enroll in regular colleges and universities.

Under the vocational guidance and job training program of the NYA, a junior employment service has been established at Fort Worth. In 60 days of operation, 2,119 boys and 1,155 girls have been interviewed. A total of 136 firms have been visited and 22 youth have been placed in marginal jobs in private industry.

## SPADE RANCH SHIPS 23 CARS OF STEERS TO LUBBOCK RANGE

Twenty-three cars of steer yearlings from the Spade ranch were shipped to the Lubbock Spade ranch Thursday, according to Otto Jones, manager of the Mitchell county ranch.

The steers, numbering 1,300 head, were loaded at Colorado. Grass on the Lubbock ranch is much better than that on the Mitchell county ranch, where rain is badly needed, it is said.

## FISH ARE PLENTIFUL IN FECOS AREA, HE STATES

Fish are plentiful in the Pecos country and their coveted game of courtmen grow big out there, reports Ben Smith, secretary of the Pecos chamber of commerce, who was a visitor in Colorado over the week-end. Smith, formerly associated with The Record, left Colorado a few weeks ago to establish residence in the western city.

## STOMACH SUFFERERS

If you are suffering from indigestion, atonic dyspepsia, sour stomach, gas pains, "raw stomach," inflammation of the intestines (enteritis), gastric acidity and steatorrhea, due to excessive acidity, you can't afford to ignore these warning signs. You should try at once the Doctor's Prescription, known as Gasa Tablets. If you allow these conditions to become worse, the acids may eat into the delicate mucous membrane of your stomach and intestine and possibly cause dangerous ulcers. Gasa Tablets soothe the raw, inflamed lining of the "acid stomach" and help convert starchy foods into dextrose, which is so essential to energy of the body, and preservation of health. Take just one or two Gasa Tablets and see how they help you. The first bottle must produce results or your back. On sale at OSWALT'S PHARMACY

By Lyman White

**Flower Pests and Diseases**

A SURE-FIRE way to defeat certain flower diseases is, of course, to plant disease-resistant strains such as rust-resistant snapdragon and wilt-resistant aster.

But the only way to combat insect pests is to spray or dust plants with insecticides.

An early season pest is leaf beetle, a chewing insect whose presence is indicated by discolored or dropping leaves. It is found most often on alyssum, zinnia, marigold, and annual phlox. Bordeaux dust is an effective repellent.

Principal victims of the cutworm, a chewing insect which cuts plants off at the ground, are the snapdragon, aster, petunia and verbena. To combat it, place about a spoonful of poison bran bait around the base of each plant.

Aphis, sucking insects, bother almost all the popular flowers with the exception of the zinnia. They promote wilting and cause light spots to appear on the upper side of the leaves. A contact poison (pyrethrum or nicotine sulphate base) should be sprayed on the insects.

Downy mildew is a Fall disease. It shows up white all over the plant and discolors to black, killing leaves and causing stems to rot. Zinnia is its particular prey, although petunia, phlox and others also are affected. As a remedy, flowers of sulphur should be dusted on, very lightly, and the treatment repeated.

With roses, don't wait for pests, but spray before they are visible.

Take a big step toward elimination of all pests generally by burning garden waste and trash, especially any diseased stalks or leaves, at the close of the season.

**Mothers Will Be Honored In Sunday Evening Program**

First Christian Young People To Present Original Playlet 'Lavendar and Old Lace'

Probably the most elaborate program being planned for Mother's day among Colorado churches—is that which young people of First Christian church are to present Sunday evening at 8 o'clock.

"Lavendar and Old Lace" will be the general title of the original playlet which will be staged at that time. The playlet will open with two modern young people, played by Miss Loyse Price and Martha Jane Majors, sitting in a room filled with old-fashioned furniture.

As they wonder about the people who first owned the furniture, a fairy, Mary Jo Bishop, appears and causes time to turn backward for a space. Curtains part to reveal an old-fashioned mother, played by Mrs. Leslie Crowder, sitting and reading in an archway.

It is before this old-fashioned mother that the subsequent program numbers will be given. First, an old fashioned village choir will appear and sing several numbers. Then Mary Smith and Mary Jo Pickens will sing "My Mother's Bible." Beulah Frances Robinson will give a Mother's day reading. "Nobody Knows But Mother" will be sung by Fannie Fae Porter and Mary Smith.

A true pioneer story, dealing with some incident in the life of a Coloradoan, will be told by Gladys Louise Jones.

All those taking part in the program will wear old-fashioned clothes, as will the choir of some 15 young people. The choir will be directed in several hymns and Mother's day numbers by J. T. Williamson.

**HOSPITAL NEWS**

Farris Lipps had a bone sliwer removed from his leg last Thursday.

Calvin Alridge, 8-month-old son of Mr. and Mrs. W. S. Alridge of Westbrook, was admitted Friday with pneumonia and was dismissed Wednesday, much improved.

Miss Virgie Powell was a patient in the hospital from Friday until Wednesday, suffering from flu. She is still confined to her bed.

Mrs. R. B. Lovejoy of San Angelo was a medical patient from Saturday until Wednesday.

S. E. Reazor of Fairview was admitted to the hospital Saturday as a medical patient.

Derwood Harkins, 7-year-old son of J. R. Harkins of Hyman, is a pneumonia patient, having been admitted Sunday.

Mrs. J. D. Givens of Loraine received major surgery Monday and is doing nicely.

The little daughter of Mr. and Mrs. Lloyd Blackard was given minor surgery Tuesday.

Mrs. O. L. Simpson of Fairview is recovering from minor surgery which she underwent Tuesday.

Tonsils of Bertia Redman, 5-year-old daughter of Mrs. Robert Redman of Buford, and Alma Lee, 11-year-old daughter of Mr. and Mrs. G. O. Lee of Loraine, were removed Wednesday morning and both children were dismissed Thursday.

Mrs. John Vinson was admitted to the hospital at 4 o'clock Thursday morning.

Emergency appendectomy was performed on Mrs. T. F. Finley of Loraine Thursday morning at 5 o'clock and she was in satisfactory condition at noon.

J. W. Hamilton of Valley View, patient for major surgery last Thursday, is reported to be in good condition.

Mrs. Inez Dearen, hospital employee, is being kept from her duties by an attack of arthritis which has confined her to her home for a week.

**HEREFORD PLANS COLORFUL EVENTS**

HEREFORD.—A Texas Centennial day celebration and Old Settler's program on Friday, May 8, will mark Hereford's contribution to the state-wide Centennial observance.

A full day of entertainment is planned with a parade in the afternoon and folk songs and dances in the evening as outstanding events. Leading the parade will be a man, representing Deaf Smith for whom the Panhandle county was named. Six young men and women will represent the nation's whose flags have flown over Texas and next in line will be 20 Indians, headed by a chief in full costume. Floats will depict the buffalo hunters and trail herders. Other floats will portray the cattle industry with scouts, chuck wagon, and cowboys. Of interest in the parade will be old buckboards, freight wagons, prairie schooners, and aged motor cars.

The celebration is expected to be an outstanding Centennial event in the Panhandle section of the state.

**ENTIRE WORLD SHOWS INTEREST IN CENTENNIAL**

DALLAS.—Interest in the state of Texas and its Centennial year celebrations is world wide, according to requests for literature and information. Several thousand inquiries are received each week as the result of the extensive advertising campaign carried on by the state organization.

Inquiries have been received from practically every foreign country. Canada leads in number with England sending in the most requests from Europe. Numerous inquiries, however, are being received from Spain, Germany, Italy, Greece, Sweden, Norway, France, Denmark, Holland, Portugal, Poland and other countries. South American countries have manifested great interest and Mexico has sent in many requests for information.

The state department answers each inquiry with a varied assortment of printed matter, descriptive of the Lone Star state and its state-wide Centennial celebrations.

**Notice to Those Who Rent**

For the past several years, due to depression, droughts and other calamities, rent in Colorado as well as other towns in this section of the country has been below normal. We realize, of course that under such conditions it is difficult to make up your mind to purchase a home and stop paying rent, but there is a homely saying to the effect that, "the harder the ground, the harder the old hen scratches". The only question is whether you have allowed this situation to discourage you and allowed your efforts to let down, more especially since the time is coming when we all will certainly need to own our own homes.

To those who have a bonus bond coming up some time during this year, we are going to offer to those boys the opportunity of purchasing a home for as little as

**\$15 Down and \$15 per Month**

until the bonus bond is available for the cash payment with the understanding that at which time the difference between the amount paid monthly, after deduction of interest, and the 10 per cent necessary, as required by our regular sales plan, as the cash payment, shall be paid, then a deed will be given and the balance carried upon a regular mortgage loan contract at a very liberal rate of interest. We have a nice bunch of dwellings to select from, you can get the home you wish and determine the amount of your monthly payments by the kind of property you purchase.

I Will be Glad to Explain the Plan in Person At Your Convenience

## Steakley To Open Campaign For 32 District Attorney

Sweetwater Candidate Will Address Voters Monday Afternoon At 3

Zollie C. Steakley of Sweetwater, candidate for the democratic nomination as State's attorney for the 32nd judicial district, announces that he is to formally open his campaign in Mitchell county Monday afternoon at 3. Steakley spent a brief visit here Wednesday morning greeting voters and concluding plans for the address.

Using a public address system to carry his voice Mr. Steakley is to speak from a downtown street. He stated Wednesday that announcement would be made through the loud speaker Monday afternoon as to just where the address would be delivered.

## RECREATIONAL PARTY FOR 4-H CLUB GIRLS

The first recreational program of the year for 4-H club girls enrolled in the seven clubs of Mitchell county was held at the Legion Hut Saturday from 3 to 5 p.m. with Mrs. Roy Howell, chairman of recreation, in charge. The following women were her assistants: Mrs. J. T. Vest of Hyman, Mrs. J. M. Hahn of Iatan, and Mrs. W. H. Wegens of Fairview.

Recreational marches, games of line or circle formations, contests and folk games were used to entertain the 30 club girls attending. Polly and Molly Ennis, club girls of Looney sang and played "Red Sails in the Sunset." Lillian Daughtrey and Julia Koen of Dorn club tapped for the group. Frozen cups were served to the group.

The following adults were present in addition to the 30 club girls: Miss Ethel Adrian of Landers, club sponsor; Mrs. Chester Beights, Mrs. M. Compton, and Mrs. H. D. Mearse of Valley View; Miss Roselle McKenney of Iatan; Mrs. W. R. Payne of Fairview; Mrs. C. L. Boyd and Mrs. Ed Roach of Seven Wells; Mrs. Tom Daughtrey of Dorn. Another recreational meeting will be held in May for the adult group with the club girls assisting.

## Well To Describe Texas Centennial Exposition Facts

## President Roosevelt To Be Present On June 6th As Southern Fair Opens

President Roosevelt will visit Dallas on June 6 to open the Texas Centennial Exposition and in all probability the world's next heavyweight boxing championship battle will take place in the mammoth Centennial stadium this year, according to Carveth Wells, famous radio reporter and traveler.

Wells, now conducting a series of "Exploring America" broadcasts for Continental Oil Company, plans to devote his Sunday, May 17, program to a description of sights and activities to be enjoyed by Centennial Exposition visitors.

Included in this program will be a special message from John N. Garner, vice president of the United States and a native of the Lone Star state.

"The biggest state in the Union has produced more people with the biggest hearts in the world," says Wells. "Centennial year and celebrations commemorating it in all parts of Texas are already attracting hundreds of thousands of out-of-state visitors. Billy Rose, New York's big time showman, is putting on a better show than 'Jumbo' in Fort Worth."

Local listeners who wish to tune in on Wells Sunday, May 17, may do so by dialing station WFAA at 1 o'clock.

## MRS. ROY WARREN BETTER

Mrs. Roy Warren, who has been ill, is now much improved and able to be out again.

## SMITH CHILDREN HERE

Royall Smith, Jr., of Austin and his sister, Margaret Smith of San Angelo, were guests during the weekend in his home of their aunt, Mrs. R. O. Pearson. They also visited Miss Mable Smith and Mr. and Mrs. Thos. R. Smith while here.

## OIL FIELD TOURS

Centennial year visitors in East Texas may make a tour of the famous East Texas oil field, accompanied by guides whose services will be furnished without charge by the Kilgore chamber of commerce. They will see a forest of 20,000 oil derricks, many refineries, and other places of interest.

## MRS. SANDUSKY LEAVING

Plans are being made by Mrs. L. W. Sandusky to leave Sunday for a visit of about two weeks in Oklahoma City. Her sister and husband, Mr. and Mrs. John Daugherty, are arriving from Oklahoma City Friday and she will make the trip to Oklahoma with them. She will be accompanied by her little granddaughter, Adele Hutchinson.

**Commencement Activities Of '36 Seniors To Begin With Celebration Of Senior Day**

Celebration of Senior Day Friday will begin the series of activities which will culminate May 22 in the graduation from Colorado High school of 64 seniors.

The class plans to spend its special day at Lake Sweetwater, with Mr. and Mrs. G. D. Foster and Miss Velma Barrett as chaperons.

This outing will be followed by a complete lull of social affairs next week while members of the class prepare for their final examinations on Thursday and Friday.

The baccalaureate sermon will be preached at Colorado High school Sunday night, May 17, opening the commencement week calendar for the class. The sermon will be delivered by the Rev. W. M. Elliott of First Presbyterian church.

Commencement exercises proper on the following Friday will be in the hands of class members, as was the case last year. Betsy Lee and Paschal Lynch have been named as honor students.

The 64 seniors who are candidates for graduation are as follows: Edward Beal, N. T. Berry, L. J. Burdine, Leon Callan, Arthur Conwell, Wesley Elliott, Raymond Franklin, Bill Gale, Clyde Gregory, Marion Hardison, Wilburn Henderson, Russell Hood, Tom Hughes, Jesse Jones, Ivy Jones, Paschal Lynch, Cecil Mackey, Roy Miller, Clayton Porter, Regal Porter, Leroy Shepherd, Julius Smith, R. **Oil Which 'Plates' Gives Better Use, Chemists Explain**

**Continental Offers Special Processed Lube To Public Of This Territory**

PONCA CITY, Okla.—Oil that "marries" metal and combines with the wearing surfaces of automobile shafts and bearings to form what is virtually an oil-plated protective layer was explained today by chemists of the Continental Oil Company who reported the scientific details of the development at recent meetings of the American Petroleum Institute and American Chemical Society.

The "plating" of the metal is said to be accomplished by adding to mid-continent mineral oil a new chemical with so strong an attraction for metal that minute layers of the lubricant are locked tightly to the surface of the moving parts, forming what is virtually an amalgam or "plating" on the metal. The resistance of this plating to being "wiped out" is so great that the film continues to lubricate under greater heat and stress conditions than were formerly possible, and cannot be entirely removed by any process short of actual grinding.

The scientific principles behind the formation of the film involve the molecular structure of lubricants and grew out of the discovery that certain chemicals are made up of "long chain" molecules, with a greater power of attraction at one end than at the other. The forces which are present on all metal surfaces and are responsible for the phenomenon known as friction, dissipate themselves by attracting and holding the "magnetic," or polar, ends of these molecules.

The orderly arrangement of the molecules, with their polar ends practically buried in the surface of the metal, appears to have a disciplinary effect, described by chemists as "regimentation", on the molecules of the oil itself, resulting in a surface that approaches the principles of self-lubrication and needs new oil only to keep it "alive" and to repair the effects of scratches, grit and other damage.

The chemical used in field tests of the new oil is a lubricant itself. It is artificially made and was selected from among more than 1000 compounds tested in the laboratory and the field over a period of several years. Conclusions on the behavior of molecules, which are far too small to be seen, even with the best microscopes, were determined by x-ray diffraction, which produces photographic patterns of the reflecting or splitting of x-ray beams as they pass through an oil film.

**MRS. WHITE TO ATTEND EMBALMERS' CONVENTION**

During her vacation trip with her husband and son, Mrs. N. H. White, Jr., member of the Kiker & Son undertaking firm, will attend the state embalmers' convention in Houston next Thursday, May 14.

Mr. and Mrs. White and their son, Creighton, left here Sunday, planning to visit in Kerrville, San Antonio, and Center Point before time for the convention. They are to return home Sunday, May 17.

**FATHER IS OPERATED ON**  
Mrs. Max Berman's father, George Brodsky, underwent major surgery in Michael Reese hospital in Chicago Monday, according to word received here this week from Mrs. Berman. She left Colorado for Chicago two weeks ago in response to a message that her father was ill. She may remain in Chicago for some time yet.

**Fire Of Undetermined Origin Destroys Homer Winnett Home Thursday Morning**

Fire of undetermined origin destroyed the home of Mr. and Mrs. Homer Winnett at 631 Oak street Thursday morning shortly before 5 o'clock.

Interior of the rock structure was ruined, all windows, doors and walls being burned away. The house was owned by a loan company. Practically all household and personal effects of the Winnetts were destroyed, and these were not covered by insurance.

Mrs. Winnett and her two young sons, Billy and Don, were alone in the house, Mr. Winnett being at work on a night shift at the Col-Tex Refinery. The odor of smoke awakened Mrs. Winnett shortly before 5 o'clock and she got up to look around but found no trace of fire at first.

She went into the back bedroom to see about the older son, Billy, and on reentering the front bedroom could hear the crackling of fire. She jerked open the closet door and flames leaped out and began spreading rapidly through the house.

Seizing her six-months-old son from his bed, Mrs. Winnett turned in the alarm but was forced from the phone by the flames before she could make her address clear to the operator. Members of the fire department could not learn the location of the fire for a period of some ten minutes after the alarm came in. Hank Bryant, seeing the fire as he drove down the street, turned in the location.

Only a few pieces of furniture from the back bedroom and some kitchen utensils were saved from the flames. The only clothes salvaged were those in the dirty clothes hamper.

**DID YOU KNOW THAT ELECTROLUX IS PERMANENTLY SILENT?**

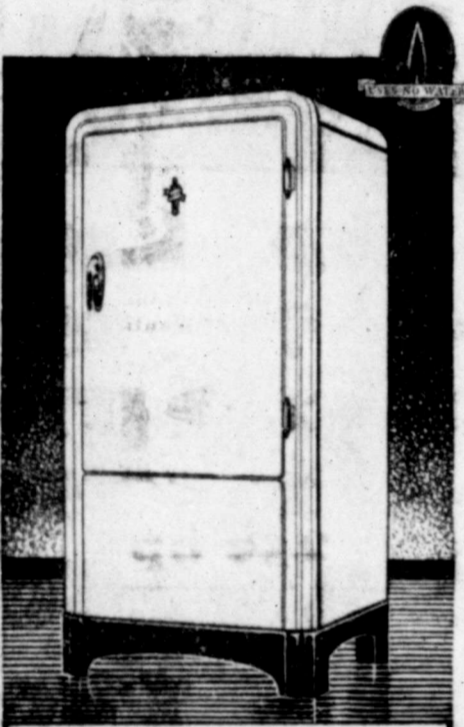

**YES, AND THAT'S NOT ONLY A BIG ADVANTAGE IN ITSELF! IT'S THE CONSTANT ASSURANCE OF LONG SERVICE AT LOW COST.**

*Here's why*

The silence of Electrolux testifies to its utterly different operating method—no machinery at all! It's the key to every one of the famous Electrolux advantages:

- No moving parts to wear
- Lasting efficiency
- Continued low operating cost
- Fullest food protection
- Savings that pay for it

Now Air-Cooled **ELECTROLUX** THE SERVEL Gas Refrigerator

**ELECTROLUX** is able to offer you more big advantages than any other refrigerator, because it operates on a simpler, more efficient principle than any other. A tiny gas burner takes the place of all moving parts in this remarkable modern refrigerator.

It is this simplicity of Electrolux operation which makes possible its permanent silence. And it makes possible, too, the assurance of long Electrolux service at low cost. Come in today and see the beautiful 1936 models on display at our showroom. Get the facts about our liberal purchase plan!

**POETRY COLLECTION OF JUNIOR HIGH STUDENTS WINNING MUCH PRAISE**

Highly favorable comment from every quarter is greeting the Junior High school collection of poems, "From the Point of Our Pen," which was off the press early this week.

The book, which is the first thing of its kind ever attempted by any student body of Colorado, contains 31 printed pages and several additional blank pages for signatures. It will serve Junior High students, and especially members of the Seventh grade graduating class, as a memento of this school year in the future. It was printed by the Whipkey Printing company.

The twenty-five poems appearing in the book were collected by the three editors of the Jr. Hi Tattler, a news column. These three are Nancy Price, Catherine Slagel, and Freddie Watson.

Three of the twenty-five poems were written by Billie Chaney, known as the Junior High school "poet laureate." Nancy Price has two poems in the collection, Jo Walding two, and the following have one each: Burl Ballard, Helen Snyder, Charles Hill, Sara Guitler, Ross Glover, Harold Jones, A. B. Phipps, Lucille Dockrey, Helen Chaney, Catherine Slagel, Freddie Watson, Elnora Webster, Ray Elliott, Ida Doss, Dorothy Womack, Craig Porter, and Jan Lee. Three short poems at the close of the book are by Freddie Watson, Alice Womack, and Nina Katherine Quinney.

**MARY BROADDUS HERE**

Miss Mary Broadbudd is arriving Thursday afternoon to spend the week-end with her parents, Mr. and Mrs. H. B. Broadbudd. While here she is to read a play at the 1921 Study club's literary silver tea Friday afternoon at the Colorado hotel at 4 o'clock.

**Bill Oswalt Outlines High Qualities of Machine On Sale By Him Here**

"Your refrigerator will be in your kitchen for many, many years, and you want it to be a pleasing note in your daily surroundings all that time," according to Bill Oswalt of the Oswalt Pharmacy, local dealer for Electrolux gas and kerosene refrigerators.

"That is why we put the emphasis upon beauty in designing this new Electrolux—why we purposely set out to make it the world's most beautiful refrigerator. And we did not take our own judgment as to good looks. We went to the very people who know most about modern household equipment—we asked the women of America.

"Starting with a handsome preliminary model, we sought expressions of opinion from a large number of women. Through study of their suggestions, we proceeded with further designs and again submitted them to critical feminine eyes. In this way, we developed seven superb models, every one a step toward the final result.

"Then we presented this new Electrolux to hundreds of women. They were enthusiastic. They acclaimed this Electrolux for its beauty and price."

In the Dafoe Hospital for Dionne Quintuplets at Corbett, Canada, food is kept at constant low temperature by means of an Electrolux refrigerator. Twenty-four hours after the news of the birth of these famous babies had been flashed to the world, a Kerosene Electrolux was on its way to their isolated birthplace.

**SEVERAL MORE GARDENS TO BE SUB-IRRIGATED WITH CONCRETE TILE**

Recent testimony of Earl Morrison that the use of sub-irrigation tile had made his once useless garden plot highly productive has resulted in the laying of a number of such systems in garden plots over the county.

Among those who are to sub-irrigate their gardens this year are J. W. McGuire, T. C. Richardson, John Hooks, I. K. Galey, Joe Johnson, and others. Mrs. Joe Sheppard of Colorado has had tile laid for sub-irrigating her rose garden.

Tile for all the above-mentioned systems was made by Colorado High school Future Farmer boys and laid under their direction.

**SHELL EMPLOYEES TO BIG SPRING MEETING**

Several Colorado employees of the Shell Pipeline company were in Big Spring Monday evening to attend a district Shell meeting at the Crawford hotel for the purpose of introducing the new Shell motor oil.

Those attending were guests at a banquet and later heard sales talks and saw commercial pictures; Shell officials from New Orleans were present.

Among those attending from here were Bernie Grable, manager of a Shell station; Charles Shell, Hugh Millington, Johnny Vinson, Carl Chambers, John Conner, and John Sheehan.

**PROUD FATHER NOTIFIED CIGARS TO BE EXPECTED**

Bill Oswalt, manager of Oswalt's Pharmacy, stated Monday afternoon that members of the Lions Club were reminding him of the fact he was due to bring a supply of cigars to the service organization meeting Friday at noon. It is all because Oswalt is the proud father of a son, Bill, Jr., born a few days ago in Abilene.

**THE COLORADO THAT USED TO BE 25 Years Ago 15 Years Ago**

**25 YEARS AGO**

"See the car that made the trip from Fresno, California—1,625 miles—in 16 days without a break!"

Thus read the advertisement of Studebaker cars in the Colorado Record 25 years ago, May 5, 1911. F. S. Keiper was Studebaker agent here then. The car was pictured with its top down, its right-hand steering wheel, its bulb horn, and the windshield braced by iron rods extending down to the front of the engine. Prices were quoted from \$975 to \$1,200.

There had been a May pole dance by primary pupils of Miss Riordan. Alice Majors had been May queen, with ladies and lords in waiting as follows: Lillian Smith, Dorothy Burns, Boyd Paschall, Dolly Cooke, Opal Lowe, Ford Merritt, Bradford Landers, Randolph McEntire, and J. J. Boland.

A marriage of wide interest had been that of Miss Ila Bess Looney and Marcus Snyder in Dallas on Monday. The wedding came, the Record said, "as a surprise to all Coloradans." Mr. and Mrs. Snyder were to visit in New York, then come back to Fort Worth to live. Young people of the town had received news of the wedding while having a "jolly dance" at the club rooms.

A picnic on Champion creek had honored Miss Lillie Lucas, guest of the Misses Mary and Louise Coe. Chaperons were Mr. and Mrs. Beal and Mrs. Sam Majors.

In the party were Miss Lucas and Mr. Sims, Miss Louise Cox and Chester Thomas, Miss Mabel Ratliff and Edgar Majors, Miss Mary Cox and Prentiss Jeffries. They went down to South Champion and spent "a gay day fishing and gathering wild flowers."

The baccalaureate sermon for that year's seniors had been preached by Rev. W. E. Lyon at First Methodist church on Sunday morning. In the graduating class were Harry Phillips, Ethel Pritchett, Mabel Smith Robert Shepherd, Nora Blandford, Ollie Pritchett, and Everett Lyon.

Mrs. W. P. Ruddick was visiting her daughter, Mrs. Shannon, in Dallas that week. Mrs. J. B. Annis and Mrs. Walter Stoneham had returned on Friday from Mineral Wells. Mrs. D. N. Arnett and McCall Merritt had gone to Randerbrook ranch on Thursday.

Mrs. G. W. Donaldson, the Misses Duv. and Mrs. Jake Maurer had gone fishing out on Judge McCallum's ranch. Judge C. H. Earnest, Rowall Smith, L. W. Sandusky, and Dr. Bailey had returned from an automobile trip to Brownsville.

**PICTURE SHOW FREE TO PUBLIC TUESDAY NIGHT**

A motion picture showing features of the 1936 Leonard refrigerator was given complimentary to the public at the J. Riordan Company store Tuesday night at 7:30. Mr. Riordan expressed pleasure in the reception given him and representatives of the factory in demonstrating excellent features of the machine.

**COLORADOANS GO TO LAKES AS SEASON OPENS**

Hundreds of Coloradoans converged at lakes in this vicinity as fishing season opened Friday. The country club and Sweetwater lake drew large quotas of the nimrod. The latter, among the largest bodies of water in this part of the State, attracted sportsmen from a wide section.

**C-C SECRETARY IS BUSY PUSHING JUBILEE PLANS**

Jim Greene, secretary of the chamber of commerce and who has been

loaned to the West Texas chamber of commerce to enlist cooperation of a large part of West Texas in the Frontier Centennial celebration at Fort Worth, continues busy in his new duties. Greene is contacting leaders in several communities daily and as a rule is meeting with success in getting contracts calling for part in the celebration signed.

the Colorado Booster club 15 years ago, according to the Colorado Record for May 6, 1921. Foster No. 1 at Iatan had been given a nitro shot with good results. A well being drilled by Dan Lewis on the Conaway lease was being watched with interest. The city was planning on improving a 20-acre tract in north Colorado, a tract donated some time previously by the Brown estate for park purposes.

The baccalaureate sermon for the twenty-seventh commencement of Colorado high school was to be preached on Sunday by the Rev. Guy B. Duff of the Presbyterian church. Members of the graduating class were Annie Mary Lupton, Robert Brennand, Isla Dorn, Mel Beck, Mary Terrell, Robert Nunn, Hazel Cook, Conrad Ausley, Jessie Schroeder Baker, Jack Helton, Lillian Dorn, Brooks Bell, James Adams, and Dixon Westcott.

A. J. Root, brother of Dr. C. L. Root, had died in El Paso and was buried in Burnet. Glenn Womack, little son of Mr. and Mrs. Claude Womack, had died from burns received when his clothing ignited from an oil stove in the Womack home. His death occurred Tuesday morning, and that night a little girl was born to the Womacks. At the time of Glenn's birth, more than three years before, the Womacks had lost their first child.

The 1921 Study club had met with Mrs. Dickerson, the Bayview with Mrs. J. H. Greene, the Hesperian with Mrs. Coe building to finish packing garments for Near East relief, the Merry Wives with Mrs. Oscar Price. A music club had been organized at Dr. Ratliff's home on Monday night with the following officers: J. A. Sadler, president; Chester Thomas, Mrs. Ratliff, and Mrs. Sadler, vice presidents; Miss Ruth Hurd, secretary; Paul Terrell, treasurer; Mrs. E. B. Canada, librarian; Mrs. J. H. Guitler, director; Kirk Ratliff, reporter.

Stanisl Whipkey had left on Saturday for Dallas to finish a business course at Metropolitan Business college. J. H. Latham of Dublin was here looking after property interests. Miss Lulu Mae Dulaney had undergone appendectomy on Tuesday at a local sanitarium. Mrs. C. L. Root had gone to visit her mother in Temple. Mrs. Peebles and daughter, Georgia, had been here from Anson visiting their daughter and sister, Mrs. Boyd Dozier.

Mr. and Mrs. W. A. Dozier and son, Fred, had gone to visit relatives in Fort Worth. W. R. Morgan had resigned as bookkeeper for O. Lambeth. Mrs. Eugenia D. Westcott, English teacher in High school, had gone to her father's bedside in Houston. Miss Isla Tilley was visiting in Sweetwater.

**MR. AND MRS. JACK MAYES ADOPT A SON**

**MISS GLADINE POWELL TO SAN ANTONIO JOB**

Miss Gladine Powell, beauty operator in the shop of Mrs. R. D. Tiner for the past several years, left Sunday to begin her work in a similar position in a San Antonio shop. Miss Powell's place in the Tiner Beauty shop has been taken by Miss Billie Henderson, experienced operator from Big Spring.

**Work Starts on "Cavalcade of Texas"**

The history of Texas, under the six flags which have flown over it from the days of the first Spaniards to the present, will be set forth in pomp and color in "The Cavalcade of Texas," an expansive pageant to be presented three times daily during the Texas Centennial, the \$25,000,000 World's Fair, which runs in Dallas from June 6 to Nov. 29. Above J. Mark Hamilton, director and expert on lore of the Southwest, and Jan Isabelle Fortune, well known magazine writer, confer over the script.

## REDUCED WATER SCALE IS APPROVED BY CITY AS AID TO CIVIC PROGRESS DRIVE

### Fifteen Cents Per Thousand Gallons Over Minimum To Apply On Domestic Rate, Effective At Once

A lower scale is to apply on accounts of domestic water customers during the summer months as the city's contribution in drive to add further to civic attractiveness of grounds surrounding homes in the community.

Order reducing scale from 25 cents to 15 cents per one thousand gallons for all water used over the minimum of 4,000 gallons was passed by unanimous vote of the council Monday night. The minimum rate of \$2.00 per month, with fifty cents sewer charge tacked on, remains unchanged. The old scale, in effect here a number of years, called for payment of 25 cents for the first 50,000 gallons over the minimum and 20 cents per thousand for all gallonage over that figure.

Commercial water rates were not changed and are to remain the same as heretofore. The chamber of commerce and scores of individuals had recently petitioned the council to reduce water rates for domestic use during the summer as a step to encourage greater use of the commodity in beautifying lawns and home grounds. Resolution calling for the lower rate was adopted by the chamber of commerce luncheon club a few days before.

The lower rate is made operative as of April 15 and will run through to September 15. Current water bills against domestic consumers are to be compiled under the new scale.

## 'Singing Convention' Day Kept Here In Traditional Manner Last Sunday

"Singing Convention Day," which has become almost traditional through the years of Mitchell county's history, was kept once more when throngs gathered at the city tabernacle Sunday for the annual convention program of the Mitchell County Singing association.

Between 2,000 and 2,500 persons were estimated to be in the audience which filled the tabernacle and all available standing space around the doorways during the day.

A business session which was preliminary to the convention proper was held at the First Baptist church Saturday evening. Officers were elected as follows: President, W. W. Porter; vice-president, W. L. Doss, Sr.; secretary-treasurer, Mrs. W. K. Miles of Looney; chaplain, Rev. Albert Mason of Colorado.

At noon Sunday many families spread their lunches at Ruddick Park and in other shady places in and near town.

## Accused Killer Of Merkel Officer To Trial At Abilene

### Lonnie Mitchell, Negro, Is Also Charged With Death Of Louisiana Citizen

Lonnie Mitchell, Negro, charged with the murder of Chester C. Hutcheson, Merkel city marshal, a few weeks ago, was brought to trial in 42nd district court at Abilene Thursday morning at 9 o'clock. A special venire of 120 men has been called from which to draw the jury.

Mitchell shot the city official as Hutcheson entered a negro dance hall in Merkel. The black was placed under arrest a few hours later after an organized posse had located him hiding in a negro servants house on outskirts of Merkel. The negro was kept in an unnamed jail until brought into district court at Abilene Monday morning, due to fear of mob violence.

## County Convention Of Democrats Give Praise To Leaders

### Roosevelt, Garner, Mahon Lauded In Resolutions At Session Held Tuesday

Mitchell county democrats assembled in county convention here Tuesday afternoon offered strong tribute to the Roosevelt administration and instructed delegates elected to the State convention in San Antonio to vote for nomination of Mr. Roosevelt for president, and John N. Garner for vice president.

Congressman George H. Mahon, first representative from the 19th congressional district, too, was praised in addresses delivered from the convention floor and resolutions unanimously adopted.

The convention was called to order by J. A. Buchanan, chairman of the Mitchell County Democratic Executive Committee. R. H. Ratliff was elected chairman and James Herrington secretary.

Delegates elected to the State convention to be held on Tuesday, May 26 included C. C. Thompson, Mrs. H. B. Broadus, B. L. Templeton and J. Dell Barber. Thos. R. Smith acted as chairman of the committee on resolutions and Truett Barber chairman of the nomination committee. Delegates representing the Colorado, Landers, Iatan and Lorraine precincts were seated.

Alternate delegates elected include Max Bertram, Mrs. C. E. Way, Mrs. J. G. Merritt, J. L. Bowen and R. H. Ratliff.

## SHORT COURSE PLANS TO BE DISCUSSED AT HD COUNCIL MEETING

## RANCHERS PROGRESS WITH CAMPAIGN TO STOP THEFT OF LIVESTOCK IN COUNTY

### Rigid Inspection Bill Given Passage By City Council On Monday Night Affects All Meat Products Sold Here

Mitchell county ranchers Monday night realized another material stride in their organized campaign to put an end to livestock thieving in this section as the city council passed a rigid inspection ordinance affecting the sale of all meat and meat products within corporate limits of Colorado.

While the ordinance deals largely with conditions under which these products are to be offered for human consumption, sections in the law specifically prescribe that all animals offered for sale as butcher stock shall be inspected and passed by an accredited official and ample provision is contained to put an end to whatever sales of stolen livestock that may have been in vogue.

Several local butchers and D. H. Snyder, president of the Mitchell County Anti-Theft association, met with Mayor Sedler and members of the council to consider provisions of the ordinance, as drafted and offered for consideration by City Attorney R. H. Ratliff. The visitors expressed approval of the law and pledged cooperation with the city in enforcing its provisions.

"The ordinance does not cover the chicken stealing racket and a number of our association members are reporting losses to these thieves," Snyder stated after having heard the text read. The city attorney explained that the offense of stealing chickens was prohibited under State statute and persons charged with the offense could be sent to the penitentiary under conviction.

All meat to be offered for sale within the city for public consumption shall, under mandate of the ordinance, be slaughtered or prepared in a slaughter house meeting rigid specifications as to sanitation. The carcasses shall not be offered for sale until inspected and passed by an official representing the city health officer and properly tagged. Meat products supplied the local trade by accredited packers will not be subjected to the rigid local inspection, provided the same carries approval stamp of the Federal department of agriculture.

Farmers electing to butcher livestock and offer the same for sale in Colorado will be permitted to prepare the carcasses on their own premises or other acceptable place, but must have them passed and stamped by the inspector.

Carcasses of animals showing symptoms of disease or other conditions making them unfit for consumption shall be destroyed. Complete records of all animals offered for butcher products are to be kept on file at the city hall, including origin of the animal, owners, past and present.

A fee of 20 cents for beeves and 10 cents for veal, sheep, goat and swine inspection is provided in the ordinance. Farmers offering butchered carcasses for sale are to pay the regulation inspection fee.

In addition to the carcass inspection fee, the hides of all cattle offered for slaughter are to be inspected and a record of brands, markings and other identification features recorded by the inspector. A charge of ten cents is provided for this requisite. Bill of sale showing proper ownership of the animal is also required.

Violation of the ordinance or any section thereof is punishable by fine ranging from \$5 to \$100.

Full text of the ordinance is published in another column of The Record.

Two new members, Mrs. Doyle Kiker and Mrs. Troy Patrick, were named during a business meeting which followed the Friday club's party with Mrs. T. M. Marsh Friday afternoon.

Mrs. Marsh had two guests, Mrs. Charles Donaldson and Mrs. Bill Thomas. She gave Mrs. Virgil Moser a double deck of cards for high score. Mrs. Bryan Porter will be hostess this Friday.

## Merry Wives Have A Covered Dish Lunch

The Merry Wives had a covered dish luncheon at the home of Mrs. Sam Wulfjen Wednesday of last week.

Each member brought a dish and the meal was served at quartet tables decorated with rosebuds. There were no guests.

## Old-Fashioned Washstand Stages Come- Back In Home Demonstration Exhibits

That the old-fashioned "wash stand" is coming into its own again in improved farm bedrooms was one of the things learned by those visiting the third annual spring exhibit of Mitchell county home demonstration and girls' 4-H clubs in the Levy building just east of Berman's Ben Franklin store Friday, Saturday, and Monday.

Exhibits this year were arranged to show what the clubs have done in better bedding, dressing centers, bathing centers, household linens, better laundry equipment, yard improvement, and gardening demonstrations were featured.

The wash stand for farm bedrooms was advocated in exhibit arrangements after it was pointed out that there are only about 100 bath tubs in Mitchell county's 1,500 farm homes, therefore some type of bathing facilities must be substituted.

Two bathing centers were arranged by the Iatan Home Demonstration club. One arrangement featured an old wash stand with huge bowl and pitcher, the other a home made stand made of two orange boxes with a cretonne skirt and equipped with a wash pan and bucket, towel rack, and waste disposal container.

Protection of bedding was played up in the Bauman women's exhibit on better bedding. The set-up included a standard bed with covered springs, covered mattress, homemade mattress pad, lightweight wool filled comfort with a protector, protected pillows, and a tufted bedspread made by Mrs. Ivan Barber.

The linens exhibited by the club women and girls were arranged by the Hyman home demonstration club. One hundred and six pieces were sorted out into the different classes: pillow cases, dresser scarfs, pillow protectors, comfort protectors, vanity dresser sets, mattress pads, and tufted bed spreads. The linens shown were simple, easily laundered and well-made.

As one of the surest, most easily raised, and most palatable vegetables asparagus featured the garden demonstration arranged by the Plainview home demonstration club. Classified in the green vegetable list and stressed by nutritionists, asparagus should be in the majority of the gardens in Mitchell county, especially in the sandy district, it was pointed out. It can be planted or transplanted or grown from seed.

The dressing center displayed by the Fairview home demonstration club had a dresser set, a lamp and a bud vase arranged on the dresser top. The right hand drawer contained the cosmetics, the left the dress accessories, and the lower drawer the linens for the bedroom. Stress was laid on proper arrangement to insure neatness.

Since laundering is a big thing to consider in a farm home the Landers home demonstration club arranged an exhibit showing a good type washing machine, ironing board, irons, soaps, starches, water softeners, stain removers and blueings.

That Mitchell county affords many interesting as well as fine specimens of native shrubs and trees for use in farm and yard landscaping was shown in yard demonstrations. Looney home demonstration club secured some native specimens of algerita, prickly ash, chittum, chapparral, skunk bush, false willow, hackberry, cacti and also mint. A miniature house showing the beginning goals in yard improvement was arranged, with native rocks used for walks and a back door terrace, evergreen shrubs for foundation plantings, and a filled-in yard for sodding grass.

The home demonstration council and clubs thank the following merchants for assisting in this exhibit: Hutchinson Hardware, Carter Furniture Co., Jones Russell & Co., Day Furniture Co., Ben Franklin Store, Piggly Wiggly, and J. Riordan & Co.

## Two Guests At Justamere Club

Two guests were included among players at the Justamere club Tuesday afternoon at the home of Mrs. L. C. Scarborough. They were Mrs. Tom Marsh and Mrs. Clay Smith.

Punch was served during the games, in which Mrs. E. B. Willbanks made high score with a pair of cutwork pillow cases as prize. A salad plate was served following the games. The club meets next Tuesday with Mrs. Johnny Rector.

## Presbyterian Women Make Birthday Plans

Making plans for their auxiliary birthday party next Monday, women of the First Presbyterian church held a business meeting at the church Monday afternoon.

Mrs. P. C. Coleman led the devotional. Mrs. Clarence Gross, new auxiliary president, presided. The presbyterial at Fort Stockton was reported by Mrs. W. M. Elliott. Mrs. A. E. Maddin offered the closing prayer.

## Three Benefit Parties To Be Held Next Friday

Three benefit 42 parties to be given at the home of Mrs. R. J. Wallace next Friday, May 15, were planned at the meeting of the Arnett-Wulfjen circle of the Methodist missionary society Monday afternoon.

One of the parties will be a morning affair, from 9 o'clock until 11:30, another an afternoon affair from 3:30 until 5:30, and the third an evening party with both men and women included at 8 o'clock.

Chairmen were named for each of the three parties. Reservations for playing may be made by calling the chairman of the party one wishes to attend. Mrs. Willie Kinard, phone 262-J, is chairman of the morning party. Mrs. Cal Wright, phone 274, is in charge of the afternoon reservations. Mrs. E. B. Willbanks, phone 399-J, has charge of reservations for the evening party.

Playing reservations will be 25 cents per player.

## Miss Lillian Pond Named BPW President

Miss Lillian Pond was elected president of the Business and Professional Women's club at a business meeting held Monday evening at Mrs. R. D. Tiner's beauty shop.

Other officers elected were: First vice-president, Mrs. M. L. Kirschbaum; second vice-president, Mrs. Rees Jones; treasurer, Miss Sallie Miller; recording secretary, Miss Neta Mae Davis; corresponding secretary, Mrs. Bob Petrecek.

These new officers will be installed in June. Miss Elizabeth Kirkpatrick is retiring president. She has served the past two years.

## Hesperian

Wild flowers were brought by each member attending the meeting of the Hesperian club with Mrs. Charles Moser Friday afternoon. The flowers were used in connection with a nature study of Texas.

Lesson leader was Mrs. Walter Wilson. Mrs. E. H. Winn read a paper on Texas flowers, Mrs. B. J. Baskin one on "Local and Migratory Birds," Mrs. Nat Thomas one on "Texas Wild Animals," and Mrs. J. W. Randle told of "Trees that Grow in Texas."

Mrs. Bill Coffey read two poems, one of her own and one by Fae Yauger. "Have You Even Been to Texas in the Spring?" was sung by Mrs. C. A. Wilkins.

The report of the year book committee was heard during the business session. Members of the committee

## Creative Day Program And Luncheon Close Year For Self Culture Club

As the closing event of their year's activities members of the Self Culture club had a luncheon and creative day program at the home of Mrs. Dell Barber Friday.

Only club members, including Mrs. E. S. McCord, who is a visiting member, were present at the luncheon hour in addition to two guests of the hostess, Mrs. C. C. Thompson and Mrs. Percy Bond. Luncheon was served in the basement game room of the Barber home at quartet tables centered with garden flowers. Places were marked with flower-decorated horseshoe cards. A four-course menu was served.

After luncheon other guests invited by club members arrived for the creative program. At that time each club member exhibited something which she had made during the year. Bedspreads, pictures, embroidery work, crocheted pieces, and evening dresses were some of the articles shown.

A playlet, "Mrs. Broadwee Resigns Her Chairmanship," was then presented.

are Mrs. Nat Thomas, Mrs. John Watson, Mrs. S. H. Millwee, and Mrs. Walter Wilson. The study mapped out for the year book includes lessons on Shakespeare's "Hamlet," Browning's poems, world courts, and special days. The book is to be printed soon.

The club voted to accept the care of a flower bed in Ruddick park. Plans were made for the final meeting with Mrs. A. L. Whipple Friday. The meeting will be followed with a picnic for club members and their families at Ruddick park.

Guests were invited into the back yard of the Moser home for ice cream and cake following the lesson and business session.

## Zetagathian

"Primitive Art and Writing" was the study topic for the Zetagathian club at its meeting Friday afternoon with Mrs. Wade Scott.

A paper on "Development of Writing" was read by Mrs. Willy Kinard, one on "Relation of Art to Control of Life" by Mrs. W. B. May, and one on "Woman's Share in Aesthetic Creations" by Mrs. Randolph McEntire. Mrs. Charles Wyatt was lesson leader. Mrs. James Logan and Mrs. Kinard reported the county federation. Mrs. Truett Barber and Mrs. McEntire told of work being done in the club's flower plot at Ruddick park.

Plans were made for the Bible and Mothers' day program which the club will have at its closing session Friday afternoon. At that time a talk will be made by the Rev. Dick O'Brien of First Baptist church, and a song will be sung by the Jenkins Twins. The

Everybody is busy with their planting and wishing for a nice rain soon. Mr. and Mrs. Sam Haggerton spent Saturday and Sunday week at Sweetwater celebrating Mrs. Sam Haggerton's mothers birthday at her daughters, Mrs. Elmer Ward. All had a good time and lots to eat. Mrs. Henry Prescott was called to Mr. and Mrs. Marvin Robson's home Saturday evening because their baby had double pneumonia. They took it to Sweetwater hospital Saturday night and it was better Sunday evening. Mr. Dee Carbell of Abilene visited Mrs. Roy Haggerton Saturday evening. George Ruth and Beatrice Haggerton returned home with him to visit until Tuesday. Mrs. Hugh Wells surprised her little daughter, Imogene, with a birthday dinner Sunday. The guests were Nellie Mae and Ruby Prescott, Ruth Kidd, Mr. and Mrs. Robert Walker and little son, Bobbie, and Mrs. Alex Halle and little son, Gilley. Little Lola Mae McCollough has been pretty sick this past week and Elvin Hale has the flu. Mr. and Mrs. E. D. Saunders and family of Valley View spent Sunday evening with Mr. and Mrs. Alex Hale. We have some good used regular tractors. They will get the job done. Price Bros. Sunday school is on the increase in interest and membership. Bro. Roy Linders delivered a fine sermon for us Sunday night. Grandpa Linders was with us. We are proud of him and enjoy his spiritual prayers. Monday will be a red letter day in Colorado. Bring your auction money and attend the sale.

**MOTHERHOOD**

Beautiful kingdom of motherhood  
So Many have entered there in,  
While others, rebellious, have stood  
And dreaded their work to begin.  
There are some who stand by the  
beautiful gate,  
With sad and longing hearts,  
Why can't they be blessed, God,  
good and great,  
Who are willing to do their parts?  
Oh, you women who stand with long-  
ing eyes,  
With sad hearts and empty arms,  
How I wish you could hear the babies  
cries,  
And rejoice in its beautiful charms.  
While you who have waited, with  
arms empty and bare,  
And outside the golden gate stood,  
Remember there's naught upon earth  
to compare,  
With the beautiful kingdom of  
motherhood.  
There are kingdoms of health and  
kingdoms of wealth;  
And kingdoms that Lords of men  
install,  
And there's the kingdoms of Satans  
stealth,  
Whose work it is to make kingdoms  
fall.  
But the kingdoms of wealth shall  
vanish,  
And the kingdoms of men shall fall,  
While the kingdoms of health, sin  
shall banish,  
Tis better no kingdom at all.  
Why enter and serve who've never  
stood?  
There's just two that won't sleep  
'neath the sod,  
Tis the beautiful kingdom of Mother-  
hood,  
And the wonderful kingdom of  
God,

Chevrolet Dealers To Sell  
Over 900,000 Units In  
First Half Of Year

Chevrolet dealers' used car sales for the first six months of the current model year will reach the staggering total of more than 900,000 units. This announcement by W. E. Holler, vice president and general sales manager of the Chevrolet Motor Company, was a highlight of an interview this week, in which Mr. Holler pointed out that his company's record-breaking new car volume is giving used car prospects an exceptionally wide assortment from which to choose. High volume sales of used cars, he said, are the natural outcome of the public's recognition that these offerings are sound transportation values. "While the figures are remarkable," said Mr. Holler, "they are easily understandable in light of what happened last November when the new Chevrolet was announced. The 1936 models received the most enthusiastic welcome of any new cars in the history of the company. In spite of the fact that dealers had been stocked in advance, it was necessary to maintain production at high levels all winter to keep pace with the demand. "Such a situation can be accounted for only by the explanation that thousands of owners who would normally have driven their old cars a year or two longer were so strongly impressed by the new Chevrolet that they bought at once. As a matter of fact, the word 'old' in this connection is not at all accurate; for a high percentage of the trade-ins since November 2 have not been old cars at all, but recent models with thousands of miles of satisfactory service left.

**FORMER COLORADOANS  
FEATURED IN STORY  
FROM WASHINGTON, DC.**

A story appearing under a two-column head in the sports section of the Washington, D. C., Evening Star for April 20 featured the names of two former Coloradoans, Hardy Pearce and Johnny Baker, who coached the Colorado Wolves during the two seasons preceding 1930. Occasion for the story was the announcement of the engagement of Johnny Baker, now football and track coach at Washington-Lee High school in Washington, to Miss Julia Fick, sister of the wife of Hardy Pearce, football and track coach at Washington Central High school. The marriage will, according to the story, "bind even tighter a friendship that originated in a Texas high school and thrived on George Washington's campus." Pearce and Baker enrolled in George Washington university in 1920 after coaching here two seasons. Later they secured their coaching jobs in the Washington schools. Pearce was married last year.

**RETURNS TO SCHOOL**

Everett Tiner returned to his studies at Draughon's Business college, Abilene, Monday after having been the guest since last Wednesday of his parents, Mr. and Mrs. R. D. Tiner.

"The trading-in of these cars has had the result of increasing the quality, and also the variety, of dealers' used car stocks. Through the medium of advertising, Chevrolet has gone systematically about the job of acquainting the public with this situation, with special stress on the fact that the Chevrolet Red OK Tag—now, by the way, nearly 11 years old—makes it possible to buy a used car with full confidence. The newspapers of the United States have carried the bulk of this advertising, and the schedule is being increased in preparation for further record sales this spring."

**INDIGESTION—  
GET QUICK RELIEF**

Millions of men and women are suffering from disturbances of their digestive systems, due to acidity and this is often the real cause of ill health, tired-out, run-down feeling, loss of "pep" and zest for living. If you are suffering from indigestion, atonic dyspepsia, sour stomach, gas pains, "raw stomach," inflammation of the intestines (enteritis), gastric acidity and sick headaches, you can't afford to ignore these warning signs. Take Gasa Tablets, the Doctor's Prescription, which are intended to soothe the raw, inflamed lining of the "acid stomach," and to help convert the starchy foods into dextrose. Because of this remarkable success in many cases of acidity and digestive troubles resulting from acid conditions, Gasa Tablets are offered to sufferers under a guarantee that the first bottle must produce results or money-back. MORE ABOUT THE SALES TAX

The only way Texas can pay the old age pension tax is by a 3 cent sales tax. This is the easiest tax paid and makes everybody pay. It is like our gasoline tax. Nobody complains about the gasoline tax and yet it brings into the state about 40 million dollars for the schools and roads. The National Retail Drygoods Association presents figures to show that sales taxes are now in effect in twenty-three States and are yielding in State and local imposts approximately \$300,000,000 annually. In the localities where it is employed, the cost of living, or at least the cost of the commodities affected, rises by just that much. The consumer necessarily foots the bill regardless of how the tax is applied. West Virginia was the single sales tax State in 1929. Today nearly half the Union is imposing it. The rapid growth is attributable to the same reason that has blanketed the country with the gasoline tax, itself a sales tax. It is a tax that can be readily collected. Legislatures searching for new forms of revenue eye it covetously. Of the 23 states which have tried it not a one is displeased with it or has repealed it. Kansas and Ohio are out of debt and going on a cash basis while we in Texas have a large deficit and now comes the old age pension which can never be paid only by a sales tax. Texas is the only State in the Union proposing universal pensions for the aged, and in so doing not only is in danger of making a political football of it but goes rather in the matter of old age pensions than the Federal Government will follow under provisions of the national security act, declared George C. Hester, professor of political science at Southwestern University at Georgetown. Hester said the Federal act specifies clearly that it will match dollar for dollar with the States on a pension for aged, needy individuals and not all aged persons irrespective of their economic status. Texas' proportionate share of the money appropriated to this end would amount to about \$9,000,000 and if the State matches this, making an \$18,000,000 annual fund to pension needy old persons, Texas will stand in the van in this activity. To promise to do more is unwise. The \$18,000,000 old-age assistance program for Texas (\$9,000,000 from State funds) would place its system among the most liberal in the coun-

try. It would assist 60,000 persons with a maximum of \$30 a month or a general average of \$25 per pensioner from both State and Federal funds. This, it may be added, would assist, with these average amounts, approximately 20 per cent of all persons more than 65 years of age in this State, compared with the 10 per cent basis suggested by the National Security Board. The Texas law would rank above that of any other Southern State in its liberality and would be classed among the first four or five States of the Union in this respect. Of the larger and more populous States it probably would rank first.

"Why should Texas," he asked, "attempt to lead with a wild, visionary pension program when no other State has such a plan nor is any other State contemplating it?" To raise the needed \$9,000,000 that would be the State's share, \$3,000,000 will be provided by liquor taxes, he said. After condemning both sales and income tax, he suggested the following means of raising the remaining sum: Raise the tax on oil to 1 1/2 c a barrel, \$6,000,000; one fifth of 1c per thousand cubic feet on production of natural gas, \$1,500,000; on utility receipts instead of a State property tax for school purposes, an estimated one half of 1 per cent, \$500,000; sulphur 25c a ton, \$250,000—half of amount in lieu of State school property tax; miscellaneous industries where justified by operating profits and in partial lieu of State property taxes for school purposes, \$750,000. This makes a total of \$9,000,000. The constitutionally directed one fourth of these amounts to the school fund would be about \$2,250,000, leaving a \$6,750,000 for the State's part of the pension fund.

We publish for the benefit of many of our readers the following statement sent out from Austin by Chas. E. Simons: Consumers of beverages, smokers and automobile operators are being counted on heavily by fiscal officers to pay additional millions of dollars this year in taxes into the state's coffers. Receipts from these sources aid in maintaining the school system, pay old age assistance, build and maintain roads and defray a part of administrative overhead.

The upward trend in business is expected to prove a stimulating influence in increasing revenues from these sources but much of the rise may be attributed to more stringent laws and better enforcement. The upswing is noticeable in receipts from the cigarette and gasoline taxes. The liquor tax has not been in effect long enough to provide a basis for comparison. Officials pointed out that during the past several years when income of all types was declining there was a tendency for sharp retrenchment that affected cigarette and gasoline tax totals adversely. Many smokers, tax officers said, resorted to "rolling their own" while automobile travel was curtailed, especially among families of moderate to lower income.

April cigarette tax collections were expected to total about \$460,000, which would establish a new record. In April of last year the state collected \$339,939 from cigarettes. Based on present indications the yearly total will pass \$5,000,000 for the first time, compared to collections last year of \$4,302,515. Gasoline tax collections may reach an all-time high of \$40,000,000 compared to approximately \$37,000,000 last year. This year's collections to date are approximately \$3,500,000 ahead of last year and officials were confident the increases would be greater through the months of heavy travel.

All of the gasoline tax, however, is not available for state purposes since farmers and purchasers for non-road use are allowed refunds. The total of refunds is about \$3,000,000 annually. A revenue leak estimated at more than \$250,000 annually in cigarette taxes was believed plugged by a recent decision of the state supreme court upholding constitutionality of a law levying a tax on the use as well as the sale of cigarettes. The opinion authorized the comptroller to collect the tax from persons importing cigarettes from other states on the ground they believe subject to state

taxation when the interstate character of the transaction ended. The comptroller has started a campaign to collect back taxes from purchasers of tax free cigarettes and has been successful, many consumers paying up rather than face a suit. In addition, the state has sued one large cigarette importer for taxes and penalties totaling \$900,000.

REMINISCENT

This column writer in sketching scenes from his old boyhood home no doubt brings to the minds of many of our readers scenes of their boyhood days. After an absence of 55 years I would like to see a log house of two rooms, each 20x24 feet, an open hall ten feet wide, all covered with clapboards held in place with heavy poles, and at each end of the building a stick and dirt chimney. At a convenient distance from the dwelling, I would like to see a dirt floor smokehouse, built of poles, and through the crevices between the poles I would like to see hickory wood smoke exuding from within, indicating the presence of good old country hams and middlings smoked brown.

I would like to drink good, cold, freestone water from the ironbound bucket, the moss-covered bucket, which hangs in the well. I would like to see the old ash-hopper from which drips the liquid lye that mother used in making soap. Upon the outside of the wall of the smokehouse a coon hide is stretched, later to be tanned and used to make shoe laces and hame strings. Outside the front gate I would like to see the upping-block from which the gay lassies sprang into the saddle.

I would like to see the honeybee storing its winter supply in a section of a hollow tree used as a hive. Just over inside the staked and ridged horse lot fence; there stands the old farm wagon with its sway-backed bed and the tar bucket hanging in the-coupling pole.

Going into the house, I would see on the fire board the homemade tallow candle or the little brass lamp; the bedstead with tall posts and, instead of slats, a network of cord upon which to rest a straw bed that formed a base for a large fluffy feather bed. In a side room perhaps I would find a pair of cards, a spinning wheel and a loom, which instruments were used in converting lint cotton or wool into cloth out of which mother made clothes for her eight or ten children.

The President, in his Baltimore speech, intimated that work may be confined to men between the ages of 18 and 65. If I figure rightly, it means forty-seven years should be fixed as the period for toil, in which event it would now be quitting time for a fellow like myself, who started in when he was very young and tender.

But here is what puzzles me. If the proposal, suggestion or recommendation is followed out, what will

TEXAN PAUL REVERE

Matthew Caldwell became known as the "Paul Revere of Texas" when he rode 48 miles summoning early colonists to the aid of the town of Gonzales just before the first battle of the Texas revolution against Mexico was fought there October 2, 1835. I don't think it was good politics on the part of the President to bring the subject up, anyway. A lot of us were beginning to believe that work had been relegated to the horse and buggy days.

## Review Of County's Organizations Won 3rd Place In Centennial Essay Contest

A review of Mitchell county's outstanding organizations by Frances Elliott of Colorado High school won third place in the high school division of the recent Walter F. Woodul historical essay contest in Mitchell county. The essay follows:

Mitchell County contains many organizations, which help the needy and build up the town besides a number of literary and recreational clubs. Among this number is the Red Cross, organized in Mitchell County in 1912. At its beginning Mr. Jim H. Greene was elected chairman. However, the true value of the Red Cross was not realized until May 13, 1923. On this date a cyclone struck Colorado and thirty-two people were killed and 134 were wounded. The Red Cross proved its value by sending \$57,500 to help restore the town. The Baptist Church, which was then a wooden structure located at about the same place the present Baptist Church stands today, was used as a hospital. Many of the neighboring towns contributed and with this help, Mitchell County was able to return \$11,000 to the Red Cross. There are 694 members of the Red Cross in Mitchell County today and 311 of this number are in the city of Colorado.

The Lions Club is another very important organization. Fourteen years ago twenty-five men met in the law office of Judge C. H. Earnest and organized the first Lions Club in Mitchell County under the leadership of Mr. J. H. Greene. Charles M. Adams was elected president. In 1933 the Lions Club had 138 members and was the fourth largest Lions

Club in the world. Only three other Lions Clubs had a membership greater, one in Chicago, one in San Antonio and one in Europe. Today the Lions Club has seventy-five members. The chief charitable work of the Lions Club is the care of the eyes for the unfortunate; also this organization helps the schools by raising funds for playground equipment and other expenses.

The Chamber of Commerce is another important organization in Colorado today which serves in improving, advertising, and enlarging and enriching the town, by which Colorado has been improved socially and intellectually.

The County Federation of Women's Clubs which includes the following study clubs: 1921 Study Club, Self Culture Club, Hesperian Club, and Zetagathian. Other clubs in the County Federation are: Daughters of the King, Art Club and also some rural clubs as Home Demonstration Clubs.

The Standard Club, one of the oldest study clubs in the State, and the Shakespeare Club, which is devoted to the study of Shakespeare, are other outstanding study clubs. There are also a number of fraternal organizations, such as the Masonic Lodge and Eastern Star, Odd Fellows and the Rebekas, and the Woodmen.

The American Legion is made up of veterans of the World War and the American Legion Auxiliary is made up of the wives, daughters and sisters of the members of the American Legion. The D. A. R. and the U. D. C. are organizations similar to the American Legion Auxiliary.

The Boy Scouts and Camp Fire Girls are recreational organizations for the boys and girls of Mitchell County. The Country Club is another recreational organization and many people enjoy its privileges yearly.

These different organizations are a number of the many organizations that make up Colorado and Mitchell County. The county needs them for the power and strength that they give in building up the county for the citizens.

## Lions, Boy Scouts Feast And Play At Park Friday Night

### Tribute Offered Scoutcraft By Speakers; Barbecue And Band Music On Bill

Members of the Boy Scout troops and the Lions Club staged their annual joint celebration Friday afternoon and evening with a barbecue and entertainment program at Ruddle Park.

First on the program was the barbecue, served from pits in east side of the park. This feature, for the Scouts and Lions exclusively, opened at 6:30. At 8 o'clock the program was moved to the band shell where speaking, stunts, band music and other features were given. Several people from Colorado and other communities attended the 8 o'clock affair.

A. C. Williamson, executive of the Buffalo Trade Council, Boys Scouts of America, with headquarters in Sweetwater until his transfer last week to El Paso, presented certificates to committeemen of the two troops, to the scoutmasters, Dr. W. B. May and J. A. Ferguson, and to the assistant matters, James-Herrington, Marvin Majors, and Gene Smith.

He presented the charters for the two troops to Judge Benion Templeton, president of the Lions' club. Membership certificates were given to the troop members. Several scouts gave firemaking and knot tying demonstrations.

The Lions are to meet at their regular place in the Colorado hotel Friday at noon.

# It's A Stewart-Warner Year BECAUSE OF "SAV-A-STEP"

Amazing new feature saves work . . . saves money . . . and actually INCREASES FRONT SHELF SPACE over 30%

HERE'S the most useful refrigerator ever built—and it won't take you two minutes to prove it to yourself! Because this new Stewart-Warner is actually designed for you—with a dozen surprise features like SAV-A-STEP, SLID-A-TRAY and TILT-A-SHELF that let you arrange foods as you wish, give more get-at-able space than other refrigerators a full size larger, and save you hours and dollars.

The biggest feature of all is Stewart-Warner's new invention, SAV-A-STEP. It holds all the foods you use oftenest right where they're easiest to reach—swings smoothly on its own hinges to turn back shelves into front shelf space—snaps securely onto the door if you prefer it there—carries everything needed for a whole meal to the kitchen table at one trip—and saves the current wasted by repeated opening of the refrigerator.

What's more, you can have all these great Stewart-Warner features now on easier terms than we've offered before—making the payments in surprisingly small monthly installments. See us at once for details—without obligation.

### QUESTIONS THAT ARE ASKED ABOUT BANKING

"How can I get a business loan at the Bank?"

If you are engaged in business—such as retailing, farming, stock raising, wholesaling, manufacturing—we welcome your loan application and ask for the following information:

1. How much do you wish to borrow?
2. For what purpose do you want the money?
3. When do you expect to repay it?
4. How do you expect to repay it?
5. An up-to-date financial statement of what you have and what you owe.

If, on the basis of the information in our hands, we feel sure that the loan will be used for a sound purpose and can and will be repaid when due, we are glad to approve your request. This bank welcomes an opportunity to employ its loanable funds in advances for sound business purposes under conditions which will help the borrower and the community, and safeguard the deposits entrusted to its care.

### COMMUNITY NEWS

Iatan was saddened by the death of Will Adkins, a student of John Tarleton, who died from burns received in a car wreck near Glenrose. Will was a 1935 graduate of the Iatan High school. The funeral was held in Lamesa where the family has resided for a number of years. Those attending the funeral from Iatan were: Mr. and Mrs. Mac Fisher, Mr. and Mrs. H. D. Mitchell and son, Dewey Glenn, Mrs. Fred Eikenberg, and Kathleen Phillips.

The school program will be given at the Iatan schoolhouse Friday evening, May 8, at 8 o'clock.

The Baccalaureate Sermon will be delivered Sunday evening, May 10, at 8 o'clock. The public is invited.

### THE JUNIOR-SENIOR BANQUET

At 7:30 o'clock Friday evening, May 1, the Iatan Junior class entertained the Seniors and teachers of the Iatan High school with a banquet in the Settles Hotel at Big Spring.

A centennial theme was carried out in the table decorations. Small Alamo booklets contained the menu and program. Tiny soldiers carrying flags marked the places for the guests. Pink candles burned in green holders on the table. A large bouquet of native flowers adorned the center of the table.

During the banquet the following program was given: Invocation, Gwan Strange; Toast and welcome, Howard

Hardcastle, president of the Junior class; Response, Lois McKee, president of the Senior class; duet, Gwan and J. C. Strange; class poem written by Lois McKee and read by Melba Harris; piano solo, Mrs. Ada Strange; class prophecy, Arthur Barker.

The following menu was served: Fruit cocktail, lettuce and tomato and asparagus salad, creamed potatoes, carrots and peas, hot stragles, broiled veal cutlets, ice tea, strawberry sundae, and cakes.

Following the banquet a reception was given in the hotel. The guests were entertained by a very interesting program. Geraldine Eikenberg and Weldon Strange sang a duet, "I'm In Love." Winton Lee Coleman gave a reading, "Let Brotherly Love Continue"; Aleatha Edwards gave a piano solo, "Vanities"; Catherine McKinney gave a piano solo, "Grand Valse de Concert"; Geraldine Eikenberg gave a piano solo, "Lily of the Valley"; Kathleen Phillips gave a musical reading, "Old Pals Are the Best Pals." The program ended with group songs played by Mrs. Ada Strange.

After the program guessing games and bingo were played. Pink and green mints in crinkled cups were placed on the bingo-tables.

Strawberry and vanilla ice cream with flag favors was served to the guests: Lois McKee, Gwan Strange, Arthur Barker, Juanita McKinney, Melba Harris, Kathleen Phillips, Catherine McKinney, Ray Knight, Carlos Knight, Weldon Strange, Winton Lee Coleman, Aleatha Edwards, Geraldine Eikenberg, Marjorie Hardcastle, Mr. and Mrs. Mack Fisher, Mr. and Mrs. J. C. Strange, Donald Knight, Mr. M. D. Wallis, Miss Ruth Knight of Big Spring, Misses Evelyn and Elena Reid of Stanton. Howard Hardcastle and Wilda Rogers of the Junior class acted as host and hostess.

## MRS. STEWART COOPER WINS \$75 PRIZE IN A STATE-WIDE CONTEST

With a check for \$75 enclosed, a letter was received Saturday by Mrs. Stewart Cooper of Colorado notifying her that she had won second place in the first of nine weekly state-wide Texas history contests sponsored by the makers of Post cereals.

First place, with a prize of \$100, was won by W. H. Burch of Fort Worth. The contest was to determine who could make the best short statement telling what he would have said had he found himself in a set of circumstances similar to those surrounding the defenders of the Alamo. Thousands of entries were received from all parts of Texas.

Each of the nine weekly contests, which will close May 22, is based on some dramatic incident in Texas history. Contestants are to answer, in 25 words or less, the question, "As a Texan, What Would You Say?"

### Cotton Planting Is Retarded In Texas Due Lack Of Rains

#### Farmers In Mitchell Have Fields In Good Condition As Moisture Is Awaited

Texas cotton planting is distinctly spotted, with last-minute rains in Central and parts of North and East Texas, but most of the South Plains still too dry at planting time. Subsoil moisture in the upper three-fourths of Texas is still below normal and warmer weather is needed for best crop progress. Rains of the week cannot be considered as general. Germination as a whole is slower than usual.

In Mitchell county planting is retarded due to lack of moisture. There are farmers who started seeding the land to cotton this week but others are awaiting for the expected rains to come. Fields are in excellent state and as a rule clear of weeds.

Northwest counties which received rain will start to plant, while Central Texas farmers, two weeks behind schedule, are feverishly at work. South Texas is 95 per cent planted, 75 per cent of cotton is up and little chomped. Southeast shows 60 per cent planted, 45 up and 10 per cent requiring replanting. Scattered rain is speeding planting in North and Northeast Texas, respectively, 15 and 25 per cent planted; East 50 per cent planted, but too much rain in some counties. On the whole, cotton crop progress is slower than normal, but fields are cleaner than average on account of drought, which checked grass and weeds.

A probable 10 per cent increase in Oklahoma cotton acreage is shown in farmers' intentions, but most of the State is suffering from a severe drought, which is delaying planting. The important western area received only scattering rains and must have much more before planting can become general. Few counties show any planting. Nights are still too cool. A survey shows 60 to 65 per cent of farmers are signing with the new Federal soil program. This figure may be greatly increased if rains hold off much longer.

We have a good stock of reconditioned double-row cultivators and double-row planters. Price Bros.

### Ordinance Passed By City Council Last Monday Night To Regulate Meat Sales

**AN ORDINANCE PROVIDING FOR INSPECTION OF MEATS, REGULATION OF SLAUGHTER HOUSES, REGULATION OF THE HANDLING OF MEATS, PROHIBITING THE SALE OF UNINSPECTED OR UNWHOLESAOME MEAT OR MEAT FOOD PRODUCTS, AND PRESCRIBING THE PENALTY FOR VIOLATION.**

Be it ordained by the City Council of the City of Colorado:

Section 1. When Unlawful. The sale, exposure or offering for sale within the City of Colorado, as well as the bringing into the City of Colorado, of any meat or meat food products of any cattle, calves, sheep, goats or swine, is hereby prohibited, unless same has been inspected by Federal, State or Municipal authority at the time of slaughter, and unless same bears the imprint, seal, mark, stamp or brand of Federal, State or Municipal inspectors showing that same has been inspected and approved as fit for human consumption, except as otherwise provided in Section 8.

Section 2. Permits. It is further prohibited that any person, firm or corporation, shall slaughter for sale, sell, expose, or offer for sale, or bring into the City of Colorado any meat or meat food products, of any cattle, calves, sheep, goats or swine, whether slaughtered here or elsewhere, without having first having received a permit to do so, such permit to be issued by the Health Department for a period of one year, and renewable on the first of January of each year. Whenever any such person, firm, or corporation conducts or operates more than one place of business, he or it shall secure a permit for each separate establishment. Said permit shall be issued only when the Health Officer of the City of Colorado, has satisfied himself that the meat, before being offered for sale, has been or will be inspected in accordance with the requirements of this ordinance, and that the equipment and methods connected with the slaughtering, transportation, and sale of such meat or meat food products, are sanitary and otherwise fit for the protection of the meat from contamination, in accordance with regulations adopted by the Health Officer, by and with the advice and consent of the City Council or as otherwise provided by ordinance of the City of Colorado.

Section 3. Inspectors. The Health Officer, by and with the advice and consent of the City Council shall appoint a Chief Meat Inspector.

The Health Officer shall designate such assistant inspectors as are necessary to carry out the provisions of this ordinance, after duly satisfying himself that same are qualified for such duties, who will work under direct supervision of the Chief Meat Inspector, provided, that all inspections, ante-mortem of cattle, calves, sheep, goats or swine, offered for human consumption shall be made only by the Chief Inspector. It shall be the duty of the Chief Meat Inspector and assistant inspectors to inspect all slaughter houses and other premises and all markets, stalls, refrigerators and cars, wagons, and places where animals are slaughtered, or where meat or meat food products are transported, kept or offered for sale, to determine the wholesomeness and sanitary condition of same.

Inspectors shall make weekly reports of all animals of meat and places inspected and sanitary conditions found therein. Said reports shall be filed in the office of the Health Department of the City of Colorado as a public record. Inspectors shall report immediately to the Health Officer all violations of this ordinance found by him, and shall perform any other duty required by the Health Officer in carrying out the provisions of this ordinance.

Section 4. Slaughter Houses. Meat to be offered for sale in the City of Colorado, for human consumption shall be slaughtered or prepared in a slaughter house, which is clean and equipped for the proper protection of the meat, from contamination. The slaughter house shall have concrete floors and shall carry off into tubs or other containers, or into the sewers. The floors shall be thoroughly cleaned each day with lye and water or other approved cleansing agent after the slaughtering is finished. The house shall have adequate sewer connection or other necessary system of drainage so that no wastes, blood or other refuse shall soak into the ground. It shall also have an adequate water supply, free from soil and other pollution, or contamination, and so as to be applied either hot or cold. All outside openings and doors shall be efficiently screened and all walls and exposed surfaces inside the house or building shall be kept clean and sanitary. Adequate facilities shall be provided for immediate removal of offal and other refuse, for the cleaning of knives, implements, tubs, buckets and other equipment and the slaughter house shall otherwise be kept in a clean and sanitary condition. Dressing rooms and toilets shall be entirely separated from compartments in which carcasses are dressed or meat products are cured, stored, packed, handled, prepared or sold. All such rooms shall be properly lighted, ventilated and kept in a clean and sanitary condition.

Dressed carcasses or meats shall

not be hung or stored in compartments used for killing or dressing, but shall be hung in separate and clean rooms pending removal from the establishment.

Butchers, after handling diseased carcasses or parts shall properly cleanse their hands and then immerse them in an approved disinfectant and then in clean water before handling or dressing healthy carcasses or parts. All knives or other implements used in dressing such diseased carcasses or meats shall be sterilized in boiling water or in a proper disinfectant following by rinsing in clear water. Following the slaughter of any animal affected with an infectious disease, stop shall be made until the implements used shall have been cleansed and disinfected, or other clean implements provided.

Carcasses or parts shall not be inflated with air from the mouth and no other inflation, unless so labeled shall be allowed. Carcasses or parts shall not be dressed with knives or other implements that have been held in the mouth, spitting or wetting stone or steel when sharpening knives shall not be allowed.

Offal and other refuse shall be cleaned up daily either by treatment at, or removal from the plant. If rendered at the plant for fertilizer, grease, or other products, this shall be done in a separate building or in a different part of the same building, separated by permanent walls from that part in which the products intended for food are handled, prepared or stored, and no products of this process shall be brought into or stored in any room or place where products intended for food are slaughtered, handled, prepared or stored. The same shall apply to rendering for fertilizer, grease or other purposes of condemned or diseased meats or carcasses. The operation of such rendering or tankage processes shall be conducted in a sanitary manner and with such proper mechanical equipment therefor as will prevent the escape of odors and other objectionable features that will be a menace to the public health.

No animal intended for slaughter shall be fed on any uncooked meat or offal of any meat or offal of a diseased animal. No person suffering from any communicable, contagious or infectious disease shall be employed in any capacity in any slaughter house or in any way in the handling of meat or meat food products intended for human consumption within the City of Colorado, nor shall any convalescent from diphtheria, pneumonia, typhoid fever, or paratyphoid fever be employed until permission is granted by the Health Officer.

All employees shall be examined at least once every six (6) months by a licensed physician, who shall issue a certificate to such person showing the date of examination and that such person is free from any infectious or contagious disease. A permit for the operation of a slaughter house shall be issued by the Health Officer only when upon examination, he has satisfied himself that the provisions of this ordinance have been complied with, by said applicant, but where the applicant conducts more than one slaughter house, a separate permit shall be secured for the operation of each slaughter house.

Section 5. Transportation. It shall be unlawful for any person or persons to transport or cause to be transported in any vehicle through the streets or public ways of the City of Colorado any meat unless the same is securely wrapped in paper or tightly woven cloth covering, or unless such vehicle is provided with a tight cover, which shall be kept closed at all times during the transportation, so as not to expose the meat to dust, dirt, filth or other deleterious substance.

Section 6. Inspections. (a) Ante-mortem examination shall be made of all cattle, calves, sheep, goats or swine intended for slaughter, before they shall be allowed to enter an establishment where slaughter is conducted, and satisfactory facilities shall be furnished by proprietors of such establishment for conducting this examination and for separating and holding apart from healthy animals those showing symptoms of disease.

All animals showing symptoms of being affected with any disease or condition, which under the provisions of this ordinance, would probably cause their condemnation when slaughtered, shall be marked by a tag bearing a serial number for purpose of identification and shall be duly identified by the inspector after killing, before the removal of the skins or the carcasses opened for examination. All animals which are tagged for pregnancy and which have not been exposed to any infectious or contagious disease are not required to be slaughtered, but before any such animal is removed from the establishment, the tag shall be detached by the inspector.

(b) Post-Mortem. All animals at the time of slaughter shall be subjected to a careful examination of head, tongue, tail, and all viscera and internal organs. All food products shall be retained in such manner and condition as to preserve their identity until after post-mortem examination by the inspector is completed in order that they may be identified in case of condemnation

of the carcass. Carcasses and parts thereof found upon inspection to be fit for human consumption shall be passed and marked as provided for in this ordinance.

Should any lesion or disease or other suspicious condition which might affect the healthfulness of the meat be found, it shall be judged in accordance with the regulations and amendments relating to the inspection of meat as provided from time to time by the Bureau of Animal Industry of the U. S. Department of Agriculture. Carcasses, parts of carcasses or other meat food products held for further examination, or future disposal shall be marked by placing on each carcass or part thereof, a tag bearing the words, "City of Colorado Health Department, Retained," and no person other than the inspector or designated employee of the Health Department shall remove such tag. All condemned carcasses or parts thereof shall be disposed of only in the presence of the inspector or other designated employee of the Health Department, and the report of such disposition shall be made by him to the Health Officer upon the blank form provided therefor.

Section 7. Every person or persons, firms or corporations offering for sale or selling slaughtered cattle or calves within the City of Colorado, shall be required to have said hide of said slaughtered animal or calf inspected by the inspector of the City of Colorado, whether said hide is left on the slaughtered animal or if same is removed, together with a bill of sale of said animal in order to determine the history of said animal, also whether same was diseased or if said animal had been exposed to certain diseases as to render said carcasses unfit for human consumption. As to sheep, goats, and swine only a bill of sale shall be required.

The said bill of sale shall contain the brand markings, ear croppings, and taggings, if any, together with the name of the purchaser, also whether the seller raised said animal or not; if the seller purchased the animal the bill of sale shall show from whom and whether the animal is mortgaged, if so to whom.

The said bill of sale shall be sworn to and filed in the office of the City Health Department of the City of Colorado.

For inspecting said hides of said animal the inspector shall be entitled to a fee of 10c per hide to be paid by the person or persons, firms or corporation owning said animal.

Section 8. Inspections. Exceptions. It shall be unlawful to bring into, sell, offer, expose or have in possession for sale in the City of Colorado, any meat or meat food products of any cattle, calves, sheep, goats or swine, which has not been inspected and stamped at the time of slaughter by Federal, State or Municipal authority, except carcasses slaughtered by farmers not regularly engaged in the slaughtering of animals, provided, that such carcasses shall be brought to such place of inspection as will be designated by the Health Officer with such organs, or parts of organs, naturally attached, as shall be required for purposes of inspection and such carcasses before being offered for sale shall be inspected by the Chief Meat Inspector at such times as may be designated by the Health Officer, and provided further, that nothing in this ordinance shall exempt any Federal or other inspected meat from inspection as to fit condition for human consumption, when arriving for sale, or when exposed for sale in the City of Colorado, Texas.

Section 9. Condemnation, Stamping, Rendering, Revocation of Permit. Whenever it is determined by the Chief Meat Inspector that any carcass or part of carcass is diseased, or otherwise unfit for human consumption, he shall tag or stamp the same in such manner as to designate that it is unfit for food, and such carcass or part shall be tanked, or otherwise rendered unfit for food in the presence of and under the personal supervision of the Chief Meat Inspector who shall make a written report to the Health Officer showing the method of disposition and amount and character of the meat so condemned.

Whenever it is found that the conditions upon which a permit granted under this ordinance are not being complied with, said permit shall be revoked by the Health Officer.

Section 10. Mis-use of Stamp. The Health Officer shall prescribe a uniform system of marking meat that has been inspected and passed as fit for human consumption, and any person, firm or corporation found guilty of counterfeiting, imitative or not rightfully using the stamp of the Federal Government, the stamp, tag, or marker of any state or other municipal inspection, or the stamp, tag, or mark of the City of Colorado, shall upon conviction be fined not less than \$5.00 and not more than \$100.00 for each such offense.

Section 11. Bonds. No permits as provided by Section 2 herein shall be issued by the Health Department until the person, firm or corporation desiring the same shall first have filed with the City of Colorado a good and sufficient bond in the sum of FIVE HUNDRED DOLLARS, conditioned that said license will comply with all regulations which are or may be hereafter adopted for the government and regulations of said business in the City of Colorado; and conditioned further that said licensee will pay any and all inspection fees assessed against such licensee and will pay off and discharge any fine or penalty imposed by reason of non-

### New Road Map Is Offered Free To Texas Motorists

#### Gulf Co. Edition Expected Prove Popular With Auto Drivers Touring State

"History and nature have joined in making Texas one of the most interesting sections of the country," is the tribute paid this state in a new 1935 road map now being offered to motorists at some 40,000 Gulf gasoline service stations throughout the land. "A visit to Texas enriches life."

Besides charting the state highway and byways, the new map shows the state's principal cities in detail; describes its scenic attractions and principal points of interest to tourists, and promotes safe and sane driving in an illustrated list of "Do's and Don'ts for Drivers."

With the issuing of the colorful new chart of Texas, it is interesting to note that Gulf was the first to offer a free road map to the traveler.

compliance with the ordinance of the City of Colorado. Section 12. Inspection fees. The City shall collect from the licensee in any permit issued under Section 2 hereof, and said licensee shall pay the City of Colorado the following as inspection fees for inspection of each carcass as follows to-wit: 10c for inspection of each carcass of swine, sheep, veal or goat; the sum of 20c as inspection fees for inspection of each carcass of beef; and as to all animals which have been slaughtered elsewhere than in the City of Colorado by farmers or others, the person offering said carcass for sale shall pay and the City of Colorado shall collect the sum of 20c each for carcass of beef, and 10c for each carcass of swine, sheep, veal or goat.

The said City Council of the City of Colorado shall by such methods as may be deemed best, provide for the time and manner of the collection of said fees, and for checking, accounting for the same, and shall make, demand periodically upon all licensees and others for the payment of said inspection fees as hereinabove provided; and the sum or sums so collected under the provisions of this ordinance shall be paid in to the hands of the City Treasurer and set apart solely for the purpose of carrying out the inspections provided for in the ordinance of the City of Colorado and the paying of the expenses thereof.

Section 13. Any person violating any of the provisions of this ordinance or who shall operate without obtaining the necessary permit or who shall fail or refuse to pay the inspection fees herein provided for shall be fined not less than \$5.00 (five) and not more than \$100.00 (one hundred) for each offense, except as otherwise herein provided, and each day that such violation continues shall constitute a separate offense.

This ordinance shall be in effect on and after its passage.

Passed and approved this 4 day of May 1935.

### Rubinoff Holds World Record for Broadcasting

Rubinoff and his violin— and Chevrolet—are a combination that few, if any, radio listeners in the United States have not received in their homes via the air. The famous violinist and his Stradivarius, stars of the Chevrolet Musical Moments programs, have the distinction of going on the air from more broadcasting stations than any other program in the history of radio. Three hundred and seventy-eight stations broadcast Rubinoff three times a week, a total of 1134 fifteen-minute programs. That figures out at 283 hours, and if one week's programs were broadcast one after the other, day and night, it would require 11 days. The illustration shows Rubinoff, carrying his precious violin, posing with his car after a special appearance at Detroit.

WITNESS MY HAND, this the 25th day of April, A. D. 1936. R. E. GREGORY, Sheriff of Mitchell County, Texas. 5-15-chg.

## Liberal Rewards Most Effective Weapon In Checking Theft Of Cattle, He States

After offering comment on organized drive by cattlemen of Mitchell and scores of other counties of this section of Texas to combat cattle stealing a writer in the Fort Worth Star-Telegram says:

In the old days of the West, when roads were poor and the horse was the principal means of transportation, the cattle rustler often was caught before reaching a hideout and hanged. So prevalent was cattle plundering for a brief time in Coke County that many small ranchers, who had rushed in to buy school land, lost their holdings by not being able to meet payments, according to W. H. Rogers, brother of Winters, who carried the chain in the first survey of the county's boundary lines nearly 50 years ago.

"Cowboys had to keep as alert a watch for cattle thieves as they did for coyotes," said J. M. Johnson, retired Runnels County rancher. Johnson rode for Tom Matthews from 1876 to 1881 and was foreman of the J. H. Parramore crew, which grazed cattle from Abilene as far south as the Rio Grande from 1881 until 1889. Both ranchers were among the largest cattle owners of this area at that time.

Times have changed, but cattle rustling continues. Modern rustlers, with less chance of apprehension through aid of fence clippers and high powered trucks on highways, enabling them to be from 200 to 500 miles away when the loss is discovered and prospects of only a short penitentiary sentence if caught, have caused heavy losses within the last few years to West Texas livestock raisers.

Not only do the modern thieves load their truck with livestock "on the hoof." In some places where brands are used, the animals are knocked in the head, stuck, hides hastily removed and the carcasses taken to a distant city where they are

sold to unscrupulous butchers at bargain prices. Within the last few weeks, Sheriff J. B. Morrow of Concho County said, 10 head had been removed from a ranch in his area by this method. All were branded. However, he said rustlers seldom bother marked livestock. While no estimate of the number of animals taken from West Texas ranches during the last two years is ventured, it is thought the figure in Runnels, Concho and Coleman Counties alone will mount well over 1,000. Only three convictions, these in 1935, have been made in Runnels County for livestock theft since before 1929. A case is on docket for trial in the Spring term of court.

## Millions In Cash Will Come To The State By Tourists

### Conoco Travel Bureau Chief Optimistic In Noting The Year's Tourist Outlook

Surpassing even the optimistic estimates of native Texans, a practical national statistician of tourist trends today predicted that 11,565,000 persons will visit Texas this year, spending \$446,255,700 to share in the Lone Star State's celebration of its first hundred year of history, growth and development. The figures are those of Joe H. Thompson, who as national director of the Conoco Travel Bureau, Denver, has achieved recognition for conservative accuracy in many years of plotting the itineraries and spending plans of the American motorist.

The amount to be spent represents approximately \$7,500 for each man, woman and child in Texas. Thompson points out it will find its way into the channels of established business in the state as follows: \$89,245,000 will go for lodging and a like amount for gasoline, oil, garaging and automotive repairs; \$93,707,000 will be spent for assorted retail purchases; \$111,556,000 will be spent for food, \$26,897,000 for amusements, and \$25,773,000 for miscellaneous refreshments, smokes and confections.

The Centennial Exposition is the principal lure, according to Thompson, but letters which have reached the travel bureau in such volume as to point to an all-time record year tell also of plans to "discover the whole Texas empire" before leaving the state.

"There can be no doubt," Thompson declared, "that the determination of residents of all the other states to see Texas this year is the most significant development on this year's travel calendar. It is just one of those things, the proportions of which even we, who are closest to the hopes and aspirations of the nation's motorists, find hard to grasp.

### SHERIFF'S SALE

THE STATE OF TEXAS  
COUNTY OF MITCHELL  
NOTICE IS HEREBY GIVEN That by virtue of a certain Order of Sale issued out of the Honorable District Court of Mitchell County, on the 27th day of April, 1936, by J. H. Ballard, Clerk of said District Court for the sum of Three hundred sixty eight & 44/100 (\$368.44) Dollars and costs of suit, under a Judgment, in favor of Bertha S. Godbe, a widow in a certain cause in said Court, No. 5581 and styled Bertha S. Godbe vs. W. M. Godbe, placed in my hands for service, I, R. E. Gregory as Sheriff of Mitchell County, Texas, did, on the 28th day of April, 1936, levy on certain Real Estate, situated in Mitchell County, Texas, described as follows, to-wit:

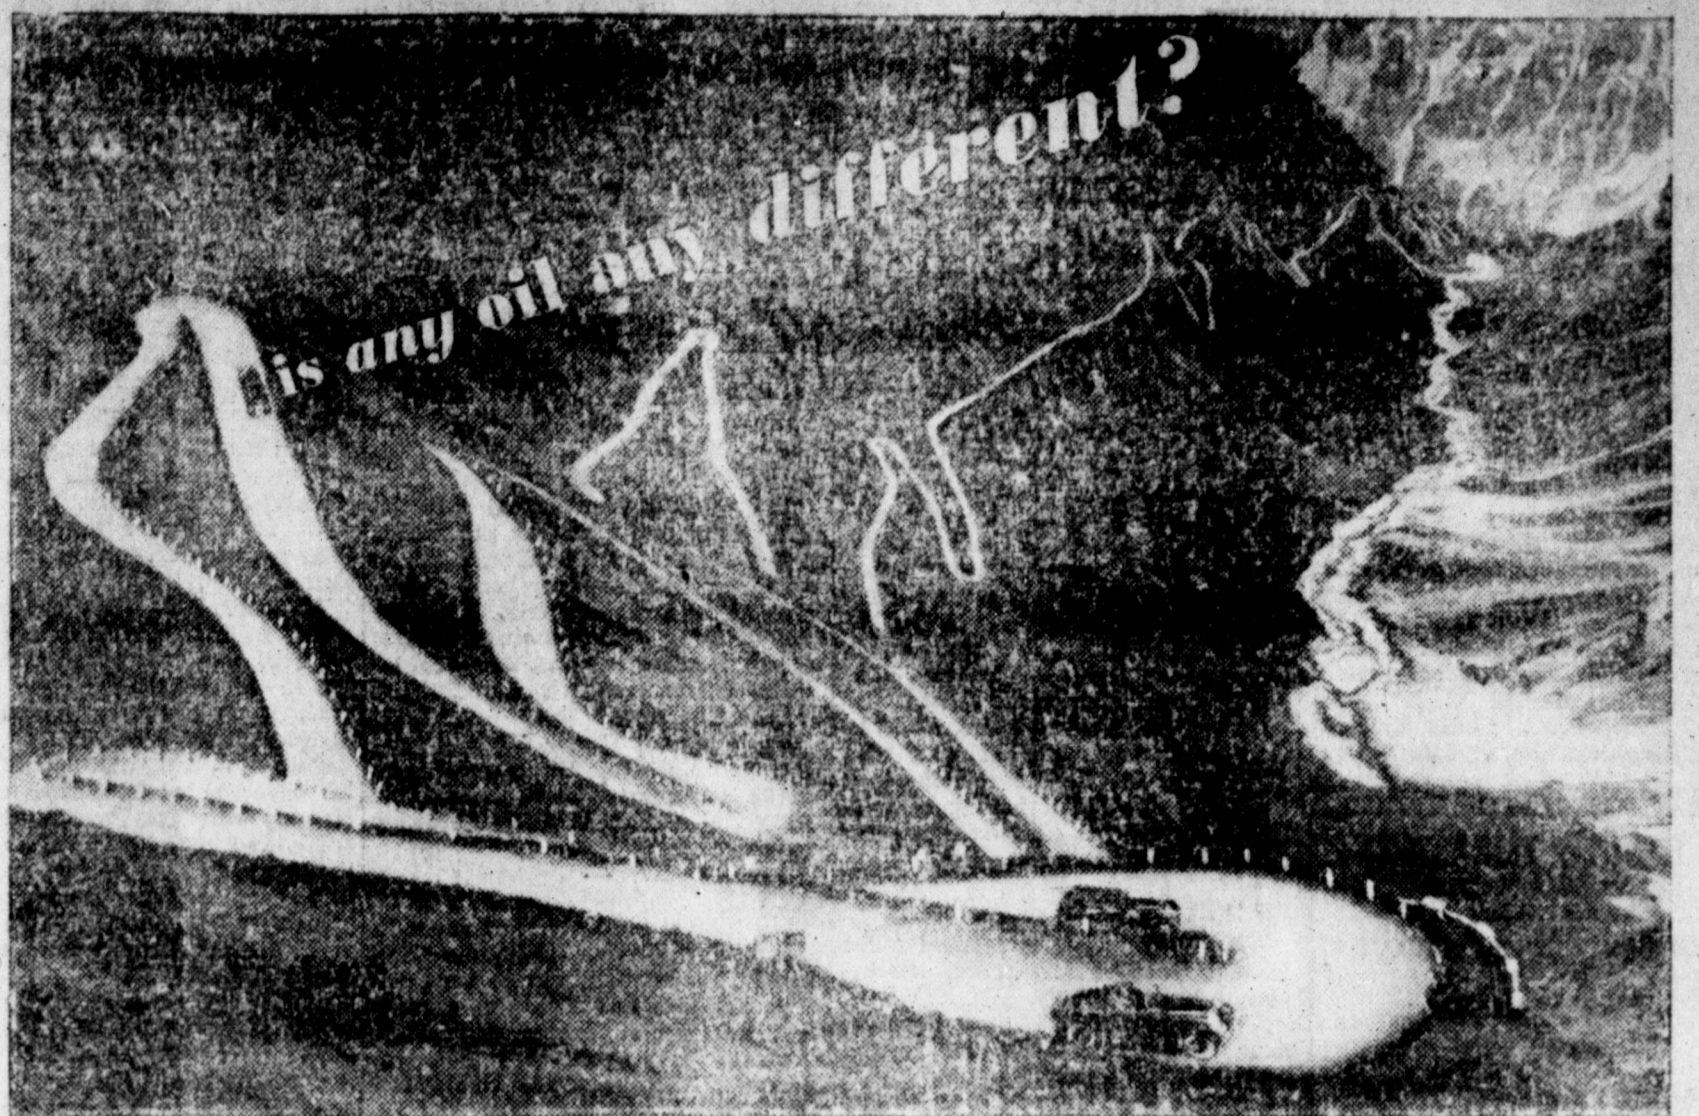

1st Tract: West 100 feet of the South 140 feet of Lot No. 3, in Block No. 4 (Bk. 4) of the Dunn, Snyder and Moore Addition to the town of Colorado, Mitchell County, Texas.

2nd Tract: All of Lots No. 7, 8, 9, 10, 11, 12, in Block No. 9 (Bk. 9) of the W. W. Watson Addition No. 1, to the town of Colorado, Mitchell County, Texas, and levied upon as the property of W. M. Godbe and Lorraine Godbe and that on the first Tuesday in June, 1936, the same being the second day of said month, at the Court House door of Mitchell County, in the City of Colorado, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said Order of Sale I will sell and above described Real Estate to the highest bidder, for cash, to the highest bidder, as the property of said W. M. Godbe and Lorraine Godbe.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Colorado Record, a newspaper published in Mitchell County.

Witness my hand, this 28th day of April, 1936.

R. E. GREGORY,  
Sheriff Mitchell County, Texas.

Eat up distance, but not your bearings

Get alloyed oil . . . and you'll get the difference

Ask your wife. The least little heat makes smoke out of some of the oily substances she puts in her frying pan. They vanish double quick, while others stay put.

That's the sort of difference your hilliest hot-weather drive will show you in Germ Processed, the alloyed oil. Patented.

It not only stays up around "Full," but stays right up in every working surface of your engine. Yes, the pistons, cylinders, valve gear, and any types of bearings ever used, can really take in this alloyed oil. You might say they become lastingly, smoothly "oil-glazed."

And you can see that this added sleek oil-surfacing, together with the high-durability Germ Processed oil-film, easily doubles your guard against summer grief. Now when you want to go farthest fastest, get Conoco Germ Processed oil—the alloyed oil. Continental Oil Company.

### TWO DAUGHTERS HOME

The two daughters of Mr. and Mrs. O. F. Jones of the Spade ranch were home for the week-end. Miss Frances Jones came from Fort Worth, where she is a senior in Pascal High school, and Miss Pauline Jones from Texas Tech, where she is a student in Texas Tech. Mrs. Jones accompanied Frances back to Fort Worth, planning to remain for about two weeks while Mrs. J. M. Littlepage, with whom Frances stays, is on her vacation.

### DR. JOHN HELTON OPERATED

Surgery was performed in Dallas Saturday to remove the appendix of Dr. John Helton, Jacksonville dentist who formerly lived in Colorado. Dr. Helton's brother, Jack Helton, was called to him last Thursday night. Jack Helton went on from Dallas to the tax assessors and collectors' convention in New Braunfels Monday after being assured that Dr. Helton's condition was good. Dr. Helton is also a brother of Mrs. Percy Bond of Colorado.

When You Need a Laxative

Because of the refreshing relief it has brought them, thousands of men and women, who could afford much more expensive laxatives, use Black-Draught when needed. It is very economical, purely vegetable, highly effective. . . Mr. J. Lester Roberson, well known hardware dealer at Martinsville, Va., writes: "I certainly can recommend Black-Draught as a splendid medicine. I have taken it for constipation and the full feelings that follow, and have found it very satisfactory."

**6C PICNIC**  
Last Friday afternoon 6C room went on a picnic to Seven Wells. They left about 4 o'clock and got back about 8. A very good time was reported by all.

**BOOK OFF PRESS!**  
The book of poems entitled "From the Point of Our Pen" came off the press at Whipkey Printing Company Monday morning. The books are now on sale at thirty cents per copy but there is only a limited supply—so get your copy today.

**CHATTER**  
The book recently published has been quite a success. It has been widely sold throughout Colorado. M. L. E. has been on the job lately

(to our surprise!). This time M. L. E. has been through Mr. Holman's car (notice the article elsewhere in the Tattler) . . . The present Social Science unit is becoming more interesting as each discussion is brought before the class . . . The teachers as well as the students have turned autograph hounds the last few days, filling the popular "Lest We Forget" portion of the poetry book full and overflowing with the autographs of students and the poets . . . Miss Cook received some very lovely flowers Tuesday—dewy fresh—from Lucille Goss . . . The tennis fans begin playing at seven thirty in the morning and one hardly ever finds the court vacant at six . . . The seventh grades are in a great flurry preparing their commencement exercises . . . The yo-yo is quite popular on the campus

—because one can wrap it around one's finger, so to speak! . . . Tuesday's English class seventh grade was especially interesting . . . TB is very, very musical—especially when led by Weldon Hunt and Charles Stevens! . . . We fear that TA has a very popular baritone . . . As Junior Cox to croon for you sometime!
