

CLEANER

THE BEST COAL IS THE CHEAPEST—IT LASTS LONGER—IS CLEANER—FREE OF SLACK, DIRT AND CLINKERS.

IF YOU ARE A COAL USER

Buy the Best

Because price per ton is not the main idea in buying coal. You can buy cheap coal, but that's exactly what you get. There's just as much difference in coal as there is in gold and sawdust. Good coal will last twice as long and give you real satisfaction while you burn it. We recommend the genuine Cannel Lump and New Mexico Egg Coal to you. Try the best and be convinced. If you want cheap coal, we have it at \$9 per ton—but buy the best and save.

Proposed Change To 12 Grades Is Oked By Watson

Several Advantages Seen In System, Superintendent Of Colorado Schools States

The proposed change from eleven to twelve grades in public school would prove advantageous to students and should further efficiency of these institutions in Texas, J. E. Watson, superintendent of the Colorado schools, stated Monday.

In reference to the proposed change, Mr. Watson said: "The proposed change from eleven to twelve grades in the public schools of Texas will have some very immediate advantages. The extra year would be taken up in the primary grades.

"Such a plan would relieve a very difficult situation we now have in the primary grades. Since pupils in those grades are so young it is difficult for them to reach the present standards in the primary grades. The first three grades are perhaps the most difficult of the whole eleven grades. The pupil is immature, yet he has to learn more new things than in any other period of his school life. He has to have a new manner of life, new habits, new tools, have to read, have to write.

"Another added year would give the six-year-old more time to mature—to reach a mental age where he could better accomplish those difficult problems in a more efficient and in many cases less discouraging manner."

Pleasant Ridge News

Sunday school was well attended last Sunday. All teachers and officers were present.

Condition of Mrs. B. V. Walker continues serious. Little Everett Haggerton is also sick this week.

Mrs. Elmer Ward and children and her mother, Mrs. Griffith, spent Sunday as guests in the home of Mr. and Mrs. Sam Haggerton.

Mrs. Lewis Haggerton and daughter, Miss Beatrice Haggerton, and Mrs. Raymond Haggerton were guests Sunday in the home of Mrs. Alex Hale.

Among mishaps reported in the community this week were broken axles in the cars of Calvin Walker and Othar McCollough, and a horse belonging to Sam Hall crashed through top of the Hall cellar and landed in bottom of the compartment.

Top of the cellar had to be torn away before the horse was brought to safety.

Mr. and Mrs. Ray Rasco of Sweetwater were recent visitors in the home of Mr. and Mrs. Prinece Rasco.

Mr. and Mrs. J. W. McCollough have been spending the week with their son, Othar McCollough, and family.

MRS. SAM MAJORS TO THE DALLAS MARKETS
Mrs. Sam Majors left Tuesday morning for Dallas, where she is selecting additional holiday articles for the Sam Majors jewelry store.

She made the trip by train and plans to remain until the latter part of the week, visiting the Centennial again while in Dallas.

Meetings are to be held twice a month, on the second and fourth Friday nights. One meeting each month will be social. The next meeting will be on Friday night, November 20.

BURNS-MARTIN

E. G. Burns of Hermleigh and Miss Faye Martin of Colorado were married in Colorado by the Rev. Dick O'Brien, pastor of First Baptist church, last week. License was issued in Sweetwater.

For definite results advertise in The Record.

PICKED UP ALONG THE NEWS PATH

There are two new teachers' wives in Colorado just now. One is Mrs. C. E. Jameson, wife of the new pastor of First Methodist church. The other is Mrs. Harvey Childress, wife of the minister to the Church of Christ.

Although Mrs. Childress has been fulfilling her duties here for over two months, Mrs. Childress is rather new to Colorado because she has spent most of that time in Carlsbad warding off threatened ill health. She only came home last week, and must continue to rest for some time to come, although her health is now sound enough.

The Children's 1-year-old-son, Harvey Junior, is still in Bangs with his grandmother and will stay there until Thanksgiving, when Papa and Mama Childress plan to go after him. Mrs. Childress is an attractive brunette. She was Minnie Sue Sothorn of Bangs before her marriage. Spent much of her childhood in Ballinger.

Met Mr. Childress while he was holding a meeting in Bangs. Mr. and Mrs. Childress are at home in one of the apartments across from the Dick Billingsley place on Tenth street.

If the comments of various Methodist women are to be relied upon—and why shouldn't they?—Mrs. Jameson is going to be a very satisfactory minister's wife. They say that she has graciousness, charm, intelligence, and all those things. Tall, blue-eyed, and smiling, she made a good impression in her first public appearance Sunday morning, it seems. She's been following the Rev. Mr. Jameson around from one town to another ever since they were married just before he went to his first charge—but he it understood that the Jamesons have most always stayed with their pastorates as long as Methodist preachers can stay. Ifev first name, Hunter, is unusual.

The other part of it was Goodwin before it became Jameson. She was reared in Paducah, where her people still live. Her church interest has centered on young people's work and she has served in the past as superintendent of young people's work in the Northwest Texas conference. Back in her college days she and Mrs. E. H. Winn, who was Dera Wulfjen then, were classmates for a short time at old Polytechnic, now Texas Wesleyan college, in Fort Worth. Even then she and the

Rev. Mr. Jameson were "courting." There are two daughters, two sons in the Jameson family. Ellen Ann Jameson teaches social science in Junior High school at Clovis, New Mexico. Alfred Jameson, the one who sang here Sunday morning, manages a grocery store in Abilene. Elizabeth, the second daughter, is Mrs. Noel Woodley of Littlefield. The youngster at home now is 9-year-old Jamie.

Winter winds will be rather cruel to some boys and girls of school age in Colorado and Mitchell county unless something is done soon, according to Mrs. Bonnie Burt, who has charge of the Mitchell county welfare and relief desk. Coats for boys of all sizes and for girls of school age are badly needed in a number of relief families, she says. Dresses, shirts, overalls, slips, gowns, etc., are furnished under the present relief program but coats and shoes are not.

Conscientious Coloradans won't let any of these things rot in their closets when they realize how badly they are needed.

I'd like to start this paragraph thus: "Like Damon and Pythias—" or thus: "Like David and Jonathan—" . . . But for the life of me I can't learn which of these famous friendships best suits my meaning, so I'll simply say that, like the inseparable pals they've always been, Sherrod Smith and Louis Cooper stayed together even in marriage. Both took wives unto themselves at approximately the same hour Wednesday afternoon, Louis in Dallas and Sherrod in Colorado.

By the way, Louis Cooper is the young man who was reported in this column some time ago to be "house-hunting." For which report we might have received a broken neck if Louis hadn't been too happy to think of breaking necks just then. And Sherrod Smith's bride, Reta Mae Arnold, was the Colorado girl who was given a recent paragraph because of the appearance of a new ring on her engagement finger.

Waxing bold because of these justifications of our past "prophecies," we'll pass on two more matrimonial rumors that have reached us recently: A Colorado man employed in a local dry goods store is said to be contemplating matrimony with a girl from a neighboring town. An office worker (masculine) of this place and a former Colorado girl now employed elsewhere are the other rumor subjects.

Somebody's baby has only one of a pair of little white kid, soft-soled boot-shoes. The other one is at the Record office for whoever can produce its mate.

Rural, Independent Schools Of County To Have Separate League Meets; Roscoe Added

For the first time in Mitchell county's history separate interscholastic league meets will be held for rural and independent schools of the county next spring. This change was made at a meeting of school officials of the county at Colorado High school Saturday afternoon at 2:30. With permission from interscholastic league officials at Austin,

independent schools of the county voted to admit Roscoe as a competitor in Mitchell county independent events. Roscoe had requested that this change be made. Among Roscoe officials attending the meeting were Supt. I. R. Hutchinson, M. J. Weaver of Roscoe High school, and Mr. Boston of Roscoe Junior High.

Hereafter Roscoe will compete with independent schools of Mitchell county in both literary and track events and in basketball.

C. A. Wilkins, principal of Colorado High school, was again elected director general of the independent school division. Jack Christian, Colorado High school coach, will be in charge of athletics. Date for the independent school events was set for Friday, April 2, literary events to be held during the day, athletic events in the evening on Cantrill field.

Officials and dates for the rural school division will be announced later.

YOUNG NIECE OF THREE LOCAL WOMEN SUCCUMBS IN FT. WORTH HOSPITAL

Three Colorado women, Mrs. Leon Jenkins, Mrs. Harry Loving, and Mrs. Alec Free, received word early Tuesday of the death of a 14-year-old niece, Peggy Jean Ross, in St. Joseph's hospital at Fort Worth at 2 o'clock Tuesday morning.

The girl had only been ill for three days. Her mother will be well-remembered here as Myrtle Waller, in addition to her parents, Mr. and Mrs. J. A. Ross, she is survived by two brothers, Leland and Johnny Fred.

Mrs. Jenkins and her daughter, Louise, left by train Tuesday noon to attend the funeral in Fort Worth Wednesday. The other Jenkins twin, Louise, has been in Fort Worth visiting Mr. and Mrs. Don Teel since last week. Mrs. Loving was too ill to make the trip and Mrs. Free was kept here by the illness of Mr. Free. Mrs. Jenkins' plans were to return here Friday. Louise and Louise will probably remain in Fort Worth for a time.

MAKING OF CHEESE IS LOONEY HD CLUB TOPIC

By Mrs. Trudo Webb, Reporter
Since November 7-14 was National Cheese week, the use of homemade dairy cheeses was stressed at the Looney Home Demonstration club, which met November 12 at the home of Mrs. M. A. Webb. Cottage, cream, and processed cheeses were used in sandwiches, salads and spreads.

The processed cheese made of dripped clabber was made as follows: 3 gallons clabber, heated to 100 degrees and held there for 30 minutes; 1/2 cup butter, 1 tablespoon salt, 1 tablespoon soda to 5 cups of curd; let stand 2 hours, add 1 cup of sweet cream; put in double boiler, heat and stir until a smooth consistency has been formed. Remove, add 1/2 cup of sweet or sour cream and beat until smooth. Cheese should season 5 days before being used as sliced cheese. If you prefer you may add pimento, or strong cheese for color and flavor. Season with pepper and olives.

Club members present for the demonstration were Mrs. Johnnie Burk, M. A. Webb, Trudo Webb, Keith Miles, Bill Gale, J. M. Thompson. Visitors present for the demonstration were Mrs. Will Small, Louise Small, Edward Small, M. A. Gann, J. A. Thompson and Mrs. Lester Webb. Demonstration was given by Miss Emma Gunter, county home demonstration agent.

The next meeting will be December 3, at the home of Mrs. J. A. Thompson.

GREATEST RESPONSE EVER ACCORDED RED CROSS HAS ATTENDED PRESENT DRIVE

Thirteen Communities Boost Enrollment To 781, Passing Quota By 281; Others Yet To Join, C-C Believes

The most liberal response ever to be accorded annual Red Cross roll call in Mitchell county is attending the present campaign. R. H. Barber, chairman of the membership soliciting committee, stated Tuesday afternoon.

Returns from the campaign in thirteen communities as tabulated at the chamber of commerce gave total members registered at 781, exceeding the county quota of 500 by 281 and setting the highest mark ever listed in history of the county chapter. The campaign is not to be officially closed until Thanksgiving and it was accepted that several additional citizens would have their names entered on roster of the Red Cross.

Colorado led all other communities of the county with a total of 531 members reported. Lorraine reported 78, Westbrook 28, Longfellow 7, Horn's Chapel 13, Cuthbert 24, Fairview 17, Spade 14, Hyman 16, Seven Wells 6, Shepherd 8, Buford 21, and Iatan 20.

THE TRENCH SILO AND ORCHARD DISCUSSED IN COUNTY AGENT LETTER

Ben J. Baskin, county farm agent, offers the following interesting comment relative to the trench silo and the planting of orchards:

TRENCH SILOS

S. O. Wulfjen has just finished filling his second trench silo with grain sorghums. Some of this feed had been standing in the shock for two months, and some of it was cut since the killing frost. Mr. Wulfjen filled this silo with feed that was well dried, but by adding plenty of water has insured himself of good silage.

It is not too late to fill a trench silo. Even though frost has killed feed that had not matured, such feed can be put in the silo. By adding 5 to 7 barrels of water to each ton of bundles, good silage is insured.

ORCHARDS

Many Mitchell county farmers are planning to plant orchards this winter. It is suggested that in locating the site for an orchard that same be placed on a northwest slope. This insures proper air and water drainage. Too, it is suggested that the orchard be terraced before planting.

In old orchards all unfruitful or diseased fruit should be gathered and burned. This will be of untold value in controlling Scab, Brown Rot and other diseases that are carried over from year to year by diseased fruit. The orchard should be checked over for San Jose Scale, also. Spraying with an oil emulsion will control the scale. All trees should be wrapped with several layers of newspaper to prevent damage by rats or rabbits.

METHODIST LEAGUE NEWS

Last Sunday a large group of young people met at the Methodist church for their League meeting and to welcome Brother Jameson. The subject of the evening was "Friendliness." J. T. Williamson gave the scripture, Annetta Lacey gave a welcome address to Brother Jameson, and he told of the work he wanted the young people to accomplish, and he told how much he depended on them. Mary Elizabeth Pidgeon, Frances Elliott, and Hazel Grubbs sang a special hymn and talks on friendliness were made by Shirley Kiker, Ruth Elliott, and Hazel Grubbs.

Friday night the young people of the Baptist and Methodist churches are to have a party in the basement of the Baptist church at 7:30. All of the young people are invited.

The League is starting off with the right spirit for Thanksgiving. Next Sunday evening each member is to bring some food to be given to some unfortunate family Thanksgiving Day. Any help in this endeavor will be greatly appreciated.

The last few Sundays, a great number of young people have attended these meetings. They are greatly welcomed and their presence is needed. There is an earnest hope that this fine spirit will continue throughout the year.

FIRST METHODIST CHURCH

C. E. Jameson, Pastor
Sunday school will meet at 9:45 a.m. Sunday, Nov. 22. Roy D. Coles, superintendent.

Preaching at 11 a.m. by the pastor. Subject, "Thanksgiving." Special music by choir. Mr. Ferguson director. Mrs. Womack, pianist.
Epworth League will meet at 6:15 p.m.

There will be a union service at First Baptist church at 7:30 p.m. All of the choirs of the city will join in a great Thanksgiving song service.

We are delighted with our new pastorate and are here to serve not only our own people but the city of Colorado and surrounding vicinity. We desire the co-operation of every one in our work. Let us be in our

laces each Sabbath. The church needs you and you need the church.

BARBERS TO CALIFORNIA

Mr. and Mrs. Dell Barber and children are to visit in Los Angeles, California, for the next two weeks. Mr. Barber left here Tuesday morning to be in Hobbs, New Mexico, for a court case. Mrs. Barber and the children and Truett Barber left early Thursday morning to join him, both men taking part in the trial Thursday. The Dell Barbers left after the trial for their California trip. They will visit Mr. Barber's brother, Pete Barber, who plays on the U.C.L.A. football team. Their plans are to attend the Thanksgiving day game between U.C.L.A. and the University of Southern California.

STATE PENSION ROLL TO NOT REACH OVER 100,000

AUSTIN.—Orville S. Carpenter, acting director of old age assistance, said Monday pension rolls probably would not reach 100,000 during the winter months.

"Needy aged persons will be added to the rolls under the new law," he said, "at approximately the same rate those found ineligible will be cut off. The number may approach, but I don't think exceed, 100,000. For the present, those really in need will not be left to face the winter months without aid."

Mailing of 87,000 November checks, awaiting the arrival of \$850,000 federal match money, was expected before the end of the week.

Harvest time is subscription paying time.

Colorado Will Be Honored In 'Know Your West Texas' Series Over KRBC, Abilene

Devoting a half-hour program to Colorado talent, Station KRBC at Abilene will make Colorado the fourth in its "Know Your West Texas" series Tuesday evening from 5:45 until 6:15.

Max Bentley, managing editor of the Abilene Reporter-News, spent Thursday in Colorado gathering information for the special stories which his paper will run in Wednesday morning's edition following the broadcast. The Reporter-News is cooperating with KRBC in conducting the series of weekly broadcasts dealing with various West Texas towns.

Sweetwater was the first town in the series, opening November 5, Anson second, Merkel third, and Colorado is fourth. The broadcasts are usually held on Thursday evening but Colorado's is to be Tuesday evening.

cause of Thanksgiving on Thursday.

Colorado's program Tuesday evening will include numbers by Mrs. W. R. Martin, Arnold Marshall, Mary Frances Mackey, Hunter Brandon, and others. Colorado will furnish her own master of ceremonies.

Coloradoans interested in hearing this special broadcast should tune their radios to 1420 from 5:45 until 6:15 Tuesday evening.

YULE PARCELS INTENDED FOR FOREIGN COUNTRIES SHOULD BE MAILED SOON

Persons desiring to have Christmas packages delivered by mail to foreign countries had better give attention to this matter before many more days.

Several days are required in which to make delivery of mail to a number of foreign countries, it was pointed out Monday. Postmaster J. Y. Fraser and others attached to the postoffice will be pleased to extend cooperation in handling such packages.

FOUR CONFERENCE GAMES PLAYED BY ROSCOE HAVE BEEN ANNULLED BY BOARD

Executive Committee Tosses Class 6-B Leaders Out On Contention Barnes, Back, Was Ineligible

Roscoe's Plowboys, defending football champions in district 6-B and leading in this year's play with four straight wins, were plucked from their high perch Wednesday by the district committee, meeting in Sweetwater.

The committee, composed of superintendents of the seven participating schools, voted to forfeit Roscoe's four conference games played to date as penalty for its having played an ineligible boy in two early non-conference games. He is J. W. Barnes, halfback, and he played against Sweetwater and Spur. Roscoe's games forfeited, all victories, were those with Colorado, Lorraine, Snyder and Merkel. Result of the ruling is to remove the Plowboys as title contenders and give first place to Snyder which has a clean slate except for a tie with Merkel.

Early this year the district committee, in a session at Sweetwater, took stringent action to prevent participating schools playing ineligible men in non-conference as well as conference games, and issued a warning on the subject. No formal motion was passed and the discussion was informal, but it was agreed that the committee would adhere closely to the ruling of the interscholastic league which says ineligible men shall not be played in any game. I. R. Hutchinson, Roscoe superintendent, is serving his first year there, was not a member of the committee last year, and consequently did not attend this meeting. Addressing the committee Wednesday Hutchinson said Roscoe was admitting Barnes' ineligibility, but he added, "Early this fall, before the season started, I notified the chairman of the committee that we were in doubt about Barnes, were investigating, and would meanwhile hold him out of conference games until we were certain of his status. I did not know the committee had earlier decided to penalize a school for playing an ineligible man in a non-conference game."

Barnes was found ineligible because, attending Wastella rural school a part of last year, he did not pass his final semester. Hutchinson said he did not definitely confirm that until after the Spur and Sweetwater games.

Roger A. Burgess, Merkel, is committee chairman. Participating schools, besides Merkel, are Lorraine, Colorado, Roscoe, Snyder, Roby and Rotan.

BURN VICTIM DIES AT ROOT HOSPITAL

Burns which he received when a bucket of blazing gasoline was accidentally thrown on him a month ago proved fatal to H. D. Beaver, 46, in Root hospital Wednesday evening at 7 o'clock.

Beaver was employed on the Stubblefield farm in southern Mitchell county when the accident occurred. A companion was working on a car near Beaver when gasoline he was using became ignited. He threw the blazing liquid from him and Beaver was in its path.

The body was taken overland to Goldthwaite, Beaver's former home, Wednesday night. Funeral services will be there some time Friday. A wife and 18-year-old stepson survive Beaver.

MRS. MACKAY BETTER

Mrs. L. G. Mackay of Midland, daughter of Mr. and Mrs. Sam Majors of Colorado, is reported to be somewhat improving following an illness of scarlet fever. Her young son is still here with his paternal grandparents, Mr. and Mrs. P. K. Mackay.

Over 1,000 Bales Of Cotton Received At Mitchell County Gins During Past Week

Although the cotton harvest is slowing down in nearly all sections of the county with some gins practically through work for the season, more than 1,000 bales were received during the past week, bringing the present total to 15,733 bales.

Colorado ginning receipts numbering 7,603 bales, were as follows: Farmers Cooperative, 1,175; Farmers No. Three, 1,953; Lambeth, 1,002; Concrete, 2,003; Williams - Miller, 1,470.

Westbrook gins had received 2,800 bales, Lorraine's 3,200, Valley View and China Grove gins, nearing the end of their season, were estimated to have ginned 1,800 bales. Buford gin, which closed down several weeks ago, accounted for 330 bales of the total.

The staple was bringing from 8 to 12 cents in Colorado. Seed remained at \$29.00.

Before this program begins the federation will hold a brief business session, beginning at 3 o'clock.

Crew Of 60 Men Working On Pipe Line To Refinery

Four-Inch Connection With Shell Trunk Line North Of Colorado Being Built

A crew of sixty men are working on the new four-inch pipe line to connect Col-Tex refinery with the Shell Pipe Line Company's trunk line north of town. Work on the project was started within the week.

Thursday morning the line had been completed from the refinery plant to the W. C. Farrar place, two miles west. Connection with the Shell line is to be made on the Ben Horn place, some five miles northwest of Colorado.

Upon completion of the line the refinery plant plans taking crude from the Shell line, among the largest trunk line carriers in the country.

ALONG THE BOY SCOUT TRAIL IN COLORADO

The last session of the school of scouting conducted in Colorado was an outing near Dunn on last Friday afternoon. The men met at the Dunn school house and went from there to the campsite on Deep Creek. Camp was set up and fires started to cook

the meals. Each scout attending cooked his own meal and ate it.

After the meal of Kabob and baked potatoes the group enjoyed singing songs which were led by various members of the crowd. Mr. Stiles, the scout executive of this council made an inspirational talk to the scouts. The entire group expressed their appreciation to Mr. Darold Wilson field executive for the way in which he had conducted the school.

Mr. Wilson stated that his chief aim during the remainder of this year was to carry scouting to the rural communities and he also reported that the area near Dunn was leading in the work in the rural sections.

The men attending were: Colorado, M. Kirschbaum, M. Majors, Gene Smith, W. W. Porter, J. H. Herrington and W. B. May. Dunn: Ben Newhouse, C. W. Tarter, Francis Johnston, C. B. Connally, Omer Ross. Turner: A. R. Turner, W. R. Flynn; Mr. Alfred J. Stiles, scout executive and Darold Wilson, field executive of the Buffalo Trail Council.

Troop 20 is going on a hike next Monday evening at 4 o'clock. Each boy is going to cook his own meal under the direction of Mr. James Herrington, assistant scoutmaster. Any boy of the scout age who wishes to go along on this hike get in touch with a member of Troop 20 and learn what he is to bring.

The Wolf patrol of Troop 20 decorated their window, which is characterized by a large collection of match holders, aeroplane models, ship models, collections of interesting things.

Troop 20 had their regular monthly board of review last Monday night and two merit badges were passed. Oscar D. Roberts passed Pathfinding, and Curtis Erwin passed First Aid To Animals.

Hundreds Inspect New Ford Car On Display Saturday

Arnett-McLarty Motor Co. Highly Pleased With The 1937 Models

Several hundred citizens of Colorado and other communities of the territory called at show room of the Arnett-McLarty Motor Company Saturday to inspect the Ford V-8 car for 1937. A Tudor sedan was on display.

"We are highly pleased with the new Ford automobile and the approval given it Saturday by the large number of interested citizens visiting our place," H. L. McLarty, member of the firm, told The Record Tuesday night. "We have sold several of the new cars and expect to start delivery within the next few days."

The new machines have a number of improvements over passenger cars of 1936 model. Front of the new Ford is much similar to the Zephyr, another fine motor car manufactured by Ford Motor Company. The new cars are to be delivered with either 85 or 60 horsepower motor. The machine on display Saturday was equipped with the larger engine.

AWARDS MADE IN POSTER CONTEST

Prizes in the poster contest sponsored by the Women's Auxiliary of the American Legion have been awarded to the following pupils in the 7B art class: first prize of one dollar to John DeGarmo, second prize of seventy-five cents to Alfred Rhode, and third prize of fifty cents to Catherine Reese.

Mrs. J. T. Howell presented the prizes Tuesday in assembly. She announced that all posters submitted in this contest received favorable comment from the judges.

SIXTH GRADE GOOD WRITERS

There are twenty-nine new members of the Good Writers Club in the sixth grade. 6C receives the banner for having the most members. In 6C, 70.2% of the pupils have passed the Good Writers test. The new members are: Margaret Smoot, La Voyce Short, Doris Ekas, Hazel Harris, Charles Rogers, Elnora Vowell, Owen Lee Montgomery, Harold Eudy Smith, Lougene Shaw, and Alene Forbes.

In 6B, 59.46% of the pupils are Good Writers. The new members are: Ethel Bodzin, Archie Lee Caffey, Marjorie Pickens, Jack Neff, Billie Weaver, Junior Sadler, Bobby Ratliff, Coy Loving, and Amaneta Clanton.

In 6A, 45.9% of the pupils are members of the Good Writers Club. The new members are: Margaret Gregory, Georgene Bassham, Marcell Banks, Mary Louise Whipkey, Ruth Woodell, Harold Berman, Frances Henderson, Jackie Thorp, and Neil Ruth Henderson.

ARMISTICE PROGRAM

An Armistice Day program was given at the assembly period last Tuesday. Miss Gladys Miller, teacher in Colorado High School, sang some of the songs that were popular during the war period. Her songs included "Pack Up Your Troubles in Your Old Kit Bag," "The Old Gray Mare," "Ka-Ka-Ka-Katty," "Keep the Home Fires Burning," and "A Baby's Prayer at Twilight."

Mr. Watson, an officer during the World War, gave an interesting talk. He briefly told about the war and then discussed the beauty of peace.

This program was greatly enjoyed.

EXCITEMENT OVER PICTURES

Monday morning Junior High witnessed preparations and posing for pictures. This was not for practice only, because Mr. Frederick took individual pictures of every person in the school.

Mr. Glover announced that seven pictures of each pupil will be sent to the school in about two weeks. One picture will be placed on the permanent record card in the office, and the other six will be for sale. The pictures, 2 x 3 inches, will be ten cents each, three for twenty cents, or six for thirty cents.

ANIMAL SHOW

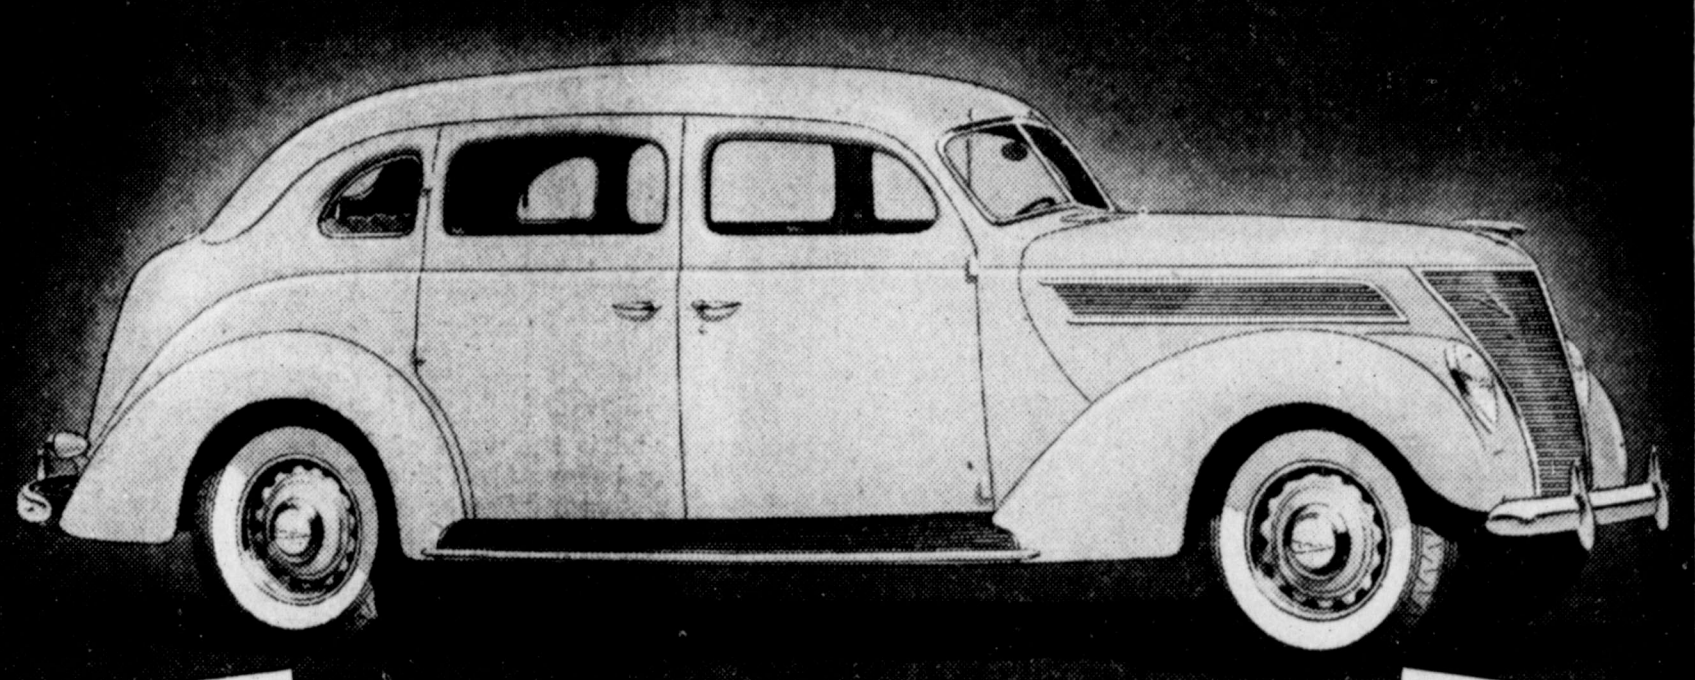

Don Carlos presented an animal program at Junior High School Thursday afternoon. He told about the habits of the monkeys and then introduced three generations of monkeys. They performed tricks and stunts.

Next Mr. Carlos introduced his famous dogs. These dogs, dressed as people, paraded across the stage. Mr. Carlos not only entertained with his animal show, but he also told about training and caring for animals.

THE FORD V-8 FOR 1937
The Quality Car in the Low-price Field

V-8 85 HORSEPOWER
Maximum Performance with Good Economy
Bore, 3.062 in. Stroke, 3.76 in. Displacement, 221 cu. in.

V-8 60 HORSEPOWER
Good Performance with Maximum Economy
Bore, 2.6 in. Stroke, 3.2 in. Displacement, 136 cu. in.

Two Engine Sizes - One Wheelbase AND A NEW LOW PRICE

THE New Ford V-8 for 1937 is the most beautiful Ford car ever offered. It is built in only one size—one standard of roomy comfort and modern appearance. But you may have either the improved 85-horsepower V-8 engine for maximum performance—or the new 60-horsepower V-8 engine for maximum economy. The smaller engine makes possible a lighter car—lower operating costs—and a lower price.

When you drive the 1937 Ford with the 85-horsepower V-8 engine, you are master of a power plant that gives everything you can possibly demand in speed and acceleration. Today, improved carburetion enables it to deliver its thrilling performance with unusually low gasoline consumption.

The new 60-horsepower V-type 8-cylinder engine delivers V-8 smoothness and quietness—even at speeds up to 70 miles an hour—with gasoline mileage so high that it creates an entirely new standard of economy in modern motor car operation.

We invite you to see this new Ford car, and arrange to drive one equipped with the engine that fits your needs.

FEATURES

APPEARANCE—A newly designed car. Headlamps recessed in fender aprons. Modern lid-type hood hinged at the back. Larger luggage space. Spare tire enclosed within body. Completely new interiors. Slanting V-type windshield opens in all closed cars.

COMFORT AND QUIET—A big, roomy car. Extra space is in the body, not taken up by the engine under the hood. Comfort of the Center-Poise Ride further increased by smoother action of the long-tapering springs, with new pressure lubrication. New methods of mounting body and engine make this a quieter car.

SAFETY

BRAKES—New Easy-Action Safety Brakes, of the cable and conduit control type. "The safety of steel from pedal to wheel." Self-energizing—car momentum is used to help apply the brakes. Tests show that about one-third less pedal pressure is required to stop the car.

BODY—Not an ounce of wood used for structural strength. Frame structure all steel, sheathed with steel panels—top, sides and floor. All are welded into a single steel unit of great strength. Safety Glass all around at no extra charge.

Trench Silo As Acceptable Factor For Solving Feed Problem In West Texas

That the trench silo is spreading in popularity in West Texas is indicated in newspaper reports received.

at this office during the past several days. Several farmers and ranchers of Mitchell county have found this method to be satisfactory in every respect. The county farm agent is advancing the opinion that a number of trenches are to be constructed another year.

Callahan county farmers are delighted with results obtained, notes the Clyde Enterprise. One farmer reported that he was being offered an attractive price for his ensilage.

"As a means of making the best use of some of the late feed that could not have matured before frost, more farmers and ranchers are getting it buried in the trench," reports the Post Dispatch.

The Spur experiment station has found that steers fed five and one-half pounds of cotton seed meal and about 20 to 30 pounds of ensilage needed no other feed to top the market and that they consumed these amounts at each feeding.

W. V. Roy, Justiceburg rancher-farmer has prepared a 50-ton silo and will be filling it soon. J. W. Stotts, farmer and county commissioner whose farm is in the northwest part of the county is digging a trench for thirty-five or forty tons of silage. These two men have not used trench silage in the past.

Big Spring Herald: Demonstrations of filling of a trench silo are being held at the Tom Ashley place in the Elbow area this week.

Ashley announced he had completed a trench silo capable of holding 160 tons of feed and said he planned to fill it before he stopped.

The trench is 14 feet wide at the top and 12 feet wide at the bottom, is nine feet deep and 100 feet long. Ashley excavated about five feet with a trap and freso, throwing the surplus dirt up for shoulders and covering material.

their play to be given Wednesday, Nov. 25. This makes our second week of practice and some of the Seniors sure look drowsy (as well as the sponsor and director).

The Seniors are going to have their class pictures made Thursday. Mr. Thurman from Big Spring is going to do the "shooting" early Thursday morning.

The class wants to thank the Junior class and their sponsor, Mr. Crouch, for the nice time we had Friday evening on the picnic.

Junior News. The Junior class had a class meeting Thursday afternoon to decide upon a picnic. The picnic was scheduled for Friday night and the guests were to be the members of the Senior class.

Friday night the two classes met at the High school and then motored out to the picnic grounds. After the picnic, games were played at the High school and every one had a good time.

In the future the Junior class hopes to entertain the Sophomores for the entertainment they gave us.

Sophomore News. The Sophs have a new student from Iatan. Her name is Margaret Wynn. We welcome her to the class and hope she likes to go to school here. She formerly attended school at Olden.

Freshmen News. Well here's the Freshman reporter back with the same old bologna. It seems that nothing exciting happens to the Freshmen. I guess we'll have to have a picnic or party so we can get a little news for the paper.

"The Garlic Wexley" By Iva Copley. We take great pride this week in announcing to our dear and kind readers that our friend and brother and giver of aid, the one and only Glynn Hindman, has at last taken up a new habit.

Of course we can't tell you what it is, but you might ask Elizabeth Young. Ah, yes, and now we leave Elizabeth and Glynn for the more interesting news of the day.

Our attention is first called to an item from the "dear ole Freshmen." It seems that Ruth (Zelda Smitty) Smith had a wee bit of an accident with Strange sophomore boy.

But its roll over now (P. S. Ain't he sweet?). And as we said before, its all the same difference, anyway.

The next item comes as a call from Janita Ruddick who seems to have lost a ghost. She goes around saying, "Where's the ghost?"

Anyone finding the ghost will please return it to Janita. I thank you. If you want to know more about the lost ghost, see the Senior play to be presented next Wednesday night at the High school auditorium.

(P. S. That's the night just before Thanksgiving). The play is "The Mystery at Midnight," a mystery in three acts by Mabel Conklin Allen. The cast of characters includes:

Rathburne Wentworth, Jaunita Ruddick, Rasmus Washington, Willie Delle Bolin, Oscar Flanders, Opal Wilson, Leta Flanders, Harward Hardcastle.

In the play you get to see Junior Stribling knocked in the head. That alone is worth the price of admission. The price of admission is as usual, 10 and 20 cents. With that item we conclude the Garlic News.

A WORD OF APPRECIATION. I wish to express, through the "Record," a personal bereavement in the homegoing of Mrs. W. S. Everett. It was my happy privilege, often, to be a guest in, and enjoy the unbounded hospitality of their good home.

As her pastor, we always enjoyed a hearty welcome. Although much of the time she was in feeble health, she extended unbounded hospitality.

This writer will always cherish the memory of the hours spent in her home and the little group of faithful workers who, through an unprecedented drouth and other discouraging circumstances, carried on the Lord's work in that community.

We extend condolence to the bereaved and assure them of our sympathy and love.

QUESTIONS THAT ARE ASKED ABOUT BANKING

"Why are Bankers usually conservative?"

A BANK is a semi-public institution. It receives money from depositors and lends that money to borrowers. In order to safeguard the funds of depositors a bank must be conservative in loaning their money.

Banks are anxious to make good loans—for their livelihood is derived primarily from this source. Yet safety—not profit—must be the first consideration. Consequently, it is not the function of a bank to indulge in speculation, or to make speculative loans, however promising they may seem.

Conservative banking policies do not, however, stand in the way of genuine community progress. In fact, they go hand in hand. The permanent, carefully-built progress of any community—not the false, temporary progress of sporadic booms—is dependent usually upon the alert foresight and conservative, experienced judgment of its business men and bankers.
