EUGENE HALEY IS FIRST-PLACE WINNER IN T.C.U. POETRY WRITING EVENT
Eugene Haley, son of Rev. and Mrs. A. L. Haley of Colorado and an outstanding student at Texas Christian University, won first place in the recent Bryson poetry writing contest. His poem, "Return," is reprinted as follows:
Green are the hills,
Bright are the flowers in
Red river valley.
Copper-skinned Indians
Flee from the white-men
Searching for gold
There in the valley.
Yellow pine hoists
Spring out on the mountain.
Long grey gashes
Cut in the mountain
Where the men tunnel.
Blue ribbon smoke
Rising from chimneys.
Muddy brown runs
Made in the grasses.
Bright silver rails
And coal black ashes
Of the new railway
Cut through the valley
Then—
Gone is the gold
Before the year ends
Soon the men follow.
Gone is the smoke;
Grey are the houses,
Weathered and broken.
Grassy the road bed.
And the green forest
Takes the old valley
Back in its arms.

LEAVE ON VACATION
Miss Laundry Smith, who is employed at Pecos, and her mother, Mrs. John T. Smith, left Tuesday for a week's vacation trip. Their first stop was to be a visit with Mr. and Mrs. Landon Dorn in Abilene. From there they were to go on to Teague, Texas, to visit an ill aunt of Mrs. Smith's. They planned to visit valley points before returning here.

JAMESONS RETURN
Rev. and Mrs. C. E. Jameson returned Monday from a visit with friends and relatives in New Mexico and North Texas. At Santa Rosa, New Mexico, they were caught in a heavy rainstorm that kept them water bound a few days. The Pecos river came down on a 21-foot rise, he reports.

Coke County Road Bond Issue Voted By Lead Of 4 To 1

Citizens Authorize \$25,000 To Finance Projects In School Districts

Taxpayers of road district No. 3, Coke county, Saturday voted for a \$25,000 bond issue and an ad valorem tax of 25 cents on the \$100 valuation of property. The vote was 13 against and 51 for the issue. Balloting was extremely light, according to County Judge McNeil Wylie. Recent rains caused farmers to be in the fields today. The tax brings the total taxation for residents of the road district to \$1.80, outside of school levies. The road district lies in two school districts, with school tax at 35 cents in one and \$1 in the other. The road district was established April 5, 1937. The \$25,000 will be used for three purposes: \$6,500 for the district's part of a WPA project to improve the Divide road from the Tom Green county line and extending 14 miles; \$8,500 for the improvement of the Paint Creek and Wild Cat roads; \$10,000 to secure right-of-way and provide fencing on Highway No. 58.

AT DAUGHTER'S BEDSIDE
Mrs. Van King went over to Big Spring Sunday to be with her daughter, Clarice, who is a patient in Bivings hospital. Miss King is to undergo an operation for goiter as soon as her strength can be sufficiently built up. Her condition has been causing some alarm due to her failure to gain the necessary strength.

ALONG THE BOY SCOUT TRAIL IN COLORADO

The swimming meet and handicraft contests to take place the latter part of August in Midland are creating quite a bit of interest in troop 20 of Colorado. The troop won third place in the meet last year and with the scout practicing their strokes and speed this early in the season they expect to make a good showing this year. As far as handicraft is concerned troop 20 has been getting ready since winter and with their new tools the boys will turn out some nice work. A parade size United States flag will be bought for troop 20 with the money it earned from the benefit program Mrs. W. R. Martin presented at high school some days ago. The troop wishes to take this opportunity to express their appreciation to Mrs. Martin, the performers, and the people who attended the program. There will be a board of review held in Colorado before the end of June for scouts who have made ad-

vancement in rank and also merit badge work. Every scout is trying to pass as many tests as possible so that they will have a higher rank when they go to camp. Summer camp is in the mind of every scout. At the meeting Monday night hands of the boys who were going were raised and only a few were left down. The camp is located on the beautiful Nueces river near Parksdale. There will be two camp periods of a week each this year starting the 20th of July and ending the 3rd of August. Summer camp fills the wants of every boy including the capacity of his stomach and this latter point is no small item. The Boys Scouts of Colorado are selling advance tickets for the Frontier Fiesta which will be opened in Ft. Worth June 26. These tickets in book form may be bought from any scout until June 26. The books contain \$5.50 value and may be bought for \$3.00. If you are going you will

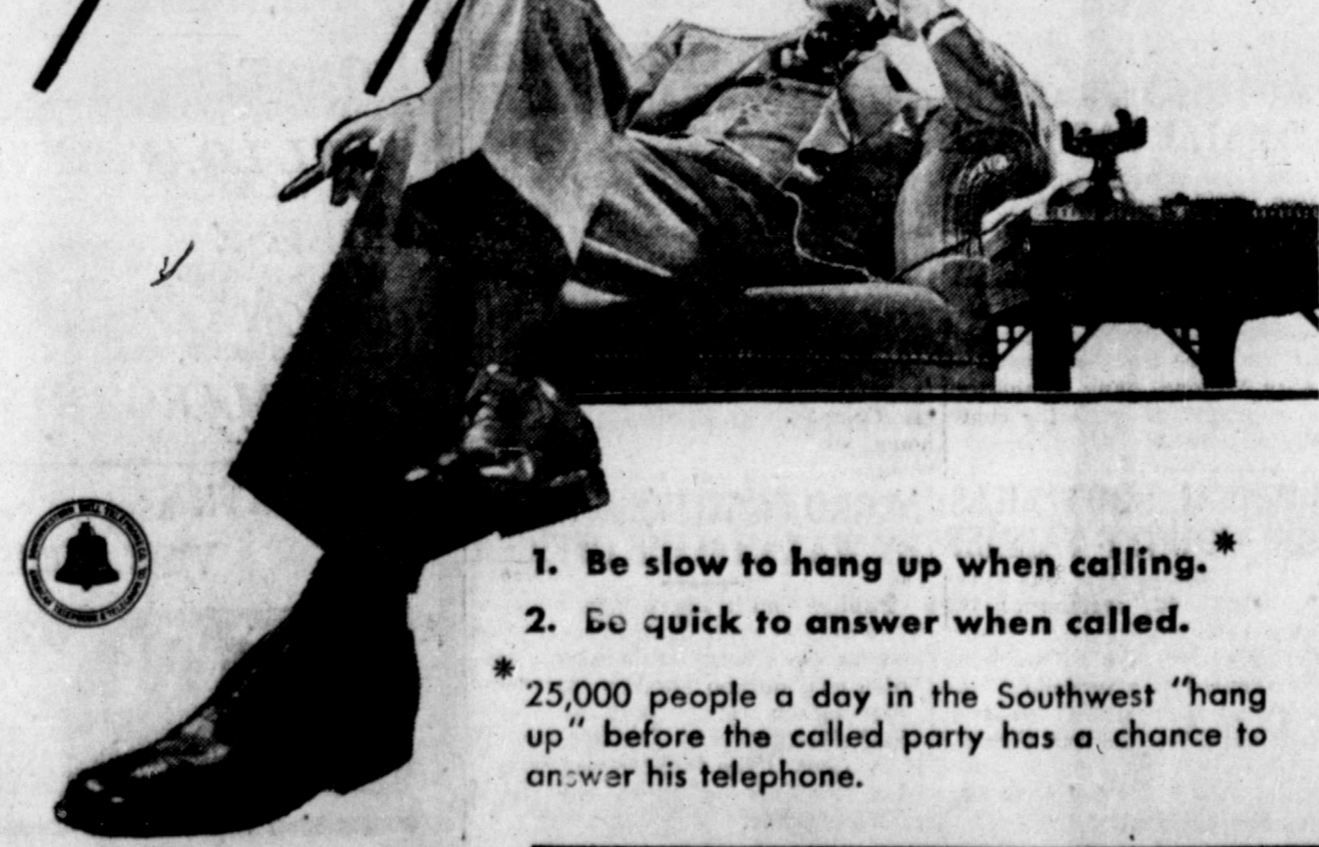

help yourself and the scouts by getting your book early.

ATTEND SNYDER PARTY
Mrs. H. I. Berman, Mrs. Philip Berman, Mrs. Max Berman, and Mrs. L. Kirschbaum were in Snyder Monday afternoon to attend a party with which Mrs. Marcel Josephson honored her guest of the week, Mrs. Henry Josephson of San Antonio.

GUESTS FROM SNYDER
Mr. and Mrs. Marcel Josephson and daughter, Sandra Jean, of Snyder, and Mrs. Henry Josephson and children of San Antonio were Sunday guests in the homes of Mrs. Marcel Josephson's brothers, H. I., Philip, and Max Berman.

HIS MOTHER IMPROVED
Mr. and Mrs. Ace McShan returned late Tuesday from Brady where they had gone to attend his mother, Mrs. Anna McShan, suffering from a heart ailment. They were called to Brady Sunday when condition of Mrs. McShan was considered serious. Her condition was somewhat improved Tuesday.

The Purpose of Bank Loans

—is to aid business in carrying out useful and profitable operations.

THESE operations create employment, meet public demands for commodities and services, and promote Community prosperity. Through familiarity with local conditions, through intimate and confidential contacts with local business men, through accumulated judgment as to their plans, abilities and practices, we are able to direct our loans into safe, useful channels. Thus, we can devote our loanable funds to aid and support the business activities which give this Community a full, well-rounded business life.

By honesty and skill in management that will command the confidence and support of our fellow citizens, we seek to meet in full these obligations of good banking.

TRADE VOLUME LARGER IN TEXAS, BANK REPORT ON BUSINESS INDICATES

DALLAS.—The monthly business review of the Federal Reserve Bank of Dallas reports the April volume of trade in the Eleventh District "was maintained at a level substantially above that in the same month last year."

A gain of 12 per cent over April in department store sales was nearly as large as the first quarter increase, the review says. Wholesale distribution fell off more than usual from March to April, but the increase of 15 per cent over a year ago equaled the average gain for the preceding three months. The number and liability of business failures, despite increases in April, continued at low levels in comparison with other years.

The review says petroleum production in this district increased sharply in the first half of May after declining somewhat in April, owing to the lower Texas allowable. The daily output at the middle of the month was at an all-time high, the review says.

In agriculture, the review says that "on the whole" the weather continued unfavorable for growth and development of row crops.

"The detrimental effects of sub-normal rainfall the last six weeks were accentuated by dry wind which sapped surface moisture in many sections," it says. "As a result, germination was slow and unsatisfactory and crop growth was retarded, although some betterment occurred after recent scattered rain and the advent of higher temperatures. "Small grains showed improvement except in dry areas and, on the basis of May 1 estimates of the Department of Agriculture, production is expected to be much larger than a year ago. Livestock continued in good condition, but ranges are becoming dry in some sections. Cattle and sheep are moving to market in large volume."

In the construction industry, the review says, the total value of contracts awarded as reported by the F. W. Dodge Corporation, was 28 per cent smaller than in April last year, but exceeded the total for any intervening month. The value of awards for residential building, the review says, increased further by 11 per cent over March and was 53 per cent greater than a year earlier.

The valuation of building permits issued at principal cities, although 9 per cent smaller than in March, increased about one-fourth in comparison with April of the preceding year.

In the financial field, the review says that between April 14 and May 12, loans and investments of weekly reporting member banks in leading cities declined further by \$3,035,000, of which \$1,845,000 was in loans and \$1,190,000 in investments. The daily average of gross demand and time deposits of the district member banks was \$7,667,000 lower in April than in March, and off \$65,869,000 from the high level reached last December. Reserve deposits of member banks increased sharply the latter part of April, and in the first half of May averaged close to \$179,000,000, which was apparently about \$45,000,000 in excess of the higher reserve requirements effective May 1.

FORD '60' OWNERS REPORT 22-27 MILES PER GALLON

THE 60-horsepower Ford V-8 is writing remarkable mileage records on American roads. Private owners and fleet operators alike report averages of from 22 to 27 miles on a gallon of gasoline.

You can fill the tank of your Ford '60' and drive all day—300 to 400 miles—without stopping again for fuel. Besides costing less to run than any Ford car ever built, it sells at the lowest Ford price in years. That's double economy!

The '60' delivers V-8 smoothness and quiet at speeds up to 70 miles an hour. It is built into the same roomy body as the famous '85'—with the same modern features of comfort and dependability that make the 1937 Ford V-8 unquestionably THE QUALITY CAR IN THE LOW-PRICE FIELD.

Ford V-8 '60'

FORD V-8 \$529 at Dealership. Prices begin at \$529. Includes transportation charges, State and Federal taxes extra.

\$25 A MONTH, after usual down-payment, buys any model 1937 Ford V-8 Car—from any Ford dealer—anywhere in the United States. Ask your Ford dealer about the easy payment plans of the Universal Credit Company.

PICKED UP ALONG THE NEWS PATH

They're talking about the unusualness of that new country home that Jake and Kitten Richardson and son Bobby will be occupying about the middle of this month. . . . If you've driven out along the new byway highway recently you've seen it under construction, a low house facing east with a garage adjoining it on the north. . . . It's of adobe, with square, many-paned windows and a cobblestone porch which is on a level with the front door and with the earth, there being no steps. . . . Reminds you of a California "rancho," or something like that. . . . Exposed beams, darkly stained, a huge, open fireplace are to give the spacious living room a rustic atmosphere. . . . The kitchen is to be in red and white. . . . Maple furniture is to be featured throughout the house. . . . The Richardsons have made several out-of-town trips recently to select furniture, which is being brought through a local firm. . . . Son Bobby is to have a "bunk" bed in his room. . . . Draw curtains are to be used instead of shades. . . . There'll be both electricity and natural gas conveniences. . . . Besides all that, the home stands on naturally sub-irrigated land. . . . And there's a lovely lay of country all about. . . . All in all, it's my idea—and probably yours and yours—of a really ideal place to live. . . . And just 2 miles from town with a soon-to-be paved highway all the way in. . . .

about a vacant lot, laughing and talking and looking, are the village swains—or perhaps they're caballeros in Little Mexico. . . .
