

TWO GIN PLANTS ARE SOLD BY THE FARMERS GIN CO.

NEWLY ORGANIZED CO. OP BODIES BUY PLANT AT BUFORD AND NO. 3 AT COLORADO

Two of the three Mitchell county gin plants of the Farmers Gin company of Colorado have been sold during the past week to recently organized cooperative gin bodies.

The Buford gin has been sold to the Buford Cooperative Gin association for a consideration of \$7,750, according to U. D. Wulfjen, president of the Farmers Gin company. Farmers Gin No. 3 in Colorado near the west river bridge has been conditionally sold to the Colorado Cooperative Gin Co. for a sum in the neighborhood of \$30,000. The other Farmers' gin plant is located at the south Colorado river bridge.

Sale of the gins was the outgrowth of cooperative gin organizations which were formed at Colorado and at Buford over two weeks ago. J. H. Carlock was elected president of the Colorado organization with directors as follows: A. K. McCarley, W. D. McAdams, U. D. Wulfjen, Gramp Williams, E. A. Warner, and Carlock.

Earl Hammonds is president of the Buford organization, other directors being J. W. Hamilton, A. F. Peaster, T. T. Smith, Claude Cosper, Ewell McGuire, and C. F. Woodard.

Carlock stated Wednesday that around \$10,000 stock has already been subscribed for the Colorado organization, and the work has just begun. Both he and Wulfjen commented on the success with which the cooperative plan is meeting among the farmers of the county.

Stock in the Farmers' Gin company is to be liquidated as soon as possible, according to Wulfjen. Aim of the cooperative organizations is to have only farmers who gin cotton as stock holders. Purchase of stock as an investment for profit or speculation is to be discouraged, Wulfjen says, by limiting the stock held by any one person to 5% of the total and by limiting cash dividends to 8%.

The cooperative plan, comparatively new in this section, provides for the return of ginning profits to the farmer in the form of stock until the gin plant is paid for. After the gin is clear, the farmer will receive dividend payments on each bale which he gins during the season.

The Westbrook Cooperative gin paid a dividend of \$2 per bale last year. It has been in operation long enough to clear the plant of debt.

MITCHELL RANCHERS HOLD MEETING FOR DISCUSSING 1938 RANGE CONSERVATION

Twenty-two Mitchell county ranchmen attended a meeting held at the county courtroom in Colorado Saturday afternoon for the purpose of discussing the 1938 range conservation program.

B. J. Baskin, county farm agent, had charge of the meeting. Eighteen of the twenty-two signed up for the program at that time, and numerous other signatures have been received since then, Baskin says.

B. B. Byrne, Jr., has been appointed as range inspector for the county under the program.

DEFERRED GRAZING ON RANGES TO BEGIN MAY 1, COMMITTEE DECIDES

Deferred grazing practices are to be started May 1 on Mitchell county range-lands which are in the government's soil conservation program. The date was set at a recent meeting of the county AAA committee in Colorado.

At the same meeting the committee appointed B. B. Byrne, Jr., as range inspector for the county.

BALLOON GIVEN WITH CREAM CONE SATURDAY

A balloon is to be given away with each ice cream cone sold Saturday at the Colorado Drug store, according to Jack Mayes, manager.

The balloons will be large as the ones which ordinarily sell for five cents each.

OVER \$10,000 INTO SALARY COFFERS OF SCHOOLS IN COUNTY

ANOTHER APPORTIONMENT PER CAPITA PAYMENT IS RECEIVED BY BANKS

Over \$10,000 went into the salary coffers of Mitchell county schools as another \$3 per capita apportionment was received by banks at Colorado and Loraine last week.

The total of \$10,272 was divided as follows: Rural schools, \$3,741; Colorado Independent district, \$4,536; Westbrook, \$861; Loraine, \$1,134.

This payment brought the total for the year to \$15 per capita, with \$7 more due to be received before August 31 to bring the year's total per capita to \$22.

CHS BAND AND CHORAL CLUB WILL GO ON TOUR OF NEIGHBOR SCHOOLS

Plans are being made to take the Colorado High school band and the choral club on a tour of neighboring schools one day next week, possibly on Friday, April 29.

Mrs. Charles Moeser, director of the choral club, and R. P. Rose, band director, will accompany the group. Four or five high schools in this section are to be visited and a program of band music and songs presented.

FIVE MORE WEEKS OF SCHOOL REMAIN; OVER 80 MAY BE GRADUATED

Five more weeks of school remain for Colorado children, according to John E. Watson, superintendent of Colorado schools. The closing date is to be Friday, May 27.

The largest graduating class in the school's history is anticipated. There are more than 80 candidates for graduation.

THREE FROM HERE TO HERMLEIGH REUNION

With J. J. Billingsley of Colorado in charge of arrangements, the third annual reunion of pioneer residents of Hermleigh was held Sunday at Buffalo Gap. Mr. and Mrs. Billingsley and Miss Fern Kelley attended from Colorado, being accompanied by Bebe Boone of Dallas, an Easter guest here.

More than 50 persons attended the reunion. Following a barbecue at noon, the afternoon was devoted to reminiscences. Billingsley is to be in charge of next year's reunion on Easter Sunday.

SAFEGWAY TRANSFERS MORGAN TO ABILENE

Merl Morgan, who has been employed in the local Safeway store for the past two years, was transferred Monday to the downtown Safeway store in Abilene.

He and Mrs. Morgan, the former Corinne Lupton of Colorado, moved to Abilene during the week-end. Marion Rice, who has been working in the Abilene store for the past few months but who was formerly employed here, has returned to the Colorado store to take Moran's place.

HAILSTONES' DEMOLISH HERRINGTONS' CAR TOP

Hailstones beat in the top of the James Herringtons' car Sunday evening as they were coming home from a reunion of Mrs. Herrington's family in Crosbyton.

After stopping in Dermott while a heavy rain passed over, the Herringtons drove into the hailstorm this side of Dermott. Herrington stated early this week that the hail covered the level ground six or seven inches deep. News dispatches from Snyder described the hail as the worst in ten years.

The Herringtons' young daughter slept peacefully through the whole thing.

IMPORTANT SOFTBALL MEETING CALLED FOR FRIDAY AT 7:30 P. M.

CHRISTIAN WOULD LIKE TO CONFER WITH MANAGERS, CAPTAINS ON PLANS FOR OPENING OF SEASON

A call for all managers, captains, and other persons connected with softball teams of Mitchell county to meet with him at the chamber of commerce office in the Colorado hotel at 7:30 Friday evening has been issued by Coach Jack Christian of Colorado High school, who will have charge of the softball leagues sponsored by the Colorado Lions club during the coming season.

"This meeting is very important to our plans for softball league play this summer," Christian said in announcing the meeting. "We are going to make out the schedule of play and complete other arrangements. I'm very anxious for every team to be represented."

Two leagues, a fast league and a slow league, are to be sponsored by the Colorado Lions club this season. Christian points out. Teams from Ira and China Grove are to be included in the two leagues, along with others from Colorado, Loraine, Westbrook, and possibly other points.

At least one major change, calculated to increase interest by developing better clubs, has been made in league rules for this year. Last year team membership of each club or organization was restricted to either employees or members of that club or organization. This year that rule is removed. Each team will be encouraged to secure the best players possible.

Christian says that he plans to be in Colorado all during the softball season, and he asks the cooperation of all softball players and officials in making the season an entertaining and lively one. Those who serve on the league committee with him are A. L. McSpadden, Morris Kirsebaum, and Dr. R. D. Bridgford.

FEED-SEED LOANS TO BE FILLED OUT ON MONDAYS

Applications for loans under the emergency feed and seed loan administration are to be filled out at the local chamber of commerce office on Mondays only hereafter.

Miss Johnnie Lou Callison, who takes loan applications, announces that she will not be in the office except on Mondays.

MITCHELL SINGERS ARE INVITED TO HOWARD MEET

A special invitation to Mitchell county singers to attend the meeting of the Howard County Singing convention with the Lomax class Sunday has been issued by C. C. Nance, president.

Lomax is located 10 miles west and 3 miles south of Big Spring. Mr. Nance explains. Dinner will be served to all.

FRASER NAMED AS COUNTY CHAIRMAN OF NATIONAL AIR MAIL WEEK, MAY 15-21; CONTEST PLANS ANNOUNCED

Appointment of J. Y. Fraser, Colorado postmaster, as Mitchell county chairman of National Air Mail week observance May 15-21 has been announced. T. J. Goss, Jr., has been named assistant county chairman.

Purpose of the week is to celebrate the 20th anniversary of air mail service in the nation. Two contests, one an essay contest for high school students and the other a poster contest for high school and grammar school students, have been announced as features of the celebration.

Deadline for entries in the two contests is May 1. Both state and national prizes will be awarded.

Goss has outlined some of the contest rules, conditions, and prizes as follows:

"Wings Across America" is subject for essayists, who are expected to present ideas, purposes and advantages of air transportation as it affects modern communication.

Essays shall not exceed 250 words. Basis for judging shall be: (1) originality of ideas, 50 per cent; (2) continuity and construction, 25 per cent; (3) spelling, punctuation and neatness, 25 per cent.

In state competition, first prize is

COTTON BURRS BURN IN EAST SIDE BARN

Cotton burrs burning in a tin lean-to barn on the East Side of Colorado called the fire department out about 6 o'clock Sunday evening.

The burrs and barn are said to have belonged to Randolph McEntire, who had the burrs for feeding sheep and goats at the stock pens nearby.

PRESIDENT BARBER ASKS THAT WORK OF CC TO BE CONTINUED

MEMBERS ASKED TO CARRY ON UNTIL NEW MANAGER SHALL BE SELECTED TO SUCCEED BLASIG

An appeal to members of the Colorado chamber of commerce to see that the organization continues its efficient work of the past few months until a new manager can be secured was issued this week by the president, Truett Barber, after announcement had been made of the resignation of the present manager, Carl Blasig.

"Arrangements are being made to continue the work of the Colorado chamber of commerce on the efficient basis on which it has been operating for the past number of months," Barber said.

"We believe that the chamber of commerce is not only a clearing house for community activities but also a dynamo which generates the power for the advancement of Colorado and its trade territory," Barber continued. "Within the next few days I am going to appoint a committee to interview applicants for the manager's position and urge the membership to continue their wholehearted support, both financial and moral. We are going to make every effort to secure a man who is able to carry on the program of work on the same high level on which it is being conducted now."

The committee, appointed to interview candidates, will report the names of those they believe qualified for the manager's position to the Board of Directors who will then name the successor to Mr. Blasig. Barber outlined. "A thorough investigation will be made of the executive ability as well as of the honesty and reliability of all applicants."

'SNOW WHITE AND THE SEVEN DWARFS' TO BE HERE ON MAY 7, 8, 9

One of the most famous movies ever made, will be shown in Colorado May 7, 8, and 9, when Walt Disney's "Snow White and the Seven Dwarfs" plays a three-day stand at the R. & R. Palace theater.

A. E. McClain, manager of the theater, stated this week that he plans to run the picture enough so that every one wishing to see it can do so without too much inconvenience. The showing will start some time Saturday morning, May 7. A matinee will also be shown on Monday, May 9.

TWO FROM HERE PLAY IN GOLF TOURNAMENT

Two Colorado golfers played in the Sweetwater golf tournament last week. E. C. Nix won his first match but lost the second. Ross Dixon did the same.

Among Coloradoans who attended the finals Sunday were Mr. and Mrs. Jim Cantrill, Mrs. Frank Kelley, Mrs. E. C. Nix, Mr. and Mrs. Q. D. Shepperd, Mr. and Mrs. J. T. Gist, and others.

COTTON BURRS BURN IN EAST SIDE BARN

Cotton burrs burning in a tin lean-to barn on the East Side of Colorado called the fire department out about 6 o'clock Sunday evening.

The burrs and barn are said to have belonged to Randolph McEntire, who had the burrs for feeding sheep and goats at the stock pens nearby.

FORT WORTH GOOD WILL GROUP HERE TUESDAY MORNING

BRIEF PROGRAM HELD AT PALACE THEATER AT 11 O'CLOCK

Turning out unusually well for the occasion, Colorado greeted the Fort Worth Good Will group Tuesday morning at 10:55 as they arrived here on their special train tour of West Texas.

Five Coloradoans, Lee Carter, H. B. Spence, J. W. Randle, Walter Whipkey, and Clarence Cook, met the train in Sweetwater and accompanied the visitors into Colorado. The Colorado High school band, playing under the direction of R. P. Rose was at the depot to give the more than 100 Fort Worthians a musical welcome.

The program proper was given at the Palace theater immediately after the arrival of the train. Carl Blasig, secretary-manager of the Colorado chamber of commerce, welcomed the visitors, and also introduced Charles Root, who welcomed them as president of the junior chamber of commerce.

Two members of the Fort Worth group made talks, one being William Holden, general manager of the Fort Worth chamber of commerce. Holden introduced John Hendrix, director of public relations for the Fort Worth Fat Stock show and Southwestern Exposition.

The group went from here to Big Spring, where they stopped for lunch. They had breakfasted in Abilene.

SOFTBALL TEAM IS FORMED BY JUNIOR CC GROUP TUESDAY

CHAS. ROOT IS MANAGER; SAFETY CAMPAIGN IS TO BE RENEWED

Organization of a softball team was worked out, plans were made to renew a drive for traffic safety, and observance of National Air Mail week was discussed at the semi-monthly meeting of the junior chamber of commerce Tuesday evening.

Charles Root was made manager of the softball team, with Gen. Smith and Harold Bennett as assistants.

Possibility of securing a special policeman for the more crowded street intersections on busy days was brought out in a discussion of plans to renew a traffic safety campaign.

Tom J. Goss, Jr., assistant county chairman of Air Mail week celebration, discussed the advantages of air mail and requested the chamber and other civic bodies to cooperate in local observance of the week.

FIFTY-YEAR-OLD SHOE IS FOUND UNDER OLD FLOOR

An old shoe which must be more than fifty years old was found by Miss Maude Farmer when the old floors of the Farmers' candy kitchen were being torn up recently to make way for a new concrete floor.

There were two floors in the building, and this old shoe was laid under the bottom floor, which was laid more than 50 years ago when the building was erected.

The shoe was apparently a man's work shoe, made of rough leather and very sturdy. All the leather is still intact.

BLASIG RESIGNS AS C OF C MANAGER TO ACCEPT OLNEY POST

RESIGNATION IS TO BE EFFECTIVE APRIL 31ST; SELECTION OF A NEW MANAGER DEFERRED

Resignation of Carl Blasig as manager of the Colorado chamber of commerce was tendered at a called meeting of the chamber directorate last Thursday night.

Blasig stated in his letter of resignation that he was resigning to accept the manager'ship of the Olney chamber of commerce on May 1. His resignation will be effective April 30.

Elected to succeed J. A. Greene, who resigned as manager here to become manager of the Big Spring chamber of commerce last spring, Blasig came to Colorado on June 21, 1937, from Brownwood, where he had been assistant district WPA director since July 19, 1935. Prior to going to Brownwood Blasig was manager of the Brady chamber of commerce for nine years, from 1926 until 1935.

In his letter of resignation Thursday night Blasig made these statements:

"I want to express my sincere appreciation to the directors and to every member of the Colorado chamber of commerce for their splendid cooperation and support. I believe that the Colorado City Frontier Roundup, the Colorado Fat Stock show and a number of other projects, carried out during the past ten months through the loyal cooperation of the entire membership, constitute a distinct contribution toward the economic and civic development of Colorado and Mitchell county.

"During the ten months of my managership I have thoroughly enjoyed the hospitable and friendly spirit of the entire citizenship of Colorado and Mitchell county and I feel that my life has been immeasurably enriched by the many genuine friendships made during my residence in this town and community."

The chamber directors voted to write a letter in Blasig's behalf to the directors of the Olney chamber of commerce.

Action on the selection of a new manager was deferred by the board. Present at the called session were Truett Barber, president; Walter Whipkey, Earl Bibby, A. E. McLain, Lee Carter, J. W. Randle, Ben Baskin, Earl Gunn, Dell Barber, Max Berman, Joe Earnest, Clarence Cook, and P. K. Mackey.

FIRST MITCHELL RURAL SCHOOLS ARE TO CLOSE THEIR TERMS THIS WEEK

First schools to close in Mitchell county will be Spade and Hyman, which will complete their eight-month terms Friday, according to information from the office of Roy Davis Coles, county superintendent.

After these two close it will probably be two or three weeks before the spring closing of schools begins in earnest. Both of the schools which will close this week have two-teacher facilities. M. P. Chambers and Miss Hilma Joyce teach at Spade, Misses Maudie Fae and Della Matthews at Hyman.

COLORADOANS GO TO MEET FORT WORTHIANS' TRAIN

Five Colorado business men went to Sweetwater Tuesday morning to meet the special train of the Fort Worth trade trippers and boarded the train to accompany the Fort Worthians into Colorado.

Included in the group were Lee Carter, Bill Randle, Clarence Cook, H. B. Spence, and Walter Whipkey. Lawton Callison drove them to Sweetwater.

Mrs. Pritchett Teaches Arnett-Wuljen Lesson

A lesson on "Rebuilding Rural America" was taught by Mrs. J. T. Pritchett at the meeting of the Arnett-Wuljen circle with Mrs. J. A. Buchanan Monday. Mrs. P. C. Shillingburg presided.

reviewed the second chapter on "Religion in Rural America," and Mrs. J. G. Merritt gave the third chapter on "Cooperatives in Rural America."

Resignation of Mrs. C. B. Erwin as treasurer resulted in Mrs. L. A. Costin's election to take her place. Plans were made to serve a dinner in the near future.

The May meeting is to be with Mrs. J. G. Merritt.

SOCIETY

Evelyn Oppenheimer's Review Of 'The Citadel' Thursday Night Well Received

One of the most discussed events which has taken place in Colorado in many months was the review of A. J. Cronin's "The Citadel" by Miss Evelyn Oppenheimer of Dallas Thursday night at the high school auditorium.

The famous Dallas reviewer was presented by the Women's council of First Christian church. An audience which filled the auditorium almost to capacity attended.

Miss Oppenheimer was introduced by John E. Watson, superintendent of schools. Her poise, intelligence, and wit held the interest of her hearers completely for the more than an hour covered by the review.

Miss Oppenheimer's interesting manner of leading up to important points in "The Citadel" perhaps

drew more comment than any other characteristic of her reviewing method. A great many of her hearers were heard to praise also her presentation of the book's theme and purpose.

Mrs. Sam Majors, president of the Women's council, stated Saturday that Miss Oppenheimer has already been signed up for another appearance in Colorado in the fall.

According to Mrs. R. H. Cantrell, who is a reviewer in her own right, and other Coloradans who belong in the "best-read" class, Miss Oppenheimer's ability grows on one and she is usually much more enjoyed after one has heard her for the first time. If this is true, then Miss Oppenheimer's appearance here next fall should be even more successful than her initial visit.

Poets Of Colorado Honored At Meeting Of 1921 Study Club Friday Afternoon

Poets of Colorado were honored on the program of the 1921 Study club when it met Friday afternoon at the home of Mrs. Harry Ratliff, with Mrs. Ratliff's mother, Mrs. Hubert Smith, substituting for her as hostess. Mrs. Ratliff was unexpectedly out of town.

Mrs. U. G. Hardison presided over the program. Roll call answers were on "Why I Am Proud I Live in Texas." Mrs. W. C. Hooks played a piano solo, "Rhapsody of Springs," a composition of Lillian Dale Coffey of Houston, sister-in-law of Mrs. Hardison.

A review of "Texas Poets," Henry Harrison's anthology, was given by Mrs. J. E. McCleary. In connection with this division of the program Colorado poets were presented in readings from their work.

Mrs. McCleary read "Three Things Have Taught Me Faith," a poem by Mrs. Sam Majors which recently

appeared in "The Southwestern." This poem was selected by an Oklahoma poet as the best poem in the issue, and the poet sent Mrs. Majors a book of her own work in recognition of its excellence. Afterward Mrs. Majors was presented in readings of her own poems.

Princess Martin read several of her ballads and lyrics, including one which recently appeared in "Kaleidograph." Miss Gladys Miller read her tribute to victims of the New London school disaster, a poem soon to be published.

Poems by Mrs. Bill Coffey were read by Miss Martin in Mrs. Coffey's absence. Mrs. Smith read from the works of her daughter, Mrs. Harry Ratliff, who write under the name Isabel Ratliff. Mrs. Ratliff has had numerous publications.

No meeting of the club is to be held this Friday afternoon because of the district federation meeting in Eastland.

Jaycees' Easter Dance Friday Night One Of Most Festive Affairs For Younger Set

Drawing an attendance of some 125 couples, the Easter dance which the junior chamber of commerce sponsored at the Legion hut Friday night was one of the most festive affairs which the younger set of Colorado has had in many months.

Music was furnished by Ned Bradley and his well-known orchestra in a setting made colorful by myriad

balloons which covered the ceiling and by vari-colored, ever-changing lights. A large light covered with mirrors centered the room.

Decorations were arranged by Russell Soper, Gene Smith, Harold Bennett, H. E. Maniss, and T. J. Goss.

The dance was described by those in charge as a success in every respect, financial and otherwise.

Hunt Guitar And Chicago Girl Wed Wednesday, Mar. 23

Hunt Guitar, who lived in Colorado until recently, and Miss Hazel Margaret Knudsen were married in Evanston, Ill., a suburb of Chicago, on Wednesday, March 23, according to announcements received by friends here.

Guitar had been in Chicago since December filling a position with a food brokerage house. Previously he had made several trips to Chicago to study art, and it was on these trips that he became acquainted with Miss Knudsen. She visited in the Guitar home last summer.

The couple is now at home in New Orleans, where Mr. Guitar was transferred by his company at the time of his marriage.

Mrs. Guitar is the daughter of Mr. and Mrs. Eugene Knudsen of Evanston. Mr. Guitar is the son of Mr. and Mrs. J. H. Guitar of Colorado. After graduation from Colorado High school he attended the University of Texas. For some time he was employed with his father in managing the local Guitar interests.

Play Review By Mrs. Earl Powell April 30

Time and place for the play review to be given by Mrs. Earl Powell of Stanton on April 30 has been announced for 3 o'clock that afternoon at the First Baptist church. The review is being sponsored by the local chapter of the U.D.C. with Mrs. Hubert Smith as president, as a courtesy to friends of the chapter.

No admission is to be charged. Mrs. Powell will review the Pulitzer prize play of Connelly-Kaufmann, "You Can't Take It With You." Mrs. Powell is the former Jane Bounds of Colorado.

Daughters of King Plan For Mission Birthday

Completing plans for the tenth anniversary program of their McCall mission in East Colorado, members of the Daughters of the King class of First Methodist church met Thursday with Mrs. J. G. Merritt.

Mrs. W. H. Garrett, mission superintendent, reported that \$10 sent to the mission by Congressman Geo. Mahon would be used for painting the interior of the little church. The class gave \$2.50 more for papering it. Sandwiches, tea and cake were served after the meeting.

Treadaways Entertain The No-Trump Players

Meeting-place for the No-Trump bridge club Tuesday night was the home of Mr. and Mrs. A. K. Treadaway.

Mrs. W. V. Wheeler made high score for women, and Henry Doss, Jr., made high for men. Other players were Mr. Wheeler, Mrs. Doss, Mr. and Mrs. Chas. Brazil, Mr. and Mrs. Henry Vaught, Mr. and Mrs. Tom Marsh, and Mr. and Mrs. Treadaway.

Pineapple delight and punch were served. The next meeting is to be with the Vaughts.

Local Clubwomen Well Represented At District Meet

Around fourteen Colorado clubwomen are attending the annual convention of the sixth district, Texas Federation of Women's clubs, in Eastland this week.

Mrs. Ed Jones of the 1921 Study club, accompanied by Mrs. Jack Cox and Mrs. Charles Wyatt of the Zetaganian, left for the convention Wednesday. Mrs. Wyatt is Zetaganian president.

Mrs. C. C. Thompson, who is being sponsored by the 1921 Study club for the office of second vice-president in the district, left Wednesday morning by train for Eastland. Mrs. Thompson is also district chairman of law observance.

Illness prevented Mrs. H. B. Broadbush, member of the district nominating committee and also a past president of the district, from accompanying Mrs. Thompson to the convention Wednesday morning. She made the trip, however, Thursday morning in a car which included Mrs. Dell Barber, president of the Self Culture club; Mrs. L. B. Elliott, member of the Self Culture club and vice-president of the Mitchell County Federation of Women's clubs;

Mrs. A. C. Anderson, president of the 1921 Study club; and Mrs. Carl Blasig of the 1921 Study club. Mrs. Elliott is acting as representative of the county federation in the inability of the president, Mrs. J. A. Ferguson, to attend.

A group of Hesperian club members also went to Eastland Thursday morning with Mrs. Bennett Scott. These included Mrs. J. W. Randle, president, Mrs. A. L. Whipkey, Mrs. Nat Thomas, and Mrs. S. H. Millwee. Mrs. Millwee, chairman of education in the district, was to preside at the education session during the convention. Mrs. Whipkey is district chairman of clubhouses.

The convention lasts until Friday.

Mrs. Merritt Honored At Dinner Which Highlights Methodist Meet In Snyder

Interest of Colorado Methodist women in the annual meeting of the Northwest Texas Methodist Missionary conference in Snyder this week was focused on the fellowship dinner at which Mrs. J. G. Merritt, retiring conference secretary, presided and at which sixteen Coloradans were present. Highlights of the dinner was the awarding of a certificate of patronage to Mrs. Merritt in recognition of her 28 years' service to the conference. The certificate, costing \$100, was presented by Mrs. C. M. Randall of Seymour, conference president. Only one other person in this conference has ever received this honor, that person being Mrs. Nat G. Rollins of Abilene, who retired as president two years ago after more than 40 years' service to the conference. Mrs. Merritt was also presented with a pair of crystal lamps, gift of the district secretaries in the conference. This gift was presented by Mrs. J. B. Dodson, secretary of the Stamford district. Mrs. W. B. Landrum of Tyler was the principal speaker on the banquet program. The table was decorated with moss-hung trees representing the east coast trees under which John Wesley preached when he visited America. Attending the dinner from here in addition to Mrs. Merritt were the Rev. and Mrs. E. A. Sifford of the Colorado circuit, Mrs. C. E. Jameson, Mrs. C. C. Thompson, Mrs. W. Rhode, Mrs. J. T. Pritchett, Mrs. Hubert Smith, Mrs. Ed Richardson, Mrs. J. W. Shepperd, Mrs. Everett Winn, Mrs. Jeff Dobbs, Mrs. J. A. Ferguson, Mrs. J. A. Buchanan, Miss Katie Buchanan, Mrs. Ace McShan. Those who were in Snyder for Wednesday sessions were Mrs. Merritt, Mrs. John Watson, Mrs. Rhode, Mrs. Winn, the Rev. and Mrs. C. E. Jameson, Mrs. P. C. Shillingburg, Mrs. Dick Gregory, Mrs. Ed Grubbs, Mrs. J. G. Merritt, Mrs. Hubert Smith, and Mrs. Jeff Dobbs.

FAMILY REUNION HELD AT BUCHANANS' SUNDAY

An Easter reunion of the sisters and brother of Mrs. D. L. Buchanan was held at Mr. and Mrs. Buchanan's home, Sunday. Twenty-two were there for the reunion dinner. Sisters of Mrs. Buchanan present were Mrs. C. H. Brown of Roswell, N. M., Mrs. J. H. Sauls of Hamlin, Mrs. J. J. Meiser of Lubbock, Mrs. J. H. Gardner of Robert Lee, Mrs. H. H. Hall of Stanton, and Miss Clydine Stickney of Commerce. The one brother attending was A. B. Stickney of Midland. All five of the married sisters were accompanied by their husbands, and Mr. Stickney was accompanied by his wife and three sons, Franklin, Billie Jo, and Frances. Others present were Mr. and Mrs. W. F. Sauls of Shallow Water, Mrs. D. B. Sauls of Spur, and Mrs. Harold Blank of Lubbock. During 1932, 5580 motor cars were stolen in the metropolitan area of London.

HERE FROM BIG SPRING D. E. Bishop of Big Spring was a guest of W. W. Porter Thursday.

Key men of Dallas business and industry will leave their desks for five days to renew old friendships and make new ones on the 37th annual Dallas Business Tour April 25-29. Traveling on a special train, they will visit 28 cities in Southern Oklahoma, North and West Texas, and will also pay their respects at the annual convention of the West Texas Chamber of Commerce in Wichita Falls April 26. Ardmore, Okla. will be the first stop on the tour, and Temple will be the last. The map shows the 1,737-mile itinerary, which will take the special train through the heart of one of the most important and most prosperous areas in the Southwest. A 25-piece band under direction of Alex Keese, program director of radio station WFAA, will accompany the Dallas party, and an entertainment program will be staged in each city visited.

PROGRAM OUTLINED FOR TENTH BIRTHDAY OF McCALL MISSION

The program with which McCall Mission, maintained in East Colorado by the Daughters of the King class of First Methodist church, will observe its tenth anniversary Sunday morning at 9:45 has been announced by those in charge. Singing of a hymn, "Blessed Assurance," and a prayer will open the program. Special music will then be given by Mrs. Jimmy Payne and Mr. Claude Womack. After announcements responsive readings will be taken from the 100th Psalm. A sermon will be preached by the Rev. C. E. Jameson, pastor of First Methodist church. A hymn, "Come to Jesus," and the benediction will follow. During its 10 years of service the little mission has enrolled 669 pupils. Not only has it been the religious center of that part of town in which it stands, but it has also been a social welfare center as well. Mrs. W. H. Garrett has been superintendent since it was first established by the Daughters of the King. She is now assisted by Mrs. Tom Glover as assistant superintendent, Miss Arabelle Forbes as secretary, and the following as teachers: Mrs. L. A. Costin, Mrs. Claude Womack, Mrs. Boyd Dozier, Mrs. Glover. Everyone who was ever enrolled in the mission, and every other interested person is invited to attend the anniversary program.

NAMES OF 2 BUYERS OMITTED FROM LIST

Names of at least two persons or firms who bought Colorado Fat Stock show animals sold at auction were unintentionally omitted from a listing of buyers in last week's issue of The Record. These were the Colorado Drug, which bought one calf, and John Womack of Cuthbert, buyer of the Garland Strain calf.

JIM FINES, SWEETWATER RESIDENT BURIED HERE MONDAY
James Levi Fines, age 53 years, son of J. S. Fines, Loraine resident for the past 33 years, was laid to rest in the Loraine cemetery Monday afternoon with Johnson Funeral home of Sweetwater in charge.

Deceased, familiarly known as Jim, passed away at his home in Sweetwater at 11:55 Saturday night, April 16th, following an illness of about six weeks. He is survived by his wife and daughter, five sisters, his father and one brother who are: Mrs. Mary Browning, Miss Annie Fines, J. S. Fines of Loraine, Mrs. Leslie Collier of Champion, Mrs. Della Woods of Kingsburg, California, Mrs. Rena Smith of Seven Wells, and a brother, Henry Fines, of Weatherford, Texas.

Funeral rites were held from the Sweetwater Church of Christ at 2:30 Monday.

Mr. Fines and his family formerly resided at Champion and were quite well known throughout this section. Charlie Browning of Breckenridge, John Robb and family of Electra were out-of-town relatives present.

LITTLE BIDDIE GAIL HORTON BURIED TUESDAY

Biddie Gail Horton, two-year and 27 day old baby girl of Mr. and Mrs. John Horton passed away following illness of several months at the home of the grandparents, Mr. and Mrs. Alfred Richey at 9 o'clock Monday morning.

Funeral rites held from the Loraine Baptist church Tuesday afternoon at 3 o'clock were conducted by the pastor, Rev. M. H. Godfrey, assisted by Rev. J. A. Scoggins.

Interment was made in the Loraine cemetery immediately following. Scores of friends visited the home Monday and Tuesday and one of the largest crowds locally were in attendance of last rites.

Beautiful was the profuse floral offering surrounding the tiny casket of the peaceful little jewel there.

Active pallbearers were: J. C. Hall, Jr., Bruce Hart, Stanton Hutchins, Owen Leggett, Frank D. Crowover, and Wright Hook.

Members of the Glad Girls Sunday school class were flower bearers.

J. M. BRUCE S. S. CLASS IN ANNUAL BEAN FEED

Large crowd gathered at the Methodist tabernacle Tuesday evening for the 8th annual round-up and bean feed of the J. M. Bruce Men's Bible class meet and entertainment. J. B. Mahon toastmaster. Thanks were offered by Rev. H. M. Godfrey.

The feed consisting of beans, pickles, onions, stewed meat, macaroni, coffee and punch was prepared by experts in bean cooking, Bill Honea, Boyd Richey, Brack Watlington and Marshall Bruce. Pies were furnished by the ladies.

Following this much enjoyed feed the crowd convened inside the Methodist church where church superintendent Edd E. Williams took charge and introduced an orchestra composed of W. R. Martin, Douglas Taylor, Otis Muns, Harold Martin and Mrs. K. L. Taylor, rendered musical numbers followed by quartet singing of the "Old Fireside"—L. L. Jarratt, K. L. Taylor, Otis Muns and Harold Martin.

Congregation of some 150 men joined in singing "Blest Be The Tie That Binds."

Rev. Mr. Berger, dean of McMurry college, delivered splendid address on "Friendship." A number of local citizens and leaders of Sunday schools of the county made interesting talks. Following close of J. M. Bruce's talk audience was asked to stand in silent tribute of respect to the memory of Dr. C. L. Root.

This was declared one of the most inspirational meetings of the class which is expanding in membership and spirituality.

PRE-EASTER PICNIC

The Glad Girls Sunday school class of the Baptist church met at Way-

side park in pre-Easter picnic Friday evening. Various games were played. Lunch of sandwiches, olives, pickles, potato chips, cold drinks, cookies, and fruit was served about 6 o'clock.

Those present were: Mrs. John Horton, Mrs. Wright Hook, Mrs. Tommy Horton, Mrs. J. C. Hall, Jr., Mrs. Hubert Thomas, Lois Lucas, Ruth Ann Hall, Mrs. Otis Hardin, Iris Riden, Mrs. Garland Cary, Mrs. Tony Snyder, Effie Carville.

Guests were Mrs. Stanton Hutchins, Mrs. Jack Richey, Mrs. Gayland Hardin, Miss Reval Phillips, Ruth Bloodworth, Mrs. Woodrow Pratt, Miss Jane Thomerson, of Sonora, Texas, and Miss Jessie Mae Revis of New Mexico who were guests of Miss Ruth Ann Hall.

RADIO PERSONALITIES WILL BE FEATURED ON DALLAS PROGRAM HERE

Radio personalities known throughout the Southwest will come to Colorado with the 37th annual Business Tour Thursday, April 28th. Carl Blasig, secretary of the Colorado chamber of commerce has announced.

The Business Tour special train will arrive in Colorado at 12:25 p.m., he said. The 64 Dallas business men in the party will stage a parade, led by their 25-piece band. Welcoming ceremonies will be in front of the Palace theater, with Truett Barber, president of the Colorado chamber of commerce, making the principal talk.

The Dallas band and radio entertainers will then give a concert and show for the general public, and arrangements are being made for local entertainment talent to participate in the program.

Alex Keese, program director for Radio Station WFAA in Dallas, will be program director for the Business Tour. Among the well-known radio entertainers accompanying the Dallas business men will be Pinky Martin, accordionist, star of the "Early Birds" program, and Wilbur Ard, saxophonist and leader of the "Early Birds"; Peg Moreland, ditties singer who famous "stops the show"; and the famous plainsmen quartet, composed of WFAA staff artists. All of these entertainers appear on several of the regular programs.

"P. Z. (Flake) Williams, chairman of the Dallas Business Tour Committee has written that he wants to invite every man, woman and child in Colorado to this show," Mr. Blasig said.

"There will be several surprise features on the program, and everyone who comes is assured of a good time."

The Business Tour special train for the Dallas party will duplicate the railroad equipment of the special train which brought President Roosevelt on his Southern trip last year. The city and county of Dallas will have official representatives in the party, in addition to business executives representing every line of industry and commerce in Dallas.

GO TO AMARILLO
Mr. and Mrs. Lynn Halbert, who teach at Carr, and Mr. Halbert's grandmother, Mrs. J. J. Joyce of Colorado, spent the week-end in Amarillo with Mr. Halbert's mother and Mrs. Joyce's daughter, Mrs. Mary Halbert.

A down-to-earth discussion of the

FOOT COMFORT PROBLEM

[... for men and women who are fed up on meaningless claims]

Hundreds of shoes and appliances on the market today claim or even "guarantee" to give relief. To help those who have wasted both time and money vainly seeking genuine foot comfort, we publish these facts:

A No two feet are alike. There may be great differences between your own.

At last Science has perfected CONFORMAL, the only shoe in America that conforms to your foot instead of making your foot conform to it. This revolutionary improvement enables each foot to mould the shoe to absolutely exact individual fit never before possible.

B No shoe or appliance standardized for an "average" condition can possibly provide the individualized fit your particular case requires.

A weak foot shapes the precise amount of support it needs entirely automatically in CONFORMAL'S Plastic Insole... no guesswork, no gadgets.

C Even when "adjustments" are made in an attempt to fill your needs, guesswork and inaccuracy are unavoidable.

We do not claim CONFORMALS are a "cure-all." But we do know that thousands of men and women have found carefree comfort in CONFORMALS after other methods failed. We invite you to mould a pair to your feet without obligation... to feel the amazing difference when you walk in your own footprints in

Obviously, the ideal solution would be a shoe that your foot itself could shape to its own requirements, eliminating these difficulties.

You can wear that shoe today!

UNUSUAL ESSAY BY CATHERINE SLAGEL WINS FIRST PLACE IN DISTRICT READY WRITERS

Described by judges as "one of the most unusual contest offerings" they had ever seen, an essay by Catherine Slagel, Colorado High school sophomore won first place unanimously in the high school division of Ready Writers at the district Interscholastic League meet in Sweetwater Friday.

Catherine's essay follows:

CIGARETTE ADVERTISING

Homo Sapiens bought his favorite monthly magazine, tucked it under his arm, and boarded the tenth street trolley for home. As he swayed back and forth, clutching with his free hand a well-worn strap, the eyes of a gentleman seated directly in front of him followed his every movement. The car turned to the right; Homo Sapiens and the eyes of the absorbed gentleman swung in a slow arc to the left. It was nothing unusual—only the old American custom of reading paper fifteen of a fellow-passenger's paper while he pursues the newest murder case on page one. Homo Sapiens soon became intrigued by the dreamy fixation of the eyes of his friend. He remembered his magazine; the back cover, easily seen by the other passenger, was the only possible solution to the enigma of the cause of the gentleman's far-away look. To the man's very evident displeasure, Homo Sapiens reversed his magazine. With a delighted shock he found himself staring into the azure eyes of a blonde beauty who flourished on high a small white something from which a wispy curl of smoke was wafted, by the artist's brush, to the upper right hand corner of the page. Underneath was a supposedly "snappy" slogan—"I'd run a mile for a Hippo." The street car bumped to a stop, and the gentleman with the mania for blue eyes and blonde tresses shouldered his way out, smoking a Hippo.

Man is a queer duck, as someone once said. Paradoxically, he will scoff at advertising his own wares, and yet buy cigarettes, shoes, or trailer houses because he has read of their merits in the advertising columns of his favorite periodical. Cigarette manufacturers have spent a great amount of time and money devising new ways to present for public approval an expensive and obviously harmful product.

To a great extent cigarettes have been popularized by pretty girls. "Tis said that a thing of beauty is a joy forever" and the lovely ladies, so artfully posed by famous commercial photographers, look so chalmantly elegant while smoking. This makes the little high school girl think that she, too, can be glamorous in her woolen skirt and streaked blouse if only she assumes the pose and facial expression of the cigarette model. There is a time, place, and age for smoking, and, unfortunately for her appearance, the high school girl has none of these necessities.

Cigarette advertisements often carry pictures of well-known society leaders who graciously give to a particular brand their smiling approval. When the advertisement appears, the social leaders of millions of small towns rush to corner drug and grocery stores for "several packages of the cigarette Mrs. Courtney de Pugh endorsed, please." Known as "keeping up with the Joneses," this increases sales by thousands, and the manufacturers gleefully make ready to waylay other bluebloods who need pin money.

The endorsement of cigarettes by

athletes is one of the most virulent forms of tobacco advertising. It is absurdly obvious and obviously absurd that the health and ability of any track star or football player would be too greatly impaired by smoking to allow him to retain his position as a star. But does Homo Sapiens or Homo Junior, stop to think of this? Of course not. Hero worship is a boy's heritage, and it is his greatest desire to imitate his idol in all things. This form of advertising is thought to be one of the causes for the many smokers of high school age today.

Such advice as "be kind to your throat" and "it aids digestion" also catches the public eye and interest. Pampered women who like to be thought delicate and always slightly ill often profess to smoke only a certain brand because of a medicinal effect upon their well-guarded throats or stomachs. The public readily believes such quackery, but copy writers in advertising agencies are pressed for more and more "advertisement pills" to supplement those which they have conjured up the last few years, and whose first potency is being reduced.

Homo Sapiens reads every cigarette advertisement, believing the line fed to him by shrewd, fat, grasping, morning-coated manufacturers who sit behind shining desks beaming at sales reports brought in by salaried clerks. Truly, Homo Sapiens is a sucker, and the cigarette manufacturer, baiting his hook with eye-catching advertisements, is slowly reeling in his catch in the form of greater profits.

56TH ANNIVERSARY OF METHODIST CHURCH TO BE PASSED QUIETLY

The 56th birthday of First Methodist church comes Sunday. No plans have been made to mark the occasion in any special way.

The church celebrated its 50th anniversary on April 24, 1932, having as a special speaker Dr. J. W. Hunt, late president of McMurry college.

A "reminiscence" meeting at the church in the afternoon was one of the outstanding features of the day. Present at that time were a number who have since passed on—Mrs. D. N. Arnett, Dr. P. C. Coleman, Dr. C. L. Root, Mrs. R. N. Gary, W. L. Doss, Sr., Sam J. Smith, Mrs. Clara Smith, and a number of others. Not all were members of the church, but all remembered things about its early history or had part on the program.

Also present at that time was Mrs. J. E. Winkler of Phoenix, Arizona, said to be the church's only living charter member. She was here for the celebration as a guest of the late Mrs. Clara Smith.

The present church building was erected in 1884, two years after the church was organized.

CHURCH OF CHRIST

Good crowds were present at the morning services of the church of Christ, last Lord's Day, but climatic conditions hindered the attendance at the evening gathering. Your presence at the coming services will be appreciated, for you can by attending, help the service and be helped thereby. At the morning service the theme, "More Facts To Face" will be discussed, and due to weather conditions and hindrance to the crowd the

discussion on "Why" has been held over until this coming Sunday night. Bring your friends to learn why we do not observe special days in service and worship to God.

WEDNESDAY

VISITING BILLIE BERRY

Miss Mary Margaret Mosley of Terrell, niece of Mrs. Will Berry of Fairview, arrived this week to remain until after the week-end as the guest of Billie Berry, who is home from Walla Walla college at Walla Walla, Washington, for a two-weeks Easter holiday.

For who would talk of sacred things in the presence of you? He is the Christian who can apprehend the real contents of human life and learns to approach the genuine scale of values. And so religion says to the cynics: Dupes of your own wits, will you not learn to touch the invisible and so be elevated to lofty summits? For there alone is the answer to life." Contributed.

TWENTY-EIGHT YEARS OF SERVICE TO NORTHWEST TEXAS METHODIST WOMEN ROUNDED OUT BY MRS. J. G. MERRITT

When Mrs. J. G. Merritt attended the Northwest Texas Conference Missionary society's annual convention in Snyder this week, she was attending her last convention as an officer after 28 years service to the conference in one or another official capacity.

This service record of 28 years stands second to only one other in the entire conference—that of Mrs. Nat G. Rollins of Abilene, who re-

tired two years ago after 40 years service. Mrs. Rollins' final service was as president of the missionary body.

Their records will never be equalled again, because the missionary conference voted two years ago to limit the service of any one woman in any one office to four years. Since that rule was not retroactive, Mrs. Merritt was entitled to two more years of service in the office which she held until this week, that of corresponding secretary for the conference. But she chose not to stand for reelection at the Snyder convention.

"I want to have the feeling that I got out before I had to," Mrs. Merritt laughed in explaining her decision. "Seriously, though, I want to see the younger women get into the work I voted for the four-year rule, and I think it is a good thing."

Mrs. Merritt has been referred to as "the last of the old guard." By the term "old guard" is meant that group of women who went into service years ago before there was such a thing as a time limit, women who liked the work and stayed with it year after year.

It is fitting that Mrs. Merritt should have attended her last convention as a conference officer in Snyder, because that is where she attended her first meeting 28 years ago. That was in 1910, when she was first made district secretary for the Sweetwater district. In the Methodist women's conference set-up, district officers are counted on the official roster of the conference, just as conference officers are members of the national women's council. During the 28 years which she has served Mrs. Merritt has missed but one conference meeting. That was in Abilene in 1918 when her youngest son, John Tom, was near death from mastoid trouble.

The torch of service may be said to have been handed down to Mrs. Merritt from her mother, the late Mrs. D. N. Arnett, one of West Texas' outstanding pioneers. Mrs. Arnett was the first president of the first Methodist auxiliary in the Sweetwater district, an auxiliary organized in Colorado as a ladies' aid in 1887. Mrs. Arnett died in December.

After two years as district secretary, Mrs. Merritt was made editor of the conference missionary minutes in 1912. From 1913 to 1918 she was superintendent of young people's work in the conference. She was made recording secretary of the conference missionary body in 1918, serving three years and becoming superintendent of social service in 1921. After nine years service in this capacity she became conference corresponding secretary in 1930, holding this post until the present.

When Mrs. Merritt attended her final council meeting as a conference officer in Tulsa, Oklahoma, in March, she was one of the five women made honorary life patrons of the conference. A certificate of patronship was awarded to her at the fellowship dinner of the conference convention in Snyder Tuesday night. Mrs. Merritt presided at this dinner.

As for council meetings, Mrs. Merritt has attended all but one of those which have been held since 1930, the year she became conference secretary. The one she missed was in Louisville, Ky., in 1933. The meeting that year was postponed because the "bank holiday" made it impossible for the council members to cash their expense checks. During the holiday the \$100 expense check which Mrs. Merritt was holding loomed larger and larger, she recalls, and when the banks reopened and council was called, she stayed home and turned the check back to the conference treasury.

Mrs. Merritt was born Elnora Arnett in Burnett county on December 26, 1873. When she was seven her father, the late D. N. Arnett, became manager of the old OB ranch of Capt. D. H. Snyder of Georgetown, and the family moved

SHE'S HONORED

to the ranch, which was located in that part of Coke county now included in Tom Green county. Elnora was the oldest child in a family which later included ten children, all of whom are still living.

At the age of 10 Elnora Arnett came into Colorado to stay with the Sam Hendersons and go to a private school conducted by a woman in an old building which has since been torn down. It was the only school in Colorado in 1883. With her heart already torn by homesickness, she first saw death at that time. One of Sam Henderson's sisters died of pneumonia. Soon afterward the unhappy child went back to the Arnett ranch home, there to be taught by her mother until the family moved to Seven Wells for schooling facilities in 1884.

In those days the Seven Wells school stood at the real Seven Wells. Some of Elnora Arnett's schoolmates there are now prominent Colorado citizens, among them Urda Wulfjen, Sam Wulfjen, and Mrs. Jas. T. Johnson, who was then Minnie Ruddick.

As she grew up, Elnora Arnett spent many week-ends in town, coming in on horseback and riding a side-saddle with her nicest dress in the saddle bag. She divided her week-ends between the home of Pearl and Mae Bailey, now dead, and that of Hun DeLaney and Neal Mills, both of whom still live in Colorado.

When she started to school in Colorado she stayed with the Baileys. School then was held in what is now the Thos. Dawes studio. By 1889 Elnora had completed all the school had to offer, so her family sent her in 1890 to Hardin college in Mexico, Mo. That college closed last year.

While she was in college her family moved to the Renslerbrook ranch, which had been sold by Capt. D. H. Snyder to the Ellwoods, who still own it. The ranch home which still is headquarters there was the scene of Elnora Arnett's marriage to J. G. Merritt, then co-owner of the Tuf ranch in southeastern Mitchell county, on December 28, 1892. An uncle, Capt. J. D. Bell of Waco, was in partnership with Mr. Merritt. The ranch now belongs to the J. H. Nail estate, and until recently was managed by A. E. Maddin of Colorado.

It was to this ranch, far removed from any social or civic center in those days of slow travel, that Mr. and Mrs. Merritt went as bride and groom, and it was there that they lived for 10 years.

Those ten years are recalled today by Mrs. Merritt as the loneliest ones she ever spent, but they undoubtedly served a purpose. It was during that time that she gained her wide knowledge of the Bible, that she read and re-read Shakespeare and the classics, that she came to value social relationships and organizations. All these have contributed to the fullness of her life since then.

The isolation in which she lived was so great, she recalls, that she didn't know the Maine was sunk until two weeks after it was over. They learned about it when they came to town after the mail.

But she did have good neighbors, she remembers—Mrs. Ben Van Tuyl and Mrs. D. C. Byrne, both now dead, and Mrs. Harry Landers, Sr., who now lives in Colorado.

One of the major griefs of Mrs. Merritt's life came to pass while she lived on the ranch. Pneumonia, which followed scarlet fever, claimed the life of her little 2-year-old daughter, Josephine. Josephine was destined to be the only little girl in a family of five boys.

When the Merritts moved to Colorado in 1902, Mrs. Merritt plunged into church work, into social and civic work, and into every activity which gave her working contact with people and learning. She had been a member of the Methodist church at Seven Wells for years, and the whole roll of that church had been transferred to Colorado. She went immediately into church work, and has been an officer of some kind in the women's Missionary society of First Methodist church ever since. She has held every office with the exception of treasurer, being at present chairman of Christian social relations and publicity.

She also joined the Hesperian study club that first year in Colorado, and is still a leading member. She has been president twice, and has also served twice as president of

FAMOUS TEST GROUP TRIES OUT NEW TIRE

PITTSBURGH TESTING LABORATORY CONDUCTS SKID AND WEAR TESTS ON SAFETY TIRE

What he believes the most severe and exhaustive series of grueling skid and wear tests ever made on a new automobile tire before it was introduced to the buying public are described here by Mr. Henry Vaught, of the Henry Vaught One-Stop Service, located at Colorado, representative of The B. F. Goodrich Company here.

Mr. Vaught following his recent announcement of the new Safety Silvertown tire with the "life-saver" tread says: "Before the Goodrich company would release its new tire to its sales organization and thus to the buying public it enlisted Pittsburgh Testing Laboratory of Pittsburgh, Pa., largest independent testing organization in the United States, and asked the organization to make the most rigid skid and wear tests possible. They were given an absolutely free hand.

"More than 25,000 miles were traveled by the Goodrich testing fleet in making these investigations, with a senior engineer and three junior engineers of Pittsburgh Testing Laboratory in charge at all times. Special apparatus automatically recording skidding on a chart more accurately than had ever been done before was devised and used in the tests.

"In addition to the new Goodrich tire, regular and premium-priced tires of the five other leading tire manufacturers were put under identical tests to determine their resistance to skidding and wear.

"The net results, as released by Pittsburgh Testing Laboratory is that the new tire gives greater resistance than any other tire tested, including those listing from 40 to 70 per cent higher in price. The new tire gave more safe mileage than any other tire in its own price range, averaging 19 per cent more non-skid miles than the others on which the tests were made.

"Despite the severe nature of the test, not one of the new tires blew out, or failed from any cause, while two of the other tires failed."

The Mitchell County Federation of Women's clubs. She holds an honorary life membership in the Self-Culture Study club, and an honorary membership in the 1921 Study club. She is a charter member of the U. D. C. and has held office continuously in that organization. Since 1907 she has held district chairmanship in the Sixth district, Texas Federation of Women's clubs. She is chairman of mothercraft at present. She was the first president of the American Legion auxiliary in the Colorado. And is now serving once more in that capacity. She has held both district and state offices in the organization. In 1936 she was Texas Centennial chairman for Mitchell county. She now holds the office of Democratic committee-woman for the county.

A staunch and untiring worker for world peace, Mrs. Merritt nevertheless threw herself wholeheartedly into to war work in the county in 1917-18. She was county chairman for the women's liberty loan. The war cost her the oldest of her five sons, Justus Merritt died on Christmas Eve, 1917, while at home on a furlough. Flu contracted in training camp claimed his life.

Limitless courage, untiring energy, frankness tempered with humor, an unquenchable interest in people and happenings and public welfare—all these are part of her. Hers is a unique record, in that she has reared five sons, has kept one of the cleanest homes in Colorado without hired help, has won a top reputation as a cook, and at the same time has never missed a church, social, or civic meeting which concerned her, unless there was illness. As if all this weren't enough, she served as society editor on the Colorado Record for over 20 years.

Her work continues. She is mother now to her little granddaughter, Dana Marie Merritt, whose own mother died in 1930. After years of being daughterless, Mrs. Merritt received Dana when she was nearly the same age as the daughter Mrs. Merritt lost. There is one other Merritt grandchild, young David Sanders Merritt of Colorado. The four Merritt sons, Ford, D. M. (Jake), Rod, and John Tom, all live in Colorado, although John Tom is a student in Texas Technological college at Lubbock.

UNIQUE PROGRAM FOR TEL CLASS THURSDAY

A unique program was arranged for the T. E. L. class of First Baptist church when the monthly meeting was held Thursday afternoon with Mrs. B. F. King and Mrs. M. L. Henderson as hostesses. One program feature was that each one present was asked to name the church member who has had the greatest influence on her life.

Mrs. Grizzell McPadden of Pecos, a former class member, was a guest. Refreshments included cheese sandwiches, potato chips, angel food cake, and nut jello.

"First Nighter" Lady Heads Margot Cast

Barbara Luddy, famous leading lady of "The First Nighter" radio program can now be heard on her first daytime show. She has the title role in "Margot of Castlewood," a fifteen-minute N. B. C. morning program.

As Margot, Miss Luddy lives an exciting life. She goes to Hollywood to seek a career, receives a marriage proposal from a director, is kidnapped by a gambler king, and is held captive in a lonely mountain cabin after an airplane crash. Her love is torn between her childhood sweetheart, Michael Dorrell, who offers her a little bungalow on Main Street, and Anthony Link, the gambler who promises her adventures in foreign countries.

A "controlling interest" in Margot's life is the interest of lovable "Gran" who mixes the wisdom of her 79 years with her keen sense of humor and surprises everyone with her modern ideas.

Basil Longbrance acts the part of "Michael," Malcolm Meacham plays "Anthony Link," and Ethel Owen has the role of "Gran." The show can be heard from 9:15 to 9:30 a. m. C. S. T. Monday through Friday on the N. B. C. Blue Network. It is sponsored by the Quaker Oats Company. The show comes on the air at 9:15 a. m. "Asst. Justice at the

ROGERS RAMBLINGS

You can do more good by being good than in any other way.

Did you have a good crowd in Sunday school Sunday? I'll say we did and we want to extend a welcome to those who were here and to those who were not here. Come and be with us sometime. We had 31 present Sunday and some good lessons.

We also had a good crowd for singing Sunday night, but we lacked a few minutes of beginning at 7:45. "Well we can't start until everyone comes," says Leon, "and we can't stop until we've sung our allotted time so, why not everyone come out on time?" says Frank. "Well, if our singing isn't worth being on time for, then why set a time," says Helen. With these few remarks from our outstanding young men why can't we try to come on time.

Don't forget that next Sunday night we will go to Carr for our song services instead of meeting at Rogers. Be sure and be there because (you leaders) some one might want you to lead a few songs. Don't miss our Sunday school and singing, Sunday school 10 a. m. Sunday; singing 3 p. m. Sunday.

We've changed our singing time; we must fix the time for the people instead of the people for the time. The school children were entertained last Friday night by their teachers, Mr. Sweat and Miss Moore. Many games were played and refreshments served to about fifteen guests. Everyone reported a good time.

The Seniors have decided what to do with their money at last and are we glad? Well you'd be too! What money? Well that's a thing of the past!

KLEVER KEYHOLE Hello Folks! Did Easter fool us? Well you bet it did and in a big way, too. Let's think of mother and daddy today. Do you try to do as they'd have you do? Do you realize what you mean to them, as we live, day after day? Don't forget if they worry you and fret that they were once like you, and don't forget that some day like them, you'll worry and fret over your children, like you.

A THOUGHT "Do you ever think of mother and Dad

As being kids like you? Have you ever done a thing that you know they wouldn't do? Now as through this world you go, With temptation on every hand Don't turn down the things, that'll Make you a man.

Just give mother and dad all you've got. Your strength, your time and all. And remember that each of them, Is just a child grown tall. Now you are wondering why the

keyhole of all places, should have that in it. Well friends it's because we like those things.

Flash! Flash! Listen to this. Bathing beauties took a plunge Sunday afternoon. During the time of the falling of the warmest rays of sun Sunday afternoon our "water dolls" were "ducking," "diving" and "dodding" in the beautiful Colorado river. Now wouldn't it be a shame to reveal their names? Why certainly not, but we'll give you their names right now. Itswa — doosalm — arberb — Onarih. — Tbrele, oej. That's right? Our 1936 beauties!

As she opened her mouth and her red lips parted, I was in hopes she'd say those three words that would make me happy. I gazed into her eyes as she stood there. She did because she closed the history book and said, "No history assignment." The school "kiddies" have called off their art exhibit because of so much illness. Junior says his mother kept him in but he broke out anyway — so did many of the other pupils — we will just wait.

I haven't heard much through the trusty keyholes this week — as Spring is "put nigh" gotten everyone I can't find them at home any more. "Memory is a nursery where we go and play with broken toys."

Always for you, THE TATTLER.

IMPROVED MILE RELAY TEAM TO BE TAKEN TO ABILENE ON SATURDAY

The mile-relay team which Coach Jack Christian will enter in regional Interscholastic League contests at Abilene Saturday should be even better than the one which ran a close second to Abilene in a record-breaking contest at the district meet in Sweetwater last Saturday.

As it was, the team which ran the relay in Sweetwater was the fastest in Colorado High school's history. To make it even faster, Coach Christian plans to eliminate the slowest man by a competitive 440-yard dash here Thursday afternoon.

Taking part in Thursday afternoon's competition will be Rudell Glover, Duff Chesney, Jack Smith, John Henderson, and Burl Ballard. The four fastest men will represent Colorado High school in regional contests at Abilene Saturday.

SENIOR PLAY WILL OPEN WESTBROOK'S NEW GYM BUILDING

FORMAL OPENING WILL BE ARRANGED FOR \$23,500 EDIFICE SOON

Although its formal opening is set for some time in the near future, the new \$23,500 gymnasium-auditorium at Westbrook High school will be the scene of its first public gathering when the senior class play is presented there Friday night.

Ira D. Luderale, Westbrook superintendent, announces that the play will be entitled "Murdered Alive" and that the cast will include Cap McKinney, Pione Davis, J. K. Bolin, Elizabeth Young, Dorothy Taylor, Modena Elliott, Lena Lee Bird, M. L. Cope, LeeCroy Clifton, Chester Anderson, Leona Moon, and Clarence Moore.

Built of native stone, the new building is 82x85 feet and includes both a gymnasium and an auditorium. The gym floor measures 80x52. The stage of the auditorium is 46x14, and the auditorium has a seating capacity of about 500. Construction of the building required about a year, being completed March 27. A WPA grant augmented \$10,000 worth of bonds voted by the Westbrook Independent school district.

Another gathering of county-wide interest is to be held in the new building when the annual banquet of the Mitchell County Teachers' association is held there Monday night.

ON BUSINESS IN LUBBOCK

A group making a business trip to Lubbock Wednesday afternoon included Roy Davis Coles, county superintendent; Jack Linaam, former trustee at Lone Star; Leslie Hamilton, Valley View trustee; F. M. Simmons, principal at Lone Star; and Basil Hudson, principal at Buford.

THE COLORADO THAT USED TO BE 25 Years Ago 15 Years Ago

25 YEARS AGO

From The Record for April 18, 1913. Annual convention of the El Paso presbyterian had been held in Colorado. Mrs. Van Tuyl was president. The program included a song by Lois Prude, quartet numbers by Mrs. Webb, Mrs. Hazzard, Dr. Marshall, and Mr. Webb.

John Cooper had died after a long illness. Typhoid fever had claimed the life of the D. M. Stell's infant son. W. I. Doss, Sr., president of the Mitchell County Singing convention, had appointed Dr. W. R. Smith, Reaves Coleman, and Y. D. McMurphy on the finance committee.

On the table and water committee were E. H. Winn, Earl Callaway, and J. R. Altizer.

Roxie Coughran and Cecil Nunn had been initiated into the Eastern Star. Traffic safety was beginning to be a problem in Colorado even then. "We realize," an editorial on this subject ran, "the temptation to burn the wind whenever one cranks his car and hits the road. Much of the prejudice against automobiles is based on this one thing—every other thing, man, beast and vehicle, must literally jump out of their way. It should be remembered that there is an ordinance prohibiting a speed above 6 miles per hour on the public streets."

Lorraine items told of the death of Mrs. J. H. Greag, of an appendicitis operation for Miss Florence Watlington, of the J. A. Sadlers of Hernaligh visiting in the W. R. Charters home.

D. H. Snyder, Marcus Snyder, and Charles Reams Earnest had been to San Angelo. Juliette Looney had entertained the G. F. C. with Lillie Allen making high score. Lela Whipkey won the royal prize. Joe Sheppard had been in the

swamps of East Texas buying cattle to graze on the land which he and Clarence Grable had bought from Bourn and McCuningham. Mrs. C. H. Earnest had been called to Dallas by the fatal illness of her sister, Mrs. C. D. Shaw.

Frank Rickard, described as "an old time Coloradan and formerly express driver at this place," had been visiting in Colorado. He recalled backing his express wagon into a lighted street lamp at the corner of "Front and Walnut streets," causing a fire that swept everything from the corner to the alley and resulted in long-drawn litigation as to responsibility.

A fishing party made up of E. R. Williford, R. P. Price, and Oscar Price had gone fishing on the Concho. Oscar Price was here visiting. Mrs. Robt. Terrell had taken her brother, W. T. Mullin, to Roscoe for medical treatment. "Uncle Matt" Smith was very ill at the Tom Henderson home in East Colorado.

At the literary society meeting of the High school on Friday afternoon a play had been given with Frank McClure, Van Ellis, and Ella Mae Reese in the cast. Mr. and Mrs. Edwin Foulkes and children were visiting in Colorado. Mr. and Mrs. Ed Majors had been to the street carnival in Sweetwater.

Mrs. Edward Dupree was visiting her daughter, Mrs. Tom Morrison. Brooks Bell and son, Brooks, Jr., had gone to Mineral Wells for treatment. Officers of a new class at the Methodist church were Mrs. Sam Wulfin, Mrs. Preston Scott, Mrs. Earl Jackson, and Miss Jo Dry, the last-named being teacher.

Mrs. Eugene Pond, Mrs. Payne, Mrs. Jones, and Miss Ina Wulfin had been to an Eastern Star school in San Angelo, traveling in the Pond auto. Stoneham Beal's motorcycle had collided with the "big touring case car" of Hiram Snyder, both escaping serious injury.

15 YEARS AGO

From The Record for April 13, 1923. A train wreck on the western outskirts of Colorado had cost the life of the engineer, Billie Price of Big Spring. The wrecked engine, lying bottom up beside the track just east of the Colorado river trestle, attracted huge throngs all day.

Oil showing in the Coleman No. 1 was sending the oil field in that section of the county. Re-elected to the school board were H. L. Hutchinson, Jack Smith and H. E. Grantland. E. H. Winn was a new member.

Construction was to begin soon on the American Legion hut. The Farmers Gin company was to build a plant at Buford. A. J. Herrington advertised Lincoln motor cars.

Lorraine items said that Mr. and Mrs. C. H. Thomas had entertained the school teachers, Hall Hooker, Mrs. G. A. Hutchins, and Nila Pearl Clements, with a supper. That Dr. W. L. Hester was taking a post-graduate course in New Orleans.

The Evelyn Eudy of Colorado was the Sunday guest of Bernice Clements. That L. L. Bodine and family of Buford and W. P. Bodine of Seven Wells had visited in the W. H. Thomas home on Saturday.

That friends of Mr. and Mrs. Howard Spikes had surprised them with a miscellaneous shower in the director-room at the bank. That Ira White, Neta Thomas, and Nila Pearl Clements had visited in Stanton on Sunday, being accompanied on their return by Myrtle Hutchinson.

Listed on the Epworth League program for that week were Claude Womack, Johnny Chesney, Florence Simpson, Tommy Lea Smith, Mary Lawless, and Miss O'Neal. Lightning had killed a negro at the Lee Strain blacksmith shop at Cuthbert.

Mr. and Mrs. W. A. Kennison of Rotan were visiting their daughter, Mrs. J. C. Hall. Mrs. Robt. Terrell, Mrs. J. L. Bennett, Miss Gladys Steadham, Frances McMurphy, Ruth and Katherine Buchanan had been to Abilene to hear Madame Schumann-Heink.

Louise Hardison was recovering from surgery for appendicitis. Stansil Whipkey, employed at Neiman-Marcus at Dallas, was visiting here. Mrs. Dan Lewis was home from a visit with her mother, Mrs. J. W. Nunn, in Fort Worth. Abe Dolman's foot had been amputated at Paris.

Funeral for R. C. Beal had been held at the home of his sister, Mrs. D. H. Snyder on Friday.

From The Record for April 13, 1928. Four churches of the town were to hold simultaneous revivals. Concrete paving of Iatan flat was to be rushed to completion because of the bad condition of the stretch in wet weather.

Ben Peek and W. E. Reid had chosen the corner of Thirteenth and Locust streets for the site of the Colorado Record "Better Home." The negro janitor burned in the explosion of alcohol and whisky at the jail the week before had died.

Everything was ready for the first invitation golf tournament of the Colorado Country club. Bob Scott, then army champion, was in charge. Donald Wallace and Dudley Snyder were listed as champion material.

A shower honoring Miss Irma Sealy, who was being married, was given on Friday evening by Mrs. Chester Jones, Mrs. Harry Ragan, and Mrs. J. G. Merritt. Phelan Dorn and Mrs. O. B. Price played piano numbers. Mrs. H. L. Lockhart (now of Louisville, Ky.) sang.

Nancy Price, Doris Flo Doss, Mary Price, and Jimmy Moody presented the gifts.

Mrs. T. A. Richardson had gone to work in the Western Union office, of which J. O. Wolf was manager. Neva Farrar had opened a beauty shop in the Dulaney building.

The D. N. Arnetts had received word that their daughter, Mrs. Floyd Beal, was taking Mr. Beal from Lubbock to Mayo Brothers to go through the clinic.

Rain and snow had fallen in Colorado on Sunday, April 8, and there had been killing frost. A. E. Barcroft was home from Marlin, where he had been resting. The Oscar Majors home on Chestnut street was being remodeled.

Mrs. Leonard Orynski and daughter, Elizabeth Ann, were home from a trip to California. Dimples Way was home from Texas University for the Easter holidays.

Geraldine Baze had as holiday guests Myrtle Barton and Ellen Yarbrough of Baird. Forty Coloradans were planning to join the Broadway of America motorcade to Memphis. The Colorado band was the official band for the trip.

Colorado students on the Texas Tech honor roll were Samuel Womack, Clarence Grable, Pauline Hargrove, and Paul Hargrove. Edmund Kirby had been elected vice-president of the student body at McMurry.

ABILENE COLUMN USES NOTES ON COLORADOANS

Notes about Coloradans who were in attendance at the Colorado Fat Stock show Monday were featured in the "Chousin' Around" column of the Abilene Reporter-News Tuesday morning.

Holt, staff correspondent for the Reporter-News, was here to cover the show for his paper. Here are some of the local-interest paragraphs which appeared in his column the day after the show:

"A couple of classmates at Texas A. & M. college in 1911 got together for a chat at the Colorado Fat Stock show yesterday. They were Walter Whipkey, publisher of the Colorado Record, and W. L. Stangel, head of the Texas Tech animal husbandry department, who served as judge at the show. Whipkey, a graduate of A. & M. in architectural engineering, said he couldn't see any difference in the top lumps of the show and his former classmate was giving a few lessons about livestock."

"An oil stove came in handy at Charlie Thompson's sheep ranch in Mitchell county during the recent cold spell. The boys earing for the sheep that were lambing put up the stove and breezed through the spell in comfort."

"Ranchers in sections where there is shinnery are reporting losses of cattle because of the frost-bitten shinnery. Lay Powell at Colorado says he has lost three head and several others are sick."

"Sponsors of the Colorado livestock show certainly were pleased when Pop Snyder, pioneer cattleman, made the remark that it was the best event of its kind ever held in Colorado."

"Pete Ainsworth, foreman of the Spade ranch in the south portion of Mitchell county, says only a few lambs on that ranch were killed during the cold weather because they lambled out in March. Grazing is fine in that section and cattle are beginning to put on a little weight."

"Price Maddox, Maryneal and Colorado rancher, and Price Stell of Clairmont were visitors in Abilene yesterday."

"Lay Powell and sons, Elmer Lay and Jinks, have sold 700 head of steer calves for May 15 delivery to Low, Billington & Martin of Stratford. The price was 7 1/2 cents per pound and the calves are expected to weigh 475 pounds. The Powells operate ranches in Mitchell, Glasscock and Martin counties."

"Hal May, 24-year-old graduate of Texas A. & M. college, has moved on the four-section ranch he bought south of Lorraine in the winter for \$11 per acre. He moved to the place, known as the J. H. Gage ranch which has been under lease to Price Maddox, from his home at Mertzon. May and F. C. Shillingburg, Colorado vocational agriculture teacher, were classmates at A. & M."

"Frank Blasingame of Colorado and former student at John Tarleton at Stephenville, is connected with the soil conservation camp at Lockhart."

TWO RENT HOUSES TO BE BUILT ON WALNUT

Two rent houses are to be built on the old site of the Sparks home and the adjoining lot on the north on Walnut street by Mrs. C. H. Lasky. One of the houses and the twin garage are already under construction. The house now being built is to include five rooms and a bath. Chaires Ezell is contractor.

China, with its huge population, has only 80,000 automobiles.

BRIEF ILLNESS IS FATAL TO RESIDENT OF BUFORD SECTION

'BUD' SIMPSON SUCCUMBED AT 4:30 A. M. THURSDAY TO HEART AILMENT

A brief illness was fatal to Milton Ernest (Bud) Simpson, 69, resident of Mitchell county for 29 years, at his home near Buford at 4:30 Thursday morning.

Mr. Simpson complained Wednesday of a pain over his heart, and came to Colorado for medical advice. He was slightly uncomfortable during the night, but was not actively ill until a few minutes before his death.

He was born in Charleston, Texas, on May 2, 1878. He and his family lived in Delta county before coming to Mitchell county. He formerly served on the board of trustees of Buford school.

Survivors include Mrs. Simpson and eight children: Euwin Simpson of near Colorado; Jeannette, Newman, Dorothy Joe, and Charles Edward, all of Buford; Gayland Simpson of Phoenix, Arizona; Mrs. Carey Edwards of Porsan, and Howard Simpson of Midland.

Two brothers, Jim Simpson of Antlers, Okla., and Rufus Simpson of Finley, Oklahoma, and two sisters, Mrs. Dow Wood of Slateto, Texas, and Mrs. Oscar Boyd of Charleston, Texas, also survive.

Funeral plans were indefinite at noon Thursday, pending word from members of the family who live at a distance. Kiker & Son have charge of arrangements.

SON OF EX-COLORADOAN GETS ABILENE WRITE-UP

Subject of a story in the Abilene Reporter-News Sunday was Victor D. Payne, Jr., son of Victor D. Payne, Sr., a resident of Colorado more than 25 years ago and now a resident of Abilene. Mr. Payne was familiarly known here as "Vic" Payne, and the same name is applied to his son. The elder Payne worked in the C. M. Adams Dry Goods store here for a number of years.

The story about young Payne follows: "A man who starred in the game of football back in the days when it was rough and tough is now selling insurance to his numerous Abilene friends."

"He is Victor (Vic) D. Payne, Jr., former football star at Abilene high school, Hardin-Simmons university, Abilene Christian college, and Bethany college, West Virginia, who celebrated his seventh year in the insurance game March 1."

"Using the same sportsmanlike tactics that gained him fame on the gridiron Vic, as he is known throughout West Texas, has had a steady increase in business since he became a partner in the Gill-Payne company March 1, 1931."

"From his playing days in football back in 1921 Vic was in the loudest profession in the world—coaching. But you can see by his actions and tell by his talk that he had a good time while coaching."

"His first football game was with Abilene high school back in 1914. In 1916 after showing the teams in surrounding towns how to 'tote that mail,' Vic went to H-SU, then Simmons college. After three years the plunging backfield man attended A. C. C. for one year, and went from there to Bethany college."

"In 1922 he came back to Abilene to coach the teams at A. C. C. two years, then he shifted his fortunes to H-SU in '24, '25, and '26. The next coaching job Vic held was at Texas Tech, Lubbock, at present arch rival of the Baptist institution. As assistant coach in football and head basketball and track coach Vic stayed at the state school from 1927 until the spring of 1930."

"At the present time Vic is in great demand as an official in football games. In the fall he is swamped with requests to referee games, and sometimes officiates three and four a week."

"Although busy in the fall with officiating Vic will sell you then and any time during the year any kind of a policy except life insurance—he's in the fire and casualty game."

HOSPITAL NEWS

J. C. Yarbrough of Lorraine, who underwent surgery for a ruptured appendix on April 10, is said to be "doing fairly well." Mrs. Edward Morren of Buford was a medical patient in the hospital from last Wednesday until Sunday. J. C. Forbus of Lorraine was given surgery for a gangrenous appendix and complications on Friday. He succumbed Wednesday afternoon. Jack Helton was in the hospital for minor surgery from Friday until Sunday. Born to Mr. and Mrs. Charles Womack at 1:45 Wednesday afternoon, a son who is to be called Charles Henry Womack, Jr. Rhoda Elder, the negro woman who received surgery for appendicitis on last Thursday, went home this Thursday.

RAIN SUNDAY

Considerable rain was reported to have fallen in the extreme western portion of the county and in a limited area south of Colorado late Sunday afternoon. The cloud which brought the rain also brought high winds and a sandstorm. Rain which fell in Colorado, Westbrook, and vicinity was negligible.

MRS. HUBBARD UNCHANGED

Reports from the Abilene hospital where Mrs. A. W. Hubbard of Colorado is a patient are that her condition is not appreciably changed.

North Australia has leased 500,000 square miles of its territory to two private companies, which are endeavoring to attract settlers. The leased territory is larger than the combined areas of Belgium, Czechoslovakia, France, and Germany.

CHEVROLET TRUCK TOUR STIRS UP EXCITEMENT

DETROIT—Chevrolet's Long-Distance Dependability Truck run, now nearing the 25,000-mile mark, is not only attracting widespread attention along its route, but occasionally stirring up a little local excitement. W. E. Fish, commercial car and truck manager, reported to that effect, following a long-distance phone conversation with Harry Hartz, former Pace driver, who is piloting the unit on its AAA-supervised endurance and economy test.

"The outfit threw one village into great excitement," Fish said. "The crew had parked it on the main street in front of the restaurant and had gone inside for their supper. They had hardly ordered when the cook, who was also proprietor, dishwasher and cashier, came bolting out from the kitchen, throwing off his apron as he ran. 'It's a fire!' he yelled. 'I have to go.'"

"What about our supper?" the truck crew wanted to know. "Can't help it," their host threw back over his shoulder. "I'm a member of the fire department, and we got a fire. Hear that siren?"

"Sure enough, the boys heard a siren going somewhere down the street. They resigned themselves to waiting for their meal, and while waiting strolled outside. The truck, which is illuminated by two large neon signs, was just as they had left it at the curb. The little gasoline-operated electric generator which supplies the current for the signs could be heard chugging away under the truck's rear deck. From almost every doorway, men were running toward the fire. A block or so down the street, the boys didn't see any sign of a fire, and being tired from a long day's run, went back inside and sat down.

"Pretty soon the proprietor, pretty well winded, stumbled in, thoroughly disgusted. 'Is the fire out?' asked Stanley Reed, AAA observer on the run. The proprietor snorted. 'There wasn't any fire,' he said, nodding his head toward the door. 'It was that truck of yours. You've got some kind of machine inside it that sounds just like our village pump—the one that's turned on when a fire breaks out. Someone heard it, figured there was a blaze, and turned in the alarm.'"

"The boys felt that the least they could do was to show the townspeople, who were crowding all around the truck, the gadget that had made all the trouble, and for half an hour, they had an interested audience. That town sure learned about trucks."

The fatality record during 1937 was 16 deaths for every 100,000,000 vehicle miles of travel. This record is the lowest in many years.

DEATH CLAIMS J. C. FORBUS, RESIDENT NORTH OF LORAIN

WELL-KNOWN MITCHELL COUNTIAN SUCCUMBS AT HOSPITAL

Death which came five days after he had undergone surgery for a ruptured appendix claimed J. C. Forbus, 45, in a Colorado hospital at 5 o'clock Wednesday afternoon. Mr. Forbus, who lived six miles north of Loraine, had spent practically all his life in Mitchell county, being well-known over the entire county.

Born on Jan. 19, 1893, Mr. Forbus was married 23 years ago to Mattie Burrows, who survives him. Five children, two sons, J. C. and Calvin, and three daughters, Alva Lee, Ruby, and Melvina, also survive.

Mr. Forbus' stepmother, Mrs. D. A. Forbus, lives south of Loraine. He has one brother, Lee Forbus of Kermit, and several half-brothers and half-sisters.

Funeral services are being held Thursday afternoon at 3 o'clock from the Pleasant Ridge church with the Rev. Mr. Leslie of Hermleigh officiating. Burial will be in the Lone Wolf cemetery.

Jones & Russell have charge of arrangements.

FERGUSON OUTLINES USE OF DOLLAR CONTRIBUTED TO BOY SCOUT FINANCES

In connection with the drive which is now in progress to increase sustaining subscriptions for Boy Scout work in Colorado, J. A. Ferguson, chairman of the drive, has presented an analysis of what becomes of each dollar donated to Boy Scout work.

Out of each dollar 15 cents is used for Scouting activities. Ten cents goes for the operation and promotion of council, district, and troop camping projects. Field service, including membership enrollment, troop organization and supervision, courts of honor, and other troop services, claims 25 cents. Development of the new cubbing program gets 10 cents, general administration 11 cents, leadership training and education 10 cents.

Four cents goes for badges and supplies, three cents for telephone, telegraph, and postage, three cents for national service, and nine cents for registration, records, research, statistics, and accounting.

Ferguson states that about \$550 in sustaining pledges has been secured in Colorado so far.

MILE-RELAY TEAM, READY WRITERS, AND ONE-ACT PLAY CAST WIN HONORS FOR CHS IN DISTRICT LEAGUE MEET AT SWEETWATER

Represented by a mile-relay team that was probably the fastest in its history and by winners in essay-writing and the one-act play contest, Colorado High school took part in district Interscholastic League contests at Sweetwater Friday and Saturday.

The mile-relay team placed second in spite of its swiftness, however, because the Abilene team shattered records to win first place in 3:25.1, a mark only half a second lower than one established in 1933. On Colorado's team were Jack Smith, Rudell Glover, John Henderson, and Duff Chesney.

Lorraine's Bulldogs carried off top honors in track and field events of the day, beating Abilene's Eagles by a half-point. Colorado was in seventh place with 7 points, a tie with Sweetwater. Lorraine's victory was said to be "due principally to Simmons' all-around ability."

Glover took fourth place for Colorado in the 440-yard dash, and Henderson placed second for Colorado in the 880-yard run.

Catherine Slagel won first place for Colorado High school in senior Ready Writers' contests with what judges described as "the most unusual essay we ever read." Verna Campbell won the ward school division. Catherine Slagel will represent the district in regional contests at Abilene this week. Ward school winners do not go beyond the district.

The one-act play directed by Miss Gladys Miller won first place in preliminaries and second in finals. Shirley Kiker's performance was declared the second best in the contest. Others having parts in the play were Lucille Goode, John Colson, Dale Simpson, and Joe Lee.

Mary Price and Freddie Blackwell won sixth place for Colorado in typ-

ing, while Frances Merle Cooper, Shirley Kiker, and Anna Don Snively won eighth in shorthand.

John E. Watson, superintendent of schools here, attended the meet as director of the Ready Writers' division. Charles Brazil accompanied the shorthand team, W. V. Wheeler the typing team, and Miss Gladys Miller the one-act play team. Coach Jack Christian and Assistant Coach Newby Pratt accompanied the athletes.

CHS STUDENTS TO HELP STUDY USE OF STREETS, HIGHWAYS AND ROADS

According to R. B. Rice, district supervisor of the Highway Planning Survey who was recently in Colorado, local high school students have been granted permission by J. E. Watson, superintendent, to assist in a special study soon to be made of the use of state highways, county roads, and city streets by car owners living in Mitchell county. This is a part of a statewide and nationwide program to collect information needed in planning the construction and maintenance of highways, roads, and streets.

The information which is being collected through the local high school is an important part of the Highway Planning Survey, according to Mr. Rice. He said that both local and state school officials have cooperated fully in this work, and it is anticipated that local students will furnish a great deal of much-needed and valuable information concerning Mitchell county.

Mr. Rice said that the Highway Planning Survey, which is a new branch of the Highway Department and is financed both by the state and federal government, is doing several different types of work. A detailed road map is being prepared of each county. Traffic counts have been made on all state highways and are now being made on country roads; traffic flow maps will be prepared from this information. The trucks which travel on state highways have been weighed in order to find out how great a strain they impose on the road surface. The average life and cost of each of the various types of road surfaces are being studied. Amounts of money spent by cities on streets, by counties on secondary roads, and by the state on highways are being analyzed. Special tabulations are being made of tax resources and public debt. The use of the different road systems is being studied. And special safety studies will be started soon.

FUNERAL SERVICE FOR MRS. MOORE HELD ON SUNDAY

COLORADO WOMAN FOUND DEAD IN LIVING ROOM OF HER HOME

Funeral services were held from First Baptist church in Colorado Sunday afternoon at 3:30 for Mrs. P. S. Moore, 63, who was found dead at her home Friday night.

Mrs. Moore's death was discovered when her daughter, Aylene Moore, went home from work about 11 o'clock. She was lying on the living room floor, and the telephone had fallen to the floor beside her. The receiver was off as if she had tried to call someone. Physicians said she had probably been dead about an hour. Mrs. Moore was subject to heart trouble, members of her family said. A neighbor who had visited her until about 9:30 reported her apparently feeling well when she went home.

The Rev. W. C. Ashford of the Southside Baptist church in Abilene officiated for the service, assisted by the Rev. T. A. Patterson, pastor of the Colorado church. Burial was in the Colorado cemetery beside Mr. Moore, who died in 1932.

Pallbearers were J. A. Sadler, Chas. Farris, Howard Lindley, W. R. Charters, Earl Burgoon, and J. W. Rice.

Mrs. Moore was born in Leon county, Texas. She and her husband lived in Oakwood, Texas, for several years before coming to Colorado 10 years ago.

Survivors are two sons, Udell and Alton Moore of Colorado, and three daughters, Mrs. W. C. Chadwick and Aylene Moore of Colorado and Mrs. J. V. Adamson of Anahuac, Texas. A third son, Carl Moore, was killed in a refinery accident here two years ago.

Kiker & Son had charge of arrangements.

STEER BELONGING TO D. H. SNYDER III GAINED 492 POUNDS IN FIVE MONTHS

Belonging to D. H. Snyder III, a Colorado youngster whose name has been borne by four generations of Texas cattlemen, a 2-year-old steer which D. H. Snyder, Sr., recently marketed in Fort Worth showed a gain of 492 pounds during the five months and four days that a record of his feeding was kept on the Snyder ranch near Colorado.

The steer weighed 618 pounds when put on feed on November 7, 1937. On April 11 this year his weight was 1,100 pounds. During 30 days of his feeding time the steer was given three pounds of cake and 10 pounds of ground corn, including shuck and cob, each day. The next 30 days he was given five pounds of cake and the same amount of corn, and the next 30 days 7 pounds of cake and the same amount of corn. The remainder of the feeding time he received 8 pounds of cake and 15 pounds of corn. He was never kept in a lot but grazed in a half-section pasture with four milch cows, being fed night and morning.

The steer's owner, now seven years old, is a great-grandson of Capt. D. H. Snyder of Georgetown, original owner of the Runderbrook and other ranches in Mitchell and surrounding counties. His grandfather is D. H. Snyder, Sr., of Colorado, well-known West Texas rancher, and his father is D. H. Snyder, Jr., also of Colorado.

DISTRICT JUNIOR TENNIS TO BE PLAYED SATURDAY

Six junior tennis contestants of Colorado High school will go to Sweetwater Saturday with W. V. Wheeler, faculty member, to play in district matches of the Interscholastic League meet. Junior winners do not play beyond the district.

Clayton Henderson will play in boys' singles, Louis Bodzin and E. J. Tilley in boys' doubles, Harry Etta Landers in girls' singles, and Bobbie Lou Cooper and Ann Axtel in girls' doubles.

HERE FROM TAHOKA
Mr. and Mrs. Chas. Taylor, Jr., of Tahoka spent the week-end with Mr. Taylor's mother, Mrs. Mary Lou Taylor. Mrs. Taylor, Jr., was also here during the latter part of last week. Mr. Taylor and Mr. and Mrs. Weldon Jones came down for Sunday. Another guest in the Taylor home during the latter part of the week and the week-end was Miss Francis Herrington of Caddo, Texas, friend of Louis Taylor.

NORTHERN LIGHTS SEEN BY FEW HERE IN RARE DISPLAY AFTER MIDNIGHT FRIDAY

Night shift workers at the Col-Tex refinery, and the few other Coloradoans who happened to be up and about in the wee hours after midnight Friday saw the aurora borealis, more familiarly known as the northern lights, in a rare display.

Walter Henderson, one of a group of Col-Tex employees who watched the phenomenon for the more than a half hour that it lasted, described it as painting the north horizon, a low cloud bank, and the sky with crimson and bright rose hues that faded and brightened at intervals until it finally died away. The time was from around 2 o'clock until 2:30 or past.

According to notices which daily papers carried on the display Saturday, the lights have been sighted in this region only twice before in 36 years. The last time was said to have been about 15 years ago. Some Coloradoans contradicted this estimate, however, declaring the glow of the lights was visible here early on a certain cloudy night some 9 or 10 years ago.

An Abilene Reporter-News story quoted Dr. Julius Olsen, head of the physics department of Hardin-Simmons university, as saying:

"The lights covered the sky to a larger extent than I've ever seen before. They were more quiescent, however, flashing five to 10 minutes apart."

Previously, the Abilene story continued, Dr. Olsen reported he had seen the aurora borealis in colors ranging from light yellow to almost white. This time they were a pro-

nounced pink, and scientists farther north and east saw bright streaks varying from dimly rose to "blood red."

It was only by accident that the Abilene science professor saw the lights. His son, Julian, returned with other members of the Cowboy band to report seeing the sky's glow at that hour.

"You just happen to see something like that," commented Dr. Olsen in explanation of its rarity. "It is very unusual this far south." Eastern observers said the Northern lights' appearance accompanied one of the most severe magnetic storms of the 20th century, disrupting communications systems several hours in many sections.

Sunspot activity may be blamed for the disturbance, Dr. Olsen said. Scientists elsewhere described the display in the northern tier of states as the most brilliant in 35 years.

Relatively few persons saw the aurora, the Associated Press reported, because the spectacle did not begin until 12:30 o'clock central standard time or later.

As Dr. Olsen explained the phenomenon, the lights are caused by negative particles, or electrons, discharged by the sun. They cause ionization of gases in the upper atmosphere as they come within about 600 miles of the earth. Seventy-five or 100 miles is their closest approach.

The particles are guided by the north magnetic pole, which is 1,300 miles south of the true north pole, in the vicinity of Boothia, Canada. Similar displays occur in the Southern hemisphere.

FINAL TRIBUTE PAID TO ANOTHER MITCHELL PIONEER AT FUNERAL FOR MRS. M. MCGUIRE

Final tribute was paid to another Mitchell county pioneer as funeral services were held Tuesday afternoon for Mrs. M. McGuire of Buford, resident of the county for 46 years. Mrs. McGuire would have been 91 this Friday. She died at 2 a.m. Monday from effects of a stroke suffered some time ago.

The funeral was held from the Methodist church at Buford at 3:30 with the Rev. C. D. Damron of Dunn, Dr. W. M. Elliott, Sr., of Colorado, and the Rev. A. D. Leach of Colorado officiating.

Grandsons were pallbearers, those serving being Huron Dorn, Bill Dorn, Robert Stell, Joe Leonard Blackard, Brooks Dorn, and M. W. McGuire.

As Maria Frances Jones, Mrs. McGuire was born in Anderson, South Carolina, on April 22, 1847. Her family moved to Fayette, Alabama,

when she was 12. She was married there to Merry McGuire, and after two years in Missouri they came to Texas, settling near Hamilton.

From Hamilton the McGuires moved to Borden county 43 years ago, and the next year they came to Mitchell county, buying a farm in the southern part of the county. They lived there until about 38 years ago, when they moved to the Buford farm which has since been the McGuire home. Mr. McGuire died 16 years ago.

Eight of the ten children born to Mrs. McGuire survive her. They are Mrs. A. A. Dorn, B. B. McGuire, and Mrs. Mack Holt of McAllen; Mrs. J. W. Dorn and Mrs. D. M. Stell of Colorado; Tom B. McGuire of Midland; Ewell McGuire and Mrs. Essie Blackard of Buford.

Kiker & Son had charge of funeral arrangements.

ROOFS AND SHINGLES ARE RIPPED OFF BY BABY TWISTER HERE

A baby twister dipped into Colorado about 2 o'clock last Thursday afternoon, tearing the roofs from several buildings and otherwise damaging property.

Hardest hit in the way of damages was the Newman tourist camp north of the highway just west of the Colorado river bridge. The twister ripped off the roofs of the filling station and store and of two cabins, carrying portions of them down into the river bed. Reports were that it had collapsed a feed barn on the plateau southwest of the refinery and a small building on the south side of the highway before reaching the tourist camp.

Apparently the storm jumped Colorado proper, but its tail swept several square feet of shingles from the L. B. Elliott home and from a house just north of the Ford Morris place. No damage was reported in its path northeast of Colorado.

Those who saw the twister's approach over the hill beyond the Col-Tex refinery said that it resembled a giant whirlwind filled with swirling dust. Employees of the refinery said that boards and large pieces of tin could be seen high up in the funnel-shaped cone. A man who stood at a filling station across the highway from the Newman camp as the twister struck said that black fire-filled balls seemed to be rolling madly along the ground and exploding within the spiraling course of the storm.

The storm approached against a sandstorm background and evidently did not roar very loudly, for the majority of Colorado's population found it difficult to believe that there had really been a cyclone until they saw the damage it had wrought. A sprinkle of rain followed the disturbance.

HARALSONS RETURN FROM FUNERAL OF HIS MOTHER

Mr. and Mrs. D. W. Haralson and sons returned several days ago from Abilene where they went because of the death of Mr. Haralson's mother, Mrs. A. C. Lewis. Mrs. Lewis had been visiting a sister in Mineral Wells and had bought her ticket home. Thursday afternoon about 3:00 while waiting for the bus she had a stroke of paralysis and was rushed to the hospital. She died at 10:00 Friday morning.

The funeral services were held in Rule, Texas, her old home, before she moved to Abilene about 15 years ago. Rev. C. A. Powell of Abilene was in charge and was assisted by Rev. Clyde Campbell of Abilene and Rev. Ray Shahan of Rule.

The D. W. Haralsons remained a few days with Mr. Haralson's sister, Mrs. Bernice Wiggins, and Mrs. Haralson's mother, Mrs. Bertha Barber.

LEAVE FOR HOUSTON, AUSTIN

Mrs. C. L. Root and daughter, Mrs. Jimmy Cook, left Wednesday to spend the remainder of this week in Austin and Houston. In Houston they will visit Mrs. Root's sister, Mrs. M. A. Woodward and her nephew, Homer McGregor, and his wife, the former Annie McMurry of Colorado.

RETURN TO BIG SPRING

Mrs. Joe Bowlin and daughters, Clippie Joe and Ann, returned to their home in Big Spring Sunday afternoon after a visit with Mrs. Bowlin's parents, Mr. and Mrs. H. H. Bennett.

VISITS SISTERS HERE

Mrs. M. A. McGregor of Houston spent the week-end with her sister, Mrs. C. L. Root, and is now visiting another sister, Mrs. J. M. Page of near Colorado.

LET'S FIGHT SYPHILIS

Editor's Note: This column is conducted by Mrs. Carl Blasig under the sponsorship of the 1921 Study club and the Mitchell County Federation of Women's clubs.
Miss Jimmy Jenkins, technician of the Rhode Clinic, is the author of the following article. She is well qualified to discuss this subject due to her medical background, training, and experience. She is the daughter of Dr. and Mrs. G. H. Jenkins of Waco, and attended T.C.U. and Baylor University. She does all the laboratory work of the Rhode Clinic which includes all chemistries including blood tests, X-ray, and basal metabolism tests. Recently she addressed all the local Senior High school girls on the subject of "Personal Hygiene."—Mrs. Carl Blasig.
"Syphilis, a disease which is attracting widespread publicity now, is not a new disease in any sense of the word. It was definitely recognized in Europe in the 15th century, and was probably present even before that time." According to historical data, it was not present in the country until after the landing of Columbus.
"Hospital admissions show that between 8% and 15% of those persons admitted to hospitals have syphilis; however this figure is probably high for the general population throughout the country. About 600,

000 new cases occur in the United States each year.
"There has always been a moral stigma against syphilis among the laity which has certainly deterred the control of this disease. When it is realized by the laity, as it is by the medical profession, that this feeling toward syphilis must be removed before the disease will ever be controlled, then the results in cutting down the percentage of syphilis will be seen.
"The danger of syphilis lies in the late manifestations which occur from 15 to 25 years after primary infection. Early and adequate treatment is the only thing which will prevent this. If a syphilitic is not treated 45% will later develop heart complications; 25% will develop syphilis of the brain. However, if he is early and adequately treated, these figures are reduced to 4 and 6 respectively. So from these figures can easily be grasped the importance of early treatment. A syphilitic pregnant woman if treated by the fifth month of pregnancy will deliver a child free of syphilis. Adequate treatment of syphilis means from 12 to 24 months continuous treatment.
"The only bright spot is that syphilis can be controlled the same as smallpox, typhoid fever, and certain other diseases if the general public would realize the importance of early treatment and not look upon an infected person as if he were an outcast."

PICKED UP ALONG THE NEWS PATH

A song composer of quite some note is a sister-in-law of Mrs. U. G. Hardison of Colorado. . . . Her name is Mrs. Will Coffee, though she writes music as Lillian Dale Coffee, and she lives in Houston. . . . She writes both music and lyrics, and one of her compositions was played by Mrs. W. C. Hooks at the 1921 Study club meeting with Mrs. Harry Ratliff on Friday. . . . One of Mrs. Coffee's compositions, "Tiny Little Fellow," was sung by the Lullaby Lady on the Carnation Contented Hour via the radio on March 28. . . .

Here and there: "Smiley" Burnett, who has taken part in many a Gene Autry thriller, had his car serviced at Bernie Grable's filling station early one morning not long ago. . . . He was en route from Hollywood to Fort Worth on a personal appearance tour. . . . They say Mrs. Austin Bush, resourceful soul that she is, used last Thursday's cyclone to establish herself a perfect alibi for taking an embarrassing tumble downtown about the time the cyclone passed by. . . . The fact that she didn't know about the cyclone until some time after both the fall and the cyclone didn't rob the alibi of any of its effectiveness—not the way Talkie told it. . . . If you want to see a letter penned by a "sure nuff" author, you might try persuading Mrs. Jim (Mary Les) Cantrill to let you see the one she received recently from Louis Bromfield in the province of Oise, France. . . .

Mine eyes never seem to be open at the right place at the right time. . . . All these years I've had a yen to see a cyclone, and here I sat Thursday afternoon and let one sail right over my head without so much as a look. . . . However, I want it understood that I want my view of a cyclone, if ever I get one, to be strictly long-distance, and I want the thing to stay up in the air where all it can tumble and tear will be clouds. . . . And then on Friday night I missed out on the aurora borealis. I make it aurora borealis when I write it, but it has to be "northern lights" when I say it. . . . But, of course, most of us did miss out on this latter display, since it came off without warning during the unearthly hours just past midnight. . . . That was one time when the men on the night shift at the refinery had a distinct advantage over the rest of the slumbering town. . . .

Isn't this the real problem of Beer — and almost its only problem?

THERE ARE people, of course, who steadfastly and sincerely believe beer to be intoxicating, or its use sinful, harmful, or a first step toward use of "hard liquor."

Just as sincerely we hold that the weight of the evidence is overwhelmingly against them—that beer is a mild, wholesome food beverage. . . . and that "there is nothing more promising to combat the evil of too much alcohol than the opportunity of drinking good beer."

No. . . it is not in beer itself, we believe, that its gravest problem lies, but in those conditions, undesirable to us all, which sometimes surround its sale.

How should that problem be handled . . . by brewers, by retailers, by consumers, and by the public authorities? On its handling, we believe, depends the ultimate success or failure of the art and science of brewing, with all its manifold contributions to human pleasure and happiness and to the farm and industrial welfare of this country.

In that belief, a short time ago the Brewers Foundation was organized . . . to align the brewing industry with forces working for the public good in this country.

Our underlying motive . . . is of course obvious. But equally obvious, we hope, is the fact that our interests coincide with the public interest.

Important progress has been made. Brewer-members of the Foundation already represent nearly half the production of beer and ale in the United States; and these members are

pledged, individually and collectively, to the Brewers Code, one significant clause of which is as follows:

"We pledge our support to the duly constituted authorities for the elimination of anti-social conditions wherever they may surround the sale of beer to the consumer."

Being practical men, we promise no miracles. We cannot immediately or effectively "police" the quarter-million points where beer is sold (nor, to be fair, have we legal authority in many cases to do so). Nor can we, immediately, bring about full compliance with the law among all retailers, nor honest enforcement by all authorities.

But a beginning has been made. . . . and we do promise that you will see results from it.

How far we can go, and how soon, depends very much on ourselves. . . . but partly also on you.

Public opinion, once aroused, can operate to bring about honest enforcement of existing laws. Restriction of your patronage only to legal, respectable retail outlets can and will operate to raise retailing standards. Public preference for the products of Foundation members* will bear witness of your approval both to members and to cooperating retailers, and will encourage them to renewed efforts.

This is, therefore, at once a statement of our objectives and an appeal for your support, without which we must fall short of our high hopes. We urgently invite your full and sympathetic cooperation.

Standard

A new member, Mrs. Leslie Crowder, was present at the meeting of the Standard club with Mrs. P. C. Coleman Friday afternoon.
The only paper was read by Mrs. Coleman on Peru. Refreshments followed the lesson.

Zetagathian

Joe Earnest was presented in a review of "The Importance of Living" by Lin Yutang, author of "My Country and My People," on the Zetagathian program at the home of Mrs. Jimmy Cook Friday afternoon. Mrs. Cook and Mrs. Sherrod Smith were hostesses.
During a business session the club

decided to call its new student loan fund the Progressive Student Loan fund. Mrs. Wylie Kinard made a report on year book work.

A refreshment plate which featured Easter colors was served. The meeting this week is to be with Mrs. Truett Barber.

Self Culture

Rural education was the program topic for the Self Culture club when it met Friday with Mrs. C. P. Gary as hostess and leader. Mrs. Gary is chairman of rural education in the sixth district, Texas Federation of Women's clubs.

Educators of Texas were named during roll call. Roy Davis Coles, county superintendent, addressed the women on the topic, "Rural Education in Texas." Miss Vera Crippen, county home demonstration agent, told of "Present Education Needs of Texas."

A one-act play staged by Fairview Home Demonstration club women was a program feature. Mrs. Will Berry directed the play, parts being played by Mrs. Claude Willis, Mrs. P. H. Pace, and Mrs. John Womack. These women and Mrs. J. C. Franklin, president of the county home demonstration council, were guests of the club. Refreshments carried out the Easter motif. The club meets this week with Mrs. J. V. Glover.

Hesperian

Gathering at the Randerbrook ranch home of Mrs. Otto Jones, members of the Hesperian club heard Robert Moore of the Colorado Junior High school faculty review Edna St. Vincent Millay's "Conversation at Midnight" Friday afternoon.

Mr. Moore is a student of Millay, and is said to be writing his thesis on her work. He read selections from the book.

During a business period Mrs. A. L. Whipkey and Mrs. Bill Coffey were

appointed to visit Coleman school, and Mrs. Rees Jones and Mrs. J. D. Williams, Jr., to visit Seven Wells. The club had received a letter from Mrs. W. P. Leslie of Eastland, a former member, inviting those who attend the sixth district convention there this week to occupy the upstairs portion of her home.

Mrs. Jones and her daughter, Pauline, home from Texas Tech for Easter, served Texas pie and coffee. The next meeting is to be with Mrs. Jimmy Payne.

KITCHEN LINENS ARE HYMAN HD CLUB TOPIC

By Mrs. Carl Lowry, Reporter
Kitchens linens were the discussion topic when the Hyman Home Demonstration club met with Mrs. Walter Averitt on Friday.

"Let's visit the kitchen and see if there isn't some improvement that can be made in kitchen linens," was the suggestion on which the club meeting was carried out. Mrs. Edgar Andrews told the club that Italian hemstitching, Bermuda fagoting, or Swedish weaving can be added to linens with little cost, doing much to improve the appearance.

A plate lunch was served to Mrs. Edgar Andrews, Mrs. Edred Crenshaw, Mrs. Carl Lowry, and the hostess. The meeting on May 6 will be with Mrs. Crenshaw.

BREATH-TAKING REALISM MARKS MAN-MADE CINEMA HURRICANE

STARS "TAKE IT" FILMING STORMY CLIMAX OF GOLDWYN SCREEN SPECTACLE

A man-made fury of wind and wave, the storm that gives Samuel Goldwyn's South Sea Island drama, "The Hurricane" which comes to the Palace Theatre Saturday midnight, Sunday and Monday, its name, was filmed with awe-inspiring realism.

No punches were pulled, no feelings spared as players and technicians took a beating almost equal to that dealt out to the South Sea Island village, which Goldwyn spent a fortune to build and another fortune to demolish.

The storm was filmed piece-meal of necessity. By the time it was ended, one of the most complete and beautiful settings in all Hollywood was a shambles and Dorothy Lamour, Jon Hall, Mary Astor, and C. Aubrey Smith were nearly nervous wrecks.

The hurricane is leveling one of its furious blasts as we watch it in action. Nine huge wind machines are placed in strategic positions along the village shore of the setting's acre-and-a-half lagoon. Four of these gale manufacturers are 12 cylinder Liberty motors with giant three-blade propellers. Five are airplane motors, with propellers reversed to send the air surging outward instead of sucking inward. Each is capable of lashing out a 90-mile-an-hour gale.

An intricate network of some 30 firehoses are hooked to powerful pumps.

Director John Ford calls to Chief

Tufele, the native technical adviser, tells him to line up his people in front of the village trading post. Jon Hall and Dorothy Lamour take their places with the potential victims.

Ford calls a command and the mechanics start their motors. An arm signal from Ford and smoke, some of it black, part of it tinged yellow, starts rising in a cloud from invisible sources behind the church on the set.

Steadily the speed of the propellers increases. Palm fronds and leaves come skittering down the gravel beach. Two of the giant Liberties are sending their blasts straight into the faces of the players. The din is terrific, the smoke cloud thickening. Gravel stings the faces of the players.

But all this has been child's play. A sweep of Ford's arm and a veritable inferno is turned loose.

The motors have hit their stride. The hurricane is in full rampage. Smoke, whipped and beaten until it looks like driven, shredded cloud, mingles with blinding showers of spray as firehoses, uptilted in a dozen angles, loose their blasts at intervals to be caught by the whipping wind.

Arms shielding faces, bodies bent forward, the natives start running into the teeth of the gale. Hall has no such protection. He has his arms full, half carrying, half pulling Miss Lamour along.

The mat sides of a hut are torn loose by the gale, go swirling through the group of struggling players. Debris of all sorts spins like tumbleweeds caught in a prairie tornado.

A blinding drench of spray and the players are completely lost from sight. Step by step the players struggle forward. They gain the shelter of the trading post and the din begins to die away. Motors idle to a stop. The smoke pall lifts.

On ground littered with leaves, palm fronds and mats, Miss Lamour, Hall and the natives stand rubbing their streaming faces and bodies with towels.

"That was swell for the long shot,"

kids," say Director Ford. "Now we'll do the closeup!"

"The Hurricane" is released through United Artists.

"BIG BROADCAST OF 1938" Palace—Friday and Saturday April 22 and 23

Lavish extravaganzas with a wide variety of entertainment which should assure a satisfactory measure of boxoffice returns, albeit the feature does not attain the high standards set by its predecessors in the series. W. C. Fields is featured, marking his return to the screen after a long absence, and the veteran is the film's comedy standout. Martha Raye, Shirley Ross and Bob Hope contribute best performances among the supporting cast, while Ben Blue's talents have little chance to assert themselves. The story is an inconsequential structure providing nothing more than a background for the comedy and musical sequences and the specialties, of which Kirsten Flagstad of the Metropolitan Opera Co. is the foremost. Direction by Mitchell Leisen is ordinary.

Players are W. C. Fields, Martha Raye, Dorothy Lamour, Shirley Ross, Bob Hope, Ben Blue, Grace Bradley.

"ARSENE LUPIN RETURNS" Palace—Tuesday and Wednesday April 26 and 27

Sophisticated, cops-and-robbers yarn, more lavishly produced than is ordinarily the case in pictures of this classification. Metro's revival of Maurice LeBlanc's widely-known fictional character will prove disappointing to action fans inasmuch as it specializes in dialogue rather than action. However, the importance of its cast names, particularly Melvyn Douglas and Warren William, by both of whom fine-grained performances are contributed, will aid its success in the exhibition field at which it is aimed. The picture's weakness—lack of pace—is attributable to direction rather than production, story or cast. Lupin, thought dead by international police, is really living as a respectable country gentleman, but goes into action exposing a crook-opportunist using his name. G. Fitzmaurice directed.

Players are Melvyn Douglas, Virginia Bruce, Warren William, John Halliday, Nat Pendleton, Monty Woolley, George Zucco.

WESTBROOK METHODIST CHURCH

We closed out our meeting Sunday night which had been going on for the past week, with very good results. It seems that all enjoyed the services very much. Each evening service were well attended, then came our Easter morning service with a full house. Almost all seats were taken. Our Baptist friends were with us for this service and many of them were with us for each evening service. We did not have a great number of conversions but we feel that the church is in much better shape than when we began and I do hope and pray that all will take more interest in the work of the church, always be on time and in their places in the Sunday school and for each church day we urge all to come take part in carrying on the Master's work.

Rev. R. B. Walden, Pastor.

CHURCH ANNOUNCEMENTS

The people of the Rogers community have invited me to give them one Friday night service in each month, so if it is the Lord's will we will be there on next Friday night, April 22. We invite all who are interested in

tery yarn, rapidly paced and geared for good grosses on any program. Its many novel plot angles, competent production, direction and capable acting throughout, guarantee it a reception which will prove prosperous to the exhibitor. Michael Whalen and Gloria Stuart are excellent in the romantic roles, while Paul Hurst and Aggie Herring contribute some splendid comedy. Story concerns the attempt of Miss Stuart, engaged to Whalen, a deputy district attorney, to prove the innocence of a young man recently convicted by Whalen of murder. Despite Whalen's protestations that the boy is guilty, she starts an investigation of her own. The picture builds to a gripping climax in which the boy is proved innocent. Herbert I. Leeds directed.

Players are Gloria Stuart, Michael Whalen, Paul Kelly, Robert Kellard, June Storey, Paul Hurst, Aggie Herring, Leon Ames.

BIRTHDAY PARTY

Irene Alvis entertained Monday evening at her home with a birthday surprise party honoring Miss Rose McMurry. Several games were played and then the group went on a treasure hunt. The treasure was a basket of gifts for Miss McMurry.

Refreshments were carried out with Easter motif. Punch and cake were served to 21 of Miss McMurry's pupils.

METHODIST MISSIONARY SOCIETY

The Methodist Missionary society met Monday with Mrs. Van Boston with 15 present. Mrs. Skelton gave the introduction to our new study course "Songs in the Night." Plans for the banquet were discussed. The next meeting will be Tuesday evening with Mrs. Joe Brackeen at which time the delegate to the missionary conference will give her report.

FRESHMAN NEWS
The report cards were given out last Thursday. Some were alright, and others were awful. Since this is the last six weeks of school maybe

there will be a better report next time.

I think we had better send to Ripley's Believe It or Not about Joyce being back at school. She has had chicken pox and measles. We doubt whether there is anything left for her to take.

Several of the freshmen wrote to some boys and girls in Hawaii. So far as I know Myriene is the only one to receive an answer.

The freshmen are really proud of the gym. You should see them out there playing. They are getting better all the time.

Most of the V. A. boys are gone. We miss them because our classes are so small.

The baseball girls have been putting off their surprise breakfast for two weeks. They plan to have it this coming Saturday morning.

EASTER

We give here a historical story of Easter. Sunday, April 10th, was Palm Sunday, Sunday, April 17th, was Easter Sunday and the week between is called Holy Week.

Palm Sunday, commemorative of Christ's triumphal entry into Jerusalem and prelude to the passion of the crucifixion and joy of the resurrection.

Palm Sunday, beginning Holy Week, is commemorative of the entry of Christ into Jerusalem when the inhabitants of the city strewed branches of palms in his path.

In the Catholic Church, the special service on Wednesday, Thursday and Friday nights is called Tenebras (darkness). Burning candles typifying the light of faith which was brought to Israel by the prophets and lastly by Christ, are gradually extinguished until the church is left in darkness.

Thursday is Holy Thursday, to the Catholic and Maundy Thursday to others. It celebrates the Last Supper. Good Friday is essentially the saddest day of the church year. This is the time of the Crucifixion, and sorrow ends only with the rejoicing on Sunday, the day of Resurrection.

With Easter, and the end of the Lenten period of sacrifice, will come a lifting of the self-imposed bans which many individuals observe in commemoration of the denial practiced by Jesus.

Not only of religious significance, however, is the gaiety brought by this day. With pagans of the north seasons of Europe, a festival marking the beginning of spring was called Easter.

There is little doubt that this celebration of rebirth and new life has filtered into the Christian observance.

Easter, the festival of the resurrection of Christ, the principal feast of the Christian era. From early Christian times it was observed with great solemnity. In the days for administration of baptism and the following, Dominica in Albis, memorializes the custom of the newly baptized wearing their white robes through the whole week. The faithful greeted each other with the kiss of peace and the salutation "Christ is risen," to which response was "He is risen indeed." This custom is still kept by the devout Russian. In the Roman Catholic church festivities of Easter really begin on the preceding morning with the mass of Holy Saturday, in which the short first vespers of Easter are included; a trace of the times of primitive severity when the mass of that day was celebrated in the evening.

Easter, a festival celebrating the resurrection of Jesus Christ. By general agreement Easter day fell on Sunday, but for centuries, owing to changes in the calendars and other causes, there was confusion as to which Sunday should be thus observed. The rule adopted by the Roman Catholic church and by the church of England is that Easter Day is the first Sunday following the Paschal full moon.

The name Easter is derived from the Anglo Saxon Eostre, goddess of spring. Easter closes the forty days of Lent. Its solemnities are supposed to usher in gaiety in fashionable circles. The flower of the season is the beautiful white Easter lily.

The habit of presenting Easter eggs to one's friends is a custom thought to have been derived from the Persian Magi, the egg being the symbol of creation, birth, or resurrection. Possibly the recreation of spring. Dyeing the eggs is a Christian addition, red in particular symbolizing the blood of the redemption.

Good Friday: The Friday preceding Easter Sunday. It commemorates the crucifixion of Christ, and is observed as a day of religious service, especially in the Roman Catholic and Protestant Episcopal churches. In England and Ireland it is a legal holiday. In some of the American states, also, Good Friday is a school and bank holiday.

The Holy Grail, the cup from which Christ drank at the Last Supper. According to tradition, the cup came into the hands of Joseph of Arimathea, who caught in it some of the blood which flowed from the wounds of Christ when taken down from the cross. The wonderful virtues of the cup are due to these drops of blood which represent the body of the Lord. In time of persecution Joseph was miraculously conveyed with the Holy Grail to England, where he passed the rest of his life. The cup furnished him with food and drink in time of need and with spiritual support. At his death he gave the cup to his successor, charging him to guard it well. It passed from generation to generation. Finally it disappeared from view because of the sins of its custodians.

LETTERS FROM OUR READERS

Mr. F. B. Whiskey,
Colorado, Texas.

Dear "Uncle Fred":
For many years, I have enjoyed reading your weekly editorials in the Colorado Record. Some of these I have clipped and pasted in my scrapbook. Your editorial titled "78", appearing in the issue of April 8, was especially uplifting and impressive and deserves more than silent praise and approbation. I, therefore, "send flowers to the living" while you are here, by taking this opportunity to let you know in my humble way that I am deeply appreciative of your articles and for the privilege of having known a man of your fine intellect and character.

Your thoughts on immortality and your outlook upon the continuity of life have been quite a source of inspiration to me, and to others, I am sure. In your written words, I find concurrence and confirmation of some of my deductions and convictions on these subjects; and, I thank you.

No one can read your writings and fail "to think on these things" in a more enlightened sense. To me, "you are not far from the kingdom"—not through the vestibule of death, but through thought—for your own words and life attest your philosophy that even age is a state of mind.

If you do not linger here on this plane (of thought) to tell us younger folks how it feels to reach the solar age of 79, we shall think of you in the light of Moses who, as you know, tarried in this sphere for 120 years, "and his eye (too) was not dim, nor his natural force abated" when he left. And you, like Moses, are helping to bring mankind out of Egypt—the dark abyss of mortal thinking.

Sincerely yours,
WOOTEN W. JEFFRESS.

Abilene, Texas
April 11, 1938

Dear Uncle Fred:

I have just read your article "78". May I not extend to you my sincere congratulations and wish for you many more years of service to your fellow man—the fine, noble service you have given so many years. Likely you don't remember me. I used to hang out in your shop quite a bit from 1922 till 1925, when my wife taught there.

The Abilene Times last week, in a historical edition, has a notice of me and my work. I'll be 60 June 16. Add to 60 11 years of arthritis and you have a product about your age. This arthritis

stuff is the very dickens, especially when a fellow has it in every joint.

I notice Walter was voted a school trustee. Give him my best regards and good wishes.

With the very highest regards, I am
Sincerely your friend,
W. A. BYNUM.

THE LAND OWNER

A few weeks ago we reported our visit to the tenant or share-cropper farmer. This week we visited among the land owners. We stayed all night with a couple who had recently purchased their land.

They had scarcely got their farm reduced to a kind of weed-producing, weather-fighting, grangelike order of things, with nothing to disturb the quiet, happy, care-free, independent life of the joond farmer, except maybe a little rust in the oats; blight in the wheat; army-worm in the corn; Colorado beetles foraging the potato patch; cutworms laying waste the cucumbers; curculio in the plums and borers perforating the apple trees; a new kind of insect they couldn't guess the name of desolating the pastures; dry weather burning up the barley; wet weather rotting the corn; too cold for the melons and too hot for the strawberries; chickens dying with the pip; hogs being gathered to their fathers with the cholera; sheep fading away with a complication of things no man could remember; horses getting along as well as could be expected, with a little spavin, ringbone, wolf-teeth, distemper, heaves, blind staggers, collar-chafes, saddle-galls, colic, now and then, foundering occasionally, epizootis when there was nothing else; cattle going wild with the horn ail; moth in the beehives; snakes in the milk-house; moles in the kitchen garden.

Two hundred and seven years ago William Cowper, poet, wrote:

God works in a mysterious way
His wonders to perform,
He plants his footsteps in the sea
And rides upon the storm.
Judge not the Lord by feeble sense
But trust him for his grace,
Behind a frowning providence
He hides a smiling face.

How well the last eight years, 1930 to 1937, inclusive, have proved this to be true. From 1930 to 1936, inclusive, we had droughts and great dust storms all over the earth. No doubt but the darkness "that could be felt" mentioned as one of the ten plagues of Egypt (Exodus 10, 21-22) was a dust storm.

This dust was the very cream of the land of untold richness only requiring moisture to make it produce enormous crops. In January, 1937, the moisture came, such a vast amount as produced a great flood that did great financial damages only. Now note the enormous crops of 1937 in the United States, 880,000,000 bushels of wheat, 18,000,000 bales of cotton, almost three billion bushels of corn, and the largest crop of potatoes ever grown here. Also enormous crops of fruits. So what seemed to be a great calamity has proven a great blessing.

A pretended friend is more dangerous to a man and a measure than an open, outspoken enemy. A pretended friend sopped in the dish with Christ at his last supper and the same night betrayed him for money.

A minister may say a hundred good things and never hear a word of commendation. But if he should say one ill advised thing the critics will spread the news far and near.

Fifty years ago it took some 25,000 men to make by hand the number of shoes that 100 machines can turn out today. Busy machines are making idle men.

More persons are killed in car wrecks on Sunday than other days. One of the local churches would be a good place to spend some time next Sunday, and there one is fairly safe from all manner of accidents.

Spring, ah Spring.

With your leafy bowers,
I raise a pail of ginger ale
And quaff it to the flowers.
All good things of life are free.
Sunshine, posy, bird and bee.
For the taking, they are ours,
Except wife's Easter hat with flowers.

Principal G. D. Foster reports that a boy was taken out of school this week because the teacher insisted on making them spell "taters" with a "p".

A rooster cackles when the hen lays an egg for the same reason that A. L. McSpadden grins so silly when someone says the baby favors him.

FISHING LICENSE FACTS
GIVEN BY J. HERRINGTON

In reply to numerous questions which he has been asked recently in regard to fishing license regulations, James Herrington, county clerk, this week quoted these two portions of state game laws:

"Resident citizens of Texas must procure an artificial lure license, price \$1.10, when fishing with artificial lures or bait. (No exemptions.)"

"It is unlawful for any resident citizen of Texas to fish in the counties of Mason, Menard, Kerr, Schleicher, Crockett, Sutton, Kimble, Real, Edwards, Blanco, Llano, Kendall, Gillespie, El Paso, Hudspeth, Culbertson, Val Verde, Kinney, Maverick, Terrell, Brewster and Harris without a resident fishing license, except persons under 17 years of age shall not be required to hold such license and except persons fishing on land he owns or on which he resides shall not be required to hold a resident fishing license. Fee for Resident Fishing license is 56 cents." Herrington states that he has copies of all game laws at his office

for free distribution to those desiring them.

FUNERAL HELD FRIDAY
FOR J. S. LONGLEY, 78,
MRS. HOOKER'S FATHER

Funeral services were held at Kiker chapel in Colorado Friday afternoon at 4 o'clock for J. S. Longley, 78, who died at the home of a daughter, Mrs. J. C. Hooker, at 4:30 Friday morning after a long illness. The Rev. C. E. Jameson of First Methodist church and Woodie Holden of the Church of Christ officiated.

The body was carried overland Saturday for a second service and burial at Lometa Saturday afternoon at 3 o'clock. Mr. Longley's wife, who died in 1928, is buried at Lometa.

Active pallbearers were Lometa residents. The following were named as honorary pallbearers: Dr. Oscar Rhode, Dr. Wm. S. Rhode, O. I. Pinley, W. W. Porter, S. A. Andrews, Paul Harkins, Benton Templeton, C. C. Thompson, Hall Hooker, Howard Hooker, and Jesse Pratt, all of Colorado and Mitchell county; Burtice Ciekler, Frank Ciekler, and E. N. Cummins, all of Inadale.

Mr. Longley was born in Old Evergreen, Washington (now Lee) county, Texas, on Jan. 21, 1859. He was reared in Bell county and was married to Elvira Draper in Florence, Texas, in 1881. He came to Colorado to live shortly after her death in 1928.

Survivors include five daughters, Mrs. Hooker of Colorado, Miss Claudia Longley and Mrs. Jack Brashear of Houston, Mrs. H. R. Stander of Kopperal, and Mrs. Neal Masterston of Brazoria; two sons, H. J. Longley of Lubbock and Dewey Longley of Andrews; a brother, A. C. Longley of San Saba.

Kiker & Son had charge of arrangements.

POULTRY MEETING HELD
HERE FRIDAY AFTERNOON

A conference dealing with the housing, feeding, and diseases of chickens was conducted at Colorado Friday afternoon by Geo. McCarthy, poultry specialist with the A. & M. extension service.

Assisting him in the conference were Miss Ruth Thompson of College Station, district home demonstration agent; Miss Vara Crippen, county home demonstration agent; and B. J. Baskin, county farm agent. Poultry demonstrators in the various home demonstration and girls' 4-H clubs of the county were invited to attend the conference.

1938 Gas Range

FOR BETTER COOKING IN CLEANER, COOLER KITCHEN

Outstanding among its many improvements are the simmer burners on 1938 gas range. They eliminate boil-overs, food boiling dry and excessive moisture in kitchen.

With their automatically controlled boiling heat a continuous gentle boiling action is maintained—thus boil-overs are eliminated because violent boiling action is done away with.

A gentle boiling action does not rapidly evaporate liquids. With this method over an hour is required to boil away one cup of water—thus, danger of foods boiling dry is eliminated. And cooking with little water in covered pans preserves vitamin and mineral content of food—keeps kitchen cooler because little vapor rises from range.

See these improved burners and other features of 1938 gas range. There's nothing like one for easier, better cooking.

MR. WATSON PRESENTS WINNERS AT DISTRICT MEET
Monday afternoon Mr. Watson presented the winners at the district meet. Clayton Henderson, a freshman, won second in the half mile race. Great prospects are seen in the future for Clayton. Catherine Slagle won first in the essay writing where she will go to Abilene to enter. Mary Price, another freshman was sixth in typing. The one-act play won second.

C. H. S. had stronger competition than ever before, but we gave strong competition. The relay team of this year is the fastest relay team ever to be in Colorado High school. Mr. Watson said that we had done better this year in literary work than any other year. We did not take first places but we had an all-around school.

SOPHOMORE NEWS
Let it not be said that a certain soph is conceited—he only has a terrible case of "I" strain. The second semester is on its last legs, and a few cruel students have been trying to devise ways to quicken the death of School Year, 1937-1938. The sophomore picnic held last Wednesday at Seven Wells will long be remembered as a bright spot in class history. The bustle and confusion of getting "a mil-yun kids" in cars to get to the scene of the festivities made the sponsors and Buster Slanton's hair perceptibly whiter.

Buzzie's jauncy bouncing about on the road and skidding around corners like a scared yaller pup. The arrival at the Wells, and the steaks already broiling. Running barefooted about on the rocks, and wading up and down the "crick", stepping on rocks, slimy little tadpoles, and sinking into the nice, gooey mud. And the mud-fight! Need more be said? Candid camera shots of everybody in all positions by Maw Webb and friends. Close harmony (too close for some!) by eating—savory, broiled steaks, pickles, onions, et cetera—oranges, cookies, marshmallows, and then a bonfire as the sun slid into bed. More fun than at any other sophomore frolic. "Swell!" "Let's do it again tomorrow!" and "I want another steak!" were comments heard as the sponsors ushered their charges back to town at the end of a perfect day. Cora Mae received a box of luscious Easter chocolates brought by a blonde Easter bunny. Nancy Price was scared out of a year's growth last Saturday by a fictitious report which made the rounds of the city. For water on the knee wear pumps. What sophomore girl is being called "Mrs. Astor"? Doris Flo Doss and Beulah Robinson will go to Santone to the State Home Ec. Rally early in May. Early arrivals at school enjoy the important concerts given by a group of curb-sitting band boys. We advocate some assembly concerts for the benefit of the entire school (and maybe the rest of the band would benefit the harmony of the curb-sitters). There were many soph beauties Easter parading over the holidays. Did you see Nan Price's peaked pink straw? And Beulah's fruit-basket dress?

And Hatchie's creamy blue pleats? And Harry Etta's dippy pink felt hat? And Sara Ann Pond's perky straw? Jeanne Morrison wore a gay print and navy hat with matching streamers. If people tried to put back into their mouths all the things that came out, hospitals would overflow with cases of vernacular indigestion. Lipstick may now be had in almost six delicious flavors: strawberry and raspberry lead the field in popularity. The young blades of the town wouldn't miss the Easter parade, and consequently stepped out looking like an Esquire fashion page. It is said that some were not recognized at first glance, as dirty cords and sweatshirts were not definitely were not to be seen. Formula for success: Keep your eyes open and your mouth shut. To eat grapefruit, reverse the process. Jeanne journeyed to Big Spring Sunday to see "Snow White and the Seven Dwarfs". Which reminds us—A certain slime came to school the other day dressed in dazzling white, and immediately became "Snow White" to his classmates. When several other fish gathered around him upperclassmen revised the title to read "Snow White and the Seven Thugs". "Coo-coo" campus couples are taking advantage of the moonlit nights, spring flowers, and so on... but heck! No "pomes" have been written nor recited by ardent Romes to shy Juliets—yet! The trophy case in the front hall makes a good substitute for a mirror. The book review by Miss Evelyn Oppenheimer was of great interest to all students, many expressing a desire to hear her review other books. Billie Arnold and Jack Long are and have been "phft!" for sometime now. But Billie is doing all right—she received a corsage at Easter from a very mysterious somebody. The Road Survey gives the class a chance to "do something for the good of humanity!"

know why we are given extra points in English if we read a certain number of books during the year? Why do we have text books to study? Books are the doors to knowledge. Some students, or maybe I should say pupils, read the pages of a book because they know they have to in order to get their full credit in a subject, but this way they get nothing from the book which will be useful because it is empty to them. They know nothing that they have read. During the reading of just words, they are not concentrating on what it says. They do not know how to enjoy a good book. Some one has said that books are our friends. Every good student knows this is true.

Books lead to better conversations, broad-mindedness, and greater appreciation of the beauties of nature, life, and love. There is a poem which tells of a lady who had seen the beautiful Alps of Switzerland, the wonderful scenes over all the countries of the world, and then we find that she was an invalid who could never walk. She did her traveling through books. So read—and be the better for it. Concentrate on the book and what it says—not that you must have it finished by next month.

JUNIOR NEWS
Thursday afternoon a picture show "The Covered Wagon" was shown in the auditorium from 2:15 to 3:30. The Junior class challenged the Seniors for a wager of four dollars based on the actual number of the class there. The Juniors won. This makes them have a total of a few cents over \$102.00 which is a great advantage to them in putting on the forthcoming Junior-Senior banquet.

CLASS FAVORITES ELECTED
Several weeks ago Fae Porter was elected the Juniors' favorite girl. Last Tuesday Rudel Glover was elected the favorite boy. Dick Jones, the class heart-beat, ran a close second but it seems Rudel was the best man. "Congrats" to Rudel—and better luck next time, Dick.

FRESHMAN NEWS
During the Easter holidays: Some Freshmen "grew small" and hunted Easter eggs Sunday. Orabell Forbes spent the week-end in Lubbock. Onnie Mahan had an enjoyable time fishing. Betty Whipkey and Phyllis Bernman were in Abilene Friday. Some girls (and boys) visited Seven Wells Sunday. Who? (Ask Marjorie Lowe for further information.) The seventh graders kinda "cut 'em up" at a Freshman party Thursday night.

BOOK REVIEWED
Many high school students heard the most interesting book review ever to be given in Colorado on last Thursday night. The auditorium was almost filled with eager listeners. Half of the high school body attended. Miss Oppenheimer told the story in such a realistic manner, the characters came to life. She has a rare

gift of story telling and a wonderful personality. Miss Oppenheimer has a return engagement in October. Ruth Hardison. **BOOKS RESERVED** The "home economics classes are studying how to obtain a better personality. Three books have been reserved for their use in the library which are "Manners for Moderns," "Manners for Millions" and "Boy Dates Girl." They plan to study introductions first. How to introduce people, how to meet others personally and in groups. When they finish this, they will study other ways in improving the character. This course will be helpful in all respects. Ruth Hardison.

BAND NEWS
At the beginning of the third period Tuesday, the C. H. S. band went to town to play for about 75 business men who came in on the Fort Worth special. The business men included chiefly merchants and others who are on a good-will tour. Ruth Elliott. **PLAYGROUND BALL TEAM TO COMPETE IN DISTRICT** The CHS playground ball team, county winner, will go to Sweetwater Saturday to play for the District title. The team will not know who it is to play until the drawing at 9 a.m. Saturday.

The lineup: Richard Thomas, C; Nat Mann, P; Sam Coker, 1B; Junior Furlow, 2B; O. B. Trulock, 3B; Clayton Henderson, 1S; Ross Glover, CF; M. A. Webb, 2S; Clarence Walker, LF; Clifton Caffey, RF. The team's assets are its skill, its determination, and its hope; CHS is confident these will make the team a winner.

A CONTEST
Last Thursday Mr. John H. Stover presented and interpreted the silent version of "Covered Wagons" with assorted Mickey Mouse comedies and another feature. Freshmen vs. Sophomores and Juniors vs. Seniors held contest against one another by each trying to have the most present and receiving the four dollars prize offered.

Catherine Slagle won first place unanimously in the Ready Writers contest at the district meet last Friday. Catherine will enter the regional meet to be held in Abilene Saturday the 23rd. C.H.S. is proud of Catherine's ability as a writer and prophesies for her a great opportunity in this field. Our play "Three's a Crowd" won

second place in the district meet and we are very proud of that. Louise Dockery. **C.H.S. WRITERS IN DISTRICT PLAY** Colorado High school's tennis entries in the district meet held Saturday at Sweetwater bit the dust in first round matches. Ernest Smith, C.H.S. star, drew a bye in the preliminaries, but was defeated by Hamlin in the second round. The score was 4-1, 8-3. The senior doubles team, Red Blasingame and Warren Anderson, lost in a first-

WESTBROOK

(Continued from Page 3)

By Cleda Morris
Miss Ruth Trice, daughter of Mr. and Mrs. A. R. Trice and Ewell Geiger, son of Mr. and Mrs. George Geiger, were married Sunday night at 9 o'clock by the Rev. T. A. Patterson at the Baptist parsonage.

Following the ceremony they returned to their completely furnished home in the Horn's Chapel community.

Friday night at 7:30 the Horn's Chapel school pupils will be presented in a program. All candidates of the county will be given an opportunity to speak. The public is cordially invited.

Miss Mildred Hinsley was the guest of Miss Francis Humphrey over the week-end.

Mr. F. P. Roney visited in the home of his daughter, Mrs. A. M. Morris Sunday.

Mrs. Blease Cathcart and children visited her sister, Mrs. Milton Hardee over the week-end.

Della Fay and Mary Corine Horn spent Sunday in the Nolen home.

Mr. Ed Hinsley, Jimmie and Mildred, visited his sister near Westbrook Sunday.

Connie Robertson spent Monday night with Cleda Morris.

Mr. and Mrs. L. D. Robertson and family spent Sunday in the M. W. Morris home at Westbrook.

Mr. and Mrs. G. Coe were guests in the J. P. Jameson home Sunday.

SNYDERS RETURN

After spending the Easter week-end here with D. H. Snyder, Sr., the D. H. Snyders, Jr., and other relatives and friends, Mrs. D. H. Snyder, Sr., and her daughters, Susie Beal and Helen, returned to Fort Worth Monday morning, Mrs. Snyder is staying in Fort Worth because of her health.

VISIT IN BROWNWOOD

Mr. and Mrs. H. B. Spence spent the Easter week-end in Brownwood visiting Mr. Spence's parents, Mr. and Mrs. J. J. Spence, and Mr. and Mrs. James Logan, former Coloradans.

HERE FROM WEATHERFORD

Easter guests of the Doss and W. R. Motley families here were Mrs. W. Y. MacKenzie and Mary Etta Motley of Weatherford. Mrs. MacKenzie is a sister of John L. Doss.

privilege that comes once in a lifetime of a school. They open the new gym to the public Friday night when they present "Murdered Alive," a three act comedy. An admission of 15c and 25c will be charged for this double feature, the opening of the new gymnasium and a grand play. Don't miss it! Attend the first program in the new gym and help the seniors out.

THE SEVENTH GRADE

For the past week the seventh grade has been playing volleyball in the new gym. We are very glad that it is finished.

Joe Ed Richards enjoyed a trip with the vocational agriculture boys to A. & M. College.

Russell, who has been absent for quite a while is back with us again.

We are very glad to have Earl Parker, a new student with us. He comes from Houston.

Don't miss "Murdered Alive" Friday night. Just about the funniest thing that has happened this year.

JUNIOR NEWS

Extra! Extra! Earl Neal arises at the early hour of 5:30 o'clock on Monday morning—a record is broken and everything! Tell us Earl—how does things look at that time of day.

It seems that Boyd's new motto is "back me up Earl" goes something like this: "Two girls are as easy to handle as one." Well, good luck! On second thought—Just forget I said it!

Winton Lee is in love! Honest he is, he told me all about it. Just a minute, don't get excited girls. It's Sonja Henie. It seems that he saw her in "Happy Landing" last Sunday or so. More power to you, Whimp.

Ramelle is all that flirting that you girls go on between you and a certain junior boy, just for the sake of a date on May 7.

Wow! What is this weather gonna do? Snow, dust storms, hot weather, rain, hail, and then more hot weather. Well, anyway, I think that all of us are just waiting for a certain "swimmin' hole" to open up, so that we can cool off!

Iris wonders if she will be thought of while he is away for a few days! This one can't be blamed for the spring either, it started way deep in the winter!

Wanted—a first class gigolo—apply to June Shelton, please apply before May 7th.

Those Seniors! Do they get everything—gonna have their play "Murdered Alive" in the new gym, and do we burn! Well, I guess there is nothing we can do—so good luck Seniors! We know it will be good and that the gym will be honored

LONG JUMPS AHEAD OF MERE "OIL CHANGERS" because

ONLY YOUR MILEAGE MERCHANT OIL-PLATES YOUR ENGINE

In this space suppose you'd mark down what you would pay some average "oil-changer" for your indispensable Springtime oil change that the oldest or newest car needs badly right now.

In this space then you would mark down just about the same!... which is all you will pay for making the whole great 1938 Springtime TRIPLE-CHANGE...

- the change to Your Mileage Merchant's station
- the change to his Conoco Germ Processed oil
- the change to an OIL-PLATED engine for you

Only the patented Germ Process creates an inlay of lubricant all over the inner engine surfaces—a PLATING of oil that holds as close as any other plating on your car.

Not a chance then, for cylinder walls and other delicate surfaces to drain dry every time you park. Hence not a chance of "dry starts," that can cause more wear than all your jaunts this Summer. And the gauge-stick tells your own eyes that OIL-PLATING is the twin of OIL-MILEAGE! So change to Your Mileage Merchant. Continental Oil Company

to have you grace their stage first.

Winton Lee (Whimpy) Coleman can get an argument just anytime he wants it. His opponent is Mr. John Wm. Hood—it goes on every day during history class (except when Whimpy goes to sleep). The good part about it, is that we miss out on some of the history. Best luck!

YOUR LAST CHANCE TO SEE THE SENIORS OF '38

Your last chance to see the Seniors of '38 in real action (besides their final march down that 'ole aisle) will be Friday night when they present their annual senior play in the new auditorium at the recently completed gym. "Murdered Alive" will be very entertaining to all that attend. Save Friday night for the senior play.

SENIOR NEWS
The new curtains for the gym

have arrived and it is now ready for the public. The seniors will present the play "Murdered Alive" in the new gymnasium Friday night, April 22. Admission will be 15c and 25c.

Characters in the three-act mystery comedy are: Mrs. Libby Ryder, a society matron Cap McKinney.

Arden Ryder, her charming young daughter—Fionelle Davis. Warner Melton, in love with Arden—J. K. Bolin.

Tillie Meek, a maid—Elizabeth Young.

Iris Alda, who gets messages from the dead—Dorothy Taylor.

Luverne Speed, from Creston Corners—Modenia Elliott.

Stella Bacus, who rules the roost—Lena Lee Bird.

Frank Bacus, her weaker half—M. L. Cope.

Action Chance, a correspondence school detective—Leecroy Clifton.

Otis Marvin, a lawyer—Chester Anderson.

Arline Ivans, charming and refined—Leona Moon.

The Mysterious Stranger, who is all that the name implies—Clarence Moore.

You'll laugh! You'll scream! Don't miss "Murdered Alive" Friday night.

The seniors have new lockers in their room, of which we are very proud. The manual training class made them. They are very nice and the seniors appreciate them a great deal.

M. L. Cope, Leslie Bassenger, Alfred Taylor, Chester Anderson, Neal McCullough, Carroll Mitchell, and Billy Waters are on the P. F. A. trip to Austin, Galveston, Houston, and other points of interest this week.

After play practice the senior cast have had some form of entertainment several times. There has been a picnic, a hay ride, and just "get together."

Don't forget to attend "Murdered Alive" Friday night. The seniors will appreciate your good will and patronage very much.

P. F. A. BOYS LEAVE ON TOUR SATURDAY MORNING About 5 o'clock Saturday morning.

Poorly Nourished Women — They Just Can't Hold Up

Are you getting proper nourishment from your food, and restful sleep? A poorly nourished body just can't hold up. And as for that run-down feeling, that nervous fatigue, don't neglect it!

Cardul for lack of appetite, poor digestion and nervous fatigue, has been recommended by mothers to daughters—women to women—for over fifty years.

Try it! Thousands of women testify Cardul helped them. Of course, if it does not benefit you, consult a physician.

about fifteen of the V. A. boys left for the contests at A. & M. and then on to Galveston, San Antonio (Brackenridge Park), Houston, and several other points of interest. They gave a play Friday night and made expenses for the trip. After the play about 24 of the cast and others piled in the back of Mr. Cox's pickup for a hay ride (on the hay used in the play). They will not return until late Wednesday.

OUT OF OUR NEWS BOX

Joan sure is getting smart about writing the news about Pay Nell, Oley V. Ruby, Dick, Virginia and Perry, but for some strange reason, she didn't succeed.

I don't see why the juniors don't get some show with their "upside down" reading. They are getting pretty good at it. (However, they should, they've had plenty of practice.) For anyone who wants to practice, here's how it's done. Just be laughing talkin, chewin' gum or anything that you shouldn't be doing and when you see Mr. Hood coming, grab a book!

Mr. Hood is going to get a watchdog to watch the fish. (I wouldn't be surprised if it isn't a junior he is going to appoint as his watchdog.) Because the fish never study.

Mr. Lauderdale has hit on the wrong idea entirely. He looks about four or five juniors and seniors up in a room together and expects them to study. Doesn't he realize that they hold an eternal grudge against each other (good natured of course) and are always ready for a scrap.

FOOTBALL GAME FRIDAY

The first game of the season, and the first game ever for Westbrook will be held Friday at Courtney. There will be a game here in a week or two. The field is being laid off. Watch for the announcements. The game will be at Courtney at 4 o'clock unless the time is changed.

Be sure and see the Senior play Friday night at 8 o'clock. Admission 15c and 25c.

round match with Stamford.

Saturday, April 23, Colorado High will be represented by entries in each division of junior tennis. Harry Etta Landers last week defeated Bauman, county winner of rural junior girls.

7-5, 0-6, 8-6, to gain the privilege of competing in district play. Ann Axtell and Bobbie Lou Cooper are C.H.S. entries in girls doubles; E. J. Tilley and Louis Bodzin will form boys' doubles. The player who will pinch-hit in boys' singles for Clayton Henderson, who will compete in the Regional Track Meet Saturday instead of playing on the C.H.S. tennis team, has not yet been selected. This junior team is fairly strong, and

C.H.S. hopes to be among place winners in district competition.

Catherine Slagle. CHEMISTRY CLASS TO ABILENE FRIDAY

The Chemistry class is to leave for Abilene Friday morning at the end of the third period. The class of 21 students is to be chaperoned by Mrs. Walter Whipkey and Mr. Pratt. They plan to arrive in Abilene at noon and immediately after lunch visit the Banner Ice Co., then go out to the State Hospital. It is hoped they leave the colony with all present and accounted for. Along with shopping they plan to attend the theatre, have dinner in Abilene, and leave for Colorado at 7:30 or 8 o'clock. This is the second field trip the class has made this year.

Virginia Whipkey.

F. F. A.

The Colorado Fat Stock Show was a success. All 36 calves sold at a very good price and most of the boys made some profit on their calf feeding projects. The whole F. F. A. department certainly appreciates the

help of the business men in putting on such a good show.

If the conditions are favorable for this next year, we plan to have 100 calves on feed. There are four or five boys who plan to milk-feed some calves, three of whom were lucky enough to have a calf given to them at the show. We plan to have about 100 sheep also. We already have five girls that will farrow in time for our next show.
