

## PERMIAN BASIN OIL, BUSINESS AND LAND BODY LAUNCHED HERE

TEMPORARY ORGANIZATION SET UP WEDNESDAY AT MEETING ATTENDED BY 15 BASIN TOWNS

Evidencing enthusiasm and interest, representatives of 15 towns in the Permian Basin oil area met here at the Colorado hotel Wednesday night to set into motion machinery for the organization of a body combining and coordinating the land, oil, and business interests of the territory.

Permanent organization is to be completed at the Permian Basin anniversary celebration to be held here Aug. 24-25, commemorating the 19th anniversary of the completion of the basin's first successful oil well in the Westbrook field of Mitchell county in the summer of 1920. Tentative name for the organization is "Permian Basin Oil, Land, and Business Men's Association."

Setting up a temporary body to serve until the permanent organization is completed, the group meeting here Wednesday night elected Frank Kelley, head of the Magnolia company's east Permian Basin land and lease office at Colorado City, as chairman. H. B. Spence, manager of the Colorado City chamber of commerce, was made secretary. Kelley appointed A. B. Davis of Lubbock as chairman of a committee to draw up constitution and by-laws for presentation at the organization meeting. Other members of the committee are to be named by correspondence.

Permian towns represented at the gathering were Big Spring, San Angelo, Odessa, Pecos, Littlefield, Seagraves, Brownfield, Snyder, Lamesa, Seminole, Midland, Kermit, Tahoka, and Colorado City. More than 60 attended in all. One of the official representatives from each town was an oil man, one a land-owner, and one a business man. These men will form the directorate of the permanent organization.

As president of the Colorado City chamber of commerce which is sponsoring the move to organize the Permian Basin, Dr. W. S. Rhode had charge of the meeting. He introduced Frank Kelley, who outlined the need for such an organization and explained plans made so far.

J. C. Watson of Abilene, executive secretary of the West Central Texas Oil and Gas association, and John Kelley of Dallas, executive secretary of the Texas Mid-Continent Oil and Gas association, explained what can be accomplished through organization in the oil industry and endorsed the move to organize the Permian basin.

Plans for the celebration in August as worked out by R. J. Wallace, chairman, and other members of the local celebration committee were outlined. The program will include a horse show, a barbecue with Sen-

## FREIGHTER ON WHICH FORMER COLORADO CITY BOY WORKED GOES DOWN

A former Colorado City boy, Bennie Reed, son of Mr. and Mrs. T. E. Reed, was fourth engineer on the steamship Edzar F. Luckenbach which sank in the Mississippi river recently after colliding with a ferry. Reed gave a first-hand account of the incident in a letter to his mother. He said that the ship was fully loaded and had just finished taking on fuel oil for a trip to San Francisco when the collision occurred.

After the collision the ship was towed to the side of the river and beached. It sank gradually and then slid off into deep water. The crew of 36 left the freighter safely several hours before it sank, Reed wrote.

Sinking of the ship left Reed without a job for the time being, he wrote his family, but he hopes to ship again in a few days. Mr. and Mrs. Reed visited him in New Orleans a short time ago while on their vacation.

## C. S. LAMBETHS MOVE TO WESTBROOK AGAIN

After four years in Stamford, Mr. and Mrs. C. S. Lambeth and son, Darrell, have moved back to Westbrook. Lambeth is to be manager of the Westbrook Cooperative gin.

## WORK STARTED ON 1,500 NEW SEATS FOR RODEO PLANT

EXPANSION BEING MADE IN PREPARATION FOR 1939 ROUNDUP RODEO ON SEPT. 7, 8, AND 9

Work was begun this week on the addition of some 1,500 seats at the Colorado City Frontier Roundup grounds in preparation for the 1939 Roundup rodeo on Sept. 7, 8, and 9. Plans for the work as mapped by a building committee composed of Earl Hammond, Irwin Terry, and Sam Wulfjen were approved at a meeting of the Roundup directors early in the week.

Hammond is in charge of the work. About 700 seats will be added to the bleachers and about 800 to the grandstand, according to O. F. Jones, Roundup president. Several new boxes will also be built. The Roundup plant was constructed a year ago in time for the 1938 rodeo and is considered one of the most modern and efficient in this section.

## PERMIAN CELEBRATION COMMITTEE CONTACTS TOWNS IN THREE TRIPS

Members of the Permian Basin celebration committee of the Colorado City chamber of commerce made three simultaneous trips last Friday to contact basin towns and cities in regard to being represented at the preliminary organization meeting here Wednesday night.

R. J. Wallace, Dr. W. S. Rhode, and J. W. Randle visited Sterling City, San Angelo, Merton, Big Lake, Rankin, McCamey, Odessa, and Crane.

H. B. Spence and Ben Smith went to Big Spring, Midland, Monahans, Kermit, Wink, and Pecos.

Frank Kelley and R. H. Cantrill made stops at Snyder, Post, Slaton, Littlefield, Lubbock, Brownfield, Tahoka, and Lamesa.

All three groups reported that they encountered encouraging enthusiasm for the proposed organization of Permian basin land, oil, and business interests in all towns visited.

## PRESBYTERIAN PASTOR NOT TO ARRIVE UNTIL EARLY PART OF WEEK

Arrival of the new First Presbyterian pastor, Rev. John J. Muller of Belton, will be delayed until after Sunday, it was announced this week.

Rev. Mr. Muller at first planned to fill the pulpit here Sunday morning. According to his new plans, he will preach his first sermon as pastor on Sunday, August 6.

The new pastor and his wife and child are to arrive early next week and occupy the manse which is being repaired and repainted for them east of the church.

## LOGAN MOVES FEED STORE AND HATCHERY TO A NEW LOCATION

D. M. Logan has moved his hatchery and feed store to a new location east of the Hicks Rubber company building.

He has also purchased two units of the nationally famous Robbins Hatchery equipment with a 72,000 egg capacity, and plans to have these installed and ready to go by Sept. 15.

Carl George has been employed as a salesman on the Logan farm.

## R. S. BRENNAND BREAKS HIP IN FALL AT HOME

R. S. Brennand, Sr., pioneer Mitchell county rancher and former postmaster here, is in Baylor hospital at Dallas for treatment of a broken hip which he sustained in a fall while going down the back door steps of his home last Friday morning.

The bone was to be set Thursday and Brennand will have to remain in the hospital at least three weeks.

It was reported here. His daughter, Mary Belle, is with him. She and a son, R. S. Brennand, Jr., of Midland, accompanied him to Dallas in a Kiker & Son ambulance Friday, but the son returned to his work Monday. Mrs. Brennand is recovering from surgery which she underwent a few weeks ago.

## GIVE RUDDICK PARK AMPHITHEATER ADEQUATE LOUD-SPEAKER EQUIPMENT!

There always has to be a breaking point, it seems, and last Friday night apparently brought public patience with the inadequate loud-speaker system at Ruddick park amphitheater to that point.

Protests and crumblings over the system's behavior—or lack of it—during the excellent program staged Friday night by Dr. Harry Lozsdon and Harry Ratliff and their "ranch hands" were heard all over town Saturday morning.

The fact that the program was one of the most successful ever staged at the amphitheater was certainly in spite of the loud-speaking system and not because of it.

Granted that much of Friday night's trouble was due to dampness and its inevitable effect on things electrical, the loud-speaking system at the amphitheater has given plenty of trouble on dry nights and, to be quite frank, doesn't sound good even when it sounds all right.

The men who have worked so faithfully with the system Friday night after Friday night are not to blame. They've worked hard to make possible what amplification we've had. It's just that they aren't miracle-workers.

Now, if Colorado City used a loud-speaker system about three times a year or something like that, there might be some point in getting along with a makeshift. But Colorado City doesn't. For the past four summers it has used or needed to use a loud-speaking system at least one night a week for twelve weeks in the year.

Men who ought to know whereof they speak say that the band shell needs a built-in loud-speaking system, with swinging microphones of good quality and with built-in amplifiers to eliminate that tinny sound which the present system has at its best.

It would be a thing which would add to the enjoyment of some 5,000 Mitchell countians every summer night. It would keep talented persons from hesitating to appear on Ruddick park stage for fear of being made ridiculous by a temperamental microphone.

Such a system as the amphitheater needs probably can't be financed by any individual or organization. When you come to think of the matter, it's not quite right that the cost should be taken care of privately.

The public has been enjoying these programs for four years.

They've been free to rich and poor alike, and the rich and the poor alike have come.

There may be times when the programs are far from professional in entertainment quality, but remember that the crowds have always stayed and have so far always come back for more.

"Amateur hour" is a distinctive thing, a sort of institution, which Colorado City should endeavor to keep alive and going strong.

The fund to finance an adequate loud-speaker system has already been started by the now inactive Junior chamber of commerce, which has donated its final \$38 to the cause.

If a small donation were made by every family group which has been to the amphitheater as many as three times this summer, consider how this fund could be swelled.

And consider, too, what a cheap price such a donation would be to pay for the restful pleasure and entertainment received at the amphitheater.

Ruddick park amphitheater has given plenty to most of us. Now let's give the amphitheater something!

## PENNEY STORE MANAGER

E. R. Bibby, who has been manager of the J. C. Penney store here since it was opened 10 years ago.

## J. C. PENNEY STORE HERE IS TEN YEARS OLD ON AUGUST 1ST

EARL R. BIBBY HAS BEEN ITS MANAGER SINCE THE BEGINNING; BUSINESS IS ON INCREASE

A new name was entered on the business roster of Colorado City 10 years ago August 1 when what had formerly been known as the J. B. Eyras store became the J. C. Penney store in the present location of the Penney store.

The deal by which the Penney company absorbed the Eyras company stores had been started early in 1929. The store here was the only one operated by the J. B. Eyras company in Texas.

Soon after the deal got underway the Penney company sent Earl R. Bibby here from Cleburne to manage what was still known to the public as the Eyras store. Bibby has remained here in the capacity of manager ever since.

Bibby had been with the Penney stores in Cisco for a year before going to Cleburne, where he stayed four years. Here in Colorado City he has been active in civic and business organizations since the beginning.

The store has been twice remodelled and improved under J. C. Penney ownership. Business this year has so far shown about a 15% increase over that for last year.

Mrs. Roxie Witten has been associated with the store longer than any other employee, having begun working there in 1932. Others now associated with the store and working during the first period of the year are: Clyde H. Young, assistant manager; Mrs. W. M. Moseley, Amarie Gann, Mrs. Mabel Alvey, Mrs. Freda Marshall, Mrs. Mae Burrows, Mrs. H. C. Fenderson, J. V. Glover, Clyde Dalton, and Douglas Bibby.

## NFLA WOMEN ARE INVITED TO ENTER AN ESSAY CONTEST

WINNERS TO BE ANNOUNCED AT ANNUAL STOCKHOLDERS MEETING SEPT. 23

Wives and daughters of stockholders in the Colorado National Farm Loan association have been sent letters by Chas. C. Thompson, secretary-treasurer, advising them of an essay contest to be held in connection with the annual stockholders meeting on Sept. 23.

Essays on "How to Buy, Pay For, and Improve a Farm Home" are to be submitted not later than August 31. Each essay must be accompanied by a budget, which will count 50% while subject matter will be 35% and neatness 15%.

Winners will be announced and prizes awarded at the annual meeting, which will begin at 10 o'clock on Saturday morning, Sept. 23, at Ruddick park amphitheater and close with a barbecue at 1 o'clock.

## McKENZIE-SILVER RESIDENTS BEING HONORED THURSDAY

CC GOODWILL DINNER IS BEING HELD AT McKENZIE SCHOOL

Business and professional men of Colorado City will gather at the Colorado hotel Thursday evening (tonight) at 6:30 to go en masse to a chamber of commerce goodwill dinner at McKenzie school.

Men of both McKenzie and Silver communities will attend the dinner as guests of the Colorado City group. Jake Richardson will be toastmaster. An informal program will include music by the Colorado City Cowhand band.

Women of the two communities will serve the dinner with Mrs. Ed Snowden as general chairman of arrangements.

## CLUB NIGHT WILL BE OBSERVED AT RUDDICK PARK FRIDAY EVENING

Amateur hour at Ruddick park amphitheater Friday night will be devoted to numbers arranged by clubs and civic organizations. More than six clubs have signed up to present numbers on the program, according to H. B. Spence, chamber of commerce manager.

## MAX BERMAN GROUP LEAVE FOR MARKET

Representing the Max Berman Department store, Mr. and Mrs. Max Berman, Phyllis Berman, and Mrs. Harry Ragan left Sunday for the markets in Dallas and Fort Worth.

They planned to spend this week selecting an unusually full line of fall stock to feature the open house which will be held when the extensive remodeling and improvement now underway at the store is completed.

## TO PREACH AT WHITE CHURCH

G. A. Dunn of Dallas, preacher for the White Church of Christ revival which opens Friday night.

## SNYDER POOL IS GIVEN EXTENSION BY TWO NEW WELLS

Two new wells said to be "as good as the best in the field" gave the D. H. Snyder pool in southeastern Howard county a half mile north-westward extension during the past week.

Pushing of production limits of the Snyder area to the northwest and toward the East Howard pool was indicated in the showing of the F. H. E. Uo. 1 D. H. Snyder. Shot with 700 quarts of liquid nitrogen from 2,674 to 2,856 feet in lime, the test blew a half hard gravel tamp, headed and then made a second flow an hour following the shot.

Pay top was on a level with Snyder production and the pay horizon was slightly thicker than in tests to the west. Porosity was good and the well carried 1,500 feet of oil in the hole prior to the shot. Location is 1,650 feet from the west and 340 feet from the south lines of section 21-30-18, T&P.

Sun No. 6 D. H. Snyder was shot Tuesday night and was cleaning out Thursday. This well is located 2,310 feet from the south and 1,650 feet

## WHITE CHURCH OF CHRIST REVIVAL BEGINS FRIDAY

G. A. DUNN OF DALLAS TO BE PREACHER FOR 10-DAY MEETING

A ten-day revival meeting is to open at the White Church of Christ northeast of Colorado City in Mitchell county Friday night.

Preaching will be in charge of G. A. Dunn of Dallas, who held a revival at the Colorado City Church of Christ several years ago. Song services will be led by Curtis Rogers. H. L. Baker, elder of the church, announced this week that services will be held twice daily, at 10:30 each morning and at 8:15 each evening.

from the east lines of section 28-30-18, T&P.

These two wells bring the total of successful wells on D. H. Snyder land in the pool to between 45 and 50.

## PAVING PROGRAM IS UNDERWAY AGAIN AS NEW PERIOD BEGINS

MAYOR GIVES ASSURANCE THAT PROJECTS WILL CONTINUE AS LONG AS FUNDS LAST

Paving projects on Colorado City streets were underway again Wednesday morning as a new pay period for WPA employees began.

Mayor J. A. Sadler made the statement Wednesday that paving will continue until the town "runs out of money and subscribers, or WPA runs out of men."

Work on the projects has been moving slowly during the last few days because the man hours for the WPA pay period ending Tuesday had been used up, city officials explained. Thirty-nine men, all there are available on WPA rolls at present, went to work Wednesday morning under the new pay period.

It has been explained that when the paving project was first applied for nearly a year before city bonds were voted the county had over 100 men on its WPA rolls eligible for employment. At the time the bonds were voted the total had dwindled to 66, and when actual work was begun there were only 43 certified men on the rolls.

After the recent river flood, these men had to be pulled off of paving projects to do emergency repairs at the city disposal plant and elsewhere, according to Mayor Sadler. Consequently, paving came to a virtual standstill.

"It must be remembered," Mayor Sadler said, "that WPA projects are designed for one purpose as far as the WPA is concerned, and that is to give employment to men who must have work and cannot find it in private enterprises. When a WPA enrollee gets an opportunity for private employment at a reasonable wage, he has to take it. If the city or any individual should hire non-WPA labor to go on with a WPA project, the WPA would promptly withdraw its aid."

Local WPA rolls have been dwindling steadily for the past several months because of increased farm work and other forms of private employment. It is said. There has been an unusual demand for day laborers since the recent flood did extensive damage to several private business concerns.

To save interest on money not being used, the city council is selling the \$50,000 worth of paving bonds voted by the city only as needed. Mayor Sadler says. So far only one block of \$12,000 has been sold, and only a fractional part of that amount has been actually spent.

There are 16 blocks in the present paving unit. The first completion will be made this week when topping has been run on Tenth street.

Mr. and Mrs. E. C. Nix, Sr. of Lamesa spent Monday in the home of Mr. and Mrs. E. C. Nix, Jr.

## DELIA FRANK JAMESON TO BE COLORADO CITY SPONSOR AT MIDLAND

Selection of Delia Frank Jameson as Colorado City's sponsor at the Midland rodeo Sept. 2, 3, and 4 has been announced by H. B. Spence, manager of the chamber of commerce.

Miss Jameson is the daughter of Mr. and Mrs. Frank Jameson, pioneer ranching family of the McKenzie section of Mitchell county. They now live in Colorado City.

## MUSIC WORSHIP FOR BAPTISTS ON SUNDAY

A worship service in song and music is being planned for the morning church hour at First Baptist church Sunday, according to Chester Thomas, music and choir director for the church.

The church was not used last Sunday for church services, the pastor being away and the auditorium being in the midst of extensive improvements. The pastor will still be away this Sunday, but improvements in the church auditorium will be nearly complete.

New pews and choir furniture were installed this week. Repainting of the interior and refinishing of floors was completed last week. The carpet will probably not be laid until next week, however.

Rev. T. A. Patterson, pastor, and his wife are attending the Baptist World Alliance in Atlanta, Ga.

## TREADAWAYS GO TO MARKET THIS WEEK

Mr. and Mrs. A. K. Treadaway were in Dallas and Fort Worth selecting fall goods for their store the early part of this week.

They left here on Sunday and returned at mid-week. The Treadaway store formerly was known as Thornhill Dry Goods.

## NAT THOMAS FAMILY WILL GO TO MARKET

Nat Thomas of the Thomas Dry Goods store plans to attend the markets in Dallas and Fort Worth within the next two weeks.

He will be accompanied by Mrs. Thomas and their two sons. Mrs. Thomas will assist him in selecting fall stock for their store.

## Bernice King and Dorothy Carter Married At Fee Home Friday Night

The marriage of Dorothy Carter of Colorado City to Bernice King of Abilene took place at 7:30 Friday evening at the home of Mr. and Mrs. R. F. Fee.

The single ring ceremony was said by Rev. A. L. Haley, pastor of First Christian church, in the presence of relatives and close friends. Attendees were August Armstrong and Mrs. Vera Ellis.

The bride couple stood before the

mantle which was banked with ivy among which white tapers burned. Floor baskets of bluebells were on either side of the fireplace. Roses and other garden flowers were placed about the living room, while in the dining room a huge vase of crepe myrtle stood on the buffet. During the ceremony the dining table, covered with a hand-drawn linen cloth, was centered with a crystal bowl of talisman roses arranged with white flowers.

The bride wore an eon jacket dress in navy blue crepe with a sheer pin-tucked waist which had a round lace collar and a row of tiny buttons down the front. Her hat was black felt, her shoes black suede, and she carried a black bag. Her corsage was of pink roses.

An informal reception followed the ceremony. The two-tiered wedding cake with rosebud ornament was

placed in the center of the dining table and cut first by the bride, then by Mrs. Robert King. It was served with punch.

Mr. and Mrs. King left after the reception for a brief wedding trip, after which they will be at home at 236 Sayles boulevard in Abilene.

Mrs. King is the daughter of Mr. and Mrs. J. H. Carter of Graham. She is a graduate nurse, having received training at Methodist hospital in Fort Worth. For the past 18 months she has been in charge of the operating room at C. L. Root Memorial hospital in Colorado City.

Mr. King is the son of Mrs. B. F. King of Colorado City. He lived in Colorado City until recently, and is now in construction work in Abilene.

## Shower Honors Mrs. Curry Of Monahans

A shower arranged by Virginia Whipkey and Kathryn Hodges was given at the Whipkey home Tuesday night to honor Mrs. Herb Curry of Monahans.

Bride was played in the backyard. Afterward gifts were presented in the living room. Iced watermelon was served.

Attending were Jean Morrison, Cora Mae Bodine, Lucille Bodine, Mrs. James Cook, Mrs. Jack Cox, Mrs. Brady Warren, Bebe Boone, Sue Simons, Harriet Ann Pritchett, Beulah Frances Robinson, Moncure Carter of Odessa, Barbara Jones, Doris Flo Doss, Mrs. W. H. Booher, the honoree and the hostesses, Mrs. Curry was Dorothy Morrison of Colorado City before her marriage.

## Stitch and Chatter At The Cupp Home

With Mrs. Nig Grindstaff of Morton as the only guest, Mrs. Alfred Cupp was hostess to the Stitch and Chatter club Friday afternoon.

Ice cream and cake were served at the close of the meeting. Mrs. Tom Glover will be the next hostess.

## Mexican Appointments And Colors Featured At Mrs. Lockhart's Brunch

Riotous colors of Mexico and appointments in the Mexican motif featured an 11 o'clock brunch given by Mrs. H. L. Lockhart last Thursday.

Service was from blue and yellow Mexican pottery, buffet style. Quarter tables where guests sat were covered with Mexican cloths and centered with blue fiesta pottery containing marigolds, red roses, and purple petunias. Place cards and tallies were Mexican in design. The pottery center pieces were cut prizes later on.

The lace-covered dining table was centered with an amber bowl of marigolds, red roses and purple petunias on a blue rectangular reflector, the corners of which were marked with amber candle holders in which orange tapers burned. Crystal baskets filled with flowers were at each corner of the table. Huge bowls of roses, black sunflowers, and mar-

golds were set about the playing rooms.

The menu included corned beef hash, Mexican eggs, chicken a la Newburg, fried squash, bacon and sausage, au gratin potatoes, white grape salad, hot biscuits, bran muffins, and coffee.

In the games Mrs. Dick Carter made high score, receiving a pair of cut crystal candelabra. For second high Mrs. Charles Wyatt was given a pair of cut crystal bud vases. Low score prize, a blue glass cigarette box, went to Mrs. Bill Dorn. Mrs. Bun Pritchett received the traveling prize, a cut crystal odd vase.

Other players in addition to the prize winners were Mesdames Mumpsy Wallace, Jake Richardson, Randolph McEntire, E. J. Deupree, Jenks Powell, Bill Oswalt, Joe Mills, A. L. McSpadden, Farris Lipps, H. H. Simons, and Emmett Grantland; Alice Blanks.

## 'Monty' Crawford To Marry Fort Worth Girl In Garden Ceremony Tuesday At 8:30

A wedding of interest here will take place in Fort Worth on Tuesday evening when James LaMonte ('Monty') Crawford is married to Mary Jane Schutts of Fort Worth.

The ceremony will be said in a garden setting at the home of the bride's parents, Mr. and Mrs. W. C. Schutts, Sr., at 8:30. Officiating will be the bridegroom's brother, Rev. R. E. Crawford of Altoona, Pa. Jack Schutts of Fort Worth, brother of the bride will attend Mr. Crawford. Miss Schutts will be attended by Doris Higgins of Dallas.

Among those planning to attend the wedding from here are Jack Childers, Chuck Wadzeck, Bob Battle, J. Wiley Holmes, and others. Mr. Schutts received her degree from TSCW, Denton, last spring. Mr. Crawford, who is the son of H. M.

Crawford of Ardmore, Okla., attended the University of Oklahoma after graduation from high school. He was employed in Fort Worth and Sweetwater before being transferred to Colorado City in November, 1938, by the Texas Electric Service company. He is a member of the Lions club and is BTU director in First Baptist church.

After a wedding trip to Galveston, Houston, Austin and other points, the couple will be at home here at the Henry Doss place, 430 Elm.

Miss Schutts' approaching wedding was announced July 8 at a tea given by her sister-in-law, Mrs. W. C. Schutts, Jr., in Fort Worth. She has been complimented at a number of pre-nuptial affairs.

Mr. Crawford plans to leave here for Fort Worth on Saturday before the wedding.

## Manse Plans Made By Presbyterian Women

Plans to complete repairs and improvements at the manse, which is soon to be occupied by the new pastor, Rev. John J. Muller of Belton, were made by women of First Presbyterian church during a called meeting held after their bible study Monday afternoon.

The study was held at the home of Nelle Riordan, with Mrs. J. G. Potter saying the opening prayer and Mrs. Clarence Gross offering a special prayer for young people in conference at Fort Stockton this week. The lesson was on the life of Christ.

Jaime Bowden, whose husband is a presiding elder in Brazil.

The missionary program opened with a devotional on international friendship by Mrs. R. H. Looney. Responsive prayer having to do with common brotherhood was conducted. Mrs. Lowell Schmidt had a topic on Argentina.

Mrs. John E. Watson read the scripture on "Building New Roads," after which Mrs. W. W. Rhode presided for a business session which included reports and the making of plans to begin a study of India in September. The women were requested to hold their circle meetings in August.

## Doris Richardson And Jas. Wulfjen Married July 14

Announcement of the marriage of Doris Richardson and James D. Wulfjen, both of Colorado City, was made Saturday. The ceremony took place July 14 in Robert Lee.

Both young people are members of well-known Mitchell county families and both were leaders in Colorado City High school activities of the past year.

Mrs. Wulfjen is the youngest daughter of Mr. and Mrs. T. C. Richardson, who have lived in and near Colorado City for many years. She was graduated from Colorado City High school last May.

Mr. Wulfjen is the son of Mr. and Mrs. U. D. Wulfjen, pioneer-ranching family of the Seven Wells section. Like Mrs. Wulfjen, he was a 1939 graduate of Colorado City High school.

Mr. and Mrs. Wulfjen are at home on the Wulfjen ranch for the time being.

## Twelve Young People To Presbyterian Meet

Twelve young people of First Presbyterian church are in Fort Stockton this week attending a conference of young people in the El Paso presbytery.

Mrs. B. McQuerry is chaperoning the group. The trip was made in a bus driven by "Doc" Lindley.

Young people attending are Ruth and Bazell McQuerry, Frances Henderson, Alice and Dorothy Womack, Betty Brown, Elsie Ann Remadell, Lee Witten, Malcolm Gross, Tommy Aycock, and John DeGarmo.

## YWA Has Picnic At Ruddick Park

With Catharine DeLaney as hostess, the YWA had a picnic at Ruddick park Monday evening, using the B&PW table.

Bonnie Bill Brizendine led the lesson from The Window, official magazine of the YWA organization. The lesson was in the form of a telephone conversation and dealt with work of the Southern Baptist Home Mission board.

Twelve members were present. Iced watermelon was served after the games.

### Garden Reception Honors The Chas. Roots And Mr. and Mrs. Raymond Jones of Iowa

Introducing and complimenting Mr. and Mrs. Raymond Jones, who are here from Des Moines, Iowa, and Mr. and Mrs. Chas. Root, who were recently married, Mrs. C. L. Root and Mrs. J. Lee Jones, Sr., were hostesses for a garden reception at the Root home Wednesday evening.

The lighted yard was given additional beauty by baskets of roses and summer flowers. Mrs. Jimmie Cook and Mrs. O. B. Price greeted guests as they arrived and conducted them to the receiving line. Both men and women attended.

In the receiving line were Mrs. C. L. Root, Mr. and Mrs. Chas. Root, Mrs. J. Lee Jones, and Mr. and Mrs. Raymond Jones.

Punch was poured from a zinnia-encircled crystal bowl on a lace-covered table beyond a vine-arched gateway. Susie Beal Snyder of Fort Worth and Doris Flo Doss presided at the table.

Others included in the house party were Mary Frances Majors, Josephine Chesney, Mabel Ratliff Majors, Willie Grace Doss, Virginia Whipkey, Mrs. Seton Pickens, Kack Price, Loyse Price, Mrs. T. J. Goss, Jr., Margie Carlock, and Mrs. Jack Cox.

Program for the evening was in charge of Mrs. O. B. Price. Piano numbers were played by Virginia Whipkey and Betty Whipkey. Mary Elizabeth Pidgeon accompanied Mary Frances Mackey, saxophonist, and James McClure of Hillsboro, trombone player, in several numbers. Mrs. Chas. Moeser sang with Mrs. E. Latham as accompanist. Mrs. Farris Lipps gave piano numbers.

Highlight of the program was the singing of Mrs. Raymond Jones, whose accompanist was Mrs. Latham.

Mrs. Jones, who was Alice Denton of Butler, Mo., before her marriage some time ago, was an instructor in voice and music for several years. This is her first visit in Colorado City since her marriage to Mr. Jones.

### Buford Girl Marries Man From Stamford

The marriage of Eril Bolding of Buford and P. J. Sandefer, Jr., of Stamford was solemnized Saturday afternoon at 2:30 at the home of Mr. and Mrs. J. E. Coles in the Buford community.

Rev. A. T. Williams of Buford said the ceremony. Attendants were Lucille Bolding of Buford and Audie Lay of Andrews. The wedding cake was served with punch after the ceremony.

Mrs. Sandefer is the daughter of Mr. and Mrs. F. M. Bolding of Buford and a 1939 graduate of Colorado City High school. Mr. Sandefer is the son of Mr. and Mrs. P. J. Sandefer, Sr., of Stamford.

Mr. and Mrs. Sandefer are living at Stamford. She was honored at a shower given Wednesday afternoon at the Buford school with Mrs. Coles as hostess.

### Ann Nix Hostess On 7th Birthday

Marking her seventh birthday, Ann Nix was hostess Friday afternoon at the home of her parents, Mr. and Mrs. E. C. Nix, Jr.

Entertainment included rides on Ann's Shetland pony and her bicycle. Cake and ice cream were served to: Dana Merritt, Felice Nesbitt, Barbara Barber, Jan Dorn, Barbara Dell Barber, Hubert Ratliff, Bobby May, Bobby Trotter, Stanley and Irwin Berman, Joe Bill Jackson, Bobby Price, Carl Remele, and Billy Ross Keel.

### Slumber Party Given For Tenth Birthday

A slumber party was given Wednesday night by Eula Jo Henderson, daughter of Mr. and Mrs. Walter Henderson, to celebrate her tenth birthday.

Guests were Clara Ann Taylor, Mary Jo Bond, Dana Marie Merritt, and Barbara Barber. Cake and punch were refreshments.

### Ice Cream Supper Arranged For Choir

An ice cream supper for members of the First Baptist choir and their husbands and wives was arranged at Ruddick park Wednesday evening after teachers' meeting.

Maybe IT'S the HEAT

... but anyway, we're thinking that a lot of folks are going to find it mighty comfortable to break their vacation trips this summer with stops at Humble Service Stations . . . What with the two fairs and all, we're expecting a lot of vacation travelers, and we've provided everything we can think of to make their trips more comfortable . . . You know what a Humble Service Station is: you've heard how clean the rest-rooms are—maybe a neighbor told you if you haven't found out for yourself; anyway, they're reason enough to plan your stops where you see the Humble sign . . . But they're not everything, not by a jugfull! There's an abundance of refreshing ice water waiting for you. There's cool shade, a stretch of green lawn, a glimpse of bright flowers . . . And last, but far from least, there's a friendly greeting and a cheerful good-bye from a neatly uniformed, courteous station salesman who renders you a service that's prompt, trained and genuinely helpful . . . So, when you plan your vacation trip this summer, also plan to stop and stretch your legs where you see the Humble sign!

**MATERIAL MOVED IN FOR CONSTRUCTION OF NEW RAILROAD BRIDGE**

Material for construction of a Texas & Pacific railroad bridge to replace the one recently washed away by the Colorado river flood was being moved on the ground this week. The Austin Bridge company has the contract for rebuilding the bridge which had two 160-foot steel spans before the flood. The spans and eight asphalt-filled tank cars which they carried into the flood waters on June 20 were recently salvaged from the river bed, but the spans will not be used in the new bridge. Traffic has been running on schedule over a temporary trestle ever since four days after the flood.

**TAX TALK MADE BY BRUCE HART FOR THE LIONS CLUB LUNCHEON**

## SHOWERING SKIES DO NOT PREVENT LARGE AUDIENCE FROM ATTENDING PARK PROGRAM ARRANGED BY H. RATLIFF, DR. LOGSDON

Showering skies and rain-wet terraces did not deter thousands of Mitchell countians from filling Rud-dick park amphitheater to capacity Friday night for one of the most colorful and successful amateur hour programs ever presented there.

The program, presented under the general title of "A Night Frolic on the Bar Nothing Ranch," was prepared by Dr. Harry A. Logsdon and Harry Ratliff. A saddle-piled chuck wagon and a camp fire provided the setting. All performers were in western regalia. The Colorado City Cowhand band, directed by Dr. Logsdon, furnished a musical background, played accompaniments, and presented feature numbers. Colored light effects were employed on special numbers.

First prize went to Billy Lewis of Sweetwater, trick roper. Second prize went to Earl Cypert and his trained horse for their part in the number, "Old Faithful." Third money was shared by Howard Rogers, who did an old fashioned clog as Old Black Ick; Mrs. James V. Payne and Paul Kniff for their burlesque of "The Gay Cabellero;" and Harry Ratliff and Paul Kniff for their lock-foot number.

Officers and directors of the Colorado City Frontier Round-up, which will be held Sept. 7-9, were introduced by Harold Bennett, who first paid tribute to the memory of Earl H. Gunn as one of the guiding forces in the incorporation of the Round-up and as its president until his death in December.

## COLORADO CITY'S MILK SUPPLY RETAINS PLACE ON STATE HONOR ROLL

Notice that Colorado City has retained its place on the Standard Milk Honor Roll of the State Health department has been received by W. R. Charters, city sanitarian, and Dr. Harry A. Logsdon, city health officer.

The local supply of retail raw milk was given a rating of 92 per cent, according to the certificate issued by the department.

In a letter to Dr. Logsdon the following statements were made by Dr. Geo. W. Cox, state health officer: "A survey has recently been made of the milk sanitation status in your city and the report was transmitted to the U. S. Public Health Service, Washington, D. C., for rating computation according to the standard rating system. This rating is based upon the degree of compliance with the U. S. Public Health Service Standard Milk Ordinance and Code, with 100% as a perfect rating. Ratings between 90% and 100% are considered satisfactory and a city which rates 90% or more on both the raw and pasteurized milk is placed on our list of 'Honor Roll Milk Cities' which are published in the 'Public Health Reports' of the U. S. Public Health Service and distributed nationally. Provided, of course, that cities which do not have any pasteurized milk will be placed on the list when the retail raw milk rating is 90% or more.

"You will note from the photostatic copy inclosed that the latest ratings of retail raw milk is 92% and of enforcement methods 94%. We are glad to note that this rating places the Colorado milk supply on the Honor Roll of cities having a rating of 92% or more. A certificate will be sent later."

## VELMA BARRETT TO BE LIBRARIAN AT SWEETWATER H. S.

According to the Sweetwater Reporter, Velma Barrett has been elected librarian of Sweetwater High school.

Miss Barrett has been a member of the Colorado City High school faculty for 11 years, having been on the English faculty for 10 years of that time and full-time librarian last year. M. B. Templeton, brother of a former Colorado citizen, Benton Templeton, now of Austin, has been elected head of Sweetwater's new vocational agriculture department. He taught at Hamlin the past two years, and before that was at Sylvester.

## KEENEYS ARE OCCUPYING NEW RENDERBROOK HOUSE

Mrs. R. L. Keeney of Somersville, Conn., arrived last week with members of her family to occupy the new home recently constructed on the Renderbrook ranch for use of her and her sister, Mrs. Frank Chappell, also of Somersville.

As daughters of the late W. L. Ellwood, the two sisters share ownership of the ranch with E. P. Ellwood, their uncle.

With Mrs. Keeney came her daughter, Elise, and two sons, Ray and John Henry. A third and older son, Bill Keeney, joins them at intervals from Fort Stockton. Mr. Keeney is expected to join the group soon.

Mrs. Chappell and her family will probably use the home in September. The home, one of the most modern and distinctive in this section, contains six rooms. It was constructed during the early part of this year.

## PARENTS REMINDED TO MAKE TRANSFERS FOR CHILDREN BY AUG. 1

Another and final reminder to parents to see to the transferring of their children from one school district to another where transfers are indicated was issued this week by Roy Davis Coles, county superintendent.

Deadline for making transfers will come at the close of business Monday, July 31.

The following statement concerning transfers has been issued by educational authorities:

"It is now necessary that all children who are eligible to attend school in a district other than their home district should transfer to the district in which they contemplate attending.

"There are those who may move into a district after the time of transferring and who are entitled to attend school elsewhere that will not have to transfer but will be taken care of by a special dispensation of the law. However, it is right and regular that all who know that transferring is necessary and are residing in the district from which they will transfer to do so during the month of July, for that is the month set apart by law in which it should be done."

## TENNIS PLAYERS ARE INVITED TO TOURNEY

Local tennis players are invited to enter the district tennis tournament to be held in Sweetwater on Friday and Saturday, July 28th and 29th.

Sweetwater offers the facilities of nine cement and asphalt tennis courts, making tournament play practically without a hitch.

Entrance fees are 50c to cover the cost of the tournament, reasonable rates on meals are offered at several local cafes. A committee will be in charge of housing arrangements which will be made at a minimum expense to participants in the tournament.

Brackets must be made before Friday morning.

## FRANCES GUNN BEAUTY SHOP TO OPEN AUG. 15

As complete modernization of the James T. Johnson building on south Walnut street went forward this week, Mrs. Frances Gunn announced that she will open her beauty shop there on August 15, if present plans go through.

The shop will be known as the Frances Gunn Beauty shop and will be furnished with the most modern equipment offered by the beauty shop business. It will be air-conditioned. Mrs. Gunn was in the beauty business here for several years a few years ago, and she recently completed a brush-up course in beauty culture.

## COMPLETION OF RECREATION HUT AT PARK IS NEAR

### NATIVE STONE HOUSE FOR BOY SCOUTS IS N.Y.A. PROJECT

Completion of the Boy Scout recreational center being constructed at Ruddick park with N.Y.A. labor is due within the next few days, according to Mayor J. A. Sadler.

All outside work on the native stone structure was completed last week. The main room measures 20 by 40 feet, with a big store room back of it. The floor is concrete and there is a large rustic fireplace. The building will easily accommodate around 50 Boy Scouts at one time.

The hut is situated on a hill overlooking the lower portion of the park from the southwest. The project is sponsored by the city.

## SHILLINGBURG AND FOUR FFA BOYS TO STATE CONVENTION

F. C. Shillingburg, head of the vocational agriculture department of Colorado City High school and four of his Future Farmers were in Temple last week for the annual state FFA convention.

Attending the convales with Shillingburg were J. F. McCabe, Earl Mann Smith, Waddell Strain, and J. W. Hamilton. The first two named were official delegates from the local chapter.

McCabe, Smith, and Strain were candidates for the Lone Star Farmer degree but did not receive it because they had had only two years of agriculture. They will probably receive the degree during the FFA gathering at the fat stock show in Fort Worth next March.

Main speaker for the convention, which attracted around 2,500 boys from over the state, was Harry L. Brown, assistant secretary of agriculture. He told the boys that it is necessary to save the soil for future generations and that the work must be done now.

## SIX LOCAL GIRLS TO PRESENT PROGRAM ON BIG SPRING STATION

Six Colorado City girls will go to Big Spring Friday afternoon to present a program over station KBST during the Big Spring chamber of commerce goodwill hour, 5:15 until 5:45.

In the Colorado City group will be Hazel Grubbs, Frances Cooper, Mary Jo Pickens, Adeen Fry, Pannie Bell Brinkley, and Catharine DeLaney. Miss Grubbs will be accompanist, and Miss Brinkley will play accordion numbers. The others are vocalists.

## FUN AND INSTRUCTION TO BE MINGLED WHEN LOONEY FOLKS GATHER

Fun and instruction are to be mingled when the Looney Agriculture association meets at Looney school Monday night at 8 o'clock, according to Biane Morgan president.

An amateur hour will furnish the entertainment. Prizes will be awarded.

Joe C. Williams, county agent, is scheduled to discuss cotton insect poisoning, and Vera Crisp, county home demonstration agent, will talk on frame gardens. All Looney families are urged to attend, Morgan says.

## TWO RECEIVE CAMP WALDEMAR AWARDS

HUNT—When Camp Waldemar closed its term on a recent Friday evening with the final banquet, it was the close of camp days for Phyllis Berman this summer, but it was the beginning of another term for Joan Mills, who will remain throughout the summer. Mr. and Mrs. J. B. Mills were Joan's guests for the closing activities of the first term.

At the final banquet numerous awards were made to campers for their achievements in camp activities. Joan and Phyllis received the felt all-star award which goes to first year girls. Joan is a member of the Texas tribe which lost by a small margin to their rivals, the Comanches, in the race for the tribal plaque. Phyllis was a Comanche.

Presentation of this plaque was made by the camp director, Miss Doris Johnson, and climaxed the banquet program.

### HERE FOR WEEK-END

Grace Mann, who is attending summer school at McMurry college, Abilene, spent the week-end in the home of her sister, Mrs. M. J. Dawson. Emil Fahrnkamp and son, Edmund, were also here from Big Spring.

### KIRSCHBAUM TO MARKET

M. L. Kirschbaum of the Kirschbaum Dry Goods store has been in Dallas and Fort Worth this week selecting fall stock for his store.

### ATTENDS CASA MANANA

Lee Witten, bank employe, returned Sunday night from Fort Worth, where he had been vacationing and where he attended Casa Manana opening Saturday night. He left Monday morning for the Presbyterian young people's encampment at Fort Stockton.

### HERE WITH SISTER

Anne Leatherman of Austin is here visiting her sister, Mrs. M. O. Chapman. She arrived last Friday.

## WESTBROOK GIRL ON BAYLOR HONOR ROLL

BELTON.—Miss Ruby Hines, Westbrook, is among the 113 students listed on the Dean's Honor Roll for the first term of the Mary Hardin-Baylor college summer school. She has an "A-" average. Miss Hines is a candidate on August 14 for the degree of Bachelor of Arts with a major in Science.

#### FSA WORKERS WILL ATTEND MEETING IN COLLEGE STATION

Plans for giving more effective service to Texas low-income farmers will be made July 31 to August 4 in College Station at the annual state conference of Farm Security Administration workers, Milton A. Stinson, acting county supervisor, said this week.

Theme of the meeting is "Helping

#### WHITE'S CREAM VERMIFUGE

Has long been used for expelling round worms in children. Price 35c.

W. L. Doss Drug Store

#### Worthy Farmers Help Themselves.

Stinson estimated that 107,500 state farm families are receiving incomes of less than \$500 a year, including all feed and other goods produced for home use. "Nearly half of this group had annual family incomes of less than \$250," he said, "which means that they are trying to exist on about \$1 a week per person, and this dollar is not in cash but partly in home-grown products."

"FSA has made 56,500 small loans in Texas to these farm families to help them buy seed, tools, livestock, canning and other equipment needs to give them a 'toe hold' on the land. A recent survey showed that these farmers have increased their net worth by \$266 per family and at the same time are paying off their loans."

"Secretary of Agriculture Wallace has reported," the supervisor continued, "that the program for lending worthy tenant farmers money to

buy their farms is beyond the experimental state that it is ready for a sound and reasonable expansion. In Texas 507 farmers have been helped in the past two years to buy their farms and to date have repaid more on their loans than has become due. An increased appropriation by Congress has recently been announced which will permit us to practically double the number of counties in which farm purchase loans will be made this year."

Every one of these loans is secured by a first mortgage on real estate, conservatively valued both by government appraisers and by a county committee of three farmers who are thoroughly familiar with local conditions. Moreover, the loans are repayable over a 40-year period at three per cent interest.

"This means," the supervisor emphasized, "that in a great majority of cases the annual installments, plus taxes and insurance, amount to less than the tenant formerly paid in rent for the same farm."

Washington officials attending the conference at College Station include C. B. Baldwin, Assistant FSA Administrator; John O. Walker, director of the resettlement projects division; Simon C. Skeels, chief of the collections division; and Mercer G. Evans, director of labor relations.

Other speakers include Dr. T. O. Walton, president of Texas A. and M. college; H. H. Williamson, Director of Extension; and E. J. Kyle, Dean of Agriculture.

#### SCHOOL APPORTIONMENT SET AT \$22 FOR 1939-40

AUSTIN—An overwhelming 8-1 vote by the State Board of Education Monday set the 1939-40 per capita apportionment at \$22 for the third consecutive year.

Board members voted 6 to 3 against increasing the apportionment to \$22.50, the maximum permitted under a new statute, with Chairman J. C. Blair of Kernes, John Laird of Lufkin and Ben F. Tisinger of Dallas favoring the higher amount. Tisinger cast the dissenting vote against \$22.

After determining the apportionment, the board decided to spend \$2,000,000 for additional free textbooks and considered addition of a number of volumes to the list on which bids will be called for early next October.

The Automatic Tax Board, consisting of Governor W. Lee O'Daniel, Comptroller George Sheppard and Treasurer Charley Lockhart, is expected to meet soon to determine the ad valorem rate for school and other purposes.

Statisticians estimated the tax board would have to boost the current 7 cents on \$100 valuation for school purposes to its constitutional maximum of 35 cents if the new apportionment and a deficit of approximately \$5,000,000 from this year were to be paid.

#### ROGERS RAMBLINGS

If you knew what we know, If you'd go where we go, If you'd take part as we do, If you are lonesome or blue— Then try our Sunday School And singing each Sunday morning And each Sunday night. Summer seems to have taken a great number from singing as well as from Sunday school, but we feel sure that you are planning on beginning again soon. Come on and be with us next Sunday—we need you, we want you, and we appreciate you when you are present. If we hold singing later than you wish to stay, you are free to leave at any time, but do come out and spend a few of your Sunday evening hours with us. You are always welcome when you are at Rogers.

#### GOSSIP GATHERERS!!!

Things have gone to sleep on us around here, or else we've grown "old and sot" in our ways, but believe us when we say that we've awakened just in time to see and hear a few of the latest things. People have let us in on a lot recently but they were perfectly unaware of the fact. Now if your name is mentioned in this and you don't feel that you've received justice, then you just let us know about it and we'll see how you feel about it next time. We are sports and believe in sportsmanship—it's up to you now to help this gossip corner to be a success. There are three gossip gatherers this summer—maybe! We are "See Nothing, Hear Nothing, and Say Nothing"—but oh, the writing we do. Beware!!!

1. Why do some people have all the luck? That's what a certain little high school boy from out this way is wondering. He is very worried about something—and we wonder if a dog, or dogs, could be his trouble. You ask him—we stutter!

2. Then we come to the point of swimming while it's raining, or while it's too hot to get outside, who ever heard of such? Well, these folks swim almost anytime, anywhere, so don't be alarmed if you find someone in your back door looking for a puddle of water.

3. If you missed the last special on program Sunday night then you really missed something. We understand that's to be the line-up when they do sing it. Yes, it's actually coming back! We know that "practice makes perfect" and we "felt" that perhaps that was the beginning of their practice.

4. Who are these hoe hands who think that they must have iced water in the field? Do they get it? Who takes time out to play 42 with them? When and where?

5. Tuesday night seems to be a night of "duty" for some one here, but of course we couldn't call any names just now. However, you might possibly watch and see just what goes on around here. The theater can always count on thirty or fifty cents that night!!!

6. Farmers! Watermelon eaters are on their way. You'd better listen to what we say. Now grab the gun.

Load it with blanks and watch the fun. You might even revive the old saying, "Heah, come a man."

7. We understand that we have some fairly good 42 players around here. Well, they think so. This might be one of those times when they were broadcasting when they should have been tuning in. At any rate we shall give these "good-uns" a chance to prove their ability next month.

8. Next month!! Well I'd say so. Now don't get curious because we can keep a few things to ourselves. You just watch, wait, and wonder—with us!

9. And then there was the girl who couldn't decide which of the many suitors she wanted so she came along in search of the right creature. Did she find him? Has she found him? Will she find him? You watch and ask her.

10. Who are the young men (or should we say young gentlemen) who like to meet at our country store and catch rides—for the other people? Ask "Bunk" and D. M. They can tell you.

11. Next week these Gossip Gatherers are going into the private lives of some outstanding people around here so you had better be careful and good—hmm-mm!!

#### A SHORT SHORT STORY

She was sitting before the fan and as it turned from left to right, cooling her tired but beautiful face, she sat with her back bent as she wrote on the snowwhite paper before her. Not once did she think that she was being watched from the open window.

Yes, he sat there peeping into the lighted room and wondering how he could best creep upon her. Finally, after much deliberation, he began the climb over the window sill—she continued her work—he came closer, but not once did she hear him. He lacked only a few feet. If the fan would only continue to hum perhaps he could reach her without being heard. On and on he walked closer and closer. He knew she had never really been afraid of him but being avoided is a wound to anyone's pride, so now while she was so busy, while no one was present but him, while the fan made the noise, he would see how she liked being with him.

At last he reached her but—W-HACK—she had reached him too. The swatter came down a smashing blow and Mr. Fly was no longer a

pest to anyone. The end. Sunday school 10:30 a.m. Singing 8:00 p.m.

There is a place for each of you so come on and help us with our classes. We know you will enjoy it. Everyone is invited!

#### FUN—AND HOW!

The young people spent Sunday afternoon in the home of Mrs. Arthur Carlisle and her children. Eat? Well there was a good cook somewhere and we are wondering whether Hugh Callen had a hand in it or not. Gee, isn't it nice to be among the first at the table? Well we're asking you, Who can beat "Bunk" and "Lucy" in 21 or bust?

We wonder who Mollie was referring to Sunday night when she said for our members of the singing class to be there on time.

Who is it that plays 42 with Cecil and Hugh when all four of them should be at singing?

Velma and Lucy like to entertain a happy group with "I've Found A Hiding Place." It is right "purty."

Everyone had a perfectly grand time Sunday and we are all set for another one any time now.

Everyone remember Sunday school and singing Sunday morning and night at Rogers. We have a surprise for you so come!

#### LOCALS

The Baptist meeting will begin here at Rogers the first Sunday night in August. Brother Forrest Huffman of Westbrook will do the preaching. Everyone is cordially invited to come and be with us. Don't forget the first Sunday in August.

Mr. and Mrs. Merrel Jameson, also Ramie and J. P. Jameson visited in the home of Mrs. Jameson's parents, Mr. and Mrs. Frank Cally.

Miss Laverne Carpenter is visiting relatives in Cottdale, Alabama. Mr. and Mrs. George Kaysinger

of Earth, Texas, spent last week in the home of Mrs. Kaysinger's parents, Mr. and Mrs. E. O. Lightfoot.

Mr. and Mrs. Mack Walter of near Tahoka were the week-end guests of Mr. and Mrs. E. O. Lightfoot.

Irene Howell visited with Mrs. Homer Jameson Sunday afternoon until singing time Sunday night.

Mr. and Mrs. P. H. Byrd and Mr. and Mrs. Luther Carpenter had relatives visiting with them from Cottdale, Alabama and other places.

**Boy Wonder Is Introduced In New Tarzan Hit**

**FIVE-YEAR-OLD 'TARZAN, JR.' ADDS FRESH THRILLS TO 'TARZAN FINDS A SON!'**

"Tarzan Finds A Son!" fourth of the famous Tarzan jungle adventures, reuniting Johnny Weissmuller and Maureen O'Sullivan, comes Saturday midnight, Sunday and Monday, July 29, 30 and 31 to the Palace theatre, bringing with it a new character, Tarzan, Junior, and introducing in the role five-year-old Johnny Shef-

field, America's most amazing child athlete. The boy plays the foster son of the jungle couple, swings through the air on vines with Weissmuller, engages with him in thrills of underwater swimming, is rescued from a rhinoceros, and figures in other thrills. Johnny leaped to fame on the New York stage as the boy in "On Borrowed Time."

"Tarzan Finds A Son!" deals with the finding of a baby in a plane, wrecked in the jungle. Tarzan and Jane adopt it and rear it. A safari

Maureen O'Sullivan and Johnny Weissmuller in "Tarzan Finds a Son!"

penetrates the jungle in search of traces of the plane to clear up a legacy and the child becomes the object of a plot by heirs who do not wish the youngster's existence known. Tarzan refuses to give up the boy but Jane believes he should be returned for his birthright and tricks her mate. When the party is captured by savages and brought to a torture chamber Jane helps the boy to escape to summon Tarzan who arrives with his chimpanzee and elephant chivalry.

Thrills include the routing of the native torture orgy and amazing rescues from wild animals. When Weissmuller rides his elephant Queenie, Johnny rides Baby Bee, smallest baby elephant in captivity. Players include Ian Hunter, Henry Stephenson, Frieda Inescort, Henry Wilcoxon, Laraine Day and Morton Lowry. Richard Thorpe, who filmed "Tarzan Escapes," directed.

**Warner Bros. Not Stymied By Cry Of 'Can't Be Done' In Making 'Nazi Spy' Film**

Warner Bros., who have a reputation for pioneering in cinematic matters have been told countless times that certain things they had planned just couldn't be done. Talking pictures for an example. "You can't do that" was said when Warners definitely committed themselves to making a screen play exposing Nazi spy activities in America under the title, "Confessions of a Nazi Spy."

Nevertheless, Warners did make the picture, with Edward G. Robinson enacting the role of the principal FBI agent, and Francis Lederer, Paul Lukas, George Sanders, Lya Lys and Dorothy Tree playing members of the spy ring, and it will have its local premiere next Friday at the Palace theatre.

"With this picture," said Jack L. Warner, vice-president in charge of production at the vast Warner studio, "I hope to do for the persecuted victims of Germany—Jews and Catholics—what we did for law and order with 'Public Enemy.' The im-

**'THE KID FROM KOKOMO' IS STRICTLY FOR MIRTH**

Working on the principle that a healthy dose of laughter is the best prescription for a worried world, "The Kid From Kokomo," the new Warner Bros. production which comes to the Ritz theatre Sunday and Monday, is comedy from start to finish. A fulsome guarantee that this is so can be had from scanning the list of players and the roles which they play.

Pat O'Brien is a fight manager and the type of lovable crook that frequently doublecrosses himself. Joan Blondell is his sweetheart, an ex-bubble dancer whose bubble has burst, and their white hope is Wayne Morris, a husky young blacksmith whom they decide to groom for heavyweight champion. Morris however, has a one-track mind, which is set on finding the mother who left him on a handy doorstep when he was an infant. To keep him happy, they find him a "mother," in the person of a sodden old kleptomaniac, a role that is played to perfection by May Robson. Other contributors to the fun are Maxie Rosenbloom, as the heavyweight champ, Jane Wyman as the curvaceous blonde with whom Wayne falls in love, Stanley Fields, Sidney Toler, Ed Brophy and a score of others, playing shady characters with emphasis decidedly on the comic side.

But the "Kid from Kokomo" turns the tables on them all by turning out to be a real champ, and felling all their efforts to have him lose fights when they bet against him. He not only wins the world heavyweight

### LOVE NORMAL; HATE ABNORMAL

Love is normal and hate abnormal because of economic reasons as well as moral, spiritual and social ones. Love is normal because it is constructive in its effects. Hate is abnormal because it is in its effects the exact opposite of love. It is productive of nothing but more hate, and this means more destructiveness; this in turn means more suffering and sorrow, woe and unhappiness.

Every person in a state of extreme anger is insane—a maniac. That is why we have had all down the ages admonitions from the wise never to allow ourselves to yield to impulses moving us while angry, excited or otherwise mentally abnormal.

Thus it is we find that only things suggested by sound minds should be acted on. The fact that disease and suffering sometimes produce insanity, and abnormal states of mind sometimes produce disease, should be strong arguments in favor of cultivating normal mental states—calmness, serenity and freedom from excitement or anger.

Many men who have attained fame's highest peak have been more or less insane. Numbers who have reached the heights of fame were undeserving of the eulogiums pronounced in their favor because their deeds were such as to make them more infamous than famous. Some of these, like several of the Roman Emperors, commanded that they be recognized as gods. The truth is they were more like devils than gods.

### RESULTS ECONOMIC AND UNECONOMIC

Possibly without originally knowing why, we have called things good or bad. Things that are constructive we call good, those that are destructive we call bad. That is why we are admonished to "Love one another." Love is productive of good things, constructive things, those which make for our comfort, which preserve our lives, which give us pleasure, although these latter are somewhat dangerous because of the temptation to indulge too much in them.

Thus we see it reasonable, consistent and logical to call love economic and hate uneconomic—because of their results and products.

We look across the seas and see great destructiveness going on—WAR, WAR, which is the result of hate or greed, or both. In the case of Italy and Ethiopia both hate and greed were impelling the destructiveness of life and property. Here was uneconomic activity in the extreme.

In the case of individuals engaging in fist fights we might excuse them without deploring so much their foolish strife. But in the case of war, it is carried on without the excuse of extreme anger induced by sudden or gradual resentment. So that the insanity which induces one to take his own life is not present. It is taking human life without the urge of either hatred or greed, so far as individual soldiers are concerned. Neither is it brought about by envy or jealousy, which sometimes induces monarchs and dictators to make war on some other Nation.

### EVIDENCE OF HUMAN PROGRESS

The fact that many good and intelligent people in every Nation are discovering the facts as to human nature and war as stated herein, constitutes one of the most decided evidences of human advancement that exist. They are realizing through reason, experience and investigation the stupendous criminality as well as utter folly of war among nations.

It is a shocking and revolting spectacle to see good men, fine men of intelligence, gentle dispositions, who are naturally generous in their impulses, being made to fly at one another's throats—to kill other men who if they knew personally as neighbors they would help to protect and defend as good friends.

There is excuse for those who take their own lives because of temporary insanity, but there is no excuse for wholesale killing of men whom the killers do not even know and against whom they have no grudge.

Suicide is regrettable, but does not display ill feeling or characteristics of cruelty or brutality.

War is still more regrettable, and is the most stupendous folly in which it is possible for men to engage.

### WHAT WE HEARD

We visited in a Colorado City home last week and overheard the following conversation. The husband sat in deep meditation and I heard him say:

After giving due consideration  
To the Rome-Berlin Axis I find  
That Mussolini and Hitler  
Seem to have axis to grind.

He then said to the wife, "What seems to be bothering your head," as she sat reading the Colorado Record with a perplexed look in her eyes.

"It's the tense situation that seems to always prevail in Europe," said the wife.

"Tense is right," he said, "those tense of thousands of people over there seem to have forgotten the past tense, utterly disregard the future tense, so you see they have only the present tense, and that is some tense, or is it?"

"It's a wise cracker that knows when to cheese it," said the wife as she reached for a heavy paperweight. "Why do you sit there and wise-crack when I am seeking blindly for information?"

"You mean that Hitler is seeking blindly for information," he said.

"I suppose that you have noticed that Mussolini has not had very much to say. That's because he is a married man, while Hitler is a bachelor. Hitler hasn't anyone to scrap with at home so he has to go out for his fighting. Now if he had married a little 110 pound American dictator, like some I know, he'd be so busy hopping around carrying out her directions that all would be quiet on the eastern front. The fact is Hitler wants a fifteen mile corridor through Poland to the free port of Danzig, and calls it a necessity, while the Poles seem to have another word for it."

The wife said: "What will become of Hitler if he fails?"

"He was a paper hanger before he got his present job, and if when he is all washed up in his present setup, he'll likely again hang paper or then again he might just hang."

### LADIES HATS

The board fence or banister built around the choir loft at the Baptist church was designed to make the choir more exclusive and not, as suggested by some, to hide the ladies hats.

These new hats, which resemble a cross between a magpie's nest and an inverted flower pot, look very stunning when placed correctly on the cranium and stationed behind this banister. Placing the hat, however, is an engineering feat that requires skill. Some hats are styled to go over the right ear, others must make a three point landing and dangle over the forehead. Some women pose for hours before they get the right position, or technical pose.

### CHURCHES AND RELIEF

Much is being said about the churches taking care of the relief. As a rule, the Christian churches go a long way toward relief of their own poor. Further, they do a considerable humanitarian work

outside of their own pale. They should not be expected to provide for all the poor. A very large percentage of people are not affiliated with any church, or charitable organization. In general, the New Testament does not relieve the churches to relieve the poor except its own saints—that is, Christians. Perhaps—indeed, it may be said with certainty that no congregation does all it could do—neither does any other individual or collective organization. It is only fair that the state should take care of its own poor.

We hear a great deal these days about soil conservation, and talk about it as if it were something new under the sun. About thirty-four hundred years ago the Children of Israel were called out of Egyptian bondage and conducted to their home land, given by God to Abraham, Isaac and Jacob and their descendants forever. Moses was directed to tell them how to use the land. They were to sow and reap the fruits of the field for six years, and were to prune the vineyard for six years, and gather in the fruit thereof. But the seventh year shall be a sabbath of rest unto the land, a sabbath for the Lord. In the seventh year they were instructed not to sow the field, nor prune the vineyard. They were not to sow, to prune nor gather the fruits of the field or vineyard the seventh year. It was a soil preserving year, and the Lord told Moses to tell the Children of Israel that blessings would accompany the observance of these instructions, and that failure would result from disobedience. Some people didn't think, and don't think, that God knew what he was talking about. They were "but headed," followed their own ideas, and the result was, and continues to be, soil depreciation.

### O'DANIEL'S EXPLANATION

This letter was sent in for publication:  
It is a proposition as true as Gospel and as old as history that a man cannot serve two masters. We common citizens, who elected Lee O'Daniel, had just as well make up our minds that the Governor we elected can't represent us and the big interest crowd from Houston and Galveston that he has been running with ever since he was elected.

Of course we beat Sir Walter Woodall as Lieutenant Governor, but electing Gerald Mann as Attorney General was about the only thing the common people won last summer. We were humbugged into electing Coke Stevenson, a sales taxer and good friend of big interests, as Lieutenant Governor.

Although O'Daniel told us he was against the sales tax last summer, he has never proposed anything but a sales tax (which falls heaviest on the poor) as a means of paying the pension. His transaction tax was a series of sales taxes on the food and clothes people must buy, with an extra tax on goods manufactured in Texas, putting Lone Star state factories at a great disadvantage. Then he came out flatfooted for a sales tax which he told us last summer he was against.

But O'Daniel and his corporation lobbyist friends weren't satisfied with a mere sales tax, so they decided to propose an election to put it and a limit on natural resource taxes into the Constitution, knowing, of course, that he people would almost have to vote for it in order to get pensions for all who are entitled to them. They also knew that with such a tax in the Constitution it would take a two-thirds vote of both houses of the Legislature and then another vote of the people to take it out or change it in any way, only a simple majority being required to pass, repeal or change a simple statute. Thus, if O'Daniel and his lobbyist friends had bulldozed the "famous 50" into submitting the constitutional amendment and we had been fools enough to vote it, the corporations could retain only twelve of the thirty-one State Senators as their attorneys and keep the sales tax and natural resource tax amendment in the Constitution forever.

Because the fifty-six were honest enough to keep their campaign promises to fight the sales tax, which President Roosevelt calls a "tax on poverty," and defeated the scheme O'Daniel and his crowd concocted, O'Daniel now says nothing else can be done about the pension for two whole years.

Anyway, O'Daniel had better get busy and call a special session or we'll send him back to Kansas with more negative votes than we gave him affirmative votes last summer. We have already voted for the pension once and his story about us having to vote on it again is pretty thin. In fact, it is about as thin as the one about him being the Governor of the common citizens. If he is, my name is John Pierpont Morgan.

### TRAILING THE GHOST WRITER

The expression "Great Caesar's Ghost" is no modern invention. He came, this ghost, out of the distant past. He is made immortal to Americans through the old Roman occupancy of Britain, and early British migration to the United States.

But let an expert in the lore of ghosts, particularly ghost writing, speak. On the word of Senator Ashurst of Arizona, one Corax conducted a school in Greece, in the fifty century B. C., which provided articulate industrialists with versatile and creative secretaries who could do weird things with words.

Corax sounds like a medieval term nowadays. But we are prepared to accept him on the credentials of Senator Ashurst, Arizona's man of quaint and curious, even elegant, letters. After all Corax antedated by a brief span one Mr. Plato, whom many have suspected of doing much of Socrates' work. And while pondering, it occurs to us that Pericles never put the men of Athens in a dither until he married Aspasia.

Our founding fathers, it appears, also called in an occasional ghost writer. Michigan's Senator Vandenberg says "a ghost" wrote all but four lines of Washington's farewell address.

Thanks to Senator shurst's erudite research we can well believe Charlie Michelson is no modern invention. For ghost writers, from time immemorial, have haunted the abodes of men.

In letters from readers R. C. Travers of Dallas writes:  
O'DANIEL'S BROADCAST

After hearing the Sunday morning radio broadcast by the Governor from the mansion at Austin, I bowed my head, not in prayer, but in shame, to think that in a misguided moment I voted for this man for Governor of the great State of Texas. The half-hour broadcast was filled with mediocre poetry, hillbilly songs, fulsome laudations of his own family and a lengthy boost of a popular health resort. Not one word of sympathy for the aged who he so miserably misled thinking that they would receive the pension they were entitled to in the near future.

Two to four years will pass before they can expect to get relief, thousands will die in want and poverty—while our Christian Governor with a salary of \$12,000 a year will dine on the best the market can supply. Verily, the saddest trail is a snare and delusion, and unless there is another miracle of the loaves and fishes the aged and needy will starve to death.

I hold that if a man doesn't like his job, he has a perfect right to quit. I further hold that after a man quits his job, he has neither a legal or moral right to prevent another man from taking his place.—Uncle Bill.

Friend, I do thee no harm. Shall I not do what I will with mine own?—Jesus.

### MIDLAND RODEO WILL AGAIN HAVE SPONSORS

MIDLAND—Again this year a colorful Cowgirl Sponsors contest will be staged in connection with the fifth annual Midland Rodeo, September 2-3-4, and again this year various towns and cities of West Texas and New Mexico are being asked to send sponsors to Midland to compete in the contest. Letters were this week sent out by the Midland chamber of commerce to chambers of commerce, service clubs and individuals in more than 60 towns in the area requesting them to select sponsors who will represent their respec-

tive communities in the contest. The sponsors will compete for a beautiful handmade saddle and four other attractive prizes.

Approximately 30 cowgirls participated in last year's contest which was won by Miss Mary Nell Edwards of Big Spring. Other winners were Mrs. Guy Caldwell, Albany; second; Miss Jo Ramsey, Black River Ranch, N. M.; third; Mrs. Maxine Young, Rankin; fourth; Mrs. Isora DeRacey, Pecos; fifth. A record-breaking number of contestants is expected this year.

Judging in the contest, in which no hazardous feats will be required, will be on personal appearance of cowgirl, appearance of horse and saddle, ability of girl to ride and

handle horse, and ability of horse to be reined. The sponsors will appear in the opening day parade and at each rodeo performance, both afternoon and night. Sponsors will be required to furnish their own mounts and equipment, but Midland Fair, Inc., will take care of the mounts during the three day show.

Plans are going steadily forward for the biggest and best rodeo since Midland Fair, Inc., with its \$60,000 plant, was inaugurated in 1935. \$6,500 in purses and prizes, entrance fees included, will be distributed among contestants this year.

It's got to be good to be advertised. make your shopping plans.

# Bottoms Up!

A BARREL ROLL!... Hard on the dare-devil air devil... Safe for his engine, because it's still well-oiled though it's upside down! Just think: Your motor car—newest model or veteran—would actually get better engine lubrication if somehow you could always park it upside down!... Silly notion?... Just the same, you can see that by standing "bottoms up" your engine would have to stay oiled to the top! Then it certainly couldn't start dry—oil-starved. And that one worst source of engine wear would be ended for you.

Get this same great benefit for your car without any "topsy-turvy"... Get your engine OIL-PLATED. And that takes patented Conoco Germ Processed oil, with its "magnetic" power of mating to the working parts as intimately as chromium-plating is mated to the bumpers. Chromium-plating can't drain down; OIL-PLATING can't either. All the way up in your engine—all the while it stands or runs—all the time you use Germ Processed oil—you've got durable OIL-PLATING.

Then every start is well-oiled—wear-proofed. Every stroke of your engine, every mile you go, takes place on lasting OIL-PLATING. And you're not adding oil every other time you stop, once you change to the only Germ Processed oil... at Your Conoco Mileage Merchant's. He knows your correct Summer grade. Today have him drain and refill, and at once your engine's OIL-PLATED. Continental Oil Company

**PICKED UP ALONG THE NEWS PATH**

Elsewhere in this issue we've unburdened in regard to the need of an adequate loud-speaking system at Raddick park. . . . We're prepared to hear some arguments about this being rather late in the present season to go in for such an enterprise, but if we wait until the next season is new there'll be the argument that we'd better wait until we see whether interest in the amateur programs is going to last another summer or not. . . . By the time we've decided on that it will be rather late in another season to go into the matter in earnest. . . . And so it will go. . . . Interest in the amateur hours is unabated after nearly four years. . . . Surely we'll go on having summer programs at the amphitheater, amateur or otherwise. . . .

sent this city at the Gorman Indian Trail Festival next Thursday, Friday and Saturday, July 20, 21 and 22. Miss Thompson will ride in a float designed to advertise the Erath County Livestock & Poultry Show, to be held here Oct. 12, 13 and 14. Her appearance at Gorman is being sponsored jointly by the show association and the Junior chamber of commerce.

Newspaper wedding stories being what they are, details of the mishap which the Bernice King (she's the former Dorothy Carter) had as they started on their wedding trip last Friday night had to be omitted from the society page account. . . . A wheel ran off of the King car this side of Sterling City as the newly married couple headed for San Angelo. . . . Next day they were back in Colorado City having the car fixed and regaling their friends with stories of their adventures in finding lodging for the night after they were bereft of transportation several miles from their hotel reservation. . . .

**FARMERS AND GASOLINE DEALERS TOLD TO STUDY LAW EFFECTIVE SEPT. 1**

Farmers and gasoline dealers—as well as all others who under the law are entitled to a refund in gasoline taxes—were urged by Comptroller George Sheppard to study the terms of a new state law making several material changes effective September 1.

Farmers are among largest users of gasoline upon which the tax is paid; and after September 1, Sheppard pointed out, the Comptroller can pay refunds only to those who purchased their fuel from licensed dealers. Hence it is important from the user's standpoint that they make certain the dealer is licensed.

The departmental analysis of the law showed that these changes were:

of cost, by the Comptroller's Department when application is made therefor.

4. All invoices of exemption will be serially numbered, and each supply furnished a dealer by the Comptroller's Department will be charged to such dealer, and an accurate account of all such invoices of exemption must be kept by the dealer. No other form of invoice of exemption may be used than that furnished by the Comptroller.

5. The dealer is required to keep accurate record of all motor fuel sold, for a period of two years.

6. Blank invoices of exemption not transferable or assignable unless authorized by the Comptroller. Dealer is not authorized to lend or give away invoices of exemption, as he must keep accurate books, records and account of all invoices of exemption issued to him.

7. Invoices of exemption must be issued at the time of delivery of the motor fuel. Heretofore such invoices have been issued at the time of sale.

8. Unless the users of refund motor fuel and the dealers who sell refund motor fuel are advised of this change in the law a great deal of confusion will result, and a lot of refund claims will not be payable. It is, therefore, important that each user of refund motor fuel who expects to file claim for a refund of the tax acquaint himself with the new provisions of the law.

Browsing among our exchanges we run across a lot of names in other towns similar to those of Colorado Citizens. . . . For instance, there are a Mr. and Mrs. R. R. Lacy in Sweetwater, no kin to our Mr. and Mrs. R. R. Lacey. . . . The Sweetwater Lacys have children named Joyce and Jimmie, where our Mr. Lacey has a sister named Joyce who comes frequently from Austin. . . . And there's a Mrs. Lucile Gray Wilkins at Big Spring. . . .

Because their husbands went to Pike's Peak a few weeks ago but never got to the top, Mrs. Frank Kelley and Mrs. Jim Cantrill were getting quite a kick this week out of proving that they really got to the top during their Colorado trip, from which they returned Monday night. . . . It is reported that Mrs. Dick B. Dingsley and Mrs. Cantrill could command fairly prices for a public exhibition of the candid camera shots they made of Mrs. Kelley while she was drinking from Seven Falls at Colorado Springs. . . . Both shots were made at the same time from different angles. . . .

We lifted the following from the "I'll Tell the World" column of the Stephenville Empire-Tribune because it is a perfect description of the dilemma which The Record finds itself in, one way or another, almost every week: "Occasionally it becomes necessary for this newspaper to crowd its news columns in order to reduce the size of the paper to conform to the amount of advertising received. That happened the past week and as a consequence a great deal of live news had to be carried over. For that reason some of the items to be found in this edition may seem a bit stale. Many, many times the Empire-Tribune comes out with 16 pages where the advertising patronage does not justify more than twelve pages, but extra pages are used for no other purpose than to take care of the editorial requirements of this town and county. The average reader may not know it, yet the weekly newspapers of the country face a severe test of patience and physical ability almost every week in the year simply because it is rarely ever possible to know just how much business will develop until the day of publication. For instance, today—Tuesday—it appears that sixteen pages will be used this week and on the basis of that belief workmen have been instructed to proceed accordingly. But if it so happens that Thursday morning there is not more than enough advertising for twelve pages then a real problem arises. The large newspapers arrange their pages and do the printing all within a few hours, whereas the smaller publications print in units of four pages. When you see stale news please keep in mind these facts mentioned above."

From the fifty-year-ago column of Sunday's Dallas News: "A telegram was received in Colorado City, announcing the sudden death in Denver of Clay Mann, one of the most prominent cattlemen of the West. Mr. Mann was delivering cattle in Denver which had been sold in the spring. He had been identified with the Texas frontier for many years."

We're wrong again. . . . Until Friday night we always had a sneaking conviction that one of the main reasons why so many folks go to Raddick park amphitheater on Friday nights is that they just like having somewhere to stop while they're out killing the evening. . . . But after what happened last Friday we're convinced that at least a few thousand go because they want and get entertainment. . . . One had to come to this conclusion after seeing hundreds go dashing home through a sudden, drenching shower that came up early in the program, only to change their clothes, put down the windows, and come back to sit on damp terraces when the shower had passed. . . . Those who returned late were literally flabbergasted to find every seat taken and the program going on as if there'd never been a rain. . . . Incidentally, there's talk of dubbing Dr. Harry A. Logsdon our local rain-maker. . . . He helped arrange Friday night's program, and it will be recalled that the amphitheater crowd got several through sprinklings when he presented his Ranger program last summer. . . .

**SMATTERINGS:** The smiling face of E. E. Smith, who totes the mail on Route 2, was on the front page of Saturday afternoon's Abilene Reporter-News by virtue of his being president of the Texas Rural Letter Carriers association and therefore a prominent figure at the federal employes' convention in Abilene. . . . Friends of Tom Burrus, who's in the vet hospital at Albuquerque, were

sending him some of those "tall tale" postcards the other morning. . . . They are teasing Lay Powell mightily about some cattle checks he forgot to cash for several months—the main point being that if most of us folks forget to cash our checks we'd also forget to eat. . . .

A homing pigeon that will travel long distances at night is worth several hundred dollars as a breeder. . . .
