Modern Methods Of 'Living At Home'

Demonstrated On FSA-Soil Conservation Tour Of Five Mitchell County Farms

McCormick farms with horses and mules. He and Mrs. McCollum milk six cows. They will have 75 turkeys to sell this fall.

In charge of the tour were M. A. Stinson, county FSA supervisor; Mrs. Willie Locke Patrick, FSA home supervisor; and A. B. Kyle, soil conservationist in charge of water facilities developments in the county.

Carlock has a large steel tank reservoir provided under the water facilities program. It is set in concrete and is kept full of pure, drinkable water supplied by a well which has a new windmill, also built under the water facilities program.

His plan is to have about five acres of truck crops, making his start this winter with onions. He will build his home on this place soon and will use his government acres for cultivated pasture, planting small grains for the winters, sudan and sorghums for the summer, and using an electric fence to rotate and regulate grazing.

The 180-acre farm of F. W. Beights across the highway from the Carlock place was the next stop. Beights has a tank similar to Carlock's, the two men having purchased a large oil field tank together and having had it cut in two.

Attention at the Beights home centered on their frame garden, 10 by 5 feet, and their concrete cellar. Growing in the garden now are greens, radishes, multiplying onions (these will later be transplanted to the open garden).

Blackberries are already doing well on the Beights place. They have water piped to their modern chicken house, equipped with self feeders. Two hundred white Leghorn hens are giving them a high egg income this year.

Both the Carlock and Beights places were terraced before they went into the FSA-water facilities program, but Kyle and other soil conservationists are working up a few changes designed to improve the effectiveness of the terraces.

The farms of Luke Finley and M. D. McCollum were among the seven bought by FSA last year under the tenant purchase act. Finley recently became one of the first FSA tenant purchasers in Texas to make full payment for the year on his farm, and McCollum has made nearly all his payment, according to Stinson.

Linoleum Kits Breakeage Cost In Kitchen; Used On Cabinet
Linoleum, once confined chiefly to floors, has branched out in the home and is now regarded as an attractive and practical surface for sink tops and drain boards.

Eligible for installation, under the modernization credit plan of the Federal Housing Administration, linoleum may be used to restore life to many efficient but drab and discolored sinks. On drainboards or other areas, even walls, where water is spilled or splashed, the success of the installation depends almost entirely upon the quality of workmanship in making the seams and edges tight and waterproof.

PIONEER AUTOBIOGRAPHY

ON BEST-SELLING LIST

By leaps and bounds, 'Our Common Herd' by Sue Sanders has rapidly made its way toward the top of the non-fiction list of the nation's best-sellers.

This unusual autobiography was published only a few months ago and it already had sold 7500 copies at \$5 each, solely by word-of-mouth advertising, when outstanding citizens in all parts of America urged the author to reduce the price of the book so that it could reach the millions of depression-discouraged persons in need of its inspiring message.

Sue Sanders willingly consented and Country Life Press of Garden City, N. Y., is now busily turning out a cloth-bound edition to be sold at \$1 a copy.

Typical of the praise bestowed on the book by many noted persons is that received by the author from Mrs. Ruth Bryan Rohde, former ambassador to Denmark and the only American woman ever to fill such a high diplomatic post.

"The pioneer qualities which Sue Sanders' family had are the qualities which have built this country and will pull it out of every sort of bog if our people manfully in literature have I come across a picture of pioneer days which made me feel as if I myself had lived through the personal experiences contained in it; and because you have given me that experience in your book, I want to send you my grateful thanks."

All But Three Spans Set In New RR Bridge

All but three steel spans have been set in the new railroad bridge now under construction across the Colorado river.

Two of the spans yet to be set will be at the west end of the bridge, one at this end.

Sufficient spans have been put in place to make possible the removal of all the piles which were driven in the river bed proper for the temporary trestle which served after the former bridge washed away in June.

Fall shirts have collars attached in the popular oxford, broadcloth, and fine madras replacing the mesh weave, lino, and dimity sheers, that were worn this past summer.

### Busy Days On Midwest Exposition Grounds

Grounds and buildings of the Midwest Exposition at Sweetwater will be alive with activity for the next two weeks as preparations go forward for the 1939 fair, which opens on Tuesday, October 24, and continues through Saturday, October 28. According to President Austin Jordan and Secretary George Barber the fair will be larger and much better in every department than it was last year.

Exhibits of FFA chapter, 4-H club boys, club girls and club women will vie with community exhibits in attracting attention of the thousands of fair visitors. The Hereford cattle, dairy cattle, sheep, goats and poultry exhibits are expected to reflect progress of the eight counties participating, namely: Nolan, Fisher, Scurry, Mitchell, Coke, Runnels, Taylor and Jones. Three new departments have been added: a quilt show, a flower show and an art exhibit.

Distribution of the 3,000 premium catalogues was started last week and any person in the eight counties involved who desire a copy may have one by simply addressing a post card to the secretary at Sweetwater.

The T. J. Tidwell Carnival Shows has been signed for the midway. It will open Monday night, Oct. 23, and run each afternoon and night for the remainder of the week. Mr. Tidwell has announced that all school children are to be admitted to the carnival grounds free the afternoon of Oct. 24 and permitted to enjoy all shows and rides for five cents each. Most of the schools in the eight counties are expected to declare a half holiday on the opening afternoon of the Exposition.

A novel street parade will be held at 1:15 p.m. the first day. Attractive prizes have been offered to the winners of first, second and third places in eight separate divisions. These are: For the oldest automobile operating under its own power, for the largest family in the parade composed of father, mother, children and grandchildren, for the family coming from the greatest distance, for the most novel rural school entry, for the boy with the reddest hair and most freckles, for the girl with the reddest hair and most freckles, for the most comical entry of any kind, and for the oldest settler of Nolan county in the parade.

"We want every person in the eight counties to come and enjoy these five days and nights of the Midwest Exposition," President Jordan announced. "We promise all who come something worth while."

## FSA Loans Reach \$117,000 In County During This Year

Total Since Government Took Over Agency Has Reached \$215,712.16

Loans handled in Mitchell county this year through the Farm Security Administration total \$116,730.24, according to a report made out this week by M. A. Stinson, county FSA supervisor.

The total is divided as follows: Corporation, resettlement, and straight FSA loans, \$68,394.24; tenant purchase loans, \$44,752.00; water facility loans, \$3,384.00.

Since the government FSA program got underway in this county loans have reached a grand total of \$215,712.16. Stinson's figures show Corporation, resettlement, and FSA loans total \$167,376.16. The other two loan divisions, tenant purchase and water facilities, have only been in force the past year.

Maturing this year are \$46,998.57 worth of loans. Collections since Jan. 1 have amounted to \$19,523.51. Many loans for the year do not mature until late in the year.

### MOVE BACK HERE

Mr. and Mrs. Frank Mackey and son have moved back here to live, after having been in Houston recently. They are occupying a home at 804 Seventh St.

## SQUARE DANCING CHAMPIONS

Two members of the champion square dancing team which performed at the Colorado hotel Tuesday morning. The team is on a transcontinental tour under sponsorship of the Broadway of America association.

## School Band To Appear Friday In Its New Uniforms

Representing an outlay of around \$500, the Colorado City High school band now has 50 colorful new jackets and will make its initial appearance in complete uniform at the Colorado City-Merkel game Friday night.

Members of the band were already equipped with caps and trousers. The new jackets are military style in scarlet with brass buttons and black Sam Brown belts. The necessary down payment was made by the high school athletic association. Remaining payments will be made jointly by the band and the athletic association.

The two drum majors, Verna Campbell and Billy Margaret Gregory, received their uniforms some time ago. They are in white satin and gold with white boots and drum major hats with red plumes.

R. P. Rose, director of the band, also has a new uniform. The band will wear the new uniforms at a downtown pep rally Thursday night, but its first formal appearance will be Friday night, according to G. D. Foster, principal of Colorado City High school.

## Funeral For L. F. Copeland Held In Oklahoma Wednesday

Funeral services for Luther Franklin Copeland, 49, who died unexpectedly at his farm home near Colorado City at 5:30 Monday evening, were held at Newport, Oklahoma, at 2 o'clock Wednesday afternoon.

The body was carried overland to Newport in a Kiker & Son ambulance.

Mr. Copeland, who moved to Mitchell county with his family on August 26 from Newport, had worked in the field most of the day Monday but had come in late in the afternoon, complaining of feeling ill. In a short time he was dead.

The Copelands lived about 10 miles southeast of town on a farm belonging to Mrs. Copeland's brother, W. D. Taylor.

Born March 6, 1890, in Greenwood, Texas, Mr. Copeland worked for years in the oil fields of Oklahoma. He was married at Newport to Nora Taylor, who survives him in addition to two children, Arthur, 18, and Naomi, 16.

Three brothers, Sam Copeland and Claude Copeland of Healdton, Okla., and Tommy Copeland of Gladewater, and two sisters, Mrs. Viola Haley of Ada, Okla., and Mrs. Lula Gates of Bonham also survive.

Kiker & Son have charge of funeral arrangements.

## Tom Goss, Sr., Again Gets Tax Receipt No. 1

When 1939 tax-paying time legally opened Monday morning, Tom Goss, Sr., of Colorado City rounded out 15 years of being the first man in the county to pay his taxes.

Following a custom which he started a few years ago when he says, certain parties tried to beat him to Tax Receipt No. 1, Goss had had his checks on file in all Mitchell county tax offices for several weeks prior to the opening of the tax-paying period.

Goss prizes his collection of Tax Receipts No. 1. And his taxes are far from negligible—he has never paid taxes on less than two farms, more than half a dozen rent houses, and his home in Colorado City. Goss and his family have lived here for 27 years, having moved here from Coke county in 1912.

## Thompson In Lubbock For Tech Board Meet

Chas. C. Thompson was in Lubbock Saturday for a called meeting of the board of directors of Texas Technological college. Thompson is treasurer of the body.

The board authorized efforts to obtain a naval Reserve Officers Training corps unit at Texas Tech. Several departmental budgets were approved.

The directors lunched in the new men's dormitory on the Tech campus, which they toured after the close of the afternoon session. They were guests of President and Mrs. Clifford B. Jones for dinner Saturday night, afterwards attending the Texas Tech-Texas Wesleyan football game.

### IN POWELL HOME

Mr. and Mrs. Curtis Erwin of Stanton have been guests in the Lay Powell home this week.

### HOME FROM PUEBLO

Mrs. Bennett Scott returned last week after a visit with her sister and other relatives in Pueblo, Colorado.

## One-Time Colorado Citian Buried In Houston Saturday

Word of the death of Arthur Robert (Artie) Bailey, 58, one-time Colorado Citian, at his home in Houston on Wednesday of last week has been received by Joe Smoot through Bob Hubbard, former funeral director here and now associated with the Fogle-West funeral service in Houston.

Mr. Bailey was the son of the late Mr. and Mrs. A. A. Bailey, who used to ranch west of Seven Wells, and he spent his childhood and early manhood here. Mr. and Mrs. A. A. Bailey and a daughter, Mrs. Mae Lyles, are buried here.

"Artie" Bailey lived here for a time after his marriage to Florence New of Atlanta, Ga. They moved away some 25 years ago, living in Brenham for a short time before moving to Houston, where Mr. Bailey had been in oil lease and real estate business for some time before his death.

Survivors are his wife and a son, Arthur Robert Bailey, Jr., of Houston; four daughters, Mrs. T. M. Johnston and Miss Ellen Bailey, both of Glendale, Calif.; Mrs. Lyle Bailey Baker and Mrs. Virginia Bailey Meschkat, both of Houston; a granddaughter, Lynne Johnston of Glendale, and a niece, Mrs. W. W. Campbell of Seguin.

Funeral services were held at 4 p.m. Saturday.

Listed among honorary pallbearers were several Colorado Citians: C. M. Adams, Douglas Burns, Joe Smoot, Joe Earnest, Carey Prude, Hiram Snyder, Jerold Riordan, and James Sherwin.

## Davis Family In Reunion Sunday

Children of Mr. and Mrs. B. F. Davis gathered at the Davis home in Westbrook Sunday for a family reunion and celebration of Mr. and Mrs. Davis' 53rd wedding anniversary and Mrs. Davis' 72nd birthday.

Present at this affair were Mr. and Mrs. J. B. Schafer and family, Mr. and Mrs. W. W. Davis and family all of Westbrook, Mr. and Mrs. Henry Everett and daughter of Cuthbert, Mr. and Mrs. Jim Morris and daughter, Mr. and Mrs. Omer Marr and daughter, Mr. and Mrs. Alvin Racey, all of Abilene, Mr. and Mrs. Arlie Moore and children, Mrs. Mattie Henderson, all of Westbrook, Mr. and Mrs. J. W. Schafer and children of Porsan, Mr. and Mrs. Cecile Schafer and daughter of Fairview, Ezelle Mathews and Robert Walls of Abilene, and Earl Featherstone of Gatesville.

## Nina Laura Smith On TSCW Yearbook Staff

Information received from TSCW, Denton, is that Nina Laura Smith, daughter of Mr. and Mrs. Thos. R. Smith of Colorado City, has been made music editor of the TSCW yearbook.

Miss Smith, a junior journalism student, also covers activities of the entire music department for The Lass-O, student newspaper.

## Former Colorado Citian Succumbs Of Crash Injuries

Injuries sustained in an automobile accident late Monday night proved fatal in a Stamford hospital early Monday to Roy Lewis Cowan, 34, Tahoka trucker and former resident of Colorado City. He was a grandson of Mr. and Mrs. N. T. Womack of Colorado City.

Cowan's family, the T. B. Cowans, lived here until about 17 years ago, owning a farm northwest of town. In addition to his parents, who now live in Lubbock, Cowan is survived by his wife, the former Annie Mae Bolin of Lubbock, and two children, in addition to five brothers and two sisters.

Funeral services were held from the Tahoka Church of Christ at 5 o'clock Tuesday afternoon. Attending from here were the families of L. A. Strain, J. L. Strain, Will Womack, J. C. Womack, Ray Womack, and Chas. Womack, accompanied by N. T. Womack.

## L. V. Bassham Buys Conoco Station Here

After having lived in Monahan for several months, L. V. Bassham has moved back to Colorado City to live and has leased the Conoco station on East Second street.

The station has been operated by the Galey Brothers. Bassham will be personally in charge of its operation in the future.

## Houston Hill Builder Of New Midland Church

Houston Hill, building contractor who formerly lived here and who now lives in Midland, was contractor for the new Episcopal church which was formally opened in Midland Sunday.

The new church is to be known as Trinity Chapel. It is served by Rev. Oliver C. Cox of Big Spring. Don Sivalls, former Colorado Citian, is on the mission committee. Mrs. Sivalis is the former Fannie Bess Earnest of Colorado City.

## Sidewalks Laid At Junior High School Grounds By N. Y. A.

Laying of front and entrance sidewalks at the new junior high school grounds under an NYA project has

been completed and other sidewalks around the building will be completed soon, according to Thos. A. Gracy, project superintendent.

The front walk is four feet wide, that leading to the main entrance 12 feet wide. Gracy says that 7,500 feet of sidewalk will be poured around the building by the time the sidewalk building phase is completed.

Tennis courts will be built after the sidewalks are completed.

## Bette Davis And Miriam Hopkins In 'The Old Maid'

"The Old Maid," co-starring Bette Davis and Miriam Hopkins, will have its first local showing at the Palace theatre on Sunday and Monday. Filmed by Warner Bros., it has been hailed by preview audiences as the outstanding dramatic event of the year—a rare combination of brilliant talents in the fields of acting, writing and directing.

One feminine star—especially if

she be that double Academy winner, Bette Davis—might be considered sufficient for a photoplay, no matter how great. But in "The Old Maid" there are two. Besides Bette Davis there is the lovely and highly capable Miriam Hopkins, who has starred in many a topnotch production on her own account. The girls have equally important parts. This is the first time, since they reached stardom, that either has ever shared acting honors or top billing honors with another player of her own sex. "The Old Maid" was written first as a novel by Edith Wharton, often called the "aristocrat of American writers." She will be remembered as the author of "Ethan Frome" and "The Age of Innocence," among many other books. Then, four years ago, Zoe Akins, the brilliant dramatist, transformed the book into a stage play which not only had a long run in New York but won the Pulitzer Prize for that year, the high-

With Miss Davis and Miss Hopkins in the picturization of "The Old Maid" are such players as George Brent, Jane Bryan, Donald Crisp, Louise Fazenda, James Stephenson, Jerome Cowan, William Lundigan, Cecilia Loftus, Janet Shaw, DeWolf Hopper and Rand Brooks. The director was Edmund Goulding, whose latest previous triumph was Bette Davis's sensational "Dark Victory."

## Spectacular Oil Well Fires In "Blackmail" Hair-Raising Climax

Something new in screen thrills is presented in the spectacular oil well fire sequence of "Blackmail," a thrill-packed drama of a man's revenge, which comes Friday and Saturday to the Palace theatre with Edward G. Robinson starred.

Declared to be the first time an oil well fire has ever been used to supply background thrills for a dramatic screen climax, the sequence in "Blackmail" presented such a spectacular sight at night that hundreds watched it from their homes and from the fields and hills back of the studio property. Many rushed up in motorcars in the belief that one of the three hundred working wells in a nearby oil field had caught fire.

Four "wells" were constructed for the first fire, with some three hundred Baldwin Hills oilfield derricks serving as "extras" in the background. The second fire was to be a "wildcat" oil well, so no oilfield background was required and construction took place several hundred yards away with the cameras this time pointing in the opposite direction.

In each instance gasoline was piped from compression tanks five hundred feet underground to the huge pit that was to be the oil well fire. Here it was controlled by a valve, and a pilot light was used to ignite the gasoline whenever Director H. C. Potter was ready to shoot. It worked just like a gas stove at home.

With a roar the fire would leap skyward, one hundred and fifty feet into the air. It could be seen for miles around. Devouring gasoline at the rate of three hundred gallons a minute, the two oil well fires in "Blackmail" used a total of more than 12,000 gallons.

More than five hundred explosions sent gushers of dirt, rock and dense black smoke into the air, while within the glow of the fire the experienced oil well shooters from Santa Fe Springs worked with Edmund G. Robinson and Guinn Williams in asbestos suits, special helmets and shoes in their perilous work of dynamiting the fire. A little farther away two engine companies from the Los Angeles and Culver City fire departments played six streams of water over the "fire eaters."

## FAIRVIEW FACTS

Fairview community had its share of excitement Thursday night a little after sundown when word was passed around that little Weldon Coolbaugh, 20 months old son of Mr. and Mrs. Alford Coolbaugh was lost. In just a short time the men, women and children were gathered there for the search. Searching parties were quickly organized and under direction of able leaders began a systematized search of the surrounding fields and pastures.

Just before 10 o'clock, when despair of finding the child near the home began to show on the faces of the searchers, Mr. Henry Everts brought the child in. Mr. Everts was not a member of the searching party, but was in field about a mile and a half from the Coolbaugh home. He was quitting work and noticed the child standing under a bush. He did not know the child was lost and was the object of a searching party. The child was unharmed, except the many broken off cactus in his bare feet. "We hope this never happens to anyone else in our community."

There was a good attendance at Sunday school Sunday afternoon. Every class had a new teacher as it was the beginning of a new Sunday school year. The new teachers are: Primary, Mrs. Claude Willis; Junior, Mrs. A. A. Strain; Young People, Mrs. R. E. McMillan; Young Married People, Mr. Claude Willis; and Adult Bible class, Mrs. W. W. Jenkins. Mr. L. A. Strain is the new superintendent.

Mr. and Mrs. W. W. Porter were visitors at Sunday school Sunday afternoon. We were glad to have them present.

We had a good crowd at singing Sunday night. The singing was very good and enjoyed by every one. Mrs. Hilton Morgan had charge of the program. Mrs. P. H. Pace will have charge two weeks from Sunday night.

The W.M.S. met Monday afternoon, Oct. 2, with seven present. Mrs. J. C. Womack the president was in charge. The ladies finished hemming a quilt recently quilted for Buckner Orphans' Home. They will meet again in two weeks and quilt another one for the home.

Watch the papers for an early announcement of a pie supper at Fairview. This supper will be sponsored by the Fairview Parent-Teachers Association raise funds for the association and the Boy Scouts. Watch for the date.

This Saturday night and Sunday will be regular preaching time for Rev. Jim Fields at Fairview. Every one is invited to attend.

All is quiet along the school front with the exception of a little boy having to stay at home because he got hit over the head with a hammer. Outside of a few little minor incidents like that, everything is going fine.

Mr. and Mrs. T. J. Grimes and children of Midland were, visiting in the Pace home Sunday.

Mr. Halbert and Lucile Fuller visited here from Martin county Sunday.

Mr. and Mrs. J. C. Womack, Mr. and Mrs. J. L. Strain, Mrs. L. A. Strain, Mrs. C. C. Berry, Mr. and Mrs. Will Womack, and Mrs. Maxine Sparks attended the funeral of a nephew, Roy Cowan of Lubbock Tuesday.

## 'LIFTED' FROM THE COL-TEX SAFETYGRAM

Work on Bud Benson's new home is going forward at a nice rate these days. Seems that Bud is having some little difficulty with Alderman Fats Richardson about getting water facilities to his new preemption. Rumor has it that Bud is going to drill a well, if Patty don't get busy.

E. B. Willbanks plans to start work on his new domicile within the next few days. E. B. says that Exa drew plans for the house, but that he had his say when it came to designing the dog-pens.

Our Superintendent Neal Prichard is about ready to move into his home, recently purchased from Baxter Scoggin—and Baxter, so we understand, has already moved into his new home in Oklahoma City. The Col-Tex gang are really going into this "home-ownership" thing seriously.

Cris Lighthill is rapidly recovering from an operation recently performed at the Hendricks Memorial Hospital in Abilene. We all hope that Cris continues to improve and that he will soon be able to be up and around again.

C-T CLUB ELECTS NEW OFFICERS. At an election held by the C-T Club members last month, a set of new officers were selected to take the place of the three who were retiring.

Ye ed (N. H. White), Fats Webber, and Jim Williams were the three whose term had expired, and the new ones elected were Luther Scarborough, I. J. Pierce and Carey Prude. Sr. These three new men will work with Jack Richardson and Hank Bryant, holdovers.

We understand that the new officers plan to institute some very interesting programs into the club designed to pep up membership and club activity.

We think the club one of our most worthwhile enterprises and feel that the entire personnel should give it their support.

Lee Lavendera and wife and Ever-

ett Stagner and wife are vacationing this week in California, where they plan to attend the Fair at San Francisco.

J. K. White who lately forsook old Col-Tex to seek adventure elsewhere, is now in the Army air corps, and will be stationed in the Philippine Islands.

## New Chevrolets To Make Bow October 14

DETROIT—Chevrolet's new 1940 models will make their public bow on Oct. 14, W. E. Holler, general sales manager, announced recently. The cars, he said, will be shown simultaneously at the National Automobile Show in Grand Central Palace—where, as volume leader in the industry, Chevrolet again had first choice of space—at the General Motors special showing in the Waldorf-Astoria, at several important local auto shows, and in dealers' salesrooms throughout the country.

In line with the company's experience in recent years, Mr. Holler said, an important part of Chevrolet's announcement—advertising—has been scheduled in newspapers. Some 6,800 daily and weekly papers from coast to coast are on the schedule, other media being used to supplement and round out this effort. Pre-announcement advertising has already begun to appear, and space will be increased as the new car introduction date approaches.

Formal presentation of its new product, and the selling program for 1940, will be made to Chevrolet's wholesale field organization and the central office sales department staff at the annual national sales convention scheduled to open here Sept. 28. The sessions will last two days, and will be attended by about 350 key members of the organization.

TO LUBBOCK MONDAY. Visiting in Lubbock Monday were Mrs. F. C. Shillingburg, Mrs. Fielding Lee, Mrs. L. Short, and Mrs. Arlie Taylor.

**"Chevrolet's FIRST Again!"**

**PICKED UP ALONG THE NEWS PATH**

**"Forty-Two Players Have Qualified For City Golf Tourney"** read a front page news story in last week's issue of The Record. . . It seemed to us to be a perfectly good head until Johnny Prude started trying to determine what place 42 players, as such, would have in a golf tournament. . .

It seems that Chas. C. Thompson has been treasurer of the board of directors of Texas Technological college since the board held its injunction-brewing convale in Houston several months ago. . . Right at that time the board members were so absorbed in their first experience of being "served" with injunctions, standing "in contempt," and so forth that even Charley Thompson forgot to take much notice at the time that he'd been elected to an important post on an important body, of which he is one of the youngest and newest members. . .

During the barbecue which the Bob Fees had for the fireboys Monday night Firechief Ed Majors lost his hat and thereby hangs a tale—but we've not been able to learn what the tale is. . . We have determined, though, that the lost hat was eventually found in the top of a tree. . .

"Doc" Wimberley's mischievous little monkey was attracting quite a bit of attention over in the Colorado hotel Tuesday noon. . . Aside from the fact that Mr. Wimberley owns part of the hotel and can take monkeys in it if he wants to, the monkey was well-caged and behaving quite nicely. . . "His" name turned out to be "Nina."

This story is vouched for by reliable authorities, but please skip this paragraph if you happen to be at the morning coffee or on the verge of dining. There's a Mitchell county woman who until recently wore the false teeth which were used by her mother and her grandfather before her. . . A local man tried to buy them when they were discarded for a more modern and comfortable fitting, but was unsuccessful—presumably because of the sentiment attached to the molars. . . They're heirlooms by now. . .

When Bob Brennan, who is newly home from a Big Spring hospital where he had weeks of treatment for a broken knee cap sustained in a July car wreck, made his first appearance downtown via crutches last week, there came Ross Daniels right along with him, also on crutches. . . The two are pretty good friends and sympathy between them is to be expected, but sharing crutches is, one must admit, pushing loyalty a little far. . . Only it turned out that Ross had legitimate claim on crutches in his own right—he'd been in a "pickup spill" up near Lamesa and was nursing an injured foot, to say nothing of a banged-up nose. . .

Those who have been following the fortunes of Colorado City girls in TSCW (CIA), Denton, through the columns of Nina Laura Smith during the past two years will be sorry to learn that Nina's duties as a junior journalism student will be so heavy this year that she cannot find time to continue the column. . . But they will also be glad to learn that Ruth Elliott is taking over the columnar duties laid down by Nina. . . It seems that Nina's duties this year include coverage of all activities of the music department of the college. . . In addition to that she is music editor of the TSCW yearbook. . . All in all, she has a 16-hour working day, which is rather a full day for anybody. . .

Does it seem to anybody else that the gins don't hum as audibly as they once did in Colorado City in the fall? . . . Modern machinery probably has something to do with it, since it seems to have a hand in most changes. . . This would-be

writer was reared within easy earshot of the ginning district, and in later years when we moved farther from that district, we could still hear the gins any time we thought to listen during the fall. . . But this year's been different, and somehow an autumn day of still, slanting sunshine will never be quite complete for us without a gin-humming background. . .

Among the congratulatory telegrams received by Mr. and Mrs. Max Berman on the formal opening of their modernized department store Friday was one from Mrs. Katherine Smartt, who was cashier for several years in the old West Texas Dry Goods which gave Berman his start in Colorado City. . . Mrs. Smartt now lives in Floydada. . .

An aerial picture of the southern part of Mitchell county taken from an altitude of 12,000 feet is a possession of the government soil conservation office here. . . You ought to see how little a big piece of land looks on there. . . And a human being would be entirely invisible. . .

If you grew up behind an older brother or sister and had to take his (or her) hand-me-downs until suddenly you outgrew him (or her) and thereby canceled the effectiveness of the hand-me-down custom, then you know how the Colorado City High school band will feel when it struts forth in new uniforms Friday night. . . Not that the band members have suddenly become huskies or anything like that. . . It's simply that a hand-me-down can just be handed so far and no farther, and the coats of the school band reached and passed that point some time ago. . .

Flashings along the eastern horizon had a number of local people wondering Tuesday night, and so far no explanation of the why or wherefore has been reported. . . Among those who went dashing eastward to investigate were the Jim Hales, Beatrice English, and others. . . When they were east of town the flashings disappeared entirely, but back in town they were visible again. . . P. S. Since this paragraph was started we've been told that the "flashings" weren't on the eastern horizon at all—they were in the back yard of the Randolph McEntire home, where an electric welder was being used—which explains why they disappeared "east of town."

Proof that figs can be successfully grown in Mitchell county is to be found on the W. C. Henderson place 12 miles south of Lorraine. . . Figs are commonly said to grow on trees, but the fig-producers on the Henderson place resemble bushes more than trees. . .

Speaking of fruits, we've learned, by courtesy of Eddie Moerer, what it was that Tom Marsh of the Safeway store was trying to feed us last week under the name of "ju-jugs." . . . They're "jubes," it develops, and Webster's definition runs thus: "The name of a fruit . . . which is pulpy and resembles a small plum. . . A native of the East Indies." . . .

Never again will we be able to fully appreciate the old joke about the way WPA workers don't hurry about their jobs. . . What might be called our disillusionment came Saturday morning. . . We were up in the FSA office on the third floor of the courthouse with Mrs. Willie Locke Patrick, FSA home supervisor, and M. A. Stinson, FSA supervisor, when Mrs. Locke called attention to the WPA paving work in progress north of the courthouse, with particular reference to the way the wheelbarrow pushers were actually running to and fro. . . Since we couldn't see anybody with a whip and since it isn't like WPA to pay by the wheelbarrow, we decided that the old joke must be, after all, just a joke. . .

Two front-page tragedies of the past week have touched Colorado citizens through close friendship ties. . . The Britton C. Cole of Bryan who was one of four Annapolis students killed in a Tennessee crash was the son of a close friend of the J. V. Glover family. . . The father, E. C. Cole of Bryan, used to be Glover's math teacher in Howard Payne at Brownwood. . . Now he is with the Allen Academy at Bryan and when he is through here nearly every summer in the interest of the academy he is always a guest in the Glover home. . . The second instance was the burning to death of two persons and the fatal burning of two others in a Silverton fire during the week-end. . . One of the persons who died in the flames was Capt. E. Wilson, father of Mrs. Jessica W. Bennett of Abilene, friend of Rod Merritt. . . As district administrator of the Texas Relief Commission, Mrs. Bennett is here several times each year to confer with Bonnie Burt of the county welfare office and county and city officials. . . Mrs. Bennett's brother-in-law, Herbert Street, also died in the flames. . . Her sister, Mrs. Street, and 6-year-old daughter were so badly burned that they later died in a

Plainview hospital. . . Rod Merritt attended the funeral of the father and brother-in-law Sunday afternoon and later drove Mrs. Bennett to Plainview. . .

While going through some old papers recently, Jas. T. Johnson found an old newspaper clipping showing the nation's total cotton crop each year from 1826 until 1926 and the high and low price of the staple each year. . . Only 957,281 bales were produced in 1826, and even less in the two ensuing years, but the climb began in 1829 and went on steadily to a high of 14,739,000 bales in 1914. . . Lowest price on the list is five cents per pound, listed in 1841 and 1844. . . Highest price for the 100-year period was in 1864 when the post-Civil War period sent the price zooming to as high as \$1.90 per pound. . .

Editor—Sue Simons.  
Reporters—Craig Porter, Walter Grubbs, Freddie Watson, Lucille Dockrey.  
Sponsor—Juan P. Mason.

### PRESENTING—

Mr. Max Berman

Mr. Berman was born in Lithuania and came to Seguin, Texas, at the age of six. He is now a merchant in Colorado City, Texas. You probably know quite a bit about Mr. Berman from personal contacts, or from reading last week's paper. (We could have written him up last week, but everybody else was doing that.)

You couldn't guess in a million years what Mr. Berman's hobby is. Well, I'll tell you. It's farming. He has a farm and raises cattle, too. That takes a lot of time, but he loves it.

Max Berman has just completed a store-wide remodeling "spree", and his store certainly shows a marked

improvement. Congratulations, Mr. Berman!

### Mr. Pies Watson

Who is Pies Watson? Really, you are quite the dumb one if you don't know him. He is chief cook, maid, and bottle-washer around this school. In other words, he is our new janitor.

Mr. Watson was born in Stephenville, Texas, and in 1905 he came to Colorado. He has lived here ever since with the exception of five years. Those five years were spent in New Mexico, but Colorado called him back two years ago.

Three months is all the time that Mr. Watson has spent in being janitor. Now, that isn't very long, but you can take our word for it he fills the job very satisfactorily. If you haven't become acquainted with "Pies", do so as soon as possible. You won't be sorry.

### BAND UNIFORMS ARRIVE

They're here, at long last! The uniforms that have been handed down through the generations are no more. Monday afternoon all band

members received their new uniforms, and there was great rejoicing. Perhaps you have seen them, but if you haven't, come to the Merkel game and let the sight of the whole band dazzle your eyes. The miracle has happened!

### GAME AT MONAHANS FRIDAY NIGHT

The kick-off was made by the Monahans Green Wave and was taken by Jack Smith who carried the ball up to the 35 yd. line and was brought down by No. 71, one of the Monahans star backfield men. The Wolves showed up very nicely in the first half of the game by holding the Monahans eleven to a 0 to 0 score. In the first quarter Buzz Majors happened to a calamity which kept him from the remaining part of the game. A 215 lb. tackle fell lightly upon his leg. The Wolves were fortunate in not getting other boys hurt by the large Green Wave team.

In the second half of the game the Wolves were overpowered. The third quarter of the game brought the Green Wave 7 points which kinda discouraged the Wolves after holding them so well the first half. No. 71, one of the Green Waves' outstanding backs carried the ball around end for a 45 yd. run tallying again for the Green Wave. Our large pep squad, about a hand full of Colorado people tried to keep them from kicking the goal by hollering, "block that kick," but the pep squad or the Wolves could neither keep them from scoring the one point kick.

At the end of the third quarter the score was 14 to 0 for the Monahans eleven, but the Wolves were still fighting. In the early part of the fourth quarter the field lights went out. This stopped the game for about 15 minutes, just long enough to rest the Green Wave to go for another touchdown, in the late part of the fourth quarter. Two touchdowns were called back for the Green Wave much to our good luck. The Wolves were defeated by a 20 to 0 score which is just a game in the past. They plan to come out hot and heavy after Merkel this week ready to go.

WHERE ARE THEY NOW (Cont.)  
Being unable to cover all last year's seniors last week, we give you a parallel article this week.

Tommy Chadwick, "Shadrack" to his college friends, is warming the curbs of Hardin-Simmons hangouts. Also at H-S-U. is Theda Howell, Abilene's A. C. C. claims two more Colorado exes. Ted Hale and Maurice Watson are its victims. O. B. Trulock was seen among our humble brood here last Saturday. He is attending Paris Junior College. We find that Ellen Everts and Helen Nunn are still with us. Why? Post graduate work. Wilbur Seller, Jimmy Harrison, and Corley Rogers have gone to A. & M. . . . And girls—they'll come back with uniforms. Truman Watson is our out-of-state college find this week. He is at the Pepperdine Christian College, Los Angeles, California. Grace Doss is at T.S.C.W. Louise Pritchett, Texas Tech; and Ruth Hardison and Fannie Fae Porter, John Tarleton.

Besides all these college minded students, we have some that have elected to stay with us. Martha D. Cherry and Lily Mae Fuller are still around. Virgil Easterwood and James Manly have been seen loafing around the school, while Marie Wallace and the former Freddie Blackwell are keeping house. A lot has happened since last year, hasn't it?

### TO REDECORATE ROOM

The former third floor study hall, which is now Miss Miller's room, is in terrible condition. However, the Jet Maskers are making plans to redecorate the room and clean it up. The floor is being cleaned, the walls are to be cleaned and repainted, and silhouettes are to adorn them. Stencils for the silhouettes are being brought in all the time. These silhouettes are to be carried out in either Spanish or dramatic themes. If you don't know the present condition of this room, go see it, and then go again after the work is finished. We are confident you will note a decided improvement.

### SENIORS ELECT CLASS MOTHERS

The senior class met last week to elect class mothers. It was first decided to have only two, but later three was thought to be better. Those elected were Mrs. J. M. Doss, Mrs. John E. Watson, and Mrs. O. B. Price. It might be interesting to note that these three ladies attended the senior's box supper as guests. That was before they were elected class mothers. Indeed the seniors are fortunate to have these ladies who are so willing to take part in the senior functions.

### JUNIOR CLASS OFFICERS

At a meeting last week the junior class elected its officers. Clayton Henderson was elected president; Clay Mann Smith, vice-president; Ruth McQuerry, secretary-treasurer; and Imogene Hamer, yell leader. These officers were presented in assembly last Wednesday along with the other class officers.

### SOPHOMORE CLASS ELECTS OFFICERS

The first and probably the most important meeting of the Sophomore class of '39-'40 was held last Tuesday. The purpose of this first meeting was to elect officers. The boys again named and succeeded in electing their nominee, Allen A. Porter for class president. The girls won the

vice-presidency with their representative, Verna Campbell. Sue Landers was elected secretary and Ears Woods was elected treasurer. Other officers are: Betty Jo King yell leader and Craig Porter reporter. As his first official act, the president, A. A. Porter, proclaimed the meeting adjourned.

### CLASS PROGRAMS

The ensuing three Monday programs will be in charge of the three classes. The senior class will have their program this coming Monday, with the Juniors following, and last the sophomores. Everyone is looking forward to thirty minutes of real enjoyment, so don't let them down.

### A WORD FROM FOUR EXES

Mr. Watson received a letter from Aleene Bodine last week. She seemed to be the spokesman for the other Colorado City girls at Baylor. Aleene said that Puddy Whipkey, Hazel Brookover, and Rebecca Smoot were joining her in sending cheers for the Wolves. Quote, "Tell those Wolves we're backing them all the way," unquote. We are always glad to hear from our ex-students, and we hope these girls let us hear from them again.

### CAMPUS CAMERA

Your reporters are offering for your eye exercise this week a few scoops, a teeny bit of news, and a surprisingly didjaeverseeitblack-and-white dope. . . . Monday was not the conventional blue day for the boy studees of CHS. Peggy Jean Trickey seemed to bring the males back to life just as most everyone thought it impossible. The new girl from the suburbs of Fort Worth is a junior, verra verra attractive, and caused certain he-ones to slick their hair and dust off their dirty cords and khakis. . . . Class programs are

to be launched Monday afternoon in assembly. Student participation always proves interesting and the class '40 is initiating the idea. . . . An addition to the Mr. and Mrs. list of the week are two ex-Colorado Hi-ers. Phaps you know and phaps you don't. The ones in question are Katherine Hodges and Chick Carter. We offer our sincere congratulations. . . . Dotted the campus the first day of school this week were those unmistakable new band uniforms. Just can't wait to see them all together Friday night. . . . Well, well, well, Juniorite Ruth McQuerry has adorned her finger with a senior class ring which faintly resembles a Westbrook output. A blonde Tarzan always gets them. . . . Those haggyl-looking fems about the halls last week were undoubtedly the SDC pledges. It's surprising what a colossal pair of shoes can do to little girls. . . . The chilly winds of late have been reason enough for dragging the long handles out of the moth balls and whathaveyou. It's perfect football weather. . . . Members of the younger set really cut the rug both Friday and Saturday nights. Lots of fun and a few heart-breaks reported. . . . We wonder who says: "I'm not the type to gossip BUT. . . . Another common wall: "When are those college boys coming back???" . . . The Merkel Badgers report on the Cantrill field Friday night and the student body is HOPING that there is a different story from the outcome of the last game.

Texas Negro school children will be admitted free to the State Fair on October 16 as a part of the Negro Day celebration. The Department of Education has provided contests for them in which the State Fair will make cash awards.

# WINTER'S DASTARD 90 HOURS

skipped by OIL-PLATING your engine today

Can you figure on your car's Daily Winter Starting Schedule being any briefer than this? . . .

- No. 1 Start + GOING TO WORK
- No. 2 Start + GOING TO LUNCH
- No. 3 Start + RETURNING FROM LUNCH
- No. 4 Start + GOING HOME FROM WORK
- No. 5 Start + GOING TO THE MOVIE
- No. 6 Start + GOING HOME FROM MOVIE

Could half-a-dozen starts or so get you through a day? Will your icy engine turn lukewarm in only 5 or 6 minutes? Even so, just think what that comes to, all through these bad months! . . . Total: 90 hours!

90 tough hours—and often more. A whole 90 hours when oiling that comes from "fast flow" alone lags far behind the sure lubrication that comes from changing today to OIL-PLATING.

OIL-PLATING is ready to lubricate sooner than any oil ever can flow—sooner than "instantly!"—because patented Conoco Germ Processed oil forces OIL-PLATING into a durable bond with the engine parts. OIL-PLATING becomes part of the parts!

They can't drain dry of OIL-PLATING. They remain "bathed in slippiness" all day, all night, in all weather, even with your car at a standstill. That's why OIL-PLATING lets your engine slide into swift, safe, dragless action, instead of letting it suffer Winter's worst 90 hours—along with your battery. Slash starting time; stretch your time between quarts to the limit, by changing to Your Mileage Merchant's Conoco station today for your right Winter Germ Processed oil. That's your way to Winter OIL-PLATING. Continental Oil Company
