35TH YEAR—NUMBER 7

COLORADO CITY, TEXAS FRIDAY, NOVEMBER 17, 1939

WHIPKEY PRINTING CO.

## Taxes Being Paid Much More Rapidly This Year Than Last

**County-State Collections Nearly Three Times As Great As In 1938, Due To Reduction**

Encouraged by reductions offered for early payment of state taxes and probably influenced by threatened suits on taxes which have been allowed to go delinquent in the past, Mitchell county and Colorado City property owners have been paying current taxes at much more rapid rate this year than last, according to figures obtained from a number of tax collecting offices.

Collections of state, county, and rural school 1939 taxes have shown the greatest increase, the total to November 1 being nearly three times that for the same date in 1938. According to figures obtained at the office of Bruce Hart, county tax assessor-collector, the total on November 1 was \$47,562.56, as compared with only \$16,167.31 for the 1938 roll at the same time.

Hart credits the jump to the 3% reduction offered on current state taxes paid prior to Nov. 1. The reduction is 2% this month, and will be 1% during December. Hart's office collects all state and county taxes and also school taxes for all districts except the independent districts of Colorado City and Lorraine. Westbrook and Loran school taxes are not included in the figures quoted, however.

Reminder is issued by Hart that the first half payment of state and county taxes must be made by November 30, if the last half is to go until June 30 without penalty. City tax collections are some \$1,500 ahead of 1938, according to Ford Merritt, city secretary and tax collector. Collections on the 1939 roll on November 1 amounted to \$3,298.74, whereas the 1938 collections at the same time last year were \$2,711.36.

Payment of the first half of city taxes may be made any time before January 31 in order to wait until June 30 for payment of the second half without penalty.

J. Lee Jones, Sr., tax collector for the Colorado City district, reports a total of \$5,257.11 paid on 1939 taxes by November 1, as compared with \$3,656.41 paid on 1938 taxes on the same date.

## Local Hunters Help Open Duck Season

A number of local hunters helped open the duck season at 7 o'clock Wednesday morning.

Among those going to Lake Sweetwater for the opening were Dr. R. D. Bridgford, Jake Richardson, and Dr. Harry Logsdon. They reported the hunting "fine."

By federal law shooting of ducks and geese is restricted to the nine-hour period between 7 a. m. and 4 p. m. Duck stamps are required of all waterfowl hunters over 15 years old. The duck season ends Dec. 29.

## Activity In Sharon Pool Continues To Attract Oil Interest Of West Texas

Activity in the Sharon ridge oil field northwest of Colorado City in Scurry county continued this week to hold the interest of West Texas oil men.

Of special interest was the F. W. Merrick No. 1 McClure, which is proving to be the bigger air well in the history of the field, already famous for its "air-drilled" wells.

Air pressure developed in Merrick's well so rapidly and so violently that the tools were blown out of the well and then fell back in the hole. A fishing job is now on. The well is down to 1,275 feet.

Preparations were being made to shoot D. & R. Oil company's No. 3 McClure some time Thursday (today.) It is located 660 feet due west of the firm's No. 2 McClure.

## Shares In Lake Corporation Now Ready For Sale

**Necessary Papers Finished Last Week, According To Lay Powell**

Necessary papers were completed last week for the beginning of a share-selling campaign for the establishment of a corporation to build and operate a recreational lake south of Colorado City, according to Lay Powell, chairman of the lake committee of the Colorado City chamber of commerce.

The goal is to sell \$20,000 worth of \$100 shares, which will be negotiable and profit-sharing. An optional contract was closed some time ago between the lake committee and Mr. and Mrs. Chas. C. Thompson, who own the proposed site for the lake.

Included in the site are approximately 600 acres lying along Camp creek seven miles south of Colorado City.

## Criminal Cases In Limelight As Court Term Completes First Half of Third Week

Criminal cases had claimed major attention as the fall term of 32nd district court in Mitchell county completed the early half of its third week Thursday morning.

Joe Hodges, charged with burglary as a result of his entry into the H. B. Spence home here a month ago, pleaded guilty before Judge A. S. Mauzey and was given two years imprisonment. Hodges was on parole from Huntsville when the offense occurred, local officers said.

Guilty pleas were also entered by W. H. LeMay and O. H. Mize, each charged twice with felony theft and the transportation of stolen property into the county. Their cases were heard by a jury and sentences set at two years imprisonment on each of the two charges for each defendant. Mize and LeMay, both said to be ex-convicts, were arrested here some time ago by local officers after radios and other items missing from a Tahoka firm were found here and traced to their possession. They are also wanted in Odessa, Waco, and Oklahoma points, officers say. They have been returned to Tahoka.

B. C. Murphy was given five days in jail and a fine of \$50 on a guilty plea to driving while intoxicated. Victor Ortiz, Mexican, received a five year penitentiary term on a charge of rape.

Trials of L. M. Lennox, charged with robbery by assault, and Haskell Miles, charged with theft from the person, are set for November 24.

The grand jury is to reconvene Monday morning as court goes into its fourth and last week.

## Vets' Turnout For Armistice Observance Best In History; Bean Feed Crowd Of 350 Hears Talk On 'Americanism Today'

Largest turnouts of Mitchell county World War Veterans since the war ended featured Legion-sponsored observances of Armistice here Saturday.

One hundred and twenty-five veterans stood to reveille at the Legion hut Armistice morning at 7 o'clock and marched downtown for breakfast at the Colorado hotel.

Around 350 attended the Armistice bean feed for veterans and their families at the hut that evening. These heard a discussion of "Americanism Today" by Rev. H. H. Black of All Saints' Episcopal church.

Officers for reveille and the morning march were: Captain, James Herrington; first lieutenant, John Watson; second lieutenant, Louis Latham.

Breakfast-time entertainment was the singing of war-time songs with Thos. Dawes leading and Joe Earnest accompanying. After breakfast the veterans marched back to the Legion hut and stood at attention for the raising of the flag by Post Commander Howard Rogers while the Colorado City school band played "The Star-Spangled Banner."

Barbecue, beans and pie were served as the bean feed opened Saturday evening. The Colorado City Cowhand band, with Dr. Harry A. Logsdon directing, played a medley of war-time songs.

Thos. R. Smith acted as master of ceremonies. He had Dr. Logsdon introduce the band individually—Mrs. James Payne, Boyd Dozier, L. B. Elliott, Harry Ratliff, and Paul Knieff. Ratliff, Knieff, Everett Stagner, and Walter Grubbs, composing the Chicago Nightingale quartet, furnished vocals with the band and later sang several quartet numbers.

The stand which is being taken by the American Legion and which must be taken by all America against the growing strength and seriousness of un-American organizations and activities was emphasized in Rev. Mr. Black's address.

"Those who foresaw years ago the danger of radicals in America were laughed at," the speaker declared. "Consequently, un-American societies and groups have been allowed to carry on their work until today we stand at the door of a revolution brought on by these societies.

"There are two roads we as Americans can take. We can put a stop to these treasonable societies, or we can go blindly on until gunshots ring out and bloodshed is necessary.

"I can see the plan for Jesus to be crucified once but not twice by unbelievers. These un-American societies plan the destruction of the church because the teachings of love and Christianity are against everything they want."

Outlining ideals of the American Legion Rev. Mr. Black stated that it is for God first and country second, that it believes in giving to the needy but not in taking from those who have to give to those who have not when they will not, that it stands for 100% Americanism, that it is not against foreigners but is against foreigners trying to bring their government with them to this country, that it does not want war but neither does it want the kind of peace that will allow those who have died to die in vain, and that it objects to the teaching of un-American principles to the school children of America.

"The only flag that protects religious interests today is the Stars and Stripes," he said in conclusion, "so let us move forward under these two flags—the Christian flag and Old Glory."

The crowd stood in one minute of silent tribute to war dead as the program ended. Among those introduced was J. C. Hooker, father of the Oran C. Hooker who was Mitchell county's first war casualty and for whom the local Legion post is named.

## Traditional 'Last Thursday' To Be Observed As Thanksgiving Locally

The traditional last Thursday in November will be observed as Thanksgiving by Colorado Citizens, a check-up made this week shows.

John E. Watson, superintendent of schools, announced some time ago that the school Thanksgiving holiday will be given over Nov. 30.

Business firms, the local bank, and other institutions have indicated to the Retail Merchants association that they will also observe Nov. 30, according to Mrs. Clarence Cook of the Retail Merchants office.

Joe Y. Fraser, postmaster, states that the postoffice will remain open on November 23 and close on November 30, since the latter date is the local choice for Thanksgiving.

Texas is one of the two states in the union where both dates will be observed, each taking its choice. The other state is Colorado.

Outside of these two "fence riders," the states are evenly divided between the traditional last-Thursday date and the November 23rd proclaimed date. This year by President Roosevelt twenty-three states will observe Nov. 23, and an equal number will hold to the old date, with Texas and Colorado listed on both sides.

## Red Cross Roll Call Still In Progress Here

Reports from the various sub-chairmen over the county are still incomplete, according to Joe Jackson, roll call chairman. The roll call opened Friday and will last through November 30.

## To Hold Revival

**Game To Be Played At 3 O'Clock On Cantrill Field; Wolves Now In Second 6-A Place**

Closing their home football schedule, the Colorado City Wolves will play the Roby Lions on Cantrill field at 3 o'clock Friday afternoon.

The Wolves are now tied with Snyder in second place in district 6-A. Snyder's one defeat at the hands of Roscoe last week being equal to the undefeated Wolves' two conference ties of the season with Roscoe and Lorraine. Roscoe has a half-game margin, having the tie with the Wolves to mar its record.

Final game of the season for the Wolves will come when they play Snyder's Tigers at Snyder on Thanksgiving, Nov. 30.

## Birthday Brings 1,000 'Thin Dimes' To Mrs. Thompson

Since her 64th birthday recently Mrs. John A. Thompson hasn't a thing in common with the fellow who hasn't "a thin dime," because she got a thousand of them, all of the thin variety, as a birthday gift.

The dimes were saved by two daughters, Mrs. Faye Swett and Mae Thompson, who own and operate a grocery store at Dimmitt. All the coins are over 30 years old and a majority of them bear the same date.

In counting out the thousand coins at the local bank, Gus Chesney, bank employe, found that they are about two-thirds the thickness of modern dimes.

## Approval Given Soil Conservation District For Mitchell County

Approval of a soil conservation district including all of Mitchell county and the watersheds of creeks crossing the county has been announced by the Texas Soil Conservation board at Temple.

This approval is tentative, however, pending the outcome of an election which must be held for landowners in the affected area. The election may be held up for some time due to a recent ruling by the attorney general that soil conservation elections must follow the pattern of other general elections, which would result in the incurring of expenses not yet provided for by legislative appropriation.

## Cotton Loans Not Being Made Here Yet

Government cotton loans were not being made by Colorado City cotton buyers late Wednesday due to the fact that necessary forms and instructions were lacking.

Based on the location differential which is to be applied in this year's loan, the loan rate for Mitchell county will be 8.8 for 7/8 inch middling.

The loan will not apply to much of Mitchell county's 1939 cotton in the estimation of local cotton men. The cotton harvest is nearing completion and most of the cotton already harvested has been sold on the open market. One cotton buyer estimated that only about 2,000 Mitchell county bales will go into the loan.

## Armistice Crowd Huddles Through Steady Drizzle To See Wolves Defeat Rotan

Huddling through two hours of steady drizzle, an Armistice day crowd saw Jack Christian's Colorado City Wolves defeat the Rotan Yellowhammers 6-0 on the slippery sod of Cantrill field.

The victory left the Wolves sharing with Roscoe the undefeated berth in district 6-A since Snyder bowed to Roscoe Friday night at Snyder. The Wolves' have tied two conference games, however, and have won only two, whereas Roscoe has won all its 6-A games except for one tie with Colorado City. Snyder and Colorado City are now tied in second place in the district.

First downs were 10 to 7 in favor of the Wolves. The game was scoreless at the half, the Wolf tally coming late in the third quarter after a long around-end run by Ross Glover. Wolf halfback, had placed the ball within scoring territory. A plunge and a short run by Jack Smith, fullback, put the ball over. Try for the extra point failed.

Harold Bentley's shifty swiftness in the Rotan backfield was perhaps the Wolves' greatest worry. Floyce Underhill, back, and Walter Fleming, end, also starred for Rotan.

Starting lineups: Colorado City: Ballard and Wood, en; Bodin and Majors (capt.); g; Caffey and Hunter, t; Coker, c; Grubbs, qb; Glover and Neal, h; Smith, fb.

House and Fleming, e; Durham and Day, g; Wortham and Ramby, t; Bentley, Hargrove, Underhill, and Smith, b; Curlee, c. Substitutes were Cox at quarterback for the Wolves, Nash and Kilgore at guard for Rotan.

## Authentic Articles From The Orient Add Interest To 1921 Club's Japanese Tea

Authentic articles from the Orient gave added interest to a Japanese tea with which Mrs. W. W. Rhode and Mrs. Chas. C. Thompson entertained members of the 1921 Study club and their friends Friday afternoon at the Thompson home.

Attired in Japanese kimonos and wearing colorful flowers in their hair, Mrs. Thompson and Mrs. Rhode greeted guests at the door. Rows of chairs had been arranged in the living room and in an adjacent room for the seating of guests. Chrysanthemums and roses were used in both rooms. A Japanese screen and a table with a Japanese cover and an arrangement of Japanese ornaments stood near the piano in the living room. A Japanese lantern lighted the adjacent room.

Mrs. Thompson introduced the program, which opened with a descriptive talk, "Japan the Beautiful," by Mrs. W. L. Doss, Jr. Mrs. W. R. Martin sang "Poor Butterfly" with Mrs. W. C. Hooks accompanying.

A resume of Puccini's opera, "Madame Butterfly," was given by Mabel Smith. A scene from the opera was enacted, with Mrs. Martin as Cho-Cho-San singing the aria, "One Fine Day," to her maid, Suzuki, Mrs. N. H. White.

All who were on the program wore Japanese costumes. Later they assisted in the dining room where nearly all appointments were Oriental in origin. The dining table, standing beneath a Japanese lantern, was covered with a white cloth of Japanese drawn work. A Japanese vase filled with yellow dwarf chrysanthemums and deep orchid winter daisies stood on a circular reflector banked with fern, ivy, and love vine in the center of the table. Colorful celluloid birds were perched among the flowers and on the fern around the vase.

Mrs. Rhode presided at the silver

service at one side of the table, pouring a drink made with tea from Japan. Spiced orange slices were served with the tea. Japanese nut bread sandwiches were served from a deep wooden hand-carved Japanese chest at one end of the table, cocount covered dates from a smaller oriental chest at the other.

Colorful hand-made lotus blossoms filled with salted nuts were given to guests from a leaf-lined Japanese tray. A wooden caribou carved in the orient was an additional table ornament.

The buffet arrangement featured vari-colored candles in brass candleabra from Japan, with a low bowl of yellow chrysanthemums between. The bird arrangement of the dining table was repeated on the greenery around the bowl. White roses were also used in the dining room.

The tea was arranged as a follow-up event for the club's study of Estu, Sugimoto's "Daughter of a Samurai." Each member attending brought a guest.

## First Private Theatricals Of Jet Maskers Well-Received At High School Tuesday Night

First private theatricals of the Jet Maskers, Colorado City high school dramatic organization, drew enthusiastic praise when they were presented Tuesday evening in the club's room at the high school building. Invited guests were met at the outside door by Beulah Frances Robinson, Wallace Kirby, Nina Katherine Quinney, Leroy Thompson, and Robert Kirschbaum, the last-named conducting them upstairs where officers of the club formed a receiving line as follows: President, Nancy Price; advisor, Gladys Miller; vice-president, Jane Machia; treasurer, Harvey Hicks; club secretary, Alice Womack; corresponding secretary, Doris Flo Doss; sergeant-at-arms, Walter Grubbs.

Presiding at the punch table, which was covered with lace and centered with a crystal bowl banked around with cosmos, were Ann Axtell, Cora Mae Bodine, and Edna Kate Fry. Registrations were taken by Della Jameson, Roeburta Hamrick, Jan Lee, flutist, and Inez Rogers, pianist, played while guests arrived.

Nancy Price greeted guests and introduced John E. Watson, superintendent of schools, and G. D. Foster, high school principal, for brief talks before the presentation of three one-act plays.

The first play, "Two Gentlemen of the Bench," was introduced by Ann Axtell, who presented the cast: Nina Katherine Quinney, Bazelle McQuerry, Robert Kirschbaum, and Harvey Hicks. "The Seance," second of the plays, was introduced by Della Jameson and had the following cast: Beulah Robinson, Jane Machia, Doris Flo Doss, Alice Womack, Edna Kate Fry, and Roeburta Hamrick. The third play, "The Tramp," was introduced by Cora Mae Bodine. Its cast included Walter Grubbs, Nancy Price, Wallace Kirby, and Leroy Thompson.

All parts were well-carried, marked by poise, unmistakable talent, and strong evidence of skillful coaching. Perhaps the outstanding characterization was that of Walter Grubbs in "The Tramp." Grubbs carried through a lengthy and difficult part calling for a high pitch of restrained and sustained drama as well as an excellent memory.

Between-play entertainment numbers were given by Jane Brannon, violinist, and Cora Mae Bodine, vocalist, with Inez Rogers as accompanist.

Parents, faculty members, and school board members registering were as follows: John Watson, Newby Pratt, Mr. and Mrs. N. A. Rogers, Mr. and Mrs. G. D. Foster, Mrs. S. H. Millwee, Mrs. Lon Fry, Lenorah Cook, Mrs. Esther Grubbs, Mrs. O. Lambeth, Mr. and Mrs. O. W. Cline, Mr. and Mrs. Buck Wheeler, Vada Cole, Baron Smith, Juan P. Mason, Mr. and Mrs. J. F. **Emergency Crop And Feed Loans For 1940 Are Now Available**

Emergency crop and feed loans for 1940 are now available to farmers in Mitchell county, and applications for these loans are now being received at the chamber of commerce office by Ed F. Jay, Field Supervisor of the Emergency Crop and Feed Loan Section of the Farm Credit Administration.

This early opening of the loan program in Mitchell county is part of a plan recently announced by the Farm Credit Administration whereby emergency crop and feed loans are being made available immediately in all areas where farming conditions are seriously affected this year by drought.

These loans will be made, as in the past, only to farmers whose cash requirements are small and who cannot obtain a loan from any other source, including production credit associations, banks, or other private concerns or individuals.

As in former years, the money loaned will be limited to the applicant's necessary cash needs in preparing and cultivating his 1940 crops or in purchasing or producing food for his livestock.

Borrowers who obtain loans for the production of cash crops are required to give as security a first lien on the crop financed or in the case of loans for the purchase or production of feed for livestock, a first lien on the livestock to be fed.

**BERRY-FEE OFFERS NEW SERVICE**  
 New floor surfacing equipment is announced by Berry-Fee as a new feature of their business. Mr. Fee of the company remarked, as he discussed the added equipment, "The Handy Sandy is a portable type floor sander, absolutely dustless, quiet and very easy to operate. Floor sanding is no longer such a big job as it was when it meant having a crew to operate huge, expensive machines. The Handy Sandy weighs only 72 lbs., easily carried in an automobile. Almost anyone can operate it to do an excellent job of removing old varnish or paint and dressing down the floor to a perfect surface."  
 Berry-Fee offers their new portable sanding machine for rent. If preferred, they will furnish an operator with the machine, on a job basis. They invite inquiries and volunteer to demonstrate this new equipment at their office upon request. It eliminates long hours of back-breaking scraping by hand.  
 Addition of the portable sanding machine completes the floor maintenance section of their business, which includes complete lines of varnish, paint, wax, brushes, and abrasive paper.

## Delinquent Tax Collections Here On Small 'Boom'

**City and School Back Payments Are Much Higher Than 1938**

Delinquent tax collections in Colorado City tax offices are having what might be called a boom year.

Payments have been particularly good in the Colorado City independent school district office. In the two months prior to November 1 this year J. Lee Jones, Sr., school tax collector, received \$6,724.34 in delinquent taxes. In the same period last year delinquent collections were only \$777.85.

Delinquent collections for the city were nearly \$2,000 greater for the six-month period ending November 1 this year than for the preceding twelve-month period, according to figures in the office of Ford Merritt, city tax collector.

Collections for the six-month period ending recently were \$6,150.30, while those for the twelve-month period before that totaled only \$4,247.41.

Both the city and the school have instigated a number of suits for the collection of delinquent taxes, and a large percentage of these suits have been settled by payment or agreements to pay.

## Dirt-dauber Houses Bolter Gas Users; Checking Is Urged

Dirt-dauber houses or their remains have been causing considerable inconvenience among Colorado City gas consumers since cold weather came, according to M. O. Chapman, local manager of the Community Natural Gas company.

"Dirt-daubers had rather build their dirt houses in space heaters, orifices, and tubing connection ends than any other place, apparently," Chapman explains. "And when our customers set their stoves up for the winter heating season, they sometimes find the gas won't turn on. Investigation usually shows the remains of a dirt-dauber's summer home blocking the passage."

A serious warning has been issued by the gas company urging customers to have all heating equipment and gas piping inspected now, at the beginning of the heating season.

"Dirty, improperly adjusted burners not only waste gas, but are a possible source of carbon monoxide which can result from the incomplete combustion of any fuel," they pointed out. "Properly used, natural gas is as safe as any other fuel, and a few simple precautions will eliminate the possibility of accidents." It has been pointed out. "Fire chiefs over the state annually urge gas users to attach their heaters to gas outlets with rigid metal pipe and screw connections, and to have all heating equipment and piping inspected and adjusted by qualified experts. Gas cocks should be inspected and adjusted by qualified experts. Gas cocks should be inspected and if loose, should be leak proofed or replaced. Heaters should be at least four inches from walls, and open flame gas heaters should have screen guards over them. Curtains, draperies and similar inflammable materials should be kept away from heaters.

"If escaping gas is detected, all flames should be extinguished at once and doors and windows should be opened. Gas valves and cocks should be closed and the gas turned off at the meter. Call the gas company or a competent plumber at once, and meanwhile allow no flame of any kind be brought into the room."

**PICKED UP ALONG THE NEWS PATH**

That the Manns of Mitchell county cently in a story which the Dallas are descendants of a real pioneer and News carried on the J. P. Morris frontiersman was shown again re- Cattle Company's vast ranch along

the banks of Jim Ned creek in Coleman county. . . . The ranch, now home for some of West Texas' finest Herefords, includes the cattle range acres settled by the late Clay Mann and operated by him as the Rocking A in post-Civil War days under the protection of old Camp Colorado, an army post of far-flung responsibilities in the sixties and seventies.

It's striking, when one stops to think of it, how often a mention of the Colorado City that used to be included in the life history of Texas business leaders as they live out their years and die. . . . And how often the town that was once "Queen City of the West" is mentioned in historical sketches with settings anywhere in West Texas. . . .

Since he became president of the Texas Rural Letter-Carriers association, E. E. Smith of Colorado City has been giving Congressman George

Mahon something of a race in the matter of being Colorado City's most photographed citizen. . . . Smith's photographs, of course, are statewide in scope, where those of "The Congressman" are national.

Both crashed the front pages last week. . . . Smith was caught in the act of being solicited by a very comely "Miss Temple" to help get the Texas County Judges and Commissioners association to name Temple as its meeting-place for next year. . . .

In spite of the picture, however, Smith was really at the association on very serious business—he's still fighting for those better rural roads, for mail carriers and school buses, you know. . . . The Congressman was snapped while conversing with President Clifford B. Jones of Texas Tech, Lubbock, and Dr. Francisco Castillo Najera, ambassador from Mexico, at the Inter-American Cultural conference held by the state department in Washington. . . . All that Colorado City needs to make a three-way race

out of this news photograph business is Jimmie Greene, whose business now is to put Big Spring on the map. . . .

There's a new engagement ring in town this week. . . . We haven't seen it but we heard about it twice in the space of one hour Wednesday afternoon, so there must be one. . . .

Although he is ordinarily a pleasant and accommodating man, E. A. (Pop) Warner didn't volunteer any testimonial on the it-pays-to-advertise theme when he was in this week to pay for a "lost" ad which he ran in a recent issue of The Record. . . . Awhile back Mr. Warner lost his glasses. . . . He advertised \$5 reward for their return. . . . A short time after the ad appeared, daughter Olive Warner was giving the house a particularly thorough cleaning and found the glasses far back beneath the cushion of Mr. Warner's favorite

easy chair. . . . And did he save \$5 by keeping the situation in the family like that? . . . He did not. . . . He'd advertised a reward and he had to pay it before Olive handed over the glasses. . . .

SMATTERINGS: That big splash of red paint on the sidewalk across Walnut street from the bank had more than one person asking, in all seriousness, who got hurt and where was the murder? One girl who sickens at the sight of blood worked up quite a nausea before she was convinced that it was only red paint. . . . It's a coincidence or something that officials of the Fort Worth horse show in which Frank Kelley will show his new mare Sunday (it was postponed from last Sunday) have chosen a woman named Kelley to ride her. . . . One of the county's most successful rose-growers is Mrs. W. C. Hooks out Dunn way,

who has a white rose which produces a spray of perfect blossoms on each stem. . . . At the Legion head feed Armistice night they introduced Harold Womack, who's home on furlough from San Antonio, as the son of a veteran (the late B. W. Womack) and representative of the new "streamlined" army. . . .

The way Mitchell county World War veterans turned out for reveille and breakfast Armistice morning and the bean feed at the Legion but that evening broke all records. . . . The Oran C. Hooker post, American Legion, now has the biggest membership in its history, with the World War over these 21 years. . . . Remember when people said that after the veterans' bonus was paid some years back the American Legion would begin to lose interest in itself and thereafter dwindle away? . . .

A picture taken by Mrs. Huron Gist of near Colorado City in the Penasco Valley of New Mexico was included on the amateur photographers' page of the Fort Worth Star-Telegram Sunday. . . . The picture was titled, "Foothills Ranch."

Footlights, a stage, and elaborate scenery are nice to have when a play or dramatic sketch is to be presented effectively, and some people might think them indispensable. . . . But those who attended the first private theatricals of Gladys Miller's Jet Maskers, Colorado City high school dramatic organization on Tuesday evening in the Jet Maskers' room at the high school discovered that plays can be put over successfully without these things. . . . Of course, it takes a lot of talent plus sincerity of purpose plus energy and application to put on a play that will make one's audience forget the lack of theatrical trappings, but the Jet Maskers have plenty of these requirements and used them all to advantage Tuesday night. . . . Incidentally Gladys Miller is drilling her Jet Maskers in the niceties of social behaviour while helping them develop their personalities through dramatics. . . .

The "something different" in drum majors which this column promised for the between-halves antics of the Colorado City school band at the Rotan-Colorado City game Armistice afternoon was, as you probably noticed if you weren't too much of a pansy to defy the drizzle, little Mae-dell Foster, daughter of Mr. and Mrs. G. D. Foster. . . . The rain didn't dampen Maelell's energy one whit, although it might have spotted her new white-and-red uniform somewhat. . . .

Long before Charles Root ever married, we reported that a club had met with "Mrs. Charles Root" when we meant Charles' sister, Mrs. James Cook. . . . Now that there is a Mrs. Charles Root, we're still at the old stunt. . . . Last week in the Mary Frances Mackey shower we had Mrs. Charles Root presiding at the registry where we'd been plainly told Mrs. James Cook was sitting. . . . Funny thing is, we were thinking Mrs. James Cook all along and simply wrote the other name. . . . We have to be on our guard to keep from doing the same thing in the cases of J. H. Carlock and "Pop" Warner, Mrs. Douglas Richardson and Mrs. James Wulfjen, and probably others. . . . A good psychiatrist might be in order, but we just plain don't have the nerve—we'd rather go on hoping. . . .

# "Hollywood Cavalcade" Depicts In Technicolor Great Romance Of Fabulous Hollywood Itself

Alice Faye, Don Ameche Starred In Story Of Films

When anyone reaches maturity, he likes to look back. In the publishing field this has become a predominant trend. One news correspondent started it with a book of reminiscences, to be followed by all his fellows and then the doctors, lawyers and what-have-yous thought it a good idea too.

Hollywood likes to think itself mature these days, and to prove it 20th Century-Fox has filmed its story in Technicolor. It's Darryl P. Zanuck's production of "Hollywood Cavalcade," starring Alice Faye and

Don Ameche. Coming Saturday midnight, Sunday and Monday to the Palace theatre, the film looks back over the romantic, cockeyed years from bathing beauties to world premieres. In a great human drama of today—the story of Mike, who wanted only to be loved by Mike but who was carried to screen greatness—the film traces the rise from gags to glamour, from Keystone Cops and custard-pie comedy to "colossal epics" and talkies.

Staged anew and photographed today are many of these highlights of yesteryear. Don Ameche, as Mike, a pioneer director, is a riding-breeched, leather-putteed composite of all early directors. He "discovers" bathing beauties, recreates the Mack Sennett comedy days with Alice Faye, as Molly, who is a composite of great stars of the period.

Buster Keaton, Ben Turpin, Chester Conklin and Al Jolson reenact their triumphs for Hollywood's new Technicolor cameras. Handling the megaphone is Irving Cummings, now a top-flight director, who has just celebrated his thirtieth year in film-dom and so knows the era of "Hollywood Cavalcade" at first hand. Mack Sennett himself was hired and even appears in a sequence in the film—

his first appearance before the cameras since 1917 and his first role in sound pictures. Thus authenticity is assured.

The film opens with Mike, in New York from California after losing his film job, inducing his friend Dave (J. Edward Bromberg) to finance his trip back with Molly, a Broadway beginner whom he has "discovered." With a flair for the sensational, Mike makes Molly a success, but unfortunately for her it is in custard-pie comedies, with Molly on the receiving end of the gooey pastry.

Mike puts Molly through the paces of 1001 dramas of Hollywood's yesterdays; then suddenly finds with her marriage to Nicky Hayden (Alan Curtis), typical romantic leading man, that he has lost his great love. A stirring climax concludes the story.

Included in the cast of "Hollywood Cavalcade" are Stuart Erwin, Jed Prouty, Donald Meek, George Givot and Eddie Collins. The screen play by Ernest Pascal was adapted from a story by Hilary Lynn and Brown Holmes, based on an idea by Lou Breslow. Harry Joe Brown was associate producer.

## BOB BURNS STARS AS REAL AMERICAN

"Our Leading Citizen," Colorful Story of Contemporary America, Presents Bob As Lawyer-Philosopher

"Our Leading Citizen," Paramount's colorful, honest screen treatment of a vital contemporary American problem, will bring Bob Burns back to town in a role which is being hailed as the best of his career. When the picture is presented locally for the first time on Friday and Saturday at the Palace theatre, Bob will be seen as a man who is a lawyer by profession, a philosopher by instinct, a

Golden Circle, select group of young Paramount players slated for stardom, cast as Bob's daughter and his junior law partner, respectively. The supporting cast also includes Elizabeth Patterson, Gene Lockhart, as an industrialist, and Charles Bickford as the chief of a gang of strike breakers.

The Irvin S. Cobb story is concerned with Bob's efforts to restore law and order in a thriving American city when an industrialist puts through a ten per cent pay cut at one of his mills despite the fact that business is good. Bob and his junior partner have been retained as counsel for Lockhart, and when the latter refuses to reconsider, Bob resigns as his counsel.

Lockhart's next move is to call in strike breakers. Then agitators arrive in town to urge the workers to meet force with force. To cap all, the mill is bombed, and two of the workers' leaders are killed.

A Citizen's Meeting is called by responsible members of the community. Bob speaks in behalf of dispensing with "isms," with all outside influences which are causing more trouble in the dispute. Lockhart turns the meeting into a political rally by revoking the pay cut, and announcing that he will nominate Allen for Junior Senator at the forthcoming State Convention.

It would be giving away too much of the story to tell how Bob goes into action, deals with the leader of the strike breakers, Bickford, in a thrilling fist fight, and finally is nominated to run for the Senate in place of Allen!

Of course, there are grand romantic moments in the picture, involving Miss Hayward and Allen. In the course of the story, Bob has plenty of trouble keeping them together, but he deals with their difficulties in stride.

Alfred Santell, who directed Bob in "The Arkansas Traveler," directed the picture. John C. Moffitt wrote the screenplay.

real dyed-in-the-wool, down-to-earth, 100% American character who believes in the principles of democracy, of square dealing with his fellow men.

As in his other starring successes, Bob is once more aided by a grand supporting cast. Numbered among them are Susan Hayward and Joseph

## World Of Girls In Elsa Maxwell's "Hotel For Women" Brings Glamor To Party-Giver's Movie Debut

Famous Personality Gives Them A New Slant On Life

Get in the mood for fun, folks! Elsa Maxwell, the life of a million parties, is coming to town!

The world-famous personality makes her movie bow in Elsa Maxwell's "Hotel For Women," the Cosmopolitan production for 20th Century-Fox, which tells the gay, exciting story of a world of girls on their own, showing Sunday and Monday at the Ritz theatre.

Elsa, who has been everywhere, seen everything and been confidante to society debs, and chorus girls, gives these smart, beautiful young things a new slant on life. She believes in taking the light things seriously and the serious things lightly—and she teaches them to do the same.

There's a girl in every room—and a man on every mind. Some of them are looking for life in a penthouse—

and some are longing for love in a cottage—but they all depend on men for something—some for excitement, some for fame and some even for love.

Production Chief Darryl P. Zanuck selected lovely Linda Darnell, the sensational new Hollywood Cinderella girl, to make her screen debut in a leading feminine role with a cast which also features, Ann Sothern, James Ellison, Jean Rogers, Lynn Bari, June Gale, Joyce Compton, Elsa herself, John Halliday, Katharine Aldridge, Alan Dinehart and Sidney Blackmer.

"Hotel For Women" was directed by Gregory Ratoff from a screen play by Kathryn Scola and Earlroll Ware, based on a story by Elsa Maxwell and Miss Scola. Raymond Griffith acted as associate producer.

Elsa throws her first cocktail party in the picture at which she sings and plays a gay little ditty of her own composition, entitled "Whistle A Little Old Melody."

## THANKSGIVING

Thanksgiving is coming and as we are to have two days I submit these words:

"Giving thanks always for all things unto God and the Father in the name of our Lord Jesus Christ.—Eph. 5:20.

It is easy to be grateful when everything seems to be going our way, and the skies are clear above us. When we are at ease, and enjoying security, the heart naturally feels thankful and elated. With most of us thankfulness is increased when we think of those less fortunate than ourselves; but in later years I am beginning to wonder if that is much to our credit? Can a truly good man thoroughly enjoy a feast while his neighbor's children are cold and hungry?

Can I be fully at ease while watching another in agony? What, then, is the ideal of Thanksgiving? Let us be profoundly thankful for any opportunity to truly serve others; and help them

## THANKSGIVING

### FORERUNNERS OF A MIGHTY CIVILIZATION

It took initiative and courage to do what the Pilgrims did—to settle in a wilderness. It also took hard work. Those three qualities triumphed, however, and the roots of a nation took hold—grew—and flourished. Among all the other things we have to be thankful for, let's not omit those intrepid men and women that started this country.

Therefore, let us face the fear, turmoil and sorrow of life with courage, thankful for the privilege and opportunity to do even a little to help remove the cause of evil and ease the pains in lives about us.

Let us remember the great and unchangeable law: "Men must reap what they sow," and strive to induce as many as possible to sow better seed for the harvest of tomorrow. Give thanks unto God for all things you may be able to do to help—then go to work.

## ARMISTICE DAY

Two years ago "Uncle Bill" down at Sterling City published the following:

Armistice Day! The day of all days, the world over!  
It had inception at the eleventh hour of the eleventh day of the eleventh month of the year A. D. 1918 in France.

Nearly two million American boys were in France on that day engaged with their allies in the most gigantic struggle in the history of the human race to beat back the German and his allies which had combined to overthrow the nations of the world and place the heel of a heartless tyrant upon their necks.

From St. Meheil to Metz, the Germans had been steadily giving ground. When they saw that the Stars and Stripes and its allied banners would soon float over Metz, the strongest fortress in the world, it meant that in a short while, the Allied flags would soon be unfurled to the breeze over Berlin.

The Germans saw the Star of Hope setting on the horizon. Their courage had gone and they lost hope and to make the best of a bad situation, they sued for peace and saved the Fatherland from literal destruction; so at the eleventh hour of the eleventh day of the eleventh month of the year A. D. 1918:

The guns had ceased to thunder,  
The drums in silence lay,  
Then came the thrilling message,  
That made Armistice Day.

The shells had ceased screaming,  
The smoke had gone away,  
Then came the welcome message,  
That made Armistice Day.

On Flanders Field out yonder,  
Where Poppies nod and wave,  
O'er the graves of fallen heroes,  
The bravest of the grave.

They heard not the message,  
They saw not the way,  
In which the glorious message,  
Had made Armistice Day.

But their graves are not forgotten,  
By the living of today,  
Their names will be recalled,  
On each Armistice Day.

When the last reveille has sounded,  
For the living of that day,  
Those who come after them,  
Will remember Armistice Day.

Armistice began nineteen years ago. What gladness came to those who were at home longing for the return of their beloved ones, and what heart-breaking sadness to those who knew that their beloved one would never return! It was a glorious day throughout the civilized world!

But there are those who say that the sacrifice of lives was in vain, and that our entrance into the war was not justified, and that we could have avoided it if Woodrow Wilson had not forced it upon us. That part of the story is purely German propaganda upon which certain people are feeding the public in order to add salt to German wounded pride.

In my opinion, Uncle Sam's part in that war was most righteous. Wilson could not have kept us out if he had wanted to. We were so enraged at the indignities which Germany had heaped upon us, we wanted to fight, and we did fight.

The Germans are a proud people, and when they were whipped by a nation of shopkeepers and ran like scalded dogs, they are sore about it and they have employed a lot of propagandists to teach the sucker element of the American people that there was no call for our entrance into the war. They do this to make us believe that President Wilson was a very bad person.

Those Germans are still hurt and sore because they started the fight without warning to anyone in the hope that their stab in the back would be fatal to all resistance, and that they would quickly become the masters of the world. They were ingloriously beaten and brought very low. Now they are seeking an alibi for their failure. I am not going to help them pack this load on to the American people.—Uncle Bill.

## STOP AND THINK

The Governor is naturally concerned about the deficit. All of Texas is or should be, though the old-age pensions attract the most vocal attention. The serious task before the state is not to find more revenue but to lessen the demands for revenue. Let's take a look at reasons for that.

In 1938 the State of Texas collected in taxes \$111,000,000. It spent \$157,747,877. When outgo exceeds tax income \$46,000,000, it is time to cut out extravagance. Not all of the difference is deficit in view of revenue from other sources, but the net loss to the general fund approximated \$6,000,000. How about the \$157,000,000? Was it justified expense. Well in 1924, \$50,919,819 was the cost of operation. In 1936, it was \$125,693,892. In those twelve years, expenses had been increased practically one and one-half times with nowhere near a comparable increase in population to serve. Yet in exactly two years, Texas had increased even the tremendous 1936 figure by more than 25 per cent and state expense in fourteen years had more than tripled. That does not make sense. There is no social security in the result. There is no security in it for anything except bankruptcy.

The principal industries of Texas are today paying in Texas state and local taxes more than 10 per cent of their gross revenue. Superimposed on this heavy toll are the federal taxes whose increasing burden piles on straw after straw to the load that will break the camel's back. These industries furnish the greater part of the employment in Texas today. Their continued successful operation is necessary to pay your salary and through your pay check to finance the service activities of the state from the professional to the soda clerk.

We blame the last session of the Legislature for failure to pass a tax bill. Yet the obvious reason that groups in sufficient strength rejected sales taxes, income taxes, natural resource taxes, higher gasoline taxes, higher cigarette taxes, etc., was simply that they were wise enough to count the cost.

If we need a special session at all, it is to revise both our spending and our collecting.

Dr. J. B. Cranfill of Dallas says that we are being taxed to death. Taxes have increased eleven hundred per cent in twenty-two years. Unless the taxpayers rise up in a howling, voting protest the taxes will continue to mount up. The people have a right to know how tax money is spent, and they have a right to kick when improperly used. The increase in taxes and expenses of government is alarming.

A few days ago a fisherman caught a very large bass. It looked fine and appetizing. When he opened up the fish he found a water moccasin in it, and that spoiled his appetite. Some people are like that bass. They look very attractive on the outside, but the snakes on the inside spoil their usefulness.

## TIME CHANGES ALL THINGS

It is easy for this columnist to cast his reflections back to those days long ago and observe the women then and now.

Back to those days when they wore the wide hoop skirts, with white stockings and flat-heeled shoes, back to the days when they courted their sweethearts in the log-parlors of old, when at nine o'clock in the evening in the presence of their father and mother, they bade their sweethearts goodbye.

Back to the days when they danced those graceful dances of old—the old time round square dance, the Virginia reel, and the minuet, and sang those melodious hymns of old—Annie Laurie, Sewanee River, Old Black Joe, and Home Sweet Home.

Now compare her to the modern suffragette of today. Her face is as white with powder as the inside of a flour mill; her cheeks are as artificially red with rouge as the heel of the barefoot boy who treads the strawberry hill.

She wears silk Sox and high-heeled shoes, and she wears her dresses so tight and short that every time she bends her knee she exposes the color of her garter.

She courts her lover not in the log-parlors of old but in lieu thereof in the lap of her lover until three o'clock in the morning with her arms cast about his body.

She dances not those graceful dances of old, but instead the Bunny-Hug, the Grizzly Bear, and shakes the shimmy.

She sings not those melodious hymns, but in their place she sings: "Oh You Great Big Beautiful Doll," "When You Get What You Want, You Don't Want It," and "Everybody's Doing It Now."

## HEIR TO TRADITION

Speaking of Ladies Hats:  
Fashion has resurrected the snood, ignored the enuch. Maids, wives, widows, perhaps the unfortunate damsels, all wear the snood, what with it being the mode. Fashion, the old copy cat, lacks even the grace to invent a new name for what, after all, denoted a custom. Hats have no significance now beyond the cost accounting and what personality they may impart to the wearer. Perhaps it is better so. The snood of yore was an advertisement of sorts, what would seem now a brazen boast of a state of maidenhood. Today it merely heralds the fact that the particular wearer can sport it with the grace needed to get by with it.

## ABOUT THIS COLUMN

One day this week an intelligent lady and close reader of this column said, "I enjoy reading your column every week." Now as the writer is extremely human, he enjoyed the comment. Since then several readers have concluded that the writer is human and have pepped him up by saying some nice things about his writings. Age and experience have made the writer's hide pretty tough. He can stand criticism, or enjoy encouraging remarks. Of the two however, he had rather have the latter.

## RICHER TODAY

You are richer today than you were yesterday . . . if you have laughed often, given something, forgiven ever more, made a new friend today, or made stepping stones of stumbling-blocks; if you have thought more in terms of "thysself" than of "myself," or if you have managed to be cheerful even if you were weary. You are richer tonight than you were this morning . . . if you have taken time to trace the handiwork of God in the commonplace things of life, or if you have learned to count out things that really do not count, or if you have been a little blinder to the faults of friend or foe. You are richer if a little child has smiled at you, and a stray dog has licked your hand, or if you have looked for the best in others, and have given others the best in you.

## TRUCK SALES FOR CHEVROLET GAIN

INDIANAPOLIS.—Prospects for substantial gains in the sale of commercial cars and trucks are better than for several years, 200 members of Chevrolet's wholesale truck organization were told recently by members of the central office staff who addressed the company's two-day truck convention, just concluded here. Regional and zone truck managers and their assistants, from all over the United States, attended the meetings.

T. H. Keating, assistant general sales manager, W. E. Fish, truck sales manager, A. R. Cosgrove, F. L. McClure, F. W. Fleischmann, J. W. Burke, and G. J. Metzger of Mr. Fish's staff, and E. F. Hayes, Chevrolet retail sales promotion manager, were among those who discussed the various phases of truck activity for the coming year.

Chevrolet's truck sales of 165,000 units in 1939 will be exceeded in 1940, in the opinion of Mr. Fish, who marshalled an array of favorable business factors to support that view. Business in general is in need of vehicles, not only for replacement but for extension of existing facilities, he said, and Chevrolet's record in the hands of users is such as to assure a large share of this volume.

Mr. Fish also cited the agricultural outlook as basis for his conviction that the coming months will see steady gains in the sales of commercial units. To meet the requirements which it anticipates, he said, Chevrolet is providing the most comprehensive and diversified line of trucks in its history.

"Truck sales are already proceeding at a fast pace," said Mr. Fish. "Chevrolet was in production with trucks before passenger car assembly lines started, and by the time the new passenger car models were announced on Oct. 14, thousands of the new trucks were in the hands of buyers throughout the country."

## EDITORIAL

The Red Cross is probably the most beneficial and helpful organization in the world today. In times of disaster such as floods, earthquakes, fires, cyclones, and despairing events, the Red Cross is always there at the first notice. Not only does war call forth the greatest attention of the Red Cross, but similar attention is given to the aforementioned calamities.

Today everything is commercialized or mercenary. Even the Red Cross must have money with which to work and carry out their deeds of goodness and mercy. Every cent they get is appreciated, and used to the best advantage of its face value. Your contribution is needed and wanted just as much as your neighbor's. For only a small sum you can become a member of this worthy cause, and somewhere, sometime your money will help save many lives. Are you a member? Join today!

## PRESENTING SAM MAJORS

Mr. Majors owns and operates a jewelry shop in Colorado City. He tells us that the reason why he decided to be a "jeweler" was so that he could find out when Johnnie Jones got himself engaged to Mary Smith. Yes, that's the thing to do when she says "yes"; buy her a ring. Mr. Majors has lived here "between a quarter and a half a century." He was born in Alabama. He has operated his jewelry shop all during that time. He's the proud papa of a daughter, a son-in-law, and a son. "Buzz" (the son) is a senior in C. H. S. and plays football.

Quite naturally, Mr. Majors is a football fan. He likes all sports. Sam Majors is always cheerful and laughing, and Colorado City is proud to have him as one of its citizens.

## PEP RALLY

Last Friday we had still another form of pep rally. Several of the exes were present, and they offered their personal wishes of success to the Wolves in the Rotan game as well as the forthcoming games. Those exes present were John H. Colson, Dub Hodges, and Duff Chesney. Buzz Majors, last week's captain, also spoke to us, and the spirits of everyone were

kept up more and more. A few words were given by several of the teachers, and the program ended, probably the most successful this year.

## A MESSAGE FROM AN EX

Virginia Whipkey of Baylor University, Waco, sends the following message to the high school students: "I had been saying this little speech to say in assembly when and if I ever got to come home, but thought when I saw the splendid honor roll it would be better now. I am so ignorant—I never before felt so completely dumb, but college has showed me my lack of knowledge in everything and everything I missed in high school. I would like to say one thing to the students and especially the Seniors and that is 'Squeeze every little bit of knowledge you can find out of the teachers and get everything you can out of the classes.' I am really sorry now that I didn't study more and better while in high school.

"Tell those Wolves to stay in there and fight; I am behind them and watch everything they do."

## RED CROSS CAMPAIGN

Class meetings were staged last Monday in order to enroll each class as a member of the Red Cross. It seems that all classes elected to do this, and there is no worthier cause they could accomplish. We realize that your pockets have been quartered and dimed for some time now, but one more dime or quarter isn't going to be missed. Who knows, there may be another occasion for the Red Cross to work right here in our own community. Are YOU a member?

## STYLE SHOW

Miss Coles' second year Homemaking class has been staging a style show that few outsiders have heard about. It seems to be time for everyone to know about it, and also about its winners. First place was taken by Louise Manly who was closely followed by Jan Lee in second place. Content with third place was Clea Morris, and the show was over. You didn't know it a minute ago, and now you do.

## ARMISTICE PROGRAM

Last Friday it was necessary to have two assembly programs, the first of which was devoted to an observance of Armistice. The program was opened by a medley of war tunes, followed by a selection by the invisible choir. Next Mr. John Worrell gave a talk on "Armistice Then and Now Over There," with Mrs. J. G. Merritt giving a parallel talk on "Armistice Then and Now Over Here." The program was closed with a reading of "Recessional" by Harold Cook.

## P.F.A. SWEETHEART NAMED

The selection of Faye Franklin as P.F.A. Sweetheart was made final November the 7th. Miss Franklin was the representative of Division I in the Ag groups, and she is a student at Jr. High. She will be a representative of the agriculture groups in several of their activities, and she will accompany them on their trips.

## DR. C. C. KLINGMAN HERE

It was indeed a pleasure last Wednesday to have Dr. C. C. Klingman speak to us. Dr. Haley of the First Christian church introduced him. Dr. Klingman, formerly of Colorado City, now has a church in Comanche, and for reason we were eager to hear him again. To make a long story short, we thoroughly enjoyed his speech, and we are looking forward to another visit from him soon.

## AG BARBECUE

Friday night was the time, the park was the site, and the barbecue was the subject. This was the outcome of events last week when all the members of Mr. Shillingsburg's Ag classes met for a barbecue. The boys seemed to have a good time, and if they didn't, it certainly wasn't the fault of the good barbecue (or was it?).

Continuation of the upward trend visible throughout most of the 1939 model year was predicted by company officials as Chevrolet plants swing into full production.

With a substantial block of unfilled orders still on record, officials indicated confidence in the prospects for a continuing gain over the late months of 1938, during which period 1939 models were being introduced. Present indications are that the plants will maintain a steady production pace. This will enable dealers to fill back orders, which central office officials have asserted loom larger in the sales picture this year than in many years previously.

Indicative of the manner in which sales and production have mounted hand in hand are the figures for the final 10-day period ending October 31. During that period, 26,741 units were retailed, the company report shows, as against 15,540 delivered in the preceding 10-day period, a gain of 72 per cent.

Truck sales likewise show a notable increase, the October, 1939, figure being 15,325 units, a gain of 11,189 over the 4,136 commercial cars retailed in the same month of 1938. Used car sales again topped the 100,000 mark, with a total of 102,686 reported. This is a gain of 10,993 over October, 1938.

Mrs. Porter Mosley left Tuesday to visit her daughters in Denison and Benavides for a time. Another daughter, Mrs. Guy Neal of Oakland, Calif., who has been here since Mr. Mosley's death Nov. 2, drove her through and will return to her home from Denison.

**BAYLOR UNIVERSITY NEWS**

President Pat M. Neff of Baylor University possibly can boast of the largest class in any college or university in the world.

His "class" has 2350 students who come without fail four days a week through each school year. It is the Baylor chapel service.

At 9:15 o'clock each morning, one is able to stand on a front step of Waco hall and see the students pile their way toward the hall from all sections of the campus—a thick mass of young vibrant humanity moving toward a central spot, the 10 o'clock chapel.

President Neff presides at the sessions. His "lessons" to the students may come in many forms, for speakers, singers, artistic performers of a dozen classifications, ministers and dramatic presentations go to make up the fare.

The chapel service is as old as Baylor and its constituency since the year 1845 has included each and every member of the Baylor student body.

Central Texans can take a Scotchman's trip around the world this Friday night when six Memorial dormitory annexes at Baylor University stage "open house" observances with foreign themes.

Each house will be decorated to characterize a different country. Programs and refreshments will follow the same scheme.

Baylor University's Golden Wave band will open its 1939-40 concert season with a program in Waco hall at 4 o'clock Sunday afternoon. The concert by the band, directed by Everett McCracken, will be given every third Sunday during the year.

Drs. Lorena B. Stretch and M. L. Getting of the Baylor University School of Education are the authors of a "Manual for High School Observation and Student Teaching" to be released by John Richter, publisher, on Dec. 1.

The manual is to be used in the training of would-be teachers in the practical as well as the theoretical phases of teaching. It consists of 80 lessons with problems for each lesson. There are approximately 145 pages. The manual will be used in Baylor classes and possibly in other schools. Richter, a recent graduate of Baylor now in the book sales and publishing business, expects to publish his own anthology "Homage to Browning" shortly before Christmas.

Miss Betty Burkhardt, brunette from Alamo, Texas, was selected Homecoming queen of Baylor university in the annual ceremonies last week. She was a nominee of the senior class and rode that organization's float in the homecoming parade.

Other nominees, all of whom rode in the parade, and their organizations were Ladye Ritter, Terrell, DAP club; Bonnie Ruth Slawson, Corsicana, sophomore class; Jo Blair, Waldo, Ark., Peer club; Dorothy Shands, Cleveland, Miss., Beta Pi Theta; Gwen Allen, Deweyville, Southeast Texas club; Marjory Knott, Dallas, Athenian club; Bernadet Breedlove, Houston, Varsity B club; Allene Coor, Mart, Delta Sigma Pi; Marjorie Pittman, Tyler, Esquire club; Lois and Louise Bailey, Waco twins, Uranian club; Dorothy Kelly, Newburg, Classical club; Johnnie Nelson, Winnboro, freshman class; and Marilyn Reese, Floresville, junior class.

**COTTON LOWER IN GRADE. SHORTER IN STAPLE. STATE SURVEY REVEALS**

Cotton ginned in Texas prior to Oct. 18 was slightly lower in grade and shorter in staple than for the corresponding period last year, the agricultural marketing service, U. S. D. A. reports.

Estimates show 28 per cent was white strict middling and above; 41 per cent middling; 15 per cent strict low middling and 15 per cent spotted. Eighty-seven per cent was tenderable.

**AN ORDINANCE REGULATING THE STORING OF COTTON AND OTHER INFLAMMABLE MATERIAL AND PROVIDING A PENALTY FOR VIOLATION**

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF COLORADO CITY, TEXAS: Section 1—It shall be unlawful for

any person, firm or corporation to keep, or store, in any building or warehouse within the fire limits of the City of Colorado City, any sisal, jute, bagging, cotton or other inflammable material, unless the same shall be stored as provided hereinafter, viz:

There shall be a clearance space of three feet between all windows, doors, and the goods stored. Aisle ways shall be made through the piles of stored material at the discretion and under the supervision of the chief of the fire department and the fire marshal, these passageways to depend entirely on the cubic capacity, size, location and character of the warehouse or building, the warehousemen to have the right to protest to the City Council in the event he feels that the demands of the fire chief and fire marshal for passage ways are unreasonable.

Buildings and warehouses equipped with the sprinkler systems shall have two feet overhead clearance between the top of stored material and ceilings. No overhead clearance shall be necessary in fire-proof buildings or warehouses, or mill constructed buildings or warehouses, not equipped with sprinkler system. (Sheet iron buildings or warehouses shall have an overhead clearance of three feet between the top of stored material and ceiling.)

Section 2—It shall be the duty of every person, firm or corporation and warehousemen in storing sisal, jute, bagging, cotton or other inflammable material, to have their warehouse property guarded day and night and to allow no fire to be made in any portion of the building containing these materials and to prohibit smoking of pipes, cigarettes or cigars in or about such warehouses or buildings at any time.

The News relies not alone on one great wire service—it has TWO . . . the greatest in the world—Associated Press and United Press. It also has the great wire feature service of North American Newspaper Alliance (NANA). Well here comes the break all the players of basketball have been waiting for: the boys and girls will go to Highland Thursday night for a big game. This will be the first game of the season for the boys so come on all you folks and don't miss the first game of the year. The girls seem to be very much excited about the game; could it be that they are afraid they will be beaten?

Here comes the news of our last football game of the year. The Wildcats vs. Courtney players Saturday night at Colorado City. Now folks we thought this would be a treat for all of you so come on out and watch the Wildcats go. We are hoping the Wildcats don't get beaten for this will be the best team of the 6-men football around here. Now come on boys FIGHT! FIGHT!

The Highland basketball girls and boys will return the game Tuesday night the 21st.  
Some of the kids here have been very interested in the carnival that was at Colorado City. Now I just wonder why? Well Frances are you a sissy or did you really get sick of the rides? You had better be very careful when you start on the Ferris wheel they might go too fast. Be careful how you snitch a pop bottle, it might cost a nickel, 15c for a hamburger and be sure you get the napkin, hear the man play Alexander's Rag Time Band, watch the elephant truck, see the monkey climb the pole, and you have two tickets; why you might get a third one or you might go back and win; just a little more time folks! All these you might ask Frances and Ginnie about before you visit the show. Why did you try everything out Frances? Could it mean Thursday night?

Say, Tom, I have heard of little children getting lots but never a grown person.  
Say, Ginnie, don't hit the boy so hard you might break your cane. "ain't paying you 25c for nothin'," says Ginnie.  
Say Van, I wonder what your car was doing at a certain place Saturday. You weren't at home, neither was Bill.  
Well, well, I thought our Juniors were "educated" by now but I see that there is still one that needs some teasing and that is Hub. The other day he laid his typing book down and started asking all the kids in the typing room if they had two books. Well, Hub, you had better be very careful what you lay down and where you lay it. You might not find it so easy.

Boy, the Fish and Sophs surely have been going to town this week. They took the carnival in. Just ask Yvonne and Faye Nell how to win a cane. You might be able to get some information from Rena and Barney.  
What about the Rideo, not going to start Rena! Say I hope you know some History! says Barney (Mon.). "Why don't she want to go with me?" Now Curley, I would think she would enjoy it.

Say, Walter, do you know anything about machinery? You ought to by now, you ask Ginnie everyday what she knows. Do you suppose her daddy ever pushed a wheelbarrow?  
Say George, what is this I hear about being top heavy. Well you had better be careful you might cause him to miss school, and as you know we are studying Macbeth now.  
Gerald, what's the matter can't you see? You don't seem to be seeing much, or maybe you are eating?  
Say, Sara, what's the idea of not going to the show Thursday night? Could it be you did not have a way?

Virginia Beamon  
**FRESHMAN NEWS**  
Here is that same old freshman reporter coming again. It looks like Mary Beth and Trudell have something up their sleeves. I wonder what it could be? Say, "Earnest" who's ring is that you're wearing? \$ wonder if it could be Fay Nell's. We are surely sorry we are going to lose one of our freshman boys. I bet you don't want to go, do you Franklin? Juanita certainly hates to see you go.  
Well, Charles what are you trying to do, shoot your foot off? You had better lay off a 22 Charlie. I wonder why Neva Brock is coming to school with her hair rolled up. Could it be a little Colorado boy, Neva?  
Here is that Fish reporter signing off until next time.

Mary Beth Butler  
**SOPH GAB BOX**  
Well, here is your old reporter back. I wish to thank Bessie for fulfilling my duty during my absence.  
Mary Beth, I wouldn't let my (Joan) loss of O. D. worry you. Remember there are more good looking boys than one.  
It seems Ruth, Ruby, Sybil and Yvonne enjoyed something Wednesday night the rest of us Sophs didn't get to enjoy. Well, maybe they wish they had been with us after the carnival rides!  
Virginia has suddenly taken an interest in the 10th grade or should I say a certain boy in the tenth grade. Remember Virginia, Elzan might get jealous.  
Until next week, this is the Soph reporter turning in.

**HOME EC NEWS**  
This week of cooking brings us to a complete study of breakfast foods. Friday morning the Home Ec girls served a breakfast. To assume our duties, we drew them. The family who got the privilege of eating was: Mother, Oleta; Father, Virginia Young; Big Brother, Bertie Ruth; Big Sister, Joan Hines; Little Sister, Lily Rich; Little Brother, Lorene.

The menu, for the breakfast included the following foods: shredded grapefruit, cream of wheat, hot chocolate and marshmallows, scalloped eggs and bacon, melba toast, apricot jelly, butter.  
The food was very delicious, although we made numerous mistakes. We feel we have accomplished much during our study of breakfast foods.

**SENIOR NEWS**  
Teachers and students of school the Senior class will appreciate it if you will start arranging to get your pictures made for the annual. It is going to be quite a proposition this year, and we are ready to start working.

Another thing you ought to be studying about is the 75 cents down payment on your annual. Don't be afraid to bring it now, for we have someone just waiting to get hold of them.  
Van, things are out on you this week; someone said your blue model A was seen down in front of Ginnie's house Saturday night. But seems like that must be impossible, for weren't you in Abilene? Was she at home, or gone to the carnival.  
John Hines, you want to be looking forward to the "Football Banquet," for it's going to be a snap for you. Pete Lambert said he shouldn't mind that so much if he were you. Maybe you could see him and make a swap.

Howard Lee you had better watch who you are matching those nickles with, for you might win some that you can't collect, and that would be bad.  
I just wonder why Thelma looks so down-hearted this morning; could it be something that happened over the week-end. Ha! That's O.K. kid probably you'll get even with them in the long run. Well this is "Skippy" signing off till next week.

**JUNIOR NEWS**  
Say Louise what's this we hear about Saturday night? Let me offer some advice—I bet you'd better stay on the good side of Dollie or she might tell something.  
Now is this news? Thursday night the basketball girls are going to Highland for a game and it's our first game with Highland this year. We have a lot of girls from our class coming out this year. They are: Louise Schafer, Valerie Milliken, Dollie Davenport, Melba Ruth Adams, Geneva Lowry, Verlynn Milliken, Virginia Anderson, Jo and Sara Boling and Mary McKenney, forwards.

What's this we hear about Myrlene Sunday afternoon? You Juniors had better watch Myrlene or you might lose her.  
Say Dollie, what's this we hear about your receiving a letter from Roswell. Is it an old romance rekindled?  
Edith, what was the matter with Pete's car the other night when the light wouldn't burn. Did you have the switch on, causing them to burn out?  
Fannie Myrl, who was your boy friend we saw you with at the carnival Thursday night?  
We wonder why Virginia goes around with such a big head lately. Is it because of Kenneth Ray, your new nephew?  
Melba Ruth Adams wants a boy friend from Divide; wonder how you can get him, Dink!  
Say Geneva, whose new V-8 Ford were you driving Sunday evening in Colorado City?  
Verlynn, why can't you study the seventh period; is it because Byrl occupies the seat in front of you?  
My, what's this we hear about Calvin starting to court the young girls? Boy! The paps had better get their guns out because he might be after their daughters some night. What have you to say for yourself Cattie?  
Say Geneva, we wonder why you are wearing such a big smile this week. Is it because Leecroy came home this week-end?  
Boys don't forget that we have to play Highland next Thursday night for our first game; do you boys want to hustle?

Louise what's this about your getting a letter from Divide? Was it sweet or was it?  
Say, folks, Geneva really likes the carnival; especially the Ferris wheel. If you don't believe it just ask Juanita Byrd.  
Mary, we missed you at school Monday. We hope you're back soon.

**COUGHS**  
Due to Colds  
Bronchial Irritations

This formula is immensely superior—tremendously in advance of more ordinary remedies, says Doctor  
"Pour yourself a teaspoon of Buckley's CANADIAN Mixture—let it lie on your tongue a moment then swallow slowly. Feel its quick, powerful purgative action spread through throat, head and bronchial tubes. Act like a flash. Right away it starts to loosen thick, choking phlegm and open up clogged bronchial tubes. Over 10 million bottles sold in cold wintry Canada. A single sip will tell you why. Contains no sugar so can be used by diabetics."

**FOOTBALL**  
Byrl Claxton  
It's great to be a football hero. To run, pass, and block. But when one hits you that is twice as big. I tell you that is a shock.

I like to see the passes soar down the field. And light in a team-mate's arms. Then see him gallop over the goal. Amidst cries, and shouts of alarm.

When the opponent has pushed you back to your goal. You have to kick, and it sails with a thump. Then you run down the field. And tackle him, crash! bang! bump!

I like to plough through the line. Or go sweeping around the end. To place-kick the points after goal. But, Oh! To plough earth with your chin!

But it's a great game—Football! Once you learn the game. And if you are good enough. You may gain fortune and fame.

**WOMAN'S PLACE**

You hear a lot—from men!—about woman's place, but the consensus of opinion is that her place is just about anywhere she elects to make it. . . . We know, for example, that throughout the United States she drives automobiles many hundreds of thousands of miles per year, and that she spends literally millions of dollars annually for motor fuels, motor oils and automobile maintenance. . . . So, quite naturally, we make a special point of pleasing the ladies; we do everything we can to make driving an automobile pleasant and comfortable for them. . . . This service is so well organized with conveniently located, completely equipped, capably staffed, clean Humble Service Stations, that many Texas women have shifted the entire care of their cars to Humble's shoulders; the nearest Humble Service Stations remind them when their cars need lubrication, when oil needs changing, when batteries should be recharged. As a result, their cars run right and look good. . . . So can yours—if you, too, will shift the care of your car to Humble's shoulders. Begin today—stop for service at the nearest Humble sign!
