

Pink Bollworm Quarantine On Mitchell County

Cotton And Its Products Will Require Papers When Being Moved Out Of The County

Following the discovery of pink bollworms in gin waste at Westbrook and later at Colorado City, movement of cotton and cotton products in Mitchell county has been placed under regulations of the pink bollworm quarantine.

Traces of infestation were found by employees of the department of agriculture. Gin waste in this and other counties has been checked regularly for traces of the bollworms for several years.

Application of the quarantine will not affect producers of cotton, according to information gathered by The Record. It means, however, that no cotton, cottonseed or cottonseed products can move out of the county into free territory without a permit.

A permit issues either that the product has been treated according to government specifications or that it is moving to a designated point for treatment.

Seed, cake, hulls, and other cottonseed products are being treated at the local oil mill, which has been receiving seed and seed products from quarantined counties to the west and northwest for treatment for several years.

Lint moving out of the county must be accompanied by clearance papers but treatment is not required if the lint is free from seed. Gins are responsible for the thorough cleaning of seed from lint, according to information received by comers officials from quarantine officers.

Mitchell county farmers who raise cottonseed for planting will be required to treat the seed if it is to leave the county but not if it is to be sold within the county.

Howard county to the west of Mitchell county has been quarantined for several years. Sterling county to the south was among the five counties quarantined this year along with Mitchell, Scurry county on the north and Nolan county on the east are still in free territory.

Wolves Rest This Week For Battle At Snyder Nov. 30

Two Teams Are Now Tied In Second Place In District 6-A

The Wolves are "saving their breath" this week for their final battle of the year, and certainly one of their hardest, with the Snyder Tigers at Snyder on Thursday afternoon, Nov. 30. The two teams are now tied in second place in district 6-A, with Roscoe at the top.

Although the Wolves managed to knock the Roscoe Plowboys who later knocked Snyder's Tigers from their undefeated perch, Wolf fans are wary of what Snyder may do to Colorado City's so-far undefeated record.

The card in district 6-A is nearly completed. Roscoe and Lorraine play this Friday at Lorraine in their final game of the season. Lorraine is tied with Roby in the district cellar. Rotan and Roby will play on Nov. 30.

Two Blocks Are Assembled For Oil Tests in County

Locations To Northwest Of Colorado City Will Be Announced And Contracts Let Soon

Two blocks for testing of the shallow pay horizon in northwestern Mitchell county are being assembled by R. T. Dockrey of Colorado City and B. F. Robbins of Big Spring some 12 or 14 miles from Colorado City, it was revealed this week.

Locations will be announced and drilling contracts let within the next 15 days, Dockrey said Saturday. The tests will be three or four miles from production.

Robbins and Dockrey believe that wells in this area can be made commercial producers by following the same procedure which has proved successful in the Sharon Ridge field of Scurry county—that is, by shooting in the pay horizon with as much nitroglycerin as possible.

A well drilled on W. C. Berry land in northwestern Mitchell county some three years ago by Dockrey, Robbins, and H. L. Lockhart of Colorado City encountered pay but could never be made a commercial producer because it was virtually jellyfied by heavy acid treatments. The first Sharon Ridge wells responded to acid treatments in the same way.

Dockrey and Robbins are spending this week in San Antonio, Houston, and Dallas on business connected with the assembling of the two blocks.

Rev. Patterson Is Called To Pastorate Of Fort Worth Church

Pastor of First Baptist Will Make Statement Here Sunday

Statement concerning his call to the pastorate of the Tabernacle Baptist church in Fort Worth is to be made to the congregation of First Baptist church at Colorado City Sunday morning by Rev. T. A. Patterson, pastor of the latter church.

Rev. Mr. Patterson stated Wednesday that, in spite of printed reports to the contrary, he has not yet definitely accepted the Fort Worth call, which was voted unanimously last Sunday morning. A news item originating in Fort Worth had previously stated that he would assume the Fort Worth pastorate on December 10.

The statement was made by Rev. Mr. Patterson in a telephone conversation from Abilene where he had placed his ill mother in a hospital for treatment. He left Tuesday to attend her at her home in Winters.

He has been pastor of the First Baptist church here for almost two and a half years, having come here from Hollis, Oklahoma. He was at Roscoe before going to Hollis.

Cotton Harvest Near Completion as County Gin Total to 16,535

The cotton harvest in Mitchell county neared completion this week as the county ginning total reached 16,535 bales. Cotton men were estimating the remaining portion of the harvest at around 300 bales.

Colorado City gins had received 7,984 bales to Thursday afternoon. Receipts elsewhere in the county were as follows: Buford, 1,280 bales; Westbrook, 2,788; and Lorraine, 4,483.

Local receipts were distributed among the six gins as follows: Producers, 1,822; Mitchell, 1,055; Colorado, 923; Farmers, 626; Concrete, 2,144; Browning, 1,414.

No government loans were being made here Thursday morning as forms and data were still lacking. Cotton was selling on the open market at from 8.5 to 8.9.

WPA Rolls And Waiting Lists Are Largest In County In Two Years

Rolls and waiting lists of the WPA in Mitchell county are now heavier than they have been in two years, according to Mrs. Bonnie Burt of the Mitchell County Welfare and Relief office.

The short cotton harvest and its early completion, coupled with the continuing exodus from tenant farms over the county, are credited with this condition.

A total of around 95 persons are now employed on WPA projects in the county, according to Mrs. Burt's records. Sixty-two laborers went to work this week on the paving project in Colorado City. Thirteen women are working in the Colorado City sewing room which was reopened recently. Twenty men and women are employed on library and recreational projects.

Ten men and twelve women are already certified on the WPA rolls, awaiting assignment to some project, but there are some 43 men and women waiting to make applications and be certified on the rolls, Mrs. Burt says. No WPA applications have been taken since October 31 when this work was turned over to the state, she points out, because the state has not yet made provisions for such applications and has not authorized any person to take them here.

Twenty of these waiting to make application are persons who have been on the rolls and now want to have their cases reopened while twenty-three are new cases.

Running Terrace Lines Has Kept County Agent In The Field Recently

Running terrace lines on Mitchell county farm and ranch lands is keeping County Agent Joe C. Williams in the field a large percentage of the time these days.

Recently he ran lines for a "syrup-pan" system of terracing on 120 acres belonging to C. E. Hammock. Some pasture furrowing has been done on the C. L. Grable ranch north of town.

Among the farms on which Williams has helped to run terrace lines recently are: A farm belonging to Mrs. Lois Prude Bennett and occupied by Oren Carpenter four miles southeast of town; a farm belonging to Mrs. S. B. Vaught and occupied by Loucious Comer near Shepherd; the C. W. Claxton farm seven miles north of Lorraine.

Harvest-Time and Thanksgiving Season Give Theme for Dinner Party at Country Club

Harvest-time and the Thanksgiving season were highlighted in arrangements for the dinner party with which Mr. and Mrs. O. B. Price and Mr. and Mrs. Joe E. Mills entertained the London Bridge club and a number of guests at the country club Tuesday evening.

A roast pig adorned the table from which the three-course dinner was served buffet style. Colorful autumn leaves were banked to form a background for the table, which was covered with a green damask cloth. Against the background a basket was tilted, spilling the fruit, nuts and vegetables of harvest-time. Fern formed a carpet around the basket, and candles shaped like apples and oranges lighted the table. Guests were seated at quiet tables where they later, played bridge, using Thanksgiving appointments.

Baskets and vases of chrysan-

thems were used around the club room. Chrysanthemums and autumn leaves were banked on the mantle.

In the games Mrs. A. L. McSpadden made high score for women, Walter W. Whipkey high for men. Mrs. Ed Majors was low for women, John M. Worrell low for men. Mrs. John E. Watson took the traveling prize.

Reception at Thompson Home Pre-Nuptial Courtesy for Mr. Witten and Miss Mackey

As a pre-nuptial courtesy for Mary Frances Mackey of Colorado City and George Otis Witten of Colorado City and Washington, D. C., who are to be married here Sunday morning, Mr. and Mrs. Chas. C. Thompson and Mr. and Mrs. Otto F. Jones received at the Thompson home Tuesday evening.

Mr. Thompson and Mr. Jones were at the door. In the receiving line were Mrs. Jones, Mr. and Mrs. P. K. Mackey, Miss Mackey, Mr. Witten, Mrs. Roxie Witten, Leroy Witten, and Mrs. Thompson.

Chrysanthemums in varied hues, gladioluses and roses were arranged in the reception rooms. When guests had arrived, a program was announced by Mrs. Thompson. Mrs. James K. Polk sang two numbers with Mrs. Lloyd Croslin of Lubbock and Washington, D. C., as her accompanist.

Original readings by Mrs. Bill Coffey, toasting the bride-to-be and the bridegroom-elect, were given next. Mabel Rathff Majors toasted the girls left behind. Eugene Haley the boys left behind. At the close of the program guests were invited into the dining room.

In line with Mr. Witten's work—he is assistant secretary to Congressman George H. Mahon—table arrangements featured the "capital" motif. The large, white cake at one end of the lace-covered table represented the capitol building, with small American flags on either side of the steps stood a miniature bride and groom.

Small cellophane bags of rice mints were alternated with yellow chrysanthemums around the cake. The bags, adorned with tiny sprigs of artificial orange blossoms and tied with green ribbon, were favors. Centering the table were yellow chrysanthemums in a crystal bowl on an oblong reflector, with tall yellow tapers in silver holders on either side. The silver coffee service was at the opposite end of the table from the cake. Arrangements of yellow chrysanthemums and yellow candles were used elsewhere in the dining room.

Mrs. W. W. Rhode presided at the coffee service. Mrs. Croslin served the cake. Beverly Lovelace and Mrs. Sefton Pickens assisted in the dining room. More than 40 guests were served.

Deer Hunting Luck Not So Good But Earl Morrison Brings in Two Bucks

Rainy weather and scarcity of bucks in the deer country were being blamed by Colorado City's empty-handed deer hunters as they returned home this week.
There were spots of luck, however, with Earl Morrison probably in the luckiest spot. Morrison brought back two bucks, one four-point and one eight-point, from Mason county.
Howard Rogers got a 10-pointer near Fort Davis. He hunted with Mr. and Mrs. Tom Burris.
Virgil Moser hunted briefly in Kent county and bagged a seven-pointer.
A deer piece was bagged by W. C. Berry and Chester Berry of Fairview. They were accompanied by B. W. Jackson to the Rio Grande valley.
Among the groups returning without their quarry were the following: Brady Warren, Dale Warren, A. D. Kiker, and H. L. Willis, who hunted in Brewster county; Mr. and Mrs. E. B. Ellis who accompanied the V. H. Montgomerys of Throckmorton to the Fort Davis country; R. D. Wigley, Swede McGill, and Jack DeLaney, who opened the season near Marfa; Wilson Gregory, T. A. Ellett, B. F. Ellett, and "Little Dick" Gregory, who hunted north of Kent; Henry Vaught, Aubrey Herrington, R. R. Lacey, and A. A. Peaster, who hunted in Mason county.
One Mitchell county deer-hunter was being razzed by friends Thursday because of the \$36 turkey hen he brought back from Mason county. He shot the fowl thinking it was a gobbler, so the story goes, then mistook the game warden for his hunting companions and hailed him by shaking the turkey at him. The game warden did the rest of the hailing.

Food Sales Here Return \$36,348 In Hidden Taxes

Families in Colorado City pay an estimated \$36,348 in hidden taxes annually through their purchases of food, a National Consumers Tax Commission survey showed today. "Nearly eight per cent of the total food bill represents shifted taxes buried in the price of every purchase," the report stated. "These unseen levies, for example, take 11 per cent of butter costs, 6 1/2 per cent of bread costs, 10 1/2 per cent of sliced bacon and 14 1/2 per cent of the cost of coffee."

The report was made public through Mrs. Kenneth C. Frazier, of Dallas, Chairman of the Board, who leads NCTC study groups in about 810 Texas communities in the educational crusade against "unnecessary consumer-penalizing taxes." The report added:

"Chief offenders, and those that fall most heavily on lower income families, are hidden taxes. These are levied originally against the producer, manufacturer, shipper and distributor. Unable to absorb the load, each must pass on a share of its taxes and the consumer ultimately pays them, usually without knowing it."

The commission, in whose non-partisan crusade groups in approximately 5,100 communities have launched tax study programs, said the hidden tax figure does not include the many other hidden and direct taxes families here have to pay.

The food tax estimate was computed from NCTC averages based on last available U. S. Bureau of the Census figures which placed 1935 food sales in Colorado at \$466,000. Government estimates of total sales in the country last year approximate the total in the 1935 study, the NCTC said.

Local Methodists Had Good Report At Conference; Rev. Epps Is Returned

Local Methodists who attended the last session of the old Northwest Texas Methodist conference and the first session of the new conference in Lubbock last week delivered a church report that rated among the best and learned about plans for an enlarged program of work under the new combined Methodist church.

Rev. C. M. Epps, pastor of the local church, was returned for his second year when assignments for the conference were announced by Bishop Ivan Lee Holt as the meeting closed Sunday night. Also returned to Mitchell county churches were Rev. J. E. Shewbert of Lorraine and Rev. R. B. Walden of Westbrook. Rev. A. B. Coker was assigned to succeed Rev. C. D. Damm at Dunn and Buford, while Rev. Lennel Hester was named as pastor for the Colorado City circuit.

Rev. E. B. Bowen, formerly pastor at Stamford, was named superintendent for the Sweetwater district. He succeeds Rev. C. R. Hooton who was assigned to a Dallas church some time ago.

Attending the conference from here were Rev. and Mrs. Epps, who remained for all sessions, and Mr. and Mrs. Ford Merritt, who were present on Thursday and Friday. Merritt served as church delegate.

Highlights of the local church's report were: 324 Methodist families enrolled; 53 additions during

the year; total membership of 720; Sunday school enrollment of 569; Women's Society of Christian service with a membership of 94 raised \$738 during the year; \$988 spent on the church and parsonage during the year; \$1,456.00 raised by the church, including general and conference work, Sunday school mission, and the Women's society for all benevolences; a total of \$6,312.00 raised for the conference year just closed.

An explanation of the new conference and the plan of work under the unified church has been outlined by Rev. Mr. Epps as follows:

"Last Friday morning at 10 o'clock a most impressive service marked the passing of the old Northwest Texas conference and the beginning of the new Northwest Texas conference. The new conference will bear the same name as the old, but was organized according to the discipline of the New Methodist church—a unification of the Methodist Church, South, the Methodist Church, North, and the Methodist Episcopal church.

"Very few changes will be noted throughout the southern part of the church, since the uniting conference accepted the southern plan for educational work and also our board of lay activities. As for the women's division of the board of missions and church extension, we note that the name, Woman's Missionary Society, has been changed to Woman's Society of Christian Service.

"We will have our quarterly conference, district conference and annual conference as heretofore. One new conference has been added, known as the jurisdictional conference. The United States has been divided into six jurisdictional conferences. This section will be known as the South Central Jurisdictional conference, and includes the states of Missouri, Arkansas, Louisiana, Nebraska, Kansas, Oklahoma, Texas, and New Mexico.

"This conference will elect its own Bishops, and, through its boards, will carry on the entire program of the General Conference Boards through the annual conferences and local churches."

"Pampa was chosen for the 1940 conference, winning over Sweetwater in a close vote.

By Mrs. Opal Boen, Librarian

As the result of a book drive for the week November 12th to November 18th, the Hutchinson library received 188 books, 480 magazines, and 266 booklets.

In a contest between the rooms, as to which would bring the most books, Miss Pauline Jones fifth grade won and was awarded a fourth holiday.

While checking the library, several old books were found, fifteen having been copyrighted before 1900. Mrs. Floyd Quinney, principal, hopes to have an old books library before very long.

In 1897 they moved to Mitchell county and for a number of years lived on a farm near Colorado City. They moved to town a number of years ago to complete the schooling of their children.

Mare Recently Bought By Kelley Among Show Winners, Brought Home

"Having placed in the money" in the five-gaited division of the horse show sponsored Sunday by Rockwood Stables of Fort Worth, Frank Kelley's new registered show mare, Gloria Lady, was added to the Colorado City Frontier Roundup training stable Monday.

Kelley bought the mare from the Pickens-Burton stables at Dallas two weeks ago. She placed sixth in the five-gaited saddle horse division of the show in Fort Worth Sunday, being ridden by June Faith Kelly (no relation) of Fort Worth.

Francis Walters, trainer at the Frontier Roundup barn, brought Gloria Lady from Fort Worth Monday. She will be trained and groomed for future shows. She used to be shown on the Missouri circuit.

Attending the show from here were Frank Kelley, Jim Cantrill, Mr. and Mrs. Bob May, and Walters.

Wolves Manage To Defeat Surprisingly Powerful Roby Lions In Friday Game

Playing their final home game and their next-to-final conference game of the season, the Wolves managed to defeat the surprisingly potent Roby Lions 12-6 on Cantrill field Friday afternoon.

The game left the Wolves sharing second place in district 6-A with Snyder. They have an undefeated record marked by two ties. They play Snyder at Snyder on Nov. 30.

First downs favored Roby 11-9, but apparently had no relation to scoring. Roby made five first downs in the first quarter to none for Colorado City, but the first Wolf tally was made in that period on a 60-yard run by Ross Glover. Roby's touchdown was made by Beene in the second quarter, when first downs were 7-2 in favor of Colorado City.

Burl Ballard snared a 35-yard pass from Cox to make the second Wolf score in the third quarter. Roby advanced to Colorado City's one-yard line in the fourth quarter and was held there.

The Wolves completed five passes in ten tries, while Roby completed two out of eight attempts. Porterfield, Stewart and Beene starred for Roby, Glover, Smith, Ballard, and

Grubbs for the Wolves. Starting lineup for the Wolves was: Ballard and Woods, e; Blasingame and Bodzin, g; Caffey and Hunter, t; Coker, c; Cox, qb; Glover and Neal, h; Smith, fb. Substitutes were Majors, Jones, Royce Smith, Toby Dearen, and McCordle.

Group Involved In Crash Soon After Leaving Here Sunday

A short time after leaving here for Ballinger Sunday afternoon with two prisoners, Deputy Sheriff R. Hightower of Runnels county and W. C. Meadows of Winters were involved in a car wreck two miles west of Sweetwater. Hightower and one of the prisoners were injured.

The two prisoners were W. H. LeMay and O. H. Mize, who received prison sentences here last week on charges of felony theft and transporting stolen property into the county. Each received two two-year sentences. A report of their case last week erroneously stated that they had been taken to Tahoka where they were to face charges of theft.

They were wanted in a number of places and were being taken to Ballinger for trial on burglary charges when the wreck occurred. Later reports were that Mize was taken on to Ballinger with LeMay, who was not hurt.

Joe Wayne Hendricks of Roscoe was in the other car in the wreck. He received minor injuries. Deputy Sheriff Hightower was taken to the home of a daughter in Merkel after receiving emergency treatment at Sweetwater.

METHODIST CHURCH

Sunday school at 10 a.m. Church services at 11 a.m. and 7 p.m.

I wish to take this opportunity to say to the churches that I have had the pleasure of serving for the past two years, that we have done our best to serve all alike and we feel like that in doing so we have made many friends. In many ways it has been pleasant working with all. We have tried to share the sorrows and heartaches with all. Oh yes I know that we have failed in many ways, for as you know it is hard to do everything perfectly, but we have tried to fill our place as best we could.

And we are here again this year to serve you and we hope to do more toward building the Kingdom, and would like to ask each one who is interested in the work of the Master

to come and help us to do the work as you think it ought to be done, and with all working together we may expect great things to happen. If the Sunday school is not what you think it should be you come help to carry it on in a better way. Please do not send the children by themselves if it is at all possible for you to come. You just come along with them, sit by them in church, and you as well as they will get more out of the services of the church. It is not a good sign when you see the children leaving the church after the Sunday school is over, for there are many things they miss by not attending the church or preaching hour, for the preacher may have many things to say that the children might be greatly helped by hearing. Now won't you come with them and help them to understand what the church means to them, and help them to a better life. I do not know a better way to teach them than through the word of God, or may I say through the taught gospel, for it must be preached before one can hear, and before one can be saved he or she must hear.

So this is to all who read this that will let them come, and help the preacher do for you and yours what

he most desires—that is to help you to a better life.

I am your friend and will help you in any way if you will only come let us know what you want us to do, for we are your servants.

Respectfully yours, R. B. WALDEN.

Ease Women's Pain

Periodic upsets—headaches, nervousness, cramp-like pain—are often caused by functional dysmenorrhea due to malnutrition. Many find its symptoms yield when they stimulate appetite and digestion by using CARDUI and so build up physical resistance. Many also report that CARDUI just before and during "the time" helps ease pain and discomfort. CARDUI has been used for more than 50 years.

Boy, are the girls glad this week and how? We went to Highland Thursday night for a basketball game, girls and boys. The girls surely did play a good game even if coach was in the hospital. Well coach, just because you are in the work shop that is no sign that the girls can't play and win a game for you. This is the first time that Highland has been beaten this year, and just think it was done by the Westbrook girls. This is the first time that Westbrook has ever beaten Highland in any of the games they have played. So girls be very careful of that game they are to return, they might win. The score was 19 and 14 in favor of Westbrook. The boys got beaten but that is all right boys you can beat when you practice a while together. You can win if you keep on trying. So work hard boys.

We are very proud of the football boys at Westbrook this year because they won the championship for district 12. This is a very high honor and we are very glad that it was won by the football boys of '39 and '40. May all the players keep on winning in the years to come.

Well Red, you had better watch out some of those boys might have wanted you tooth for a favor from the Westbrook players. They won't eat it.

We are very sorry that one of our players got hurt at the game Thursday night. This was Valere. Of course she said it did not hurt but it is all black so I guess it did something to that eye. Now don't blush because you have to wear a patch over your eye, because it does not look so bad as you think it does.

Now Frances, Mutt, Joe Bolin, and Dolly had better be very careful what they do and how they do it. You know that some folks get in the hospital by the very same way and you might do the same thing. You know it is not what you are doing it is just how you do it!

Say, Van, you had better be very careful how you act at a ball game because you know there might be someone looking that you do not expect to be there. And about seeing people you might see their twin sisters or someone that favors them.

Boy, the Juniors surely have been going to town this week; they are running candidates for the annual. Every class has a king and queen who they wish to win. To everyone that buys an annual he has 150 votes for his favorite king and queen. The children who have their pictures in the class pictures have the count of 25 votes. You turn your class pic-

tures in to Virginia Beamon and she will put your 25 votes for the candidates which you wish to win. All you boys and girls be saving your snapshots for the annual and turn them in to Mattie Blanche Byrd and Rena Oliver. All outsiders who wish to buy an annual may see some of the seniors and vote for whom they wish so come on all you folks and buy your annuals.

Say, all you kids had better be studying hard because you know that this week we have the six weeks exams and are they going to be hard! You know that mid-term is only another six weeks off and then we will have to work harder.

Say Mr. Hood, I would hate for you to pick beauty for me. There were lots of those pictures prettier than that one, I think. But we do not see alike, even in History, do we?

Some of the Fish have been getting left out of the news; they had a class party and several other things and they did not seem to get into the news. Now you Fish just be careful for you might hear about something that you don't want to hear about.

JUNIOR NEWS

Kenneth York Say girls why do so many of you have a sore throat this week? Could it be the football game Saturday night? But really folks we are proud of our champion football players. And we do believe the pep squad girls helped win, don't you?

The Juniors seem very nervous this week because those terrible six weeks exams are to come off Thursday and Friday. Come on folks we simply must pass those tests. After all we do want to be seniors next year.

The Juniors and Sophomores are going to have pictures taken Friday for the annual. We hope they will be good pictures. Valere you had better have your picture taken last because you might break the camera with that black eye.

Ansel, you must be very popular. What's this we hear about 3 or 4 girls trying to invite you to the football banquet?

Melba Ruth, who is this good looking Junior boy you have been making eyes at? I hear he has a new suit and a new pair of boots. Is it possible you are going to the banquet with him?

The Junior class is planning to sponsor a King and Queen contest in high school. This will really be for the most popular girl and boy. The committee will post the rules and regulations later. Our candidates are Valerie Milliken and Junior Oglesby.

HOME EC.

This week the Home Ec. class is refinishing our furniture in the Home Ec. room. It really is a job.

Someone should start a Home Ec. hospital. We cut our fingers, stump our toes and even bite our jaws.

Yvonne, how did you like your job Friday? Those little white mice really are cute, aren't they Yvonne? Or are they?

SOPH NEWS

We all shudder to think that this week is six weeks exams. My, my, how time doth fly! Friday, Miss Speights seemed terribly fussy, we just couldn't figure it out, but Saturday we got the answer. Who was your company, Miss Speights?

Wednesday the Sophomores will have their beauty snapped for the Annual. They always save the best for the last.

Oh yes, Elizabeth Maine and Lowell Duke are our candidates for Annual king and queen. Here's hoping they win.

SENIOR NEWS

Claxton looks rather blue this week on the account of the telephone operation. He has even got poetic.

Gerald seems to be very popular. He has gotten three invitations to the pep-squad banquet. We all wonder why Rena Oliver is so pale this morning. Could it be McCamey?

Florence why is it you almost gave out at Westbrook this year because they won the Highland-Westbrook basketball game Thursday night? Could it be that you ate too many "cherry humps"?

Now Oglesby the seniors aren't responsible for all the snoring around at night. You had better be sure nobody has seen you out before you start laying things on the field, especially circles on the football field.

Mattie Blanche seems to be very interested in what a certain little boy from Rogers gets into. Blinky, could it be that he is fibbing to you that you got your ring back, or are you just trying to catch him in a fib? Well since this is six weeks, and the exams are coming up, maybe there won't be so much scandal next week.

REPORTER: HELEN MOON.

FRESHMAN NEWS

Say, Mr. Fowler what are you getting in an uproar about lately? Could it be those Soph girls.

We are still wondering where we are going to get our \$7.50 for our page in the Annual. We were planning on selling peanuts and popcorn until the Sophs decided they were.

Neva how come you are missing the bus lately. Couldn't be you are up so late. Some certain girls are trying to find out about a certain Freshman and a Soph girl's business. But they won't talk.

Mr. Smith Goes to Washington Hailed as Capra's Supreme Hit

Jean Arthur and James Stewart Head Splendid Cast in Stirring New Columbia Screen Drama of Adventure and Romance in the Nation's Capital

To improve upon perfection might seem an impossibility, but Frank Capra has been doing just that for so long the fact is no longer news. Director of "It Happened One Night," "Mr. Deeds Goes to Town," "Lost Horizon" and "You Can't Take It

With You," Capra on Saturday night, Sunday and Monday brings to the Palace theatre screen what has been hailed as the ultimate in screen entertainment, his stirring romantic comedy, "Mr. Smith Goes to Washington."

Crises and characters who have been this timely, new drama called it more than "You Can't Take It With You," and that film, it will be recalled, won the Academy Award as the best picture of 1937.

Appropriately, three of its principal personalities who appeared in "You Can't Take It With You" are reunited in "Mr. Smith Goes to Washington." They are Jean Arthur, James Stewart and Edward Arnold, the first two co-starred in the romantic comedy and Arnold as part of a very distinguished supporting cast which includes such stellar names as Thomas Mitchell, Claude Rains, Guy Kibbee, Ruth Donnelly, Eugene Pallette, Sculab Bond and Astor Allen, to name only a few. Some, like Mitchell, Kibbee and Ruth Donnelly, have highlighted previous Capra hits. Like the others, they were personally chosen by the director as the perfect players for their particular part.

James Stewart plays the title role in "Mr. Smith Goes to Washington," and the youthful charm, earnestness and idealism with which he invests the part contributes greatly to the picture's appeal. Young Jeff Smith, in hand of his states' law, and when a vacancy in the United States Senate has to be filled, his name comes to the attention of the ruling political forces who want the promise to be a harmless and inexperienced tool.

Jeff goes to Washington unconscious of the fact that he is helping to betray the ideals he holds so dear.

A merciful mantle of darkness hid the bleak and rock bound coast of a new world on the frosty night of November Ninth, Sixteen Hundred Twenty, when the one hundred and three intrepid exiles sailed into Cape Cod Bay, cast anchor, and disembarked from their storm beaten vessel, the Mayflower, and first set foot upon Plymouth Rock and the rugged New England Coast.

Dropping to their knees, they offered up a prayer of Thanksgiving. The privations of that first rigid winter were so terrible that only half of these Pilgrims was left to inaugurate and celebrate the First Thanksgiving the following autumn when the scanty crop of corn and barley was gathered.

TIME MARCHES ON—Only a little over three hundred years have passed, and yet that little narrow street of Plymouth, Massachusetts has lengthened into a broad pulsing highway across the greatest, richest nation, extending to the Golden Gate on the Pacific Coast.

Giant American ships ply the seven seas, streamlined electric trains seem like silver streaks, and huge man made birds cut travel miles to mere inches.

To the memory of those hardy forbears of ours, and to an Omnipotent God who gave them courage, WE GIVE THANKS THIS DAY FOR FAITH — MORALITY — LAW — EDUCATION — RELIGIOUS FREEDOM AND PROGRESS.

Thanksgiving day! Pleasant memories fairly swamp one at that time.

To the ordinary American Thanksgiving Day stands for only one thing. Traditionally in our country the last Thursday in November is the greatest feast of the year. Millions of American men, women, and children gorge themselves on baked turkey, cranberry sauce, pumpkin pies, and all the other delicacies we can think of, then either go to a theater or a football game or perhaps stay at home for a quiet evening by the fire. Where, you ask, does the term "Thanksgiving" come in? Evidently, in these modern days, "Thanksgiving" doesn't come in anywhere.

Three hundred years ago the originators of our greatest American holiday certainly had something to be thankful for. On that long-distant November day the little group of hardy colonies in Massachusetts who laid down their axes and guns for the day and gave heart-felt thanks to God, knew what they were thankful for. As the Pilgrims walked silently into their little log-cabin church that Thanksgiving, they were nursing how fortunate they were to have escaped the Indians, starvation and pneumonia.

Today we should be three times as thankful. Today, no blood-thirsty pack of Indians is waiting outside our rude log cabin, which is not a rude log cabin but a well-heated house of brick or wood with running water and electric lights and probably gas or at least a good wood stove.

If you come down with a case of pneumonia or influenza this Thanksgiving, you can be taken to an efficient hospital where even more efficient physicians and nurses are ready to care for you and make you well.

The Pilgrims were thankful for three reasons: First, they were alive; second, there were plenty of turkeys for everybody; third, there was no depression, as nobody had any money. The Pilgrims didn't care how crazy their pictures were going to look in 1939 news-stands, with their golf trousers and cowboy hats. All they wanted was peace with the Indians, enough food to keep alive, and a warm cabin in the winter.

Time marches on. In 1776 England was mad at our colonies for seceding but are probably thankful now. In 1789 George Washington was so thankful that he caught a cold and died. Our history book does not say what he was thankful about. In 1865 everybody was thankful except the South. Booth was probably thankful until the soldiers caught him. In 1918 we all had a good reason to be thankful: In 1929 everybody was thankful, at least everybody who didn't own stock. In 1932 everybody was thankful again, with the exception, perhaps, of Mr. Hoover. And so in 1939 we will all celebrate Thanksgiving again. The Pilgrims plodded down a lonely road in the icy wind and the blowing rain to the little church and perhaps afterward got in on a brisk, snappy little Indian fight. On Nov. 30th, we will howl down the highway eighty miles an hour, calmly overlooking such trifles as wrecks, bill collectors, and the income tax, in the icy wind and the blowing rain to the football stadium, parking a mile away and walking the rest of the distance, to see twenty two yelling men battle for a football. This was where the Pilgrims had a slight advantage. Indian fights were bloodier and less noisy. The Indians fought for tuition and a sweater.

In modern times we may also be thankful for three reasons. First, Thanksgiving Day is a holiday and we don't have to get up so early. Second, Christmas is still over three weeks away and we might, possibly, still be able to scrape up some money before then. Third, at least bills do not have to be paid until the first of the year.

Seriously, however, we should all remember Thanksgiving as a true day of thanks, a sort of debt to be paid off truthfully once every year in November, a day to rejoice in our good fortunes and be thankful that our bad fortunes were no worse.

A TRIBUTE TO MOTHER

Diek O'Brien, former Baptist pastor here, now at Stamford, in his "Rambling Remarks" pays the following tribute to his mother: Mother, I know that many of your fond dreams and hopes have been broken, most of your plans have probably not turned out as you would wish, and this is the third time you have suffered broken bones, but nothing has ever broken your spirit. For the more than 60 years that you have been a mother you have never once slackened in your loyalty to your husband and your children. Since the day you became a mother at age 20, counting the normal number of heart

beats per minute for an adult, your now tired and struggling old heart has pulsed more than 397 million times, and each beat has been an unselfish response to the needs of those you have loved. We, your ten living children, are today seeking, but in vain, to find some adequate way of showing how much we love you. Our service, our flowers, our tears when you groan in pain, these are but faint suggestions of what is in our hearts. Thank you again for the prayers you have offered for us, the tears you have shed for us and the teaching you have given us. Most of all thank you for the example you have been and are, an example of unselfishness, loyalty, patience and fortitude. After being with you the past few days I feel that I will never complain again nor become despondent. May the promise of the Great Book be yours to claim now, "The path of the righteous grow brighter and brighter unto the perfect day." Good night.

"Mistah Editah, dey is forty-three in my congregation which subscribes fo' yo' papah. Do that entitle me to hab a church notice in you' issue?"

"Sit down and write it out," invited the editor.

EDITORIAL

Primarily this columnist doesn't believe in government giving its citizens anything. Neither do we believe in taking their property away from them by overtaxation to help other people. Let each county and town take care of its own pension and relief. No state or government has a right to tax me and take my money to give to someone who happens to be 65 years old.

The Prince of Peace still lives. Hope is not dead. Faith is still alive. America is not yet departed from the traditions of the fathers. Let's not let some idle remark cause a run on the foundations of our peace and stability.

Those who know say that O'Daniel gets mad when people refer to his transaction tax as a sales tax, although experts agree it would be about a 10 per cent sales tax. We sum it up this way. It's like claiming a wildcat is not a cat, even though its bigger, meaner, and more dangerous.

ON LIFE'S HIGHWAY

This writer is 80 and traveling along down life's pathway we stop and think.

It's Saturday night, another week has slipped away as hundreds of weeks preceding it, almost without notice. It seems but yesterday when careless youth and buoyant hope filled our heart with energy and caused us to press on joyously until suddenly we were awakened from our idle dreams. There was preemptorily a tap, tap, on the arm, and turning we beheld Time with his scythe, who was saying, "You have traveled far on your journey toward the setting sun and the end of your day, and for what have you wrought. Have your hours been squandered, or have they been judiciously expended in the interest of your fellowman, your country and your God?"

We all have our noses to the grindstone. It's a terrible situation, but apparently irremediable. The grindstones grind on and on, the noses losing particles of epidermis and hunks of protoplasm at every turn of the wheel—and on and on turn the wheels, feebler and feebler grow the squeaks of the victims, who feel that they look a sight in the position they are bound to, yet have not the strength to resist the continuous pressure. Uxorious imperiousness is the cause of it, and hardly one man in ten knows what to do about uxorious imperiousness.

PRESENTING: JACK HELTON
Jack Helton is the secretary-manager of the Chamber of Commerce in Colorado City. He has lived here all his life (so far) roughly speaking. For several months preceding his assumption of his present position, Mr. Helton lived in Houston. He worked for several years before that in the tax collection office at the court house.

"Yes, I've always been more or less connected with taxes," Mr. Helton tells us. "I always wondered what it would be like to be a tax collector about 1774." Exciting, I'm sure.

Mr. Helton is tall, with brown hair and eyes. He is quiet and good natured. He likes football and golf. (By the way, there is no Mrs. Jack Helton.) And, (would you believe it?) he doesn't care especially for hunting and fishing!

THANKSGIVING HOLIDAYS

Are you celebrating Thanksgiving today or next Thursday? Whether today or next week there will be only the regular holidays. This fact isn't meant to be in conflict with your Thanksgiving or the President's proclamation, as it was all prearranged. The Texas State Teacher's Association had planned a long time ago to have their meeting during the regular Thanksgiving holidays, and because this could not be changed, the holidays for school children were left unaltered. Also the minor reason is that of football. Usually on Thanksgiving certain games are scheduled and in order to escape juggling the football schedules in all districts, the holidays remained permanent. Your two days are still to be had, though next week on the 30th.

FROM THE SIDELINES

Whew! Were you shaking in your shoes like I was Friday afternoon before the Wolves made their first touchdown? The Roby Lions won the first quarter of the game on everything event points.

Things were looking rather dreary from the sidelines for the Colorado Boosters. In the first quarter, until half-back Ross (Jack Crain) Glover stepped into the quarterback slot, then... things happened fast.

That All-American player took the ball on his own twenty-five yard line and picked up about ten yards around left end. On the next play he took

the piskin around right end and headed toward the south pole along the west sideline.

While the Roby Lions were wiping dirt out of their eyes, Ross crossed the goal line, sixty-five yards from where he started. Fullback Jack Smith attempted to convert the extra point but failed by a few inches.

Throughout the entire four quarters, the game was filled with similar thrills. After the run by Glover two other touchdowns were made... by each team. The conversion points tried were both unsuccessful. The second touchdown of the Wolves was made on a pass play from Quarterback Dook (Davey O'Brien) Cox to end Burl Ballard.

The game ended Colorado City 12 and Roby 6. The Wolves have an open date Friday, but next Thursday, Nov. 30th, while we are celebrating Thanksgiving, let's all see each other at Snyder. The Wolves are colliding with those Snyder Tigers... and both teams are at present tied for second place in the district standing.

Remember, some of the boys will be playing their last game for dear old C.H.S. so let's go help 'em win.

JET MASKERS STAGE FORMAL PRESENTATION

The new dramatic club, Jet Maskers, of C.H.S. gave a formal presentation of three plays for the parents of the club members, and the members of both the board and faculty. The guests were met at the door by three club members who showed them the way to the club room. There they were greeted by the receiving line. Next punch was served to them, and then they signed the registry.

The plays were presented at this time. They were "Two Gentlemen of the Bench," "Mrs. Sullivan's Seance," and "The Tramp." The music was given by Cora Mae Bodine, with Inez Rogers at the piano, and Gladys Jane Brannen with her violin. This social activity met with great success, and a good crowd enjoyed it.

SOPHOMORE CLASS MEETING

The Sophomore class met Tuesday afternoon to discuss appropriating of money for the American Red Cross. Mr. President and the sponsors suggested an amount of around \$5.00. The amount was agreed on and the Sophomore class is now a member of this great and worthy cause.

Plans were also discussed for the making of money for our next year Junior-Senior banquet. A committee was appointed to take care of the suggestions made by the members.

CHORAL CLUB PRESENTS PROGRAM

The Choral club presented its first program in assembly on Monday of this week. It afforded a very pretty

picture for the audience in the dresses of black and red.

The selections were presented in a very appropriate way. A group of sacred songs were sung first, followed by a popular group, with a secular group putting on the finishing touches. In the popular group, "South of the Border" was sung by the trio made up of Gladys Jane Brannen, Esther Elliott, and Marvilyn Martin.

The amusement came with the last number, "Red River Valley." This song was directed by Professor Mouthful alias Esther Elliott, and sung by the famous opera star Lady Hard-to-get alias Marvilyn Martin. They all sounded as though they had come straight from Red River Valley. However, after the first demonstration, the choral group sang it in the beautiful way it can be sung. This program was a source of pleasure and entertainment to all. Inez Rogers was the accompanist.

REPORT CARDS EARLY

The report cards for the second six weeks will be issued on Monday of next week. The dismissal of school on Wednesday for Thanksgiving is responsible for this change.

CAMPUS CAMERA

Peering through the gossip periscope, your snooping sadies sight a new couple—and there's nothing moth-covered about the affair either. MARTHA JAYNE WATSON and RAYMOND UZZLE are the fresh two-year sirs, for a fact. "She's mine." "Naw, she's mine!" The foregoing dialogue reveals the mix-up that has blossomed twixt I. W. TERRY and DONALD H. BURROS of late. The SHE is BILLIE MARGARET GREGORY. Ex-Cheser JOE LEE, sailor cap and not the least bit seasick—yet—adorned ColoCity camp grounds last week. Slightly disabled for a sec or two was the only real effect of the studies who were punctured for tuberculosis. 99% are immune and some are relieved to know so. JUNIOR KEY it seems, is showing a touchdown with MACKI LOVING and, it seems, vice versa. The choral club program Monday afforded an opportunity for spectators to laugh and laugh more than just moderately. ESTHER ELLIOTT and MARVILYN MARTIN nigh onto resembled veteran performers. The picture craze had nearly whoaed to a standstill. But at the first of the week! Everybody's battlercy between classes, at noon, after school, and the remaining hours of the day was "Gotapitche? Gimmeone." C. Caffey's heartthumps are evidently nenny. You know, off in on! Motto of ROSS DIXON, JR. is Inerrence is bliss unless you kin swaller yore chawing gum afore the teacher sees ye. A gosscock that was meant to be on the secret side is the swelloero time DORIS LOVE-LACE, FRANK LONDON, VERNA CAMPBELL, and BILL COFFEY had tother night. INEZ ROGERS has acquired—and not recently—a Snyderite, who's reported to be on the Clark Gable build. The Jack-rabbits wish to thank the Mayor and occupants of the Model A for their much-appreciated support in Dunn last week. 'Tis believed that their yells, yelps, and yerdies were a benefit to the boys playing.

All the Six inseparables were together for the first time in two months recently. Birthdays and sech are a help. For those who find sleeping in classes so-o-o-o-o-o easy, try repeating the following statement twenty times. It doesn't help. What kind of a noise annoys an oyster? DOOK COX is one best bid for the best dressed all the time boy of our high school. He deserves this acknowledgment. JACKIE THORPE was seen with none other than BILLY ERWIN the night of the Aggie barbecue. Ditto for NELL RUTH HENDERSON and ????. Things ARE happening around especially since last week. Proof: From the little black box was a piece of paper stating that a nice little tidbit for this column would be that DORIS DOSS has Humpty-Dumptid for JOHN HAROLD COLSON. But we repeat, things ARE happening around here. Just remember that the time to make friends is when you don't need them. Just remember.

IN VETS' HOSPITAL

Blane Morgan of the Looney community underwent major surgery in the veterans' hospital at Albuquerque, N. M., last week and is reported to be recovering satisfactorily. Other Mitchell countians in the hospital at present are Bert Morgan and Joe Mize.

VISITS IN SAN ANTONIO

NEWS FROM JUNIOR HIGH SCHOOL

NATIONAL BOOK WEEK

This, being book week, our bulletin boards have been arranged to give publicity to our new books. An exhibit of "My Treasure Chest" has been placed in the library. The chest is filled with book jackets to represent books. These book jackets are off the most popular books of the library. They are: Red Horse Hill, Little Men, The Greatest Pages of American Humor, When Patty Went to College, Ocean Gold, The Pony Express Goes Through, Hello, The Boat, and Eight Cousins. These are all new books. The book jackets look so real pupils tried to check them out thinking they were real books. Many pretty postures have also been placed in the library.

There were 117 books checked out of the library by children Friday. Bonnie Jackson.

MR. J. V. GLOVER

We are glad to present to you our principal, Mr. J. V. Glover. He was born in Ohio, Texas, a little town in Hamilton county. His school years were spent in Goldthwaite, Texas. After graduating from high school he attended Howard Payne college at Brownwood where he received his Bachelor of Arts degree in 1931. Later he attended West Texas State Teachers college where he worked on his Master's degree.

Before coming to Colorado Mr. Glover taught two years at Westbrook and four years at Buford. His favorite sports are horse races and polo games.

Mr. Glover has a secret ambition to sing tenor in a male quartet and we believe he can do it. He has a little red-headed daughter, three and one half years of age who thinks her daddy is the smartest man on earth.

ASSEMBLY

In the Junior High school assembly Monday, November 13, the pupils enjoyed hearing Mary Jo Oliver make a talk about books. Three book reports were given. The first one was given by Betty White, "Wishes Are Horses." Nell Ruth Pickens gave a report on "Bugsnaga and Tristram." Then Doris Laverne Hague gave a report on "Rags." The entire program was very good, and we hope all of our students will be encouraged to read more and better books.

We also enjoyed a sing song. Reeda Bell Franklin.

Wednesday, November 8th.

Mr. Haley introduces Mr. Clemens from Comanche. He was a teacher and minister here in Colorado sometime ago. He was also missionary in Japan and could talk various languages. We all enjoyed his talk. Hugh Jean Nixon.

We are sorry to lose these eighth grade students from school:

Vauden Hodges, R. C. Alexander, Germaine Everett.

CHATTER

By Mr. Snoope, Mr. Nosy and Mr. Eardropper.

What is this world coming to? Vanita Cooper said the principal part of boy is girl.

Morris Caffey's hat surely does go lots of places he doesn't. For a real thrill read the autobiography of Miss Lovelace's school days. What's this we hear about Charles Trickey's name mentioned on every page of some of the eighth grade girls autograph books?

Wonder why the Romeo of our school quit and then started back again? Reckon he had a girl-friend he couldn't miss seeing?

Why does Miss Locker appear at the north end of the hall on second floor every time the bell rings at noon? Ask Morris Caffey.

We hear the birthday cake presented to Miss Price last week was quite an elegant affair. We understand it wasn't even her birthday at her age, too.

Wonder who it is in 7C who is going to have her face lifted and her hair clipped?

In gym Gwen Graves has to wind up before she tumbles. Sam Partee does not hold up papers—he drops them.

One freshman in English class has decided there is a right time to talk.

How does it feel to be chased by a horse Willie Sue?

It seems as if Betty Brown likes to look at the back of the room in English class. I wonder why.

Why are the girls so anxious to get their pictures back? Some of the girls believe they will have to have some negatives of their pictures made because too many requests are coming in.

How many pupils in the 8th grade can conjugate a verb? Better learn how.

What little girl in the 8th grade will get mad if a certain thing is put in the chatter?

Betty White what is in that little note book you carry around and guard so carefully? According to Doris Hunter, voice speaks.

SPORTS

In the football game which was played here Saturday, Nov. 11, between the Colorado Wolves and the Rotan Yellowhammers, the Wolves won 6 to 0. The winning touchdown was made in the third quarter.

There was a fairly large crowd at the game until it started raining when a few people left.

Modern Automobile Is Independent Of Winter

By Ed Hedner, National Service and Mechanical Manager Chevrolet Motor Division

The modern automobile's almost complete independence of weather conditions may account for the skeptical looks on the faces of the younger generation when some old-timer, recounting life as it was lived 40 years ago, tells how the forerunners of today's motor cars were laid away in the barn at the first approach of winter, there to remain disused and abandoned until the return of spring. ...

Plenty of people still in middle life can remember the technique clearly. All four wheels were jacked up to take the car's weight off the tires. Frequently the wheels themselves were removed, and the axles, and any other exposed metal, smeared with grease to prevent rusting. Lamps were drained of oil and cleaned, radiator cocks were opened, and, as a final precaution, a tarpaulin or an old sheet was thrown over the whole car to keep out the dust. ...
