Editor Eagle:
The many readers of the Eagle will be surprised, perhaps, to know that there is such a place in existence as Ratler, for there is so seldom anything from this place, but Ratler is a lovely little village situated in one of the most fertile valleys in Mills county. The inhabitants are good, moral people and most of them are whole-soul Christians. We have a nice, well finished school house, two organized churches, and preaching every Sunday in the month. Ratler is known far and near for its lively society folks, as it can boast of thirteen gallant young men, three handsome old bachelors and twelve beautiful young ladies. This place was visited by a heavy frost Sunday night. Most of the corn is up, beautifying the fields of the farmer. Misses and mumps are unwelcome visitors in our midst and from one to seven members of every family are stricken down with the measles, and several with the mumps. Our school is progressing nicely, but few in attendance on account of the numerous epidemics prevailing. Mrs. William Cannon of Algerita visited her daughter, Mrs. Lee Harvey, last week. W. W. Condon has returned from Locker. J. A. Coose made a flying trip to Comanche last week. W. F. Evans and wife of China Creek spent Saturday and Sunday with the family of L. F. Harvey. Miss Annie Poole of Regeney is spending the week with her sister, Mrs. W. L. Harvey. Austin Robinson is suffering severely with a fractured ankle and broken leg. There will be no box supper at Ratler on Saturday night before the second Sunday on account of so many prevalent diseases in the vicinity. Hoping that the grand old Bird will soar into many homes. I am
FLOSSIE

PLEASANT GROVE.
Editor Eagle:
Farmers are preparing the soil for cotton. Mrs. Virden is on the sick list this week. Singing at Mr. Geddes' Sunday evening. All report a pleasant time and good singing. The school children expect to have a picnic and exhibition the last day of school, which will be about the 29th of April. Everybody is invited. The Pleasant Grove Rabbit club is progressing nicely, but will have better attendance since Captain Verser has gotten over his measles scare. They have a debating society combined. We are glad to learn that Mr. F. A. Verser is improving. Success to the Eagle and to many readers. JACK FROST

TRIGGER MOUNTAIN.
Editor Eagle:
People tell me that the larks are pulling up all the corn and everything that is green, and I am afraid to stir out—they might catch on.
Charles Hodges is ahead of Trigger. He has cotton a finger high. Roscoe Boulter made a flying trip to Goldthwaite Monday. The young folks enjoyed a nice musical entertainment and candy breaking at Mr. Kennemer's Saturday night. Will Williams visited home folks Saturday and Sunday, accompanied by David Walls of Indian Gap. Mr. and Mrs. Allen spent Saturday and Sunday with her parents, Mr. and Mrs. Kennemer. Criss Shuffield, Sam Brazier and Roscoe Boulter attended the big singing at Miller Grove Sunday. If you want a finch game, see

Sam Taylor. He is the champion of Trigger. No, no, Mr. Scholar, the dogs haven't caught me yet. It will take one faster than a little old shepherd. RABBIT TWISTER.

SPECIAL IMPLEMENTS.
Not carried by every dealer but such as every farmer should have. Bally Boy 9 tooth Cultivators to run over rows after planting, a boy can handle them. Also have 5 tooth cultivators, Garden Plows—one of these will enable you to do a day's work in the garden in one hour. For new lead you need a Disc Harrow and you will need them every year. We have them with or without seeders. RUSSELL HARDWARE Co. Brownwood and Goldthwaite.

GOOD STOCK.
I have some good Jersey cows for sale, also a young jack 33-month old. Good time on approved paper. P. H. CLEMENTS.

OBITUARY.
After an illness of nearly two weeks Mrs. Herselia Leverett passed to her reward Saturday, March 26. She was born June 22, 1832, married to Wm J. Leverett Nov. 21, 1854. These two shared each other's joys and burdens until a few years ago when the Lord took Mr. Leverett from this world. They were early settlers of this part of Texas having been reared and married in Alabama, they emigrated to Mississippi, which state Mrs. Leverett professed religion and joined the Sibley Baptist church. She with her husband emigrated to Texas in 1878 and settled in Center City community twenty-three years ago, at which place they spent the remainder of their life and during which time they made a host of friends who regret so much that they have been taken from us. During these intervening years Grandma Leverett, as she was familiarly called, lived a consistent and faithful member of the Baptist church. Her home abounded in hospitality toward neighbor or traveler. Many of us can say we found a welcome there. Funeral services were held in the Center City church Monday at 11 o'clock from which place the remains of the deceased mother in Israel were taken to the Center City cemetery and laid to rest. The large congregation which attended these services expressed the esteem in which she was held by the people of her vicinity. She raised eight children, seven of whom still survive her and to whom I tender sincere sympathy in their deep sorrow. To them I commend the God their mother served. We shall all see a day not far away when the religion of Christ will be all that will count. PASTOR.

"DO IT TO-DAY."
The time-worn injunction, "Never put off 'til to-morrow what you can do to-day," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it to-day—and let that remedy be Dr. Roscoe's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of long trouble. New trial bottles 5c; regular size, 75c. At all druggists.

BULL SPRINGS.
Editor Eagle:
Since the rains every one is very busy planting cotton. Mrs. Tullos and son Jesse are reported quite sick this week. Rev. Wisford preached here Sunday morning and evening to large audiences. He left an appointment for the third Sunday in each month instead of the fourth. On Friday the 25th a large crowd of young folks met at the residence of Mr. G. W. Jackson and enjoyed a nice candy breaking and play party, given in honor of the 17th birthday of his son Park. There is to be an election for

trustees at the school house to-day. The school children here had their pictures made yesterday afternoon by "The old reliable photographer," Miss Julia Kemp. School will close in three weeks, then an entertainment will be given by the young people of the community. Singing at Mr. Jenkins' last Sunday night attracted a large crowd and the evening was most pleasantly spent. Misses Mae Rochelle, Eva and Mary Jackson and Frank Jackson anticipate attending the missionary rally at Mullin tomorrow. There is to be an egg hunt at Fairview this evening, and several of our boys and girls expect to go over and join them in their hunt. We hope for them all an enjoyable time, and that they may all see many more Easters come and go. VIRGINIA.

WASHBOARD.

Editor Eagle:

Corn is coming up nicely but the light frost we had a few nights previous, did some damage to it.

Health is better lately than it has been for the past several weeks.

The friends of Mrs. Mamie Swindle, wife of Robert Swindle will be deeply grieved when they learn of her death from pneumonia, which sad event occurred at the home of Mr. J. O. Swindle's on March 20.

Houston Harris re-entered school at Goldthwaite last week. He came home some two weeks ago on account of being unable to be in school.

J. A. Harris has employed the Nelson Bros. to paint his house.

Miss Pallie Boler is rapidly recovering from a serious attack of what the physicians pronounced as poison oak on her right arm and hand. She has been utterly unable to use her arm about two weeks.

Several young folks from her attended the Literary society at Indian Gap Friday night.

Will Graves of Hamilton has been buying yearlings in this part.

W. A. Hamilton has purchased a new cultivator. FARMER.

THANKS FOR KINDNESS.

Through the Goldthwaite Eagle I wish to express my feelings of appreciation and gratitude to my many friends, who contributed so much to my comfort and displayed so much interest and anxiety during my late severe illness. Language is inadequate to express my gratitude, and I can only pray my blessed Redeemer to give you all good health and the richest blessings that can be given. I hope the God of love and mercy may bestow upon the kind hearted physicians who attended me such blessings as will make them happy and contented. Having improved so much in the last two days, I hope that I shall now be able to take a heavy share of burden of practice off the shoulders of my partner, Dr. Boler, who was so very kind attentive to me. May God bless you all is my prayer.
