# A SATISFACTORY BUSINESS

The most all around satisfactory and successful year in the history of our business is drawing to a close. It has been a busy year, and our success has been magnificent, so it is but meet that we should wish to thank those who have given us success, the buying public of Goldthwaite and vicinity. We want to assure you of our appreciation—we want to tell you that no store could feel more appreciative than we do.

**• For 1905 We have this to Offer You: •**

We are going to try harder than ever before to merit your patronage. We are going to have even better, larger and more attractive stocks to select from. We are going to always price everything just as low as is consistent with conservative merchandising. In short, you can always look here for everything that is modern and progressive in the hardware line. We realize that the store that succeeds well is the store with the great, big list of satisfied customers. This we will bear in mind every minute during the new year, and we promise you right now that you will have no cause for complaint—for any reason—when you favor this store with your patronage. To our old customers, then, we say that we will be more pleased than ever to see you in 1905. To those who have not tried trading here as yet, we will say that we wish you the most joyful Christmas and a prosperous and happy, least troublesome, New Year.

## IT'S A REVOLUTION IN OUR OLD TOWN

Just pouring out sunshine to all the people. Over fifteen thousand dollar stock thrown out to be sold for cash at lower figures than was ever before known in this country. Our prices will be 25 to 50 per cent lower than you ever saw them before. There is no flashlight sale, but a genuine unloading sale that will benefit the buyers.

## The Very Walls of the City will Shake

From center to circumference. I am going to pour cannon balls into these war price veterans as big as barrels. It is not necessary to dream of what is going to happen. No matter what J. C. Street has done this call for cash is here and I must have thousands of dollars to meet my demands and to all the people I send the news. I shall outdo the wonders of modern times in the low selling of merchandise.

## - This Sale Commences at My Store at Once -

AND CONTINUES THIRTY DAYS. I am going to plow deeper for the masses than was ever plowed by any set of men on earth. All Goldthwaite and surrounding country will be here—that's a certainty. For the like has not been before. The people of Goldthwaite, San Saba, Richland Springs, Regency, Harkeyville, China Springs, Ratler, Zaphyr, Mullin, Indian Gap, Priddy, Caradan, Pottsville, Star, Center City, Payne Gap, Lometa, Antelope Gap and the intervening country will keep the roads leading to Goldthwaite black with humanity. For Thirty Days the shells will fall into the enemy's camp until you can hear 'em holler for miles around and will sweep them off the earth if they get in the way of our guns.

### \$15,000

Worth of the Highest Grade Merchandise in Goldthwaite has got to go out to the People in the next Thirty days, for cash at prices that would make the Sheriff ashamed if he had charge.

## Overalls

A BIG STOCK

Prices that were formerly 35c to \$1.00.  
Going now at from 25c to 75c.

I will pour the shot and shell into them at a fearful rate. The sale opens at once and lasts for Thirty Days. I don't sell some goods, put out as a leader, one hour a day. I sell 'em every minute, every hour and every day for Thirty Days, and I have got the goods to sell. J. C. Street's word is his bond. I believe every man, woman and child in this community will vouch for it. I want the cash and want it quick. J. C. Street is directing the big guns himself and will have the other fellows thinking that balls of fire are falling on them. They are right. For it is the hottest battle the old town ever saw. The people will be coming from the main road, from the side road, from the by-ways, on foot, on horse back and on the varnished cars. Thousands will be here to attend this sacrifice sale. Others will have sales, others will make signs, but they will only make signs of distress. I will open the ball and will set them the liveliest pace they ever followed. They weep, but weep alone. The buying public will never hear 'em while J. C. STREET'S SALE LASTS.

## Overalls

A BIG STOCK

Prices that were formerly 35c to \$1.00.  
Going now at from 25c to 75c.

### IT'S THE BATTLE OF OUR LIVES.

Cold cash I must have. I want it now. It is here. Prices such as you will find on bed spreads, blankets, comforters, table linens, napkins, towels, etc., will surprise you. A solid barrel of ribbon at 2 cents a yard. All ribbons in this barrel are worth double. Nine cents invested in notions here will buy as much as 30 cents will buy in other stores.

### FOR THE MOTHERS.

Mothers, come and fit up the little ones at the price of buttons and thread elsewhere. It's sunshine for the people at J. C. STREET'S now. Table Linens will cost little more than Oil Cloth. Come and see what a dollar will do during this sale. No reserve, but a genuine cut on every article in my store from the cheapest to the highest price.

### OTHER BARGAINS.

Children's Fast Black Hose  
4c PER PAIR.

75c, 1.00, 1.25, and 1.50 Values

## CORSETS

10 Cents to 50 Cents.

### SUITS AND SKIRTS.

I have more Tailor-made Suits and Tailor-made Skirts than I want and the application will be made there. Those who have waited to buy in this line will be money makers, for half price will not be lower than you may expect in this department. Every Suit, Every Skirt, Every Jacket and Every Cloak will be reduced to quick selling prices.

### DRESS GOODS.

Everything in Dress Goods will be cut to the red. The backward season finds me with too many Dress Goods which I expect to clean out entirely during this sale, and the way I expect to do this is to make the price so low that you will buy them whether you need them or not. Positively every piece of Dress Goods will go at a sacrifice.

## I WILL HAVE IMITATORS

### NOVELIES BY THE BARREL

Just as you enter the door you will see all kinds of notions by the barrel at barrel prices.

One solid barrel spool thread will go at per spool 02  
Barrel hooks and eyes, others sell at 5c our price 01

### IT'S A JAP-RUSSO STRUGGLE.

Beginning at once and continuing thirty days, the battle rages. The roar of muskets will be heard for miles around. Over eighty-nine thousand items on sale to get cash. Don't miss the golden opportunity of your life. "A dollar saved is a dollar earned." Come every day of the sale. It will pay you.

MY WORD IS MY BOND.

### IT'S THE BATTLE OF MY LIFE.

Gold cash I must have. My Bedspreads and lace curtains that war price vets get \$1.25 to \$1.50 for price 75c, \$1.00. No matter what you want your hard-earned dollars here will do very nearly the work of two elsewhere.

UNDERWEAR GALORE for all mankind and thousands of pairs of hose cheaper than you ever saw them sold. Handkerchiefs one but little during this sale. Some will be sold for one cent. Did you ever hear the like? Some at one cent; some at 2c, 3c, 4c, 5c, 6c, 7c, 8c, 9c and on up to 39c each and worth exactly double. I advertise what I can show you. Hear the other fellow roar!! But he will be breathing hard before this sale is over. Calicoes will be sold for less money than the other fellow would charge for wind and wrapping.

No railroad fare will be paid during this sale, but we will make you saving of \$5 on every \$10 spent with us, and \$10 on every \$20. Don't allow this opportunity to slip. It will be a long time before you have another such one, and probably there will never be another so good.

The reputation of this store has stood at a straight 100 per cent since its establishment, and honest shoes have helped to build this reputation. They must all move now; if prices will do the work. One big bin piled full of shoes at 50 to 75c a pair that would be considered cheap in any of these war-price stores at \$1.50 a pair. Another bin piled full of men's dress shoes at \$1.25 that are worth double in gold. The shoes that I am selling for men and women at \$1.25 are worth anywhere you go \$1.75 to \$2.00 I have another lot of men's shoes at \$1.48 and one for women at the same price that are worth \$2.00 to \$2.50 in any store in Texas. That lot of misses' shoes at 50 to 75c a pair can't be duplicated for double the money. Then I have shoes for the children and shoes for the babies that cost you but little. It is the opportunity of your life to get shoes enough now to last you for the next year. You can fit the whole family out for about what you would pay for one pair elsewhere and we believe the people will accept the golden opportunity that is before them. It's sure they will if they only come in and see the prices. All Dry Goods, all Clothing, all Hats, all caps, all Skirts, all Jackets, all Dress Goods and all Notions at the most ruinous prices you ever saw. Nine cents here in Notions will absolutely do the work of twenty cents elsewhere. Come see for yourself. All our Laces and Embroideries must go—you make a saying on them of 25 to 50 per cent.

### THE ROYAL BATTLE

This is to be a Battle Royal, one that every man, woman and child enjoys. When they come to town they want to go to a store where they keep what they advertise. Everything advertised will be here while it lasts, that's a certainty. Remember it begins at once and continues Thirty Days. I am going to show the people that it will pay them to leave the plow and come to this sacrifice sale. Getting sale. It will be truly a "hot time in the old town." No matter what you want, it will cost YOU LESS at J. C. STREET'S. My prices are all on the inside for the people. One dollar here will do very nearly the work of two elsewhere.

### TWO DOLLARS Elsewhere

SUPPLEMENT TO  
The Goldthwaite Eagle

SATURDAY, DECEMBER 31, 1904.

PUBLISHED EVERY SATURDAY

ONE DOLLAR PER ANNUM

Entered at the Goldthwaite postoffice as second class mail matter.

R. M. THOMPSON, Editor.

Tell the Eagle all the local items you know.

H. B. Carter was here from Center City yesterday.

There are some interesting advertisements in this issue.

Thad Carter and his sister, Miss Lulu, were visitors to this city yesterday.

T. J. Hamilton, president of the Mills County Farmers Union, was here from Star yesterday.

Wm. Dennard, one of Big Valley's best men, called yesterday and renewed his subscription to the Eagle.

J. D. Priddy, one of the leading men of the Cowhouse country, called yesterday and renewed his subscription.

Miss Clarissa Priddy called Thursday to order the Eagle sent to her at Santa Anna where she is attending school.

Randolph Whitley was here from Mullin yesterday. He has been very busy lately remodeling and improving his residence.

Goldthwaite was very quiet and orderly during the holidays, but everybody appeared to have an enjoyable time.

Mr. and Mrs. W. B. Jackson entertained some of their friends last Sunday with a big Christmas dinner in their beautiful modern cottage.

The Southern Pacific railroad company arranged a Christmas tree for the public in the depot at San Antonio last Saturday and all children who attended were given toys and fruits.

Thos. O'Brien, the man who originated the gold brick swindle, died a few days ago in a French prison, where he was serving a term for murder. He was originally of New York.

Five bales of cotton caught fire on a wagon at Mullin Thursday but prompt work on the part of the citizens of that town saved the cotton with but slight damage. It belonged to Bud McDonald and he was negotiating the sale of it when the fire started.

Official announcement is expected this week, according to the New York Times, of the details of the plan whereby it is hoped to bring all the religious bodies of the United States having a Presbyterian form of government into one organization.

John Forsythe and Miss Rachael Etheridge were married last Sunday afternoon in front of the Methodist parsonage in this city. Rev. Fariss officiating. The wedding was at the time the Epworth League was in session and an adjournment was had to witness the ceremony.

It is said that the legislature that convenes in January will be asked to create several new counties. The proposition which was before the last legislature to create a new county out of the eastern portion of El Paso county will be brought before the legislature again, while the petition of the people of Leakey, Edwards county, and surrounding country for the creation of a new county out of Edwards, Bandera and Uvalde counties will receive consideration. There is some talk of an effort being made to have a new county created out of Falls and McLennan counties. There will probably be other new county propositions submitted in addition to these mentioned.

I have a nice assortment of clothing from the Mayfield Woolen Mills. Suits to fit all sizes. The price is right.

J. T. Prater,

If you want brick to build a fine or anything else see Love & Randolph.

There were Christmas trees Saturday night in the Baptist, Methodist and Presbyterian churches and numerous private trees were decorated.

One of the prettiest Christmas trees seen last Saturday night was the one at Mr. Henry Martin's residence. Only the family and a few friends were present, but the tree was certainly artistically decorated.

In the Pickens Springs community last Saturday night Oscar Lawson was cut with a knife and Archie Donahoe was arrested charged with the cutting. He was placed under bond to appear at the next term of justice court in Mullin.

J. H. Johnson's barn in Big Valley caught fire last Saturday afternoon and one bale of cotton was scorched. Very little damage was done. Chas. Weason was arrested charged by complaint with having attempted to burn the barn. He is still in jail and no examining trial has been held.

MR. WHITTEN DEAD.

Mr. F. M. Whitten died Wednesday morning at an early hour at his home in the northern suburbs of this city and his remains were interred in the cemetery at Center City Thursday.

Mr. Whitten lived here and in this vicinity for twenty years and was universally esteemed and honored. He was an upright, Christian gentleman and his death brought sadness to all who knew him. He leaves a wife and three daughters, Mesdames M. E. Farrar, P. O. Kelley and M. J. Barnes, besides a number of grand children. To all of them the Eagle extends sympathy.

And with this motto we solicit your 1905 business and wish you one and all a Happy and Prosperous New Year.

STAR ROLLER MILLS, J. F. PENDERGRAFT, M'gr.

HOME MERCHANTS.

I have never understood why some men are never satisfied with anything unless it comes from a distance, but such is the fact. I once lived at a famous watering place. All during the summer months the place was filled with people from a distance, who came for long distances and at a heavy expense, in order to drink and bathe in the wonderful health-producing waters. When they returned home had large quantities of water shipped to them.

The queer thing about the matter was the fact that the natives of the place (Lampasas) seldom, if ever drank the water, or bathed in it. I knew a few who never bathed in any kind of water, but have even known some to leave town and go to other sulphur springs, but at their doors.

Water is not the only thing that tastes better when brought from a distance, though. I see men every day go into some business house and pay 15 cents for a bottle of water that is not one particle better or purer than they could secure from any hydrant for nothing.

Some people can not be satisfied with clothing or anything else purchased from local dealers, but insist on "sending out" and buying the identical stuff, paying, as a rule, more than their local dealers would deliver the goods.

Of course there is no law preventing the citizens of Rookdale, Texas, from sending to Old Mexico for liquor, but wouldn't it look silly to do so when the best lignite mines on earth are beneath their feet? And what would you think of a man living in Lexington, Kentucky, sending to a wholesale dealer in California for Kentucky whiskey?

Take a town like Austin, and you would be astonished at the number of men and women who are eternally "sending north" and buying goods that could be duplicated right here for less money. They keep their expensive wagons red not delivering their purchases.

Now suppose every person living in the city adopted the same methods. What in thunder would become of the merchants? It's all about saving money. You might possibly save a dollar now and then, but not as a rule. Besides, why not give the little profit to the man who keeps your town from the dry rot, who pays your city and county taxes, and build up your state? I have even heard of local landlords "sending north" for articles carried in stock by their tenants, and paying more than they could have secured them for by patronizing the men who were paying everlasting high rents.

Such practices are not right, it matters not who indulges in them. You must respect the rights of others while enjoying those belonging to yourself. The merchants are forever catering to the wishes of the public, and no matter how large or small your town, you will find goods suitable to your necessities, and it will not be necessary except in extreme cases to be forever "sending north" every time you want a safety pin or chew of tobacco. Stick to your home merchants, and they will treat you much better and fairer than strangers.—K. Lamity's Harpoon.

In the fiscal year just ended the Federal revenues of the republic of Mexico were \$96,473,300 and expenditures \$76,881,473.

## SSS THE OLDEST AND BEST BLOOD PURIFIER

### THE GREATEST OF ALL TONICS.

A Spring Medicine that adds vigor and strength to the system, purifies and enriches the Blood, and lays the foundation for a strong constitution and good health during the hot sultry summer.

Most everybody feels bad in the spring. Some have no particular ailment but are just worn out and totally unfit for work or anything else that requires energy or effort. They moan around upon the border-land of invalidism, irritable, peevish, hysterical and unreasonable.

A good appetite in the spring is a rarity, and we sicken at the sight of food, or thought of eating, and what little we do eat is a burden to the stomach and a tax upon the digestion. Warm weather is sure to bring out the hidden poisons, germs and seeds of disease that have been collecting in the blood and system during winter, and you may look for some old chronic trouble to make its appearance. It is a time, too, when boils and carbuncles, and pustular or scaly skin eruptions like eczema and tetter, pay their annual visits and make life miserable by their intense pains and intolerable itching and burning.

The fight for health should begin before any of these symptoms of physical collapse are felt, or before the seeds of disease have time to germinate and with S. S. S., the acknowledged king of blood purifiers and greatest of all tonics, you can put your blood and system in such perfect condition and so strengthen the constitution that one may be as free from sickness and as vigorous and strong during the trying months of spring and depressing summer season as at any other time.

S. S. S. not only builds you up, but searches out and destroys any poisonous germs or impurities that may be lurking in the blood. The benefits derived from the use of S. S. S. are permanent because it acts directly on the blood and purifies and cleanses it of all impure matter, leaving nothing to cause fermentation and deterioration of this life-giving fluid.

In selecting your blood purifier and spring tonic get one that long experience and thorough test have proven the best. In S. S. S. you will find a remedy whose purifying properties are unquestionable, and just such a tonic as your system needs. Ask your druggist for S. S. S.—there is nothing else just as good.

For the past 40 years we have had a standing offer of \$1,000 for proof that S. S. S. contains the least particle of any mineral whatever, and this offer is still open.

Saturday afternoon several small boys in this city were playing with fireworks and among other pranks they attempted to "blow up" a crawfish hole. They filled the hole with powder they covered it with rocks and placing a fuse from a cannon fire cracker in the hole they ignited it. The explosion did not occur as soon as the boys thought it should, so the explosion was delayed and the boys were filled with mud and dirt which nearly blinded him for a few days and it was feared for a time that his eyes would be injured. The boys are both about all right now.

#### WHO KNOWS?

I am anxious to learn of the whereabouts of my daughter, Mrs. Sallie Young, wife of George Washington Young, who left the vicinity of Bonham, Texas, and moved to some part of western Texas about thirteen years ago. I am an aged widow in poor circumstances, and I would earnestly appreciate it if editors who see this notice will print it in their papers and help me to find my daughter. Mrs. ELIZABETH ALABRIGHT, R. F. D. No. 4, Honey Grove, Texas.

#### COTTON GOES LOWER.

The ginners report of the amount of cotton actually ginned in the United States up to December 13, was made public this week and showed that 11,986,614 bales had been produced in 737 counties in the cotton growing section. Assuming that cotton was grown in as many counties this year as last, there are yet 75 counties to report and the total number of bales will be much larger than was estimated by Mr. Hyde in his report that was made public Dec. 8. It is now believed that the total crop will reach far toward 14,000,000 and the price is constantly declining. There has been fully 2 cents a pound decline in cotton since the first of the present month and the end is not yet. Some well informed people believe the price will advance from this time, but others are of the opinion that the price will go still lower. In this emergency it is hard to determine just what course should be pursued by those holding cotton. It is certain that some change must be made by the cotton growers. To continue to grow large crops of cotton means that the price will continue to be low, except at occasional junctures when the price will be pushed up to induce the planting of more cotton. All authorities and men of foresight and experience agree that the acreage for 1905 must be greatly reduced.
