IRRIGATION MEETING.

The San Saba Colorado Irrigation association met in regular session at San Saba April 7, at 1 p m. with President Joe A. Williams in the chair. On account of the inclement weather the attendance was small and the program, as previously arranged, was postponed until the next

Mesers, John Kelley and J. R. Cunningham were enrolled as members of this association.

A motion was unanimously adopted to ask the San Saba Fair association for space in which this association could make an exhibit of its products at the next fair to be held at San Saba, July 31 to August 3, and President Joe A. Williams and Secretary W. B. Leverett were appointed a committee to confer with said fair association with this object in view and report as early as practicable.

The sample of printed stationery submitted by the San Saba News was adopted with the word "pecans" added to the list, and it was also agreed that any member of this association might add his own or firm's business to said letter head.

A resolution was unanimously adopted that the members of this association are under many and lasting obligations to Hon, James L. Slayden, the Department of the Interior and to the Irrigation Bureau of the Department of Agriculture for the numerous favors extended in the way of bulletine and other publications, but especially for the personal services and instructions in practical irrigation given by Mr. H. HOLD YOUR OWN OPINIONS—DON'T LET THE OPINIONS OF OTHERS HOLD YOU.

The greatest forward strides have been made by men and women who think for themselves. We don't want the people of Goldthwaite and surrounding country to think because our stock contains so many more high grade goods than ever before that we do not have the low priced ones as well. We would like for you to bring your own judgement to bear up our goods and prices. You must let your own common sense and judgment teach you how to buy, what to buy and where to buy. In order to make it easy and free for you to trade with us, we submit the following proposition: At any time you buy an article in our house and afterwards decide you can't use it, if returned to us in a good merchantable condition, we will return the money as free and with as good will as it was paid to us. Do you think we would make this offer unless we appreciated your patronage.

Well, Mr. Editor, I thought a few lines from here would interest the readers of the E I tell them what a f work we had at the church today.

We had preaching at 11 o'clock, by our pastor, Rev. J. B. Reese, then the church observed the Lord's supper after which we were dismissed and oh, what a dinner we did have.

After dinner we had an Easter egg hunt for the little folks; then we were called together by the young people engaging in a ong service.

Our beloved pastor organized Rev. R. D. Moon and wife left a Sunday school. Our little church is very young, only three months old; yet if we will costockman of Payne, had business in operate with our pastor and one another we will bring something

OBITUARY.

Mrs. Louvenia A. Fulton was born April 7, 1830, and raised in Bradley county, Tennessee; moved west and cast her lot among the citizens of Mills county, Texas. We might not have been much pleasure to her, but she was a great blessing to us. joined the Ouristian church at Mc-Girk in 1890. My first recollection of her recalls a face that told of a life-long devotion to her loved ones. She a woman of rare attainments; intelligent, social and kind. The long to its resting place gave evidence of the desire of many to do all they could to reciprocate the many evidences of her untiring devotion to her neighbors. She is gone and our hearts are sad. My prayer to the good Father is that when the summons shall come to her loved ones and numerous friends that they may each be as ready as she, and like her, conquer the dread of the last hour by the triumph of a living faith.
A very true friend, W. B. MOON.

The earthquake shock and its attendant horrors in San Francisco cannot be contemplated without a shudder. At last account the city was on fire with little hope of the flames being controlled before the destruction of the magnificent city had been accomplished. A great deal of local interest has been added here by the fact that Ed. and John Bull, sons of Mr. Sam Bull, are both residents of San Francisco, and their relatives and friends are very anxious about them.

The Eagle was presented with a sample of Silver Spray flour made at the Star Roller mills here after the new machinery was installed. The flour made by this mill has always been good, but with this new machinery the grade has been raised to a higher standard. One of the best features of this flour is that it is always fresh and there is no danger of getting musty flour when you buy Silver Spray or other brands manufactured by the Star mill.
