MERIT WINS AND THE CROWDS PROVE IT

The throngs that visit our store each week testify to the general faith and confidence in us and the merit of our goods, you know it and we know it,—its the confidence and merit that wins in the end. Another good feature you will find in trading with us, if we say anything is good —we simply mean it and if it proves otherwise we satisfy you.  Strayed from the pasture one dark red bull yearling, dehorned, marked swallow fork in right ear, left smooth crop, unbranded. Think he strayed east from Ebony. A suitable reward for information leading to his recovery. Address John Reeves, Ebony, Texas.

Col. F. B. Ballito, representing the Western Newspaper Union, was a visitor to this city Wednesday. He is always a welcome guest at the Eagle office.

 If you know a local item perhaps some other person will be interested in it, therefore, you should tell it to the Eagle.
 Hes. Cobb, one of Mills county's best farmers, has our thanks for renewing his subscription this week.

CRYER.
 Editor Eagle:
 We had a considerable hail storm at this part some ten days ago, which almost completely demolished the fruit crop.
 Andy Allen's little girl has been quite sick, but is better at the present.
 Some of the farmers had their stand of cotton ruined by the hail and are planting the second time. Oat crops also suffered considerable damage from the hail.
 None of the old Confederate veterans of our part except J. T. Shannon went to the reunion at New Orleans.
 Miss Fannie Goode and little sister of the Live Oak community were visiting at the home of J. W. Hasty Saturday night and Sunday.
 R. W. Long and S. S. Campbell attended church at Trigger Mountain Saturday.
 We enjoy reading the many good letters contained in the Eagle. I make a motion that each correspondent of each community advocate what he or she knows to be for the betterment of the community, and always let your articles be brief and pointed and on the moral side of any and all questions, and as Mr. Grady said, "Let us, my countrymen, resolve that we will wear in our hearts the prayers we learned at our mother's knee and seek no better faith than that which fortified her life through adversity and led her serene and smiling through the valley of the shadow." I imagine I can almost hear the editor saying, be brief.
QUID NUNC?
TO ALL CONCERNED.
 I expect to put two up-to-date threshers in the field this season, one to commence in the German settlement on the Cowhouse and the other to start around Indian Gap, and would be glad to serve any and all who have grain to thresh, and will follow policy as heretofore, thresh the small as well as the large crops as I come to them. I use this means of notifying all parties, as I am pressed for time and cannot see you all personally, but will appreciate anything you can do for me.
 G. W. VIERLING.
FOR SALE—206 acres of land near Live Oak school house, 85 acres in cultivation. Four room house, good well and windmill, good orchard. Land all under fence. See me or address me at Goldthwaite.

It kills the worms, heals the wounds and keeps the flies away. There is no other worm medicine on the market that possesses these three qualities. Mr. J. A. Many of my neighbors have used it with the same results." We also give more than others do for the same price. Every bottle guaranteed. Try a bottle.

Last Saturday night a fire started in the rear of Dr. Logan's drug store which might have done great damage but for the prompt work of Will McLeod and others. The young man states that he was passing by the store sometime near midnight and discovered the fire. Being a clerk in the store he carried a key and he hurriedly entered the building and attempted to put out the fire. While he was thus engaged a can of alcohol exploded and burned his right hand and arm severely. Other persons were attracted by the explosion and by prompt work the fire was extinguished and very little damage was done to the store. How the fire started is not known.

SOUTH BENNETT.

HEART THROBS OF A WATCH MEANS ITS LIFE OR DEATH.

Few people realize that the constant and almost human ticking of a watch means 432,000 revolutions of the balance wheel in one day. Most marvelous is it not? LETTER TO DR. E. M. WILSON.

Goldthwaite, Texas.

Dear Sir: The usual way to buy paint is to take the lowest price for the gallon. Mistake; the buyer loses by it; how much? Depends on the paint; it is so much a gallon, or so much a year. How much a gallon or year, do you think? As much perhaps, as the total price of the paint. It may take twice the number of gallons.

N. Avery, Delhi, N. Y., owns two houses, both exactly alike. He painted one with Devco and one with another paint. Devco 6 gallons; the other 12.

Go by the name: Devco. There's nothing cheaper. Go by the price; there's nothing dearer, except not painting at all. Poor paint is better than none.

What does it cost not to paint at all? Can't figure it out exactly; say a tenth of the building a year, besides leaks.

What is poor paint worth then? Don't know and don't care; you don't want it. Go by the name, Yours truly, F. S. J. D. Urquhart sells our paint.

FORTUNATE MISSOURIANS.

this week as a candidate for the nomination for public weigher. He has served the people in that capacity in the past and all who had business with him know that he was absolutely fair and impartial in the discharge of his duties and gave perfect satisfaction. He is known to most of the readers of this paper and is well thought of by all. His announcement appears in the proper column.

W. H. LANE.

In this issue appears the announcement of Will H. Lane as

in the world's comfort and our prosperity demands a great

Representative Newspaper

The Cotton Journal will meet that demand

Broad enough in scope to interest every person in the Cotton belt, while
it will stand distinctively as a representative of the Cotton growing interest,
it will cover the whole field so thoroughly that it will be a necessity to
every Cotton merchant and manufacturer the world over. The statistical
department will be in charge of eminent statisticians, and no expense will
be spared to make this department the most perfect in the world.

Harvie Jordan, Editor-in-Chief, and Richard Cheatham, Business Mgr.,
have in their work as President and Secretary, respectively of the Southern
Cotton Association, won victories in the interest of Cotton producers of
more value to the country than any great victories ever won by a conquering
army on the battlefield, and their work has added untold wealth to the
Cotton States. The Cotton Journal will continue the battle for Southern
supremacy and fair play. The public has for many years heard practically
only one side of the Cotton story. It will be the mission of The Cotton
Journal to tell the other side. We desire several correspondents in every
beat, district or township of the Cotton belt, and in addition to our present
list, every subscriber whose subscription reaches us prior to May 17th,
will be placed upon our list of regular correspondents for information
concerning condition of crops. Issued weekly. Commence your subscription
with first issue. SUBSCRIPTION PRICE, \$1.00 PER YEAR.

NEW VEHICLE PEOPLE

The Tebbetts line of Vehicles will be something new in this part of Texas, for there has never yet been a line of Vehicles quite so good offered to the people here. The Manufacturers of these Vehicles claim for them superiority in many points, but especially do they claim to put the best timber and give their Vehicles a better finish than any other makes. In fact, we believe they give better values than any other Vehicle factory in the country and so believing we have bought two car loads of their goods for the trade at this place. We want all who expect to buy a Buggy, Hack or Surrey to come and see this splendid line before buying.

We have employed Mr. R. D. Dyer, who has had years of experience in the vehicle business, to manage this department of our business. We want his experience to help us get the best line of goods to be had and in this way help us to give our customers the very best values obtainable. He has been in the same line for a number of years at Brownwood and is known personally to many of our customers. He knows exactly how a Vehicle should be made to give the best service and you can depend upon his judgment and advice in buying any kind of a Vehicle. We want the people interested in Vehicles to come in and get acquainted with our line and we feel sure that when once you have seen the Great Tebbetts Line you will have no other kind.

My friends in Brown, San Saba and Mills counties are requested to come to see me at the store of Cockrum & Ross Bros., where I will always be glad to show them our splendid line of Vehicles. Having lived in this section for a long time I believe I know the kind of Vehicles best adapted to use here and I know we have just the right kind in stock. Come to see me, R. D. DYER.

We still take Horses and Mules in exchange for Buggies, Hacks and Surries and have some of the line of Vehicles we have handled heretofore which we will sell very cheap or will trade on a liberal basis.

WASHBOARD.

Editor Eagle:

Sunny May hath charms for all. But alas! how many destructive rains, hails and wind storms has she wrought this season. They are indeed far too numerous to sum up. In this moral precinct we have recently had one hard rain succeeding its former—generally accompanied by more or less hail, which did considerable damage to gardens and fruit. But we shall not grumble at the gentle rain, for without its occasional coming man would finally cease to exist. Farmers are greatly behind with their work. Some had to replant their cotton.

All the corn I've seen looks fine. A little "red headed" lady took up abode at the home of Mr. and Mrs. Doss Richardson on May 7. They are all smiles; even to "grandma" is in her innocent glee.

At this writing J. L. McKimney is very low.

W. A. C. Busbee is with his daughter, Miss Ada, at Rising Star.

Putting in phone boxes is the order of the day at the Gap. Those who have recently put in boxes are Dr. E. E. Yarbrough, Luther Mayfield, Bert Stoddard and the McAleb brothers. Many others will probably follow suit.

Miss Grace Staton is on the sick list this week.

Robert Gainer of the west arrived here last week. I understand he is to make this place his home for awhile, at least.

Grandmother Mayfield of Alvarado, who has been visiting her children here for some time, will return home next week. Mrs. Willie Mayfield and children expect to accompany her and spend a few weeks with friends and relatives.

J. O. Swindle spent a delightful afternoon at J. A. Harris' last Sunday.

Miss Bessie Morgan returned the first of the week from Mississippi.

Sam Barker had the misfortune of losing his fine milch cow, which was struck by lightning during a rain storm one day last week.

Mrs. J. M. Bojer and little Miss

Pearlie spent Tuesday night with Festus Swindle and wife.

Miss Tunis Shoemate of Goldthwaite is visiting in this part.

Miss Emma Germany was in our midst one day last week.

Owing to ill health Edgar Mitchell left his studies in Fort Worth business college a few days since and came home.

Among those who attended the Hamilton picnic on the 4th were Misses Grace and Helen Staton, Johnnie Wall and Bert Stoddard, Graham Wall and Albert Staton. They reported a pleasant but muddy time. Wonder if Mr. Editor went? (A press of business forced us to forego the pleasure.—Ed)

Miss Goldie Harris has gone on an extended visit to her sister, Mrs. Rosa Bojer at Winters.

G. N. Staton has gone to farming, says he means to rest up on the carpenter trade for a spell.

The Gap school will close on the 18th. There is some talk of a picnic on the last day.

Little baby Miran Swindle has been quite sick this week.

Mrs. Harris has returned from Indian Territory. He failed to secure a claim.

Some of the Washboard boys were attracted to a social and dance down east of the Gap Monday night.

Misses Nelson and Floy Vick of Pottsville were guests of Mr. and Mrs. Shipman this week.

Willie Germany and wife are possessors of a new girl at their home.

Roger Bojer, Jesse Tatum and several others from Mullin attended the graveyard working at Pottsville last Tuesday.

Miss Dura Harris expects to leave this week for Jeffrey, Hutchinson county, to teach school this summer.

Miss Etta Price was a visitor at the Gap the first of the week.

Mr. and Mrs. Jim Spivey of near Lampasas are visiting relatives east of the Gap.

Mrs. Hattie Totty spent last week with her brother, Ben Fortune.

Houston Harris visited relatives at Energy last week.

Mrs. John Fortune visited friends at the Gap Friday.

Neal Cooper transacted business in this part last week.

Mrs. Minnie Brown and two

little daughters of Brownwood will make their home with her father, Gus Jacobs and family in the future.

C. C. Conner was out one day last week in search of a work hand.

With all her heart the Maid o' Washboard is in sympathy with you Mr. Henry Blackburn.

May your success be unlimited in receiving a first rate application, capable in every respect of fulfilling the desired position, for surely you deserve it. Many thanks for your complimentary remark concerning me.

Jaunita, I shall be pleased to accept your kind invitation to the literary, if possible.

May success be a shining light for all. MAID O' WASHBOARD.

Messrs. C. C. Yarbrough, Bud Forehand and Drew Wheeler attended the irrigators association at San Saba last Saturday. The above named gentlemen are preparing to irrigate their corn. We hope it will rain soon and save them the trouble of irrigating.

The young people had a nice singing at Brother Allison's a few nights since and all had a good time. Sister Allison's sister and niece are visiting her from down East. We hope they will have a good time while in this community.

A CLEAN WATCH. Means good time to you for years to come. True economy in a time piece is cleanliness. The delicate parts doing indescribable work will soon wear themselves to ruin, destroy their high finish and perfect fit, when running in accumulating dirt and rancid oil. It will cost you nothing to let us examine your watch. That's our business.

Has Lumber Advanced in Price Compared to Other Things ?

NO

COMPARED TO THE TIME TIMBER LAND HAD NO VALUE? YES.

A horse or mule will buy more lumber today than it would eight years ago. So will a bale of Cotton. Your house you built then has advanced in value, so you are ahead that much. The house you build now is worth all you pay for it, and will be worth more, so you see Lumber is a good investment. Let us furnish you, Cash or Credit.

DEATH'S VISIT.

Miss Ella Saylor, daughter of Mr. W. W. Saylor, died at the family home in this city Monday morning, after a short illness with mumps and other complications. The announcement of her death was a great shock to her friends, many of whom did not know of her illness, so brief had been its duration, and the large concourse that followed her to the Odd Fellows cemetery Tuesday morning shows in what high esteem she was held by everybody.

Miss Ella Saylor was a noble young lady and admiration for her was not confined to any class or sect, but was universal. A few years ago when her mother died she took the care of her younger brothers and sisters and assisted her father in rearing them. She was ever gentle and kind and was possessed of a lovely disposition. Nothing too good could be said of this splendid young woman and no undue praise could be given her. She has gone to her reward and the hearts of all who knew her are laid, because she has left them.

SCHOOL CONCERT.

The closing exercises of the Goldthwaite public school were held in the opera house last Friday night. There was an immense audience present and the capacity of the house was taxed to the limit. In fact, the seats were all taken early and standing room was gladly accepted. The entertainment was simply fine from start to finish and the Eagle would be glad if special mention of every one who took part in the entertaining gala stands equivalent to none. The teachers and pupils to be praised are all entitled to the highest praise and the gratitude of the community.

BOARD MEETING.

The Goldthwaite school board held a meeting Monday to close up the business of the term of school just ended. As the trustee election which was to have been held last Saturday went by default, there was no change in the membership of the board and it is sincerely hoped that there will not be a change, for the interest of the school and the resignation of any member would be detrimental.

The board decided to elect teachers on May 30. Heretofore six teachers have been elected, but owing to the growth of the school it is likely that a seventh teacher will be elected this time.

It was also decided to take up one of the outstanding building which leaves just one of the building bonds outstanding and it will be paid next year.

A report of the receipts from the school entertainment showed \$81.05 from the sale of admission tickets and \$45.75 from advertising on the program, with a total expense of \$17.30.

It was ordered that heavy wire screens be placed over the windows in the college building to protect them from hail and damage from other sources.

The use of the college building was allowed for the Summer Normal.

Miss Etta Adkins will begin a class in elocution in this city Monday, May 21. She is a teacher in the Training school at San Angelo and gave a reading here a few years ago.

Mrs. Cleve Estep died Tuesday at the family home across the river in San Saba county. The Eagle promises of a more extended notice for next issue.
