

THE GOLDTHWAITE

VOL. 13.

GOLDTHWAITE, MILLS COUNTY, TEXAS, JUNE 2, 1906.

EBONY.

Editor Eagle: Brother Clark filled his regular appointment here at the Methodist church on the second Sunday, preaching both morning and nights. The singing class met in the afternoon for practice and to see about the singing school.

There was no church at Ebony last Sunday, but we were pleased to see the most of the community out at the church Sunday morning for the purpose of organizing the Sunday school. The Sunday school has been suspended since Christmas and we rejoice to see it come to life again.

Homer Ratliff has gone to his father's ranch near Sterling City. Mr. and Mrs. John Reeves have been visiting friends at Richland Springs the past week.

Henry Ratliff has gone to Mineral Wells.

Miss Ella Kelley has returned home from Oklahoma, where she has been visiting for some months past.

Mr. and Mrs. J. R. Wilmett attended church at Ebiloh last second Sunday.

Miss Willie Beavers has returned home from Brownwood, where she has been since September a student of the public school.

Miss Zoila Phelan came out from Brownwood last Saturday to spend a week at home. She will then return to Brownwood to attend the Normal.

Miss Clementine Wilmett will leave for Brownwood next Monday to attend the Normal.

We are glad to be able to say that Mrs. Yates, who has been quite sick for some time, seems to be very much better at this writing.

Miss Nancy Edmiston, who taught the Buffalo school last year, writes that she will be a student at the Denton Normal this summer.

Stanley Reeves attended the wedding of Miss Ada Locker to Mr. Ernest Collins at Locker Sunday night. The wedding took place at church.

The ball ground was a scene of much merriment last Saturday, as a match game was to take place between Locker and the home team. Dinner was spread on the ground. On account of the river's being up the Locker boys had to come by the bridge and were late reaching the grounds. Quite a crowd of spectators turned out to witness the ball game. Both the first and second nines played. The game between the first teams resulted in 7 to 9 in favor of Ebony, but the game between the second teams resulted some in favor of Locker. The Ebony boys are invited to play Locker the first Saturday in June.

Miss Oddie White, who is now staying in Brownwood, came out Saturday and stayed over Sunday with home folks.

Misses Ethel and Lizzie Stephens spent the first of the week visiting their grandparents at Lometa.

Fistula, Pollevil and the Teeth a Specialty

Derangements of the teeth of the horse very frequently lead to grave difficulties, both local and constitutional. The teeth often become decayed, holes form in them and toothache is a common occurrence. There is no such thing as bitted teeth, as is often supposed, it is either a rotten or a long tooth. Ninety per cent of horses that are fed condition powders to recuperate their teeth, need nothing but their teeth repaired.

We sell Tebbetts buggies. "Tebbetts" on a buggy means what Sterling does on silver. Tebbetts buggies are better painted and better trimmed than any buggy in America for the price. Painting and trimming is the most conspicuous and most expensive features of buggy building. Wherever you see a well finished (paint) and good leather as cushion and back it goes without saying that the wheels, shafts and vital parts of the buggy are in keeping with the finish. Did you ever see a silk lining in a cotton coat? This applies to buggies. The general appearance and finish is an index to the quality, but we don't ask you to take our word for the inside, we have the raw material to show you. We are willing for disinterested parties to make comparison with other makes of buggies sold here and if we don't get the decision in our favor we will give to the winner one of our buggies worth \$140, but sold for less.

MISSIONARY REPORT.

After fifth Sunday meeting your missionary came back to Goldthwaite and worked in the interest of the pastor's home Monday and Tuesday; then went back to Big Valley and carried the meeting on over the next Sunday. The meeting was far from a failure. The church was considerably revived and we had one happy conversion.

Went next up into the Duran community to see about a meeting we expect to hold there some time. Next went to Cold Springs and preached there on second Sunday and night and went the next week down in the Priddy country, visited and sold books and preached there on Thursday night and came back and preached at Cryer Sunday and Sunday night to a large and very attentive congregation.

The next week went through the Liberty community and on down through South Bennett. Had singing in the community Thursday night and had a real nice time. Went on down to Pleasant Grove, where I will preach on Wednesday night after the second Sunday in June. Hope those of that community who see this notice will scatter the news. Then on Saturday went to Big Valley and preached at 11 o'clock and went on to Shaw Bend and preached there Sunday and Sunday night. We are to begin a meeting there the fourth Sunday in June. May all pray for the success of the meeting. I go this morning (Wednesday) to Star, then Saturday to Jones Valley.

Since fifth Sunday meeting have preached 16 sermons, other addresses 10, homes visited 40, miles traveled 265, books sold 33. May all pray that great things may come to pass in this association this year is the desire of your missionary. J. H. SMITH.

The meeting to discuss the warehouse proposition is to be held in this city next Thursday and all who are interested should be present. It is of vital importance to Goldthwaite to have the warehouse located at this place. This being the central cotton market of this section the farmers are also interested in having the warehouse located in Goldthwaite.

At the regular meeting of the Woodmen lodge last Saturday night the resignation of John O. Hicks as clerk was accepted and Joe H. Frizzell was elected to fill the vacancy. Some of the members of the lodge presented Sovereign Hicks with a gold pen as an evidence of their appreciation of his faithful service to the lodge. The reason for his resignation was his removal to Brownwood.

"All buggies look alike" except Tebbetts and they are different; they have a different look, different gear, different spring, different cushion, different shafts, different body and different painting from any buggies sold here. These differences may not be the best, but they look mighty good and we never miss a sale when they see the Tebbetts buggy. If you can find a buggy in this town with same good features as on the Tebbetts you can have our's free of cost. —Cockrum & Ross Bros.

Editor Eagle:
People are all smiles over the nice rain that fell last week and was badly needed, especially for stock water.

Prospects for crops are fine. Rev. Vann failed to fill his appointment last third Sunday, on account of the illness of his wife. We had singing in the evening at Mr. Tom Nichols' residence, and it was well attended.

Now is the time to paint your house, wagon or buggy. The hot summer sun is very injurious to all lumber exposed and painting is cheaper than buying lumber. The fact is, if you paint your house and keep it well-painted, there is hardly any end to the lasting of it, besides it looks better and even adds to appearance as well as the value of your property. I have one of the best paints, my prices are reasonable. When you go to buy paint remember I have one of the best at \$1.50 per gallon and I want you to read the guarantees below by manufacturers and I make it good to you.

M. L. BROWN, M. D., Proprietor.

GUARANTEE.

NOTE—This guarantee is void if our suggestions for painting are not followed. The Crescent Cottage Paints are composed of the best and most durable paint pigments known, including best Oxide of Zinc, Pure Carbonate of Lead, and such coloring matter as is required to produce the various shades.

We guarantee that this paint, if properly applied, will not peel, crack or blister, will cover as much surface and equal in appearance and durability any paint made.

We authorize all dealers handling this paint to make good any complaint at our expense.

IN MEMORY OF NORA EZZELL.

"There is a reaper whose name is death, And with his sickle keen, He reaps the bearded grain at a breath, And the flowers that grow between."

This grim visitor made his second call at the home of Mrs. Keith Ezzell in Big Valley on the morning of April 19th, 1906, and took, after a month of intense suffering, from his bosom, Nora, the first born, the only daughter. It was so hard to give her up, she was so dear to us. So young, she had hardly left her childhood behind, and had not yet reached the full bloom of womanhood. A lovely bud "Standing with reluctant feet, Where the brook and river meet." Nora had a singularly sweet and sunny disposition, cheerful, unselfish, obedient and loving, to know her was to love her. O, how we miss her! In the Sunday school her place is vacant, in our social gatherings we realize with sorrow that she has gone to return no more. A large circle of friends and many bound to her by the ties of blood, mourn her loss. She leaves one little brother and a widowed mother, upon whose hearts the blow falls with crushing force. Let the thought comfort the bereaved ones that God is an all wise God and doeth all things well.

Nora has gone to be with her father who went over the river before her, when he was but little more than twice her years. Weep not, the bud you so fondly cherished here, will bloom into richer and sweeter fragrance in the land beyond the vale and when your call comes you have the blessed assurance that your loved ones will be waiting and watching for you there.

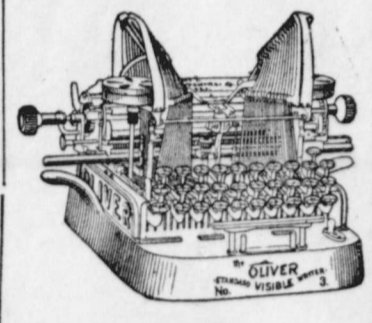

RESOLUTIONS OF RESPECT.

Our Heavenly Father, in his infinite wisdom, has deemed it best to take from our midst, our beloved secretary, Nora Ezzell. Be it resolved, that our Sunday school has lost one of its most faithful members, one who was ever present and always knew her lessons; Be it resolved, that these resolutions be entered in the secretary's book, also a copy be sent to the family of the deceased.

Miss Alice Humphries has returned from San Angelo, where she taught in the public school the past session. She was not an applicant for re-election at that place and expects to spend the summer with relatives in Alabama and other states.

The friends here of Jno. J. Cox and family are glad to know that his son Shelby graduated with high honor in the Temple school this week. The young man won the medal for oratory over five contestants and was made salutatorian for his class in the closing exercises of the school.

The concert in the opera house last Saturday night by Miss Lovelace's class was quite interesting and entertaining throughout. Rev. Owen, pastor of the Baptist church, opened the program with a short talk on the subject of music and the audience gave him close attention. All of the program was instrumental music except one speech that was prettily said by little Miss Sophia Martin. The young ladies all performed nicely on the piano and Messrs. John and Frank McDermott favored the audience with some selections on the violin, accompanied by Miss Lovelace on the piano.

A medal was awarded to Miss Cal Hicks and it was presented to her by Rev. Owen in an appropriate speech. The audience was well pleased with the manner in which all parts of the program was carried out.

BOARD MEETING.

The school board met Wednesday night and elected teachers for the next term of the school. Principal, Mr. Lucian L. Price of Lampasas; first assistant, Miss Eva Miller of Big Valley; primary teacher, Miss Mary Ward; other assistants who were not assigned to grades were Mrs. Grace Robinson, of Big Valley; Miss Daisy Robbins of Santa Anna; Miss Clyde Lowrey and Miss Lora Hudson of this city. The salary of the principal was placed at \$85, the primary teacher at \$45 and the other assistants at \$40 per month.

It was decided to change the partitions in the upper story of the school building and make four rooms up stairs instead of three, thereby making room for the extra teacher elected.

It is probable the board will have school open Sept. 3 for a pay term of two months, after which the public term will begin and run seven months.

The secretary of the board was instructed to buy a car of coal for use in the school building the coming winter.

POLITICAL POINTERS.

The candidates should remember that it is necessary to make application to the county chairman to have their names placed upon the primary tickets and the application must be filed by the 16th of this month.

The names of candidates will not appear on the primary tickets in alphabetical order, but the executive committee will draw for places for the different candidates.

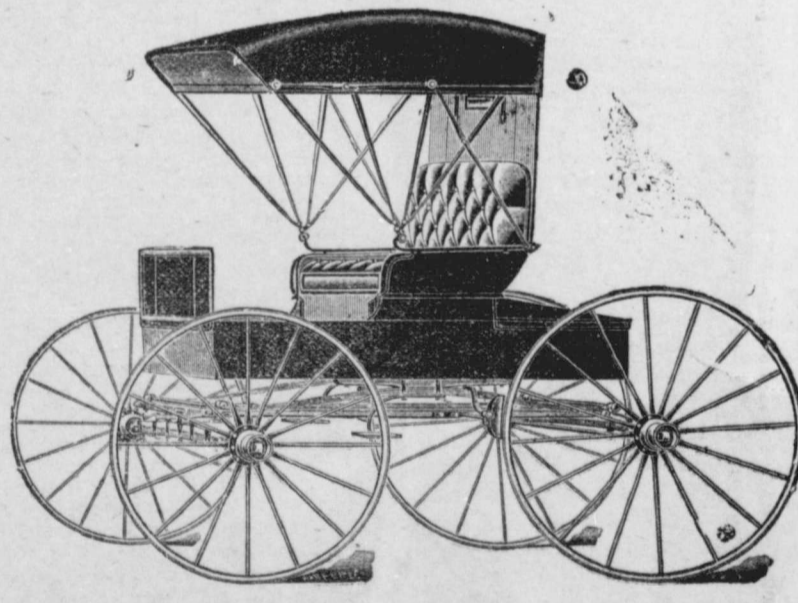

THOS R DENNIS.

In the announcement column appears the name of Mr. Thos R. Dennis, who is a candidate for commissioner of precinct No. 4. His home is in the Cold Springs community and he is highly spoken of by people over in that community as well as at Priddy, where he formerly resided. He is an enthusiastic advocate of good roads and if he is elected he expects to devote considerable attention to plans for the betterment of the roads. He expects to meet with as many people as possible in his precinct before the primary election next month.

LEWIS-WILLIS.

A reception was given them Thursday at the home of the groom's father, Mr. J. R. Lewis, and in the afternoon they came to Goldthwaite and boarded the night train en route to their future home at Eldorado, where Dr. Lewis has bought Dr. Taylor's residence and practice. Dr. Lewis and his bride were both reared in the community where they were married and they belong to two of the best families in this county. He recently graduated from the Medical University at Galveston and has a bright future.

Many friends of Dr. and Mrs. Lewis extend good wishes.

Points ABOUT Buggy

There are many good buggies that will not give satisfaction in this country because they are not built right. Good material, good and good workmanship are all necessary in the making of a buggy but they must be built with a view to use in a rocky and tainous country if they give perfect satisfaction here. The buggies are built in this way and are braced to withstand hard use. After looking over the strong points leading makes of buggies we selected the Tebbett that the vehicles built by this firm have all of the other makes and several desirable points.

Center City was severely rocked by some unknown party, a short distance from this place, Thursday night.

Prof. Goodnight of Bell county, visited our town last week and early Sunday morning he robbed the postoffice of his chief clerk, Miss Eugenia Sargent, and they were met at Center City by Rev. Peyton of Goldthwaite, who spoke the precious words that made them man and wife. We extend our best wishes and predict for them a happy future, as Miss Eugenia is so sweet and gentle in disposition and cultured in manners. The Professor is also a Christian gentleman.

LETTER TO C. D. HAMMOND.

Dear Sir: There are two sorts of furniture. You know both; for you sell 'em both. One sort looks better than it is, and the other is better than it looks. There isn't any other sort.

The same, two sorts of paint, no more; and we make 'em both—we make tons of stuff that isn't worth its freight. Belongs to your business—'em have to.

But this is said. We put into cans with our name on, the very best paint there is in the world; Devco-lead-and-zinc. It takes fewer gallons than mixed paints, and it wears twice as long as lead-and-oil.

Mr. O. O. Brown, Columbia, S. C., painted his house with Devco-lead-and-zinc. The painter, on seeing the quantity sent to the house, said there wasn't enough. There were ten gallons left when the job was done. Yours truly, F. W. Devco & Co. P. S. J. D. Erquhart sells our paint.

Electric Bitters cure chills and fever, malaria, biliousness, lame back, kidney troubles and bladder disorders. Sold on guarantee by R. E. Clements druggist. Price 50c.

AN ALARMING SITUATION
