or Eagle:

want to drop you a few lines. I have been here about eight months waiting on an invalid father. He has not walked a for nine months. We have had him in and out of bed into a chair. He has almost lost the use of his legs and weighs 300 lbs, so you see we have a lot on our hands although we know he is a little better now.

Well, Mr. Editor, we have had a good rain here on an average of ten days for the last six months; had a good rain here yesterday and one last night and his is black land we have had it in abundance.

Crops here are not as good as in some places. Wheat will average about 10 bushels per acre; oats about 35 to 60 and corn is coming in considerable, but cotton is promising well. This place has more grain than any other place in the state. The three in companies of this place shipped last year over 2000 cars of grain—corn, wheat and oats—a firm handled from eight hundred thousand to a million bushels of grain here last year and there is a tremendous oat crop this year and the farmers have got it out and in good shape. It is from \$50 to \$100 per acre. Well, we have some bad with the good. We have a bug here they call "chiggers," they are a nervous bug they depredate on alike and you would think you had the old fashioned itch they don't get on your hands, but you enjoy the scratching all the same. They attack the shanks first and I am affected considerably, but one good thing they don't affect the appetite, the appetite is good and I tip the scales 200.

Well, I will close. I don't know when I will come home, but I will come as soon as I can. This don't find its way to the waste basket I may write again.

J. F. JACKSON.

Mrs. R. E. Strickland and her daughter, Miss Fannie Baby Strickland, visited relatives in this city the first of the week and left Tuesday for Taipa to visit.

One of James Kelley's horses injured last Saturday night so badly that it died in a few hours. The animal attempted to jump from the lot and in doing so was snagged in the flank and died before Mr. Kelley found it.

Rev. D. I. Haralson informed the Eagle this week that the Baptists living on Mills county side of the river in Shaw Bend would organize a church at Nabors creek school house one week from Sunday, which will be the second Sunday in July. There are over thirty members of the denomination in that community who are expected to unite with this church. Revs. Jarrett and Miles are expected to assist in instituting the church.

Miss Carrie Wood of Beaumont arrived in the city Saturday to visit her cousin, Mrs. A. E. Weathers at Cold Springs, and her brother, W. H. Wood at Regency.

John B. Robinson returned the first of the week from visiting his parents at Mineral Wells and attending the meeting of the Pharmaceutical association at that place. Mrs. Robinson and little daughter remained at Mineral Wells to visit for a few weeks.

Rev. H. P. Wilsford preached at Big Valley last Sunday morning and at this place at night and at both places he took a collection for building a church at Stiles. He is trying to raise \$1500 for the church building and already has more than half of that amount subscribed.

Mrs. Innon and her daughter were here from Hereford the first of the week visiting her sister, Mrs. R. J. Atkinson.

Mrs. R. J. Atkinson went to Lampasas Wednesday to spend a few days with Mrs. Jno. J. Cox and children, who are sojourning at that place.

Rev. C. L. Cleveland of the Presbyterian church, was here Sunday and preached in the Cumberland Presbyterian church. He expects to return and preach here the fifth Sunday in July and he may make a regular appointment at this place.

We wish to call your attention to our stationery department. We have a fine line of writing tablets, box papers, pencils, pens, ink, etc., in fact a complete line of stationery. # MAKE YOUR HOME COMFORTABLE!

The complete furnishing of homes is this store's particular business. And right here is the secret of our low prices

We buy—not single pieces of furniture—but complete room out-fits, so that any manufacturer can afford to make us price concessions in order to get our business, then we are enabled to save in freight rates—another reason why our prices are lower.

Another feature—we furnish so many homes and are so thoroughly posted as to what goes into the making of a cozy, comfortable home, that we can give any young couple many and valuable pointers.

Come in, anyhow, and let's talk it over.

Have received this week another car of Barbwire and Wire Hog Proof Netting. We sell barb wire by the mile and guarantee the measure. This is more satisfactory than selling wire by the pound, or the purchaser gets just the amount he needs and only pays for what he gets

Messrs. Rahl & Grundy are in charge of our live stock department and will trade anything in our line for Horses and Mules. If you have stock you don't need you can trade them for Buggies, Surreys, Hacks, Wagons, Furniture, Housefurnishing Goods, Shelf Hardware, Windmills and Waterpipe or anything else in our line.

We have a nice stock of harness and saddles and can fit any size horse or mule. High grade collars are always to be found here and at the right price.

## HENRY MARTIN

See our pretty line of Velveta car-seats. A large assortment just in that will be sold at a bargain. It is nice and the price is low.

We have a large stock of Harness and Saddles and can make prices that will defy competition.

many cares of life she endeavored to see the silver lining to every dark cloud. On Tuesday afternoon she went about her work as usual, singing merrily. While driving the cows from the pasture to the lot, preparatory to milking, just outside the gate she spied a grown hare romping and playing among the bushes. She playfully threw a stone at the harmless creature. Being more of a marksman than she or anyone would have suspected, imagine her surprise when the romp of the field fell, bleeding, to the ground. Think of the horror for a chicken-hearted girl, when a closer examination showed that he had been killed instantly. She took him up tenderly, wound him in tissue paper, placed him carefully in a shoe box and buried him in the back yard.

This missive, I fear, has already grown too 'lengthy.' With love and best wishes to the Eagle and its many readers, I bid adieu. MAUD MULLER.

**PRIDDY.**  
Editor Eagle:  
Once again I come forward with a step of more timidity than usual, as I have failed to gather any news, but however I will try to relate the latest happenings so far as I know.

This section was visited by a storm Wednesday afternoon of last week which did considerable damage to corn and cotton. A few out houses were torn down and one of Rev. T. J. Priddy's windmills was almost totally wrecked.

The picnic Saturday is now numbered with the events of by-gone days and was in every respect a very pleasant occasion. A large crowd was present to take advantage of the numerous amusements and beautiful dinner. The ball game in the evening resulted 16 to 12 in favor of Indian Gap.

Mrs. Mollie Priddy is at Newberg, where she will spend some time visiting her parents, Mr. and Mrs. Wm. Cunningham.

Mr. and Mrs. Joe Ellis of Democrat visited old time friends here Saturday night and Sunday. Misses Bettie Pfleger and Minnie Rahde visited Goldthwaite one day last week.

The Baptist protracted meeting here will begin the fourth Saturday in July to continue a week or more.

There was preaching at New Hope Sunday. Brother Moore, who has served faithfully as pastor for one year, was elected pastor the ensuing year.

The picnic at Indian Gap Saturday will doubtless attract quite a number of people from Priddy.

C. R. Willis and wife of Democrat visited relatives here Saturday and Sunday.

I was indeed glad to see the Newberg letter in our paper. Hope the writer will continue to give us items from that part.

The thrasher is expected to begin work in our midst this week.

Miss Clarissa Priddy will leave Sunday to take charge of a summer school to commence July 2, near Center City.

Maid o' Washboard, you have my thanks for the nice compliment you passed on me in your last letter. I'm sure I can say the same for you.

Wishing success to all I remain, JAUNITA.

**WHO CAN VOTE.**  
Those who desire to vote in the Democratic primary election will not be required to subscribe to any test or pledge, but every one must have a poll tax receipt.

The following information from the attorney general may be of interest: AUSTIN, May 29, 1906. A. T. Pribble, County Attorney, Goldthwaite, Texas.

Dear Sir:—We are in receipt of yours of 27th and in reply to your first inquiry you are advised that if the party is totally disabled from performing manual labor he is exempt from the payment of poll tax.

In reply to your second question, you are advised that no person is entitled to vote in a primary election unless he is twenty-one years old on or before that day.

A young man who will become twenty-one years old before primary election day, and who was not twenty-one years old on the first day of January, 1905, is entitled to vote without having paid a poll tax or without a certificate of exemption, provided he is not a resident of a city of 10,000 inhabitants or more, in which event he must have a certificate of exemption.

Yours truly,  
CLAYTON POLKLAND,  
Office Assistant Attorney General.

as such a dread-ay. Early in the dark clouds gathered south and west; they rarer and nearer till it and that we were quite sure refreshing shower; at last ay quietly passed us by, giving their treasure, we hope, to a people more in need. It did not seem then that today could be so cool and pleasant.

While we are bound to recognize June as a summer month, it is hard to realize that beautiful spring has passed. When before did the hills and valleys see fit to wear such a lovely coat of green as the one in which they are now arrayed. Each tree of the woods is dressed in green, with even full grown leaves on every limb. While the beautiful roses have bloomed and perished there is yet to be seen flowers, blooming here and there. The crops and the fruitage of the gardens make the scene in every respect wonderfully attractive. If the whole year were as one bright spring morning, do you not think that we would grow tired without ever a change? We all realize that it takes a certain amount of darkness to make the sunshine bright, then why should we be dumb when all nature is glad and ready to laugh at our faces so sour and sad. When the long, hot summer days come, this old world seems desolate, do you not think it (lest our joys depart) 's sweet roses bloom.

third Sunday, Rev. Johnson preached an interesting sermon at the Methodist church, his subject being "The Sufferings of Christ and the Resurrection of the Dead." In the afternoon the young people enjoyed singing at the church.

T. A. Cook, who recently sold his business interest here to J. J. Mills, moved with his family the first of last week to Comanche. Mr. Cook has lived in this community for six years. The first year he taught successfully in our public school, since that time he has been postmaster and storekeeper.

Tom Howell and family of Belton have been visiting relatives here for the past three weeks.

Mr. Mickle and little Herbert Cunningham are numbered with those who are sick at this writing.

Little Richard Harris, who has been seriously ill for several days, is said to be improving. I sincerely hope for my little cousin an early recovery.

The farmers in this part of the country have already harvested their grain crops. Mr. Hibbit, better known as "Uncle Rock" of Gustine, is expected to be threshing here next week.

We are delighted to learn that J. M. Neely and family and Willie Stephens and wife, who recently moved from this place to Texico, New Mexico, are well pleased with their new home. Their many friends and relatives here will join me in wishing for them success and happiness in that new country.

Uncle Bill and Aunt Bettie Meadows of Comanche are here for an extended visit with relatives and friends.

Mrs. Sam Cunningham visited her father's family at Energy last week.

Mr. King and family visited at Downing this week.

Miss Lee Chancellor of Stoneburg, Montague county, is here for a three week's visit with relatives and friends.

Dr. and Mrs. Jack returned Thursday from the west. During their absence they visited relatives in Fisher and Scurry counties.

I must tell you a true story concerning a young girl of my acquaintance. She is fair, sweet and modest, kindhearted and true, and is in every respect a charming young lady of sixteen summers. Each day this fair maiden is kept busy helping either in the house, in the garden or in the field. Despite th

**EBONY.**  
Editor Eagle:  
Grandpa Bell of this place died last Friday, the 22nd inst, and was buried Friday afternoon. He was born in Kentucky in 1812 and lacked only nine days being 93-years and 8 months old. He lived a good part of his life in Tennessee, and has lived some in most of the southern states. He came to Texas from Arkansas just after the war, but has lived in our community only about a year. He leaves a wife much younger than himself, and his two sons, Bob Bell and Seales Bell, are citizens of our community. He had been a man of much activity during his life time. He made his own coffin and had had it made twelve years before his death. He was a member of the Primitive Baptist church. He was not sick long before his death and had requested that no physician be summoned saying that he had lived his allotted time and did not desire to live any longer. Grandpa must have been very much beloved by his family, for the neighbors who were often there spoke of the extraordinary tenderness and patience they showed him in all his feebleness and childishness. To the family the neighborhood extends their sympathy knowing that they shall miss him; yet why should we weep when God calls home the aged who hath lived well their long life here?  
Mr. Sawyers was seriously hurt by a runaway team, but is much better now.

The Baptist have a handsome new organ in their new church now.

Bert Briley is very sick with typhoid fever at Throckmorton. His father and John are both with him. We hope that we shall soon hear of his recovery.

There was a picnic at Ebony on Saturday, the 23rd, the first in ten years. It was a day of exciting interest to the young people of the community. In as much as a picnic with us is a rare thing we were not very well prepared with shade, but there were two stands on the ground, where ice cold drinks and ice cream could be had, there was plenty of all kinds of dinner besides the delicious barbecue and bread furnished by the members of the Farmers Union and there was plenty of speaking furnished by the Farmers' Union men and by the candidates. I think we might call it a very enjoyable day.

Miss Clementine Wilmeth, who has been attending the normal at Brownwood, returned home Friday, the 22nd.

Brother Hamil filled his regular appointment here Saturday night and Sunday. Miss Letha Tippen was baptized Sunday afternoon at the Reeves crossing on the river.

Mr. and Mrs. Oil Dwyer and daughter, Opal, from Zaphyr came down last Friday and stayed until after the picnic.

Miss Odie White, who is staying in Brownwood, came out for the picnic.

There was a ball game on the evening of the picnic between Ebony and Looker which resulted in favor of Looker.

It is very dry in this community and corn is burning up, but I do not think ourselves justified in becoming discouraged or complaining, knowing that we have always been provided for heretofore.

C. C. Reeves' baby has been not expected to live, but is better now.

There will be an all day singing at Ebony the fourth Sunday in July. Every one is invited to be present.

For the sake of those who call this place Buffalo I will say that Buffalo and Ebony are one and the same place.

**CEMETERY WORK.**  
The Cemetery association has employed a workman in the cemetery for another month and will hold a meeting Tuesday after the reunion for the purpose of devising ways and means for raising funds to continue the work.  
All who have promised to pay 25c per month to the Cemetery association are requested to pay the amount to E. M. Dickerson at Kelley & Spears' market the first day of each month. The ladies have a great deal of work to do for the association and it will save them considerable time and trouble if the subscribers to the fund will follow this suggestion.

**TO THE VOTERS.**  
I have not been able to make a canvass during this campaign, but I want every voter to know that I will appreciate his support. I have been very busy preparing a larger cotton yard and arranging better accommodations for those who wish to store cotton in the yard, and then, too, cotton is still being brought to market and it is seldom I can get away without neglecting my duties. I will mean as many of the voters as I can, but I solicit the support of every one for a second term.

**PRIVATE LETTER.**  
DEAR SIR AND FAMILY:  
We are in the buggy business for keeps. We sell Tebbetts buggies because they look and wear better than anything on the market. Tebbetts buggies are chock full of catchy features that makes everybody want them—we want say everybody either, because some people have no eye for the beautiful and a donkey looks as good to them as a thousand dollar race horse. We are not looking for the donkey trade. Our buggies are differently constructed from anything on the market and these differences are always appreciated by sensible buyers and for reasons mentioned above. The usual cry of dealers that "Ours is the best" is no argument and sounds silly to wise people. The intent of this letter is to let you know we are in the business and we are mailing this letter to people who we think are too smart to buy without seeing the Tebbetts buggy. We make terms to suit the buyers. We will take in trade horses, mules, cattle and second hand buggies, hacks and surreys.

COUNCIL MEETING.

The city council held its first meeting Monday afternoon, when all of the newly elected officers were present to assume the duties of their offices. The council ratified the election of the city attorney, engineer and secretary, they having been elected by a popular vote when they should have been appointed by the council.

City Marshal D. Y. Fox was made assessor and collector for the city and L. E. Miller was selected to serve as secretary, O. H. Yarborough, who was elected to the office, having decided that he could not accept the place.

In the drawing for terms by the councilmen Messrs. A. J. Gatlin, J. H. Saylor and J. H. Kelly drew two year terms and Messrs. W. B. Jackson and J. T. Prater drew the one year terms. O. H. Yarborough was elected city treasurer and his bond was fixed at \$2000.

The secretary was instructed to procure a copy of the city ordinances of Lampasas to aid the council in formulating suitable laws for the government of this city.

The council met again Thursday afternoon and fixed the tax rate at 25c on the \$100 valuation.

The salary of the marshal, assessor and collector was placed at \$40 per month together with fees of his office, the total not to exceed \$50 per month.

The city secretary's salary was placed at \$75 per year.

STRUCK BY A TRAIN.

Last Saturday afternoon as Geo. Denman, a young farmer of the North Brown community, was crossing the railroad south of the depot a double header freight train collided with his wagon. He was thrown from the wagon, but escaped without any apparent serious injury, although he was considerably bruised. His horses were so badly crippled that they had to be killed and the wagon was pretty badly wrecked.

At the time of the accident the wind was blowing clouds of dust and the view of the track from the direction from which Mr. Denman came was also obstructed by the depot, hence he could not see the approaching train and the engineman could not see him until they were close together and it was too late to avoid the accident.

Taylor of this city. The bride belongs to one of the best families in the North Brown community and is the center of a large circle of friends. WHAT THE KIDNEYS DO

THEIR UNOBVIOUS WORK KEEPS US STRONG AND HEALTHY.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms--pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, d. bility, drowsiness, dropsy deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Alfred Morton, bricklayer and mason, living on Sharp St., Brownwood, Texas, says: "My wife has been a constant sufferer from rheumatism and kidney trouble for four years, and during that time she used innumerable medicines and tried about everything known. Finally I got Doan's Kidney Pills and they did her more good than anything else she had used. They helped the rheumatic pains and relieved her of the excruciating aching across the small of the back, besides correcting the secretions which had been very irregular, and banished the dizzy spells and headaches. Doan's Kidney Pills are in my opinion the most valuable medicine for the kidneys."

Get twenty more proof like this from Goldthwaite people. Call at R. E. Clements' drug store and ask what his customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name--Doan's--and take no other.

STRUCK BY A TRAIN.

Last Saturday afternoon Geo. Denman, a young farmer of the North Brown community, was crossing the railroad south of the depot a double header freight train collided with his wagon. His horses were so badly crippled that they had to be killed and the wagon was pretty badly wrecked.

At the time of the accident the wind was blowing clouds of dust and the view of the track from the direction from which Mr. Denman came was also obstructed by the depot, hence he could not see the approaching train and the engineer could not see him until they were close together and it was too late to avoid the accident.

WHAT THE KIDNEYS DO

THEIR UNCEASING WORK KEEPS US STRONG AND HEALTHY.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms--pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, d. bilty, drowsiness, dropsy deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Alfred Mortley, bricklayer and mason, living on Sharp St., Brownwood, Texas, says: "My wife has been a constant sufferer from rheumatism and kidney trouble for four years, and during that time she used innumerable medicines and tried about everything known. Finally I got Doan's Kidney Pills and they did her more good than anything else she had used. They helped the rheumatic pains and relieved her of the excruciating aching across the small of the back, besides correcting the secretions which had been very irregular, and banished the dizzy spells and headaches. Doan's Kidney Pills are in my opinion the most valuable medicine for the kidneys."

Plenty more proof like this from Goldthwaite people. Call at R. E. Clements' drug store and ask what his customers report.

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States.

Don't read this unless you want to be convinced of the wonderful superiority of the BYRNE SIMPLIFIED SHORTHAND AS TAUGHT BY THE TYLER COMMERCIAL COLLEGE OF TYLER, TEXAS, OVER ALL OTHER SYSTEMS.

There has been more official court reporters appointed in Texas during the past eighteen months who learned the Byrnes Simplified Shorthand in the Tyler Commercial College, than there were official writers of all other systems in the state combined up to this time, as shown by the Directory of official court reporters of the U. S. published by the Andrew J. Graham & Co. This proves conclusively the wonderful superiority of the Byrnes Simplified over all other systems.

With such overwhelming advantages in our system of shorthand and methods of teaching, it is no wonder that the Tyler Comm'l. College enrolled more than 1000 students from 30 states during the past year. Its courses of Bookkeeping and Telegraphy are as much superior to other systems as is its shorthand. **A ROSE THAT WILL BLOOM IN HEAVEN.**

The people of Ebony were sorely grief-stricken when a message came Saturday, June 9, telling of the death of Rose Reeves. Rose was the daughter of Mr. and Mrs. John Reeves and had lived all her life, with the exception of the last two years, at their pretty country home near Ebony. We who have known her from babyhood and have been her friend and schoolmate, think her most fittingly named. I delight to think of her as a beautiful, sweet white rose. As in the rose she was fair and beautiful and always a queen among her companions, and yet she was not without those little white thorns which all sweet roses have. And as the rose so soon must wither so hath her life withered soon, so soon.

In the summer of 1934, when she was 15 years of age, she accompanied with much gladness to the time of her mother's widowed sister at Lafayette and she had done much to improve herself by the study of music and expression of the latter of which she had a most gifted talent. These two years of culture had done much to sweeten and beautify her life, and more than these she had accepted Christ, been baptized into His death and resurrection, and was striving to walk the beautiful narrow way. Seventeen times had spring her roses brought her to teach her how sweet it is to grow and bloom and breathe the sweet fragrance out for others. Her young life was just bursting into a rare and beautiful womanhood, whose influence she felt would be redounding and beautifying wherever she went. And we had joyfully anticipated that it would shed its fragrance in our own little community. We who had loved her before she went away looked forward with much gladness to the time of her return. And the mother, the dear patient mother, who had for the sake of her child's good, honored so bravely the long separation, looked forward to her home coming as an atonement for pain her heart had suffered and the fulfillment of a joy too sweet for expression. Rose was her baby girl, the baby brother having preceded her across the "dark river" several years ago in the tender innocence of his babyhood. Rose being the only girl at home made her the object of much affection in the family. Her mother and brother had planned many nice things for her and had hoped to make the home pleasant and beautiful to her. Her mother had intended to visit in Tennessee this summer and bring Rose with her as she returned late in August, but as whether the flowers we love so sometimes withereth the hope we cherish. And on Saturday, June 9, a message came for Mrs. Reeves saying that Rose was very sick. Mrs. Reeves immediately prepared to go to her, but she had gone out to the farm a mile from home when another message reached her saying that Rose was dead. After some consideration the parents telegraphed to the relatives to bury her there. A later letter says that she was taken sick on Tuesday night, June 4, but was not considered dangerous; on Thursday she became so much worse that Dr. Briggs of Nashville and Dr. Charles Reeves of Gainesboro were summoned. On Friday an operation for appendicitis was performed and she only lived about twenty-four hours after the operation. Rose had made many friends at Lafayette and her aunt writes that they covered her grave with flowers, and some from each bouquet were sent to her mother. Her friends were well as each to know that her last words were "I'm so sweet to trust in Jesus."

So thus we realize that the reaper death takes not alone those who are ripe and ready with age, those who have lived out their days of usefulness and are weary of life, but turns aside sometimes to seek the young and fair. Then, oh, how wise it is to ever be ready and watching. How glad are our hearts to know that our sweet fair Rose was ready to go.

There is a sadness in our hearts we cannot wipe away. For she has gone whom we had early learned to love so well. And left us sad and lonely as we journey day by day. Ah, sadly do we miss the sweet fair Rose with queenly grace. Our hearts bow down with tears, which so for thee now overflow; We thought so much to look once more upon thy lovely face. Before thou went'st thy way to that far land where each must go. But He who doeth all things well will wipe our tears away. And there where sorrow never comes will let us come to thee some day. And there in that fair world beyond the darkness of the tomb, Where death ne'er comes, we shall behold thee in immortal bloom. A FRIEND.
