WHY WASTE TIME AND MONEY

New Autumn Colored Dress Goods.

The fabrics especially in demand among early purchasers are now to be seen in the largest and the best chosen assortment of plain colors and fancy effects. The remarkable sales being recorded every day are proof of the unequalled worth of the lines we are selling. In this department you will find Shadow Cheq, Broadcloths, Grey Suitings, Children's Dress Blends, all Wool Battiste and the plain Blacks.

Running here and there for your winter supplies. Why not make comparison. That's the quickest way and the best way to tell who is giving value received for your money. If we say to you we are able to give you a better selection of goods, equal or better in value to those carried by other stores and save you money on your purchases, then if we can do this our house is the place you are looking for. The main thing for you to consider is how and why we can do this. In short you want us to prove up. Then Make a Comparison that leads to a trial and a trial will PROVE IT.

See Our Clothing.

Never were our clothing values greater than now. Never could we show you such a variety of patterns. Every suit is carefully and honestly tailored and is sure to satisfy. We ask is there anything like the satisfaction that one derives from wearing well cut, well made clothes? The name of Sparo Michael & Son on the coat is assurance of its style and wearing qualities. We ask for a chance of showing you the many things in our store. It pays to wear good clothes.

NEW MILLINERY

Each week brings something new to this department. This week's shipment brings one of the most attractive lines of Dress Hats we have had for the season. Come and see them.

The Very Best Footwear

Good Shoes is a hobby of ours. If there is one particular department in our store worthy of praise it is our Shoes. We have made the strongest efforts possible to get the best Shoes that could be bought. We have every style worth mentioning and will give you more real sound leather for your money than any house in Texas.

Special in Blankets and Comforts.

We put the word special in this announcement purposely, and you will find in this department some extra special values—special assortment, specially good goods at specially low prices. Some are small lots bought much below regular price—not many of a kind, but a large assortment so that you will be sure to be pleased if you get here first. The best bargains always go early. HAMILTON.

H. Mendennal, representing the Modern Woodmen of America, is in Hamilton, securing applications and will establish a camp in our town.

E. W. Hamilton, the well known stone mason, who fell through the iron roof in front of the old Taylor stone building, striking the pavement below and breaking the bones of his right hip, is improving right along. While he has suffered much pain, he has made remarkable progress toward recovery.

The cotton warehouse committee, consisting of W. T. Sparks, A. M. Hilliard and W. D. Soell today closed a contract for the

rook work on the building, which will be ready for use by Jan. 1, next. One and one half acres have been purchased from J. T. Preston, just below town on the Hico road, for the site of the building. The structure will be of stone, as stated, 64x96 feet. It will be owned and controlled by individual stockholders.

Last Saturday morning about 3 o'clock the alarm of fire was given and the citizens of town were aroused to find the furniture store of Garrett & Taylor in the Dr. Baker two-story store building on the southwest corner of the square in flames. The entire building was soon consumed, nothing being saved, and the

wooden building adjoining on the east, easily fell a prey to the flames. This building was occupied by J. L. Lewis, as a law office, and by E. L. Jernigan's meat market. Judge Lewis saved his valuable library and furniture, though the latter was considerably injured. Very little was saved out of the market.—Herald.

NEWBURG.

Editor Eagle:
After a longer absence than usual, I will trespass on your kindness again.

Say! isn't it pleasant to live down in central Texas where the cotton blossoms grow to perfection? It is extremely likely that there will be some cotton to pick here when the fast approaching new year has come.

Immediately upon our return from the cotton field this lovely evening there on the table I spied the treasured Eagle and without first washing the dirt and perspiration from my face I proceeded to read. Like the wise cat, me thinks it a right good plan to eat the bird when one has caught it and wash the face afterwards. There are others that like to read the Eagle you know. After reading to the heart's delight it occurred to me that the time had come for me to place the virtuals on the table and invite the Old Bird and family to eat and be merry.

Since our last writing there has been a remarkable change, that is a change in the weather. Not long since, the exact date I never knew or else I have entirely forgotten, Jack Frost visited the cotton fields and proceeded to change the leaves from a dark green to a golden color. Of late the days have been surprisingly beautiful, bright and generally glorious.

Since writing the above there has been another change in the weather. Since early this morning the gentle rain has been fast falling and still there is no sign of its clearing. We as humble creatures can ever say thanks to the sunshine, thanks to the rain.

Owing to the inclement weather there will be no services or Sunday school at the Baptist church this golden Sabbath. Bro. Ellis also had an appointment to preach at the Methodist church this afternoon.

The people of New Hope meet every Sunday night for prayer.

We learn that the new church at Mountain Creek has been completed. Bro. Hayes, their beloved pastor, will preach next Sunday. It is such a pleasure, such a consolation to live in civilized Christendom. The youngest child of Mr. and Mrs. Bledsoe died last Sunday afternoon and was buried in the Newburg cemetery Monday. Thomas Neely recently spent

several days with his sister, Mrs. Lake at Blanket.

Emmett McCaleb, Indian Gap postmaster, was seen in our little town Saturday.

Mrs. S. J. Hicks of Comanche attended the funeral of her little niece here Monday.

Mrs. Emmett Mickle has been with her parents, Dr. and Mrs. E. W. Bradley, for some time. She is now quite well and expects to return home soon.

J. J. Mills and children, Rector Cunningham and Wallace Bradley attended the big show at Dublin Oct. 12.

Miss Rosa Sears is assisting her uncle in the store.

P. W. Levisay of Comanche bought the P. R. Clark home place, consisting of 400 acres last week; consideration \$10,000.

Miss Addie Jeter of Rock Springs spent last week with her brother and family.

Miss Alma and Eugene Neely visited relatives here Sunday.

Mrs. Neely of Comanche spent last week with her children, who lives near the Burg.

Miss Bessie Hoff has been employed to assist Miss Smith in teaching our school the coming term. School will probably open the first Monday in November.

Mr. and Mrs. Sam Cunningham were made to rejoice over the arrival of a little girl in their home Sept. 27.

Aber E. Jones, an own dear cousin, (a postal clerk) whose run is from Denison to Taylor writes that he is going to take a lay off this month and go away to Arkansas and get married. He paid mother and I a pleasant visit when we were in Whitesboro this summer. He is a worthy young man and a cousin to be proud of. May he and his bride ever be happy and prosperous in their lives.
MAUD MULLER.

FINE COTTON SEED.

In the highway of farm progress is good seed. Planting selected seed of the best variety and of the highest vitality is absolutely essential to the production of the best crop.

Buying the best seed, if the farmer does not have it, is commendable. Then improve the excellence of the type or the seed will deteriorate.

Farmers most generally have awakened to the importance of planting the best obtainable seed. This is a long step forward in agriculture, better preparation of the soil and better cultivation will ensue. It is natural for a man to prepare his land better and cultivate better if he has planted seed that he has pride in, the same principle that he will take care of better stock than he ordinarily would of common grade. This year the boll weevil is with us. Next year they will be here in multiplied numbers and my opinion is they will come forth earlier next year than this. "We cannot hope to exterminate the boll weevil," stated Prof. W. E. Hines of the government entomological station at Dallas, Texas, but we can hope for the control of the pest. This is true. Now my idea is this: The solution of the matter is, let. In the variety of seed we plant; viz: The earliest of the early; 3rd. Early preparation of soil. 3rd. An early and rapid system of cultivation. By this means we may succeed in raising cotton in spite of the boll weevil. This year I planted about 3 acres of Hawkins Extra Early Prolific cotton. It is the earliest cotton I have ever seen and also very prolific. It is a very short jointed, cluster variety, medium sized bolls. 1400 pounds of seed cotton will make something over a 500 bale of lint. The seeds are extremely small which signifies an early variety and an abundance of seed. I had those seeds (which I planted this year) shipped here from Georgia last winter and have been very careful with them to prevent them mixing with other seed. I can furnish you with those seeds at 75 cents per bushel here at my farm, or 85 cents per bushel at Goldthwaite. If you are interested in progressive farming let me furnish you fine cotton seed.

For further information in regard to this cotton address me at Goldthwaite, Texas.

W. D. ALDRIDGE, M. D.
P. S. Better secure your seed early, as they are going rapidly.

WASHBOARD.

Editor Eagle:
This golden October night I am again drawn irresistibly toward Eagledom. 'Tis true I'm very negligent and uncommonly busy during this season of the

year. Those who do not indulge in labor, to a certain extent, at least these days, are not "in it," especially in Washboard's limit, 'cause Indian Gap and Washboard communities have almost developed into an immense cotton field, hence it requires numbers of hands to gather it. Not long ago I heard the remark, "cotton picking is so countrified, especially for girls." There's hardly a girl in the surrounding vicinity but picks cotton more or less and looks "rosy cheeked" and healthy as the result. The tips of their dear little fingers are disfigured for awhile, but never mind the numerous little sores and scratches are soon to be healed and leave the fingers smooth and crowned with honesty.
I've a sad accident to report. Last Saturday afternoon while Mr. J. P. Robinson of Bethel was engaged in hauling cane the horses became frightened, Mr. Robinson falling on the double tree—one of the horses kicked him, breaking a rib and inflicting internal injuries from which he died Sunday morning at 3 o'clock. Mr. Robinson was a good man, and from my very earliest recollection he has been a consistent member of the Missionary Baptist church. He had just returned from a visit with his son Ernest at Brownwood, who has been seriously ill. Mr. Robinson leaves a wife, two daughters and two sons, besides a host of friends who joins the bereaved relatives.
Will Baxter and family of Comanche spent several days last week visiting relatives in this part. Sunday night several friends assembled at the home of Mr. John Fortune and had the pleasure of hearing some charming music furnished by Mr. and Mrs. Baxter.
John Brown has resigned his position as "cotton scratcher" at the gin and has gone to freighting.
Marvin Piers left Wednesday for his home in Johnson county. Little Bernard Swindle had a spasm one day last week.
Grandma Fortune is on the sick list.
Little Miss Pearl Boler has been sick for the past week or two.
John Fortune had business in Hamilton last Saturday.
Miss Ruth Swindle spent Saturday night and Sunday with

Miss Nora Harris.
Mrs. Mattie Stoddard has a new stock of millinery goods at the Gap. She has rented a room from Jim Mayfield.
Misses Winnie and Izora Harris visited relatives in this part Sunday and Monday.
Albert Staton and Henry Spencer went to Brownwood Saturday and returned Sunday.
Aquila Swindle went to Comanche Wednesday.
Walter Boler and Jesse Tatum of Mullin were in our midst last week buying cattle.
Mrs. J. M. Boler and daughter, Miss Pallie, went to Goldthwaite Thursday.
Mrs. Porter Morgan is reported as being quite ill. Hope she'll soon recover.
The writer is in receipt of a letter from J. Mark Boler of Winters, stating that he expects to make his future home at Texico, N. M. He promises Mills county another visit ere he leaves the state.
Cowboy, of Winters, I'd like so much to know your original name; haven't the remotest idea. Come again and often.
You all will observe that news is scarce, so I'll be going.

JUDGEMENT.
Competition, Phil. No. 353
Vs. Trimmed in
Higginbotham Out Side
Lumber Co. White.
Def't.
The above case came on for trial. After hearing all the evidence and personally examining the different residences and bank fronts, both in and near Goldthwaite, the court finds that for looks, durability and covering capacity the said Sherwin-Williams paint prepared, excels all other brands and that the said defendant, Higginbotham Lbr. Co. carries at all times a full line of paint, oil and varnish; thereby being in position to supply the people with their paint wants at a moment's notice.
The premises considered, it is hereby ordered, adjudged and decreed by the court that the allegations set forth in plaintiff's complaint are true, but the granting of said injunction would be to the great detriment of the paint users of the community and against public policy; therefore, the prayer of the plaintiff is denied.
PLEASE D. CUSTOMER, Judge.

ANTELOPE GAP.
Editor Eagle:
We are having some cold and disagreeable weather. Had a good rain Saturday night and Sunday.
Most of the cotton is out and farmers are gathering corn and preparing to sow small grain.
Owing to the inclemency of the weather we had no Sunday school Sunday. Had singing at the school house Sunday night.
Brother Gartman has placed an organ in the church house. B. P. Hurdle purchased the first one he put there until the other one arrived. We appreciate and thank all in general that helped us in securing the organ.
Brother Morgan filled his regular appointment.
Brother Reese will preach Saturday at 11 o'clock. Saturday night and also Sunday and Sunday night.
Johnnie Stevenson and wife visited his mother last week.
A. B. Ford and family spent the day with Mr. Denson's family Sunday.
Mrs. R. D. Evans was called to the bedside of her father Sunday before last. When she arrived she found the old gentleman much improved. She came home Wednesday.
Miss Carrie Hurdle visited her brother Sunday before last, also Mr. and Mrs. F. N. Irwin.

Derangements of the teeth of the horse very frequently lead to grave difficulties, both local and constitutional. The teeth often become decayed, holes form in them and loosening is a common occurrence. There is no such thing as "bird teeth," as it is often termed, it is either a rotten or a long tooth. Many owners of the horses that are fed condition powders to recompense their health, need nothing but their teeth repaired.

WASHBOARD.

Editor Eagle:
This golden October night I am again drawn irresistibly toward Eagledom. 'Tis true I'm very negligent and uncommonly busy during this season of the

year. Those who do not indulge in labor, to a certain extent, at least these days, are not "in it," especially in Washboard's limit, 'cause Indian Gap and Washboard communities have almost developed into an immense cotton field, hence it requires numbers of hands to gather it. Not long ago I heard the remark, "cotton picking is so countrified, especially for girls." There's hardly a girl in the surrounding vicinity but picks cotton more or less and looks "rosy cheeked" and healthy as the result. The tips of their dear little fingers are disfigured for awhile, but never mind the numerous little sores and scratches are soon to be healed and leave the fingers smooth and crowned with honesty.
I've a sad accident to report. Last Saturday afternoon while Mr. J. P. Robinson of Bethel was engaged in hauling cane the horses became frightened, Mr. Robinson falling on the double tree—one of the horses kicked him, breaking a rib and inflicting internal injuries from which he died Sunday morning at 3 o'clock. Mr. Robinson was a good man, and from my very earliest recollection he has been a consistent member of the Missionary Baptist church. He had just returned from a visit with his son Ernest at Brownwood, who has been seriously ill. Mr. Robinson leaves a wife, two daughters and two sons, besides a host of friends who join the bereaved relatives.
Will Baxter and family of Comanche spent several days last week visiting relatives in this part, Sunday night several friends assembled at the home of Mr. John Fortune and had the pleasure of hearing some charming music furnished by Mr. and Mrs. Baxter.
John Brown has resigned his position as "cotton scratcher" at the gin and has gone to freighting.
Marvin Pierce left Wednesday for his home in Johnson county.
Little Bernard Swindle had a spasm one day last week.
Grandma Fortune is on the sick list.
Little Miss Pearl Boler has been sick for the past week or two.
John Fortune had business in Hamilton last Saturday.
Miss Ruth Swindle spent Saturday night and Sunday with

Miss Nora Harris.
Mrs. Mattie Stoddard has a new stock of millinery goods at the Gap. She has rented a room from Jim Mayfield.
Misses Winnie and Izora Harris visited relatives in this part Sunday and Monday.
Albert Stator and Henry Spencer went to Brownwood Saturday and returned Sunday.
Aquilla Swindle went to Comanche Wednesday.
Walter Boler and Jesse Tatum of Mullin were in our midst last week buying cattle.
Mrs. J. M. Boler and daughter, Miss Pallie, went to Goldthwaite Thursday.
Mrs. Porter Morgan is reported as being quite ill. Hope she'll soon recover.
The writer is in receipt of a letter from J. Mark Boler of Winters, stating that he expects to make his future home at Texico, N. M. He promises Mills county another visit ere he leaves the state.
Cowboy, of Winters, I'd like so much to know your original name; haven't the remotest idea. Come again and often.
You all will observe that news is scarce, so I'll be going.

JUDGEMENT.
Competition, Plif. No. 353
vs. Trimmed in
Higginbotham Out Side
Lumber Co. White.
Def.
The above case came on for trial. After hearing all the evidence and personally examining the different residences and bank fronts, both in and near Goldthwaite, the court finds that for looks, durability and covering especially the said Sherwin-Williams paint prepared, excels all other brands and that the said defendant, Higginbotham Lbr. Co. carries at all times a full line of paint, oil and varnish; thereby being in position to supply the people with their paint wants at a moment's notice.
The premises considered, it is hereby ordered, adjudged and decreed by the court that the allegations set forth in plaintiff's complaint are true, but the granting of said injunction would be to the great detriment of the paint users of the community and against public policy; therefore, the prayer of the plaintiff is denied.
PLEASE D. CUSTOMER, Judge.

Editor Eagle:
We are having some cold and disagreeable weather. Had a good rain Saturday night and Sunday.
Most of the cotton is out and farmers are gathering corn and preparing to sow small grain.
Owing to the inclemency of the weather we had no Sunday school Sunday. Had singing at the school house Sunday night.
Brother Gartman has placed an organ in the church house.
B. P. Hurdle purchased the first one he put there until the other one arrived. We appreciate and thank all in general that helped us in securing the organ.
Brother Morgan filled his regular appointment.
Brother Reese will preach Saturday at 11 o'clock. Saturday night and also Sunday and Sunday night.
Johnnie Stevenson and wife visited his mother last week.
A. B. Ford and family spent the day with Mr. Denson's family Sunday.
Mrs. R. D. Evans was called to the bedside of her father Sunday before last. When she arrived she found the old gentleman much improved. She came home Wednesday.
Miss Carris Hurdle visited her brother Sunday before last, also Mr. and Mrs. F. N. Irwin.

conspicuous opposition. This has been recently presented to some of the Doctors' custom-
ers urging them to turn their trade—but like all the customers of both the Doctors' and Drug
Store they know they are dealing with a reliable house and with honorable and competent
men and would not and will not consider suggestions from men who would be used to try and

any man it is yours to use, but we should be sure of the righteousness of our complaint.
The Country Drug Store under its present ownership has prospered and is still growing and
improving and is especially proud of the class of customers that continue to grow, and its en-
emies are hurting because of it but we cannot help that. You are invited to be at home at
our store while in town. Your wants if in the drug line can be supplied and you can rely
upon honorable treatment both from the Drug Store and Drs. Brown & Brown, whose stand-

ENFORCE THE LAW.
Judge C. H. Jenkins of Brown-
wood spoke in the Methodist
church Wednesday night to a
fair sized audience on the sub-
ject of the enforcement of the
law, especially the prohibition
law. He was given close atten-
tion and made a good talk, in
the course of which he suggested
that a committee of citizens be
appointed to look after the en-
forcement of the law and that
they be given the support of the
good citizens of the town and
county.
At the close of the speech Dr.
Brown nominated Messrs. C. W.
Lindsey, G. W. Jackson, A. J.
Weathers, J. A. Allen and Revs.
G. W. Templin and E. Owen for
the committee suggested by Mr.
Jenkins and the nominations
were ratified by a rising vote of
the audience.
Following is a synopsis of Mr.
Jenkins' speech.
SYNOPSIS.
As is known to most of you, I am a
seoulous local optionist, but I re-
cognize the fact that there are men of
equal intelligence and patriotism with
myself who are anti-local optionists.
Upon the question of the adoption
of local option in any county good
men may and do differ, but upon the
question of the enforcement of this
or any other law, when once adopted,
and until its repeal, there is no room
for difference among good citizens.
Nobody regards an habitual law
breaker as a good citizen, and no
body who is in sympathy with habit-
ual violators of the law can justly
claim to be a good citizen. My ob-
servation leads me to believe that
honest anti are just as much in
favor of the honest and vigorous en-
forcement of the law against the
illegal traffic of intoxicants as are
honest prohibitionists, and the man
who is not in favor of punishing the
violators of this, as well as all other
laws, is not a good citizen. In the
vigorous enforcement of law rests
the hope and happiness of the peo-
ple; the man who is opposed to the
enforcement of the law is an anach-
ronism. Local option has been adopted
in Mills county; that issue is settled
until the next local election. There
is but one issue now in reference to
this matter and that is, shall the law
be enforced? Every good citizen, be
he pro or anti, should take an open,
firm stand upon one side; every bad
citizen, openly or secretly, will throw
his influence to the other side. If
the good citizens of your county will
do their duty the issue is not doubt-
ful. If they quietly submit, the law-
less element will walk rough shod
over them.
It has come to be generally be-
lieved that when a man opens a club
room in a local option town his de-
liberate purpose is to violate the law,
and this being the case good citizens
ought not to patronize these clubs.
Many good citizens have thought-
lessly done so, but when they come
to realize that in so doing they are,
apparently, at least, giving aid and
comfort to outlawry I believe they
will quit visiting these club rooms,
and when they do the club business
will die for lack of support, for I do
not believe that there are enough
men in Mills county who are willing
to support an institution that brings
the good name of your county into
disrepute to make a club a financial
success. I am informed by our dis-
trict judge that in no county in this
district is there a more law abiding
and law enforcing citizenship than in
Mills. He who says that you can not
enforce this law in Mills county is
slandering the good name of your
county. He who will not find his
support to the enforcement is either
a bad citizen or a moral coward.

REPUBLICAN SPEAKING.
Judge Noah Allen of Houston
spoke in the court house here
last Tuesday night on the politi-
cal issues from Republican stand-
point. He arrived from Brown-
wood on the evening train and
the late hour at which the speech
began caused the audience to be
small. He is a good talker and
impresses his hearers with his
sincerity, and while a part of his
audience did not agree with him
in politics all were well pleased
with his talk. While he ridicu-
led the Democrats for some of
their claims and positions he did
not use language calculated to
wound the feelings of the Demo-
crats who were in his audience.
In company with a number of
citizens of Mullin he went to that
place Wednesday to make a
speech.

LETTER TO G. W. TEMPLIN.

Dear Sir: Our agent ought to sell nine-tenths of the paint of his town and region; no use to try for the other tenth. The proportion of men, who won't take good advice, and use the least-galions paint, is about one in ten among even owners of houses and stores and shops and barns and fences.

One man in ten will buy a gold brick or green goods, if he has the money and gets a good chance. Devoe at \$1.75 a gallon is better than gold; adulterated and short-measure paints are green goods and gold bricks.

Devoe saves half, more or less, of the labor and wages of painting; it is all paint; full strength and full measure. There is no other such paint within ten per cent. Ten per cent of labor and paint is worth saving; and ten is the least. There are scores of gallons and labor on whitening, chinking, ground stone, barytes, benzine, water—all they are good for is to make gallons of nothing and look like paint in the can; more gallons to buy and more gallons to pay for putting on—gold bricks and green goods. Here's how they work.

Judge I. D. Falchid owns two houses exactly alike in Lufkin, Texas. J. H. Torrence painted both houses; one Devoe 15 1/2 gallons; the other with another paint sold at same price; 25 gallons. That 25 gallon paint is weak and 15 1/2 whitening; that's why it took 9 1/2 gallons more. Yours truly, F. W. Devoe & Co. New York.

FOR SALE OR TRADE.
1 pair horses; one 45 lb, good gentle drivers single or double, true pillars, fat and sound. No hitches. 1 Columbus canopy top 2 seat surry, 1 single buggy full leather top. 1 Studebaker 2 1/2 wagon with duplex boiler springs and large canopy top. Good as new. Apply to J. B. Walters.

TAX NOTICE.

Giving Out

THE STRUGGLE DISCOURAGES MANY A CITIZEN OF GOLDTHWAITE.
Around all day with an aching back; Can't rest at night; Enough to make any one "give out." Doan's Kidney Pills will give renewed life.

They will cure the backache; Cure every kidney ailment. J. M. Harleman, proprietor of a bath house, Lampasas, Texas, says: "Several years ago I fell from a horse, and sin e then I have been troubled with my back, which was painfully weak. The pains extended from the small of my back up to the shoulder blades, and sometimes I was so dizzy that I was unable to stand. At times I suffered from periods of partial blindness and an annoying condition of the kidney secretions. Doan's Kidney Pills helped me wonderfully, giving relief after a few doses, and now I feel much improved. I heartily recommend Doan's Kidney complaints."

Plenty more proof like this from Goldthwaite people. Call at R. E. Clements drug store and ask what his customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

WATCH TALK.

Plaintiff further alleges that the nature of the claim of the defendant to the land is unknown to him except that the records of Mills county shows that the same was patented to the said G. W. Cole by the state of Texas, and by said G. W. Cole and wife conveyed to P. F. Jones by deed dated December 14, 1880, wherein the grantors retained a vendors lien on said land to secure the payment of a promissory note of one hundred dollars, due on the 1st day of January, 1881, and which lien from the record, does not appear to be released and satisfied, and a deed reciting that Mrs. M. E. Jones wife of P. F. Jones had conveyed said land to J. W. M. Wilson, and deed from Leo Franks to John Claffin. Plaintiff alleges that said deeds are a cloud upon his title and prays judgment for title and possession of said land and that said deed be cancelled and held for naught and for cost of suit. Herein filed not, but have before this court at the next regular term this writ with your return thereon showing how you have executed the same. Whereas, E. G.
