G. W. Wilson sold block 23 (the cotton yard) to the Farmers Union for \$3,900 this week. The Union has managed the yard this year. This is a valuable piece of property and we suspect the Union will erect a ware house on it for next season. —Chief.

#### HAMILTON.

John L. Spurlin is expecting to put in a bank at Carlton in a short while.

Last week Jesse Stuart on John H. Brown's place killed 17 quail at one shot and it "wasn't a good day for quail" either.

The contracts for the construction of a railroad from Stephenville have been signed and everything necessary has been done. The terminals for the railroad will be just below the cotton yard on Pecan creek. The committee bought twenty acres from J. T. Preston. John L. Spurlin was made one of the directors for the "Stephenville North and South Texas railroad." A very pretty compliment, it being entirely unsought by him.

Some time ago Esq. W. B. McAnally, one of our most substantial stock-farmers, sold three meat hogs whose aggregate weight was 1460 pounds. One hog weighed 620 pounds gross. He sold them at 5 cents, which netted him a total of \$73.00. Last week John H. Brown a progressive Blue Ridge farmer, killed a hog that netted 610 pounds which he sold at 6 cents. When it was weighed, however, he refused to accept the full amount it came to, \$36.60, but he took \$35 which he said looked to him as much as any hog ought to be worth. —Herald.

miles west of Lometa, was here one day. He stated that when he first came to this section he would not have received much of the land as a gift, but since being here for some years he has concluded that there is no better country to be found on earth than Lampasas and adjoining territory.

The bonds bear 4 per cent interest, and mature in 40 years with an option of 5 years.

In the Texas Court Reporter of a recent issue is given the decision of the court of criminal appeals in the case of W. E. Tombeugh of this county charged with sale of intoxicating liquors in which the decision of the lower court was affirmed and a motion for a new hearing denied. In the decision, the principle was laid down that a loan of intoxicants to be returned in kind constituted a sale, regardless of whether the defendant was a member of the club or not. It was also laid down as a principle that a loan was equivalent to sale unless the loan was made under pressing circumstances such as sudden illness or bite from venomous reptile. —Leader.

## THINGS IN GENERAL.

The 1-year old son of John C. Newton strangled to death while playing in a swing at the family home at Cameron.

An election is to be held in Temple next Tuesday to determine whether or not the city shall own the water works.

Prof. Edmonds, superintendent of the Eastrop public school, was shot and killed in that city by R. A. Brooks, assistant postmaster.

The legislative assembly of Arizona has repealed the statute permitting gambling. It is now a felony to run a gambling game in Arizona.

Green bugs are ruining the wheat and oats in Collin county. Some fields have been so ravaged by the insects that they are as brown and dry as though swept by heat.

Rimon Campos was hanged at Karnes City last Friday for the murder of two Mexican girls in that county last March. He killed the girls because one of them refused to marry him.

Twenty-five Catholic soldiers at the barracks in Columbus, Ohio, have appealed to the war department against Lieutenant Colonel Glenn's order directing them to attend church services on Sunday.

Ed Taylor, the versatile and oratorical barber, has bought of Mrs. J. W. Beard, through J. T. Thompson, lot 18 in block B, Miles addition for a consideration of \$200. —San Angelo Standard.

The Texas Sunday School Association will hold its 32nd annual convention in Dallas in March, from the 21st to the 24th. This is an interdenominational organization being composed of representatives from Sunday schools of all evangelical churches.

Twenty-three of five to ten years' imprisonment were released from jail at Monterey Monday night. The jail was dynamited, tearing away a portion of the wall, and through the opening the prisoners escaped. They were to have been taken to the City of Mexico the next day.

Under the act of congress of June 5, 1906, the secretary of the interior was directed to set apart for homestead settlement 480,000 acres of grazing and 25,000 acres of woodlands in Oklahoma, belonging to the Kiowa, Comanche and Apache Indians. This land is to be disposed of under the homestead law in tracts of 100 acres each, for which sealed bids have been received at the land office in Lawton, O. T.

International questions of great interest to points along the Mexican border have been sprung by the attorneys of Antonio Villareal, the alleged revolutionist who is in jail in El Paso pending extradition proceedings. The questions raised are, first, whether a person found to be in this country in violation of its laws must be deported to the country whence he came or can be deported to some other country and a second whether or not pending extradition proceedings, has a person the privilege of bail. Villareal's attorneys will argue the question before the secretary of state in Washington.

Protect your own town and thereby show that you are in favor of protection. As town people we should favor our town above every other as the growth and development of it is what will enhance the value of all property both in and about it. Then buy your dry goods, groceries, hardware, furniture, etc., at home; have your printing, your blacksmithing, your shoemaking done at home; in every instance that you can. The success of our merchants and mechanics means new business houses and residences, additional demands for labor of various kinds. To the farmer a first class town affords a better trading point, and such a town is bound to increase the value of his land. Unquestionably "in union there is strength." Let us protect our town. —Brownwood Bulletin.

## GARDEN CITY.

Editor Eagle:  
I will try, according to promise, to give the good people in and around Goldthwaite some news from this country.

First of all, I want to say that the Eagle is a welcome visitor in our home, and its weekly visits are looked forward to with joy. It is almost like getting letters from home. As we cast our eyes over its pages and note the many changes that are being made and new enterprises that are in view, we catch a breath of inspiration and say: Goldthwaite will be a large town some day. We often think of the many friends and loved ones there, and the kindness they had toward us while in their midst. Garden City bids fair to be a large town some day, and if its growth is continued in the next two years as it has the past year it is not far in the future. A more lovable people never live than these. They are honest, industrious, God fearing people and know how to make you feel comfortable and at home while in their midst. The glossy back of the western prairies is being fastly turned over, seeing they are too valuable for stock raising. Almost every thing that will grow anywhere grows here, and above all things we have plenty of good water and healthy climate.

We claim the honor of having several of Mills county's best men now as citizens of Glasscock county.

The Baptist have a neat and comfortable church building and also a cozy little home for the pastor.

The western field is now a great mission field, but the laborers are few. The demand for preaching is very great and I am praying and hoping that the Lord will send us more laborers.

I am glad to note the steps being taken by the good citizens of Goldthwaite to bar the liquor traffic completely from their midst. I take this as a good sign; for no town or city can ever succeed with continued prostration to all while it shelters this deadly viper. May we never again have the privilege of opening your town. We are preparing to give the demon battle in a few weeks. We have no saloon, but at present there is no hindrance. We hope the good people there will pray that we may succeed.

I would like to see some letters from Shaw Bend and also Star. May the loving Father of heaven bless you all.

H. F. WILSPORN.

**HOME MISSION OFFICERS.**  
The Woman's Home Mission society held a meeting in the Methodist church Monday afternoon, at which time officers were elected for the ensuing year. They are: Mrs. R. M. Thompson, president; Mrs. Carrie Whitaker, vice president; Mrs. Will H. Trent, recording secretary; Mrs. J. H. Potter, corresponding secretary; Mrs. Ed Fairman, treasurer.

**WORMS**  
All children complain frequently of headaches, backaches, that "their stomachs hurt," and that they "don't feel good." This condition is a common one and the trouble is almost invariably due to pin worms.

Children haven't the strength to combat their ills and indispositions without the aid of some reliable medicine.

Editor Eagle:

As I have been silent for some time, I will give you a few items.

Miss Kate Walton is on the sick list this week.

Willie and Harlie Collier are down with the measles.

Grandma Drake is visiting her daughter, Mrs. J. R. Carter.

Mr. and Mrs. H. B. Carter visited their children at Brownwood last week.

Miss Eunice Hamilton and Chlo Hudson attended church here Sunday.

Bud Harper and Thad Carter

and his sister, Miss Lela, spent Saturday and Sunday with some folks.

Merris Willie Knight and Luther Gesalla left for Mexico Monday.

J. C. Evans and Frank McLand are preparing to move to New Mexico in a few days.

I saw in the paper last week where Mr. Huffstuler had killed two hogs that weighed over 800 pounds. Mrs. Walton had one killed that weighed 511 pounds.

On Jan. 29 after an illness of several days Mr. J. S. Carter quietly passed away. He lived at this place for over twenty years and was a true Christian and a member of the Methodist church. He was ever ready to help God's cause.

None knew him but to like him. He leaves a wife and several children and other relatives to mourn his death. They certainly have the sympathy of all who knew of their great loss.

It is not for the least we weep. His peace be sealed, his rest be secure, within that better home.

A while we will weep and grieve here. Then follow him to our home. Beyond that fully and gloriously shines beyond death's chilly portion.

In that land where beauty never dies, and love becomes immortal.

**STAMFORD.**

Editor Eagle:

Though my ink is frozen through and I'm suffering with a boil on my left hand, I will try and send a few random items to your most valuable paper.

Since my last writing another new year has been ushered in. What it holds in store for us none of us can tell. The year that has just passed was a prosperous one, seldom if ever before equalled in the history of this country. I trust every reader of the dear old Eagle has participated in this prosperity and hope this New Year, 1907, will prove as prolific in blessing to you all.

May the days of the readers' lives this year have just enough clouds to make a glorious sunset.

Quite a number of accidents have happened in our city the past week. A little girl while playing at school fell and broke her ankle. A team became frightened one day last week and ran into one of the transfers.

Very little sickness is reported now.

MRS. O. L. MASON.

## FARMING IS A BUSINESS

And should be conducted on the same sensible principles as a mercantile business. The farmer's work is not done when he has harvested and sold his crop. He must deposit the proceeds in a good safe bank and pay his bills by check against his account, just as a merchant does.

The bank is the farmer's best friend. It lends him the money to plant and harvest his crops and to hold his produce for better prices. It protects him from an extortionate credit system and guards safely his earnings. Every farmer should have a bank account. He should transact all his business through the bank and should become acquainted with the bank's officers so that they have no hesitancy in accommodating him when he needs help.

We welcome the farmer's account. We insure him absolute safety for his funds and we render him special services in many ways.

The platform on which the water tank is placed at Gattlin & Geeslin's was badly damaged by fire Wednesday morning. The fire was started around the water pipe leading from the tank in an endeavor to thaw them out and it gained considerable headway before it could be extinguished. In fact, the tower and tank would have burned and perhaps caused other damage had not Arthur McClintock, who had the tank and cut a hole in the bottom of it and let the water out onto the fire.

### CEMETERY ASSOCIATION

The Cemetery association held a meeting Thursday afternoon and re-elected the officers of the past year, which was a very wise thing to do, for they have been faithful in their duties and are doing such good and efficient work that their services are absolutely necessary to the welfare of the association. They are: Mrs. W. W. Fowler, president; Mrs. D. C. Ashley, vice president; Mrs. Henry Martin, secretary and treasurer.

It was decided that work in the cemetery would not be necessary for a few weeks and the services of the man who has been employed there will be dispensed with for a short time.

### A BOND ISSUE.

As soon as the school board settles with the tax collector the outstanding building bond will be paid and the school district will be entirely free from debt. It is proposed by the board to immediately submit a proposition to the tax papers to issue \$5000 in bonds to build an addition to the school building. The plan is to build a 2-story addition on the west end of the building to correspond with the eastern portion. Two rooms will be arranged on the lower floor and the upper portion will be used as an auditorium until the attendance at the school requires more room. The board had an estimate made of the cost of the addition and it is placed at near \$5000. Everybody knows that additional room in the school building is absolutely necessary and the board has decided that the issuance of the bonds is the best plan.

### NEGLECTED COLDS THREATEN LIFE.

"Don't trifle with a cold," is good advice for prudent men and women. It may be vital in case of a child. Proper food, good ventilation, and dry, warm clothing are the proper safeguard against colds. If they are maintained through the changeable weather of autumn, winter and spring, the chances of a surprise from ordinary colds will be slight. But the ordinary light cold will become severe if neglected, and a well established rule holds in the germs of diphtheria what honey is to the bee. The greatest menace to child life at this season of the year is the neglected cold. Whether it is a child or adult, the cold slight or severe, the very best treatment that can be adopted is to give Chamberlain's Cough Remedy. It is safe and sure. The great popularity and immediate sale of this preparation has been obtained by its remarkable cures of colds. A cold never comes in pneumonia when it is given. For sale by R. E. Clements, Druggist, Goldthwaite and Mullin.

Strain Too Great.

HUNDREDS OF GOLDTHWAITE READERS FIND IT SO.

The hustle and worry of business men. The hard work and stooping of workmen. The woman's household cares. Are too great a strain on the kidneys.

Backache, headache, sideache, Kidney troubles, urinary troubles follow.

Mrs. R. H. Hawks, of W. Adams St. Brownwood, Tex., says: "My husband has been troubled with his back and kidneys for several years. He blames the constant jarring and jolting at his work as engineer on the Frisco R. R. Probably being hurt in a railroad wreck was the beginning of it. The pains in his back have been very severe at times and have completely prostrated him. Then the kidneys secretions were irregular, too frequent and of a dark red color. Being advised to try Doan's Kidney Pills he procured a box. He is now on his second box and says Doan's Kidney Pills is the only medicine he ever got that did him any good, although he had doctored until he was tired."

Remember the name—Doan's—and take no other.

HUNTING FOR TROUBLE. "I've lived in California 20 years, and am still hunting for trouble in the way of burns, sores, wounds, boils, cuts, sprains or a case of piles that Huxley's Arnica Salve won't cure," writes Charles Walters of Alleghany, Sierra Co. No use hunting, Mr. Walters, it cures every case. Guaranteed at R. E. Clements' drug store. 25c.

TO THOSE CONCERNED. I have many unsettled notes and accounts on hand that ought to have been paid, and if you know how badly the money is needed by me you certainly would display sufficient sympathy to pay up at once. Come, make arrangements now; the papers are all in my hands and it will be to your interest financially to see me at once. Respectfully, J. D. CALAWAY.

He says: "After taking less than three bottles of Electric Bitters, I feel like one rising from the grave. My trouble is Bright's disease, in the diastolic stage. I fully believe Electric Bitters will cure me permanently, for it has already stopped the liver and bladder complications, which have troubled me for years." Guaranteed at R. E. Clements', druggist. Price only 50c.

In addition to the usual index and portraits of the presidents of the United States, rulers of other nations and flags of all nations. The Post at great expense has added an entirely new feature, it being shown on the first page of the chart with the new map of Texas.

NEIGHBORS GOT FOOLED. "I was literally coughing myself to death, and had become too weak to leave my bed and neighbors predicted that I would never leave it alive, but they got fooled, for thanks be to God I was induced to try Dr. King's New Discovery. It took just four one dollar bottles to completely cure the cough and restore me to good sound health," writes Mrs. Eva Uncaher of Grovetown, Black Co., Ind. This king of cough and cold cures, and healer of throat and lungs, is guaranteed by R. E. Clements, druggist. 50c and \$1.00. Trial bottle free.

Canton Stalk Cutter. The Canton Stalk Cutter is a simple and extra strong stalk cutter, an absolute necessity on all corn farms, and will pay for itself in time saved in a short time. The only Stalk Cutter made having a cushion spring on the hitch which absorbs all jarring between the team and the implement, and also makes it much easier for the driver. This feature alone makes it worth to pay more than any other stalk cutter made. The hitch is on the lower frame, giving a low direct pull, lightening the draft, and relieving the horses of back weight. Cylinder heads have shoulders for blades to rest against, and they cannot work loose. The drag hooks take the stalks in line, and protect the driver. The shaft does not extend through the cylinder, and trash cannot clog the machine. Jackson-Hughes Company.

THE CANTON DISC PLOW. The P. & O. Canton No. 3 Disc Plow is unrivaled in strength. It has all the adjustments necessary for all conditions under which a disc plow must work. The controlling rod regulates the rear wheel, the course of the plow can be changed without stopping the team, and the rear wheel is not influenced by the movement of the team or irregularities of the land. The width of the furrow is fixed by the front wheel wheel lever. The scraper can be set to any desired pitch or angle and is a positive disc cleaner. It also assists in cleaning the furrow properly. The disc is built-bearing and dust-proof and revolves freely from the slightest contact with the ground. The hitch is superior to anything of the kind ever devised. We guarantee this hitch as the only one by which four horses can walk abreast with three on lead and one in the furrow, with absolutely no side draft. It is an equalizer under all circumstances. The wheels have large oil-carrying capacity, and are equipped with dust-proof removable grease cups and screw caps. The levers are always within easy reach from the seat, and are counter-balanced. The standing cutter is furnished as an attachment and can be automatically raised when not needed. Cuts from 10 to 16 inches, 33 1/3 per cent more than any other with the same team. This is sure also worth more than the price of the plow. Don't be deceived, but buy the Canton. It has been the best disc plow on the market since the plow was invented. It is the strongest, most durable, and will cut the roughest and hardest ground without straining. JACKSON-HUGHES CO.

SUCCESSFUL PLOWING. Can always be accomplished, in all sections and under all conditions, by the Success Plow. It is a flawless plow that will last a lifetime. It has been on the market for years, has been tried and proved, and is, beyond question, the simplest, most perfect and most popular riding plow of its class now in use. THE P. & O. CANTON SUCCESS PLOW. In the best and cheapest plow for the following reasons: It does the same work as plows that cost great deal more. It costs less than other riding plows because it is made of fewer parts. On account of its having fewer parts it won't get out of order. Flows get out of order because they are complicated. The Success isn't complicated—it's very simple. A plow that won't get out of order is what you want, isn't it? You would call such a plow strong and durable. That's why the Success Plow is named "SUCCESS". Being less expensive than others, doing first-class work, possessing the essential qualities of strength and durability, the Success deserves all we claim for it. That is why it is the cheapest. The best is always the cheapest. JACKSON-HUGHES COMPANY. Equipped with the best bottom made, adjustable front axle, dust-proof removable wheel housing, adjustable rear wheel, easily set for any depth, works equally well with large or small horses; light draft and easily operated—a perfect plow.
