MILTON.

W. W. Lynch is at home again from Hamlin, where he and Mark Logan are getting a big business in land.

Prof. Lane was selected as conductor of the summer normal to be held at Comanche and Miss Bessie Shock of our school is to have charge of the primary work.

Jim and John Eidson this week bought of C. Baker and Joe E. William a lot on the south side of the square, 25x140 feet for \$2100. It is the lot on which Murphree (Kinsey law and land office is situated.

The fire alarm was sounded last Saturday night about midnight, and our people were awakened from their peaceful slumbers to find the blaze shooting up from the bar end of the Col. Freeman two-story stone building on the northeast corner of the square. The building was occupied on the lower floor by E. C. Driske's furniture house.

On the second floor were the offices of Warren & McKenzie and Frenck's photograph gallery. Efforts were at once directed toward saving the furniture stock of Mr. Driske, and a large part of it was taken out before the smoke or fire drove the rescuers from the building. The

adjoining building, also of stone, and belonging to Col. Freeman, was unoccupied, and it quickly fell a prey to the flames. Still further to the south and adjoining was the new building just being constructed by C. K. Bullard. Fears were felt that it too was doomed, but the wind being in the southeast, it escaped without damage.—Herald.

COMANCHE

A. P. Carson and wife of Santa Clara, California, are visiting their son, Dr. J. W. Carson. This was an unexpected and agreeable surprise, since the doctor and his wife were preparing to visit his father some time soon, neither knowing the others intended visiting.

Tuesday morning at 3 o'clock

Good rains have fallen in this county this week and crop prospects are improving every day. Some damage was done to corn by hail Tuesday afternoon and some fruit was knocked from the trees, but the damage was light in every case. While the people here are not complaining because of too much rain, they would like to see a few weeks of dry weather, to give the farmers time to do some much needed work in the fields.

The promoter of the oil mill for this place has written to some of the business men here that he expects to begin operations soon. The plans for securing the Chautauqua here for the time being has been referred to a committee from the Confederate camp, and after discussing the matter thoroughly it was decided to reject the proposition. The association wanted \$300 and expenses for the seven days entertainment, and the committee from the camp thought the amount too high.

Anderson. The graduates were Kenneth Applewhite, George Gartman, Floyd Mullan, Misses Kate Bowden, Eunice Hamilton, Chloe Hudson, Bessie Hutchings and Edna Driskill.

Letter to J. W. Butz.

Goldthwaite.

Dear Sir: If we sell Devco to paint your town, your road won't have so much freight to handle.

It takes 10 gallons to paint a fair-size house, and that house won't want painting again for 5 or 10 years. That's true in a way; but people, you know, rather like fresh paint, and they paint for nothing but looks sometimes.

That house would take 12 or 13 gallons of almost any other paint than Devco, and would have to be painted again in half that time. Ten years is a very long time for a paint to wear; and five isn't short.

Which makes the most freight, a 10 or 20-gallon paint? 5 or 10 year-paint? But the 10-gallon paint is the 10-year paint; and the 20-gallon paint is the 5-year paint. Which makes the most freight?

Ask your paint-dealer which he'd rather sell, and which he could sell most of. Ask your painter which he'd rather paint; whether good or bad paint is good for his business; which is good paint, the 10 or 15-gallon paint; which pays most wages. Which will you buy yourself, the 10-gallon 10-year, or 20-gallon 5-year, paint? Yours truly

F. W. DEVCO & Co.

P.S.—J.D. Urquhart sells our paint.

Ice Cream Supper.

The Ice Cream supper given by Mrs. B. A. Harris Sunday school class Wednesday afternoon and evening was a decided success and the receipts were gratifying. The sale of popcorn, peanuts, etc., was larger than was expected and more could have been sold had not the stock exhausted. The social feature of the occasion was also much enjoyed and everybody felt that they got full value for what they spent in patronizing the class in the laudable undertaking. The money will be used to help buy a carpet for the Baptist church.

PROPOSED AMENDMENT TO THE STATE CONSTITUTION PROVIDING FOR THE ESTABLISHMENT OF A HOME FOR CONFEDERATE WIDOWS.

And also grant aid to the establishment and maintenance of a home for said soldiers and sailors, their wives and widows and women who aided in the Confederacy, under such regulations and limitations as may be provided by law; provided the grant to aid said home shall not exceed one hundred and fifty thousand dollars for any one year, and no inmate of said homes shall be entitled to any other aid from the state; the legislature may provide for husband and wife to remain together in the home; and provided further, that the provisions of this section shall not be construed to prevent the grant of aid in case of public calamity.

PROPOSED AMENDMENT TO THE STATE CONSTITUTION PROVIDING FOR THE CREATION OF IMPROVEMENT DISTRICTS IN CERTAIN CITIES.

Joint resolution amending Section 9, of Article 8, of the constitution of the state of Texas, providing for the creation of improvement districts in cities of more than five thousand inhabitants, and charging the cost of certain improvements made therein against the abutting property.

Section 1. Be it resolved by the legislature of the state of Texas: That Section 9 of Article 8 of the constitution of the state of Texas, be so amended as to hereafter read as follows:

Sec. 9. The state tax on property, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of public free schools, shall never exceed thirty-five cents on the one hundred dollars valuation; and no county, city or town shall levy more than twenty-five cents for city or county purposes, and not exceeding fifteen cents for roads and bridges and not exceeding fifteen cents to pay jurors, on the one hundred dollars valuation, except for payment of debts incurred prior to the adoption of the amendment September 25, A. D. 1883, and for the erection of public buildings, streets, sewers, water works and other permanent improvements, not to exceed twenty-five cents on the one hundred dollars valuation, in any one year, and except as is in this constitution otherwise provided; and the legislature may also authorize an additional annual ad valorem tax to be levied and collected for the further maintenance of the public roads; provided, that a majority of the qualified property tax paying voters of the county voting at an election to be held for that purpose shall vote such tax, not to exceed fifteen cents on the one hundred dollars valuation, of the property subject to taxation in such county. And the legislature may pass local laws for the maintenance of the public roads and highways, without the local notice required for special or local laws.

In addition to the foregoing, cities of more than five thousand inhabitants may lay out within their corporate limits, improvement districts in which they, by and with the consent of a majority of the tax payers owning real estate therein, may build sidewalks and charge the cost thereof against the abutting property, and may build sewers and pave streets and charge one-third of the cost thereof against the abutting property on either side of the streets upon which such improvements are made in such district, and the amount charged against all such abutting property, shall be deemed and held to be a tax against and a lien upon such abutting property, and the legislature is required to enact laws prescribing the means for ascertaining the amount properly chargeable against each parcel of abutting property, and providing for the enforcement of its collection.

Sec. 2. The governor is hereby directed to issue the necessary proclamation for submitting this amendment to the constitution to the qualified voters of the state of Texas on the first Tuesday in August, A. D. 1907, at which election all voters favoring this amendment shall have written or printed on their ballots: "For the amendment to Section 9 of Article 8 of the constitution, permitting property owners in cities of more than five thousand inhabitants to create improvement districts, one-third the cost of which to be charged against abutting property on either side of the street." And the voters opposed to said amendment shall have written or printed on their ballots the following: "Against the amendment to Section 9 of Article 8 of the constitution, permitting property owners in cities of more than five thousand inhabitants to create improvement districts, one-third the cost of which to be charged against abutting property on either side of the street."

Sec. 3. The lateness in the session, the crowded condition of the calendar of both houses, and the importance of this proposed amendment, create an emergency and an imperative public necessity demanding that the constitutional rule, and Senate Rule No. 37, requiring bills to be read on three several days be suspended, and the same are hereby suspended. [A true copy.] L. T. DASHIELL, Secretary of State.

Relief From Rheumatic Pains.

"I suffered with rheumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Balm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by K. E. Clements, druggist, Goldthwaite and Mullin, Texas.

Sale Of Liquor Enjoined.

This week an injunction was served on the keepers of the clubs here forbidding them unlawfully storing or selling intoxicating liquors. The officers made a search of the clubs and secured a small amount of liquor. There were a number of indictments returned by the last grand jury charging the sale of liquor in this city and the cases are to be tried next week in the county court. It is understood that Attorney Rice of Brownwood will assist County Attorney Pribble in the prosecution of these cases and the outcome is awaited with interest.
 The new law which allows the granting of injunctions against the sale of whiskey in prohibition precincts and allows the officers to search the premises where it is supposed that liquor is kept for sale, has already become effective and the one placing \$3000 tax on the keepers of "Ino" and kindred joints will go into effect in July. Hereafter the law is mighty and is to be obeyed, as the pe violation is seyer.

Confederate Meeting.

Jeff Davis camp of Confederate veterans met in regular monthly session in the court house last Saturday and transacted routine business and appointed a committee to ascertain which would be the best route for those who go to the reunion at Richmond.
 A committee was also appointed to investigate the proposition for a chautauqua here during the reunion and to set the time for the county reunion. This committee met at the Eagle office Wednesday afternoon and decided to abandon the idea of arranging for the chautauqua and fixed the time for holding the reunion for July 2, 3, 4, 5, 6.

The adjutant was instructed to invite the following speakers for the occasion: Jno J. Cox, C. H. Jenkins, W. H. Browning, Judge Clarence Martin, Hon. Jas. L. Slayden, Judge Woodward of Coleman, Col. G. I. Goodwin, Rev. John Hudson, Rev. Bently, Hon. Joe Frazer Brown and Representative Gaines of Comanche.
