LIKE SPRING SHOWERS THEY ARE COMING DAILY NOW !

Big shipment of Spring Goods. Those new white striped waistings "make up" into enchantingly beautiful spring waists. The very thing to wear now with a new voile skirt. Madam Fashion has decreed that the satin-fold trimmed skirt is ultra smart. We have as usual, the most complete line of ready-to-wear skirts in the town. Not only voiles, but panamas in black grey and brown. Our buyer is now in St. Louis and expects to visit the "Paris of America"—New York. His excellent taste, combined with long years experience in buying, enables him to select the best in quality and style.

Hats will soon begin to arrive. These will be the newest creations of artists. New in color, in shape and workmanship. Do not select your hat till you have had a look at ours. Belts and Bags—The newest things in belts, bags and collars, known in the east as "The Merry Widow." Here in all the modish colors and shapes.

One of the most essential features of clothing is style. It is not put into clothes like starch in a collar. It is not added to the garments when they are nearing completion. Style is built into clothes from the very start, from the chalk lines on the cloth before the shears start their work and goes hand-in-hand with every operation in clothes-making to the last stitch.

Spero Michael & Son's clothes have real style, and also the other necessary accompaniments, excellent materials, high grade workmanship and splendid qualities. We show a surprising assortment of spring styles in all the modish fabrics and colors. For men and young men.

Editor Eagle:
As our scribble sent in last week showed up in print, we feel encouraged to write again.

The health of this community is very good.

Miss Fannie Belle Weatherby, who has been crippled for some time, caused by getting a fall at school is improving slowly, but we hope the time will speedily come when she will be able to resume her studies.

J. P. Goodwin and family, who have been visiting in Oklahoma and north Texas for several months, have returned.

Our hearts were indeed made sad to learn of the death of Y. L. Boulter, better known to us as Uncle Young, which took place in New Mexico a few days ago. He was a citizen of our community for about thirty-one years.

We have had one of the finest rains of the year since last Sunday.

Most farmers are through planting corn.

Oats and wheat are very promising, and especially that part sowed in the fall.

Stock have wintered fine in these parts.

Our literary was well attended last Saturday night. Norman and Walter Weatherby and Mr. Nailer furnished us with some fine music and we hope they will come again.

Mr. and Mrs. J. B. F. Wigley attended church at Live Oak last Saturday and Sunday.

Walker Wigley was out buying cattle last week, but there is surely something wrong with either the cattle or the buyer for the price is low to what it was last year.

T. S. Dallis and family of Priddy visited the families of J. W. Dallis and Mrs. Dannelly of this community Sunday.

Walker Wigley has been disabled for work this week on account of a crippled hand.

Well, we decided to send into Eagle a budget of news.

Corn planting is the order of the day.

The splendid rains that have recently fallen places the farmers in a confidential attitude of a prospective crop for this year.

The small grain crops were never so promising heretofore.

Health in our community is not very good. We hear of several cases of lagrippe.

Henry Blackburn has been real sick for several days, but we are glad to hear he is improving.

RUBEN.

Rock Springs.

Editor Eagle:
We feel that our neighborhood should be represented in our county Bird.

We have had a fine rain this week and are glad that it did not freeze to injure the fruit. The poor old cows are getting weeds and some grass already. It is a blessing to stock that spring is early this year, owing to the scarcity of feed.

The farmers planted corn last week. Some have corn up. Vegetables are coming up and our friers are in the coops. The farmers are hopeful and cheerful in our section, we could not be other wise.

This neighborhood believes in pure bred chickens. There are yards of barred rocks, brown leghorns, white wyandotte and some Rhode Island reds.

The grip has about given us up, but for a few weeks we had quite a lot of sickness.

Our school is progressing nicely under the able management of Miss Lillian Lewis. The third of April will complete our

six months school, but school probably will continue another month. The patrons are much pleased with the advancement the scholars have made this term.

Say, why can't we have literary society at Rock Springs and get surrounding neighborhoods to help us. Now is the time when people are interested in upbuilding. A literary will cause as much interest as a Christmas tree.

Miss Iva Marlor of Shaw Bend spent last week with her uncle J. M. Traylor.

John W. Robert's made a trip down on the river last week.

Mrs. Charley Stark and Mrs. Morris were visitors at school Friday evening.

To the Citizens of Mills County.

With such ability as I possess I have served you in the house of representatives for six years, two terms in the 94th and one in the 95th district.

I did not desire to be returned to the 31st legislature, as many of you know, but yielding to solicitation I announced for reelection. Editor Eagle:

As spring has come with all of its grandeur and the frowning autumn has past and gone and every body seems refreshed to see beautiful flowers and to hear the singing birds making sweet melody. A nice rain is falling at present.

Farmers have been very busy planting corn and gardening.

We have been having a great deal of sickness, but most of them have recovered. Among those that were sick were Mrs. Edith McQuerty and the little daughter of Mr. E. P. Shelton, who is still very sick.

Bad weather prevented preaching at this place. Rev. G. W. Templin preaches every second Sunday and the people of this place invited Brother Hays' of Trigger Mountain to come back and preach again for them.

DEAR SOUL.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and indigestion as real diseases, yet they are symptoms only of a certain specific nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

And for further cause of action herein plaintiff alleges that he and those whose estate he has, claiming the same under deeds duly registered in the office of the County Clerk of Mills county on the dates hereinbefore alleged, has had peaceable, continuous and adverse possession of the land and tenements claimed and described in plaintiffs petition, cultivating, using and enjoying the same, and paying all taxes due thereon for a period of more than five years next after defendants cause of action accrued if any, and before the commencement of this suit and this he is ready to verify.

Plaintiff further says that the exact nature and extent and character of the defendants claim to the above described two tracts of land is unknown to the plaintiff except that he understands that they claim an undivided one half (1/2) interest therein. Wherefore premises considered, plaintiff prays that defendants be cited to answer this petition, that upon hearing hereof that he have judgment for title and possession of the above described land, and the cloud cast upon the title of the plaintiff by reason of the claim of the defendants be removed, cancelled and held for naught, that they be perpetually enjoined from claiming or asserting any further claim or title to said land, that plaintiff be quieted in his title and possession thereof and for cost of suit and for such other relief to which he may be entitled in law or equity.

Herein fail not, but have you before said court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Many Sleepless Nights, Owing to a Persistent Cough. Relief Found at Last.

"For several winters past my wife has been troubled with a most persistent and disagreeable cough, which invariably extended over a period of several weeks and caused her many sleepless nights," writes Will J. Hayner, editor of the Burley, Colorado, Bulletin. "Various remedies were tried each year, with no beneficial results. In November last the cough again put in appearance and my wife, acting on the suggestion of a friend, purchased a bottle of Chamberlain's Cough Remedy. The result was indeed marvelous. After three doses the cough entirely disappeared and has not manifested itself since." This remedy is for sale by R. E. Clement's drug store, Goldthwaite and Mullin, Texas.

Editor Eagle:

As our scribble sent in last week showed up in print, we feel encouraged to write again.

The health of this community is very good.

Miss Fannie Belle Weatherby, who has been crippled for some time, caused by getting a fall at school is improving slowly, but we hope the time will speedily come when she will be able to resume her studies.

J. P. Goodwin and family, who have been visiting in Oklahoma and north Texas for several months, have returned.

Our hearts were indeed made sad to learn of the death of Y. L. Boulter, better known to us as Uncle Young, which took place in New Mexico a few days ago. He was a citizen of our community for about thirty-one years.

We have had one of the finest rains of the year since last Sunday.

Most farmers are through planting corn.

Oats and wheat are very promising, and especially that part sowed in the fall.

Stock have wintered fine in these parts.

Our literary was well attended last Saturday night. Norman and Walter Weatherby and Mr. Nailer furnished us with some fine music and we hope they will come again.

Mr. and Mrs. J. B. F. Wigley attended church at Live Oak last Saturday and Sunday.

Walker Wigley was out buying cattle last week, but there is surely something wrong with either the cattle or the buyer for the price is low to what it was last year.

T. S. Dellis and family of Priddy visited the families of J. W. Dellis and Mrs. Dannelly of this community Sunday.

Walker Wigley has been disabled for work this week on account of a crippled hand.

Editor Eagle:

Well, we decided to send into Eaglecom a budget of news.

Corn planting is the order of the day.

The splendid rains that have recently fallen places the farmers in a confidential attitude of a prospective crop for this year.

The small grain crops were never so promising heretofore.

Health in our community is not very good. We hear of several cases of lagrippe.

Henry Blackburn has been real sick for several days, but we are glad to hear he is improving.

Rock Springs.

Editor Eagle:

We feel that our neighborhood should be represented in our county Bird.

We have had a fine rain this week and are glad that it did not freeze to injure the fruit. The poor old cows are getting weeds and some grass already. It is a blessing to stock that spring is early this year, owing to the scarcity of feed.

The farmers planted corn last week. Some have corn up. Vegetables are coming up and our friers are in the coops. The farmers are hopeful and cheerful in our section, we could not be other wise.

This neighborhood believes in pure bred chickens. There are yards of barred rocks, brown leg-horns, white wyandotte and some Rhode Island reds.

The grip has about given us up, but for a few weeks we had quite a lot of sickness.

Our school is progressing nicely under the able management of Miss Lillian Lewis. The third of April will complete our

six months school, but school probably will continue another month. The patrons are much pleased with the advancement the scholars have made this term.

Say, why can't we have literary society at Rock Springs and get surrounding neighborhoods to help us. Now is the time while people are interested in upbuilding. A literary will cause as much interest as a Christmas tree.

Miss Iva Marlor of Shaw Bend spent last week with her uncle J. M. Traylor.

John W. Rober's made a trip down on the river last week.

Mrs. Charley Stark and Mrs. Morris were visitors at school Friday evening.

Mr. Clements Withdraws.

To the Citizens of Mills County.
With such ability as I possess I have served you in the house of representatives for six years, two terms in the 94th and one in the 87th district.

I did not desire to be returned to the 31st legislature, as many of you know, but yielding to solicitation I announced for reelection. After mature deliberation, however, I withdraw from the race for the reason that I can not afford the time and money necessary to making the canvass and serving you in Austin, should I be elected.

I appreciate very much the honors conferred on me in the past, and hope I may continue to merit your confidence in the future, while doing my duty in the ranks.

Regretting thus to disappoint my partial friends.

I am yours truly,

DEAR SOUL.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.
It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Restorative—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had. For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend.

Poultry.

I have a beautiful lot of Ringlet Barred Rocks, raised from a pair of winners last year. I am offering eggs from these birds at \$1.50 for 15. Also a nice lot of winners in single comb Brown Leghorns. They are layers and have never been defeated in the show room, eggs \$1.50 for 15. Plenty of White Pekin duck eggs at \$1.00 for 13. These have won first prize at Temple, Lampasas and Comanche, the only places shown. If interested in fine poultry see me. I will take common chickens and eggs or feed stuff in exchange at market prices, for eggs, if you haven't the money to spare.

Many Sleepless Nights, Owing to a Persistent Cough. Relief Found at Last.

"For several winters past my wife has been troubled with a most persistent and disagreeable cough, which invariably extended over a period of several weeks and caused her many sleepless nights," writes Will J. Hayner, editor of the *Burley, Colorado, Bulletin*. "Various remedies were tried each year, with no beneficial results. In November last the cough again put in appearance and my wife, acting on the suggestion of a friend, purchased a bottle of Chamberlain's Cough Remedy. The result was indeed marvellous. After three doses the cough entirely disappeared and has not manifested itself since." This remedy is for sale by R. E. Clement's drug store, Goldthwaite and Mullin, Texas.

The rain the first of the week was general over the state.

A state prohibition campaign is being inaugurated in Louisiana.

A movement has been inaugurated for the formation of a new county out of portions of Wood, Upshur and Smith counties.

Hamilton county gave a small majority against prohibition in the election last Saturday. The same day Ward county went dry by a vote of 2 to 1.

A man claiming to be the oldest Confederate veteran in the South died at his home in South Carolina Sunday. His name was Owen Priestler and he was 105 years of age.

Reports to the commissioner of agriculture at Austin show that 12,465 bales of cotton were ginned in Texas in the month of February and 1,815,544 bales ginned in the state this season.

The federal government has arranged to take charge of the marine quarantine stations at the Texas ports and is to institute the service at once.

A negro who made a murderous assault upon a white man at Navasota last Saturday was taken from the calaboose that night and hung on a telephone post.

Otto W. Steffins died at Abilene Tuesday. He was vice-president of a bank in Abilene that failed a few years ago and he was convicted jointly with the president with misappropriating the funds. The case was affirmed by the federal court at New Orleans a few days ago. He formerly lived in Brownwood.

The state Democratic conference held in Waco last Saturday was attended by a large number of delegates from all parts of the state. Several special trains were run to Waco on account of the conference and the attendance was estimated at from 2500 to 3500. Candidates for delegates at large were nominated and it was planned to open the campaign in Fort Worth tonight.

Most of the Texas weeklies are endeavoring to keep the Bailey matter out of local politics and their efforts should be commended. No good can come of bringing the matter into our county campaign for the county and precinct officers certainly have nothing to do with the matters. Let us look to the fitness of the candidates to fill the places to which they aspire, regardless of how they stand on the Bailey question.

The following would not be out of place in many a man's hat and some women's too—as a reminder of their duty when they are inclined to speak ill of a woman's character. Remember this, my fellow, be careful what you say of women's character. Think how many years she has been building it, of toil and privation endured, of wounds received, and let no suspicion follow her actions. The purity of the woman is the salvation of the race, the hope of future greatness, and the redemption of man. Without her purity man sinks beneath the wave of despair with not a star to guide his life into a channel of safety. Think, then before you speak and remember that the commonest swine can root up the fairest flower that ever grew.—Ex.

Editor Eagle:

This delightful spring like eve, I thrust aside all other care and indulge for a few moments in a pleasant chat with the Eagle.

Once more the blustering treacherous month of March is with us. The beaching buds have begun to appear and the earth has taken on a carpet of the most beautiful tints of green.

Am glad to say Will Braker, who has been confined to his room for several weeks as a victim of lagrippe, is now improving. His father Mr. August Braker, sr., of Taylor, Texas, was called to his bedside during his extreme illness, but returned home one day last week.

Tom Priddy, jr. has been unable to work for three weeks as a result of cutting his foot with an axe, but is improving now and will no doubt be about again soon.

Mrs. W. J. Hopper was reported to have been quite sick last week.

Our school is evidently moving forward with proficiency.

Miss Dona Willis spent a few days visiting at Democrat last week.

Mrs. Chas. Pfleger is contemplating a visit to her daughter Miss Annie, who is attending school at San Antonio, in a few days.

Lon Willis is now attending school at Becker mountain.

W. A. Evans Drowned.

Mr. W. A. Evans was found dead in the Bob Evans tank, about four miles south of the city late Friday afternoon, and his remains were viewed by the coroner and afterwards brought to A. F. Grant's residence in this city, from which place the funeral took place Saturday

Mr. J. F. Bull and his son were riding by the tank, which is in their pasture, when they discovered the body in the water and at once brought the news to town. Mr. Evans had gone to the place to fish Wednesday and a small string of fish was found on the bank. His face was buried in the mud and the water was not deep enough to cover his body. It is evident that he fell in face foremost and was drowned. There were \$17 in his pocket when the body was found and no marks of violence upon his body, which makes it certain that it was simply a case of heart failure or some other attack and falling in the water he was drowned.

Mr. Evans had lived in this town a long time and was well known to the people. He was engaged in the grocery business for several years, but of late years he has worked at the rock mason trade. He had a great many friends, was a member of the Methodist church and the order of Knights of Pythias.

About Watches.

While these statements refer to watches in particular, same will apply to our regular line of Jewelry, Silverware, etc. When it comes to buying a watch or piece of Jewelry, its not like buying a piece of calico that you are perfectly familiar with, you go to buy a watch you want a good one and you depend upon the Jeweler. I will say right here that your interest and mine are identical, its to my interest to give you the best. I had rather miss a sale than sell you an unsatisfactory watch. I am here to stay and I want your business not for one time but all the time. If you are contemplating purchasing a watch or piece of jewelry come to see me and I will give you the very best that money can buy and a guarantee of satisfaction. No one but a practical watch maker can point out to you the good and weak points in the make up of a watch and give you the kind best suited to the use it will receive. Come in and let us talk watch together. We will give you the advantage of our many years of practical experience in handling watches. L. E. MILLER, The Jeweler.

Letter to James Rahl.

Goldthwaite, Texas.
Dear Sir: Ten years ago there was one pure paint and 200 adulterated; there are now eight pure, 200 adulterated, about half of the latter short-measure besides.

There is still but one best, and the difference in ten gallons Devco goes as far as eleven next-best—\$5—in every ten gallons.

A new word has come-up in paint; it is strong. Strong paint goes further and wears longer; weak paint takes more gallons and wears-out sooner.

The proper cost of a 10-gallon job is \$50. Paint that takes 11 gallons makes it \$55. Paint that takes 12 gallons makes it \$60. Paint that takes 13 gallons makes it \$65. Paint that takes 20 gallons makes it \$100.

The \$50 job wears twice as long as the \$100. These figures are not precise; they are round. The 10-gallon paint is Devco. Yours truly,

Good For Everybody.

Mr. Norman R. Coulter, a prominent architect, in the Delbert Building, San Francisco, says: "I fully endorse all that has been said of Electric Bitters as a tonic medicine. It is good for everybody. It corrects stomach, liver and kidney disorders in a prompt and efficient manner and builds up the system." Electric Bitters is the best spring medicine ever sold over a druggist's counter; as a blood purifier it is unequalled. 50c. at R. E. Clements' drug store.

Summer Normal Institute.

We are glad to announce that application has been made to the State Superintendent of Public Instruction for a Summer Normal to be held in Goldthwaite, to begin June 1, and continue until July 4.

Prof. R. F. Williams of Mullin has been selected conductor, to be assisted by Prof. C. H. Miller, Miss Flora Jatin and Mrs. R. F. Williams. Every teacher in the county should do all in his or her power to build up the educational interest in our own county; and the best way to do this is to have a good Normal in the county. If you are for Mills county, show your hand by doing all in your power to make the Normal a success.

Some people think that there is no good to be derived from anything had or held at home; that you must leave home to find true worth or merit. This is a grave mistake. "We get out of a thing just what we put into it;" and if this is true why can we not put just as much work into a Normal here as any where else. Let us as teachers rally to the Normal and do all in our power for the success of the Normal, and it will be a great success. TEACHER.

Lloyd Watson Killed.

News reached here last Sunday that Lloyd Watson had been killed by falling from a high cliff on an island off the coast of California. He was stenographer at a summer resort on the island and was out for a walk and fell a distance of 1200 feet or more and remained several days before he was found. The following letter from his brother Hugh to their parents gives a complete account. Hugh's home is at Clifton, Arizona, and he was notified of the accident and immediately went to that place and arranged for the burial. Lloyd left here about seven years ago and is well and kindly remembered here.

THE LETTER.

Los Angeles, Calif., March 8, 1908.
H. A. Watson, Goldthwaite, Texas.
DEAR FATHER:—You have gotten my wires before this, I suppose, although you don't seem to have replied.

On the 3rd of this month I received a wire from Catalina Island, saying Lloyd had been missing since 1st, but could learn none of the particulars so came out on 5th, reaching here next day. Had to lay over here until Saturday, when went out to island by steamer.

Of course it is hard to tell you what I am going to, but it has to be done if you want the truth. When I reached Avalon they had recovered his body from a ledge, he having fallen a great distance. You see he had gone out for a walk and had strolled into what they call the "Devil's Pocket" and instead of waiting until someone found him, he had attempted to climb out. They tell me it is impossible to get out of that place without help from the outside, but it is supposed he did not know that, with the result that he fell, and in falling lost his life. It was necessary to use a launch and 1800 feet of rope to recover his body, and three men risked their lives in the work.

I brought him over here and will bury him in Rosedale cemetery tomorrow at 10:30. I was going to bring him home, but you see cremation would be imperative and I think you had rather he was buried here, for I have bought a plot in a beautiful place, and it is what they call a perpetual grave, the city guaranteeing to tend it always. I want you and mama to know that he is in one of the prettiest places in the world, and that the place will always be taken care of. If you should desire to move the body that is your privilege at any time.

You must know that I have done everything in the power of anyone to do under the circumstances, and while I wish he could have been buried by the side of Charlie, still you must realize that it was impossible to do so.

There is no need to offer you my sympathy, for you know how I feel about it myself, for I'll tell you, Daddy, that boy was everything to me, almost. You will never know what this trip has cost me, not so much financially, but what I mean is the agony of the thing.

They tell me he was the most popular man on the island, and I surely believe it from the way I was treated over there. The entire population was out those long days hunting him, while business was suspended. I have some friends in this place who will help me at funeral tomorrow. Of course everything is in charge of the undertaker, but they will go with me to the cemetery.

I hope you all will not take it too hard, and just remember that no effort or expense has been spared since the accident. I will not put up a headstone now, for I do not know if you will desire to leave body here.

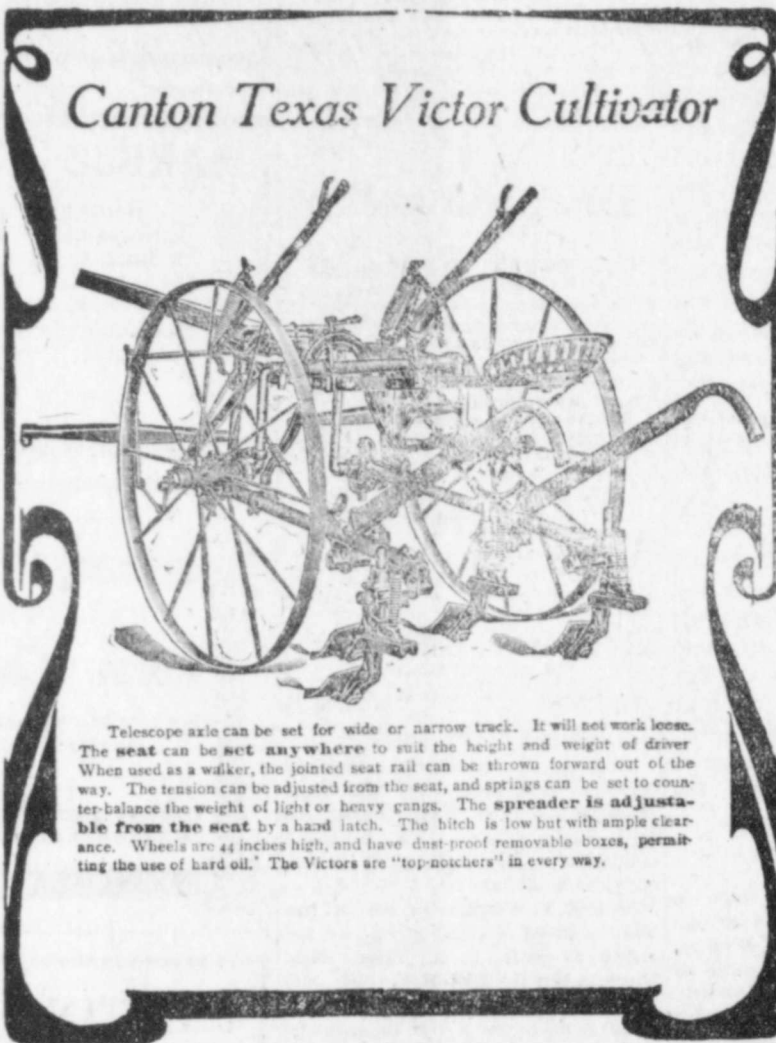

Goodbye, H. M. WATSON.

JACKSON-HUGHES CO.

City Campaign.

The city campaign has become somewhat interesting and the friends of the gentlemen named herewith have announced them for the offices named:

J. H. Randolph has been engaged in the lumber business here for a long time and is one of the leading men of the community. As mayor he would reflect credit upon the city and he believes in a progressive administration.

Leonard Doughty has agreed to serve a second term as city attorney and the citizens of Goldthwaite may well congratulate themselves upon his acceptance. Few cities in Texas have so able an attorney as Mr. Doughty to attend to their legal business.

The five gentlemen proposed for members of the city council are all progressive men and property owners who want the town to grow and prosper. They are Messrs. J. H. Kelly, J. H. Saylor, Jas. Rahl, W. D. Marshall and W. P. McCollough. These gentlemen all believe in a progressive administration and if they are elected they intend to look after the town's every interest carefully and to make improvements wherever necessary and possible. They are all men of high standing and the people have full confidence in them.

(Intended for last week.)

Mr. Editor, for fear some of your readers don't know where Lookout school house is at, I will tell. It is about fifteen miles northeast of Goldthwaite on the Pottsville road, in the edge of Hamilton county. The community embraces a part of Mills and is composed of as clever people as you will find in Mills county and room for more good, "git up and git around" people. S. J.

courteous gentleman and would
make a first rate county judge.
In fact, he can "make good" in
any position where ability and
integrity count.

Joe Hinton Killed.

The following account of the
killing of Joe Hinton is taken
from the Arizona Silver Belt.
The young man and his parents
lived in Big Valley a few years
ago and the news of his untimely
end was received with sorrow by
many friends in this county. He
was a nephew of Mr. J. T. Rob-
ertson of North Brown communi-
ty.

THE KILLING.

Fort Thomas, Arizona, March 2—
Joe Hinton, the 19-year-old son of
Sam H. Hinton, was shot and instantly
killed last night at 8 o'clock by his
brother-in-law, Virgil K. McKuen.

McKuen went out to the corral in
the rear of his home last evening to
see that everything was in shape be-
fore retiring, and hearing a suspi-
cious noise in the vicinity of the
chicken house he went back to the
house and got his shotgun. Return-
ing he saw the form of a man moving
about in the bogpen and called out,
demanding to know who was there.
There was no response after McKuen
had threatened several times to shoot
and he took chance shot at the
chicken house door. He called again
to the man to disclose his identity or
he would shoot to kill. Still he got
no reply. McKuen walked up to the
bogpen, looked into the enclosure and
saw a man crouching in the corner.
He stepped back six or eight feet and
fired directly at the crouching figure
through the fence.

Hinton partially regained his feet
and crying out, "Virgil, you have
killed me," he fell dead.

The inquest was held today and
McKuen was exonerated, the verdict
being justifiable homicide. The only
solution to Hinton's strange behavior
was that he was trying to play a joke
on McKuen.

The affair has cast a gloom over the
entire community as Joe was well
known and highly thought of, as is
his brother-in-law.

The funeral was held today and
was largely attended. Interment
was made at Goodwin.

Mrs. Alma Adams Dead.

Mrs. Alma Adams died at the
home of her father, Mr. J. B.
Burroughs, in this city at an
early hour yesterday morning,
after a long illness. She was
reared in this city and has a
great many friends who grieve
with the family because of her
death, and especially does their
sympathy extend to the two little
one, who are bereft of both
father and mother. The funeral
yesterday afternoon was largely
attended by friends and acquaint-
ances of the family.

Mrs. Adams was a member of
the Home Circle and had \$1000
insurance in that order for the
benefit of her children.

Something Worth Thinking About.

There is nothing that will spoil your
watch quicker than dirt and old
rancid oil. Cleanliness and caution
is economy in a timepiece. The deli-
cate parts doing indescribable work
will soon wear themselves to ruin if
permitted to run in accumulating dirt
and without oil. Take proper care of
your watch and you will get better
service from it. If ailing in any way
bring it to our hospital for sick
watches and clocks, where they can
be specially restored to health and a
cure guaranteed. L. E. MILLER,
