Palm and Pine.

(Adapted from the German of Heine.)

In the north a lonely pine tree  
Stands on a hill of snow,  
And over his white-swathed slumber  
The frozen north winds go.

He dreams of a tender palm tree  
In a far fair southern land,  
Longing toward his longing,  
From the burning sun and sand.

It is understood that the business of the Waters-Pierce Oil Co. is to be turned over to the receiver appointed by the state court. The judgment of the Texas court ousting the company from the state and imposing a heavy penalty for violating the anti-trust law having been affirmed by the United States supreme court, the company is preparing to obey the mandate of the court.

The submission of the prohibition amendment by the present legislature seems unlikely at this time. Well informed anti-prohibitionists admit that the members of the senate who prevent the submission of the amendment are injuring their cause and their action will be decidedly beneficial to the cause of state-wide prohibition two years hence.

While away among strangers it was helpful to hear of your interest in our welfare. Our stay was very profitable to me on account of the association with some of the best medical men in the world in their work at the John Hopkins Hospital.

To one and all who have had an interest in us please accept our thanks, and be assured that the rumor that has been going the usual rounds of unfortunate false reports that we have sold our home and expect to move from Goldthwaite is entirely false. We have not and do not entertain the thought of leaving Goldthwaite and my home is not for sale at all. Notwithstanding the 15 or 20 inquiries if we had already sold. I expect to stay in Goldthwaite and hope to be able to render better services to the sick who call on me than heretofore. Yours respectfully,  
 M. L. BROWN, M. D.

#### Notice to Taxpayers.

The law makes it my duty to add 10 cents on the dollar to city taxes that are not paid before the close of the present month. The tax rolls can be found at Mr. Whit Smith's office, where receipts will be issued for payments. Better pay today and save the additional 10 cents on the \$1.  
 D. Y. FOX,  
 City Tax Collector.

#### Books at Old Stand.

I have sold my grocery stock, but those who are indebted to me will find their accounts at the old stand, and I want settlement at once. Don't forget.  
 J. W. YOUNG.

#### Oil Mill Proposed.

Hillja Bros., owners of oil mills at Weimer and Hallettsville are in correspondence with Goldthwaite parties relative to the establishment of a mill at this place. A number of the people of this county are interested in having a mill established at this place and are willing and ready to encourage such an enterprise. It is likely their effort will be rewarded before another cotton season.
