XLIX
STORM AT SEA.

Muffled in their gray cloud-mantles,
As the gods above are snoring;
They are far above the tempest,
But down here the storm is roaring
Storm is roaring, winds are raging;
Ships are vainly seeking quarters;
Who could bridle such a tempest,
Or those masterless great waters?
I at least can not. The billows,
As for me, the deck may cumber.
Like the gods, I'll draw my mantle
Round my limbs, and soundly slumber.

The wakened wind in wrath pulls on
His great trunk-hose of foam;
The waves he layed his lash upon
Before him raging come.
With mighty roar the dark clouds pour
A deluge of wild rain;
The Ancient Night is laboring sore
To drown the Ancient Main.

A spectral sea-mew screams on high
Above the reeling mast;
Her harpy shriekings seem to cry
That Death rides on the blast.

The wind begins dance-music;
There's joy in the roaring flight;
The good ship leaps in answer
Hurrah! for a mad gay night!

The swelling hills of the waters
Forn with a mighty hiss;
To windward gleam their summits,
On the lee a black abyss.

And also, puking and praying
In the passenger cabin is heard.
I cling to a mast and wonder
Why I ever came aboard.

No Wear On Important Parts After 10,000 Miles.

Cadillac Thirty Valves never ground nor engine overhauled. Finishes non-stop run successfully.

A unique performance has just been completed with a Cadillac Thirty in Illinois. A thousand mile non-engine stop run to complete the first ten thousand miles covered by the car, and the disassembling of the motor, transmission and rear axle to show the practically perfect condition of the parts after running 10,000 miles.

The car has been in use in and around Tonica, Ill. since last November as a demonstrating and livery car and had received the rough usage and indifferent care which inevitably falls to the lot of cars in that service. When it had been run 9,000 miles, Rolien Travis, the owner, decided to complete the first 10,000 miles with a non-stop run.

This was successfully accomplished and when the car was disassembled, it was found that no part of the motor, transmission or rear axle had been worn to an extent discernible with naked eye. Caliper measurements of the working parts of the engine, compared with new parts that had never been used, failed to disclose any appreciable wear.

Mr. Travis says that since he has had the car he has never had the valves ground or the carbon cleaned from the cylinders; and that the engine has never given a moment's trouble, although the car has been handled, at various times, by six to eight different drivers.

Write Ed G. Haly, Brownwood, Texas, for descriptive matter of the Cadillac.

Lodge Resolutions.

With profound sorrow it becomes our duty to record the death of our beloved brother, F. M. House, who was born in what is now Boone county, Arkansas, on the 3rd day of February, 1839. He moved to San Saba county, Texas, before the war and enlisted in the Confederacy from that county and served the full term. He was married to Miss Laura Hamilton, on the 2nd day of March, 1866. He was made a Mason in Center City lodge, No. 558, December 22, 1888. Died in Goldthwaite, Texas, on September 4, 1909, and was laid to rest in Herst Ranch cemetery with Masonic honors, Past Master, P. H. Clements presiding, there to await the dawning of that great day when the earth shall give up its dead.

In the death of Brother House, Free Masonry has sustained a great loss. He was loyal to the order, ever ready to assist the needy in distress and those bound to him by social ties. He was a true Mason in every day life and could be relied on in every emergency by those dependent on him. Few Masons will be missed more than him when they depart from Center City lodge.

Resolved, that whereas, it has pleased the Supreme Architect of the Universe to remove from our midst our beloved brother, F. M. House, and whereas, the relations long cherished with our deceased brother with the members of this lodge we deem it proper that we place on our records an expression of our appreciation of him as man and Mason.

Therefore, be it resolved, that a copy of these resolutions be spread on our minutes and a copy be furnished his family and that we bow with humble submission to the will of the Supreme Architect of the Universe, who has called our brother from labor to rest.

Resolved that these resolutions be published in the Goldthwaite Eagle and the altar be draped in his mourning for 30 days

F. W. MEWSHAW KILLED

Shot to Death in Dallas by a Man from Carrollton.

F. W. Mewshaw of this city was shot and killed in Dallas Wednesday about 2:30 o'clock by A. T. Stewart, a telegraph operator of Carrollton. It is said the unwritten law will be the defense.

Mr. Mewshaw had only been a citizen of this place a few weeks, having recently acquired an interest in the Goldthwaite Mercantile Co. and assumed the management of the business. He came here from San Antonio, to which place he had gone from Carrollton early in the year. He was a good business man and a most pleasant gentleman. He was progressive and enterprising and during his short stay here made a great many friends, and his death is deplored by all who knew him here. Especially does the sympathy of the people extend to the wife and little daughter.

Mr. Mewshaw left here Tuesday night for Dallas to buy some special goods for his firm and spend a few days at the fair and it is certain he had no thought of having trouble with any one. At Dallas he met with an employe of the Hudson-Davis Co. of Carrollton, with which firm he was formerly connected, and together they visited some of the business houses where Mr. Mewshaw had purchases to make. As they approached the Davis Hat company's store the Carrollton man called attention to Stewart, who was approaching, and informed Mewshaw of threats made by Stewart. Thinking to avoid a difficulty, no doubt, Mr. Mewshaw walked up the stairway, but the man followed him and there in the presence of a number of people shot him to death. The weapon used was a 41-calibre Colt's revolver. One shot took effect in the breast and two in the thigh. All three shots entered from the front and eye-witnesses say there was not a word spoken by either.

It is evident that Mr. Mewshaw had no thought of serious trouble, for he carried no weapon and did not attempt to defend himself. Had he even known the man was following him to the second floor he could have seized him as he entered the door and thereby gained an advantage and saved his life.

A telegram to the firm here brought the news of the tragedy and Mrs. Mewshaw and little daughter, accompanied by Mrs. Sherman and Walter Weathers, left on the evening train for Dallas, where the remains were kept until yesterday, when they were carried to Garland for burial.

Mr. Mewshaw was 28 years of age. He was a son of John T. Mewshaw of the state penitentiary board and was reared in Garland.

The man who did the killing is a telegraph operator at Carrollton. He surrendered to the officers immediately after the shooting and was placed in jail. Later he was released on \$2500 bond.

Bryan-Smith.

W. T. Bryan and Miss Lillie Smith were married at the home of Rev. G. W. Templin in this city last Sunday afternoon, in the presence of a few intimate friends. Rev. Mullin.

Editor Eagle:

Sunday morning as I gazed upon the face of nature so brilliantly illuminated by the sun's bright rays and noted the gentle stillness of the day, my mind reverted to the preceding Sabbath when the wind swept with mournful cadence through the vault of nature, casting a gloom o'er the out ward world. I involuntarily exclaimed within, "How like unto human life!" I was returning from the bedside of a dear friend critically ill and was so sad that even the beautiful sunlight failed to cheer me, I realized that the changes in the outward elements were not more variable than those in our own existence. No one is exempt from suffering and distress. Wealth nor love can ward of disease and death, nor other troubles that often come up in the pathway of life, no more than it can quiet the storm that rages without. Affliction will sooner or later visit every home, the palace as well as the hovel; it is no respecter of persons. Then it behooves us to be prepared for life's vicissitudes.

Rev. W. B. Moon and father

left Monday evening for Uvalde to attend conference.

On the 17th inst Mrs. Kirkpatrick, sr, mother of M. C. Kirkpatrick, passed the ninetieth mile stone on the journey of life. The day was spent surrounded by her family and relatives. In the afternoon "The Mite Brigade" under the direction of their leader, Mrs. W. B. Moon, visited this estimable lady and with their sweet songs paid reverence to her on her natal day, presenting her with souvenirs added to which was a basket of delicious fruits. These affectionate remembrances were no doubt sweet incense to the heart of this worthy and venerable lady.

Reports from Mrs. Butts at this writing are slightly favorable. G. V. M.

MALARIAL DISEASES.

How to Avoid Them and the Serious Consequences of Neglect.

"Fix me up something to knock the malaria, doctor," remarked a sallow-faced, sickly looking man, entering a prominent physician's office the other day.

The doctor stepped to his medicine case, took down a couple of bottles, mixed a preparation which he handed to the patient with the customary advice to "shake well and follow directions," and resumed his seat.

"Such cases are frequent," replied the doctor in answer to a question. "The warm days and damp, chilly nights are certain malaria breeders and are most serious in those who have neglected to keep their stomach, liver and bowels in good condition. Such persons are full of the impurities on which the malarial germ thrives, and it is from this class that typhoid fever, pneumonia, Bright's Disease, small pox and yellow fever claim most of their victims whenever these diseases are prevalent.

The proper way to guard against the malarial germ and the serious diseases which follow it is to get into good condition by taking a reliable remedy that will keep the bowels clear and the liver healthy, and to continue with it at frequent intervals during the sickly season.

A dose of Prickly Ash Bitters three or four times a week will do all of this, besides stimulating the digestion, improving the appetite and keeping the bodily energy at the highest pitch.

Prickly Ash Bitters is known everywhere as a system tonic and bowel regulator. It not only removes all traces of malarial poison from the system, but tones up the vital organs, gives new strength and vigor, makes the body strong and the brain active.

"Prickly Ash Bitters is the best all-around medicine for the family I ever used. During the past ten years I have always kept it in my house. Whenever any of my family show signs of malaria, kidney trouble, indigestion or constipation a few doses is all that is needed to make them well and hearty again.—W. H. McWILLIAMS, Pickering, La.

Read this, it is a sequel to the wonderful story that appeared in this paper a few weeks ago. F. I. Murray, a citizen of Abilene, Tex., has on sale at our drug store his wonderful Vegetable Blood Purifier, his Balsam for Lungs and Kidneys, and his Catarrh Cure. The Balsam has been in use 93 years, first prepared by Dr. Murray of Kentucky, the father of F. I. Murray, and used by him and his descendants, who were all physicians, in their practices. They cured those who were brought to them of throat, lung and kidney and bladder troubles, but the remedy was never placed with druggists till recently. All who are afflicted with any of these diseases should try it. Remember you don't have to wait for results till you have used a bottle or two, but the improvement begins with the first day's treatment, and Mr. Murray is so confident of this that he tells you in his circular to bring it back in a week and get your money if not pleased. Surely, this is fair and honest. Try it and you will always be glad that you did. And remember it will cure a sore throat and croup quicker than anything on earth. If your physician is in the room when your child is choking with croup he has nothing that will relieve it as quick as this Balsam. Ask us for a circular telling all about what it does for children and old people with kidney bladder troubles. For sale by

Pierce.

Mrs. Columbia A. Pierce our dear friend, has gone before to that bright world above. She was born in Columbia, Ga., Nov. 28, 1847, died Oct. 6, 1909. She moved with her parents at an early age to Tennessee and there was married to R. L. Pierce, April 20, 1865. To this union was born twelve children, but only four children and a devoted husband remain of this family to mourn the loss of as true a wife, as devoted a mother and as pure a Christian as was ever the writer's privilege to know. For several years she and her husband tried the climate of California, hoping to benefit her health. She decided in the spring to return to Texas and they came to their daughter, Mrs. Thos. Keese of Pleasant Grove, where every thing that medical skill and tender loving hands could do was done for her, but to no avail. She gradually grew weaker and the family decided a change would perhaps benefit her and at her request she was moved to another daughter's home, Mrs. Lou Boyd, who lives at West. Patiently and tenderly they did all they could to restore her to health, but the dear Lord thought best to take her from earth to her grand inheritance. So her passage into the other world was as noiseless as the trail of a star; her pure sweet life like a shadow has passed and she has fallen asleep, but oh how sweet the thought that death is only a dream. She was converted at an age of 14 years and lived a consistent member of the Methodist church and about twenty years ago she sought and obtained the glorious experience of entire sanctification, in which blessed light of life she walked till translated to the realms of glory. We knew and loved Sister Pierce for many long years and her beautiful Christian life became an inspiration to us, to seek a deeper experience of grace in the Divine life.

Sister Pierce leaves a husband, one son, Mr. Frank Pierce of Santa Clara, Cal., Mrs. Emma Keese of Mills county, Mrs. Mollie Cantrell, Grandview, Texas and Mrs. Lou Boyd of West, Texas, to mourn the loss of one of the noblest wives and sweetest mothers we have ever known. May the blessings of God rest upon the bereaved family and friends in this sad hour of trial and bereavement. Sister Pierce often talked of her approaching death and expressed her willingness to go and try the realities of heaven or stay even though pain, just so the will of God was accomplished in her life, and on the 6th of October, 1909, at 2:30 a. m. her sweet spirit took its flight to be with the God who gave it. We trust that this dispensation of God's providence may be the means of an unbroken reunion of an entire family in Heaven. May each one strive to imitate all the Christian graces and virtues which adorned her life, is the wish of a true friend.

Law Unchanged.

There has been no change in the postal law requiring that the subscribers for a newspaper that is transmitted through the mail at second class rate must have their subscriptions paid up to within a year. The requirements are even more binding upon publishers now than they were when the rule was first published, for at that time postmasters were instructed to be lenient with publishers until they had time to regulate their subscription lists to conform to the new rule. Now every publisher is supposed to "toe the mark." This accounts for the statements being sent out from this office and emphasizes the importance of prompt responses on the part of those receiving them.

Those who have ordered papers sent to others and expect to pay the bill themselves are requested to notify us at once, otherwise the statement may be sent to the party receiving the paper.

A Good Show.

Campbell Bros. show gave two exhibitions here Thesday. The attendance was fairly good and the entertainment was well pleasing to those who attended. The show has been greatly improved since last it visited this city and the number of animals as well as the number of performers attached to the show was much larger than in former years. One thing about the show that was most praise-worthy was its cleanliness and the high characters of the performances. There was no short changing, shell games or other objectionable side-lines, but the show was one of merit and attractive features.

These Lots Will Be Sold At Auction

L O M E T A

SATURDAY, NOV. 6, 1909,
AT 1:30 P.M.

TREBLE YOUR MONEY IN 1 YEAR

AUCTION SALE, The fairest way on earth to buy anything. The highest bidder gets the lot or lots, and you know just what you pay, and just where you get your lot. You have the pick of all the lots. Anyone can buy a lot, because I am going to make it so you can. Just think! Only pay down \$10 and only \$10 a month. Before you pay half out, you can get three times what you gave for the lots. Lometa will be one of the best towns on the Santa Fe Railroad. Having the Santa Fe from Temple to San Angelo, through Lometa, and the Santa Fe from Lometa San Saba, Brady, Menardville and San Angelo, then to Mexico. Don't work all your life for the other man. Buy a lot and let it make money while you sleep.

Golden Opportunity Now Confronts You

To buy a lot in the Best Railroad, Agricultural and Cattle County in Texas. Land in and around Lometa will undoubtedly enhance in value 300 per cent within the next twelve months. Think what this means!

TWO RAILROADS AND FIFTEEN TRAINS DAILY!

A railroad through San Saba, Rochelle and Brady to San Angelo is now assured and work will commence within 60 days. A new \$50,000 compress will be erected within 90 days, and work will begin on a new \$75,000 oil mill within 90 days. In other words, with the wholesale houses, railroad, compress, oil mill and other operations, a pay roll of full two millions of dollars will be turned loose in and around Lometa within the next six months. Think what this will mean. Think of the rush for farming land; think of the mad scramble for Lometa city property.

Lometa has a population of 1500; a high-grade school system, grading as high as Fort Worth, Dallas, Houston and San Antonio; waterworks, light plant, oil mill, one bank, two hotels, ten dry goods stores, nine grocery stores, one live newspaper, and all modern conveniences and improvements.

THREE BLOCKS FROM BANK AND BUSINESS CENTER

The tract embracing the town lots to be sold begins three blocks from the business center, which is the center of the city. The nearest side of the track is three blocks from the town's one bank, which is on the main business thoroughfare. The most beautifully graded road in Lometa, bordered by lovely shade trees, cuts the addition into equal halves and leads directly to the city. The addition is intersected by finely graded cross streets and sidewalks. The whole is as level as a floor and is the most attractive spot in all Lometa.

THE ADDITION IS MADE ESPECIALLY VALUABLE by reason of topographical conditions. On the East of the town bold hills and railroad prohibit further residence extension in that direction. On the North and West the town has extended fully a mile from the business center, which forces future extension to the South, the direction in which this addition lays.

AS AN ILLUSTRATION OF THE VALUE OF THIS PROPERTY ON SALE, lots two blocks from the Bank, on the North side, cannot be bought for \$3,000; lots the same distance East and North are easily worth \$2,000. These lots will be worth fully \$1,000 in one year's time, eliminating all consideration of railroad and oil mill. With these improvements the lots will be worth from \$2,000 to \$3,000 within six months. The lots about to be put on sale will not bear any taxes for one year.

Easy Payments Have Been Arranged

\$10 Down and \$10 Per Month

THE CHANCE OF A LIFE-TIME!

If you are thinking of changing your location and desire a new home, this is your opportunity to get the nucleus of a home in the best town and county of Texas. If you are looking for a gilt-edged investment, this is also your opportunity.

LOT GIVEN AWAY FREE. Every man, woman and child that comes to the sale on this day will have a free ticket, with the chance of getting a free lot. Col. Rufus J. Lackland, of Fort Worth, will have charge of the sale. It is worth your time to make the trip, if only to hear Col. Lackland sell these lots, as he is a man of state-wide reputation and is worth while going many miles to hear. Come and see how we do it.

The Goldthwaite Eagle

R. M. THOMPSON, Proprietor

City Marshal Dalton returned Monday from a visit to the Dallas fair.

G. N. Atkinson and wife were among the visitors to the Dallas fair who returned the first of the week.

T. E. Hamilton of Star was here Monday and renewed his subscription for the Eagle. He informed us that he ginned 2900 bales of cotton last year and had ginned 600 so far this season and would probably gin 200 bales more.

S. M. Bull received a letter last Saturday from his son Ed, who was then in San Sebastian, Salvador, C. A., but stated he was en route home and would stop for a short stay in the City of Mexico. Mr. Bull wrote him to come home as soon as possible. Ed was in the San Francisco earthquake, at which time his room mate was killed and he made a narrow escape. Since that time he will be as the earthquake in Covert.

A HARD STRUGGLE.

Doan's Kidney Pills will cure you. One hundred thousand people endorse this claim.

Here is one case: Mrs. J. H. Greenwood, 1002 Center St., Brownwood, Texas, says: "I consider Doan's Kidney Pills a very reliable remedy. I was troubled by attacks of rheumatism for several years, my back being the part most affected. The kidney secretions were also irregular in passage. When I was suffering from a severe attack, I procured Doan's Kidney Pills and must say that I was greatly pleased with the benefit that follows their use."

Citation By Publication.

The State of Texas, To the Sheriff or any Constable of Mills County, greeting:

Oath having been made as required by law, you are hereby commanded to summon Mrs. Virginia F. Hawley, Mrs. Kate B. Cookran, Mrs. Alice M. Truax, and Mrs. May Virginia Holden, and the unknown heirs, legal representatives, legatees and devisees of Mrs. Virginia F. Hawley, Mrs. Kate B. Cookran, Mrs. Alice M. Truax, Mrs. May Virginia Holden and R. K. Hawley, all deceased, by making publication of this citation once in each week for eight successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the district court of Mills county, Texas, to be holden at the court house thereof in the city of Goldthwaite, on the twelfth Monday after the first Monday in September, 1909, the same being the 29th day of November, A. D. 1909, then and there to answer a petition filed in said court, on the 8th day of September, A. D. 1909, in a suit numbered on the docket of said court No. ... where in J. T. Perkins is plaintiff and the above named parties are defendants, the said petition alleging that heretofore on to wit: The 2nd day of July, 1900, Channoy S. Truax and L. Dean Holden, as executors and trustees of the last will and testimony of R. K. Hawley, deceased, sold and conveyed to plaintiff 640 acres of land situated in Mills county, Texas, described as survey No. 1, Houston, Tap & Brazoria Railroad Company, by virtue of certificate No. 21-513, issued to said company, and patented to James Bigler, assignee to James Bigler, Vol. 12, Abstract No. 245, and which deed is filed among the papers in this cause, and notice thereof given to the defendants and each of them in consideration among other things of the sum of Six Hundred (\$600.00) Dollars, evidenced by the plaintiff's three certain promissory notes of even date with said deed, each for the sum of Two Hundred (\$200.00) Dollars, and due respectively January 1, 1901, 1902 and 1903 and bearing eight per cent interest per annum from January 1, 1900, and secured by vendor's lien on said land, expressly retained in said deed.

Plaintiff further alleges that he afterwards on various dates paid all of the purchase money owing on said notes, and all accrued interest thereon, except the sum of Fifty (\$50.00) Dollars balance then owing thereon, which sum he retained, and tendered to the defendants, and demanded of them a release of the vendor's lien retained in said deed on said land, and which said sum he has ever since made tender of to the defendants and each of them, subject to their execution and delivery to him of the release of the vendor's lien aforesaid and demanded the same from them, and which sum he now here tenders in court, and again demands the execution and delivery of release of the said vendor's lien, and which sum he says is and was the balance owing by him on said land at the date of said original tender on May 16, 1902.

Plaintiff prays that defendants be required to accept said tender of Fifty (\$50.00) Dollars balance owing by him on said land, and release the vendor's lien retained in said deed on said land, and that out of said Fifty (\$50.00) Dollars be retained by the court a sufficient amount to pay the costs of court, and the balance be paid to the defendants, and that the cloud cast upon the plaintiff's title by reason of the vendor's lien be cancelled and removed and held for naught and the defendants be perpetually barred from asserting any right or claim to the said land hereafter.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness, R. J. ATKINSON, Clerk of the District Court of Mills County. Given under my hand and the seal of said Court, at office in Goldthwaite this 8th day of September, A. D. 1909.

R. J. ATKINSON, Clerk District Court, Mills County.
