THINGS IN GENERAL.

There is not a day in the year that a harvest is not blossoming from the soil of Texas in one or more sections of the state. When the "Frost King" has our northern states in its wintry grip we are digging potatoes in the coast country, gathering strawberries, vegetables, etc., and shipping by the carload to the northern and eastern markets, providing the nation with the luxuries of life from our winter gardens. During the hot summer months, when vegetation throughout the nation is withering under the scorching rays of a burning sun, nature is weaving in the Texas cotton boll a fibre that clothes the world. Texas is by far the best all-round state in the Union and her soil yields a maximum return for labor.

A contest of unusual interest for supremacy as a propelling power has been going on among the elements in the realm of transportation in this state during the past year. Gas and electricity have challenged steam as a motive power. In a few instances the gas motor has displaced the steam engine on its own rails and in new construction mileage electricity has much to its credit. The gas motor is making twelve schedules in this state on the following lines: Texas & Pacific, Texas Midland, Santa Fe, Frisco, Quanah, Acme & Pacific. Of new construction during the year 153 miles used steam and 85 miles electricity.

According to a record kept by the Texas Commercial Secretaries and Business Men's Association on railroad construction in Texas, there were 48 miles of steel rail laid and 75 miles of grading done on new road and extensions during January. Actual construction work was in progress on ten railroads during January, one of which reported completion. This was Scholten Bros. tram line from Lometa to their cedar forests in San Saba county. The S. A. Uvalde and Gulf Railway completed their extension towards the

Gulf as far as Campbellton during the month, and placed the line in operation to this point.

"Home Economics Week," which has just closed at the University of Texas, is said to be the first event of its kind ever held in the south, and was most successful from every standpoint. During the week lectures and studies relating to the operation of the home to the best financial advantage were delivered by experts in modern home making. Dr. A. Caswell Ellis of the University faculty supervised the exercises. The progress of the meeting was watched with interest by educators throughout the state.—Commercial Secretaries.

A report from Washington says that Americans are drinking more whiskey smoking more cigars and cigarettes and chewing more tobacco than ever before in history, according to latest tax returns to Royal E. Cabell, commissioner of internal revenue. From July to February the nation has consumed 94,000,000 gallons of whiskey, an increase of 5,000,000 gallons over the corresponding period the previous year; 8,500,000 cigarettes, an increase of 2,250,000; 4,500,000,000 cigars, an increase of 250,000,000 and 250,000,000 pounds of smoking and chewing tobacco, an increase of 12,000,000 pounds. These are record breaking figures. In addition, drinkers of beer are resuming their stride. During the fiscal year 1912 the consumption of beer fell off materially, but for the seven months of the current fiscal year the people of the United States have drunk 38,864,000 barrels, an increase of 1,850,000 barrels over last year. Drinkers, smokers and chewers are thus enriching the federal government. Internal revenue taxes from July 1 to date are \$12,500,000 greater than any previous record for a similar period.

Little attention has been given to anything in the daily papers lately, outside the Mexican situation and the developments in that country.

COMMERCIAL CLUB.

The club met in regular weekly session Monday night and while the attendance was not large, the meeting was interesting.

J. C. Street made a report for the road committee and was instructed as to the character of road work to be done by the committee in conjunction with the commissioners court.

An invitation from the Farmers Union to have a delegation attend the open meeting of the Union at Big Valley the second Saturday night in March was accepted and the fair and road committees were appointed to represent the club at the meeting.

The matter of fixing a salary for the road supervisor, which salary is to be paid by the business men of Goldthwaite, was left in charge of the road committee, with authority to raise money to pay the salary of the supervisor.

The committee appointed to confer with the school board and render such assistance as necessary for the benefit of the school made a report giving information as to the mass meeting held Saturday night and the progress made toward securing more room for the school.

The club meetings are held in the Masonic building each Monday night and all business men, as well as farmers and other citizens, have a cordial invitation to attend.

A dinner was given in the City of Mexico by Gen. De la Barra Monday to all representatives of foreign governments, but on account of the murder of ex-President Madero in that city a few hours previous, the invited guests declined to attend the dinner.

A test suit has been appealed to the supreme court of Texas from Wichita county, to determine whether or not land leases are taxable. The company carried the case to the court and the result is of interest in many parts of the state.

It is every man's duty as well as his privilege to give serious thought to making a living. Those dependent upon us demand this, the state expects it and is injured when we fail to prosper. But young men should give more attention to making a life than to making a living. What every young man needs more than wealth is character and no other consideration should deter him from making a life worth while. "Life is more than meat," the great teacher said, and it is as true today as when these words were spoken. Young men with pure motives, clean ideals and progressive principles need have no fear of making a living. The living, in so far as wealth is concerned, will follow as a logical sequence. Let every young man strive to develop character and use it for the state, for society, and for those dependent upon him as well as himself, and his life will be useful and his living commensurate with his ideals.—Farm and Ranch.

Primary elections for the selection of fourth-class postmasters are provided for in an amendment to the postoffice appropriation bill, which the senate committee on postoffices has added to that measure. The consideration of the bill was completed by the committee, but on account of the necessity of gathering information relating to some of the changes the bill was withheld from the senate. The new amendment regarding fourth-class postmasters was adopted as a result of suggestion by Senator Bristow of Kansas, although his original provision was much modified. As agreed upon by the committee it will apply only to fourth-class offices and it will be optional with the postoffice department as to whether the system shall be put in execution. In that event it authorizes the holding of primary elections and when such elections are held it is made obligatory upon the department to appoint the person receiving the highest number of votes as the postmaster of any given office.

Only one ballot was necessary by the jury in the Beal Sneed case at Vernon and he was declared not guilty. Sneed killed the despoiler of his home and there are mighty few men who do not believe he was justifiable.

The New York circuit court of appeals has announced that claims for damages against the steamship company owning the Titanic must be filed in court not later than April 15. It is said that the claims for damages to be entered by the relatives of those who perished in the steamship disaster will reach ten million dollars.

Pencils are being made from potatoes, and men's collars from milk. If some friend of humanity would only discover a method whereby the squeal of the croaker could be transformed into an article of diet and the wasted energy of the knocker harnessed and used for motive power, we would feel that the millennium was close at hand.—Olney Enterprise.

An Associated Press dispatch from Richmond, Va., says that a cablegram from London announced that the English makers had positively identified the great seal of the southern confederacy which was purchased last year by Richmond men and sent abroad for the purpose of establishing its authenticity. The seal, which is regarded as the most valuable confederate relic, will probably be presented to some historic organization so it may never again be placed on the market.

All the continents, with the possible exception of South America, contain areas of dry land which are below sea level. In North America, according to the United States Geological Survey, the lowest point is in Death Valley, California, 276 feet below sea level; but this is a slight depression compared to the basin of the Dead Sea, Palestine, Asia, where the lowest dryland point is 1,290 feet below sea level. In Africa the lowest point is in the Desert of Sahara, about 100 ft. below sea level, but the Sahara as a whole is not below sea level, although until recently the greater part of it was supposed to be. In Europe the lowest point at present known is on the shores of the Caspian sea, 86 feet below sea level. In Australia the lowest point is at Lake Torrens, about 20 feet below sea level.—Selected.

The outlook for peace and quiet in Mexico is now better than for several years. The murder of ex-President Madero and ex-Vice President Suarez Monday night was outrageous in the extreme and caused resentment from civilized people everywhere. It was claimed by the government that the men were being transferred from the prison at the palace to the penitentiary for safe keeping when the guards were fired upon by parties who attempted to rescue the men. Of course, this story is not believed and doubtless is entirely false, but other governments have no right to question the report or to interfere with the conduct of the Mexican government at this time. The administration is in the hands of the Diaz advocates now and the Diaz plan of extermination of the enemies of the administration will be strictly pursued and while it is cruel and heartless, it is the only way in which peace can be restored and maintained in that republic. It is a case of having peace even though they have to fight for it and murder half the people of the nation. The report that ex-President Diaz will return to that country appears to have been premature, as the old man says he does not intend to return to Mexico until order is restored. His nephew, Felix Diaz, will undoubtedly be elected president at the next election and will continue the policies inaugurated by his uncle many years ago.

LOOKOUT SCHOOL HOUSE.

Editor Eagle:
As I have not seen anything from this community for some time I thought I would drop the Old Bird a few crumbs.

Health of this community is not very good. Right smart of sickness, mostly colds and la grippe.

Mrs. J. M. Harris, who was taken to Temple last week for treatment was fast improving at the last report, to the satisfaction of her many friends.

Little Jonnie Harris, infant of Mr. and Mrs. J. M. Harris, is slowly improving.

Jim Harris and wife of Browns Creek community visited J. M. Harris Saturday night and Sunday.

Mr. Bruster of Indian Gap came down Saturday, visiting J. M. Harris' family and his wife, who is staying with Mr. Harris' family while he is away with Mrs. Harris at Temple.

P. B. Cox and children visited Walter Sparkman and family last Sunday eve.

Bro. Hall, the Christian preacher, preaches at the school house every third Sunday and Saturday night before.

The W. O. W. camp at Lookout sent as their delegate P. B. Cox, and J. D. Hughs as alternate to the head camp at Dallas.

Quite a number of our young people attended church at McGirk Sunday.

Our school is just about to come to a close, about one more week. Davis Huckaba, our worthy teacher, has taught us a good school for such short time. The children all love him and the patrons all like him.

Well, Mr. Editor, it has been known for some time that we didn't have any organized school district and we soared high in the hope of organizing a county line district and having a good school, but alas, some looked out into the future and saw a "bugger" and in their fright said, "I schooled mine, and you school yours," so our hope is all blasted, yet we shall kindly remember those who did their very best to better the school, and organize with us. Our only hope now is to just get together, organize a school district. We have the territory and the scholastics; so let us all pull together, organize a district, build us a school house and get ready for school another year. We have the territory in Mills county for a district, so let us build.

Well, Mr. Editor, if I see this in print I may write again soon. S. J.

CARD OF THANKS.

Editor Eagle:
We, the parents and grand-parents of little Clyde McWhorter, ask that through your paper we be allowed to express our sincere thankfulness to our neighbors and to Friends in Goldthwaite who came to us with help and sympathy amid the shadows caused by the death of our loved one. Surely the people know that we are grateful in heart to them without our saying so, nor do we send these words as a matter of custom, but to say that we are deeply conscious of the helpfulness of true sympathy.

The Lord bless you all and help us to live for a blessed eternity. Kind remembrance,
A. P. McWHORTER,
EDITH P. McWHORTER,
T. D. PERRY,

WANTS WELL TO REMAIN.

The well on the public square was dug in August, 1887. An election was pending for the purpose of organizing the county and establishing the county seat. A barbecue had been advertised for the 26th of the month and a large crowd was expected. A drouth was on and there were but few wells in Goldthwaite at that time. To supply water for the occasion was a serious problem. A meeting was called and Dunk Harris and the writer were appointed as a committee on "ways and means." We decided to dig a well, raised the necessary money and let the contract to Mr. Peyton.

Work was rushed, two sets of hands being employed. Dynamite was used in blasting. As a result of the haste, Mr. Peyton descended into the well too soon after an explosion. He felt the damp and called to be quickly raised. When near the top he fell back in the well with the result that his skull was burst.

Ben Cox volunteered to rescue the unfortunate man and was soon lying faint across the body of Peyton. Great excitement prevailed. All seemed to lose their heads except John L. Lewis, at whose suggestion a turpentine ball was prepared, ignited and thrown into the well. An explosion followed and the flames shot into the air. Just at this time Deed H. Mayar reached the scene, tied a rope around his body, and, over the protest of all, swung himself into what seemed certain death.

By the sense of touch he discovered that Peyton was dead, his head being crushed. So he sent Cox up first, who looked to be dead and who did not recover consciousness for some hours.

Mr. Mayar kept a rope securely tied under his arms all this time, and when he was drawn to the surface he was more dead than alive. These were the most heroic deeds ever performed in our county, and if medals had been the fashion in those days, Ben Cox and Deed H. Mayar would have received awards as heroes. It may be only a matter of sentiment, but for one I protest against destroying the public well. When the time comes that water is no longer needed in Goldthwaite, let the well be sealed with a tablet stone on which the names of Ben F. Cox and Deed H. Mayar are cut and let the spot be sacred to heroic deeds.

SINGING CONVENTION.

By-Laws and Constitution of the Mills County Singing Convention. Organized May 27, 1903, at Williams Ranch, Mills county, Texas. Revised Sept. 9, 1911.

SECTION 1. County Officers and duties.

(a) There shall be one president; whose duty it shall be to preside at all meetings of the Convention. Also appoint all necessary committees.

(b) There shall be one vice president; whose duty it shall be to preside in the absence of the president.

(c) There shall be one secretary; whose duty it shall be to keep a correct minute of all work of the convention, and read at next meeting.

Term of office, one year.

SECTION 2. Members of Convention.

1. County officers. 2. Sunday school superintendent. 3. Preachers. 4. Class officers, and elected delegates. 5. Music teachers.

SECTION 3. Duties of Class. To elect one president, vice president, secretary, and organist, and to elect one delegate for each 10 members to represent that class at each convention.

SECTION 4. Time and Place of Meeting.

Time: Second Sunday and Saturday before in Sept. Dec. March and June. All business shall be transacted on Saturday.

Place: With the different classes as invitations are offered.

Annual meeting Sept. All officers elected at that time.

The above is a correct copy of the Constitution and By-Laws of our Convention, and it will strictly be respected in our meetings. Take notice to who is members of it. Also in reference to the time we must attend to the business. We now earnestly request that every organized class will be represented in this session of our convention at Miller Grove. We would like to see our membership roll getting longer.

Yours for a better convention,
E. F. WHITE, Pres.

The lieutenant governor of Indiana created quite a sensation in the senate in that state a few days ago when he interrupted the chaplain in his prayer with the exclamation "Stop making a political speech." The chaplain had prayed for the day to come when the state would not allow the sale of liquor and would be divorced from the liquor traffic.

There is nothing that can be of more benefit to all of the people of a town or community than a good school. Goldthwaite has one of the best public schools in the state and the per cent of high school pupils is unprecedented and doubtless unequalled in this state. This speaks volumes for the splendid work of our teachers of this and former sessions.

It is estimated that there are 466 lumber mills operating in Texas at present, of which 376 operate exclusively upon pine, 70 upon both pine and hardwood and 20 mills upon hardwood timber exclusively. The consumption of lumber in Texas is about equal to the product of the Texas mills, but all of the product of the Texas mills does not find a market in the state. The mills of Arkansas and Louisiana reach Texas upon substantially the same freight rate as the mills located in Texas pay to the consuming territory and, in consequence, about 70 per cent of the timber consumed in Texas is manufactured in Louisiana and Arkansas. Only about 30 per cent of the products of the Texas mills finds a market in the home state.

Everybody favors good roads and the only matter of difference is how to get the best results for the outlay. The plan of the Commercial club, the commissioners court and the citizens of this county in uniting their efforts in this matter will be sure to result in much road improvement. The court has set aside \$2000 to be used in special road work and the Commercial club will pay the salary of a road supervisor who is well qualified to have the work done properly with the least possible outlay, while the citizens in a number of communities have already indicated a desire to co-operate in the work by contributing labor on the road work, under direction of the supervisor. When it comes to liberal, enterprising and progressive people Mills county has her full share of them and then some.

COMANCHE

Bob Fuhrman and wife, accompanied by Mrs. Fuhrman's mother, Mrs. Davis, of Comanche, left Monday for Torrence, N. M., where they will take up land and make their future home.

Tom Decker, who lived four and a half miles east of town, died last Thursday, Feb. 6, after about twenty-six hours illness, death being caused by paralysis of the brain.

J. E. McGuire went over to Brownwood Monday to see his brother, Jesse, who recently suffered the misfortune of having his eye knocked out by a cotton stalk flying back and hitting him in the eye.

Sheriff Cunningham went to DeLeon Saturday where he arrested a young married man named Swanner, and placed him in jail, it being alleged that he was guilty of a charge of statutory rape, the complainant in the case being a second cousin of the accused.

Dr. E. W. Bradley of Newburg, died Friday at Mineral Wells and his remains were shipped here Saturday for interment, remaining at the home of L. E. Granger Saturday night, and were conveyed to the cemetery at Newburg Sunday, where they were followed by a large crowd of sorrowing friends and relatives. Dr. Bradley had practiced in the Newburg community a number of years, and was known to nearly every one in the county, particularly in that section.—Chief.

LOMETA

Mr. and Mrs. L. W. Stephens are spending a few days at Liberty Hill visiting Mrs. Stephens' parents.

J. M. Mitcham and C. M. Swinney have purchased the Malone furniture stock, and Mr. Swinney has already resigned his position with the Lometa State Bank and taken charge of the new firm's business.

The First National Bank of Lometa opened for business last Monday morning in the J. N. Mason furniture store, where temporary fixtures had been installed. The first few days' business has been more than was really expected, and Cashier G. A. Swain is pleased with the splendid prospects.—Reporter.

BROWNWOOD

Workmen are today clearing away the ruins from the recent candy factory fire, preparatory to rebuilding the plant.

Hon. Welton Winn of Santa Anna is advertising all his implements, farming tools, vehicles and most of his household goods for sale, preparatory to moving to Canyon City.

Fire last night about eleven o'clock destroyed the Valleyview home of Mr. and Mrs. Jesse Ratliff, entailing considerable loss. Mr. Ratliff says he thinks the fire originated from the kitchen stove.

The Bulletin understands that Miss Marie Crosby, who has successfully filled the position as Director of Music in Howard-Payne college for the past two years, has resigned and will go abroad in June for a year of special study.—Bulletin.

SAN SABA

Mrs. Walter Ligon is here from Oklahoma to visit relatives.

Last Thursday Mrs. Frances Thaxton died at the home of her daughter, Mrs. Joe F. Brown, near Cherokee.

The little 18 months' old baby of Mr. and Mrs. C. G. Stanley on China Creek fell out of a chair into the fire Friday and was painfully burned about the face and hands.

A large Mexican Eagle was brought to town Monday by a son of Wal Hawkins. The bird was caught in a trap in the hills beyond the head of Wallace creek. From tip to tip it measured 7 feet and 2 inches.

Mr. W. D. Huff and Mrs. Katie Stark got off the Brady train Saturday afternoon and proceeded to the court house, where Deputy County Clerk Houston Chadwick issued the license and County Judge Hartley performed the ceremony which made them man and wife.

The smoke house of John Behrens, in the west part of town, caught fire Saturday afternoon about 3 o'clock and before help could arrive burned down and the dwelling caught fire. The flames were extinguished before serious damage was done to the latter.—News.

Getting A Start

In a Financial way often looks like an uphill game and it is sometimes hard to make a beginning, but

This Is The Road To Prosperity

If you persevere in your small economies, taking care to deposit in the bank the money you would spend extravagantly, you will find this out. It is easy enough to go down hill in any line, but it takes constant climbing to get higher on the hill of prosperity.

HAMILTON

Judge J. L. Lewis, who attended the meeting of the San Antonio, Blanco and Grain Belt Good Roads association at Lampasas Tuesday is very enthusiastic over the prospect of Hamilton county having this big thoroughfare located through it.

Lee Jones and Henry Wallace went to Dallas last week, the former to attend the Hardware Men's convention and the latter to visit his wife, who is in the Baptist sanitarium there and has just been operated on for appendicitis. Mr. Wallace reports her doing nicely.

T. C. Pierson received a telegram yesterday morning from his daughter, Miss Johnnie, dated at Eagle Pass, stating that she was there on her way home from Durango, Mexico, where she has been as a missionary. The troubles down there have reached such a stage that life is not at all safe, and many Americans are leaving.

Since our last issue a case of smallpox has developed in Hamilton, in the Clyde Granbury tailoring establishment on the east side of the square. The young man who is afflicted is a brother of Mrs. Granbury and arrived in Hamilton from Wichita Falls Sunday, the 9th. He was sick for two or three days before the nature of his disease was known. Dr. W. B. Everitt, the county health officer, visiting him last Friday and declaring it to be a genuine case of smallpox.—Herald.

MASS MEETING.

APPRECIATES CORRESPONDENTS.

The Eagle appreciates letters from correspondents and we always consider such letters the best part of the paper, for it keeps the people of the town and country in touch with each other. The kindness of friends in writing for us is always appreciated to the fullest extent. Sometimes, however, such letters have to be discarded because we do not know who does the writing, but this is not a frequent occurrence, for most of those who write know that we will not publish their names without they desire such publication, but we should know the name of every writer. This rule is only reasonable and right.

GLORIOUS NEWS

comes from Dr. J. T. Curtiss, Dwight, Kan. He writes: "I not only have cured bad cases of eczema in my patients with Electric Bitters, but also cured myself of the same disease. I feel sure they will benefit any case of eczema." This shows what thousands have proved, that Electric Bitters is a most effective blood purifier. Its an excellent remedy for eczema, tetter, salt rheum, ulcers, boils and running sores, expels poisons, helps digestion, builds up the strength. Price 50 cents. Satisfaction guaranteed by R. E. COTTON CORPORATION

The directors of the Southern States Cotton Corporation met in Dallas February 5th, and after a thorough investigation into and consideration of the affairs of the corporation lasting about ten days, feel that they can congratulate themselves and the people of the south upon having developed a marketing system for cotton. They are satisfied that the experience and progress in this work during the last three months warrants them in the belief that this proposition has passed beyond the experimental stage and must inevitably spread rapidly over the south. The Corporation began taking cotton from the growers last November, paying therefor three-fourths of the market value in cash and the balance in notes or scrip of the Corporation. The growers have been satisfied with the conservatism of the management of the Corporation and have responded by placing their cotton in its hands and will find this confidence fully justified by future events.

All of the remaining stock of the Corporation has been sold to an underwriting syndicate with headquarters in Dallas. This company has large experience in the placing of stock with investors and the Corporation feels that it can now proceed at once with contracting for the delivery of cotton next fall and this work will at once be begun in Georgia, Texas, Oklahoma, Mississippi and Arkansas. There will be a meeting of stockholders of the Corporation in Dallas about April 21, for the purpose of electing directors for 1913 and this meeting is expected to be representative of the most progressive spirits of the south without regard to occupation. It is hoped that such a congregation will assemble as will prove to all that the southern farmer has finally determined to exercise his power in governing his own affairs. REPORT.

MULLIN.

Editor Eagle:

Our representative, Rev. A. R. Wat-
son, was at home a few days last
week looking well and seemed to en-
joy his short visit immensely. He
was called back to Austin by tele-
gram and left Saturday night to be
ready to answer the roll call.

Mr. and Mrs. Barker of Wax-
ahatchie, have been visiting friends
and relatives in Mullin and vicinity
for a few days, returning to their
home Monday night.

M. M. Hancock, one of our oldest
citizens, died at Temple Monday
morning at 2 o'clock, where he went
Saturday night to consult Drs. Scott
and White. His death was very
sudden and a great surprise to his
friends. The remains were brought
to Mullin on the Monday morning
train and interred in Oak View cem-
tery at 4 o'clock that evening. A
large concourse of people were pres-
ent to pay him their last tribute of
respect. He was an old ex-Confederate
soldier and a number of the old
comrades were present, who were
represented by Mr. Denison of Gold-
thwaite in a very appropriate talk at
the grave. Bros. Edgar, Templin and
Hays officiated. The children were
all present except Charley, whom
they failed to locate. One by one
the old veterans are falling out of
the ranks to join their comrades in
the eternal world.

Mr. Baker, who has been occupying
the Kirkpatrick corner in the mer-
cantile business, moved to Lometa.
This makes a fine opening for some
one to engage in the mercantile busi-
ness.

Several of those who had cases in
Uncle Jack Brockenbrough's court
last Monday plead guilty and Uncle
Jack assessed such fines as he
thought suited to their cases. Uncle
Jack presides with all the dignity of
a judge of great experience.

Mr. and Mrs. J. S. Farmer left
Sunday night for a months visit to
his brother.

All eyes are turned on Mexico and
wondering what the next few day's
developments will be. Some of the old
men felt like shouldering arms when
they heard of the killing of Madero
and the vice president, whom we
think were unjustly deprived of
their lives. It may look like an ac-
cident to a blind man behind a
stone wall; but it fails to read that
way.

Uncle I. T. Ward, another one of
our oldest citizens, has been real
sick this week, but at this writing
is better.

Ezra Burleson left Mullin Tuesday
night, for Fort Worth with a car of
cattle for the market.

Carl Wilson, cashier of the bank at
Swinson, Texas, after 10 days' visit
returned to his post of duty. Carl was
one of Mullin's best young men and
it is with reluctance we hand him
over to the people of the little west-
ern town. May success crown his ef-
forts.

W. A. Short and Elmer Pugh
bought the Tillman property (where
George Pyburn has lived so long) and
are going into the hatching business
on a winning horse. Those wanting
chickens and eggs can get their or-
ders filled by addressing them, Mul-
lin, Texas, box 32456.

Rev. John Long, who is a student
in Howard-Payne college, was on
our streets Tuesday evening look-
ing well and wearing the usual smile
and pleasant looks so becoming to
him.

Reuben McDonald, who lost his leg
in a wreck in Arizona last winter,
is at home, looking well, but using
two crutches as a means of travel.
We are sorry indeed to see him thus
maimed for life.

The people of Picketts Springs com-
munity made money enough at two
box suppers to purchase an organ
and build a box to keep it in. They
have an interesting Sunday school
that meets every Sunday at 3 p. m.
The oldest people of the community
attend and the interest is good.

Judge Allen, Hon. P. H. Clements
and others from Goldthwaite attended
the funeral of M. M. Hancock last
Monday. Yours truly,

BILLIE.

OBITUARY.

"There is no death; what seems so
is transition. This life of mortal
breath is but a suburb of the life
Elysian, whose portal we call death."

Tuesday night, February 25, at
10 o'clock the death angel entered
the home of Parks McWhorter of the
Miller Grove community, and took
from that home a much loved son,
Clyde, age 7 years, 5 months and 29
days. Thus another has answered
the summons of that silent mes-
senger and has crossed the "twilight
realms of love in valleys over there,"
leaving a home desolate and our
hearts torn with grief.

Even though we cannot understand
when the Master sends his angel to
pluck our fairest, sweetest flowers,
let us remember that God in his in-
finite wisdom does all things well
and that our treasured blossoms are
taken from us because the Father
wills it so.

One precious to our hearts is gone:

The voice we loved is still.

The place made vacant in our home

Can never more be filled.

Our Father in his wisdom called.

The boon his love had given,

And though on earth the body lies.

The soul is safe in Heaven.

There was an Angel Band in Heaven

That was not quite complete.

So God took Clyde to fill the vacant

seat.

Through all his pains at times he

would smile—

A smile of Heavenly birth—

And when the angels called him home

He smiled farewell to earth.

Heaven retaineth now our treasure;

Earth the lonely casket keeps,

And the sunbeams long to linger

Where our sainted loved one sleeps.

Peaceful be thy silent slumber.

Thou no more our sorrows know.

Yet, again we hope to meet thee

Where farewell tears are o'er.

'Tis hard to break the tender chord,

When love has bound the heart,

'Tis hard, so hard, to speak the

words,

"We must forever part."

I have looked into the eyes of an

agonized mother

As a child's life ebbed away;

I have felt in my heart the turmoil

and strife,

As I gazed on the poor, silent clay;

I have felt fierce rebellion sweep up

in my soul,

As I yearned for my own mother's

kiss

And I've said as the tears down my

cheeks began to roll,

"Could a merciful God do this?"

But, oh! when the first throb of

anguish was past,

When the wounds were less jagged

and sore,

I thought of that one in the bright

world above,

An angel of God evermore.

"For of such is the kingdom of

Heaven."

To the grief-stricken parents and

other relatives the hearts of all their

friends go out in loving sympathy in

this, their dark hour of trial and

sorrow. A FRIEND.

PROCLAMATION

The near approach of warm
weather and the safety of the public
health makes it necessary that we be
especially careful as to the sanitary
conditions of the city. Therefore, I
hereby designate Tuesday, March 4,
as "Clean-Up Day" in the city of
Goldthwaite. All persons living with-
in the corporate limits of the city
are urged and requested to co-operate
in an effort to put every portion of
the city in the best possible sani-
tary condition. On the day design-
ated I will have wagons haul away
all tin cans and other trash that
may be placed in boxes or barrels
in convenient locations. These wagons
are not to haul rocks, neither will
they carry scrapings from stables,
cow lots and other places. The
owners of stables and other out-
houses are expected to have them
put in proper sanitary condition and
after "Clean-Up Day" the marshal will
be expected to inspect all premises
within the city and file complaint
against those who fail to comply with
the sanitary regulations of the city.

If the weather is bad Tuesday the
first clear and pleasant day there-
after will be observed as "Clean-
Up Day."

I sincerely hope that all citizens
will give assistance in this matter.
JAMES RAHL, Mayor.

GRAND MILLINERY OPENING

MARCH 7 AND 8

MARCH 7 AND 8

Surpassing all of our previous showings in the Millinery line, our beautiful stock will be arranged for the inspection of the ladies of Mills and adjoining counties at this time and they all have a cordial and urgent invitation to attend this GRAND OPENING. Those who do not find Pattern Hats or Ready-Trimmed Hats to their liking can leave orders for exactly the Style and Price Hat they desire. You will be pleased with the Showing. You will be pleased with the price. Be sure to come.

While our Millinery section is of special pride to us, Millinery is not the only thing we sell, by any means. We have one of the largest and best selected stocks of Spring and Summer Goods we have ever owned. Let us have the pleasure of showing you.

MASS MEETING HELD.

Plans for New School Building Discussed.

A mass meeting of citizens was held in the Woodmen hall last Saturday night to discuss the conditions of the school and decide upon plans for securing additional room or a new building.

Rev. J. T. Weems, a member of the board of trustees was made chairman of the meeting and the proposition to issue bonds for the purpose of erecting a new high school building was discussed by Judge E. B. Anderson, Judge S. H. Allen, Dr. M. L. Brown, Prof. Peyton Irving, Messrs. B. F. Geeslin, J. C. Street and others. The plan was agreed upon as the only way in which the building could be secured and a resolution was adopted requesting the school board to ascertain the cost of a building that would supply the needs and pledging those in attendance to support a bond issue to the amount of \$15,000 if necessary for the erection of such a building.

The board has not yet reported any plans and specifications, but it is sure there will be a definite report within the next few days.

CHAPPEL HILL.

Editor Eagle:

News is very scarce this week, but will write the latest happenings.

I enjoy reading the Eagle very much, especially the local news.

We are indeed proud to say, those that were on the sick list last week are much better at this writing.

We are also glad to learn that Mrs. J. M. Harris of Caradan, who is in a sanitarium at Temple, is improving as fast as could be expected under the circumstances. She expects to be able to come home in two or three weeks.

Miss Janie Peck of Alabama is now visiting her grandmother, Mrs. M. J. Taylor.

Mrs. Susie Williams and family of near Center City were visiting her mother, Mrs. M. J. Taylor, the latter part of last week.

Mrs. M. J. Taylor and Miss Peck attended the funeral of Mr. Hancock at Mullin Monday afternoon and spent Monday night with Mrs. Hatten Hancock, Mrs. Taylor's daughter.

The young folks enjoyed themselves very much at the home of Miss Hill Saturday night.

Miss Edith Hill was a pleasant visitor of Miss Ara Evans Sunday.

Mr. Arthur Ferguson and Gordon Taylor were at Goldthwaite Saturday and stayed until after the moving picture show Saturday night. Reported a nice time.

Mr. Aubrey Evans had business in Goldthwaite Monday.

Mesdames Watson and Hancock of Mullin visited Mrs. M. J. Taylor here Wednesday.

Miss Zoe Tannehill visited relatives near Priddy Sunday.

I. W. Laird and family visited his daughter, Mrs. Perry Harris of Mount Olive community, Sunday.

West Spivey visited relatives here this week.

Mrs. E. J. Crawford, who has been visiting in Brownwood, has returned home.

Miss Cona Hightower has been absent from school the fore part of this week, with the plea of sore eyes. We sincerely believe the cause of it was on account of the severe

weather Sunday "some" of the callers she expected were absent. For her sake we are hoping next Sunday will bring more sunshine.

We are informed that while Commissioner Carter of Center City was inspecting the North Brown roads one day this week, happened to the accident of breaking his buggy wheel.

Come again Blackeyed Annie and also Jolly Bill, we are always glad to hear from your communities.

RUBY.

DISTILLED WATER GETTING "ALL THE RAGE."

Distilled water is absolutely free from minerals as well as animal and vegetable matter in suspension or solution.

The new born babe is brought to us in a soft or gelatinous condition. Ossification comes with age, due to the clogging of the arteries and veins with minerals, such as lime, etc.

These minerals are related to uric acid, hence rheumatism and kindred diseases of man.

Distilled water will dissolve these minerals and let them pass from the system, and it has been stated by reputable medical journals that the use of distilled water from the 30th year would prolong life from ten to twenty years.

Distilled water is so soft, so absolutely pure and is so palatable and satisfying, that once anybody begins to use it they will have nothing else.

Large employers of labor have come to realize that much of the sickness among their force is due to impure drinking water, which often results in typhoid epidemics. It has been demonstrated a matter of real economy to provide pure drinking water in shops and offices. Educational institutions, hospitals, clubs and cafes are serving bottled water and preference is always given to distilled water.

Distilled water 10c per gallon delivered.

M. M. HANCOCK DEAD.

Mr. M. M. Hancock died in the sanitarium in Temple Sunday night and his remains were carried to Mullin on Monday morning's train and interred in the cemetery at that place Monday afternoon.

Mr. Hancock was apparently in good health when he was in Goldthwaite Friday of last week. Saturday he became ill at his home at Mullin and summoned physicians to attend him and they decided it advisable to carry him to the sanitarium on Saturday night's train, but no relief was given him there and he continued to suffer until Sunday night, when he died. It is the opinion of those who were in position to know, that he either suffered from gallstones, appendicitis or a ruptured intestine, but the exact nature of the trouble was never determined and no operation was performed.

Mr. Hancock was one of the best known men in the county and had been a leading citizen for a long time. He was representative in the 21st legislature in 1889 from the district then composed of Comanche, Brown and Mills counties. He was 72 years of age and had lived in this section a long time. He was an ex-Confederate veteran and a loyal member of Jeff Davis camp. He had many friends in this county and elsewhere and the united sympathy of them all goes out to the bereaved wife and sons and other relatives.

CONRO-BELMAY.

The friends here of Roy Conro have learned with pleasure of his marriage in Corpus Christi a few days since to Miss Gertude Belmay of that city. Roy was raised here and is one of Goldthwaite's promising and most deserving young men. He has been located in Corpus Christi for several months, where he is engaged in the automobile business. His bride is a stranger to Mills county folk, but she has the good wishes of all her husband's many friends in this county.

The young couple will make their home in Corpus Christi for a time and perhaps permanently.

F. Sweeney and Mrs. Agnes A. Sweeney, and the unknown heirs, legal representatives, legatees and devisees of Eli Dial, deceased, B. F. Surney, deceased, Mrs. Agnes A. Surney, deceased, J. T. Dial, de- ceased, P. H. Dial, deceased, B. F. Sweeney, deceased, and Mrs. Agnes A. Sweeney, deceased, by making pub- lication of this citation once in each week for eight successive weeks prior to the return day hereof in some newspaper published in Mills county, to appear at the next regular term of the district court of Mills county, to be holden at the court house thereof on the thirteenth Monday after the first Monday in February, A. D. 1913, the same being the 5th day of May, A. D. 1913, then and there to answer a petition filed in said court on the 20th day of Feb- ruary, A. D. 1913, in a suit numbered on the docket of said court No. 1301, wherein W. E. Nugent is plaintiff, and the above named parties are defendants, said petition alleging that heretofore to-wit: on the 18th day of Feb., 1913, plaintiff was and now is lawfully seized and possessed of the tract of land hereinafter de- scribed lying and being situated in Mills county, Texas, formerly in Brown county, Texas, and known and described as 320 acres of land patented to Eli Dial assignee of Jno. M. Meek, by letters patent No. 467, Vol. 8, dated June 26, 1874, survey No. 294 more fully described in plaintiff's petition filed herein, by metes and bounds. That on the day and year last aforesaid the defendants unlawfully entered upon the said premises and ejected plaintiff there- from and unlawfully withhold from plaintiff the possession thereof to his damage in the sum of One Thousand dollars. (\$1000.00)

And for further cause of action herein plaintiff alleges that he and those whose estate he has, claiming to have good and perfect title to the above described tract of land, now have and have had peaceable the land claimed, and open, notorious and adverse possession of the same, cul- tivating, using and enjoying the same, and by actual enclosure for a period of more than ten years after the de- fendants cause of action accrued and next before the commencement of this suit.

Plaintiff further says that the exact nature and extent and character of the defendants' claim to the above described land is unknown to him, ex- cept that the same was patented to Eli Dial as assignee.

Plaintiff prays for judgment, title and possession of the above described land and that his title thereto be es- tablished and quieted as to the claim of the defendants, for costs of suit, etc.

Herein Fail Not, but have before said court on the said first day of the next term thereof this writ, with your return thereon, showing how you have executed the same.

Witness, L. E. Booker, Clerk of the District Court, Mills County.

Given under my hand and seal of said court in the city of Goldthwaite, on this, the 20th day of February, A. D. 1913.

A BIRTHDAY PARTY.

It is not only the people who are living who have birthday parties, be- cause on last Saturday, we celebrated the birthday of George Washington at the hospitable home of Mr. and Mrs. Walter Fairman, from 2:30 to 6 p. m..

We were received by Mesdames Fairman, Atkinson, Newman and Bag- ley, and the scene upon our entrance into this beautiful home carried us back several hundred years to the old colonial days. From each side of the entrance gate proudly floated the stars and stripes, and we almost felt that we were entering some old fort- ress as we passed up the flag draped avenue to the front entrance and in our imagination we expected to hear the boom of the cannon at any moment. But a different surprise awaited us. The hostess met us at the door and introduced us in the stately old colonial style to George Washington and Martha Washington in the persons of little Master Sam- mie Thompson and Miss Irene Atkin- son, dressed in true colonial costumes. Then Mrs. Washington took charge of us and conducted us to a large bowl where we were requested to leave our gifts, and from there to a low stand in the front hall where she said, "It is my custom to write with my left hand, and I will ask you to register your names with your left," which we very laboriously did. There she left us with the ladies in charge, little Misses Lois Allen and Lucile Prizzell, and returned to General Washington and the other arriving guests. Our charming con- ductresses preceded us into the ban- quet hall, where another very pleas- ing surprise awaited us.

The room was decorated in national colors, in the center of the dining table stood the historic cherry tree, and the never to be forgotten hatchet was very much in evidence. At the banquet board we were served with a dainty salad course and black coffee, after which we repaired to the parlor, where exquisite music was furnished during the entire afternoon.

At the close of the afternoon we left General and Mrs. Washington to enjoy their lovely costumes, but not the gifts, as they fell into the hands of the Baptist Ladies Aid so- ciety. Over one hundred guests registered during the afternoon, and all left with kindly memories of Gen- eral and Mrs. Washington.

Brownwood last Friday night Ed Sheffield, a ranchman of Concho county shot and killed his brother-in-law, Jim Murphy. Family trouble was said to have been the cause.

Madam Rumor says that a popular young couple of this county will announce their marriage within the next few days, although they have kept it secret for two weeks. If the report is correct, the groom is a popular young man of this city and the bride is a charming young school teacher in another part of the county. It may be that the report is incorrect, but if not, their friends will have an opportunity to congratulate them soon.

Women!

If weak, you need Cardui, the woman's tonic. Cardui is made from gentle herbs, acts in a natural manner, and has no bad results, as some of the strong drugs sometimes used. As a medicine—a tonic—for weak, tired, worn-out women, Cardui has been a popular success for over 50 years.

Take **CARDUI**

The Woman's Tonic

Mrs. Lula Walden, of Gramlin, S. C., followed this advice. Read her letter: "I was so weak, when I first began to take Cardui, that it tired me to walk just a little. Now, I can do all the general housework, for a family of 9." Try Cardui for your troubles. It may be the very remedy you need.

CITATION BY PUBLICATION OF FINAL ACCOUNT.

The State of Texas.

To the Sheriff or any Constable of Mills County—Greeting:

M. H. Fletcher, guardian of the estate of Alexander McPherson, a person of unsound mind, now deceased, having filed in our County Court his final account of the condition of the estate of said Alexander McPherson, numbered 336 on the probate docket of Mills county, together with an application to be discharged from said guardianship.

You are hereby commanded, that by publication of this writ once a week for three consecutive weeks in a newspaper printed in the county of Mills, you give due notice to all persons interested in the account for final settlement of said estate, to appear and contest the same if they see proper so to do, on or before the March term, 1913, of said county court, commencing and to be holden at the court house of said county, in the city of Goldthwaite, on the 3rd day in March, A. D. 1913, when said account and application will be acted upon by said court.

Given under my hand and seal of said court, at my office in the city of Goldthwaite, this 14th day of February A. D. 1913.

(Seal) W. B. SUMMY, Clerk, County Court, Mills County, Texas.

A true copy, I certify.

E. O. PRIDDY, Sheriff, Mills County, Texas.

By W. W. TIPPEN, Deputy.

EARLY-MORNING WEDDING

Mr. J. T. Cross and Miss Minnie Bowden were married at the home of the bride's parents in this city Tuesday morning at 8 o'clock and left on the 9 o'clock train for a wedding trip to New Orleans, Cincinnati and elsewhere, including a visit to his parents at Graysville, Tenn.

Mr. Cross is a train dispatcher for the Texas Pacific railroad at Toyah and is highly recommended, although he is a stranger to the people here. His bride is a daughter of Mr. and Mrs. J. S. Bowden of this city and grew to womanhood here. She was employed as a stenographer in one of the banks in San Angelo for several years and recently resigned the position and returned to her home here.

Rev. R. S. Pierce, pastor of the Methodist church, was the officiating minister on this happy occasion and only a few of the bride's relatives and close friends were in attendance upon the wedding.

The young couple has the hearty good wishes of the people of Goldthwaite.

J. N. Weatherby and Luther Rudd returned Thursday from an auto trip to New Mexico. John Forehand, who accompanied them to New Mexico, remained there to ship a bunch of horses which he and Mr. Rudd bought.

I have the genuine Mebane Triumph Cotton Seed for sale at \$1.00 per bushel. Call at grain house. Come quick. Supply limited.—W. E. Pardue.

SELF CULTURE CLUB.

The beautiful afternoon of February 27, brought a good attendance of members of the Self Culture club, who met with Mrs. M. E. Thompson as hostess. We have had so much bad, gloomy weather, the beautiful sunshine seemed to be an inspiration to all and it was a happy, cheerful meeting. About an hour was spent in discussing business and different things for the good of the club.

The committee appointed to get up the year book for 1913-1914 will meet with Mrs. Anderson, chairman of the committee, on Monday, March 3. We are hoping to have an up to date study for the coming year, one in which we will investigate and learn about the questions of the day.

It was decided to ask the mayor to appoint three days, the 10th, 11th and 12th of March as "Clean-Up" days, so that every one will be able to have their trash hauled off in that time.

After taking some light refreshments, the lesson of the day was taken up. Miss Kate Fairman's paper on Sir Walter Scott was fine and was much appreciated. Mrs. Everly read a beautiful and touching poem from Burns. Mrs. J. C. Street as she always does, added her quota to the pleasures of the evening with the part assigned to her. REPORTER.

If Primrose flour is not the best on the market we would like to know about it. Try a sack at our store.—Allen Bros.

If you have no abstract of the title to your land, it will be worth while to get one from me, in order that you may have the defects in your title cured before it is too late.—E. B. ANDERSON, Abstracter.

Children are much more likely to contract the contagious diseases when they have colds. Whooping cough, diphtheria, scarlet fever and consumption are diseases that are often contracted when the child has a cold. That is what medical authorities say beware of colds. For the quick cure of colds will find nothing better than Chamberlain's Cough Remedy. It can be depended upon and is safe and safe to take. For sale Clements. (adv)

COATED TONGUE MEANS LAZY LIVER.

A Lazy Liver Needs a Dose of Dodson's Liver Tone—Guaranteed to Take Place of Calomel.

When your doctor looks to see if your tongue is coated, he is trying to find out if your liver is working properly. A few years ago doctors had to prescribe calomel—there was nothing else to give.

Recently in many sections of the country Dodson's Liver Tone has practically taken the place of calomel as a liver remedy. Dodson's Liver Tone is mild, pleasant tasting and harmless—which makes it a fine medicine for use when your children become bilious or constipated. But the most remarkable feature of Dodson's Liver Tone is the fact that Clements' Drug Store, who sells it, guarantees it absolutely. The druggist will return your money without argument if a bottle fails to give entire satisfaction.

Price 50 cents. We suggest that you get a bottle today and have it ready for the next member of your family whose liver goes wrong. (adv)

OBITUARY.

In remembrance of Katie Lee Cortis, who departed this life February the 9th, 1913, it being the Lord's day.

Our Katie Lee was born July 29, 1904, being eight years, six months and eleven days old. We laid her to rest in the Goldthwaite cemetery to await the resurrection morn, when child and mother will rise side by side, never more to part; and may her father ever remember that Katie Lee is not lost, but gone before and that little hand is beckoning: "Papa bring your loved ones and come on." Lord from the depths to thee I cried, My voice, Lord, do thou hear. Unto my supplications give an attentive ear. We know that our loss is her eternal gain and would not be so selfish as to wish her back, for we know we can go to her, God being our helper. A few more days or years at most and it will be said "Enough, come up higher."

The Lord made bare his mighty arm and plucked from earth one of his brightest flowers and transplanted it on high to live with him for ever and ever. We miss our darling Katie Lee in our home, we miss her everywhere, but the Lord giveth and the Lord taketh away, and blessed be the name of the Lord. We are so thankful we can say "Thy will be done, and not ours."

HER GRANDMOTHER.

Mrs. Lewis Hudson came home Tuesday night from Temple, where she spent several days with her daughter, Miss Lizzie, in the sanitarium.

We can supply you with a wind mill, piping, etc. Get our figures.—Bodkin, Hurdle & Co.
