

THE GOLDTHWAITE EAGLE

VOL. 19.

GOLDTHWAITE, MILLS COUNTY, TEXAS, APRIL 12, 1913.

NO.

JUST ONE PURPOSE

WE ALL have especially one purpose in this life. Some of course have more, owing to our circumstances, but we all have one—and that purpose is to accumulate all we can in our respective vocations. While this may not be our sole desire, nevertheless it's not far from it. If you are a farmer, merchant, banker, lawyer, or any professional man, your sole purpose is to surpass—trying to do the same identical thing a little better, trying to accumulate a little more. That's right. If we didn't strive to do better and make more, we would certainly be going the other way. It's your duty to make and save every Dollar you can by any honest means possible. It's your duty to try to perform that duty a little better than the other fellow. Our business is Merchandising. Our every aim is to do this just a little better than the other fellow—to buy and sell you better merchandise for less money and at the same time treat you as you would like to be treated. In this we are emphatic—to prove our policy that of fair treatment. We want nothing but justice, you want nothing but justice. All we ask of anyone in all our dealings is only to be as fair with us as we are with you. Under no circumstances will we misrepresent anything knowingly. We are always willing to rectify any error. You will always find but one price to everybody and that in plain figures and the lowest. We don't think the other fellow's dollar any better than yours, no matter who he is. You get the same courteous treatment, the same class of goods, at the same price. That's our way of thinking—and we think we are right. Don't you? Now, on these bases we ask you to give us a trial. Examine our goods, prices and system. We want the privilege of showing you—you don't have to buy. We'll strive harder to please you and give you better merchandise for less money than the other fellow.

If you want a New Dress, see our line.

If it's a New Suit, we have values to suit your purse.

If it's a Paper of Pins, you get the same courteous treatment.

If it's a pair of Shoes, you get the same quality, you pay what the other fellow pays, your dollar looks like the other fellow's dollar to us.

We want your business, we want your friendship. See what we have to offer first.

THE HOUSE THAT SATISFIES

Texas

COMMERCIAL CLUB.

Meeting Well Attended and Interesting Throughout.

The meeting of the Commercial club was fairly well attended Monday night and the business transacted was of importance. President L. E. Miller being in attendance upon the meeting of the city council the vice president, Mr. J. C. Street, presided at this meeting. The secretary, Edward Geeslin, being absent, J. B. Whitman was appointed to act as secretary for this meeting.

The committee appointed to secure fire extinguishers for the business part of town reported the purchase of 20 of the extinguishers. This number, together with those already in the business places, will likely be enough to serve the purpose and meet the requirements of the insurance companies in reducing the insurance rate.

The road committee reported having inspected the Moline road and found the people in that section willing to co-operate with the work. It was decided to defer work on that road until the citizens could decide just what part of the work they could undertake.

The road committee also reported inspecting the road from Caradan to Priddy and arranged for some improvements to be made on that road.

E. M. Boon was appointed to correspond with the fire rating board relative to reduction in the rate for this town on account of our night watching system and the placing of fire extinguishers in all the business houses.

A plan for sprinkling the streets in the business part of town, was discussed, but the matter was deferred until next meeting.

A most brutal act was committed in Fort Worth Sunday by a villain who had been allowing his wife to make his living. Crazy with jealousy he bound the woman's hands and then poured acid in her eyes, destroying the sight. He then shot and killed himself.

Citizens of McAllen, Texas, shipped a carload of vegetables to the flood sufferers in Ohio.

A riot among the twine makers, who were on a strike at Auburn, N. Y., forced the officers to shoot into the mob, wounding three men and one woman.

A former member of congress from Missouri, Harry M. Coudry, was convicted of using the mails to defraud and was sentenced to federal prison this week to serve five years. He with some of his associates organized some insurance companies that were held to be fraudulent.

A cowboy of Waxahachie enacted a scene in the streets of that city a few days ago that was thought to be only possible in picture shows. A child was at play in the streets and a stampeded herd of cattle was hurrying toward it. One of the cowboys, seeing the child's peril, made a run on his horse and picked the child up as he ran, saving it from being trampled to death by the frightened cattle.

In every paper one reads will be found articles in advocacy of good roads. Not only in Texas is the good roads agitation going on, but in the other states as well. In the north, south, east and west commercial bodies, farmers and labor organizations and individual citizens are urging the importance of improved public highways. That this united effort will be of much and lasting benefit there can be no doubt. Wherever civilization has caused the organization of communities and the establishment of enterprises the need for public highways is felt and with the increasing demand for the elimination of distance and time the demand for good roads increases. Never, perhaps, in the world's history has there been so much interest and such a concert of action on the one subject. Not only is it true of the people of the western world, but even in the old countries the subject of good roads is interesting the people and they are making substantial improvements in their roads.

CITY COUNCIL.

The council met in regular monthly session Monday night.

The first business transacted was declaring the result of the city election and administering the oath of office to the newly elected members of the council.

Mayor Rahl appointed the following committees.

Committee on streets and alleys—J. H. Randolph, F. N. Habbert, J. D. Urquhart.

Committees on finance—Will H. Trent, H. G. Bodkin.

E. L. Martin was elected city assessor and collector and the tax rate was fixed at 25 cents on \$100 valuation, which is the same rate that has been levied heretofore.

PRIZE CROP CONTESTS.

Approximately 11,000 farmers, by entering its \$10,000 prize crop contest for the largest yields, cost of production considered, of corn, cotton, kaffir, milo and cowpeas, have agreed to study better cultural methods this year according to the instructions of the Texas Industrial Congress.

Entries in the contest closed April 1, with 10,816 contestants from 214 counties. In less than three years the number of farmers earnestly engaged in studying soil conservation, crop rotation, diversification, and the best methods of increasing acreage yields under the direction of the Congress, has grown from 1746 in 1911 to almost 11,000 in 1913, and the number of counties represented has increased from 161 to 214.

The greatest interest has been shown by the boys and girls, the chief reason for this being due to the fact that the county school superintendents and teachers have taken a personal interest in the work—Industrial Congress.

Jas. A. House and his mother, Mrs. F. M. House, left this week for their home in New Mexico, after spending the winter with relatives at Center City. They like the New Mexico country, but will likely return here for the winter season each year.

Over at Greenville a man who had been a faithful employe of a telephone company died recently. He had been sick for a long time, and his family were in poor circumstances financially. The company not only paid his full salary to his family during his long illness, but paid the doctor bills and funeral expenses and allowed the salary to run for another entire year in favor of his widow. Score one for the "soulless corporation."—Granbury News.

A police officer at Port Arthur fell dead while taking a prisoner to jail Friday night. The prisoner summoned assistance and aided in carrying the dead officer home.

Three masked men attempted to hold up a crowded street car in San Antonio Monday night and would have succeeded but for one passenger refusing to hold up his hands. He was shot and killed and the robbers made their escape without securing any valuables.

Goldthwaite people should make a
liberal contribution to the flood suf-
ferers in Ohio and Indiana. The dam-
age by the floods was great and many
people were rendered homeless and
lost all they had. Thousands of them
have to be fed by public charity un-
til they are able to do something for
themselves. Governor Colquitt has
issued a proclamation urging the pub-
lic to make contributions promptly.

—If you are buying land require
the seller to furnish you an abstract
of his title, so you may know you are
getting a good title. If you contem-
plate selling your land, have an ab-
stract thereto prepared first, so you
will know what kind of title you can
make to it, as the purchaser is al-
most sure to want to know. I have

will make your abstracts for a reason-
able charge and will help you cure
your titles if defective.—E. B. Ander-

REVIEW OF THE LEGISLATURE.

The Thirty-Third Legislature, which
adjourned April 1st, to meet again
in special session July 21, considered
a total of 1,467 bills and resolutions.
Of this number 197 general bills and
resolutions finally passed both
branches of the house and have been
acted upon favorably by the Govern-
or.

In all 1,397 bills were introduced.
Of this number the Senate fathered
497 and the House 903.

In the senate twenty-four joint res-
olutions were offered and in the house
forty-three.

Bills and resolutions offered this
session exceed those of the Thirty-
Second legislature by 443. During
the session of the last legislature a
total of 1,024 bills and resolutions
were presented for consideration.

There were ninety-five bills passed
by the senate, all of which have either
received consideration at the hands
of Governor Colquitt or will soon be
at his disposal, while one hundred and
two bills passed the lower branch of
the house.

A perusal of the records shows
that during the past session of the
legislature one hundred and fourteen
bills were either killed or died on
the calendar while twenty-three amend-
ments to the constitution met the same
fate.

A joint resolution calling for a con-
stitutional convention was also killed.
A concurrent resolution providing for
a commission to frame a program of
court reform met death.

The following senate and house bills
which passed both branches of the
house were vetoed by the Governor:

Normal school for the Twenty-eighth
Senatorial district. Giving railroad
employees a voice in control of hos-
pitals supported by earnings from
railroad men. Permitting the sale of
school lands in forty acre tracts. Pro-
viding for the issuance of first grade
certificates (teachers') by colleges
that will enlarge their curriculum.
Making Thirteenth Judicial district
consist of Navarro, Freestone and
Limestone counties and creating a
new district in Navarro county. County
park bill. The Katy consolidation bill
(Vetoed by the Governor but passed
over the veto.) Authorizing ex-of-
ficio salaries for county attorneys.
Establishing a Texas memorial com-
mission and appropriating \$50,000 to
erect monuments in the National
Parks of Texas soldiers. Establish-
ing a normal college at Waco. Author-
izing transportation companies to
sell surplus power to cities. Creat-
ing a state training school for the
feeble-minded and appropriating \$100,
000 for its maintenance. Establish-
ing an experiment station in the First
Senatorial district.

TEACHERS EXAMINATION

In view of the fact that a great
many teachers in the State holding
certificates which will expire before
the regular June examination de-
sire to build upon these certificates
in accordance with the law before
their expiration, and in view of the
fact that the time for grading and
reporting upon the papers of the
June examination before the summer
normals are held is very limited, it
has been deemed wise and proper to
call a special examination at each of
the county seats in the state on May
1, 2 and 3, 1913. This examination
will not take the place of the June
examination which will be held on
the 5th, 6th and 7th of June, in ac-
cordance with the requirements of the
law. The papers of all applicants for
each of these examinations will be
graded and reported upon before the
beginning of the first series of sum-
mer normal examinations.

The following is a schedule of the
examination.

Thursday, forenoon—History of Edu-
cation, Physics, Solid Geometry,
English and American Literature.
Thursday afternoon—Psychology,
Chemistry, Plane Trigonometry,
Bookkeeping.

Friday, forenoon—Physical Geography
Physiology and Hygiene, Composi-
tion, Arithmetic.

Friday, afternoon—Texas History,
Grammar, Descriptive Geograph-
y, Plane Geometry.

Saturday, forenoon—Spelling, Writing,
Methods and Management,
Civil Government, Reading.

Saturday, afternoon—United States
History, Algebra, Agriculture, Gen-
eral History.

Respectfully yours,

F. M. BRALLEY,
State Superintendent.

CAMP DELEGATES.

Jeff Davis camp of Confederate vet-
erans met last Saturday afternoon
and elected J. W. Allen and A. V.
Lane as delegates to the national reu-
nion at Chattanooga, Tenn., May 27
to 29.

All members of the camp were au-
thorized to act as alternates, in case
the regular delegates do not attend.

The camp agreed to donate the
money in its treasury to assist in pay-
ing the expenses to the reunion of
veterans who formerly lived in the
section surrounding Chattanooga and
are not able to pay their own ex-
penses, provided the people of Gold-
thwaite will donate a corresponding
amount for that purpose. There are
a number of old soldiers who would
like to attend the reunion and again
visit their old homes, but they are
not financially able to do so and by
the camp's plan they can all go.

CLUB OFFICERS.

The Self Culture club met with Mrs.
J. A. Gillespie Thursday afternoon
and elected officers for the next club
year, as follows:

Mrs. R. M. Thompson, president;
Mrs. E. B. Anderson, vice president;
Mrs. J. C. Street, recording secre-
tary; Mrs. Will H. Trent, correspond-
ing secretary; Mrs. Eli Fairman, treas-
urer; Mrs. I. C. Everly, critic; Mrs.
J. H. Randolph, parliamentarian; Mrs.
J. A. Gillespie, reporter; Mrs. J. H.
Randolph, delegate to the district
federated meeting at Taylor April 15
to 17.

Developing Occupations

Productive occupations are important
factors in our development. Any occu-
pation or effort that seeks to substitute
brain for brawn ought to be encouraged.
Among this class of occupations we will
mention the agriculturists and the in-
ventor. These occupations build empires
just as the carpenter and the brick mason
build houses. The term agriculturists
used in this discussion means the man
who thinks as he plows. As an agricul-
turer Mr. Burbank has given us some
two or three hundred improved varieties
of fruits and vegetables, and in many
instances enabled the producer to double
production without effort or expense.

In no country are the processes of na-
ture so easily interpreted and the hidden
veins of new and bountiful industries so
easily tapped as in Texas, and the man
who can reason with nature—plan as he
plows—will find Texas a profitable field
of endeavor.

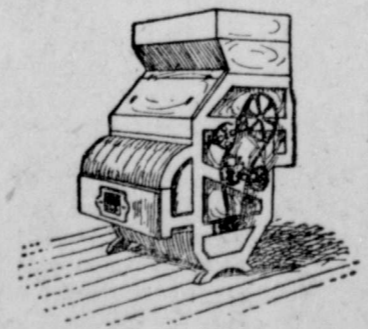

Plowing and Planning.

Our land has not yet felt the modifying
influence of human skill in shaping its
agricultural destinies, and the farmer
who thinks as he plows is the man of
the hour in Texas.

Men who give over their wealth to the
advancement of education, establishing
libraries and public institutions, do noble
deeds, but the man who will make an
acre of land double production or reduces
the cost of production is by far the great-
est benefactor of all mankind.

Next in importance to the agriculturist
is the inventor. Eli Whitney, in giving
us the cotton gin, reduced the cost of
preparing cotton for the market \$120.00
per bale.

The Cotton Gin.

Every producer and consumer of cot-
ton goods, past, present and future, has
profited and will profit by the bright
intellect of Eli Whitney. To develop
our land we must first develop our
men, and Texas presents glorious op-
portunities for bright young men who
study and think as they work.

"My work is hard and I know it. My wagon
is on my payroll and must earn its salary. That's
why I bought a Studebaker. I can't afford to
buy a cheaper one."

"Get in touch with a Studebaker dealer he's

A committee of bankers appointed to make an estimate of the losses in the recent floods in Dayton, Ohio, have reported placing the loss at \$20,000,000.

In the special election in the tenth congressional district last Saturday to select a successor to Congressman Albert Burleson, who was appointed postmaster general, Hon. J. P. Buchanan of Brenham was elected by a large majority over Judge George Calhoun of Austin.

A new mammoth cave is said to have been discovered near Ogden, Utah, that rivals in size the celebrated cave in Kentucky. The strange part of the story is that the cave is within 15 miles of Ogden and an Indian legend tells of an entire tribe perishing in a cave in that section, yet it has never been visited by white people.

Congress convened in special session Monday at noon to consider tariff revision and other matters of importance. The appearance of President Woodrow Wilson in the congressional hall to deliver his message in person was quite an innovation. This was the first time in 100 years that a president has delivered his message orally.

A special from Galveston says that the glories of Texas which have been heralded to the world by the various publicity agencies are having the desired effect was noted a few days ago when 612 aliens arrived on a single steamer from north Germany. This is the largest number of immigrants to arrive at Galveston on a single ship in six years. Five hundred and twenty aliens were steerage passengers. The foreigners will be distributed over Texas where homes will be found for them on the vast domains of the Lone Star State.

A Washington report says the Federal department of agriculture estimates the total value of the 1912 cotton crop at \$267,274,000 in a report which has just been issued, showing the Lone Star state as ranking first with all the other states in agriculture. This value is only for lint cotton and does not include cotton seed, which when added to this total will be approximately \$300,000,000. The figures are preliminary estimates and will probably be changed when the Census department issues its final report on cotton production in June.

There is too much sympathy in the court room, especially in the jury box, and too little at the gravesides of murdered men and women, too little in the darkened homes of widows, heart-wrung children made fatherless by bloody-minded criminals, who are permitted by long precedent to paramour their own evil passions and intemperate impulses over the sufferings and tears of families bereaved by them. Sympathy is a beautiful virtue, but it is misplaced when employed to free from the proper penalties base and brutal men who exercise their passions for manslaughter by murdering decent citizens.—Dallas News.

An Associated Press report from Washington says that the row over the Panama canal tolls has again appeared in congress. Senator Root has again introduced his bill of last session for the repeal of the provisions of the Panama canal law which would permit American coastwise ships to enjoy freedom from toll charges. The measure has been referred to a committee headed by Senator O'Gorman, who led the fight in the last session against Senator Root's bill. It is expected the measure will be forced upon the attention of congress at an early date.

Governor Colquitt signed the 9:30 saloon closing law this week and the message will soon become effective, thereby abolishing the all-night saloons. On account of the many errors in the bill the governor doubted it holding good, but the attorney general has advised him that the intention of the law-makers is clear. Saloons will be required to close at 9:30 each evening and remain closed until 6 o'clock the following morning.

LOMETA

Mrs. Bunk Stockton and two little daughters, Mary and Azille, left Wednesday morning for Whittier, California, where they will visit her parents, Mr. and Mrs. J. H. Brown.

J. K. Moore went to Temple a few days since with his 14-year-old son Kirby for an examination for what was thought to be tuberculosis, but the trouble proved to be a heart disease.

Preston, the 11-year-old son of Dr. Lowe, who contracted meningitis several days ago, is reported improving. Preston happened to the misfortune of getting one of his limbs broken some time since.

The base ball team of the High School of Lometa had it laid over them in great shape when they went to Lampasas last Saturday to play the High School of that place. The game resulted in 9 for Lampasas and Goose Eggs all through the game, for Lometa.—Reporter.

COMANCHE

The remains of Grandma Lewis who died at Goldthwaite Sunday, were brought here Monday morning and carried from here to Newburg for burial.

The west bound Frisco train was late three hours last Sunday morning, caused by the bridge between Dublin and Proctor burning out, and in order for the train to reach Comanche, it detoured via Texas Central to Alexander, thence the Cotton Belt.

R. T. Chaney of this city received the sad intelligence that his son, Joddie Chaney, aged 24 years, had been killed at Sheffield, Texas, by some unknown parties. Mr. Chaney left on the early morning train Wednesday morning for the scene, and if possible to bring the remains of his son back to Comanche for burial.

The home of Cliff Lock, living five miles south of DeLeon, was destroyed by fire the later part of last week, and a three months old child cremated in the flames. Walter Lock, wife and two children were also living in the home. The two men were away at work several miles from home when Mrs. Walter Lock and her four-year-old boy went to the garden, leaving a three-months-old baby girl in the house asleep. After working a while she looked up and saw the house in flames. She rushed to the house and tried to enter the door, but the blaze drove her back. She then ran around the house to a window, near where she knew the baby was sleeping, and with her hands broke the glass and tried to enter but was again frustrated by the flames. In trying to rescue the infant her hands were badly cut and her arms scorched by the flames. Neighbors gathered and the charred remains of the child were recovered.—Chief.

W. H. Joekel received the sad message Thursday night of last week that his brother, H. C. Joekel, had died suddenly at Giddings.

Mr. Bennie Fairchilds and Miss Lill Crawford are the star actors in the latest romance of our town which culminated in their driving to the home of Judge Hartley Monday night at 8 o'clock and being married. They will make their home in Brownwood, where the groom has employment.—News.

BROWNWOOD

Jack Ragsdale left last night over the Santa Fe for Los Angeles, Cal., where he will spend some time in the study of optometry. He will also join a musical company while there, and play several engagements each week. After finishing his studies, Jack will return to Brownwood to locate permanently.

On Thursday, March 20, John Davitte, jr., and Miss Helen Fisk stole away and went to the home of Dr. L. J. Mims, who quietly married them and said nothing about it. It seems that for certain diplomatic reasons the young couple thought it best to let their marriage remain a secret for a few days, but today the secret is out, and they are receiving the congratulations of their many friends.

DEATH OF MRS. ASHBEY.

As there has been quite a little misunderstanding about the accident that happened to Mrs. Ashbey Monday of last week, which later resulted in her death, I take this method through the columns of the Eagle of letting her many friends know just how it happened:

She and her husband, together with Mr. John Stearns, were on their way from Mullin, where they had gone to help Mr. Stearns move back to his farm in Jones Valley. As they came through a gate near the home of Mr. Andy Weston, one of the bedsteads hung on the wire on top of the gate and pushed Mrs. Ashbey off on the tongue of the wagon, when the team became badly frightened and ran away. She soon fell from the tongue to the ground and both wheels of the loaded wagon ran across her body. She was carried to the home of Andy Weston as soon as possible and Dr. Jones of Mullin and Dr. Coble of Zephyr were summoned immediately but to no avail. All that two good doctors could do could not save her. God in His infinite mercy and wisdom saw fit to call her home to live with him and the angels.

Mrs. Ashbey died April 1, 1913. Was laid to rest in the Oakview cemetery at Mullin at 2 p. m. April, where Brothers Hays and Vann made appropriate talks.

Truly a good woman has gone. In her death her husband has lost a devoted wife, her children a loving mother and her community a kind and noble neighbor. She leaves a heart-broken husband, two little boys, a mother, three sisters, two brothers and a host of sorrowing friends to mourn for her. We would say to them to weep not for her as one who has no hope for she told me that she was willing and ready to go and I feel sure that today she is resting in Jesus' arms, where trials and troubles are no more. May God bless and protect her husband and little children in this world and prepare them to meet her in the great beyond is the prayer of
A FRIEND.

ENJOY GOD'S BLESSINGS.

Ever be happy, be glad, and be free While you're out on this beautiful earth;

There are blessings abounding for you and for me

That should turn us from sorrow to mirth.

Listen now! you can hear music sweet,

Of the songs of the birds of the air;

Yes, 'tis music, sweet music, our dull ears to greet

And God's sunshine abounds everywhere.

There are beautiful flowers' sweet perfume

To delight us, as onward we go;

And the hills and the dales are with beauty a-bloom,

Or perhaps they are covered with snow.

Sparkling waters, the vast rivers fill,

Or they drop from the clouds in the sky,

And wherever we roam God is blessing us still

Yes, He showers blessings down from on High.

There is music and laughter and love,

For the love of our God's over all; He is watching us now from His home far above.

For He heeds e'en the lone sparrow's fall.

If we use but our eyes and our ears

There are blessings none from us can take.

And our God, in His love, will subdue all our fears

He will lead kindly on, for His sake

If we only will trust in our God—

God whose "mercies each morning are new."

If we only submit to his chastening rod

Sorrow, all, we may well bid adieu.

Then oh, cast from your heart every care

And abide in His love and His grace!

All your sorrows He'll lovingly, willingly bear

Or they'll flee from the smile of His face.

Oh, then, how can we ever be sad

Since "His mercies each morning are new?"

When your own heart, remember, when your own heart is glad

Then make others as happy as you.

WHY HE WAS LATE.

"What made you so late?"

"I met Smithson."

"Well, that is no reason why you should be an hour late getting home for supper."

"I know, but I asked him how he was feeling, and he insisted on telling me about his stomach trouble."

"Did you tell him to take Chamberlain's Tablets?"

"Sure, that is what he needs."

STAR.
Editor Eagle:
A fine rain fell here Wednesday morning. It makes the people feel good to see the grain green once more. It looks as if we were going to have a season yet.

The wind Tuesday night did some damage out here. It blew the Christian church off about a foot and did some damage to several barns.

H. Y. Price is having some work done on the telephone lines, mounting it as far south as Knox. He expects to give the people good service.

The rural has about completed their telephone lines, and they say it works fine.

Mr. Clifton says he has a fine lake in front of his house since the street has been graded. Guess we will have to get busy and drain it for him or he will be charging us for hunting out there.

R. W. Barr is having a new windmill put over his well, but since the rain I guess he wont need it so much.

Mr. McCasland and W. L. Garrett and families of Center City were down last Sunday attending the services at the Christian church.

Mr. Thogmartin of near Lometa, was over last Saturday and Sunday to see Mr. John Wood and family.

The literary met Saturday night with a good attendance, and it was a success. All the pupils had their parts up good, and were well trained. Several from Center City were here and all expressed themselves as having enjoyed themselves very much. Come again.

Cotton planting seems to be the talk now, since the rain.

T. E. Hamilton has gone to Blanket.

D. I. Hawkins has moved in the house known as the W. W. Woolsey place. He seems to be happy since Mrs. Hawkins is at home. Her school closed at Priddy last Friday.

Five new members of the board of trustees were elected last Saturday for the new district and are as follows: T. E. Hamilton, J. A. Ward, S. F. Harper, W. A. Hamilton, and J. M. Woods, who will have charge of the business during the election of bonds and the erection of the new building if it carries, which we hope it will and will soon be decided.

The silverware contest of Hawkins Bros. stands as follows: Misses Moore, Nettie Carter, Flo Hamilton, Lora Hudson and Lillian Venable. The silverware is well worth trying for, and someone gets it. The boys wait the votes turned in by Friday night each week so they can keep up with the way they stand.

Everyone seems to be delighted with our good roads. Better get busy and do some more. We see the sample is fine. The road from the Baptist church to Hurst ranch is all graded and chalked and is simply fine. Star having spent some \$60, and with the help of our commissioners, Mr. J. R. Carter of Mills county and Mr. Max Schwartz of Hamilton county, we have done some good and in a few more years we expect to have good roads leading in from all points. It pays to work the road. Get the habit, and we will soon have good roads everywhere. Every man in this community gave a day or two with his team, besides paid his road tax, and it shows up, too. The county was out very little on our roads. We did it ourselves. Health good this week.

DEATH'S VISIT.
Miss May Priddy died at the home of her parents in Priddy community Monday afternoon and her remains were interred in the Priddy cemetery Tuesday afternoon. She had been in ill health for a long time and for several weeks it was known that her condition was very critical and but little hopes of her recovery was entertained by the family and friends. She was the eldest daughter of Mr. and Mrs. J. F. Priddy, and was reared in the community in which her death occurred and she had a great many friends who sincerely grieve with the bereaved family.

FENCING, FENCING!
WE have it—Yard, garden or lot—WE HAVE IT. Square pickets—pine or cypress. Flat spear-head pickets—pine or cypress. Plenty of red fence, 3, 4 and 5 foot lengths.
HARRIS & McCULLOUGH.

Pigs for Sale—Full blood Duroc Jersey pigs to sell at my place on Simms creek. Will deliver in Goldthwaite if desired. Phone, write or see me.—J. H. Benningfield.

MICROBE OF LOVE.
Play Presented by Mothers and Teachers Club Thursday Night

The rendition of "The Microbe of Love" by local talent Thursday night, under auspices of the Mothers and Teachers club, assisted by Mrs. Godbold of Dallas, was a decided success from every view point. The total receipts amounted to \$107.10.

Those taking part in the performance all did extremely well and are each deserving of special mention. They all knew their lines well and carried out the plot in a manner that made it appear most realistic. The opera house was crowded to its capacity and the hearty reception given each of the players showed full well how well the audience appreciated the play. The following was the program:

STAR SCHOOL BOARD.
The election for four members of the school board at Star, held last Saturday, resulted in the election of T. E. Hamilton, W. A. Hawkins, J. M. Woods and S. F. Harper. Those gentlemen, together with Dr. J. E. Brooking, J. T. Hunt and R. W. Barr constitute the school board of that place. They were to meet yesterday afternoon to organize and at that meeting it is likely a petition was presented asking for an election to authorize the issuance of \$6000 in bonds to build a school house there. The indications are that the bonds will be authorized and the building will likely be erected in time for the fall term of school.

Prof. Irving was called to Corpus Christi the first of the week on account of the serious illness of his father. Mrs. Irving has been teaching in his stead in the public school.

The farmer is beginning to realize that good roads lengthen the life of his horses, his harness and his vehicles in his regular pilgrimage to market with his produce, which all goes to increase his happiness and prosperity. When the market is high in the spring and the farmer has a surplus to sell, it is a question of good roads. The whole problem of rural life is a problem of good roads. With good roads everything can be done. Without good roads everything is at a standstill. With good roads the trend will be to the country. Without good roads the trend will continue to town at an accelerating rate.—Commercial Secretaries.

The government of Japan has protested to the government of the United States against legislation proposed in California to prohibit aliens acquiring ownership of land in that state. The little brown men claim this proposed legislation is aimed at them. Since the war between Russia and Japan resulted favorably to the latter they have been entirely "too big for their breeches." and it is hard for the other nations, especially the United States, to form legislation that is satisfactory to them.

To the Sheriff or any Constable of Mills county—Greeting:
You are hereby commanded to sum- mon Eli Dial, B. F. Surnney, Mrs. Agnes A. Surnney, P. H. Dial, J. T. Dial, Railroad Real Estate Build- ind and Saving Association, a private corporation, and Railroad Real Estate Building and Saving Association, a co-partnership, the names of the mem- bers of which are unknown, and B. F. Sweeney and Mrs. Agnes A. Sweeney, and the unknown heirs, legal representatives, legatees and devisees of Eli Dial, deceased, B. F. Surnney, deceased, Mrs. Agnes A. Surnney, deceased, J. T. Dial, de- ceased, P. H. Dial, deceased, B. F. Sweeney, deceased, and Mrs. Agnes A. Sweeney, deceased, by making pub- lication of this citation once in each week for eight successive weeks prior to the return day hereof in some newspaper published in Mills county, to appear at the next regular term of the district court of Mills county, to be holden at the court house thereof on the thirteenth Monday after the first Monday in February, A. D. 1913, the same being the 5th day of May, A. D. 1913, then and there to answer a petition filed in said court on the 29th day of Feb- ruary, A. D. 1913, in a suit numbered on the docket of said court No. 1391, wherein W. E. Nugent is plaintiff, and the above named parties are defendants, said petition alleging that heretofore to-wit: on the 18th day of Feb., 1913, plaintiff was and now is lawfully seized and possessed of the tract of land hereinafter de- scribed lying and being situated in Mills county, Texas, formerly in Brown county, Texas, and known and described as 320 acres of land patented to Eli Dial assignee of Jno. M. Meek, by letters patent No. 467, Vol. 8, dated June 26, 1874, survey No. 294 more fully described in plain- tiff's petition filed herein, by metes and bounds. That on the day and year last aforesaid the defendants unlawfully entered upon the said premises and ejected plaintiff there- from and unlawfully withheld from plaintiff the possession thereof to his damage in the sum of One Thousand dollars. (\$1000.00). And for further cause of action herein plaintiff alleges that he and those whose estate he has, claiming to have good and perfect title to the above described tract of land, now have and have had peaceable the land claimed, and open, notorious and adverse possession of the same, cul- tivating, using and enjoying the same, and by actual enclosure for a period of more than ten years after the de- fendants cause of action accrued and next before the commencement of this suit. Plaintiff further says that the exact nature and extent and character of the defendants' claim to the above described land is unknown to him, ex- cept that the same was patented to Eli Dial as assignee. Plaintiff prays for judgment, title and possession of the above described land and that his title thereto be es- tablished and quieted as to the claim of the defendants, for costs of suit, etc. Herein Fail Not, but have before said court on the said first day of the next term thereof this writ, with your return thereon, showing how you have executed the same. Witness, L. E. Booker, Clerk of the District Court, Mills County. Given under my hand and seal of said court in the city of Goldthwaite, on this, the 20th day of February, A. D. 1913. (Seal) L. E. BOOKER, Clerk, District Court, Mills Co., Tex.

COUGHS AND CONSUMPTION.
Coughs and colds, when neglected, always lead to serious trouble of the lungs. The wisest thing to do when you have a cold that troubles you is to get a bottle of Dr. King's New Discovery. You will get relief from the first dose, and finally the cough will disappear. O. H. Brown, of Mus- kadne, Ala., writes: "My wife was down in bed with an obstinate cough, and I honestly believe had it not been for Dr. King's New Dis- covery, she would not be living to- day." Know for forty-three years as the best remedy for coughs and colds. Price \$1.00. Recom- mended by R. (Adv.)

INFORMATION ASKED.
Editor Eagle:
In his discourse, Rev. J. D. Long in last week's issue of your paper makes the amazing assertion that St. John the Baptist, the Precursor of our Lord, was the first Baptist preacher. If this assertion means anything, it certainly leads us to conclude that the Baptist preachers of today can trace their origin back to John the "first Baptist preacher."
After many years of historical study I could not trace the Baptists beyond the 17th century in America, and the 16th century in the history of the world. Hence your Reverend contributor will greatly oblige many a reader of your paper by giving his "authorities" for his statement that "John the Baptist was the first of the Baptist preachers" as they are known today.
Yours for historical truth,
X. Y. Z.

A FINE RAIN.
The oat crop was greatly benefited by the fine rain that fell here Tuesday night and Wednesday morning and the cotton land was put in fine condition and the young corn was benefitted to a considerable extent. In most communities plenty of stock water was put out and most of the branches were flushed. While the rain was not of sufficient duration to put a good and deep season in the ground, it was of incalculable benefit and where the land had been broken the water soaked in to a considerable depth.
The outlook for crops is all right and with a full crop of all produce and 15 cents for the cotton our people will continue to be happy and prosperous.

a nice time.

Mrs. S. L. Evans returned Tuesday
from a visit to her daughter, Mrs.
Lillie Cook, near Payne Gap.

The wedding bells are ringing. Mr.

ford were married at the home of the
bride's parents, Mr. and Mrs. R.
Langford, Sunday afternoon at 4
o'clock, in the presence of a large
crowd of friends and relatives, Rev.

Some of the young people from this

BONDS AND TAX ADOPTED.

The election in this school district
last Saturday resulted in a victory
for the school interests. The vote
on the proposition to issue \$15,000
in bonds for building a new high
school building was 104 in favor of
the proposition and 8 against it. On
the incidental tax proposition the vote
was 99 in favor of it and 13 against
it. This makes it sure that a new
high school building will be erected
right away and the special tax will
be increased to an amount that will
perhaps be enough to pay the ex-
penses of the school. The entire
tax in the district for school purpose
will now be 50 cents on the \$100 val-
uation. This pays the interest and
sinking fund for the old building and
interest and sinking fund for the pro-
posed new building and leaves a
very creditable amount for incidental
purposes.

The result of this election will be
greatly improved school facilities
here, which will mean much advance-
ment for the community.

July 19th has been designated as the date for holding of election of constitutional amendments. Four special propositions are to go before the people on that date. One proposal is to permit a bare majority to vote bonds in improvement districts rather than the two-thirds majority as at present; another is to raise the maximum amount in which the state may issue bonds for educational institutions, the third to abolish terms in district courts and permit the serving of more than one judge in a district; the fourth and last provides for placing all state, district, county and precinct officials on a straight salary basis, abolishing the fee system. It is pretty safe to assume that the last of the four will carry with a whoop, but as to the others they will have to be explained.—Temple Telegram.

BAPTIST MEETING.

The Sunday school institute and Baptist Women's Missionary Workers convention convened in the Baptist church here yesterday and will continue through Sunday. Dr. Hardy of Baylor college, Belton, arrived yesterday and delivered an interesting lecture yesterday morning and another one last night. Mesdames Jennings and Curtis of Brownwood and Mrs. Z.D. Kemp of Mullin arrived on the early morning train yesterday to be present at the conference. Rev. Foster of Dallas will be here today to lecture on Sunday school work and will also lecture tomorrow afternoon on the same subject. Dr. Carroll of Howard-Payne college will fill the pulpit in the Baptist church at the 11 o'clock service tomorrow.

The people of the community, regardless of denominations, have an invitation to attend this conference. The Ladies Aid Society served dinner to the delegates and others at the Masonic hall yesterday.

OUR FRIENDS.

The Eagle readers evidently appreciate the paper and there are mighty few who are beyond the legal limit in the matter of subscription dating. The postal law requires that only one year's arrears be allowed and there are more of the Eagle readers paid a year ahead than there are who are a year behind and a much larger majority of them are paid up or a few months ahead. We appreciate the prompt payments on subscriptions and the kind words by our patrons. Those who have renewed or added their names since last report are:

J. W. Smith, Glodthwaite.
R. G. Childre, Brownwood.
Noah Karnes, Route 3.
F. R. Hines, Antelope Gap.
S. V. Roberts, Ridge.
D. A. Solomon, Goldthwaite.
M. M. Lee, Payne.
G. W. Purvis, Priddy.
P. M. Morris, South Bennett.

CROP CONTEST.

Contestants for Mills county entered in the \$10,000 crop contest of the Texas Industrial Congress for 1913, are as follows:

Noah Davis, Democrat, D; Hugh Carothers, Goldthwaite, C.H. F. H. Reeves, Ebony, D; Wm. T. Harris, Mullin, B. & C; Alba Shelton, Regency, D; R. Edmonson, Ridge, B. Class A, four crop, model farm; class B, Texas corn club; class C, Texas cotton club; class D, unirrigated forage crop; class E, irrigated forage crop.

BALL SEASON OPENED.

The Goldthwaite and Lometa baseball teams opened the season with a match game at the last named place Thursday, which resulted in a score of 8 to 3 in favor of the Goldthwaite team. This is reported to have been a fast and hard fought game.

HORSE NOTICE.

My stallion, which was sired by the German Coach, Clamor, will make the season at my farm in Pleasant Grove community. He is five years old this spring, weighs about 1350 pounds and is about 17 hands high.

Terms \$10 for insurance. Will pasture gentle mares, but not responsible for accidents.

We think it more desirable to in-
crease the productivity of our soil
than to increase the value of it; or
to speak with more precision, to
make increased value the conse-
quence of increased production. We
think, also, for this fundamental
reason, the safest and sanest immi-
gration work now being done in the
South, or anywhere else for that
matter, is that to which Colonel Exall
has devoted a splendid quality of
energy, enthusiasm and patriotism.
He is not asking people to come to
Texas; he is trying to teach those
who are in Texas to become more
prosperous and thus lay the subfounda-
tion for a higher civilization. In-
cidentally he is inducing people to
come to Texas, but he is doing it
only incidentally; that is, if he makes
the people who are here more pros-
perous, he will generate a force which
will draw more people to the state
than could all the "literature" the
printing presses could turn out in
the next year. For people who are
looking for homes, there is no magnet
like a condition of prosperity. It is
persuasive and convincing beyond all
else. It may not operate quite so
speedily as some other methods, but
it operates more surely, and with
final results that are far more satis-
factory.—Galveston News.

It is claimed by Fort Worth offi-

men whose arrest will doubtless clear
up all the mystery that surrounded
the burning of the First Baptist

Saturday, April 12, 1913.

Rev. C. C. Dooley was among those who attended presbytery at Blanket this week.

S. T. Wells, our popular county treasurer, has purchased a fine new surrey for his family.

S. V. Roberts was one of the good men of Ridge community who had business in the big town last Saturday.

Some of the prettiest rugs and art squares you ever saw are now on display at our store.—Bodkin, Hurdle & Co.

G. A. Swain and wife returned to their home in Lometa Sunday night, after a short visit to relatives in this city.

Messrs. T. C. Yantis, J. F. Johnson, S. F. McBurney and other Knights Templar of Brownwood were passengers on Monday morning's train en route to Corpus Christi to attend a meeting of the lodge.

"My little son had a severe cold. I was recommended to try Chamberlain's Cough remedy, and before a small bottle was finished he was as strong as ever," writes Mrs. H. Silsk, 29 Dowling street, Sidney, Australia. This remedy is for sale by R. E. Clements. (Adv)

D. A. Solomon is numbered among the new subscribers to the Eagle. The old Bird's subscription list continues to grow and our list of friends is constantly enlarged.

A prudent mother is always on the lookout for symptoms of worms in her children. Paleness, lack of interest in play, and peevishness is the signal for White's Cream Vermifuge. A few doses of this excellent remedy puts an end to the worms and the child soon acts naturally. Price 25c per bottle. Sold by R. E. Clements. (Advertisement).

Cline & Bleeker this week moved their moving picture show from the west side of the square to the Airdome on Fisher street, opposite the Light plant. This is the same location occupied by the Airdome last summer.

Farmers and others who live at a distance from a drug store should keep in the house a bottle of Ballard's Snow Liniment. It may be needed at any time for cuts, wounds, sores, sprains or rheumatism. It is a powerful healing and penetrating remedy. Price 25c, 50c and \$1.00 per bottle. Sold by R. E. Clements. (adv)

DONT MISTAKE THE CAUSE.

Many Goldthwaite People Have Kidney Trouble and Do Not Know It. Do you have backache? Are you tired and worn out? Feel dizzy, nervous and depressed? Are the kidney secretions irregular? Highly colored; contain sediment? Likely your kidneys are at fault. Weak kidneys give warning of distress.

Heed the warning; don't delay—Use a tested kidney remedy. Mrs. H. F. Brooks, 503, First St., Lampasas, Texas, says: "A few years ago I had kidney complaint. There was weakness in my back and the kidney secretions were annoying. I could not stoop without severe pains catching me in my loins and at times they extended into my shoulders. I also had headaches and my sight blurred. I seemed to get no benefit from medicine until I began taking Doan's Kidney Pills. I was relieved after a few doses, and two boxes cured me. Another of my family has used them and been benefited."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other. (adv)

WANT MONEY.

We are forced to make collections right away and request all who are indebted to us to settle at once. These accounts are all due and those who fail to respond to this notice will have no cause to object because of the methods we adopt to collect what is due us. We need the money and must have it right away and hope those indebted to us will not disappoint us. M. G. CLINE & SON.

DR. WHITE, V. S.

For the information of the public I wish to state that hereafter I will charge for my services in the city, \$1.00 per visit and in the country \$2.00 per visit and 50c mileage. Dental work according to the work to be done, and for prescriptions 50c.

H. T. WHITE, V. S.

GIN FOR SALE.

"I have a good gin in fine repair in the Ebony community and a nice residence which is insured for \$3000, that I will sell for a reasonable price and take other property for part or all of its value. The gin is well located, has two stands of 80 saws each, good boiler, etc. See me at once if you want a bargain.
