### EBONY.

Editor Eagle: Harvesting is the order of the day. Most all the oats will be mowed and haled, which is a very safe way of taking care of the crop.

### A GOOD RECORD.

Mills County Families Above the Average.

The average size of a Texas family is 4.9 compared with 5.4 ten years ago. The average family in Mills county contains 5 persons and we have 1909 families residing in this county according to the census report which has just been issued. Mills is one of the 117 Texas counties whose families are larger than the state's average and if the families in the state were as large as those of our county Texas' population would be nearer the five million mark.

CITY COUNCIL.

The regular monthly meeting of the city council was held Monday night, at which time routine business was given attention and some new business was transacted.

An ordinance was adopted requiring the removal of all awnings with posts and prescribing "drop" awnings in the business part of town. Ample time was allowed for the change to be made, but when it is made the business part of town will be greatly improved in appearance.

An ordinance forbidding board sidewalks and prescribing the width of sidewalks in the business part of town was adopted. This will not only improve the appearance of the town, but will greatly reduce the fire risk.

An ordinance was adopted forbidding automobile drivers to use a "cut-out" in the city, requiring that all exhaust pipes from autos have muffler attachments. This will do away with the unnecessary noise and prevent the frightening of teams as well as prevent stirring up dust unnecessarily.

A board of equalization for the city was appointed composed of the following named citizens: F. N. Irwin, T. F. Toland and L. B. Ashley.

Miss Lora Hudson visited in Fort Worth the first of the week.

### POMPEY CREEK.

The entertainment at the Airdome Thursday night attracted a larger patronage than usual, although the patronage of that popular amusement place is always very satisfactory to the management. The occasion of the extra attendance was a benefit for the City band, which is composed of the younger set of musicians of the city, under the leadership of Floyd Mullan. The young folks have made an excellent record for beginners and reflect much credit upon their teacher and themselves. Mrs. Floyd Mullan plays with the band and is of much benefit to the players, as she is an accomplished musician.

### A HEARTY RECEPTION.

**Temple Boosters Convinced that Goldthwaite is a Live One.**

The Temple Trade Excursion, or more properly, the "get acquainted" excursion of the Temple business men arrived in Goldthwaite Tuesday afternoon at 6:45 and remained here until 7:15, getting acquainted with the citizens and enjoying the hospitality of the town.

The Goldthwaite Commercial club had prepared for the coming of the excursion by the appointment of a reception committee and arranging for speaking, music and other modes of entertainment and the appointing of a committee of ladies to meet the visitors, serve them with punch which had been generously provided at the Trent State bank by Mr. W. C. Dew, pin appropriate badges upon them and give them souvenirs of Goldthwaite in the form of pictures of our new court house and new high school building, which pictures were supplied by the Eagle.

When the train arrived at the depot the City Band, commonly called the Junior band, was playing an attractive selection as a greeting.

A large delegation of ladies and gentlemen had assembled at the depot as a reception committee and the visitors were escorted to the business part of town, where arrangements had been made for their entertainment. A speakers stand had been placed at the Trent Bank corner and as soon as the people had assembled the Temple band played a lively strain, after which Hon. P. H. Clements made a short and appropriate address of welcome which was apparently much appreciated by the visitors and a reply was made by Mr. Hall of Temple, who was introduced by Mr. Dew.

All the while punch was being served by the ladies at the Trent State bank and the Goldthwaite National bank and the visitors were extended a cordial and hearty welcome at both places. Mr. W. C. Dew had provided cigars in abundance and they were passed out among the visitors, who appeared to appreciate all of the courtesies extended to them and were enthusiastic in their praise of Goldthwaite people and Goldthwaite hospitality. After receiving badges bearing the inscription "We Met Goldthwaite Commercial Club" the visitors hurried to the depot in response to the sounding of the locomotive whistle giving them warning that the time of their stay in the best town on the map was over. Many citizens accompanied them to the depot and as the train moved off from the station cheer after cheer went up from the excursionists in laudation of the hospitable and delightful way in which they had been entertained in Goldthwaite.

The Commercial club's committees were as follows: Ladies to serve punch and supply the visitors with souvenirs and badges and assist reception committee—Mesdames Eli Fairman, Will H. Trent, O. H. Yarborough and R. M. Thompson, Misses Kate Fairman, Nina Burks, Adeline Little, Lawrence Thompson, Charline Burks and Estel Grundy. Reception committee—W. C. Dew, chairman; P. H. Clements, E. B. Anderson, Will H. Trent, L. E. Miller, B. F. Geeslin, Jas. Rahl, and R. M. Thompson as special committee and all members of the club as assistants and general committee.

Messrs. W. C. Dew and Will H. Trent met the excursionists at Lometa and made the rounds with them and there was, therefore, no surprise among the visitors when they reached this city and found a hearty reception and ample provisions for their entertainment.

It was a matter of regret on the part of the citizens that the visitors could not remain long enough to be given an automobile excursion over the city, but the railroad schedule had been arranged in advance and could not be changed at that time. However, we all did the best we could to entertain them in the short time they had to spend with us. We appreciated their visit and hope they will come back at no far distant time and stay long enough to give us an opportunity to show them what Goldthwaite hospitality can provide. to Mullin and Goldthwaite was taken from the Temple Telegram:

After leaving Brownwood promptly on time, as usual, the special high-balled through Ricker and Zephyr, making its next stop at Mullin, where one of the heartiest receptions of the entire trip was received. Apparently the entire town had turned out to meet the Temple Boosters, and unique souvenirs in the form of the various crop production of that section were presented to the visitors. These consisted of small bundles of grain and numerous varieties of vegetables, all neatly tied with pink silk ribbon, upon which was printed the following: "A Dry Land Sample of Prosperity From Mullen, Texas, to the Temple Business Men's Excursion, June 3, 1913."

The last stop of the trip was made at Goldthwaite at 6:45, and here the most demonstrative and hospitable reception of the entire tour was extended the visitors. A local brass band vied with the big Temple band in dispensing music, the two bands were thrown open (all but the safes and vaults) where receptions were held and delicious punch was served by a bevy of pretty girls.

Of all the towns visited during the day, it is probable that Brady, Mullin and Goldthwaite will be longer and more fondly remembered by the Temple Booster bunch than any of the others. The majority of the population of Goldthwaite seems to be girls, and a majority of those are extremely beautiful girls.

The senate committee has commenced its search in Washington for the "numerous and insidious lobby" spoken of by President Wilson last week.

The libel suit of Col. Theodore Roosevelt, ex-president of the United States, against Editor George Newitt of Marquette, Mich., who charged him with being a drunkard, resulted in a judgment for 6 cents in favor of Col. Roosevelt, and both sides are to pay the court costs incurred by them.

The report of Postmaster General Burleson regarding the manner in which his department was conducted by his predecessor puts Mr. Hitchcock in a bad light, for the claim that the postal department was self-supporting last year is denied by Mr. Burleson. He said the figures were made to show a balance in the department's favor by unfair and unjustifiable methods. He says Mr. Hitchcock saddled the new administration with greatly increased expenses in the way of advanced salaries and promotions in the service.

The man who can guess the outcome of the trouble in Mexico is undoubtedly a good guesser, for the people in that country who are in a position to know are apparently "in the air" regarding the future of their country and the result of the present revolution. The indications for several weeks have been in favor of Huerta's alleged government and it has seemed for some while that he would soon have the rebels out of business, but so far the "constitutionalists" have been able to keep the government forces busy and the foreigners in that country are at least ill at ease, if not terror stricken.

Yes, there are hard times. We throw away ashes and buy soap. We raise dogs and buy hogs. We grow weeds and buy vegetables. We catch fish with a four dollar rod. We build school houses, and send our children away from home to be educated. And last, but not least, we send our boys out with a forty dollar gun and a twenty dollar dog to hunt ten cent game. Yes, there are hard times, but whose fault is it? Don't place all the blame on the president and the trusts.—Hamilton Herald.

A hearing was commenced in Corsicana this week before a special commissioner in the state of Texas' suit for \$99,275,000 penalties against the Standard Oil interests and alleged subsidiaries, charged with violating Texas anti-trust laws. The suit also is for ouster of the alleged Texas branch concerns. This examination is expected to last for more than a month during which it will be transferred successively to Dallas, Beaumont, Houston and Galveston. After that it is planned to take testimony in New York and possibly other eastern cities.

The reverend Wm. States Jacobs, pastor of the First Presbyterian church of Houston, threw a bomb into the camp of the Women's Political Union in that city by a sermon Sunday in which he said if the women had reached a consensus "not to mother the race" it was well enough to give them the ballot; that equal rights meant equal responsibilities; that this was a superior generation and there was danger in following a fad to an extreme; that many women who neglected their duties did more harm than could be repaired with all the ballots in the world; that when women were taken into business it was the great blow the Christian home had received since the Christian era began; and to cap the climax he told them "if it took mothers as good as hell to make us as good as we are the gates of hell will have to be wide open to receive the rising generation should its mothers fall below the mothers' standard," and he thought the grant to them of the ballot would be a step in that direction.

#### Goldthwaite People Give Credit When Credit is Due.

People of Goldthwaite who suffer with weak kidneys and bad backs want a kidney remedy that can be depended upon. Doan's Kidney Pills is a medicine for kidneys only, and one that is backed by willing testimony of Goldthwaite people. Here's a case:

H. T. White, veterinary surgeon, Goldthwaite, Texas, says: "I was taken with sciatica about six years ago and was under the care of a good doctor who relieved me for a while, but the trouble returned. My back was so lame and painful that I could not get about. I didn't sleep well, and got up in the morning feeling miserable in every way. I also had rheumatic twinges in my limbs. I tried plasters and many other remedies, but got more relief from Doan's Kidney Pills, procured at R. E. Clements Drug Store than anything else I ever took. The first box benefited me and I soon felt better in every way."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

#### A GOOD LAW.

People who have had the experience of waiting for belated trains and being informed by the figures on the bulletin board that the train is "On Time" when it is thirty minutes or three hours over due are glad to know of the law which becomes effective July 1 requiring railroad agent to give definite and accurate information as to the movements of the expected trains and furnish other important information to the travelers and others interested in the arrival and departure of trains.

"If any such agent," reads the penalty, "shall fail to perform the duties required of him by this article, he shall be deemed guilty of a misdemeanor for each time he fails or refuses to perform the duties required of him by this article, and upon conviction shall be fined not less than \$50 or more than \$100 for each offense."

The law maker the train dispatcher a party to the violation should he fail to notify the station agent of the movement of the trains and he is subject to the same fine.

Mr. J. E. Eveland of Bath, Ill., says: "I had eczema for twenty-five years and had tried everything. All failed. When I found Dr. Hobson's Eczema Ointment I found a cure." This ointment is the formula of a physician and has been in use for years—not an experiment. That is why we can guarantee it. All druggists, or by mail. Price 50c. Pfeiffer Chemical Co., Philadelphia and St. Louis. Sold by R. E. Clements. (Advertisement)

G. W. Vierling, sr., is in the city for a few days and is receiving the congratulations of his friends over his escape from what might have been a fatal accident. A team of mules driven by him became frightened and in attempting to stop them the wagon tongue was broken and in the smash-up G. W. was pitched head-first into the hard gravel road, inflicting numerous scalp wounds and requiring about two hours of the doctor's time in removing the gravel and sand from the injuries. Although his head is swathed like that of a Turk's, Mr. Vierling maintains that he is recovering nicely, and his many friends trust that no serious effects may result.—Brady Standard.

A passenger coach on the Sunset-Central railroad was burned near Engle last Sunday night, while en route to Houston. The coach was filled with federal prisoners from the Pacific coast en route to the federal prison at Atlanta, Ga. The gas connection exploded, which caused the fire. Near the same place a bridge on the same railroad was burned and a brakeman was fired upon from ambush and the shot came close enough to him to extinguish his lantern.

One of the things about a tariff bill that many of us do not understand is the reason for congress putting raw material on the free list and protecting the manufactured goods with a tariff. It may be political heresy for the Eagle to express this opinion, but it is the way many of us have of looking at the subject. In this connection the Honey Grove Signal says: "Our democratic tariff bill gives us free wool, which will, of course, give us cheaper wool. The great trouble, fellow democrats, is that devilish few of us want any raw wool. Forty years ago our mothers bought a few pounds of wool every year. They made the boys and girls card this wool into rolls on rainy days and then they spun the rolls into thread, from which woolen socks and jeans were made. Free wool would have saved our mothers a few dollars back in the long ago, but things have changed—the swish of the cards and the hum of the spinning wheels have been forever hushed in the South land. For twenty-five years this scribe has been purchasing agent for a household and he hasn't bought a pound of wool yet. Free wool means cheaper wool for the manufacturers, who will pocket the profit and sell us dress goods, pantaloons, socks, etc., at the same old price. Suffering democrats, the fellows who have been doing the voting and the hoping these many years want cheaper dresses, cheaper suits, of clothes, and cheaper socks, and they can not understand why a democrat congress will not put these things on the free list as well as the raw wool we don't buy and can't use."

#### FARM FACTS.

(By Peter Radford, president Farmers' Union.)

Make your farm add to the charm of the neighborhood.

A large total yield of any crop brings less money than a smaller crop.

Why make two blades of grass grow where one grew before unless you can sell them.

The producer is not always permitted to participate in the benefits of a bountiful harvest.

There is more in the man than there is in the land and to develop the land we must first develop the man.

Hearth farming is the scientific farming of today. Success is due to him who solves his problems by the fireside.

The free pass holder on the "Opportunity Special" is the man with mind, money and muscle.

Opportunities on the farm are of little value unless at some future date they can be turned into cash.

The trouble with the city man is that he thinks production is the whole thing and his interest in the farmer usually stops with production.

All the farmer asks is a square deal and a chance to get his products to the consumer at a price the consumer can afford to use them and at a price the farmer can afford to produce them.

Lost motion on the farm is a heavy expense. Eliminate the waste of time as well as material.

Thoughts are but seeds. As you think today so you will be tomorrow.

Be at war with your vices, at peace with your neighbors and let every day find you a more diligent worker.

No man is a failure until he is dead.

#### Take Plenty of Time to Eat.

There is a saying that "rapid eating is slow suicide." If you have formed the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and salivated. Then when you have a fullness in the stomach and feel dull and stupid after eating, take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. Sold by R. E. Clements. (Adv)

#### COUNTY COURT.

County court has been in session this week and a number of cases have been disposed of, either by trial or pleas of guilty. There has been only one jury trial, however, and that was a case wherein two young lady teachers were charged with whipping a boy too much, but the jury returned a verdict of not guilty.

The jury was dismissed the third day and some non-jury cases have since been tried.

This term of court has been more than self-supporting, which is an unusual condition.

The court is still open, but there is nothing of consequence to come before it.

#### BIRTHDAY PARTY.

Walton, celebrated his birthday Monday afternoon with a party at the family home in this city to which he invited a number of his friends and playmates. After playing games and otherwise making merry for some time the little guests were served with refreshments by Mrs. Walton. The time was delightfully spent by the little folks and they will long remember the pleasant occasion.

A. M. Rose of Pleasant Grove was one of the prominent farmers in town yesterday and reported grain needed.

**WHY NOT GET A GUARANTEE?**  
Every Article of Merit that is Sold These Days is Guaranteed—No Guarantee Often Means Poor Quality.  
There is very little excuse for any person to claim that he has been "stung" on a purchase. Fifty years ago the buyer had to look out, but today it is unusual to find a merchant who will not return the money for any article that has proved unsatisfactory.  
An excellent example of this kind of fair dealing is shown by the clean-cut guarantee that R. E. Clements gives on Dodson's Liver Tonic.  
These people tell us that any person who pays 50 cents for a bottle of Dodson's Liver Tonic and does not find it a gentle and most pleasant liver tonic, harmless, but a sure relief of constipation and a perfect substitute for calomel, can get his money back just as quick as they can get it out of the money drawer.  
Dodson's Liver Tonic has practically taken the place of calomel. It is absolutely harmless, sure in its action and causes no restriction of habit or diet. No wonder the drug people are glad to guarantee it while other remedies that imitate the claims of Dodson's Liver Tonic are not guaranteed at all. (Adv.)

**MOST CHILDREN HAVE WORMS**  
Many mothers think their children are suffering from indigestion, headache, nervousness, weakness, costiveness, when they are victims of that most common of all children's ailments—worms. Peevish, ill-tempered, fretful children, who toss and grind their teeth, with bad breath and colicky pains, have all the symptoms of having worms, and should be given Kickapoo Worm Killer, a pleasant candy lozenge, which expels worms, regulates the bowels, tones up the system, and makes children well and happy. Kickapoo Worm Killer is guaranteed. All druggists, or by mail, Price 25c. Kickapoo Indian Medicine Co., Philadelphia and St. Louis (Adv.) Sold by R. E. Clements.

Mr. Branum made his home in this city some years ago and also lived at Mullin for some time. He was a big-hearted, genial gentleman and made many friends in this country. He located in Walnut Springs several years ago and engaged in the grocery business.

Editor Eagle:  
Will try to write a few lines to the Old Bird.  
We are still dry and very dry.  
Harvesting the grain (which is very short, shorter than was thought before harvesting began) and chopping cotton and plowing are the orders of the farmers.  
As little Mary has been busy, do not know much news.  
There has been a good deal of visiting. Will give some of the names that have visited, if not the names of those they visited.  
Mr. and Mrs. Lee Benningfield visited in our neighborhood, and Mr. Joe Benningfield and Mr. John Nesbit and family, Mr. John Geddis and family, and Mr. Will Moreland and wife and others have visited since last report.  
Mr. and Mrs. Stamp have been at the bedside of Mr. Stamp's mother near Center, who is very sick, but hope will be better by the time this comes out.  
Mr. Paul Horton has visited in our settlement two or three times since last report.  
Uncle Tom Berry went to the reunion at Chattanooga and to visit his old home.  
Mr. Frazier has moved one of his windmills from his residence to his son Sam's, at one of his rent houses on account of stock water.  
Mr. John Benningfield says from the looks of Mr. Berry's wheat he must have irrigated it.  
Well, as I have got to get dinner or eat dinner, one or the other, will close.

**FARM LABOR WAGES.**  
According to the report of the Federal Census Bureau, farm wages in Texas average \$19.00 per month with, and \$27.30 per month without board. Reduced to a weekly basis it means that farm laborers of Texas get \$6.00 per week where they board themselves and in many instances they have a family to support on this sum. The farm owner cannot increase the wages of his hired help and "shift the burden" to the consumer. He does not fix the price of his products and while producing the wealth of the nation, he receives minimum pay for his services. Over-production and crop mortgages force the farmers into ruinous competition with each other, forcing down prices and compelling low wages and long hours. The remedy lies in organization and in co-operation in marketing.  
In Texas 160,538 farms of the 417,770 employ help at an annual expense of \$25,783,000. During the past ten years farm wages have increased \$4.97 per month.  
In Mills county there are 1,484 farms and 551 of them employ hired help at an expense of \$41,406 per annum.—Commercial Secretaries.

All olive oil must be pure, but there are a dozen degrees of richness, clarity and wholesomeness. White Swan Olive Oil is pure and more—it is better than the low grades.

**SUNDAY SCHOOL CONVENTION**

**A Large Attendance—Good Speeches—Fine Music.**

The Mills County Baptist Sunday School convention held its first regular session at Live Oak school house last Sunday. The attendance was too large to be accommodated with room even in the capacious new school house at that place, so that many, unable to get into the house, went away early in the day. The exercises began at 10 o'clock and throughout the day the large congregation enjoyed a very interesting program. Speeches were made, according to the program that has already appeared in the columns of this paper, by Rev. L. A. Bagley, Prof. D. D. Kemper, Judge S. H. Allen, Prof. J. F. Kimball, Rev. L. L. Hays and others. All this was interspersed by the Mills County Singing convention, under the leadership of its president, Prof. E. F. White. A vocal solo by Miss Jennie Sebolt deserves special mention.

The principal feature of the occasion was the address of Prof. Kimball on the subject "The Greatest Book in the World." The good effect of that address is far reaching and permanent.

The good people of the Live Oak community richly merited the vote of thanks extended by the convention for the sumptuous dinner spread, the big barrels of ice water and the general good-hearted hospitality extended the convention.

At 4:30 p. m. the convention adjourned, after a short business session to next meet with the North Bennett Sunday school on the first Sunday in September. All Sunday schools of the county, regardless of denomination, are invited to attend the convention and take part in the proceedings. The convention is under the management and direction of the Baptists, but it is not proposed to exclude other denominations.

Editor Eagle:

The hum of the reaper can be seen and heard in many fields this week. Grain crops are short, however, the acreage will be greatly increased over last season. We will make life's living along thankfully for the present reward we have received for our labors.

Chopping cotton is still in progress. The majority of the Agricultural Brethren will finish this week.

Corn is holding up reasonably. We think, however, that there will be a fine rain before this reaches the printer's ink.

Quite a number of our people attended the Sunday School convention on last Sabbath day, each one reporting a splendid program nicely prepared and rendered on the occasion. We truly congratulate our neighbor community. Those Live Oak folks are hustlers, boosters, wide-awake, progressive people.

The ice cream festival at B. R. Casbeer's was truly a success. A nice little sum of money was "proceeded," which sum will be deposited in a near future day toward the building of a splendid church. Let's all pull, push and shove mightily for the right.

Misses Ethel and Sallie Covington and Belle Virden of Pleasant Grove were visiting in our midst Sunday.

L. G. Blackburn is spending a couple of weeks "away down in old Alabam" while away at the national reunion visiting his boyhood home comrades and friends.

Well, how about voting on a special school tax here and have a six month term of school? Pass the hat or start a petition (that's fashionable nowadays, I believe) and let's raise enough to overhaul the school house paint her up and get in the progressive line with these other Mills county folks.

A large number of our people have been exposed to the measles. Should the epidemic spread as it has been exposed it will greatly put the farmers behind with their work.

Mrs. W. G. Welch and Mrs. P. A. Burks of Center City were visiting relatives in our vicinity this week. PROGRESSIVE ONE.

**PLANT A STUBBLE CROP**

While it is not a good plan to try and raise two crops on the land during the year, yet to insure plenty of winter feed the practice of planting maize and sorghum on the stubble is sometimes followed.

Where the oats or wheat were cut for hay the ground should be double disked as soon as the hay is removed and then harrowed when it rains. This will leave the ground in very good condition for planting. If the ground has plenty of moisture to bring the seed up plant the sorghum and maize as early this month as possible, but a good crop of both the sorghum and maize have been made planted as late as the first of July.

Lay the maize rows off three feet and three inches wide and space the plants in the drill about two feet. The best variety to plant is the dwarf as it will not grow the large stalk and stock will eat some of the fodder. The rows for the sorghum should be the same width as the maize rows, but the plants can be left closer in the drill. The variety that is best all round is the red top or shumac.

Kaffir is sometimes planted on the stubble, but is not as sure as the maize or sorghum.

The cow peas planted on stubble make good hay and at the same time help build up the soil, by adding the most expensive fertilizer, which is nitrogen to the soil. The peas can be planted broadcast or in rows 2 1-2 to 3 feet wide. Even though no crop is planted on the stubble it is well to disk after the grain is removed from the ground if it has plenty of moisture to do so without breaking up in clods. Yours very truly, JOHN E. CALDWELL.

Rev. J. C. Newman has been quite sick this week, suffering with gall stones. He was carried to the Baptist sanitarium at Dallas on Thursday night's train to receive treatment and perhaps undergo an operation. Mrs. Newman and Dr. Smith of Riddy accompanied him. All of his friends are hopeful that his condition will not prove to be serious and that he will soon return home fully restored to health.

**ROCK SPRINGS.**

Editor Eagle:

As I have been absent for quite a while will send in a few happenings. The farmers seem to be rather busy, as the hum of the reaper can be heard in every direction.

Some are fighting the grasshoppers. We are in hopes they will not be so numerous as last year.

We are needing rain right badly. Mrs. W. A. Cook returned home the past week from Richland Springs, where she had been visiting her mother, Mrs. Cannon.

Misses Mattie, Susie and Addie C Stark and cousin, Mr. DeWitt and Wood Roberts, visited Mr. Swan Roberts at Regency Saturday and Sunday. They report a nice time.

There was a nice crowd at prayer meeting, conducted by Bro. McGowan, Sunday night.

Mr. Wood Roberts, who has been visiting Mr. Chas. Stark and family, left for Copperas Cove Tuesday morning.

Misses Docia and Viola Stark have been visiting their sister, Mrs. Bertram White, of Big Valley this week. Little Miss Arma Lee Harvey is visiting her aunt, Mrs. Cooke, this week.

I will ring off with best wishes for the Eagle and its readers. A BUD.

**STAR NEWS.**

Editor Eagle:

Crop conditions are still very good, though we will need rain in a few days.

Harvesting time is here and every farmer seems to be busy saving the grain and getting it ready for the thrasher.

The cotton is about chopped. There seems to be some complaint of the grasshoppers, but they are poisoning them to a great extent.

The trustees were called together Tuesday and decided on the plan of the new school building. The bonds have been approved and the bids will be opened on the 19th day of June, 1913. All who want to bid on it can get plans and specifications either from Henry T. Phelps, San Antonio, Texas, or from Jesse Jones, Goldthwaite, Texas.

Mr. and Mrs. R. H. Patterson made a trip to the Colorado river fishing this week. They report a nice time and plenty of fish.

**"That's the sixth Studebaker we've passed—the only kind to invest in"**

"The only kind—because, as I always say, when a man puts money in a thing he wants to know that he's going to get the worth of it out again."

"That's plain business as I look at it."

"That's why I say the price doesn't tell you anything at all. There's only one thing that talks—except the wagon itself. That's the name of the maker."

"When you buy a Studebaker you're buying a vehicle that has behind it and in it sixty years of experience—sixty years of success—and sixty years of reputation for the square deal. That's why a Studebaker always looks good to me."

"My father used to say that Studebaker honor was as sure as a United States bank note. He was talking after having used Studebaker vehicles since he was a lad, and he told me his father before him said, 'Be safe—get a Studebaker.'"

"Vehicle builders can't hold that sort of reputation nowadays without delivering the goods. A Studebaker wagon has the best in it. That's why a man gets the most out of it—why it's always an economy."

"Dealers may say to you something else is 'just as good.' But when you buy a Studebaker, you're making a safe investment every time."
