REMOVAL SALE

## THERE'S A REASON

Our Sales have been Enormous for the first part of our Removal Sale, in fact, heavier than we anticipated. **THERE'S A REASON.**

We never advertise an article we haven't got. We never advertise a price and then charge you a different price. While our sales have been very satisfactory, we still have stacks and stacks of good, reasonable merchandise at Extremely Low Prices. We've got to sell them—it's simply too hot to pack goods to move them.

**If ever you expect to need Dry Goods, now is your time to get them almost at your own price. Everything marked in Plain Figures. Everything has got to go. Join the crowds of satisfied people. Ask those that have already been here.**

If it's only a pair of Overalls, they are here for 85c a pair and they are good ones. If it's a Dress, we have stacks of Dress Goods from 5c to \$1.25 per yard. Matters not what you want. If it's in Dry Goods we've got it and we've got to sell it. There's no "ifs" nor "ands" about it—the goods must be sold. Nothing reserved—just a plain everyday fact that it's too hot to box up goods for shipment. Remember we only have 16 more work days in which to do this. Get your share of these Wonderful Values and—DO IT NOW.

### COMMERCIAL CLUB.

#### Arrangements for Fair and Reunion Complete—Interesting Meeting.

The committees in charge of the work of arranging for the coming fair and reunion reported at the meeting of the Commercial club Monday night that they all had their work well in hand. Some additional premiums were announced, as will be seen by the list published elsewhere in this issue, and the outlook for a most successful fair is indeed gratifying.

President Miller being in attendance upon the city council meeting Mr. W. C. Dew was selected to preside over the meeting until the arrival of the vice president, Mr. J. C. Street, and most of the time of the meeting was consumed in discussing the final details of arrangements for the fair and reunion.

It was announced that a large tent had been secured for use in displaying the products, a number of concessions had been sold, including the hobby horse right, and the committee on grounds made a very satisfactory report.

Judge S. H. Allen, Edward Geeslin and R. M. Thompson were appointed to secure speakers for the occasion and the two last named members of the committee at once selected their chairman as one of the speakers. It was announced that the Confederate veterans had also selected a number of speakers, which makes it sure that there will be plenty of oratory at the fair.

The arrangements committee was authorized to make a proposition to the City Band to furnish music for the occasion and to select judges to make awards of the premiums for the different exhibits.

An accident to a "flying machine" in midair at Texas City Tuesday morning caused the machine to fall to the ground, a distance of 500 feet and Lieutenant Call, who was making the demonstration flight, was killed.

### MEETING CLOSED.

The meeting at the Presbyterian church, which was conducted by Rev. Green, assisted by Rev. Dooley and the other pastors of the town, closed Sunday night. There was quite a number of professions of faith and some additions to the churches. Great and lasting good was done by this series of meetings and the results will be far reaching. Rev. Green was one of the strongest preachers ever engaged in a meeting here and his clear and logical sermons were appreciated and enjoyed by everybody. He is superintendent of the home mission department in this district for his church and it is hoped he will visit Goldthwaite frequently in future.

### TAX ROLLS COMPLETED.

Tax Assessor A. E. Evans has completed the rolls for Goldthwaite Independent school district for the year 1913. The total shows a substantial gain from last year. The total valuation of property in the district is \$1,084,110, against \$975,795 last year, an increase of \$108,315 for this year over last year. The total tax assessed is \$5,425.39, of which \$1,650.68 goes to the interest and sinking fund account and \$3,774.71 to general purposes.

This makes a fine showing for the school and for the district.

### GOOD BALL GAMES.

The base ball park at the reunion grounds has been secured by Center City base ball team for the three days of the fair and reunion next week and work will commence Monday preparing a grand stand and making other arrangements. The game the first day will be between Center City and Pottsville teams, which insures a good strong game, as these are among the best teams in this section. Other games will be arranged for the second and third days of the reunion, and it is likely these teams will play all of the games.

### CONFEDERATE MEETING.

### ATTEND THE FAIR.

Help to Keep Mills County Abreast With the Best.

The officers and members of the Goldthwaite Commercial club, as well as the citizens and business men of Goldthwaite, extend a hearty and cordial invitation to the people of this and surrounding counties to attend the fair and reunion next week.

The fact that the fair is a new institution or enterprise impels us as officers of the organization that fosters it to urge the co-operation of the people, to the end that we may build up a fair here that will be second to none in point of the quality of displays and the united interest of the people. It is not a selfish interest that promotes the fair, but a desire to keep Mills county well in the front in the exhibition of county products of all kinds.

The fair was born of a spirit of enterprise, and believing as we do that the people of this county will be benefitted by the annual exhibitions of our farm, garden and live stock products, we ask that every one in this county give all the help they can to make it a success and there is no better way to help than to attend and join in making the exhibits. We have seen by the displays made here for many years, both at the reunions and on the trades day occasions, that Mills county's products would compare favorably with those of any of the counties, even at the state fairs, and last year the Commercial club leased the Confederate park from the old soldiers and determined to attempt to inaugurate a county fair, to be held regularly each summer or fall. Our first effort proved conclusively that the resources were here and that there were great possibilities for a fair in Mills county. We now ask that all the people unite in making this fair even a greater success than the first and we believe the united effort will result in an enlarged enterprise and the fostering of a spirit of co-operation that will be very helpful to our entire county.

In the name of the Commercial club, the fair management and the business men, we invite and urge all the people of this county to attend the fair next Tuesday, Wednesday and Thursday.

L. E. MILLER, Pres.  
EDWARD GEESLIN, Sec.

Robert E. Lee, one of the great soldiers of the world, typified all that was best in the South. A member of one of the most distinguished Virginia families, he had the fine qualities of his class with none of its weaknesses. He had courage without bluster, dignity without arrogance, reserve without sloth. A soldier in all his regal bearing, in every fiber of his body, his character was far larger than is essential to the professions of arms. In the great decision of life he guided his action by what seemed to him the principles of duty, and by those only. Political animosity long called him, and sometimes still calls him, traitor; but if the word means a man who sells his convictions for a price, it was never less deserved. For three years the South gave him absolute trust, and no people ever trusted more wisely.—Gamaliel Bradford in Youth's Companion.

Postoffice inspectors have just completed counting more than one billion postage stamps in the bureau of engraving and printing. In exact figures the number that passed under the hands in the busy office was 1,323,199,508. The stamps have a face value of \$30,452,121.73 and they constitute the reserve supply ordered some time ago by Postmaster General Burleson. The inspectors descended on the bureau without warning with the intention of testing thoroughly the checking system employed between the department and the bureau. At the expiration of eight day's work the officers discovered that the count tallied exactly with the department's record.

A special session of the legislature has been called by Governor Colquitt to assemble at Austin Monday, July 21. The call stipulates that the body is convened to make appropriations for the various departments of the state government, to pass a law providing for the election of the United States senators by the people, amend the present law relative to the government of the penitentiaries. He also reserves the right to submit other questions for the consideration of the body.

Eleven thousand officers and men of the Servian Timok division were killed in the battle with the Bulgarians Monday, while the remaining 4,000 men in that division were captured, according to the Sofia correspondent at Reich Post.

A sensational and cruel murder was committed in the little town of Angleton, Brazoria county, Wednesday night. Mrs. John Sikes, a lady of refinement, was murdered by being stabbed three times and physicians say an assault was also made upon her. She was a visitor to the town and went to the business part of the town to make some purchases. She did not return to her apartments and search was made for her and her remains were found in an alley one block from her boarding place. Her hat, shoes and handbag were missing and indications are that she was murdered and then carried to the place where her body was found.

### RESIDENCE DESTROYED.

Last night between the hours of nine and ten o'clock the residence and entire contents of Edgar Lancaster, who resides on the Lancaster ranch five miles south of Zephyr, was destroyed by fire. Mr. and Mrs. Lancaster were attending church at Blanket Springs when the fire originated. By the time they reached home the building was a mass of flames and all effort to save any of the contents was futile.

Just how the fire started is entirely unknown, for there had been no fire about the house since the noon hour, and they had only been gone from the house about an hour when the fire was first discovered. Their loss, not including the building, will amount to several hundred dollars, with no insurance on either house or contents.—Zephyr News.

## HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good. I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without it tiring me, and am doing my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of wonderful success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

#### MAKE RELIGION ATTRACTIVE

In a sermon at Fort Worth, Dr. Frank Norris said:

Imagine the Apostle Peter being asked to preach to some of our churches after being diked out as a modern clergyman fit for a funeral or a wedding and given one of our printed stereotyped programs that are so well known to the world, the flesh and devil—so much so that the latter person never disturbs his congregation any more—and the amen corner deacon goes sound asleep as soon as the collection is over. I confess that I had rather go to a ball game than to such a religious funeral conducted in the name of religion. For this reason the First Baptist church has put on a great stringed orchestra every Sunday night. The devil hasn't any right to the fiddle, the flute and the clarinet. There will never be one note of music in hell, but the chief asset of heaven will be the song of the redeemed. Some people are forever and eternally denouncing everything outside of the church that inspires, entertains and uplifts the soul of man, and offer instead "hark, from the tune of the dolesome man." Make your church service attractive and your congregation will be numbered in four figures.

Charles and Robert Jones, who have been on trial at Stephenville for the murder of their father, Rev. Lee W. Jones, at the family home near Dublin, were yesterday convicted of murder in the second degree by the jury in the district court, and the verdict provided for a term of fifty years for each in the penitentiary. The killing occurred on June 6, shortly before dawn. The case has occupied the attention of the court two days, during which time some 200 witnesses were examined. The case went to the jury about 8 o'clock Thursday night and the verdict was returned at 1 o'clock yesterday. The accused pleaded self defense, claiming that the deceased was reaching for a weapon when the shots were fired that killed him. Both stated that every member of the family lived in mortal terror of the deceased.—Brownwood Bulletin.

The election on the constitutional amendments is to be held next Saturday and every citizen should go to the polls and vote, for the questions to be determined should interest every taxpayer.

#### PROSPECTS ARE GOOD.

If any one doubts that the prospects for good crops and good business are encouraging to all the people and that the business men of this town are prospering they can have such doubts dispelled by looking over the advertising columns of this paper. It is a well known fact to newspaper people that business men who are not prospering will not advertise, and taking this as a guide, which is a never failing rule, the universal prosperity of Goldthwaite business men is shown clearly and forcibly. The business men can not prosper unless the farmers and stock raisers prosper, hence it follows that this country is in a most prosperous condition, for we challenge the exhibition of a county paper in this or any other state with a greater amount of advertising by local dealers. No body barred in this and no difference as to size. Be they big, little, old or young, they can not make as fine a showing as does the Eagle. Hunt for one that will in any way compare and you will learn that it can not be found.

As we have said before, Mills county is the best part of the great big world and Goldthwaite is the metropolis.

A suit has been entered by the state against the M. K. & T. railroad for \$15,000,000 penalty for alleged violation of the anti-trust law.

The sympathy of many goes out to Mr. Peter Radford, state president of the Farmers Union, in the death of his wife, which occurred at their home near Weatherford Monday. Heart disease was said to be the cause of her death and she was ill less than ten hours.

A new and novel character of theft was developed in Dallas this week. A residence was stolen and moved from its location to another site a mile distant. When the owner of the house went to see about his property he found the house missing. He notified the police department and a search was made, resulting in locating the house, which had been repainted, repapered and an addition built to it. But there is a complication. The occupants of the house claim to have bought it on the present site and a lawsuit will result most likely. We have heard of stealing a red hot stove and other things equally as impossible, but to bodily steal an entire dwelling and dispose of it and make a get-away is a new one.

The announcement by a physician there that he had discovered a cure for the great white plague has attracted sufferers from every direction and many go there without means, hoping to be relieved and cured without cost.

The Japanese still insist that the California alien land law discriminates against their nation. They continue the wrangle with the federal government over the matter, but they could well use their time in a more profitable way, for the California people will not agree to a change of the law and that ends the matter.

Last Friday while the county officials of Runnels county were absent from their office on account of the holiday, some one attempted to burn the Ballinger court house. The fire was started among shavings piled in the district court room and the basement. Only the absence of a draft saved the building. The work is believed to have been that of an insane person.

The Mexicans have been fighting so long without materially changing the conditions or accomplishing any noticeable results that their doings have lost interest for the general public. There appears to be no men of military skill or generalship among them and it is simply a case of "dog eat dog" with them. One side wins a battle and butchers its prisoners and then the other side retaliates. The fight is among Mexicans and it is not the business of other governments to interfere as long as they confine their operations to their own people. There are too many Mexicans any way. In fact, as long as there is one of the savage varmints alive there will be too many of them, so let them "fight dog, fight bear," it is none of Uncle Sammie's concern.

The opposition to the constitutional amendment authorizing the issuance of bonds by the legislature and the building of another Agricultural and Mechanical college at Austin has overshadowed all the other amendments and one of the other two to be voted on may be adopted for want of attention, when a close study of the propositions by the voters will result in the defeat of all the measures. The amendment which puts the county and precinct officers on salary and the one providing for the election of additional district judges both appear to be loaded for the tax payers. If there is merit in any of the amendments proposed the Eagle has not been able to see it and trusts they will all be defeated by the voters and they will be if sufficient interest is taken by the citizens to induce them to go to the polls and vote.

### UNCLE JIMMIE TAYLOR DEAD.

Mr. James Taylor, more familiarly known as "Uncle Jimmie" died suddenly Saturday afternoon about 3:30 o'clock at Chadwick.

He met the afternoon train and seemed in his usual health, but upon returning to his little store he complained of being sick and died immediately. The sudden attack is thought to have been brought on by a little run he made from the store to the train.

Uncle Jimmie was about 72 years of age. He has been in this immediate section about 30 years, part of which time he made his home in Lometa. He was a jovial old man, liked by all who knew him.

For the past 12 or 15 months he has been postmaster at Chadwick, during which time he made friends of all the people in that section.

He was buried in Chadwick cemetery Sunday, and in the absence of a minister C. L. Reid made a very able and appropriate talk. Quite a number from Lometa attended the burial.—Lometa Reporter.

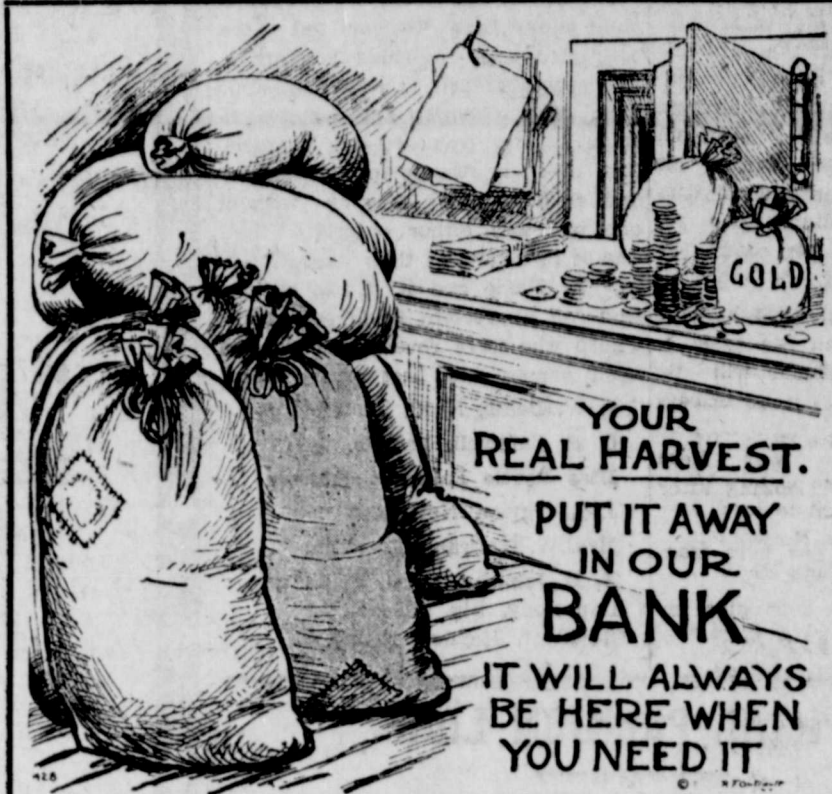

Mr. Taylor was quite well known in this city and in the southern part of the county. He was merchant and postmaster at Antelope Gap for a long while and was a most pleasant gentleman. The announcement of his death was received with sincere regret.

### TEXAS FARM LIFE COMMISSION.

Scheveningen, Holland, June 15—attended the so-called "Ninth International Cotton Congress" held at Scheveningen, Holland, June 9, 10 and 11. I say so-called, because under the words "Ninth International Cotton Congress" printed in large red letters, there followed in small black type the words "of the International Federation of Master Cotton Spinners and Manufacturers Association" and because it was not an international cotton convention, but a European Cotton Spinners and Manufacturers meeting. This association is not a loosely organized one, but on the contrary it is a strong, well organized, well financed body of large manufacturers of cotton and hence large purchasers of American as well as other raw cottons who are determined upon obtaining two results, namely, cheaper cotton and that produced upon English and other European countries' possessions. There is no doubt about this. Gov. Dougherty, one of the biggest cotton planters of North Carolina, was there and so definitely was he impressed with this prominent determination that he told me he was going home and set about at once to change his plans of farming, for he clearly sees he said that in the near future English and Continental European spinners will cease to purchase American cotton at prices which our farmers can produce it.

There are in this powerful, brainy and resourceful organization the spinners of England, Ireland, Scotland, Switzerland, France, India, Japan, Austria, Belgium, Denmark, Germany, Holland, Italy, Norway, Portugal, Russia, Spain and Sweden. This organization has succeeded in interesting the governments of England, Portugal, Russia, Italy, Japan and perhaps others in the production of cotton in various countries in the world. The Italian government has, through its agricultural department, encouraged the raising of cotton in Southern Italy until today that country is producing almost all the cotton the spinners of that country can consume.

At this "Cotton Congress" I heard the report of the man who had been studying the conditions as to cotton growing in India. He said that the country would increase its output of cotton six million bales in the next five years.

After considering these reports the convention passed a resolution which I wish to quote, showing the attitude of the spinners of Europe toward American cotton growing industry.

This is the resolution. Read it, you who think the South has a monopoly of cotton growing and no opposition to present prices of cotton.

"India," says this resolution, "being the only country in the world in which an immediate and large expansion of cotton cultivation can be expected, this congress desires to place on record its appreciation of the efforts that have been made by the small staff of agricultural officials in India to further the extension and cultivation of cotton, but regrets that these efforts must be seriously hampered for the want of money and of a proper staff.

Financial help of the magnitude that is about to be given to Sudan is not needed in India, but it is impossible that adequate progress can be made unless the Indian (British) government allots more money annually to agriculture and enlarges its staff."

Then follows resolutions pledging its support to all countries in the world which will undertake the cultivation of cotton, and closes with expressing satisfaction that the English government has guaranteed the interest on a loan of \$15,000,000 to be used for the promotion of cotton cultivation in the Anglo-Egyptian Sudan, and urges other governments to take similar steps for the extension of

cotton cultivation in their respective colonies.

It will be noticed that these spinners are smart enough to encourage the growing of cotton in countries where labor is cheapest. In Egypt labor ranges from five to ten cents for children and women, and for men from eight to fifteen cents per day. About the same scale of wage is paid in India and the Sudan, so I am informed. The lands are fertile and the climate is well suited to cotton production in these countries and European spinners are determined to use this cheap labor of these countries to cheapen the cost of cotton. European countries want not only cheap cotton, but they wish to stop the millions of European gold which American cotton brings to America every year.

Farmers, business men and statesmen of Texas, and of the South—if I could reach them—there is a great need of concerted action as respects cotton of all the producing states of America. There ought to be a Bureau of Cotton Industry with authority to employ a corps of able men whose duty it would be to work out the wisest and best solution of the cotton problem of the South before it is too late. Combinations must be met by co-operation. Directed by such a bureau the South could save in its plan of picking, baling, housing and marketing at least fifty million dollars a year; the use of cotton could be largely increased, the staple improved, the establishing of mills secured so that we would ship yarn instead of raw cotton, and the value of cotton seed increased—in all, I have no doubt that by the expenditure of a few thousand dollars a year for men of the highest scientific and expert attainment the cotton product of the South could easily be increased another fifty million dollars annually. If a few cotton men, as they told me at the cotton convention the other day they were sure to do, can come here from New York and get the tare on cotton reduced five pounds a bale, thus save to the South seven to eight million dollars annually, what might a bureau which gave constant attention to cotton not accomplish?

S. A. LINDSEY, Chairman.

#### STAR BANK OFFICERS.

The shareholders of the Star State bank met in their banking house Saturday and re-elected the officers of the bank for another year and added a second vice president to the list. The officers and directors are: W. H. Eddleman, president; R. W. Barr, first vice president; J. S. Livingston, second vice president; R. H. Patterson, cashier. These gentlemen together with T. E. Hamilton constitute the board of directors.

The board declared a dividend of 10 per cent to the shareholders and placed \$150 in the surplus account, besides reducing the valuation on the banking house, furniture, etc. This is one of the best showings the bank has ever made and proves that the people of that section have confidence in the bank and its officers and directors. This is one of the best banks to be found in a town the size of Star and it has proved a great convenience for the people of that section and a paying investment for its stockholders.

## It's almost a certainty

That your headache is caused by eye trouble of some kind. To find out whether this is so or not will cost you only the time it takes us to find out.

Examining eyes is a part of our business. We have all the needful instruments to assist us, and with our experience we are able to look after any case.

So if you are bothered by headaches it seems to us that you would be wise to let us find out if your eyes are the cause.

LETTER FROM MEXICO.  
Eyzabal, June 29, 1913.

Editor Eagle:

I thought I would drop my old friends in Mills county a few lines through your columns.

I am sitting under a shade tree looking across the rebel camp, or rather where the camp was located. There has been a great deal of fighting here. They certainly do slaughter each other and butcher their victims in the old Indian style—cut their feet off and turn them loose, or cut off their hands or punch out their eyes. I have seen several battles.

The Constitutionalists are taking the country wherever they go, and I am glad to see them win.

All of the Mormon colonists have left this country for the states.

Well, I am having an easy time here, but I am tired of it and want to get back to the states again, and I am going to stay there when I get there. I am going to pay a visit to my old home town—Goldthwaite—in the near future. It has been twelve years since I left there and time changes things wonderfully. I am coming back there to see if I can persuade some girl to go out to Arizona with me. I have not happened to the good luck to get married in all these long years, but I don't feel over 16 now and believe I have a chance yet.

This is going to be a great country when the trouble is settled. There will be a lot of opportunity for a man to make something. This is fine farming land and there are lots of farms here, but not on a large scale. I have my eyes on this country when it gets in a settled condition.

I hope to see some of my old friends in the near future. My address now is Eyzabal, Sonora, Mexico.

Much good work has been done on the streets, and more is contemplated, and it is a fact that Goldthwaite is one of the cleanest towns on the map, due largely to the care given the sanitary regulations by the officers.

### R. R. CARRIERS PICNIC.

Last Friday, July 4, 1913, the Rural Carriers of Mills, San Saba and Lampasas counties met in Mr. Lunsford's pasture, near the Colorado bridge, to have a picnic. They were to have met principally for a carrier's business meeting, but the chances for fun were very inviting, so that the business meeting was soon a secondary thought.

Those present were Mr. and Mrs. Hallett Ballard and son, Mr. Roger Halden and daughters, Clara and Genevieve, Mr. and Mrs. Chamberlain, all of San Saba; J. O. Davis of Lometa; Mr. and Mrs. Collins and Mr. Carter of Richland Springs; Messrs. Stebbins and Casey of Mullin; Mr. and Mrs. C. L. Harrison, postmaster, and Misses Myrtle Harrison, Tillie and Consuella Saylor, Ethel Cherry and Belle Warren, and Messrs. Joe Palmer, Duke and Rex Clements, all of Goldthwaite.

Shortly after 12 o'clock M. the well filled baskets were divested of their contents, which were spread on a long table and each and every one ate to his own satisfaction. After dinner the carriers met for a short time in business session, but soon joined the crowd again for further fun. The day being well spent, good byes were passed and promises made for a better time next year.

The old soldiers are to meet in annual reunion next Tuesday, Wednesday and Thursday and I sincerely hope that all of the old soldiers and especially all members of Jeff Davis camp will attend this reunion. Come and bring your families and friends and come to stay the three days.

Our number is growing smaller with each succeeding year and soon we will all have answered the last roll call. How important it is then that we make special effort to meet in these annual reunions and give to each other the benefit and pleasure of our associations, reminiscences and experiences. Not only is it desirable that the members of the camp should attend, but that their wives and other members of their families be there as well. There are now so few of us that every absent one will be missed and every one who is accustomed to meet with us will be wanted.

Comrades and friends, let nothing deter you from attending the reunion at Goldthwaite next week. Surely your farm work or other duties can wait three days while you assist in making the reunion a pleasure to your old comrades and friends and we will all feel better and be better because of having attended. The Camp has made arrangements for the success of the reunion and the Commercial club is also helping in every way possible to add to our comfort and pleasure and I feel sure this will be one of our best reunions, so come and be prepared to remain the three days if possible.

If for any reason the old soldiers or members of their families can not come to remain the entire time, let them be sure to be present at the Memorial service Wednesday afternoon from 1:30 to 3 o'clock. We are to commemorate our departed comrades or their wives at this time and it is fitting that all of us take part in this service. I have asked and shall ask that all business be suspended in the town and at the camp ground while this service is being held and I hope to note a full attendance at that time. Especially do we want the members of the families of Comrades W. L. Martin, W. T. Bickham, Joe Benningfield, M. M. Hancock, and Sister Carothers, Sister Blackburn and Sister J. A. M. Johnson to be present at this service, as well as the members of the family of any other deceased comrade whose name does not appear in this list.

Yours for a grand reunion.

D. I. HARALSON.
