GOOD ROADS.

The lane that never turns is the muddy lane.

Quit spending money on roads, try to invest it.

An improved highway is the shortest distance between two points.

Good roads is a question that involves the happiness of our homes, the perpetuity of our government.

The happiness of our homes is involved in the question of good roads. This is the reason that our mothers are interested.

Economics in all its phases is embraced in the construction of good roads and good streets. Advocates of good highways are the heralds of prosperity.

A large portion of ignorance in our state is due to a lack of improved highways. Good roads beget wisdom and is an evidence of good citizenship.

A good way to keep the boy on the farm is to have good roads and make rural life as effective as city life. An effective way to reduce the cost of living is to cheapen the marketing of the products.

If you would prosper, make wise investments. In road building the best investment is to have the proper machinery, with the application of business judgment in the expenditure of road funds.

I had rather live in a hovel at the side of a permanent road than to reside in a palace where there is no such highways. I had rather be an advocate of good roads than be a king on the throne and oppose them.

I would not discourage foreign missionary work, but I am rather envious of the permanent highways that have been constructed in some of the countries to which we are sending Christian missionaries.

If it were possible to assemble the money wasted on patch work on public roads, there would be a fund large enough to build a permanent road

from the Atlantic to the Pacific ocean and from Chicago to the City of Mexico.

The beneficial effects of rural free delivery in Texas is becoming more and more apparent. Nothing will contribute more to the enlargement of this service than to have an increased mileage of improved highways.

FARM FACTS.

The entire world feels the effect of agriculture

The wise farmer profits by the mistakes of his neighbors.

Opportunity to the farmer is enclosed by a barb wire fence.

The farmer is the most independent man on earth—if he but knew it.

Love of occupation the same as love of profit should be considered by the farmer.

The man with his hand upon the plow should be the teacher and preacher of agriculture.

The county fair affords the farmer a chance to learn the great lesson of agriculture.

Heretofore justice has counted for little in the price the farmer received for his products.

It is important that the channels of traffic be kept open and blockades prevented at the cross-roads of every transaction.

There can never be a lowering of the high cost of living to the non-producer until farming becomes a systematic business.

The greatness of agriculture calls for some assistance from all the people of the earth.

The city man in hearing the knock of opportunity is turning his efforts toward scientific marketing of farm products.

It takes leadership and persistent, long-continued and diligent effort to get the farmer to unite for any common purpose.

COMMERCIAL CLUB.

The session of the club Monday night was devoted largely to the discussion of the proposed exhibit of the county products at the Dallas fair.

W. C. Dew, Edward Geeslin and R. M. Thompson were appointed to prepare a folder with views and descriptive matter to be distributed by the keeper of the exhibit at the fair. On motion President L. E. Miller was added to the committee.

A finance committee, composed of B. F. Geeslin, A. E. Evans and M. J. Thorpe was appointed to secure funds to defray the expenses of the exhibit, such as freight, hall rent, printing, etc. estimated to be \$100. The club had already advanced \$20 to pay for hall rent, but as the exhibit is for all parts of the county it was argued with good reason that the people of all parts of the county should be interested in the exhibit and the entire expense should not be paid from the club's treasury.

The report was made that Road Supervisor J. D. D. Berry was at work in the Hanna Valley country and that when his task had been completed there he would transfer his operation to the Schuster road in Priddy community.

L. E. Miller, A. E. Evans and Edward Geeslin were elected to secure a permanent meeting place for the club, in order that the meeting place might be definitely known by all the people and visitors to the town might be able to attend the weekly meetings.

At the meeting next Monday night considerable information will likely be given regarding the Dallas fair exhibit. As this is the first exhibit the county has ever made at the fair, it is important that it be exceptionally good.

It is to the interest of every business man in Goldthwaite to attend the meetings of the club and assist in its work.

County Treasurer Wells spent the first part of the week in Brownwood, having his eyes treated.

J. C. Witty was one of the prosperous farmers of the eastern part of the county who had business here last Saturday.

Mr. John Miles returned to his home in Dawson county Monday, after a visit to his brother, Rev. C. H. Miles, in the Caradan community.

Prof. M. L. Hays was in the city Saturday and informed the Eagle he would leave Monday for Clyde, Calahan county, where he has been elected superintendent of the public school which employs nine other teachers. He is well qualified to fill the responsible position and his friends are proud of his success.

H. G. Bodkin and wife were among the excursionists to Galveston and report a most delightful trip.

John Mark Boler of the Indian Gap country was looking after business matters and meeting his friends in this city this week.

J. J. Cunningham and his son were here from the Priddy country Thursday, considering the general condition and reported their crops pretty good.

Chas. Pfluger of Priddy returned Wednesday night from a trip to Amarillo and elsewhere and reports crop conditions here as good as any he saw on the trip.

Mrs. J. Shipman returned to her home at Abilene Thursday, after spending some time at the home of her father, Mr. McDermott, who has been in a critical condition for some time, although he is reported to be somewhat improved at this time.

Rev. R. S. Pierce returned the first of the week from Mullin, where he assisted Rev. Edgar in a meeting with fine results. He went over to Pleasant Grove this week to assist Rev. McIntyre in a meeting, but will be home in time to fill his pulpit at the regular hours Sunday.

W. A. Moore and family left Wednesday for their new home at Palacios, followed by the good wishes of scores of friends throughout Mills county. Mr. Moore did not dispose of any of his property in this city or county and we will all hope for the good family to return to make their home here some day.

W. T. Little and his wife and baby left Wednesday for their new home in Lometa, where he is to have charge of his firm's new store. Mr. Little is a first class business man and a fine citizen and Lometa is fortunate in securing him as an addition to the business community. They will be sadly missed by their scores of Goldthwaite friends and we will hope for frequent visits from them.

A Reunion of the Edmonson Family at Ridge.

After a separation of sixty-one years there was a reunion of the Edmonson family, held at the home of R. J. Edmonson of Ridge, Mills county, Texas. Mrs. Clarendia Butler of Teola, Grant county, Ark., and Thomas Edmonson of Izora, Coryell county, Texas, besides children, grand-children and great grand-children, with other relatives and friends, in all about forty. There was one brother living at Burkett, Coleman county, who was not present for some cause. The day was enjoyed by all and will long be remembered by all present.

If we all never meet again here may we all live so we may meet in the great beyond, where parting is no more is the sincere wish of

ONE PRESENT.

FAREWELL HOSPITALITY.

The Yarbrough home was the scene of a most interesting farewell party on Tuesday afternoon, when Mesdames Owen Yarbrough and Jno. C. Hicks entertained in compliment to Mrs. W. T. Little, who was preparing to leave on Wednesday for Lometa to make her home.

The first hour of the afternoon was given to a very interesting "Who's Who" contest. Placed about the rooms were photos of those present, taken in babyhood days, and with cards and pencils the guests were requested to see how many could be recognized from the photos. Mrs. Simmie Toland Harris was the most successful in this contest and was awarded a box of correspondence cards.

Score cards were then passed which were adorned with dainty little snapshots of the honoree. The progressive game of Logomachy was then very much enjoyed, the scores being kept with pink forget-me-nots. When time was called several were found to have the same high score, but in the cut Mrs. S. P. Sullivan was the fortunate one and received a lovely pair of white silk hose. The hostess then presented the honoree with a beautiful handpainted plate and the two prize winners of the afternoon very thoughtfully presented their prizes to the honoree.

After the game, leaves in the shape of forget-me-nots were passed and each one present was requested to write some wish for the honoree on the leaf given her and the leaves were then bound together into a forget-me-not book for the honoree.

The color scheme was again in evidence in the refreshment plate, the brick cream being in pink and white with white wafers.

This was indeed one of the most charming affairs of the social circle this season. With many regrets did the guests bid Mrs. Little farewell, as she will be greatly missed in the social circle, but as her new home will not be so far away she gave promise to visit Goldthwaite quite often.

H. Young for One Hundred and sixty six (\$166.66) and 66-100 Dollars, each due Feb. 2, 1911 and 1914 respectively, and his two notes for One Hundred and sixty six (\$166.66) and 66-100 Dollars, each payable to the order of Nathan Hodges and husband, Charlie Hodges, due Feb. 2, 1912 and 1915, respectively, each bearing interest at the rate of 8 per cent per annum from date, interest payable annually as it accrues, and all past due interest bearing 8 per cent interest per annum from maturity, and each of said notes containing the usual clause accelerating the maturity thereof, and providing for 10 per cent attorneys fees if suit is brought thereon, said notes being given in part payment for Lot No. Four (4) in Block No. One (1) of Kirkpatrick's addition to the town of Mullen in Mills county, Texas, and being out of the J. Plaintiffs allege that the said deeds are in the possession of the defendants, and they and each of them are hereby notified to produce the same on the trial hereof or secondary evidence of their contents will be offered in behalf of the plaintiffs. Plaintiff, N. B. Harvey, further alleges that he has been required to pay taxes on the said land to protect his security in the sum of Six (\$6.79)

Everybody is invited to attend this meeting. Bring your dinner and spend the day with us. Have your Sunday school send delegates to the meeting prepared to report the work your school is doing. Come with any question you wish to ask about Sunday school work. You will have an opportunity to be heard. It is urged that pastors of churches will call in their appointments for that day and be with us. We think that more depends upon the work of Sunday schools than upon any other force for the future of Christianity in our country. We need to counsel together seriously as to the carrying on of the work.

While the Baptists have assumed the responsibility of directing the work of this association, all Sunday schools of the county are requested to meet with us and to work with us and to help us. It should be our ambition to have a good Sunday school in every community in Mills county. Please make a special effort to be with us at North Bennett church on Sunday, September 7.

The first bale of cotton for 1913 raised in this county was brought in to Hamilton Wednesday evening by David Stansell, who lives on the Leon and was ginned at Hedgpeth's gin. It weighed 490 pounds, out of 1480 pounds of seed cotton. It was sold Thursday morning to McKinley-Corrigan Co., at \$12.80. A premium of \$25.20 was paid him.

Ed. Siebel and Brint Bosley, with another man, a stranger, while going from Indian Gap to the picnic grounds in the former's car Tuesday evening just after dark happened to a bad accident, the car turning clear over. The car was a small run-about, formerly owned by Dr. Boyer of Shive and had a small seat on the back on which Bosley was riding. When the car turned over Bosley was caught between the little seat on which he was riding and the back of the front seat, but was not pinned down and crawled out as soon as the car turned over. The stranger was pitched out bodily, going through a barb wire fence, and Siebel, who was running the car, was caught fast with his head twisted under his body. Bosley ran around to him as soon as he had crawled out of his predicament and could see nothing but Siebel's head. He grabbed that and the other man got hold of Siebel's arm and they pulled him out. He was unconscious for a few minutes but soon rallied. The steering wheel had caught him on the chest, where his principal hurt was and it is a big wonder that he was not killed. Bosley was slightly bruised and the other man got a cut on the head.—Herald.

Mrs. John Hancock and little son from Temple visited relatives here during the week.

Willie Day and Miss Maggie O'Neal surprised their many friends Sunday August 10, by driving to F. M. Worthington's where they were met by Bro. McIntyre, who pronounced them man and wife. The bride is the bright and beautiful daughter of Mr. and Mrs. D. T. O'Neal of Moline, and the groom is the industrious son of Mr. and Mrs. E. E. Day of the Atherton community.

L. W. Stephens, mayor of Lometa, tendered his resignation to the city council and it was acted upon and accepted Monday night. At the same meeting the solons appointed Uncle Johnny McLean as mayor and he will fill out the unexpired term of the former man. Mr. Stephens and his family will go to Alvoird, in Wise county, to make their future home.

W. T. Little of Goldthwaite passed through Lometa on his way home from New York City, where he had been to purchase stock for the three large stores of Little & Sons, at Lometa, Goldthwaite and Hamilton. The store formerly used by F. W. Dent will be remodeled by the Little & Sons firm and they will occupy same with an up-to-date stock of merchandise. This is an enterprising firm and they have purchased their goods where they obtained the best for the least money. Keep your eye "peeled" for their opening announcement about September 1.—Reporter.

COMANCHE

The 1913-1914 term of the Comanche public schools will begin Monday, September 8, 1913, and close May 20, 1914, according to the announcement made by Superintendent R. P. Haloway.

As we go to press the Cunningham

A young man took refuge under a tree near Brownwood during a thunder storm Monday afternoon and was killed by lightning.

A young soldier in Oklahoma pawned his clothes for \$3 with which to buy a marriage license and pay other expenses of a wedding last Sunday.

This is an "off" year in politics and is the time for many who would like to be candidates to put out "feelers." The fact that a man is talked of for some position from governor down need not be taken as assurance that he will make the race. He may be just "feeling."

The attorney general of New York has ruled that the lieutenant governor became the chief executive of that state when the governor was impeached by the legislature, but Governor Sulzer refused to concur in the opinion, hence the state has had two claimants for the governor's office this week.

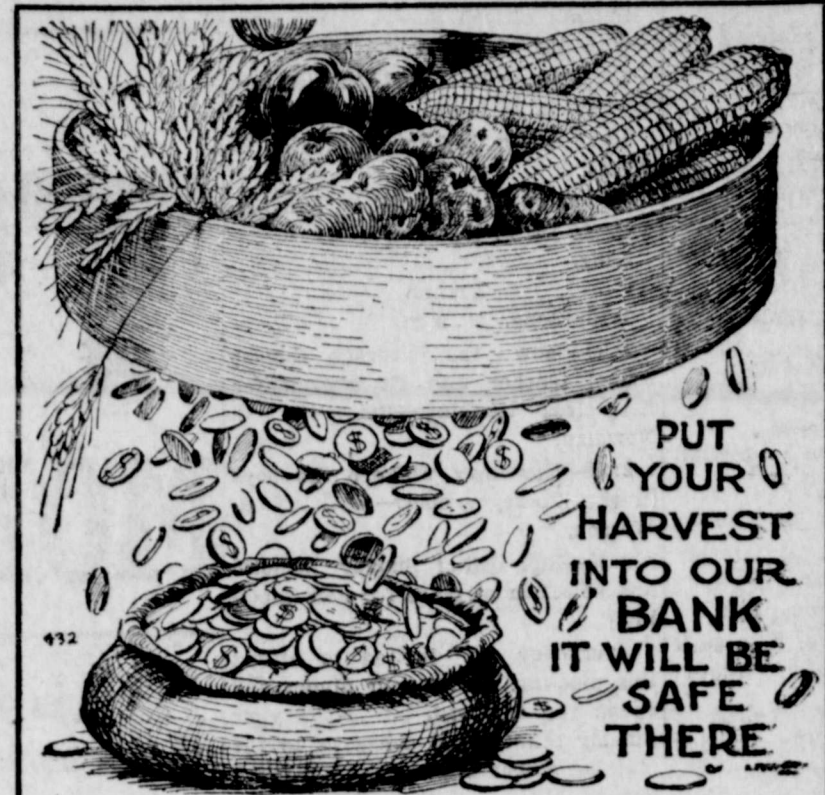

It is proposed to designate "pond" week in Kansas some time in September, at which time tanks will be dug in every part of the state to conserve the winter and spring rain for stock water and to be used for domestic purposes and for irrigation where practicable. The present long continued drouth in that state and the scarcity of water has caused the governor to evolve the plan of pond week.

A tragedy was enacted in Brownwood last Friday wherein Clarence Cohen shot Miss Daisy Clingman, breaking her arm, and then shot and killed himself. It was evidently his intention to kill the young lady, but he failed in this purpose and her injuries will not be permanent. Cohen is assistant auditor for the West Texas Telephone Co. and he had an intimate acquaintance. It is supposed he committed the deed because the young lady refused to marry him.

Hon. Jas. L. Slayden is now at Carlisle, where, aided by the famous waters of that place and the skill of renowned physicians, he expects to be completely restored to health. Later he will attend a meeting of the Executive Committee of the Interparliamentary Union at Vienna, thence to the Hague to represent the American House of Representatives at the annual meeting of the Interparliamentary Peace Congress. In this congress Mr. Slayden asked for and was appointed a member of the Committee on Immigration and while abroad will study that question which, if the tariff and currency bills are out of the way, will be the most important subject of legislation in the next session. He will return here in time to vote on the conference report on the tariff bill and on the currency bill.—San Antonio Express.

The investigation of the "lobby" continues, and the public will profit by the disclosures. One cannot feel much affection for the lobbyist who deserts his employers and sells their secrets, but the man who turns state's evidence is used in court and those cannot well complain who have entered into co-partnership with him in wrong-doing. Care must be taken, however, not to rely too confidently upon the boast of the lobbyist in his reports to his principals, for he is trying to earn his money and may report that he "influenced" persons whom he only met casually. But, allowance being made for exaggeration and misrepresentation, a good deal of light is being thrown upon the methods employed by the privileged class to secure favors from congress. We are finding out whom the lobby opposed and whom it supported. When the evidence is all in, a few conspicuous offenders, caught in bad company, will retire from public life and those who are really innocent will, by good deeds, proceed to remove any suspicions that may have been aroused and regain popular confidence.—The Commoner.

Goldthwaite Young Ladies Entertained at Temple.

The Temple Mirror gives an account of a luncheon by Miss Proctor in that city at which Miss Pauline Harris was a guest and the Telegram also contains a description of a veranda dance at the home of Miss Lee, where Miss Pauline was a guest.

Miss Pauline Harris Affords Pleasant Evening.

Miss Pauline Harris has made her home in Temple but a comparatively brief time, but in this time she has made many friends and has received many courtesies for her newly acquired acquaintances. Thus the time came when she felt herself due the return compliment and accordingly one of the prettiest of the vacation dances found her hostess on Friday evening. In the absence of her mother, who is visiting old friends in Goldthwaite, Mrs. Charles Harris matronized Miss Harris' party and bestowed some charming attentions upon her guests. The veranda where the dance occurred was attractive with hanging baskets and ferns, bright lights and blossom filled wall vases. White and green was the color note with American beauty programs water sketched by an artist. The usual light dainties made the refreshment feature which brought this very enjoyable event to the hour of parting pleasantries.—Temple Telegram.

Mrs. Paul Lackner Entertains for Misses Prater and Grundy.

About thirty maids and matrons from society's rank assembled on Wednesday morning by invitation of Mrs. Paul Lackner in her home on North Ninth. Mrs. Lackner was introducing her guest, Miss Zella Prater of Goldthwaite, and at the same time honoring her niece, Miss Edythe Grundy of Galveston, who was visiting in the city. Greetings were given informally in accord with the rules of summertime society and other features of the morning were materialized in the same pleasant manner. Green and white, the prettiest of all color schemes prevailed. In the room arrangement it was noted in ferns in abundance, in the luncheon which followed the game it appeared in cream mould and plate garnish. There were some merry progressions from table to table with a final score count giving the trophy to Miss Prater. In addition Misses Prater and Grundy were especially favored with honor guest souvenirs. Hand painted vases were the selection in each case. Misses Pauline Lackner and Pauline Harris were Mrs. Lackner's assistants in making this a morning of pleasure for her guests.—Temple Telegram.

NOW HER FRIENDS HARDLY KNOW HER

But This Does Not Bother Mrs. Burton, Under the Circumstances.

Houston, Texas.—In an interesting letter from this city, Mrs. S. C. Burton writes as follows: "I think it is my duty to tell you what your medicine, Cardui, the woman's tonic, has done for me.

I was down sick with womanly trouble, and my mother advised several different treatments, but they didn't seem to do me any good. I lingered along for three or four months, and for three weeks, I was in bed, so sick I couldn't bear for any one to walk across the floor.

My husband advised me to try Cardui, the woman's tonic. I have taken two bottles of Cardui, am feeling fine, gained 15 pounds and do all of my housework. Friends hardly know me, I am so well."

If you suffer from any of the ailments so common to women, don't allow the trouble to become chronic. Begin taking Cardui to-day. It is purely vegetable, its ingredients acting in a gentle, natural way on the weakened womanly constitution. You run no risk in trying Cardui. It has been helping weak women back to health and strength for more than 50 years. It will help you. At all dealers.

Tuesday was the last day of the special session of the legislature and it is said that more business was transacted by the special session than by the regular session which continued for several months.

Huerta said he did not care for mediation by the United States and the best thing for this government to do is to let the Mexicans alone and allow them to settle their own troubles in their own way.

Notwithstanding the Japanese government has signified a determination to refuse to treat with him as a representative of a nation, Felix Diaz is proceeding on his way to Japan. He is no doubt depending upon his treachery and his cunning to gain him recognition.

One of the best ways to "boost" Mills county is to help in making a creditable display at the Dallas fair of the county's products. When the visitors from other states and from some sections of this state see the splendid exhibit we can make they will no longer consider Mills county in the "dry belt."

The amendment to the Allison liquor law preventing the shipment of intoxicants into prohibition territory will become effective if the governor does not exercise his prerogative to veto it. This will put prohibition in effect sure and certain and it can no longer be claimed that prohibition transfers the sale of liquors from the saloon to the express office.

The Democrats who have three times elected Eugene Foss governor of Massachusetts must feel now that they have been handed a gold brick politically. He has returned to the Republican party from whence he came and has no hesitation in saying he will hereafter affiliate with that party. Foss was a candidate for the Democratic nomination for president last year.

The resignation of Henry Lane Wilson, who represented this country in Mexico, has been accepted to take place in October, at the end of his vacation. After the public reprimand by President Wilson he should insist that the resignation be promptly accepted, and in that way he would show that he is a better man than he is credited with being by most people.

Peter Radford, in retiring from the presidency of the Farmers Union leaves a record of official conduct an ability that will be hard to match by his successor. He has taken the organization from comparative obscurity and advanced it to one of influence and power. The objects and methods of the Union are better understood and more fully appreciated by the public than ever before and a large majority of our citizenship now stand ready to co-operate with the Union in promoting the interests of agriculture. The American press has recognized Mr. Radford as one of the most vigorous thinkers of the age, and his views on agriculture have been accepted as authority throughout the state and nation. Mr. Radford has a record of efficiency that is hard to beat.—Commercial Secretaries.

To keep the muscles responsive to the calls upon them, do not permit them to rust for want of exercise. To keep the mind competent to accompany progress, forbid it to loiter at its ease in the realm of least resistance. In other words let no man who would not vegetate into a living relic permit himself to become a victim of mental lassitude. Thinking is a task for some of us, and when we get to the age where we believe ourselves at liberty to do as we do please please we too often please to quit thinking. We merely ruminate, like the cows, or retrospective or reminiscence. We become vegetables, legumes whose dry pods yield neither shade nor sustenance. Every man should live a sentimental as well as physical life. He should greet every sunrise with a fresh interest in the world and its works and give goodbye to each clouded sunset with a fair hope for a golden dawn. The decadent races are those which grant idleness to their brains and license to their grosser instincts. They are the "junoos" on the porcupine hazy races are those which plan farthest into the future, thereby entangling their minds to continuous activity. These are builders, and their monuments are the mighty cities of the world. It is with individuals as with races.—Dallas News.

The escape of Harry Thaw from the asylum for the criminally insane in New York state Sunday morning has re-opened to discussion the disgusting case that filled the papers and the court records of New York for months after the killing of a libertine by Thaw, who was a "wild" young fellow with plenty of money. He made a get-away from the asylum in an automobile, and now let him stay gone.

The type of merchant who looked upon advertising as merely a means of fooling, or "stamping" the people into buying something of perhaps doubtful value, has passed away. And advertising nowadays is a means of serving information—useful facts—to people, who do their buying intelligently.—Exchange.

A San Antonio physician was shot and killed in his home by a negro Sunday night while attempting to protect a servant girl from the negro's assault. The negro had gained an entrance to the girl's room by means of a ladder.

ANOTHER GOLDTHWAITE CASE.

It Proves That There is a Way Out For Many Suffering Goldthwaite Folks.

Just another report of a case in Goldthwaite. Another typical case. Kidney ailments relieved in Goldthwaite with Doan's Kidney Pills.

J. W. McAlexander, Goldthwaite, Texas, says: "I could not work or ride horseback, owing to intense pains in the small of my back. When I stooped, it seemed as if a thousand knives were going through me. I often had trouble in passing the kidney secretions. I used two boxes of Doan's Kidney Pills, procured at Clements' Drug Store and am now all right. Whenever I hear of anyone complaining of a bad back, I advise a trial of Doan's Kidney Pills."

POMPEY CREEK.

Editor Eagle:

Though we had an abundant rain a few weeks ago, crops are very short. The rain was too late to do the crops much good. We seem to need rain at present.

It has been some time since we sent in a communication and everybody (?) has done their summer visiting and are settling back to work.

Tip Carlisle and family returned recently from a visit to Kimball county. They report good rains and good crops there. They also reported the death of Grandma McKinney. She was a former resident of Duren and had many relatives and friends in the surrounding country who will be grieved to know of her death.

There has been a great deal of sickness in the country, but health is comparatively good now.

Messrs. Willie Black and Lawrence Jenkins returned recently from a trip to Ochiltree county and other points in the west.

Jack Donowho and family of Dickens Springs were in our community Sunday.

Mrs. Frank Perkins and children left the first of the week to visit relatives in San Antonio.

Mr. Will Keating has his two youngest children, Masters Hugh Lee and Willie, at home with him now.

Messrs. Tip Carlisle, Dan and Charley Smith, Web Perkins, Will Davis and Lawrence Jenkins went to Brownwood one day last week.

Rev. Bagley closed a wonderfully successful two weeks' meeting here Sunday night. He organized a church with nineteen or more members. There were fifteen or more baptized, a great number of whom were converted during the meeting. A Sunday school was organized also.

Mr. and Mrs. W. W. Perkins of Duren were in the community the first of the week.

Rev. Graham has just closed a meeting in Mr. Henry's pasture at Duren.

The Union meeting of the Missionary Baptists, Methodists, Episcopal and Congregational Methodists is in progress.

Mr. and Mrs. Emery Reames left the first of the week for Montague county to visit relatives.

successive weeks previous to the re-
turn day hereof, in some newspaper
published in Mills County, to appear
at the next regular term of the Dis-
trict Court of Mills County, to be
held at the Court House thereof
in Goldthwaite, Texas, on the first
Monday in October, 1913, the same
being the 6th day of October, 1913,
then and there to answer a petition
filed in said court on the 14th day of
April, A. D. 1913, in a suit numbered
on the docket of said court No. 1318,
wherein J. H. Burnett and O. C.
Weatherby are plaintiffs, and the
above named persons and banking
corporations, and unknown heirs,
legal representatives, devisees and
legatees of the above named persons,
all deceased, are defendants.

Said petition alleging substantially
as follows: That heretofore to wit:
On the 5th day of April, 1913, plain-
tiffs were and now are lawfully seized
and possessed of the hereinafter
described tract of land, holding the
same in fee simple; that on the day
and year last aforesaid, the defend-
ants entered upon the said premises
and ejected the plaintiffs therefrom,
and unlawfully withhold from them
the possession thereof to their dam-
age in the sum of One Thousand
(\$1000.00) Dollars; that the premises
so entered upon and unlawfully with-
held from the plaintiffs by the de-
fendants is described substantially as
follows: 26 labors of land lying and
being situated in Mills County, and
known as the Jesse Walker survey in
Mills County, on the east bank of Col-
orado river, patented to the heirs of
Jesse Walker as assignees, on Febru-
ary 4, 1837, and described by metes
and bounds as follows:

Beginning at a stake on the bank
of the river the S-W corner of sur-
vey No. 60 for the N-W Cor. of this
survey, from which a hackberry bears

W Cor. of a 17 1-2 acre tract out of
said survey recovered by J.H. Grant;
thence E about 2443 vrs. to the N-E
Cor. of one 17 1-3 acre tract 50 vrs.
N of S line of this survey; thence S

veyed by Geo. L. Porter to Mrs. S.
M. Carothers, August 11, 1904; thence
in a northwesterly direction to the W
corner of said 22 5-6 acre tract at a
point 620 vrs. W of N-E corner of
this survey and on N line thereof;
thence W 10,835 vrs. to the place of
beginning, and containing about 4573
acres of land.

And for further cause of action
plaintiffs allege that they and those
whose estate they have, claim to
have good and perfect title to the
above described land and premises
now have and have had peaceable
the land claimed and open, notorious
and adverse possession of the same,
using and enjoying the same by actual
enclosure for a period of more than
ten years after the defendants
cause of action accrued and before
the commencement of this suit.

Plaintiffs further allege that the
exact nature, extent and character
of the defendants claim to the above-
described land and premises is un-
known to the plaintiffs.

Plaintiffs pray that the defendants

It will pay the readers to give especial attention to the advertisements in this issue. The merchants are offering extra inducements to the trade at this time and those who would save money and at the same time secure the best and most serviceable merchandise should read the advertisements.

The catalog for the next session of the Star Public school will be completed in the next few days and will be of much benefit to the splendid school and community. Not only does it contain the rules, regulations and course of study of the school, but advertisements of a number of the progressive business men of that town appear in the book.

The Goldthwaite school board has found it necessary to issue a warning against depredation upon the school property and the Eagle hopes that no prosecutions will be necessary, for the penalty is severe. The depredations surely have been the acts of thoughtless and in some cases irresponsible people, judging by the deed that have been committed. If parties are proven guilty of writing obscene language or drawing obscene pictures upon the blackboards and of the other acts that have been committed about the building they will have cause to remember it to their old age. Parents who have cause to fear that their children have been guilty of these deeds would do well to investigate the matter.

FINE EXHIBITS.

Some Already Pledged and Others to Be Secured in Ample Time.

There is not the slightest doubt in the minds of the people here about the splendid exhibit to be made by this county at the Dallas fair. They know that we can make an exhibit that can not be equalled in variety and quality. Some sections may equal in quality in some lines and some may display as great a variety, but not of equal quality. This county is adapted to the growth of all kinds of crops and when the exhibits are assembled in the fair building at Dallas even some of the Mills county people will be surprised with the splendid showing. We will exhibit cotton, corn, oats, wheat, kaffir corn, maize, feterita, sorghum, broom corn, vegetables of all kinds and the finest fruit to be seen. Ribbon cane grows as well here as in the Brazoria bottom, wheat as fine as in the northwestern states, and every section of the country can be outclassed here. Those who doubt this statement should make sure of seeing the exhibit at the fair.

Finances are necessary to defray the reasonable and legitimate expenses of the exhibit. Mills county's expenses will not be great, owing to the fact that the exhibit is to be put in position and cared for without charge, but some money will be necessary to defray expenses and a committee from the Commercial club has been appointed to solicit the funds. Some of the progressive citizens have already made donations to the funds and it will only be necessary for the committee to make known the need in order to secure the amount necessary. It is believed that \$100 will be ample to pay all of the expense and it is proposed to raise that amount by popular subscription. Every home owner in the county is interested in this matter to a greater or less extent and those who will subscribe to this fund are requested to see the Commercial club's committee or any member of the club and subscribe to the fund.

B. M. C. MEETING.

After a lapse of several weeks, the Bachelor Maids club was called to a meeting at the home of Miss Lawrence Thompson August 3, from 6 to 8:30.

As the guests arrived they were ushered into the parlor and served to delicious punch. They were then invited to the lawn. After the business meeting a piece of black cloth with needle and thread were given to each girl and she was told to outline a certain animal on the cloth. This proved to be quite interesting and when the goats, turtles, rats, etc., were collected and displayed the guessing as to what each represented caused much merriment.

Cards containing a word contest were then passed and soon every one was deeply engrossed in filling out the blanks. When time was called and the cards graded it was found that several had the correct answers but after drawing Mrs. Frank Geeslin was the lucky one and was the recipient of a handsome card receiver. Delicious ice cream and wafers were served by Miss Thompson and her mother.

Mesdames Jno. C. Hicks and Frank Geeslin and Miss Vashti Power were guests of the club. REPORTER.

Remarkable Cure of Dysentery.

"I was attacked with dysentery about July 15, and used the doctor's medicine and other remedies with no relief, only getting worse all the time. I was unable to do anything and my weight dropped from 145 to 125 pounds. I suffered for about two months when I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy. I used two bottles of it and it gave me permanent relief," writes B. W. Hill, of Snow Hill, N. C. For sale by R. E. Clements. (Advertisement.)

HEALTHY LIVER MAKES BEAUTY

Famous Actress Finds that a Healthy Liver is Necessary to Good Looks and Youthfulness.

One of the best known women of the American stage is writing a series of articles on the preservation of beauty. She attaches great importance to keeping the liver active at all times, and she is right. Neither good looks nor happiness will stay long with any man or woman who lets the liver get lazy and sluggish.

It is not always safe to take calomel the old liver remedy. The doctors agree that it is a very uncertain drug. But R. E. Clements has a remedy for sale that they guarantee to take the place of calomel absolutely, and still be harmless, causing no restriction of habit or diet. This remedy is Dodson's Liver Tone.

Dodson's Liver Tone is a pleasant-tasting, vegetable liquid, but it starts the liver gently and surely and relieves constipation and biliousness so promptly that it has become a dependable remedy in thousands of homes in the United States. There are scores of families in this vicinity who will not be without it in the house and who would not think of starting on a trip without a bottle of it.

R. E. Clements has sold so much Dodson's Liver Tone that they are convinced of its merit and will give any person his 5 cents back who buys a bottle and does find that it takes the place of calomel to perfection. (Adv)

Mothers! Have Your Children Worms?

Are they feverish, restless, nervous, irritable, dizzy or constipated? Do they continually pick their nose or grind their teeth? Have they cramping pains, irregular or ravenous appetite? These are all signs of worms. Worms not only cause your child suffering, but stunt its mind and growth. Give "Kickapoo Worm Killer" at once. It kills and removes the worms, improves your child's appetite, regulates stomach, liver and bowels. The symptoms disappear and your child is made happy and healthy, as nature intended. All druggists, or by mail, 25c. Kickapoo Indian Medicine Company, St. Louis, Mo., Philadelphia Pa. (Adv)

ARE YOU A CHRISTIAN?

This Is to Whom It May Concern:

This is a most important question and we should give it the most careful consideration. It is a question that should interest every man, woman boy and girl, in the world, since the fact of being a Christian or not being a Christian determines where every one will spend eternity. It is a question often answered in the affirmative by those who do not give it a careful consideration from the word of God. We often see people whose lives do not correspond with their profession, in most cases if one doubt from a lack of understanding upon this subject that people profess to be what they are not. In order to give an intelligent and correct answer it is necessary to know what constitutes a Christian and what is required to become one. Let us therefore, carefully search the word of God and try to find out the real truth of the matter.

Dear reader, by reading it if you find out that you are not a real Christian, it will pay you at any cost to meet the requirements of God's eternal word. The word "Christian" means a believer and a follower of the Lord Jesus Christ. It means to live a life like Christ, to have a mind like the Son of God, to walk in his footsteps, one who possesses the spiritual character proper to a follower of Christ, one who exemplifies the teachings of Christ. To be a Christian, one must follow Christ. It is evident that all who do not follow Him are not Christians, all who do not possess spiritual character proper to a follower of Christ and all who do not exemplify in their lives the teachings of Christ are not Christians. In order to follow Christ all must be forsaken. Jesus says if any will come after me let him deny himself and take up his cross and follow me. Self must be denied to follow Christ, the world must be forsaken. Love not the world, neither the things in the world. If any man love the world the word of God doth not abide in him.
UNCLE JOHN.

When you yawn a good deal in the daytime, feel dull, aching, and want to stretch frequently is an unmistakable symptom of malaria, and unless you do something at once you are booked for a spell of chills. Herbine is a chill medicine that will prevent or cure the disease. It drives out the impurities on which the malaria germ thrives, strengthens the liver and cleanses the bowels. Price 50c. Sold by R. E. Clements. (Advertisement.)
