GOOD ROADS.

The road to ruin, is the road with bad ruts.

Do not worry too much about the kind of the road, but get good ones.

Good roads are monuments to mankind. Let every man build his own monument.

Since good roads are for all the people, they should be built by all the people.

The only things that Julius Caesar did that exist today are the good roads he built.

One good turn deserves another, and one good road begets another, with much pleasure thrown in.

The most antiquated laws upon our statute books are our road laws.

Good roads can never be made a reality until these laws are modernized.

The children going to school, the farmers going to market, the old folks going to town and the tourist in his auto, all enjoy the benefits of good roads.

Long life to auto tires, much happiness to draught wagons, eternal pleasure and comfort can be attained by having good public highways.

Arkansas and Alabama are to follow Missouri in having a Good Roads Day. How long will Texas let her sister states out strip her in the improvement of public highways.

The man who trods his beaten paths continually will eventually make a rut for himself. The state that permits her people to mire in the mud, will drop behind, educationally, morally, and commercially. Build good roads and be happy.—Homer D. Wade.

W. E. Yarborough brought several bolls of his pure Mebane cotton to this office last week. His cotton is fine and he said if there was better cotton in the county he wanted some of the seed. He suggested that those growing fine cotton place some of it on exhibition and thereby create an interest in better cotton.—Richland Springs Eye-Witness.

J. N. Weatherby made a business trip to Dallas the first of the week.

Edward Geeslin returned Monday from a visit to friends in Fort Worth.

Judge and Mrs. L. E. Patterson are the proud parents of twin boys, who arrived Monday.

Mrs. Richard Williams and little daughter returned from Fort Worth the first of the week.

Rev. R. S. Pierce spent Monday in Lometa, where he went to assist in ordaining a young minister.

Dow Hudson has been in San Angelo a part of this week, visiting friends and looking after business matters.

J. S. Livingston, mayor of Star, was a visitor to this city this week, consulting Mayor Rahl on matters of civic improvements and government.

Charley Jackson left Monday for San Saba to attend the teachers institute. He has been employed to teach the Flat Rock school in San Saba county.

Capt. I. T. Moorland was here from Pleasant Grove Monday and informed the Eagle that more rain had fallen at his place than he had ever before seen fall since he had been in Texas.

Rev. J. S. Bowles arrived in the city Sunday night from a visit to relatives in Missouri and left Tuesday for his home at Midland, accompanied by his wife and children, who had been visiting here for several weeks.

Rev. Sykes of San Angelo, who is visiting his son, Mr. H. A. Sykes, in Big Valley, was here Monday enroute to his son's home after having attended the association meeting at Trigger Mountain and made the Eagle a pleasant call. Rev. Sykes lived in Mills county a number of years ago and is known to most of the old settlers here. It was indeed a pleasure to meet with him. He spent a part of the week visiting Mr. Eli Fairman and family, who were his old time friends.

COMMERCIAL CLUB.

The time of the club meeting Monday night was taken up largely with a discussion of the county's exhibit at the Dallas fair.

The finance committee to collect the necessary expense money for the Dallas fair exhibit having been very busy with other matters had not made the necessary collections. E. M. Boon and J. S. Sealey were added to the committee and a request was made that the collections be made at once, in order that the arrangements for the exhibit might be perfected.

The matter of the road crossing at Browns creek was discussed, but the matter was left with the commissioners court, as it was thought a new crossing would have to be made, owing to the fencing of the railroad right-of-way on the north side of the creek. It is possible that a cement culvert of large dimensions or a small bridge will be necessary at the crossing.

The committee to secure exhibits was instructed to secure a suitable place for storing the exhibits until all could be gotten together and prepared for shipment to the fair.

The next meeting of the club will be held Monday night, at which time final arrangements will be made for the exhibit and it is important that all interested parties be present.

GINNERS' REPORT.

The report of the ginners of Mills county, made to the department at Washington shows that there were 393 bales of cotton ginned in Mills county of the 1913 crop up to Sept. 1. On the same date last year there had been 953 bales ginned. This shows a shortage of 560 bales for this year as compared with last year.

The one hundred and third anniversary of Mexico's independence was celebrated in that country Monday. Huerta, the assassin president, did not receive the customary ovation given the ruler upon such occasions.

Dr. Herrington of Mullin had business in this city Monday.

Mr. and Mrs. C. L. Bodkin visited W. T. Little and family in Lometa the first of the week.

Mrs. J. A. Gillespie and little son returned last Saturday from a visit to her parents at Ladonia.

A. J. Harrison has had new drop awnings built on the front of his buildings on the west side of the square.

Mrs. Kennerly arrived from Houston Sunday morning for a visit to her sister, Mrs. D. H. Trent, and family.

T. G. Preston has sold his blacksmith shop at Center City to Mr. Johnson and has taken an interest in the livery business here with J. D. Brim.

Everett Evans has entered actively upon his duties as deputy sheriff and is busy getting the rolls ready for tax collecting time, which begins Oct. 1.

C. H. Ford this week purchased a fine piano for his family from J. D. Denman. This is said to be one of the nicest instruments of the kind in the city.

Mrs. J. L. McNeil returned to her home at Moody Tuesday, after a visit to her son, J. W. McNeil, and his family in Caradan community. Her grand son, Cloyes McNeil, accompanied her home for a visit.

Mrs. L. B. Walters returned Monday morning from El Campo, where she was summoned some days before on account of the serious illness of her brother, who was somewhat improved when Mrs. Walters left him.

J. H. Johnson and his wife and son of Big Valley left Tuesday for Portales and other points in New Mexico, to visit friends and look at the country. Mr. Johnson is prospecting for a location for his sons, although he does not expect to leave the garden spot of the earth.

FARM FACTS.

Get rid of the clods—they decrease crop yields.

The law of ability governs the success of the farmer.

Character is built upon the rock of developed opportunities.

In union there is strength and in co-operation there is profit.

The farmer can neither help himself nor be helped by others until he organizes.

As long as every farmer tries to go it alone his task becomes increasingly difficult.

The efficiency of farm horses and mules is greatly reduced by unwise feeding and lack of care.

Our transportation systems are the dray carts of agriculture and can be made capable peddlers of farm products.

In our search for solutions we first need to see things as they are and be certain how we shall rebuild before we commence to destroy.

An intelligent co-operation between the toilers of the cities and of the country is necessary for the ultimate solution of our economic problems.

The middleman is nothing more than a farm hand but he is able to fix his own wages and to collect them and to multiply his transactions as he pleases.

Thirty per cent of the perishable farm products of Texas farms never leave the farm but rot in the field for lack of profitable prices and transportation facilities.

Bumper crops without market facilities have sent more farmers staggering down the back alleys of agriculture than all the pests and droughts that ever cursed the nation.

When we make the common carrier the agency between the producer and consumer, we will have regulated highways of commerce where the article can safely travel without danger of being burglarized on the roadway of trade.—Peter Radford.

The old idea that children were individual students of all things is fast disappearing and in its stead we find whole communities working for the development of the child. In sections where this has been tried the boys and girls find a great pleasure in both work and study, and a higher standard of childhood is being established. The idea is based on the theory that children are or should be interested in healthy sports and that by binding them in large numbers a great degree of efficiency can be developed. For instance, if one of the children shows signs of unusual development, the balance of the children will strive to reach the same perfection and therefore the whole member will be benefited. A workshop where the boys can meet and build articles of furniture and a cooking school for the girls have been included in the work of collectively developing the little ones.—Mrs. E. F. Turner.

A BAD ACCIDENT.

Two Little Girls Injured in Collision With Automobile.

A distressing accident occurred at the intersection of Third and Fisher streets, in front of the opera house, Thursday afternoon, when little Misses Minnie Taff and Armer Crawford were badly injured. The little girls were riding their bicycles and had just turned into Fisher street from Third street when they met an automobile driven by Mrs. J. N. Weatherby. They were so close to the automobile that it was impossible for Mrs. Weatherby to stop the car before it had struck the little Taff girl, breaking her leg and bruising her considerably. The Crawford girl escaped the car, but in her excitement and hurry ran into J. H. Saylor's float team and one of the horses kicked her on the head, making several bad bruises and cutting the scalp. Mrs. Weatherby stopped her car as quickly as possible and hurried to the relief of the children, but was so completely unnerved by the accident that she had to be carried home and attended by a physician.

The Taff girl's right leg is broken above the knee and while the injury is painful there will be no permanent results. She was resting as well as could have been expected yesterday.

The Crawford child does not appear to be seriously hurt and it is thought she will recover in a few days. She is a daughter of Mr. Ed. Crawford of San Saba county, who is in the hospital in Temple now, suffering with a broken leg, as a result of a fall from a horse while practicing goat roping for the San Saba fair. Mrs. Crawford is with her husband and the little girl is spending the time with her cousin, Minnie Taff.

SOUTH BENNETT.

Editor Eagle:

Health of the community is very good. The rains of last week were truly appreciated and insure us some grass for winter and will yet benefit the fall feed crops, but it considerably damaged the cotton that was not picked out for the first time.

The Sunday school is growing rapidly. The increase of the membership indicates a degree of interest. Come help, you are invited.

Willis Hill attended the Singing Convention and represented our class at Big Valley last week, reporting that those people treated him royally and the next convention will be with the Live Oak Class. We hope we can bring the convention to us in the near future.

Miss Eva Casbeer left Monday for Killeen to visit relatives. She will be greatly missed by our society and Sunday school. We trust her stay will be short.

Quite a number of the Live Oak young people were among the pleasant, welcome visitors here, Sunday.

The farmers are anticipating planting a large crop of small grain now, owing to the fine season in the ground. A fine stand of oats and barley is up on the stubble turned under.

There is to be a box supper at the school house Saturday night, the 20th and everybody is invited to be present. There will be splendid music for the occasion and the proceeds are to be for the vocal class. Bring yourself and folks and come and help boost your home community. Your assistance can be used materially and your time well spent.

ELECTION ORDER.

The State of Texas—County of Mills.

Whereas, on the 11th day of Aug. 1913, a petition was presented to the Commissioners court, of Mills county for an election in the territory comprised in and composing the common school districts of Becker Mountain and numbered 47 and Priddy, numbered 54, of this county on the question of prohibiting horses, cattle, jacks and jennets from running at large in the said territory; and whereas, the said Commissioners court passed an order granting the election prayed for; and whereas, said petition and said court order were in all respects in conformity to law.

Now, therefore, I, S. H. Allen, in my capacity as County Judge of Mills county, Texas, do hereby order that an election be held on the 27th day of September, 1913, in the village of Priddy, in Mills county, Texas, to determine whether a majority of the legally qualified voters in the territory above set out desire that the classes of stock above mentioned be prohibited from running at large in said territory.

Joe Pfluger is hereby appointed presiding officer for said election and he shall select two judges and two clerks to assist him in holding the same, and he shall within five days after the said election has been held, make due returns thereof to the Commissioners court of this county as is required by law for holding a general election.

The ballots shall have written or printed thereon the following:

"FOR THE STOCK LAW."

"AGAINST THE STOCK LAW."

All persons who are legally qualified voters of this state and county and who are resident voters in said district shall be entitled to vote in said election.

This order published shall be due legal notice of said election.

Dated August the 21st day, 1913.

S. H. ALLEN.

County Judge of Mills County, Texas.

COMMISSIONERS COURT.

Court met in extra session Tuesday to look after some matters of importance that could not be deferred until the next regular term.

It was decided to continue the farm demonstration work, the county to pay \$400 per annum and the balance of the expense to be paid by the federal government and otherwise.

An order was entered authorizing the clerk to issue warrant on general fund for \$1378.45 to pay second installment of interest on court house bonds.

An order was passed to have county convicts work and authorizing necessary guards to oversee them.

A tower to support water tank for sewerage for court house was ordered built of lumber bought by the court and tower to be built by Ivy Richards, employed by the day.

E. L. Eubank was employed as janitor at the court house at a salary of \$46 per month.

PETTY-DRISKILL NUPTIALS.

On last Sunday afternoon Mr. Frank Petty and Miss Marie Driskill were united in marriage, Justice of Peace W. R. Shelton officiating. This wedding came as a surprise to their many friends but all will join The News in wishing for them a long life of happiness and prosperity. Mr. and Mrs. Petty left on the 9 o'clock train for Brownwood, their future home. Mr. Petty has a responsible position with the firm of F. R. Smith and Sons at that place.—Zephyr Mirror.

The bride is the daughter of Mr. and Mrs. J. W. Driskill and lived here during a part of her childhood. She has many friends and admirers here who extend good wishes and offer congratulations to her and her husband.

COTTON RECEIPTS.

Up to the time the Eagle was put to press 1222 bales of cotton had been received at the Union yard and warehouse and 959 at the public yard. On the same date last year the Union yard and warehouse had received 1839 and the public yard 924.

REMINGTON UMC

.22 RIFLES

The Little Rifles—Big in Quality

YOU are going to buy a .22 calibre rifle, single shot or repeater—you'll find that many well known crack shots started with a Remington-UMC .22. Their advice now would be "By all means, get a Remington-UMC" because they know that there is a tendency in some quarters to look upon these models as only "a small boy's rifle" and to cheapen them so that they can be sold at a price.

You have just as much right to expect full shooting value in your .22 calibre arm as in your \$75 big game rifle. You want the Remington-UMC single shot at from \$3 to \$6, .22, 25-10 or .32 calibre, made by the same people who make the famous Remington-UMC Autoloading Rifles.

Or, if you prefer the repeating rifle, the Remington-UMC slide action .22 repeater with its easy take-down and special safety features, shooting .22 short, .22 long or .22 long rifle cartridges, at \$10 and up, is your arm. Sold by live dealers of this community—the most popular small calibre rifles in America.

We accept and receipt for subscriptions at this office, do the ordering and take all the risk.

TAXABLE VALUES.

A Increase in Value With A Decrease in Total.

Tax Assessor A. E. Evans has completed the work of compiling the tax rolls for Mills county for year 1913 and the figures are interesting. The total valuations in the county have been reduced by the land commissioner eliminating several tracts that appear to be doubly abstracted, but the property assessed shows a considerable increase. This proves the efficiency of the tax assessor and the prosperity of the county. Following are the assessments as shown by the rolls:

The work of erecting the house will not interfere with the entertainment each evening and when the building is completed the show can be given regardless of rain or cold weather.

—If you are buying land require the seller to furnish you an abstract of his title, so you may know you are getting a good title. If you contemplate selling your land, have an abstract thereto prepared first, so you will know what kind of title you can make to it, as the purchaser is almost sure to want to know. I have the only complete set of abstracts of the land titles of Mills county and will make your abstracts for a reasonable charge and will help you cure your titles if defective.—E. B. Anderson.

The Food Value of Currants

CURRANTS rank second only to dates in food value among fruits. In England and Holland they are used extensively, in bread, cake and puddings, and also stewed.

There are many varieties of currants, all coming from Greece and the adjacent islands. It is from the best of these that we get *White Swan Currants*. The largest, best flavored berries are selected and dried in the shade to preserve all the deliciousness of the fresh fruit. They are washed and cleaned and so carefully sorted before being packed that every currant in every package is perfect. It is this careful cleaning, sorting and packing that gives *White Swan Currants* their glossy, black appearance.

White Swan Currants are stemless, packed in convenient paper boxes, ready for immediate use. You can be absolutely sure about these currants. No need to even look at them before using. They are good and clean—every use. *Better than the law requires.*

Your Grocer will be glad to recommend them because he knows that you'll come back for more.

CITATION.

THE STATE OF TEXAS.
To the Sheriff or any Constable of Mills County—GREETING.

Oath having been made as required by law, you are hereby commanded to summon A. J. D. Webb, and Rogers & Tileston, a firm composed of Rogers and Tileston, whose Christian names are unknown to the plaintiff, and the unknown heirs, legal representatives, legatees and devisees of said A. J. D. Webb, deceased, and the said Rogers and Tileston composing the firm of Rogers & Tileston aforesaid, both deceased, by making publication of this citation once in each week for eight successive weeks previous to return day hereof, in some newspaper published in Mills county, to appear at the next regular term of the District Court of Mills county, to be holden at the court house thereof in Goldthwaite, on the first Monday in October, 1913, then and there to answer petition filed in said court on the 30th day of June, 1913, in a suit numbered on the docket of said court No. 1332, wherein W. W. Tippen is plaintiff, and A. J. D. Webb and Rogers & Tileston, a firm composed of Rogers and Tileston, whose Christian names are unknown to the plaintiff, and the unknown heirs, legal representatives, legatees and devisees of A. J. D. Webb deceased, and the said Rogers and Tileston, both deceased, are defendants, said petition alleging substantially as follows:

That on or about the 1st day of June, 1913, plaintiff was lawfully seized and possessed of the following described land lying and being situated in Mills county, Texas, and claiming the same in fee simple, to-wit: Lot No. 4, in Block No. 36, in the town of Goldthwaite, Mills county Texas, conveyed by the Gulf, Colorado & Santa Fe Railroad Company to A. J. D. Webb, by deed dated Dec. 30, 1889, in which a vendor's lien was retained to secure the payment of the balance of the purchase price thereof, and which lien and notes were afterward sold and conveyed by the said Railroad Company to A. E. Evans, by transfer dated March 5, 1913, and by the said A. E. Evans to the plaintiff by transfer dated April 21, 1913, also Lots Nos. 4 and 5, in Block No. 7, Lot No. 15, in Block No. 5, and Lots No. 3 and 4, in Block No. 20, in said town of Goldthwaite, conveyed by the said railway Company of the defendants, Rogers & Tileston by deed dated Dec. 2, 1885, in which a vendors lien was expressly retained to secure the payment of the balance owing as the purchase price therefor, and which notes and liens were afterward sold and conveyed by the said Railroad Company to the plaintiff by transfer dated February 19, 1913, all of which transfers are on file among the papers in this cause, and notice thereof given to the defendants and each of them.

That on the day and year last aforesaid the defendants unlawfully entered upon the said premises and ejected the plaintiff therefrom and unlawfully withhold from him the possession thereof to his damage in the sum of One Thousand (\$1000.00) Dollars.

Plaintiff prays that upon trial hereof he have judgment for the title and possession of the said land and premises and the cloud cast upon his title thereto by reason of the claim of the defendants be set aside and held for naught, etc.

Herein Fall Not, but have before said Court on the first day of the next term thereof this writ with your return thereon, showing how you have executed the same.

WITNESS: L. E. Booker, Clerk of the District Court of Mills County, Texas.

Given under my hand and seal of said court in the city of Goldthwaite, this 8th day of July, A. D. 1913.

Insurance now in force, over TWENTY MILLION DOLLARS.

Assets are over ONE MILLION DOLLARS.

This Company, since commencing business in September 1906, has paid out five annual dividends to the stockholders, amounting to forty-four per cent interest on the capital stock.

This Company has grown up during the past seven years in the midst of competing companies, many of which had a large surplus to spend in securing business. While there are other good life insurance companies in this state, a number of them started with a large surplus fund contributed by stockholders. THE GUARANTEE LIFE INSURANCE COMPANY started with a paid up Capital Stock of \$100,000 and a very small Surplus of \$25,000, and by work, close attention to business and economy, has built up a large surplus fund, which on January 1, 1913, was assigned and unassigned \$172,000, all of which was derived from the earnings on its business.

If you were going to deposit your accumulations of years in a saving bank for the benefit of those dependent upon you after you have gone, which institution would you select; one that had started with very little money and had grown to be very strong as a result of many years of hard work, close attention to business and economy of management, or one that had started with lots of money which was contributed by the stockholders, and whose existence was of short duration and experience very limited? Isn't it true that men who save and safely invest their own accumulations are most likely to safely invest and preserve the money of others entrusted to their care?

If the knocker or twister should call on you, ask him to compare the record of his company with the above.

An appropriation of \$100,000 was made by congress this week to aid the refugees from Mexico.

Work is to begin at once on a new house for Taylor county. Bonds \$50,000 have been authorized to the building.

Contests for governor and other offices are placing their claims on the people already and their excitement is being followed by candidates for the smaller offices. Many of the candidates will run themselves to physical death before the campaign opens earnest.

A libel suit has been filed in New York by former national Democratic chairman Norman Mack against John Hennessey, special agent of Governor Sulzer because of a statement issued by Hennessey charging that Mack embezzled campaign funds.

Senator Culberson, who has been in Connecticut sanitarium for some time is reported to be fast recovering from illness "brought on by over work." Just when he did this work is not stated, but it must have been several years ago, for certainly he has not spent enough time in Washington of late years to over work himself.

The wizard of electricity, Thos. A. Edison, was very ill for a few days and his fears were entertained that he would not recover, but he is now supposed to be out of danger. It is claimed that his critical condition was due largely to the lack of his customary exertion and exercise and his another vacation.

A young Texan went to Arkansas a few days ago to marry "the girl he left behind" when he came to the Lone Star State to make a home. The girl's grand-father objected to the proposed marriage and attacked the young man with an ax. The prospective groom killed the old man, was exonerated by the coroner's jury, married the girl and returned to Texas to "live happy ever after."

A band of Mexican smugglers of ammunition took two deputy sheriffs prisoners near Carrizo Springs, Dimmitt county, last Friday. They killed one and would doubtless have killed the other had he not been rescued by a sheriff's posse. Saturday morning the gang was overtaken by a company of soldiers and officers and after a fierce battle in which two of the outlaws were killed and a Texas officer's horse was shot, sixteen Mexicans were captured.

A report was circulated in the United States this week that a party of 100 Americans, mostly women and children, who were trying to make their way out of Mexico, had been captured by Mexicans and would likely be put to death or suffer severely if an attempt was made to rescue them. The report proved to be entirely without foundation. The country seems to be overrun with bandits and outlaws of every description, however, and Americans are making their way out as rapidly as possible.

The body of a woman was found in the river by New York police a few days ago and for some time the identity of the woman could not be established and the case was a mystery. This week a Catholic priest was arrested in that city charged with the murder of the woman and confessed that he killed her and cut her body to pieces and threw it into the river. He was committed to prison because he loved the woman but could not marry her and was over the thought of separating from her. When arrested he attempted suicide. His record is being investigated by his church.

REPORT FROM THE WEST.

Miles, Sept. 13.

Editor Eagle:

I wrote a letter a few days ago from here and a Mr. Williams from Miles was down at Goldthwaite and got a copy of the Eagle with the letter and was reading it to some of the citizens of Miles. They said I had better hike it out down the road, but I am here yet and have been over the country some since I wrote. From Ballinger to Crews the cotton is nearly nothing. Some fields will not make the seed that it took to plant them, but feed was good, such as maize. Oats were sorry. Everywhere you go you will find about as many empty farm houses as there are occupied and in Ballinger and Miles I think fully half the houses are vacant. I spent last Wednesday and Thursday in Ballinger, had a big rain both days, the city was flooded and I guess it must have rained frogs, for such a croaking I never heard from a frog pond as there was in the streets. Frogs everywhere. They could touch bottom and were standing on their hind legs shouting Glory! Glory! glory!

I had the pleasure of being at the opening of the Sunday school convention at Ballinger. Mills county was represented by a delegate from Mullin. Everything points to a successful meeting. Attendance was very good.

A regular rain storm fell north of Miles last Tuesday afternoon covering a territory of about 2 by 5 miles, doing considerable damage to the cotton in that section. In fact, the rain is said to have been a regular water-spout and the wind blew a regular hurricane for a few minutes.

We are having a fine touch of coming winter up here now. Looks a little like hog killing time, but we have no hogs. I guess we will have to be content with a jack rabbit.

Cotton will soon be all out and a large acreage will be sown down in oats another year, as that seems to be the most paying crop here.

Since coming here I have been living mostly on wind pudding and walk around for my health and seem to be doing fine, as I weigh more than I ever did before.

Health of the country is good. Doctors have nothing to do and some of them at Miles have gone to buying cotton when they aren't playing "42"

To give you some idea how the lands here are going, out of 54 blocks of land sold 25 have already gone back to the land company. This is in one big pasture that was sold out in blocks. People are a good deal like the Bible says about the Devil going to and fro up and down the land seeking something to devour.

Yours truly,
UNCLE PETE.

AFTERNOON PARTY.

Mesdames Chas. Rudd and J. M. Cambell entertained the A E club and a few friends at the home of the former on Tuesday afternoon, Sept. 19. A color scheme of pink and green was carried out in the decorations and refreshments.

The guests were received and ushered to the artistically decorated punch table, where they were served to punch by Miss Mason Gardner.

The features of amusement were a grandmothers work basket contest and various table games. Miss Lizzie Stephens was awarded the guest prize in the former and Miss Lillie Martin the club prize. In the latter Mrs. Norman Weatherby was lucky winner of the guest prize, while Mrs. W. B. Jackson was given the club prize.

Refreshments of delicious ice cream and wafers were served.

Personel of the party were Mesdames R. H. Moore, Norman Weatherby, Oma Weatherby, Owen Priddy, Jeff Priddy, Marvin Rudd, Luther Rudd, M. Ebers, P. D. Yarborough, E. B. Anderson Al Dickerson, W. B. Jackson, Henry Martin, R. E. Clements, C. Eacott, E. M. Boone, J. D. Brown, L. R. COMANCHE
The contract for the erection of the new \$15,000.00 school building was let last week by the school board to Mr. Oates, of Stephenville, we understand.

October 21st. and 22nd. have been designated as Good Roads day in Comanche county by the Chamber of Commerce and Commissioners' court, and an effort will be made to work the roads between Comanche and Rush Creek, every citizen of the city and county being urged to turn out and assist in the work.

An effort is being made to light the streets of Comanche, and a committee representing the Chamber of Commerce went before the commissioners' court Tuesday asking for an appropriation for this purpose. It is estimated that thirty-six lights will cost approximately \$100.00 per month, and the county is asked to defray one-fourth the cost of same.

A twelve year old son of Jim Couch, a well known farmer, living near Gustine, was killed Tuesday evening by the accidental discharge of a gun. The boy in company with a smaller sister had started hunting in an when two hundred yards from the house, stumbled, dropping the gun, which was discharged, the shot striking him in the heart resulting in instant death.—Chief.

LAMPASAS
Miss Ima Townsen and her brother, O. B. came down from Lometa Monday and went out to the Lampasas river, where they will spend some time with the family of H. C. Town-

The grand jury adjourned Friday evening after having found 5 felony indictments and 78 misdemeanors. It is said the larger part of the latter are for gaming, and include both white and colored.

The fire alarm was sounded at 6:50 Tuesday evening and the location was given as at the First Baptist church. People generally responded, as did the firemen, when it was discovered that there was not even a smoke arising from the building. The alarm was caused by the observance of a swarm or cloud of gnats, which seemed to be located just above the spire of the building, and those who saw it claim that it had all the appearance of a cloud of smoke.

One of the most peculiar accidents in the history of this section occurred Monday evening to Wren Ringer, son of Mr. and Mrs. L. E. Ringer, of the Nix neighborhood. The young man, aged about 20 years, was engaged in blasting a well, and was some ten or twelve feet below the surface when the blast he was preparing exploded prematurely, throwing sand, gravel and dirt into his face, breast and arms and all the front portion of his body. He had proper surgical attention at once, and notwithstanding he was right against the explosion, and the fact that his eyes were filled with sand, gravel and dirt, he will have his sight and the wounds on his body will soon be healed.—Leader.

LOMETA
Dick Page has recently installed a player-piano at the airdome and is giving his patrons excellent music.

Mrs. Garrett Townsen and two little girls, Anna and Naomi, from Tuscola, were guests in the home of Dr. J. B. Townen and family.

Mrs. W. T. Little and babe went to Goldthwaite Saturday morning. Mr. Little joined them Sunday for the day's visit with relatives.

Tom Hufstutler was here the latter part of the week receiving 200 head of steers which he purchased from J. K. Moore of Evant. They were taken to the Ramsey pasture where Mr. Hufstutler now has about 1200 head of cattle.

While helping to drive a bunch of cattle, belonging to Tom Hufstutler, to the Ramsey pasture Wednesday morning, C. L. Reid's horse slipped on a rock and fell on Mr. Reid's left foot, bruising the foot and ankle and causing him a great deal of pain. It was first thought the bone was broken. Mr. Reid was brought to Lometa by auto and later carried to his son's home at Chadwick, where it is hoped the injured member will soon heal.—Reporter.

HAMILTON
Rev. L. J. Mims of Brownwood was

In Hamilton Friday for a short visit with his son, Ernest Mims.

Little Myrtle and Velma Quinn spent last week with their grand parents, Mr. and Mrs. R. E. Lee. They have returned to their home in Goldthwaite, having had a very pleasant visit.

Willis Harris, accompanied by his little son, Bennie Mack, came in from Lund Saturday on business. While in town Mr. Harris and little son were social visitors in the Record office and he reported the arrival of another handsome boy at his home on Monday, September 1.

The ten days meeting which the Baptists have been conducting on the church lawn under the direction of their pastor, Rev. Dr. Rouse, closed Tuesday night with his great lecture-sermon, "The influence of religion in the home." There were twelve accessions to the church one of whom was received by a profession of faith.—Record.

BROWNWOOD.
Jim Clements, who lives on Salt Creek in this county, suffered a very painful accident this morning while attempting to treat a horse for worms. While putting medicine on a wound on the horse, the animal reared and plunged on Mr. Clements, knocking him down and stamping him in the face several times.

Robert Caruthers, son of H. G. Caruthers, who purchased the Doug Woods ranch and gin last spring, suffered a very painful and probably serious accident while operating a gin stand in the Elkins gin yesterday about noon. His right arm became caught in the gin saws, and before the machinery could be stopped the arm was cut and ground to pieces, and his face and right breast were also badly cut, though the latter injuries were not deep or dangerous.

The First Baptist church, a few weeks ago granted its pastor, Rev. L. J. Mims, a leave of absence for 30 days for the purpose of raising funds to meet the expense of immediate improvements at Howard Payne College. It was thought that \$3,000 would be sufficient for this purpose, and Dr. Mims began his campaign in all the nearby counties with that aim in view. After twenty days' work he has returned to Brownwood with the sum of \$3,500 in cash, which will easily meet all the expenses of the improvements which have been and are being made at the school.—Bulletin.

SAN SABA.
Mr. and Mrs. Scott Thompson of Mills county were guests of Mr. and Mrs. R. S. Crain Sunday.

Mrs. J. C. Cook will entertain the ladies of the Baptist Aid Society on the Fourth Monday afternoon of this month, September 2, from 2 to 4 o'clock.

This town was shocked as it has not been for many days last Friday when the news came flashing over the wires that Tom Ward had died in Ballinger. Heart failure was the cause of the sudden death.

W.G. Lindsey was a passenger Monday enroute to Magnolia, Arkansas, where he will have headquarters for the present and re-enter his former traveling position. Mrs. Lindsey and children will visit in the city for about a week and then join him at Magnolia.—News.

Don't Let Baby Suffer With Eczema and Skin Eruptions.

Babies need a perfect skin-covering. Skin eruptions cause them not only in tense suffering, but hinder their growth. Dr. Hobson's Eczema Ointment can be relied on for relief and permanent cure of suffering babies whose skin eruptions have made their life miserable. "Our baby was afflicted with breaking out of the skin all over the face and scalp. Doctors and skin specialists failed to help. We tried Dr. Hobson's Eczema Ointment and were overjoyed to see baby completely cured before one box was used" writes Mrs. Strubler, Dubuque, Iowa. All druggists or by mail, 50c. MANY CALLEGE STUDENTS.

One of the evidences of prosperity
in Mills county as well as great in-
terest in education, is the large num-
ber of students that have gone to the
various colleges for the winter term.
The Eagle doubts if as large a dele-
gation ever left this county for col-
lege in any previous year. A partial
list of the students who have gone to
college follows:

- Miss Lissie Allen to Crescent Col-
lege, Eureka Springs, Ark.
Misses Lella Allen and Ruby Bled-
soe, Baylor College, Belton.
Bedford McBride, Harmon Lowrie
and Misses Elenor Skaggs and Lella
Brown, Daniel Baker College, Brown-
wood.

- Hugh McCullough, Byron Hayes and
Misses Etta Bynum, Lucille Frizzell,
Blanche Priddy, Lois Allen, Estel
Grundy, and Ermine Bull, Howard-
Payne College, Brownwood.

- Alvin Street, Texas Christian Uni-
versity, Fort Worth.
Miss Lucile Conro, Polytechnic Col-
lege, Fort Worth.

- Miss Mattye Palmer, Sam Houston
Normal, Huntsville.

- Earl Fairman, Southwestern Uni-
versity, Georgetown.

There are doubtless others whose
names we have not learned who will
attend the various colleges, but this
list shows the growing interest in
education and the prosperity of the
country.

Books are wonderful, not only in
their multiplicity, but in their per-
suasive power. The books and pa-
pers today mould the minds of men.
They are not only an intellectual but
a moral force. If all books and pa-
pers were correct in principle and in
judgment there would be a rapid de-
cline in crime. Crime is due to ig-
norance and ignorance is due to false
preaching or no teaching. Much of
the viciousness, anarchy and rest-
lessness of modern times is due to
the pernicious influence of newspa-
pers and books who are either pur-
posely deluding the people or lack-
ing in understanding. If we would
purify our people we must put our
newspapers into the hands of men
who will not sacrifice truth and mor-
ality to political and financial ends.
We must have a literary censorship,
that books may be examined and
those of evil influence condemned be-
fore they reach the people. They all
have much to learn and it is econ-
omy of time to read only the old and
well tried books. Books and papers
teach us to know life—the present
and the past. They stimulate and
train the mind. They inspire us by
example and precept. They teach us
morality. They help us to distinguish
between the good and the false.
They quicken the imagination. They
give us worthy and beautiful things
to talk about. They are the best and
most accessible means of education.

Just to show how easy it is to kick,
and how many kicks there are coming
to the people, let us consider the dog
question at Jefferson City, Mo., the
state capital. The dogs made a prac-
tice of gnawing the shins of pedes-
trians and the pedestrians kicked. The
council then passed a law to impound
the dogs, at which the dog owners
kicked. The pound was built close
to the governor's mansion, and the
governor of the state kicked. The
council changed the location and put
the pound near the mayor, and the
mayor kicked. The officers were in-
structed to catch the dogs and the
officers kicked. When the dogs were
caught, they, of course, kicked against
going into the pound. When the dogs
were impounded they set up a yell at
night and everybody in town kicked.
The kicks were so vigorous that the
council finally repealed the impound-
ing law, and then all who had been
bitten and all who feared the dogs
kicked again. Finally the council in
its desperation ordered all dogs kill-
ed, and the people armed themselves
for real war. In order to prevent
bloodshed, the council repealed the
dog-killing ordinance, and now the
town has the same fellows kicking it
started out with. Yet some people
believe the councils, school boards
and other bodies can so act as to
silence the kickers. Kicking is the
great American prerogative and must
go on forever.—Honey Grove Signal.

The National Farmers' Union in
session at Salina, Arkansas, has ask-
ed for a square deal from Congress
on the marketing of farm products.
The Federal Government has been
spending millions of dollars annually
in urging the farmer to increase pro-
duction, but little attention has been
given to the marketing side of the
question. It is a well known paradox
that the larger the crop, the less
the value and a stimulant to pro-
duction without corresponding aid in
marketing, loses much of its worth
to agriculture. The Nation is fast
awakening to the fact that marketing,
and not production, is the problem of
the farmer. Chairman Lindsey's in-
vestigation of the methods of distribu-
ting agricultural products in the
German Empire presents many im-
portant lessons to the Texas farmer.
His report shows that through or-
ganization and government supervision
the German farmers receive 25 to 30
per cent more for their products and
yet the consumer pays less than in
markets where the American methods
prevail. The farmer can neither
help himself nor be helped by others
until he organizes and it is up to the
Texas farmer to perfect the Farmers'
Union in co-operation work. In
union there is strength and in co-op-
eration there is profit.—Commercial

CITATION.

The State of Texas

To the Sheriff or any Constable of Mills County—Greeting:

Oath having been made as required by law, you are hereby commanded to summon James Estus, by making publication of this citation once in each week for four successive weeks previous to the return day hereof in some newspaper published in your county to appear at the next regular term of the district court of Mills county, Texas, to be holden at the Court House thereof in Goldthwaite, on the first Monday in October, the same being the 6th day of October, 1913, then and there to answer a petition filed in said court on the 20th day of February, 1913, in a suit numbered on the docket of said court No. 1302, wherein N. B. Harvey and J. L. King are plaintiffs and W. C. Hancock, A. T. Blankenship, D. E. Valiant, W. S. Beshears, A. P. Beshears, J. H. Beshears, and James Estus are defendants, said petition alleging that the defendant, W. C. Hancock, on the 2nd day of Feb. 1910, executed and delivered to the plaintiff, N. B. Harvey, his certain promissory note of that date for the sum of Two Hundred and Fifty (\$250.00) Dollars, payable Feb. 2, 1907, and two notes for the sum of One Hundred and sixty six (\$166.65) and 65-100 Dollars, each due Feb. 2, 1913 and 1916 respectively, and payable to the order of Emma Harvey, and two notes payable to the order of Lizzie Young and husband, R. H. Young for One Hundred and sixty six (\$166.66) and 66-100 Dollars, each due Feb. 2, 1911 and 1914 respectively and his two notes for One Hundred and sixty six (\$166.66) and 66-100 Dollars, each payable to the order of Nathan Hodges and husband, Charlie Hodges, due Feb. 2, 1912 and 1915, respectively, each bearing interest at the rate of 8 per cent per annum from date, interest payable annually as it accrues, and all past due interest bearing 8 per cent interest per annum from maturity, and each of said notes containing the usual clause accelerating the maturity thereof, and providing for 10 per cent attorneys fees if suit is brought thereon, said notes being given in part payment for Lot No. Four (4) in Block No. One (1) of Kirkpatrick's addition to the town of Mullen in Mills county, Texas, and being out of the J. D. Kirkpatrick survey, conveyed by the payees in said notes to W. C. Hancock by deed of even date with the said notes, and in which a vendor's lien was expressly retained to secure the payment thereof. That the plaintiffs are the legal owners and holders of all of the said notes and the lien securing the payment thereof by endorsement on the back thereof; that the defendant, W. C. Hancock, and wife by their deed dated April 23, 1912, conveyed the said land and premises to the defendants, D. E. Valiant and A. T. Blankenship, in consideration among other things of their agreeing and assuming to pay the said notes; that the defendants, D. E. Valiant and A. T. Blankenship, by their deed dated Oct. 22, 1912, conveyed the said land and premises to the defendants, W. S. A. P. and J. H. Beshears, in consideration among other things of their assuming and promising to pay the said notes; that the defendant, James Estus, is asserting some character of claim to the said premises, the exact nature of which is unknown to the plaintiffs. Plaintiffs allege that the said deeds are in the possession of the defendants, and they and each of them are hereby notified to produce the same on the trial hereof or secondary evidence of their contents will be offered in behalf of the plaintiffs. Plaintiff, N. B. Harvey, further alleges that he has been required to pay taxes on the said land to protect his security in the sum of Six (\$6.79) and 79-100 Dollars for which he also asks judgment. Plaintiffs further allege that on account of default in the payment of said notes already matured and the installments of interest on all of said notes, which are past due, they have elected to declare all of said notes due and have placed the same in the hands of an attorney for collection and agreed to pay 10 per cent of the amount of the principal and interest thereon as attorneys fees. STICKABILITY.

There is an old saying that all things come to him who waits. It was better to say that all things come to him who works persistently for their attainment. An old teacher of ours used to lecture the boys often upon the merits of what he termed "stickability" in one's makeup. This attribute is the sure secret of success, if one is persistent and consistent in its exercise. The point is illustrated by the story recited by a young man who came to the writer's kitchen door one cold rainy morning last March. He asked for food and for privilege of warming by the kitchen stove. He said his life was a failure, although he had come from one of the best families of Iowa; and that it was a failure because he had never mastered the art of sticking to any work. He had a brother that was the county physician in one of the most populous counties in his native state and another brother was drawing a fine salary as an electrician in Chicago, because they had gift of sticking. They had learned to do some one thing well. He had not mastered any trade, occupation or profession. He couldn't do well even the most menial tasks. Consequently he was a failure. He had neither skill nor brain power that was worth anything to him because such as he had was worth nothing to the world. The world is always willing to pay the person who has learned to do well some useful service. Young people should learn how to stick. The failures in life are those who do not stick, who for that very reason, are not able to do anything well.—Troup Banner.

And Many Are The Voices Of Goldthwaite People.

Thirty thousand voices—What a grand chorus! and that's the number of American men and women who are publicly praising Doan's Kidney Pills for relief from backache, kidney and bladder ills. They say it to friends. They tell it in the home papers. Goldthwaite people are in this chorus. Here's a Goldthwaite case.

W. C. Frazier, farmer, Goldthwaite, Texas, says: "One of our family had been suffering a long time from her kidneys. There were pains in her back and she was laid up in bed. The kidney secretions were unnatural and caused her much annoyance. I had seen Doan's Kidney Pills advertised and I got a box at R. E. Clements' Drug Store. She began taking them and a few doses helped her. The pain in her back left and in a short time her kidneys were normal. Since then we have had great faith in Doan's Kidney Pills."

LAND FOR SALE.

According to authority, given and granted to me, by the heirs of F. M. and N. I. Whitten, deceased. I am now offering for sale a certain tract of land situated adjacent to the city of Goldthwaite, Mills County, Texas, the same containing 14 acres. I regard this as the most desirable piece of real estate anywhere near this city. The improvements, however, are not worth much. There is a fairly good well of water and a splendid location. This land must be sold, and will be sold. So if you want a bargain call and see me or write me.

H. T. WHITE, Attorney.

Mother of Eighteen Children.

"I am the mother of eighteen children and have the praise of doing more work than any young woman in my town," writes Mrs. C. J. Martin, Boon Mill, Va. "I suffered for 5 years with stomach trouble and could not eat as much as a biscuit without suffering. I have taken 3 bottles of Chamberlain's Tablets and am now a well woman and weigh 168 pounds. I can eat anything I want to and as much as I want and feel better than I have at any time in ten years. I refer to any one in Boon Mill and vicinity and they will vouch for what I say." Chamberlain's Tablets are for sale by R. E. Clements. (Adv.)

SETTLEMENT WANTED.

All persons indebted to me for work are requested to call and make settlement at once. Don't think that because the amount is small I do not need it. This applies to all accounts alike. Please settle at once.

F. N. HUBBERT.

Despondency

Is often caused by indigestion and constipation and quickly disappears when Chamberlain's Tablets are taken. For sale by R. E. Clements. (Adv.)
