The People Who Sell It For Less

GOOD ROADS.

Our time is too valuable to waste traveling over bad roads.

Until we have good roads we will not have better markets.

The cost of good roads is less than the tax of bad ones.

Out of the mud and onto the pike with every Texas community.

Fortune lives on an improved highway; misfortune on a poor one.

The growth of any community is dependent upon good roads.

Happiness, contentment and prosperity don't go with bad roads.

Even heathen countries realize the value of good roads.

Mud holes are civilization's greatest parasites. Abolish them.

Unto another generation the benefits of good roads will extend.

Do deeds that will live after you. Boost and build roads.

HOMER D. WADE.

FARM FACTS.

Co-operation in successful farming is as necessary as plowing.

Out of the consumer's dollar the farmer gets 50 cents.

Our success depends upon what we produce and how we market.

Plant the producer's flag at the consumer's door.

Every farmer should be his own thinker.

Run the farm on a big business basis.

Assure profit by eliminating waste. Think as you plow and plow deep.

In co-operation there is power. Oust all unnecessary effort.

Never fail to co-operate.

PETER RADFORD.

Not content with having defeated the Tammany candidates in the recent state and municipal campaign in New York, ex-Governor Sulzer will carry the battle before the people throughout the country. He plans a campaign through the west to the Pacific slope.

J. T. Allen was a visitor from Mullin the first of the week.

Judge Patterson and Joe Allen made a business trip to Star Monday.

Joe Curtis, Jr., was here from the eastern part of the county the first of the week.

J. N. Weatherby and E. M. Boon looked after business in Houston the first of the week.

Miss Nellie Kirkpatrick of Mullin visited Mrs. W. C. Dew in this city the first of the week.

Thos. Humphries' new residence east of the flour mill is nearing completion. It is a modern cottage.

Mr. and Mrs. J. A. Fletcher of Mullin visited Mr. and Mrs. Denison in this city the first of the week.

I. G. Collier was one of the good men of Center City community who had business here one day this week.

The rain was beneficial to everything and there was any damage from it we can not imagine where it was suffered.

Mrs. J. A. Hester and little son returned to their home in Mullin Tuesday, after a visit of several days to relatives here.

W. L. Barker and his wife and child were here from Mullin the first of the week and made the Eagle an appreciated call.

M. F. Casbeer was one of the good farmers of the Center City community who had business in the metropolis the first of the week.

Misses Blanch Priddy and Lois Allen, who are students in Howard-Payne college at Brownwood, spent Sunday and Monday at home.

Garfield Ball took charge of the Taff hotel last Saturday and immediately changed the name to the Ball hotel. He is a fine man and has the friendship and good will of all who know him and will undoubtedly receive a liberal patronage from the public. He expects to keep the hotel well up to the high standard established by Mr. Taff.

INDUSTRIAL CONGRESS CONTEST.

One of the principal features of the convention of the Texas Industrial Congress, to be held next month, will be the annual address of the president, Colonel Henry Exall, reviewing the work of the Congress for the past year.

Colonel Exall's report will show a tremendous increase in the interest taken in the movement for better farming and larger farm products. This is indicated in part by the fact that the number of contestants from 4,030 in 1912 to 10,861 in 1913, but it is better evidenced by the fact that the work of the Congress has grown in every way. A gratifying result of this increased interest among workers on the farms is that there are very many more reports this year than in 1912 of yields of more than 100 bushels of corn, 2 bales of cotton, and 4 tons of kaffir and milo heads to the acre. While the highest individual yields of 1912 in the various products may possibly not be exceeded, the general average will be increased. Samples of prize-winning crops will be attractively displayed at the convention.

Increased interest in the movement for better farming and larger farm profits is also shown by the fact that 150,000 crop bulletins were needed this year to meet the requirements of contestants, of farmers not entered in the contest and of business men in cities and towns who are personally concerned in farming. Supplying these bulletins and replying to thousands of letters from farmers has been one of the chief phases of the work of the Congress for 1913.

The review of the year's work as it will be told at the annual convention on December 13, is of personal concern to every business man and every farmer in the state and the attendance of visitors, aside from contestants and delegates should be large accordingly. The program has been limited to one day for the convenience of everybody and a special low round-trip rate has been made by

the railroads, all in order that as many business men and farmers as possible may get closer together in this movement for "smaller farms, better farming."

Having a good time is the beginning to the end. Life is only decent and happy where productiveness gives it excuse for being. To raise a boy or girl on a joy-ride schedule is to increase the size of asylums and jails. Every youngster has a right to know what honest sweat means; a right to put earned dollars in the bank and to formulate character by means of toil. Thomas Edison has said that genius is mostly a matter of hard work. Life, also, in its fuller sense, is mostly a matter of hard work, for no man or woman is happy who lives parasitically on the products of another's efforts.—Corpus Christi Caller

The Mexican rebels captured Juarez a few days ago and Gen. Villa, commander of the rebel forces, ordered the officers of the garrison shot and it is said the volunteer soldiers captured will also be executed, while the soldiers of the regular army will be paroled and allowed to enter the ranks of the constitutionalists if they so desire.

The law forbidding the shipment of liquor into prohibition territory became effective Monday night at midnight and hereafter intoxicating liquors can not be shipped into such territory from any point. The only chance a fellow has who wants liquor is to go after it, as the law makes it a penitentiary offense for one person to transport liquor for another.

A strike on the Sunset-Central lines of railroad has effected 3000 workers and the railroad business has been tied up for several days. The company can scarcely expect to win the fight, since there are so many strikers and the engineers, firemen, conductors and brakemen are all included in the strike.

FARMERS KEEP BOOKS.

The Texas Industrial Congress has just mailed to each of its 11000 contestants a blank form upon which a full report is to be made of the prize crop yields and all items of cost, including rent of land (charge is to be made therefor whether the land is owned by contestant or not); cost of breaking land, preparing seed bed, seed, planting, replanting, thinning, each cultivation, commercial fertilizer and animal manure and cost of applying same, gathering, weighing, etc., and all other items. The man-labor is to be charged at 10c per hour and the horse labor at 5c per hour in each case and in computing the credits the corn will be counted at 80c per bushel, the cotton at 12 cents per pound, cow-peas at \$20 per ton, and kaffir and milo at \$20 per ton. By requiring every contestant to charge himself \$5 per acre for the land used and counting everyone's corn, cotton, cowpeas and forage at the same rate, all contestants are placed on an equality. The statement closes with a certificate on honor by the contestant as to yields and cost.

Teaching the young farmers of the state how to use a cost system is not the least important of the various lessons which the Texas Industrial Congress gives in its course of instruction; and it is as important and just as possible for the farmer, by taking the necessary time and trouble to keep books on his crop and livestock, to know where he stands financially as it is for the banker and merchants to know where they stand.—Industrial Congress.

Both Huerta and Carranza refuse mediation by the United States and state that they do not desire outside interference with Mexico's affairs. The trouble is between the factions of that government and other governments should let them settle their own difficulties, especially when they desire to effect their own settlement.

A pack of hounds belonging to Elmo Berry and Geo. Mason caught and killed a large wild cat near Hudson & Rahl's slaughter pen Tuesday morning about 9 o'clock. They started the cat on the mountain east of town and after a lively chase leading around the reunion ground, they caught and killed him.

Joe Ewing, who was visiting friends here, received a message last Saturday announcing the serious illness of his father, "Uncle Jimmie" Ewing at his home in Corpus Christi. He hurried home and the first of the week sent his friends here the gratifying information that his father was much improved.

Notwithstanding President Wilson's demand of Huerta of Mexico that the national legislative body of that republic be not convened, it was convened this week, although many of the members were not present. The butcher president delivered his message orally and made no reference to the United States or the demands for his resignation by this government. He told the representatives of their predecessors having been placed in the penitentiary by his orders and it appeared to be satisfactory to all parties for the former legislators to remain in prison.

SHERIFF'S SALE

The State of Texas, County of Mills. NOTICE IS HEREBY GIVEN, That by virtue of a certain order of sale issued out of the Honorable District Court of Mills County, on the 5th day of November, 1913, by L. E. SHERIFF'S SALE

The State of Texas, County of Mills. NOTICE IS HEREBY GIVEN, That by virtue of a certain order of sale issued out of the Honorable District Court of Mills County, Texas, on the 5th day of November, 1913, by L. E. Booker, Clerk of said Court, for the sum of Eleven Thousand, six hundred and fifty seven (\$11,657.85) and 85-100 Dollars, and cost of suit, under a foreclosure decree, in favor of D. H. Trent & Son, a firm composed of D. H. Trent and Will H. Trent, for Nine Thousand and Eighty one (\$9081.) and 70-100 Dollars, and in favor of J. F. Dennis for Thirteen hundred and four (\$1394.70) and 70-100 dollars, and in favor of J. T. Glover for Twelve hundred and seventy two (1272.15) and 15-100 Dollars, in a certain cause in said Court No. 1315 and styled D. H. Trent & Son vs J. M. Sims, G. H. Reed, Sam Burton, J. F. Dennis, S. S. Kellogg, J. A. Cantrell, R. H. Harper, J. T. Glover, and Jno. T. Ware, placed in my hands for service, I, E. O. Priddy, as sheriff of Mills county, Texas, did, on the 5th day of November, 1913, levy on certain Real Estate, situated in Mills county, Texas, described as follows, to-wit:

First: 150 acres of land out of a 200 acre tract out of the Michael Rhyne survey No. 400, in Mills county, described in the deed from J. B. Watkins for J. H. Campbell recorded in Vol. 6, page 417, of the deed records of Mills County, Texas, the 150 acres herein described by metes and bounds as follows: Beginning at a stake near 3 L. O. on the Colorado river and on the dividing line between the Renfro and J. W. Jones tracts in this survey; thence up the river N. 24 E. 240 vrs; N. 15 E. 200 vrs. N. 10 E. 200 vrs; N. 65 vrs. to a stake on the bank of said river; thence N. 64 E. 1195 vrs; thence N. 60 E. 418 vrs. to the N. W. Cor. of a 50 acre tract sold by G. H. Reed to E. L. Winkle; thence S. 56 E. 569 vrs. to S. W. Cor. of said 50 acre tract; thence S. 60 W. 629 vrs to a mesquite stump; thence S. 64 W. 1195 vrs. to place of beginning.

Second tract: 13 1/4 acres of land, more or less, out of the said Michael Rhyne survey No. 400 in Mills County, and being out of an 88 acre tract out of said survey conveyed by Joe A. Curtis, Jr. to H. M. Curtis and W. A. Curtis, the land being meted and bounded as follows, to-wit: Beginning 10 yards N. of the N. W. Cor. of an 8 acre tract owned by W. V. Carlock out of a 98 acre tract of which this is a part for S. W. Cor. of this tract; thence N. 316 yds. to N. W. Cor. of this tract at a point 209 yds. from the N. E. Cor. of said 88 acre tract 209 yds. to the original N. E. Cor. of said 88 acre tract; thence in a southerly direction with original E. line of said 88 acre tract 210 yds. to N. E. Cor. of a 1 acre tract; thence S. E. Cor. of said 88 acre tract a corner to the E. line of said 88 acre tract; thence in a westerly direction parallel with N. line of this tract 10 yds. to the N. W. Cor. of said 1 acre tract; thence in a southerly direction 70 yds. parallel with E. line of said 88 acre tract to S. W. Cor. of said 1 acre tract; thence in a westerly direction with original N. line of W. V. Carlock 8 acre tract 139 yds. to the place of beginning, and levied upon as the property of Sam Burton. And that on the first Tuesday in December, 1913, the same being the 2nd day of said month, at the court house door of Mills County, in the city of Goldthwaite, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said order of sale and foreclosure decree, I will sell above described Real Estate at public vendue for cash to highest bidder, as the property of the said Sam Burton.

And, in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale in the Goldthwaite Eagle, a newspaper published in Mills County.

Witness my hand, this 5th day of November, 1913.

E. O. PRIDDY,
Sheriff Mills County, Texas.

LAND FOR SALE

Good farm of 320 acres, just two miles from Goldthwaite. Fenced with other improvements. Will sell at a bargain. See W. E. Pardue.

MANY TURKEYS.

B. F. Geeslin Mercantile Co. and J. C. Street each shipped a carload of turkeys Tuesday, the amount paid out by them for the turkeys being approximately \$2,000. The fact that Mills county has such varied industries and resources makes it the best county of the state and the poultry business is not the least of its resources. Every express train that leaves Goldthwaite carries a large number of coops filled with turkeys, chickens and other fowls and eggs are also shipped in large quantities. The same thing is true of Mullin, where a number of dealers make shipments frequently. Thousands and thousands of dollars are paid out in this county every year for poultry and eggs and this is one of the county's resources that is not affected by dry weather or excessive rains.

Geeslin Co. and Mr. Street expect to ship another car and perhaps two cars today and this will not nearly exhaust the supply of turkeys in the county.

FACTS ABOUT MEXICO.

Mexico spreads over 767,000 square miles. It is mountainous for the most part, offering a mutual protection for a long drawn-out guerrilla warfare. The country also has an inflammable population of 15,000,000 people, of which only 3,000,000 are white. Huerta claims to have an army of 75,000 seasoned men in the field. He probably has no more than 60,000. His enemies declare it would not exceed 40,000. Carranza has 25,000. If his faction, the Constitutionalists, could purchase the necessary elements to arm the volunteers who offer their services his force might jump to 100,000 men in thirty days, it is asserted. The only thing that saves the Huerta government is the fact that the country is split up into dozens of factions of which the Huerta sympathizers are only a small body. Huerta will probably remain in power only so long as the other factions fail to forget their jealousies of each other and unite to overthrow the existing government.—Exchange.

SHERIFF'S SALE

The State of Texas, County of Mills. In the District Court of Mills county, Texas. W. H. Stevenson, plaintiff, vs S. G. Cornelius et al.

Whereas, by virtue of an execution issued out of the District Court of Mills County, Texas, on a judgment rendered in said court on the 11th day of December, A. D. 1912, in favor of the said W. H. Stevenson and against the said S. G. Cornelius and Max Borschow, No. 1294 on the docket of said court, I did, on the 6th day of November, 1913, at 11 o'clock a. m., levy upon the following described tracts and parcels of land situated in the county of Mills, State of Texas, and belonging to said S. G. Cornelius, to-wit: 100 acres of land, more or less, out of the H. H. Heffington 299 acre Survey No. 14, and commonly known as the H. T. & B. Ry. land in Mills County, Texas, patented to H. H. Heffington by letters patent No. 407, and said 100 acres being more particularly described by metes and bounds as follows, to-wit: Beginning at the S. Cor. of said Sur. No. 14, a st. md. from which a L. O. mkd. X brs. S. 76. W. 29 vrs. a do. brs. S. 31 E. 9 vrs; thence N. 45 W. 880 vrs. to the S. cor. of the W. 14 of said survey No. 14, a st. md; thence N. 45 E. 648 vrs. to Cor; thence S. 45 E. 175 2/3 vrs; thence S. 30 deg. 30 min. S. D. Carson and family, who have lived in the Cryer community for some time and are old time residents of the county, left this week for Medina county, to make their home. They have many friends and well wishers in this county.

Those who read every line in this paper are the best posted on local, county, state, national and world wide subjects. Try reading every line every week for a year and you will be surprised at the benefits you will receive.

The contractors expect to complete the school building in the next few weeks and it is considered certain that the building will be ready for use in time for the county institute to meet there the week before the holidays.

"Cured"

Mrs. Jay McGee, of Stephenville, Texas, writes: "For nine (9) years, I suffered with womanly trouble. I had terrible headaches, and pains in my back, etc. It seemed as if I would die, I suffered so. At last, I decided to try Cardui, the woman's tonic, and it helped me right away. The full treatment not only helped me, but it cured me."

TAKE Cardui The Woman's Tonic

Cardui helps women in time of greatest need, because it contains ingredients which act specifically, yet gently, on the weakened womanly organs. So, if you feel discouraged, blue, out-of-sorts, unable to do your household work, on account of your condition, stop worrying and give Cardui a trial. It has helped thousands of women,—why not you? Try Cardui. E-71

FIRM FOUNDATION.

Nothing Can Undermine It in Goldthwaite.

People are sometimes slow to recognize true merit and they can not be blamed, for so many have been humbugged in the past. The experience of hundreds of Goldthwaite residents, expressed publicly through newspapers and other sources, places Doan's Kidney Pills on a firm foundation here.

Mrs. Robert Urbach, Goldthwaite, Texas, says: "The first symptom of kidney trouble in my case was pain in the small of the back, which gradually grew worse until I was hardly able to move. At night it changed to a dull ache and I couldn't sleep. If I caught cold it settled on my kidneys and made my suffering worse. The kidney secretions were unnatural. When a friend told me about Doan's Kidney Pills, I got a supply at Clements' Drug Store. They gave me prompt relief."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Urbach had Foster Milburn Co., props., Buffalo, N. Y. (Adv)

FIFTEEN CENT COTTON.

The farmer who has cotton and turns it loose for less than 15c will have a good opportunity to pass up on his capacity as a business man this winter. He will see every bale held by this corporation sold for 15 cents per pound, and this money goes to the farmers who have delivered their cotton to us for handling.

The farmer who delivers his cotton to this Corporation is doing something for next year, as well as this. He realizes that he has been raising cotton each year without any idea as to what he was to get for it and he was simply taking chances with bankruptcy and hoping somebody would allow him enough to bring him out "even."

This Corporation is for the purpose of taking enough cotton out of the market each year to relieve the glutted condition during October, and then to sell this cotton later at 15 cents per pound net to the farmer. The entire crop has been sold heretofore, and as the world can use only one twelfth of it each month somebody has to hold it. But the farmer is urged by our Southern people not to do any of this holding—he might lose money. So in order to make sure of losing money, he gluts the market and sells at the lowest prices each season. Fine business for the farmer to follow. What merchant on earth sells his goods for any price offered?

We are pleased to announce that The Southern States Cotton Corporation is an absolute and unqualified success. We have enough cotton to accomplish our object—that is, get 15c for the farmer, and it is firmly believed that every dollar's worth of the scrip outstanding will be redeemed before the first of March next. In the meantime, the farmer draws 6 per cent interest on it. Next year, it will not be a question of how much cotton we can get, but how much we can handle.

Do not sacrifice your cotton—it is worth and will bring 15c per pound. If you don't know how to make it bring 15c, we will undertake the job and let you have money up to three-fourths of the market value, without interest or other charges while the cotton is held. J. W. HILL.

STAR.

The nice rains of late are fine on oats and small grain crops.

F. N. Baker has moved to Star to take advantage of the excellent school we have here. Mr. Baker is only one of our good citizens who are taking advantage of Star's good school.

Work is progressing rapidly on Jim Hamilton's new residence. Charlie House is the contractor.

Mr. John Waddell gave a musical last Friday night. The guests report a fine time. Musicals are popular in Star, which is a mighty fine sign.

Hawkins Bros. are having their store made six feet wider. The Masonic hall is being built above it and occupies the entire space above. The roof to the hall is completed, but the walls are not up and the rain has given considerable trouble by raining in on the goods. Workmen are kept going all day and part of the night and work is being rushed as fast as possible to prevent further damage by rain. Hawkins Bros. should be congratulated for the energy and enterprising progressiveness which they are displaying.

Mrs. Oscar Burns of Coleman visited relatives in this community last week.

Work on the new school building is progressing rapidly. Nearly all of the outside is now plastered and it is estimated that the house will be ready for use by the first of December.

The young people enjoyed singing at Mr. Stephen's home last Sunday night. Mr. Stephen recently purchased a piano from Mr. Z. S. Lee.

Our school is still on the up-grade under the highly efficient management of Prof. Jeter. Mr. Jeter is a Christian man and is our Sunday school superintendent and we are proud of the record he has made so far. Although he is still teaching in the Baptist church and is, of course, handicapped by the lack of desks, the pupils are doing well. Some of the older girls play the organ at the noon hour and the pupils all sing and thus there is being developed, almost unconsciously, a strong Christian spirit, and the uplifting influence is very noticeable. Few people fully appreciate the good influence of good music as they should.

W. L. Eddy, who recently traded his farm and store here to Morris & Son for a large farm in the South Bennett community, has decided not to remain here this winter and will move this week. We regret to lose Mr. Eddy and hope for him the best of success.

H. C. McDonald left last week for Grimes county, where he will make his home. We believe he will come back, for this county is an A-1 9999 Fine, and the people can't be beat. The good wishes of his friends go with him. We understand that Bill Guthrie will rent the place he had rented from Mrs. J. E. Brooking.

With best wishes for the Eagle and its many readers, I am—XX.

A Night of Terror.

Few nights are more terrible than that of a mother looking on her child choking and gasping for breath during an attack of croup, and nothing in the house to relieve it. Many mothers have passed nights of terror in this situation. A little forethought will enable you to avoid all this. Chamberlain's Cough Remedy is a certain cure for croup and has never been known to fail. Keep it at hand. For sale by R. E. Clements.—Advertisement.

Some have paid me and I am thankful, others have not and I need it. It certainly makes us all feel better to settle our accounts. My patience and grace may be exhausted soon if you do not come in and settle in some satisfactory way, what you owe me. Yours truly, M. L. BROWN.

Rev. S. J. Vaughn, who has been presiding elder of the Methodist church in this, the Gatesville district, has been transferred to Dublin, and Rev. M. K. Little, who has been at Dublin, comes here.

Mrs. Hugh Ward visited her father, Rev. D. I. Haralson, down on the Colorado recently and we thank her for some nice pecans sent us from a lot which took the blue ribbon at the state pecan growers association meeting. We have a kindly remembrance of Bro. Haralson, who has been our friend for thirty years, and are glad to know he got the prize for the finest pecans. We hope he will live many years yet to bless the world and enjoy the consciousness of a life well spent in the service of the Master.—Herald.

Mr. and Mrs. J. M. Baxley were among the prominent Hamilton people visiting the Cotton Palace the week of the week.

Prof. J. E. Corrigan, president of the McKinley-Corrigan Company, left Monday for Mt. Calm, where he went to conduct a big sale of dry goods for the firm in that city. He is past master in the art of putting on successful sales.—Record.

LOMETA

Sam Taylor, the San Saba tender, was a pleasant caller at this office Saturday.

C. R. Stewart of Big Valley was here Tuesday with a view to locating here.

W. T. Little and family are now comfortably domiciled in the residence recently vacated by Dr. Osburn.

The election held in Lometa last Saturday to determine whether or not pool halls should run in Lometa, resulted in a negative vote by a majority of over two to one. Out of a total of 169 votes cast there were 107 votes against the pool hall and 53 in favor of its being permitted to operate.—Reporter.

SAN SABA.

Robt. Halcomb shipped in several cars of sheep from near Mullin to San Saba last week.

R. J. Mauldin has resigned as city marshal and Dave Chadwick has been appointed to fill the unexpired term. Mr. Chadwick, however, will not take the oath of office until the commissioners court meets and appoints a janitor to fill his place.

Sunday afternoon Louie Clements and Shockrey Wilcox were painfully, but not seriously burned. A number of children had made a fire and were boiling water in a bucket with the lid on. The explosion followed and the above named children were burned.

Little William Baxter Smith, the three year old son of Mr. and Mrs. W. A. Smith, was severely burned about the face, throat and chest last Thursday, and Saturday, Sunday and Monday was in an extremely critical condition. He is slightly improved and hopes are now entertained for his recovery. It is his habit to rise with his father and mother in the morning and assist in the preparation of breakfast. This time he was drying dishes and accidentally knocked over a bowl of gravy.—News.

BROWNWOOD.

The success of the clean-up contest for Brown county schools, inaugurated last year by the Brown County School Betterment League, has encouraged the League to continue the work another year.

Philip Ruffer, the 6-year-old son of L. J. Ruffer, suffered a broken leg yesterday in a neighborhood football game. The fracture is not a serious one, one of the bones of the leg being broken.

Henry Hogan, the negro who was connected with the firing of an automatic pistol in the Southern hotel a week ago, was given an examining trial Saturday afternoon and released, the authorities failing to find sufficient evidence on which to hold him. It will be remembered that L. A. Armstrong, manager of the Southern, had a narrow escape from being shot when an automatic pistol said to have been in Hogan's hands, was fired in

a hall at the hotel, Sunday, Nov. 9. For a time it was thought the negro fired the shot intentionally, but evidence was lacking and the charge was dismissed. No further action will be taken unless the grand jury develops evidence on which to base an indictment.

The agitation for clear water has resulted in the purchase by the city of Brownwood of approximately ten acres, at a price of \$100 per acre, from W. S. Westcott, the land lying just north of the present Round Mountain reservoir. Soundings have been made and it is found that a four-foot strata of sand stone underlies this land, and it is the intention of the city to construct an immense basin, with a capacity of approximately 40,000,000 gallons, on the land. This supply will be sufficient for forty days' consumption.—Bulletin.

COMANCHE

The two yards in this city had received 6,124 bales of cotton by wagon up to Wednesday night.

Up to this time we have only heard of one community in this county that observed good roads days on November 5 and 6. County Commissioner John W. Wyatt of commissioners precinct No. 3, with his son, hustled out with J. C. Collinsworth, together with one of his sons and worked the roads in their community.—Chief.

LAMPASAS

Walter Stuck is still among the people of this section and it may be he will make a trade one of these days by which he will be able to return to Lampasas or Burnet county. He was raised a few miles north of Lampasas and makes a good citizen in any county.

Friends will regret to know of the death of Julius R. Townsen, which occurred Sunday morning at his home in Dallas. He had reached the ripe old age of 75 years, most of which were spent in this county and city, the family having moved from Lampasas to Dallas some twelve years ago.

John, Jule and Tom Crockett, of Runnels and Mills counties, are guests in the home of their uncle, Dr. J. C. Terry, on the Lampasas river. The boys were all raised in this part of the country and have many friends who are pleased to meet with them and to know they are doing well in their new homes.

Mrs. L. R. Carpenter, who met with an accident last week in which her collar bone was broken, was taken to San Antonio Sunday, where she will be with Dr. Tom Dorbandt for a time. She suffered severely and at times appeared to be unconscious and it was thought best to give her a change of surroundings with the hope that she could thus be improved.—Leader.

THANKSGIVING NOTICE.

Arrangements have been completed by the two churches of Goldthwaite having resident pastors whereby a union Thanksgiving service will be held and all the churches in town are cordially invited to participate. Services will be held at the Baptist church beginning promptly at 10:30 o'clock Thanksgiving day. Rev. R. S. Pierce will preach the sermon and excellent music will be rendered. The public generally is earnestly invited.

E. M. Boon of Goldthwaite has leased the Jenkins building on Brown street and will within the near future put in a large line of Ford cars. Mr. Boon says that when he first came to Brownwood several years ago he found himself facing the standpipe every time he turned a corner and on this account decided that would be a good place for a business house. He has rented the Charlie Low place and will make his home here.—Brownwood Bulletin.

OUR COURT HOUSE.

Now that the court house is finished and has been accepted by the commissioners court of Mills county, I feel that another important chapter has been written in Mills county history. Certainly no event has ever brought to me more relief than has the completion of this building in a satisfactory manner. For more than a year and a half this task has been upon us. Almost every week has brought new problems. These problems concerned the whole people, but the responsibility of solving them was on the commissioners court.

Now, in behalf of the court, I wish to thank those who have given us their sympathy and counsels while this work has been on. It is easy and natural for some people to croak and find fault with and knock on everything. This class we easily forget, but the other class, the class that recognizes the fact that the accomplishment of the best results for the public depends on all the people, that recognizes the fact that the commissioners court is composed of just five ordinary men that may make mistakes without being criminals, that may pursue policies that others don't endorse without thereby being fools and scoundrels, this class I say, we can never forget. We feel sensibly the high honor conferred upon us in placing us in the positions we hold. In all matters confronting us, we have tried to discharge our full duty in a manner worthy of the best people of the county, and ourselves. To those of you who have recognized this fact, and who have aided us by your advice and sympathy and have been patient with us when we made mistakes, and have not got mad at us just because we wouldn't do every thing just like you wanted it done,—there will be a feeling in our hearts of appreciation and gratitude.

We now feel amply repaid for all the work and the much worry that has come to us in these eighteen months by the excellent court house just finished. There is not a \$100,000 court house in the state that is better than ours, though it has cost less than \$68,000. And though we had to make an extra tax levy of 12 cents for the court house fund to pay for the furniture, our tax rate is still below the average rate of the counties about us that are not building and furnishing court houses. So with a hearty and cheerful forgiveness for all who have done us wrong (without being asked for it) and a higher appreciation of those who have helped us by good deed or sympathetic feeling, you shall have my service for the making of a greater Mills county.

Respectfully,
S. H. ALLEN.

MRS. HERRON DEAD.

Mrs. E. M. Herron, mother of Mr. J. S. Bowden and Mrs. T. F. Elliott, died of apoplexy at the home of her daughter near Antelope Gap Wednesday morning at 9 o'clock. She had not been sick at all and her death was a great shock to her family and friends.

Mrs. Herron was a resident of this county for more than 40 years, having moved with her family to Center City in the early seventies. The family moved to this city about twenty years ago and she continued to reside here, making her home with her son for the last several years. She was in her eighty-second year and has been a consistent member of the Christian church for many years. At the time of her death she was visiting her daughter and family and was preparing to return home, having already packed her grip and declared her determination to return home Friday. Her remains were brought to this city on the early morning train Thursday and immediately conveyed to the Odd Fellows cemetery for interment, followed by a large number of her friends and loved ones.

Mrs. Herron was loved and venerated by all who knew her. To the old she was a beloved companion and friend, and to the young she was a counselor and example. She will be missed sadly by her children, grand children and many loving friends.

FELL IN CISTERN.

There came near being a tragedy at the old cistern in the Hancock park Sunday morning. William Warnken, eight years of age, was driving some cows to a pasture and was on a spirited horse. Making a quick movement to turn the cows, the horse broke through the top of the old cistern (built many years ago for the Park hotel) and the boy fell some feet in the water, the horse hanging on the curbing for some minutes and finally plunging in also. The screams of the lad brought help after a while, (to him it seemed a long time) and he was taken from the water, cold, bruised, and in a pitiful condition, although not seriously hurt. He was taken to his home a few hundred feet away, and attention was given to the removal of the horse from the cistern. It is supposed the boy fell into the cistern about 8 o'clock and was there at least an hour, while the horse was not rescued until after 11 o'clock. The cistern had at one time been completely covered, railroad ties having been placed at a distance of about two feet across the opening, and this again covered with lumber, but time decays all things and this covering is completely gone. It is a dangerous place and should be filled with earth.—Lampasas Leader.

HOW TO ATTAIN AN OLD AGE.

The chances of attaining old age are much greater if we live much of our life in fresh, country air. Statistics go to show, according to Dr. Dezso of Budapest, that the fourth generation of the town dweller is unknown; but enough is currently reported to make the conclusion inevitable that the sine qua non of longevity is a certain amount of time spent in the country. The city child is subject to a number of disturbing conditions other than mere absence of creature comforts, which undermine the constitution by throwing too heavy a burden on the sense organs, through which exhaustion of the central nervous system follows; among these conditions are noises, a perpetual round of hurry, and unending sequences of incidents exhausting the attention, to which are superadded the physical discomforts of vitiated air and effluvia from human beings and waste organic products, besides offensive gases and infection-laden dust. To attain old age we have to relieve ourselves from worry, strains and anxieties, withdraw periodically from the whirl of effortful existence, modify our diet, omit the use of stimulants and narcotics and spend reasonably long periods of time under pleasant conditions in practical retirement. Above all, amusement should be simplified and accepted rather than sought after. Only vegetable and semi-animal foods should be eaten.—Exchange.

SERVICE TO SOCIETY.

It is of paramount importance to the young men of today that we as guardians of good government leave as our heritage a citizenship worthy of emulation. The responsibility, while it rests upon us, should be cheerfully accepted and the loftiest motives used in performing our obligations to the state and society.

There are many temptations before public men today. Corporations and individuals are seeking special favors. Never has there been a time when men of incorruptible morals were in greater demand. Our social system is honeycombed with "big business" and the struggle for supremacy between corporations is intense. Society will be best served if we adjust our economic and social system with the least possible disturbance. Only the corrupt and dangerous need be removed; all useful and beneficial agents should be adjusted and retained for the good of society.

Our greatest desire and fondest hope should be to promote home building, peace and happiness; to give every honorable man a fair chance to earn a living and rear his family under favorable circumstances and show the nations of the earth the meaning of Christian civilization.—Farm and Ranch.

The Big Store Is Going

The Goods Must Go.
The Free Premiums Must Go.

This is No Idle Talk.
We mean it.
We must Soon move Out of the Building.

It is impossible to secure room for this Stock.
All we can do is to Sacrifice Prices until we can Reduce the Amount of Goods.

We don't use the thread-bare, moth-eaten argument that we "need the money." We need to move the goods because we have no space large enough to store them.

As soon as the adjoining building is completed we must say Good-Bye to this side of town.

Come and Get your Share of the Bargains.

It will be many a day before you will have a Real and Bona-fide Opportunity to Name your Own prices on New Fall Merchandise.

Get your Free Premiums before the stock runs low.

If the Prices we ask for goods don't suit you, say so. We are forced to Make Prices to Move the Goods.

Make out a list of what you need and then come and Figure your Saving.

We will begin to tear out all Shelving and Fixtures before many days.

Mills county's elegant new court house has been completed and accepted by the commissioners court and the officers are now comfortably located in the building. This is one of the finest court houses in the state and is a credit to this, the best county in Texas. Those who have inspected the building and noted its convenient arrangement are enthusiastic in their praise of the farsightedness and good business judgment of the commissioners who selected the design and contracted for the erection of the house. Every citizen should be proud of it and hundreds of those who have inspected the building have expressed themselves as being well pleased with it and satisfied with the county expenditure in having it erected.

The building cost exactly \$67,776.65, while the contract price was \$68,031.10. The reduction was caused by the forfeit paid by the contractors for failing to complete the building in the time required by the contract. The building may well be considered a \$100,000 structure, for the same contractors would not likely duplicate it for any considerable less than that amount. While it is larger than the county absolutely needs at this time and a smaller building might have filled the county's requirements for all time, there is no denying the fact that we have a much better and finer building than the cost price would justify and the commissioners court and the former court are entitled to great credit for the excellent value secured.

History of the Building.

The taxpayers authorized the issuance of \$55,000 in bonds, to be used together with the amount of insurance received from the policies on the old building to erect a building to cost not exceeding \$75,000. The contract for this building was awarded to the Gordon-Jones Construction Co. on Oct. 29, 1912, and work was commenced soon afterward, making the time required for the building approximately a year.

The Old Court House.

Mills county's first court house was erected in 1889 at a cost of \$27,500 and it burned on the night of May 5, 1912. Not the slightest clue has ever been found to indicate the identity of the incendiary, if in fact it was destroyed, as the result of the work of an incendiary, which is the common belief. The court collected \$20,500 on the insurance policies of the old building and contents and with this money and the amount realized from the sale of the bonds the new building was secured.

Facts of Interest.

The last bond for the purchase price

of the old court house was paid off in February, 1912, and the building burned three months thereafter, hence the property owners have never been relieved of the court house tax since the creation of the county and the bonds issued for the new building are to run 40 years. It is estimated that the tax of 8 cents on \$100 valuation will more than take care of the interest and sinking fund

has also paid out of the general fund \$1800 rent and other expenses made necessary by the burning of the court house and this amount will not have to be paid again, since these expenses can be eliminated.

Assignment of Rooms.

Following is the assignment of the rooms in the new building by the commissioners' court:

Entering the building at the front,

perintendent, to the west of these is the commissioners court room. The entire southwest quarter of the building, first floor and basement is for the county clerk's department and is fire-proof, in that even the windows are metal, while the doors are similar to vault doors and are opened by a combination.

Going to the second floor: On the east side is the district court room.

south side: To the right is the balcony for the district court room and to the north of this is the jury sleeping room. Across the hall, to the left of the entrance is a room to be occupied by an officer waiting upon the court, adjoining this on the west is an unassigned room and on the southwest corner is a grand jury room. Across the hall and north of this row of rooms is a jury sleeping room.

Entering the basement from the north, at the front steps: To the left is the room permanently assigned for the surveyor and immediately east of this is a large room assigned for a lady's rest room. To the right of the entrance are the furnace and fuel rooms. Crossing the hall, the southeast corner is the basement for the county clerk's office, while the justice of the peace's office occupies the room at the southwest. The building is supplied throughout with sewerage, toilets and lavatories.

As compared with the old court house: The sheriff and tax collector's in the old location, the county clerk is where the judge was, the treasurer is where the assessor was, the judge is where the county clerk was, the assessor is where the treasurer was, the surveyor is where the attorney was, the district clerk is up stairs, the county attorney is between the old location of the treasurer's office and the attorney's office, the justice of the peace is in the basement.

Each jury sleeping room will be supplied with beds for twelve men and thoroughly furnished with all necessary conveniences.

The building is steam heated throughout and is finely finished. The stairways and wainscoatings are of marble, the floors are of taraza and concrete and everything appears to be built to withstand time, as well as use.

As soon as the court had accepted the court house from the contractors workmen were engaged to replace the hitching posts and chain around the court yard. There is not enough of the chain to extend entirely around the yard, hence it will run around the east, south and west sides, leaving the north side open.

House Warming.

It has been planned to have a "house warming" on Saturday, Dec. 13, by which time all of the new furniture will be in position and the officers will have their departments ready for the reception. All the people of the county will be invited to attend the celebration and several prominent speakers will be invited, among them being Judge Robinson and District Attorney Ward, and oratory will be one of the main features of the occasion.

The Eagle hopes that many of the former citizens of Mills county, who are now located in other parts of this state and in other states, will make this a home coming occasion. They can all depend upon a hearty welcome and the exhibition of one of the finest court houses in Texas.

A SURPRISE WEDDING.

Claude Dickerson and Miss Norah Dean were married at the home of the bride's uncle and aunt, Mr. and Mrs. P. D. Yarborough, Sunday night, Rev. J. C. Newman officiating and only intimate friends being present. The wedding was a complete surprise to most of the friends of the young people, but all unite in extending good wishes and congratulations.

Claude is one of Goldthwaite's best young men and everybody likes him. He has been employed with the Gordon-Jones Construction Co. in the erection of the court house and school building and is a young man of high character. The bride came here from Cherokee a few weeks ago to visit her uncle and aunt and has made a number of friends among the people here and everybody extends her a hearty welcome to the city.

for the first ten years, after which the tax for that purpose can be materially reduced. The court has fixed the court house tax at 20 cents on the \$100 valuation for this year, but this was made necessary because of the purchase of the furniture for the new building, which has to be paid for in a short time.

The court has paid \$2,760.20 interest on the bonds out of the county's general fund this year, as the bond levy was made too late to allow a levy to pay the interest for 1913. The court

on the north side: To the right hand the first two rooms are occupied by the assessor, just west of this suite is the county attorney's office, while the northwest room is unassigned, but will probably be used temporarily by the surveyor. Returning to the entrance, on the left hand side is the county treasurer's office and just east of this are two rooms assigned to the sheriff and collector. Crossing the hall, to the right the first two rooms will be occupied by the county judge and ex-officio county su-

perintendent, to the west of these is the office of the district attorney, two consultation rooms and the district clerk's office, with a large vault in connection. At the southwest corner of the district court room is the district judge's office. Just to the left of the south entrance to this floor is a balliff's room. The southwest corner of this floor is occupied by the county court room. Across the hall and to the north of the county court room are four witness rooms.

The proclamations of the president and of the governor have named Thursday, Nov. 27, as the day of Thanksgiving.

The Baptist general convention has been in session in Dallas since Thursday and will continue in session through Sunday. A large attendance is reported.

Postmasters are being urged by the department at Washington to endeavor to further the postal saving bank system. The system evidently has not been meeting with the success the department expected.

The universal and nation-wide agitation for improvement of the public highways has influenced thirteen states during the present year to adopt laws allowing the working of convicts upon the public roads.

Friends of Hon. J. H. Lowrey of Honey Grove are urging him to enter the campaign for congressman-at-large. He would make one of the most able representatives the state ever had in federal congress and the Eagle sincerely hopes he will become a candidate for the position.

The advice to do holiday shopping early should be coupled with a suggestion to buy only such articles for presents as the giver can afford. The Christmas time has become a nightmare to many people because of the heavy demand upon them by an extravagant family for expensive presents which they can not afford. Better not give presents than to give what you can not afford.

Some of the Mexican rebels wired a protest to Governor Colquitt against the conviction of the Mexicans who murdered Texas officers near Carrizo Springs and threatened vengeance if the convictions were allowed to stand. The governor promptly replied to the challenge and assured the friends of the outlaws that Texas would protect her own and had no fears of the result of enforcing her laws.

Something near a dozen candidates for governor have already thrown their "hats in the ring" and the campaign is not yet open. The number will likely be reduced by half before the dawning of the new year and it is possible that other and more successful candidates will yet announce. No use to attempt to pick the winner yet. Wait until the announcements are all in.

The strike on the Southern Pacific and Central railroads was of short duration. After a few days of tie up the companies agreed to meet the representatives of the labor unions and endeavor to adjust their differences. The engineers, conductors, firemen and brakemen were all interested in the strike and it is likely other departments would have been drawn into the trouble had not an agreement been reached.

A circus company has contracted with a ranchman of Portales, N. M., to go to Africa and capture an adult gorilla, it being claimed that there has never been a full grown gorilla captured. The ranchman is 69 years of age and has visited Africa in former years. He is to receive \$250,000 for the animal (or missing link) and he is confident of success. He has visited the Arctic circle in search of musk ox and has been a trapper all of his life.

A movement has been started by some people with more sentiment than judgment to abolish the whipping post in Delaware, but the governor of that state announces firmly that the law will be enforced as long as it is on the statute books and it is not likely to be repealed. The demand for the abolition of this place of punishment and humiliation for criminals is on a par with the demand for the adoption of Sunday school methods in dealing with the convicts in the Texas penitentiaries. Men convicted of crime should be punished and the idea of simply proving them guilty and then paroling them or teasing them by keeping them confined a short time surrounded by luxuries and conveniences of every character is all bosh.

TREASURER'S REPORT

The quarterly report of S. T. Wells, treasurer of Mills county, Texas.

We, the undersigned, as county commissioners within and for said county of Mills, and the Hon. S. H. Allen, county judge of said Mills county, constituting the entire commissioners court of said county, and each one of us, do hereby certify that on this, the 12th day of November, A. D. 1913, at a regular quarterly term of our said court, we have compared and examined the quarterly report of S. T. Wells, treasurer of Mills county, Texas, for the quarter beginning on the first day of August, A. D. 1913, and ending on the 31st day of October, A. D. 1913, and finding the same correct, have caused an order to be entered upon the minutes of the commissioners court of Mills county, stating approval of said treasurer's report by our said court, which said order recites separately the amount received and paid out of each fund by said county treasurer since his last report to this court, and for and during the time covered by his present report, and the balance of each fund remaining in said treasurer's hands on the said 31st day of October, A. D. 1913, and have ordered the proper credits to be made in the accounts of the said county treasurer, in accordance with said order as required by Article, §67, Chapter 1, Title XXV, of the revised statutes of Texas, as amended by an Act of the Twenty-fifth Legislature of Texas, at its regular session, approved March 20, 1897.

And we, and each of us, further certify that we have actually and fully inspected all the actual cash and assets in hands of the said treasurer belonging to Mills county at the close of the examination of said treasurer's report on this, the 12th day of November, A. D. 1913, and find the same to be as follows, to-wit:

The agricultural bank, which was founded by the government of the Philippines about four years ago for affording relief to Philippine farmers from the oppressive interest rates charged them by private money lenders, has passed the experimental stage and is proving an immense success, notwithstanding serious difficulties. The operation of banks in the islands is difficult because of faulty land titles. Titles are of the most mixed description involving royal grants, improperly settled estates, doubtful court decrees, imperfect surveys and many other conditions making absolute ownership difficult, if not impossible. To correct many of these evils, the government many years ago established a Torrens system of land registration by which titles to land are cleared and government deeds given for land so registered.—Farm & Ranch.

Fresh air is the first requisite to good circulation and pure blood, and these are essential to good health. The season for window closing is approaching and the question of out-door sleeping should be again brought to mind, as it is not superfluous but a hard-shell necessity. While it is true that the people on the farms almost have a "corner" on fresh air, it is still imperative that during the winter months they give due consideration to the ventilation of their sleeping rooms. Leave the windows and doors of your bed rooms open at night in winter as well as in summer and reap the reward of a system strong enough to combat ills that are so prevalent during the winter months.—Mrs. E. P. Turner.

When you get up in the morning take a look in the glass. How do you look to yourself? If you can look yourself right in the eye and not be ashamed of anything you have done, you are far better off than many a man with lots more money than you. Of course it is nice to be successful, to have money. No matter what the game is—whether marbles or business—it is nicer to win than to lose. Success brings happiness, but it must be real success. If you've cheated to win, you've destroyed the pleasure. There is no satisfaction in being ahead of the other fellow if down in your heart of hearts you know he is rightfully entitled to be ahead of you. Win if you can win fairly. The knowledge that there isn't a page in your past to which you dare not turn, that there isn't a man in the world can put his finger on any crooked thing you've done, the feeling that whatever happens you have played the game straight, is worth more than all the money and all the position in the world. If you are in business, no matter what the other fellow does, be content with smaller profits and a square deal. Clean money pays best. Crooked dividends bring wrinkles and worries with them. It is worth a lot to yourself to know you are square. It is worth while to keep on speaking terms with yourself.—Ex.

Surely the most delightful labor is that of helpfulness to one's fellows. Nevertheless, one must learn to help himself before he can perform exacting services for others. The best training for large usefulness is in being useful in small things and usefulness to oneself is a firm foundation for usefulness to the many. The dreamy workmen have their part. The may suggest. But often they get in the way of those who are performing the actual labor, bearing the burdens and enduring the heat of the day. One may dream without previous practice, but he can not build a house without experience in building. So with those who would erect a fairer humanity in the tracks of dead generations. They must know how to do for themselves the good things they would do for others. That is to say, let us not scorn to be sufficiently selfish to warrant us in being practically altruistic. Those who have only theories to advance can never feed the hungry. It is those who lay their hands to the plow whose touch quickens the harvest, and only those who garner the harvest who have grain to spare.—Dallas News.

An aged man who was arrested in San Angelo charged with counterfeiting died in the jail there. It is claimed that he confessed to the charge and stated that he had been a counterfeiter all of his life, but had only manufactured enough of the bogus money to pay his living expenses. He claimed to have a son and daughter living, but refused to give their names or locations.

MULLIN.

The world moves on and the weekly visits of the Eagle are looked forward to as the coming of a friend. The associate editor without consulting but few, decided to quit the walks of single blessedness and take unto himself a companion for life. When he did Marshall's forces the Fairwoman yielded to his entreaties and now they are man and wife. May their voyage on life's sea be one of undisturbed peace, and the rainbow of hope always point to a path strewn with brightest flowers. Success to you, old boy, you had the writer bested in age and good looks or it might have otherwise been different. May the hand that guides the good keep your footsteps in the paths you tread through a happy and undisturbed married life.

Since our last letter one of the fair widows of Mullin (viz: Mrs. Duren) shook off the dust of her feet against such life and placed her future destiny in the hands of a shepherd, who has been treading life's journey for more than 70 years, feeding both sheep and lambs.

This has been quite a rainy as well as busy week, most of us busy plugging back and forth through the mud to school and town, others quite busy receiving and shipping turkeys.

We wish to compliment Mrs. Perkins on her poem in last week's paper entitled "Sinner's Elight." When we consider the babe in its innocence and purity and then realize that as it grows physically sin's blighting hand reaches out after the little life to get it to grow just as rapidly in sin, shame and disgrace. How careful then, ought parents to deal with these tender buds? Alas! alas! A sad picture of an unhappy married life often, and we fear, very often, throws a barrier in the way of happiness of the child, and as it grows it naturally imbibes the disobedience and wickedness of a father and mother. While it is a shame to have to say it, yet it is true that these quarrelling and unhappy parents' names are often found on the church roll. How many unhappy homes in this land of ours, when if all would do their best, it could be truthfully said of every home:

There is a spot supremely blest—
A dearer, sweeter spot than all the rest,
Where man, creation's tyrant, casts aside
His sword and sceptre, pageantry and pride,
Whilst in his softened looks benignly blend
The sire, the son, the husband, father, friend,
Here woman reigns: the mother, daughter, wife,
And strewn with fresh flowers the narrow way of life:
In the clear heaven of her delightful eye
An Angel—guard of love and graces lie.
Around her knees domestic duties meet;
And fire-side pleasures gambol at her feet.

How many can truly say this of their home? Whose fault is it? What are you doing, father, mother, son, daughter to make your home an ideal place to live? Have you as father or mother tried to keep down those scowls and ugly words by taking heed unto your ways and curbing those tempers that the children might see some beauty in your lives? Did God give you these little jewels that thru your bent to sin they might be also led in slippery paths? Won't you stop and listen at the warning that says "As the tree is bent so the twig is inclined"? The twig is often bent much earlier than many think and later in life we find a father walking the floor and mother ringing her hands and spending sleepless nights wondering why their boy or girl or both have so little thought and respect for their feelings and the happiness of the home. You have only to lift the latch-string of your own door to find the trouble. The skeleton is in your own lives and the boy and girl that should be the pride of your life and home have fully imbibed the sinful life of father and mother and all alike are in trouble because they have willingly let the blight of sin throw the dark shadows over their lives and homes. We know cases of this kind where the mothers, feeling the awful guilt resting upon them are trying to shuffle the responsibilities of their own individual cultivated mistakes on to the shoulders of a husband or children. Mother! Mother! Don't do

that, but close your lips in silence to the rest of the world and don't be guilty of peddling your family troubles out to the rest of the world. Look within, and let the light of revelation show you that awful skeleton of uncontrolled temper, that disposition to out, that closet full of self-importance, that disposition to backbite, those unguarded, hasty words spoken before your children, perhaps about your husband, teacher or preacher. My! What a chain of evidence will be brought against you at the judgment. Let me emphasize the word YOU, for thou art the man, thou art the woman. Home is what the family makes it, not what the neighbors, teachers and preachers make it, but the combined efforts of father, mother and the children are putting forth to have a home where they can truly and happily sing: "Home, home, sweet, sweet, home, There's no place on earth like home." H. C. COBB.

It is in the desert, where virtue trembles to tread, where hope falters, and where faith is crucified, the infidel dreams. To him, all there is of heaven is bounded by this little span of life; all there is of pleasure and love is circumscribed by a few fleeting years; all there is of beauty is mortal; all there is of intelligence and wisdom is the human brain; all there is of mystery and infinity is fathomed by human reason, and all there is of virtue is measured by the relations of man to man. To him all must end in the "tongueless silence of the dreamless dust," and all that lies beyond the grave is a voiceless shore and starless sky. To him, there are no prints of deathless feet on its echoless sands, no thrill of immortal music in its joyless air. He has lost his God, and like some fallen seraph flying in a rayless night, he gropes his way on flagging pinions, searching for light where darkness reigns, for life where Death is King. —Bob Taylor.

Mr. P. F. McDermott, who has been confined to his bed for several months, suffered a second stroke of apoplexy last Monday night and his condition was critical for several days. He was reported to be resting well yesterday and was able to take nourishment and talk with the members of his family.

Mr. and Mrs. L. H. Little, Mr. and Mrs. T. F. Toland and Newton Walton of Goldthwaite were here Sunday, the guests of Mr. and Mrs. G. A. Swaim and Mr. and Mrs. W. T. Little. Mr. and Mrs. Frank Geeslin of Goldthwaite were here Sunday, the guests of Mr. and Mrs. G. A. Swaim.—Lometa Reporter.

Mrs. B. F. Geeslin, sr., who had the misfortune to fall and break her hip two weeks ago, has suffered a great deal from the injury and at one time it was feared she could not survive, but her condition has been much improved this week and hopes for her recovery are now entertained.

Mrs. Mamie Thompson, who moved from this place to Tyler some weeks ago, has decided to return to her home in this city and will likely arrive this morning. Her daughter, Miss Lida, who has been employed in the business college at Tyler for several years, will come with her and remain some time.

The Mexican situation is an ugly one. There is not a human being capable of reasoning who is able to tell why we should go to war with Mexico and yet that seems to be what we are drifting into. To any man with sufficient powers of observation and reflection it is perfectly plain that a war with Mexico could confer no benefit on our people and would certainly entail enormous expenditures and make us heir to conditions which will vex our children to the third and fourth generations.—Congressman James L. Slayden

A special from New York City says that a funeral procession was halted in Long Island City Tuesday and the chauffeur of the automobile coach that headed it was arrested and convicted of exceeding the speed limit. The arrest was the outcome of many complaints that New York funeral processions on the way to Calvary Cemetery have been so speedy as to endanger the lives of persons crossing streets through which they pass. Other arrests, it was announced, will follow if the speed of funeral vehicles is not slackened.

Mr. Peter Radford has been giving the farmers of the state much valuable information and many agricultural statistics useful in planning the crops, but his recent article on the Texas corn crops is of such unusual interest that we quote the following paragraph: "We have had a corn famine in Texas for the past fifty years and I want to appeal to the Texas farmers to plant more corn. It causes an annual drain of more than \$30,000,000 upon the resources of the farmer and this spectre of want should be driven from the land. The remedy is simply plant more corn." That is good advice and something the farmers of Texas can well afford to think over.—Commercial Secretaries.

HOW LITTLE WE KNOW.

The most striking thing about a really learned man is not how much, but how little he knows, says one of the wise ones, and from the number of unknown things he recited we are prone to believe with him that there is a vast region of the unknowable into which no satisfying incursions have been made.

Speaking of the mysteries which scientists have been unable to fathom, Sir Oliver Lodge, addressing the British Association recently, asked a number of questions which no one could answer and clearly indicated the slight inroad that science has made upon the limitless nescience that staggers the mind and defies investigation.

Franklin harnessed the lightning and made it do his bidding and successive generations of inventors have put electricity to so many important uses that modern civilization could not do without it, yet when the scientist is asked what is electricity he is unable to answer except in a vague and unsatisfactory way. True, we learn from the lexicon in a general way that electricity is an imponderable and invisible agent producing various manifestations of energy and generally rendered active by some molecular disturbance, manifesting itself chiefly in attractions and repulsions and violent discharges like that of lightning. But we know how to make electricity useful and fashion it to our desires and that is better than merely being able to analyze it in set terms.

But this same delver into the mysteries which have not been solved, as, for instance, why the earth juices make here a white flower and there a red one, why some of us are born with a silver spoon and some with a heritage of hard luck and why we are born at all. In the domain of the impenetrable there is so vast a field of speculation that it may well be said that the most sapient among us know little more than a dotard about a lot of things that we attempt to elucidate and explain and to learnedly account for.

What the wisest of us don't know will fill a large volume; but what we do know, if rightly improved, so that it would make us kind, courteous, gracious, honest and upright and catholic and cheerful and philosophic would be all sufficient for happiness in this world and in preparation for the life to come.—San Antonio Express.

FARM DEMONSTRATOR.

Mr. O. H. Robbins of Williamson county has been employed as farm demonstrator for Mills county and has entered upon the work. He is a practical farmer of long experience and is enthusiastic in his work. He hopes to enlist the co-operation of the farmers and people generally in the demonstration work and commence at once to plan and prepare for the next crop.

Mr. Robbins is also heartily in sympathy with the movement to have Mills county represented in the Dallas fair each year, as well as prepare a good exhibit for our county fair and he will give all of the assistance possible to the work. He has a cordial welcome to the county and the Eagle joins in the hope that this may be a most successful year in his work.

START YOUR LIVER, DON'T STOP WORK.

Dodson's Liver Tone Acts Mildly, but Surely. Livers up the Liver and You Stay on Your Feet.

It is the experience of calomel users that if they take enough of the drug to have the desired effect, it seriously interferes with their work the day after. But this is the least important item, for calomel is often a dangerous drug and acts on the system violently.

Don't take chances with calomel. Get a bottle of the pleasant, safe and perfectly harmless Dodson's Liver Tone, guaranteed to take the place of calomel. Instead of making you feel worse the next day it makes you feel better—and you actually are better, for no remedy in the whole world livers up the liver, regulates the bowels and really rejuvenates the system any better than this dose.

You are the sole judge of its merits. R. E. Clements is fully authorized to hand you back your money without a question if it fails to please you—and relieve you.

Remember, if you feel constipated and bilious what you need is Dodson's Liver Tone. A large bottle and a good guarantee for 50 cents from R. E. Clements. (Adv)
