FORMER CITIZEN HONORED

Mills county boys make good in every walk of life and in every position. It is always a pleasure for the Eagle to note the success of former citizens and especially the young men who have shown themselves to be a credit to the county. The one we have in mind at this time is Bert Holden, known to many of the old citizens and former citizens of this county. He lived at Williams Ranch in the early days and is kindly remembered. He has been appointed circuit judge in Mississippi, which is practically the same as district judge here. The Jacksonville, Miss., News, says:

"Governor Brewer's appointment of Hon. J. B. Holden as circuit judge of the fourteenth district announced a few days since meets with the cordial approval of Senator Vardaman. The following letter from Senator Vardaman was received by the governor this morning: "My Dear Gov. Brewer: I desire to congratulate you and at the same time thank you, for the appointment of my good friend, J. Bert Holden, as circuit judge. I regard Holden as one of the best lawyers in Mississippi, and a man of the highest character. Every man in Mississippi who has any interest in the decent and proper administration of the affairs of the state will thank you for the appointment."

Justin Cassidy, who is also a former citizen of this place and a Mills county raised boy, is a candidate for prosecuting attorney at the same place and all of his friends here hope he will be elected.

Mark Leverett returned Tuesday night from a visit to relatives at Talpa. His wife accompanied him to that place and remained there for a longer visit.

Rev. Allen Carter returned the first of the week from a visit to his parents at Abilene. His mother had been quite sick for some time and that was one occasion for his visit.

The banks and postoffice observed San Jacinto day Tuesday by remaining closed through the day.

Mrs. C H Harrell has returned from a visit to her mother and sister at Bertram, Burnet county.

W. A. Messer of Temple was looking after business matters in this city the first of the week.

The good street work being done under the supervision of Mr. Conroy will be of lasting benefit to this city.

Attorneys Harrison and Wilkerson were here from Brownwood the first of the week, looking after legal business.

O. H. Shaw, a prosperous young farmer of the Ridge community, was a pleasant visitor to this office one day this week.

Mrs. Henry Martin has returned from Shive, where she was called last week on account of the illness of her sister, Mrs. Hiller.

Correspondents are requested to send in letters as often as possible. A letter each week would not be too often and would be greatly appreciated by the publisher as well as the readers.

Little Ella May Harrell was quite sick the first of the week. She fainted while on her way to school Monday morning and was found by the road side and it was feared for a time that her condition was serious.

Attorney F. P. Bowman visited home folks at Star Sunday. His sister, Miss May, accompanied him home and boarded the train Tuesday morning for Blair, Okla., to attend commencement of the college there in which her sister graduates.

Dick Page has accepted a position with the Texas Harvester Co. and will enter upon his duties next week. He begins work at Ballinger, but he will have a large territory and will likely do some special work here before the harvesting season has passed.

INTERESTING HISTORY

Some Facts About the Last War With Mexico.

Dispute over the Texas boundary line plunged the United States and Mexico into the two years' war of 1846.

That war cost the United States in lives 2703 men, including 383 officers; in money \$15,000,000.

It cost Mexico 7,000 men killed and wounded, and 3730 prisoners of war.

The United States sent 21,509 regulars and 22,027 volunteers into the Valley of Mexico.

Congress declared war May 13, 1846. The Mexican forces evacuated the City of Mexico Sept. 14, 1847.

The treaty of peace, signed Feb. 2, 1848, was proclaimed July 4, 1848. The treaty fixed the Rio Grande river as the international boundary line between Mexico and the United States.

The relations between the United States and Mexico, strained by American recognition of Texas independence in 1837, and further strained by the annexation of Texas by the United States in 1845, came to the breaking point when Gen. Zachary Taylor, with a force of 3,000 men, invaded on March 12, 1846, the territory between the Nueces and the Rio Grande rivers, which were the disputed American-Mexican boundary lines. The Mexicans immediately took the defensive and Gen. Ampudia met Taylor's army April 25. May 13 congress declared war.

In February, 1847, Gen. Winfield Scott, veteran of the war of 1812, succeeded Taylor at the head of the army in Mexico. March 9, 1847, he landed a force of 12,000 men at Vera Cruz. Twenty days later the city surrendered. The battles of Cerro Gordo, Puebla and Contreras and other engagements led the commander in chief of the United States forces to Mexico City and with less than 8,000 men, he entered the

national palace September 14. The fall of Chapultepec ended the Mexican war.

The war took from Mexico and gave to the United States the states of California, Nevada, Utah, Arizona and parts of New Mexico and Colorado. It also settled forever the annexing of Texas to the union—Dallas Dispatch.

THE COMING FAIR

It is important for Mills county people to keep constantly before their minds the fact that a county fair is to be held here July 7, 8, 9 and that exhibits of products of all kinds will be needed. It is also hoped to prepare from these exhibits a good supply of county products to be used in the display at the Dallas fair. Every citizen should be interested in this matter and every one should help to make the county fair and the exhibit at the Dallas fair creditable to this good county. It is a fact that very satisfactory returns have been received from the last Dallas fair exhibition and the people of this county have been encouraged by the fine showing made at the county fairs at this place. Every farmer, stockman, fruit grower, poultry raiser and many others should make special efforts to provide exhibits for these fairs.

This added to the amount assessed for the purpose will enable the court to take up all of the other outstanding bridge bonds by February.

A LIVE WIRE

Mr. J. M. Arnold, Mills county's candidate for railroad commissioner, is a live wire and he is making a campaign that will not only win the office for him, but will advertise Mills county thoroughly. This county has never even had a clerkship in one of the state departments and Mr. Arnold is the only citizen of this county who has ever offered for a state office. This part of Texas has been sadly neglected in the matter of the selection of state officers, and if he is elected it will be greatly to this county's advantage in many ways. He has an announcement in this issue that should receive the careful attention of every citizen of the county and there should be no difficulty for him to secure all the financial assistance he needs. He has made a close study of the duties and responsibilities of railroad commissioner and his practical knowledge of the railroad business will be of much benefit to him in discharging his duties as commissioner.

The clash between the striking miners in Colorado and the state militia is reported from Trinidad, which says: "Six mine employes dead; between twenty and thirty men, women and children reported trapped in a burning mine into which dynamite is being thrown by the strikers; several mining camps destroyed and others riddled with bullets; less than 200 militiamen and company guards confronted by an army of strikers estimated by mine officials at more than 400—this was the situation when the sun set on the third red day in the Southern Colorado labor war."

W. Lee Jones received a message this week that his brother Floyd had been stricken with appendicitis at his home in Cisco. An operation was performed immediately and late information is that the gentleman is getting along nicely.

A GREAT MEETING.

Much Interest and Many Converts.
Church Members Revived.

One of the greatest religious revivals ever known in Goldthwaite is now in progress at the Methodist church here and there is more interest manifested by Christian people than was even hoped for by the most enthusiastic. Immense congregations assemble at the tabernacle at every service and numbers of conversions are announced each day. The meeting is in reality a union meeting, while the preaching is being done by Rev. A. P. Lowrey, a Methodist evangelist. The ministers and members of other denominations are taking as much interest in the good work as they would in their own churches and numbers of new members will be added to all the churches as a result of this revival. Rev. Lowrey is one of the strongest men ever engaged in revival work in this town and one of the most helpful features of this work is his ability to enlist men in the service. Nearly all of the business men and many others are constant in attendance upon the services and the men's prayer meetings, which are held in the business houses each afternoon, are attended by large numbers.

The presence and assistance of Mr. W. B. Woodruff of Palacios has been decidedly beneficial to the meeting. He is a business man and former school teacher, a man of splendid ability, wide experience and consecrated life who has felt a call to the ministry and is traveling with Rev. Lowrey to gain experience in the work. He has exerted a great influence for good upon the men here and his presence is greatly appreciated by everybody.

Mrs. Lowrey is also helpful to her husband in his work and holds services in the afternoons for the ladies and children. Her very efficient and consecrated work in the congregations and in the altar services are beneficial in the extreme and she has aided greatly in making the meeting a success.

Services are held in the tabernacle each morning at 10 o'clock and each evening at 7:45, while the men's prayer meetings are held at 4 o'clock in the business houses, the young ladies prayer meetings at the Presbyterian church at 6:30 and the young men's prayer meetings in the Methodist church at 7 o'clock. There are no denominational lines in any of these meetings or in any of the evangelist's work and everybody has a hearty welcome.

The number of conversions has not

been made public, but it will doubtless reach a hundred.

The meeting will close with the service Sunday night and Rev. Lowrey and wife and Mr. Woodruff will leave Monday for Madisonville to begin another meeting.

SMALLPOX IN SAN SABA COUNTY

Six cases of small pox have broken out on the river eight miles below town. It seems that the cases have been suspicious for several days, but the county health officer was not notified until Tuesday. Dr. S. W. Rimmer is the health officer and he went down Tuesday and diagnosed the trouble as small pox. Some of the parties are quite sick, but every precaution is being taken to prevent a spread. There is no use in anyone becoming alarmed. These cases are all among a considerate class of people. None of them will be out and if others are not already infected there will be no spread of the disease.—San Saba News.

BAD ACCIDENTS.

While engaged in cutting wood last Saturday Robert Rives, son of Mr. J. R. Rives, cut his foot badly, one of his toes being entirely severed and others badly injured. The accident was the result of a glancing stroke of the ax and he will not be able to get about without the aid of crutches for some time. The wound caused him considerable pain but he is doing as well as could be expected.

A second accident was reported from the Rives home Sunday when little Burnice Rives, aged about five years, fell from a trough in the horse lot and was badly hurt. She was confined to her bed for several days as a result of the injuries, but no bones were broken and she will soon be fully recovered.

THE BOYS CORN CLUB MEETING.

Announcement was made in a recent issue of this paper that the Mills County Boys Corn Club members would hold a meeting in Goldthwaite on May 9. Because of late developments we have decided to postpone this meeting until Saturday, May 16. We have the promise of several excellent speakers on that day who will be of great help to us in the work. We hope to have with us every friend of the work in the county, but we want especially those who oppose the work, as we should like to have it fairly presented to them. The meeting will begin in the court house at 10 o'clock a. m. O. H. ROBBINS, County Farm Demonstrator
S. H. ALLEN,
County Supt. of Schools.

OUR FRIENDS.

The fact that the Eagle editor does not personally solicit subscribers sometimes deters men from enrolling as readers of the paper for a time, but sooner or later we get them and we are always glad when they come and enter, for they are mighty sure to renew from year to year. There are hundreds of the best people on earth who have been reading this paper since its first issue twenty years ago. We certainly do appreciate their patronage and the longer they have been reading the paper the better we love them. A number of good people have entered their names or renewed their subscription since last report. Among them are the following:

S. V. Roberts, Ridge.
W. S. Keating, Mullin.
R. T. Roberts, Ridge
Wm. Meyer, Mullin.
O. H. Shaw, Ridge
John Guthrie, Mullin.
Roy Simpson, Goldthwaite.

S. L. Cooke, Rock Springs.

WAR WITH MEXICO

The prospects now are that this government will have serious trouble with the faction in Mexico represented by Huerta, who assassinated his predecessor, President Francisco Madero, and holds the title of president by usurpation. He is not recognized as president by this government and therefore a declaration of war can hardly be made, but the results will be the same.

United States marines were landed at Vera Cruz Tuesday and the custom house taken in charge to prevent the delivery of a large amount of munitions of war to the assassin's forces. This action was resented by his troops and they fired upon the Americans, killing twelve and wounding fifty others. This was practically an assassination of our troops and some of the American gun boats threw a few shells into the ranks of the greasers, killing 150 or more and shattering the building in which they were located. Admiral Fletcher, who is in command of the American forces, notified the Mexicans that he would turn some of the heavy guns on the town if they continued their assault on his men. The Mexicans do not appear to realize the power behind the admiral and certain it is they do not understand that guns of the American vessels can entirely obliterate the city of Vera Cruz in thirty minutes, hence they have failed to heed the warning of the commander but if they persist in making war on the United States troops they will have cause to regret it.

Gen. Venustiano Carranza, head of the Constitutionalists, has addressed a note to President Wilson stating that he looks with disfavor upon the American occupancy of Mexican territory, but his view is not shared by the military commander, Gen. Villa, who is in reality the strength of the revolutionary forces in that stricken country. Gen. Villa announces that he is glad the United States has taken action and expressed his kindly feelings for this government.

The outcome of this clash between the United States and the assassin's forces can not be foretold, as there has not been sufficient development to indicate the plans of this government, but nothing but disaster to the Mexicans can come from a test of strength with our forces.

NEW GIN MACHINERY.

Like Napoleon a Temple man has a "dream of Empire." His name is Woolridge and he bases his claim for international distinction upon a machine he has patented, which he says will revolutionize the cotton industry of the world. The Woolridge machine is said to be the first improvement to the cotton gin in the past fifty years and its maker claims that it will do the work of two ordinary gins while occupying one-third less space. The dimensions of the gin are: 5 feet long, 4 feet 9 inches high, including feeder and 28 inches deep. At present three machines are being made at the Duff-McNey foundry in this city for shipment to a ginner in Bell county. The machine is constructed so that cotton seed passes through two sets of saws, the top ones being placed more than one inch apart, which prevents the lint from becoming hung on the saw teeth, thereby eliminating the danger of tearing the lint. The second saw cleans the lint from the seed and according to the inventor the action of the two sets of saws results in better grades of cotton and more lint to the bale. All debris which may have been accumulated in the cotton prior to ginning is separated from the lint and discharged through the top of the machine. After his gin has been proved a success Mr. Woolridge declares he will continue his efforts until he had made improvements to other branches of the cotton industry.—Temple Telegram.

The negro who was brought here and placed in jail two weeks ago for safe keeping and was thought to be in danger of a mob from Erath county, was indicted and convicted at Granbury, Hood county, last Friday and given fourteen years in the penitentiary. In forty-five minutes from the time the conviction was announced he was en route for the pen to begin his sentence.

The recent outbreak of bubonic plague in Havana and the practical certainty that the outbreak will be checked before it has done much damage there and before it can spread to the United States sends one's thought harking back to the Spanish war. Perhaps that war was needed, perhaps it was iniquitous; perhaps in many ways it was a bad thing for the United States. But in one way it was a good thing. It led to the cleaning up of the most dangerous plague spot of the western world and it freed this country from a danger which would have continued to threaten us as long as Spain remained in charge of Cuba.—Charleston News and Courier.

A special from Washington says: "Prohibition advocates have presented to the house judiciary committee arguments in support of a constitutional amendment to enforce prohibition throughout the United States. They urged the committee to report to the house the resolution of Representative Hobson of Alabama providing for the submission of the states for ratification of a constitutional amendment directed against the sale or manufacture for sale, of all alcoholic liquors for beverage purposes. With fifty-five per cent of the people of the country living in prohibition territory, they asserted, the time has come for the submission of the question on a broad national basis."

The suspended sentence law is receiving some attention from the public and it is very likely the next legislature will have an opportunity to amend it if not repeal it. This law is detrimental in many ways. A man who commits crime and deserves punishment is often released without seeing inside a prison, while some times juries convict those charged with crime and then recommend the suspension of the sentence, when if the law was not in force there would be no conviction in the case. Viewed from almost every angle, the law is detrimental to the interests of the state and society. Occasionally it is invoked where the person convicted is deserving of clemency, but such cases would likely receive attention from the board of pardons and the governor.

Old Grocer Griggs sold me some fine figs and called them fresh and sweet; but they were old and full of mould, they were not fit to eat. I gave the pigs those measly figs and then the porkers balked; each smelled the fruit with wrinkled snoot, and acted badly shocked. Then I told Jones in caustic tones about those figlets stale and told Brown who went through town, distributing the tale. And Brown told Smith and he, forthwith, told Black and White and Green, and they told Jinks, and he, methinks, told ten or seventeen. And so these figs I bought from Griggs kicked up a famous fuss and people cried: "That blamed old snide will get no coin from us!" Now, hear my creed! Each crooked deed gets just this kind of fame; each little fraud is spread abroad, till people hoot your name. You cannot beat a man or cheat, but that you suffer worst, and every time you sneak a dime, your fame is set back a verse. Thus Grocer Griggs by selling figs, unseemingly and unfit, made seven cents but many gents who dealt with him have quit.—Walt Mason.

They began by starting a bank account—not because they had too much money, but because they would not spend it so readily—and found it to be a plan by which they could keep a systematic account of their income and expenditure, and, too, they would have their capital ready to grasp any good business opportunity that might come along.

BROWNWOOD.

Mr. and Mrs. J. E. Davitte left last night for Fort Worth, where Mr. Davitte takes up his duties with the Frisco.

Wednesday afternoon at 4 o'clock Rev. W. R. Earp performed the ceremony uniting in marriage Mr. W. L. Wheeler and Miss Willie Beard, at his home in Coggin addition.

Tuesday afternoon, while going about the home, the little girl of Grover Dabney at Blanket found a quantity of codine tablets and unobserved ate several of the tablets. When found the condition of the baby was very serious and death followed at 3 o'clock Wednesday morning.

W. C. Gray, a carpenter who was operating a small circular saw outfit at the Hardin lumber yard Wednesday afternoon just before 4 o'clock, in some manner allowed the first finger of the left hand to come in contact with the rapidly revolving saw and the entire finger with the exception of about a half inch, was cut off. The thumb on the same hand was also cut, but not seriously.

Arch Ratliff was in town this morning from his ranch ten miles from town and reported the loss of his barn by fire early this morning. Mr. Ratliff says he has no idea how the blaze was started; he was awaked by neighbors who saw the fire and came to render their assistance. The loss will be about \$400 with \$75 insurance. The barn contained about \$150 worth of harness and a large quantity of feed. This is the second barn Mr. Ratliff has lost by fire within ten months.—Bulletin.

SAN SABA.

Rev. H. E. Draper had the misfortune to lose his fine \$100 Jersey milk cow this week. She was a choice young cow and a splendid milker.

Alvin Harkey brought his wife home from the hospital at Temple last Friday. She underwent an operation there several weeks ago and is recovering as fast as could be reasonably expected.

W. A. Ashley last week bought 200 head of steer yearlings from Burnet and Weatherby of Goldthwaite, and 100 steer yearlings and 100 cows from J. W. Forehand of Mills county. He received the cattle Friday and has them on his ranch south of town.

In the city election at Goldthwaite last week, Will H. Trent was unanimously elected mayor of that thriving city. Mr. Trent is well known to San Saba people and has often visited here. Goldthwaite is going after business in a business way—by putting live, progressive and successful men in the lead.

A. J. Gatlin returned Tuesday from Dallas, where he had been on a business trip, preparatory to opening his new grocery and market within the next few days. Mr. Gatlin was in poor health last fall and winter but has completely regained his strength and expects to get busy with the opening of the spring and summer. His announcement appears on another page of the News. After this the firm will be Gatlin & Son and they will be located in the Taylor building on the north side of the square.—News.

HAMILTON.

Dr. W. T. Rouse was in Gatesville a day or two last week attending the revival meeting in progress in the Baptist church in that city.

Judge S. R. Allen, who moved with his family to Fort Worth some six months ago, was in Hamilton the latter part of last week, making arrangements to again make this city his home.

Chris Christianson, the 18 year old nephew of M. Christianson of the Lund community, and who has been a member of his uncle's household for the past twelve years, left Monday for Marion, North Dakota, to join his mother who lives there.

In a letter to Hamilton relatives, Mrs. R. A. Kookken writes that Dr. Kookken will probably be able to leave the Mayo hospital in Rochester, Minn., within the next two weeks, and that they will come direct to Hamilton for a stay of at least six months and will probably make this city their future permanent home.

The shadow of death has fallen

COMANCHE

The newly appointed Democratic postmaster, Jeff Reese, received his commission last Friday and will assume charge May 1.

A bad accident was narrowly averted Wednesday afternoon when the auto of Dr. Chas. Ory was driven off a bluff about six or eight feet high, near the bridge over Indian creek, in the south part of the city.—Chief.

LAMPASAS

Joe Simmons, who has been away from home for four years, came in Sunday from San Francisco, where he has had employment for some time. He spent three years in the U. S. army.

J. H. H. Berry, having removed from the county, has tendered his resignation to the commissioners court as sheep inspector of this county, and D. J. Perryman was appointed to fill the unexpired term.

The court has been practically in a state of suspension since the first day or two, the judge being now at his home in Belton, and the larger part of the past week having been spent there.

The little son of Mr. and Mrs. E. H. Lambert is standing his treatment fine; he has taken six treatments at the Pasteur Institute at Austin. The doctor thinks he will get all right, but will have to take twenty-one treatments. A mad dog bit him last week in Temple. They are formerly of this place.

The grand jury reported 27 bills of indictment, seven for felonies and twenty misdemeanors. Of the felony cases, one is for murder and the others for violation of the local option laws, selling liquor in this county now being a felony. Of the misdemeanors sixteen are for gambling, three for disturbances and one for embezzlement.—Leader.

If it isn't right, we will make it right, because we have the utmost confidence in the goods we handle.

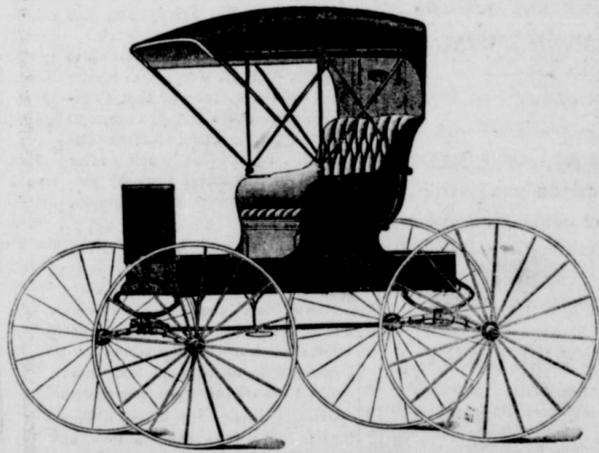

IMPLEMENTS

All kinds of Shelf Hardware, with "Keen Kutter" Tools, make this *the* Favorite Trading Place

BUGGIES

There are many makers of Buggies but there is only one "MOON BROS." The makers of this Famous Buggy do not produce a cheap article of any kind--they do not make inferior goods--hence, when you see Moon Bros.' name on a buggy, you are assured that it is the best. The prices vary on the different styles and sizes, but the quality is always the same--THE BEST. Prices no higher than many inferior makes.

STAR.

F. N. Baker and S. L. Morris made a trip to the Evant community last week.

Dr. L. L. Jackson has returned from Gorman, where he went to pack his household goods and have them shipped to Star. He has taken possession of the house vacated by Walter Henry.

Bob Crawford of near Ohio passed through here last week en route home from the San Saba country and stopped a while to see some of his old friends.

A dance was held at Mr. Ising's residence a few miles north of Star last Saturday night.

W. L. Eddy was here from the South Bennett community one day last week, shaking hands with his friends and looking after business matters.

J. H. Saylor of Goldthwaite has contracted to move James Wright's house to a more desirable location on his place, and was out here the latter part of last week looking after the work.

T. E. Hamilton, T. L. Adams, J. H. Clifton, E. G. Triplett, et al, had a big time on Bennett creek fishing one day last week.

The cold spell a short time ago killed a great deal of corn in this community. Some are replanting. Cotton planting is the order of the day.

G. D. Burney, acting upon suggestion, has named his farm "Starview Farm." This is a most appropriate name for the place, as his residence commands a fine view of Star and surrounding country, being situated on a small round hill in the southwest part of his farm. This is the only farm near here that actually has a name, but we look for more pretty soon. Mr. Burney had the name painted on one of his wagons and it attracted considerable attention while in town a few days ago. Advertising certainly does pay when properly handled.

A few of our most enthusiastic singers met with Miss Arie Slaughter last Monday night and enjoyed singing practice.

W. A. Teague got some feterita seed when he went to Lampasas a few days ago. Many of our farmers are trying feterita this year.

W. L. Boykin and Miss Pearl Soules were united in the holy bonds of matrimony in Goldthwaite last Thursday, Rev. Weems officiating. Mr. Boykin is the son of Mr. R. L. Boykin and a partner with his father in the hardware business at this place. We wish them a long and happy life.

The "Happy Bill" shows exhibited here last Thursday night to a good audience.

Rev. L. N. Myers has been painting the Methodist church at Moline of late.

Miss Florene Hamilton left Thursday night for Jonesboro to visit relatives. Her father, Mr. O. N. Hamilton, and his wife accompanied her to Hico, where she was met by relatives.

Mrs. Oscar Burns has been visiting some folks here the last two weeks.

Theodore Manning, son of Steve Manning, was accidentally thrown from a horse on the school grounds one day last week and suffered a dislocated shoulder. The accident was so painful that he had to be put to sleep before the shoulder could be set.

Alfred Garrett went to Goldthwaite one day last week.

Miss Novella Welch of Center City spent a short time here visiting friends last week.

Mrs. F. M. Soules, Miss Ethel Soules and Miss Emma Shaves were among the visitors to Goldthwaite last week.

The wind and rain last Friday night was rather disagreeable to many running a few to storm cellars. No damage was done to property, as far as the writer knows.

Quite a number of our people attended the Hamilton county singing convention at Fairview last Sunday. Prof. W. A. Jeter, Elvis Morris, Alfred Garrett, Z. S. Lee and Misses Ada Morris, Arie Slaughter, and Audrey Garrett were among those who attended. They report an excellent time and lots of singing. Prof. Jeter and Mr. Lee did not lose the opportunity to tell them of the great prospects Star has for a singing school this coming July. Prof. B. B. Edmiston, of the Waco Southern Development Normal College

of Music, will teach an eighteen day normal here, beginning July 1. Prof. Edmiston is a composer of great merit and considerable reputation and his fame as a teacher is even better. Those who wish to take advantage of the great opportunity offered them had better write to Prof. W. A. Jeter at this place and have him to secure them a place in the normal. We can't accommodate more than a hundred pupils and those who wish to attend had better secure reservations at once.

Mrs. W. F. Stephens was struck by a cellar door and a deep gash was cut in her head last Friday night. The family was going in the storm cellar from the wind and just as Mrs. Stephens was entering the door a puff of wind blew it shut, the door striking her on the forehead and almost rendering her unconscious. A physician was called and the wound dressed. Three stitches were taken.

Albert Waddell, who has been in Van Zant county for some time, has returned home and has surprised his friends by bringing back a wife. Mrs. Waddell, nee Lillian Roberts, is a stranger to many in this community but we assure her that she has the heartiest welcome of Albert's many friends. We wish them a long and happy life.

Rev. R. A. Gay, the Presbyterian minister for this place, delivered three highly appreciated sermons here last Sunday—at the noon hour, in the evening, and again at night.

Mrs. T. J. Hamilton was called to Lampasas last week to attend the bedside of her daughter, Mrs. Pam Childre.

Miss Ruby Waddell delighted her friends with a party last Saturday night. Miss Waddell is a gracious hostess and the guests had a jolly time.

Our Sunday school was well attended last Sunday and the same great interest was taken in the work. We expect a great crowd next Sunday.

Center City talent brought a play here last Friday night. The play was "Little Euckshot." We regret that they got no more than they did but the show the night before and the doubtful weather prevented many going. The writer was told that the proceeds were \$9.10.

Talk about it! Mr. Editor, I believe it won't be long until all our young folks will be married off. The latest is Mr. Rex Clifton and Miss Ireta Moore. They were married by

DELINQUENT POLL TAX.

The commissioners court has decided to enforce the collection of the delinquent poll tax and has provided lists of such delinquents to be furnished road overseers and city street commissioners in the county. The persons delinquent for such tax can pay the amount and avoid the extra road work, but such receipts will not entitle the holder to vote. The notice which is being sent with the list of delinquents says:

The law provides that any man subject to pay a poll tax who fails to do so must, when warned, work three days on the public roads of his section as a penalty for such failure. This has no connection with a man's regular road duty. Road overseers are expected to warn for this special service all such delinquents as may be on their respective road divisions and to see that such service is rendered or the poll tax paid.

Seven good reasons why you should plant Summerour Half and Half cotton: It will yield more per acre than any other variety. It is the earliest cotton except King Early. It will out lint any other cotton. It is easy to pick. It is storm proof. It has a small leaf—no shade for boll weevil. It stands the drouth better than another variety. A writer in Cotton and Cotton Oil News says of the new round bale gin, which is a compress as well:

"The round bale as heretofore operated has not been satisfactory because of defective construction, on account of which the bales had hard centers, the cotton did not unroll to the satisfaction of the spinners, and on account of friction in the process of making the bales the fibre was perished, and further the machines were so expensive and complicated that the ordinary ginner could not afford to own one nor could he operate it. In the latest type of round bale press on which letters patent were issued on Feb. 10, 1914, we have overcome every defect that heretofore existed in the round bale."

To The People Of Mills County:

On May the 1st I will begin an active campaign as Mills County's candidate for Railroad Commissioner. It has always been characteristic of the American people, and more especially Texan's, to stand by their home man when other features were anything like equal. My candidacy is somewhat different from most of the others. Whether it is true or not, most candidates claim that their friends induce them to be candidates, which, if it is true, binds the people to remain loyal to the home man. In my case you have a chance to evade the issue if you wish. I did not consult my friends about my candidacy, because it would have appeared so ridiculous that I most assuredly would not have received any encouragement. I have read somewhere in history that in America all men were born free and equal; further that in this great country of ours poor men could run for office as well as the rich. There is no law against poor men running for office. However, it is pretty well understood that they do not stand very much chance against a rich man.

As previously stated, I have fought my own fight. I am going to continue to fight until July the 25th, if I am compelled to do it alone. All I need to win this office is financial aid. I am prepared to fill the office in a manner that no other man can without railroad experience, even though his intention was good to do the right thing. I am making the campaign as a practical, experienced man, guaranteeing equal justice to all alike, placing practical experience and an honest determination to make a practical and efficient Commissioner for all the people against a smooth politician and orator, a man that is trained for a lawyer and not trained or expected to know anything about railroad work. If the people of Texas desire medical aid, will they call in

a carpenter? If they want a minister, will they call a lawyer? Every man to his own calling. It requires practical experience coupled with honest integrity to produce results. Then, if you want a Railroad Commissioner and expect results, you should call a railroad man to fill that office.

It has been customary for candidates to ask for contributions for campaign funds. I have declared that I did not wish any. Neither will I accept any, but I do want to borrow some money. I have adopted a plan to borrow One Dollar from each man who will loan it to me on my note bearing 10 per cent interest. These notes bear my announcement and picture on the back and are made payable on or before April 1, 1916. If I am elected they will be taken up in numerical order within the first year. If I am defeated it will require the two years to pay them back from my salary as railroad agent at this place. There is not a man who reads this request but what can loan me one dollar between this and July 25. This amount appears very small to an individual, but it will meet my requirements as a whole. If you do not consider this note as binding on my part as if it read One Hundred Dollars, I don't want your money. I am not begging. You can hand or send me the dollar in any manner you may wish. If I am not in town when you call, Mr. Ebers, cashier for the Santa Fe here, will give you my note properly signed and numbered and place the money in the bank to my credit.

I have already advertised Mills County and Goldthwaite more than it ever was before—the name has been placed in every railroad town in Texas. Before the campaign is over my picture will be hung in all towns and counties in Texas as a Mills County man. If I am

CANDIDATE FOR
RAILROAD COMMISSIONER

"A SQUARE DEAL TO THE PUBLIC, RAILROADS AND EMPLOYEES. WHY NOT?"

worthy of the support of the citizens of this county, I want you to make it a point to say a good word for me to all the visitors you meet. When you write a letter to relatives or friends in Texas, ask them to remember my name and work for me. Do this much for me, whether you have the dollar to loan me or not. I know that times are hard and some people have not got a dollar they can spare. I do not want to borrow this kind—it is the dollar that you will not miss for the time being that I want. If you think I have no show whatever to win the office, if I am the right kind of a man, stay with me. It will not be a disgrace to be defeated or work for the loser—there have been lots of good men defeated.

W. H. Leverett and Capt. Bush went to Brownwood yesterday to attend the district meeting of the Farmers Union.

The hog crop is the most important one to which the farmer can give his attention. True it costs something to build hog pastures and to prepare to properly take care of them, but no animal gives a better or more prompt return for the feed, provision and care bestowed upon them. Then there is a pleasure and satisfaction in having meat, lard, and other products which the porker brings, besides there is already a prompt and profitable market for any surplus which may be raised either in the gross state or nearly prepared for the market. Raise more hogs and there will be a greater satisfaction and more profit from the farm.—Lampasas Leader.

Buffalos are now regarded as extinct, at least those of pure blood are, but a cowboy employed on the V. V. N. ranch near Fairwell was amazed a few days ago to discover a big bison bull grazing among several hundred cattle as unconcerned as his forefathers might have been a hundred years ago. Where the big animal came from is not known and other ranchers say they have never seen the beast. He was driven to the ranch headquarters and placed in a strong corral. The buffalo is about six years old and is extremely difficult to manage. There is a theory that it may be one of a small herd hidden for many years in the canyons and plains south of Fairwell seldom visited by white men.

Meet me at Clements' Innovation after the show. (Adv)

POMPEY CREEK.

Editor Eagle:

There have been bounteous rains here of late and crops and gardens are thriving accordingly. Chickens and turkeys are the main items with house-wives and we believe we never saw a greater abundance, generally speaking at this time of the year.

Our Sunday school continues to grow. We were "rained out" Easter Sunday, but quite a number of new members were added last Sunday. A number of the young people of Democrat have come into our Sunday school. We gladly welcome them and any one else from any community. We are sure they can find no better place to go. Our secretary, Miss Nobla Carlisle, deserves special mention for her faithfulness. Mrs. W. S. Black, teacher of the card class, has offered a prize. The literature for our Home Department will soon arrive. Our present enrollment is somewhere in forty.

The Easter hunt and ball game at Oak Cluster farm were well attended and greatly enjoyed. Although the Democrat boys beat our boys, we are not discouraged. Our time coming. The Democrat and Pompey Creek teams played again the first of this week. The result was again in favor of Democrat.

Clyde Weatherby and family visited relatives in Goldthwaite one day last week.

Willie Jenkins and wife returned from California one day last week. It is not yet definitely known just where they will reside, but we hope they will decide to make their home at Pompey Creek.

Miss Eva Carlisle was very sick the first of the week.

Cooper Gunter and family visited

Mrs. Gunter's parents, Mr. and Mrs. Scoggin, of Democrat Sunday.

Clyde Weatherby has sold his farm on which he resides. He intends to improve his other farm in this community and reside there.

Misses Lilly and Cordelia Adams and Katy Simms of Zephyr were guests at the Jenkins home Sunday.

Mrs. George Adams and Miss Babe Smith of Zephyr were guests of Mrs. Elza Smith Sunday.

The young people enjoyed singing at the home of W. H. Carlisle Sunday evening. With our new song books and an excellent organist, the singing was splendid. We will soon have our song books for the little tots and our future choir will begin training.

There was a dance at the home of Tip Carlisle Saturday night, and one at the home of Webb Perkins Monday night of last week.

Little Misses Mae, Clara and Gladys Perkins spent Saturday night with their cousins, Master Clayford and little Misses Blanch and Juanita Perkins at Oak Cluster farm.

Mr. Ed Warren has gone to Oklahoma.

Mr. Royal Ethridge has bought the Dee Priest farm and moved to his place, Mr. Priest having gone to Zephyr. (?)

Webb D. Perkins has had his house painted recently.

Messrs. Willie Black and Lawrence Jenkins have purchased new buggies recently.

Mr. Will Black has purchased Mr. Will S. Keating's interest in the thrasher.

JOAN OF ARC.

Leonard Skaggs and family have moved to their new home in the southern part of this city.

On the great day of account it will be found that men have erred more in judging of the honesty of others than in any one thing else, not even religion excepted. Many who have been condemned and had the stigma of dishonesty fixed upon them because misfortune disabled them from paying their just debts will stand acquitted by the judge of the quick and dead while others cover dishonest hearts and actions undetected by man. It is our earnest desire to eradicate the impression so fatal to many a young man, that one cannot live by being perfectly honest. You must have known men who have gone on for years in unbroken prosperity and yet never adopted that base motto, "All is fair in trade." You must have seen too noble examples of these who have met with losses and failures, and yet risen from them all with a conscious integrity of all around them, that though unfortunate, they were never dishonest.—Exchange.

Hon. Thos. H. Ball opened his campaign for governor at Greenville on Tuesday of this week. The campaign had been under way for some time, being in the hands of the friends and supporters of Col. Ball, but at this time he outlined his policies and gave his ideas of government which greatly pleased his supporters. His advocacy of an education in reach of all the children in Texas, removing the constitutional limit on the amount that taxpayers may levy in school districts for school purposes, making the penitentiaries self-sustaining, good roads, etc., were heartily endorsed.

Goldthwaite People Have Good Reason For Complete Reliance.

Do you know how—

To find relief from backache;
To correct distressing urinary ills;
To assist weak kidneys?
Your neighbors know the way—
Have used Doan's Kidney Pills;
Have proved their worth in many tests.

Here's Brownwood testimony:
Mrs. E. B. Grady, Brownwood, Texas, says: "I had an attack of muscular rheumatism. I was sore all over and could scarcely get around. My kidneys got out of order. When a friend advised me to try Doan's Kidney Pills I got a box. They gave me so much relief that I got a second box. This completed the cure, and I have not been troubled since. I always praise Doan's Kidney Pills when I have an opportunity, and you may continue to publish my endorsement."

HORSE OWNERS.

The horse is the principal motive power of the farm and therefore requires the best attention. If he does not thrive or eat well, have his teeth attended to. Bad teeth and improper mastication causes more disturbance than any other trouble; causes acute indigestion, colic and diseases of the alimentaries and many other troubles. A stitch in time may save the worth of your horse. Spend a few dollars on your horse before he gets down or is disabled. Bring your horse to me and have him examined and treated. I will be in Goldthwaite the second Saturday in each month to do all classes of veterinary work. Examination free.—Dr. O. M. Walters, Veterinary Surgeon and Dentist, San Saba, Texas.

CAPTAIN COOK, JR.
