There need be no doubt of the success of the fair this year, for these business men are sure to make a success of anything and everything they undertake.

J. M. Harris of the neighborhood of the Head school house, had business in this city this week.

Dr. B. F. Hearne of Lampasas visited his relatives in the Payne community and in this city the first of the week.

J. A. Ward and wife of Star and Mrs. A. E. Weathers of Mullin made the Eagle office an appreciated call Saturday.

B. A. Howington was one of the prominent men of Washboard community who had business in this city the first of the week.

Mrs. Gerry Stephens of Briggs returned to her home Tuesday, after a visit to Mrs. W. P. McCullough and family in this city.

Floyd Jones returned to his home at Cisco Tuesday, after a visit to his sister, Mrs. J. D. H. Wallace, and family, and his brother, W. Lee Jones, in this city.

Messrs. A. Campbell and W. E. Grisham and Miss Lucille Grisham went to Gainesville Monday to attend the missionary conference of the Christian church.

P. T. Bell and wife, who have been visiting his brother, D. P. Bell and family at Caradan for some time, boarded the train here Monday en route for Mullin, where he bought a grocery store.

Mrs. Rubie Moore of Taylor arrived in this city Monday, accompanied by her sisters, Mesdames Henry Curtis and Hugh Yarborough of Ratler, and will spend some time visiting them. She has been in bad health for some time and it is hoped the change to this climate will benefit her.

One of the good men who had business in this city this week was Mr. H. C. Cobb of Mullin. Eagle readers have missed his writings the last few months, but we hope he will favor us with articles at frequent intervals in the future. Mr. Cobb is a deep thinker and a strong writer.

COL. SLAYDEN SPEAKS

Gives An Account of His Votes in the National Congress.

Congressman Jas. L. Slayden spent last Saturday in this city and addressed a fair sized audience in the district court room at 2 o'clock, telling of his votes on some of the important measures coming before congress and at the same time giving some information on matters of importance.

Regarding the Mexican situation, he was in accord with the greater part of his hearers, if not all of them, when he stated that "all Mexicans look alike" and that the best of them are bad enough. He gave reports of the battles between the federals and constitutionalists and showed how cruel and uncivilized they were.

He opposed the exemption of the steamships engaged in coast wise traffic from canal tolls, and here again his ideas agreed exactly with the ideas of his hearers. After the people have expended more than four hundred million dollars in digging the canal there is no reason for the steamship owners being exempted from paying a reasonable toll for its use.

Mr. Slayden told of his vote on the tariff and on other questions and his speech was appreciated by the audience.

He left on the night train for his home in San Antonio, but will visit other parts of the district before returning to Washington.

PICNIC AT CENTER CITY.

There will be a picnic at Center City next Friday, May 22, and everybody has a cordial invitation to attend. In the forenoon a program will be rendered by the young folks and in the afternoon the candidates will be given an opportunity to address the people. The Home Mission society of that place will serve cold drinks all day. Center City is one of the finest communities in the county and public gatherings of any kind at that place are always enjoyed.

T. W. Cryer, one of the prominent men of Mullin, made the Eagle a pleasant business call Monday.

J. H. Allen, jr., returned Tuesday from Brownwood, Fort Worth and Gainesville. He reported having attended a rousing Sunday school convention at the latter place and had a good time generally.

C. D. Green, one of the prosperous farmers of the Mullin country who was called to serve his county as a juror this week, called to see the Eagle Monday.

Get ready for the fair and reunion and help to make it the most successful event of the kind in the history of the county. We have plenty of products and plenty of everything else to provide for one of the best county fairs in the state and we all delight to do honor to the old soldiers.

It will pay the readers to give special attention to the advertisements in this paper this week. In fact, it always pays to read the advertisements in the Eagle.

EBONY.

Blessed with the fine season that is in the ground and with the recent good rains, Ebony stands a mighty good chance of remaining on the map. Farmers are very busy now wrestling with "General Green."

Quite a number from here attended the Masonic lodge at Indian Creek Saturday night.

The young folks met at the home of S. N. Kelly Saturday night and had singing.

The Buffalo Telephone Company is preparing to put in switchboards and do general repair work right away, which will give better service than the old system.

Going fishing is quite common now. There have been some nice fish caught recently.

Messrs. Kirkpatrick and Hodges of Brownwood were here last week, looking after business matters.

W C Cock returned home the first of the week from a visit to his son Joe at Cherokee.

Rev. Lee Clark filled his regular appointment at the Methodist church Sunday.

Brother Templin, candidate for tax assessor, worshipped with the saints at this place Sunday.

Dr. Hutchison was looking after business matters in Brownwood Friday and Saturday.

H. L. Egger and family arrived home from the coast country the first of the week, where they had been for the benefit of their little girl's health. She is much improved.

John Garrett of Indian Creek was transacting business here last week.

Brother be of good cheer. We have a fertile soil, a healthy climate, an inexhaustible water supply, and a good citizenship. Therefore, let us all pull together for a bigger and greater county. **UNCLE JOHN.**

HORSE OWNERS.

The horse is the principal motive power of the farm and therefore requires the best attention. If he does thrive or eat well, have his teeth attended to. Bad teeth and improper mastication causes more disturbance than any other trouble; causes acute indigestion, colic and diseases of the alimentaries and many other troubles. A stitch in time may save the worth of your horse. Spend a few dollars on your horse before he gets down or is disabled. Bring your horse to me and have him examined and treated. I will be in Goldthwaite the second Saturday in each month to do all classes of veterinary work. Examination free.—Dr. O. M. Walters, Veterinary Surgeon and Dentist, San Saba, Texas.

A BIRTHDAY PARTY.

Mrs. G. W. Gartman celebrated her birthday anniversary last Saturday by entertaining a number of her neighbors and friends at her home for several hours. The occasion was one of much pleasure for all who attended and the guests all wished the good lady many happy returns of the day.

Keep Bowel Movement Regular.

Dr. King's New Life Pills keep stomach, liver and kidneys in healthy condition. Rid the body of poisons and waste. Improve your complexion by flushing the liver and kidneys. "I got more relief from one box of Dr. King's New Life Pills than any medicine I ever tried," says C. E. Hatfield, of Chicago, Ill. 25c. Recommended by R. E. Clements.—Advertisement.

THE TOWN BAND.

A brass band is a public institution. A brass band is always the highest recommendation a small town can have.

A brass band in a town is a standing invitation to come to that town and is the best business getter a town ever had.

A brass band is the first thing necessary to get the business men of the town joined in teamwork to promote the general interests of the town.

A brass band is the best investment the merchants of a town ever made, and is just as good an investment for the doctor, the lawyer, the real estate dealer, the manufacturer and contractor.

A brass band is the very best investment for the property owners.

A brass band is the best thing for the members that could be imagined. It makes its players healthy, vigorous, active, progressive, enterprising and useful. The band boys are always the most popular boys in town. Why? Because they deserve to be. They are WORTH something—not to themselves, merely, but the whole town. The brass band is the only institution in the town that supports itself and makes money for everyone else, besides.

A brass band is welcomed as a blessing by the pastor of the church, who wants innocent and elevating forms of entertainment for the people.

Who likes brass band music better than the children? We should take advantage of this natural tendency on the part of the child and put before it the best and most uplifting music that can be obtained, and this is always the brass band. It is an encouragement to them to be good. It develops patriotism, fires ambition and makes them more contented and useful at home. It quickens them to have better, keener, minds and have higher aspirations.

A BRASS BAND IS A PUBLIC BLESSING.

We are very glad to note that Bascom Goode is organizing a brass band at Star. This little city certainly deserves a good band and from the reports that we hear, we judge that it will soon have one. We wish the organizer the greatest success, for a Brass Band is indeed A PUBLIC BLESSING. **MUSICIAN.**

WILLIAMS RANCH

Editor Eagle: Here comes a few more crumbs for the Old Bird.

Farmers all busy with their crops—some cultivating, others planting. They all have bright faces over the fine prospects for a good crop.

Will Spinks said he would have an operation performed on the gangrenous part of his field. We don't know what the term means unless it means to turn the cows in.

We believe Joe Spinks has violated the laws of the farmers by taking his baby boy and putting him on the cultivator before his—the boy baby—legs were long enough to reach the stirrups on the plow. What think ye?

Prof. D. D. Kemper and family of Mullin visited Joe Spinks and family Sunday.

The Sunday school was well attended Sunday morning.

Brother Dunn of Waco preached an excellent sermon Sunday. We endorsed his preaching. If we expect to build up the kingdom of God we must tear down the kingdom of sin.

Mr. Williams' family visited Mr. Joe Conner and family Sunday afternoon.

There was singing at Mr. Will Harris' Sunday night.

Mrs. Wesen and Mrs. Taylor of Miller Grove visited Mrs. Arch Donowho Sunday.

Mr. Arch Donowho is rejoicing because the stork dropped a boy and girl baby at his house recently.

Mrs. Setha Spruell went to Goldthwaite Monday.

Elder Dyches will preach on the subject of Capitalist and Labor May 24. Everybody is invited to come.

There will be Sunday school next Sunday at 10 a. m. and singing at 3 p. m. Everybody invited.

Wishing the Eagle a lofty flight and its readers a good year, yours truly, **UNCLE BILL.**

THE COUNTY SHEEP INSPECTOR.

A law was enacted by the Texas legislature a few years ago requiring every county in the state, having as many as 2,000 sheep to appoint and maintain a county sheep inspector. Acting on the conviction that every dollar paid for this work would be absolutely wasted, I induced the commissioners court not to appoint one, assuming myself all the responsibility before the criminal court for failure to do so. The matter was not called to the attention of the present court of commissioners. But recently one of the commissioners was told by a citizen of the county that he (the citizen) would see that every member of the commissioners court is prosecuted if the appointment is not made. I still think the law—however good it may be for some counties—is a positive outrage if enforced in Mills county and would continue to stand with our people against it, but when some of the Mills county citizens are willing to prosecute me and my colleagues of the commissioners court in the criminal court for this protection, I do not feel warranted in further holding out against the demands of the state sheep inspector in this regard. The commissioners court will, therefore, make the appointment as soon as six sheep men in the county make application to the court asking for the appointment, this being a requirement of the law. The petitions heretofore presented were rendered invalid by the withdrawal of their names by some of the signers. We regret to be forced to waste this money and have protested against it as long as we can do so without being prosecuted by some of the very taxpayers whom we have hitherto protected. We have no criticism to offer to any body in this affair. Perhaps everybody is doing what he thinks to be his duty. Respectfully,
S. H. ALLEN.

Mr. Jesse Oquin and Miss Bina Renfro were married at the residence of the bride's sister, Mrs. Brown, in Fort Worth Sunday evening at 7 o'clock, in the presence of a few relatives and friends and arrived at their home in this city Monday evening. They were met at the depot by a number of friends who scattered rice over them and otherwise gave them a hearty welcome.

Mr. Oquin is one of the employees in McKinley-Corrigan company's store and is held in high esteem by everybody. He is a business man of integrity and good ability. The Temple Telegram, in its issue of Wednesday devotes more than a column to the commendation of our fellow townsman, Mr. J. M. Arnold, in his candidacy for railroad commissioner and among other good things it says: "We have had a faint suspicion that he might be making his campaign as a friend of the railroads more than as a friend of the people. We don't think so now that we have met and talked with him. We believe that he has the right idea about the relations that exist between the railroads and the people and that he will honestly perform his duties as railroad commissioner, with resultant benefit to the entire state, and so believing, the Temple Telegram recommends Mr. Arnold to the distinguished consideration of all who are interested in the continued prosperity and development of the great state of Texas."

WHAT WILL THE FUTURE BRING?

We never look into the face of a beautiful child without wondering what its future will be. Will the swift, flying years be good to it, and fill its heart with tenderness, or will the purity of its dimpled face be marred by the marks of sin and shame? The guardianship of a little spotless soul, as white as the lips of a lily, is a serious thing and he who has such a gift sent to him should feel honored by the token of God's approval. Time is a mysterious thing, however, and the stainless heart may be all red with passion and the sinless soul blackened with crime, because the right influences were not thrown around the priceless treasure that was loaned for just a little while. An infant life is a marvelous thing, wondrous in its unfolding and great in its possibilities for good or evil. And so much depends on the part we play in the development of the thoughts that surge through the growing brain and the emotions that pass through the beating heart. The innocence of heaven and the divine light of God shines in the trusting eyes become bearded with the smudge of tarnished associations and the little prattling tongue that made such merry music in the house may unloose in haunts of shame vile oaths and obscene conversation. Let's every hour do our part to guard the innocents from the waiting vices that lurk in many places, and throw around them the sweet and tender influences of good and pure people whose hearts are busy with things that help others to be strong and pure. Isn't it a terrible thing to contemplate the wreck of a human life, for when it is sent out to us pure and fresh from its home beyond the stars there is not a single flaw in its makeup of its dawning consciousness and the things that make or mar its usefulness must creep in sometime, somehow, from the people with whom it comes in contact. We cannot shirk the responsibility no matter how hard we try and the precious package, all pure and pink and white as driven snow, so potent with possibilities of un-lived years must be accounted for unto the sender, and if we hope to escape the censure of all the heavenly hosts, we must guard it as we would guard our own immortal soul.—Cleburne Enterprise.

POMPEY CREEK.

Editor Eagle:

Farmers are busy planting cotton and fighting weeds, when the weather permits them to be in the field at all. Such crops as have not been washed away are looking very promising.

There was an elopement here Sunday afternoon. Guy King and Miss Gertrude Ethridge drove to Zephyr after Sunday school and were married Rev. Bob Shelton officiating. The young couple will make their home here on Mr. J. L. King's ranch. We extend best wishes.

Mrs. John Nichols was called to Hill county last week, to the death bed of her father. We sincerely sympathize with her.

Mr. and Mrs. Baskin of Fisher were guests of Mr. and Mrs. A. N. Perkins one day last week.

OBITUARY.

On the 7th day of May, 1914, another landmark citizen of Mills county passed away, in the person of Noah Karnes. He came to this section of what is now Mills county at the age of 29 years, 32 years ago. During this long residence he has been one of the best citizens of the county—just and unobtrusive, but always willing and ready to answer the call of duty. Such as he were in the mind of Goldsmith when he paid that beautiful tribute to that honest type of manhood, known as the Yeomanry, who have made the world what it is, as expressed in the following lines:

"Ill fares the land to hastening ills a prey,
Where wealth accumulates and men decay;
Princes and lords may flourish or may fade,
A breath can make them as a breath has made,
But an honest Yeomanry—their country's pride
When once destroyed can never be supplied."

Noah Karnes will be missed by the best interests in all life's relations; he was true to them all. Perhaps no man in Mills county had more friends among those knowing him well than did he. While he never affiliated with any church organization, shortly before his death he expressed a living faith in the Savior of Men and a willingness and a readiness to go.

Words are futile in the attempted expression of all that the going of such a man means. We can but regret his going, and be inspired by his virtues to higher conception of duty and truer living. His wife and children and other relations have the sympathy of all who know them in their sad bereavement.

A FRIEND.

The announcement of the withdrawal of Hon. Chester Terrell of San Antonio from the congressional race in this district has been made public.

Senator Culberson has returned to Washington to resume his duties in the senate, after a prolonged absence. His health is said to be somewhat improved, but he is still not well.

Large numbers of refugees have arrived in Texas and at the various seacoast towns in other states and give most harrowing accounts of the cruelty and barbarities of the Mexicans of both sides and of all sections.

The notorious and once dreaded Frank James, ex-outlaw and train robber, was in Fort Worth this week, en route to his home in Missouri from attending a meeting of the Quantrell men at Clarendon, where they were the guests of a ranchman.

The Mexican situation continues to be the all absorbing topic of conversation and to hold the attention of the people everywhere. Thousands of people can be found who know exactly what course should be pursued and just how this government and other governments should conduct the affairs. The strangest feature about the matter is that the very people who are charged with the duty of solving the difficult problems are not clear as to the best way to act and the best mode of procedure. Anyway, the Mexicans continue to kill each other and the constitutionalists continue to win every battle they engage in.

When a Chinese editor returns a manuscript to an author he does not send therewith a cold, curt and cruel printed slip, but writes a letter something like this: "We have been enchanted to read your honorable manuscript. Upon the tomb of our ancestors we swear that never, never have we tasted anything so sublime. Such literary pearls are created but once every thousand years. If we should publish it in our humble journal we should never dare to print another thing more. We could not possibly keep up this standard. It is for this reason that we are taking the liberty of returning to you your amazing production."—New York Globe.

Few people realize the wonderful resources Texas has and the following from Freeport tells of the sulphur mining at that place. It says: "The first shipment of sulphur from the Freeport Sulphur Company's mines at this place left this port last week en route to Baltimore and New York on board the steamship 'Honduras' of the Seaboard and Gulf Steamship Company's line. The cargo consisted of more than 2,000 tons of Texas sulphur and is recorded here as being the first large outbound shipment to leave the mouth of the Brazos river in nearly twenty years. It also marks the beginning of a new era in outbound tonnage from this port. Other shipments are scheduled to follow."

If the president of a bank wanted a boy to work in the bank and had a good job open for one, do you think for a minute he would go up and down the streets looking on the corners or in the pool halls or other places where the idle boys "hang out" for one to offer this job to? Not on your life. He would watch the boy who is already at work. He would watch the boy who, when not employed in other ways, is helping his mother at home—chopping wood, cutting weeds, working the garden, or anything that will convince him that the boy had rather be doing something than idling his time away on the streets. A business man always feels that a boy who hasn't energy enough to find something to do will not have energy enough to do the work when found for him.—Georgetown Commercial.

STATE TAX BOARD RESOLUTIONS

Whereas, in a great many counties in this State the assessed value of property for taxation for 1913 was grossly under the reasonable cash market value thereof and so far below its true value as to indicate a flagrant violation of the law governing the assessment of property for taxation; and

Whereas, it is the duty of the State Tax Board to investigate into and aid in the enforcement of the revenue laws concerning the assessment and rendition of property for taxation; and

Whereas, the systematic and gross undervaluation of property for assessment and rendition for taxation in any county works an injustice and hardship upon counties where property is fairly assessed in accordance with law:

Therefore, Be It Resolved by the State Tax Board, that said Board will do all it legitimately can to enforce the law governing the rendition and assessment of property for taxation and will report to the Attorney General of the State of Texas any case of flagrant violation of said law, which may come to the knowledge of said Board during the year 1914, in order that suit may be brought by the Attorney General against such officer or officers so offending, as provided by Article 7574 of the Revised Statutes of Texas, 1911.

Resolved Further, that the State Tax Commissioner be and he is here, by directed to mail to each county tax assessor and county judge in this State a copy of these Resolutions.

(I hereby certify that the above and foregoing instrument is a true and correct copy of the preamble and resolutions adopted by the State Tax Board on January 3, 1914, as set out and shown in the minutes of said Board on pages 242-3 of the Minute Record of said Board.)

Witness my hand this May 2, 1914.

A. L. LOVE,
Tax Comm. of the State of Texas.

Resolved, That Bethel local Union, No. 225, of Mills county, Texas, has lost a beloved member, a brother who was always ready to co-operate in every enterprise for the good of the Union cause, and in whose integrity the members of this Union had implicit confidence.

Resolved, That we tender the bereaved wife and fatherless children our heartfelt sympathy, and point them to the unseen God of heaven and earth who doeth all things well, bidding them to look forward to the grand reunion where there is no more partings, sickness nor death.

JURORS EXCUSED

Owing to the fact that this is a very busy season with farmers and the further fact that there is nothing on the county court criminal docket that demands early attention, the jurors summoned for the June term of the county court are excused from attending the court. The court will be called at the appointed time and the docket called for the hearing of any pleas that may be offered.

KNOW IT WELL

Familiar Features Well Known to Hundreds of Goldthwaite Citizens

A familiar burden in many a home, The burden of a "bad back."

A lame, a weak or an aching back

Often tells you of kidney ills.

Doan's Kidney Pills are for weak kidneys.

Here is good testimony to prove their merits:

Henry Spreen, farmer, Lampasas, Texas, says: "On two different occasions I hurt my back by lifting beyond my strength. After that whenever I caught cold and during winter weather, my kidneys were weak. I had to get up several times at night to pass the kidney secretions. My back pained me and I seemed to lose strength. A friend advised me to take Doan's Kidney Pills and I did. They brought great benefit. I still have the same faith in Doan's Kidney Pills as ever. I am pleased to confirm my previous endorsement."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr Spreen had. Foster-Milburn Co., Props., Buffalo, N. Y. (Adv)

Indigestion? Can't Eat? No Appetite?

A treatment of Electric Bitters increases your appetite, stops indigestion; you can eat everything. A real spring tonic for liver, kidney and stomach troubles. Cleanses your whole system and you feel fine. Electric Bitters did more for Mr. T. D. Peeble's stomach troubles than any medicine he ever tried. Get a bottle today. 50c and \$1.00. Recommended by R. E. Clements (Adv)

For a Torpid Liver

"I have used Chamberlain's Tablets off and on for the past six years whenever my liver shows signs of being in a disorderly condition. They have always acted quickly and given me the desired relief," writes Mrs. F. H. Trubus, Springville, N. Y. For sale by all dealers. (Adv)

The suicide of C. W. Post at his California home last Saturday ended one of the most remarkable financial careers in American history. Only a few years ago he worked at a cow camp in western Texas and was dependent upon his labor for his living and his health was bad at that time. When he died his estate was valued at fifty million dollars. It is thought ill health caused his mind to become deranged, when he shot and killed himself.

Colds

should be "nipped in the bud", for if allowed to run unchecked, serious results may follow. Numerous cases of consumption, pneumonia, and other fatal diseases, can be traced back to a cold. At the first sign of a cold, protect yourself by thoroughly cleansing your system with a few doses of

THEDFORD'S BLACK-DRAUGHT

the old reliable, vegetable liver powder.

Mr. Chas. A. Ragland, of Madison Heights, Va., says: "I have been using Thedford's Black-Draught for stomach troubles, indigestion, and colds, and find it to be the very best medicine I ever used. It makes an old man feel like a young one."

Insist on Thedford's, the original and genuine. E-67

NEIGHBORING NEWS

Items Culled From the Leading Local Papers.

SAN SABA.

E. A. Murray returned Saturday from Walnut Springs, Glen Rose and other points in that part of Texas.

R. J. Edwards returned Tuesday from a trip to Mullin to see the hog and alfalfa farm of his friend, Francis Linneweber.

Mrs. J. N. Gauny died last Friday night and was buried in the I. O. O. F. cemetery Saturday. She died at the family homestead near the mouth of Richland creek, where the family had lived for many years.

Ennos Behrens received the Mack-elhany 100 big steers last week and took them out to his Wallace creek ranch Monday. These are \$79 steers and Mr. Behrens will put them on ensilage and prepare them for the market.

L. B. Burnham, one of the News' Mills county subscribers, was here Saturday and reports the chariot of prosperity swinging low over his way. He is one of the county's most progressive farmers and reports his oat field smiling beautifully.

T. J. Burnham farms some six miles north of town. He was in town Monday and says he has about 40 acres of oats smiling in the sunshine. The fact is the way things look now Mr. Burnham and some of his neighbors will have to rent land on which to stack their immense grain crop this spring.

The pecan crop on the river seems now not to be so nearly lost as was at first thought. Lee Grumbles brought to town last week a sprig from a tree at his place. This tree is again in full bloom and the young nut formation is easily discernable. Reports from all up and down the river are to the effect that the pecan trees are mostly in full bloom again.—News.

LOMETA

Rev J. C. Newman, pastor of the Baptist church at Goldthwaite, was here Monday in attendance at the Worker's meeting of the Baptist church.

L. H. Little of Goldthwaite and W. T. Little of Hamilton were here on business Wednesday. W. T. Little formerly lived in Lometa, and has many friends here who are always glad to see him.

Joe Harris, one of the pioneer settlers of this part of the county, died at his home four miles west of the city Tuesday morning. Mr. Harris had reached an advanced age and leaves many friends who regret to learn of his death.

Arrangements have been made whereby there will be services at the Methodist church every Sunday morning and night in the future. Members, as well as others, will please bear this in mind.

John Harrison died at his home near Bartlett last Friday night and his remains were shipped to Lometa, arriving here on the early train Saturday morning. At the time of his death the deceased was 66 years of age, and had long been a sufferer from cancer. Mr. Harrison was stepfather of Mrs. Oscar Nance, and leaves a wife and one son, Joe Harrison, besides numerous other relatives and friends to mourn his loss.—Reporter.

COMANCHE

The iron clad building on North West Main street, formerly occupied by the Majestic Theatre, caught fire Tuesday night about midnight and burned to the ground.

Little Herman Norrid, the 8-year old son of J. W. Norrid, and grandson of Mr. and Mrs. J. W. Roe, died in Dallas Tuesday, where he had been carried to the Baptist sanitarium for an operation for bone erysipelas.

A family reunion of the Montgomery connection, together with a few invited friends, was held Friday, April 24, at the Montgomery school house, 6 miles south of Comanche, in honor of Mrs. N. C. (Grandma) Montgomery, who was ninety years of age on that day.

Old friends in this section will be glad to learn that Capt. J. T. Cobb, a former citizen of Comanche county, and an old settler here, was nominated for Tax Collector by the Tax Payers Union in Brazoria county last week, defeating his opponent by 320 votes. Mr. Cobb left Comanche county 22 years ago, but will be remembered by many of the older citizens.

A county hospital is needed in Com-

anche county to prevent the spread of contagious or infectious diseases, and for the conservation of human life. What would we do, should an epidemic of any kind break out here? We need some place of isolation especially for the treatment of tuberculosis, where the parties will not come in contact with others. A county hospital would not cost a great deal and would prove of much worth to the county as a whole.—Chief.

HAMILTON.

Mr. and Mrs. Will Little left Tuesday for Goldthwaite to spend several days. Mr. Little went on business, while Mrs. Little will visit home folks and friends.

Dr. and Mrs. R. A. Kookan arrived in Hamilton from Chicago late last week and are at home here with Miss Laura Brunk. Dr. Kookan is quite weak yet from the effects of a very serious and delicate operation which he underwent some weeks ago in Chicago hospital, but is fast improving.

Prof. J. E. Corrigan and Hon. E. R. Misener went down to Moline in Lampasas county Saturday to be present at a big W. O. W. picnic and celebration, when they delivered addresses to the large crowds gathered for the occasion.

In the election held in the Hamilton school precinct last Saturday for the purpose of electing three new members of the school board to succeed A. R. Eidson, J. E. Williams and J. M. Williams, whose terms had expired, these gentlemen were unanimously elected to succeed themselves.—Record.

LAMPASAS

John Simmons, who has been visiting his parents, Mr. and Mrs. W. H. Simmons, has returned to his work in San Francisco, California.

Rev. J. W. Cowan has gone to Oklahoma City, Ok, where he will look on for a few days at the proceedings of the general conference of the Methodist church, which is now in session there.

At the meeting of the city council Monday night, the resignation of Geo. D. Zivley, who has served the city in the office of marshal, assessor and collector for eight years, was presented and accepted, and Greeley Townsen was appointed to the place on the nomination of the mayor. Mr. Zivley goes with the Santa Fe railway as claim adjusting agent and will have a large territory under his supervision.

At a meeting of the school board held Friday night at the home of J. N. Manule, president of the board, nine of the twelve positions in the city schools were filled, there being yet three additional teachers to be chosen at a meeting to be held on May 22 Prof. G. D. Scott was elected for the twelfth time, having begun his work here in 1903, and has been continuously in charge of the schools since that date.—Leader.

Whooping Cough.

About a year ago my three boys had whooping cough, and I found Chamberlain's Cough Remedy the only one that would relieve their coughing and whooping spells. DISTRICT COURT.

A Light Docket and No Cases of Importance

The district court has been in session this week, but no cases of importance were tried only a few small civil cases being on the docket. The jurors were excused Thursday, except those on one case and they were excused yesterday.

The following cases were disposed of by the court:

William Brig vs. L. O. Burns et al. judgment by default.

N. B. Harvey vs. S. S. Farmer, judgment for plaintiff for \$200.

H. H. Faulkner vs. Mills county, judgment for defendant

Bina C. Hamilton vs. Mills county, judgment for defendant.

The State of Texas ex. rel. Paul Horton et al. vs. H. Anderson, judgment in favor of the plaintiff, injunction sustained.

The last named case is what is known as the Moline school district case. It is understood the judgment will be accepted as final and no appeal will be taken.

The court was expected to adjourn yesterday afternoon and Judge Robinson purposed returning to his home in Belton last night.

District Attorney Ward was here last week a short while to assist the grand jury, but has had no business here this week. It has been a long time since the district attorney has had a case to prosecute in the district court of Mills county.

Judge Robinson appointed M. J. Thorpe, J. A. Gillespie and Q. H. Yarborough a finance committee to check over the books of the county.

Mrs. M. E. Thompson, mother of Eagle editor, received the sad news of the death of her only brother, Mr. I. S. Myer, in Houston Monday night. His death was sudden, and was a great shock to members of the family. Mr. Myer was known to a number of people of Mills county and they learned of his death with regret.

The terrible result of the earthquake in Sicily last Saturday can hardly be contemplated. An Associated Press report says: "The whole of the smiling countryside between Mount Aetna and the Gulf of Catania has been devastated by a terrible earthquake, which reduced a dozen villages to ruins and caused a number of deaths which can not yet be definitely determined, but which are estimated at near 200, with 350 injured."

A Mexican boy, Leon Martinez, who murdered a young white woman near Saragosa, Reeves county, three years ago, was hanged at Pecos Monday morning at 11 o'clock. The Mexican confessed the murder when first he was arrested, but the case has been fought through the courts and was carried to the supreme court of the United States in an effort to save him from the just punishment for his crime. Even the Mexican government took a hand in the endeavor to prevent his execution and as a last resort the president was appealed to for clemency, but without avail. The murder was most cruel and the wonder was that the case was ever allowed to reach the courts.

A heavy grain crop is riches, not only to the producers of same, but to the world. Bread is the most precious thing on earth. Pearls are cheap in comparison with its worth, diamonds but tawdry bits of carbon, platinum worse than pewter, radium as base as brick dust. Bread is not only the staff of life—it is the bone and sinew of the body which leans on the staff. In no community populated with humans is bread unknown. It has various forms, as black, brown and white bread, and where grain bread is not available bread of other materials is substituted. In a few miserable nooks of earth the benighted natives grind fish bones into a powder from which they make bread and in some other corners of this terrestrial ball the savage populace utilize dried sea weeds for the same purpose. Without grains mankind would be hungry and hopelessly depraved. Grains have made civilization, and of all the great family of breadstuff, wheat is the aristocrat.—State Press in Dallas News.

The Southern Baptist convention is in session at Nashville, Tenn., with a large attendance.

The Waco Morning News refers to the good record of Mills county and believes that prohibition is due a large part of the credit for the most desirable conditions existing here. It says: "Several years ago when Mills county had saloons the district court was busy from 1 to 6 weeks a year trying criminal cases. There have been no saloons in Mills county for several years and it has been eighteen months since the last criminal case burdened the docket of the criminal court. And strangely enough, the people of Mills county believe they are free."

The pity of war and conquest and desolation is not all, or half, for those stricken upon the fields of carnage. Much of it is for the impoverished survivors, the women reduced to penury and despair, the children doomed to ignorance and embittered perspectives. With homes disrupted, fields overrun, crops destroyed, live stock perishing or stolen outright, the poor people of Mexico who are homing in the shacks and jacks and eking out miserable existences under the suspicious vigilance of unfortunated overlords or vengeful bandits—these are the bearers of the burden. The soldiers in the field have their excitements, they are provided for in some sort by their leaders, and the days and nights are short for them. But it is the weak ones and the young back home who are paying. Always it is the weak and the young who pay war's hardest penalties, and always they who get least of the glory. When one considers the pity of war, the ten thousand tragedies of heart and soul and body, the stunted ideals, the lost opportunities suffered by the young, the wrecked homes, the widowed and the orphaned, the pinching taxes and the shortened loaf—when one considers the manifold and irreparable injuries that war inflicts, the heroic frothings of the fingoes seem offensively cheap and mean and puerile in comparison.—Dallas News.

I have the only complete set of abstracts of the land titles of Mills county and will make your abstracts for a reasonable charge and will help you cure your titles if defective.—E. B. Anderson.

The Honey Grove Signal has the following seasonal editorial: "Spring is here with her birds and laziness and her early blossoms. The Signal usually hands Miss Spring a nice rhapsody about this time of year, contrasting her vernal glories with the hot breath of summer, the brown tints of autumn, the nakedness of winter, and we are tempted to do so now. But the Signal editor is a candidate this year and it isn't safe for him to commit himself to any season. All of the seasons in fact are delightful tooth and toe nail."—J. H. Lowrey, candidate for congressman-at-large.

Prof. M. L. Hays this week sent the Eagle a copy of the program for the commencement exercises of the Clyde public school, which exercises commenced yesterday and end Monday. Prof. Hays has been superintendent of the school the past session and has been re-elected to the same position. He is a son of Rev. L. L. Hays of Trigger Mountain community and has made a splendid success of his work. It is always a pleasure for the Eagle to report the names of the Mills county boys who have made good and one of the most successful in the list is Mack Hays. He has been chosen one of the teachers in the summer normal at Cisco, and will, therefore, not be able to spend much of the vacation period with his friends in Mills county, which fact is very much regretted by us all.

DOG TAX

The tax of \$1 on all dogs kept within the city limits of Goldthwaite is now due and dogs must be provided with tags and must be registered with the marshal. The ordinances make it a misdemeanor to keep a dog about the place without having paid the tax and secured a tag for the animal, and each day a dog is kept without a tag constitutes a separate offense. I trust it will not be necessary for me to make complaint against any citizen of Goldthwaite on this account, but the tax must be paid and tag procured immediately or complaint will be filed with the recorder.

The treasurer was instructed to transfer \$600 from the general fund to the road and bridge fund to be used by commissioners of precincts 3 and 4 in road work.

The court audited accounts, inspected reports of officers and then adjourned for the term yesterday.

JURORS EXCUSED.

The jurors summoned for the third week of district court, as well as those summoned for county court, are excused from service and need not appear. This statement is authentic and the jurors need have no fear of any mistake about it. The district court has practically closed and the jury cases in the June term of county court have been continued.

MEETING CLOSED.

The tent meeting conducted by the Nazarine church for about two weeks closed Thursday night and Rev. I. M. Ellis, who did the preaching, left for his home at Hamlin on yesterday morning's train. The weather was disagreeable most of the time the meeting was in progress and the services being held in the tent made it impossible for some of the church people and others to attend, but fairly good audiences were present at most of the services and when the weather was favorable large congregations attended. The song service as well as the preaching was interesting to those who attended and a number of Christian people of the different denominations took part in the meeting.

In view of the uncertain character of a great deal of "war" news, the regulations of the war department touching correspondents in the field are interesting. Each accredited newspaper correspondent must deposit a certified check for \$1,000, against which he may draw for supplies and equipment. He must provide a bond of \$2,000 for good conduct, which in case of forfeiture may be transferred to a charity designated by the Secretary of War. Commissioned officers will act as censors with the army and at Washington. The licensed correspondent will have the status of a non-commissioned officer and will enjoy many privileges. It is not to be understood that the regulations are intended to hamper honest and competent newspaper men in the performance of their duty.—New York Times.

MEMBERS OF SCHOOL BOARD BANQUET THE FACULTY.

On Friday, May 8, the members of the public school faculty were the recipients of the favor of the members of the school board and their wives. This favor was a banquet at the Taff hotel at 8:30 o'clock. After the regular diners had left the dining room was turned over to the banqueters.

Good cheer was evident from the beginning. As the party filed in they were greeted by the sight of loaded tables,—turkey, cake, pie, and all the good things that go to make up a delicious dinner.

The keynote of the occasion was struck in a well selected speech by County Superintendent Allen, who addressed those present after dinner. He said in part:

"This is an innovation in this city, but it marks a forward step in educational progress in our county. It is a long step toward unifying all the educational forces of the community. By a hearty spirit of co-operation we can accomplish much—and such occasions as this are conducive to co-operation and unification. It is necessary that the school spirit of Goldthwaite should be progressive, for all parts of the county are looking toward it and will move forward or retrograde as she moves forward or retrogrades. This year has truly marked progress in this place and in Mills county. That magnificent building on yonder hill stands as an everlasting monument to your endeavors, and educational advancement in this county. You are certainly leaving huge footprints of sincere effort as you serve your term.

"The rest of the county, too, is making progress. This progressive movement in Mills county has elicited a complimentary write-up in four of the leading dailies of the state. Each of them has commented on the fact that Mills county has levied more school taxes and built more school houses than any other county in the state."

Judge Allen closed his address with a complimentary toast to the members of the faculty.

Those present were: The members of the school board and their wives, the members of the faculty, Judge S. H. Allen and wife, Mrs. Melton, Mrs. F. E. Norton and Mrs. C. C. Saylor.

MANY GLAD TO QUIT CALOMEL.

Thousands Avoid Taking the Drug and Use Dodson's Liver Tone in its Place to Their Comfort and Delight

Dodson's Liver Tone is a harmless, reliable vegetable-liquid. It is made to take the place of dangerous calomel.

Calomel in large doses is a poison. It is a mineral, a form of mercury. What it does unpleasantly and very often with decided danger in cases of constipation and sluggish liver, Dodson's Liver Tone does for you safely and pleasantly, with no pain and no gripe. Dodson's does not interfere in any way with your regular business, habits or diet.

Dodson's Liver Tone is backed up by a guarantee of "satisfaction or your money back," as R. E. Clements the druggist, will tell you.

Of course, so successful and so reliable a remedy has its imitators, but this store has Dodson's and will not deceive you.

Dodson never makes extravagant statements. Dodson's Liver Tone has been made from the first to take the place of calomel. It "lives the liver," overcomes constipation agreeably and makes you feel good and if you are not satisfied completely with it R. E. Clements will hand back the purchase price (50c) to you cheerfully, instantly and without question. (Adv)

Child Cross? Feverish? Sick?

A cross, peevish, listless child, with coated tongue, pale, doesn't sleep; eats sometimes very little, then again ravenously; stomach sour; breath fetid; pains in stomach, with diarrhoea; grinds teeth while asleep and starts up with terror—all suggest a worm killer—something that expels worms, and almost every child has them. Kickapoo Worm Killer is needed. Get a box today. Start at once. You won't have to coax, as Kickapoo Worm Killer is a candy confection. Expels the worms, the cause of your child's troubles. 25c. PICNIC AT EBONY.

There will be a picnic at Ebony on Saturday, June 6, to which all candidates and citizens generally are invited. There will be speaking in the forenoon, dinner on the grounds and athletic contests in the afternoon. Of course, should the supply of speakers make it necessary for a part of the afternoon to be devoted to oratorical displays there will be no objection and all the candidates who attend can be sure of being given an opportunity to make their wants known.

Those who have attended picnics in that community in the past need not be urged to attend this one, for they know the good people of that community always prove their hospitality to a delightful degree when such opportunities offer and there will be a large attendance on this occasion.

A PICNIC.

There will be a free-for-all picnic May 22 in Mr. Heaton's pasture 3 miles from Mullin, on Goldthwaite road, near Pickens Springs. Every body is invited to come and bring a well filled basket and have a good time. Every Socialist, man and woman, is requested to be there and attend to some very important business.

First there will be a welcome address at 10:30 a. m. All candidates will be allowed 15 minutes to introduce themselves and put in their claims some time during the day. Dinner at 12 o'clock. At one o'clock we will have a speech on Socialism, and we will divide time with anyone that is opposed to Socialism if the arrangements are made before the hour of the speaking.

BOARD OF EQUALIZATION.

Notice is hereby given that the Commissioners court of Mills county, Texas, will meet and sit as a board of equalization at the court house of said county, in the town of Goldthwaite on the third Monday in May, 1914, the same being the 18th day of said month, for the purpose of examining the renditions for taxes for the year 1914, and to correct and equalize the same for approval.
