GOOD ROADS

There is an excuse for everything, except bad roads.

The time is past when roads are built haphazard.

Each man, woman and child in the country pays an annual \$3 mud tax.

A man who drives over a bad road and is contented with it is a moss-back.

Good highways are essential to the highest development of prosperity.

A road constructed with a bad constitution cannot be permanently benefited with all the doctrine in the world.

Goods roads, like civilization, are costly, but are a permanent joy when once secured.

It is wilful waste of money to spend it upon roads that are not given proper drainage.

The town that is lost in the shuffle is one that has no good roads leading into it. The town that is not upon the map is one that is without good roads and good streets.

A farmer situated alongside bad roads is seriously hampered in getting to the markets with his products.

The average farm haul is nine miles and it takes two horses five hours to haul 600 pounds this distance over unimproved highways.

HOMER D. WADE.

CITY BUILDING NOTES.

A man who mistakes a shadow for the substance will never progress.

Progress is only possible where there is mutuality and co-operation.

True progress is the resultant of a people bound together to promote the betterment of their city.

The person who sees no beauty in smokestacks, skyscrapers and railroads does not stand for progress.

A city to grow and prosper must have citizens who realize that industrialism is the life-blood of a town.

The man who retards the growth of the city in which he lives in order to promote some selfish interest is a bane to his community. L. M. WARD.

CONTEST CLOSES.

Awards Made in the Voting Contest by B. A. Harris.

The voting contest at B. A. Harris' store came to a close last Saturday evening at 6:30 o'clock and promptly on the moment Mr. Harris announced the close of the contest and informed the public that no more votes would be received. Only a short time was required to complete the count of the votes and add the totals and the awards were then made. Miss Ruby Forehand received the piano, Miss Dora Oden first choice of the watches, Miss Zella Prater the second watch and Miss Maggie Ross the silver set.

Naturally, there was much disappointment among the contestants and their friends, but they were all good-natured about it, realizing that all could not be winners. The contest was spirited from the start and the friendly contest was participated in by a large number of people.

The total votes received by some of the leading contestants were as follows, the names of the contestants who received prizes being given, while the numbers next in order being given the names of the contestants being omitted:

Miss Ruby Forehand	10,479,575
Miss Dora Oden	9,384,705
Miss Zella Prater	9,193,680
Miss Maggie Ross	8,561,070
No. 151	7,663,725
No. 150	5,382,700
No. 171	4,464,195
No. 172	4,227,195
No. 114	3,775,700
No. 153	3,717,025
No. 1	3,670,960
No. 3	3,614,485
No. 42	3,336,550
No. 174	3,312,105
No. 106	2,941,120
No. 160	2,845,695
No. 56	2,180,440

Several contestants received a smaller number of votes, but these were the largest numbers.

FARM FACTS.

The whole nation is nourished from the farm.

There is something strengthening in the possession of a piece of land.

Excessive interest is sucking the blood-life of the Texas farming industry.

If a nation would be strong and enduring, it must educate its citizens and attach them to the soil.

The whole machinery of our money and credit system is directed toward the aid of the city and not the country.

When the business of farming is placed beyond the thrall and grasp and greed, then the farmer will become economically independent.

The strength and vigor of the state is as much dependent upon conserving the fertility of the soil as upon the intelligence of the people.

The Contest closed last Saturday and the awards were made in accordance with the rules, those receiving the largest number of votes securing the prizes. I am glad all the contestants worked so harmoniously and the losers took their defeat so good naturedly. I sincerely thank those who took part in the contest for having made it such a great success and I also appreciate greatly the very liberal patronage of the general public. I trust the acquaintance and association with my store during the contest proved to the public the merit of my goods and service and I hope to continue to be favored with the liberal patronage given during the contest.

Preaching at Goldthwaite on 1st, 2nd and 4th Sundays in each month; at Star on 3rd and 5th Sundays.

STAR

Rain seems to have been the program for the last few weeks and is still on the docket. Even the goose grass is getting tired of so much rain, though the weeds are tickled to death.

T. G. Beckham and Frank Pennington have been here several days and have organized a Yeoman lodge here.

A new culvert has been built a short distance south of Sam Morris' house on the Moline road. A much needed improvement done at the right time.

Jim Roles and his wife of Cornish, Oklahoma, are visiting friends and relatives in this community. Mrs. Roles, nee Miss Williams, used to be one of our most enthusiastic Sunday school workers and singers. We wish Mr. Roles and his wife would decide to stay in Star.

Rev. R. A. Gay filled his appointment here last Sunday at the noon hour. Rev. Newton, the new Baptist preacher, preached here in the evening. Sunday school is still on the upgrade, though the rains have been trying awfully hard to wash it down.

Elvis Morris, one of our prosperous merchants, and his sister, Miss Ada, made a trip to the South Bennett community the latter part of last week.

Mrs. Jim McCarthy of the Moline community spent two weeks with Mr. and Mrs. J. Z. Roberts of this community convalescing from a long period of illness. She was able to go back home last week.

Mr. and Mrs. R. H. Patterson have returned from the Bankers Convention in Fort Worth and report a most enjoyable time.

Mr. and Mrs. J. A. Ward went to Goldthwaite last week

The Woodmen met in regular session last Saturday night. It was decided not to give the Woodmen picnic this year.

The pretty display that Hawkins & Shave have in their store is certainly worth mention. Messrs. Hawkins & Shave are up-to-date business men and their store proves it.

Grover Stanley has returned from Hamilton where he has been engaged some time. Star is good enough for all

J. H. Logan, M. D. Drugs and School Supplies

that have lived here long enough to find how good it really is.

Dan Richardson got a splinter in his foot last week that caused him considerable pain for awhile.

Miss Pearl Mills, who has been phone operator at the Price exchange for some time has resigned. Rex Clifton is operating the exchange now.

W. E. Harper moved his piano out from Goldthwaite last week. His daughter Miss Blanch, is teaching music here and she had the piano put in W. L. Boykin's home so as to be convenient to her pupils. Miss Harper will give a recital the 30th of this month.

P. D. Yarborough was out here last week with a string of buggies. He sold several.

Joe Peck, who has been employed in Goldthwaite for some time, has returned to Star.

The young people enjoyed a pound supper at the hospitable home of O. N. Hamilton last Friday night.

STAR REPORTER.

Plenty of Barbed and Smooth Wire at Barnes & McCullough's. (ad)

Rev. Rector, Sunday school evangelist for the West Texas conference of the Methodist church, spent Tuesday and Wednesday here, lecturing in the Methodist church Tuesday afternoon and night and Wednesday afternoon on Sunday school methods and management. He is well qualified for his line of work by long experience and study and his visit was of benefit to the Sunday school teachers and members who heard him.

SUMMER MUSIC SCHOOL.

I will begin a special class in music at my home in Goldthwaite on Monday, June 1, for the purpose of giving instructions in pianoforte. This course is for all pupils but is especially designed for young music teachers and those who expect to teach. Those who desire to enter the class are invited to communicate with me as soon as possible relative to terms, hours, etc. (Miss) NORA HOOKS.

"THE GROCERY STORE OF QUALITY"

Years of experience in the Grocery business has taught us that the Best goods are Always the Cheapest. We clammer after the best goods obtainable in our line and if at any time our goods are not as represented, please phone us and we'll do the rest. We guarantee everything we sell and meet all legitimate competition, quality considered. We certainly appreciate your trade—it makes no difference how large or small the order. Our success in the Grocery business has been through the continued patronage of our good customers. Remember that the children can buy at our store the same as if you were there.

W. E. GRISHAM The Oldest Exclusive Grocery House in Goldthwaite

A passenger on the eastbound train out of San Angelo Monday afternoon suicided by taking strychnine. He had bought a ticket to Coleman, stating that his family was there, but a card in his pocket proved that he lived in Oklahoma City.

When the millennial dawn comes this will be a great old world. No more will your friends double cross you and make you feel that it is hardly worth while to put faith in any living being beside your dog. No longer will your neighbor hope to see you hanging on the ragged edge of eternal perdition in order that he may add the mite of force necessary to push you over. No longer will your wife insist on a new spring hat when you haven't the spon-dulix, but will with a rare, radiant smile perk up the rooster feather on last season's lid, wear it with a smile and love you just the same. Yes this will be some world when the millennial dawn arrives.—Brownwood Bulletin.

It does seem the limit of the patience this government will be eventually reached in the Mexican affair. The Huerta element thinks nothing of murdering Americans and even our government's representatives have been imprisoned and it will not be a surprise to learn of some having been put to death. Every manner of outrage against Americans has been reported since the seizure of Vera Cruz by this government. If the United States had cause for action against Huerta and his followers before the taking of Vera Cruz certainly much more cause has been given since that time for decisive movements to stop the outrageous conduct of the assassin and his people.

The action of the Fort Stockton Commercial Club in purchasing a hundred and fifty Jersey cows for the benefit of the farmers of that section, while somewhat out of the usual scope of Commercial club work, has proved a profitable investment to the town of Fort Stockton, as well as to the farmers who profited by the transaction. The cows were purchased last winter by the Commercial Club at a cost of fifteen thousand dollars and were sold to farmers on the instalment plan. The movement was started for the purpose of stimulating the dairy industry in that section of the state, and as a result one of the most flourishing creameries of the state is operating in that city. The cow is the foster-mother of civilization and by furnishing sustenance to thousands of helpless babies annually, she is contributing her share toward building the human race. Also she is the most valuable of domestic animals and in encouraging its membership to invest in this line of industry, the Fort Stockton Club is pursuing a wise and profitable course—Commercial Secretaries.

Sam P. Harbin, chairman of the publicity committee of the Pharmaceutical Association requests the publication of the following: "The annual meeting of the Texas Pharmaceutical Association in El Paso June 16, 17 and 18, promises to be one of more than ordinary interest to the 'pill rollers' of the state. Scott White, local secretary of El Paso, writes that a special rate of \$18 from Dallas, Fort Worth and San Antonio has been secured, with an addition of only one cent per mile for distances beyond. A special trip is promised to Clouderoft, the 'Sky Mountain' and besides this, if conditions permit an excursion will be made over into Mexico, where a bull fight and a cock fight will be put on. Trolley rides are planned for the visitors and a couple of genuine Mexican Suppers placed before the 'poison dispensers.' Any druggist who fails to attend the El Paso meeting will miss the greatest treat ever offered to Texas druggists. If you crave further information write to Dr. E. G. Eberlee, Dallas, or Scott White, El Paso."

DOG TAX

The tax of \$1 on all dogs kept within the city limits of Goldthwaite is now due and dogs must be provided with tags and must be registered with the marshal. The ordinances make it a misdemeanor to keep a dog about the place without having paid the tax and secured a tag for the animal, and each day a dog is kept without a tag constitutes a separate offense. I trust it will not be necessary for me to make complaint against any citizen of Goldthwaite on this account, but the tax must be paid and tag procured immediately or complaint will be filed with the recorder.

Rev. J. C. Newman spent Thursday in Mullin, serving as one of the judges in an oratorical contest in the school closing exercise.

E. F. White of Miller Grove returned a few days ago from a visit to eastern Texas and says he found no place quite so good as Mills county.

Mr. and Mrs. L. R. Conro went to Fort Worth Thursday night in response to a message announcing the illness of Mrs. Conro's sister, Mrs. Ard.

Judge Matt Roach, who has been quite sick for some time, is not materially improved and his condition is still serious. Mrs. Roach has also been quite sick several days.

L. E. Miller expects to leave tonight for Waco to look after business interests in that city and to attend the state convention of opticians. He will read an important paper before that association.

Friends here of Wm. McCaughehey and family were grieved to learn of the death of Mrs. McCaughehey at her home in New Mexico a few days ago. She was a daughter of the late Mr. Perry Ard and a niece of Mrs. L. R. Conro of this city.

Rev. D. I. Haralson and wife arrived at home Wednesday night from attending the Confederate reunion in Jackson ville and visiting relatives in Mississippi. Brother Haralson says he saw no country on his trip that equals Mills county. This is the universal verdict of those who visit other parts of the world.

Charly Wilson, who has been operator of the Eagle's linotype machine for a year or more, left Wednesday for San Angelo where he has a fine place with the Daily Standard in the same capacity. He is an expert operator and a deserving young man and while the Eagle regretted to give him up, we are pleased that he has such a nice position with a large increase in salary.

TEXAS FACTS

POPULATION.

There are 365,000 persons who were born in Texas and who reside in other States, while 830,000 persons born in other States live in Texas.

The center of Texas population is 5 miles Northwest of Waco, in McLennan county.

If all the people in the United States moved to Texas, our population per square mile would not exceed that of Massachusetts.

If Texas were as densely settled as the average State in the Union we would have 8,000,000 instead of 4,500,000 people.

The population of Texas increases at the rate of 235 persons per day.

The population of Texas is 14.8 persons per square mile. In the rural districts the average is 11.3 persons per square mile.

Massachusetts has 419 persons to each square mile of area.

During the past decade the population of Texas has increased 27.8 percent and the United States 21 percent.

There is a child born every four minutes in Texas.

We build seven homes in Texas every working hour in the day.

Our foreign born population is constituted chiefly of Mexicans, Germans and natives of England.

We have 23,000 persons who were born in Ireland. Ten years ago we had only 6,169.

We have 1,003,357 males over twenty-one years of age. Eighty-three percent of them are white.

Texas could muster an army larger than the standing army of the German Empire and would not have to get outside the State for material.

Fourteen percent of our population is in the cradle.

B. J. Crawford arrived from Eola Thursday, where had been quite sick for some time. His son, D. K. Crawford, and family, who were called to his bed side, came home with him.

The rain this week has delayed the work on the new store building being erected by A. J. Harrison for McKinley Corrigan company's hardware department. The building will soon be completed, however.

—If you are buying land require the seller to furnish you an abstract of his title, so you may know you are getting a good title. If you contemplate selling your land, have an abstract thereto prepared first, so you will know what kind of title you can make to it, as the purchaser is almost sure to want to know. I have the only complete set of abstracts of the land titles of Mills county and will make your abstracts for a reasonable charge and will help you cure your titles if defective.—E. B. Anderson.

The second trial of Chas. The annual shipment of Texas onions to northern and eastern markets is now on and shippers in the principal onion districts report many carloads of this palatable product en route to northern and eastern consumers. The onion belt of Texas is growing larger and "stronger" each year and an industry which a few years ago was merely a venture is today one of the leading money crops of the farmer of the southwestern part of the state. The onion from the Texas garden fills the leading markets of the world and its popularity with those who are partial to this healthy article of diet is evidenced by the hearty sales of the Texas product.—Commercial Secretaries.

The Panama Canal will recast the trade route of both hemispheres and make Texas the terminal station of the world's traffic. The output of the Mississippi basin will be diverted from eastern and western to southern gateways and a stream of every kind of products will pour through the Texas ports to the markets of the world. Our sea stations will become the greatest traffic producing ports of the country and they will become a port of call for all vessels of northern Europe and the far east. The ships that are engaged in this traffic will secure return cargoes of tropical fruits and other products from South and Central American ports, which will also be delivered to the railroads at the Texas ports.—Commercial Secretaries.

It is a heap better to see the beauties than the uglies in one's home town. To praise is more agreeable than to condemn. All the same, when evils exist they ought to be pointed out publicly and reformed at the earliest possible moment. The way to get betterments is not by ignoring worsements. Still, the one who can see the blooms on the bushes rather than the bugs under the chips is fortunate. To some it is given to see the bright side and to some the dark side. These faculties are easily cultivated. The optimist can, by careful attention to the optimistic business, build up a great satisfaction for himself, just as the pessimist by a long and close application to his penchant for mulligrams can uplift himself for the companionship of ordinarily exuberant human beings, and thereby make for himself a long afternoon of loneliness.—State Press in Dallas News.

TREASURER'S REPORT

The quarterly report of S. T. Wells, treasurer of Mills county, Texas.

We, the undersigned, as county commissioners within and for said county of Mills, and the Hon. S. H. Allen, county judge of said Mills county, constituting the entire commissioners court of said county, and each one of us, do hereby certify that on this, the 12th day of May, A. D. 1914, at a regular quarterly term of our said court, we have compared and examined the quarterly report of S. T. Wells, treasurer of Mills county, Texas, for the quarter beginning on the 1st day of February, A. D. 1914, and ending on the 30th day of April, A. D. 1914, and finding the same correct, have caused an order to be entered upon the minutes of the commissioners court of Mills county, stating approval of said treasurer's report by our said court, which said order recites separately the amount received and paid out of each fund by said county treasurer since his last report to this court, and for and during the time covered by his present report, and the balance of each fund remaining in said treasurer's hands on the said 30th day of April, A. D. 1914, and have ordered the proper credits to be made in the accounts of the said county treasurer, in accordance with said order as required by Article 857, Chapter 1, Title XXV, of the revised statutes of Texas, as amended by an Act of the Twenty-fifth Legislature of Texas, at its regular session, approved March 29, 1897.

And we, and each of us, further certify that we have actually and fully inspected and counted all the actual cash and assets in hands of the said treasurer belonging to Mills county at the close of the examination of said treasurer's report on this, the 1st day of May, A. D. 1914, and find the same to be as follows to-wit:

HORSE OWNERS.

The horse is the principal motive power of the farm and therefore requires the best attention. If he does thrive or eat well, have his teeth attended to. Bad teeth and improper mastication causes more disturbance than any other trouble; causes acute indigestion, colic and diseases of the alimentaries and many other troubles. A stitch in time may save the worth of your horse. Spend a few dollars on your horse before he gets down or is disabled. Bring your horse to me and have him examined and treated. I will be in Goldthwaite the second Saturday in each month to do all classes of veterinary work. Examination free.—Dr. O. M. Walters, Veterinary Surgeon and Dentist, San Saba, Texas.

Familiar Features Well Known to Hundreds of Goldthwaite Citizens
A familiar burden in many a home, The burden of a "bad back."
A lame, a weak or an aching back Often tells you of kidney ills.
Doan's Kidney Pills are for weak kidneys.
Here is good testimony to prove their merits:
Henry Spreen, farmer, Lampasas, Texas, says: "On two different occasions I hurt my back by lifting beyond my strength. After that whenever I caught cold and during winter weather, my kidneys were weak. I had to get up several times at night to pass the kidney secretions. My back pained me and I seemed to lose strength. A friend advised me to take Doan's Kidney Pills and I did. They brought great benefit. I still have the same faith in Doan's Kidney Pills as ever. I am pleased to confirm my previous endorsement."

I. W. Arnold and his daughter, Miss Mosella, were here Monday visiting friends. Mr. Arnold was agent at Mullin some years ago and has a great many friends here as well who were glad to meet with him again.

NOW HER FRIENDS HARDLY KNOW HER

But This Does Not Bother Mrs. Burton, Under the Circumstances.

Houston, Texas.—In an interesting letter from this city, Mrs. S. C. Burton writes as follows: "I think it is my duty to tell you what your medicine, Cardui, the woman's tonic, has done for me.

I was down sick with womanly trouble, and my mother advised several different treatments, but they didn't seem to do me any good. I lingered along for three or four months, and for three weeks, I was in bed, so sick I couldn't bear for any one to walk across the floor.

My husband advised me to try Cardui, the woman's tonic. I have taken two bottles of Cardui, am feeling fine, gained 15 pounds and do all of my housework. Friends hardly know me, I am so well."

If you suffer from any of the ailments so common to women, don't allow the trouble to become chronic. Begin taking Cardui to-day. It is purely vegetable, its ingredients acting in a gentle, natural way on the weakened womanly constitution. You run no risk in trying Cardui. It has been helping weak women back to health and strength for more than 30 years. It will help you. At all dealers.

BROWNWOOD.

J. D. Boon of Fort Worth, professor of Natural Science in Polytechnic college, is in Brownwood today for a visit with his brother, E. M. Boon, and family.

A pretty love affair of several years' standing was consummated yesterday afternoon when Mr. Chester A. Holding and Miss Very Zumwalt were quietly married at the residence of Mr. and Mrs. Jas. C. White on Avenue C.

Rain in the Brownwood country is now becoming a part of the daily program. Saturday, Sunday, and Monday Brownwood was visited with sufficient rain to amount to almost three-quarters of an inch.

The district court this week will consider the jury civil docket. There are a number of cases on the docket and among them are three or four of special interest.

The committees recently appointed by Mayor Looney to make an annual audit of the city books, began their work this morning. The committee is composed of Messrs. B. A. Ludlow, W. H. Etheridge and J. I. Clingman. Several days will be required for the work.—Bulletin.

HAMILTON.

The meeting at the Methodist church still continues under the leadership of Rev. Alanzo Monk the pastor. All the various religious bodies of the town are co-operating in the meeting and the church is well filled each night.

The Park Association and Young Mens Booster Club are actively at work making arrangements for Hamilton's thirty-first Annual May Celebration to be held on the park grounds Thursday and Friday, May 28 and 29.

Miss Alma Snell, who has been doing stenographic work in Houston for the past six months, has been offered a position in the postoffice at Clifton and will probably go there soon. Her uncle, Mr. J. N. Fallis, was lately appointed postmaster at Clifton.

Prof. Geo. J. Mason this week tendered his resignation to the school board as superintendent of the Hamilton Public schools, the same being accepted. The board then elected Prof. T. L. Vance to the position. Prof. Mason goes to Vernon where he was tendered a position as superintendent at a salary of \$1800 a year.—Herald.

LOMETA

Otis Page was here from Goldthwaite Sunday.

Mr. and Mrs. G. A. Swain returned Wednesday from a visit to relatives and friends in Pittsburg.

W. H. Reeves received the necessary papers Monday and was sworn in as postmaster of Lometa. Mr. Enoch retiring after nearly eight years of service.

In the report to Judge John D. Robinson the Mills county grand jury only reported having found eight bills all of which were for misdemeanors. This is a pretty good record.

J. W. Morgan of the Antelope Gap community, was a pleasant caller at the Reporter office Saturday. Mr. Morgan reports things in the best of shape in his section of the country.

At eleven o'clock Sunday night death came as a relief to the sufferings of J. B. Rogers, one of Lometa's oldest and most highly respected citizens. Mr. Rogers had been an invalid for twenty-six years, the infirmity having been caused by his falling and breaking his leg, a wound that never healed.

A letter from Fred W. Turner to P. C. Jackson says that J. C. Baccus, who is to commence oil operations here in the near future, is quarantined at San Angelo. Mr. Baccus had phoned Mr. Turner and informed him that as soon as he was released he would begin the shipment of the big oil drilling machinery to Lometa, and that as soon as the machines could be gotten here and set up that actual work would commence.—Reporter.

SAN SABA.

Mr. and Mrs. Ed M. Dickerson have moved into their elegant new home near the school building.

W. C. Edwards has bought the old "Jack" Crawford ranch six miles east of town from the Burschong heirs. Mr. Edwards will build near the big spring and move to this ranch in the future.

A delightfully pleasant social event of the past week was that of Saturday afternoon, when the announcement was made of the engagement of Mr. John Farr of Ft. Worth and Miss Ethel Phillips of this place.

A deal was closed Monday by which the Ward Hardware Co. sold its hardware furniture and implement business to W. A. Martin. Stock was taken and Mr. Martin is now in charge of the business.

Joe M. Scott reports a pretty close lightning call Tuesday about dusk. The lightning struck a large China tree in the back lot in which the chickens were roosting. His horses were all in the lot. A daughter was standing at the kitchen window at the time and was considerably shocked. No damage was done except one chicken killed, the tree somewhat injured and the stock and chickens stunned.

The road tax was literally swamped Saturday in the special election for commissioners precinct No. 1. By a vote of more than 2 to 1 the voters of this precinct declare they do not want a special road tax of fifteen cents to supplement the road fund. Sloan was the only box in the precinct that gave anything like a majority for the tax. That box went four to one in favor of the tax.—News.

LAMPASAS

J. F. White is again dealing in cattle, having recently purchased 200 head of yearling steers to place in his pastures west of Lometa.

At the First Baptist church the primary department gave a very pleasing program Sunday morning in honor of Mothers' day. Quite a number of mothers and friends were present.

Lampasas baseball teams are making a name for themselves. In the league games at Belton Friday, Saturday and Sunday the Lampasas team defeated the Belton team in three games.

J. A. Gamblin, of Rochelle, McCullough county, is a guest in the home of his sister, Mrs. T. J. Criswell, near Ogle. It has been twelve years since this brother and sister have met before. Mr. Gamblin reports that crops are good and the outlook very encouraging about his home.—Leader.

COMANCHE

On last Sunday morning at 7 o'clock all that was mortal of Mrs. J. E. White passed away.

The state board of education has contracted to purchase the Vandyke school bond issue of \$1600 also those of Comanche Common School District No. 26 of \$2500, and common school district No. 43, of \$1500.

The city council met in regular session Monday night at which time W. L. Reeves was elected water superintendent, vice Green West, resigned, and he will take charge as soon as he qualifies and makes bond, his bond being set at \$1000.

The case of Bert Onstott of near Wilson, in Comanche county, was called in the district court at Granbury last Monday and Tuesday. A verdict of guilty as charged was rendered and a sentence of two years in the penitentiary was assessed. The case is one growing out of the securing of a license in Hood county a few weeks ago for a young couple near Purves, in Erath county, the young lady in the case being under age. It was alleged that Onstott under an assumed name, made a false affidavit before the clerk of Hood county in securing the license and the charge of perjury was therefore made.—Chief.

Whooping Cough.

About a year ago my three boys had whooping cough, and I found Chamberlain's Cough Remedy the only one that would relieve their coughing and whooping spells. I continued this treatment and was surprised to find that it cured the disease in a very short time," writes Mrs. Archie Dalrymple, Cooksville, Ohio. For sale by all dealers. (Ad)

CEMETERY WORKING

There will be a cemetery working at the old Senteritt grave yard on Saturday, May 30. All who are interested in the cemetery by reason of having friends or relatives buried there or on account of having lived in the community in the years gone by are invited and requested to assist in the work. There will be dinner on the grounds and an all day working in order that the grounds may be cared for properly.

SENIOR RECEPTION

One of the prettiest events of the Goldthwaite High School's social calendar was the reception given Friday of last week to compliment the Senior Class. The beautiful and spacious home of Mr. and Mrs. W. E. Grisham was the scene of the occasion, the members of the Mothers and Teachers Club assisting as hostesses. In the long reception hall Mrs. Grisham was first in the receiving line while with her were the officers of the club. The home had a wealth of decorations, the class colors purple and gold were artistically developed in the decorations by the use of daisies and violets and draperies. The stair case was trimmed with ferns and ribbons while in the far end of the hall, against a screen of tall palms and ferns, was the exquisitely appointed punch table overlaid with handsome cloths of lace. Here little Misses Thelma and Vivian Grisham served delicious apricot punch. At the prettily arranged register table Miss Neta and Velma Cockrum favored each guest with a dainty bouquet of violets tied with yellow ribbon.

The progressive game of "Senior" was enjoyed during the evening, scores being kept on violet decorated cards. At the conclusion of the game prizes were awarded to Miss Cryer and Mr. Paul Power, the prize to each being a College Record.

Refreshments of ice cream and cake were served. While the game was in progress delightful strains of music were heard, but at the close of the game a special program was enjoyed. The artists contributing the program included Mrs. John Scott, Misses Lizzie Stephens, Mamie Sherman, Lucille Grisham, Neta and Velma Cockrum and a reading by Miss Ruby Keese.

Toasts were then given to the class, the club, the teachers and hostesses. This was indeed an artistic event and a pretty compliment to the class for whose pleasure it was planned. Mrs. Grisham wore blue tulle with trimmings of lace and handwork. Miss Grisham wore white crepe de chine draped with Persian crepe. Mrs. S. H. Allen, wore an crepe with lace. Mrs. Jeff Priddy wore satin, lace trimmings. Mrs. Jim Cockrum, messaline and lace.

MULLIN

Well, Brother Bob, when you brag on me a little I get a move on me right now. While attending court I heard so many good things about the meeting and your Sunday school it made me almost wish I lived among you.

Mr. P. T. Bell has bought out Haynes & Watson and is now a full-fledged business man at the old Kirkpatrick corner, adding new goods almost daily. We wish him success.

Entertainments and shows and such like come so often that only those who keep close tab can keep any where in guessing distance of what is next. If clubs and lodges will take people to the better world there will be but few in these parts to go down the dark way.

If those who attend the prayer meetings are the only ones left out the crowd will not be crowded.

Another mail route has been let from Mullin to Ratler and the old stand by W. P. Summy being the lowest bidder will start the wheels to rolling July 1. As it is about a 50 mile trip we imagine Brother Summy will often come in tired and wishing there was some other way for the Ratlers to get their mail.

The writer attended the Pickens Springs Sunday school picnic last Saturday and notwithstanding the very inclement weather there was a nice little crowd present and the program gone through with, as though the crowd was great. The speeches and singing were good and the dinner was all that heart could wish. Pickers Springs has a fine Sunday school. One very noticeable as well as commendable feature is they stand by their Superintendent. A good Sunday school in a community is elevating morally, intellectually and religiously. The absence of all games and stands to detract from the main purpose of their picnic needs notice, for it looks like it is almost impossible to have any gathering without being interfered with by base ball games. The Pickens Springs people had a strictly good Sunday school picnic and those who were present seemed to enjoy every moment.

Mixing our religious and worldly exercises to accommodate all classes is a Duke's Mixture that we doubt very much it meeting the approval of Him who said "Ye cannot serve God and Mammon". Since drinking is so unpopular and almost abandoned and cursing only indulged in by irreverent, thoughtless set with few in a hill and far between it is not an easy matter to tell the church member from the non-church member for all look alike without any self denial, go to all places of amusement, whether questionable or not and often to the neglect of church services. Sabbath irreverence is becoming alarming as well as the freeness of speech often indulged in by the sexes that would once have brought blushes to the cheeks. As long as Ministers of the gospel use tobacco they cannot consistently say anything against the boys smoking cigarettes, which we are told by men who profess to know, is ruining the boys of the country and disqualifying them for lifes work. The Bible says "Let him that is filthy be filthy still" and it looks like some preachers construe that as a command to be strictly observed, therefore they stand for their tobacco if all the boys in the country go down trying to keep the same command. Now if any preacher warms up under this kind of writing let them do like they tell their people to do. "Take it to the Lord in prayer".

Now Brother Bob, for fear I will get some fellow poking me in the short ribs for talking about his little idol and sometimes his little idle neither of which he CAN'T quit I will let the matter rest until a more convenient season when they may call for me.

Messrs Leineweber and Shultz each hauled out a silo this week. These gentlemen own fine farms and are making improvements that will roll the dollars their way. They are men of good standing wherever known and if let alone will make that Bayou community spell success.

We were very delightfully and profitably entertained in the home of our esteemed friend W. C. Dew one evening during court. His account of the revival lately held in your city and

the fine Sunday school of which he is superintendent was uplifting, and we came away glad we went. The business men of our country are beginning to take the lead in church work. May their numbers increase and the good work go on.

Yours truly, H. C. COBB.

Therefore, the Ebony picnic will take place on Saturday, June 13. Strange things happen in time of war. Dr. Urrutia, one of the assassin Huerta's strongest supporters and the man who is charged with committing some of the most cruel murders at the command of his butcher-master, is a refugee in Vera Cruz, fearing that the fate meted out by him to those opponents of his lord and master who fell into his hands will be meted out to him by the same lord and master. COST OF PRODUCTION.

The importance of finding the cost of producing the various crops on the farm can scarcely be overestimated. Without a knowledge of the relative cost of the various crops the manager can not determine what crops to grow.

It is not an easy matter to determine the actual cost of growing the various crops. There are many unknown factors that must be considered. The weather is always an unknown quantity in the equation. The cost and deterioration of implements are to be taken into consideration when cost in production is estimated. The efficiency of the teams; the skill and movements of the hands; cost of seeds, plants, fertilizers, etc., are all to be reckoned.

But it is possible to estimate the cost of the leading crops such as corn, cotton, alfalfa, pork, beef, mutton, butterfat, etc., for a series of years, then take the average as the cost of production. This will be a guide for future years. It will assist the manager in planning his rotation and in reducing his costs, livestock and system of farm practice to a more profitable basis.

There is always a question as to whether certain minor crops for feed and for food should be produced or whether it is cheaper to buy these with other crops that can be produced at less expense. For instance, if it is cheaper to buy syrup than to raise sorghum or sugar cane and make the syrup at home then the manager should buy syrup. If it is economical to supply the protein in alfalfa, peas, peanuts or soy beans, these plants should be grown for that purpose; but if another crop can be produced with which to buy cotton seed meal or some other source of protein then grow that crop and buy the protein product.

It would be a comparatively easy matter to ascertain the relative cost of growing the various crops and the several kinds of animals on your farm. This information would be of great benefit to you and you can scarcely afford to neglect it.

Open an account with the crops and animals this year and determine what they are costing you. In five or ten years you will have established a relative cost of production that will help you eliminate the unprofitable animals and enable you to change your rotation to a more profitable system. This method of keeping accounts will help you systematize farm operations by reducing unnecessary expense and establishing the relative cost of production.—Farm and Ranch.

GRATITUDE AND THANKS

To the noble people of Mills county: Words cannot express the gratitude and thankfulness which we have toward the host of friends who so nobly came to our aid in our recent misfortune, but the greatest gift of all for which we are thankful is the gift of so great a number of friends and we hope to some day be able to prove our gratitude by returning each and every favor received.

LAYMEN'S WORK.

The "Rural Free Delivery" of mail has brought the news of the day to every man's door in the country, the "Telephone Exchange" has brought whole communities into talking distance with each other so that everybody is a door neighbor; and the "Parcels Post" has brought the local market for butter, eggs and garden products within easy reach of every housewife; so that there is no further need to go to the post office for the news, no need to visit your neighbor for community gossip, no need to go to the nearby market with your products. But these conveniences have brought about a marked change in the social, the economical and the religious life of the community and have a tendency to settle the rural population contentedly in the midst of their own immediate surroundings and to lessen the disposition for habitual attendance upon the public service for worship at the house of God, and especially if the place of worship is in the nearby town, or just beyond the limit of their own immediate community. But the hunger of the human heart for social and religious fellowship by personal contact and the needs of life for the blessings and benefits of the gospel are not in the least diminished by this readjustment of the social, religious and economical relation.

So it seems that this changed condition in life's environment has imposed the obligation for some sort of readjustment in the means and methods of Gospel supply. And the "Laymen's Movement" in the churches and the "Men and Religion Campaign" have been launched as probably the most effectual means of solving the question in the larger cities and the more densely populated centers. But in the more sparsely settled communities it seems advisable that a simpler and less elaborate method would be more successful. So it is suggested in this connection that in the organized communities "Gospel Teams" composed largely of laymen, be formed under competent leadership and that these teams from the larger centers go out into the less favored communities with the gospel message.

The Fly

The Pest which causes more sickness and disease in general every year than all other pests combined, is here again to cause us endless trouble and annoyance; also to carry filth from outside sources to our kitchens and bed-rooms.

To eliminate the full-grown fly is a task of gigantic proportions; in fact, no matter how many "Fly Swatters" and how much "Tanglefoot" we employ, we cannot hope to get rid of them all.

But we can eliminate their prolific breeding to a marked extent by adopting sanitary measures whereby garbage heaps, manure piles, stables, cow lots, outhouses, etc., are made untenable as breeding places by judicious and frequent applications of

Editor Eagle:

As no one has been feeding the Old Bird from Priddy I thought I would toss him a few crumbs.

We have some sickness in our community now.

Mr. and Mrs. S. E. Baker returned Saturday from Temple where they both underwent operations. Both are very much improved.

Mr. J. T. Priddy has been confined to his bed on account of rheumatism.

Miss Dona Willis has been real sick the last week, but we are glad to report that she is much better at the present.

Mr. Oland Barker, the well known barber of Priddy, attended the picnic at Trigger, and reported a nice time.

Mr. T. R. Priddy made a business trip to Goldthwaite Saturday.

The rains are fine in this part of the county. The people can't do anything but fish, but they sure go after that.

Rev. C. H. Miles was visiting here last week. We are glad to shake the hand of such a good brother.

THE BOYS CORN CLUB RALLY

On last Saturday there was held at the court house in Goldthwaite one of the most valuable meetings, in my judgment, ever held in Mills county. It was the occasion of the Boys Corn Club Rally as previously announced. The attendance of adults was far short of our expectations. This might be due to the fact that because of the excessive rains of late, the farmers did not feel like they could afford to be out of their crops. The meeting was especially for boys, however, and in their attendance there was no disappointment.

At the hour of beginning, 10 o'clock a. m. there were 40 of the Mills county Corn Club boys in attendance. The visiting speakers present were: B. L. Nance of DeLeon, M. T. Payne of Temple, J. D. Tinsley of Brownwood, J. L. Quicksall of Waco and Hon. Ed. R. Kone of Austin. The speaking was carried out along the general line as formerly announced in the program published in the Eagle.

At 11:30 o'clock the boys marched to the Palace of Sweets where the house gave them a cold drink without charge. From there they went to the Goldthwaite National Bank where they were each presented with a beautiful souvenir. They then marched to the court house where the Commercial Club of Goldthwaite had a most sumptuous dinner ready for them. W. C. Dew, president of the Club, was present and saw that every boy of the Club was seated at the table and given a good dinner without cost to the boys.

After dinner a large number of automobile owners in Goldthwaite brought their autos to the court yard where the boys were waiting and took them for a ride about the town. On returning they were marched to the Trent State Bank, where W. C. Dew had provided a register for their names. He then announced that every boy in the crowd would get the Farm and Ranch the balance of the year at his expense.

From the bank they went to the Jewelry store of L. E. Miller to inspect the beautiful fifteen dollar watch offered by Mr. Miller for the best acre of corn grown by a member of the Club.

From there they went to the Clements drug store where Mr. Clements gave them each a cold drink and chewing gum.

As they returned to the court house for the afternoon speaking they were met at the door by J. H. Randolph, vice-president of the Commercial Club, and each presented with a beautiful and useful little memorandum book and pencil.

After the speaking closed, they went to Brown & Lowrie's drug store where they were treated by the house to ice cream.

Then the photographer took a picture of the group, after which all departed for their homes feeling happy.

Mills county may feel proud of the boys, and especially of her own farmer boys. Mr. Quicksall remarked several times during the day that the boys and their friends here made the best showing he had ever witnessed, though he has been in the work for several years. The speeches of the day were intensely practical and forceful. I am sure great good will come to Mills county throughout the future from the day's exercises. We appreciate all that was done by anybody in furtherance of the success of the day.

Now, boys, just do your best. Our business men are providing liberal prizes for the winners in this year's crop. A large number of you will get prizes. We are proud of you and your efforts to make our county a better and more prosperous county.

Respectfully,
S. H. ALLEN

Long Branch School House

This building was abandoned several years ago and the school district was divided between Star and Center City. The building was sold to Mr. W. E. Harper, who has used the lumber in buildings about his place in Star community.

This school house was erected in the fall of 1887 and Mr. J. T. Prater of this city was the first teacher of the school in the building. Among the pupils were: W. E. Harper, Ed. Martin (deceased); Misses Myra Prater, Sallie Miles, Rosa Martin and Dennis Miller. One of the reminiscences of the teacher and pupils is the "spelling match" which spelled down the Center City school, and at the close of the "match" the six pupils named here were still standing.

COMMENCEMENT EXERCISE

Eight Graduates Receive Diplomas from Goldthwaite High School

The closing exercises of the Goldthwaite high school were held in the Page opera house Thursday night and were attended by a large number of the relatives, friends and well-wishers of the eight young people who were to receive their diplomas of graduation at that time.

The principal speaker for the occasion was Prof. Chas. Potts of the University of Texas, whose speech was interesting and full of information. In his remarks he complimented the city for the evidences of progress to be seen in every direction. He spoke of the new school building and complimented Mills county on her magnificent new court house, saying that this was one of the finest and best kept court houses he had ever seen. He referred to the splendid record made by the county in building school houses and in voting special school tax in the various rural districts. He gave figures as well as facts to prove the value of education and commended the young graduates for their efforts and the success of their work.

Earnest Wilson, valedictorian of the class, followed Prof. Potts in an address thanking the teachers for their assistance to his class and also spoke to the members of the class in well chosen words that were evidently as sincere as they were fitting for the occasion.

Mr. W. C. Merchant then delivered the diplomas to the graduating class, giving a few words of praise and advice to each in turn.

Those who received diplomas were: Earnest Wilson, Blake Hudson, Paul Power, Euck Shuler, Roy Hicks, Misses Barbara Cryer, Escie Shuler, Zola Cryer.

MAN KILLED BY TRAIN

The east bound Santa Fe passenger train killed a man near the switch known as Revision, Saturday morning about 10 o'clock. The man was deaf and dumb, and was walking along the track, the usual sounding of the whistle having no effect on him, though he must have moved from the track, as the train which struck him made only a wound in the back of his head. Death was instantaneous.

Inquiry revealed that he had been in Lampasas a month or so ago and stated that he was looking for work, and could do most anything. He stopped at the Commercial hotel. His name was E. H. Brown, and his former home was at Lorena, Mitchell county.—Lampasas Leader.

THE FRESHMAN

Some of the young folks of Mullin presented a play entitled "The Freshman" in the Page opera house last Friday night to a fair sized audience. It was not generally known that the play was to be presented, therefore, many citizens who would have patronized the entertainment did not have an opportunity of doing so. Those who did witness the performance pronounce it one of the best and we hope the young folks will give us a return engagement, when they will doubtless have a full house.

Plant More Hogs

Uncle Sam Advises Texas Farm Boys.

The Bureau of Animal Industry of the United States Department of Agriculture has just issued a communication to the farmer boys of Texas between the ages of 10 and 18 years, urging them to plant more hogs. The Texas farmer lost \$24,000,000 last year because he failed to produce enough pork to supply the local demand and the communication advises his sons to raise enough hogs for home consumption, and if possible, a surplus for the market. Some of the points which the Department advises the youthful hog raiser to bear in mind are:

1. The feeding and care are as important as the breeding in producing a good hog. Plenty of feed and good care will make a good hog out of a runt, but lack of it will always make a runt out of a good pig.
2. To make pork cheaply a permanent pasture and forage crops must be used.
3. Young pigs must have a dry bed and plenty of sunshine.
4. Begin feeding the pig as soon as he will eat, and keep him growing until he is mature.
5. Always keep plenty of clean, fresh water where the hogs may drink at any time.
6. Quarantine all newly purchased animals for three weeks.
7. Never keep a female for a brood sow, no matter how well bred she may be, if she will not produce more than four strong pigs at a litter.
8. The more milk a sow will give the faster her pigs will grow.

The latest census reports which relate to January 1st, 1914 show there are 2,618,000 hogs in Texas with a total value of \$22,515,000. This is an increase over the previous year of 125,000 head and \$1,574,000 in value. At every census during the five years prior to 1914 a steady decrease in the number of Texas hogs is shown. The values, however, have steadily increased. A decade ago the Texas hog was worth \$4.68 per head, but Uncle Sam's latest valuation is \$8.60 per head.

The growing demand for young Texas raised pork has become so strong that he is going to market a year earlier and at the weight of 219 pounds, while a quarter of a century ago the average marketing weight was 275 pounds.

7 HIGH-PRICED DOCTORS O. K. IT.

All Approve Dodson's Liver Tone as the Safe, Family Remedy for Constipation and Lazy Liver.

There are most excellent reasons for R. E. Clements standing back of Dodson's Liver Tone with an unconditional guarantee to refund purchase price (50 cents) to you at once without question in event of any dissatisfaction.

Seven of America's very highest priced physicians, who were consulted regarding Dodson's Liver Tone and who analyzed this vegetable liquid remedy carefully with all their skill, knowledge and experience, have all agreed on its superior merit, harmlessness and effectiveness. Dodson's takes the place of dangerous calomel in constipation, biliousness, sluggish liver, sick headache, etc.

Each of these physician's fees was heavy enough to stagger most men; but their judgment is worth all its cost, particularly, if it will be the means of leading more people to refuse to run dangerous risks by taking calomel and other violent remedies.

Dodson's Liver Tone not only relieves the sufferer from constipation and kindred ills, but does it easily and naturally, without ache, pain or gripe, with no bad after-effects, without interfering with usual duties and habits, and absolutely without danger—which is one reason it can carry an iron-clad guarantee. It has proved a boon to so many that it is recommended for you to try at once. (adv)

Interesting Facts Regarding the Laboratory of the Chamberlain Medicine Co., Des Moines, Iowa.

A person purchasing a bottle of Chamberlain's Cough Remedy has no conception of the magnitude of the laboratory where this medicine is manufactured. The machinery and apparatus used in its preparation was designed especially for the purpose and cost several thousand dollars. Europe South America and the United States supply the various ingredients of this remedy, and only the highest obtainable quality is used. No pains or expense has been spared in making it as nearly perfect as possible.

A force of helpers representing homes enough to populate an average Iowa town are regularly employed at the plant of the Chamberlain Medicine Co., at Des Moines, Iowa. Their printing department, which is usually overlooked in calculating the expense of a business of this kind, ranks as one of the best in the state, and is thoroughly equipped with automatic presses and folders of the latest improved type. Here enough print paper is used in one year to spread over ten farms of 160 acres each, upon which is printed advertising matter, directions and labels in twenty-eight different languages and dialects. Enough lumber is used in making the cases in which the medicines are shipped to build an eight room house on each of these ten farms every 3 months. The bottles used by this firm each year, which are filled by machinery at the rate of 2,000 per hour, if placed end to end would reach across the United States 7 times or almost encircle the globe. —Advertisement.

Sick Headache.

Mrs. A. L. Luckie, East Rochester, N.
