POMPEY CREEK.

Editor Eagle:
Farmers are busy having their grain threshed. Crops of all kinds are very promising.

Mr. Charley Smith is off duty for a time. One day last week, while working at a thresher at Oak Cluster farm, a mule pawed his left hand so badly that he has been unable to use it since.

Miss Nobia Carlisle has purchased the piano which Mr. Lee placed in her care sometime since.

Miss Jewel Warren purchased the organ recently owned by Miss Nobia Carlisle.

Mr. and Mrs. Willie Jenkins visited Brownwood one day last week, Miss Minnie Jenkins being in school at Brownwood.

Clark Isenhower went to Goldthwaite Saturday of last week.

Rev. Davee of Goldthwaite preached here last Sunday week.

Rev. A. R. Watson of Mullin is contemplating conducting a revival meeting here, to begin sometime about the third Sunday in July.

Misses Tilly and Cordelia Adam of Zephyr, Mr. Solly Neesmith and another young man were guests of Miss Jewel Warren Sunday of last week.

We failed to get our communication posted in time for last week's paper.

Mr. Jack Breazeale left for Angelina county one day last week on receiving a message announcing the serious illness of his father.

Mrs. Elza Smith and children visited her parents, Mr. and Mrs. Johnson, near Democrat one day last week.

Mrs. Ed Carlisle was the guest of Mrs. Webb Perkin Saturday night.

Many of the men of this community attended the show at Mullin Saturday night.

Messrs. Will Black and Webb Perkins contemplate shipping their thresher to Childress county shortly.

JOAN OF ARC.

A SUCCESSFUL SALE.

Addition to Goldthwaite Opened With Encouraging Results.

Messrs. W. A. Gamble and C. F. Guess, two experienced real estate men, opened the College Hill addition to Goldthwaite this week and sold a number of lots at public auction Monday afternoon.

In his address to the crowd assembled on the addition at the time of the sale, Mr. Guess paid Goldthwaite a number of high and well deserved compliments. He said he had met with no knockers here and that in all of his experiences he had never seen a town that could surpass Goldthwaite in citizenship, progressiveness, scenery and favorable conditions. He also gave the people of this community much and deserved praise for erecting such elegant school buildings and spoke confidently of the necessity for an additional school building in the near future. He dealt with facts and conditions and his expressions were true and his conclusions logical. Some of his hearers may have thought him too optimistic, but it is simply a case of a visitor seeing the advantages and encouraging conditions that the local people can not appreciate fully because they are used to them.

Messrs. Gamble & Guess gave away \$50 in gold at the time of the sale of lots and this money was secured by Grady Malone, a deserving young man of this community.

These gentlemen will likely return here to sell some more of the lots at the time of the fair, at which time they will have an opportunity to meet more of the people of this section. They both made many friends while here and we will all be glad to have them visit this city frequently in the future.

Frank Geestin and wife are the proud parents of a fine girl, who arrived in their home Monday morning.

MAIL ROUTE TO PRIDDY.

Some of the interested parties have been notified that the postoffice department has determined to establish a mail route from this place to Priddy, by way of Caradan. It is proposed for the mail to leave Priddy at noon and connect at Caradan with the Star route from this place to Caradan. Returning to Priddy, the carrier will leave Caradan at 2:30 p. m. and reach his destination at 5:30. This plan will place the patrons of the Priddy office in direct connection with the county seat and will enable them to get mail from this place as well as from all other points much earlier than they now get it. Mail arriving on the morning trains from either direction will reach Priddy the same day it arrives at this place and the route will be advantageous in many ways. This is the route twice petitioned for by the people of that community and the Commercial club of this place has assisted them as much as possible in getting the route, but much of the credit for the successful termination of the effort to secure an advantageous route for Priddy is due to our Congressman, Col. Jes. L. Slayden, and his secretary, Mr. Chester Harrison.

GRISHAM LINDSAY

Miss Mymee Grisham and Mr. Percy A. Lindsay were united in marriage at the home of the bride's parents, Mr. and Mrs. J. W. Grisham, on Winter street in this city Wednesday evening. Rev. W. R. Hall, pastor of the Presbyterian church officiating. Only a few intimate friends were present. Their friends extend congratulations.—Merlin Democrat.

Mrs. O. B. Caldwell and son, Will, Jr., left Monday to visit with Mr. Caldwell in Lometa. The latter has been quite ill but is now improved.—Temple Telegram.

W. E. Doggett is one of the prosperous young farmers who subscribed for the Eagle this week.

G. M. Long of Big Valley was one of the good men who dropped a dollar in the old Bird's claw last Saturday.

Mark Leverett is numbered among the new subscribers to the Eagle. He is not a new reader, however, but has just set up housekeeping for himself and one of the regular sites for a home is a subscription to the county newspaper.

McKinley-Corrigan Co. have moved their hardware department into the new Harrison building, adjoining their dry goods department on the south. This gives them a large floor space and enables them to make a much better display of their entire stock. They have also had some attractive sign work done on the front of their store.

J. M. Sanderford was one of the good men of Priddy community who had business in the big town the first of the week.

A POPULAR COUPLE.

Duke Clements and Miss Tillie Saylor Married.

W. D. Clements and Miss Tillie Saylor were married at the home of the bride in this city Monday evening in the presence of relatives and a few close friends, Rev. J. C. Newman, pastor of the Baptist church, officiating.

This is one of the most popular young couples in the city and all who know them are delighted to have the opportunity of extending to them wishes for a long and happy life. The groom is the courteous and efficient assistant postmaster and is a son of Mr. Phil. H. Clements of this city. He was reared here and always had the confidence, esteem, and friendship of the people of this community. The bride is a daughter of Mr. W. W. Saylor and she too was reared in this community and is one of the most admired and highly esteemed young ladies that ever grew to womanhood here.

There never has been a young couple married here that the Eagle could congratulate more heartily or extend more cordial good wishes. We esteem them both very highly and admire them greatly. May all the happiness this life can give be theirs and may no shadow ever cross their pathway.

The young people have gone to housekeeping in their new home which was recently purchased and remodeled by the groom. It is located on Uryhart street just west and adjacent to the home of his parents.

FERGUSON SPEAKS.

A Good Crowd and Respectful Attention for the Speaker.

Hon. James E. Ferguson of Temple spoke on the court house lawn in this city Monday evening in the interest of his candidacy for the Democratic nomination for governor.

Mr. Ferguson was met at the depot by some of his loyal supporters who had also secured the band for the occasion and he was given a cordial reception and escorted to the place prepared for the speaking, where he was introduced by Capt. D. T. Bush, chairman of the Ferguson club of this place. There was a large audience present to hear him and he was given close and respectful attention. The audience was made up largely of town people, as the farmers are too busy at this time to give much attention to political speakers.

In his talk Mr. Ferguson discussed pretty much the same subjects as in his other speeches, one of which was published in this paper a few weeks ago. He told of his policies regarding tenant farming, the control of the penitentiaries, the uniform text book law and other subjects, but there were no new issues brought out in this speech. He paid his respects to Col. Ball and some of the leading supporters of the Houston man, as well as to some of the policies of that gentleman.

He left on Tuesday morning's train for Coleman and other points west to continue his campaign.

ACCIDENT AT MULLIN

Charley Hancock happened to a severe accident Monday evening at Mullin whereby his leg was broken and his instep was badly injured or broken. He was riding in his buggy when his horse stumbled and broke a part of his harness, which caused the animal to take fright. Mr. Hancock either attempted to jump from the vehicle or was thrown out, with such force that the injury resulted. He was carried to Temple sanitarium on the train that passed through the town a few moments after the accident and is reported to be resting well and recovering nicely. The first report stated that his ankle had been crushed, which would probably have made him permanently crippled, but this has proved to be incorrect as the ankle was not injured.

HAPPY HEARTS.

Mr. G. M. Long and Mrs. Joan Bull were married at the Baptist church in this city Wednesday night, Judge S. H. Allen officiating. This marriage was quite a surprise to the friends of the contracting parties, but we are all glad of the opportunity to express our good wishes for them.

Mr. Long is one of the best men of the Big Valley Community, or anywhere else. He is a good farmer and a substantial and upright citizen. His bride is a daughter of Mr. A. J. Alvis and was reared in this community, where she has a host of admiring friends.

The Eagle joins in extending congratulations and good wishes to Mr. and Mrs. Long.

ICE CREAM SUPPER.

The B. W. M. W. of Rock Springs will serve ice cream and cake at the school house in that community next Tuesday night, which is the time for speaking by the county candidates at that place. Those who attend the speaking should not fail to patronize the ice cream stand.

THE UNITED STATES CREAM SEPARATOR

1914 MODEL

Remarkably Easy to Operate

The 1914 model U. S. Separator is one of the lightest running Cream Separators made.

The 1914 model U. S. Separator is operated with about half the power of older models and must not be confused with them.

The accompanying picture shows the comparative size of old model and new model United States Separator bowls of the same skimming capacity. The new, small bowl runs with half the power required of old model separators.

Furthermore, this light running is not gained at the expense of solid durable construction.

You are invited to call and try one of these U. S. Separators. Or we will gladly bring one to you.

Attorney General Looney has filed an anti-trust suit against the Texas Business Men's association which has headquarters in Fort Worth and he asks for an injunction to restrain the association from using its funds for political purposes during the pendency of the suit.

The attention of the Commercial Club and the Ladies Self Culture Club is directed to the article in this issue regarding the Texas building at the Panama-Pacific exposition. Mills county should be well represented in the contributions for this building and one or both of these clubs should undertake the work of securing the funds.

Nearly half of the historic city of Salem, Mass., was destroyed by a fire that raged last Friday in its business and residence districts. A number of people lost their lives in the fire and property was destroyed to the value of ten millions of dollars. It is stated that fully 15,000 people were rendered homeless and many who had been wealthy were made penniless.

EDUCATIONAL RALLIES.

Beginning Sunday morning, June twenty-eighth, there was begun a series of Educational Rallies reaching almost every church in the Mills County Association. Dr. J. M. Carroll, president of Howard Payne college, Prof. Thomas Taylor, and other visitors, in company with the pastors of the association, are conducting the rallies. It is desired to give two nights and a day to each church and everybody is urged to attend for they are intended to be a great spiritual uplift to all the people. Where people can arrange to have dinner on the grounds, it will add much to the service.

The rallies yet to be held are as follows:

Center City and Buffalo, Saturday and Sunday, July 4, and 5.

Live Oak, Sunday night, Monday, and night.

North Bennett, Monday night, Tuesday and night.

Mount Olive, Tuesday night, Wednesday and night.

Indian Gap, Wednesday night, Thursday and night.

Priddy, Thursday night, Friday and night.

Big Valley, Trigger Mountain, and Mullin, Saturday and Sunday July 11 and 12.

The committee earnestly desires the co-operation and attendance of all the people and as much of the time as the pastors of the association they can give to this work.

The Goldthwaite Eagle

PUBLISHED EVERY SATURDAY

ONE DOLLAR PER ANNUM

Entered at the Goldthwaite post-office as second class mail matter.

R. M. THOMPSON, Editor

The Japanese are still complaining about the alien land law of California.

Fire at Belton Sunday morning at an early hour destroyed the office and printing material of the Belton Journal, which was one of the best equipped country printing offices in the state.

The announcement has been made that John D. Rockefeller has donated \$2,550,000 to the Rockefeller institute of medical research in New York. This makes a total of \$12,550,000 he has donated to that college.

Archduke Francis Ferdinand, heir to the Austro-Hungarian throne, and his wife, the Duchess of Hohenburg, were assassinated in Sarajevo, Bosnia, Sunday by conspirators. One threw a bomb which missed its mark and the other fired with a revolver, killing the duke and his wife instantly. There appears to have been no special grievances on the part of the assassins.

The parcel post system has grown to immense proportions and its benefits are many. There are numbers of people who thought the system would be detrimental to the local merchants when it was first inaugurated. It has now become enthusiastic in advocating its extension. The success of this system is being converted to the government theory.

Plagues have been seen in Texas towns. The appearance of weeds in the city officials could afford to pay for the cutting of weeds around vacant lots. The Eagle would like for the club ladies or some other organization to take the matter in hand and get the folks to take some hoes and rakes in hand and cut the weeds from the side streets and alley ways.

A special from Austin says: "Fishermen have shown an unusual interest in the recent ruling of the attorney general's department that all bodies of water in Texas, whether created by artificial means or of natural formation, are free to everybody for fishing purposes, even where such lakes or ponds are surrounded by privately-owned lands. In the latter case the fisherman must be given access to the water and egress with the necessity of a permit. Under this ruling the several private fishing preserves in Texas are thrown open to the public. There are a number of clubs which have heretofore claimed exclusive right to certain lakes and ponds in the matter of exercising the fishing privilege on their respective properties. If a body of water is more than thirty feet wide, any person can fish in it."

Zacatecas fell into Gen. Villa's hands, just as all other federal strongholds have fallen when that mighty man and soldier determined to take them. Natera, whom Carranza hoped to have succeed Villa, lost Texas after a hard fought battle and it was then reported to be invincible, but with Gen. Villa there are no invincible strongholds—he takes them all. He announced that he would eat dinner today in the City of Mexico, and while he may have succeeded in accomplishing the task so rapidly, there is no denying that he always calculates correctly. The time is not long when he will march triumphantly into the capital city of the drenched republic and reach that point, he will execute the assassin-brute in the title of president thru Viva Villa!

COL. SLAYDEN ANNOUNCES.

Col. Jas. L. Slayden, who has represented this district in the congress of the United States for the past eighteen years, announces in this issue as a candidate for re-election.

Col. Slayden is known personally to many of the people of Mills county and has always been popular here. He is also a Mills county land owner and tax payer, which adds to his political strength in this county. He is a man of fine ability and has many qualifications that are helpful to him in his official duties and add to his popularity with the people. His ideas of government have been made clear to the people here in the speeches he has made in the past and especially did he give his views on some of the important questions in a speech delivered in this city a few weeks ago, a synopsis of which appeared in this paper. He expects to return to the county, however, before the end of this campaign and will deliver at least one address and possibly others, but he has an appointment to speak at Mullin in the near future.

Those who are acquainted with Col. Slayden and his official record are fully aware of the fact that he gives close attention to the interest of his district and a letter to him or any other manner of communication always receives prompt attention and none of his constituents are too insignificant to command his service in matters connected with his public duties. His long and faithful service is appreciated by the people and he has many warm friends and strong supporters in this county.

GOOD ROADS

An optimist was never known to oppose road or street improvement.

Economy in all of its angles is embodied in the question of good roads.

The best way to get road improvement is to begin with the split log drag. The habit then becomes contagious.

Candidates who are afraid to advocate improved roads had best stay at home. This means that they are untrue to their expressed desire to save the country.

Ministers of the gospel need have no misgivings about preaching good roads from the pulpit. Just as certain as there is a straight and narrow way that leads to Heaven, the question of improved roads means a better world on this earth.

HOMER D. WADE.

LEBAM WASH.

Editor Eagle:

After the excitement of the fire has run down, I will try to give the grand old Bird a few brief bits. One of the most destructive fires I ever witnessed in my life is as follows: The fire started in the bark room of the saw mill and in about six hours had consumed about \$1,000,000, worth of property. There are lots of people here at the present time who do not know what they will do. It all depends on the Mill and Timber company. If they do not rebuild, we people who had our houses left are in worse shape than those whose houses burned, that is if they were insured. But trusting the future to bring all right again. I remain,

A. F. SHAW,

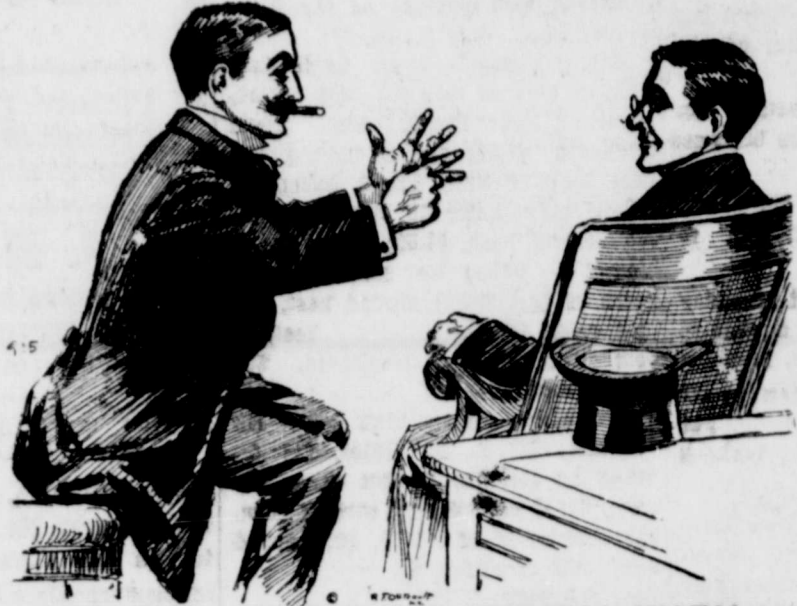

FIRE AT ZEPHYR.

Wednesday night about 9 o'clock, the Zephyr postoffice and Woodmen building caught fire and in less than one short hour, this splendid two story building had been reduced to a mass of ruins.

The fire originated down stairs in the rear of the building, but just how it caught is not known. When first discovered, the blaze was very small and possibly could have been put out if plenty of assistance and sufficient water were available.

All the mail, including the fixtures, in both the postoffice and Woodman hall, were destroyed, saving absolutely nothing. The Woodmen loss is \$500 or more without insurance. Mr. Wood carried insurance to the amount of \$600 on building and fixtures. He was at the Masonic hall when notified of the fire, having closed up the office only about thirty minutes before.—Zephyr News

GOLDTHWAITE MAN'S LUCKY FIND.

Will Interest Readers of the Eagle.

Those having the misfortune to suffer from backache, urinary disorders, gravel, dropsical swellings, rheumatic pains, or other kidney and bladder disorders, will read with gratification this encouraging statement by a Goldthwaite man.

J. C. Fulton, Goldthwaite, Texas, says: "About three years ago I was taken down in bed with a severe pain in the small of my back. Often I was so bad that I had to have assistance in changing from one position to another. The kidney secretions were too frequent and painful in passage and highly colored. I decided to try Doan's Kidney Pills, as I had often heard that they were good for kidney troubles, and I procured a box at Clements' Drug Store. I noticed improvement after I had taken a few doses, and after I had finished two boxes, I was able to go back to work."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Fulton had. Foster-Milburn Co., Props., Buffalo, N. Y. (adv)

EASY TO PUT LIVER "TO RIGHTS" NOW.

Constipation Can Now be Easily and Safely Overcome Without Use of Dangerous Calomel.

Seven of the best known and highest priced physicians in the United States agreed that Dodson's Liver Tone is a perfectly safe, easy and pleasant remedy to take instead of calomel for constipation, sluggish liver, etc. It has none of the disagreeable and often dangerous after-effects of calomel, which is only a form of mercury.

Dodson's Liver Tone is sold and guaranteed by R. E. Clements, who will refund purchase price (50c) instantly and with a smile if you are in any way dissatisfied.

JAIL DELIVERY IN HAMILTON.

It became known about five o'clock Tuesday afternoon that Guy Snellings, in prison as a suspect in a Hico burglar case, had broken out of jail and made his escape.

He had been allowed the privileges of the runaround Tuesday afternoon, and effected his escape by loosening the cement with a bar he had taken out of the cell, and working a hole in the wall on the north side of the building. He fastened a bed blanket to the hole by means of a wire cot frame and let himself to the ground. It was thought he had been gone something over an hour when his absence was discovered.

Sheriff J. E. Beck and Deputy Wm. Lemmons immediately instituted a search, and Mr Beck succeeded in capturing the fugitive in Hico about three o'clock Wednesday morning.—Hamilton Record.

MR. TAFF DEAD.

Mr. Ike H. Taff died at the Taff Hotel in this city Wednesday evening at 6:30 o'clock and his remains were laid to rest in the Odd Fellows' cemetery Thursday morning.

Mr. Taff was an old citizen of this section, having located in San Saba county thirty-seven years ago. He moved to this city in 1903 and made his home here with his son, Mr. Joe Taff. He was 70 years of age the tenth day of last December, and up to the time of his last illness, was very active for one of his age. He leaves two sons, Mr. Jeff Taff of Edna, Jackson county, and Mr. Joe Taff of this city, and two daughters, Mrs. Julia Henderson and Mrs. Vina Henderson, both of McCullough county. The last three named were at his bedside at the time of his death as was his sister, Mrs. Martha Henderson, of Voca. Mr. Taff was of a jovial disposition and had a wide acquaintance and many friends, who extend sympathy to the bereaved family.

SOCIALIST ENCAMPMENT.

The Mills county Socialist encampment is to be held July 26, 27, 28. Among the speakers will be W. S. Noble of Rockdale, E. R. Meitzen of Hallettsville, and John A. Currie of San Antonio. The place for holding the encampment has not yet been announced, but will be either Goldthwaite, Mullin, or Williams Ranch.

THE TEXAS BUILDING.

The Panama-Pacific Exposition Commission of Texas, at a recent meeting in San Antonio, adopted plans for the Texas building. It is to be 150 feet long by 60 feet wide, and is a replica of the State Capital at Austin. The exterior of the massive granite capitol building will be carried out in stucco, and the building will be reduced to a scale of approximately one-eighth its present size. The interior will be arranged for exhibits and rest rooms for visitors.

It is sincerely to be hoped that the people of Texas will respond generously, and assist the Texas Commission in a financial way, to the end that our Texas building and exhibits will be a credit to the State. The commission is making every effort to collect enough funds to begin construction of the building by the first of August, and subscriptions in amounts from one dollar up will be received by Mr. J. T. Bowman, Secretary of the Commission, at Austin, Texas is a great State, and her resources should be displayed at the Exposition to the millions of people who will attend same next year.

IMPORTANT ADVICE.

Boys Corn Club of Mills County.

Dear Boys: You no doubt have received full instructions respecting the cultivation of your crop. It was my purpose to place in the hands of each member this information. As it may be impossible that I visit you, I wish to urge, in this letter, that you follow up these suggestions, completely. The fact that we have had an abundance of rain makes the necessity greater that we keep up the proper mulch that our crops will pass safely through that dry spell which perhaps is now upon us, or which is sure to come before our crops are fully matured.

Your corn should now be in safe condition, if you have followed out fully the instructions. If you have maintained the proper mulch, all is well, but if you have failed in this particular and your corn land has been permitted to harden in consequence, you may expect to see your corn go down very fast in the next few days, if it does not rain. That you may avoid this possibility with your cotton, you should again review the instruction given you. Read carefully the "A" circulars, note the value to the plant growth of your soil mulch, its necessity to moisture conservation, and study how this condition is procured. You have already done your deep cultivation, you cannot afford to go deeper than this in the further process. With cotton especially you must do shallow cultivation. If the weeds are grown you can keep up your mulch perhaps better by the use of the harrow, the scratcher or some similar implement. Do not be too quick to "lay by" your crop, this is often at great sacrifice. It has been fully demonstrated that late shallow cultivation, carried up to the point of maturity, is a paying proposition.

I trust that you will be interested in the Fair which will soon take place in this county. This is a great institution and offers a rare opportunity to exhibit your ability as farmers. I will be pleased to see each of you in one or more of the contests therein offered. I shall request the management to place in your hands all necessary information that you may be ready. This will not interfere in any sense with your corn club contest which must necessarily come later, and of which you will be informed in ample time.

Now do your best and remember I am placing much faith in you, feeling that success will crown your efforts. When I can serve you, command me.

Your Friend,

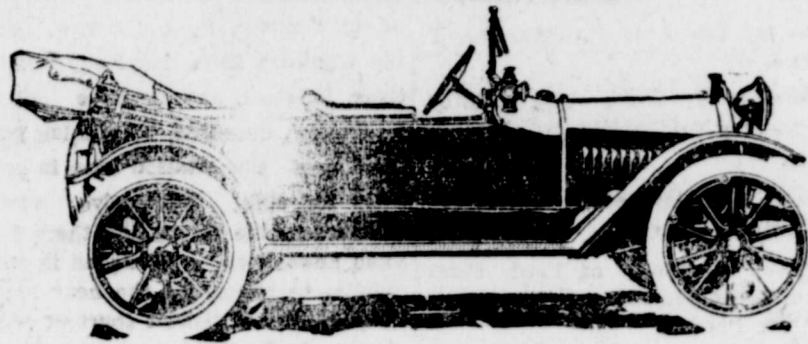

O. H. ROEBINS.

Hupmobile

"The Car of the American Family"

Note This:

A big proportion of our Hupmobile sales are the direct result of the recommendations of Hupmobile owners.

Hup owners here—and everywhere—get continuous service from their car.

Not only that—they get this service at a surprisingly low cost.

For the Hupmobile costs less to run—costs less for gasoline, for oil, for tires and for repairs.

Prove It

You can easily prove this to your complete satisfaction—ask any Hup owner.

He will tell you that his Hup is in commission day in and day out.

He will tell you that his Hup is "easy" on gasoline, "easy" on oil, "easy" on tires.

When you have this testimony—give us a chance to show you how well the Hup rides—to point out some of the reasons why Hup service is continuous and economical as well.

These vital facts you ought to know.

Many farmers or stockmen are putting silos in position to store corn and other feed for their stock. The silo is the solution of the feed crop difficulty in this section in dry years and is advantageous at all times. Corn and other feed crops always sufficiently mature for storing in silos, even if the hot wind prevents the making of a full yield.

THE STATE OF TEXAS.

To the Sheriff or any Constable of Mills County—GREETING:

Oath having been made as required by law, you are hereby commanded to summon S. L. Darrow, and the unknown heirs, legal representatives, legatees, and devisees of S. L. Darrow, deceased, by making publication of this citation once in each week for eight successive weeks previous to the return day thereof in some newspaper published in your County, to appear at the next regular term of the district court of Mills county, to be holden at the Court House thereof in Goldthwaite on Monday the 5th day of October, 1914, then and there to answer a petition filed in said court on the 26th day of June, A. D. 1914, in a suit, numbered on the docket of said court, No. 13, wherein E. B. Anderson and Mrs. Jinx Smith are plaintiffs, and S. L. Darrow, and the unknown heirs, legal representatives, legatees and devisees of S. L. Darrow, deceased, are defendants, said petition alleging that the plaintiffs on or about the 1st day of January, 1914, were lawfully seized and possessed of the following described land and premises, lying and being situated in the city of Goldthwaite, Mills county, Texas, known and described as Lots Nos. Eleven (11) Twelve (12), Thirteen (13), Fourteen (14), and Fifteen (15), in Block No. Nineteen (19) according to the plat thereof made by A. S. Haynie, Engineer, holding and claiming the same in fee simple; that on the day and year last aforesaid, the defendants unlawfully entered upon the said premises, and ejected plaintiffs therefrom, and unlawfully withheld from them the possession thereof to their damage in the sum of \$500.00.

Notice is hereby given of the filing of Transfer of vendor's lien on said lots by G. C. & S. F. Ry. Co. to Whit Smith dated Jan. 9, 1909, retained in the deed from said company to S. L. Darrow, securing the payments of said notes, and from Whit Smith to R. L. H. Williams, dated Dec. 16, 1909, of a one half interest in said notes and lien, and from Mrs. Ellen Williams, wife of R. L. H. Williams, deceased, to W. E. Egger dated July 17, 1913, and from W. E. Egger to E. B. Anderson dated April 30, 1914, to be used in evidence in behalf of the plaintiffs.

Plaintiffs further allege that the nature of the claim of the defendants is unknown to plaintiff, except that the defendant S. L. Darrow is a grantee in a deed from G. C. & S. F. Ry. Co. to S. L. Darrow dated Sept. 28, 1885, conveying to him the said lots, in which a vendor's lien was retained to secure the payment of the purchase money notes given therefor.

Plaintiffs pray judgment for the title and possession of the said land and premises, and the defendants equity of redemption be barred and stopped and for such other and further relief to which they may be entitled in law or equity.

Herein fail not, but have before said court on the 1st day of the next term thereof this writ with your return thereon, showing how you have executed the same.

Witness L. E. Booker, Clerk of the District Court, Mills County, Texas.

Given under my hand and seal of said court in the city of Goldthwaite, this the 26th day of June, 1914.

Thos. H. Ball Tells of Methods His Opponents are Using. An Indorsement by the Ministers of Houston.

To the People of Texas:

A candidate for Governor, and the organized liquor interests of this state, one to obtain office and the other to serve their business, are making a desperate effort to divert the minds of the voters of Texas from the real issues involved in this campaign, and thereby divide the forces in this State which stand for clean politics and good government.

My headquarters at Dallas has received, and my personal mail has contained so many requests for individual answers to various campaign falsehoods, that I am going to trespass upon the press of the State to do me the courtesy to allow me the use of their columns to make reply to some things which I have neither the time in public speech or by correspondence, nor the inclination, to answer, and which, if I alone were concerned, I would not dignify with a reply.

In addition to Mr. Ferguson's campaign fund of \$30,000, which he stated was set aside by him, an unlimited slush fund is being used in this state, as is known to every intelligent man, to encompass my defeat, whereby the liquor interests of Texas and their hirelings would be the dominating factor and hold the balance of power in Texas for many a day to come.

Hundreds of low creatures who take this dirty money are now circulating throughout the State under various aliases and pretended lines of business, to disseminate slanders upon me and to destroy my reputation in order that they may escape the consequences that would result from my election. Here are some of the things that are being said in order to prejudice my candidacy:

It is charged that I am a member of the Houston Club and the Country Club in the city of Houston; that said clubs are licensed to sell liquor and that I am a stockholder therein; that large profits are derived therefrom and dividends declared in which I participate and share; that I have accepted from a saloonkeeper a contribution of \$2,000 to my campaign fund; that I am a constant drinker and have large bar bills, some of them unpaid, that I have an interest in a number of saloons; that I have houses rented in which liquor is sold; that I have an uncontrollable appetite for drink and frequently have to be carried home in the unfortunate condition resulting therefrom. One man is going up and down the streets of the city of Fort Worth telling that I have to drink a quart of liquor a day in order to get through the day's business. Some of these hired agents from whom I have heard profess to be from Houston and to be friendly to me, saying that they intend to vote for me, notwithstanding these regrettable things.

Space will not permit the mention of all the slanders of this kind which are being circulated in the hope of helping my opponent and saving the business of a class of people who would be giving me their unequalled support if they believed what they say of me to be true.

The facts are that, while I have not been a total abstainer all my life, I have not for many years drank liquor of any kind, not even beer, and any statement to the contrary from any source is absolutely false, and the man who utters it is either grossly deceived or basely unscrupulous. I have never in my life rented a house to a liquor dealer; I have never had an interest in a saloon; I have never received a dollar's profit from the sale of liquor; I have never received a dollar's contribution from a saloon keeper, and the business man whose name was given as being such a contributor has denied in emphatic terms and pronounced their statement a falsehood, that he owns any interest in any bar at the Rice Hotel or elsewhere, and states that he has only given \$100 to my campaign fund because I would not accept more.

As to the Houston Club and the

Country Club, it is true that I am a member thereof, and was when I conducted the great prohibition fight in 1911, and was, as stated by me, when I accepted the endorsement of the Fort Worth Convention. The membership fee in each of these clubs is \$100 and the dues of each is \$50.00 per annum, payable quarterly. Neither club issues any stock and neither declares dividends nor have I or any member thereof received or shared in any profits therefrom.

These clubs were organized by business and professional men in the city of Houston, just as similar clubs exist in every large city in Texas and elsewhere. The members are more than 5,000 in number, including bankers, wholesale and retail merchants, lawyers, doctors, editors, judges on the bench, and the district attorney. The membership consists of both prohibitionists and anti-prohibitionists! In addition to reading room, library and parlors, each club has a large dining room, capable of seating 200 people at a time. The Country Club has large grounds with golf links and tennis courts. Members of the club entertain their out of town guests and their families, but residents of the city who are not members are not entitled to the privileges of either. Drinks are served, if a member desires to order them, for which the member pays, but no one not a member is permitted to order or pay therefor, each member paying for what he eats drinks or smokes, and for his golf sticks and service. No guest, however distinguished, would hesitate to be entertained there and no member of the club would hesitate to have his wife or daughter, or their friends, as his guests. Liquors are served as they are by every first-class hotel or restaurant in the city of Houston or any other wet city, and as they will be served until prohibited by law.

I have not seen fit, as a business man and a professional man, to cut loose from my friends and associates and refuse to be a member of such entirely reputable organizations because the sale of intoxicating liquors is allowed, nor have I refused to put up at hotels where liquors are served, nor to have my headquarters in the Southland hotel at Dallas, where liquors are served, although I am anxious for the day to come when it will be unlawful to sell liquor anywhere in Texas, either in barroom, hotel, club or elsewhere.

The radical difference between Mr. Ferguson and myself is that he seeks to make a political issue of my membership in the Houston Club—to which he obtained admission as the out-of-town guest of a member—by holding it up falsely as a disreputable place, and then proposes to protect himself from any loss of support by members of this and other clubs or fraternal orders in Texas which serve liquor, by promising to veto any legislation that will affect them or the sale of liquor in hotels, barrooms or elsewhere, or that will take the liquor hirelings out of politics, or prevent breweries and barrooms from contributing to candidates or any political cause; while I am pledged to submission and the prohibition of the sale of liquor in barrooms, hotels, clubs or elsewhere in Texas, as soon as prohibition can be had, and in the meantime to all lawful measures which will minimize the evil of the liquor business, and to put the liquor interests out of politics in this State, with or without submission or prohibition.

Mr. Ferguson and myself, in our platforms, have both dealt fairly with the liquor interests. He has promised them immunity from legislation of any kind, if he is elected, and I have promised to put them out of business, if I am backed up by the people and the legislature. The breweries, barrooms and organized liquor interests in this State, are therefore solidly lined up against me

and naturally supporting Mr. Ferguson.

There are multiplied thousands of anti-prohibitionists in Texas who have no liquor to sell, and who do not take liquor money in exchange for their political birthright, who are supporting me in this contest, and I am grateful therefor.

If there are any prohibitionists in Texas who find themselves more fully in accord with the position of my opponent than with mine, or can find any comfort or congeniality in lining up with the agencies and influences which are against me, I freely concede them that privilege. If they desire to vote against me because of the slanders that are being circulated and the desperate efforts that are being made, and the slush fund being expended, to encompass my defeat, I shall not complain, although it seems to me that it ought to be clear to any man that Mr. Ferguson's success will enthrone the liquor interests in the politics of this state and perpetuate the grafters who are on its payroll.

I do not believe Texas is going to elect a Governor who will be the beneficiary of a campaign conducted on the plane of this one, nor do I believe it possible to defeat me in such way.

I served as mayor in my native town, Huntsville, for six years; was president of the school board there and a member of the local board of Sam Houston Normal Institute, was elected four times to Congress; have been identified actively with the progressive democratic policies, state and national, for thirty years; have been sent as a delegate to every state convention since 1886, and as a delegate, or delegate-at-large, to every national convention since 1892, except the convention of 1908; I have been in business, practiced my profession, served as President of the Bar Association of Harris County, and during all these years not until I became a candidate for Governor was any effort made to destroy my good name before the people of Texas.

Even here in the city of Houston, where I live and which I have served faithfully in Congress, and since my retirement therefrom, there are unscrupulous men who are inspiring a bitter fight upon me, and I regret to say, many whom I respected and who have professed friendship for me are at least winking at the low methods and tactics which are being used against me by men without character and many of them without visible means of support.

I have only respect for honest opponents who are against me because of my prohibition views and freely concede the right of others to differ from me, but I have only contempt for those who, to save a business which no one can defend or to earn money which no reputable man would take, resort to means which are despicable and methods which only conscienceless scoundrels would employ.

I do not propose to take up my time or that of my office force in making answer in future, to any great extent, to slanders which are being used in this campaign, as never before by the desperate interests who look upon my election as the day of doom for the liquor business of this State and their base hirelings in politics. Let my friends give less attention to such matters and march forward to the triumphant victory which will soon be ours.

THOS. H. BALL.

Because or inquiries which have been coming to me from various sources and rumors which have been reported to me as having been circulated affecting the personal character of Hon. Thomas H. Ball, candidate for Governor of Texas, and because of my knowledge of the facts I make this statement:

I have known Mr. Ball and his family intimately for a number of years. He has been, during my entire pastorate (now in the 4th year) an active member in good standing and a steward of St. Paul Meth-

odist church. His conduct has at all times been that of an honest, consistent Christian man, a faithful and devoted husband and father, and he, as well as his wife and daughters, have been important factors in the religious and charitable work of the city.

As a citizen, he has been, and can always be counted upon as being, on the side of morality and Christianity, and any statements or rumors to the contrary are not only untrue, but arise from anxiety on the part of interested persons, to undermine his character for political purposes, in order that their own political and financial interests may not be injured by his election as Governor of Texas.

BIDS WANTED.

The undersigned have been appointed to dispose of the rights for the grounds for the occasion of the fair and reunion July 28, 29, 30, and we will be glad to receive bids for concessions of every kind for the time mentioned. It is expected there will be a large crowd at this fair and reunion. We already have some offers from local people as well as from those living elsewhere to buy these rights, but all things being equal we would prefer Mills county people having the rights. Make your offers in writing and enclose a reasonable amount with the bid as an evidence of good faith. L. E. MILLER, L. R. CONRO.

HORSE OWNERS.

The horse is the principal motive power of the farm and therefore requires the best attention. If he does not thrive or eat well, have his teeth attended to. Bad teeth and improper mastication causes more disturbance than any other trouble; causes acute indigestion, colic and diseases of the alimentaries and many other troubles. A stitch in time may save the worth of your horse. Spend a few dollars on your horse before he gets down or is disabled. Bring your horse to me and have him examined and treated. I will be in Goldthwaite the second Saturday in each month to do all classes of veterinary work. Examination free.—Dr. O. M. Walters Veterinary Surgeon and Dentist, San Saba, Texas.
