Dr. Brown was here from Brownwood Saturday, looking after business affairs.

Major and Mrs. D. H. Trent have returned from a visit to Las Cruces, N. M.

Mrs. W. H. Fletcher went to Lometa the first of the week, for a visit to relatives.

J. F. Giles, the gin man of Capadan had business in the metropolis the first of the week.

A. E. Weathers was here from Mullin the first of the week, looking after business matters.

Mrs. Snoddy returned to her home in Brownwood Tuesday, after a visit to her sister, Mrs. B. A. Harris in this city.

Mrs. W. H. Thompson left for her home in Brenham Tuesday, after spending several days with relatives in this city.

Attorneys Harrison, Foster and Wilkerson of Brownwood were among those attending district court here this week.

Mrs. John McBride of Indian Gap was taken to the sanitarium at Temple Tuesday for treatment and perhaps an operation. Dr. Jas. Gooch accompanied her.

Tom Brown of Indian Gap country accompanied his little son to Temple the first of the week to have the young man treated in the sanitarium.

T. R. Wilcox, accompanied by his sister, Mrs. Evans, and Mrs. Squires, left Tuesday for Winters and other points in the west, for a visit to relatives.

Miss Birdie Porter, who was a popular teacher in the Goldthwaite school some years ago, passed through the city on Tuesday's train, accompanied by her mother, en route for Tucson, Ariz., where they expect to make their home.

WHAT THE WAR MEANS TO US

The European war offers the greatest opportunity for the expansion of our foreign trade than all other factors combined, according to Judge Elbert H. Gary, of the United States Steel Corporation. In a recent interview to the press he states that if we take advantage of the unusual opportunity afforded along this line on account of the conflict in Europe, that we would triple our trade with the rest of the world.

We produce more feedstuffs and materials for fabrics and manufactured articles of various kinds than the inhabitants of the country require," says Judge Gary. "Therefore, we should continue to export large quantities of the products of the country for the use of foreigners and in return obtain large sums of money to increase the financial strength of the country."

The building up of our merchant marine, a change in our navigation laws making it more expensive to sail a vessel under American flag than under the colors of other nations and increasing our trade with South America are other opportunities which should be taken advantage of, according to this well known financier.—Commercial Secretaries.

REDUCING THE ACREAGE

Still we note suggestions that farmers should be compelled by law to reduce the cotton acreage next year. Suppose we compel the newspapers to cut down the size of the Sunday edition; we would have the same right to compel the newspapers to run their business as seems good to the public as we would to compel the farmers to cut short the production. You understand that the production of cotton should be cut short but the reduction should be made by common consent, not by mandate of law.—Temple Telegram.

E. J. Shive of Star was looking after business in the big town Wednesday.

J. R. Lee was one of the good men of Star who had business in the big town Tuesday.

Dr. Alldredge was here from Ridge one day this week, transacting business and meeting with his friends.

Rev. R. A. Gay went over to Hillsboro the first of the week to see his new grandson, who arrived at his daughter's home a few days ago.

Prof. Payne of Howard Payne college, spent Sunday and a part of Monday in this city and sang several delightful solos at the morning and evening services in the Baptist church.

It is to the interest of the readers to give careful attention to the advertisements in this issue. Some rare opportunities for saving money are offered by the business men and their advertisements will tell facts that are worth knowing.

District Attorney Ward spent the first two days of the week here looking after his official business. He completed his duties and returned home Wednesday. It is indeed very seldom that the district attorney has business in the court here.

Mrs. I. C. Everly arrived at home Wednesday morning from Seattle, Wash., where she spent the summer with her sons and daughter and where she has large property interests. She reports a delightful visit.

The Conference for Education has designated Oct. 16 as "School House Day" in Texas and suggests that the day be observed by the various school communities with programs and a coming together of the patrons of the schools to discuss matters of common interest regarding the schools.

THE MASTER HAND

Fortunately for the country, a master hand is at the helm at Washington. He realizes what neutrality should be, and he will see that it is observed. His wisdom proven in so many ways—in the repeal of the Panama Canal tolls exemption law, irritating to foreign nations, the dangerous Mexican problem; in the pushing through of the Federal currency law, which now prevents any financial stress—this wisdom we may feel sure is still for the noble use of the best interests of the country, no matter what demands may be made upon it.

The few little critics of President Wilson cannot yet resign themselves to a cessation of their snapping at his heels, no matter what he does. They are not significant save as of obedience to partisan orders. The greater critics of recent times have honorably and patriotically admitted their mistake and are giving the President that support in his foreign policy he so richly deserves.

As for the people, who are beyond and above all newspapers and politicians in the power and majesty of their will—they have learned to trust Woodrow Wilson. They trust him now in this delicate problem of neutrality. They know that the master hand is at the helm.—Boston Post

ANNOUNCEMENT

A very attractive program is planned for the evening service at the Presbyterian Church, Sunday Oct. 11, consisting principally of approximately seventy stereopticon views of Porto Rico and Cuba with an explanatory lecture concerning the History, Problems, Scenery, etc., of those countries. Everybody invited. Remember the Place and Date. At the Presbyterian Church, 7:45 P. M., Sunday, Oct. 11th.

The young man Wafford, who was
brought here by Sheriff Priddy last
Friday for safe keeping until his rel-
atives could be communicated with
regarding his condition, was deliv-
ered to the custody of his father, Bill
Wafford, who lives near Waco and
the young man was carried home.
The father stated his son had suffer-
ed a stroke of paralysis some years
ago, but it was thought he had re-
covered from the effects. He is in-
clined to the belief that the young
man is suffering from the effects of
some drug rather than from the
paralysis. They left for home Thurs-
day night.

ORATION BY L. L. HAYS

This occasion is in response to a
request made by the sympathizing
President of our nation that prayer
be made in all the public places of
worship throughout our country for
the sad and fearful conditions in
Europe.

It is to be hoped that the sym-
pathy of our praying people is sufficient
to have already led to often prayers
for those nations in bloody warfare—
God takes no pleasure in strife and
war such as has marked the his-
tory of mankind with shame. He
is not the author of human bitter-
ness. The first man slayer had the
lasting anathema of God set on him
and since that time God has been
saying to the generation "Thou shalt
not kill," Thou shalt not kill.

It is not our duty at this time to
be partial in our sympathy. All the
contending nations seem alike deaf
to the voice of peace and alike thirst-
ing for bloody victory.

Some one has called Southeast-
ern Europe the danger zone of the
world. Those several small nations
crowded for territory some of which
have no access to the great water
ways of the world except across the
territory of another nation. It is as
with neighbors living so near as to
join yards. If there is not kindness
and forbearance, strife will inevit-
ably ensue. There has been no rule
known to man so sure of happy re-
sults as the one from the Divine
Teacher when he said, "As ye would
that men should do to you, do ye
even so to them." It will bring
the same result, applied to nations
as to individuals.

Many seem not to realize the de-
gree of carnage and destruction
that reigns in Europe at this time.
How appalling the blood that flows!
The lam of property is silenced by
terrible battle roar and songs of joy
have given place to the groans of the
dying.

We are exceedingly fortunate to
be at peace with the world. Let
us pray that kind Providence may
able to keep us so. The Divine
Injunction is not unkindly criti-
cize those who rule over us, but
"pray for them in authority." Re-
sponsibilities are great and grave
resting upon those who have been
called out to administer in political
things, then with all they are just
human and need sympathy and pray-
er. It is an unworthy citizen who
finds in his heart a spirit of bicker-
ing and enmity and no spirit of
sympathy and encouragement.

Where shall the confused world
look to for an example of peace but
to America? Where may those in
the midst of devastating war turn
first for sympathy but to a people
willing to entertain a national request
for prayer? Today is in admirable
correspondence with the event of
settling our Pilgrim fathers by New
England shores. When the May
Flower touched those land, they
aid in other words, we have escaped
longer religious intolerance and per-
secution. We have come to wor-
ship God as our conscience dictates. The
bowed and thanked God for a safe
voyage and for being in a safe
country large with liberty and possi-
bilities. Today is a happy heritage
of that early beginning. May we
more and more love our country and
our fellowman.

Today as we meet under smiling
skies to pray the sighing breeze
from across the Atlantic brings
noise of the bloodiest struggle known
to civilization. The Rachel lament
goes up from the many recent widows
and orphans. Let us pray for poor
Europe—Poor bleeding dying Euro-
pe.

WHAT WOULD YOU DO?

There are many times when one
man questions another's actions and
motives. Men act differently under
different circumstances. The ques-
tion is, what would you do right now
if you had a severe cold? Could you
do better than to take Chamberlain's
Cough Remedy? It is highly recom-
mended by people who have used
it for years and know its value. Mrs.
O. E. Sargent, Peru, Ind., says,
"Chamberlain's Cough Remedy is
worth its weight in gold and I take
pleasure in recommending it." For
sale by all dealers. (adv.)

WHAT FARMERS THINK OF SILOS

Farmers in the Plainview country
do not question the value of silos.

Experience with the big fireless
cookers has created much enthu-
siasm. Many of these farmers came
from Kansas, Iowa and Indiana. They
were familiar with the silo before
coming to the newer country. It is
their opinion that a silo more than
doubles the yield in food value of any
crop.

Farmers in this country are con-
vinced that intensive stock raising
pays large profits. They will de-
velop high grade livestock and the
silo side by side. A number of men
who did not have live stock last
year disposed of their silage at \$4.
to \$5. per ton and realized much
larger profits than the old system
of harvesting dry feed would yield.
Eighteen silos are going up in Hale
county at this time. Eight of these
are pits and will be lined with ce-
ment. They will extend about six
feet above ground of reinforced con-
crete block. About half of the other
are glazed tile; the others are wood
staves. There are now more than
fifty silos in the county. All of them
have been built during two years.
The largest crop yield in the history
of the Shallow Water Belt will fur-
nish incentive to more than double
this number before another year.

TREAT ME RIGHT.

Those who are indebted to me
should pay me at least a part of
what they owe, for I need the money
and need it badly. Some who are
indebted to me individually and to
Dr. Townsend and myself jointly have
sold oats and now have the money
with which they should pay at least
a part of the accounts. I have had
sickness and other expense which
makes it absolutely necessary that
I secure some of the money due
me right away. Don't overlook or
forget this—I served you when you
needed such service and now I am
entitled to payment. Think right
and act promptly.

APPLY SLOAN'S FREELY FOR LUMBAGO

Your attacks of Lumbago are not
nearly so hopeless as they seem.
You can relieve them almost instan-
tly by a simple application of Sloan's
Liniment on the back and loins. Lum-
bago is a form of rheumatism, and
yields perfectly to Sloan's, which
penetrates quickly all in through the
sore, tender muscles, limbers up the
back and makes it feel fine. Get a
bottle of Sloan's Liniment for 25
cents of any druggist and have it in
the house—against cold, sore and
swollen joints, rheumatism, neuralgia,
sciatica and like ailments. Your
money back if not satisfied, but it
does give almost instant relief.

this amount specified. I also will
agree to hold the cotton for a rea-
sonable time, or until the price reaches
10 cents.

I must urge all who are indebted
to me to make settlement where it
is possible, at an early date.

OBITUARY

David M. Hooks was born in Ala-
bama on Sept. 15, 1838, and depart-
ed this life on September 8, 1914,
lacking one week of being seventy
six years of age.

During the civil war, D. M. Hooks
enlisted in Co. E., 56 Reg. of caval-
ry commanded by Col. James Clanton
and was a brave and faithful
Soldier. After the war he moved
to Texas, and was county Surveyor
in Hamilton and Mills counties for
several years. After moving to Mills
county he joined Jeff Davis Camp of
U. C. Veterans No. 117, and the
Camp adopted the following Resolu-
tions pertaining to his demise.

Whereas, God in His Divine Wis-
dom has seen fit to call our dear
brother and Confederate comrade away
from earth to a holier sphere. It
is resolved by Jeff Davis Camp No.
117, of Confederate Veterans, that
in the death of comrade D. M.
Hooks, we mourn the loss of a good
and faithful friend and comrade,
whose life and services are worthy
of emulation, as he was a pure
hearted Christian, and a faithful
officer in the Presbyterian denomina-
tion

Resolved 2.—That we, the mem-
bers of Jeff Davis Camp, extend our
heartfelt sympathy to his family, rela-
tives and friends, fully believing that
their loss is his eternal gain.
Resolved 3.—That a copy of these
resolutions be placed upon our min-
utes, and a copy be furnished the
Goldthwaite Eagle and Confederate
Veteran for publication.

Done by order of the camp on the
first Saturday in October, 1914.

here Thursday morning caused the
passenger trains to be detoured over
the side track, and caused consider-
able inconvenience and extra work
for the railroad people.

L. E. Miller was called to Waco
Monday on account of the serious
condition of his son Louie. He found
the young man's condition much
more favorable than he expected and
placed him under treatment of a
specialist at Marlin.

Well Work—We are prepared to do
all kinds of well work. Will appre-
ciate the public patronage. Will sink
wells, make old wells deeper, clean
them out or repair them in any way
desired. Phone 255b.—Bleeker &
Simpson.

J. W. Hill of South Bennett was
here this week and stated he had
sold all of the seed wheat advertis-
ed in the Eagle last week and an-
nounced he would give a trio of his
money making goat, to the farmer
showing the largest yield from this
seed. He also stated he would give
a premium for the best bushel of
wheat exhibited at the fair next fall.
Mr. Hill is one of Mills county's
prosperous farmers who believes in
the buy-a-bale movement and has
bought ten bales of cotton under the
plan.

CITATION BY PUBLICATION

The State of Texas
To the Sheriff or any Constable of
Mills County—Greeting:

You are hereby commanded to sum-
mon W. F. Campbell by making
publication of this citation once in
each week for four successive weeks
previous to the return day hereof in
some newspaper published in your
county, if there be a newspaper pub-
lished therein, but if not, then in
any newspaper published in the 27th
judicial district; but if there be no
newspaper published in the said judi-
cial district, then in a newspaper
published in the nearest district to
said 27th judicial district, to appear
at the next regular term of the ju-
stice court, precinct No. 6, Mills coun-
ty, to be holden at the court house
thereof in Priddy on the 1st Satur-
day in November, A. D. 1914, the
same being the 7th day of Novem-
ber, A. D. 1914, then and there to
answer a petition filed in said court
on the 2nd day of September, A. D.
1914, in a suit numbered on the dock-
et of said court No. 14, wherein Dr.
J. W. Gooch plaintiff and W. F.
Campbell defendant, suit on account
for (\$180.00) one hundred and eighty
dollars, itemized, verified by af-
fidavit, for services rendered by
plaintiff for medical services for the
defendant, at the instance and re-
quest of defendant, which he refuses
to pay therefor, though often request-
ed to do so by plaintiff.

Wherefore plaintiff prays that de-
fendant be cited to answer herein
and upon final hearing hereof plain-
tiff prays for judgment to the
amount of his debt, interest and for
all costs of suit.

Herein fail not, but have before
said court, at its aforesaid next regu-
lar term, this writ with your re-
turn thereon, showing how you have
executed the same.

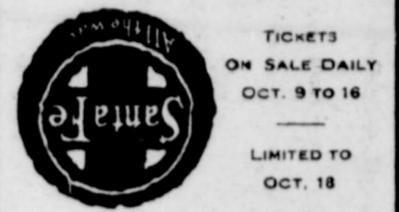

Given under my hand at office in
Priddy this 7th day of October,
A. D. 1914. A. LORENZ,
Justice of the Peace, Precinct No. 6,
Mills County, Texas.

The plan to send a Christmas ship to Europe for the orphan children in the countries that are at war has met with hearty endorsement every where. It is proposed that Texas people furnish one million quarter-pound packages of peanuts or pecans for the ship and this amount is certain to be contributed by the people of this state.

Dr. J. M. Campbell and his wife have been in Temple this week, where he spent several days in the sanitarium for treatment. They are expected home this morning.

Mrs. Monroe Fletcher received a message from her brother, Elmo McPherson, this week stating that his wife, who recently left here for her home in Orange, Cal., after a visit to Mr. Fletcher and other relatives, became quite sick at Clovis, N. M., and he went to that place and accompanied her home. The Orange, Cal., paper states that Mrs. McPherson was stricken with paralysis, but her husband's message gives no information as to the nature of the illness. It is sincerely hoped by the lady's many friends here that her condition is not serious and that she will soon be fully recovered.

FORMER CITIZEN DEAD

A number of Mills county people remember kindly Mr. J. K. Street, who was the publisher of a newspaper in Goldthwaite some years ago. His death occurred in Waco a few days ago, and the following announcement from that city was made in the daily papers:

Waco, Texas, Oct. 1.—Heart failure is thought to have caused the death of J. K. Street of Dallas, aged 77, publisher of the Masonic Light, who was found dead today in the home of ex-Alderman W. A. Poage, in North Waco. Mr. Street arrived last night from Dallas. He was a resident of Waco about forty-five years and was regarded as one of the oldest newspaper men in the state.

COTTON RECEIPTS

The receipts of cotton at this place up to the present time are somewhat in excess of the amount received on the same date last year, but the extremely low price makes the crop net growers a much smaller amount.

Up to yesterday afternoon 2815 bales of cotton had been received at the public yard here, against 1680 on the same date last year. At the Farmers Union yard 1895 bales had been received, against 2108 on the same date last year.

AFTER PASSING YEARS

Goldthwaite Testimony Remains Unshaken

Time is the best test of truth. Here is a Goldthwaite story that has stood the test of time. It is a story with a point which will come straight home to many of us.

J. W. McAlexander, Goldthwaite says: "I couldn't work or ride horseback, owing to intense pains in the small of my back. When I stooped, it seemed as if a thousand knives were going through me. I often had trouble in passing the kidney secretions. I used two boxes of Doan's Kidney Pills, procured at Clements' Drug Store, and am now all right. Whenever I hear anyone complaining of a bad back, I advise a trial of Doan's Kidney Pills. I think it is my duty to confirm the endorsement I give Doan's Kidney Pills some year ago. Since then I have not had an attack of Kidney complaint."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McAlexander had. Foster-Milburn Co., Props., Buffalo, N. Y. (Advertisement)

NOTICE

I can not continue to give 10 cents a pound for cotton on all notes and accounts due me, but will give 25 per cent discount on all accounts from \$2. up and a liberal discount on all notes except vendor's lien note. It will pay you to see me and get this business straightened up.

M. L. BROWN.

MERREL CREEK

Editor Eagle:

As it has been some time since you had any items from this community I thought I would drop you a few of the latest happenings.

Health of this community is reasonably good.

Cotton picking is the order of the day.

Little Vernon Ward, infant son of Mr. and Mrs. John Ward of Lookout, died very suddenly last Friday morning with croup. All was done that doctors and friends could do, but little Vernon had to go. He was buried Saturday at the old family grave yard near the home. He was followed there by a host of friends and relatives, Brother Hall conducting the funeral service. On the following Tuesday the W. O. W. of Lookout, the order that always responds to the brother in distress picked Mr. Ward two or three bales of cotton.

The English government is said to be on a deal with Texas ranchmen for 20,000 beef cattle to be shipped to Europe.

There can be no doubt that we have passed through the slough, and that henceforth we shall advance on ground that steadily rises and becomes firmer. We are, in other words, rapidly readjusting our selves to the new conditions that have been so suddenly brought on us. As yet we are still in the process of recovering what was lost by the outbreak of war in Europe, but it can be no great while, even though the war should continue with no sign of ending, until we shall begin to advance beyond that position. We shall come into not merely the prosperity that we enjoyed before the war began, but a further and much larger prosperity resulting from the fact that our only rivals in foreign commerce have temporarily vacated markets that they held against us. Whatever follies it may commit, the world is not going to starve, nor will it go naked, and to a degree heretofore unknown the duty and opportunity of feeding and clothing the nakedness of the world, to say nothing of its many other needs, will fall to us of the United States. This makes our future assured beyond all peradventure. The discomfiture we now suffer is merely the pain of preparation for the larger prosperity of tomorrow—and we are almost on the stroke of tomorrow! The pessimist was never more inexcusable than he is now. In stead of disturbing his fellows with his lamentations, he would do infinitely better to gird himself for aiding in the reaping of that abundant prosperity that is about to be poured on us.—Dallas News.

A BIG SALE

B. A. Harris has inaugurated a big sale at his store and his double page advertisement appears in this issue. Besides this advertisement, Mr. Harris had us print 10,000 circulars from the same form, which he has had circulated all over the trade territory, several men having been employed in the work of distributing the advertising. The store has been closed two days arranging for the big sale, which opens this morning at 9 o'clock.

The Bank that helps Customers in Time of Need.

We solicit your Banking Business, giving in return the best service, and assuring you that all Deposits are Appreciated.

The lower house of the Texas legislature refused to adopt Governor Colquhoun's bank bill by a large majority. The solons are like the great mass of the people, they can not see the necessity for such an institution, or the wisdom of investing the permanent school fund of the state in the banking business, to say nothing of the other objectionable features of the plan.

HELP! A Sensational Note from B. A. Harris to the People of Goldthwaite and Vicinity:

Owing to the fact that I bought heavily, anticipating a big Fall trade, but we find that with the backward conditions and tardy season, we have more goods on hand than we can carry. We owe money that has to be paid, so we are forced to place our entire stock in the hands of the American Sales Co. to reduce the stock and raise the money. We ask you to come and HELP us do it.

This gives the strongest incentive to make this an unusual event. In order to

A Great Sale of Unusual Importance

This announcement is worthy of your consideration. It's really worth your while to make a mental note of and come here to see the merchandise, whether you are in immediate need right now or not. A special sale of such unusual importance (at this time of the year) requires a little explanation—an explanation with a clear, truthful ring. Now, just between us two, we've got to raise the money—not just a few dollars but a great big cartload—in the next few days, and that without fail.

OUR STOCK IS IMMENSE

15c COTTON

Yes, that's what we mean. The Prices we have made on this big stock of Merchandise will enable you to buy as much goods out of one bale of cotton at the present price as you could buy at regular prices with it at 15c per pound.

Raise the Cash

We ask you to come and HELP us do it. The greatest incentive to make this an unusual event. In order to make this sale Quick and Decisive we have employed the most effective weapons known to modern merchandising—that is: Not only the eliminating of every vestige of profit, but the cutting down deep into the very vitals of the original cost of every article, item and garment in our peerless array of the choicest creations of the workshops. It is our loss of profit, consequently your gain, and right now in the face of winter when fall and winter goods are needed most we appeal to you to attend this sale, for staying away is like throwing dollars away. We personally guarantee every price and statement made in this circular.

J. P. Ford was here from Lampasas one day this week.

D. Albert Trent and wife visited in Brownwood and attended the fair this week.

Attorney Walker, of San Saba was among the visiting attorneys in this city this week.

A political economist of England has figured the cost of the European war to a point that he announces it is costing \$55 per second, day and night.

An indictment was reported by the federal grand jury in Chicago this week against William Lorimer, the deposed senator from Illinois, charging him with misappropriating the funds of a Chicago bank of which he was president.

The Santa Fe hospital board has decided upon the construction and equipping of a hospital car, provided with surgeons, nurses and everything necessary to give aid and relief in case of accidents and injuries where the injured ones can not be carried to the hospital for immediate attention. The car is to be built and put in service at once.

A number of books were missing from the Self Culture club's public library and some books have been returned to the library that do not belong there. Parties who have taken these books out should certainly have considered enough for the good work the ladies are doing to return such books in good order. The work these ladies are doing is for the benefit of the public and it is not fair to take their books and substitute others for them or fail to return books taken.

The European war conditions are about as they have been for a month or more. Millions of soldiers are facing each other in northern France, while the Russians, on one side and the Germans and Austrian soldiers on the other are engaging in bloody conflicts on the other side. About the only change from a week ago is the taking of the Antwerp forts by the Germans and the removal of the Belgian capital to Ostend. The outlook for a long war with great loss of life and property and the final result can not be foretold.

Mrs. W. F. Page and her little sons, of Goldthwaite, were here Saturday on a visit to Mrs. Page's son, Will Page, and family. Mr. and Mrs. L. H. Little, Mr. Lewis Little, Miss Adeline Little and Mrs. Ino. Little and daughter spent Sunday with Mr. and Mrs. W. H. Walton. Ino. T. McCarron returned to Temple yesterday to undergo further treatment. His many friends regret to know that he still suffers as a result of the accident to his eye, but trust that within a short time he will have completely recovered. Loneta Re. Porter.

DISTRICT COURT

Grand Jury Work Light—No Jury Cases—Indictments Reported

District court convened in this city Monday, Judge John D. Robin, presiding and District Attorney John L. Ward present.

The grand jury was composed of the following citizens—H. C. Ezzell, foreman; S. P. Sullivan, W. C. Timberlake, A. J. Harrison, H. Reynolds, W. A. Daniels, Chas. Schwartz, C. R. Willis, F. M. Tillman, R. L. Cockrum, H. R. Faulkner, W. C. Frazier.

The grand jury remained in session three days and reported three indictments, two of which were for offenses committed by transient people who were never citizens of the county and perhaps do not reside in the state and one against a citizen of the county charging misdemeanor.

The grand jury adjourned Wednesday, after making a report to the court complimenting the county on being free from violators of the law.

Several unimportant cases have been heard by the court, but these were mostly tax suits and matters of similar importance.

Next week will be jury week and jurors have been summoned to appear Monday, but it is doubtful if any cases will be tried by juries.

ROCK SPRINGS

Editor Eagle:

As the Editor has asked us all to write again I will try and write some of the happenings.

Mrs. Chas. Stark has been real sick this week from falling under a buggy and the wheels passing over her body.

Everyone seems to be very busy picking cotton as this has been a sunny week.

There was singing at the school house Saturday night which we enjoyed very much and had some good songs by some good leaders and a few comics by Prof. George and Mr. Lonnie McFarland.

There was a very large crowd at prayer meeting Sunday night, which was conducted by Bro. Traylor. The subject was "Prayer." We enjoyed the several talks on it. May God bless our prayer meeting. The committee selected "Faith" as the subject for next Sunday night. Will read the 11th chapter of Hebrews and 1st and 3rd verses of the 12th chapter.

We were sorry to hear of the serious illness of Mrs. W. N. Thomp on of Winters. She was carried to Ballinger, and underwent an operation for appendicitis and is in a critical condition. She once resided at Rock Springs.

Rev. Newman of Goldthwaite will preach here next Sunday evening at 8 o'clock.

Rev. J. P. King of Brownwood, will preach here next third Sunday.

Mr. Lafayette McDonald, who has been visiting in these parts for quite a while, left Sunday night. We were sorry to see him leave.

Mr. Blankenship and wife are visiting their daughter Mrs. Roper.

Mrs. Cannon visited her daughter Mrs. Austin Cooks.

MARIE ANTONETTE.

TEXAS FACTS

AGRICULTURE.

The annual per capita production of Texas is valued at \$200.00, which includes the output of the farm, mine, factory and fisheries.

Thirty-two agricultural products are produced in commercial quantities in Texas.

Coffee and tea are the only agricultural products used in Texas that are not grown commercially within our borders.

The annual expenditure for farm labor by Texas farmers is \$25,000,000.

Cotton and rice are the only farm products we produce in surplus quantities; all other crops are entirely consumed in the state.

We buy \$187,000,000 worth of products annually from other states for home consumption. Corn and pork are our principal import commodities.

The Texas farmers, in marketing their annual production, form a procession that will reach from the earth to the moon.

The farms of Texas produce \$1,840,000 per day.

Dallas, Texas, is the second largest agricultural implement distributing point in the world.

The farmers of Texas spend \$16,000,000 annually for agricultural implements.

There are more farm laborers in Texas than any other state.

The Texas farm laborer earns \$19.00 per month with board and \$27.00 per month if he boards himself.

At the rate we are securing farmers it will take 400 years to thoroughly develop the agricultural resources of Texas.

There are 2,000 silos on the farms of Texas.

Approximately 75 agricultural fairs are held in Texas annually.

The Texas State fair is the largest agricultural exhibition in the world.

A "Turkey Trot," a "Hog Waddle" and a "Possum Walk" are among our annual fairs.

One hundred and three counties of Texas have United States demonstration farms.

There are seven large counties in Texas, each one of which has an uncultivated area larger than the state of Delaware.

Texas leads all states in the Union in the production of farm crops.

The approximate land area of the state is 167,934,720 acres.

Sixty-seven per cent, or 112,435,000 acres, of our total area is farm land.

We have 27,360,666 acres of land that is under cultivation.

The uncultivated area of Texas is larger than the 13 original colonies, excepting Georgia and North Carolina.

The uncultivated area of Texas could support all the people of the United States, using as a basis of calculation two acres per capita, which is the world's average.

Texas has room for 4,000,000 more farmers.

HELP THE FARMER

Buy a Bale of 10c Cotton and Hold It. This will Help Keep the Price Up. Feed Cotton Seed Meal and Hulls to your Stock. Use Cotton Seed Oil Instead of Lard. Wear Cotton Goods.

There will be no trouble for the farmers to exchange their cotton seed for meal and hulls at the nearest oil mill. All the feed value that there is in cotton seed is the meal and hulls. If the oil mills will give the farmers all the meal out of a ton of cotton seed, which is 750 pounds, and all the hulls, which is 850 pounds, it would represent all the feed value, and could be better proportioned than feeding cotton seed, but most oil mills are offering to give 800 pounds of meal and 2,000 pounds of hulls. There is practically twice as much feeding value in this 800 pounds of meal and 2,000 pounds of hulls as there is in a ton of cotton seed. If the hulls are not wanted, 1,100 or 1,200 pounds of meal should be obtainable for a ton of cotton seed. By making these exchanges, it will enable the oil mills to dispose of their products, for which there is practically no demand at present, and enable them to pay the farmers more for the cotton seed.

Refined Edible Cotton Seed Oil will go as far and serve every purpose, and is much cheaper than lard. If your merchants do not handle cotton seed oil, take up with the oil mill nearest you, who will no doubt take pleasure in securing it for you, as they are as much interested as the farmers in furnishing a market for this product of cotton seed, and will help to enable them to pay top prices for seed.

If the farmers of the South do not help themselves by using the products of cotton and cotton seed, can they reasonably expect others to do so?

You Have to Have Feed for Your Stock . . .
---USE YOUR OWN PRODUCTS
You Have to Wear Clothes
---USE YOUR OWN PRODUCTS
You Have to Eat
---USE YOUR OWN PRODUCTS

Any Gin Man would be glad to lay in a Stock of Cotton Seed Products and be prepared to make exchanges for seed, and the farmers should encourage them in doing so. Cotton Seed, if held, will deteriorate, while Meal and Hulls will not.

THE UNITED STATES CREAM SEPARATOR

Almost Impossible to Wear One Out

Its gears and bearings are made of high-grade phosphor bronze, steel and iron—the kind that lasts for years.

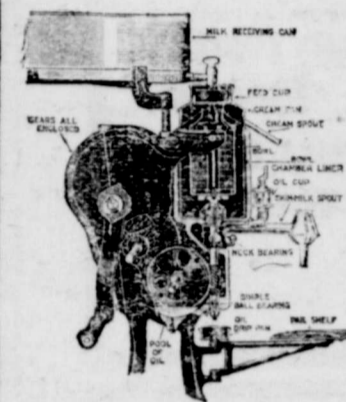

All the gears are of medium size. Even the pinion gears are fully two inches in diameter. Consequently they make less than half as many revolutions and are subject to about one-third the wear of the one inch pinion gears in other separators.

Its gears and bearings are entirely enclosed. Dirt, dust and grit cannot get at them to grind them out.

Enclosed parts are more thoroughly oiled. U. S. Separator gears and bearings run continuously in a spray of fresh oil, automatically supplied. (Note spray in picture.)

The bowl parts are of tough rustless Nickel Silver. They wear longer and the bowl does not get out of balance as with light tinned steel devices.

We have these U. S. Separators on our floor where you can examine them and see for yourself.

CONFEDERATE MEETING

The regular monthly meeting of Jeff Davis Camp of Confederate Veterans was held in Judge Allen's office last Saturday, with a number of veterans present and participating in the proceedings.

Commander J. W. Allen presided over the meeting and Adjutant A. C. Decker served as secretary.

A resolution was adopted endorsing Judge Geo. W. Keyser for re-appointment as commissioner of pensions and Judge Allen was authorized to forward a copy of the resolution to the incoming governor, Hon. J. E. Ferguson.

Resolutions were adopted expressing the high esteem in which Mr. D. M. Hooks was held by the camp and offering the sympathy of the veterans to the bereaved family.

Several matters of interest to the veterans were discussed but no further business of importance was transacted.

AN INVITATION

The Mothers and Teachers Club joins the Board of Trustees in requesting your presence at the High School to celebrate Universal School Day on October 16, 1914.

Program

This rally is held as a part of a statewide movement inaugurated by the Conference for Education in Texas.

From 3:30 to 6:00 p. m. an open house reception will be given at the school building. (Come and get acquainted, enjoy a social hour. Refreshments will be served.)

1. Invocation—Rev. Gay. Five minutes address.
2. The History and Platform of the Conference for Education—Supt. Norton.
3. The Educational Spirit: What it means—Hon. J. C. Darroch.
4. The Duty of the Layman—Supt. Allen.

The marks of Progress—Rev. J. C. Newman.

An Address: The money value and other values of an Education—Prof. A. Caswell Ellis.

Election of Delegates to the state meeting of the Conference.

Benediction—Rev. Pierce.

The main feature of the occasion will be the address by Prof. Ellis. He is one of the best informed educators in the south. Goldthwaite is fortunate to have him here for this occasion. Mr. Ellis' address will not be any abstract college-professor type of lecture on the beauties of education, but will give the concrete results of numerous recent studies that have been made of the actual money returns which a large number of people have gotten from different grades of education which they have had. He will, of course, also speak of the other more ideal values of education, but the whole will be made concrete and interesting to the busy man in the street. We want every boy and girl in the town and country, over twelve years of age, and also their parents, to hear this lecture. It will help you and hence the school. Very respectfully,
PROGRAM COMMITTEE.

A gin valued at \$10,000 and said to be one of the finest in the country was burned Wednesday at Rowena. It took fire while in operation.

Two young men robbed a bank in Ada, Okla., of \$3,000 Tuesday. They forced the cashier to deliver the money at the point of their pistols and escaped.

Judge R. R. Gaines, former chief justice of the Texas supreme court, was stricken with paralysis one day this week and there is little hope for his recovery.

The French and English governments have contracted for \$7,500,000 worth of saddles and harness to be made in the United States and Texas will get about half a million dollars worth of the business.

The grand central depot at Houston was badly damaged by fire Monday afternoon and many railroad records were destroyed. The fire marshal states it is probable a cigarette caused the fire.

In Egypt the farmers are having trouble getting money for their cotton at any price and the banks have been unable to provide funds for buying cotton. It is proposed to reduce the Egyptian crop 60 per cent next year.

The war is all the reading public is supposed to care about at this time and the papers must of necessity devote a great amount of their space to the discussion of the situation and achievement of the forces in Europe. Of course the weekly papers are at a disadvantage in this matter and can not be expected to give much of the war news, for the movements and changes are so constant that a correct idea of the standing of the armies is impossible if the account is written the day before publication.

In the last issue of the Jarrell View the versatile and talented editor of that paper announced that he would establish a paper at Copperas Cove in the next few days and would move to that place, leaving or selling his Jarrell paper. Editor Downey was connected with the Eagle office for a good many years and we are always glad to know of his success and prosperity and he has a great many friends in Goldthwaite and Mills county who will join in wishing the best of fortune for his new paper.

The Bulletin has not advised the farmers to hold their cotton, nor has it advised them to sell it, for the simple reason that it has no way of knowing how the price is going to swing—nor does any other living man. In two weeks it may be ten cents, and then again it may be five. This we do know, however: Unless the cotton that is being held is properly protected from the weather it is going to lose heavily in grade. Never before, so the local buyers inform us, have the men they sell to been so arbitrary in their grading. Every little fault in the cotton is seized upon to cut the grade. In fact what demand there is, is centered on high grade cotton. If it is damaged even a little, it is difficult to sell at any price. One of our exchanges related last week an incident that should add weight to what we are trying to impress upon our readers. A farmer in the neighborhood held his cotton from last year, and had been offered more than 13 cents per pound. The war came on and he is now offered 4 cents for it. If it had been properly protected from the weather it would bring twice as much. No farmer this year who permits his cotton to lie out in the weather will make any money by holding it. He had better take 8 cents now than try the experiment. Lumber or sheet-iron to build a shed for the cotton would not cost much, and it could be used for other purposes when the cotton is sold.—Burnet Bulletin.

AN UNJUST CRITICISM

In the issue of the "Eagle" Oct. 3, 1914, a criticism of the County Board of Education was made by the Mills County Farmer's Union. That criticism was aimed at the action of the board in transferring the ten dollars for each high school pupil, attending school in the Goldthwaite Public School. The opinion of the persons who drew up the resolution seemed to be that the Goldthwaite school was being built up financially at the expense of the rural schools. This criticism was evidently made without any reference to the existing laws and local conditions.

First of all, we wish to call your attention to the high school law of Texas under which this action was taken. This law provides for four kinds of schools, viz: High schools of the first class, High schools of the second class, High schools of the third class, and elementary schools doing seven grades of work. Under this law no school is authorized to do more than seven grades of work unless more than one teacher is employed, and a teacher doing work above the seventh grade, must hold a first grade certificate and must do only high school work. It further makes it mandatory upon the County Board of Education to transfer all pupils who have completed the seven elementary grades to a high school of proper classification. It also authorizes them to transfer an equitable amount of money to pay for free tuition, or part tuition in the school to which such pupils are transferred. This is what your estimable County Board has done. And they did it with the facts before them. If any one will investigate the matter they will find that all districts that levy a special tax have at least \$11.50 per pupil, based on the actual total enrollment in the school.

Then for the part of the criticism, which assumed that the town school was being built up, financially at the expense of the rural schools, we wish to submit the following facts:

For the year 1913-14 the school spent for the grades above the seventh, the following per pupil:

Maintenance (not including fuel, printing, etc.)	\$20.85
Sinking Fund on Bonds	10.00

Total \$30.85

This covered a period of eight months. For the present year we will run nine months and spend approximately \$33.13 per pupil above the seventh grade. To offset this cost the County Board transfers ten dollars and the parent pays five dollars. It can be readily seen that all high school pupils from rural districts will get their tuition at much less than cost.

But the people of Goldthwaite hope to reap a richer reward than mere money by offering her facilities to the boys and girls from the Rural districts of Mills county. She hopes to assist in developing them into good citizens; she hopes to have the influence of their good characters, studious lives, earnest purpose, and determination, and their excellent deportment displayed in our midst. We have no boys or girls who are more industrious and determined than the boys and girls from the country. Their influence is helpful in the extreme. That is our greatest return for their presence. We are built up in that way. We do not want any rural community to lose thereby, nor do we believe they will.

To make the school more efficient, and able to serve Goldthwaite and Mills county better, we have selected teachers whom you can trust to impart knowledge and pure thinking to your children. We are prepared to care for a limited number, but our facilities will be increased to meet every need. Very truly yours, B. F. GEESLIN, Pres. School Board, J. T. WEEMS, Sec. School Board.

EXPERT ON FARMING

Goldthwaite, Texas, Oct. 9, 1914.

To The Farmers Of Mills County:

I am advised that the A. & M. College has employed Mr. Olson, terracing expert, for the purpose of giving first hand aid to the farmers in the matter of land terracing.

Mr. Olson's entire time will be devoted to visiting different sections of the State where farmers are in need of help in terracing their lands for the purpose of illustrating the most satisfactory method of constructing farm terraces.

In the event that Mills county wishes to secure Mr. Olson's service it is necessary that those farmer-wishing instruction along this line of farm terracing, notify me at once that I may communicate with the Professor of Agronomy, as plans must be made several days ahead in order to insure his presence. The area needing Mr. Olson's help in Texas is quite extensive, and he will be sent only to those counties where there are quite a number of farmers who desire to receive this instruction.

Recognizing the great need for this character of work in Mills county, and thinking that you would not care to pass it up, I again ask you to inform me at once if you desire it. I am, Yours, for service,
O. H. ROBBINS, Special Agent.

THE GREAT WAR

The greatest war of history is taking place in Europe. More than half the earth's population is directly concerned, and the other half is under the shadow cast by this world conflict.

No other war approaches it in numbers of men involved, in the tremendous sacrifice of life and property that the Nation are making, in results that will spread to the remotest corners of the earth.

It is an epoch in history that for suddenness and for stirring events stands alone. Those who are alive today will remember the great war always as the most remarkable spectacle of their lives. They will recall what read of battles where armies as large as small Nations fought for miles and miles in extent. The stories of conflict, of heroism, will never leave the memories of this generation.

For the story of this war as it is being written Texans must turn to their newspapers. The Dallas Morning News, The Dallas Evening Journal and The Dallas Semi-Weekly Farm News have the sources of world news at their command. At a nominal cost the reader has collected and arranged for him on the printed page the record of this momentous struggle.

Every Texan can keep thoroughly informed on the progress of the war by reading the newspapers named above. (adv.)

SCHOOL HOUSE DAY

To The Friends of Education in Mills County.

Next Friday, October 16, is "School House Day" throughout Texas. The plan is for the patrons of every school in Texas to hold an all-day meeting at their school house. Because the farmer of Mills county are too busy to prepare for local meetings I am requesting everybody who can to spend the day with us at Goldthwaite. The day will be observed here. We shall have with us Dr. Caswell Ellis of the University of Texas; and although we shall have others of ability to talk for us, Dr. Ellis' address alone will be worth your while. Please come and spend the day with us. If you can't come before the night session, come then. Dr. Ellis will deliver an address at night. Vary respectfully,
S. H. ALLEN.

CLUB MEETING

The first meeting of the Merry Maids and Matons for the new club year was held at the hospitable home of Mrs. L. A. Skaggs on Tuesday afternoon, Oct. 6.

This being the time for election the following officers were elected: Mrs. M. J. Thorpe, president; Mrs. L. A. Skaggs, vice president; Mrs. W. K. Marshall, secretary and treasurer; Miss Lawrence Thompson, reporter. A most enjoyable afternoon was spent in pleasant conversation and also fancy work, the ladies presenting new patterns and exchanging ideas on their work.

The hostesses served the yuletide cake, grape juice and mints.

TEXAS FACTS

COTTON.

Including the Texas cotton crop to market the services of 400,000 bolls and wagons are required, which form a procession 2,400 miles long.

One year's cotton crop of Texas will clothe 300,000,000 people.

In Texas there are 4,670 gins, 113 compresses, 228 oil mills and 15 cotton mills.

Dallas, Texas, is the largest cotton gin machinery manufacturing center in the world.

Cotton constitutes 47 per cent of the agricultural production of Texas.

Twenty-five per cent of the cotton seed oil mills of the United States are located in Texas.

The cotton seed crushing establishments of Texas represent a capital investment of \$21,506,000. They furnish employment to 4,000 persons.

One seed of Texas cotton will produce one stalk of about 20 bolls. There are 80 cotton seeds in one boll.

It takes 25 pounds of cotton seed to plant one acre.

It takes 1,650 pounds of seed cotton to make a bale of 500 pounds lint, and 1,150 pounds of cotton seed.

The seed from a bale of cotton will yield 17 gallons of oil, 350 pounds of meal, 300 pounds of hulls and 25 pounds of linters.

The compress reduces the size of the cotton bale one-half.

Three-fourths of the Texas cotton crop is sold in Europe.

Texas has 26 per cent of all the land in the world, which is at the present time considered capable of growing cotton.

More new cotton gins were installed in Texas during the 1910-1911 ginning season than in any other state in the Union.

We have one gin to every 2,500 acres planted to cotton.

To manufacture all the cotton we produce in Texas will require an additional investment of a quarter of a billion dollars in cotton mills.

The importance of cotton as a necessity of life is made manifest when we consider that during the past century the world's population has increased 120 per cent, while the uses of cotton show an increase of 3,700 per cent.

The leading cotton-producing counties of Texas are Ellis, McLennan, Hill and Williamson.

The greater part of the Texas cotton crop is planted in April and matures in October, although some of the crop is marketed the latter part of August.

The largest cotton crop ever produced in Texas was in 1912 and amounted to 4,880,210 bales of 500 pounds each and sold for \$321,430,000, including the value of the seed.

The seed from the Texas cotton crop sell for \$39,690,000 annually, and weigh 2,171,000 tons.

An acre of cotton, in Texas, the leading cotton state, yields \$11.00 more than an acre planted to corn in Illinois, the leading corn state, and \$14.00 more than an acre of oats in the leading oat-producing state, which is Iowa.

Texas factories use only one bale of cotton out of every 100 produced.

An acre of Texas cotton yields \$23.65 worth of lint and \$3.50 of seed.

The average cotton production of the world is 13 bales per 1,000 population, and the average for Texas is 1,000 bales per 1,000 population.

Texas has more cotton gins, compresses and wagons than any other state.

—If you are buying land require the seller to furnish you an abstract of his title, so you may know you are getting a good title. If you contemplate selling your land, have an abstract thereto prepared first, so you will know what kind of title you can make to fit, as the purchaser is almost sure to want to know. I have the only complete set of abstracts of the land titles of Mills county and will make your abstracts for a reasonable charge and will help you cure your titles if defective.—E. B. Anderson.

PERFECT CONFIDENCE

Goldthwaite People Have Good Reason For Complete Reliance

Do you know how—

To find relief from Backache;
 To correct distressing urinary ills;
 To assist weak kidneys?
 Your neighbors know the way—
 Have used Doan's Kidney Pills;
 Have proved their worth in many tests.

Here's a Brownwood testimony.
 Mrs. E. B. Grady, Brownwood, Texas, says: "I had an attack of muscular rheumatism. I was sore all over and could scarcely get around. My kidneys got out of order. When a friend advised me to try Doan's Kidney Pills, I got a box. They gave me so much relief that I got a second box. This completed the cure, and I have not been troubled since. I always praise Doan's Kidney Pills when I have an opportunity, and you may continue to publish my endorsement."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Grady had. Foster-Milburn Co., Props., Buffalo, N. Y.

KEEP YOUR STOMACH AND LIVER HEALTHY

A vigorous Stomach, perfect working Liver and regular acting Bowels is guaranteed if you will use Dr. Kings New Life Pills. They insure good Digestion, correct Constipation and have an excellent tonic effect on the whole system—Purify your blood and rid you of all body poisons thru the Bowels. Only 25c. at your druggist. (adv.)

TONED UP WHOLE SYSTEM

"Chamberlain's Tablets have done more for me than I ever dared hope for," writes Mrs. Esther Mae Baker, Spencerport, N. Y. "I used several bottles of these tablets a few months ago. They not only cured me of bilious attacks, sick headaches and that tired out feeling, but toned up my whole system." For sale by all dealers. (adv.)

NOTICE

To Those Owing Me:

If you wish to pay up, you can sell me your cotton at 11 cents per pound (lint cotton) at 23 cents per pound in the seed. Then to those I am owing: You can have the same cotton at 10 cents per pound (lint cotton) or 3 1-3 cents per pound in the seed, or if you haven't any cotton to sell me, I will take any thing in payment of your account that I can pass on the ones I am owing at a sacrifice. I want to settle my debts; do you? W. D. ALLDREDGE, M. D. Ridge, Texas.

HOPELESS LUNG TROUBLE CURED

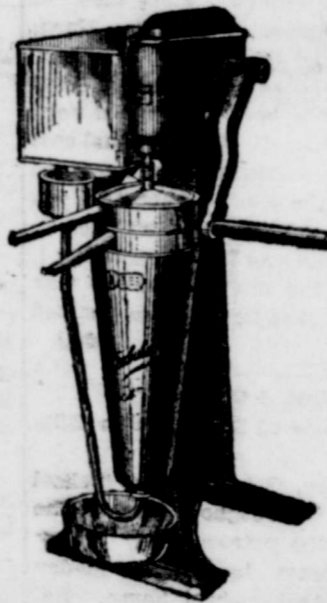

Many recoveries from Lung Troubles are due to Dr. Bell's Pine-Tar-Honey. It strengthens the Lungs, checks the Cough and gives relief at once.—Mr. W. S. Watkins, Gates, N. C. writes: "I used Dr. Bell's Pine-Tar-Honey in a case given up as hopeless and it effected a complete cure." Get a bottle of Dr. Bell's Pine-Tar-Honey. If your cough is dry and hacking let it tickle down the throat, you will surely get relief. Only 25c. at your Druggist. (adv.)

WHY NOT PUBLISH IT?

When you want a fact to become generally known, the right way is to publish it. Mrs. Joseph Kallans, Peru, Ind., was troubled with belching, sour stomach and frequent headaches. She writes, "I feel it my duty to tell others what Chamberlain's Tablets have done for me. They have helped my digestion and regulated my bowels. Since using them I have been entirely well." For sale by all dealers. (adv.)

CASH FOR BOOKS

School books will not be sold on credit at my store and those who come to purchase must bring the money. This applies to all alike and to all books. We positively will not sell these books on credit, so those who do not wish to be refused had best bring the money. J. H. LOGAN, M. D.

What a Mills County Farmer Says About the Sharples Tubular Separator

TO WHOM IT MAY CONCERN:
 I have been using a Sharples Separator for some time now and it has given perfect satisfaction. I think they are the best Separators in use and I know they are the simplest in construction. I heartily recommend them to anyone in need of a Separator.
