A CLOSE CALL

Mail Carrier Loses His Team and Narrowly Escapes Drowning

Mr. C. L. Stephens, carrier of the mail on rural route No. 3 out of Goldthwaite, had a narrow escape from drowning in Middle Bennett creek between Goldthwaite and Center City, Tuesday morning. The heavy rain had swollen the stream considerably and when Mr. Stephens drove into it his team was carried down in the rapid current. Seeing the danger he jumped from the buggy into the water and with difficulty made his way to the bank, where he removed his clothing as rapidly as possible and then attempted to return to his team, with the hope of saving the animals. He found one of the horses drowned and the other was unable to get out of the stream, being entangled in the harness and hitched to the buggy with the extra weight of the dead horse and it was soon carried under.

The mail was carried down the stream, but perhaps all of it has been recovered, with the exception of some articles destroyed by water.

Mr. Stephens was not injured beyond a severe nervous shock, but his financial loss is heavy, because of the loss of his team and the injury to his vehicle. While his friends regret his loss exceedingly they are indeed thankful that he did not lose his life or receive serious injury in the accident.

SENSIBLE PARAGRAPHS.

It is not contended by the well-informed that Texas farmers raise too much cotton, but that they do not raise enough of other crops and not enough cattle and hogs. Texas needs anything else, because cotton growing is one of its chief industries, and the question is not so much how to reduce the yield as how to cheapen production so that the industry may be made profitable, regardless of competition either at home or abroad.

There is every indication that the Texas farmers are learning more and more as the days go by the advantages of crop diversification and the importance of raising their food supplies at home, instead of depending too much on the outside for their bread and meat, as they have heretofore done, and if politicians will let them alone they will work out their own salvation in due time. The Texas farmers must be given credit for some degree of intelligence, enough, at least, for the conduct of their farming operations without dictation from any legislative body or political hierarchy.—San Antonio Express.

RESTORED TO HEALTH BY RED CROSS SEALS

Deserted by her husband, suffering from tuberculosis in a double form, and supporting herself and young boy by her needle, the Anti-tuberculois Association in a western city found the unfortunate consumptive, living in one room, with two little beds—one for herself and one for her boy. Everything was clean, but, oh, so poor!

That was a year ago. This morning she took a train for New Mexico, where she goes to live with her sister, happy at the thought of joining her friends and so improved in health that there is no apparent reason why she may not enjoy years of life. For the past year she has been under the care of the association. She was sent to a sanitarium until she was strong enough to undergo a major operation; when she was sent to a local hospital and given expert surgical services.

This morning with a luncheon basket of delicacies packed by friends in the association and with transportation provided by the co-operation of the Associated Charities and the railroad, she started on her journey comparatively a well woman. She said she was free from pain for the first time in ten years. That's what Red Cross Seals did. Buy yours to-day.

MULLIN LETTER

A Communication Written For Last Week and Good Any Time

Things are happening and the world on the run for still greater things. You don't know what you have missed by not living in Mullin. We are on the go and you would have a time finding something that can catch us. W. C. Dew comes up occasionally, but the excitement is so great on his already strained nerves, he don't stay but a few minutes, but calls on his auto to take him away and away he goes and it would take two men and five boys to see him pulling for safer refuge.

I know you are beginning to get excited and in your lazy way have turned to Marshall and asking him what on earth is happening at Mullin as well as wondering why I don't tell and be done with it. Well, sir, when I get so excited it is the hardest matter in the world for me to get straight at what I want to say, but sure as I live it is my intention if I can get your attention to give you real facts and no common newspaper talk. Gee! wish I could stop right here and tell you, but upon my word, gravitation or specific gravity—any way and any how it is that that pulls things down that has me so confused and downed that it looks like I can't get to where I want to unload. Be patient, Bro. Bob, for you know the earth and the fullness thereof is the Lord's but it looks like man has about captured the whole thing and because he hasn't enough but has gone to war to get more or to excite and scare the rest of the people out of their wits and they say the whole earth is going to get into a scrap and while all this don't affect Mullin very much, yet from newspaper reports and what people tell when they come from Goldthwaite and Brownwood, some of our folks nearly believe it; and another thing that got us guessing, you know we are told that there are going to be warm times somewhere, some of these days and people will want water and can't get it. Now what's bothering us most is that everybody recognizes W. C. Dew as long headed and far seeing and while we wouldn't say he is a prophet, there is something curious about his proceedings for he is buying up the irrigated farms where water is plentiful and he won't hardly look at a dryland farm.

Well I thought sure I was going to get to the point, but I am here by myself and it is raining, the cows bawling, hens cackling, Bradberry's old windmill screaming and a thousand other things and not a soul here to help me to land this craft and let you see what's in it.

Say Bro. Bob you are a newspaper man and better acquainted with what ought and what ought not to go into a newspaper and you know how particular they are not to publish anything but facts; so if I can arrive at something like the truth and not embarrass you I am going to tell you flatfooted and without reserve what I wanted to tell you at first. So here goes. We are incorporated, got two names, got a pound for stray animals, and talking about building a jail, got a new post master and you ought to see him spreading on, looking wise and going post-haste to the depot to hurry up the trains, how Jack the agent stands off and grins while the new post master pulls the little wagon load of mail through the mud. If you will stop and think, (but you know so many people won't stop and think) there is nothing so strange about this; for he is a democrat and a prohibitionist and Uncle Tom Christian says he has to make much of his job for the real meaning of 16 to 1 is a democratic president once in 16 years and Bobbie is making much of his job. You needn't tell this but you know Uncle Tom is a republican and don't know any better than to be teasing Bob this way. Now you see how a postoffice can

throw a fellow off the track. I am however coming to the point if it is exciting. Mullin is on the map and there is no use for you fellows who live off in the little towns to be grinning at us. We have seven resident preachers, had a trades day, roped goats, traded horses, rode bucking mules and one of the greatest crowds you ever saw, (I mean at Mullin). Everybody had fun to the finish. Hotels all crowded, and the new restaurant men in full blast and almost crowded out of space, besides the ladies of the Baptist church had a fine dinner with the new preacher out in front talking through one of them wide mouth tin horns telling the people about the good things to eat. Shux! Wish I could fully comprehend. I know I am leaving out lots of startling occurrences, for fear I will worry you but this is all between you and I to go no further. Mr. Hoss-teeters come to town on a white mule and both of them got into some men and so Mr. Hoss-teeters stuck his spurs into that white mule and it stirred up a little more fun and our officers got after the mule, I mean the men into whom the mule had gone, and they had some fun too. My! Bro, Bob you ought to have been here.

Say I was about to forget to tell you that we have a full grown picture show all the time and yesterday morning a sure enough Carnival unloaded here and for a few days the wonders of creation will take place and in the mean time Thanksgiving will come in with a rich program at our High school, preaching at eleven and dinner at or about 12 when turkeys whose gobblings have ceased will lay flat of their backs full of stuff or I believe they call it stuffing which sounds better, as it will be stuffed in on this special occasion in obedience to the proclamation of the president of these United States and the governor of Texas.

Wish I could tell you the rest but I must desist as my strength is failing, my eyes growing dim and that noted Thanksgiving comes off tomorrow with no invitation to help eat turkey, I have something else to do besides sitting telling you things that I want to bind you to keep, so you and I can talk it over when we meet.

Now Bro. Bob when you sit down at the noon hour and look upon that gobbler and other good things be thankful and—Well, I started to ask you to remember me, but what good will that do? I will do like the fellow whose mule threw him and his foot hung in the stirrup and mule went down the lane dragging the poor fellow, who had never prayed but was reaching a point where he wanted to, but couldn't think of anything to say except to repeat a blessing he had heard and in his distress he cried out "Oh Lord God, make me thankful for what I am about to receive" About that time the mule jumped across a mudhole and the fellow's foot slipped out of the stirrup and into the mudhole he went.

I will try to be thankful tomorrow for what I receive and again asking you to keep this all to yourself I am as ever your friend and booster of Mullin and Thanksgiving.

H. C. COBB.

GINNERS REPORT

The report of the ginner in Mills county, made by the federal department shows that 14,023 bales of cotton were ginned in Mills county up to Nov. 14, 1914, against 8458 ginned up to the same time last year. It is believed the total for this season's crop in this county will reach 16,000 bales.

CHURCH NOTICE

The first quarterly conference for Goldthwaite station for this year will convene at the Methodist church Monday, Dec. 7, at 7 p. m. A full attendance of all the officials is desired. Some important business to come before the conference.

A BETTER WAY

Subjects of Interest Discussed and Organization Perfected

Mr. J. H. Herring of Collin county spent last Saturday in this city and delivered an address in the court house in the afternoon to a fair sized audience on the subject of diversified farming, better methods of handling cotton and the systematic holding of cotton for 8 cents per pound, as well as 50 per cent reduction in the cotton acreage for another year.

Mr. Herring is co-operating with the plan known as the St. Louis cotton pool, wherein \$135,000,000 has been subscribed to finance the cotton crop and assist in forcing the price up to a fair basis. He has made a close study of the subject and is well informed on all the methods and plans advocated for the betterment of conditions in the cotton growing states. His speech was interesting throughout and will benefit those who heard him.

An organization was formed for the carrying out of the plans outlined by Mr. Herring and proposed by the St. Louis cotton pool. The meeting was called to order by Mr. O. H. Robbins, county farm demonstrator, and Capt. D. T. Bush was made chairman and Mr. J. S. Sealy secretary. The officers and others interested will distribute literature giving full information on the subjects discussed by Mr. Herring.

The following resolutions were adopted by the meeting:

Resolutions:

We, the citizens of Mills county, Texas, favor the organization of farmers and business men to secure better prices for our cotton and to protect the cotton growing interest of our community during 1915:

Therefore, Be it resolved that we favor holding cotton for at least eight cents per pound, middling basis, a 50 per cent reduction in the acreage for 1915, the protection of cotton against weather damage, the selection and growing of food crops and feed stuffs in the most intelligent manner.

We further agree to become members of the local Cotton Association and lend our influence in advancing the interest of Texas Cotton.

MARKETING PLANS

No scheme of marketing farm products will be complete if domestic animals are left out. The horse, the hog, the cow, the sheep, the chicken and the turkey are the factors which work up surplus farm products and turn out the farmer's finished product. One man says that he raised 160 chickens, sold 2,000 eggs, and that the grain he fed the fowls netted \$1.60 per bushel. This is only an incident, but it serves to illustrate the fact that all the products of the farm can be turned into money by the route of the animals raised on the farm. Just now, horses by the thousands are being bought to fill the losses in the war of Europe. There must be other thousands of horses raised to take the place of these sold to go to the theatre of war. The same insatiable maw is swallowing up the cattle and sheep and goats and hogs as fast as they can be killed, cured or canned for use in the armies.

This country was already short on domestic animals. Our own people have been consuming them faster than the farmers and ranchmen could raise them. This added demand will make them good sellers as long as the war continues and for some time afterwards.

When one begins to compare cotton with livestock, cloths with food, it should be remembered that two suits a year will serve, but three squares a day must be maintained; and in this country meat forms the principal course on two of them, sometimes all three.—Fort Worth Record.

INSTITUTE RESOLUTIONS

The following resolutions were adopted by the Institute:

Resolutions

We, your committee on resolutions for the Mills County Teachers Institute held in Goldthwaite during the week beginning November 30, 1914, beg to submit the following resolutions:

Be it resolved:—

First.—That we heartily indorse the present plan of conducting Institute in this county.

Second.—That the money expended for Institute work of this kind is a good investment.

Third.—We most cordially indorse and pledge our hearty support to the Conference for Education in Texas.

Fourth.—We believe that the two hundred sixty thousand dollars appropriated for the establishment of vocational work will yield a rich return to the State and we hereby ask our representative to support any measure looking to the continuance of this work introduced in the next Legislature.

Fifth.—We favor a better support of institutions of higher learning, including the State Normals, A. & M. college and the University of Texas.

Sixth.—We favor an amendment of the present Rural High School law to such an extent that it will meet the demands of the people of the rural districts.

Seventh.—That the election of County Superintendent should be taken out of politics.

Eighth.—That we favor the removal of the fifty cent limit of taxation.

Ninth.—That the teachers of Mills county are exceedingly grateful to our efficient State Superintendent, W. F. Doughty, for his efforts in securing the Nation's recognized authority on rural education, Dr. H. W. Fought, of Washington, D. C.

Tenth.—That the teachers of Mills county are deeply grateful to our Institute Director, Judge Allen, and to Mr. White of McCullough county for making this the best Institute Mills county has ever witnessed.

Eleventh.—That no greater honor or more material aid could have been bestowed upon the teachers of Mills county than that of listening to the addresses of the most excellent line of speakers on education that the State and Nation afford.

Be it resolved further: That copies of these resolutions be sent to the Mills county papers, to the State Superintendent, and to the Texas School Journal.

A. H. DANIEL,
J. H. GOODNIGHT,
MISS MONNIE MERCHANT,
Committee.

OUR FRIENDS

Despite the inclement weather the first of the week and almost impassable condition of the roads, a number of our friends have renewed their subscriptions this week and others have entered their names for the weekly visits of the old Bird. To say that we appreciate the constant and loyal support and patronage of our friends but puts the matter mildly. Those who have renewed or entered their names since last report are:

W. J. Hall, Pleasant Grove.
W. T. Vessell, Indian Gap
F. A. Lane, Del Rio.
H. C. Ezzell, Big Valley.
W. G. Welch, Center City.
T. P. Reed, Big Valley.
Mrs. Eula Freeman, Fort Worth.
J. W. Smith, Goldthwaite.
J. S. Oden, route 1.
W. A. Moore, Brownwood
O. H. Carothers, San Saba Peak.
G. R. Hoots, Melvin.
Miss Johnnie B. Harrison, Mullin.
Ed Brown, Portales, N. M.
J. T. Hetherly, Nabors Creek.

A NARROW ESCAPE.

Mr. M. V. Nowell of Big Valley had a narrow escape from drowning in the Colorado river at Warren crossing a few days since. He started across the river in his wagon and the swift water, which was deeper than he expected, overturned his wagon and drowned a hog he had tied in the wagon. The front part of the wagon became uncoupled and the mules carried that part out of the river, leaving Mr. Nowell to swim out. The hind wheels of the wagon were recovered near the place of the accident and the wagon bed was recovered several miles down the river.

What Kind Do You Use?

Cream of Tartar, the chief ingredient of Dr. Price's Cream Baking Powder is a product of ripe grapes. It is pure and healthful beyond question.

Alum is the chief ingredient of many of the substitutes offered in place of Dr. Price's Cream Baking Powder. Alum is a mineral acid, declared by physicians and chemists to have an injurious effect when used in the preparation of food.

No baking powders containing alum are permitted to be sold in England, France or Germany. To avoid alum and be sure of wholesome, home-baked food, read the label carefully and use only

TEAM DROWNED

Andy Couch lost his team in Bennett creek, near Center City, Tuesday afternoon and had a lucky escape from being drowned. He and a younger brother were en route home from Lometa and when they reached the creek they found that the rains during the day had filled it and the current was swift. Mr. Couch drove his team of mules in, believing the stream fordable, but they were carried down stream and were drowned, while he escaped from the raging flood with difficulty. There were several pigs in the wagon, but they escaped. The financial loss is great, because of the loss of the mules and the damage to the wagon, but Mr. Couch's friends are mighty glad that he escaped uninjured.

The burning of a big grain elevator in Galveston Tuesday caused a property loss of \$50,000. The fire was caused by lightning.

It has been impossible for many of the business concerns to secure sufficient revenue stamps from the government agencies to supply their needs and as a consequence they have suffered serious inconvenience and loss.

Senator Sheppard of Texas has called a meeting of senators and representatives of the Southern states to convene in Washington next week to discuss the cotton situation and devise ways and means for giving assistance to the cotton growers.

The new warehouse law recently enacted by the Texas legislature provides for a number of high-salaried officials and if they accomplish results commensurate with the pay they get they will soon solve the problems of holding and warehousing cotton.

Approximately 18,000 Confederate pension warrants issued for the quarter ending Nov. 30, 1914, were mailed out Monday by the state comptroller's department to that number of pensioners. Of this number 1,500 are totally disabled pensioners who get \$24 for the quarter, while the remainder are for \$22 each.

There was a wreck of the west bound passenger train near Valera Sunday night, caused by the spreading of the rails, due to the continued rain in this section. The truck turned over, but the engine remained on the track. The baggage car and front coach left the track, but there was nobody seriously hurt.

The body of a man supposed to be A. L. Peters was found hanging in a farmer's barn in Scurry county a few days ago. There were many wounds and bruises on the body and it is known that the injuries could not have been self-inflicted. The man was a stranger in that section and had been picking cotton there for several weeks.

The loss of men by all the warring nations in Europe is said to be enormous and surely the report is true for they all have the most modern and powerful death dealing implement of warfare and have not ceased to use them since the beginning of the war four months ago. The end is not in sight and the prediction is made by those in position to know that the war will continue for years.

The people of the state of Missouri, headed by the governor of that state, will send a ship load of provisions and toys to the poor of the warring countries of Europe. Dec. 19 has been designated as "Charity Day" in that state for the purpose of securing contributions for the cause. The distribution will be made under the direction of the Red Cross society.

A rushing business was done in federal court in Fort Worth this week when 28 persons were sentenced to prison or to pay fines for violating the federal statute. The greater proportion of these were convicted of selling liquor in prohibition territory. The business of "boot-legging" must be very profitable or extremely fascinating to induce men to risk a term in the federal prison in order to engage in the illegal business.

Governor-elect Ferguson has named a number of his appointees, in addition to those named last week. While most of them are to unimportant positions, such as boards of examiners and members of his staff, a few important positions have been filled by appointment, the new appointees to enter upon their duties at the beginning of his term as governor. Among those named are J. C. Jones or Caldwell to be commissioner of pensions; Dr. Ed. Fyke of Fort Worth to be state health officer.

ACTIVITIES OF WOMEN

Old-fashioned ideas are passing. It is not meant by this statement that the whole old-fashioned standards of living and conduct as applied to woman are being discarded or relegated to the background. What is meant is that the women of the country have entered into spheres of activity and are concerning themselves with matters with which in early days it was thought they had nothing to do, and with which they were not permitted to, or at least did not meddle.

Now they are to the front, yet we hear of no domestic calamities. In one city the National Suffrage Association met a few days ago, in another the Woman's Christian Temperance Union—enthusiastic devoted and irrepressible—met and prayed and planned to war on liquor; in another the Federation of Women's Clubs met and discussed live, practical issues which need discussion.

The talk which some people indulge in about woman getting out of her sphere and mixing in where she has no business is sheer nonsense. None of the organizations named above has proposed to do anything which, if it could be accomplished, would not be for the betterment of human conditions. They are not contriving for their own aggrandizement; they are not planning for selfish ends; they are not grafters nor scheming politicians. Whether any man agree or disagree with them, if honest and fair-minded, he must concede that, according to their lights, they strike well for the good of others.

Their eyes are fixed on high achievement and with fidelity to conviction they blend patience and persistence and the time for ridiculing them has passed. They have "arrived."—Houston Chronicle.

POLK BRIM DEAD.

Mr. L. P. Brim died at his home in this city Tuesday morning after a long illness with lung trouble. He was a son of Mr. J. K. Brim and lived in this county the greater portion of his life. He was a good man and was universally esteemed by all who knew him. He engaged in farming until his health made such labor impossible, when he made a trip to the western part of the state with the hope of being benefited, but finding no relief he returned to this city and surrounded by his friends and loved ones he awaited the coming of the Great Reaper. The announcement of his death caused universal sadness, for everybody liked him.

His remains were laid to rest in the Odd Fellows cemetery Wednesday morning and notwithstanding the inclement weather a large number of sorrowing friends attended the sad service to pay a tribute of respect to his memory.

The Eagle joins with the other friends of the family in extending sincere sympathy to the bereaved wife and children and other relatives.

JOIN THE FIRE PREVENTION ARMY

The fire demon is no respecter of persons. The palace of the great and the humble cot of the poor all look alike to him. He is ever on the alert to collect his tolls. And whenever he levies tribute, the wealth of the world contributes, for he is the great destroyer of material things.

Once he lays clutch on property, he clings tenaciously to his food.

He is hard to conquer, but he can be out-generated and that without strategy.

He can make a long siege, but as long as care and caution is exercised in a common-sense way, he cannot batter down the citadel. If you want to feed the fire demon, you must be his ally. As long as you keep your line of defense intact, use prudence and let your hands, as well as your wits, have play, the fire demon is forced to delay his attacks.

Clean up! Don't put off until tomorrow. It may be too late. Waste and trash and litter are fire promoters.

And they also are first aid in keeping fire insurance rates at the top notch. S. W. INGLISH.

BEAUTIFUL WHITE TEETH are a big asset. Nothing gives better impression than clean, white teeth. "Dyke's Tooth Powder" will give you this big asset. Recommended by Brown & Lowrie. (Ad)

THE MAN who has been guarding his bank account, to have it ready when the rainy day of his life comes, is not worrying now about the condition of the cotton market. He is fortified against Low Prices for his farm products and his stock and can hold these until the market reaches such figures as he feels will justify him in disposing of them, for he is not harassed by his creditors or by anyone whom he may happen to be owing.

BANK WITH THE BANK YOU CAN BANK ON

Take care of your surplus funds by leaving them with this good bank where they will be ready for you when you need them. Get a bank-account "umbrella" and protect yourself against the "rainy" day that's liable to come at any time.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good, had gotten so weak I could not stand and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its helping me, and am doing my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of wonderful success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

A GOLDTHWAITE MAN GIVES EVIDENCE

His Testimony Will Interest Every Goldthwaite Reader

The value of local evidence is indisputable. It is the kind of evidence we accept as true because we know we can prove it for ourselves. There has been plenty of such evidence in the Goldthwaite papers lately, and this straightforward testimony has established a confidence in the mind of Goldthwaite people that will not be easily shaken.

J. C. Fulton, Goldthwaite, says: "I was taken down in bed with a severe pain in the small of my back. Often I was so bad that I had to have assistance in changing from one position to another. The kidney secretions were too frequent and painful in passage and highly colored. I decided to try Doan's Kidney Pills, as I had often heard that they were good for kidney trouble, and I procured a box at Clements' drug store. I noticed improvement from the first few doses, and after I had finished two boxes, I was able to go back to work."

SHERIFF'S SALE

The State of Texas, County of Mills. Notice is hereby given that by virtue of a certain order of sale issued out of the Honorable District court of Mills County, on the 6th day of October, 1914, by L. E. Booker, Clerk of said court, for the sum of three hundred and thirty dollars and costs of suit, under a judgment, in favor of J. N. Weatherby in a certain cause in said court, No. 1396, and styled J. N. Weatherby vs., Jos. W. Allen et al, placed in my hands for service, I, J. H. Burnett, as sheriff of Mills county, Texas, did, on the 19th day of November, 1914, levy on certain Real Estate, situated in Mills county, Texas, described as follows, to-wit:

Beginning at the S. E. Cor. of the Hines addition on the W. line of Fisher street, thence S. 19 degrees E. 100 feet to the N. E. Cor. of Hy. Martin's lot, thence S. 71 degrees W. about 435 feet, thence N. 100 feet to the S. W. Cor. of the Hines addition, thence N. 71 degrees E. to the place of beginning and containing one and one half acres of land more or less and levied upon as the property of E. J. Griffin, and that on the first Tuesday in Jan., 1915, the same being the 5th day of said month, at the Court House door of Mills county, in the town of Goldthwaite, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said order of sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said E. J. Griffin.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Goldthwaite Eagle, a newspaper published in Mills county.

Witness my hand, this 11th day of Nov., 1914. J. H. BURNETT, Sheriff, Mills County, Texas.

SICK HEADACHE

Sick headache is nearly always caused by disorder of the stomach. Correct them and the periodic attacks of sick headache will disappear. Mr. John Bishop of Roseville, Ohio, writes: "About a year ago I was troubled with indigestion and had sick headache that lasted for two or three days at a time. I doctored and tried a number of remedies but nothing helped me until during one of those sick spells a friend advised me to take Chamberlain's Tablets. This medicine relieved me in a short time." GOLDTHWAITE - TEXAS

TEACHERS INSTITUTE

A Great Week for the Teachers and for the Public Schools.

Our Mills county Teachers Institute planned and conducted by Judge S. H. Allen, after a plan that was purely an experiment, has been held here this week. To say that this experiment has proved a great success does not convey to the popular mind a just impression of its merit. Mills county has never before held a teachers Institute comparable in value to this one. This departure from the usual routine of Institute work was born of the belief that teachers Institutes should be more far reaching in their result than they have heretofore been. The departure was a bold one; and in the language of one of the visiting speakers, "By its very boldness, challenged the admiration and enlisted the hearty sympathies of those invited to address its meetings." Goldthwaite was never before visited in a single week by so many men of national prominence in any line.

Beginning Monday, the first day's speakers were state superintendent of public instruction, W. F. Doughty, of Austin, and Dr. Harold W. Foght of the National Bureau of Education, Washington, D. C. Each of these addressed the meetings, morning and afternoon. Supt. Doughty soon convinced his hearers that Texas has an educational leader who knows her educational needs and problems and who has the ability and the courage to lead her to unprecedented success. We all believe in Doughty. Dr. Foght, a very busy man whose counsel is sought by the leading Universities of America and of foreign nations, made the most complete showing of our educational problems, and showed by concrete example the plan for their solution. It may truthfully be said of this address as of several others of the speakers that they alone would have made the Institute a grand success. Indeed it is not difficult to believe that Mills county was inspired to nobler effort by the man who is recognized throughout the continent as the most eminent authority on rural education in America.

Tuesday Prof. S. G. Rubinow of the Texas A. & M. College faculty showed in two addresses the practicability of teaching real helpful agriculture in our public schools and the urgent and growing necessity for doing so. Prof. Rubinow won the hearts of his hearers. He is able.

Wednesday Prof. C. B. Farington, in two addresses, gave us, in his own happy way, the clearest and truest presentation of the real ends of education and how these ends must be attained, it has ever been the writer's privilege to hear.

Thursday Dr. H. T. Muselman of Dallas, a man of native ability, of scholarly attainment, of extensive travel in America and Europe, of broad experience as an author and a lecturer, delivered three lectures to the Institute and many visitors. He captivated his hearers.

Friday, Dr. S. P. Brooks, one of Texas own sons—a very giant in all that makes for highest manhood, and Miss Mary Watkins were with us. Miss Watkins well deserves her position of state lecturer for the Mothers' Congress of Texas. Her lectures along that line will inspire and help our own mothers in their organized effort to further the cause of education for many years to come.

Everybody who has heard Dr. Brooks knows how impossible it is to do him justice in an effort to report his work. His strong personality impresses itself so deeply upon his hearers that its effect cannot be stated in words.

Under the inspiration of these great characters, each a specialist of distinction in his line, our teachers return to their schools to transmit that inspiration to their pupils, making of them nobler and better men and women for the future and setting in motion forces that must bless the world till the end of time. It has been a great week for our county. And in noting something of the good done by visitors we would not fail to notice the untiring zeal with which Brethren Gay and Forester have attended our sessions, helped us with their counsels, given us the use of their churches and other equipment, nor of Doctors McCrary and Lowrie who have given practical addresses on diseases common to school child-

ren and methods of prevention. They have the lasting gratitude of us all. We thank all who co-operated in any way to further the success of this great meeting.

It is the expressed belief of the speakers who made the circuit of the four counties a sociated for this institute that this new plan will revolutionize teachers Institute work throughout the state. The only regrettable feature connected with the Institute was the failure of so many of our Mills county people to recognize the opportunity they had in the coming of these great men, also, that sickness prevented the coming of Pres. Bralley and Prof. Crowell as announced, and that a professional call prevented Dr. Campbell from filling his place on the program.

Judge Dalton, our new ex-officio superintendent, was with us in all of our meetings and aided us greatly by his presence and counsel and we can depend upon his every effort for better educational advantages for the children of Mills county.

It would be unfair to close this report without giving due credit for the splendid success of the Institute to Judge S. H. Allen, whose every effort has been bended toward securing the best talent possible for the lectures and making the Institute of vital importance and lasting benefit to the teachers. Judge Allen is one of the most enthusiastic and energetic advocates of public education in this state, or in any other state, and his influence has been for the betterment of the Mills county schools and we all know it will still be exerted in the same direction. To him should go and does go the greater part of the credit for the most beneficial teachers Institute ever held in Mills county.

As a slight token of the high esteem in which Judge Allen is held by the teachers individually and collectively, they presented him a fine and beautiful book case at the close of the Institute.

STAR

Not much news for this week. Been bad weather so much of late that the writer has not been about to amount to anything and consequently has gathered no news. Those that have cotton in the field are feeling kind of blue for Star folks. Star people are wonderfully optimistic kind of people and it is a hard proposition to make them look on the dark side of life, yet they will do that sometimes; even though they know that every cloud has a silver lining. One good thing, however, is that we have good health. Center City can brag of good health for that is really a continuation of the Star country, I notice that the Center City correspondent came to life last week and was shooting at Star for having so many doctors. Star is an attractive little town and though it does not support the three doctors here, they stay here anyhow and visit around in Center City and other places for a large majority of their practice. I must compliment Center City on the musical interest being developed there. Where there is lots of good music there is bound to be good people. That is one thing that makes Star such a good place. They have good music, and one of the best Sunday schools in this part of the country.

Our Sunday school last Sunday was crowded with young and old people and the interest taken in the work was simply grand. Since my last communication, new Sunday school officers have been elected. The following is the roll of officers: W. E. Harper, superintendent; Miss Donald Oldfield, secretary; Miss Arje Slaughter, organist; Miss Flo Hamilton, assistant organist; R. H. Patterson, Mrs. C. B. Poe, D. I. Hawkins, Mrs. R. H. Patterson, Mrs. T. E. Hamilton, Mrs. R. Livingston, teachers.

The young people had a big time at the hospitable home of Dr. L. L. Jackson last Monday night.

The Masons met in their new lodge room last Saturday night.

Crider's show exhibited here last Saturday night. I was told that they had a good attendance.

Bell Poe is still making his own candy. If it didn't sell he wouldn't make it. It is good. It is made in STAR.

D. I. Hawkins, our popular postmaster and druggist, made a business trip to Goldthwaite one day last week. He was accompanied by Dumble Hamilton.

Our teachers are in the Institute at Goldthwaite now. We expect them to come back full of enthusiasm and good plans for our school that will help it to be a still better school, though all seem to be per-

fectly satisfied with the work carried on as it is.

Rev. J. D. Ryan, the Methodist minister at this place, delivered a fine sermon here last Sunday night. Bro Ryan seems to get right hold of the people and the kind attention they give him is highly gratifying to see.

Christmas is nearly here and we are all looking forward to that time with a full heart that wishes for a pocket book that is full. Times are hard but Christmas comes just the same. Let us all work and pray and we will find that we don't need to make out like we are getting into the same kind of row that Europe is in. Yes, let us pray rather than shoot fire crackers and otherwise waste our money. Our little Star will glow as bright as ever this year. STAR REPORTER.

KEEP IT HANDY FOR RHEUMATISM

No use to squirm and wince and try to wear out your Rheumatism. It will wear you out instead. Apply some Sloan's Liniment. Need not rub it in—just let it penetrate all through the affected parts, relieve the soreness and draw the pain. You get ease at once and feel so much better you want to go right out and tell other sufferers about Sloan's. Get a bottle of Sloan's Liniment for 25c. of any druggist and have it in the house—against Colds, Sore and Swollen Joints, Lumbago Sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief. Buy a bottle to-day. (adv.)

PROMPT ACTION WILL STOP YOUR COUGH

When you first catch a Cold (often indicated by a sneeze or cough), break it up at once. The idea that "It does not matter" often leads to serious complications. The remedy which immediately and easily penetrates the lining of the throat is the kind demanded. Dr. King's New Discovery soothes the irritation loosens the phlegm. You feel better at once. "It seemed to reach the very spot of my cough" is one of my honest testimonials. 50c. at your druggist. (adv.)

MULLIN

I sometimes get awfully silent and then I hear something that make me feel like my efforts at writing are not altogether in vain and then I sum up courage, put on my thinking cap and butt in again. When a fellow don't know whether or not his efforts at writing for his county paper meet the approval of the readers he sometimes feels like he might possibly be boring them and then he is inclined to crawl in his shell and let the world wag on. I was in the city of Goldthwaite to-day and in my rounds I came across an elderly intelligent looking Christian gentleman who volunteered to tell me that he read with interest my articles in the Eagle, so that gave me a little boost and I will send you one more that I already had written except these preliminaries, so here's at you. If the dose gets too large for the Eagle to swallow you are at liberty to cut it down to such proportions as to fit its capacity and no one but yourself and office force and myself will ever know what the world has lost by you not having a bird large enough to swallow what is thrown in its way. Now Bro. Bob, if my egotism mounts the throne and overreaches its capacity don't you publish it to the world, but let me down quietly and it may be months before it rallies enough to undertake the job again. With this much that might have been left off I proceed to unload on you and your multitude of readers some thoughts collected here and there concerning the Sunday school, a subject of too great importance to be discussed by so small a fry when there are others more able, but not knowing where the seed will fall and who might be impressed, put to thinking and reading, I cheerfully contribute my mite.

My first proposition is that the Sunday school properly carried on is the life of a church and community and those who earnestly enlist with their presence and means and stick to it, invariably become the stalwart characters and backbone of said church and community. The time once was when, to the shame of those who held such ideas, that

the Sunday school was a place for only women, children and perhaps weak minded men, but we are truly thankful and proud to state that boys who came under the influence of this great institution of the church and imbibed its far reaching effects as they grew into manhood and the most important positions in church, finance and state have and are revealing to the world that the greatest statesmen, financiers and business men of all professions and occupations are to-day at the wheel helping to lift humanity up closer to God through the Sunday school that has for its textbook the Holy Bible and the training of the rising generations to love and revere the Sabbath, to sing the praises of Him who spake as never man spake and help win this old world away from the blighting, dark hand of sin and its father the devil. We know some people are opposed to and fight the Sunday school and without making any complaints of them or saying anything to provoke them, we ask them to get their Bibles and prayerfully read the scriptures herein referred to and we believe they will be honest enough to concede to us the same right to think and put our constructions on the word of God that they take.

To those who do not believe in Sunday school, claiming there is nothing in the Bible to justify it, we submit the following:

Aaron was a teacher, Lev. 10:11
Moses was a teacher, Deut. 4:10
Samuel was a teacher, 1st Sam. 12:23
Jehosaphat sent 16 teachers to the cities of Judah and they had with them the book of the law, 2nd Chron. 17:7,9

Ezra was a teacher, Ezra 7:10
And he had a great Bible school before the water gate, Neh. 8:1-8

When there was a general overseer or superintendent, Neh. 8:2-4
A teacher to help, Neh. 8:4-7
People to be taught, Neh. 8:2
Scriptures read, Neh. 8:8
They worshipped, Neh. 8:5
Word of God explained, Neh. 8:8
Jeremiah was a teacher, Jer. 32:33
A few from the New Testament.
Jesus was a teacher, Matt. 4:23
He commanded his disciples to be

teachers, Matt. 28:30

His Apostles obeyed his command and taught, Acts 5:25-42

Paul was a teacher and taught at Antioch, Acts 15:35

He taught at Corinth, Acts 18:11

He taught at Rome, Acts 28:21

He taught the Jews, Acts 21:21

He taught the Gentiles, 1st Tim. 2:7

The New Testament church had teachers at Antioch, Acts 13:1

At Rome, Acts 12:7

At Corinth, 1st Cor. 12:28

At Ephesus, Eph. 4:11.

It occurs to the writer that these scriptures should convince all thinking people that as the Sunday school endeavors to get religious people to teach the word and as God has had teachers of His word all down the ages and as those who attend Sunday school are taught nothing but good morals and the best way to

live, also taught to sing and the very best people attend Sunday school it does look like the objector to Sunday school and the church member who is not attending are left on a weak foundation. We take the position that every man, woman and child who are physically able to go to Sunday school should do so, and thus do their part in this great work.

Now if some of you old box whittling, fault finding, excuse making church members who wont go to Sunday school want to take issue with me just crack down and I will turn you over to the preachers and let them finish the job.

Yours for Sunday schools,
H. C. COBB.

OBITUARY

Death has visited the home of Brother and Sister G. W. Smith and taken one of their brightest jewels, little Coleman, who departed this life Nov. 26, 1914. Only eight short years ago he came to brighten the home of his parents and scatter sunshine wherever he went. Patiently and tenderly the parents did all they could to restore little Coleman to health and how anxious they were that the Lord should spare their precious boy to them, but God in his wisdom thought best to transplant him from a world of sorrow and disappointment to that Home not made with hands. His short sweet life, like a shadow has passed and little Coleman has fallen asleep; but, oh how sweet the thought, that death is only a dream. Today we feel it was in accordance with the Divine will of our Heavenly Father to remove the youngest and brightest star of the family. His suffering was of five weeks duration, but his patience was great. This was the saddest hour in the life of the devoted parents, brother and sister, to part with one so near and dear to their heart. This young and tender flower has gone but is not forgotten, only waiting at the feet of Jesus to welcome an unbroken family around the throne of God. We realize it's hard to give up dear Coleman. His home will be sad and lonely without him, but the Lord has said "All things work together for good to those who love Him. Dear mother and father, brother and sister, mourn not, for you can live with him again in the home beyond the sky, where all is peace and joy and where parting will be no more. Consolation will come to you in remembering that love never dies; and though no longer with you, he is sweetly resting in the bosom of a once crucified but now arisen Christ. So farewell, little Coleman. Thou art gone from earth and sin and mourning to the Paradise of God. MRS. LAURA IRWIN.
